of this section or division (B)(2) or (C)(2)(b) of section 742.212 428
of the Revised Code and the amount that would have been 429
contributed by the employer for the service had the member been 430
employed by the member's current employer as a member of a police 431
or fire department; 432

(3) Interest, determined in accordance with division (H) of 433
this section, on the amounts specified in divisions (I)(1) and (2) 434
of this section. 435

At the request of a member, in lieu of requiring payment of 436
all or part of the amount determined under this division the fund 437
may grant the member an amount of service credit under division 438
(B), (C), or (D) of this section or division (B) or (C) of section 439
742.212 of the Revised Code that is less than the amount for which 440
the member is eligible. The service credit granted shall be the 441
same percentage of the service credit for which the member is 442
eligible that the amount the fund receives under division (B), 443
(C), or (D) of this section or division (B) or (C) of section 444
742.212 of the Revised Code is of the total amount it would 445

this division was paid. 447

(J)(1) Except as provided in division (J)(2) of this section 448
and notwithstanding any contrary provision of this section, the 449
board shall, in computing a pension or benefit under section 450
742.37 or 742.39 of the Revised Code, give a member of the fund 451
who is not receiving a pension or disability benefit from the fund 452
full credit for service credit purchased under this section for 453
service that was less than full-time service if the member 454
provides evidence satisfactory to the board that, after receiving 455
written notice from the fund indicating that the member would be 456
permitted to purchase service credit for service that was less 457
than full-time, the member changed or ceased the member's 458
employment with the understanding that the credit identified in 459

the notice would be used in computing a pension or benefit. If the board has canceled service credit purchased under this section for service that was less than full-time service and the member meets the requirements of division (J)(1) of this section, the board shall restore the service credit on repayment to the fund of the amount refunded to the member at the time of cancellation.

(2) If a member of the fund who is not receiving a pension or disability benefit from the fund purchased credit under this section for service that was less than full-time service and does not meet the requirements of division (J)(1) of this section, the board shall refund to the member any amounts paid to purchase the credit, with interest at a rate determined by the board from the date the member purchased the credit to the date of the refund.

(K) A member of the fund who has purchased service credit under this section, or the member's estate, is entitled to a refund of the amount or portion of the amount paid to purchase the credit if the purchased credit or portion of credit does not increase a pension or benefit payable under section 742.37 or 742.39 of the Revised Code. The refund cancels an equivalent amount of service credit.

(L) If a member or former member of the fund who is not a current contributor and has not received a refund of accumulated contributions elects to receive credit under section 145.295, 3307.761, or 3309.73 of the Revised Code for service for which the member contributed to the fund or purchased as military service credit, the fund shall transfer to the ~~public employees retirement system, school employees retirement system, or state teachers~~ non-uniform retirement system the amount specified in division (B) of section 145.295 of the Revised Code, division ~~(B)~~(C) of section 3307.761 of the Revised Code, or division (B) of section 3309.73 of the Revised Code.

(M) The board shall adopt rules establishing a payroll

deduction plan for the purchase of service credit under this 492
section. The rules shall meet the requirements described in 493
section 742.56 of the Revised Code. 494

Sec. 742.214. (A) As used in this section, "transferred 495
service credit" means service credit purchased or obtained under 496
section 145.295, 145.2913, 3307.761, 3307.765, 3309.73, or 497
3309.731 of Revised Code prior to the date a member commenced the 498
employment covered by the Ohio police and fire pension fund for 499
which the member is currently contributing to the fund. 500

(B) A member of the Ohio police and fire pension fund who is 501
in the active service of a police or fire department and has 502
contributions on deposit with, but is no longer contributing to, a 503
non-uniform retirement system shall, in computing years of 504
service, be given full credit for transferred service credit if a 505
transfer to the Ohio police and fire pension fund is made under 506
this section. At the request of a member, the non-uniform system 507
shall transfer to the Ohio police and fire pension fund the sum of 508
the following: 509

non-uniform system under section 145.295, 145.2913, 3307.761, 511
3307.765, 3309.73, or 3309.731 of the Revised Code; 512

(2) Interest, determined as provided in division (E) of this 513
section, on the amount specified in division (B)(1) of this 514
section for the period from the last day of the year in which the 515
transfer under section 145.295, 145.2913, 3307.761, 3307.765, 516
3309.73, or 3309.731 of the Revised Code was made to the date a 517
transfer is made under this section. 518

(C) A member of the fund with at least eighteen months of 519
contributing service credit with the Ohio police and fire pension 520
fund who is in the active service of a police or fire department 521
and has received a refund of contributions to a non-uniform 522

retirement system shall, in computing years of service, be given 523
full credit for transferred service credit if, for each year of 524
service, the Ohio police and fire pension fund receives the sum of 525
the following: 526

(1) An amount, which shall be paid by the member, equal to 527
the amount refunded by the non-uniform system to the member for 528
that year for transferred service credit, with interest on that 529
amount from the date of the refund to the date a payment is made 530
under this section; 531

(2) Interest, which shall be transferred by the non-uniform 532
system, on the amount refunded to the member for the period from 533
the last day of the year in which the transfer under section 534

Revised Code was made to the date the refund was made; 536

(3) If the non-uniform system retained any portion of the 537
amount transferred under section 145.295, 145.2913, 3307.761, 538
3307.765, 3309.73, or 3309.731 of the Revised Code, an amount, 539
which shall be transferred by the non-uniform system, equal to the 540
amount retained, with interest on that amount for the period from 541
the last day of the year in which the transfer under section 542
145.295, 145.2913, 3307.761, 3307.765, 3309.73, or 3309.731 of the 543
Revised Code was made to the date a transfer is made under this 544
section. 545

On receipt of payment from the member, the Ohio police and 546
fire pension fund shall notify the non-uniform system, which, on 547
receipt of the notice, shall make the transfer required by this 548
division. Interest shall be determined as provided in division (E) 549

purchase under division (C) of this section in any one payment, 555
subject to rules adopted by the board of trustees of the Ohio 556
police and fire pension fund. A member is ineligible to purchase 557
or obtain service credit under this section for service to be used 558
in the calculation of any retirement benefit currently being paid 559
or payable to the member in the future under any other retirement 560
program or for service credit that may be purchased or obtained 561
under section 742.21 of the Revised Code. 562

(E) Interest charged under this section shall be calculated 563
separately for each year of service credit at the lesser of the 564
actuarial assumption rate for that year of the Ohio police and 565
fire pension fund or of the non-uniform retirement system to which 566
the credit was transferred under section 145.295, 145.2913, 567
3307.761, 3307.765, 3309.73, or 3309.731 of the Revised Code. The 568
interest shall be compounded annually. 569

(F) Any amounts transferred or paid under divisions (B) and 570
(C) of this section that are attributable to contributions made by 571
the member or to amounts paid to purchase service credit shall be 572
credited to the police officers' contribution fund or 573
firefighters' contribution fund created under section 742.59 of 574
the Revised Code, as applicable. Any remaining amounts shall be 575
credited to one or more of the funds created under that section as 576
determined by the board. 577

(G) At the request of the Ohio police and fire pension fund, 578
the non-uniform retirement system shall certify to the fund a copy 579

fund who seeks service credit under this section. The non-uniform 581
retirement system shall specify the portions of the amounts 582
transferred that are attributable to employee contributions, 583
employer contributions, and interest. 584

(H) If a member of the fund who is not a current contributor elects to receive service credit under section 145.2913, 3307.765, or 3309.731 of the Revised Code for transferred service credit, as defined in those sections, the fund shall transfer to the non-uniform retirement system, as applicable, the amount specified in division (B) or (C) of section 145.2913, division (B) or (C) of section 3307.765, or division (B) or (C) of section 3309.731 of the Revised Code.

board of trustees of the Ohio police and fire pension fund from 640
the date of such receipt to the date of such deposit. The member 641
may choose to purchase only part of such credit in any one 642
