lease may be for a term of fifty years or less and may provide for 337
an option of the lessee to renew for a term of fifty years or 338

such lease will promote the public purpose stated in section 342
140.02 of the Revised Code and that the lessor public hospital 343
agency will be duly benefited thereby. 344

origin, or fails to require that any hospital agency using such 364
facilities or the services thereof shall not discriminate by 365
reason of race, creed, color, or national origin, after an 366
opportunity to be heard upon written charges, said lease may be 367
terminated at the time, in the manner and with consequences 368
therein provided. If any such lease does not contain terms to the 369
effect provided in this division, it shall nevertheless be deemed 370
to contain such terms which shall be implemented as determined by 371
the governing body of the lessor. 372

(C) Such lease may provide for rentals commencing at any time 373
agreed upon, or advance rental, and continuing for such period 374

include provision for the continued use thereof as a hospital 384
facility for some reasonable period, taking into account efficient 385

owned by another hospital agency, the public hospital agency may, 394
in connection with such acquisition or the leasing of such land 395
and hospital facilities thereon to one or more hospital agencies, 396
enter into an agreement with the hospital agency which owns such 397
adjacent hospital facility for the use of common walls in the 398
