4766.12, 4766.13, and 5503.12 be amended and sections 4766.15, 22
4766.17, and 4766.20 of the Revised Code be enacted to read as 23
follows: 24

Sec. 307.051. As used in this section, "emergency medical 25
service organization" has the same meaning as in section 4766.01 26
of the Revised Code. 27

A board of county commissioners, by adoption of an 28
appropriate resolution, may choose to have the Ohio ~~ambulance~~ 29
~~licensing~~ medical transportation board license any emergency 30
medical service organization it operates. If a board adopts such a 31
resolution, Chapter 4766. of the Revised Code, except for sections 32
4766.06 and 4766.99 of the Revised Code, applies to the county 33
emergency medical service organization. All rules adopted under 34
the applicable sections of that chapter also apply to the 35
organization. A board, by adoption of an appropriate resolution, 36
may remove its emergency medical service organization from the 37
jurisdiction of the Ohio ~~ambulance licensing~~ medical 38
transportation board. 39

Sec. 307.055. (A) Subject to the terms and conditions of the 40
joint resolution creating it, each joint emergency medical 41
services district may furnish ambulance services and emergency 42
medical services by one of the following methods: 43

(1) By operating an emergency medical service organization as 44
defined in section 4765.01 of the Revised Code; 45

(2) By contracting for the operation of one or more facilities pursuant to division (C) or (D) of this section;

(3) By providing necessary services and equipment to the district either directly or under a contract entered into pursuant to division (B) of this section;

(4) By providing service through any combination of methods described in divisions (A)(1) to (3) of this section.

(B) In order to obtain ambulance service, to obtain additional ambulance service in times of emergency, or to obtain emergency medical services, a joint emergency medical services district may enter into a contract, for a period not to exceed three years, with one or more counties, townships, municipal corporations, joint fire districts, other governmental units that provide ambulance service or emergency medical services, nonprofit corporations, or private ambulance owners, regardless of whether the entities contracted with are located within or outside this state, upon such terms as are agreed to, to furnish or receive ambulance services or the interchange of ambulance services or emergency medical services within the several territories of the contracting subdivisions, if the contract is first authorized by all boards of trustees and legislative authorities in the territories to be served.

Such a contract may provide for a fixed annual charge to be paid at the times agreed upon and stipulated in the contract; or for compensation based on a stipulated price for each run, call, or emergency or based on the elapsed time of service required for each run, call, or emergency, or based on any combination of these.

Expenditures of a district for ambulance service or emergency medical service, whether pursuant to contract or otherwise, are lawful expenditures, regardless of whether the district or the

party with which it contracts charges an additional fee to users 77
of the service. 78

(C) The board of trustees may enter into a contract with any 79
person, municipal corporation, township, or other political 80
subdivision, and any political subdivision may contract with the 81
board, for the operation and maintenance of emergency medical 82
services facilities regardless of whether the facilities used are 83
owned or leased by the district, by another political subdivision, 84
or by the contractor. 85

(D) The district may purchase, lease, and maintain all 86
materials, buildings, land, and equipment, including vehicles, the 87
board considers necessary for the district. 88

When the board finds, by resolution, that the district has 89
personal property that is not needed for public use, or is 90
obsolete or unfit for the use for which it was acquired, the board 91
may dispose of the property in the same manner as provided in 92
section 307.12 of the Revised Code. 93

(E) Any contract entered into by a joint emergency medical 94
services district shall conform to the same bidding requirements 95
that apply to county contracts under sections 307.86 to 307.92 of 96
the Revised Code. 97

(F) A county participating in a joint district may contribute 98
any of its rights or interests in real or personal property, 99
including money, and may contribute services to the district. Any 100
such contributions shall be made by a written agreement between 101
the contributing county and the district, specifying the 102
contribution as well as the rights of the participating counties 103
in the contributed property. Written agreements shall also be 104
prepared specifying the rights of participating counties in 105
property acquired by the district other than by contribution of a 106
participating county. Written agreements required by this division 107

may be amended only by written agreement of all parties to the 108
original agreement. 109

(G) A district's board of trustees, by adoption of an 110
appropriate resolution, may choose to have the Ohio ~~ambulance~~ 111
~~licensing~~ medical transportation board license any emergency 112
medical service organization the district operates. If a board 113
adopts such a resolution, Chapter 4766. of the Revised Code, 114
except for sections 4766.06 and 4766.99 of the Revised Code, 115
applies to the district emergency medical service organization. 116
All rules adopted under the applicable sections of that chapter 117
also apply to the organization. A board, by adoption of an 118
appropriate resolution, may remove the district emergency medical 119
service organization from the jurisdiction of the Ohio ~~ambulance~~ 120
~~licensing~~ medical transportation board. 121

Sec. 505.37. (A) The board of township trustees may establish 122
all necessary rules to guard against the occurrence of fires and 123
to protect the property and lives of the citizens against damage 124
and accidents, and may, with the approval of the specifications by 125
the prosecuting attorney or, if the township has adopted limited 126
home rule government under ~~chapter~~ Chapter 504~~7~~1, of the Revised 127
Code, with the approval of the specifications by the township's 128
law director, purchase or otherwise provide any fire apparatus, 129
mechanical resuscitators, or other equipment, appliances, 130
materials, fire hydrants, and water supply for fire-fighting 131
purposes that seems advisable to the board. The board shall 132
provide for the care and maintenance of fire equipment, and, for 133
these purposes, may purchase, lease, or construct and maintain 134
necessary buildings, and it may establish and maintain lines of 135
fire-alarm communications within the limits of the township. The 136
board may employ one or more persons to maintain and operate 137
fire-fighting equipment, or it may enter into an agreement with a 138
volunteer fire company for the use and operation of fire-fighting 139

equipment. The board may compensate the members of a volunteer 140
fire company on any basis and in any amount that it considers 141
equitable. 142

(B) The boards of township trustees of any two or more 143
townships, or the legislative authorities of any two or more 144
political subdivisions, or any combination thereof, may, through 145
joint action, unite in the joint purchase, maintenance, use, and 146
operation of fire-fighting equipment, or for any other purpose 147
designated in sections 505.37 to 505.42 of the Revised Code, and 148
may prorate the expense of the joint action on any terms that are 149
mutually agreed upon. 150

(C) The board of township trustees of any township may, by 151
resolution, whenever it is expedient and necessary to guard 152
against the occurrence of fires or to protect the property and 153
lives of the citizens against damages resulting from their 154
occurrence, create a fire district of any portions of the township 155
that it considers necessary. The board may purchase or otherwise 156
provide any fire apparatus, appliances, materials, fire hydrants, 157
and water supply for fire-fighting purposes, or may contract for 158
the fire protection for the fire district as provided in section 159
9.60 of the Revised Code. The fire district so created shall be 160
given a separate name by which it shall be known. 161

Additional unincorporated territory of the township may be 162
added to a fire district upon the board's adoption of a resolution 163
authorizing the addition. A municipal corporation that is within 164
or adjoining the township may be added to a fire district upon the 165
board's adoption of a resolution authorizing the addition and the 166
municipal legislative authority's adoption of a resolution or 167
ordinance requesting the addition of the municipal corporation to 168
the fire district. 169

If the township fire district imposes a tax, additional 170

unincorporated territory of the township or a municipal 171
corporation that is within or adjoining the township shall become 172
part of the fire district only after all of the following have 173
occurred: 174

(1) Adoption by the board of township trustees of a 175
resolution approving the expansion of the territorial limits of 176
the district and, if the resolution proposes to add a municipal 177
corporation, adoption by the municipal legislative authority of a 178
resolution or ordinance requesting the addition of the municipal 179
corporation to the district; 180

(2) Adoption by the board of township trustees of a 181
resolution recommending the extension of the tax to the additional 182
territory; 183

(3) Approval of the tax by the electors of the territory 184
proposed for addition to the district. 185

Each resolution of the board adopted under division (C)(2) of 186
this section shall state the name of the fire district, a 187
description of the territory to be added, and the rate and 188
termination date of the tax, which shall be the rate and 189
termination date of the tax currently in effect in the fire 190
district. 191

The board of trustees shall certify each resolution adopted 192
under division (C)(2) of this section to the board of elections in 193
accordance with section 5705.19 of the Revised Code. The election 194
required under division (C)(3) of this section shall be held, 195
canvassed, and certified in the manner provided for the submission 196
of tax levies under section 5705.25 of the Revised Code, except 197
that the question appearing on the ballot shall read: 198

"Shall the territory within 199
(description of the proposed territory to be added) be added to 200
..... (name) fire district, and a property tax 201

at a rate of taxation not exceeding (here insert tax rate) 202
be in effect for (here insert the number of years the 203
tax is to be in effect or "a continuing period of time," as 204
applicable)?" 205

If the question is approved by at least a majority of the 206
electors voting on it, the joinder shall be effective as of the 207
first day of July of the year following approval, and on that 208
date, the township fire district tax shall be extended to the 209
taxable property within the territory that has been added. If the 210
territory that has been added is a municipal corporation and if it 211
had adopted a tax levy for fire purposes, the levy is terminated 212
on the effective date of the joinder. 213

Any municipal corporation may withdraw from a township fire 214
district created under division (C) of this section by the 215
adoption by the municipal legislative authority of a resolution or 216
ordinance ordering withdrawal. On the first day of July of the 217
year following the adoption of the resolution or ordinance of 218
withdrawal, the municipal corporation withdrawing ceases to be a 219
part of the district, and the power of the fire district to levy a 220
tax upon taxable property in the withdrawing municipal corporation 221
terminates, except that the fire district shall continue to levy 222
and collect taxes for the payment of indebtedness within the 223
territory of the fire district as it was composed at the time the 224
indebtedness was incurred. 225

Upon the withdrawal of any municipal corporation from a 226
township fire district created under division (C) of this section, 227
the county auditor shall ascertain, apportion, and order a 228
division of the funds on hand, moneys and taxes in the process of 229
collection except for taxes levied for the payment of 230
indebtedness, credits, and real and personal property, either in 231
money or in kind, on the basis of the valuation of the respective 232
tax duplicates of the withdrawing municipal corporation and the 233

remaining territory of the fire district. 234

A board of township trustees may remove unincorporated 235
territory of the township from the fire district upon the adoption 236
of a resolution authorizing the removal. On the first day of July 237
of the year following the adoption of the resolution, the 238
unincorporated township territory described in the resolution 239
ceases to be a part of the district, and the power of the fire 240
district to levy a tax upon taxable property in that territory 241
terminates, except that the fire district shall continue to levy 242
and collect taxes for the payment of indebtedness within the 243
territory of the fire district as it was composed at the time the 244
indebtedness was incurred. 245

(D) The board of township trustees of any township, the board 246
of fire district trustees of a fire district created under section 247
505.371 of the Revised Code, or the legislative authority of any 248
municipal corporation may purchase the necessary fire-fighting 249
equipment, buildings, and sites for the township, fire district, 250
or municipal corporation and issue securities for that purpose 251
with maximum maturities as provided in section 133.20 of the 252
Revised Code. The board of township trustees, board of fire 253
district trustees, or legislative authority may also construct any 254
buildings necessary to house fire-fighting equipment and issue 255
securities for that purpose with maximum maturities as provided in 256
section 133.20 of the Revised Code. The board of township 257
trustees, board of fire district trustees, or legislative 258
authority may issue the securities of the township, fire district, 259
or municipal corporation, signed by the board or designated 260
officer of the municipal corporation and attested by the signature 261
of the township, fire district, or municipal clerk, covering any 262
deferred payments and payable at the times provided, which 263
securities shall bear interest not to exceed the rate determined 264
as provided in section 9.95 of the Revised Code, and shall not be 265

subject to Chapter 133. of the Revised Code. The legislation 266
authorizing the issuance of the securities shall provide for 267
levying and collecting annually by taxation, amounts sufficient to 268
pay the interest on and principal of the securities. The 269
securities shall be offered for sale on the open market or given 270
to the vendor or contractor if no sale is made. 271

(E) A board of township trustees of any township or a board 272
of fire district trustees of a fire district created under section 273
505.371 of the Revised Code may purchase a policy or policies of 274
liability insurance for the officers, employees, and appointees of 275
the fire department, fire district, or joint fire district 276
governed by the board that includes personal injury liability 277
coverage as to the civil liability of those officers, employees, 278
and appointees for false arrest, detention, or imprisonment, 279
malicious prosecution, libel, slander, defamation or other 280
violation of the right of privacy, wrongful entry or eviction, or 281
other invasion of the right of private occupancy, arising out of 282
the performance of their duties. 283

When a board of township trustees cannot, by deed of gift or 284
by purchase and upon terms it considers reasonable, procure land 285
for a township fire station that is needed in order to respond in 286
reasonable time to a fire or medical emergency, the board may 287
appropriate land for that purpose under sections 163.01 to 163.22 288
of the Revised Code. If it is necessary to acquire additional 289
adjacent land for enlarging or improving the fire station, the 290
board may purchase, appropriate, or accept a deed of gift for the 291
land for these purposes. 292

(F) As used in this division, "emergency medical service 293
organization" has the same meaning as in section 4766.01 of the 294
Revised Code. 295

A board of township trustees, by adoption of an appropriate 296
resolution, may choose to have the Ohio ~~ambulance licensing~~ 297

medical transportation board license any emergency medical service 298
it operates. If the board adopts such a resolution, Chapter 4766. 299
of the Revised Code, except for sections 4766.06 and 4766.99 of 300
the Revised Code, applies to the organization. All rules adopted 301
under the applicable sections of that chapter also apply to the 302
organization. A board of township trustees, by adoption of an 303
appropriate resolution, may remove its emergency medical service 304
organization from the jurisdiction of the Ohio ~~ambulance licensing~~ 305
medical transportation board. 306

Sec. 505.375. (A) The board of a joint ambulance district 307
created under section 505.71 of the Revised Code and the board of 308
a joint fire district created under section 505.371 of the Revised 309
Code may negotiate in accordance with this section to combine 310
their two joint districts into a single district, called a fire 311
and ambulance district, for the delivery of both fire and 312
ambulance services, if the geographic area covered by the 313
combining joint districts is exactly the same. Both boards shall 314
adopt a joint resolution ratifying the agreement and setting a 315
date on which the fire and ambulance district shall come into 316
being. On that date, the joint fire district and the joint 317
ambulance district shall cease to exist, and the power of each to 318
levy a tax upon taxable property shall terminate, except that any 319
levy of a tax for the payment of indebtedness within the territory 320
of the joint fire or joint ambulance district as it was composed 321
at the time the indebtedness was incurred shall continue to be 322
collected by the successor fire and ambulance district if the 323
indebtedness remains unpaid. 324

All funds and other property of the joint districts that 325
combined into the fire and ambulance district shall become the 326
property of the fire and ambulance district, unless otherwise 327
provided in the negotiated agreement. The agreement shall provide 328
for the settlement of all debts and obligations of the joint 329

districts. 330

(B) The governing body of the fire and ambulance district 331
shall be a board of trustees of at least three but no more than 332
nine members, appointed as provided in the agreement creating the 333
district. Members of the board of trustees may be compensated at a 334
rate not to exceed thirty dollars per meeting for not more than 335
fifteen meetings per year, and may be reimbursed for all necessary 336
expenses incurred, as provided in the agreement creating the 337
district. 338

The board shall employ a clerk and other employees as it 339
considers best, including a fire chief or fire prevention 340
officers, and shall fix their compensation. Neither this section 341
nor any other section of the Revised Code requires, or shall be 342
construed to require, that the fire chief of a fire and ambulance 343
district be a resident of the district. 344

Before entering upon the duties of office, the clerk shall 345
execute a bond, in the amount and with surety to be approved by 346
the board, payable to the state, conditioned for the faithful 347
performance of all of the clerk's official duties. The clerk shall 348
deposit the bond with the presiding officer of the board, who 349
shall file a copy of it, certified by the presiding officer, with 350
the county auditor of the county containing the most territory in 351
the district. 352

The board shall also provide for the appointment of a fiscal 353
officer for the district. The board may also enter into agreements 354
with volunteer fire companies for the use and operation of 355
fire-fighting equipment. Volunteer firefighters acting under such 356
an agreement are subject to the requirements for volunteer 357
firefighters set forth in division (A) of section 505.38 of the 358
Revised Code. 359

Employees of the district shall not be removed from office 360

except as provided by sections 733.35 to 733.39 of the Revised Code, except that, to initiate removal proceedings, the board shall designate a private citizen or, if the employee is employed as a firefighter, the board may designate the fire chief, to investigate, conduct the proceedings, and prepare the necessary charges in conformity with sections 733.35 to 733.39 of the Revised Code, and except that the board shall perform the functions and duties specified for the municipal legislative authority under those sections. The board may pay reasonable compensation to any private citizen hired for services rendered in the matter.

No person shall be appointed as a permanent full-time paid member of the district whose duties include fire fighting, or be appointed as a volunteer firefighter, unless that person has received a certificate issued under former section 3303.07 or section 4765.55 of the Revised Code evidencing satisfactory completion of a firefighter training program. The board may send its officers and firefighters to schools of instruction designed to promote the efficiency of firefighters and, if authorized in advance, may pay their necessary expenses from the funds used for the maintenance and operation of the district.

The board may choose, by adoption of an appropriate resolution, to have the Ohio ~~ambulance licensing~~ medical transportation board license any emergency medical service organization it operates. If the board adopts such a resolution, Chapter 4766. of the Revised Code, except for sections 4766.06 and 4766.99 of the Revised Code, applies to the organization. All rules adopted under the applicable sections of that chapter also apply to the organization. The board may likewise, by resolution, remove its emergency medical service organization from the jurisdiction of the Ohio ~~ambulance licensing~~ medical transportation board.

(C) The board may exercise the following powers:	393
(1) Purchase or otherwise provide any fire apparatus,	394
mechanical resuscitators, or other fire or ambulance equipment,	395
appliances, or materials; fire hydrants; and water supply for	396
fire-fighting purposes that seems advisable to the board;	397
(2) Provide for the care and maintenance of equipment and,	398
for that purpose, purchase, lease, or construct and maintain	399
necessary buildings;	400
(3) Establish and maintain lines of fire-alarm communications	401
within the limits of the district;	402
(4) Appropriate land for a fire station or medical emergency	403
unit needed in order to respond in reasonable time to a fire or	404
medical emergency, in accordance with Chapter 163. of the Revised	405
Code;	406
(5) Purchase, appropriate, or accept a deed or gift of land	407
to enlarge or improve a fire station or medical emergency unit;	408
(6) Purchase, lease, maintain, and use all materials,	409
equipment, vehicles, buildings, and land necessary to perform its	410
duties;	411
(7) Contract for a period not to exceed three years with one	412
or more townships, municipal corporations, counties, joint fire	413
districts, governmental agencies, nonprofit corporations, or	414
private ambulance owners located either within or outside the	415
state, to furnish or receive ambulance services or emergency	416
medical services within the several territories of the contracting	417
parties, if the contract is first authorized by all boards of	418
trustees and legislative authorities concerned;	419
(8) Establish reasonable charges for the use of ambulance or	420
emergency medical services under the same conditions under which a	421
board of fire district trustees may establish those charges under	422

section 505.371 of the Revised Code;	423
(9) Establish all necessary rules to guard against the	424
occurrence of fires and to protect property and lives against	425
damage and accidents;	426
(10) Adopt a standard code pertaining to fire, fire hazards,	427
and fire prevention prepared and promulgated by the state or by a	428
public or private organization that publishes a model or standard	429
code;	430
(11) Provide for charges for false alarms at commercial	431
establishments in the same manner as joint fire districts are	432
authorized to do under section 505.391 of the Revised Code;	433
(12) Issue bonds and other evidences of indebtedness, subject	434
to Chapter 133. of the Revised Code, but only after approval by a	435
vote of the electors of the district as provided by section 133.18	436
of the Revised Code;	437
(13) To provide the services and equipment it considers	438
necessary, levy a sufficient tax, subject to Chapter 5705. of the	439
Revised Code, on all the taxable property in the district.	440
(D) Any municipal corporation or township may join an	441
existing fire and ambulance district by its legislative	442
authority's adoption of a resolution requesting the membership and	443
upon approval of the board of the district. Any municipal	444
corporation or township may withdraw from a district by its	445
legislative authority's adoption of a resolution ordering	446
withdrawal. Upon its withdrawal, the municipal corporation or	447
township ceases to be a part of the district, and the district's	448
power to levy a tax on taxable property in the withdrawing	449
township or municipal corporation terminates, except that the	450
district shall continue to levy and collect taxes for the payment	451
of indebtedness within the territory of the district as it was	452
composed at the time the indebtedness was incurred.	453

Upon the withdrawal of any township or municipal corporation 454
from a district, the county auditor of the county containing the 455
most territory in the district shall ascertain, apportion, and 456
order a division of the funds on hand, including funds in the 457
ambulance and emergency medical services fund, moneys and taxes in 458
the process of collection, except for taxes levied for the payment 459
of indebtedness, credits, and real and personal property on the 460
basis of the valuation of the respective tax duplicates of the 461
withdrawing municipal corporation or township and the remaining 462
territory of the district. 463

(E) As used in this section: 464

(1) "Governmental agency" includes all departments, boards, 465
offices, commissions, agencies, colleges, universities, 466
institutions, and other instrumentalities of this or another 467
state. 468

(2) "Emergency medical service organization" has the same 469
meaning as in section 4766.01 of the Revised Code. 470
