for requesting proposals, the form of the request-for-proposal, and criteria for the provision of comprehensive correctional health care services under the pilot project. (3) A school district's "portion of the basic project cost" means the amount calculated under section 3318.032 of the Revised Code.

(B) Notwithstanding any provision of Chapter 3318. of the Revised Code to the contrary, in the case of a school district that received in fiscal year 2008 elector approval for a bond issue for its portion of the basic project cost of a project under sections 3318.01 to 3318.20 of the Revised Code, based on a preliminary estimated equity list projecting rankings of school districts if amendments to section 3318.011 of the Revised Code enacted by Am. Sub. H.B. 119 of the 127th General Assembly had been effective for projects in that fiscal year, and which district on the alternate equity list for fiscal year 2009 funding required by Section 733.13 of Am. Sub. H.B. 562 of the 127th General Assembly, retroactively applying those amendments, was ranked one percentile higher than on the preliminary estimated equity list, resulting in the district's calculated portion being one per cent higher than the amount projected at the time of the bond issue election, the Ohio School Facilities Commission shall reduce the district's portion to that projected on the preliminary estimated equity list.

SECTION 385.93. (A) As used in this section, "equity list" means the school district percentile rankings calculated under section 3318.011 of the Revised Code.

(B) Not later than thirty days after the effective date of this section, the Department of Education shall create an alternate equity list for fiscal year 2009, for use in fiscal year 2010, by recalculating each school district's percentile ranking under section 3318.011 of the Revised Code and shall certify the alternate equity list to the Ohio School Facilities Commission. For this purpose, the Department shall recalculate each school district's percentile ranking using the district's "average taxable value" as that term is defined in the version of section 3318.011 of the Revised Code, as it results from the amendments to that section enacted by this act.

(C) The Commission shall use the alternate equity list certified under division (B) of this section to determine the priority for assistance under sections 3318.01 to 3318.20 of the Revised Code in fiscal year 2010 for each school district that has not previously been offered funding under those sections. However, no district that already has been offered assistance under those sections for fiscal year 2010 prior to the Commission's receipt of the alternate equity list shall be denied the opportunity for assistance under those sections for that fiscal year.

(D) Notwithstanding any provision of Chapter 3318. of the Revised Code to the contrary, for each school district that receives the Commission's

(2) The amount required under section 3318.032 of the Revised Code calculated using the percentile in which the district ranks on the original equity list for fiscal year 2009.
