To amend section 2317.02 of the Revised Code to permit the testimonial privilege between a physician and a deceased patient to be waived by any party to a will contest action.

Be it enacted by the General Assembly of the State of Ohio:

SECTION 1. That section 2317.02 of the Revised Code be amended to read as follows:

Sec. 2317.02. The following persons shall not testify in certain respects:

(A) An attorney, concerning a communication made to the attorney by a client in that relation or the attorney's advice to a client, except that the attorney may testify by express consent of the client or, if the client is deceased, by the express consent of the surviving spouse or the executor or administrator of the estate of the deceased client and except that, if the client voluntarily testifies or is deemed by section 2151.421 of the Revised Code to have waived any testimonial privilege under this division, the attorney may be compelled to testify on the same subject;

(B)(1) A physician or a dentist concerning a communication made to the physician or dentist by a patient in that relation or the physician's or dentist's advice to a patient, except as otherwise provided in this division, division (B)(2), and division (B)(3) of this section, and except that, if the patient is deemed by section 2151.421 of the Revised Code to have waived any testimonial privilege under this division, the physician may be compelled to testify on the same subject.

The testimonial privilege established under this division does not apply, and a physician or dentist may testify or may be compelled to testify, in any of the following circumstances:

(a) In any civil action, in accordance with the discovery provisions of the Rules of Civil Procedure in connection with a civil action, or in connection with a claim under Chapter 4123. of the Revised Code, under any of the following circumstances:

(i) If the patient or the guardian or other legal representative of the patient gives express consent;

(ii) If the patient is deceased, the spouse of the patient or the executor or

administrator of the patient's estate gives express consent;

(iii) If a medical claim, dental claim, chiropractic claim, or optometric claim, as defined in section 2305.11 of the Revised Code, an action for wrongful death, any other type of civil action, or a claim under Chapter 4123. of the Revised Code is filed by the patient, the personal representative of the estate of the patient if deceased, or the patient's guardian or other legal representative.

(b) In any civil action concerning court-ordered treatment or services received by a patient, if the court-ordered treatment or services were ordered as part of a case plan journalized under section 2151.412 of the Revised Code or the court-ordered treatment or services are necessary or relevant to dependency, neglect, or abuse or temporary or permanent custody proceedings under Chapter 2151. of the Revised Code.

(c) In any criminal action concerning any test or the results of any test that determines the presence or concentration of alcohol, a drug of abuse, or alcohol and a drug of abuse in the patient's blood, breath, urine, or other bodily substance at any time relevant to the criminal offense in question.

(d) In any criminal action against a physician or dentist. In such an action, the testimonial privilege established under this division does not prohibit the admission into evidence, in accordance with the Rules of Evidence, of a patient's medical or dental records or other communications between a patient and the physician or dentist that are related to the action and obtained by subpoena, search warrant, or other lawful means. A court that permits or compels a physician or dentist to testify in such an action or permits the introduction into evidence of patient records or other communications in such an action shall require that appropriate measures be taken to ensure that the confidentiality of any patient named or otherwise identified in the records is maintained. Measures to ensure confidentiality that may be taken by the court include sealing its records or deleting specific information from its records.

(e) In any will contest action under sections 2107.71 to 2107.77 of the Revised Code if all of the following apply:

(i) The patient is deceased.

(ii) A party to the will contest action requests the testimony, demonstrates to the court that that party would be an heir of the patient if the patient died without a will, is a beneficiary under the will that is the subject of the will contest action, or is a beneficiary under another testamentary document allegedly executed by the patient, and demonstrates to the court that the testimony is necessary to establish the party's rights as described in this division.

(2)(a) If any law enforcement officer submits a written statement to a health care provider that states that an official criminal investigation has begun regarding a specified person or that a criminal action or proceeding has been commenced against a specified person, that requests the provider to supply to the officer copies of any records the provider possesses that pertain to any test or the results of any test administered to the specified person to determine the presence or concentration of alcohol, a drug of abuse, or alcohol and a drug of abuse in the person's blood, breath, or urine at any time relevant to the criminal offense in question, and that conforms to section 2317.022 of the Revised Code, the provider, except to the extent specifically prohibited by any law of this state or of the United States, shall supply to the officer a copy of any of the requested records the provider possesses. If the health care provider does not possess any of the requested records, the provider shall give the officer a written statement that indicates that the provider does not possess any of the requested records.

(b) If a health care provider possesses any records of the type described in division (B)(2)(a) of this section regarding the person in question at any time relevant to the criminal offense in question, in lieu of personally testifying as to the results of the test in question, the custodian of the records may submit a certified copy of the records, and, upon its submission, the certified copy is qualified as authentic evidence and may be admitted as evidence in accordance with the Rules of Evidence. Division (A) of section 2317.422 of the Revised Code does not apply to any certified copy of records submitted in accordance with this division. Nothing in this division shall be construed to limit the right of any party to call as a witness the person who administered the test to which the records pertain, the person under whose supervision the test was administered, the custodian of the records, the person who made the records, or the person under whose supervision the records were made.

(3)(a) If the testimonial privilege described in division (B)(1) of this section does not apply as provided in division (B)(1)(a)(iii) of this section, a physician or dentist may be compelled to testify or to submit to discovery under the Rules of Civil Procedure only as to a communication made to the physician or dentist by the patient in question in that relation, or the physician's or dentist's advice to the patient in question, that related causally or historically to physical or mental injuries that are relevant to issues in the medical claim, dental claim, chiropractic claim, or optometric claim, action for wrongful death, other civil action, or claim under Chapter 4123. of the Revised Code.

(b) If the testimonial privilege described in division (B)(1) of this

section does not apply to a physician or dentist as provided in division (B)(1)(c) of this section, the physician or dentist, in lieu of personally testifying as to the results of the test in question, may submit a certified copy of those results, and, upon its submission, the certified copy is qualified as authentic evidence and may be admitted as evidence in accordance with the Rules of Evidence. Division (A) of section 2317.422 of the Revised Code does not apply to any certified copy of results submitted in accordance with this division. Nothing in this division shall be construed to limit the right of any party to call as a witness the person who administered the test in question, the person under whose supervision the test was administered, the custodian of the results of the test, the person who compiled the results, or the person under whose supervision the results were compiled.

(c) If the testimonial privilege described in division (B)(1) of this section does not apply as provided in division (B)(1)(e) of this section, a physician or dentist may be compelled to testify or to submit to discovery in the will contest action under sections 2107.71 to 2107.77 of the Revised Code only as to the patient in question on issues relevant to the competency of the patient at the time of the execution of the will.
