the highway or bridge is known. Upon agreement of the governing 11
bodies of the county and each township and municipal corporation 12
within the county through which the highway extends or in which 13
the bridge is located, a request for approval of the highway or 14
bridge name may be submitted to the director of transportation. 15
The agreement shall be indicated by a resolution from each 16

this state and to federal law and shall be in accordance with the 28
directives for the signing of named memorial highways included in 29
