section 4931.41 of the Revised Code and the planning committee 668
refers that question to the public utilities commission, the 669
commission may extend the nine-month deadline established by this 670

convened in the manner established in section 4931.42 of the 683
Revised Code to develop an implementation proposal and final plan 684

board of county commissioners may direct the county engineer to 797
erect and maintain at the county boundaries on county roads and 798
state and interstate highways, signs indicating the availability 799
of a countywide 9-1-1 system. Any sign erected by a county under 800
this section shall be erected in accordance with and meet the 801

All expenses incurred in erecting and maintaining the signs shall 803

wireline telephone network ~~in providing 9-1-1 service of the~~ 828
system. Such rates shall be computed by dividing the total monthly 829
recurring rates set forth in ~~a telephone~~ the company's schedule as 830
filed in accordance with section 4905.30 of the Revised Code, by 831

~~specifications of the final plan or pursuant to section 4931.48 of~~ 856
~~the Revised Code shall be recovered by the company through the~~ 857
~~credit authorized by section 5727.39 of the Revised Code. That~~ 858
portion, updating, or modernization may be for or include the 859
provision of wireless 9-1-1. As applicable, the receipt of those 860
charges shall occur only upon the completion of the installation 861
of the network or the completion of the updating or modernization. 862

(2)(a) The credit shall not be allowed under division (C)(1) 863

Sec. 4931.60. There is hereby created within the public 1053
utilities commission the 9-1-1 service program, headed by an Ohio 1054
9-1-1 coordinator in the unclassified civil service pursuant to 1055
division (A)(9) of section 124.11 of the Revised Code. The 1056
coordinator shall be appointed by and serve at the pleasure of the 1057
commission chairperson and shall report directly to the 1058
chairperson. Upon the effective date of this section, the 1059
chairperson shall appoint an interim coordinator and, upon 1060
submission of a list of nominees by the Ohio 9-1-1 council 1061
pursuant to section 4931.69 of the Revised Code, shall consider 1062
those nominees in making the final appointment and in appointing 1063
any subsequent coordinator. The chairperson may request the 1064
council to submit additional nominees and may reject any of the 1065

nominees. The chairperson shall fix the compensation of the 1066
coordinator. The chairperson shall evaluate the performance of the 1067
coordinator after considering the evaluation and recommendations 1068
of the council under section 4931.68 of the Revised Code. 1069

The Ohio 9-1-1 coordinator shall administer the wireless 1070
9-1-1 government assistance fund as specified in sections 4931.63 1071
and 4931.64 of the Revised Code and otherwise carry out the 1072
coordinator's duties under sections 4931.60 to 4931.70 of the 1073
Revised Code. The chairperson may establish additional duties of 1074
the coordinator based on a list of recommended duties submitted by 1075
the Ohio 9-1-1 council pursuant to section 4931.68 of the Revised 1076
Code. The chairperson may assign one or more commission employees 1077
to assist the coordinator in carrying out the coordinator's 1078
duties. 1079

Sec. 4931.61. (A) Beginning on the first day of the third 1080
month following the effective date of this section and ending 1081
December 31, 2008, there is hereby imposed, on each wireless 1082
telephone number of a wireless service subscriber who has a 1083
billing address in this state, a wireless 9-1-1 charge of 1084
thirty-two cents per month. The subscriber shall pay the wireless 1085
9-1-1 charge for each such wireless telephone number assigned to 1086
the subscriber. Each wireless service provider and each reseller 1087
of wireless service shall collect the wireless 9-1-1 charge as a 1088
specific line item on each subscriber's monthly bill. The line 1089
item shall be expressly designated "State/Local Wireless-E911 1090
Costs (\$0.32/billed number)." If a provider bills a subscriber for 1091
any wireless enhanced 9-1-1 costs that the provider may incur, the 1092
charge or amount is not to appear in the same line item as the 1093
state/local line item. If the charge or amount is to appear in its 1094
own, separate line item on the bill, the charge or amount shall be 1095
expressly designated "[Name of Provider] Federal Wireless-E911 1096

Costs." For any subscriber of prepaid wireless service, a wireless service provider or reseller shall collect the wireless 9-1-1 charge either at the point of sale or, if the subscriber has a positive account balance on the last day of the month, by reducing that balance at the end of the month by the amount of the charge or an equivalent number of air time minutes.

(B) The wireless 9-1-1 charge shall be exempt from state or local taxation.

Sec. 4931.62. (A)(1) Beginning with the second month following the month in which the wireless 9-1-1 charge is first imposed under section 4931.61 of the Revised Code, a wireless service provider or reseller of wireless service, not later than the last day of each month, shall remit the full amount of all wireless 9-1-1 charges it collected for the second preceding calendar month to the Ohio 9-1-1 coordinator, with the exception of charges equivalent to the amount authorized as a billing and collection fee under division (A)(2) of this section. In doing so, the provider or reseller may remit the requisite amount in any reasonable manner consistent with its existing operating or technological capabilities, such as by customer address, location associated with the wireless telephone number, or another allocation method based on comparable, relevant data. If the wireless service provider or reseller receives a partial payment for a bill from a wireless service subscriber, the wireless service provider or reseller shall apply the payment first against the amount the subscriber owes the wireless service provider or reseller and shall remit to the coordinator such lesser amount, if any, as results from that invoice.

(2) A wireless service provider or reseller of wireless service may retain as a billing and collection fee two per cent of

the total wireless 9-1-1 charges it collects in any month and 1127
shall account to the coordinator for the amount retained. 1128

(B) Each subscriber on which a wireless 9-1-1 charge is 1129
imposed under division (A) of section 4931.61 of the Revised Code 1130
is liable to the state for the amount of the charge. If a wireless 1131
service provider or reseller fails to collect the charge under 1132
that division from a subscriber of prepaid wireless service, or 1133
fails to bill any other subscriber for the charge, the wireless 1134
service provider or reseller is liable to the state for the amount 1135
not collected or billed. If a wireless service provider or 1136
reseller collects charges under that division and fails to remit 1137
the money to the coordinator, the wireless service provider or 1138
reseller is liable to the state for any amount collected and not 1139
remitted. 1140

(C)(1) If the public utilities commission has reason to 1141
believe that a wireless service provider or reseller has failed to 1142
bill, collect, or remit the wireless 9-1-1 charge as required by 1143
divisions (A)(1) and (B) of this section or has retained more than 1144
the amount authorized under division (A)(2) of this section, and 1145
after written notice to the provider or reseller, the commission 1146
may audit the provider or reseller for the sole purpose of making 1147
such a determination. The audit may be of a sample of the 1148
provider's or reseller's billings, collections, remittances, or 1149
retentions for a representative period, and the commission shall 1150
make a good faith effort to reach agreement with the provider or 1151
reseller in selecting that sample. 1152

(2) Upon written notice to the wireless service provider or 1153
reseller, the commission, by order after completion of the audit, 1154
may make an assessment against the provider or reseller if, 1155
pursuant to the audit, the commission determines that the provider 1156
or reseller has failed to bill, collect, or remit the wireless 1157
9-1-1 charge as required by divisions (A)(1) and (B) of this 1158

section or has retained more than the amount authorized under 1159
division (A)(2) of this section. The assessment shall be in the 1160
amount of any remittance that was due and unpaid on the date 1161
notice of the audit was sent by the commission to the provider or 1162
reseller or, as applicable, in the amount of the excess amount 1163
under division (A)(2) of this section retained by the provider or 1164
reseller as of that date. 1165

(3) The portion of any assessment not paid within sixty days 1166
after the date of service by the commission of the assessment 1167
notice under division (C)(2) of this section shall bear interest 1168
from that date until paid at the rate per annum prescribed by 1169
section 5703.47 of the Revised Code. That interest may be 1170
collected by making an assessment under division (C)(2) of this 1171
section. An assessment under this division and any interest due 1172
shall be remitted in the same manner as the wireless 9-1-1 charge. 1173

(4) An assessment is final and due and payable and shall be 1174
remitted to the commission unless the assessed party petitions for 1175
rehearing under section 4903.10 of the Revised Code. The 1176
proceedings of the commission specified in division (C)(4) of this 1177
section are subject to and governed by Chapter 4903. of the 1178
Revised Code, except that the court of appeals of Franklin county 1179
has exclusive, original jurisdiction to review, modify, or vacate 1180
an order of the commission under division (C)(2) of this section. 1181
The court shall hear and determine such appeal in the same manner 1182
and under the same standards as the Ohio supreme court hears and 1183
determines appeals under Chapter 4903. of the Revised Code. 1184

The judgment of the court of appeals is final and conclusive 1185
unless reversed, vacated, or modified on appeal. Such an appeal 1186
may be made by the commission or the person to whom the order 1187
under division (C)(2) of this section was issued and shall proceed 1188
as in the case of appeals in civil actions as provided in Chapter 1189
2505. of the Revised Code. 1190

(5) After an assessment becomes final, if any portion of the assessment remains unpaid, including accrued interest, a certified copy of the commission's entry making the assessment final may be filed in the office of the clerk of the court of common pleas in the county in which the place of business of the assessed party is located. If the party maintains no place of business in this state, the certified copy of the entry may be filed in the office of the clerk of the court of common pleas of Franklin county. Immediately upon the filing, the clerk shall enter a judgment for the state against the assessed party in the amount shown on the entry. The judgment may be filed by the clerk in a loose-leaf book entitled "special judgments for wireless 9-1-1 charges" and shall have the same effect as other judgments. The judgment shall be executed upon the request of the commission.

(6) An assessment under this division does not discharge a subscriber's liability to reimburse the provider or reseller for the wireless 9-1-1 charge. If, after the date of service of the audit notice under division (C)(1) of this section, a subscriber pays a wireless 9-1-1 charge for the period covered by the assessment, the payment shall be credited against the assessment.

(7) All money collected by the commission under this division shall be paid to the treasurer of state, for deposit to the credit of the wireless 9-1-1 government assistance fund.

Sec. 4931.63. (A) There is hereby created the wireless 9-1-1 administrative fund in the state treasury. A sufficient percentage, determined by the chairperson of the public utilities commission but not to exceed four per cent through the first full fiscal year and two per cent thereafter, of the periodic remittances of the wireless 9-1-1 charge under section 4931.62 of the Revised Code shall be deposited to the credit of the fund, to be used by the commission to cover such nonpayroll costs and, at

the discretion of the commission such payroll costs, of the 1222
commission as are incurred in assisting the coordinator in 1223
carrying out sections 4931.60 to 4931.70 of the Revised Code and 1224
in conducting audits under division (C) of section 4931.62 of the 1225
Revised Code. In addition, the compensation of the Ohio 9-1-1 1226
coordinator, and any expenses of the coordinator in carrying out 1227
those sections, shall be paid from the fund. 1228

(B) There is hereby created the wireless 9-1-1 government 1229
assistance fund, which shall be in the custody of the treasurer of 1230
state but shall not be part of the state treasury. The periodic 1231
remittances of the wireless 9-1-1 charge remaining after the 1232
deposit required by division (A) of this section shall be 1233
deposited to the credit of the wireless 9-1-1 government 1234
assistance fund. The treasurer of state shall deposit or invest 1235
the moneys in this fund in accordance with Chapter 135. of the 1236
Revised Code and any other provision of law governing public 1237
moneys of the state as defined in section 135.01 of the Revised 1238
Code. The treasurer of state shall credit the interest earned to 1239
the fund. The treasurer of state shall disburse money from the 1240
fund solely upon order of the coordinator as authorized under 1241
section 4931.64 of the Revised Code. Annually, until the fund is 1242
depleted, the treasurer of state shall certify to the coordinator 1243
the amount of moneys in the treasurer of state's custody belonging 1244
to the fund. 1245

Sec. 4931.64. (A) Prior to the first disbursement under this 1246
section and annually thereafter not later than the twenty-fifth 1247
day of January, until the wireless 9-1-1 government assistance 1248
fund is depleted, the Ohio 9-1-1 coordinator shall do both of the 1249
following for the purposes of division (B) of this section: 1250

(1) Determine, for a county that has adopted a final plan 1251

under sections 4931.40 to 4931.70 of the Revised Code for the 1252
provision of wireless enhanced 9-1-1 within the territory covered 1253
by the countywide 9-1-1 system established under the plan, the 1254
number of wireless telephone numbers assigned to wireless service 1255
subscribers that have billing addresses within the county. That 1256
number shall be adjusted between any two counties so that the 1257
number of wireless telephone numbers assigned to wireless service 1258
subscribers who have billing addresses within any portion of a 1259
municipal corporation that territorially lies primarily in one of 1260
the two counties but extends into the other county is added to the 1261
number already determined for that primary county and subtracted 1262
for the other county. 1263

(2) Determine each county's proportionate share of the 1264
wireless 9-1-1 government assistance fund for the ensuing calendar 1265
year on the basis set forth in division (B) of this section; 1266
estimate the ensuing calendar year's fund balance; compute each 1267
such county's estimated proceeds for the ensuing calendar year 1268
based on its proportionate share and the estimated fund balance; 1269
and certify such amount of proceeds to the county auditor of each 1270
such county. 1271

(B) The Ohio 9-1-1 coordinator, in accordance with this 1272
division and not later than the last day of each month, shall 1273
disburse the amount credited as remittances to the wireless 9-1-1 1274
government assistance fund during the second preceding month, plus 1275
any accrued interest on the fund. Such a disbursement shall be 1276
paid to each county treasurer. The amount to be so disbursed 1277
monthly to a particular county shall be a proportionate share of 1278
the wireless 9-1-1 government assistance fund balance based on the 1279
ratio between the following: 1280

(1) The number of wireless telephone numbers determined for 1281
the county by the coordinator pursuant to division (A) of this 1282
section; 1283

(2) The total number of wireless telephone numbers assigned to subscribers who have billing addresses within this state. To the extent that the fund balance permits, the disbursements to each county shall total at least twenty-five thousand dollars annually. 1284

1288

(C)(1) Each county that has not adopted a final plan for the provision of wireless enhanced 9-1-1 under sections 4931.40 to 4931.70 of the Revised Code shall be deemed as having done so for the purposes of making the determinations and disbursements under divisions (A)(1) and (2) and (B) of this section through the third full calendar year following the effective date of this section. 1289
1290
1291
1292

1294

(2) For each county described in division (C)(1) of this section and through the third full calendar year following the effective date of this section, the coordinator shall retain in the wireless 9-1-1 government assistance fund an amount equal to what would be the county's disbursements under division (B) of this section if it had adopted such a final plan, plus any related accrued interest, to be set aside for that county until the board of county commissioners notifies the coordinator that a final plan for the provision of wireless enhanced 9-1-1 has been adopted, but not beyond the end of such third year. Provided notification is made prior to the end of that third year, the coordinator shall disburse and pay to the county treasurer, not later than the last day of the month following the month the notification is made, the total amount so set aside for the county plus any related accrued interest. After the end of the third full calendar year following the effective date of this section, any money and interest so retained and not disbursed as authorized under this division shall be available for disbursement only as provided in division (B) of this section. 1295
