(1) "Equipment" means a voting machine, marking device, 454
automatic tabulating equipment, or software. 455

(2) "Vendor" means the person that owns, manufactures, 456
distributes, or has the legal right to control the use of 457
equipment, or the person's agent. 458

(B) No voting machine, marking device, automatic tabulating 459
equipment, or software for the purpose of casting or tabulating 460
votes or for communications among systems involved in the 461
tabulation, storage, or casting of votes shall be purchased, 462
leased, put in use, or continued to be used, except for 463
experimental use as provided in division (B) of section 3506.04 of 464
the Revised Code, unless it, a manual of procedures governing its 465
use, and training materials, service, and other support 466
arrangements have been certified by the secretary of state and 467
unless the board of elections of each county where the equipment 468
will be used has assured that a demonstration of the use of the 469
equipment has been made available to all interested electors. The 470
secretary of state shall appoint a board of voting machine 471
examiners to examine and approve equipment and its related manuals 472
and support arrangements. The board shall consist of ~~one~~ ~~competent~~ 473

~~and experienced election officer and two persons who are~~ 474
~~knowledgeable about the operation of such equipment, who four~~ 475
~~members, who shall be appointed as follows:~~ 476

(1) Two members appointed by the secretary of state. 477

(2) One member appointed by either the speaker of the house 478
of representatives or the minority leader of the house of 479
representatives, whichever is a member of the opposite political 480
party from the one to which the secretary of state belongs. 481

(3) One member appointed by either the president of the 482
senate or the minority leader of the senate, whichever is a member 483
of the opposite political party from the one to which the 484
secretary of state belongs. 485

In all cases of a tie vote or a disagreement in the board, if 486
no decision can be arrived at, the board shall submit the matter 487
in controversy to the secretary of state, who shall summarily 488
decide the question, and the secretary of state's decision shall 489
be final. Each member of the board shall be a competent and 490
experienced election officer or a person who is knowledgeable 491
about the operation of voting equipment and shall serve during the 492
secretary of state's term. Any vacancy on the board shall be 493
filled in the same manner as the original appointment. The 494
secretary of state shall provide staffing assistance to the board, 495
at the board's request. 496

For the member's service, each member of the board shall 497
receive three hundred dollars per day for each combination of 498
marking device, tabulating equipment, and voting machine examined 499
and reported, but in no event shall a member receive more than six 500
hundred dollars to examine and report on any one marking device, 501
item of tabulating equipment, or voting machine. Each member of 502
the board shall be reimbursed for expenses the member incurs 503
during an examination or during the performance of any related 504

duties that may be required by the secretary of state. 505
Reimbursement of these expenses shall be made in accordance with, 506
and shall not exceed, the rates provided for under section 126.31 507
of the Revised Code. 508

Neither the secretary of state nor the board, nor any public 509
officer who participates in the authorization, examination, 510
testing, or purchase of equipment, shall have any pecuniary 511
interest in the equipment or any affiliation with the vendor. 512

(C)(1) A vendor who desires to have the secretary of state 513
certify equipment shall first submit the equipment, all current 514
related procedural manuals, and a current description of all 515
related support arrangements to the board of voting machine 516
examiners for examination, testing, and approval. The submission 517
shall be accompanied by a fee of eighteen hundred dollars and a 518
detailed explanation of the construction and method of operation 519
of the equipment, a full statement of its advantages, and a list 520
of the patents and copyrights used in operations essential to the 521
processes of vote recording and tabulating, vote storage, system 522
security, and other crucial operations of the equipment as may be 523
determined by the board. An additional fee, in an amount to be set 524
by rules promulgated by the board, may be imposed to pay for the 525
costs of alternative testing or testing by persons other than 526
board members, record-keeping, and other extraordinary costs 527
incurred in the examination process. Moneys not used shall be 528
returned to the person or entity submitting the equipment for 529
examination. 530

(2) Fees collected by the secretary of state under this 531
section shall be deposited into the state treasury to the credit 532
of the board of voting machine examiners fund, which is hereby 533
created. All moneys credited to this fund shall be used solely for 534
the purpose of paying for the services and expenses of each member 535
of the board or for other expenses incurred relating to the 536

examination, testing, reporting, or certification of voting 537
machine devices, the performance of any related duties as required 538
by the secretary of state, or the reimbursement of any person 539
submitting an examination fee as provided in this chapter. 540

(D) Within sixty days after the submission of the equipment 541
and payment of the fee, or as soon thereafter as is reasonably 542
practicable, but in any event within not more than ninety days 543
after the submission and payment, the board of voting machine 544
examiners shall examine the equipment and file with the secretary 545
of state a written report on the equipment with its 546
recommendations and its determination or condition of approval 547
regarding whether the equipment, manual, and other related 548
materials or arrangements meet the criteria set forth in sections 549
3506.07 and 3506.10 of the Revised Code and can be safely used by 550
the voters at elections under the conditions prescribed in Title 551
XXXV of the Revised Code, or a written statement of reasons for 552
which testing requires a longer period. The board may grant 553
temporary approval for the purpose of allowing experimental use of 554
equipment. If the board finds that the equipment meets the 555
criteria set forth in sections 3506.06, 3506.07, and 3506.10 of 556
the Revised Code, can be used safely and can be depended upon to 557
record and count accurately and continuously the votes of 558
electors, and has the capacity to be warranted, maintained, and 559
serviced, it shall approve the equipment and recommend that the 560
secretary of state certify the equipment. The secretary of state 561
shall notify all boards of elections of any such certification. 562
Equipment of the same model and make, if it provides for recording 563
of voter intent, system security, voter privacy, retention of 564
vote, and communication of voting records in an identical manner, 565
may then be adopted for use at elections. 566

(E) The vendor shall notify the secretary of state, who shall 567
then notify the board of voting machine examiners, of any 568

enhancement and any significant adjustment to the hardware or 569
software that could result in a patent or copyright change or that 570
significantly alters the methods of recording voter intent, system 571
security, voter privacy, retention of the vote, communication of 572
voting records, and connections between the system and other 573
systems. The vendor shall provide the secretary of state with an 574
updated operations manual for the equipment, and the secretary of 575
state shall forward the manual to the board. Upon receiving such a 576
notification and manual, the board may require the vendor to 577
submit the equipment to an examination and test in order for the 578
equipment to remain certified. The board or the secretary of state 579
shall periodically examine, test, and inspect certified equipment 580
to determine continued compliance with the requirements of this 581
chapter and the initial certification. Any examination, test, or 582
inspection conducted for the purpose of continuing certification 583
of any equipment in which a significant problem has been uncovered 584
or in which a record of continuing problems exists shall be 585
performed pursuant to divisions (C) and (D) of this section, in 586
the same manner as the examination, test, or inspection is 587
performed for initial approval and certification. 588

(F) If, at any time after the certification of equipment, the 589
board of voting machine examiners or the secretary of state is 590
notified by a board of elections of any significant problem with 591
the equipment or determines that the equipment fails to meet the 592
requirements necessary for approval or continued compliance with 593
the requirements of this chapter, or if the board of voting 594
machine examiners determines that there are significant 595
enhancements or adjustments to the hardware or software, or if 596
notice of such enhancements or adjustments has not been given as 597
required by division (E) of this section, the secretary of state 598
shall notify the users and vendors of that equipment that 599
certification of the equipment may be withdrawn. 600

(G)(1) The notice given by the secretary of state under 601
division (F) of this section shall be in writing and shall specify 602
both of the following: 603

(a) The reasons why the certification may be withdrawn; 604

(b) The date on which certification will be withdrawn unless 605
the vendor takes satisfactory corrective measures or explains why 606
there are no problems with the equipment or why the enhancements 607
or adjustments to the equipment are not significant. 608

(2) A vendor who receives a notice under division (F) of this 609
section shall, within thirty days after receiving it, submit to 610
the board of voting machine examiners in writing a description of 611
the corrective measures taken and the date on which they were 612
taken, or the explanation required under division (G)(1)(b) of 613
this section. 614

(3) Not later than fifteen days after receiving a written 615
description or explanation under division (G)(2) of this section 616
from a vendor, the board shall determine whether the corrective 617
measures taken or the explanation is satisfactory to allow 618
continued certification of the equipment, and the secretary of 619
state shall send the vendor a written notice of the board's 620
determination, specifying the reasons for it. If the board has 621
determined that the measures taken or the explanation given is 622
unsatisfactory, the notice shall include the effective date of 623
withdrawal of the certification. This date may be different from 624
the date originally specified in division (G)(1)(b) of this 625
section. 626

(4) A vendor who receives a notice under division (G)(3) of 627
this section indicating a decision to withdraw certification may, 628
within thirty days after receiving it, request in writing that the 629
board hold a hearing to reconsider its decision. Any interested 630
party shall be given the opportunity to submit testimony or 631

documentation in support of or in opposition to the board's 632
recommendation to withdraw certification. Failure of the vendor to 633
take appropriate steps as described in division (G)(1)(b) or to 634
comply with division (G)(2) of this section results in a waiver of 635
the vendor's rights under division (G)(4) of this section. 636

(H)(1) The secretary of state, in consultation with the board 637
of voting machine examiners, shall establish, by rule, guidelines 638
for the approval, certification, and continued certification of 639
the voting machines, marking devices, and tabulating equipment to 640
be used under Title XXXV of the Revised Code. The guidelines shall 641
establish procedures requiring vendors or computer software 642
developers to place in escrow with an independent escrow agent 643
approved by the secretary of state a copy of all source code and 644
related documentation, together with periodic updates as they 645
become known or available. The secretary of state shall require 646
that the documentation include a system configuration and that the 647
source code include all relevant program statements in low- or 648
high-level languages. As used in this division, "source code" does 649
not include variable codes created for specific elections. 650

(2) Nothing in any rule adopted under division (H) of this 651
section shall be construed to limit the ability of the secretary 652
of state to follow or adopt, or to preclude the secretary of state 653
from following or adopting, any guidelines proposed by the federal 654
election commission, any entity authorized by the federal election 655
commission to propose guidelines, the election assistance 656
commission, or any entity authorized by the election assistance 657
commission to propose guidelines. 658

(3)(a) Before the initial certification of any direct 659
recording electronic voting machine with a voter verified paper 660
audit trail, and as a condition for the continued certification 661
and use of those machines, the secretary of state shall establish, 662
by rule, standards for the certification of those machines. Those 663

standards shall include, but are not limited to, all of the 664
following: 665

(i) A definition of a voter verified paper audit trail as a 666
paper record of the voter's choices that is verified by the voter 667
prior to the casting of the voter's ballot and that is securely 668
retained by the board of elections; 669

(ii) Requirements that the voter verified paper audit trail 670
shall not be retained by any voter and shall not contain 671
individual voter information; 672

(iii) A prohibition against the production by any direct 673
recording electronic voting machine of anything that legally could 674
be removed by the voter from the polling place, such as a receipt 675
or voter confirmation; 676

(iv) A requirement that paper used in producing a voter 677
verified paper audit trail be sturdy, clean, and resistant to 678
degradation; 679

(v) A requirement that the voter verified paper audit trail 680
shall be capable of being optically scanned for the purpose of 681
conducting a recount or other audit of the voting machine and 682
shall be readable in a manner that makes the voter's ballot 683
choices obvious to the voter without the use of computer or 684
electronic codes; 685

(vi) A requirement, for office-type ballots, that the voter 686
verified paper audit trail include the name of each candidate 687
selected by the voter; 688

(vii) A requirement, for questions and issues ballots, that 689
the voter verified paper audit trail include the title of the 690
question or issue, the name of the entity that placed the question 691
or issue on the ballot, and the voter's ballot selection on that 692
question or issue, but not the entire text of the question or 693
issue. 694

(b) The secretary of state, by rule adopted under Chapter 695
119. of the Revised Code, may waive the requirement under division 696
(H)(3)(a)(v) of this section, if the secretary of state determines 697
that the requirement is cost prohibitive. 698

(4)(a) Except as otherwise provided in division (H)(4)(c) of 699
this section, any voting machine, marking device, or automatic 700
tabulating equipment initially certified or acquired on or after 701
December 1, 2008, shall have the most recent federal certification 702
number issued by the election assistance commission. 703

(b) Any voting machine, marking device, or automatic 704
tabulating equipment certified for use in this state on the 705
effective date of this amendment shall meet, as a condition of 706
continued certification and use, the voting system standards 707
adopted by the federal election commission in 2002. 708

(c) A county that acquires additional voting machines, 709
marking devices, or automatic tabulating equipment on or after 710
December 1, 2008, shall not be considered to have acquired those 711
machines, devices, or equipment on or after December 1, 2008, for 712
the purpose of division (H)(4)(a) of this section if all of the 713
following apply: 714

(i) The voting machines, marking devices, or automatic 715
tabulating equipment acquired are the same as the machines, 716
devices, or equipment currently used in that county. 717

(ii) The acquisition of the voting machines, marking devices, 718
or automatic tabulating equipment does not replace or change the 719
primary voting system used in that county. 720

(iii) The acquisition of the voting machines, marking 721
devices, or automatic tabulating equipment is for the purpose of 722
replacing inoperable machines, devices, or equipment or for the 723
purpose providing additional machines, devices, or equipment 724
required to meet the allocation requirements established pursuant 725

to division (I) of section 3501.11 of the Revised Code. 726

Sec. 3509.05. (A) When an elector receives an absent voter's 727
ballot pursuant to the elector's application or request, the 728
elector shall, before placing any marks on the ballot, note 729
whether there are any voting marks on it. If there are any voting 730
marks, the ballot shall be returned immediately to the board of 731
elections; otherwise, the elector shall cause the ballot to be 732
marked, folded in a manner that the stub on it and the 733
indorsements and facsimile signatures of the members of the board 734
of elections on the back of it are visible, and placed and sealed 735
within the identification envelope received from the director of 736
elections for that purpose. Then, the elector shall cause the 737
statement of voter on the outside of the identification envelope 738
to be completed and signed, under penalty of election 739
falsification. 740

If the elector does not provide the elector's driver's 741
license number or the last four digits of the elector's social 742
security number on the statement of voter on the identification 743
envelope, the elector also shall include in the return envelope 744
with the identification envelope a copy of the elector's current 745
valid photo identification, a copy of a military identification 746
that shows the elector's name and current address, or a copy of a 747
current utility bill, bank statement, government check, paycheck, 748
or other government document, other than a notice of an election 749
mailed by a board of elections under section 3501.19 of the 750
Revised Code or a notice of voter registration mailed by a board 751
of elections under section 3503.19 of the Revised Code, that shows 752
the name and address of the elector. 753

The elector shall mail the identification envelope to the 754
director from whom it was received in the return envelope, postage 755
prepaid, or the elector may personally deliver it to the director, 756

or the spouse of the elector, the father, mother, father-in-law, 757
mother-in-law, grandfather, grandmother, brother, or sister of the 758
whole or half blood, or the son, daughter, adopting parent, 759
adopted child, stepparent, stepchild, uncle, aunt, nephew, or 760
niece of the elector may deliver it to the director. The return 761
envelope shall be transmitted to the director in no other manner, 762
except as provided in section 3509.08 of the Revised Code. 763

Each elector who will be outside the United States on the day 764
of the election shall check the box on the return envelope 765
indicating this fact. 766

When absent voter's ballots are delivered to an elector at 767
the office of the board, the elector may retire to a voting 768
compartment provided by the board and there mark the ballots. 769
Thereupon, the elector shall fold them, place them in the 770
identification envelope provided, seal the envelope, fill in and 771
sign the statement on the envelope under penalty of election 772
falsification, and deliver the envelope to the director of the 773
board. 774

Except as otherwise provided in divisions (B) and (C) of this 775
section, all other envelopes containing marked absent voter's 776
ballots shall be delivered to the director not later than the 777
close of the polls on the day of an election. Absent voter's 778
ballots delivered to the director later than the times specified 779
shall not be counted, but shall be kept by the board in the sealed 780
identification envelopes in which they are delivered to the 781
director, until the time provided by section 3505.31 of the 782
Revised Code for the destruction of all other ballots used at the 783
election for which ballots were provided, at which time they shall 784
be destroyed. 785

(B)(1) Except as otherwise provided in division ~~(C)~~(B)(2) of 786
this section, any return envelope that indicates that the voter 787
will be outside the United States on the day of the election shall 788

be delivered to the director prior to the eleventh day after the 789
election. Ballots delivered in such envelopes that are received 790
after the close of the polls on election day through the tenth day 791
thereafter shall be counted on the eleventh day at the board of 792
elections in the manner provided in divisions (C) and (D) of 793
section 3509.06 of the Revised Code. Any such ballots that are 794
signed or postmarked after the close of the polls on the day of 795
the election or that are received by the director later than the 796
tenth day following the election shall not be counted, but shall 797
be kept by the board in the sealed identification envelopes as 798
provided in division (A) of this section. 799

~~(C)(2)~~ In any year in which a presidential primary election 800
is held, any return envelope that indicates that the voter will be 801
outside the United States on the day of the presidential primary 802
election shall be delivered to the director prior to the 803
twenty-first day after that election. Ballots delivered in such 804
envelopes that are received after the close of the polls on 805
election day through the twentieth day thereafter shall be counted 806
on the twenty-first day at the board of elections in the manner 807
provided in divisions (C) and (D) of section 3509.06 of the 808
Revised Code. Any such ballots that are signed or postmarked after 809
the close of the polls on the day of that election or that are 810
received by the director later than the twentieth day following 811
that election shall not be counted, but shall be kept by the board 812
in the sealed identification envelopes as provided in division (A) 813
of this section. 814

(C)(1) Except as otherwise provided in division (C)(2) of 815
this section, any return envelope that is postmarked within the 816
United States prior to the day of the election shall be delivered 817
to the director prior to the eleventh day after the election. 818
Ballots delivered in envelopes postmarked prior to the day of the 819
election that are received after the close of the polls on 820

election day through the tenth day thereafter shall be counted on 821
the eleventh day at the board of elections in the manner provided 822
in divisions (C) and (D) of section 3509.06 of the Revised Code. 823
Any such ballots that are received by the director later than the 824
tenth day following the election shall not be counted, but shall 825
be kept by the board in the sealed identification envelopes as 826
provided in division (A) of this section. 827

(2) Division (C)(1) of this section shall not apply to any 828
mail that is postmarked using a postage evidencing system, 829
including a postage meter, as defined in 39 C.F.R. 501.1. 830

Sec. 3511.06. ~~The identification envelope provided for in~~ 831
~~section 3511.05 of the Revised Code shall be a No. 10, 24 lb.~~ 832
~~white official envelope, four and one eighth inches by nine and~~ 833
~~one half inches in size. The return envelope provided for in such~~ 834
~~section 3511.05 of the Revised Code shall be a No. 11, 24 lb.~~ 835
~~white official envelope, four and one half inches by ten and~~ 836
~~three eighths inches in size of such size that the identification~~ 837
~~envelope can be conveniently placed within it for returning the~~ 838
identification envelope to the director. The envelope in which the 839
two envelopes and the armed service absent voter's ballots are 840
mailed to the elector shall ~~be a No. 12, 24 lb. white official~~ 841
~~envelope, four and three quarter inches by eleven inches in size,~~ 842
~~and it shall~~ have two parallel lines, each one quarter of an inch 843
in width, printed across its face, paralleling the top, with an 844
intervening space of one-quarter of an inch between such lines. 845
The top line shall be one and one-quarter inches from the top of 846
the envelope. Between the parallel lines shall be printed: 847
"official armed service absent voter's balloting material--via air 848
mail." The appropriate return address of the director of the board 849
of elections shall be printed in the upper left corner on the face 850
of such envelope. Several blank lines shall be printed on the face 851
of such envelope in the lower right portion, below the bottom 852

parallel line, for writing in the name and address of the elector 853
to whom such envelope is mailed. ~~All printing on such envelope~~ 854
~~shall be in red ink.~~ 855

Sec. 3511.11. (A) Upon receipt of any return envelope bearing 856
the designation "Official Election Armed Service Absent Voter's 857
Ballot" prior to the twenty-first day after the day of a 858
presidential primary election or prior to the eleventh day after 859
the day of any other election, the director of the board of 860
elections shall open it but shall not open the identification 861
envelope contained in it. If, upon so opening the return envelope, 862
the director finds ballots in it that are not enclosed in and 863
properly sealed in the identification envelope, the director shall 864
not look at the markings upon the ballots and shall promptly place 865
them in the identification envelope and promptly seal it. If, upon 866
so opening the return envelope, the director finds that ballots 867
are enclosed in the identification envelope but that it is not 868
properly sealed, the director shall not look at the markings upon 869
the ballots and shall promptly seal the identification envelope. 870

(B) Armed service absent voter's ballots delivered to the 871
director not later than the close of the polls on election day 872
shall be counted in the manner provided in section 3509.06 of the 873
Revised Code. 874

(C) A return envelope that indicates that the voter will be 875
outside of the United States on the day of an election is not 876
required to be postmarked in order for an armed service absent 877
voter's ballot contained in it to be valid. Except as otherwise 878
provided in this division, whether or not the return envelope 879
containing the ballot is postmarked or contains an illegible 880
postmark, an armed service absent voter's ballot that is received 881
after the close of the polls on election day through the tenth day 882
after the election day or, if the election was a presidential 883

primary election, through the twentieth day after the election 884
day, and that is delivered in a return envelope that indicates 885
that the voter will be outside the United States on the day of the 886
election shall be counted on the eleventh day after the election 887
day or, if the election was a presidential primary election, on 888
the twenty-first day after the election day, at the office of the 889
board of elections in the manner provided in divisions (C) and (D) 890
of section 3509.06 of the Revised Code. However, if a return 891
envelope containing an armed service absent voter's ballot is so 892
received and so indicates, but it is postmarked, or the 893
identification envelope in it is signed, after the close of the 894
polls on election day, the armed service absent voter's ballot 895
shall not be counted. 896

(D) ~~Armed~~ (1) Except as otherwise provided in division (D)(2) 897
of this section, any return envelope containing an armed service 898
absent voter's ballot that is postmarked within the United States 899
prior to the day of the election shall be delivered to the 900
director prior to the eleventh day after the election. Armed 901
service absent voter's ballots delivered in envelopes postmarked 902
prior to the day of the election that are received after the close 903
of the polls on election day through the tenth day thereafter 904
