Section 4. (A) This section is remedial, with its purpose being to remedy an error in Amended Substitute Senate No. 250, passed by the 123rd General Assembly on May 24, 2000, approved by the Governor on June 21, 2000, and effective on June 21, 2000, by adding language that was removed erroneously from the original

legal description for the parcel of real estate designated as 321
"Parcel No. 3" in Section 12 of that act that authorized the 322
conveyance of property the Adjutant General determined was no 323
longer needed for armory or military purposes. The legal 324
description contained in that act was erroneous because it did not 325
reflect an easement which, instead of being reserved to the 326
original grantor, was actually a part of the original grant of 327
land to the State of Ohio, Adjutant General's Department. Thus, 328
the Adjutant General's Department could not properly transfer all 329
of the land it was originally granted. The purpose of this section 330
is to authorize the conveyance of the property located in Scioto 331
County, Ohio, using the description contained in Amended 332
Substitute Senate Bill No. 250 of the 123rd General Assembly, with 333
the addition of the description of the easement for ingress and 334
egress to the property, originally granted to the State of Ohio. 335

(B) Pursuant to section 5911.10 of the Revised Code, the 336
Governor is hereby authorized to execute a deed in the name of the 337
state conveying to C-FORCE, Inc., its successors and assigns, all 338
of the state's right, title, and interest in the following 339
described parcels of real estate and improvements on them that the 340
Adjutant General has determined are no longer required for armory 341
or military purposes, that are located in Scioto County, and that 342
are known as the Portsmouth Armory, motor vehicle storage 343
building, and organizational maintenance shop: 344

immediate action is necessary to enable the Jackson City Board of
Education to begin construction on an urgently needed new school
building, to enable Delaware County to begin construction on an
urgently needed bridge, and to correct a legal description in a
previous conveyance of real property that the Adjutant General
determined was no longer needed for armory or military purposes.
Therefore, this act shall go into immediate effect.
