To amend sections 3707.26 and 4736.01 and to enact 1
sections 117.102, 3313.473, 3314.15, and 3701.93, 2
3701.931, 3701.932, 3701.933, 3701.934, 3701.935, 3
and 3701.936 of the Revised Code with respect to 4
inspections of public and nonpublic school 5
buildings by boards of health, to require the 6
Director of Health to establish the School Health 7
and Safety Network to coordinate school 8
inspections, and to include school safety and 9
sanitary inspections within the practice of 10
environmental health for registered sanitarians. 11

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF OHIO:

Section 1. That sections 3707.26 and 4736.01 be amended and 12
sections 117.102, 3313.473, 3314.15, 3701.93, 3701.931, 3701.932, 13
3701.933, 3701.934, 3701.935, and 3701.936 of the Revised Code be 14
enacted to read as follows: 15

Sec. 117.102. The auditor of state shall review the report of each school health and safety network inspection of a public school building and associated grounds submitted to the auditor of state under section 3701.932 of the Revised Code. The auditor of state may include references to any of the recommendations contained in the inspection report, as determined appropriate by the auditor of state, in any audit report of the school district, educational service center, board of mental retardation and developmental disabilities, or community school controlling the inspected building and grounds.

As used in this section, "public school" has the same meaning as in section 3701.93 of the Revised Code.

Sec. 3313.473. (A) The principal or chief administrator of each public and nonpublic school shall cooperate with the appropriate board of health in the conduct of a school health and safety network inspection under section 3701.931 of the Revised Code by providing access to the premises for the inspection at any time during the school's operation and by providing any records or other information the board of health considers necessary.

(B) The board of education of each school district, the governing board of each educational service center that controls a public school, and the chief administrator of each nonpublic school for which an inspection report is submitted by the board of health under section 3701.932 of the Revised Code shall develop and submit to the board, in accordance with section 3701.933 of the Revised Code, a plan for abatement of conditions at that school determined to be hazardous to occupants.

(C) As used in this section, "public school" and "nonpublic school" have the same meanings as in section 3701.93 of the Revised Code.

Sec. 3314.15. (A) The principal or chief administrator of each community school shall cooperate with the appropriate board of health in the conduct of a school health and safety network inspection under section 3701.931 of the Revised Code by providing access to the premises for the inspection at any time during the school's operation and by providing any records or other information the board of health considers necessary. 46

Sec. 3701.931. The director of health shall establish the
school health and safety network, under which each board of
health, in addition to or in concert with inspections conducted
under section 3707.03 or 3707.26 of the Revised Code, shall
inspect each public and nonpublic school building and associated
grounds within its jurisdiction at least once each year to
identify conditions dangerous to public health and safety present
in or on the building or grounds. Inspections shall be conducted
during regular school hours.

104

center, board of mental retardation and developmental 105
disabilities, or community school controlling the inspected 106
building and grounds; 107

(3) In the case of a school operated by a school district, 108
educational service center, or board of mental retardation and 109
developmental disabilities the superintendent of that district, 110
center, or board; 111

(4) The auditor of state. 112

(B) Each report shall include recommendations for changes 113
that the board of health determines may be needed to abate 114
conditions that are hazardous to occupants. The report shall 115
include recommendations made pursuant to an inspection conducted 116
under section 3707.26 of the Revised Code. 117

(C) The report is a public record under section 149.43 of the 118
Revised Code. 119

Sec. 3701.933. The board of education of each school 120
district, the governing board of each educational service center, 121
the board of mental retardation and developmental disabilities, 122
the governing authority of each community school, and the chief 123
administrator of each nonpublic school shall submit to the board 124
of health, by a deadline and in a manner established by the 125
director of health, a written plan for abatement of the conditions 126
determined to be hazardous to occupants, as described in the 127
report submitted under section 3701.932 of the Revised Code. The 128
plan shall include a schedule for completion of the abatement. 129

The board of health shall determine compliance with the 130
written plan for abatement. On completion of any plan for 131
abatement, the board of health shall submit a supplemental report 132
to all parties specified in division (A) of section 3701.932 of 133
the Revised Code. 134

The plan submitted under this section is a public record 135
under section 149.43 of the Revised Code. 136

Sec. 3701.934. For purposes of the school health and safety 137
network under sections 3701.93 to 3701.936 of the Revised Code, 138
the director of health shall develop information specifying 139
dangerous conditions and dangerous products, including products 140
recalled by the manufacturer, that may be present in school 141
buildings and associated grounds. In developing that information, 142
the director may use information developed by other sources, 143
including other state and federal agencies. The director shall 144
distribute the information developed under this section on a 145
quarterly basis to boards of health through electronic mail. The 146
information shall also be made available on the department's 147
internet web site. 148

Sec. 3701.935. The director of health shall adopt rules 149
establishing minimum standards and procedures for inspections 150
conducted for purposes of the school health and safety network 151
under sections 3701.93 to 3701.936 of the Revised Code. The rules 152
shall be adopted in accordance with Chapter 119. of the Revised 153
Code and in consultation with the association of Ohio health 154
commissioners, the Ohio environmental health association, the Ohio 155
school boards association, and the Ohio education association. 156
Initial rules shall be adopted not later than eighteen months 157
after the effective date of this section. 158

Sec. 3701.936. Nothing in sections 3701.93 to 3701.935 of the 159
Revised Code shall be construed to diminish the authority of a 160
board of health to issue orders or take other actions under 161
section 3707.03 or 3707.26 of the Revised Code. 162

Sec. 3707.26. ~~Semiannually, and oftener~~ (A) Annually, and 163

more often, if in its judgment necessary, the board of health of a 164
city or general health district shall inspect the sanitary 165
condition of all schools and school buildings within its 166
jurisdiction, and may disinfect any school building. During an 167
epidemic or threatened epidemic, ~~or~~ when a dangerous communicable 168
disease is unusually prevalent, or for any other imminent public 169
health threat as determined by the board, the board may close any 170
school and prohibit public gatherings for such time as is 171
necessary. 172

(B) The director of health shall adopt rules establishing 173
minimum standards for inspections conducted under this section. 174
The rules shall be adopted in accordance with Chapter 119. of the 175
Revised Code and in consultation with the association of Ohio 176
health commissioners, the Ohio environmental health association, 177
the Ohio school boards association, and the Ohio education 178
association. Initial rules shall be adopted not later than 179
eighteen months after the effective date of this amendment. 180

Sec. 4736.01. As used in this chapter: 181

(A) "Environmental health science" means the aspect of public 182
health science that includes, but is not limited to, the following 183
bodies of knowledge: air quality, food quality and protection, 184
hazardous and toxic substances, consumer product safety, housing, 185
institutional health and safety, community noise control, 186
radiation protection, recreational facilities, solid and liquid 187
waste management, vector control, drinking water quality, milk 188
sanitation, and rabies control. 189

(B) "Sanitarian" means a person who performs for compensation 190
educational, investigational, technical, or administrative duties 191
requiring specialized knowledge and skills in the field of 192
environmental health science. 193

(C) "Registered sanitarian" means a person who is registered 194

as a sanitarian in accordance with this chapter.	195
(D) "Sanitarian-in-training" means a person who is registered as a sanitarian-in-training in accordance with this chapter.	196 197
(E) "Practice of environmental health" means consultation, instruction, investigation, inspection, or evaluation by an employee of a city health district, a general health district, the environmental protection agency, the department of health, or the department of agriculture requiring specialized knowledge, training, and experience in the field of environmental health science, with the primary purpose of improving or conducting administration or enforcement under any of the following:	198 199 200 201 202 203 204 205
(1) Chapter 911., 913., 917., 3717., 3718., 3721., 3729., or 3733. of the Revised Code;	206 207
(2) Chapter 3734. of the Revised Code as it pertains to solid waste;	208 209
(3) Section 955.26, 3701.344, 3707.01, or 3707.03, sections 3707.38 to 3707.99, or section 3715.21 of the Revised Code;	210 211
(4) Rules adopted under section 3701.34 of the Revised Code pertaining to rabies control or swimming pools;	212 213

"Practice of environmental health" does not include sampling, testing, controlling of vectors, reporting of observations, or other duties that do not require application of specialized knowledge and skills in environmental health science performed under the supervision of a registered sanitarian.	218 219 220 221 222
The state board of sanitarian registration may further define environmental health science in relation to specific functions in	223 224

the practice of environmental health through rules adopted by the 225
board under Chapter 119. of the Revised Code. 226

Section 2. That existing sections 3707.26 and 4736.01 of the 227
Revised Code are hereby repealed. 228

Section 3. In establishing and operating the School Health 229
and Safety Network under sections 3701.93 to 3701.936 of the 230
Revised Code, the Director of Health and each board of health, as 231
defined in section 3701.93 of the Revised Code, to the greatest 232
extent possible shall use staff positions already within their 233
respective organizations on the effective date of this section. 234
