If the director does not issue a ruling in that time, the project shall be considered to have been ruled not a reviewable activity.

(B) The director shall review applications for certificates of need. Each application shall be submitted to the director on forms prescribed by the director, shall include all information required by rules adopted under division (B) of section 3702.57 of the Revised Code, and shall be accompanied by the application fee established in rules adopted under division (G) of that section.

Application fees received by the director under this division shall be deposited into the state treasury to the credit of the certificate of need fund, which is hereby created. (C) All of the following apply to the process of granting or denying a certificate of need:

(1) If the project proposed in a certificate of need application meets all of the applicable certificate of need criteria for approval under sections 3702.51 to 3702.62 of the Revised Code and the rules adopted under those sections, the director shall grant a certificate of need for all or part of the entire project that is the subject of the application immediately after both of the following conditions are met:

(b) The director does not receive any written objections to the application from any affected person by the thirtieth day after the director mails the notice of completeness by the applicable deadline specified in division (C)(4) of this section or any extension of it under division (C)(5) of this section.

(a) The board of trustees of the health service agency of each health service area in which the reviewable activities are proposed to be conducted recommends, prior to the deadline specified in division (C)(4) of this section or any extension of it under division (C)(5) of this section, that certificates of need be granted for each of the reviewable activities to be conducted in its health service area;

(b) The director does not receive any written objections to any of the applications from any affected person by the thirtieth day after the director mails the last notice of completeness.

The director's grant of a certificate of need under division (C)(1) or
(2) of this section does not affect, and sets no precedent for, the director's decision to grant or deny other applications for similar reviewable activities proposed to be conducted in the same or different health service areas.

(3) If the director receives written objections to an application from any affected person by the thirtieth day after mailing the notice of completeness, regardless of the health service agency's recommendation, the director shall notify the applicant and assign a hearing examiner to conduct an adjudication hearing concerning the application in accordance with Chapter 119. of the Revised Code. In the case of applications under comparative review, if the director receives written objections to any of the applications from any affected person by the thirtieth day after the director mails the last notice of completeness, regardless of the health service agencies' recommendation, the director shall notify all of the applicants and appoint a hearing examiner to conduct a consolidated adjudication hearing concerning the applications in accordance with Chapter 119. of the Revised Code. The affected persons bear the burden of proving by a preponderance of evidence that the project is not needed or that granting the certificate would not be in accordance with sections 3702.51 to 3702.62 of the Revised Code or the rules adopted under those sections.

(4) Except as provided in divisions (C)(1) and (2) of this section, the director shall grant or deny certificate of need applications for which an adjudication hearing is not conducted under division (C)(3) of this section not later than sixty days after mailing the notice of completeness or, in the case of an application proposing addition of long-term care beds, not later than sixty days after such other time as is specified in rules adopted under section 3702.57 of the Revised Code.

An extension by the director under division (C)(5) of this section shall apply to all applications that are in comparative review.

(6) No applicant in a comparative review may extend the deadline specified in division (C)(4) of this section.

(7) Except as provided in divisions (C)(1) and (2) of this section, the director may grant a certificate of need for all or part of the project that is the subject of an application. If the director does not grant or deny the certificate by the applicable deadline specified in division (C)(4) of this section or any extension of it under division (C)(5) of this section, the certificate shall be considered to have been granted.

(8) In granting a certificate of need, the director shall specify as the maximum capital expenditure the certificate holder may obligate under the certificate a figure equal to one hundred ten per cent of the approved project cost.

(9) In granting a certificate of need, the director may grant the certificate with conditions that must be met by the holder of the certificate.

(D) The director shall monitor the activities of persons granted certificates of need concerning long-term care beds during the period beginning with the granting of the certificate of need and ending five years after implementation of the activity for which the certificate was granted.

In the case of any other certificate of need, the director shall monitor the activities of persons granted certificates of need during the period beginning with the granting of the certificate of need and ending when the activity for which the certificate was granted ceases to be a reviewable activity in accordance with section 3702.511 of the Revised Code.

(E) When reviewing applications for certificates of need or monitoring activities of persons granted certificates of need, the director may issue and
enforce, in the manner provided in section 119.09 of the Revised Code, subpoenas duces tecum to compel the production of documents relevant to review of the application or monitoring of the activities. (F) The director may withdraw certificates of need.

(G) The director shall conduct, on a regular basis, health system data collection and analysis activities and prepare reports. The director shall make recommendations based upon these activities to the public health council concerning the adoption of appropriate rules under section 3702.57 of the Revised Code. All health care facilities and other health care providers shall submit to the director, upon request, any information that is necessary to conduct reviews of certificate of need applications and to develop recommendations for criteria for reviews, and that is prescribed by rules adopted under division (H) of section 3702.57 of the Revised Code.

(H) Any decision to grant or deny a certificate of need shall consider the special needs and circumstances resulting from moral and ethical values and the free exercise of religious rights of health care facilities administered by religious organizations, and the special needs and circumstances of children's hospitals, inner city hospitals, and small rural hospitals communities.

The transfer of a health care facility after the completion of a reviewable activity for which a certificate of need was issued on or after April 20, 1995,

(C) Division (A) of this section does not apply to a transfer of a certificate of need that meets all of the following conditions:

1. The certificate of need is transferred for no more than the amount of money the person transferring the certificate expended for reasonable and necessary expenses incurred in applying for and obtaining the certificate.

2. The person holding the certificate of need is unable to complete the reviewable activity for which it was issued due to circumstances beyond the person's control, including zoning restrictions, natural disasters, or comparable events.

3. The director, after reviewing documentation supplied by the person transferring the certificate of need, certifies in writing prior to the transfer that the transfer meets the conditions specified in divisions (C)(1) and (2) of this section.

If the person that acquires a certificate of need under this division intends to implement the project other than in substantial compliance with the approved application for the certificate, that change is a reviewable activity for which the person must obtain another certificate of need.

Sec. 3702.525. (A) Not later than twenty-four months after the date the director of health mails the notice that the certificate of need has been granted or, if the grant or denial of the certificate of need is appealed under section 3702.60 of the Revised Code, not later than twenty-four months after issuance of an order granting the certificate that is not subject to further appeal, each person holding a certificate of need granted on or after April 20, 1995, shall:

person's control, including labor strikes, natural disasters, material shortages, or comparable events;

(3) If the project for which the certificate of need was granted primarily involves acquisition of medical equipment, enter into a contract to purchase or lease the equipment and to accept the equipment at the site for which the certificate was granted;

(4) If the project for which the certificate of need was granted involves no capital expenditure or only minor renovations to existing structures, provide the health service or activity by the means specified in the approved application for the certificate;

(5) If the project for which the certificate of need was granted primarily involves leasing a building or space that requires only minor renovations to the existing space, execute a lease and provide the health service or activity by the means specified in the approved application for the certificate;

(6) If the project for which the certificate of need was granted primarily involves leasing a building or space that has not been constructed or requires substantial renovations to existing space, commence construction for the purpose of implementing the reviewable activity that continues uninterrupted except for interruptions or delays that are unavoidable due to reasons beyond the person's control, including labor strikes, natural disasters, material shortages, or comparable events.

(B) The twenty-four-month period specified in division (A) of this section shall not be extended by any means, including the transfer of a certificate of need under division (C) of section 3702.524 of the Revised Code or granting of a subsequent or replacement certificate of need. Each person holding a certificate of need granted on or after April 20, 1995, shall provide the director of health documentation of compliance with that division not later than the earlier of thirty days after complying with that division or five days after the twenty-four-month period expires. 1. Approval of beds in a new health care facility or an increase of beds in an existing health care facility if the beds are proposed to be licensed as nursing home beds under Chapter 3721. of the Revised Code;

2. Approval of beds in a new county home or new county nursing home, or an increase of beds in an existing county home or existing county nursing home if the beds are proposed to be certified as skilled nursing facility beds under the medicare program, Title XVIII of the "Social Security Act," 49 Stat. 286 (1965), 42 U.S.C. 1395, as amended, or nursing facility beds under the medicaid program, Title XIX of the "Social Security Act," 49 Stat. 286 (1965), 42 U.S.C. 1396, as amended;

2. Determine the long-term care bed occupancy rate for the state at the time the determination is made;

3. For each county, determine the county's bed need by identifying the number of long-term care beds that would be needed in the county in order for the statewide occupancy rate for a projected population aged sixty-five and older to be ninety per cent.

In determining each county's bed need, the director shall use the formula developed in rules adopted under section 3702.57 of the Revised Code. The
director's first determination after the effective date of this section shall be made not later than April 1, 2010. The second determination shall be made not later than April 1, 2012. Thereafter, a determination shall be made every four years. After each determination is made, the director shall publish the county's bed need on the web site maintained by the department of health.

(C) The director's consideration of a certificate of need that would increase the number of beds in a county shall be consistent with the county's bed need determined under division (B) of this section except as follows:

(1) If a county's occupancy rate is less than eighty-five per cent, the county shall be considered to have no need for additional beds.

(2) Even if a county is determined not to need any additional long-term care beds, the director may approve an increase in beds equal to up to ten per cent of the county's bed supply if the county's occupancy rate is greater than ninety per cent.

(D)(1) Applications made under this section shall be subject to comparative review. The review period for the first comparative review process after the effective date of this section shall begin July 1, 2010, and end June 30, 2012. Thereafter, the review period for each comparative review process shall be four years.

(2) Certificate of need applications shall be accepted and reviewed from the first day of the review period through the thirtieth day of April of the following year.

(3) Except for the first review period after the effective date of this section, each review period may consist of two phases. The first phase of the review period shall be the period during which the director accepts and reviews certificate of need applications as provided in division (D)(2) of this section. If the director determines that there will be acceptance and review of additional certificate of need applications, the second phase of the review period shall begin on the first day of July of the third year of the review period. The second phase shall be limited to acceptance and review of applications for redistribution of beds made available pursuant to division (G)(2) of this section. During the period between the first and second phases of the review period, the director shall act in accordance with division (H) of this section.

(E) The director shall consider certificate of need applications in accordance with all of the following:

(1) The number of beds approved for a county shall include only beds available for relocation from another county and shall not exceed the bed need of the receiving county;

(2) The director shall consider the existence of community resources
serving persons who are age sixty-five or older or disabled that are demonstrably effective in providing alternatives to long-term care facility placement.

(3) The director shall approve relocation of beds from a county only if, after the relocation, the number of beds remaining in the county will exceed the county's bed need by at least one hundred beds;

(4) The director shall approve relocation of beds from a health care facility only if, after the relocation, the number of beds in the facility's service area is at least equal to the state bed need rate. For purposes of this division, a facility's service area shall be either of the following:

(a) The census tract in which the facility is located, if the facility is located in an area designated by the United States secretary of health and human services as a health professional shortage area under the "Public Health Service Act," 88 Stat. 682 (1944), 42 U.S.C. 254(e), as amended;

(b) The area that is within a fifteen mile radius of the facility's location, if the facility is not located in a health professional shortage area.

(F) In determining which applicants should receive preference in the comparative review process, the director shall consider all of the following as weighted priorities:

(1) Whether the beds will be part of a continuing care retirement community;

(2) Whether the beds will serve an underserved population, such as low-income individuals, individuals with disabilities, or individuals who are members of racial or ethnic minority groups;

(3) Whether the project in which the beds will be included will provide alternatives to institutional care, such as adult day-care, home health care, respite or hospice care, mobile meals, residential care, independent living, or congregate living services;

(4) Whether the health care facility's owner or operator will participate in medicaid waiver programs for alternatives to institutional care;

(5) Whether the project in which the beds will be included will reduce alternatives to institutional care by converting residential care beds or other alternative care beds to long-term care beds;

(6) Whether the facility in which the beds will be placed has positive resident and family satisfaction surveys;

(7) Whether the facility in which the beds will be placed has fewer than fifty long-term care beds;

(8) Whether the health care facility in which the beds will be placed is located within the service area of a hospital and is designed to accept patients for rehabilitation after an in-patient hospital stay;
(9) Whether the health care facility in which the beds will be placed is or proposes to become a nurse aide training and testing site;

(10) The rating, under the centers for medicare and medicaid services' five star nursing home quality rating system, of the health care facility in which the beds will be placed.

(G)(1) When a certificate of need application is approved during the initial phase of a four-year review period, on completion of the project under which the beds are relocated, that number of beds shall cease to be operated in the health care facility from which they were relocated and, if the licensure or certification of those beds cannot be or is not transferred to the facility to which the beds are relocated, the licensure or certification shall be surrendered.

(2) In addition to the actions required by division (G)(1) of this section, the health care facility from which the beds were relocated shall reduce the number of beds operated in the facility by a number of beds equal to at least ten per cent of the number of beds relocated and shall surrender the licensure or certification of those beds. This reduction shall be made not later than the completion date of the project for which the beds were relocated.

(H)(1) Once approval of certificate of need applications in the first phase of a four-year review period is complete, the director shall make a new determination of the bed need for each county by reducing the county's bed need by the number of beds approved for relocation to the county. The new bed-need determination shall be made not later than the first day of April of the third year of the review period.

(2) The director may publish on the department's web site the remaining bed need for counties that will be considered for redistribution of beds that, in accordance with division (G)(2) of this section, have ceased or will cease to be operated. The director shall base the determination of whether to include a county on all of the following:

(a) The statewide number of beds that, in accordance with division (G)(2) of this section, have ceased or will cease to be operated;

(b) The county's remaining bed need;

(c) The county's bed occupancy rate.

(I) If the director publishes the remaining bed need for a county under division (H)(2) of this section, the director may, beginning on the first day of the second phase of the review period, accept certificate of need applications for redistribution to health care facilities in that county of beds that have ceased or will cease operation in accordance with division (G)(2) of this section. The total number of beds approved for redistribution in the
second phase of a review period shall not exceed the number that have ceased or will cease operation in accordance with division (G)(2) of this section. Beds that are not approved for redistribution during the second phase of a review period shall not be available for redistribution at any future time.

2. Not more than thirty nursing home beds are proposed for relocation;
3. After the proposed relocation, there will be existing nursing home beds remaining in the county from which the beds are relocated;

The court may remand the matter to the director for the admission of additional evidence on a finding that the additional evidence is material, newly discovered, and could not with reasonable diligence have been ascertained before the hearing before the director. Except as otherwise provided by statute, the court shall give the hearing on the appeal preference over all other civil matters,

In the absence of such a finding, it shall reverse, vacate, or modify the order.

(4) If the court determines that the director committed material procedural error, the court shall remand the matter to the director for further consideration or action.

The explanation shall include an identification of the scientific evidence on which the director relied in making the determination. Until adoption of the rule under division (F)(3)(c) of this section, nothing shall affect the director's authority to issue, deny, modify, or revoke permits to install under this chapter and rules adopted under it.

(4)(a) Applications for permits to install new or modified air contaminant sources shall contain sufficient information regarding air contaminants for which the director may require a permit to install to determine conformity with the environmental protection agency's document
entitled "Review of New Sources of Air Toxics Emissions, Option A," dated May 1986, which the director shall use to evaluate toxic emissions from new or modified air contaminant sources. The director shall make copies of the document available to the public upon request at no cost and post the document on the environmental protection agency's web site. Any inconsistency between the document and division (F)(4) of this section shall be resolved in favor of division (F)(4) of this section.

(b) The maximum acceptable ground level concentration of an air contaminant shall be calculated in accordance with the document entitled "Review of New Sources of Air Toxics Emissions, Option A." Modeling shall be conducted to determine the increase in the ground level concentration of an air contaminant beyond the facility's boundary caused by the emissions from a new or modified source that is the subject of an application for a permit to install. Modeling shall be based on the maximum hourly rate of emissions from the source using information including, but not limited to, any emission control devices or methods, operational restrictions, stack parameters, and emission dispersion devices or methods that may affect ground level concentrations, either individually or in combination. The director shall determine whether the activities for which a permit to install is sought will cause an increase in the ground level concentration of one or more relevant air contaminants beyond the facility's boundary by an amount in excess of the maximum acceptable ground level concentration. In making the determination as to whether the maximum acceptable ground level concentration will be exceeded, the director shall give consideration to the modeling conducted under division (F)(4)(b) of this section and other relevant information submitted by the applicant.

(c) If the modeling conducted under division (F)(4)(b) of this section with respect to an application for a permit to install demonstrates that the maximum ground level concentration from a new or modified source will be greater than or equal to eighty per cent, but less than one hundred per cent of the maximum acceptable ground level concentration for an air contaminant, the director may establish terms and conditions in the permit to install for the air contaminant source that will require the owner or operator of the air contaminant source to maintain emissions of that air contaminant commensurate with the modeled level, which shall be expressed as allowable emissions per day. In order to calculate the allowable emissions per day, the director shall multiply the hourly emission rate modeled under division (F)(4)(b) of this section to determine the ground level concentration by the operating schedule that has been identified in the permit to install application. Terms and conditions imposed under division (F)(4)(c) of this
section are not federally enforceable requirements and, if included in a Title V permit, shall be placed in the portion of the permit that is only enforceable by the state.

(d) If the modeling conducted under division (F)(4)(b) of this section with respect to an application for a permit to install demonstrates that the maximum ground level concentration from a new or modified source will be less than eighty per cent of the maximum acceptable ground level concentration, the owner or operator of the source annually shall report to the director, on a form prescribed by the director, whether operations of the source are consistent with the information regarding the operations that was used to conduct the modeling with regard to the permit to install application. The annual report to the director shall be in lieu of an emission limit or other permit terms and conditions imposed pursuant to division (F)(4) of this section. The director may consider any significant departure from the operations of the source described in the permit to install application that results in greater emissions than the emissions rate modeled to determine the ground level concentration as a modification and require the owner or operator to submit a permit to install application for the increased emissions. The requirements established in division (F)(4)(d) of this section are not federally enforceable requirements and, if included in a Title V permit, shall be placed in the portion of the permit that is only enforceable by the state.

(e) Division (F)(4) of this section and the document entitled "Review of New Sources of Air Toxics Emissions, Option A" shall not be included in the state implementation plan under section 110 of the federal Clean Air Act and do not apply to an air contaminant source that is subject to a maximum achievable control technology standard or residual risk standard under section 112 of the federal Clean Air Act, to a particular air contaminant identified under 40 C.F.R. 51.166, division (b)(23), for which the director has determined that the owner or operator of the source is required to install best available control technology for that particular air contaminant, or to a particular air contaminant for which the director has determined that the source is required to meet the lowest achievable emission rate, as defined in 40 C.F.R. part 51, Appendix S, for that particular air contaminant.

(f)(i) Division (F)(4) of this section and the document entitled "Review of New Sources of Air Toxics Emissions, Option A" do not apply to parking lots, storage piles, storage tanks, transfer operations, grain silos, grain dryers, emergency generators, gasoline dispensing operations, air contaminant sources that emit air contaminants solely from the combustion of fossil fuels, or the emission of wood dust, sand, glass dust, coal dust, silica, and grain dust.
(ii) Notwithstanding division (F)(4)(f)(i) of this section, the director may require an individual air contaminant source that is within one of the source categories identified in division (F)(4)(f)(i) of this section to submit information in an application for a permit to install a new or modified source in order to determine the source's conformity to the document if the director has information to conclude that the particular new or modified source will potentially cause an increase in ground level concentration beyond the facility’s boundary that exceeds the maximum acceptable ground level concentration as set forth in the document.

(iii) The director may adopt rules in accordance with Chapter 119. of the Revised Code that are consistent with the purposes of this chapter and that add to or delete from the source category exemptions established in division (F)(4)(f)(i) of this section.

(5) Not later than one year after August 3, 2006, the director shall adopt rules in accordance with Chapter 119. of the Revised Code specifying activities that do not, by themselves, constitute beginning actual construction activities related to the installation or modification of an air contaminant source for which a permit to install is required such as the grading and clearing of land, on-site storage of portable parts and equipment, and the construction of foundations or buildings that do not themselves emit air contaminants. The rules also shall allow specified initial activities that are part of the installation or modification of an air contaminant source, such as the installation of electrical and other utilities for the source, prior to issuance of a permit to install, provided that the owner or operator of the source has filed a complete application for a permit to install, the director or the director's designee has determined that the application is complete, and the owner or operator of the source has notified the director that this activity will be undertaken prior to the issuance of a permit to install. Any activity that is undertaken by the source under those rules shall be at the risk of the owner or operator. The rules shall not apply to activities that are precluded prior to permit issuance under section 111, section 112, Part C of Title I, and Part D of Title I of the federal Clean Air Act.

(G) Adopt, modify, suspend, and rescind rules prohibiting the operation or other use of any new, modified, or existing air contaminant source unless an operating permit has been obtained from the director or the director's authorized representative, or the air contaminant source is being operated in compliance with the conditions of a variance issued pursuant to division (H) of this section. Applications for operating permits shall be accompanied by such plans, specifications, and other pertinent information as the director
may require. Operating permits may be issued for a period determined by the director not to exceed ten years, are renewable, and are transferable. The director shall specify in each operating permit that the permit is conditioned upon payment of the applicable fees as required by section 3745.11 of the Revised Code and upon the right of the director's authorized representatives to enter upon the premises of the person to whom the permit has been issued, at any reasonable time and subject to safety requirements of the person in control of the premises, for the purpose of determining compliance with this chapter, the rules adopted thereunder, and the conditions of any permit, variance, or order issued thereunder. Operating permits may be denied or revoked for failure to comply with this chapter or the rules adopted thereunder. An operating permit shall be issued only upon a showing satisfactory to the director or the director's representative that the air contaminant source is being operated in compliance with applicable emission standards and other rules or upon submission of a schedule of compliance satisfactory to the director for a source that is not in compliance with all applicable requirements at the time of permit issuance, provided that the compliance schedule shall be consistent with and at least as stringent as that contained in any judicial consent decree or administrative order to which the air contaminant source is subject. The rules shall provide for the issuance of conditional operating permits for such reasonable periods as the director may determine to allow the holder of an installation permit, who has constructed, installed, located, or modified a new air contaminant source in accordance with the provisions of an installation permit, to make adjustments or modifications necessary to enable the new air contaminant source to comply with applicable emission standards and other rules. Terms and conditions of operating permits issued pursuant to this division shall be federally enforceable for the purpose of establishing the potential to emit of a stationary source and shall be expressly designated as federally enforceable. Any such federally enforceable restrictions on a source's potential to emit shall include both an annual limit and a short-term limit of not more than thirty days for each pollutant to be restricted together with adequate methods for establishing compliance with the restrictions. In other respects, operating permits issued pursuant to this division are enforceable as state law only. No application shall be denied or permit revoked or modified without a written order stating the findings upon which denial, revocation, or modification is based. A copy of the order shall be sent to the applicant or permit holder by certified mail.

(H) Adopt, modify, and rescind rules governing the issuance, revocation, modification, or denial of variances that authorize emissions in
excess of the applicable emission standards.

No variance shall be issued except pursuant to those rules. The rules shall prescribe conditions and criteria in furtherance of the purposes of this chapter and consistent with the federal Clean Air Act governing eligibility for issuance of variances, which shall include all of the following:

1. Provisions requiring consistency of emissions authorized by a variance with timely attainment and maintenance of ambient air quality standards;

2. Provisions prescribing the classes and categories of air contaminants and air contaminant sources for which variances may be issued;

3. Provisions defining the circumstances under which an applicant shall demonstrate that compliance with applicable emission standards is technically infeasible, economically unreasonable, or impossible because of conditions beyond the control of the applicant;

4. Other provisions prescribed in furtherance of the goals of this chapter.

The rules shall prohibit the issuance of variances from any emission limitation that was applicable to a source pursuant to an installation permit and shall prohibit issuance of variances that conflict with the federal Clean Air Act.

Applications for variances shall be accompanied by such information as the director may require. In issuing variances, the director may order the person to whom a variance is issued to furnish plans and specifications and such other information and data, including interim reports, as the director may require and to proceed to take such action within such time as the director may determine to be appropriate and reasonable to prevent, control, or abate the person's existing emissions of air contaminants. The director shall specify in each variance that the variance is conditioned upon payment of the applicable fees as required by section 3745.11 of the Revised Code and upon the right of the director's authorized representatives to enter upon the premises of the person to whom the variance has been issued, at any reasonable time and subject to safety requirements of the person in control of the premises, for the purpose of determining compliance with this chapter, the rules adopted thereunder, and the conditions of any permit, variance, or order issued thereunder.

The director may hold a public hearing on an application for a variance or renewal thereof at a location in the county where the variance is sought. The director shall give not less than twenty days' notice of the hearing to the applicant by certified mail and cause at least one publication of notice in a newspaper with general circulation in the county where the variance is
sought. The director shall keep available for public inspection at the principal office of the environmental protection agency a current schedule of pending applications for variances and a current schedule of pending variance hearings. The director shall make a complete stenographic record of testimony and other evidence submitted at the hearing. The director shall make a written determination to issue, renew, or deny the variance and shall enter the determination and the basis therefor into the record of the hearing. The director shall issue, renew, or deny an application for a variance or renewal thereof, or issue a proposed action upon the application pursuant to section 3745.07 of the Revised Code, within six months of the date upon which the director receives a complete application with all pertinent information and data required by the director.

Any variance granted pursuant to rules adopted under this division shall be for a period specified by the director, not to exceed three years, and may be renewed from time to time on such terms and for such periods, not to exceed three years each, as the director determines to be appropriate. A variance may be revoked, or renewal denied, for failure to comply with conditions specified in the variance. No variance shall be issued, denied, revoked, or modified without a written order stating the findings upon which the issuance, denial, revocation, or modification is based. A copy of the order shall be sent to the applicant or variance holder by certified mail.

(1) Require the owner or operator of an air contaminant source to install, employ, maintain, and operate such emissions, ambient air quality, meteorological, or other monitoring devices or methods as the director shall prescribe; to sample those emissions at such locations, at such intervals, and in such manner as the director prescribes; to maintain records and file periodic reports with the director containing information as to location, size, and height of emission outlets, rate, duration, and composition of emissions, and any other pertinent information the director prescribes; and to provide such written notice to other states as the director shall prescribe. In requiring monitoring devices, records, and reports, the director, to the extent consistent with the federal Clean Air Act, shall give consideration to technical feasibility and economic reasonableness and allow reasonable time for compliance. For sources where a specific monitoring, record-keeping, or reporting requirement is specified for a particular air contaminant from a particular air contaminant source in an applicable regulation adopted by the United States environmental protection agency under the federal Clean Air Act or in an applicable rule adopted by the director, the director shall not impose an additional requirement in a permit that is a different monitoring, record-keeping, or reporting requirement other than the requirement
specified in the applicable regulation or rule for that air contaminant except as otherwise agreed to by the owner or operator of the air contaminant source and the director. If two or more regulations or rules impose different monitoring, record-keeping, or reporting requirements for the same air contaminant from the same air contaminant source, the director may impose permit terms and conditions that consolidate or streamline the monitoring, record-keeping, or reporting requirements in a manner that conforms with each applicable requirement. To the extent consistent with the federal Clean Air Act and except as otherwise agreed to by the owner or operator of an air contaminant source and the director, the director shall not require an operating restriction that has the practical effect of increasing the stringency of an existing applicable emission limitation or standard.

(J) Establish, operate, and maintain monitoring stations and other devices designed to measure air pollution and enter into contracts with any public or private agency for the establishment, operation, or maintenance of such stations and devices;

(K) By rule adopt procedures for giving reasonable public notice and conducting public hearings on any plans for the prevention, control, and abatement of air pollution that the director is required to submit to the federal government;

(L) Through any employee, agent, or authorized representative of the director or the environmental protection agency, enter upon private or public property, including improvements thereon, at any reasonable time, to make inspections, take samples, conduct tests, and examine records or reports pertaining to any emission of air contaminants and any monitoring equipment or methods and to determine if there are any actual or potential emissions from such premises and, if so, to determine the sources, amounts, contents, and extent of those emissions, or to ascertain whether there is compliance with this chapter, any orders issued or rules adopted thereunder, or any other determination of the director. The director, at reasonable times, may have access to and copy any such records. If entry or inspection authorized by this division is refused, hindered, or thwarted, the director or the director's authorized representative may by affidavit apply for, and any judge of a court of record may issue, an appropriate inspection warrant necessary to achieve the purposes of this chapter within the court's territorial jurisdiction.

(M) Accept and administer gifts or grants from the federal government and from any other source, public or private, for carrying out any of the functions under this chapter;

(N) Obtain necessary scientific, technical, and laboratory services;
(O) Establish advisory boards in accordance with section 121.13 of the Revised Code;

(P) Delegate to any city or general health district or political subdivision of the state any of the director's enforcement and monitoring powers and duties, other than rule-making powers, as the director elects to delegate, and in addition employ, compensate, and prescribe the powers and duties of such officers, employees, and consultants as are necessary to enable the director to exercise the authority and perform duties imposed upon the director by law. Technical and other services shall be performed, insofar as practical, by personnel of the environmental protection agency.

(Q) Certify to the government of the United States or any agency thereof that an industrial air pollution facility is in conformity with the state program or requirements for control of air pollution whenever such certificate is required for a taxpayer pursuant to any federal law or requirements;

(R) Issue, modify, or revoke orders requiring abatement of or prohibiting emissions that violate applicable emission standards or other requirements of this chapter and rules adopted thereunder, or requiring emission control devices or measures in order to comply with applicable emission standards or other requirements of this chapter and rules adopted thereunder. Any such order shall require compliance with applicable emission standards by a specified date and shall not conflict with any requirement of the federal Clean Air Act. In the making of such orders, the director, to the extent consistent with the federal Clean Air Act, shall give consideration to, and base the determination on, evidence relating to the technical feasibility and economic reasonableness of compliance with such orders and their relation to benefits to the people of the state to be derived from such compliance. If, under the federal Clean Air Act, any such order shall provide for the posting of a bond or surety to secure compliance with the order as a condition of issuance of the order, the order shall so provide, but only to the extent required by the federal Clean Air Act.

(S) To the extent provided by the federal Clean Air Act, adopt, modify, and rescind rules providing for the administrative assessment and collection of monetary penalties, not in excess of those required pursuant to the federal Clean Air Act, for failure to comply with any emission limitation or standard, compliance schedule, or other requirement of any rule, order, permit, or variance issued or adopted under this chapter or required under the applicable implementation plan whether or not the source is subject to a federal or state consent decree. The director may require the submission of compliance schedules, calculations of penalties for noncompliance, and
related information. Any orders, payments, sanctions, or other requirements imposed pursuant to rules adopted under this division shall be in addition to any other permits, orders, payments, sanctions, or other requirements established under this chapter and shall not affect any civil or criminal enforcement proceedings brought under any provision of this chapter or any other provision of state or local law. This division does not apply to any requirement of this chapter regarding the prevention or abatement of odors.

(T) Require new or modified air contaminant sources to install best available technology, but only in accordance with this division. With respect to permits issued pursuant to division (F) of this section beginning three years after August 3, 2006, best available technology for air contaminant sources and air contaminants emitted by those sources that are subject to standards adopted under section 112, Part C of Title I, and Part D of Title I of the federal Clean Air Act shall be equivalent to and no more stringent than those standards. For an air contaminant or precursor of an air contaminant for which a national ambient air quality standard has been adopted under the federal Clean Air Act, best available technology only shall be required to the extent required by rules adopted under Chapter 119 of the Revised Code for permit to install applications filed three or more years after August 3, 2006.

Best available technology requirements established in rules adopted under this division shall be expressed only in one of the following ways that is most appropriate for the applicable source or source categories:

1. Work practices;
2. Source design characteristics or design efficiency of applicable air contaminant control devices;
3. Raw material specifications or throughput limitations averaged over a twelve-month rolling period;

Best available technology requirements shall not apply to an air contaminant source that has the potential to emit, taking into account air pollution controls installed on the source, less than ten tons per year of emissions of an air contaminant or precursor of an air contaminant for which a national ambient air quality standard has been adopted under the federal Clean Air Act. In addition, best available technology requirements established in rules adopted under this division shall not apply to any existing, new, or modified air contaminant source that is subject to a plant-wide applicability limit that has been approved by the director. Further, best available technology requirements established in rules adopted
under this division shall not apply to general permits issued prior to January 1, 2006, under rules adopted under this chapter.

For permits to install issued three or more years after August 3, 2006, any new or modified air contaminant source that has the potential to emit, taking into account air pollution controls installed on the source, ten or more tons per year of volatile organic compounds or nitrogen oxides shall meet, at a minimum, the requirements of any applicable reasonably available control technology rule in effect as of January 1, 2006, regardless of the location of the source.

(U) Consistent with section 507 of the federal Clean Air Act, adopt, modify, suspend, and rescind rules for the establishment of a small business stationary source technical and environmental compliance assistance program as provided in section 3704.18 of the Revised Code;

(V) Provide for emissions trading, marketable permits, auctions of emission rights, and economic incentives that would reduce the cost or increase the efficiency of achieving a specified level of environmental protection;

(W) Provide for the construction of an air contaminant source prior to obtaining a permit to install pursuant to division (F) of this section if the applicant demonstrates that the source will be installed to comply with all applicable emission limits and will not adversely affect public health or safety or the environment and if the director determines that such an action will avoid an unreasonable hardship on the owner or operator of the source. Any such determination shall be consistent with the federal Clean Air Act.

(X) Exercise all incidental powers, including adoption of rules, required to carry out this chapter.

The environmental protection agency shall develop a plan to control air pollution resulting from state-operated facilities and property.

Sec. 3704.14. (A) The director of environmental protection shall continue to implement an enhanced motor vehicle inspection and maintenance program for a period of two years beginning on January 1, 2006, and ending on December 31, 2007, in counties in which a motor vehicle inspection and maintenance program is federally mandated. The program shall be substantially similar to the enhanced program implemented in those counties under a contract that is scheduled to expire on December 31, 2005. The (1) If the director of environmental protection determines that implementation of a motor vehicle inspection and maintenance program is necessary for the state to effectively comply with the federal Clean Air Act after June 30, 2009, the director may provide for the implementation of the program in those counties in this state in which such a program is federally
mandated. Upon making such a determination, the director of environmental protection may request the director of administrative services to extend the terms of the contract that was entered into under the authority of Section 7 of Am. Sub. H.B. 24 of the 127th general assembly. Upon receiving the request, the director of administrative services shall extend the contract, beginning on July 1, 2009, in accordance with this section. The contract shall be extended for a period of up to six months with the contractor who conducted the motor vehicle inspection and maintenance program under that contract.

(2) Prior to the expiration of the contract extension that is authorized by division (A)(1) of this section, the director of environmental protection may request the director of administrative services to enter into a contract with a vendor to operate a motor vehicle inspection and maintenance program in each county in this state in which such a program is federally mandated through June 30, 2011, with an option for the state to renew the contract through June 30, 2012. The contract shall ensure that the motor vehicle inspection and maintenance program achieves at least the same ozone precursor reductions as achieved by the program operated under the authority of the contract that was extended under division (A)(1) of this section. The director of administrative services shall select a vendor through a competitive selection process in compliance with Chapter 125. of the Revised Code.

(3) Notwithstanding any law to the contrary, the director of administrative services shall ensure that a competitive selection process regarding a contract to operate a motor vehicle inspection and maintenance program in this state incorporates the following elements, which shall be included in the contract:

(a) A requirement that the vendor selected to operate the program provide notification of the program's requirements to each owner of a motor vehicle that is required to be inspected under the program. The contract shall require the notification to be provided not later than sixty days prior to the date by which the owner of the motor vehicle is required to have the motor vehicle inspected. The director of environmental protection and the vendor shall jointly agree on the content of the notice. However, the notice shall include at a minimum the locations of all inspection facilities within a specified distance of the address that is listed on the owner's motor vehicle registration.

(b) A requirement that the vendor selected to operate the program spend not more than five hundred thousand dollars over the term of the contract for public education regarding the locations at which motor vehicle inspections
will be conducted:

(c) A requirement that the vendor selected to operate the program acquire all facilities that were previously utilized for motor vehicle emissions inspections via arm's-length transactions at the discretion of the interested parties if the vendor chooses to utilize those inspection facilities for purposes of the contract. The competitive selection process shall not include a requirement that a vendor pay book value for such facilities.

(d) A requirement that the motor vehicle inspection and maintenance program utilize established local businesses, such as existing motor vehicle repair facilities, for the purpose of expanding the number of inspection facilities for consumer convenience and increased local business participation.

(4) A motor vehicle inspection and maintenance program operated under this section shall comply with division (B) of this section. The director of environmental protection shall administer the motor vehicle inspection and maintenance program operated under this section.

(B) The motor vehicle inspection and maintenance program authorized by this section, at a minimum, shall do all of the following:

(1) Comply with the federal Clean Air Act;

(2) Provide for the extension of a contract for a period of two years, beginning on January 1, 2006, and ending on December 31, 2007, with the contractor who conducted the enhanced motor vehicle inspection and maintenance program in those federally mandated counties pursuant to a contract entered into under former section 3704.14 of the Revised Code as that section existed prior to its repeal and reenactment by Am. Sub. H.B. 66 of the 126th General Assembly;

(3) Provide for the issuance of inspection certificates;

(4) Provide for a new car exemption for motor vehicles four years old or newer and provide that a new motor vehicle is exempt for four years regardless of whether legal title to the motor vehicle is transferred during that period.

(B)(C) The director shall not implement a motor vehicle inspection and maintenance program in any county other than a county in which a motor vehicle inspection and maintenance program is federally mandated. A motor vehicle inspection and maintenance program shall not be implemented in any county in which such a program is not authorized under division (A) of this section without the approval of the general assembly through the enactment of legislation. Further, a motor vehicle inspection and maintenance program shall not be implemented in any county beyond June 30, 2012, without the approval of the general assembly through the
enactment of legislation.

(C)(D) The director of environmental protection shall adopt rules in accordance with Chapter 119. of the Revised Code that the director determines are necessary to implement this section. The director may continue to implement and enforce rules pertaining to the enhanced motor vehicle inspection and maintenance program previously implemented under former section 3704.14 of the Revised Code as that section existed prior to its repeal and reenactment by Am. Sub. H.B. 66 of the 126th general assembly, provided that the rules do not conflict with this section.

(D)(E) There is hereby created in the state treasury the motor vehicle inspection and maintenance auto emissions test fund, which shall consist of money received by the director from any fees for inspections that are established in rules adopted cash transfers, state and local grants, and other contributions that are received for the purpose of funding the program established under this section. The director of environmental protection shall use money in the fund solely for the implementation, supervision, administration, operation, and enforcement of the enhanced motor vehicle inspection and maintenance program established under this section. Money in the fund shall not be used for either of the following:

(1) To pay for the inspection costs incurred by a motor vehicle dealer so that the dealer may provide inspection certificates to an individual purchasing a motor vehicle from the dealer when that individual resides in a county that is subject to the motor vehicle inspection and maintenance program;

(2) To provide payment for more than one free passing emissions inspection or a total of three emissions inspections for a motor vehicle in any three-hundred-sixty-five day period. The owner or lessee of a motor vehicle is responsible for inspection fees that are related to emissions inspections beyond one free passing emissions inspection or three total emissions inspections in any three-hundred-sixty-five day period. Inspection fees that are charged by a contractor conducting emissions inspections under a motor vehicle inspection and maintenance program shall be approved by the director of environmental protection.

(E)(F) The enhanced motor vehicle inspection and maintenance program established under this section expires on December 31, 2007, upon the termination of all contracts entered into under this section and shall not be continued implemented beyond that the final date unless otherwise federally mandated on which termination occurs.

Sec. 3704.144. Gifts, grants, and contributions for the purpose of adding pollution control equipment to diesel-powered school buses, including
contributions that are made pursuant to the settlement of an administrative action or civil action that is brought at the request of the director of environmental protection pursuant to Chapter 3704., 3714., 3734., 6109., or 6111. of the Revised Code, shall be credited to the clean diesel school bus fund, which is hereby created in the state treasury. The director shall use money credited to the fund to make grants to school districts in the state and to county boards of developmental disabilities for the purpose of adding pollution control equipment to diesel-powered school buses and to pay the environmental protection agency's costs incurred in administering this section. In addition, the director may use money credited to the fund to make grants to school districts and to county boards of developmental disabilities for the purpose of maintaining pollution control equipment that is installed on diesel-powered school buses and to pay the additional cost incurred by a school district or a county board for using ultra-low sulfur diesel fuel instead of diesel fuel for the operation of diesel-powered school buses.

In making grants under this section, the director shall give priority to school districts and to county boards of developmental disabilities that are located in a county that is designated as nonattainment by the United States environmental protection agency for the fine particulate national ambient air quality standard under the federal Clean Air Act. In addition, the director may give a higher priority to a school district or a county board of developmental disabilities that employs additional measures that reduce air pollution from the district’s or the county board’s school bus fleet.

The director shall adopt rules establishing procedures and requirements that are necessary to implement this section, including procedures and requirements governing applications for grants.

Sec. 3705.03. (A) The director of health shall designate the state registrar, who shall head the office of vital statistics and do all of the following:

(1) Administer and enforce this chapter, the rules issued under this chapter, and the instructions of the director for the efficient administration of the system of vital statistics;

(2) Direct and supervise the system of vital statistics and be custodian of the vital records;

(3) Direct, supervise, and control the activities of all persons engaged in activities governed by this chapter;

(4) Conduct training programs to promote uniformity of policy and procedures throughout the state in matters pertaining to the system of vital statistics;
(5) Comply with the requirements in section 3705.031 of the Revised Code.

(B) To preserve vital records, the state registrar may prepare a typewritten, photographic, electronic, or other reproduction of certificates or reports in the office of vital statistics. These reproductions, when certified by the director or state registrar, shall be accepted as the original records. The documents from which the reproductions have been made and verified may be disposed of as provided by rules that shall be adopted by the director.

Sec. 3705.031. (A) Once each calendar month, the state registrar shall review all death certificates the state registrar receives, pursuant to section 3705.07 of the Revised Code, from each local registrar of vital statistics in this state, and from a vital statistics official in another state, in the preceding calendar month. The state registrar shall identify those death certificates that pertain to individuals who were at least eighteen years of age at the time of death.

(B) From each death certificate identified pursuant to division (A) of this section, the registrar shall determine the following information:

(1) The decedent's name;
(2) The decedent's date of birth;
(3) The decedent's date of death;
(4) The decedent's age on the date of death;
(5) The address of the decedent's residence on the date of death;
(6) The county and state in which the decedent's residence on the date of death was located.

(C) Not later than the end of the calendar month in which a review under division (A) of this section occurs, the state registrar shall file with each county auditor and county board of elections in this state a report that summarizes the information in divisions (B)(1) to (6) of this section for each decedent whose residence was located in that county.

Sec. 3705.24. (A)(1) The public health council shall, in accordance with section 111.15 of the Revised Code, adopt rules prescribing fees for the following items or services provided by the state office of vital statistics:

(a) Except as provided in division (A)(4) of this section:
(i) A certified copy of a vital record or a certification of birth;
(ii) A search by the office of vital statistics of its files and records pursuant to a request for information, regardless of whether a copy of a record is provided;
(iii) A copy of a record provided pursuant to a request;
(b) Replacement of a birth certificate following an adoption,

(2) Establish and maintain facilities within the department of commerce to make tests and analysis of materials used in the manufacture of bedding and stuffed toys. The superintendent also may designate established laboratories in various sections of the state that are qualified to make these tests. If the superintendent exercises this authority, the superintendent shall adopt rules to determine the fees and charges to be paid for making the tests or analyses authorized under this section.

(3) Exercise such other powers and duties as are necessary to carry out the purpose and intent of this chapter.

Sec. 3713.05. (A) Applications to register to import, manufacture, renovate, wholesale, make, or reupholster stuffed toys or bedding in this state shall be made in writing on forms provided by the superintendent of industrial compliance labor. The application shall be accompanied by a registration fee of fifty dollars per person unless the applicant engages only in renovation, in which case the registration fee shall be thirty-five dollars.

(B) Upon receipt of the application and the appropriate fee, the superintendent shall register the applicant and assign a registration number to the registrant.

(C) Notwithstanding section 3713.02 of the Revised Code and division (A) of this section, the following are exempt from registration:

(1) An organization described in section 501(c)(3) of the "Internal Revenue Code of 1986," and exempt from income tax under section 501(a) of that code and that is operated exclusively to provide recreation or social services;

(2) A person who is not regularly engaged in the business of manufacturing, making, wholesaling, or importing stuffed toys but who manufactures or makes stuffed toys as a leisure pursuit and who sells one hundred or fewer stuffed toys within one calendar year;

(3) A person who is not regularly engaged in the business of manufacturing, making, wholesaling, or importing quilts, comforters, pillows, or cushions, but who manufactures or makes these items as a leisure pursuit and who sells five or fewer quilts, ten or fewer comforters, or twenty or fewer pillows or cushions within one calendar year.

(D) Notwithstanding division (C)(2) or (3) of this section, a person exempt under that division must attach a label to each stuffed toy that contains all of the following information:

(1) The person's name and address;
(2) A statement that the person is not registered by the state of Ohio;
(3) A statement that the contents of the product have not been inspected.
Sec. 3713.06. (A) Any person required to register under division (A) of section 3713.02 of the Revised Code who imports bedding or stuffed toys into this state for retail sale or use in this state and any person required to register under division (A) of section 3713.02 of the Revised Code who manufactures bedding or stuffed toys in this state for retail sale or use in this state shall submit a report to the superintendent of industrial compliance labor, in a form and manner prescribed by the superintendent. The form shall be submitted once every six months and shall show the total number of items of bedding or stuffed toys imported into this state or manufactured in this state. Each report shall be accompanied by a fee of four cents for each item of bedding or stuffed toy imported into this state or manufactured in this state.

(B) Every importer, manufacturer, or wholesaler of stuffed toys or articles of bedding, and every mobile home and recreational vehicle dealer, conversion van dealer, secondhand dealer, and auction house shall retain records, designated by the superintendent in rule, for the time period established in rule.

(C) Every importer, manufacturer, or wholesaler of stuffed toys or articles of bedding, and every mobile home and recreational vehicle dealer, conversion van dealer, secondhand dealer, and auction house shall make sufficient investigation of its records to ensure that the information reported to the superintendent under division (A) of this section is accurate.

Sec. 3713.07. (A) Registration obtained under this chapter expires annually on the last day of the month in the month that the registration was obtained. The superintendent of industrial compliance labor shall renew the registration in accordance with Chapter 4745. of the Revised Code.

(B) Failure on the part of any registrant to renew registration prior to its expiration, when notified as required in this section, shall not deprive the person of the right to renewal within the ninety days that follow expiration, but the fee to be paid for renewal after its expiration shall be one hundred dollars plus the standard registration fee for the registrant.

(C) If a registrant fails to renew registration within ninety days of the date that it expired, the former registrant shall comply with the registration requirements under section 3713.05 of the Revised Code to obtain valid registration.

Sec. 3713.08. (A) All persons required to register under division (A) of section 3713.02 of the Revised Code manufacturing, making, or wholesaling bedding or stuffed toys, or both, that are sold or offered for sale shall have the material content of their products tested and analyzed at an established laboratory designated by the superintendent of industrial compliance labor.
before the bedding or stuffed toys are sold or offered for sale.

(B) Every stuffed toy or item of bedding sold or offered for sale shall have a label affixed to it that reports the contents of the stuffed toy or bedding material in conformity with requirements established by the superintendent, a registration number, and any other identifying information as required by the superintendent.

(C) The seller of any secondhand articles of bedding or stuffed toys shall sanitize all items in accordance with rules established by the superintendent prior to the sale of or the offering for sale of any secondhand articles.

(D) This section does not apply to any of the following:
1. Persons who meet the qualifications of division (C)(2) or (3) of section 3713.05 of the Revised Code;
2. The sale of furniture more than fifty years old;
3. The sale of furniture from the home of the owner directly to the purchaser.

Sec. 3713.09. (A) The superintendent of industrial compliance labor may appoint inspectors and periodically inspect and investigate any establishment where bedding or stuffed toys are manufactured, made, remade, renovated, repaired, sanitized, sold, or offered for sale, or where previously used material is processed for use in the manufacture of bedding or stuffed toys.

1. Each inspector shall make a written report to the superintendent of each examination and inspection complete with the inspector's findings and recommendations. Inspectors may place "off sale" any article of bedding or stuffed toy offered for sale, or found in the possession of any person with the intent to sell, in violation of section 3713.02 of the Revised Code. Inspectors shall perform other duties related to inspection and examination as prescribed by the superintendent.

2. When articles are placed "off sale" under division (A)(1) of this section, they shall be tagged, and the tag shall not be removed except by an authorized representative of the division of industrial compliance labor after the violator demonstrates to the satisfaction of the superintendent proof of compliance with the requirements of section 3713.08 of the Revised Code.

(B)(1) When an inspector has cause to believe that any bedding or stuffed toy is not tagged or labeled in accordance with section 3713.08 of the Revised Code, the inspector may open any seam of the bedding or stuffed toy in question to examine the material used or contained within it and take a reasonable amount of the material for testing and analysis and, if necessary, examine any and all purchase records in order to determine the
contents or the kind of material used in the bedding or stuffed toy in question. An inspector may seize and hold evidence of any article of bedding, stuffed toy, or material manufactured, made, possessed, renovated, remade, or repaired, sold, or offered for sale contrary to this chapter.

(2) Immediately after seizing articles believed to be in violation of this chapter, the inspector immediately shall report the seizure to the superintendent. The superintendent shall hold a hearing in accordance with Chapter 119. of the Revised Code or make a ruling in the matter. If the superintendent finds that the article of bedding, stuffed toy, or material is not in violation of this chapter, the superintendent shall order the item or items returned to the owner. If the superintendent finds a violation of this chapter, the superintendent may do either of the following:

(a) Return the articles to the owner for proper treatment, tagging or labeling, or other action as ordered by the superintendent, subject to the requirement that the articles be reinspected at cost to the owner, prior to being sold or offered for sale;

(b) Report the violation to the appropriate prosecuting attorney or city law director.

(C) The superintendent, at reasonable times and upon reasonable notice, may examine or cause to be examined the records of any importer, manufacturer, or wholesaler of stuffed toys or articles of bedding, mobile home and recreational vehicle dealer, conversion van dealer, secondhand dealer, or auction house to determine compliance with this chapter. The superintendent may enter into contracts, pursuant to procedures prescribed by the superintendent, with persons to examine these records to determine compliance with this chapter. These persons may collect and remit to the superintendent any amounts due under this chapter.

(D) Records audited pursuant to division (C) of this section are confidential and shall not be disclosed except as required by section 149.43 of the Revised Code, or as the superintendent finds necessary for the proper administration of this chapter.

(E) In the case of any investigation or examination, or both, that requires investigation or examination outside of this state of any importer, manufacturer, or wholesaler of stuffed toys or articles of bedding, or of any mobile home or recreational vehicle dealer, conversion van dealer, secondhand dealer, or auction house, the superintendent may require the investigated or examined person to pay the actual expense of the investigation or examination. The superintendent shall provide an itemized statement of actual expenses to the investigated or examined person.

(F) Whenever the superintendent has reason to believe, from the
superintendent's own information, upon complaint, or otherwise, that any person has engaged in, is engaging in, or is about to engage in any practice prohibited by this chapter, or when the superintendent has reason to believe that it is necessary for public health and safety, the superintendent may do any of the following:

(1) Investigate violations of this chapter, and for that purpose, may subpoena witnesses in connection with the investigation. The superintendent may make application to the appropriate court of common pleas for an order enjoining the violation of this chapter, and upon a showing by the superintendent that any registrant or person acting in a manner that requires registration has violated or is about to violate this chapter, an injunction, restraining order, or other order as may be appropriate shall be granted by the court.

(2) Compel by subpoena the attendance of witnesses to testify in relation to any matter over which the superintendent has jurisdiction and that is the subject of inquiry and investigation by the superintendent, and require the production of any book, paper, or document pertaining to the matter. In case any person fails to file any statement or report, obey any subpoena, give testimony, or produce any books, records, or papers as required by a subpoena, the court of common pleas of any county in the state, upon application made to it by the superintendent, shall compel obedience by attachment proceedings for contempt.

(3) Suspend or revoke the registration of any importer, manufacturer, or wholesaler of stuffed toys or articles of bedding, mobile home or recreational vehicle dealer, conversion van dealer, secondhand dealer, or auction house;

(4) Submit evidence of the violation or violations to any city prosecutor, city director of law, or prosecuting attorney with authority to prosecute. If the city prosecutor, city director of law, or prosecuting attorney with authority to prosecute fails to prosecute, the superintendent shall submit the evidence to the attorney general who may proceed with the prosecution.

Sec. 3713.10. All money collected under this chapter shall be deposited into the state treasury to the credit of the industrial compliance labor operating fund created under section 121.084 of the Revised Code.

wetland evaluation methodology acceptable to the director of environmental protection. "Category 3 wetland" includes a wetland with high levels of diversity, a high proportion of native species, and high functional values and includes, but is not limited to, a wetland that contains or provides habitat for threatened or endangered species. "Category 3 wetland" may include high quality forested wetlands, including old growth forested wetlands, mature forested riparian wetlands, vernal pools, bogs, fens, and wetlands that are scarce regionally.

(3) "Natural area" means either of the following:
   (a) An area designated by the director of natural resources as a wild, scenic, or recreational river under section 1547.81 of the Revised Code;
   (b) An area designated by the United States department of the interior as a national wild, scenic, or recreational river.

"Occupied dwelling" does not include a dwelling owned or controlled by the owner or operator of a construction and demolition debris facility to which the siting criteria established under this section are being applied.

(5) "Residential dwelling" means a building used or intended to be used in whole or in part as a personal residence by the owner, part-time owner, or lessee of the building or any person authorized by the owner, part-time owner, or lessee to use the building as a personal residence.

(B) Neither the director of environmental protection nor any board of health shall issue a permit to install under section 3714.051 of the Revised Code to establish a new construction and demolition debris facility when any portion of the facility is proposed to be located in either of the following locations:

1. Within the boundaries of a one-hundred-year flood plain, as those boundaries are shown on the applicable maps prepared under the "National Flood Insurance Act of 1968," 82 Stat. 572, 42 U.S.C.A. 4001, as amended, unless the owner or operator has obtained an exemption from division (B)(1) of this section in accordance with section 3714.04 of the Revised Code. If no such maps have been prepared, the boundaries of a one-hundred-year flood plain shall be determined by the applicant for a permit based upon standard methodologies set forth in "urban hydrology for small watersheds" (soil conservation service technical release number 55) and section 4 of the
"national engineering hydrology handbook" of the soil conservation service of the United States department of agriculture.

(C) Neither the director nor any board shall issue a permit to install under section 3714.051 of the Revised Code to establish a new construction and demolition debris facility when the horizontal limits of construction and demolition debris placement at the new facility are proposed to be located in any of the following locations:

(i) The well is controlled by the owner or operator of the construction and demolition debris facility.

(ii) The well is hydrologically separated from the horizontal limits of construction and demolition debris placement.

(iii) The well is at least three hundred feet upgradient from the horizontal limits of construction and demolition debris placement and division (D) of this section does not prohibit the issuance of the permit to install.

(4) Within five hundred feet of a park created or operated pursuant to section 301.26, 511.18, 755.08, 1545.04, or 1545.041 of the Revised Code, a state park established or dedicated under Chapter 1541. of the Revised Code, a state park purchase area established under section 1541.02 of the Revised Code, a national recreation area, any unit of the national park system, or any property that lies within the boundaries of a national park or recreation area, but that has not been acquired or is not administered by the secretary of the United States department of the interior, located in this state, or any area located in this state that is recommended by the secretary for study for potential inclusion in the national park system in accordance with "The Act of August 18, 1970," 84 Stat. 825, 16 U.S.C.A. 1a-5, as amended;

(5) Within five hundred feet of a natural area, any area established by
the department of natural resources as a state wildlife area under Chapter 1531. of the Revised Code and rules adopted under it, any area that is formally dedicated as a nature preserve under section 1517.05 of the Revised Code, or any area designated by the United States department of the interior as a national wildlife refuge;

(6) Within five hundred feet of a lake or reservoir of one acre or more that is hydrogeologically connected to ground water. For purposes of division (C)(6) of this section, a lake or reservoir does not include a body of water constructed and used for purposes of surface water drainage or sediment control.

(7) Within five hundred feet of a state forest purchased or otherwise acquired under Chapter 1503. of the Revised Code;

(8) Within five hundred feet of land that is placed on the state registry of historic landmarks under section 149.55 of the Revised Code;

(D) Neither the director nor any board shall issue a permit to install under section 3714.051 of the Revised Code to establish a new construction and demolition debris facility when the limits of construction and demolition debris placement at the new facility are proposed to have an isolation distance of less than five feet from the uppermost aquifer system that consists of material that has a maximum hydraulic conductivity of $1 \times 10^{-5}$ cm/sec and all of the geologic material comprising the isolation distance has a hydraulic conductivity equivalent to or less than $1 \times 10^{-6}$ cm/sec.

(E) Neither the director nor any board shall issue a permit to install under section 3714.051 of the Revised Code to establish a new construction and demolition debris facility when the road that is designated by the owner or operator as the main hauling road at the facility to and from the limits of construction and demolition debris placement is proposed to be located within five hundred feet of an occupied dwelling unless written permission is given by the owner of the occupied dwelling.

(F) Neither the director nor any board shall issue a permit to install under section 3714.051 of the Revised Code to establish a new construction and demolition debris facility unless the new facility will have all of the following:

(1) Access roads that shall be constructed in a manner that allows use in all weather conditions and will withstand the anticipated degree of use and minimize erosion and generation of dust;

(2) Surface water drainage and sediment controls that are required by the director;
(3) If the facility is proposed to be located in an area in which an applicable zoning resolution allows residential construction, vegetated earthen berms or an equivalent barrier with a minimum height of six feet separating the facility from adjoining property.

(G)(1) The siting criteria established in this section shall be applied to an application for a permit to install at the time that the application is submitted to the director or a board of health, as applicable. Circumstances related to the siting criteria that change after the application is submitted shall not be considered in approving or disapproving the application.

(2) The siting criteria established in this section by this amendment do not apply to an expansion of a construction and demolition debris facility that was in operation prior to the effective date of this amendment December 22, 2005 onto property within the property boundaries identified in the application for the initial license for that facility or any subsequent license issued for that facility up to and including the license issued for that facility for calendar year 2005. The siting criteria established in this section prior to the effective date of this amendment December 22, 2005 apply to such an expansion.

Sec. 3714.07. (A)(1) For the purpose of assisting boards of health and the environmental protection agency in administering and enforcing this chapter and rules adopted under it, there is hereby levied on the disposal of construction and demolition debris at a construction and demolition debris facility that is licensed under this chapter or at a solid waste facility that is licensed under Chapter 3734. of the Revised Code a fee of thirty cents per cubic yard or sixty cents per ton, as applicable.

(2) The owner or operator of a construction and demolition debris facility or a solid waste facility shall determine if cubic yards or tons will be used as the unit of measurement. In estimating the fee based on cubic yards, the owner or operator shall utilize either the maximum cubic yard capacity of the container, or the hauling volume of the vehicle, that transports the construction and demolition debris to the facility or the cubic yards actually logged for disposal by the owner or operator in accordance with rules adopted under section 3714.02 of the Revised Code. If basing the fee on tonnage, the owner or operator shall use certified scales to determine the tonnage of construction and demolition debris that is transported to the facility for disposal.

(3) The owner or operator of a construction and demolition debris facility or a solid waste facility shall collect the fee levied under division (A) of this section as a trustee for the health district having jurisdiction over the facility, if that district is on the approved list under section 3714.09 of the
Revised Code, or for the state. The owner or operator shall prepare and file with the appropriate board of health or the director of environmental protection monthly returns indicating the total volume or weight, as applicable, of construction and demolition debris received for disposal at the facility and the total amount of money required to be collected on the construction and demolition debris disposed of during that month. Not later than thirty days after the last day of the month to which the return applies, the owner or operator shall mail to the board of health or the director the return for that month together with the money required to be collected on the construction and demolition debris disposed of during that month or may submit the return and money electronically in a manner approved by the director. The owner or operator may request, in writing, an extension of not more than thirty days after the last day of the month to which the return applies. A request for extension may be denied. If the owner or operator submits the money late, the owner or operator shall pay a penalty of ten per cent of the amount of the money due for each month that it is late.

(4) Of the money that is collected from a construction and demolition debris facility or a solid waste facility on a per cubic yard or per ton basis under this section, a board of health shall transmit three cents per cubic yard or six cents per ton, as applicable, to the director not later than forty-five days after the receipt of the money. The money retained by a board of health under this section shall be paid into a special fund, which is hereby created in each health district, and used solely to administer and enforce this chapter and rules adopted under it.

The director shall transmit all money received from the boards of health of health districts under this section and all money from the disposal fee collected by the director under this section to the treasurer of state to be credited to the construction and demolition debris facility oversight fund, which is hereby created in the state treasury. The fund shall be administered by the director, and money credited to the fund shall be used exclusively for the administration and enforcement of this chapter and rules adopted under it.

(B) The board of health of a health district or the director may enter into an agreement with the owner or operator of a construction and demolition debris facility or a solid waste facility for the quarterly payment of the money collected from the disposal fee. The board of health shall notify the director of any such agreement. Not later than forty-five days after receipt of the quarterly payment, the board of health shall transmit the amount established in division (A)(4) of this section to the director. The money retained by the board of health shall be deposited in the special fund of the
district as required under that division. Upon receipt of the money from a board of health, the director shall transmit the money to the treasurer of state to be credited to the construction and demolition debris facility oversight fund.

(C) If a construction and demolition debris facility or a solid waste facility is located within the territorial boundaries of a municipal corporation or the unincorporated area of a township, the municipal corporation or township may appropriate up to four cents per cubic yard or up to eight cents per ton of the disposal fee required to be paid by the facility under division (A) of this section for the same purposes that a municipal corporation or township may levy a fee under division (C) of section 3734.57 of the Revised Code.

The legislative authority of the municipal corporation or township may appropriate the money from the fee by enacting an ordinance or adopting a resolution establishing the amount of the fee to be appropriated. Upon doing so, the legislative authority shall mail a certified copy of the ordinance or resolution to the board of health of the health district in which the construction and demolition debris facility or the solid waste facility is located or, if the facility is located in a health district that is not on the approved list under section 3714.09 of the Revised Code, to the director. Upon receipt of the copy of the ordinance or resolution and not later than forty-five days after receipt of money collected from the fee, the board or the director, as applicable, shall transmit to the treasurer or other appropriate officer of the municipal corporation or clerk of the township that portion of the money collected from the disposal fee by the owner or operator of the facility that is required by the ordinance or resolution to be paid to that municipal corporation or township.

Money received by the treasurer or other appropriate officer of a municipal corporation under this division shall be paid into the general fund of the municipal corporation. Money received by the clerk of a township under this division shall be paid into the general fund of the township. The treasurer or other officer of the municipal corporation or the clerk of the township, as appropriate, shall maintain separate records of the money received under this division.

The legislative authority of a municipal corporation or township may cease collecting money under this division by repealing the ordinance or resolution that was enacted or adopted under this division.

The director shall adopt rules in accordance with Chapter 119. of the Revised Code establishing requirements for prorating the amount of the fee that may be appropriated under this division by a municipal corporation or
township in which only a portion of a construction and demolition debris facility is located within the territorial boundaries of the municipal corporation or township.

(D) The board of county commissioners of a county in which a construction and demolition debris facility or a solid waste facility is located may appropriate up to three cents per cubic yard or up to six cents per ton of the disposal fee required to be paid by the facility under division (A) of this section for the same purposes that a solid waste management district may levy a fee under division (B) of section 3734.57 of the Revised Code.

The board of county commissioners may appropriate the money from the fee by adopting a resolution establishing the amount of the fee to be appropriated. Upon doing so, the board of county commissioners shall mail a certified copy of the resolution to the board of health of the health district in which the construction and demolition debris facility or the solid waste facility is located or, if the facility is located in a health district that is not on the approved list under section 3714.09 of the Revised Code, to the director. Upon receipt of the copy of the resolution and not later than forty-five days after receipt of money collected from the fee, the board of health or the director, as applicable, shall transmit to the treasurer of the county that portion of the money collected from the disposal fee by the owner or operator of the facility that is required by the resolution to be paid to that county.

Money received by a county treasurer under this division shall be paid into the general fund of the county. The county treasurer shall maintain separate records of the money received under this division.

A board of county commissioners may cease collecting money under this division by repealing the resolution that was adopted under this division.

(E)(1) This section does not apply to the disposal of construction and demolition debris at a solid waste facility that is licensed under Chapter 3734. of the Revised Code if there is no construction and demolition debris facility licensed under this chapter within thirty-five miles of the solid waste facility as determined by a facility's property boundaries.

(2) This section does not apply to the disposal of construction and demolition debris at a solid waste facility that is licensed under Chapter 3734. of the Revised Code if the owner or operator of the facility chooses to collect fees on the disposal of the construction and demolition debris that are identical to the fees that are collected under Chapters 343. and 3734. of the Revised Code on the disposal of solid wastes at that facility.

(3) This section does not apply to the disposal of source separated
materials that are exclusively composed of reinforced or nonreinforced concrete, asphalt, clay tile, building or paving brick, or building or paving stone at a construction and demolition debris facility that is licensed under this chapter when either of the following applies:

(a) The materials are placed within the limits of construction and demolition debris placement at the facility as specified in the license issued to the facility under section 3714.06 of the Revised Code, are not placed within the unloading zone of the facility, and are used as a fire prevention measure in accordance with rules adopted by the director under section 3714.02 of the Revised Code.

(b) The materials are not placed within the unloading zone of the facility or within the limits of construction and demolition debris placement at the facility as specified in the license issued to the facility under section 3714.06 of the Revised Code, but are used as fill material, either alone or in conjunction with clean soil, sand, gravel, or other clean aggregates, in legitimate fill operations for construction purposes at the facility or to bring the facility up to a consistent grade.

Sec. 3715.041. (A)(1) As used in this section, "food processing establishment" has the same meaning as in section 3715.021 of the Revised Code.

(2) A person that operates a food processing establishment shall register the establishment annually with the director of agriculture. The person shall submit an application for registration or renewal on a form prescribed and provided by the director. Except as provided in division (G) of this section, an application for registration or renewal shall be accompanied by a registration fee in an amount established in rules adopted under this section. If a person files an application for registration on or after the first day of August of any year, the fee shall be one-half of the annual registration fee.

(B)(1) The director shall inspect the food processing establishment for which an application for initial registration has been submitted. If, upon inspection, the director finds that the establishment is in compliance with this chapter and Chapter 911., 913., 915., or 925. of the Revised Code, as applicable, or applicable rules adopted under those chapters, the director shall issue a certificate of registration to the food processing establishment. A food processing establishment registration expires on the thirty-first day of January and is valid until that date unless it is suspended or revoked under this section.

(2) A person that is operating a food processing establishment on the effective date of this section shall apply to the director for a certificate of registration not later than ninety days after the effective date of this section.
If an application is not filed with the director or postmarked on or before ninety days after the effective date of this section, the director shall assess a late fee in an amount established in rules adopted under this section.

(C)(1) A food processing establishment registration may be renewed by the director. A person seeking registration renewal shall submit an application for renewal to the director not later than the thirty-first day of January. The director shall issue a renewed certificate of registration on receipt of a complete renewal application except as provided in division (C)(2) of this section.

(2) If a renewal application is not filed with the director or postmarked on or before the thirty-first day of January, the director shall assess a late fee in an amount established in rules adopted under this section. The director shall not renew the registration until the applicant pays the late fee.

(D) A copy of the food processing establishment registration certificate shall be conspicuously displayed in an area of the establishment to which customers of the establishment have access.

(E)(1) The director or the director's designee may issue an order suspending or revoking a food processing establishment registration upon determining that the registration holder is in violation of this chapter or Chapter 911., 913., 915., or 925. of the Revised Code, as applicable, or applicable rules adopted under those chapters. Except as provided in division (E)(2) of this section, a registration shall not be suspended or revoked until the registration holder is provided an opportunity to appeal the suspension or revocation in accordance with Chapter 119. of the Revised Code.

(2) If the director determines that a food processing establishment presents an immediate danger to the public health, the director may issue an order immediately suspending the establishment's registration without affording the registration holder an opportunity for a hearing. The director then shall afford the registration holder a hearing in accordance with Chapter 119. of the Revised Code not later than ten days after the date of suspension.

(F) The director shall adopt rules in accordance with Chapter 119. of the Revised Code that establish all of the following:

(1) The amount of the registration fee that must be submitted with an application for a food processing establishment registration and with an application for renewal;

(2) The amount of the late fee that is required in division (B)(2) of this section;

(3) The amount of the fee for the late renewal of a food processing
establishment registration that is required in division (C)(2) of this section;

(4) Any other procedures and requirements that are necessary to administer and enforce this section.

(G) The following are not required to pay any registration fee that is otherwise required in this section:

(1) Home bakeries registered under section 911.02 of the Revised Code;
(2) Canneries licensed under section 913.02 of the Revised Code;
(3) Soft drink plants licensed under section 913.23 of the Revised Code;
(4) Cold-storage warehouses licensed under section 915.02 of the Revised Code;
(5) Persons licensed under section 915.15 of the Revised Code;

The director of health shall use the proceeds from that fee for administering and enforcing this chapter and the rules adopted under it by the council. A board of health shall collect and transmit the fee at the same time that it collects the fee established by it under division (A)(1) of this section for installation permits.

Not later than sixty days after the last day of the month in which an installation permit is issued, a board shall certify the amount collected under division (A)(2) of this section and transmit the amount to the treasurer of state. All money so received shall be deposited in the state treasury to the credit of the general operations fund created in section 3701.83 of the Revised Code to the director pursuant to section 3709.092 of the Revised Code. The director shall use the money so credited solely for the administration and enforcement of this chapter and the rules adopted under it by the public health council.

(B) The director may submit recommendations to the council regarding the amount of the fee collected under division (A)(2) of this section for installation permits. When making the recommendations, the director shall submit a report stating the current and projected expenses of administering and enforcing this chapter and the rules adopted under it by the council and the total of all money that has been deposited to the credit of the general operations fund under division (A)(2) of this section. The director may include in the report any recommendations for modifying the requirements established under this chapter and the rules adopted under it by the council.

Sec. 3721.01. (A) As used in sections 3721.01 to 3721.09 and 3721.99 of the Revised Code:

(1)(a) "Home" means an institution, residence, or facility that provides, for a period of more than twenty-four hours, whether for a consideration or not, accommodations to three or more unrelated individuals who are dependent upon the services of others, including a nursing home, residential care facility, home for the aging, and a veterans' home operated under Chapter 5907. of the Revised Code.

of need, other than a certificate to recategorize hospital beds as described in section 3702.522 of the Revised Code or division (R)(7)(d) of the version of section 3702.51 of the Revised Code in effect immediately prior to April 20, 1995, has been granted to the person under sections 3702.51 to 3702.62 of the Revised Code after August 5, 1989;

(ii) A county home or district home that is or has been licensed as a residential care facility.

(c) "Home" does not mean any of the following:

(x) A facility, infirmary, or other entity that is operated by a religious order, provides care exclusively to members of religious orders who take vows of celibacy and live by virtue of their vows within the orders as if related, and does not participate in the medicare program established under Title XVIII of the "Social Security Act" or the medical assistance program established under Chapter 5111. of the Revised Code and Title XIX of the "Social Security Act," if on January 1, 1994, the facility, infirmary, or entity was providing care exclusively to members of the religious order;

(xi) A county home or district home that has never been licensed as a residential care facility.
(2) "Unrelated individual" means one who is not related to the owner or operator of a home or to the spouse of the owner or operator as a parent, grandparent, child, grandchild, brother, sister, niece, nephew, aunt, uncle, or as the child of an aunt or uncle.

(3) "Mental impairment" does not mean mental illness as defined in section 5122.01 of the Revised Code or mental retardation as defined in section 5123.01 of the Revised Code.

(4) "Skilled nursing care" means procedures that require technical skills and knowledge beyond those the untrained person possesses and that are commonly employed in providing for the physical, mental, and emotional needs of the ill or otherwise incapacitated. "Skilled nursing care" includes, but is not limited to, the following:

(iii) Preparing special diets, other than complex therapeutic diets, for residents pursuant to the instructions of a physician or a licensed dietitian, in accordance with rules adopted under section 3721.04 of the Revised Code.

(b) "Personal care services" does not include "skilled nursing care" as defined in division (A)(4) of this section. A facility need not provide more than one of the services listed in division (A)(5)(a) of this section to be considered to be providing personal care services.

(6) "Nursing home" means a home used for the reception and care of individuals who by reason of illness or physical or mental impairment require skilled nursing care and of individuals who require personal care services but not skilled nursing care. A nursing home is licensed to provide personal care services and skilled nursing care.

(8) "Home for the aging" means a home that provides services as a residential care facility and a nursing home, except that the home provides its services only to individuals who are dependent on the services of others by reason of both age and physical or mental impairment.
The part or unit of a home for the aging that provides services only as a residential care facility is licensed as a residential care facility. The part or unit that may provide skilled nursing care beyond the extent authorized by section 3721.011 of the Revised Code is licensed as a nursing home.

(9) "County home" and "district home" mean a county home or district home operated under Chapter 5155. of the Revised Code.

(B) The public health council may further classify homes. For the purposes of this chapter, any residence, institution, hotel, congregate housing project, or similar facility that meets the definition of a home under this section is such a home regardless of how the facility holds itself out to the public.

(C) For purposes of this chapter, personal care services or skilled nursing care shall be considered to be provided by a facility if they are provided by a person employed by or associated with the facility or by another person pursuant to an agreement to which neither the resident who receives the services nor the resident's sponsor is a party.

(D) Nothing in division (A)(4) of this section shall be construed to permit skilled nursing care to be imposed on an individual who does not require skilled nursing care.

Nothing in division (A)(5) of this section shall be construed to permit personal care services to be imposed on an individual who is capable of performing the activity in question without assistance.

(E) Division (A)(1)(c)(xix) of this section does not prohibit a facility, infirmary, or other entity described in that division from seeking licensure under sections 3721.01 to 3721.09 of the Revised Code or certification
under Title XVIII or XIX of the "Social Security Act." However, such a facility, infirmary, or entity that applies for licensure or certification must meet the requirements of those sections or titles and the rules adopted under them and obtain a certificate of need from the director of health under section 3702.52 of the Revised Code.

(F) Nothing in this chapter, or rules adopted pursuant to it, shall be construed as authorizing the supervision, regulation, or control of the spiritual care or treatment of residents or patients in any home who rely upon treatment by prayer or spiritual means in accordance with the creed or tenets of any recognized church or religious denomination.

Sec. 3721.02. (A) The director of health shall license homes and establish procedures to be followed in inspecting and licensing homes. The director may inspect a home at any time. Each home shall be inspected by the director at least once prior to the issuance of a license and at least once every fifteen months thereafter. The state fire marshal or a township, municipal, or other legally constituted fire department approved by the marshal shall also inspect a home prior to issuance of a license, at least once every fifteen months thereafter, and at any other time requested by the director. A home does not have to be inspected prior to issuance of a license by the director, state fire marshal, or a fire department if ownership of the home is assigned or transferred to a different person and the home was licensed under this chapter immediately prior to the assignment or transfer. The director may enter at any time, for the purposes of investigation, any institution, residence, facility, or other structure that has been reported to the director or that the director has reasonable cause to believe is operating as a nursing home, residential care facility, or home for the aging without a valid license required by section 3721.05 of the Revised Code or, in the case of a county home or district home, is operating despite the revocation of its residential care facility license. The director may delegate the director's authority and duties under this chapter to any division, bureau, agency, or official of the department of health.

(B) A single facility may be licensed both as a nursing home pursuant to this chapter and as an adult care facility pursuant to Chapter 3722. of the Revised Code if the director determines that the part or unit to be licensed as a nursing home can be maintained separate and discrete from the part or unit to be licensed as an adult care facility.

(C) In determining the number of residents in a home for the purpose of licensing, the director shall consider all the individuals for whom the home provides accommodations as one group unless one of the following is the case:
(1) The home is a home for the aging, in which case all the individuals in the part or unit licensed as a nursing home shall be considered as one group, and all the individuals in the part or unit licensed as a rest home shall be considered as another group.

(2) The home is both a nursing home and an adult care facility. In that case, all the individuals in the part or unit licensed as a nursing home shall be considered as one group, and all the individuals in the part or unit licensed as an adult care facility shall be considered as another group.

(3) The home maintains, in addition to a nursing home or residential care facility, a separate and discrete part or unit that provides accommodations to individuals who do not require or receive skilled nursing care and do not receive personal care services from the home, in which case the individuals in the separate and discrete part or unit shall not be considered in determining the number of residents in the home if the separate and discrete part or unit is in compliance with the Ohio basic building code established by the board of building standards under Chapters 3781. and 3791. of the Revised Code and the home permits the director, on request, to inspect the separate and discrete part or unit and speak with the individuals residing there, if they consent, to determine whether the separate and discrete part or unit meets the requirements of this division.

(D)(1) The director of health shall charge the following application fee and an annual renewal licensing and inspection fee of one hundred seventy dollars for each fifty persons or part thereof of a home's licensed capacity:

(a) For state fiscal year 2010, two hundred twenty dollars;
(b) For state fiscal year 2011, two hundred seventy dollars;
(c) For each state fiscal year thereafter, three hundred twenty dollars.

All fees collected by the director for the issuance or renewal of licenses shall be deposited into the state treasury to the credit of the general operations fund created in section 3701.83 of the Revised Code for use only in administering and enforcing this chapter and rules adopted under it.

(E)(1) Except as otherwise provided in this section, the results of an inspection or investigation of a home that is conducted under this section, including any statement of deficiencies and all findings and deficiencies cited in the statement on the basis of the inspection or investigation, shall be used solely to determine the home's compliance with this chapter or another chapter of the Revised Code in any action or proceeding other than an action commenced under division (I) of section 3721.17 of the Revised Code. Those results of an inspection or investigation, that statement of
deficiencies, and the findings and deficiencies cited in that statement shall not be used in any court or in any action or proceeding that is pending in any court and are not admissible in evidence in any action or proceeding unless that action or proceeding is an appeal of an action by the department of health under this chapter or is an action by any department or agency of the state to enforce this chapter or another chapter of the Revised Code.

(2) Nothing in division (E)(1) of this section prohibits the results of an inspection or investigation conducted under this section from being used in a criminal investigation or prosecution.

Sec. 3721.071. The buildings in which a home is housed shall be equipped with both an automatic fire extinguishing system and fire alarm system. Such systems shall conform to standards set forth in the regulations of the board of building standards and the state fire marshal.

The time for compliance with the requirements imposed by this section shall be January 1, 1975, except that the date for compliance with the automatic fire extinguishing requirements is extended to January 1, 1976, provided the buildings of the home are otherwise in compliance with fire safety laws and regulations and:

(A) The home within thirty days after August 4, 1975, files a written plan with the state fire marshal's office that:

(1) Outlines the interim safety procedures which shall be carried out to reduce the possibility of a fire;

(2) Provides evidence that the home has entered into an agreement for a fire safety inspection to be conducted not less than monthly by a qualified independent safety engineer consultant or a township, municipal, or other legally constituted fire department, or by a township or municipal fire prevention officer;

(3) Provides verification that the home has entered into a valid contract for the installation of an automatic fire extinguishing system or fire alarm system, or both, as required to comply with this section;

(4) Includes a statement regarding the expected date for the completion of the fire extinguishing system or fire alarm system, or both.

(B) Inspections by a qualified independent safety engineer consultant or a township, municipal, or other legally constituted fire department, or by a township or municipal fire prevention officer are initiated no later than sixty days after August 4, 1975, and are conducted no less than monthly thereafter, and reports of the consultant, fire department, or fire prevention officer identifying existing hazards and recommended corrective actions are submitted to the state fire marshal, the division of labor in the department of commerce, and the department of health.
It is the express intent of the general assembly that the department of job and family services shall terminate payments under Title XIX of the "Social Security Act," 49 Stat. 620 (1935), 42 U.S.C. 301, as amended, to those homes which do not comply with the requirements of this section for the submission of a written fire safety plan and the deadline for entering into contracts for the installation of systems.

Sec. 3721.23. (A) The director of health shall receive, review, and investigate allegations of abuse or neglect of a resident or misappropriation of the property of a resident by any individual used by a long-term care facility or residential care facility to provide services to residents.

(B) The director shall make findings regarding alleged abuse, neglect, or misappropriation of property after doing both of the following:

1. Investigating the allegation and determining that there is a reasonable basis for it;

2. Giving notice to the individual named in the allegation and affording the individual a reasonable opportunity for a hearing.

Notice to the person named in an allegation shall be given and the hearing shall be conducted pursuant to rules adopted by the director under section 3721.26 of the Revised Code. For purposes of conducting a hearing under this section, the director may issue subpoenas compelling attendance of witnesses or production of documents. The subpoenas shall be served in the same manner as subpoenas and subpoenas duces tecum issued for a trial of a civil action in a court of common pleas. If a person who is served a subpoena fails to attend a hearing or to produce documents, or refuses to be sworn or to answer any questions, the director may apply to the common pleas court of the county in which the person resides, or the county in which the long-term care facility or residential care facility is located, for a contempt order, as in the case of a failure of a person who is served a subpoena issued by the court to attend or to produce documents or a refusal of such person to testify.

(C)(1) If the director finds that an individual used by a long-term care facility or residential care facility has neglected or abused a resident or misappropriated property of a resident, the director shall notify the individual, the facility using the individual, and the attorney general, county prosecutor, or other appropriate law enforcement official. The director also shall do the following:

(a) If the individual is used by a long-term care facility as a nurse aide, the director shall, in accordance with section 3721.32 of the Revised Code, include in the nurse aide registry established under that section a statement detailing the findings pertaining to the individual.
(b) If the individual is a licensed health professional used by a long-term care facility or residential care facility to provide services to residents, the director shall notify the appropriate professional licensing authority established under Title XLVII of the Revised Code.

(c) If the individual is used by a long-term care facility and is neither a nurse aide nor a licensed health professional, or is used by a residential care facility and is not a licensed health professional, the director shall, in accordance with section 3721.32 of the Revised Code, include in the nurse aide registry a statement detailing the findings pertaining to the individual.

(2) A nurse aide or other individual about whom a statement is required by this division to be included in the nurse aide registry may provide the director with a statement disputing the director's findings and explaining the circumstances of the allegation. The statement shall be included in the nurse aide registry with the director's findings.

(D)(1) If the director finds that alleged neglect or abuse of a resident or misappropriation of property of a resident cannot be substantiated, the director shall notify the individual and expunge all files and records of the investigation and the hearing by doing all of the following:

(a) Removing and destroying the files and records, originals and copies, and deleting all index references;

(b) Reporting to the individual the nature and extent of any information about the individual transmitted to any other person or government entity by the director of health;

(c) Otherwise ensuring that any examination of files and records in question show no record whatever with respect to the individual.

(2)(a) If, in accordance with division (C)(1)(a) or (c) of this section, the director includes in the nurse aide registry a statement of a finding of neglect, the individual found to have neglected a resident may, not earlier than one year after the date of the finding, petition the director to rescind the finding and remove the statement and any accompanying information from the nurse aide registry. The director shall consider the petition. If, in the judgment of the director, the neglect was a singular occurrence and the employment and personal history of the individual does not evidence abuse or any other incident of neglect of residents, the director shall notify the individual and remove the statement and any accompanying information from the nurse aide registry. The director shall expunge all files and records of the investigation and the hearing, except the petition for rescission of the finding of neglect and the director's notice that the rescission has been approved.

(b) A petition for rescission of a finding of neglect and the director's
notice that the rescission has been approved are not public records for the purposes of section 149.43 of the Revised Code.

(3) When files and records have been expunged under division (D)(1) or (2) of this section, all rights and privileges are restored, and the individual, the director, and any other person or government entity may properly reply to an inquiry that no such record exists as to the matter expunged.

Sec. 3721.50. As used in sections 3721.50 to 3721.58 of the Revised Code:

(A) "Franchise permit fee rate" means the amount determined as follows:

(1) Determine the difference between the following:

(a) The total net patient revenue, less medicaid per diem payments, of all nursing homes and hospital long-term care units as shown on cost reports filed under section 5111.26 of the Revised Code for the calendar year immediately preceding the fiscal year for which the franchise permit fee is assessed under section 3721.51 of the Revised Code;

(b) The total net patient revenue, less medicaid per diem payments, of all nursing homes and hospital long-term care units as shown on cost reports filed under section 5111.26 of the Revised Code for the calendar year immediately preceding the calendar year that immediately precedes the fiscal year for which the franchise permit fee is assessed under section 3721.51 of the Revised Code.

Sec. 3721.51. The department of job and family services shall do all of the following:

(A) Subject to division sections 3721.512 and 3721.513 of the Revised Code and divisions (C) and (D) of this section and for the purposes specified
in sections 3721.56 and 3721.561 of the Revised Code, determine an annual franchise permit fee on each nursing home in an amount equal to six dollars and twenty-five cents, the franchise permit fee rate multiplied by the product of the following:

(1) The number of beds licensed as nursing home beds, plus any other beds certified as skilled nursing facility beds under Title XVIII or nursing facility beds under Title XIX on the first day of May of the calendar year in which the fee is determined pursuant to division (A) of section 3721.53 of the Revised Code;

(2) The number of days in the fiscal year beginning on the first day of July of the calendar year in which the fee is determined pursuant to division (A) of section 3721.53 of the Revised Code.

(C) If the total amount of the franchise permit fee assessed under divisions (A) and (B) of this section for a fiscal year exceeds five and one-half per cent of the actual net patient revenue for all nursing homes and hospital long-term care units for that fiscal year, do both of the following:

(1) Recalculate the assessments under divisions (A) and (B) of this section using a per bed per day rate equal to five and one-half per cent of actual net patient revenue for all nursing homes and hospital long-term care units for that fiscal year;

(2) Refund the difference between the amount of the franchise permit fee assessed for that fiscal year under divisions (A) and (B) of this section and the amount recalculated under division (C)(1) of this section as a credit against the assessments imposed under divisions (A) and (B) of this section for the subsequent fiscal year.
(D) If the United States centers for medicare and medicaid services determines that the franchise permit fee established by sections 3721.50 to 3721.58 of the Revised Code is an impermissible health care related tax under section 1903(w) of the "Social Security Act," 49 Stat. 620 (1935), 42 U.S.C. 1396b(w), as amended, take all necessary actions to cease implementation of sections 3721.50 to 3721.58 of the Revised Code in accordance with rules adopted under section 3721.58 of the Revised Code.

Sec. 3721.511. (A) Not later than four months after the effective date of this section, the department of job and family services shall apply to the United States secretary of health and human services for a waiver under 42 U.S.C. 1396b(w)(3)(E) as necessary to do both of the following regarding the franchise permit fee imposed by section 3721.51 of the Revised Code:

(1) Reduce the franchise permit fee to zero dollars for each nursing home licensed under section 3721.02 or 3721.09 of the Revised Code to which either of the following applies:
   (a) The nursing home:
      (i) Is exempt from state taxation under section 140.08 of the Revised Code or is exempt from state taxation as a home for the aged as defined in section 5701.13 of the Revised Code;
      (ii) Is exempt from federal income taxation under section 501 of the Internal Revenue Code of 1986;
      (iii) Does not participate in medicaid or medicare; and

      (iii) Does not participate in medicaid or medicare.

(2) For each nursing facility with more than two hundred beds certified as nursing facility beds under Title XIX, reduce the franchise permit fee for a number of the nursing facility's beds specified by the department to the amount necessary to obtain approval of the waiver sought under this section.

(B) The effective date of the waiver sought under this section shall be the first day of the calendar quarter beginning after the United States secretary approves the waiver.

Sec. 3721.512. If the United States secretary of health and human
services approves the waiver sought under section 3721.511 of the Revised Code, the department of job and family services shall, for each nursing home and hospital that qualifies for a reduction of its franchise permit fee under the waiver, reduce the franchise permit fee in accordance with the terms of the waiver. For purposes of the first fiscal year during which the waiver takes effect, the department shall determine the amount of the reduction not later than the effective date of the waiver and shall mail to each nursing home and hospital qualifying for the reduction notice of the reduction not later than the last day of the first month of the calendar quarter that begins after the United States secretary approves the waiver. For purposes of subsequent fiscal years, the department shall make such determinations and mail such notices in accordance with section 3721.53 of the Revised Code.

Sec. 3721.513. (A) If the United States secretary of health and human services approves the waiver sought under section 3721.511 of the Revised Code, the department of job and family services may do both of the following regarding the franchise permit fee imposed by section 3721.51 of the Revised Code:

(1) Determine how much money the franchise permit fee would have raised in a fiscal year if not for the waiver;

(2) For each nursing home and hospital subject to the franchise permit fee, other than a nursing home or hospital that has its franchise permit fee reduced under section 3721.512 of the Revised Code, uniformly increase the amount of the franchise permit fee for a fiscal year to an amount that will have the franchise permit fee raise an amount of money that does not exceed the amount determined under division (A)(1) of this section for that fiscal year.

the public health council, which shall be collected and transmitted by the board of health to the treasurer of state to be credited to the general operations fund created in section 3701.83 of the Revised Code pursuant to section 3709.092 of the Revised Code and used only for the purpose of administering and enforcing sections 3733.01 to 3733.08 of the Revised Code and the rules adopted under those sections. The portion of any fee retained by the board of health shall be paid into a special fund and used only for the purpose of administering and enforcing sections 3733.01 to 3733.08 of the Revised Code and the rules adopted thereunder.

Sec. 3733.25. Any fee for the license required by section 3733.24 of the Revised Code shall be determined in accordance with section 3709.09 of the Revised Code. The license fee shall include any additional amount determined by rule of the public health council, which shall be collected and transmitted by the board of health to the director of health for deposit in the state treasury to the credit of the general operations fund created in section 3701.83 of the Revised Code pursuant to section 3709.092 of the Revised Code and shall be used by the director to administer and enforce sections 3733.21 to 3733.30 of the Revised Code and rules adopted thereunder. The portion of any fee retained by the health district shall be paid into a special fund which is hereby created in each health district and shall be used only by the board for the purpose of administering and enforcing sections 3733.21 to 3733.30 of the Revised Code and the rules adopted thereunder. The health district may charge additional reasonable fees for the collection and bacteriological examination of any necessary water samples taken from a marina.

Sec. 3733.43. (A) Except as otherwise provided in this division, prior to the fifteenth day of April in each year, every person who intends to operate an agricultural labor camp shall make application to the licensor for a license to operate such camp, effective for the calendar year in which it is issued. The licensor may accept an application on or after the fifteenth day of April. The license fees specified in this division shall be submitted to the licensor with the application for a license. No agricultural labor camp shall be operated in this state without a license. Any person operating an agricultural labor camp without a current and valid agricultural labor camp license is not excepted from compliance with sections 3733.41 to 3733.49 of the Revised Code by holding a valid and current hotel license. Each person proposing to open an agricultural labor camp shall submit with the application for a license any plans required by any rule adopted under section 3733.42 of the Revised Code. The license issued on or after July 1, 2009, the annual license fee is seventy-five one hundred fifty dollars,
unless the application for a license is made on or after the fifteenth day of April in any given year, in which case the annual license fee is one hundred sixty-six dollars. An additional fee of ten twenty dollars per housing unit per year shall be assessed to defray the costs of enforcing sections 3733.41 to 3733.49 of the Revised Code, unless the application for a license is made on or after the fifteenth day of April in any given year, in which case an additional fee of fifteen forty-two dollars and fifty cents per housing unit shall be assessed. All fees collected under this division shall be deposited in the state treasury to the credit of the general operations fund created in section 3701.83 of the Revised Code and shall be used for the administration and enforcement of sections 3733.41 to 3733.49 of the Revised Code and rules adopted thereunder.

(B) Any license under this section may be denied, suspended, or revoked by the licensor for violation of sections 3733.41 to 3733.49 of the Revised Code or the rules adopted thereunder. Unless there is an immediate serious public health hazard, no denial, suspension, or revocation of a license shall be made effective until the person operating the agricultural labor camp has been given notice in writing of the specific violations and a reasonable time to make corrections. When the licensor determines that an immediate serious public health hazard exists, the licensor shall issue an order denying or suspending the license without a prior hearing.

(C) All proceedings under this section are subject to Chapter 119. of the Revised Code except as provided in section 3733.431 of the Revised Code.

(D) Every occupant of an agricultural labor camp shall keep that part of the dwelling unit, and premises thereof, that the occupant occupies and controls in a clean and sanitary condition.

Sec. 3734.05. (A)(1) Except as provided in divisions (A)(4), (8), and (9) of this section, no person shall operate or maintain a solid waste facility without a license issued under this division by the board of health of the health district in which the facility is located or by the director of environmental protection when the health district in which the facility is located is not on the approved list under section 3734.08 of the Revised Code.

During the month of December, but before the first day of January of the next year, every person proposing to continue to operate an existing solid waste facility shall procure a license under this division to operate the facility for that year from the board of health of the health district in which the facility is located or, if the health district is not on the approved list under section 3734.08 of the Revised Code, from the director. The
application for such a license shall be submitted to the board of health or to
the director, as appropriate, on or before the last day of September of the
year preceding that for which the license is sought. In addition to the
application fee prescribed in division (A)(2) of this section, a person who
submits an application after that date shall pay an additional ten per cent of
the amount of the application fee for each week that the application is late.
Late payment fees accompanying an application submitted to the board of
health shall be credited to the special fund of the health district created in
division (B) of section 3734.06 of the Revised Code, and late payment fees
accompanying an application submitted to the director shall be credited to
the general revenue fund. A person who has received a license, upon sale or
disposition of a solid waste facility, and upon consent of the board of health
and the director, may have the license transferred to another person. The
board of health or the director may include such terms and conditions in a
license or revision to a license as are appropriate to ensure compliance with
this chapter and rules adopted under it. The terms and conditions may
establish the authorized maximum daily waste receipts for the facility.
Limitations on maximum daily waste receipts shall be specified in cubic
yards of volume for the purpose of regulating the design, construction, and
operation of solid waste facilities. Terms and conditions included in a
license or revision to a license by a board of health shall be consistent with,
and pertain only to the subjects addressed in, the rules adopted under
division (A) of section 3734.02 and division (D) of section 3734.12 of the
Revised Code.

(2)(a) Except as provided in divisions (A)(2)(b), (8), and (9) of this
section, each person proposing to open a new solid waste facility or to
modify an existing solid waste facility shall submit an application for a
permit with accompanying detail plans and specifications to the
environmental protection agency for required approval under the rules
adopted by the director pursuant to division (A) of section 3734.02 of the
Revised Code and applicable rules adopted under division (D) of section
3734.12 of the Revised Code at least two hundred seventy days before
proposed operation of the facility and shall concurrently make application
for the issuance of a license under division (A)(1) of this section with the
board of health of the health district in which the proposed facility is to be
located.

(b) On and after the effective date of the rules adopted under division
(A) of section 3734.02 of the Revised Code and division (D) of section
3734.12 of the Revised Code governing solid waste transfer facilities, each
person proposing to open a new solid waste transfer facility or to modify an
existing solid waste transfer facility shall submit an application for a permit with accompanying engineering detail plans, specifications, and information regarding the facility and its method of operation to the environmental protection agency for required approval under those rules at least two hundred seventy days before commencing proposed operation of the facility and concurrently shall make application for the issuance of a license under division (A)(1) of this section with the board of health of the health district in which the facility is located or proposed.

(c) Each application for a permit under division (A)(2)(a) or (b) of this section shall be accompanied by a nonrefundable application fee of four hundred dollars that shall be credited to the general revenue fund. Each application for an annual license under division (A)(1) or (2) of this section shall be accompanied by a nonrefundable application fee of one hundred dollars. If the application for an annual license is submitted to a board of health on the approved list under section 3734.08 of the Revised Code, the application fee shall be credited to the special fund of the health district created in division (B) of section 3734.06 of the Revised Code. If the application for an annual license is submitted to the director, the application fee shall be credited to the general revenue fund. If a permit or license is issued, the amount of the application fee paid shall be deducted from the amount of the permit fee due under division (Q) of section 3745.11 of the Revised Code or the amount of the license fee due under division (A)(1), (2), (3), or (4) of section 3734.06 of the Revised Code.

(d) As used in divisions (A)(2)(d), (e), and (f) of this section, "modify" means any of the following:

(i) Any increase of more than ten per cent in the total capacity of a solid waste facility;

(ii) Any expansion of the limits of solid waste placement at a solid waste facility;

(iii) Any increase in the depth of excavation at a solid waste facility;

(iv) Any change in the technique of waste receipt or type of waste received at a solid waste facility that may endanger human health, as determined by the director by rules adopted in accordance with Chapter 119. of the Revised Code.

Not later than thirty-five days after submitting an application under division (A)(2)(a) or (b) of this section for a permit to open a new or modify an existing solid waste facility, the applicant, in conjunction with an officer or employee of the environmental protection agency, shall hold a public meeting on the application within the county in which the new or modified solid waste facility is or is proposed to be located or within a contiguous
county. Not less than thirty days before holding the public meeting on the
application, the applicant shall publish notice of the meeting in each
newspaper of general circulation that is published in the county in which the
facility is or is proposed to be located. If no newspaper of general
circulation is published in the county, the applicant shall publish the notice
in a newspaper of general circulation in the county. The notice shall contain
the date, time, and location of the public meeting and a general description
of the proposed new or modified facility. Not later than five days after
publishing the notice, the applicant shall send by certified mail a copy of the
notice and the date the notice was published to the director and the
legislative authority of each municipal corporation, township, and county,
and to the chief executive officer of each municipal corporation, in which
the facility is or is proposed to be located. At the public meeting, the
applicant shall provide information and describe the application and respond
to comments or questions concerning the application, and the officer or
employee of the agency shall describe the permit application process. At the
public meeting, any person may submit written or oral comments on or
objections to the application. Not more than thirty days after the public
meeting, the applicant shall provide the director with a copy of a transcript
of the full meeting, copies of any exhibits, displays, or other materials
presented by the applicant at the meeting, and the original copy of any
written comments submitted at the meeting.

(e) Except as provided in division (A)(2)(f) of this section, prior to
taking an action, other than a proposed or final denial, upon an application
submitted under division (A)(2)(a) of this section for a permit to open a new
or modify an existing solid waste facility, the director shall hold a public
information session and a public hearing on the application within the
county in which the new or modified solid waste facility is or is proposed to
be located or within a contiguous county. If the application is for a permit to
open a new solid waste facility, the director shall hold the hearing not less
than fourteen days after the information session. If the application is for a
permit to modify an existing solid waste facility, the director may hold both
the information session and the hearing on the same day unless any
individual affected by the application requests in writing that the
information session and the hearing not be held on the same day, in which
case the director shall hold the hearing not less than fourteen days after the
information session. The director shall publish notice of the public
information session or public hearing not less than thirty days before
holding the information session or hearing, as applicable. The notice shall be
published in each newspaper of general circulation that is published in the
county in which the facility is or is proposed to be located. If no newspaper
of general circulation is published in the county, the director shall publish
the notice in a newspaper of general circulation in the county. The notice
shall contain the date, time, and location of the information session or
hearing, as applicable, and a general description of the proposed new or
modified facility. At the public information session, an officer or employee
of the environmental protection agency shall describe the status of the
permit application and be available to respond to comments or questions
concerning the application. At the public hearing, any person may submit
written or oral comments on or objections to the approval of the application.
The applicant, or a representative of the applicant who has knowledge of the
location, construction, and operation of the facility, shall attend the
information session and public hearing to respond to comments or questions
concerning the facility directed to the applicant or representative by the
officer or employee of the environmental protection agency presiding at the
information session and hearing.

(f) The solid waste management policy committee of a county or joint
solid waste management district may adopt a resolution requesting
expeditious consideration of a specific application submitted under division
(A)(2)(a) of this section for a permit to modify an existing solid waste
facility within the district. The resolution shall make the finding that
expedited consideration of the application without the public information
session and public hearing under division (A)(2)(e) of this section is in the
public interest and will not endanger human health, as determined by the
director by rules adopted in accordance with Chapter 119. of the Revised
Code. Upon receiving such a resolution, the director, at the director's
discretion, may issue a final action upon the application without holding a
public information session or public hearing pursuant to division (A)(2)(e)
of this section.

(3) Except as provided in division (A)(10) of this section, and unless the
owner or operator of any solid waste facility, other than a solid waste
transfer facility or a compost facility that accepts exclusively source
separated yard wastes, that commenced operation on or before July 1, 1968,
has obtained an exemption from the requirements of division (A)(3) of this
section in accordance with division (G) of section 3734.02 of the Revised
Code, the owner or operator shall submit to the director an application for a
permit with accompanying engineering detail plans, specifications, and
information regarding the facility and its method of operation for approval
under rules adopted under division (A) of section 3734.02 of the Revised
Code and applicable rules adopted under division (D) of section 3734.12 of
the Revised Code in accordance with the following schedule:

(a) Not later than September 24, 1988, if the facility is located in the city of Garfield Heights or Parma in Cuyahoga county;

(b) Not later than December 24, 1988, if the facility is located in Delaware, Greene, Guernsey, Hamilton, Madison, Mahoning, Ottawa, or Vinton county;

(c) Not later than March 24, 1989, if the facility is located in Champaign, Clinton, Columbiana, Huron, Paulding, Stark, or Washington county, or is located in the city of Brooklyn or Cuyahoga Heights in Cuyahoga county;

(d) Not later than June 24, 1989, if the facility is located in Adams, Auglaize, Coshocton, Darke, Harrison, Lorain, Lucas, or Summit county or is located in Cuyahoga county outside the cities of Garfield Heights, Parma, Brooklyn, and Cuyahoga Heights;

(e) Not later than September 24, 1989, if the facility is located in Butler, Carroll, Erie, Lake, Portage, Putnam, or Ross county;

(f) Not later than December 24, 1989, if the facility is located in a county not listed in divisions (A)(3)(a) to (e) of this section;

(g) Notwithstanding divisions (A)(3)(a) to (f) of this section, not later than December 31, 1990, if the facility is a solid waste facility owned by a generator of solid wastes when the solid waste facility exclusively disposes of solid wastes generated at one or more premises owned by the generator regardless of whether the facility is located on a premises where the wastes are generated and if the facility disposes of more than one hundred thousand tons of solid wastes per year, provided that any such facility shall be subject to division (A)(5) of this section.

(4) Except as provided in divisions (A)(8), (9), and (10) of this section, unless the owner or operator of any solid waste facility for which a permit was issued after July 1, 1968, but before January 1, 1980, has obtained an exemption from the requirements of division (A)(4) of this section under division (G) of section 3734.02 of the Revised Code, the owner or operator shall submit to the director an application for a permit with accompanying engineering detail plans, specifications, and information regarding the facility and its method of operation for approval under those rules.

(5) The director may issue an order in accordance with Chapter 3745. of the Revised Code to the owner or operator of a solid waste facility requiring the person to submit to the director updated engineering detail plans, specifications, and information regarding the facility and its method of operation for approval under rules adopted under division (A) of section 3734.02 of the Revised Code and applicable rules adopted under division
(D) of section 3734.12 of the Revised Code if, in the director's judgment, conditions at the facility constitute a substantial threat to public health or safety or are causing or contributing to or threatening to cause or contribute to air or water pollution or soil contamination. Any person who receives such an order shall submit the updated engineering detail plans, specifications, and information to the director within one hundred eighty days after the effective date of the order.

(6) The director shall act upon an application submitted under division (A)(3) or (4) of this section and any updated engineering plans, specifications, and information submitted under division (A)(5) of this section within one hundred eighty days after receiving them. If the director denies any such permit application, the order denying the application or disapproving the plans shall include the requirements that the owner or operator submit a plan for closure and post-closure care of the facility to the director for approval within six months after issuance of the order, cease accepting solid wastes for disposal or transfer at the facility, and commence closure of the facility not later than one year after issuance of the order. If the director determines that closure of the facility within that one-year period would result in the unavailability of sufficient solid waste management facility capacity within the county or joint solid waste management district in which the facility is located to dispose of or transfer the solid waste generated within the district, the director in the order of denial or disapproval may postpone commencement of closure of the facility for such period of time as the director finds necessary for the board of county commissioners or directors of the district to secure access to or for there to be constructed within the district sufficient solid waste management facility capacity to meet the needs of the district, provided that the director shall certify in the director's order that postponing the date for commencement of closure will not endanger ground water or any property surrounding the facility, allow methane gas migration to occur, or cause or contribute to any other type of environmental damage.

If an emergency need for disposal capacity that may affect public health and safety exists as a result of closure of a facility under division (A)(6) of this section, the director may issue an order designating another solid waste facility to accept the wastes that would have been disposed of at the facility to be closed.

(7) If the director determines that standards more stringent than those applicable in rules adopted under division (A) of section 3734.02 of the Revised Code and division (D) of section 3734.12 of the Revised Code, or standards pertaining to subjects not specifically addressed by those rules, are
necessary to ensure that a solid waste facility constructed at the proposed location will not cause a nuisance, cause or contribute to water pollution, or endanger public health or safety, the director may issue a permit for the facility with such terms and conditions as the director finds necessary to protect public health and safety and the environment. If a permit is issued, the director shall state in the order issuing it the specific findings supporting each such term or condition.

(8) Divisions (A)(1), (2)(a), (3), and (4) of this section do not apply to a solid waste compost facility that accepts exclusively source separated yard wastes and that is registered under division (C) of section 3734.02 of the Revised Code or, unless otherwise provided in rules adopted under division (N)(3) of section 3734.02 of the Revised Code, to a solid waste compost facility if the director has adopted rules establishing an alternative system for authorizing the establishment, operation, or modification of a solid waste compost facility under that division.

(9) Divisions (A)(1) to (7) of this section do not apply to scrap tire collection, storage, monocell, monofill, and recovery facilities. The approval of plans and specifications, as applicable, and the issuance of registration certificates, permits, and licenses for those facilities are subject to sections 3734.75 to 3734.78 of the Revised Code, as applicable, and section 3734.81 of the Revised Code.

(10) Divisions (A)(3) and (4) of this section do not apply to a solid waste incinerator that was placed into operation on or before October 12, 1994, and that is not authorized to accept and treat infectious wastes pursuant to division (B) of this section.

(B)(1) Each person who is engaged in the business of treating infectious wastes for profit at a treatment facility located off the premises where the wastes are generated that is in operation on August 10, 1988, and who proposes to continue operating the facility shall submit to the board of health of the health district in which the facility is located an application for a license to operate the facility.

Thereafter, no person shall operate or maintain an infectious waste treatment facility without a license issued by the board of health of the health district in which the facility is located or by the director when the health district in which the facility is located is not on the approved list under section 3734.08 of the Revised Code.

(2)(a) During the month of December, but before the first day of January of the next year, every person proposing to continue to operate an existing infectious waste treatment facility shall procure a license to operate the facility for that year from the board of health of the health district in
which the facility is located or, if the health district is not on the approved list under section 3734.08 of the Revised Code, from the director. The application for such a license shall be submitted to the board of health or to the director, as appropriate, on or before the last day of September of the year preceding that for which the license is sought. In addition to the application fee prescribed in division (B)(2)(c) of this section, a person who submits an application after that date shall pay an additional ten per cent of the amount of the application fee for each week that the application is late. Late payment fees accompanying an application submitted to the board of health shall be credited to the special infectious waste fund of the health district created in division (C) of section 3734.06 of the Revised Code, and late payment fees accompanying an application submitted to the director shall be credited to the general revenue fund. A person who has received a license, upon sale or disposition of an infectious waste treatment facility and upon consent of the board of health and the director, may have the license transferred to another person. The board of health or the director may include such terms and conditions in a license or revision to a license as are appropriate to ensure compliance with the infectious waste provisions of this chapter and rules adopted under them.

(b) Each person proposing to open a new infectious waste treatment facility or to modify an existing infectious waste treatment facility shall submit an application for a permit with accompanying detail plans and specifications to the environmental protection agency for required approval under the rules adopted by the director pursuant to section 3734.021 of the Revised Code two hundred seventy days before proposed operation of the facility and concurrently shall make application for a license with the board of health of the health district in which the facility is or is proposed to be located. Not later than ninety days after receiving a completed application under division (B)(2)(b) of this section for a permit to open a new infectious waste treatment facility or modify an existing infectious waste treatment facility to expand its treatment capacity, or receiving a completed application under division (A)(2)(a) of this section for a permit to open a new solid waste incineration facility, or modify an existing solid waste incineration facility to also treat infectious wastes or to increase its infectious waste treatment capacity, that pertains to a facility for which a notation authorizing infectious waste treatment is included or proposed to be included in the solid waste incineration facility's license pursuant to division (B)(3) of this section, the director shall hold a public hearing on the application within the county in which the new or modified infectious waste or solid waste facility is or is proposed to be located or within a contiguous
county. Not less than thirty days before holding the public hearing on the
application, the director shall publish notice of the hearing in each
newspaper that has general circulation and that is published in the county in
which the facility is or is proposed to be located. If there is no newspaper
that has general circulation and that is published in the county, the director
shall publish the notice in a newspaper of general circulation in the county.
The notice shall contain the date, time, and location of the public hearing
and a general description of the proposed new or modified facility. At the
public hearing, any person may submit written or oral comments on or
objections to the approval or disapproval of the application. The applicant,
or a representative of the applicant who has knowledge of the location,
construction, and operation of the facility, shall attend the public hearing to
respond to comments or questions concerning the facility directed to the
applicant or representative by the officer or employee of the environmental
protection agency presiding at the hearing.

c Each application for a permit under division (B)(2)(b) of this section
shall be accompanied by a nonrefundable application fee of four hundred
dollars that shall be credited to the general revenue fund. Each application
for an annual license under division (B)(2)(a) of this section shall be
accompanied by a nonrefundable application fee of one hundred dollars. If
the application for an annual license is submitted to a board of health on the
approved list under section 3734.08 of the Revised Code, the application fee
shall be credited to the special infectious waste fund of the health district
created in division (C) of section 3734.06 of the Revised Code. If the
application for an annual license is submitted to the director, the application
fee shall be credited to the general revenue fund. If a permit or license is
issued, the amount of the application fee paid shall be deducted from the
amount of the permit fee due under division (Q) of section 3745.11 of the
Revised Code or the amount of the license fee due under division (C) of
section 3734.06 of the Revised Code.

d The owner or operator of any infectious waste treatment facility that
commenced operation on or before July 1, 1968, shall submit to the director
an application for a permit with accompanying engineering detail plans,
specifications, and information regarding the facility and its method of
operation for approval under rules adopted under section 3734.021 of the
Revised Code in accordance with the following schedule:

(i) Not later than December 24, 1988, if the facility is located in
Delaware, Greene, Guernsey, Hamilton, Madison, Mahoning, Ottawa, or
Vinton county;

(ii) Not later than March 24, 1989, if the facility is located in
Champaign, Clinton, Columbiana, Huron, Paulding, Stark, or Washington county, or is located in the city of Brooklyn, Cuyahoga Heights, or Parma in Cuyahoga county;

(iii) Not later than June 24, 1989, if the facility is located in Adams, Auglaize, Coshocton, Darke, Harrison, Lorain, Lucas, or Summit county or is located in Cuyahoga county outside the cities of Brooklyn, Cuyahoga Heights, and Parma;

(iv) Not later than September 24, 1989, if the facility is located in Butler, Carroll, Erie, Lake, Portage, Putnam, or Ross county;

(v) Not later than December 24, 1989, if the facility is located in a county not listed in divisions (B)(2)(d)(i) to (iv) of this section.

The owner or operator of an infectious waste treatment facility required to submit a permit application under division (B)(2)(d) of this section is not required to pay any permit application fee under division (B)(2)(c) of this section, or permit fee under division (Q) of section 3745.11 of the Revised Code, with respect thereto unless the owner or operator also proposes to modify the facility.

(e) The director may issue an order in accordance with Chapter 3745. of the Revised Code to the owner or operator of an infectious waste treatment facility requiring the person to submit to the director updated engineering detail plans, specifications, and information regarding the facility and its method of operation for approval under rules adopted under section 3734.021 of the Revised Code if, in the director's judgment, conditions at the facility constitute a substantial threat to public health or safety or are causing or contributing to or threatening to cause or contribute to air or water pollution or soil contamination. Any person who receives such an order shall submit the updated engineering detail plans, specifications, and information to the director within one hundred eighty days after the effective date of the order.

(f) The director shall act upon an application submitted under division (B)(2)(d) of this section and any updated engineering plans, specifications, and information submitted under division (B)(2)(e) of this section within one hundred eighty days after receiving them. If the director denies any such permit application or disapproves any such updated engineering plans, specifications, and information, the director shall include in the order denying the application or disapproving the plans the requirement that the owner or operator cease accepting infectious wastes for treatment at the facility.

(3) Division (B) of this section does not apply to an infectious waste treatment facility that meets any of the following conditions:
(a) Is owned or operated by the generator of the wastes and exclusively treats, by methods, techniques, and practices established by rules adopted under division (C)(1) or (3) of section 3734.021 of the Revised Code, wastes that are generated at any premises owned or operated by that generator regardless of whether the wastes are generated on the same premises where the generator's treatment facility is located or, if the generator is a hospital as defined in section 3727.01 of the Revised Code, infectious wastes that are described in division (A)(1)(g), (h), or (i) of section 3734.021 of the Revised Code;

(b) Holds a license or renewal of a license to operate a crematory facility issued under Chapter 4717. and a permit issued under Chapter 3704. of the Revised Code;

(c) Treats or disposes of dead animals or parts thereof, or the blood of animals, and is subject to any of the following:

(ii) Chapter 918. of the Revised Code;

(iii) Chapter 953. of the Revised Code.

Nothing in division (B) of this section requires a facility that holds a license issued under division (A) of this section as a solid waste facility and that also treats infectious wastes by the same method, technique, or process to obtain a license under division (B) of this section as an infectious waste treatment facility. However, the solid waste facility license for the facility shall include the notation that the facility also treats infectious wastes.

On and after the effective date of the amendments to the rules adopted under division (C)(2) of section 3734.021 of the Revised Code that are required by Section 6 of Substitute House Bill No. 98 of the 120th General Assembly, the director shall not issue a permit to open a new solid waste incineration facility unless the proposed facility complies with the requirements for the location of new infectious waste incineration facilities established in the required amendments to those rules.

(C) Except for a facility or activity described in division (E)(3) of section 3734.02 of the Revised Code, a person who proposes to establish or operate a hazardous waste facility shall submit a complete application for a hazardous waste facility installation and operation permit and accompanying detail plans, specifications, and such information as the director may require to the environmental protection agency at least one hundred eighty days before the proposed beginning of operation of the facility. The applicant shall notify by certified mail the legislative authority of each municipal corporation, township, and county in which the facility is proposed to be
located of the submission of the application within ten days after the submission or at such earlier time as the director may establish by rule. If the application is for a proposed new hazardous waste disposal or thermal treatment facility, the applicant also shall give actual notice of the general design and purpose of the facility to the legislative authority of each municipal corporation, township, and county in which the facility is proposed to be located at least ninety days before the permit application is submitted to the environmental protection agency.

In accordance with rules adopted under section 3734.12 of the Revised Code, prior to the submission of a complete application for a hazardous waste facility installation and operation permit, the applicant shall hold at least one meeting in the township or municipal corporation in which the facility is proposed to be located, whichever is geographically closer to the proposed location of the facility. The meeting shall be open to the public and shall be held to inform the community of the proposed hazardous waste management activities and to solicit questions from the community concerning the activities.

(D)(1) Except as provided in section 3734.123 of the Revised Code, upon receipt of a complete application for a hazardous waste facility installation and operation permit under division (C) of this section, the director shall consider the application and accompanying information to determine whether the application complies with agency rules and the requirements of division (D)(2) of this section. After making a determination, the director shall issue either a draft permit or a notice of intent to deny the permit. The director, in accordance with rules adopted under section 3734.12 of the Revised Code or with rules adopted to implement Chapter 3745. of the Revised Code, shall provide public notice of the application and the draft permit or the notice of intent to deny the permit, provide an opportunity for public comments, and, if significant interest is shown, schedule a public meeting in the county in which the facility is proposed to be located and give public notice of the date, time, and location of the public meeting in a newspaper of general circulation in that county.

(2) The director shall not approve an application for a hazardous waste facility installation and operation permit or an application for a modification under division (I)(3) of this section unless the director finds and determines as follows:

(a) The nature and volume of the waste to be treated, stored, or disposed of at the facility;

(b) That the facility complies with the director's hazardous waste
standards adopted pursuant to section 3734.12 of the Revised Code;

(c) That the facility represents the minimum adverse environmental impact, considering the state of available technology and the nature and economics of various alternatives, and other pertinent considerations;

(d) That the facility represents the minimum risk of all of the following:
   (i) Fires or explosions from treatment, storage, or disposal methods;
   (ii) Release of hazardous waste during transportation of hazardous waste to or from the facility;
   (iii) Adverse impact on the public health and safety.

(e) That the facility will comply with this chapter and Chapters 3704. and 6111. of the Revised Code and all rules and standards adopted under them;

(f) That if the owner of the facility, the operator of the facility, or any other person in a position with the facility from which the person may influence the installation and operation of the facility has been involved in any prior activity involving transportation, treatment, storage, or disposal of hazardous waste, that person has a history of compliance with this chapter and Chapters 3704. and 6111. of the Revised Code and all rules and standards adopted under them, the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 42 U.S.C.A. 6921, as amended, and all regulations adopted under it, and similar laws and rules of other states if any such prior operation was located in another state that demonstrates sufficient reliability, expertise, and competency to operate a hazardous waste facility under the applicable provisions of this chapter and Chapters 3704. and 6111. of the Revised Code, the applicable rules and standards adopted under them, and terms and conditions of a hazardous waste facility installation and operation permit, given the potential for harm to the public health and safety and the environment that could result from the irresponsible operation of the facility. For off-site facilities, as defined in section 3734.41 of the Revised Code, the director may use the investigative reports of the attorney general prepared pursuant to section 3734.42 of the Revised Code as a basis for making a finding and determination under division (D)(2)(f) of this section.

(g) That the active areas within a new hazardous waste facility where acute hazardous waste as listed in 40 C.F.R. 261.33 (e), as amended, or organic waste that is toxic and is listed under 40 C.F.R. 261, as amended, is being stored, treated, or disposed of and where the aggregate of the storage design capacity and the disposal design capacity of all hazardous waste in those areas is greater than two hundred fifty thousand gallons, are not located or operated within any of the following:

   (i) Two thousand feet of any residence, school, hospital, jail, or prison;
(ii) Any naturally occurring wetland;

(iii) Any flood hazard area if the applicant cannot show that the facility will be designed, constructed, operated, and maintained to prevent washout by a one-hundred-year flood.

Division (D)(2)(g) of this section does not apply to the facility of any applicant who demonstrates to the director that the limitations specified in that division are not necessary because of the nature or volume of the waste and the manner of management applied, the facility will impose no substantial danger to the health and safety of persons occupying the structures listed in division (D)(2)(g)(i) of this section, and the facility is to be located or operated in an area where the proposed hazardous waste activities will not be incompatible with existing land uses in the area.

(h) That the facility will not be located within the boundaries of a state park established or dedicated under Chapter 1541. of the Revised Code, a state park purchase area established under section 1541.02 of the Revised Code, any unit of the national park system, or any property that lies within the boundaries of a national park or recreation area, but that has not been acquired or is not administered by the secretary of the United States department of the interior, located in this state, or any candidate area located in this state identified for potential inclusion in the national park system in the edition of the "national park system plan" submitted under paragraph (b) of section 8 of "The Act of August 18, 1970," 84 Stat. 825, 16 U.S.C.A. 1a-5, as amended, current at the time of filing of the application for the permit, unless the facility will be used exclusively for the storage of hazardous waste generated within the park or recreation area in conjunction with the operation of the park or recreation area. Division (D)(2)(h) of this section does not apply to the facility of any applicant for modification of a permit unless the modification application proposes to increase the land area included in the facility or to increase the quantity of hazardous waste that will be treated, stored, or disposed of at the facility.

(3) Not later than one hundred eighty days after the end of the public comment period, the director, without prior hearing, shall issue or deny the permit in accordance with Chapter 3745. of the Revised Code. If the director approves an application for a hazardous waste facility installation and operation permit, the director shall issue the permit, upon such terms and conditions as the director finds are necessary to ensure the construction and operation of the hazardous waste facility in accordance with the standards of this section.

(E); No political subdivision of this state shall require any additional zoning or other approval, consent, permit, certificate, or condition for the
construction or operation of a hazardous waste facility authorized by a hazardous waste facility installation and operation permit issued pursuant to this chapter, nor shall any political subdivision adopt or enforce any law, ordinance, or rule that in any way alters, impairs, or limits the authority granted in the permit.

(F) The director may issue a single hazardous waste facility installation and operation permit to a person who operates two or more adjoining facilities where hazardous waste is stored, treated, or disposed of if the application includes detail plans, specifications, and information on all facilities. For the purposes of this section, "adjoining" means sharing a common boundary, separated only by a public road, or in such proximity that the director determines that the issuance of a single permit will not create a hazard to the public health or safety or the environment.

(G) No person shall falsify or fail to keep or submit any plans, specifications, data, reports, records, manifests, or other information required to be kept or submitted to the director by this chapter or the rules adopted under it.

(H)(1) Each person who holds an installation and operation permit issued under this section and who wishes to obtain a permit renewal shall submit a completed application for an installation and operation permit renewal and any necessary accompanying general plans, detail plans, specifications, and such information as the director may require to the director no later than one hundred eighty days prior to the expiration date of the existing permit or upon a later date prior to the expiration of the existing permit if the permittee can demonstrate good cause for the late submittal. The director shall consider the application and accompanying information, inspection reports of the facility, results of performance tests, a report regarding the facility’s compliance or noncompliance with the terms and conditions of its permit and rules adopted by the director under this chapter, and such other information as is relevant to the operation of the facility and shall issue a draft renewal permit or a notice of intent to deny the renewal permit. The director, in accordance with rules adopted under this section or with rules adopted to implement Chapter 3745. of the Revised Code, shall give public notice of the application and draft renewal permit or notice of intent to deny the renewal permit, provide for the opportunity for public comments within a specified time period, schedule a public meeting in the county in which the facility is located if significant interest is shown, and give public notice of the public meeting.

(2) Within sixty days after the public meeting or close of the public comment period, the director, without prior hearing, shall issue or deny the
renewal permit in accordance with Chapter 3745. of the Revised Code. The director shall not issue a renewal permit unless the director determines that the facility under the existing permit has a history of compliance with this chapter, rules adopted under it, the existing permit, or orders entered to enforce such requirements that demonstrates sufficient reliability, expertise, and competency to operate the facility henceforth under this chapter, rules adopted under it, and the renewal permit. If the director approves an application for a renewal permit, the director shall issue the permit subject to the payment of the annual permit fee required under division (E) of section 3734.02 of the Revised Code and upon such terms and conditions as the director finds are reasonable to ensure that continued operation, maintenance, closure, and post-closure care of the hazardous waste facility are in accordance with the rules adopted under section 3734.12 of the Revised Code.

(3) An installation and operation permit renewal application submitted to the director that also contains or would constitute an application for a modification shall be acted upon by the director in accordance with division (I) of this section in the same manner as an application for a modification. In approving or disapproving the renewal portion of a permit renewal application containing an application for a modification, the director shall apply the criteria established under division (H)(2) of this section.

(4) An application for renewal or modification of a permit that does not contain an application for a modification as described in divisions (I)(3)(a) to (d) of this section shall not be subject to division (D)(2) of this section.

(I)(1) As used in this section, "modification" means a change or alteration to a hazardous waste facility or its operations that is inconsistent with or not authorized by its existing permit or authorization to operate. Modifications shall be classified as Class 1, 2, or 3 modifications in accordance with rules adopted under division (K) of this section. Modifications classified as Class 3 modifications, in accordance with rules adopted under that division, shall be further classified by the director as either Class 3 modifications that are to be approved or disapproved by the director under divisions (I)(3)(a) to (d) of this section or as Class 3 modifications that are to be approved or disapproved by the director under division (I)(5) of this section. Not later than thirty days after receiving a request for a modification under division (I)(4) of this section that is not listed in Appendix I to 40 C.F.R. 270.42 or in rules adopted under division (K) of this section, the director shall classify the modification and shall notify the owner or operator of the facility requesting the modification of the classification. Notwithstanding any other law to the contrary, a
modification that involves the transfer of a hazardous waste facility installation and operation permit to a new owner or operator for any off-site facility as defined in section 3734.41 of the Revised Code shall be classified as a Class 3 modification. The transfer of a hazardous waste facility installation and operation permit to a new owner or operator for a facility that is not an off-site facility shall be classified as a Class 1 modification requiring prior approval of the director.

(2) Except as provided in section 3734.123 of the Revised Code, a hazardous waste facility installation and operation permit may be modified at the request of the director or upon the written request of the permittee only if any of the following applies:

(a) The permittee desires to accomplish alterations, additions, or deletions to the permitted facility or to undertake alterations, additions, deletions, or activities that are inconsistent with or not authorized by the existing permit;

(b) New information or data justify permit conditions in addition to or different from those in the existing permit;

(c) The standards, criteria, or rules upon which the existing permit is based have been changed by new, amended, or rescinded standards, criteria, or rules, or by judicial decision after the existing permit was issued, and the change justifies permit conditions in addition to or different from those in the existing permit;

(d) The permittee proposes to transfer the permit to another person.

(3) The director shall approve or disapprove an application for a modification in accordance with division (D)(2) of this section and rules adopted under division (K) of this section for all of the following categories of Class 3 modifications:

(a) Authority to conduct treatment, storage, or disposal at a site, location, or tract of land that has not been authorized for the proposed category of treatment, storage, or disposal activity by the facility's permit;

(b) Modification or addition of a hazardous waste management unit, as defined in rules adopted under section 3734.12 of the Revised Code, that results in an increase in a facility's storage capacity of more than twenty-five per cent over the capacity authorized by the facility's permit, an increase in a facility's treatment rate of more than twenty-five per cent over the rate so authorized, or an increase in a facility's disposal capacity over the capacity so authorized. The authorized disposal capacity for a facility shall be calculated from the approved design plans for the disposal units at that facility. In no case during a five-year period shall a facility's storage capacity or treatment rate be modified to increase by more than twenty-five
per cent in the aggregate without the director's approval in accordance with division (D)(2) of this section. Notwithstanding any provision of division (I) of this section to the contrary, a request for modification of a facility's annual total waste receipt limit shall be classified and approved or disapproved by the director under division (I)(5) of this section.

(c) Authority to add any of the following categories of regulated activities not previously authorized at a facility by the facility's permit: storage at a facility not previously authorized to store hazardous waste, treatment at a facility not previously authorized to treat hazardous waste, or disposal at a facility not previously authorized to dispose of hazardous waste; or authority to add a category of hazardous waste management unit not previously authorized at the facility by the facility's permit. Notwithstanding any provision of division (I) of this section to the contrary, a request for authority to add or to modify an activity or a hazardous waste management unit for the purposes of performing a corrective action shall be classified and approved or disapproved by the director under division (I)(5) of this section.

(d) Authority to treat, store, or dispose of waste types listed or characterized as reactive or explosive, in rules adopted under section 3734.12 of the Revised Code, or any acute hazardous waste listed in 40 C.F.R. 261.33(e), as amended, at a facility not previously authorized to treat, store, or dispose of those types of wastes by the facility's permit unless the requested authority is limited to wastes that no longer exhibit characteristics meeting the criteria for listing or characterization as reactive or explosive wastes, or for listing as acute hazardous waste, but still are required to carry those waste codes as established in rules adopted under section 3734.12 of the Revised Code because of the requirements established in 40 C.F.R. 261(a) and (e), as amended, that is, the "mixture," "derived-from," or "contained-in" regulations.

(4) A written request for a modification from the permittee shall be submitted to the director and shall contain such information as is necessary to support the request. Requests for modifications shall be acted upon by the director in accordance with this section and rules adopted under it.

(5) Class 1 modification applications that require prior approval of the director, as provided in division (I)(1) of this section or as determined in accordance with rules adopted under division (K) of this section, Class 2 modification applications, and Class 3 modification applications that are not described in divisions (I)(3)(a) to (d) of this section shall be approved or disapproved by the director in accordance with rules adopted under division (K) of this section. The board of county commissioners of the county, the
board of township trustees of the township, and the city manager or mayor of the municipal corporation in which a hazardous waste facility is located shall receive notification of any application for a modification for that facility and shall be considered as interested persons with respect to the director's consideration of the application.

For those modification applications for a transfer of a permit to a new owner or operator of a facility, the director also shall determine that, if the transferee owner or operator has been involved in any prior activity involving the transportation, treatment, storage, or disposal of hazardous waste, the transferee owner or operator has a history of compliance with this chapter and Chapters 3704. and 6111. of the Revised Code and all rules and standards adopted under them, the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 42 U.S.C.A. 6921, as amended, and all regulations adopted under it, and similar laws and rules of another state if the transferee owner or operator owns or operates a facility in that state, that demonstrates sufficient reliability, expertise, and competency to operate a hazardous waste facility under this chapter and Chapters 3704. and 6111. of the Revised Code, all rules and standards adopted under them, and terms and conditions of a hazardous waste facility installation and operation permit, given the potential for harm to the public health and safety and the environment that could result from the irresponsible operation of the facility.

A permit may be transferred to a new owner or operator only pursuant to a Class 3 permit modification.

As used in division (I)(5) of this section:

(a) "Owner" means the person who owns a majority or controlling interest in a facility.

(b) "Operator" means the person who is responsible for the overall operation of a facility.

The director shall approve or disapprove an application for a Class 1 modification that requires the director's approval within sixty days after receiving the request for modification. The director shall approve or disapprove an application for a Class 2 modification within three hundred days after receiving the request for modification. The director shall approve or disapprove an application for a Class 3 modification within three hundred sixty-five days after receiving the request for modification.

(6) The approval or disapproval by the director of a Class 1 modification application is not a final action that is appealable under Chapter 3745. of the Revised Code. The approval or disapproval by the director of a Class 2 modification or a Class 3 modification is a final action that is appealable under that chapter. In approving or disapproving a request
for a modification, the director shall consider all comments pertaining to the request that are received during the public comment period and the public meetings. The administrative record for appeal of a final action by the director in approving or disapproving a request for a modification shall include all comments received during the public comment period relating to the request for modification, written materials submitted at the public meetings relating to the request, and any other documents related to the director's action.

(7) Notwithstanding any other provision of law to the contrary, a change or alteration to a hazardous waste facility described in division (E)(3)(a) or (b) of section 3734.02 of the Revised Code, or its operations, is a modification for the purposes of this section. An application for a modification at such a facility shall be submitted, classified, and approved or disapproved in accordance with divisions (I)(1) to (6) of this section in the same manner as a modification to a hazardous waste facility installation and operation permit.

(J)(1) Except as provided in division (J)(2) of this section, an owner or operator of a hazardous waste facility that is operating in accordance with a permit by rule under rules adopted by the director under division (E)(3)(b) of section 3734.02 of the Revised Code shall submit either a hazardous waste facility installation and operation permit application for the facility or a modification application, whichever is required under division (J)(1)(a) or (b) of this section, within one hundred eighty days after the director has requested the application or upon a later date if the owner or operator demonstrates to the director good cause for the late submittal.

(a) If the owner or operator does not have a hazardous waste facility installation and operation permit for any hazardous waste treatment, storage, or disposal activities at the facility, the owner or operator shall submit an application for such a permit to the director for the activities authorized by the permit by rule. Notwithstanding any other provision of law to the contrary, the director shall approve or disapprove the application for the permit in accordance with the procedures governing the approval or disapproval of permit renewals under division (H) of this section.

(b) If the owner or operator has a hazardous waste facility installation and operation permit for hazardous waste treatment, storage, or disposal activities at the facility other than those authorized by the permit by rule, the owner or operator shall submit to the director a request for modification in accordance with division (I) of this section. Notwithstanding any other provision of law to the contrary, the director shall approve or disapprove the modification application in accordance with division (I)(5) of this section.
(2) The owner or operator of a boiler or industrial furnace that is conducting thermal treatment activities in accordance with a permit by rule under rules adopted by the director under division (E)(3)(b) of section 3734.02 of the Revised Code shall submit a hazardous waste facility installation and operation permit application if the owner or operator does not have such a permit for any hazardous waste treatment, storage, or disposal activities at the facility or, if the owner or operator has such a permit for hazardous waste treatment, storage, or disposal activities at the facility other than thermal treatment activities authorized by the permit by rule, a modification application to add those activities authorized by the permit by rule, whichever is applicable, within one hundred eighty days after the director has requested the submission of the application or upon a later date if the owner or operator demonstrates to the director good cause for the late submittal. The application shall be accompanied by information necessary to support the request. The director shall approve or disapprove an application for a hazardous waste facility installation and operation permit in accordance with division (D) of this section and approve or disapprove an application for a modification in accordance with division (I)(3) of this section, except that the director shall not disapprove an application for the thermal treatment activities on the basis of the criteria set forth in division (D)(2)(g) or (h) of this section.

(3) As used in division (J) of this section:
   (a) "Modification application" means a request for a modification submitted in accordance with division (I) of this section.
   (b) "Thermal treatment," "boiler," and "industrial furnace" have the same meanings as in rules adopted under section 3734.12 of the Revised Code.

(K) The director shall adopt, and may amend, suspend, or rescind, rules in accordance with Chapter 119. of the Revised Code in order to implement divisions (H) and (I) of this section. Except when in actual conflict with this section, rules governing the classification of and procedures for the modification of hazardous waste facility installation and operation permits shall be substantively and procedurally identical to the regulations governing hazardous waste facility permitting and permit modifications adopted under the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 42 U.S.C.A. 6921, as amended.

Sec. 3734.28. All Except as otherwise provided in section 3734.282 of the Revised Code, moneys collected under sections 3734.122, 3734.13, 3734.20, 3734.22, 3734.24, and 3734.26 of the Revised Code and natural resource damages collected by the state under the "Comprehensive
Environmental Response, Compensation, and Liability Act of 1980," 94 Stat. 2767, 42 U.S.C.A. 9601, as amended, shall be paid into the state treasury to the credit of the hazardous waste clean-up fund, which is hereby created. In addition, any moneys recovered for costs paid from the fund for activities described in division (A)(1) and (2) of section 3745.12 of the Revised Code shall be credited to the fund. The environmental protection agency shall use the moneys in the fund for the purposes set forth in division (D) of section 3734.122, sections 3734.19, 3734.20, 3734.21, 3734.23, 3734.25, 3734.26, and 3734.27, and, through October 15, 2005, and through October 15, 2005, divisions (A)(1) and (2) of section 3745.12, and Chapter 3746. of the Revised Code, including any related enforcement expenses. In addition, the agency shall use the moneys in the fund to pay the state's long-term operation and maintenance costs or matching share for actions taken under the "Comprehensive Environmental Response, Compensation, and Liability Act of 1980," as amended. If those moneys are reimbursed by grants or other moneys from the United States or any other person, the moneys shall be placed in the fund and not in the general revenue fund.

The director of environmental protection may enter into contracts and grant agreements with federal, state, or local government agencies, nonprofit organizations, and colleges and universities for the purpose of carrying out the responsibilities of the environmental protection agency for which money may be expended from the fund.

Sec. 3734.281. Notwithstanding any provision of law to the contrary, any moneys set aside by the state for the cleanup and remediation of the Ashtabula river; any moneys collected from judgments for the state or settlements made by the director of environmental protection, including those associated with bankruptcies, related to actions brought under Chapter 3714. and section 3734.13, 3734.20, 3734.22, 6111.03, or 6111.04 of the Revised Code; and any moneys received under the "Comprehensive Environmental Response, Compensation, and Liability Act of 1980," 94 Stat. 2767, 42 U.S.C. 9602 et seq., as amended, may be paid into the state treasury to the credit of the environmental protection remediation fund, which is hereby created. The environmental protection agency shall use the moneys in the fund only for the purpose of remediating conditions at a hazardous waste facility, a solid waste facility, a construction and demolition debris facility licensed under Chapter 3714. of the Revised Code, or another location at which the director has reason to believe there is a substantial threat to public health or safety or the environment. Remediation may include the direct and indirect costs associated with the overseeing,
supervising, performing, verifying, or reviewing of remediation activities by agency employees. All investment earnings of the fund shall be credited to the fund.

The director of environmental protection may enter into contracts and grant agreements with federal, state, or local government agencies, nonprofit organizations, and colleges and universities for the purpose of carrying out the responsibilities of the environmental protection agency for which money may be expended from the fund.

Sec. 3734.282. All money collected by the state for natural resources damages under the "Comprehensive Environmental Response, Compensation, and Liability Act of 1980," 94 Stat. 2767, 42 U.S.C. 9601 et seq., as amended, the "Oil Pollution Act of 1990," 104 Stat. 484, 33 U.S.C. 2701 et seq., as amended, the "Clean Water Act," 86 Stat. 862, 33 U.S.C. 1321, as amended, or any other applicable federal or state law shall be paid into the state treasury to the credit of the natural resource damages fund, which is hereby created. The director of environmental protection shall use money in the fund only in accordance with the purposes of and the limitations on natural resources damages set forth in the "Comprehensive Environmental Response, Compensation, and Liability Act of 1980," as amended, the "Oil Pollution Act of 1990," as amended, the "Clean Water Act," as amended, or another applicable federal or state law. All investment earnings of the fund shall be credited to the fund.

The director of environmental protection may enter into contracts and grant agreements with federal, state, or local government agencies, nonprofit organizations, and colleges and universities for the purpose of carrying out the director's responsibilities for which money may be expended from the fund.

Sec. 3734.53. (A) The solid waste management plan of any county or joint solid waste management district shall be prepared in a format prescribed by the director of environmental protection and shall provide for compliance with the objectives of the state solid waste management plan and rules adopted under section 3734.50 of the Revised Code. The plan shall provide for, demonstrate, and certify the availability of and access to sufficient solid waste management facility capacity to meet the solid waste management needs of the district for the ten-year period covered by the plan. The solid waste management policy committee of a county or joint district created in section 3734.54 of the Revised Code may prepare and submit a solid waste management plan that covers and makes the required demonstration for a longer period of time.

The solid waste management plan shall contain all of the following:
(1) An inventory of the sources, composition, and quantities of solid wastes generated in the district during the current year;

(2) An inventory of all existing facilities where solid wastes are being disposed of, all resource recovery facilities, and all recycling activities within the district. The inventory shall identify each such facility or activity and, for each disposal facility, shall estimate the remaining disposal capacity available at the facility. The inventory shall be accompanied by a map that shows the location of each such existing facility or activity.

(3) An inventory of existing solid waste collection systems and routes, transportation systems and routes, and transfer facilities within the district. The inventory shall identify the entities engaging in solid waste collection within the district.

(4) An inventory of open dumping sites for solid wastes, including solid wastes consisting of scrap tires, and facilities for the disposal of fly ash and bottom ash, foundry sand, and slag within the district. The inventory shall identify each such site or facility and shall be accompanied by a map that shows the location of each of them.

(5) A projection of population changes within the district during the next ten years;

(6) For each year of the forecast period, projections of the amounts and composition of solid wastes that will be generated within the district, the amounts of solid wastes originating outside the district that will be brought into the district for disposal or resource recovery, the nature of industrial activities within the district, and the effect of newly regulated waste streams, solid waste minimization activities, and solid waste recycling and reuse activities on solid waste generation rates. For each year of the forecast period, projections of waste quantities shall be compiled as an aggregate quantity of wastes.

(7) An identification of the additional solid waste management facilities and the amount of additional capacity needed to dispose of the quantities of wastes projected in division (A)(6) of this section;

(8) A strategy for identification of sites for the additional solid waste management facilities and capacity identified under division (A)(7) of this section;

(9) An analysis and comparison of the capital and operating costs of the solid waste disposal facilities, solid waste resource recovery facilities, and solid waste recycling and reuse activities necessary to meet the solid waste management needs of the district, projected in five- and ten-year increments;

(10) An analysis of expenses for which the district is liable under section 3734.35 of the Revised Code;
(11) A projection of solid waste transfer facilities that will be needed in conjunction with existing solid waste facilities and those projected under division (A)(7) of this section;

(12) Such other projections as the district considers necessary or appropriate to ascertain and meet the solid waste management needs of the district during the period covered by the plan;

(13) A schedule for implementation of the plan that, when applicable, contains all of the following:

(a) An identification of the solid waste disposal, transfer, and resource recovery facilities and recycling activities contained in the plan where solid wastes generated within or transported into the district will be taken for disposal, transfer, resource recovery, or recycling. An initial or amended plan prepared and ordered to be implemented by the director under section 3734.521, 3734.55, or 3734.56 of the Revised Code may designate solid waste disposal, transfer, or resource recovery facilities or recycling activities that are owned by a municipal corporation, county, county or joint solid waste management district, township, or township waste disposal district created under section 505.28 of the Revised Code for which debt issued under Chapter 133., 343., or 6123. of the Revised Code is outstanding where solid wastes generated within or transported into the district shall be taken for disposal, transfer, resource recovery, or recycling.

(b) A schedule for closure of existing solid waste facilities, expansion of existing facilities, and establishment of new facilities. The schedule for expansion of existing facilities or establishment of new facilities shall include, without limitation, the approximate dates for filing applications for appropriate permits to install or modify those facilities under section 3734.05 of the Revised Code.

(c) A schedule for implementation of solid waste recycling, reuse, and reduction programs needed to meet the waste reduction, recycling, reuse, and minimization objectives of the state solid waste management plan and rules adopted by the director under section 3734.50 of the Revised Code;

(d) The methods of financing implementation of the plan and a demonstration of the availability of financial resources for that purpose.

(14) A program for providing informational or technical assistance regarding source reduction to solid waste generators, or particular categories of solid waste generators, within the district. The plan shall set forth the types of assistance to be provided by the district and the specific categories of generators that are to be served. The district has the sole discretion to determine the types of assistance that are to be provided under the program and the categories of generators to be served by it.
(B) In addition to the information, projections, demonstrations, and certification required by division (A) of this section, a plan shall do all of the following:

1. Establish the schedule of fees, if any, to be levied under divisions (B)(1) to (3) of section 3734.57 of the Revised Code;
2. Establish the fee, if any, to be levied under division (A) of section 3734.573 of the Revised Code;
3. Contain provisions governing the allocation among the purposes enumerated in divisions (G)(1) to (10) of section 3734.57 of the Revised Code of the moneys credited to the special fund of the district under division (G) of that section that are available for expenditure by the district under that division. The plan shall do all of the following:
   a. Ensure that sufficient of the moneys so credited to and available from the special fund are available for use by the solid waste management policy committee of the district at the time the moneys are needed to monitor implementation of the plan and conduct its periodic review and amendment as required under section 3734.56 of the Revised Code;
   b. Contain provisions governing the allocation and distribution of moneys credited to and available from the special fund of the district to health districts within the county or joint district that have approved programs under section 3734.08 of the Revised Code for the purposes of division (G)(3) of section 3734.57 of the Revised Code;
   c. Contain provisions governing the allocation and distribution of moneys credited to and available from the special fund of the district to the county in which solid waste facilities are or are to be located and operated under the plan for the purposes of division (G)(4) of section 3734.57 of the Revised Code;
   d. Contain provisions governing the allocation and distribution, pursuant to contracts entered into for that purpose, of moneys credited to and available from the special fund of the district to boards of health within the district in which solid waste facilities contained in the district's plan are located for the purposes of division (G)(5) of section 3734.57 of the Revised Code.
4. Incorporate all solid waste recycling activities that were in operation within the district on the effective date of the plan.

(C) The solid waste management plan of a county or joint district may provide for the adoption of rules under division (G) of section 343.01 of the Revised Code after approval of the plan under section 3734.521 or 3734.55 of the Revised Code doing any or all of the following:

1. Prohibiting or limiting the receipt at facilities covered by the plan.
located within the solid waste management district of solid wastes generated outside the district or outside a prescribed service area consistent with the projections under divisions (A)(6) and (7) of this section, except that...

However, rules adopted by a board under division (C)(1) of this section may be adopted and enforced with respect to solid waste disposal facilities in the solid waste management district that are not owned by a county or the solid waste management district only if the board submits an application to the director of environmental protection that demonstrates that there is insufficient capacity to dispose of all solid wastes that are generated within the district at the solid waste disposal facilities located within the district and the director approves the application. The demonstration in the application shall be based on projections contained in the plan or amended plan of the district. The director shall establish the form of the application. The approval or disapproval of such an application by the director is an action that is appealable under section 3745.04 of the Revised Code.

In addition, the director of environmental protection may issue an order modifying a rule authorized to be adopted under division (C)(1) of this section to allow the disposal in the district of wastes from another county or joint solid waste management district if all of the following apply:

(a) The district in which the wastes were generated does not have sufficient capacity to dispose of solid wastes generated within it for six months following the date of the director's order;

(b) No new solid waste facilities will begin operation during those six months in the district in which the wastes were generated and, despite good faith efforts to do so, it is impossible to site new solid waste facilities within the district because of its high population density;

(c) The district in which the wastes were generated has made good faith efforts to negotiate with other districts to incorporate its disposal needs within those districts' solid waste management plans, including efforts to develop joint facilities authorized under section 343.02 of the Revised Code, and the efforts have been unsuccessful;

(d) The district in which the wastes were generated has located a facility willing to accept the district's solid wastes for disposal within the receiving district;

(e) The district in which the wastes were generated has demonstrated to the director that the conditions specified in divisions (C)(1)(a) to (d) of this section have been met;

(f) The director finds that the issuance of the order will be consistent with the state solid waste management plan and that receipt of the out-of-district wastes will not limit the capacity of the receiving district to
dispose of its in-district wastes to less than eight years. Any order issued under division (C)(1) of this section shall not become final until thirty days after it has been served by certified mail upon the county or joint solid waste management district that will receive the out-of-district wastes.

(2) Governing the maintenance, protection, and use of solid waste collection, storage, disposal, transfer, recycling, processing, and resource recovery facilities within the district and requiring the submission of general plans and specifications for the construction, enlargement, or modification of any such facility to the board of county commissioners or board of directors of the district for review and approval as complying with the plan or amended plan of the district;

(3) Governing development and implementation of a program for the inspection of solid wastes generated outside the boundaries of the state that are being disposed at solid waste facilities included in the district's plan;

(4) Exempting the owner or operator of any existing or proposed solid waste facility provided for in the plan from compliance with any amendment to a township zoning resolution adopted under section 519.12 of the Revised Code or to a county rural zoning resolution adopted under section 303.12 of the Revised Code that rezoned or redistricted the parcel or parcels upon which the facility is to be constructed or modified and that became effective within two years prior to the filing of an application for a permit required under division (A)(2)(a) of section 3734.05 of the Revised Code to open a new or modify an existing solid waste facility.

(D) Except for the inventories required by divisions (A)(1), (2), and (4) of this section and the projections required by division (A)(6) of this section, neither this section nor the solid waste management plan of a county or joint district applies to the construction, operation, use, repair, or maintenance of either of the following:

(1) A solid waste facility owned by a generator of solid wastes when the solid waste facility exclusively disposes of solid wastes generated at one or more premises owned by the generator regardless of whether the facility is located on a premises where the wastes are generated;

(2) A facility that exclusively disposes of wastes that are generated from the combustion of coal, or from the combustion of primarily coal in combination with scrap tires, that is not combined in any way with garbage at one or more premises owned by the generator.

(E)(1) The initial solid waste management plans prepared by county or joint districts under section 3734.521 of the Revised Code and the amended plans prepared under section 3734.521 or 3734.56 of the Revised Code shall contain a clear statement as to whether the board of county commissioners
or directors is authorized to or precluded from establishing facility
designations under section 343.014 of the Revised Code.

(2) A policy committee that is preparing a draft or revised draft plan
under section 3734.55 of the Revised Code on October 29, 1993, may
include in the draft or revised draft plan only one of the following pertaining
to the solid waste facilities or recycling activities where solid wastes
generated within or transported into the district are to be taken for disposal,
transfer, resource recovery, or recycling:

(a) The designations required under former division (A)(12)(a) of this
section as it existed prior to October 29, 1993;

(b) The identifications required in division (A)(12)(a) of this section and
the statement required under division (E)(1) of this section;

(c) Both of the following:

(i) The designations required under former division (A)(12)(a) of this
section as it existed prior to October 29, 1993, except that those designations
only shall pertain to solid waste disposal, transfer, or resource recovery
facilities or recycling activities that are owned by a municipal corporation,
county, county or joint solid waste management district, township, or
township waste disposal district created under section 505.28 of the Revised
Code for which debt issued under Chapter 133., 343., or 6123. of the
Revised Code is outstanding;

(ii) The identifications required under division (A)(12)(a) of this
section, and the statement required under division (E)(1) of this section,
pertaining to the solid waste facilities and recycling activities described in
division (A) of section 343.014 of the Revised Code.

(F) Notwithstanding section 3734.01 of the Revised Code, "solid
wastes" does not include scrap tires and "facility" does not include any scrap
tire collection, storage, monocell, monofill, or recovery facility in either of
the following circumstances:

(1) For the purposes of an initial plan prepared and ordered to be
implemented by the director under section 3734.55 of the Revised Code;

(2) For the purposes of an initial or amended plan prepared and ordered
to be implemented by the director under division (D) or (F)(1) or (2) of
section 3734.521 of the Revised Code in connection with a change in district
composition as defined in that section that involves an existing district that
is operating under either an initial plan approved or prepared and ordered to
be implemented under section 3734.55 of the Revised Code or an initial or
amended plan approved or prepared and ordered to be implemented under
section 3734.521 of the Revised Code that does not provide for the
management of scrap tires and scrap tire facilities.
(G) Notwithstanding section 3734.01 of the Revised Code, and except as provided in division (A)(4) of this section, "solid wastes" need not include scrap tires and "facility" need not include any scrap tire collection, storage, monocell, monofill, or recovery facility in either of the following circumstances:

(1) For the purposes of an initial plan prepared under sections 3734.54 and 3734.55 of the Revised Code unless the solid waste management policy committee preparing the initial plan chooses to include the management of scrap tires and scrap tire facilities in the plan;

(2) For the purposes of a preliminary demonstration of capacity as defined in section 3734.521 of the Revised Code, if any, and an initial or amended plan prepared under that section by the solid waste management policy committee of a solid waste management district resulting from proceedings for a change in district composition under sections 343.012 and 3734.521 of the Revised Code that involves an existing district that is operating either under an initial plan approved or prepared and ordered to be implemented under section 3734.55 of the Revised Code or under an initial or amended plan approved or prepared and ordered to be implemented under section 3734.521 of the Revised Code that does not provide for the management of scrap tires and scrap tire facilities unless the solid waste management policy committee of the district resulting from the change chooses to include the management of scrap tires and scrap tire facilities in the preliminary demonstration of capacity, if any, and the initial or amended plan prepared under section 3734.521 of the Revised Code in connection with the change proceedings.

If a policy committee chooses to include the management of scrap tires and scrap tire facilities in an initial plan pursuant to division (G)(1) of this section, the initial plan shall incorporate all of the elements required under this section, and may incorporate any of the elements authorized under this section, for the purpose of managing solid wastes that consist of scrap tires and solid waste facilities that are scrap tire collection, storage, monocell, monofill, or recovery facilities. If a policy committee chooses to provide for the management of scrap tires and scrap tire facilities pursuant to division (G)(2) of this section, the preliminary demonstration of capacity, if one is required, shall incorporate all of the elements required under division (E)(1) or (2) of section 3734.521 of the Revised Code, as appropriate, for the purpose of managing solid wastes that consist of scrap tires and solid waste facilities that are scrap tire collection, storage, monocell, monofill, or recovery facilities. The initial or amended plan also shall incorporate all of the elements required under this section, and may incorporate any of the
elements authorized under this section, for the purpose of managing solid wastes that consist of scrap tires and solid waste facilities that are scrap tire collection, storage, monocell, monofill, or recovery facilities.

(H) Neither this section nor the solid waste management plan of a county or joint district applies to the construction, operation, use, repair, or maintenance of any compost facility that exclusively composes raw rendering material.

Sec. 3734.57. (A) The following fees are hereby levied on the transfer or disposal of solid wastes in this state:

(1) One dollar per ton on and after July 1, 2003, through June 30, 2012, one-half of the proceeds of which shall be deposited in the state treasury to the credit of the hazardous waste facility management fund created in section 3734.18 of the Revised Code and one-half of the proceeds of which shall be deposited in the state treasury to the credit of the hazardous waste clean-up fund created in section 3734.28 of the Revised Code;

(2) An additional one dollar per ton on and after July 1, 2003, through June 30, 2012, the proceeds of which shall be deposited in the state treasury to the credit of the solid waste fund, which is hereby created. The environmental protection agency shall use money in the solid waste fund to pay the costs of administering and enforcing the laws pertaining to solid wastes, infectious wastes, and construction and demolition debris, including, without limitation, ground water evaluations related to solid wastes, infectious wastes, and construction and demolition debris, under this chapter and Chapter 3714. of the Revised Code and any rules adopted under them, providing compliance assistance to small businesses, and paying a share of the administrative costs of the environmental protection agency pursuant to section 3745.014 of the Revised Code.

(3) An additional one dollar and fifty cents per ton on and after July 1, 2005, through June 30, 2012, the proceeds of which shall be deposited in the state treasury to the credit of the environmental protection fund created in section 3745.015 of the Revised Code;

(4) An additional one dollar per ton on and after August 1, 2009, through June 30, 2012, the proceeds of which shall be deposited in the state treasury to the credit of the environmental protection fund. The fee established in division (A)(4) of this section does not apply to a solid waste transfer facility or solid waste disposal facility if the facility is located in a county that has a population equal to or greater than four hundred thousand according to the most recent decennial federal census and the property boundary of the facility is located within fifteen miles of the property.
boundary of a solid waste disposal facility in another state.

(5) An additional twenty-five cents per ton on and after August 1, 2009, through June 30, 2012, the proceeds of which shall be deposited in the state treasury to the credit of the soil and water conservation district assistance fund created in section 1515.14 of the Revised Code. The fee established in division (A)(5) of this section does not apply to a solid waste transfer facility or solid waste disposal facility if the facility is located in a county that has a population equal to or greater than four hundred thousand according to the most recent decennial federal census and the property boundary of the facility is located within fifteen miles of the property boundary of a solid waste disposal facility in another state.

In the case of solid wastes that are taken to a solid waste transfer facility located in this state prior to being transported for disposal at a solid waste disposal facility located in this state or outside of this state, the fees levied under this division shall be collected by the owner or operator of the transfer facility as a trustee for the state. The amount of fees required to be collected under this division at such a transfer facility shall equal the total tonnage of solid wastes received at the facility multiplied by the fees levied under this division.

In the case of solid wastes that are not taken to a solid waste transfer facility located in this state prior to being transported to a solid waste disposal facility, the fees shall be collected by the owner or operator of the solid waste disposal facility as a trustee for the state. The amount of fees required to be collected under this division at such a disposal facility shall equal the total tonnage of solid wastes received at the facility that was not previously taken to a solid waste transfer facility located in this state multiplied by the fees levied under this division. Fees levied under this division do not apply to materials separated from a mixed waste stream for recycling by a generator or materials removed from the solid waste stream through recycling, as "recycling" is defined in rules adopted under section 3734.02 of the Revised Code.

The owner or operator of a solid waste transfer facility or disposal facility, as applicable, shall prepare and file with the director of environmental protection each month a return indicating the total tonnage of solid wastes received at the facility during that month and the total amount of the fees required to be collected under this division during that month. In addition, the owner or operator of a solid waste disposal facility shall indicate on the return the total tonnage of solid wastes received from transfer facilities located in this state during that month for which the fees were required to be collected by the transfer facilities. The monthly returns shall be filed on a form prescribed by the director. Not later than thirty days
after the last day of the month to which a return applies, the owner or operator shall mail to the director the return for that month together with the fees required to be collected under this division during that month as indicated on the return or may submit the return and fees electronically in a manner approved by the director. If the return is filed and the amount of the fees due is paid in a timely manner as required in this division, the owner or operator may retain a discount of three-fourths of one per cent of the total amount of the fees that are required to be paid as indicated on the return.

The owner or operator may request an extension of not more than thirty days for filing the return and remitting the fees, provided that the owner or operator has submitted such a request in writing to the director together with a detailed description of why the extension is requested, the director has received the request not later than the day on which the return is required to be filed, and the director has approved the request. If the fees are not remitted within thirty days after the last day of the month to which the return applies or are not remitted by the last day of an extension approved by the director, the owner or operator shall not retain the three-fourths of one per cent discount and shall pay an additional ten per cent of the amount of the fees for each month that they are late. For purposes of calculating the late fee, the first month in which fees are late begins on the first day after the deadline has passed for timely submitting the return and fees, and one additional month shall be counted every thirty days thereafter.

The owner or operator of a solid waste facility may request a refund or credit of fees levied under this division and remitted to the director that have not been paid to the owner or operator. Such a request shall be made only if the fees have not been collected by the owner or operator, have become a debt that has become worthless or uncollectable for a period of six months or more, and may be claimed as a deduction, including a deduction claimed if the owner or operator keeps accounts on an accrual basis, under the "Internal Revenue Code of 1954," 68A Stat. 50, 26 U.S.C. 166, as amended, and regulations adopted under it. Prior to making a request for a refund or credit, an owner or operator shall make reasonable efforts to collect the applicable fees. A request for a refund or credit shall not include any costs resulting from those efforts to collect unpaid fees.

A request for a refund or credit of fees shall be made in writing, on a form prescribed by the director, and shall be supported by evidence that may be required in rules adopted by the director under this chapter. After reviewing the request, and if the request and evidence submitted with the request indicate that a refund or credit is warranted, the director shall grant a refund to the owner or operator or shall permit a credit to be taken by the
owner or operator on a subsequent monthly return submitted by the owner or operator. The amount of a refund or credit shall not exceed an amount that is equal to ninety days' worth of fees owed to an owner or operator by a particular debtor of the owner or operator. A refund or credit shall not be granted by the director to an owner or operator more than once in any twelve-month period for fees owed to the owner or operator by a particular debtor.

If, after receiving a refund or credit from the director, an owner or operator receives payment of all or part of the fees, the owner or operator shall remit the fees with the next monthly return submitted to the director together with a written explanation of the reason for the submittal.

For purposes of computing the fees levied under this division or division (B) of this section, any solid waste transfer or disposal facility that does not use scales as a means of determining gate receipts shall use a conversion factor of three cubic yards per ton of solid waste or one cubic yard per ton for baled waste, as applicable.

The fees levied under this division and divisions (B) and (C) of this section are in addition to all other applicable fees and taxes and shall be paid by the customer or a political subdivision to the owner or operator of a solid waste transfer or disposal facility. In the alternative, the fees shall be paid by a customer or political subdivision to a transporter of waste who subsequently transfers the fees to the owner or operator of such a facility. The fees shall be paid notwithstanding the existence of any provision in a contract that the customer or a political subdivision may have with the owner or operator or with a transporter of waste to the facility that would not require or allow such payment regardless of whether the contract was entered prior to or after the effective date of this amendment. For those purposes, "customer" means a person who contracts with, or utilizes the solid waste services of, the owner or operator of a solid waste transfer or disposal facility or a transporter of solid waste to such a facility.

(B) For the purposes specified in division (G) of this section, the solid waste management policy committee of a county or joint solid waste management district may levy fees upon the following activities:

1) The disposal at a solid waste disposal facility located in the district of solid wastes generated within the district;

2) The disposal at a solid waste disposal facility within the district of solid wastes generated outside the boundaries of the district, but inside this state;

3) The disposal at a solid waste disposal facility within the district of solid wastes generated outside the boundaries of this state.
The solid waste management plan of the county or joint district approved under section 3734.521 or 3734.55 of the Revised Code and any amendments to it, or the resolution adopted under this division, as appropriate, shall establish the rates of the fees levied under divisions (B)(1), (2), and (3) of this section, if any, and shall specify whether the fees are levied on the basis of tons or cubic yards as the unit of measurement. A solid waste management district that levies fees under this division on the basis of cubic yards shall do so in accordance with division (A) of this section.

The fee levied under division (B)(1) of this section shall be not less than one dollar per ton nor more than two dollars per ton, the fee levied under division (B)(2) of this section shall be not less than two dollars per ton nor more than four dollars per ton, and the fee levied under division (B)(3) of this section shall be not more than the fee levied under division (B)(1) of this section.

Prior to the approval of the solid waste management plan of a district under section 3734.55 of the Revised Code, the solid waste management policy committee of a district may levy fees under this division by adopting a resolution establishing the proposed amount of the fees. Upon adopting the resolution, the committee shall deliver a copy of the resolution to the board of county commissioners of each county forming the district and to the legislative authority of each municipal corporation and township under the jurisdiction of the district and shall prepare and publish the resolution and a notice of the time and location where a public hearing on the fees will be held. Upon adopting the resolution, the committee shall deliver written notice of the adoption of the resolution; of the amount of the proposed fees; and of the date, time, and location of the public hearing to the director and to the fifty industrial, commercial, or institutional generators of solid wastes within the district that generate the largest quantities of solid wastes, as determined by the committee, and to their local trade associations. The committee shall make good faith efforts to identify those generators within the district and their local trade associations, but the nonprovision of notice under this division to a particular generator or local trade association does not invalidate the proceedings under this division. The publication shall occur at least thirty days before the hearing. After the hearing, the committee may make such revisions to the proposed fees as it considers appropriate and thereafter, by resolution, shall adopt the revised fee schedule. Upon adopting the revised fee schedule, the committee shall deliver a copy of the resolution doing so to the board of county commissioners of each county forming the district and to the legislative
authority of each municipal corporation and township under the jurisdiction of the district. Within sixty days after the delivery of a copy of the resolution adopting the proposed revised fees by the policy committee, each such board and legislative authority, by ordinance or resolution, shall approve or disapprove the revised fees and deliver a copy of the ordinance or resolution to the committee. If any such board or legislative authority fails to adopt and deliver to the policy committee an ordinance or resolution approving or disapproving the revised fees within sixty days after the policy committee delivered its resolution adopting the proposed revised fees, it shall be conclusively presumed that the board or legislative authority has approved the proposed revised fees. The committee shall determine if the resolution has been ratified in the same manner in which it determines if a draft solid waste management plan has been ratified under division (B) of section 3734.55 of the Revised Code.

The committee may amend the schedule of fees levied pursuant to a resolution adopted and ratified under this division by adopting a resolution establishing the proposed amount of the amended fees. The committee may repeal the fees levied pursuant to such a resolution by adopting a resolution proposing to repeal them. Upon adopting such a resolution, the committee shall proceed to obtain ratification of the resolution in accordance with this division.

Not later than fourteen days after declaring the new fees to be ratified or the fees to be repealed under this division, the committee shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees of the ratification and the amount of the fees or of the repeal of the fees. Collection of any fees shall commence or collection of repealed fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

Fees levied under this division also may be established, amended, or repealed by a solid waste management policy committee through the adoption of a new district solid waste management plan, the adoption of an amended plan, or the amendment of the plan or amended plan in accordance with sections 3734.55 and 3734.56 of the Revised Code or the adoption or amendment of a district plan in connection with a change in district composition under section 3734.521 of the Revised Code.

Not later than fourteen days after the director issues an order approving a district's solid waste management plan, amended plan, or amendment to a plan or amended plan that establishes, amends, or repeals a schedule of fees levied by the district, the committee shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the
fees of the approval of the plan or amended plan, or the amendment to the
plan, as appropriate, and the amount of the fees, if any. In the case of an
initial or amended plan approved under section 3734.521 of the Revised
Code in connection with a change in district composition, other than one
involving the withdrawal of a county from a joint district, the committee,
within fourteen days after the change takes effect pursuant to division (G) of
that section, shall notify by certified mail the owner or operator of each solid
waste disposal facility that is required to collect the fees that the change has
taken effect and of the amount of the fees, if any. Collection of any fees
shall commence or collection of repealed fees shall cease on the first day of
the second month following the month in which notification is sent to the
owner or operator.

If, in the case of a change in district composition involving the
withdrawal of a county from a joint district, the director completes the
actions required under division (G)(1) or (3) of section 3734.521 of the
Revised Code, as appropriate, forty-five days or more before the beginning
of a calendar year, the policy committee of each of the districts resulting
from the change that obtained the director's approval of an initial or
amended plan in connection with the change, within fourteen days after the
director's completion of the required actions, shall notify by certified mail
the owner or operator of each solid waste disposal facility that is required to
collect the district's fees that the change is to take effect on the first day of
January immediately following the issuance of the notice and of the amount
of the fees or amended fees levied under divisions (B)(1) to (3) of this
section pursuant to the district's initial or amended plan as so approved or, if
appropriate, the repeal of the district's fees by that initial or amended plan.
Collection of any fees set forth in such a plan or amended plan shall
commence on the first day of January immediately following the issuance of
the notice. If such an initial or amended plan repeals a schedule of fees,
collection of the fees shall cease on that first day of January.

If, in the case of a change in district composition involving the
withdrawal of a county from a joint district, the director completes the
actions required under division (G)(1) or (3) of section 3734.521 of the
Revised Code, as appropriate, less than forty-five days before the beginning
of a calendar year, the director, on behalf of each of the districts resulting
from the change that obtained the director's approval of an initial or
amended plan in connection with the change proceedings, shall notify by
certified mail the owner or operator of each solid waste disposal facility that
is required to collect the district's fees that the change is to take effect on the
first day of January immediately following the mailing of the notice and of
the amount of the fees or amended fees levied under divisions (B)(1) to (3) of this section pursuant to the district's initial or amended plan as so approved or, if appropriate, the repeal of the district's fees by that initial or amended plan. Collection of any fees set forth in such a plan or amended plan shall commence on the first day of the second month following the month in which notification is sent to the owner or operator. If such an initial or amended plan repeals a schedule of fees, collection of the fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

If the schedule of fees that a solid waste management district is levying under divisions (B)(1) to (3) of this section is amended or repealed, the fees in effect immediately prior to the amendment or repeal shall continue to be collected until collection of the amended fees commences or collection of the repealed fees ceases, as applicable, as specified in this division. In the case of a change in district composition, money so received from the collection of the fees of the former districts shall be divided among the resulting districts in accordance with division (B) of section 343.012 of the Revised Code and the agreements entered into under division (B) of section 343.01 of the Revised Code to establish the former and resulting districts and any amendments to those agreements.

For the purposes of the provisions of division (B) of this section establishing the times when newly established or amended fees levied by a district are required to commence and the collection of fees that have been amended or repealed is required to cease, "fees" or "schedule of fees" includes, in addition to fees levied under divisions (B)(1) to (3) of this section, those levied under section 3734.573 or 3734.574 of the Revised Code.

(C) For the purposes of defraying the added costs to a municipal corporation or township of maintaining roads and other public facilities and of providing emergency and other public services, and compensating a municipal corporation or township for reductions in real property tax revenues due to reductions in real property valuations resulting from the location and operation of a solid waste disposal facility within the municipal corporation or township, a municipal corporation or township in which such a solid waste disposal facility is located may levy a fee of not more than twenty-five cents per ton on the disposal of solid wastes at a solid waste disposal facility located within the boundaries of the municipal corporation or township regardless of where the wastes were generated.

The legislative authority of a municipal corporation or township may levy fees under this division by enacting an ordinance or adopting a
resolution establishing the amount of the fees. Upon so doing the legislative authority shall mail a certified copy of the ordinance or resolution to the board of county commissioners or directors of the county or joint solid waste management district in which the municipal corporation or township is located or, if a regional solid waste management authority has been formed under section 343.011 of the Revised Code, to the board of trustees of that regional authority, the owner or operator of each solid waste disposal facility in the municipal corporation or township that is required to collect the fee by the ordinance or resolution, and the director of environmental protection. Although the fees levied under this division are levied on the basis of tons as the unit of measurement, the legislative authority, in its ordinance or resolution levying the fees under this division, may direct that the fees be levied on the basis of cubic yards as the unit of measurement based upon a conversion factor of three cubic yards per ton generally or one cubic yard per ton for baled wastes.

Not later than five days after enacting an ordinance or adopting a resolution under this division, the legislative authority shall so notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fee. Collection of any fee levied on or after March 24, 1992, shall commence on the first day of the second month following the month in which notification is sent to the owner or operator.

(D)(1) The fees levied under divisions (A), (B), and (C) of this section do not apply to the disposal of solid wastes that:

(a) Are disposed of at a facility owned by the generator of the wastes when the solid waste facility exclusively disposes of solid wastes generated at one or more premises owned by the generator regardless of whether the facility is located on a premises where the wastes are generated;

(b) Are disposed of at facilities that exclusively dispose of wastes that are generated from the combustion of coal, or from the combustion of primarily coal in combination with scrap tires, that is not combined in any way with garbage at one or more premises owned by the generator.

(2) Except as provided in section 3734.571 of the Revised Code, any fees levied under division (B)(1) of this section apply to solid wastes originating outside the boundaries of a county or joint district that are covered by an agreement for the joint use of solid waste facilities entered into under section 343.02 of the Revised Code by the board of county commissioners or board of directors of the county or joint district where the wastes are generated and disposed of.

(3) When solid wastes, other than solid wastes that consist of scrap tires, are burned in a disposal facility that is an incinerator or energy recovery
facility, the fees levied under divisions (A), (B), and (C) of this section shall be levied upon the disposal of the fly ash and bottom ash remaining after burning of the solid wastes and shall be collected by the owner or operator of the sanitary landfill where the ash is disposed of.

(4) When solid wastes are delivered to a solid waste transfer facility, the fees levied under divisions (B) and (C) of this section shall be levied upon the disposal of solid wastes transported off the premises of the transfer facility for disposal and shall be collected by the owner or operator of the solid waste disposal facility where the wastes are disposed of.

(5) The fees levied under divisions (A), (B), and (C) of this section do not apply to sewage sludge that is generated by a waste water treatment facility holding a national pollutant discharge elimination system permit and that is disposed of through incineration, land application, or composting or at another resource recovery or disposal facility that is not a landfill.

(6) The fees levied under divisions (A), (B), and (C) of this section do not apply to solid wastes delivered to a solid waste composting facility for processing. When any unprocessed solid waste or compost product is transported off the premises of a composting facility and disposed of at a landfill, the fees levied under divisions (A), (B), and (C) of this section shall be collected by the owner or operator of the landfill where the unprocessed waste or compost product is disposed of.

(7) When solid wastes that consist of scrap tires are processed at a scrap tire recovery facility, the fees levied under divisions (A), (B), and (C) of this section shall be levied upon the disposal of the fly ash and bottom ash or other solid wastes remaining after the processing of the scrap tires and shall be collected by the owner or operator of the solid waste disposal facility where the ash or other solid wastes are disposed of.

(8) The director of environmental protection may issue an order exempting from the fees levied under this section solid wastes, including, but not limited to, scrap tires, that are generated, transferred, or disposed of as a result of a contract providing for the expenditure of public funds entered into by the administrator or regional administrator of the United States environmental protection agency, the director of environmental protection, or the director of administrative services on behalf of the director of environmental protection for the purpose of remediating conditions at a hazardous waste facility, solid waste facility, or other location at which the administrator or regional administrator or the director of environmental protection has reason to believe that there is a substantial threat to public health or safety or the environment or that the conditions are causing or contributing to air or water pollution or soil contamination. An order issued
by the director of environmental protection under division (D)(8) of this section shall include a determination that the amount of the fees not received by a solid waste management district as a result of the order will not adversely impact the implementation and financing of the district's approved solid waste management plan and any approved amendments to the plan. Such an order is a final action of the director of environmental protection.

(E) The fees levied under divisions (B) and (C) of this section shall be collected by the owner or operator of the solid waste disposal facility where the wastes are disposed of as a trustee for the county or joint district and municipal corporation or township where the wastes are disposed of. Moneys from the fees levied under division (B) of this section shall be forwarded to the board of county commissioners or board of directors of the district in accordance with rules adopted under division (H) of this section. Moneys from the fees levied under division (C) of this section shall be forwarded to the treasurer or such other officer of the municipal corporation as, by virtue of the charter, has the duties of the treasurer or to the fiscal officer of the township, as appropriate, in accordance with those rules.

(F) Moneys received by the treasurer or other officer of the municipal corporation under division (E) of this section shall be paid into the general fund of the municipal corporation. Moneys received by the fiscal officer of the township under that division shall be paid into the general fund of the township. The treasurer or other officer of the municipal corporation or the township fiscal officer, as appropriate, shall maintain separate records of the moneys received from the fees levied under division (C) of this section.

(G) Moneys received by the board of county commissioners or board of directors under division (E) of this section or section 3734.571, 3734.572, 3734.573, or 3734.574 of the Revised Code shall be paid to the county treasurer, or other official acting in a similar capacity under a county charter, in a county district or to the county treasurer or other official designated by the board of directors in a joint district and kept in a separate and distinct fund to the credit of the district. If a regional solid waste management authority has been formed under section 343.011 of the Revised Code, moneys received by the board of trustees of that regional authority under division (E) of this section shall be kept by the board in a separate and distinct fund to the credit of the district. Moneys in the special fund of the county or joint district arising from the fees levied under division (B) of this section and the fee levied under division (A) of section 3734.573 of the Revised Code shall be expended by the board of county commissioners or directors of the district in accordance with the district's solid waste management plan or amended plan approved under section
3734.521, 3734.55, or 3734.56 of the Revised Code exclusively for the following purposes:

(1) Preparation of the solid waste management plan of the district under section 3734.54 of the Revised Code, monitoring implementation of the plan, and conducting the periodic review and amendment of the plan required by section 3734.56 of the Revised Code by the solid waste management policy committee;

(2) Implementation of the approved solid waste management plan or amended plan of the district, including, without limitation, the development and implementation of solid waste recycling or reduction programs;

(3) Providing financial assistance to boards of health within the district, if solid waste facilities are located within the district, for enforcement of this chapter and rules, orders, and terms and conditions of permits, licenses, and variances adopted or issued under it, other than the hazardous waste provisions of this chapter and rules adopted and orders and terms and conditions of permits issued under those provisions;

(4) Providing financial assistance to each county within the district to defray the added costs of maintaining roads and other public facilities and of providing emergency and other public services resulting from the location and operation of a solid waste facility within the county under the district's approved solid waste management plan or amended plan;

(5) Pursuant to contracts entered into with boards of health within the district, if solid waste facilities contained in the district's approved plan or amended plan are located within the district, for paying the costs incurred by those boards of health for collecting and analyzing samples from public or private water wells on lands adjacent to those facilities;

(6) Developing and implementing a program for the inspection of solid wastes generated outside the boundaries of this state that are disposed of at solid waste facilities included in the district's approved solid waste management plan or amended plan;

(7) Providing financial assistance to boards of health within the district for the enforcement of section 3734.03 of the Revised Code or to local law enforcement agencies having jurisdiction within the district for enforcing anti-littering laws and ordinances;

(8) Providing financial assistance to boards of health of health districts within the district that are on the approved list under section 3734.08 of the Revised Code to defray the costs to the health districts for the participation of their employees responsible for enforcement of the solid waste provisions of this chapter and rules adopted and orders and terms and conditions of permits, licenses, and variances issued under those provisions in the training
and certification program as required by rules adopted under division (L) of section 3734.02 of the Revised Code;

(9) Providing financial assistance to individual municipal corporations and townships within the district to defray their added costs of maintaining roads and other public facilities and of providing emergency and other public services resulting from the location and operation within their boundaries of a composting, energy or resource recovery, incineration, or recycling facility that either is owned by the district or is furnishing solid waste management facility or recycling services to the district pursuant to a contract or agreement with the board of county commissioners or directors of the district;

(10) Payment of any expenses that are agreed to, awarded, or ordered to be paid under section 3734.35 of the Revised Code and of any administrative costs incurred pursuant to that section. In the case of a joint solid waste management district, if the board of county commissioners of one of the counties in the district is negotiating on behalf of affected communities, as defined in that section, in that county, the board shall obtain the approval of the board of directors of the district in order to expend moneys for administrative costs incurred.

Prior to the approval of the district's solid waste management plan under section 3734.55 of the Revised Code, moneys in the special fund of the district arising from the fees shall be expended for those purposes in the manner prescribed by the solid waste management policy committee by resolution.

Notwithstanding division (G)(6) of this section as it existed prior to October 29, 1993, or any provision in a district's solid waste management plan prepared in accordance with division (B)(2)(e) of section 3734.53 of the Revised Code as it existed prior to that date, any moneys arising from the fees levied under division (B)(3) of this section prior to January 1, 1994, may be expended for any of the purposes authorized in divisions (G)(1) to (10) of this section.

(H) The director shall adopt rules in accordance with Chapter 119. of the Revised Code prescribing procedures for collecting and forwarding the fees levied under divisions (B) and (C) of this section to the boards of county commissioners or directors of county or joint solid waste management districts and to the treasurers or other officers of municipal corporations and the fiscal officers of townships. The rules also shall prescribe the dates for forwarding the fees to the boards and officials and may prescribe any other requirements the director considers necessary or appropriate to implement and administer divisions (A), (B), and (C) of this
section.

Sec. 3734.573. (A) For the purposes specified in division (G) of section 3734.57 of the Revised Code, the solid waste management policy committee of a county or joint solid waste management district may levy a fee on the generation of solid wastes within the district.

The initial or amended solid waste management plan of the county or joint district approved under section 3734.521, 3734.55, or 3734.56 of the Revised Code, an amendment to the district's plan adopted under division (E) of section 3734.56 of the Revised Code, or the resolution adopted and ratified under division (B) of this section shall establish the rate of the fee levied under this division and shall specify whether the fee is levied on the basis of tons or cubic yards as the unit of measurement.

(B) Prior to the approval under division (A) of section 3734.56 of the Revised Code of the first amended plan that the district is required to submit for approval under that section, the approval of an initial plan under section 3734.521 of the Revised Code, the approval of an amended plan under section 3734.521 or division (D) of section 3734.56 of the Revised Code, or the amendment of the district's plan under division (E) of section 3734.56 of the Revised Code, the solid waste management policy committee of a county or joint district that is operating under an initial plan approved under section 3734.55 of the Revised Code, or one for which approval of its initial plan is pending before the director of environmental protection on October 29, 1993, under section 3734.55 of the Revised Code, may levy a fee under division (A) of this section by adopting and obtaining ratification of a resolution establishing the amount of the fee. A policy committee that, after December 1, 1993, concurrently proposes to levy a fee under division (A) of this section and to amend the fees levied by the district under divisions (B)(1) to (3) of section 3734.57 of the Revised Code may adopt and obtain ratification of one resolution proposing to do both. The requirements and procedures set forth in division (B) of section 3734.57 of the Revised Code governing the adoption, amendment, and repeal of resolutions levying fees under divisions (B)(1) to (3) of that section, the ratification of those resolutions, and the notification of owners and operators of solid waste facilities required to collect fees levied under those divisions govern the adoption of the resolutions authorized to be adopted under this division, the ratification thereof, and the notification of owners and operators required to collect the fees, except as otherwise specifically provided in division (C) of this section.

(C) Any initial or amended plan of a district adopted under section 3734.521 or 3734.56 of the Revised Code, or resolution adopted under
division (B) of this section, that proposes to levy a fee under division (A) of this section that exceeds five dollars per ton shall be ratified in accordance with the provisions of section 3734.55 or division (B) of section 3734.57 of the Revised Code, as applicable, except that such an initial or amended plan or resolution shall be approved by a combination of municipal corporations and townships with a combined population within the boundaries of the district comprising at least seventy-five per cent, rather than at least sixty per cent, of the total population of the district.

(D) The policy committee of a county or joint district may amend the fee levied by the district under division (A) of this section by adopting and obtaining ratification of a resolution establishing the amount of the amended fee. The policy committee may abolish the fee or an amended fee established under this division by adopting and obtaining ratification of a resolution proposing to repeal it. The requirements and procedures under division (B) and, if applicable, division (C) of this section govern the adoption and ratification of a resolution authorized to be adopted under this division and the notification of owners and operators of solid waste facilities required to collect the fees.

(E) Collection of a fee or amended fee levied under division (A) or (D) of this section shall commence or cease in accordance with division (B) of section 3734.57 of the Revised Code. If a district is levying a fee under section 3734.572 of the Revised Code, collection of that fee shall cease on the date on which collection of the fee levied under division (A) of this section commences in accordance with division (B) of section 3734.57 of the Revised Code.

(F) In the case of solid wastes that are taken to a solid waste transfer facility prior to being transported to a solid waste disposal facility for disposal, the fee levied under division (A) of this section shall be collected by the owner or operator of the transfer facility as a trustee for the district. In the case of solid wastes that are not taken to a solid waste transfer facility prior to being transported to a solid waste disposal facility, the fee shall be collected by the owner or operator of the solid waste disposal facility where the wastes are disposed of. An owner or operator of a solid waste transfer or disposal facility who is required to collect the fee shall collect and forward the fee to the district in accordance with section 3734.57 of the Revised Code and rules adopted under division (H) of that section.

If the owner or operator of a solid waste transfer or disposal facility who did not receive notice pursuant to division (B) of this section to collect the fee levied by a district under division (A) of this section receives solid wastes generated in the district, the owner or operator, within thirty days
after receiving the wastes, shall send written notice of that fact to the board of county commissioners or directors of the district. Within thirty days after receiving such a notice, the board of county commissioners or directors shall send written notice to the owner or operator indicating whether the district is levying a fee under division (A) of this section and, if so, the amount of the fee.

(G) Moneys received by a district levying a fee under division (A) of this section shall be credited to the special fund of the district created in division (G) of section 3734.57 of the Revised Code and shall be used exclusively for the purposes specified in that division. Prior to the approval under division (A) of section 3734.56 of the Revised Code of the first amended plan that the district is required to submit for approval under that section, the approval of an initial plan under section 3734.521 of the Revised Code, the approval of an amended plan under that section or division (D) of section 3734.56 of the Revised Code, or the amendment of the district's plan under division (E) of section 3734.56 of the Revised Code, moneys credited to the special fund arising from the fee levied pursuant to a resolution adopted and ratified under division (B) of this section shall be expended for those purposes in the manner prescribed by the solid waste management policy committee by resolution.

(H) The fee levied under division (A) of this section does not apply to the management of solid wastes that:

1. Are disposed of at a facility owned by the generator of the wastes when the solid waste facility exclusively disposes of solid wastes generated at one or more premises owned by the generator regardless of whether the facility is located on a premises where the wastes were generated;

2. Are disposed of at facilities that exclusively dispose of wastes that are generated from the combustion of coal, or from the combustion of primarily coal in combination with scrap tires, that is not combined in any way with garbage at one or more premises owned by the generator.

(I) When solid wastes that are burned in a disposal facility that is an incinerator or energy recovery facility are delivered to a solid waste transfer facility prior to being transported to the incinerator or energy recovery facility where they are burned, the fee levied under division (A) of this section shall be levied on the wastes delivered to the transfer facility.

(J) When solid wastes that are burned in a disposal facility that is an incinerator or energy recovery facility are not delivered to a solid waste transfer facility prior to being transported to the incinerator or energy recovery facility where they are burned, the fee levied under division (A) of this section shall be levied on the wastes delivered to the incinerator or
energy recovery facility.

(K) The fee levied under division (A) of this section does not apply to sewage sludge that is generated by a waste water treatment facility holding a national pollutant discharge elimination system permit and that is disposed of through incineration, land application, or composting or at another resource recovery or disposal facility that is not a landfill.

(L) The fee levied under division (A) of this section does not apply to yard waste solid waste delivered to a solid waste composting facility for processing or to a solid waste transfer facility. If any unprocessed solid waste or compost product is transported off the premises of a composting facility for disposal at a landfill, the fee levied under division (A) of this section applies and shall be collected by the owner or operator of the landfill.

(M) The fee levied under division (A) of this section does not apply to materials separated from a mixed waste stream for recycling by the generator or materials removed from the solid waste stream as a result of recycling, as "recycling" is defined in rules adopted under section 3734.02 of the Revised Code.

(N) The director of environmental protection may issue an order exempting from the fees levied under this section solid wastes, including, but not limited to, scrap tires, that are generated, transferred, or disposed of as a result of a contract providing for the expenditure of public funds entered into by the administrator or regional administrator of the United States environmental protection agency, the director of environmental protection, or the director of administrative services on behalf of the director of environmental protection for the purpose of remediating conditions at a hazardous waste facility, solid waste facility, or other location at which the administrator or regional administrator or the director of environmental protection has reason to believe that there is a substantial threat to public health or safety or the environment or that the conditions are causing or contributing to air or water pollution or soil contamination. An order issued by the director of environmental protection under this division shall include a determination that the amount of fees not received by a solid waste management district as a result of the order will not adversely impact the implementation and financing of the district's approved solid waste management plan and any approved amendments to the plan. Such an order is a final action of the director of environmental protection.

Sec. 3734.82. (A) The annual fee for a scrap tire recovery facility license issued under section 3734.81 of the Revised Code shall be in accordance with the following schedule:
Daily Design
Input Capacity (Tons)
1 or less 2 to 25 26 to 50 51 to 100 101 to 200 201 to 500 501 or more
$100 500 1,000 1,500 2,500 3,500 5,500

For the purpose of determining the applicable license fee under this division, the daily design input capacity shall be the quantity of scrap tires the facility is designed to process daily as set forth in the registration certificate or permit for the facility, and any modifications to the permit, if applicable, issued under section 3734.78 of the Revised Code.

(B) The annual fee for a scrap tire monocell or monofill facility license shall be in accordance with the following schedule:

Authorized Maximum Daily Waste Receipt (Tons)
100 or less 101 to 200 201 to 500 501 or more
$5,000 12,500 30,000 60,000

For the purpose of determining the applicable license fee under this division, the authorized maximum daily waste receipt shall be the maximum amount of scrap tires the facility is authorized to receive daily that is established in the permit for the facility, and any modification to that permit, issued under section 3734.77 of the Revised Code.

(C)(1) Except as otherwise provided in division (C)(2) of this section, the annual fee for a scrap tire storage facility license shall equal one thousand dollars times the number of acres on which scrap tires are to be stored at the facility during the license year, as set forth on the application for the annual license, except that the total annual license fee for any such facility shall not exceed three thousand dollars.

(2) The annual fee for a scrap tire storage facility license for a storage facility that is owned or operated by a motor vehicle salvage dealer licensed under Chapter 4738. of the Revised Code is one hundred dollars.

(D)(1) Except as otherwise provided in division (D)(2) of this section, the annual fee for a scrap tire collection facility license is two hundred
dollars.

(2) The annual fee for a scrap tire collection facility license for a collection facility that is owned or operated by a motor vehicle salvage dealer licensed under Chapter 4738. of the Revised Code is fifty dollars.

(E) Except as otherwise provided in divisions (C)(2) and (D)(2) of this section, the same fees apply to private operators and to the state and its political subdivisions and shall be paid within thirty days after the issuance of a license. The fees include the cost of licensing, all inspections, and other costs associated with the administration of the scrap tire provisions of this chapter and rules adopted under them. Each license shall specify that it is conditioned upon payment of the applicable fee to the board of health or the director of environmental protection, as appropriate, within thirty days after the issuance of the license.

(F) The board of health shall retain fifteen thousand dollars of each license fee collected by the board under division (B) of this section, or the entire amount of any such fee that is less than fifteen thousand dollars, and the entire amount of each license fee collected by the board under divisions (A), (C), and (D) of this section. The moneys retained shall be paid into a special fund, which is hereby created in each health district, and used solely to administer and enforce the scrap tire provisions of this chapter and rules adopted under them. The remainder, if any, of each license fee collected by the board under division (B) of this section shall be transmitted to the director within forty-five days after receipt of the fee.

(G) The director shall transmit the moneys received by the director from license fees collected under division (B) of this section to the treasurer of state to be credited to the scrap tire management fund, which is hereby created in the state treasury. The fund shall consist of all federal moneys received by the environmental protection agency for the scrap tire management program; all grants, gifts, and contributions made to the director for that program; and all other moneys that may be provided by law for that program. The director shall use moneys in the fund as follows:

(1) Expend not more than seven hundred fifty thousand dollars during each fiscal year amounts determined necessary by the director to implement, administer, and enforce the scrap tire provisions of this chapter and rules adopted under them;

(2) During each fiscal year, request the director of budget and management to, and the director of budget and management shall, transfer one million dollars to the scrap tire grant fund created in section 1502.12 of the Revised Code for the purposes specified in that section; supporting market development activities for scrap tires and synthetic rubber from tire
manufacturing processes and tire recycling processes. In addition, during a fiscal year, the director of environmental protection may request the director of budget and management to, and the director of budget and management shall, transfer up to an additional five hundred thousand dollars to the scrap tire grant fund for scrap tire amnesty events and scrap tire cleanup events.

(3) Expend not more than three million dollars per year during fiscal years 2002 and 2003 to conduct removal actions under section 3734.85 of the Revised Code and to make grants to boards of health under section 3734.042 of the Revised Code. However, more than three million dollars may be expended in fiscal years 2002 and 2003 for the purposes of division (G)(3) of this section if more moneys are collected from the fee levied under division (A)(2) of section 3734.901 of the Revised Code. During each subsequent fiscal year the director shall expend not more than four million five hundred thousand dollars to conduct removal actions under section 3734.85 of the Revised Code and to make grants to boards of health under section 3734.042 of the Revised Code. However, more than four million five hundred thousand dollars may be expended in a fiscal year for the purposes of division (G)(3) of this section if more moneys are collected from the fee levied under division (A)(2) of section 3734.901 of the Revised Code. The director shall request the approval of the controlling board prior to the use of the moneys to conduct removal actions under section 3734.85 of the Revised Code. The request shall be accompanied by a plan describing the removal actions to be conducted during the fiscal year and an estimate of the costs of conducting them. The controlling board shall approve the plan only if it finds that the proposed removal actions are in accordance with the priorities set forth in division (B) of section 3734.85 of the Revised Code and that the costs of conducting them are reasonable. Controlling board approval is not required for grants made to boards of health under section 3734.042 of the Revised Code.

(H) If, during a fiscal year, more than seven million dollars are credited to the scrap tire management fund, the director, at the conclusion of the fiscal year, shall request the director of budget and management to, and the director of budget and management shall, transfer one half of those excess moneys to the scrap tire grant fund. The director shall expend the remaining excess moneys in the scrap tire management fund to conduct removal actions under section 3734.85 of the Revised Code in accordance with the procedures established under division (I) of this section.

(I) After the actions in divisions (G)(1) to (3) and (H) of this section are completed during each prior fiscal year, the director may expend up to the balance remaining from prior fiscal years in the scrap tire management fund
to conduct removal actions under section 3734.85 of the Revised Code. Prior to using any moneys in the fund for that purpose in a fiscal year, the director shall request the approval of the controlling board for that use of the moneys. The request shall be accompanied by a plan describing the removal actions to be conducted during the fiscal year and an estimate of the costs of conducting them. The controlling board shall approve the plan only if the board finds that the proposed removal actions are in accordance with the priorities set forth in division (B) of section 3734.85 of the Revised Code and that the costs of conducting them are reasonable. After the expenditures and transfers are made under divisions (G)(1) and (2) of this section, expend the balance of the money in the scrap tire management fund remaining in each fiscal year to conduct removal actions under section 3734.85 of the Revised Code and to provide grants to boards of health under section 3734.042 of the Revised Code.

Sec. 3734.901. The proceeds of the fee shall be deposited in the state treasury to the credit of the scrap tire management fund created in section 3734.82 of the Revised Code. The fee is levied from the first day of the calendar month that begins next after thirty days from October 29, 1993, through June 30, 2011.

(2) Beginning on September 5, 2001, and ending on June 30, 2011, there is hereby levied an additional fee of fifty cents per tire on the sale of tires the proceeds of which shall be deposited in the state treasury to the credit of the scrap tire management fund created in section 3734.82 of the Revised Code and be used exclusively for the purposes specified in division (G)(3) of that section.

(B) Only one sale of the same article shall be used in computing the amount of the fee due.

Sec. 3734.9010. Two per cent of all amounts paid to the treasurer of state pursuant to sections 3734.90 to 3734.9014 of the Revised Code shall

The following fees shall be assessed on the total actual emissions from a source in tons per year of the regulated pollutants particulate matter, sulfur
dioxide, nitrogen oxides, organic compounds, and lead:

(a) Fifteen dollars per ton on the total actual emissions of each such regulated pollutant during the period July through December 1993, to be collected no sooner than July 1, 1994;

(b) Twenty dollars per ton on the total actual emissions of each such regulated pollutant during calendar year 1994, to be collected no sooner than April 15, 1995;

(c) Twenty-five dollars per ton on the total actual emissions of each such regulated pollutant in calendar year 1995, and each subsequent calendar year, to be collected no sooner than the fifteenth day of April of the year next succeeding the calendar year in which the emissions occurred.

The fees levied under division (C)(1) of this section do not apply to that portion of the emissions of a regulated pollutant at a facility that exceed four thousand tons during a calendar year.

(2) The fees assessed under division (C)(1) of this section are for the purpose of providing funding for the Title V permit program.

(3) The fees assessed under division (C)(1) of this section do not apply to emissions from any electric generating unit designated as a Phase I unit under Title IV of the federal Clean Air Act prior to calendar year 2000. Those fees shall be assessed on the emissions from such a generating unit commencing in calendar year 2001 based upon the total actual emissions from the generating unit during calendar year 2000 and shall continue to be assessed each subsequent calendar year based on the total actual emissions from the generating unit during the preceding calendar year.

(4) The director shall issue invoices to owners or operators of air contaminant sources who are required to pay a fee assessed under division (C) or (D) of this section. Any such invoice shall be issued no sooner than the applicable date when the fee first may be collected in a year under the applicable division, shall identify the nature and amount of the fee assessed, and shall indicate that the fee is required to be paid within thirty days after the issuance of the invoice.

(D)(1) Except as provided in division (D)(3) of this section, from January 1, 1994, through December 31, 2003, each person who owns or operates an air contaminant source; who is required to apply for a permit to operate pursuant to rules adopted under division (G), or a variance pursuant to division (H), of section 3704.03 of the Revised Code; and who is not required to apply for and obtain a Title V permit under section 3704.036 of the Revised Code shall pay a single fee based upon the sum of the actual annual emissions from the facility of the regulated pollutants particulate matter, sulfur dioxide, nitrogen oxides, organic compounds, and lead in

(2) Except as provided in division (D)(3) of this section, beginning January 1, 2004, each person who owns or operates an air contaminant source; who is required to apply for a permit to operate pursuant to rules adopted under division (G), or a variance pursuant to division (H), of section 3704.03 of the Revised Code; and who is not required to apply for and obtain a Title V permit under section 3704.03 of the Revised Code shall pay a single fee based upon the sum of the actual annual emissions from the facility of the regulated pollutants particulate matter, sulfur dioxide, nitrogen oxides, organic compounds, and lead in accordance with the following schedule:

(3)(a) As used in division (D) of this section, "synthetic minor facility" means a facility for which one or more permits to install or permits to operate have been issued for the air contaminant sources at the facility that include terms and conditions that lower the facility's potential to emit air contaminants below the major source thresholds established in rules adopted under section 3704.036 of the Revised Code.

(b) Beginning January 1, 2000, through June 30, 2010, 2012, each person who owns or operates a synthetic minor facility shall pay an annual fee based on the sum of the actual annual emissions from the facility of particulate matter, sulfur dioxide, nitrogen dioxide, organic compounds, and lead in accordance with the following schedule:

(4) The fees assessed under division (D)(1) of this section shall be collected annually no sooner than the fifteenth day of April, commencing in 1995. The fees assessed under division (D)(2) of this section shall be collected annually no sooner than the fifteenth day of April, commencing in 2005. The fees assessed under division (D)(3) of this section shall be collected no sooner than the fifteenth day of April, commencing in 2000. The fees assessed under division (D) of this section in a calendar year shall be based upon the sum of the actual emissions of those regulated pollutants during the preceding calendar year. For the purpose of division (D) of this section, emissions of air contaminants may be calculated using engineering calculations, emission factors, material balance calculations, or performance testing procedures, as authorized by the director. The director, by rule, may require persons who are required to pay the fees assessed under division (D) of this section to pay those fees biennially rather than annually.

(E)(1) Consistent with the need to cover the reasonable costs of the Title V permit program, the director annually shall increase the fees prescribed in division (C)(1) of this section by the percentage, if any, by which the consumer price index for the most recent calendar year ending before the beginning of a year exceeds the consumer price index for calendar year 1989. Upon calculating an increase in fees authorized by division (E)(1) of this section, the director shall compile revised fee schedules for the purposes of division (C)(1) of this section and shall make the revised schedules available to persons required to pay the fees assessed under that division and to the public.

(2) For the purposes of division (E)(1) of this section:
(a) The consumer price index for any year is the average of the consumer price index for all urban consumers published by the United States department of labor as of the close of the twelve-month period ending on the thirty-first day of August of that year.
(b) If the 1989 consumer price index is revised, the director shall use the revision of the consumer price index that is most consistent with that for
calendar year 1989.

(F) Each person who is issued a permit to install pursuant to rules adopted under division (F) of section 3704.03 of the Revised Code on or after July 1, 2003, shall pay the fees specified in the following schedules:

(H) A person who is issued an extension of time for a permit to install an air contaminant source pursuant to rules adopted under division (F) of section 3704.03 of the Revised Code shall pay a fee equal to one-half the fee originally assessed for the permit to install under this section, except that the fee for such an extension shall not exceed two hundred dollars.

(I) A person who is issued a modification to a permit to install an air contaminant source pursuant to rules adopted under section 3704.03 of the Revised Code shall pay a fee equal to one-half of the fee that would be assessed under this section to obtain a permit to install the source. The fee assessed by this division only applies to modifications that are initiated by the owner or operator of the source and shall not exceed two thousand dollars.
Notwithstanding division (B) or (F) of this section, a person who applies for or obtains a permit to install pursuant to rules adopted under division (F) of section 3704.03 of the Revised Code after the date actual construction of the source began shall pay a fee for the permit to install that is equal to twice the fee that otherwise would be assessed under the applicable division unless the applicant received authorization to begin construction under division (W) of section 3704.03 of the Revised Code. This division only applies to sources for which actual construction of the source begins on or after July 1, 1993. The imposition or payment of the fee established in this division does not preclude the director from taking any administrative or judicial enforcement action under this chapter, Chapter 3704., 3714., 3734., or 6111. of the Revised Code, or a rule adopted under any of them, in connection with a violation of rules adopted under division (F) of section 3704.03 of the Revised Code.

(K) Fifty cents per ton of each fee assessed under division (C) of this section on actual emissions from a source and received by the environmental protection agency pursuant to that division shall be deposited into the state treasury to the credit of the small business assistance fund created in section 3706.19 of the Revised Code. The remainder of the moneys received by the division pursuant to that division and moneys received by the agency pursuant to divisions (D), (F), (G), (H), (I), and (J) of this section shall be deposited in the state treasury to the credit of the clean air fund created in section 3704.035 of the Revised Code.

(iii) The annual discharge fee established in division (L)(5)(a)(i) of this section, except for the surcharge applicable to certain industrial facilities pursuant to division (L)(5)(c) of this section, shall be based upon the average daily discharge flow in gallons per day calculated using first day of May through thirty-first day of October flow data for the period two years prior to the date on which the fee is due. In the case of NPDES discharge permits for new sources, the fee shall be calculated using the average daily design flow of the facility until actual average daily discharge flow values are available for the time period specified in division (L)(5)(a)(iii) of this section. The annual discharge fee may be prorated for a new source as described in division (L)(5)(a)(ii) of this section.

(7) The director shall transmit all moneys collected under division (L) of this section to the treasurer of state for deposit into the state treasury to the credit of the surface water protection fund created in section 6111.038 of the Revised Code.

(8) As used in division (L) of this section:
(a) "NPDES" means the federally approved national pollutant discharge elimination system program for issuing, modifying, revoking, reissuing, terminating, monitoring, and enforcing permits and imposing and enforcing pretreatment requirements under Chapter 6111. of the Revised Code and rules adopted under it.
(b) "Public discharger" means any holder of an NPDES permit identified by P in the second character of the NPDES permit number assigned by the director.
(c) "Industrial discharger" means any holder of an NPDES permit identified by I in the second character of the NPDES permit number assigned by the director.
(d) "Major discharger" means any holder of an NPDES permit classified as major by the regional administrator of the United States environmental protection agency in conjunction with the director.

(M) Through June 30, 2010 2012, a person applying for a license or license renewal to operate a public water system under section 6109.21 of the Revised Code shall pay the appropriate fee established under this division at the time of application to the director. Any person who fails to pay the fee at that time shall pay an additional amount that equals ten per cent of the required fee. The director shall transmit all moneys collected under this division to the treasurer of state for deposit into the drinking water protection fund created in section 6109.30 of the Revised Code.

Except as provided in division (M)(4) of this section, fees required under this division shall be calculated and paid in accordance with the following schedule:

(1) For the initial license required under division (A)(1) of section 6109.21 of the Revised Code for any public water system that is a community water system as defined in section 6109.01 of the Revised Code, and for each license renewal required for such a system prior to January 31, 2010 2012, the fee is:

The annual volume of sewage sludge treated or disposed of by a sewage sludge facility shall be calculated using the first day of January through the thirty-first day of December of the calendar year preceding the date on which payment of the fee is due.

(2)(a) Except as provided in division (Y)(2)(d) of this section, each sewage sludge facility shall pay a minimum annual sewage sludge fee of one hundred dollars.

(b) The annual sludge fee required to be paid by a sewage sludge facility that treats or disposes of exceptional quality sludge in this state shall be thirty-five per cent less per dry ton of exceptional quality sludge than the fee assessed under division (Y)(1) of this section, subject to the following exceptions:

(i) Except as provided in division (Y)(2)(d) of this section, a sewage sludge facility that treats or disposes of exceptional quality sludge shall pay a minimum annual sewage sludge fee of one hundred dollars.

(ii) A sewage sludge facility that treats or disposes of exceptional quality sludge shall not be required to pay the annual sludge fee for treatment or disposal in this state of exceptional quality sludge generated outside of this state and contained in bags or other containers not greater than one hundred pounds in capacity.

A thirty-five per cent reduction for exceptional quality sludge applies to the maximum annual fees established under division (Y)(3) of this section.

(c) A sewage sludge facility that transfers sewage sludge to another sewage sludge facility in this state for further treatment prior to disposal in this state shall not be required to pay the annual sludge fee for the tons of sewage sludge that have been transferred. In such a case, the sewage sludge facility that disposes of the sewage sludge shall pay the annual sludge fee. However, the facility transferring the sewage sludge shall pay the one-hundred-dollar minimum fee required under division (Y)(2)(a) of this section.

In the case of a sewage sludge facility that treats sewage sludge in this
state and transfers it out of this state to another entity for disposal, the sewage sludge facility in this state shall be required to pay the annual sludge fee for the tons of sewage sludge that have been transferred.

(d) A sewage sludge facility that generates sewage sludge resulting from an average daily discharge flow of less than five thousand gallons per day is not subject to the fees assessed under division (Y) of this section.

(3) No sewage sludge facility required to pay the annual sludge fee shall be required to pay more than the maximum annual fee for each disposal method that the sewage sludge facility uses. The maximum annual fee does not include the additional amount that may be charged under division (Y)(5) of this section for late payment of the annual sludge fee. The maximum annual fee for the following methods of disposal of sewage sludge is as follows:

(a) Incineration: five thousand dollars;
(b) Preexisting land reclamation project or disposal in a landfill: five thousand dollars;
(c) Land application, land reclamation, surface disposal, or any other disposal method not specified in division (Y)(3)(a) or (b) of this section: twenty thousand dollars.

(4)(a) In the case of an entity that generates sewage sludge or a sewage sludge facility that treats sewage sludge and transfers the sewage sludge to an incineration facility for disposal, the incineration facility, and not the entity generating the sewage sludge or the sewage sludge facility treating the sewage sludge, shall pay the annual sludge fee for the tons of sewage sludge that are transferred. However, the entity or facility generating or treating the sewage sludge shall pay the one-hundred-dollar minimum fee required under division (Y)(2)(a) of this section.

(b) In the case of an entity that generates sewage sludge and transfers the sewage sludge to a landfill for disposal or to a sewage sludge facility for land reclamation or surface disposal, the entity generating the sewage sludge, and not the landfill or sewage sludge facility, shall pay the annual sludge fee for the tons of sewage sludge that are transferred.

(5) Not later than the first day of April of the calendar year following March 17, 2000, and each first day of April thereafter, the director shall issue invoices to persons who are required to pay the annual sludge fee. The invoice shall identify the nature and amount of the annual sludge fee assessed and state the first day of May as the deadline for receipt by the director of objections regarding the amount of the fee and the first day of July as the deadline for payment of the fee.

Not later than the first day of May following receipt of an invoice, a
person required to pay the annual sludge fee may submit objections to the
director concerning the accuracy of information regarding the number of dry
tons of sewage sludge used to calculate the amount of the annual sludge fee
or regarding whether the sewage sludge qualifies for the exceptional quality
sludge discount established in division (Y)(2)(b) of this section. The director
may consider the objections and adjust the amount of the fee to ensure that it
is accurate.

If the director does not adjust the amount of the annual sludge fee in
response to a person's objections, the person may appeal the director's
determination in accordance with Chapter 119. of the Revised Code.

Not later than the first day of June, the director shall notify the objecting
person regarding whether the director has found the objections to be valid
and the reasons for the finding. If the director finds the objections to be valid
and adjusts the amount of the annual sludge fee accordingly, the director
shall issue with the notification a new invoice to the person identifying the
amount of the annual sludge fee assessed and stating the first day of July as
the deadline for payment.

Not later than the first day of July, any person who is required to do so
shall pay the annual sludge fee. Any person who is required to pay the fee,
but who fails to do so on or before that date shall pay an additional amount
that equals ten per cent of the required annual sludge fee.

(6) The director shall transmit all moneys collected under division (Y)
of this section to the treasurer of state for deposit into the surface water
protection fund created in section 6111.038 of the Revised Code. The
moneys shall be used to defray the costs of administering and enforcing
provisions in Chapter 6111. of the Revised Code and rules adopted under it
that govern the use, storage, treatment, or disposal of sewage sludge.

(7) Beginning in fiscal year 2001, and every two years thereafter, the
director shall review the total amount of moneys generated by the annual
sludge fees to determine if that amount exceeded six hundred thousand
dollars in either of the two preceding fiscal years. If the total amount of
moneys in the fund exceeded six hundred thousand dollars in either fiscal
year, the director, after review of the fee structure and consultation with
affected persons, shall issue an order reducing the amount of the fees levied
under division (Y) of this section so that the estimated amount of moneys
resulting from the fees will not exceed six hundred thousand dollars in any
fiscal year.

If, upon review of the fees under division (Y)(7) of this section and after
the fees have been reduced, the director determines that the total amount of
moneys collected and accumulated is less than six hundred thousand dollars,
the director, after review of the fee structure and consultation with affected persons, may issue an order increasing the amount of the fees levied under division (Y) of this section so that the estimated amount of moneys resulting from the fees will be approximately six hundred thousand dollars. Fees shall never be increased to an amount exceeding the amount specified in division (Y)(7) of this section.

Notwithstanding section 119.06 of the Revised Code, the director may issue an order under division (Y)(7) of this section without the necessity to hold an adjudicatory hearing in connection with the order. The issuance of an order under this division is not an act or action for purposes of section 3745.04 of the Revised Code.

(3) "Abate" or "abatement" in connection with any building means the removal or correction of any conditions that constitute a public nuisance and the making of any other improvements that are needed to effect a rehabilitation of the building that is consistent with maintaining safe and habitable conditions over its remaining useful life. (B)(1)(a) In any civil action to enforce any local building, housing, air pollution, sanitation, health, fire, zoning, or safety code, ordinance, resolution, or regulation applicable to buildings, that is commenced in a court of common pleas, municipal court, housing or environmental division of a municipal court, or county court, or in any civil action for abatement commenced in a court of common pleas, municipal court, housing or environmental division of a municipal court, or county court, by a municipal corporation or township in which the building involved is located, by any neighbor, tenant, or by a nonprofit corporation that is duly organized and has as one of its goals the improvement of housing conditions in the county or municipal corporation in which the building involved is located, if a building is alleged to be a public nuisance, the municipal corporation, township, neighbor, tenant, or nonprofit corporation may apply in its complaint for an injunction or other order as described in division (C)(1) of this section, or for the relief described in division (C)(2) of this section, including, if necessary, the appointment of a receiver as described in divisions (C)(2) and (3) of this section, or for both such an injunction or other order and such relief. The municipal corporation, township, neighbor, tenant, or nonprofit corporation commencing the action is not liable for the costs, expenses, and fees of any receiver appointed pursuant to divisions (C)(2) and (3) of this section.

(b) Prior to commencing a civil action for abatement when the property alleged to be a public nuisance is subsidized housing, the municipal corporation, township, neighbor, tenant, or nonprofit corporation commencing the action shall provide the landlord of that property with written notice that specifies one or more defective conditions that constitute a public nuisance as that term applies to subsidized housing and states that if the landlord fails to remedy the condition within sixty days of the service of
the notice, a claim pursuant to this section may be brought on the basis that the property constitutes a public nuisance in subsidized housing. Any party authorized to bring an action against the landlord shall make reasonable attempts to serve the notice in the manner prescribed in the Rules of Civil Procedure to the landlord or the landlord's agent for the property at the property's management office, or at the place where the tenants normally pay or send rent. If the landlord is not the owner of record, the party bringing the action shall make a reasonable attempt to serve the owner. If the owner does not receive service the person bringing the action shall certify the attempts to serve the owner.

(2)(a) In a civil action described in division (B)(1) of this section, a copy of the complaint and a notice of the date and time of a hearing on the complaint shall be served upon the owner of the building and all other interested parties in accordance with the Rules of Civil Procedure. If certified mail service, personal service, or residence service of the complaint and notice is refused or certified mail service of the complaint and notice is not claimed, and if the municipal corporation, township, neighbor, tenant, or nonprofit corporation commencing the action makes a written request for ordinary mail service of the complaint and notice, or uses publication service, in accordance with the Rules of Civil Procedure, then a copy of the complaint and notice shall be posted in a conspicuous place on the building.

(b) The judge in a civil action described in division (B)(1) of this section shall conduct a hearing at least twenty-eight days after the owner of the building and the other interested parties have been served with a copy of the complaint and the notice of the date and time of the hearing in accordance with division (B)(2)(a) of this section.

(c) In considering whether subsidized housing is a public nuisance, the judge shall construe the standards set forth in division (A)(2)(b) of this section in a manner consistent with department of housing and urban development and judicial interpretations of those standards. The judge shall deem that the property is not a public nuisance if during the twelve months prior to the service of the notice that division (B)(1)(b) of this section requires, the department of housing and urban development's real estate assessment center issued a score of seventy-five or higher out of a possible one hundred points pursuant to its regulations governing the physical condition of multifamily properties pursuant to 24 C.F.R. part 200, subpart P, and since the most recent inspection, there has been no significant change in the property's conditions that would create a serious threat to the health, safety, or welfare of the property's tenants.

(C)(1) If the judge in a civil action described in division (B)(1) of this
section finds at the hearing required by division (B)(2) of this section that
the building involved is a public nuisance, if the judge additionally
determines that the owner of the building previously has not been afforded a
reasonable opportunity to abate the public nuisance or has been afforded
such an opportunity and has not refused or failed to abate the public
nuisance, and if the complaint of the municipal corporation, township,
neighbor, tenant, or nonprofit corporation commencing the action requested
the issuance of an injunction as described in this division, then the judge
may issue an injunction requiring the owner of the building to abate the
public nuisance or issue any other order that the judge considers necessary
or appropriate to cause the abatement of the public nuisance. If an injunction
is issued pursuant to this division, the owner of the building involved shall
be given no more than thirty days from the date of the entry of the judge's
order to comply with the injunction, unless the judge, for good cause shown,
extends the time for compliance.

(2) If the judge in a civil action described in division (B)(1) of this
section finds at the hearing required by division (B)(2) of this section that
the building involved is a public nuisance, if the judge additionally
determines that the owner of the building previously has been afforded a
reasonable opportunity to abate the public nuisance and has refused or failed
to do so, and if the complaint of the municipal corporation, township,
neighbor, tenant, or nonprofit corporation commencing the action requested
relief as described in this division, then the judge shall offer any mortgagee,
lienholder, or other interested party associated with the property on which
the building is located, in the order of the priority of interest in title, the
opportunity to undertake the work and to furnish the materials necessary to
abate the public nuisance. Prior to selecting any interested party, the judge
shall require the interested party to demonstrate the ability to promptly
undertake the work and furnish the materials required, to provide the judge
with a viable financial and construction plan for the rehabilitation of the
building as described in division (D) of this section, and to post security for
the performance of the work and the furnishing of the materials.

If the judge determines, at the hearing, that no interested party is willing
or able to undertake the work and to furnish the materials necessary to abate
the public nuisance, or if the judge determines, at any time after the hearing,
that any party who is undertaking corrective work pursuant to this division
cannot or will not proceed, or has not proceeded with due diligence, the
judge may appoint a receiver pursuant to division (C)(3) of this section to
take possession and control of the building.

(3)(a) The judge in a civil action described in division (B)(1) of this
section shall not appoint any person as a receiver unless the person first has provided the judge with a viable financial and construction plan for the rehabilitation of the building involved as described in division (D) of this section and has demonstrated the capacity and expertise to perform the required work and to furnish the required materials in a satisfactory manner. An appointed receiver may be a financial institution that possesses an interest of record in the building or the property on which it is located, a nonprofit corporation as described in divisions (B)(1) and (C)(3)(b) of this section, including, but not limited to, a nonprofit corporation that commenced the action described in division (B)(1) of this section, or any other qualified property manager.

(b) To be eligible for appointment as a receiver, no part of the net earnings of a nonprofit corporation shall inure to the benefit of any private shareholder or individual. Membership on the board of trustees of a nonprofit corporation appointed as a receiver does not constitute the holding of a public office or employment within the meaning of sections 731.02 and 731.12 or any other section of the Revised Code and does not constitute a direct or indirect interest in a contract or expenditure of money by any municipal corporation. A member of a board of trustees of a nonprofit corporation appointed as a receiver shall not be disqualified from holding any public office or employment, and shall not forfeit any public office or employment, by reason of membership on the board of trustees, notwithstanding any law to the contrary.

(D) Prior to ordering any work to be undertaken, or the furnishing of any materials, to abate a public nuisance under this section, the judge in a civil action described in division (B)(1) of this section shall review the submitted financial and construction plan for the rehabilitation of the building involved and, if it specifies all of the following, shall approve that plan:

1. The estimated cost of the labor, materials, and any other development costs that are required to abate the public nuisance;
2. The estimated income and expenses of the building and the property on which it is located after the furnishing of the materials and the completion of the repairs and improvements;
3. The terms, conditions, and availability of any financing that is necessary to perform the work and to furnish the materials;
4. If repair and rehabilitation of the building are found not to be feasible, the cost of demolition of the building or of the portions of the building that constitute the public nuisance.

(E) Upon the written request of any of the interested parties to have a
building, or portions of a building, that constitute a public nuisance demolished because repair and rehabilitation of the building are found not to be feasible, the judge may order the demolition. However, the demolition shall not be ordered unless the requesting interested parties have paid the costs of demolition and, if any, of the receivership, and, if any, all notes, certificates, mortgages, and fees of the receivership.

(F) Before proceeding with the duties of receiver, any receiver appointed by the judge in a civil action described in division (B)(1) of this section may be required by the judge to post a bond in an amount fixed by the judge, but not exceeding the value of the building involved as determined by the judge.

The judge may empower the receiver to do any or all of the following:

1. Take possession and control of the building and the property on which it is located, operate and manage the building and the property, establish and collect rents and income, lease and rent the building and the property, and evict tenants;

2. Pay all expenses of operating and conserving the building and the property, including, but not limited to, the cost of electricity, gas, water, sewerage, heating fuel, repairs and supplies, custodian services, taxes and assessments, and insurance premiums, and hire and pay reasonable compensation to a managing agent;

3. Pay pre-receivership mortgages or installments of them and other liens;

4. Perform or enter into contracts for the performance of all work and the furnishing of materials necessary to abate, and obtain financing for the abatement of, the public nuisance;

5. Pursuant to court order, remove and dispose of any personal property abandoned, stored, or otherwise located in or on the building and the property that creates a dangerous or unsafe condition or that constitutes a violation of any local building, housing, air pollution, sanitation, health, fire, zoning, or safety code, ordinance, or regulation;

6. Obtain mortgage insurance for any receiver's mortgage from any agency of the federal government;

7. Enter into any agreement and do those things necessary to maintain and preserve the building and the property and comply with all local building, housing, air pollution, sanitation, health, fire, zoning, or safety codes, ordinances, resolutions, and regulations;

8. Give the custody of the building and the property, and the opportunity to abate the nuisance and operate the property, to its owner or any mortgagee or lienholder of record;
(9) Issue notes and secure them by a mortgage bearing interest, and upon terms and conditions, that the judge approves. When sold or transferred by the receiver in return for valuable consideration in money, material, labor, or services, the notes or certificates shall be freely transferable. Any mortgages granted by the receiver shall be superior to any claims of the receiver. Priority among the receiver's mortgages shall be determined by the order in which they are recorded.

(G) A receiver appointed pursuant to this section is not personally liable except for misfeasance, malfeasance, or nonfeasance in the performance of the functions of the office of receiver.

(H)(1) The judge in a civil action described in division (B)(1) of this section may assess as court costs, the expenses described in division (F)(2) of this section, and may approve receiver's fees to the extent that they are not covered by the income from the property. Subject to that limitation, a receiver appointed pursuant to divisions (C)(2) and (3) of this section is entitled to receive fees in the same manner and to the same extent as receivers appointed in actions to foreclose mortgages.

(2)(a) Pursuant to the police powers vested in the state, all expenditures of a mortgagee, lienholder, or other interested party that has been selected pursuant to division (C)(2) of this section to undertake the work and to furnish the materials necessary to abate a public nuisance, and any expenditures in connection with the foreclosure of the lien created by this division, is a first lien upon the building involved and the property on which it is located and is superior to all prior and subsequent liens or other encumbrances associated with the building or the property, including, but not limited to, those for taxes and assessments, upon the occurrence of both of the following:

(i) The prior approval of the expenditures by, and the entry of a judgment to that effect by, the judge in the civil action described in division (B)(1) of this section;

(ii) The recordation of a certified copy of the judgment entry and a sufficient description of the property on which the building is located with the county recorder in the county in which the property is located within sixty days after the date of the entry of the judgment.

(b) Pursuant to the police powers vested in the state, all expenses and other amounts paid in accordance with division (F) of this section by a receiver appointed pursuant to divisions (C)(2) and (3) of this section, the amounts of any notes issued by the receiver in accordance with division (F) of this section, all mortgages granted by the receiver in accordance with that division, the fees of the receiver approved pursuant to division (H)(1) of this
section, and any amounts expended in connection with the foreclosure of a mortgage granted by the receiver in accordance with division (F) of this section or with the foreclosure of the lien created by this division, are a first lien upon the building involved and the property on which it is located and are superior to all prior and subsequent liens or other encumbrances associated with the building or the property, including, but not limited to, those for taxes and assessments, upon the occurrence of both of the following:

(i) The approval of the expenses, amounts, or fees by, and the entry of a judgment to that effect by, the judge in the civil action described in division (B)(1) of this section; or the approval of the mortgages in accordance with division (F)(9) of this section by, and the entry of a judgment to that effect by, that judge;

(ii) The recordation of a certified copy of the judgment entry and a sufficient description of the property on which the building is located, or, in the case of a mortgage, the recordation of the mortgage, a certified copy of the judgment entry, and such a description, with the county recorder of the county in which the property is located within sixty days after the date of the entry of the judgment.

(c) Priority among the liens described in divisions (H)(2)(a) and (b) of this section shall be determined as described in division (I) of this section. Additionally, the creation pursuant to this section of a mortgage lien that is prior to or superior to any mortgage of record at the time the mortgage lien is so created, does not disqualify the mortgage of record as a legal investment under Chapter 1107. or 1151. or any other chapter of the Revised Code.

(I)(1) If a receiver appointed pursuant to divisions (C)(2) and (3) of this section files with the judge in the civil action described in division (B)(1) of this section a report indicating that the public nuisance has been abated, if the judge confirms that the receiver has abated the public nuisance, and if the receiver or any interested party requests the judge to enter an order directing the receiver to sell the building and the property on which it is located, the judge may enter that order after holding a hearing as described in division (I)(2) of this section and otherwise complying with that division.

(2)(a) The receiver or interested party requesting an order as described in division (I)(1) of this section shall cause a notice of the date and time of a hearing on the request to be served on the owner of the building involved and all other interested parties in accordance with division (B)(2)(a) of this section. The judge in the civil action described in division (B)(1) of this section shall conduct the scheduled hearing. At the hearing, if the owner or
any interested party objects to the sale of the building and the property, the burden of proof shall be upon the objecting person to establish, by a preponderance of the evidence, that the benefits of not selling the building and the property outweigh the benefits of selling them. If the judge determines that there is no objecting person, or if the judge determines that there is one or more objecting persons but no objecting person has sustained the burden of proof specified in this division, the judge may enter an order directing the receiver to offer the building and the property for sale upon terms and conditions that the judge shall specify.

(b) In any sale of subsidized housing that is ordered pursuant to this section, the judge shall specify that the subsidized housing not be conveyed unless that conveyance complies with applicable federal law and applicable program contracts for that housing. Any such conveyance shall be subject to the condition that the purchaser enter into a contract with the department of housing and urban development or the rural housing service of the federal department of agriculture under which the property continues to be subsidized housing and the owner continues to operate that property as subsidized housing unless the secretary of housing and urban development or the administrator of the rural housing service terminates that property's contract prior to or upon the conveyance of the property.

(3) If a sale of a building and the property on which it is located is ordered pursuant to divisions (I)(1) and (2) of this section and if the sale occurs in accordance with the terms and conditions specified by the judge in the judge's order of sale, then the receiver shall distribute the proceeds of the sale and the balance of any funds that the receiver may possess, after the payment of the costs of the sale, in the following order of priority and in the described manner:

(a) First, in satisfaction of any notes issued by the receiver pursuant to division (F) of this section, in their order of priority;

(b) Second, any unreimbursed expenses and other amounts paid in accordance with division (F) of this section by the receiver, and the fees of the receiver approved pursuant to division (H)(1) of this section;

(c) Third, all expenditures of a mortgagee, lienholder, or other interested party that has been selected pursuant to division (C)(2) of this section to undertake the work and to furnish the materials necessary to abate a public nuisance, provided that the expenditures were approved as described in division (H)(2)(a) of this section and provided that, if any such interested party subsequently became the receiver, its expenditures shall be paid prior to the expenditures of any of the other interested parties so selected;

(d) Fourth, the amount due for delinquent taxes, assessments, charges,
penalties, and interest owed to this state or a political subdivision of this state, provided that, if the amount available for distribution pursuant to division (I)(3)(d) of this section is insufficient to pay the entire amount of those taxes, assessments, charges, penalties, and interest, the proceeds and remaining funds shall be paid to each claimant in proportion to the amount of those taxes, assessments, charges, penalties, and interest that each is due.

(e) The amount of any pre-receivership mortgages, liens, or other encumbrances, in their order of priority.

(4) Following a distribution in accordance with division (I)(3) of this section, the receiver shall request the judge in the civil action described in division (B)(1) of this section to enter an order terminating the receivership. If the judge determines that the sale of the building and the property on which it is located occurred in accordance with the terms and conditions specified by the judge in the judge's order of sale under division (I)(2) of this section and that the receiver distributed the proceeds of the sale and the balance of any funds that the receiver possessed, after the payment of the costs of the sale, in accordance with division (I)(3) of this section, and if the judge approves any final accounting required of the receiver, the judge may terminate the receivership.

(J)(1) A receiver appointed pursuant to divisions (C)(2) and (3) of this section may be discharged at any time in the discretion of the judge in the civil action described in division (B)(1) of this section. The receiver shall be discharged by the judge as provided in division (I)(4) of this section, or when all of the following have occurred:

(a) The public nuisance has been abated;

(b) All costs, expenses, and approved fees of the receivership have been paid;

(c) Either all receiver's notes issued and mortgages granted pursuant to this section have been paid, or all the holders of the notes and mortgages request that the receiver be discharged.

(2) If a judge in a civil action described in division (B)(1) of this section determines that, and enters of record a declaration that, a public nuisance has been abated by a receiver, and if, within three days after the entry of the declaration, all costs, expenses, and approved fees of the receivership have not been paid in full, then, in addition to the circumstances specified in division (I) of this section for the entry of such an order, the judge may enter an order directing the receiver to sell the building involved and the property on which it is located. Any such order shall be entered, and the sale shall occur, only in compliance with division (I) of this section.

(K) The title in any building, and in the property on which it is located,
that is sold at a sale ordered under division (I) or (J)(2) of this section shall be incontestable in the purchaser and shall be free and clear of all liens for delinquent taxes, assessments, charges, penalties, and interest owed to this state or any political subdivision of this state, that could not be satisfied from the proceeds of the sale and the remaining funds in the receiver's possession pursuant to the distribution under division (I)(3) of this section. All other liens and encumbrances with respect to the building and the property shall survive the sale, including, but not limited to, a federal tax lien notice properly filed in accordance with section 317.09 of the Revised Code prior to the time of the sale, and the easements and covenants of record running with the property that were created prior to the time of the sale.

(L)(1) Nothing in this section shall be construed as a limitation upon the powers granted to a court of common pleas, a municipal court or a housing or environmental division of a municipal court under Chapter 1901. of the Revised Code, or a county court under Chapter 1907. of the Revised Code.

(2) The monetary and other limitations specified in Chapters 1901. and 1907. of the Revised Code upon the jurisdiction of municipal and county courts, and of housing or environmental divisions of municipal courts, in civil actions do not operate as limitations upon any of the following:
   (a) Expenditures of a mortgagee, lienholder, or other interested party that has been selected pursuant to division (C)(2) of this section to undertake the work and to furnish the materials necessary to abate a public nuisance;
   (b) Any notes issued by a receiver pursuant to division (F) of this section;
   (c) Any mortgage granted by a receiver in accordance with division (F) of this section;
   (d) Expenditures in connection with the foreclosure of a mortgage granted by a receiver in accordance with division (F) of this section;
   (e) The enforcement of an order of a judge entered pursuant to this section;
   (f) The actions that may be taken pursuant to this section by a receiver or a mortgagee, lienholder, or other interested party that has been selected pursuant to division (C)(2) of this section to undertake the work and to furnish the materials necessary to abate a public nuisance.

(3) A judge in a civil action described in division (B)(1) of this section, or the judge's successor in office, has continuing jurisdiction to review the condition of any building that was determined to be a public nuisance pursuant to this section.

(4) Nothing in this section shall be construed to limit or prohibit a
municipal corporation or township that has filed with the superintendent of
insurance a certified copy of an adopted resolution, ordinance, or regulation
authorizing the procedures described in divisions (C) and (D) of section
3929.86 of the Revised Code from receiving insurance proceeds under
section 3929.86 of the Revised Code.

since the original enactment of this section has included, the authority for
the commission to operate video lottery terminal games. Any reference in
this chapter to tickets shall not be construed to in any way limit the authority
of the commission to operate video lottery terminal games. Nothing in this
chapter shall restrict the authority of the commission to promulgate rules
related to the operation of games utilizing video lottery terminals as
described in section 3770.21 of the Revised Code. The rules shall be
promulgated pursuant to Chapter 119. of the Revised Code, except that

   which they are to be sold. These rules may authorize the sale of lottery

(B) The director of the state lottery commission may license any person as a lottery sales agent. No license shall be issued to any person or group of persons to engage in the sale of lottery tickets as the person's or group's sole occupation or business.

Before issuing any license to a lottery sales agent, the director shall consider all of the following:

(3) The sufficiency of existing licensed agents to serve the public interest;
(4) The volume of expected sales by the applicant;
(5) Any other factors pertaining to the public interest, convenience, or trust.

(C) Except as otherwise provided in division (F) of this section, the director of the state lottery commission shall refuse to grant, or shall suspend or revoke, a license if the applicant or licensee:

(1) Has been convicted of a felony or has been convicted of a crime involving moral turpitude;
(2) Has been convicted of an offense that involves illegal gambling;
(3) Has been found guilty of fraud or misrepresentation in any connection;
(4) Has been found to have violated any rule or order of the commission; or

(D) Except as otherwise provided in division (F) of this section, the director of the state lottery commission shall refuse to grant, or shall suspend or revoke, a license if the applicant or licensee is a corporation and any of the following applies:

(1) Any of the corporation's directors, officers, or controlling shareholders has been found guilty of any of the activities specified in divisions (C)(1) to (5) of this section;
(2) It appears to the director of the state lottery commission that, due to the experience, character, or general fitness of any director, officer, or controlling shareholder of the corporation, the granting of a license as a lottery sales agent would be inconsistent with the public interest, convenience, or trust;
(3) The corporation is not the owner or lessee of the business at which it would conduct a lottery sales agency pursuant to the license applied for;
(4) Any person, firm, association, or corporation other than the applicant or licensee shares or will share in the profits of the applicant or licensee, other than receiving dividends or distributions as a shareholder, or participates or will participate in the management of the affairs of the applicant or licensee.

(E)(1) The director of the state lottery commission shall refuse to grant a license to an applicant for a lottery sales agent license and shall revoke a lottery sales agent license if the applicant or licensee is or has been convicted of a violation of division (A) or (C)(1) of section 2913.46 of the Revised Code.

(2) The director shall refuse to grant a license to an applicant for a lottery sales agent license that is a corporation and shall revoke the lottery sales agent license of a corporation if the corporation is or has been convicted of a violation of division (A) or (C)(1) of section 2913.46 of the Revised Code.

(F) The director of the state lottery commission shall request the bureau of criminal identification and investigation, the department of public safety, or any other state, local, or federal agency to supply the director with the criminal records of any applicant for a lottery sales agent license, and may periodically request the criminal records of any person to whom a lottery
sales agent license has been issued. At or prior to the time of making such a request, the director shall require an applicant or licensee to obtain fingerprint impressions on fingerprint cards prescribed by the superintendent of the bureau of criminal identification and investigation at a qualified law enforcement agency, and the director shall cause those fingerprint cards to be forwarded to the bureau of criminal identification and investigation, to the federal bureau of investigation, or to both bureaus. The commission shall assume the cost of obtaining the fingerprint cards.

The director shall pay to each agency supplying criminal records for each investigation a reasonable fee, as determined by the agency.

The commission may adopt uniform rules specifying time periods after which the persons described in divisions (C)(1) to (5) and (D)(1) to (4) of this section may be issued a license and establishing requirements for those persons to seek a court order to have records sealed in accordance with law.

(G)(1) Each applicant for a lottery sales agent license shall do both of the following:

(a) Pay to the state lottery commission, at the time the application is submitted, a fee in an amount that the director of the state lottery commission determines by rule adopted under Chapter 119. of the Revised Code and that the controlling board approves;

(b) Prior to approval of the application, obtain a surety bond in an amount the director determines by rule adopted under Chapter 119. of the Revised Code or, alternatively, with the director's approval, deposit the same amount into a dedicated account for the benefit of the state lottery. The director also may approve the obtaining of a surety bond to cover part of the amount required, together with a dedicated account deposit to cover the remainder of the amount required.

A surety bond may be with any company that complies with the bonding and surety laws of this state and the requirements established by rules of the commission pursuant to this chapter. A dedicated account deposit shall be conducted in accordance with policies and procedures the director establishes.

A surety bond, dedicated account, or both, as applicable, may be used to pay for the lottery sales agent's failure to make prompt and accurate payments for lottery ticket sales, for missing or stolen lottery tickets, or for damage to equipment or materials issued to the lottery sales agent, or to pay for expenses the commission incurs in connection with the lottery sales agent's license.

(2) A lottery sales agent license is effective for one year.

A licensed lottery sales agent, on or before the date established by the
director, shall renew the agent's license and provide at that time evidence to
the director that the surety bond, dedicated account deposit, or both,
required under division (G)(1)(b) of this section has been renewed or is
active, whichever applies.

Before the commission renews a lottery sales agent license, the lottery
sales agent shall submit a renewal fee to the commission in an amount that
the director determines by rule adopted under Chapter 119. of the Revised
Code and that the controlling board approves. The renewal fee shall not
exceed the actual cost of administering the license renewal and processing
changes reflected in the renewal application. The renewal of the license is
effective for up to one year.

(3) A lottery sales agent license shall be complete, accurate, and current
at all times during the term of the license. Any changes to an original license
application or a renewal application may subject the applicant or lottery
sales agent, as applicable, to paying an administrative fee that shall be in an
amount that the director determines by rule adopted under Chapter 119. of
the Revised Code, that the controlling board approves, and that shall not
exceed the actual cost of administering and processing the changes to an
application.

(4) The relationship between the commission and a lottery sales agent is
one of trust. A lottery sales agent collects funds on behalf of the commission
through the sale of lottery tickets for which the agent receives a
compensation.

(H) Pending a final resolution of any question arising under this section,
the director of the state lottery commission may issue a temporary lottery
sales agent license, subject to the terms and conditions the director considers
appropriate.

(I) If a lottery sales agent's rental payments for the lottery sales agent's
premises are determined, in whole or in part, by the amount of retail sales
the lottery sales agent makes, and if the rental agreement does not expressly
provide that the amount of those retail sales includes the amounts the lottery
sales agent receives from lottery ticket sales, only the amounts the lottery
sales agent receives as compensation from the state lottery commission for
selling lottery tickets shall be considered to be amounts the lottery sales
agent receives from the retail sales the lottery sales agent makes, for the
purpose of computing the lottery sales agent's rental payments.

Sec. 3770.21. (A) "Video lottery terminal" means any electronic device
approved by the state lottery commission that provides immediate prize
determinations for participants on an electronic display.

(B) The state lottery commission shall include, in any rules adopted
concerning video lottery terminals, the level of minimum investments that must be made by video lottery terminal licensees in the buildings and grounds at the facilities, including temporary facilities, in which the terminals will be located, along with any standards and timetables for such investments.

(C) No license or excise tax or fee not in effect on the effective date of this section shall be assessed upon or collected from a video lottery terminal licensee by any county, township, municipal corporation, school district, or other political subdivision of the state that has authority to assess or collect a tax or fee by reason of the video lottery terminal related conduct authorized by section 3770.03 of the Revised Code. This division does not prohibit the imposition of taxes under Chapter 718, or 3769, of the Revised Code.

(D) The supreme court shall have exclusive, original jurisdiction over any claim asserting that this section or section 3770.03 of the Revised Code or any portion of those sections or any rule adopted under those sections violates any provision of the Ohio Constitution, any claim asserting that any action taken by the governor or the lottery commission pursuant to those sections violates any provision of the Ohio Constitution or any provision of the Revised Code, or any claim asserting that any portion of this section violates any provision of the Ohio Constitution. If any claim over which the supreme court is granted exclusive, original jurisdiction by this division is filed in any lower court, the claim shall be dismissed by the court on the ground that the court lacks jurisdiction to review it.

(E) Should any portion of this section or of section 3770.03 of the Revised Code be found to be unenforceable or invalid, it shall be severed and the remaining portions remain in full force and effect.

The applicant shall verify the application under oath.

The commission shall prescribe the form of the application for the promoter's license. The application shall include the name of the applicant,

Each license issued pursuant to this section shall bear the name of the licensee, the post office address of the licensee, the date of issue, expiration, a serial number designated by the commission, and the seal of the commission, and the signature of the commission chairperson.

A promoter's license shall expire twelve months after its date of issuance and shall become invalid on that date unless renewed. A promoter's license may be renewed upon application to the commission and upon payment of the renewal fee prescribed in section 3773.43 of the Revised Code. The commission shall renew the license unless it denies the application for renewal for one or more reasons stated in section 3123.47 or 3773.53 of the Revised Code.

Sec. 3773.43. The Ohio athletic commission shall charge the following fees:

No physician, physician assistant, clinical nurse specialist, certified nurse practitioner, or certified nurse midwife shall certify a contestant as physically fit to compete if the physician, physician assistant, clinical nurse specialist, certified nurse practitioner, or certified nurse midwife determines that the contestant was knocked out in a contest that took place within the preceding thirty days. A contestant may appeal the referee's decision in a hearing before the commission conducted in accordance with section 3773.52 of the Revised Code.

(D) No person shall hold or conduct a boxing match or exhibition unless three licensed judges appointed by the commission and paid by the person are present. Each judge shall render a decision at the end of each match or exhibition. The judges shall determine the outcome of the match or exhibition, and their decision shall be final.

(E) Each contestant in a boxing match or exhibition shall wear gloves weighing not less than six ounces during the boxing match or exhibition.

The amount of fines collected shall be deposited into the general revenue fund.

Sec. 3781.03. (A) The state fire marshal, the fire chief of a municipal corporation that has a fire department, or the fire chief of a township that has a fire department shall enforce the provisions of this chapter and Chapter 3791. of the Revised Code that relate to fire prevention.

(E) This section does not exempt any officer or department from the obligation to enforce this chapter and Chapter 3791. of the Revised Code.

Sec. 3781.07. There is hereby established in the department of commerce a board of building standards consisting of {eleven fifteen} members appointed by the governor with the advice and consent of the senate. The board shall appoint a secretary who shall serve in the unclassified civil service for a term of six years at a salary fixed pursuant to Chapter 124. of the Revised Code. Terms of office shall be for four years, commencing on the fourteenth day of October and ending on the thirteenth day of October. Each member shall hold office from the date of appointment until the end of the term for which the member was appointed. Any member appointed to fill a vacancy occurring prior to the expiration of the term for
which the member's predecessor was appointed shall hold office for the remainder of such term. Any member shall continue in office subsequent to the expiration date of the member's term until the member's successor takes office, or until a period of sixty days has elapsed, whichever occurs first. The amount of such expenses shall be certified by the secretary of the board and paid in the same manner as the expenses of employees of the department of commerce are paid.

Sec. 3781.10. (A)(1) The board of building standards shall formulate and adopt rules governing the erection, construction, repair, alteration, and
maintenance of all buildings or classes of buildings specified in section 3781.06 of the Revised Code, including land area incidental to those buildings, the construction of industrialized units, the installation of equipment, and the standards or requirements for materials used in connection with those buildings. The board shall incorporate those rules into separate residential and nonresidential building codes. The standards shall relate to the conservation of energy and the safety and sanitation of those buildings.

(2) The rules governing nonresidential buildings are the lawful minimum requirements specified for those buildings and industrialized units, except that no rule other than as provided in division (C) of section 3781.108 of the Revised Code that specifies a higher requirement than is imposed by any section of the Revised Code is enforceable. The rules governing residential buildings are uniform requirements for residential buildings in any area with a building department certified to enforce the state residential building code. In no case shall any local code or regulation differ from the state residential building code unless that code or regulation addresses subject matter not addressed by the state residential building code or is adopted pursuant to section 3781.01 of the Revised Code.

(3) The rules adopted pursuant to this section are complete, lawful alternatives to any requirements specified for buildings or industrialized units in any section of the Revised Code. The except as otherwise provided in division (I) of this section, the board shall, on its own motion or on application made under sections 3781.12 and 3781.13 of the Revised Code, formulate, propose, adopt, modify, amend, or repeal the rules to the extent necessary or desirable to effectuate the purposes of sections 3781.06 to 3781.18 of the Revised Code.

(B) The board shall report to the general assembly proposals for amendments to existing statutes relating to the purposes declared in section 3781.06 of the Revised Code that public health and safety and the development of the arts require and shall recommend any additional legislation to assist in carrying out fully, in statutory form, the purposes declared in that section. The board shall prepare and submit to the general assembly a summary report of the number, nature, and disposition of the petitions filed under sections 3781.13 and 3781.14 of the Revised Code.

(C) On its own motion or on application made under sections 3781.12 and 3781.13 of the Revised Code, and after thorough testing and evaluation, the board shall determine by rule that any particular fixture, device, material, process of manufacture, manufactured unit or component, method of manufacture, system, or method of construction complies with
performance standards adopted pursuant to section 3781.11 of the Revised Code. The board shall make its determination with regard to adaptability for safe and sanitary erection, use, or construction, to that described in any section of the Revised Code, wherever the use of a fixture, device, material, method of manufacture, system, or method of construction described in that section of the Revised Code is permitted by law. The board shall amend or annul any rule or issue an authorization for the use of a new material or manufactured unit on any like application. No department, officer, board, or commission of the state other than the board of building standards or the board of building appeals shall permit the use of any fixture, device, material, method of manufacture, newly designed product, system, or method of construction at variance with what is described in any rule the board of building standards adopts or issues or that is authorized by any section of the Revised Code. Nothing in this section shall be construed as requiring approval, by rule, of plans for an industrialized unit that conforms with the rules the board of building standards adopts pursuant to section 3781.11 of the Revised Code.

(D) The board shall recommend rules, codes, and standards to help carry out the purposes of section 3781.06 of the Revised Code and to help secure uniformity of state administrative rulings and local legislation and administrative action to the bureau of workers’ compensation, the director of commerce, any other department, officer, board, or commission of the state, and to legislative authorities and building departments of counties, townships, and municipal corporations, and shall recommend that they audit those recommended rules, codes, and standards by any appropriate action that they are allowed pursuant to law or the constitution.

(E)(1) The board shall certify municipal, township, and county building departments and the personnel of those building departments, and persons and employees of individuals, firms, or corporations as described in division (E)(7) of this section to exercise enforcement authority, to accept and approve plans and specifications, and to make inspections, pursuant to sections 3781.03, 3791.04, and 4104.43 of the Revised Code.

(2) The board shall certify departments, personnel, and persons to enforce the state residential building code, to enforce the nonresidential building code, or to enforce both the residential and the nonresidential building codes. Any department, personnel, or person may enforce only the type of building code for which certified.

(3) The board shall not require a building department, its personnel, or any persons that it employs to be certified for residential building code enforcement if that building department does not enforce the state
residential building code. The board shall specify, in rules adopted pursuant to Chapter 119. of the Revised Code, the requirements for certification for residential and nonresidential building code enforcement, which shall be consistent with this division. The requirements for residential and nonresidential certification may differ. Except as otherwise provided in this division, the requirements shall include, but are not limited to, the satisfactory completion of an initial examination and, to remain certified, the completion of a specified number of hours of continuing building code education within each three-year period following the date of certification which shall be not less than thirty hours. The rules shall provide that continuing education credits and certification issued by the council of American building officials, national model code organizations, and agencies or entities the board recognizes are acceptable for purposes of this division. The rules shall specify requirements that are compatible, to the extent possible, with requirements the council of American building officials and national model code organizations establish.

(4) The board shall establish and collect a certification and renewal fee for building department personnel, and persons and employees of persons, firms, or corporations as described in this section, who are certified pursuant to this division.

(5) Any individual certified pursuant to this division shall complete the number of hours of continuing building code education that the board requires or, for failure to do so, forfeit certification.

(6) This division does not require or authorize the board to certify personnel of municipal, township, and county building departments, and persons and employees of persons, firms, or corporations as described in this section, whose responsibilities do not include the exercise of enforcement authority, the approval of plans and specifications, or making inspections under the state residential and nonresidential building codes.

(7) Enforcement authority for approval of plans and specifications and enforcement authority for inspections may be exercised, and plans and specifications may be approved and inspections may be made on behalf of a municipal corporation, township, or county, by any of the following who the board of building standards certifies:

(a) Officers or employees of the municipal corporation, township, or county;

(b) Persons, or employees of persons, firms, or corporations, pursuant to a contract to furnish architectural, engineering, or other services to the municipal corporation, township, or county;

(c) Officers or employees of, and persons under contract with, a
municipal corporation, township, county, health district, or other political subdivision, pursuant to a contract to furnish architectural, engineering, or other services.

(8) Municipal, township, and county building departments have jurisdiction within the meaning of sections 3781.03, 3791.04, and 4104.43 of the Revised Code, only with respect to the types of buildings and subject matters for which they are certified under this section.

(9) Certification shall be granted upon application by the municipal corporation, the board of township trustees, or the board of county commissioners and approval of that application by the board of building standards. The application shall set forth:

(a) Whether the certification is requested for residential or nonresidential buildings, or both;

(b) The number and qualifications of the staff composing the building department;

(c) The names, addresses, and qualifications of persons, firms, or corporations contracting to furnish work or services pursuant to division (E)(7)(b) of this section;

(d) The names of any other municipal corporation, township, county, health district, or political subdivision under contract to furnish work or services pursuant to division (E)(7) of this section;

(e) The proposed budget for the operation of the building department.

(10) The board of building standards shall adopt rules governing all of the following:

(a) The certification of building department personnel and persons and employees of persons, firms, or corporations exercising authority pursuant to division (E)(7) of this section. The rules shall disqualify any employee of the department or person who contracts for services with the department from performing services for the department when that employee or person would have to pass upon, inspect, or otherwise exercise authority over any labor, material, or equipment the employee or person furnishes for the construction, alteration, or maintenance of a building or the preparation of working drawings or specifications for work within the jurisdictional area of the department. The department shall provide other similarly qualified personnel to enforce the residential and nonresidential building codes as they pertain to that work.

(b) The minimum services to be provided by a certified building department.

(11) The board of building standards may revoke or suspend certification to enforce the residential and nonresidential building codes, on
petition to the board by any person affected by that enforcement or approval
of plans, or by the board on its own motion. Hearings shall be held and
appeals permitted on any proceedings for certification or revocation or
suspension of certification in the same manner as provided in section
3781.101 of the Revised Code for other proceedings of the board of building
standards.

(12) Upon certification, and until that authority is revoked, any county
or township building department shall enforce the residential and
nonresidential building codes for which it is certified without regard to
limitation upon the authority of boards of county commissioners under
Chapter 307. of the Revised Code or boards of township trustees under
Chapter 505. of the Revised Code.

(F) In addition to hearings sections 3781.06 to 3781.18 and 3791.04 of
the Revised Code require, the board of building standards shall make
investigations and tests, and require from other state departments, officers,
boards, and commissions information the board considers necessary or
desirable to assist it in the discharge of any duty or the exercise of any
power mentioned in this section or in sections 3781.06 to 3781.18, 3791.04,
and 4104.43 of the Revised Code.

(G) The board shall adopt rules and establish reasonable fees for the
review of all applications submitted where the applicant applies for
authority to use a new material, assembly, or product of a manufacturing
process. The fee shall bear some reasonable relationship to the cost of the
review or testing of the materials, assembly, or products and for the
notification of approval or disapproval as provided in section 3781.12 of the
Revised Code.

(H) The residential construction advisory committee shall provide the
board with a proposal for a state residential building code that the committee
recommends pursuant to division (C)(D)(1) of section 4740.14 of the
Revised Code. Upon receiving a recommendation from the committee that is
acceptable to the board, the board shall adopt rules establishing that code as
the state residential building code.

(I) (1) The committee may provide the board with proposed rules to
update or amend the state residential building code that the committee
recommends pursuant to division (E) of section 4740.14 of the Revised
Code.

(2) If the board receives a proposed rule to update or amend the state
residential building code as provided in division (I)(1) of this section, the
board either may accept or reject the proposed rule for incorporation into the
residential building code. If the board does not act to either accept or reject
the proposed rule within ninety days after receiving the proposed rule from the committee as described in division (I)(1) of this section, the proposed rule shall become part of the residential building code.

(J) The board shall cooperate with the director of job and family services when the director promulgates rules pursuant to section 5104.05 of the Revised Code regarding safety and sanitation in type A family day-care homes.

(J)(K) The board shall adopt rules to implement the requirements of section 3781.108 of the Revised Code.

Sec. 3781.102. (A) Any county or municipal building department certified pursuant to division (E) of section 3781.10 of the Revised Code as of September 14, 1970, and that, as of that date, was inspecting single-family, two-family, and three-family residences, and any township building department certified pursuant to division (E) of section 3781.10 of the Revised Code, is hereby declared to be certified to inspect single-family, two-family, and three-family residences containing industrialized units, and shall inspect the buildings or classes of buildings subject to division (E) of section 3781.10 of the Revised Code.

(B) Each board of county commissioners may adopt, by resolution, rules establishing standards and providing for the licensing of electrical and heating, ventilating, and air conditioning contractors who are not required to hold a valid and unexpired license pursuant to Chapter 4740. of the Revised Code.

Rules adopted by a board of county commissioners pursuant to this division may be enforced within the unincorporated areas of the county and within any municipal corporation where the legislative authority of the municipal corporation has contracted with the board for the enforcement of the county rules within the municipal corporation pursuant to section 307.15 of the Revised Code. The rules shall not conflict with rules adopted by the board of building standards pursuant to section 3781.10 of the Revised Code or by the department of commerce pursuant to Chapter 3703. of the Revised Code. This division does not impair or restrict the power of municipal corporations under Section 3 of Article XVIII, Ohio Constitution, to adopt rules concerning the erection, construction, repair, alteration, and maintenance of buildings and structures or of establishing standards and providing for the licensing of specialty contractors pursuant to section 715.27 of the Revised Code.

A board of county commissioners, pursuant to this division, may require all electrical contractors and heating, ventilating, and air conditioning contractors, other than those who hold a valid and unexpired license issued
pursuant to Chapter 4740. of the Revised Code, to successfully complete an examination, test, or demonstration of technical skills, and may impose a fee and additional requirements for a license to engage in their respective occupations within the jurisdiction of the board's rules under this division.

(C) No board of county commissioners shall require any specialty contractor who holds a valid and unexpired license issued pursuant to Chapter 4740. of the Revised Code to successfully complete an examination, test, or demonstration of technical skills in order to engage in the type of contracting for which the license is held, within the unincorporated areas of the county and within any municipal corporation whose legislative authority has contracted with the board for the enforcement of county regulations within the municipal corporation, pursuant to section 307.15 of the Revised Code.

(D) A board may impose a fee for registration of a specialty contractor who holds a valid and unexpired license issued pursuant to Chapter 4740. of the Revised Code before that specialty contractor may engage in the type of contracting for which the license is held within the unincorporated areas of the county and within any municipal corporation whose legislative authority has contracted with the board for the enforcement of county regulations within the municipal corporation, pursuant to section 307.15 of the Revised Code, provided that the fee is the same for all specialty contractors who wish to engage in that type of contracting. If a board imposes such a fee, the board immediately shall permit a specialty contractor who presents proof of holding a valid and unexpired license and pays the required fee to engage in the type of contracting for which the license is held within the unincorporated areas of the county and within any municipal corporation whose legislative authority has contracted with the board for the enforcement of county regulations within the municipal corporation, pursuant to section 307.15 of the Revised Code.

(E) The political subdivision associated with each municipal, township, and county building department the board of building standards certifies pursuant to division (E) of section 3781.10 of the Revised Code may prescribe fees to be paid by persons, political subdivisions, or any department, agency, board, commission, or institution of the state, for the acceptance and approval of plans and specifications, and for the making of inspections, pursuant to sections 3781.03 and 3791.04 of the Revised Code.

(F) Each political subdivision that prescribes fees pursuant to division (E) of this section shall collect, on behalf of the board of building standards, fees equal to the following:

(1) Three per cent of the fees the political subdivision collects in
connection with nonresidential buildings;

(2) One per cent of the fees the political subdivision collects in connection with residential buildings.

(G)(1) The board shall adopt rules, in accordance with Chapter 119. of the Revised Code, specifying the manner in which the fee assessed pursuant to division (F) of this section shall be collected and remitted monthly to the board. The board shall pay the fees into the state treasury to the credit of the industrial compliance labor operating fund created in section 121.084 of the Revised Code.

(2) All money credited to the industrial compliance labor operating fund under this division shall be used exclusively for the following:

(a) Operating costs of the board;

(b) Providing services, including educational programs, for the building departments that are certified by the board pursuant to division (E) of section 3781.10 of the Revised Code;

(c) Paying the expenses of the residential construction advisory committee, including the expenses of committee members as provided in section 4740.14 of the Revised Code.

(H) A board of county commissioners that adopts rules providing for the licensing of electrical and heating, ventilating, and air conditioning contractors, pursuant to division (B) of this section, may accept, for purposes of satisfying the requirements of rules adopted under that division, a valid and unexpired license issued pursuant to Chapter 4740. of the Revised Code that is held by an electrical or heating, ventilating, and air conditioning contractor, for the construction, replacement, maintenance, or repair of one-family, two-family, or three-family dwelling houses or accessory structures incidental to those dwelling houses.

(I) A board of county commissioners shall not register a specialty contractor who is required to hold a license under Chapter 4740. of the Revised Code but does not hold a valid license issued under that chapter.

(J) As used in this section, "specialty contractor" means a heating, ventilating, and air conditioning contractor, refrigeration contractor, electrical contractor, plumbing contractor, or hydronics contractor, as those contractors are described in Chapter 4740. of the Revised Code.

Sec. 3781.11. (A) The rules of the board of building standards shall:

(1) For nonresidential buildings, provide uniform minimum standards and requirements, and for residential buildings, provide standards and requirements that are uniform throughout the state, for construction and construction materials, including construction of industrialized units, to make residential and nonresidential buildings safe and sanitary as defined in
section 3781.06 of the Revised Code;
(2) Formulate such standards and requirements, so far as may be practicable, in terms of performance objectives, so as to make adequate performance for the use intended the test of acceptability;
(3) Permit, to the fullest extent feasible, the use of materials and technical methods, devices, and improvements, including the use of industrialized units which tend to reduce the cost of construction and erection without affecting minimum requirements for the health, safety, and security of the occupants or users of buildings or industrialized units and without preferential treatment of types or classes of materials or products or methods of construction;
(4) Encourage, so far as may be practicable, the standardization of construction practices, methods, equipment, material, and techniques, including methods employed to produce industrialized units;
(5) Not require any alteration or repair of any part of a school building owned by a chartered nonpublic school or a city, local, exempted village, or joint vocational school district and operated in conjunction with any primary or secondary school program that is not being altered or repaired if all of the following apply:
   (a) The school building meets all of the applicable building code requirements in existence at the time of the construction of the building.
   (b) The school building otherwise satisfies the requirements of section 3781.06 of the Revised Code.
   (c) The part of the school building altered or repaired conforms to all rules of the board existing on the date of the repair or alteration.
(6) Not require any alteration or repair to any part of a workshop or factory that is not otherwise being altered, repaired, or added to if all of the following apply:
   (a) The workshop or factory otherwise satisfies the requirements of section 3781.06 of the Revised Code.
   (b) The part of the workshop or factory altered, repaired, or added conforms to all rules of the board existing on the date of plan approval of the repair, alteration, or addition.
(B) The rules of the board shall supersede and govern any order, standard, or rule of the division of industrial compliance labor in the department of commerce, division of the state fire marshal, the department of health, and of counties and townships, in all cases where such orders, standards, or rules are in conflict with the rules of the board, except that rules adopted and orders issued by the state fire marshal pursuant to Chapter 3743. of the Revised Code prevail in the event of a conflict.
(C) The construction, alteration, erection, and repair of buildings including industrialized units, and the materials and devices of any kind used in connection with them and the heating and ventilating of them and the plumbing and electric wiring in them shall conform to the statutes of this state or the rules adopted and promulgated by the board, and to provisions of local ordinances not inconsistent therewith. Any building, structure, or part thereof, constructed, erected, altered, manufactured, or repaired not in accordance with the statutes of this state or with the rules of the board, and any building, structure, or part thereof in which there is installed, altered, or repaired any fixture, device, and material, or plumbing, heating, or ventilating system, or electric wiring not in accordance with such statutes or rules is a public nuisance.

(D) As used in this section:

1) "Nonpublic school" means a chartered school for which minimum standards are prescribed by the state board of education pursuant to division (D) of section 3301.07 of the Revised Code.

2) "Workshop or factory" includes manufacturing, mechanical, electrical, mercantile, art, and laundering establishments, printing, telegraph, and telephone offices, railroad depots, and memorial buildings, but does not include hotels and tenement and apartment houses.

Sec. 3781.12. (A)(1) Any person may petition the board of building standards to adopt, amend, or annul a rule adopted pursuant to section 3781.10 of the Revised Code, or to permit the use of any particular fixture, device, material, system, method of manufacture, product of a manufacturing process, or method or manner of construction or installation that complies with performance standards adopted pursuant to section 3781.11 of the Revised Code, as regards the purposes declared in section 3781.06 of the Revised Code, of the fixtures, devices, materials, systems, or methods or manners of construction, manufacture or installation described in any section of the Revised Code relating to those purposes, where the use is permitted by law.

2) Any person may petition the residential construction advisory committee to recommend a rule to update or amend the state residential building code.

(B) Upon petition under division (A) of this section, the board shall cause to be conducted testing and evaluation that the board determines desirable of any fixture, device, material, system, assembly or product of a manufacturing process, or method or manner of construction or installation sought to be used under the rules the board adopts pursuant to section 3781.10 of the Revised Code.
(C) If the board, after hearing, determines it advisable to adopt the rule, amendment, or annulment, or to permit the use of the materials or assemblages petitioned for under division (A) of this section, it shall give at least thirty days' notice of the time and place of a public hearing as provided by section 119.03 of the Revised Code. No rule shall be adopted, amended, or annulled or the use of materials or assemblages authorized until after the public hearing. A copy of every rule, amendment, or annulment, and a copy of every approved material or assembly authorization signed by the chairperson of the board of building standards and sealed with the seal of the department of commerce shall, after final adoption or authorization by the board, be filed with the secretary of state and published as the board determines. The issuance of the authorization for the use of the materials or assemblages described in the petition constitutes approval for their use anywhere in this state. Any rule, amendment, or annulment does not take effect until a date the board fixes and states. No rule, amendment, or annulment applies to any building for which the plans or drawings, specifications, and data were approved prior to the time the rule, amendment, or annulment becomes effective. All hearings of the board are open to the public. Each member of the board may administer oaths in the performance of the member's duties.

Sec. 3781.19. There is hereby established in the department of commerce a board of building appeals consisting of five members who shall be appointed by the governor with the advice and consent of the senate. Terms of office shall be for four years, commencing on the fourteenth day of October and ending on the thirteenth day of October. Each member shall hold office from the date of appointment until the end of the term for which the member was appointed. Any member appointed to fill a vacancy occurring prior to the expiration of the term for which the member's predecessor was appointed shall hold office for the remainder of such term. Any member shall continue in office subsequent to the expiration date of the member's term until a successor takes office, or until a period of sixty days has elapsed, whichever occurs first. One member shall be an attorney-at-law, admitted to the bar of this state and of the remaining members, one shall be a registered architect and one shall be a professional engineer, each of whom shall be duly licensed to practice their respective professions in this state, one shall be a fire prevention officer qualified under section 3737.66 of the Revised Code, and one shall be a person with recognized ability in the plumbing or pipefitting profession. No member of the board of building standards shall be a member of the board of building appeals. Each member shall be paid an amount fixed pursuant to Chapter
124. of the Revised Code per diem. The department shall provide and assign to the board such employees as are required by the board to perform its functions. The board may adopt its own rules of procedure not inconsistent with sections 3781.06 to 3781.18 and 3791.04 of the Revised Code, and may change them in its discretion. The board may establish reasonable fees, based on actual costs for administration of filing and processing, not to exceed two hundred dollars, for the costs of filing and processing appeals. A full and complete record of all proceedings of the board shall be kept and be open to public inspection.

In the enforcement by any department of the state or any political subdivision of this chapter and Chapter 3791., and sections 3737.41, 3737.42, 4104.02, 4104.06, 4104.43, 4104.44, 4104.45, 4105.011, and 4105.11 of the Revised Code and any rule made thereunder, such department is the agency referred to in sections 119.07, 119.08, and 119.10 of the Revised Code.

The appropriate municipal or county board of appeals, where one exists, certified pursuant to section 3781.20 of the Revised Code shall conduct the adjudication hearing referred to in sections 119.09 to 119.13 and required by section 3781.031 of the Revised Code. If there is no certified municipal or county board of appeals, the board of building appeals shall conduct the adjudication hearing. If the adjudication hearing concerns section 3781.111 of the Revised Code or any rule made thereunder, reasonable notice of the time, date, place, and subject of the hearing shall be given to any local corporation, association, or other organization composed of or representing handicapped persons, as defined in section 3781.111 of the Revised Code, or if there is no local organization, then to any statewide corporation, association, or other organization composed of or representing handicapped persons.

In addition to the provisions of Chapter 119. of the Revised Code, the municipal, county, or state board of building appeals, as the agency conducting the adjudication hearing, may reverse or modify the order of the enforcing agency if it finds that the order is contrary to this chapter and Chapters 3791. and 4104., and sections 3737.41, 3737.42, 4105.011., and 4105.11 of the Revised Code and any rule made thereunder or to a fair interpretation or application of such laws or any rule made thereunder, or that a variance from the provisions of such laws or any rule made thereunder, in the specific case, will not be contrary to the public interest where a literal enforcement of such provisions will result in unnecessary hardship.

The state board of building appeals or a certified municipal or county
board of appeals shall render its decision within thirty days after the date of
the adjudication hearing. Following the adjudication hearing, any municipal
or county officer, official municipal or county board, or person who was a
party to the hearing before the municipal or county board of appeals may
apply to the state board of appeals for a de novo hearing before the state
board, or may appeal directly to the court of common pleas pursuant to
section 3781.031 of the Revised Code.

In addition, any local corporation, association, or other organization
composed of or representing handicapped persons as defined in section
3781.111 of the Revised Code, or, if no local corporation, association, or
organization exists, then any statewide corporation, association, or other
organization composed of or representing handicapped persons may apply
for the de novo hearing or appeal to the court of common pleas from any
decision of a certified municipal or county board of appeals interpreting,
applying, or granting a variance from section 3781.111 of the Revised Code
and any rule made thereunder. Application for a de novo hearing before the
state board shall be made no later than thirty days after the municipal or
county board renders its decision.

The state board of building appeals or the appropriate certified local
board of building appeals shall grant variances and exemptions from the
requirements of section 3781.108 of the Revised Code in accordance with
rules adopted by the board of building standards pursuant to division (J)(K)
of section 3781.10 of the Revised Code.

The state board of building appeals or the appropriate certified local
board of building appeals shall, in granting a variance or exemption from
section 3781.108 of the Revised Code, in addition to any other
considerations the state or the appropriate local board determines
appropriate, consider the architectural and historical significance of the
building.

Sec. 3783.05. The board of building standards, in accordance with
Chapters 119., 3781., and 3791. of the Revised Code, shall adopt, amend, or
repeal such rules as may be reasonably necessary to administer this chapter.
All fees collected by the board pursuant to this chapter shall be paid into the
state treasury to the credit of the industrial compliance labor operating fund
created in section 121.084 of the Revised Code.

Sec. 3791.02. No owner, or person having the control as an officer or
member of a board or committee or otherwise of any opera house, hall,
theater, church, schoolhouse, college, academy, seminary, infirmary,
sanitarium, children's home, hospital, medical institute, asylum, memorial
building, armory, assembly hall, or other building for the assemblage or
betterment of people shall fail to obey any order of the state fire marshal, boards of health of city and general health districts, the building inspector or commissioner in cities having a building inspection department, or the superintendent of the division of industrial compliance labor in the department of commerce under Chapters 3781. and 3791. of the Revised Code or rules or regulations adopted pursuant thereto.

Whoever violates this section shall be fined not more than one thousand dollars.

Sec. 3791.04. (A)(1) Before beginning the construction, erection, or manufacture of any building to which section 3781.06 of the Revised Code applies, including all industrialized units, the owner of that building, in addition to any other submission required by law, shall submit plans or drawings, specifications, and data prepared for the construction, erection, equipment, alteration, or addition that indicate the portions that have been approved pursuant to section 3781.12 of the Revised Code and for which no further approval is required, to the municipal, township, or county building department having jurisdiction unless one of the following applies:

(a) If no municipal, township, or county building department certified for nonresidential buildings pursuant to division (E) of section 3781.10 of the Revised Code has jurisdiction, the owner shall make the submissions described in division (A)(1) of this section to the superintendent of the division of industrial compliance labor.

(b) If no certified municipal, township, or county building department certified for residential buildings pursuant to division (E) of section 3781.10 of the Revised Code has jurisdiction, the owner is not required to make the submissions described in division (A)(1) of this section.

(2)(a) The seal of an architect registered under Chapter 4703. of the Revised Code or an engineer registered under Chapter 4733. of the Revised Code is required for any plans, drawings, specifications, or data submitted for approval, unless the plans, drawings, specifications, or data are permitted to be prepared by persons other than registered architects pursuant to division (C) or (D) of section 4703.18 of the Revised Code, or by persons other than registered engineers pursuant to division (C) or (D) of section 4733.18 of the Revised Code.

(b) No seal is required for any plans, drawings, specifications, or data submitted for approval for any residential buildings, as defined in section 3781.06 of the Revised Code, or erected as industrialized one-, two-, or three-family units or structures within the meaning of "industrialized unit" as defined in section 3781.06 of the Revised Code.

(c) No seal is required for approval of the installation of replacement
equipment or systems that are similar in type or capacity to the equipment or systems being replaced. No seal is required for approval for any new construction, improvement, alteration, repair, painting, decorating, or other modification of any buildings or structures subject to sections 3781.06 to 3781.18 and 3791.04 of the Revised Code if the proposed work does not involve technical design analysis, as defined by rule adopted by the board of building standards.

(B) No owner shall proceed with the construction, erection, alteration, or equipment of any building until the plans or drawings, specifications, and data have been approved as this section requires, or the industrialized unit inspected at the point of origin. No plans or specifications shall be approved or inspection approval given unless the building represented would, if constructed, repaired, erected, or equipped, comply with Chapters 3781. and 3791. of the Revised Code and any rule made under those chapters.

(C) The approval of plans or drawings and specifications or data pursuant to this section is invalid if construction, erection, alteration, or other work upon the building has not commenced within twelve months of the approval of the plans or drawings and specifications. One extension shall be granted for an additional twelve-month period if the owner requests at least ten days in advance of the expiration of the permit and upon payment of a fee not to exceed one hundred dollars. If in the course of construction, work is delayed or suspended for more than six months, the approval of plans or drawings and specifications or data is invalid. Two extensions shall be granted for six months each if the owner requests at least ten days in advance of the expiration of the permit and upon payment of a fee for each extension of not more than one hundred dollars. Before any work may continue on the construction, erection, alteration, or equipment of any building for which the approval is invalid, the owner of the building shall resubmit the plans or drawings and specifications for approval pursuant to this section.

(D) Subject to section 3791.042 of the Revised Code, the board of building standards or the legislative authority of a municipal corporation, township, or county, by rule, may regulate the requirements for the submission of plans and specifications to the respective enforcing departments and for processing by those departments. The board of building standards or the legislative authority of a municipal corporation, township, or county may adopt rules to provide for the approval, subject to section 3791.042 of the Revised Code, by the department having jurisdiction of the plans for construction of a foundation or any other part of a building or structure before the complete plans and specifications for the entire building
or structure are submitted. When any plans are approved by the department having jurisdiction, the structure and every particular represented by and disclosed in those plans shall, in the absence of fraud or a serious safety or sanitation hazard, be conclusively presumed to comply with Chapters 3781 and 3791 of the Revised Code and any rule issued pursuant to those chapters, if constructed, altered, or repaired in accordance with those plans and any rule in effect at the time of approval.

(E) The approval of plans and specifications, including inspection of industrialized units, under this section is a "license" and the failure to approve plans or specifications as submitted or to inspect the unit at the point of origin within thirty days after the plans or specifications are filed or the request to inspect the industrialized unit is made, the disapproval of plans and specifications, or the refusal to approve an industrialized unit following inspection at the point of origin is "an adjudication order denying the issuance of a license" requiring an "adjudication hearing" as provided by sections 119.07 to 119.13 of the Revised Code and as modified by sections 3781.031 and 3781.19 of the Revised Code. An adjudication order denying the issuance of a license shall specify the reasons for that denial.

(F) The board of building standards shall not require the submission of site preparation plans or plot plans to the division of industrial compliance labor when industrialized units are used exclusively as one-, two-, or three-family dwellings.

(G) Notwithstanding any procedures the board establishes, if the agency having jurisdiction objects to any portion of the plans or specifications, the owner or the owner's representative may request the agency to issue conditional approval to proceed with construction up to the point of the objection. Approval shall be issued only when the objection results from conflicting interpretations of the rules of the board of building standards rather than the application of specific technical requirements of the rules. Approval shall not be issued where the correction of the objection would cause extensive changes in the building design or construction. The giving of conditional approval is a "conditional license" to proceed with construction up to the point where the construction or materials objected to by the agency are to be incorporated into the building. No construction shall proceed beyond that point without the prior approval of the agency or another agency that conducts an adjudication hearing relative to the objection. The agency having jurisdiction shall specify its objections to the plans or specifications, which is an "adjudication order denying the issuance of a license" and may be appealed pursuant to sections 119.07 to 119.13 of the Revised Code and as modified by sections 3781.031 and 3781.19 of the Revised Code.
Revised Code.

(H) A certified municipal, township, or county building department having jurisdiction, or the superintendent of the division of industrial compliance, as appropriate, shall review any plans, drawings, specifications, or data described in this section that are submitted to it or to the superintendent.

(I) No owner or persons having control as an officer, or as a member of a board or committee, or otherwise, of a building to which section 3781.06 of the Revised Code is applicable, and no architect, designer, engineer, builder, contractor, subcontractor, or any officer or employee of a municipal, township, or county building department shall violate this section.

(J) Whoever violates this section shall be fined not more than five hundred dollars.

Sec. 3791.05. No owner, lessee, agent, factor, architect, or contractor engaged in and having supervision or charge of the building, erection, or construction of a block, building, or structure, shall neglect or refuse to place or have placed upon the joists of each story thereof, as soon as joists are in position, counter floors of such quality and strength as to render perfectly safe the going to and from thereon of all mechanics, laborers, and other persons engaged upon the work of construction or supervision, or in placing materials for such construction.

Whoever violates this section shall be fined not less than twenty-five nor more than two hundred dollars.

Each day that such person neglects or refuses to have such counter floors so placed, after notice is given by a building inspector, a chief inspector, or deputy inspector of the city building inspection department in cities where such department is organized, or by the superintendent of the division of industrial compliance labor of the state, in cities where such departments are not organized, or from a person whose life or personal safety may be endangered by such neglect or refusal, is a separate offense.

Sec. 3791.07. (A) The board of building standards may establish such reasonable inspection fee schedules as it determines necessary or desirable relating to the inspection of all plans and specifications submitted for approval to the division of industrial compliance labor, and all industrialized units inspected at the point of origin and at the construction site of the building. The inspection fee schedule established shall bear some reasonable relationship to the cost of administering and enforcing the provisions of Chapters 3781. and 3791. of the Revised Code.

(B) In addition to the fee assessed in division (A) of this section, the
board shall assess a fee of not more than five dollars for each application for acceptance and approval of plans and specifications and for making inspections pursuant to section 3791.04 of the Revised Code. The board shall adopt rules, in accordance with Chapter 119. of the Revised Code, specifying the manner by which the superintendent of the division of industrial compliance labor shall collect and remit to the board the fees assessed under this division and requiring that remittance of the fees be made at least quarterly.

(C) Any person who fails to pay an inspection fee required for any inspection conducted by the department of commerce pursuant to Chapters 3781. and 3791. of the Revised Code, except for fees charged for the inspection of plans and specifications, within forty-five days after the inspection is conducted, shall pay a late payment fee equal to twenty-five per cent of the inspection fee.

(D) The board shall pay the fees assessed under this section into the state treasury to the credit of the industrial compliance labor operating fund created in section 121.084 of the Revised Code.

Sec. 3793.02. (A) The department of alcohol and drug addiction services shall promote, assist in developing, and coordinate or conduct programs of education and research for the prevention of alcohol and drug addiction, the prevention of gambling addiction, the treatment, including intervention, of alcoholics and persons who abuse drugs of abuse, including anabolic steroids, and the treatment, including intervention, of persons with gambling addictions. Programs established by the department shall include abstinence-based prevention and treatment programs.

(B) In addition to the other duties prescribed by this chapter, the department shall do all of the following:

(1) Promote and coordinate efforts in the provision of alcohol and drug addiction services and of gambling addiction services by other state agencies, as defined in section 1.60 of the Revised Code; courts; hospitals; clinics; physicians in private practice; public health authorities; boards of alcohol, drug addiction, and mental health services; alcohol and drug addiction programs; law enforcement agencies; gambling addiction programs; and related groups;

(2) Provide for education and training in prevention, diagnosis, treatment, and control of alcohol and drug addiction and of gambling addiction for medical students, physicians, nurses, social workers, professional counselors, psychologists, and other persons who provide alcohol and drug addiction services or gambling addiction services;

(3) Provide training and consultation for persons who supervise alcohol
and drug addiction programs and facilities or gambling addiction programs and facilities;
(4) Develop measures for evaluating the effectiveness of alcohol and drug addiction services, including services that use methadone treatment, and of gambling addiction services, and for increasing the accountability of alcohol and drug addiction programs and of gambling addiction programs;
(5) Provide to each court of record, and biennially update, a list of the treatment and education programs within that court's jurisdiction that the court may require an offender, sentenced pursuant to section 4511.19 of the Revised Code, to attend;
(6) Print and distribute Make the warning sign described in sections 3313.752, 3345.41, and 3707.50 of the Revised Code available on the department's internet web site;
(7) Provide a program of gambling addiction services on behalf of the state lottery commission, pursuant to an agreement entered into with the director of the commission under division (K) of section 3770.02 of the Revised Code.
(C) The department may accept and administer grants from public or private sources for carrying out any of the duties enumerated in this section.
(D) Pursuant to Chapter 119. of the Revised Code, the department shall adopt a rule defining the term "intervention" as it is used in this chapter in connection with alcohol and drug addiction services and in connection with gambling addiction services. The department may adopt other rules as necessary to implement the requirements of this chapter.
Sec. 3793.04. The department of alcohol and drug addiction services shall develop, administer, and revise as necessary a comprehensive statewide alcohol and drug addiction services plan for the implementation of this chapter. The plan shall emphasize abstinence from the use of alcohol and drugs of abuse as the primary goal of alcohol and drug addiction services. The council on alcohol and drug addiction services shall advise the department in the development and implementation of the plan.
The plan shall provide for the allocation of state and federal funds for service furnished by alcohol and drug addiction programs under contract with boards of alcohol, drug addiction, and mental health services and for distribution of the funds to such boards. The plan shall specify the methodology that the department will use for determining how funds will be allocated and distributed. A portion of the funds shall be allocated on the basis of the ratio of the population of each alcohol, drug addiction, and mental health service district to the total population of the state as determined from the most recent federal census or the most recent official
estimate made by the United States census bureau.

The plan shall ensure that alcohol and drug addiction services of a high quality are accessible to, and responsive to the needs of, all persons, especially those who are members of underserved groups, including, but not limited to, African Americans, Hispanics, native Americans, Asians, juvenile and adult offenders, women, and persons with special services needs due to age or disability. The plan shall include a program to promote and protect the rights of those who receive services.

To aid in formulating the plan and in evaluating the effectiveness and results of alcohol and drug addiction services, the department, in consultation with the department of mental health, shall establish and maintain an information system or systems. The department of alcohol and drug addiction services shall specify the information that must be provided by boards of alcohol, drug addiction, and mental health services and by alcohol and drug addiction programs for inclusion in the system. The department shall not collect any personal information for the purpose of identifying by name any person who receives a service through a board, from the boards except as required or permitted by the state or federal law to validate appropriate reimbursement for purposes related to payment, health care operations, program and service evaluation, reporting activities, research, system administration, and oversight.

In consultation with boards, programs, and persons receiving services, the department shall establish guidelines for the use of state and federal funds and for the boards' development of plans for services required by sections 340.033 and 3793.05 of the Revised Code.

In any fiscal year, the department shall spend, or allocate to boards, for methadone maintenance programs or any similar programs not more than eight per cent of the total amount appropriated to the department for the fiscal year.

Sec. 3793.21. (A) As used in this section, "administrative function" means a function related to one or more of the following:

(1) Continuous quality improvement;
(2) Utilization review;
(3) Resource development;
(4) Fiscal administration;
(5) General administration;
(6) Any other function related to administration that is required by Chapter 340. of the Revised Code.

(B) Each board of alcohol, drug addiction, and mental health services shall submit an annual report to the department of alcohol and drug
addiction services specifying how the board used state and federal funds allocated to the board, according to the methodology the department specifies under section 3793.04 of the Revised Code, for administrative functions in the year preceding the report's submission. The director of alcohol and drug addiction shall establish the date by which the report must be submitted each year.

Sec. 3901.381. (A) Except as provided in sections 3901.382, 3901.383, 3901.384, and 3901.386 of the Revised Code, a third-party payer shall process a claim for payment for health care services rendered by a provider to a beneficiary in accordance with this section.

(B)(1) Unless division (B)(2) or (3) of this section applies, when a third-party payer receives from a provider or beneficiary a claim on the standard claim form prescribed in rules adopted by the superintendent of insurance under section 3902.22 of the Revised Code, the third-party payer shall pay or deny the claim not later than thirty days after receipt of the claim. When a third-party payer denies a claim, the third-party payer shall notify the provider and the beneficiary. The notice shall state, with specificity, why the third-party payer denied the claim.

(2)(a) Unless division (B)(3) of this section applies, when a provider or beneficiary has used the standard claim form, but the third-party payer determines that reasonable supporting documentation is needed to establish the third-party payer's responsibility to make payment, the third-party payer shall pay or deny the claim not later than forty-five days after receipt of the claim. Supporting documentation includes the verification of employer and beneficiary coverage under a benefits contract, confirmation of premium payment, medical information regarding the beneficiary and the services provided, information on the responsibility of another third-party payer to make payment or confirmation of the amount of payment by another third-party payer, and information that is needed to correct material deficiencies in the claim related to a diagnosis or treatment or the provider's identification.

Not later than thirty days after receipt of the claim, the third-party payer shall notify all relevant external sources that the supporting documentation is needed. All such notices shall state, with specificity, the supporting documentation needed. If the notice was not provided in writing, the provider, beneficiary, or third-party payer may request the third-party payer to provide the notice in writing, and the third-party payer shall then provide the notice in writing. If any of the supporting documentation is under the control of the beneficiary, the beneficiary shall provide the supporting documentation to the third-party payer.
The number of days that elapse between the third-party payer's last request for supporting documentation within the thirty-day period and the third-party payer's receipt of all of the supporting documentation that was requested shall not be counted for purposes of determining the third-party payer's compliance with the time period of not more than forty-five days for payment or denial of a claim. Except as provided in division (B)(2)(b) of this section, if the third-party payer requests additional supporting documentation after receiving the initially requested documentation, the number of days that elapse between making the request and receiving the additional supporting documentation shall be counted for purposes of determining the third-party payer's compliance with the time period of not more than forty-five days.

(b) If a third-party payer determines, after receiving initially requested documentation, that it needs additional supporting documentation pertaining to a beneficiary's preexisting condition, which condition was unknown to the third-party payer and about which it was reasonable for the third-party payer to have no knowledge at the time of its initial request for documentation, and the third-party payer subsequently requests this additional supporting documentation, the number of days that elapse between making the request and receiving the additional supporting documentation shall not be counted for purposes of determining the third-party payer's compliance with the time period of not more than forty-five days.

(c) When a third-party payer denies a claim, the third-party payer shall notify the provider and the beneficiary. The notice shall state, with specificity, why the third-party payer denied the claim.

(d) If a third-party payer determines that supporting documentation related to medical information is routinely necessary to process a claim for payment of a particular health care service, the third-party payer shall establish a description of the supporting documentation that is routinely necessary and make the description available to providers in a readily accessible format.

Third-party payers and providers shall, in connection with a claim, use the most current CPT code in effect, as published by the American medical association, the most current ICD-9 code in effect, as published by the United States department of health and human services, the most current CDT code in effect, as published by the American dental association, or the most current HCPCS code in effect, as published by the United States health care financing administration.

(3) When a provider or beneficiary submits a claim by using the
standard claim form prescribed in the superintendent's rules, but the information provided in the claim is materially deficient, the third-party payer shall notify the provider or beneficiary not later than fifteen days after receipt of the claim. The notice shall state, with specificity, the information needed to correct all material deficiencies. Once the material deficiencies are corrected, the third-party payer shall proceed in accordance with division (B)(1) or (2) of this section.

It is not a violation of the notification time period of not more than fifteen days if a third-party payer fails to notify a provider or beneficiary of material deficiencies in the claim related to a diagnosis or treatment or the provider's identification. A third-party payer may request the information necessary to correct these deficiencies after the end of the notification time period. Requests for such information shall be made as requests for supporting documentation under division (B)(2) of this section, and payment or denial of the claim is subject to the time periods specified in that division.

(C) For purposes of this section, if a dispute exists between a provider and a third-party payer as to the day a claim form was received by the third-party payer, both of the following apply:

(1) If the provider or a person acting on behalf of the provider submits a claim directly to a third-party payer by mail and retains a record of the day the claim was mailed, there exists a rebuttable presumption that the claim was received by the third-party payer on the fifth business day after the day the claim was mailed, unless it can be proven otherwise.

(2) If the provider or a person acting on behalf of the provider submits a claim directly to a third-party payer electronically, there exists a rebuttable presumption that the claim was received by the third-party payer twenty-four hours after the claim was submitted, unless it can be proven otherwise.

(D) Nothing in this section requires a third-party payer to provide more than one notice to an employer whose premium for coverage of employees under a benefits contract has not been received by the third-party payer.

(E) Compliance with the provisions of division (B)(3) of this section shall be determined separately from compliance with the provisions of divisions (B)(1) and (2) of this section.

(F) A third party payer shall transmit electronically any payment with respect to claims that the third party payer receives electronically and pays to a contracted provider under this section and under sections 3901.383, 3901.384, and 3901.386 of the Revised Code. A provider shall not refuse to accept a payment made under this section or sections 3901.383, 3901.384, and 3901.386 of the Revised Code on the basis that the payment was
transmitted electronically.

Sec. 3901.3812. (A) If, after completion of an examination involving information collected from a six-month period, the superintendent finds that a third-party payer has committed a series of violations that, taken together, constitutes a consistent pattern or practice of violating division (A) of section 3901.3811 of the Revised Code, the superintendent may impose on the third-party payer any of the administrative remedies specified in division (B) of this section. In making a finding under this division, the superintendent shall apply the error tolerance standards for claims processing contained in the market conduct examiners handbook issued by the national association of insurance commissioners in effect at the time the claims were processed.

Before imposing an administrative remedy, the superintendent shall provide written notice to the third-party payer informing the third-party payer of the reasons for the superintendent's finding, the administrative remedy the superintendent proposes to impose, and the opportunity to submit a written request for an administrative hearing regarding the finding and proposed remedy. If the third-party payer requests a hearing, the superintendent shall conduct the hearing in accordance with Chapter 119. of the Revised Code not later than fifteen days after receipt of the request.

(B)(1) In imposing administrative remedies under division (A) of this section for violations of section 3901.381 of the Revised Code, the superintendent may do any of the following:

(a) Levy a monetary penalty in an amount determined in accordance with division (B)(3) of this section;
(b) Order the payment of interest directly to the provider in accordance with section 3901.389 of the Revised Code;
(c) Order the third-party payer to cease and desist from engaging in the violations;
(d) If a monetary penalty is not levied under division (B)(1)(a) of this section, impose any of the administrative remedies provided for in section 3901.22 of the Revised Code, other than those specified in divisions (D)(4) and (5) and (G) of that section.

(2) In imposing administrative remedies under division (A) of this section for violations of sections 3901.384 to 3901.3810 of the Revised Code, the superintendent may do any of the following:

(a) Levy a monetary penalty in an amount determined in accordance with division (B)(3) of this section;
(b) Order the payment of interest directly to the provider in accordance with section 3901.38 of the Revised Code;
(c) Order the third-party payer to cease and desist from engaging in the violations;

(d) If a monetary penalty is not levied under division (B)(2)(a) of this section, impose any of the administrative remedies provided for in section 3901.22 of the Revised Code, other than those specified in divisions (D)(4) and (5) and (G) of that section. For violations of sections 3901.384 to 3901.3810 of the Revised Code that did not comply with section 3901.381 of the Revised Code, the superintendent may also use section 3901.22 of the Revised Code except divisions (D)(4) and (5) of that section.

(3) A finding by the superintendent that a third-party payer has committed a series of violations that, taken together, constitutes a consistent pattern or practice of violating division (A) of section 3901.3811 of the Revised Code, shall constitute a single offense for purposes of levying a fine under division (B)(1)(a) and (B)(2)(a) of this section. For a first offense, the superintendent may levy a fine of not more than one hundred thousand dollars. For a second offense that occurs on or earlier than four years from the first offense, the superintendent may levy a fine of not more than one hundred fifty thousand dollars. For a third or additional offense that occurs on or earlier than seven years after a first offense, the superintendent may levy a fine of not more than three hundred thousand dollars. In determining the amount of a fine to be levied within the specified limits, the superintendent shall consider the following factors:

(a) The extent and frequency of the violations;

(b) Whether the violations were due to circumstances beyond the third-party payer's control;

(c) Any remedial actions taken by the third-party payer to prevent future violations;

(d) The actual or potential harm to others resulting from the violations;

(e) If the third-party payer knowingly and willingly committed the violations;

(f) The third-party payer's financial condition;

(g) Any other factors the superintendent considers appropriate.

(C) The remedies imposed by the superintendent under this section are in addition to, and not in lieu of, such other remedies as providers and beneficiaries may otherwise have by law.

(D) Any fine collected under this section shall be paid into the state treasury as follows:

(1) Twenty-five per cent of the total to the credit of the department of insurance operating fund created by section 3901.021 of the Revised Code;

(2) Sixty-five per cent of the total to the credit of the general revenue
(3) Ten per cent of the total to the credit of claims processing education fund account, which is hereby created within the department of insurance operating fund created by section 3901.021 of the Revised Code.

All money credited to the claims processing education fund account shall be used by the department of insurance to make technical assistance available to third-party payers, providers, and beneficiaries for effective implementation of the provisions of sections 3901.38 and 3901.381 to 3901.3814 of the Revised Code.

Sec. 3903.77. (A) Every property and casualty insurance company doing business in this state, except as exempted by the superintendent of insurance, annually, shall cause to be prepared by a qualified actuary, appointed by the company, the following documents:

(1) An actuarial opinion that certifies to the reasonableness of the insurance company's reserves and that shall be entitled a "statement of actuarial opinion";

(2) A summary that shall be in support of the statement of actuarial opinion and that shall be entitled an "actuarial opinion summary." An insurance company licensed but not domiciled in this state need not include the actuarial opinion summary in its submissions to the superintendent but shall make the summary available to the superintendent upon request.

(B) The insurance company annually shall submit the documents prepared pursuant to division (A) of this section to the superintendent in accordance with the national association of insurance commissioners' property and casualty annual statement instructions.

(C)(1) Every property and casualty insurance company doing business in this state shall prepare an actuarial report and underlying work papers to support the statement of actuarial opinion and the actuarial opinion summary required under division (A) of this section in accordance with the national association of insurance commissioners' property and casualty statement instructions. The insurance company shall make the actuarial report and underlying work papers available to the superintendent upon request.

(2) If an insurance company fails to provide the actuarial report or work papers at the request of the superintendent pursuant to division (C)(1) of this section or the superintendent determines that the actuarial report or work papers provided are unacceptable, the superintendent may contract with a qualified actuary at the expense of the insurance company to review the statement of actuarial opinion provided by the insurance company pursuant to division (A) of this section and the basis for that opinion and to prepare
an actuarial report and work papers.

(D) Except in cases of fraud or willful misconduct on the part of the actuary, no actuary appointed by an insurance company to prepare the statement of actuarial opinion and actuarial opinion summary required under division (A) of this section is liable for damages to any person except the insurance company and the superintendent for any act, error, omission, decision, or conduct with respect to the actuary's opinion.

(E) The statement of actuarial opinion required under division (A) of this section is a public document and a public record as defined in section 149.43 of the Revised Code. However, the actuarial opinion summary, actuarial report, work papers, and any documents, materials or other information provided in support of the statement of actuarial opinion are privileged and confidential, are not a public record, and are not subject to subpoena or to discovery, and are not admissible in evidence in any private civil action.

Neither the superintendent nor any person who receives documents, materials, or other information required to be kept confidential under this division while acting under the authority of the superintendent shall testify in any private civil action concerning any documents, materials, or other information required to be kept confidential under this division.

This section shall not be construed to limit the superintendent's authority to release documents to the actuarial board for counseling and discipline so long as the documents are necessary for the purpose of professional disciplinary proceedings and the actuarial board for counseling and discipline establishes procedures satisfactory to the superintendent for preserving the confidentiality of the documents. Neither shall this section be construed to limit the superintendent's authority to use documents, materials, nor other information in furtherance of any regulatory or legal action brought as part of the superintendent's official duties.

(F) In order to assist in the performance of the superintendent's duties, the superintendent may do all of the following:

(1) Share documents, materials, or other information, including any documents, materials, or other information required to be kept confidential under division (E) of this section, with other state, federal, and international regulatory and law enforcement agencies and with the national association of insurance commissioners including its affiliates and subsidiaries if the recipient agrees to maintain the confidentiality and privileged status of the document, material, or other information and has the legal authority to maintain confidentiality;

(2) Receive documents, materials, or other information, including
otherwise confidential and privileged documents, materials, and information from other state, federal, and international regulatory and law enforcement agencies and from the national association of insurance commissioners including its affiliates and subsidiaries. The superintendent shall maintain the confidentiality and privileged status of any document, material, or other information received with notice of confidential and privileged status under the laws of the jurisdiction that is the source of the document, material, or information.

(3) Enter into agreements consistent with divisions (E) and (F) of this section for the sharing and use of information.

(G) No waiver of any privilege or claim of confidentiality of documents, materials, or other information shall occur as a result of any disclosure to the superintendent under this section or as a result of any sharing of documents, materials, or other information authorized by the superintendent under division (G) of this section.

(H) As used in this section, "qualified actuary" means a person who is a member in good standing of the American academy of actuaries and who meets the requirements identified in the national association of insurance commissioners' property and casualty statement instructions.

Sec. 3923.021. (A) As used in this section, "benefits:"

(1) "Benefits provided are not unreasonable in relation to the premium charged" means the rates were calculated in accordance with sound actuarial principles.

(2) "Individual policy of sickness and accident insurance" includes sickness and accident insurance made available by insurers in the individual market to individuals, with or without family members or dependents, through group policies issued to one or more associations or entities.

(B) With respect to any filing, made pursuant to section 3923.02 of the Revised Code, of any premium rates for any individual policy of sickness and accident insurance or certificates made available by an insurer to individuals in the individual market through a group policy or for any indorsement or rider pertaining thereto, the superintendent of insurance may, within thirty days after filing:

(1) Disapprove such filing after finding that the benefits provided are unreasonable in relation to the premium charged. Such disapproval shall be effected by written order of the superintendent, a copy of which shall be mailed to the insurer that has made the filing. In the order, the superintendent shall specify the reasons for the disapproval and state that a hearing will be held within fifteen days after requested in writing by the insurer. If a hearing is so requested, the superintendent shall also give such
public notice as the superintendent considers appropriate. The superintendent, within fifteen days after the commencement of any hearing, shall issue a written order, a copy of which shall be mailed to the insurer that has made the filing, either affirming the prior disapproval or approving such filing after finding that the benefits provided are not unreasonable in relation to the premium charged.

(2) Set a date for a public hearing to commence no later than forty days after the filing. The superintendent shall give the insurer making the filing twenty days' written notice of the hearing and shall give such public notice as the superintendent considers appropriate. The superintendent, within twenty days after the commencement of a hearing, shall issue a written order, a copy of which shall be mailed to the insurer that has made the filing, either approving such filing if the superintendent finds that the benefits provided are not unreasonable in relation to the premium charged, or disapproving such filing if the superintendent finds that the benefits provided are unreasonable in relation to the premium charged. This division does not apply to any insurer organized or transacting the business of insurance under Chapter 3907. or 3909. of the Revised Code.

(3) Take no action, in which case such filing shall be deemed to be approved and shall become effective upon the thirty-first day after such filing, unless the superintendent has previously given to the insurer a written approval.

(C) At any time after any filing has been approved pursuant to this section, the superintendent may, after a hearing of which at least twenty days' written notice has been given to the insurer that has made such filing and for which such public notice as the superintendent considers appropriate has been given, withdraw approval of such filing after finding that the benefits provided are unreasonable in relation to the premium charged. Such withdrawal of approval shall be effected by written order of the superintendent, a copy of which shall be mailed to the insurer that has made the filing, which shall state the ground for such withdrawal and the date, not less than forty days after the date of such order, when the withdrawal or approval shall become effective.

(D) The superintendent may retain at the insurer's expense such attorneys, actuaries, accountants, and other experts not otherwise a part of the superintendent's staff as shall be reasonably necessary to assist in the preparation for and conduct of any public hearing under this section. The expense for retaining such experts and the expenses of the department of insurance incurred in connection with such public hearing shall be assessed against the insurer in an amount not to exceed one one-hundredth of one per
cent of the sum of premiums earned plus net realized investment gain or loss of such insurer as reflected in the most current annual statement on file with the superintendent. Any person retained shall be under the direction and control of the superintendent and shall act in a purely advisory capacity.

Sec. 3923.022. (A) As used in this section:

(1)(a) "Administrative expense" means the amount resulting from the following: the amount of premiums received earned by the insurer for sickness and accident insurance business plus the amount of losses recovered from reinsurance coverage minus the sum of the amount of claims for losses paid; the amount of losses incurred but not reported; the amount paid incurred for state fees, federal and state taxes, and reinsurance; and the incurred costs and expenses related, either directly or indirectly, to the payment of commissions, measures to control fraud, and managed care.

(b) "Administrative expense" does not include any amounts collected, or administrative expenses incurred, by an insurer for the administration of an employee health benefit plan subject to regulation by the federal "Employee Retirement Income Security Act of 1974," 88 Stat. 832, 29 U.S.C.A. 1001, as amended. "Amounts collected or administrative expenses incurred" means the total amount paid to an administrator for the administration and payment of claims minus the sum of the amount of claims for losses paid and the amount of losses incurred but not reported.

(2) "Insurer" means any insurance company authorized under Title XXXIX of the Revised Code to do the business of sickness and accident insurance in this state.

(3) "Sickness and accident insurance business" does not include coverage provided by an insurer for specific diseases or accidents only; any hospital indemnity, medicare supplement, long-term care, disability income, one-time-limited-duration policy of no longer than six months, or other policy that offers only supplemental benefits; or coverage provided to individuals who are not residents of this state.

(4) "Individual business" includes both individual sickness and accident insurance and sickness and accident insurance made available by insurers in the individual market to individuals, with or without family members or dependents, through group policies issued to one or more associations or entities.

(B) Notwithstanding section 3941.14 of the Revised Code, the following apply to every insurer:

(1) For calendar year 1993, each insurer shall have aggregate administrative expenses of no more than forty per cent of the premium income of the insurer, based on the premiums received in that year on the
sickness and accident insurance business of the insurer.

(2) For calendar year 1994, each insurer shall have aggregate administrative expenses of no more than thirty per cent of the premium income of the insurer, based on the premiums received in that year on the sickness and accident insurance business of the insurer.

(3) For calendar year 1995, each insurer shall have aggregate administrative expenses of no more than twenty five per cent of the premium income of the insurer, based on the premiums received in that year on the sickness and accident insurance business of the insurer.

(4) For calendar year 1996 and every calendar year thereafter, each insurer shall have aggregate administrative expenses of no more than twenty per cent of the premium income of the insurer, based on the premiums received earned in that year on the sickness and accident insurance business of the insurer.

(C) (1) Each insurer, on the first day of January or within sixty days thereafter, shall annually prepare, under oath, and deposit in the office of the superintendent of insurance a statement of the aggregate administrative expenses of the insurer, based on the premiums received earned in the immediately preceding calendar year on the sickness and accident insurance business of the insurer. The statement shall itemize and separately detail all of the following information with respect to the insurer's sickness and accident insurance business:

(a) The amount of premiums earned by the insurer both before and after any costs related to the insurer's purchase of reinsurance coverage;

(b) The total amount of claims for losses paid by the insurer both before and after any reimbursement from reinsurance coverage;

(c) The amount of any losses incurred by the insurer but not reported by the insurer in the current or prior year;

(h) The amount of costs incurred by the insurer that are related to managed care; and

(i) Any other administrative expenses incurred by the insurer.

(2) The statement also shall include all of the information required
under division (C)(1) of this section separately detailed for the insurer's individual business, small group business, and large group business.

(D) No insurer shall fail to comply with division (B) of this section.

(E) If the superintendent determines that an insurer has violated division (D) of this section, the superintendent, pursuant to an adjudication conducted in accordance with Chapter 119. of the Revised Code, may order the suspension of the insurer's license to do the business of sickness and accident insurance in this state until the superintendent is satisfied that the insurer is in compliance with division (B) of this section. If the insurer continues to do the business of sickness and accident insurance in this state while under the suspension order, the superintendent shall order the insurer to pay one thousand dollars for each day of the violation.

(F) Any money collected by the superintendent under division (E) of this section shall be deposited by him the superintendent into the state treasury to the credit of the department of insurance operating fund.

(G) The statement of aggregate expenses filed pursuant to this section separately detailing an insurer's individual, small group, and large group business shall be considered work papers resulting from the conduct of a market analysis of an entity subject to examination by the superintendent under division (C) of section 3901.48 of the Revised Code, except that the superintendent may share aggregated market information that identifies the premiums earned as reported under division (C)(1)(a) of this section, the administrative expenses reported under division (C)(1)(i) of this section, the amount of commissions reported under division (C)(1)(f) of this section, the amount of taxes paid as reported under division (C)(1)(d) of this section, the total of the remaining benefit costs as reported under divisions (C)(1)(b) and (c) of this section, and the amount of fraud and managed care expenses reported under divisions (C)(1)(g) and (h) of this section.

that of obtaining insurance. In

(B) In order that such sickness and accident insurance be considered as issued on a franchise plan, such employees or such members, with or without one or more of their dependents and members of their immediate families, must be issued the same form of an individual policy, varying only as to amounts and kinds of coverage applied for by such employees or such members, under an arrangement by which the premiums on such policies may be paid to the insurer periodically by the employer, with or without payroll deductions, or by the association for its members, or by some designated person acting on behalf of such employer or association.

Sec. 3923.122. (A) Every policy of group sickness and accident insurance providing hospital, surgical, or medical expense coverage for other than specific diseases or accidents only, and delivered, issued for delivery, or renewed in this state on or after January 1, 1976, shall include a provision giving each insured the option to convert to the following:

(1) In the case of an individual who is not a federally eligible individual, any of the individual policies of hospital, surgical, or medical expense insurance then being issued by the insurer with benefit limits not to exceed those in effect under the group policy;

(2) In the case of a federally eligible individual, a basic or standard plan established by the board of directors of the Ohio health reinsurance program in accordance with section 3924.10 of the Revised Code or plans substantially similar to the basic and standard plan in benefit design and scope of covered services. For purposes of division (A)(2) of this section, the superintendent of insurance shall determine whether a plan is substantially similar to the basic or standard plan in benefit design and scope of covered services.

(B) An option for conversion to an individual policy shall be available without evidence of insurability to every insured, including any person eligible under division (D) of this section, who terminates employment or membership in the group holding the policy after having been continuously insured thereunder for at least one year.

Upon receipt of the insured's written application and upon payment of at least the first quarterly premium not later than thirty-one days after the termination of coverage under the group policy, the insurer shall issue a converted policy on a form then available for conversion. The premium shall be in accordance with the insurer's table of premium rates in effect on the later of the following dates:

(1) The effective date of the converted policy;

(2) The date of application therefor; and shall be applicable to the class
of risk to which each person covered belongs and to the form and amount of
the policy at the person's then attained age. However, premiums charged
federally eligible individuals may not exceed an amount that is two times
the midpoint of the standard the amounts specified below:

(a) For calendar years 2010 and 2011, an amount that is two times the
base rate charged any other individual of a group to which the insurer is
currently accepting new business and for which similar copayments and
deductibles are applied;

(b) For calendar year 2012 and every year thereafter, an amount that is
one and one-half times the base rate charged any other individual of a group
to which the insurer is currently accepting new business and for which similar copayments and deductibles are applied, unless the superintendent of
insurance determines that the amendments by this act to sections 3923.58
and 3923.581 of the Revised Code, have resulted in the market-wide
average medical loss ratio for coverage sold to individual insureds and
nonemployer group insureds in this state, including open enrollment
insureds, to increase by more than five and one quarter percentage points
during calendar year 2010. If the superintendent makes that determination,
the premium limit established by division (B)(2)(a) of this section shall
remain in effect.

At the election of the insurer, a separate converted policy may be issued
to cover any dependent of an employee or member of the group.

Except as provided in division (H) of this section, any converted policy
shall become effective as of the day following the date of termination of
insurance under the group policy.

Any probationary or waiting period set forth in the converted policy is
deemed to commence on the effective date of the insured's coverage under
the group policy.

(C) No insurer shall be required to issue a converted policy to any
person who is, or is eligible to be, covered for benefits at least comparable
to the group policy under:

(2) To a child solely with respect to the child upon attaining the limiting age of coverage under the group policy while covered as a dependent thereunder;

(3) Upon the divorce, dissolution, or annulment of the marriage of the employee or member, to the divorced spouse, or former spouse in the event of annulment, of such employee or member, or upon the legal separation of the spouse from such employee or member, to the spouse.

Persons possessing the option for conversion pursuant to this division shall be considered members for the purposes of division (H) of this section.

(E) If coverage is continued under a group policy on an employee following retirement prior to the time the employee is, or is eligible to be, covered by Title XVIII of the Social Security Act, the employee may elect, in lieu of the continuance of group insurance, to have the same conversion rights as would apply had the employee's insurance terminated at retirement by reason of termination of employment.

(F) If the insurer and the group policyholder agree upon one or more additional plans of benefits to be available for converted policies, the applicant for the converted policy may elect such a plan in lieu of a converted policy.

(G) The converted policy may contain provisions for avoiding duplication of benefits provided pursuant to divisions (C)(1), (2), (3), and (4) of this section or provided under any other insured or noninsured plan or program.

(H) If an employee or member becomes entitled to obtain a converted policy pursuant to this section, and if the employee or member has not received notice of the conversion privilege at least fifteen days prior to the expiration of the thirty-one-day conversion period provided in division (B) of this section, then the employee or member has an additional period within which to exercise the privilege. This additional period shall expire fifteen days after the employee or member receives notice, but in no event shall the period extend beyond sixty days after the expiration of the thirty-one-day conversion period.

Written notice presented to the employee or member, or mailed by the policyholder to the last known address of the employee or member as indicated on its records, constitutes notice for the purpose of this division. In the case of a person who is eligible for a converted policy under division (D)(2) or (D)(3) of this section, a policyholder shall not be responsible for
presenting or mailing such notice, unless such policyholder has actual knowledge of the person's eligibility for a converted policy.

If an additional period is allowed by an employee or member for the exercise of a conversion privilege, and if written application for the converted policy, accompanied by at least the first quarterly premium, is made after the expiration of the thirty-one-day conversion period, but within the additional period allowed an employee or member in accordance with this division, the effective date of the converted policy shall be the date of application.

(I) The converted policy may provide that any hospital, surgical, or medical expense benefits otherwise payable with respect to any person may be reduced by the amount of any such benefits payable under the group policy for the same loss after termination of coverage.

(J) The converted policy may contain:

(1) Any exclusion, reduction, or limitation contained in the group policy or customarily used in individual policies issued by the insurer;

(2) Any provision permitted in this section;

(3) Any other provision not prohibited by law.

Any provision required or permitted in this section may be made a part of any converted policy by means of an endorsement or rider.

(K) The time limit specified in a converted policy for certain defenses with respect to any person who was covered by a group policy shall commence on the effective date of such person's coverage under the group policy.

(L) No insurer shall use deterioration of health as the basis for refusing to renew a converted policy.

(M) No insurer shall use age or health status as the basis for refusing to renew a converted policy.

(N) A converted policy made available pursuant to this section shall, if delivery of the policy is to be made in this state, comply with this section. If delivery of a converted policy is to be made in another state, it may be on a form offered by the insurer in the jurisdiction where the delivery is to be made and which provides benefits substantially in compliance with those required in a policy delivered in this state.

If the superintendent makes that determination, the premium limit established by division (E)(1) of this section shall remain in effect. The superintendent's determination shall be supported by a signed letter from a member of the American academy of

If the superintendent makes that determination, the enrollment limit established by division (G)(1)(a) of this section shall remain in effect. The superintendent's determination shall be supported by a signed letter from a member of the American academy of actuaries.

Upon providing such certification, the insurer or carrier shall be relieved of its open enrollment requirement under this section for the remainder of the calendar year as long as the carrier continues to meet the open enrollment limit. If the total number of the carrier's current insureds with open enrollment coverage issued under this section falls below the enrollment limit, the carrier shall accept new applicants. (I) The requirements of this section do not apply to any insurer carrier that is currently in a state of supervision, insolvency, or liquidation. If an insurer carrier demonstrates to the satisfaction of the superintendent that the requirements of this section would place the insurer carrier in a state of supervision, insolvency, or liquidation, or would otherwise jeopardize the carrier's economic viability overall or in the individual market, the superintendent may waive or modify the requirements of division (B) or (G) of this section. The actions of the superintendent under this division shall be effective for a period of not more than one year. At the expiration of such time, a new showing of need for a waiver or modification by the insurer carrier shall be made before a new waiver or modification is issued or imposed.

(J) No hospital, health care facility, or health care practitioner, and no person who employs any health care practitioner, shall balance bill any individual or dependent of an individual for any health care supplies or services provided to the individual or dependent who is insured under a policy issued under this section. (M) If a carrier offers a health benefit plan in the individual market through a network plan, the carrier may do both of the following:

1. Limit the individuals that may apply for such coverage to those who live, work, or reside in the service area of the network plan;

2. Within the service area of the network plan, deny the coverage to individuals if the carrier has demonstrated both of the following to the superintendent:
   a. The carrier will not have the capacity to deliver services adequately to any additional individuals because of the carrier's obligations to existing group contract holders and individuals.
   b. The carrier is applying division (M)(2) of this section uniformly to all individuals without regard to any health status-related factors of those individuals.

(N) A carrier that, pursuant to division (M)(2) of this section, denies coverage to an individual in the service area of a network plan, shall not offer coverage in the individual market within that service area for at least one hundred eighty days after the date the carrier denies the coverage.

If the superintendent makes that determination, the premium limit established by division (E)(1) of this section shall remain in effect. (2) The carrier is applying division (H) of this section uniformly to all
federally eligible individuals in this state consistent with the applicable laws and rules of this state and without regard to any health status-related factor relating to those individuals.

(I) A carrier that, pursuant to division (H) of this section, refuses to issue health benefit plans to federally eligible individuals, shall not offer health benefit plans in the individual market in this state for at least one hundred eighty days after the date the coverage is denied or until the carrier has demonstrated to the superintendent that the carrier has sufficient financial reserves to underwrite additional coverage, whichever is later.

(J)(1) Except as provided in division (J)(2) of this section, a carrier shall not be required to accept annually new applicants under this section federally eligible individuals who, in the aggregate, would cause the carrier to have a total number of new insureds that is more than one half per cent of its total number of insured individuals and nonemployer groups in this state per year, if the total number of the carrier's current insureds with open enrollment coverage issued under this section calculated as of the immediately preceding thirty-first day of December and excluding the carrier's medicare supplement policies and conversion or continuation of coverage policies under state or federal law and any policies described in division (M)(L) of section 3923.58 of the Revised Code meets the following limits:
   (a) For calendar years 2010 and 2011, four per cent of the carrier's total number of individual or nonemployer group insureds in this state;
   (b) For calendar year 2012 and every year thereafter, eight per cent of the carrier's total number of insured individuals and nonemployer group insureds in this state, unless the superintendent of insurance determines that the amendments by this act to this section and section 3923.58 of the Revised Code, have resulted in the market-wide average medical loss ratio for coverage sold to individual insureds and nonemployer group insureds in this state, including open enrollment insureds, to increase by more than five and one quarter percentage points during calendar year 2010. If the superintendent makes that determination, the enrollment limit established by division (J)(1)(a) shall remain in effect. The superintendent's determination shall be supported by a signed letter from a member of the American academy of actuaries.

(2) An officer of the carrier shall certify to the department of insurance when it has met the enrollment limit set forth in division (J)(1) of this section. Upon providing such certification, the carrier shall be relieved of its open enrollment requirement under this section for the remainder of the calendar year unless, prior to the end of the calendar year, as long as the
carrier continues to meet the open enrollment limit. If the total number of the carrier's current insureds with open enrollment coverage issued under this section falls below the enrollment limit, the carrier shall accept new applicants. A carrier may establish a waiting list if the carrier has met the open enrollment limit and shall notify the superintendent if the carrier has a waiting list in effect. In the event that all the carriers subject to this section have individually met the enrollment limit set forth in division (J)(1) of this section, in that event in a calendar year, carriers shall again accept applicants for open enrollment coverage pursuant to this section, subject to an additional enrollment limit equal to one-half of the limitation set forth in division (J)(1) of this section.

(K) The superintendent may provide for the application of this section on a service-area-specific basis.

(L) The requirements of this section do not apply to any health benefit plan described in division (M)(L) of section 3923.58 of the Revised Code.

(M) A carrier may pay an agent a commission in the amount of not more than five per cent of the premium charged for initial placement or for otherwise securing the issuance of a policy or contract issued to an individual under this section, and not more than four per cent of the premium charged for the renewal of such a policy or contract. The superintendent may adopt, in accordance with Chapter 119. of the Revised Code, such rules as are necessary to enforce this division.

Sec. 3923.582. (A) The superintendent of insurance may adopt rules in accordance with Chapter 119. of the Revised Code to implement sections 3923.58 and 3923.581 of the Revised Code, including, but not limited to, rules relating to both of the following:

1. Requirements for adequate notice by carriers to consumers of the availability and premium rates of open enrollment coverage;

2. Reporting and data collection requirements for implementation of the open enrollment program and to evaluate the performance of the open enrollment program and the individual health insurance market of this state.

(B) On or before June 30, beginning calendar year 2011 and continuing every year thereafter, the superintendent shall issue a report to the governor and the general assembly on the open enrollment program and the performance of the individual health insurance market in this state. The report shall include a determination by the superintendent, supported by a signed letter from a member of the American academy of actuaries, as to whether the amendments by this act to sections 3923.58 and 3923.581 of the Revised Code, have caused the market-wide average medical loss ratio for coverage sold to individual insureds and nonemployer group insureds in this
state, including open enrollment insureds, to increase and, if so, by how many percentage points.

Sec. 3923.66. (A) As used in sections 3923.66 to 3923.70 of the Revised Code:

(1) "Clinical peer" and "physician" have the same meanings as in section 1751.77 of the Revised Code.

(2) "Authorized person" means a parent, guardian, or other person authorized to act on behalf of an insured with respect to health care decisions.

(B) Sections 3923.66 to 3923.70 of the Revised Code do not apply to any individual or group policy of sickness and accident insurance covering only accident, credit, dental, disability income, long-term care, hospital indemnity, medicare supplement, medicare, tricare, specified disease, or vision care; coverage issued as a supplement to liability insurance; insurance arising out of workers' compensation or similar law; automobile medical payment insurance; or insurance under which benefits are payable with or without regard to fault and which is statutorily required to be contained in any liability insurance policy or equivalent self-insurance.

(C) The superintendent of insurance shall establish and maintain a system for receiving and reviewing requests for review from insureds who have been denied coverage of a health care service on the grounds that the service is not a service covered under the terms of the insured's policy or certificate.

On receipt of a written request from an insured or authorized person, the superintendent shall consider whether the health care service is a service covered under the terms of the insured's policy or certificate, except that the superintendent shall not conduct a review under this section unless the insured has exhausted the insurer's internal review process. The insurer and the insured or authorized person shall provide the superintendent with any information required by the superintendent that is in their possession and is germane to the review.

Unless the superintendent is not able to do so because making the determination requires resolution of a medical issue, the superintendent shall determine whether the health care service at issue is a service covered under the terms of the insured's policy or certificate. The superintendent shall notify the insured, or authorized person, and the insurer of its determination or that it is not able to make a determination because the determination requires the resolution of a medical issue.

If the superintendent notifies the insurer that making the determination requires the resolution of a medical issue, the insurer shall affor...
an opportunity for initiate an external review under section 3923.67 or 3923.68 of the Revised Code. If the superintendent notifies the insurer that the health care service is not a covered service, the insurer is not required to cover the service or afford the insured an external review.

Sec. 3923.67. (A) Except as provided in divisions (B) and (C) of this section, an insurer shall afford an insured an opportunity for an external review of a coverage denial when requested by the insured or authorized person, if both of the following are the case:

1) The insurer has denied, reduced, or terminated coverage for what would be a covered health care service except that the insurer has determined that the health care service is not medically necessary.

2) Except in the case of expedited review, the proposed service, plus any ancillary services and follow-up care, will cost the insured more than five hundred dollars if the proposed service is not covered by the insurer.

External review shall be conducted in accordance with this section, except that if an insured with a terminal condition meets all of the criteria of division (A) of section 3923.68 of the Revised Code, an external review shall be conducted under that section.

(B) An insured need not be afforded a review under this section in any of the following circumstances:

1) The superintendent of insurance has determined under section 3923.66 of the Revised Code that the health care service is not a service covered under the terms of the insured's policy or certificate.

2) The insured has failed to exhaust the insurer's internal review process.

3) The insured has previously afforded an external review for the same denial of coverage, and no new clinical information has been submitted to the insurer.

(C) (1) An insurer may deny a request from an insured for an external review of an adverse decision from the insurer's internal appeal process if it is requested later than sixty one hundred eighty days after receipt by the insured of notice from the superintendent of insurance under section 3923.66 of the Revised Code that making a determination requires the resolution of a medical issue from the insurer of the adverse decision. An external review may be requested by the insured, an authorized person, the insured's provider, or a health care facility rendering health care service to the insured. The insured may request a review without the approval of the provider or the health care facility rendering the health care service. The provider or health care facility may not request a review without the prior consent of the insured.
(2) An external review must be requested in writing, except that if the insured has a condition that requires expedited review, the review may be requested orally or by electronic means. When an oral or electronic request for review is made, written confirmation of the request must be submitted to the insurer not later than five days after the request is made.

Except in the case of an expedited review, a request for an external review must be accompanied by written certification from the insured's provider or the health care facility rendering the health care service to the insured that the proposed service, plus any ancillary services and follow-up care, will cost the insured more than five hundred dollars if the proposed service is not covered by the insurer.

(3) For an expedited review, the insured's provider must certify that the insured's condition could, in the absence of immediate medical attention, result in any of the following:

(a) Placing the health of the insured or, with respect to a pregnant woman, the health of the insured or the unborn child, in serious jeopardy;
(b) Serious impairment to bodily functions;
(c) Serious dysfunction of any bodily organ or part.

(D) The procedures used in conducting an external review shall include all of the following:

(1) The review shall be conducted by an independent review organization assigned by the superintendent of insurance under section 3901.80 of the Revised Code.

(2) Except as provided in divisions (D)(3) and (4) of this section, neither the clinical peer nor any health care facility with which the clinical peer is affiliated shall have any professional, familial, or financial affiliation with any of the following:

(a) The insurer or any officer, director, or managerial employee of the insurer;
(b) The insured, the insured's provider, or the practice group of the insured's provider;
(c) The health care facility at which the health care service requested by the insured would be provided;
(d) The development or manufacture of the principal drug, device, procedure, or therapy proposed for the insured.

(3) Division (D)(2) of this section does not prohibit a clinical peer from conducting a review under any of the following circumstances:

(a) The clinical peer is affiliated with an academic medical center that provides health care services to insureds of the insurer.
(b) The clinical peer has staff privileges at a health care facility that
provides health care services to insureds of the insurer.

(c) The clinical peer has a contractual relationship with the insurer but
was not involved with the insurer's coverage decision.

(4) Division (D)(2) of this section does not prohibit the insurer from
paying the independent review organization for the conduct of the review.

(5) An insured shall not be required to pay for any part of the cost of the
review. The cost of the review shall be borne by the insurer.

(6)(a) The insurer shall provide to the independent review organization
conducting the review a copy of those records in its possession that are
relevant to the insured's medical condition and the review.

Records shall be used solely for the purpose of this division. At the
request of the independent review organization, the insurer, insured,
provider, or health care facility rendering health care services to the insured
shall provide any additional information the independent review
organization requests to complete the review. A request for additional
information may be made in writing, orally, or by electronic means. The
independent review organization shall submit the request to the insured and
insurer. If a request is submitted orally or by electronic means to an insured
or insurer, not later than five days after the request is submitted, the
independent review organization shall provide written confirmation of the
request. If the review was initiated by a provider or health care facility, a
copy of the request shall be submitted to the provider or health care facility.

(b) An independent review organization is not required to make a
decision if it has not received any requested information that it considers
necessary to complete a review. An independent review organization that
does not make a decision for this reason shall notify the insured and the
insurer that a decision is not being made. The notice may be made in
writing, orally, or by electronic means. An oral or electronic notice shall be
confirmed in writing not later than five days after the oral or electronic
notice is made. If the review was initiated by a provider or health care
facility, a copy of the notice shall be submitted to the provider or health care
facility.

(7) The insurer may elect to cover the service requested and terminate
the review. The insurer shall notify the insured and all other parties involved
with the decision by mail, or with the consent or approval of the insured, by
electronic means.

(8) In making its decision, an independent review organization
conducting the review shall take into account all of the following:

(a) Information submitted by the insurer, the insured, the insured's
provider, and the health care facility rendering the health care service,
including the following:

(i) The insured's medical records;
(ii) The standards, criteria, and clinical rationale used by the insurer to make its decision.

(b) Findings, studies, research, and other relevant documents of government agencies and nationally recognized organizations, including the national institutes of health or any board recognized by the national institutes of health, the national cancer institute, the national academy of sciences, the United States food and drug administration, the health care financing administration of the United States department of health and human services, and the agency for health care policy and research;

(c) Relevant findings in peer-reviewed medical or scientific literature, published opinions of nationally recognized medical experts, and clinical guidelines adopted by relevant national medical societies.

(E) The independent review organization shall base its decision on the information submitted under division (D)(8) of this section. In making its decision, the independent review organization shall consider safety, efficacy, appropriateness, and cost-effectiveness.

(F) The insurer shall provide any coverage determined by the independent review organization's decision to be medically necessary, subject to the other terms, limitations, and conditions of the insured's policy or certificate.

Sec. 3923.68. (A) Each insurer shall establish a reasonable external, independent review process to examine the insurer's coverage decisions for insureds who meet all of the following criteria:

1. The insured has a terminal condition that, according to the current diagnosis of the insured's physician, has a high probability of causing death within two years.
(2) The insured requests a review not later than sixty-one hundred eighty days after receipt by the insured of notice from the superintendent of insurance under section 3923.66 of the Revised Code that making a determination requires resolution of a medical issue insurer of the adverse decision.

(3) The insured's physician certifies that the insured has the condition described in division (A)(1) of this section and any of the following situations are applicable:

(a) Standard therapies have not been effective in improving the condition of the insured.
(b) Standard therapies are not medically appropriate for the insured.
(c) There is no standard therapy covered by the insurer that is more beneficial than therapy described in division (A)(4) of this section.

(4) The insured's physician has recommended a drug, device, procedure, or other therapy that the physician certifies, in writing, is likely to be more beneficial to the insured, in the physician's opinion, than standard therapies, or the insured has requested a therapy that has been found in a preponderance of peer-reviewed published studies to be associated with effective clinical outcomes for the same condition.

(5) The insured has been denied coverage by the insurer for a drug, device, procedure, or other therapy recommended or requested pursuant to division (A)(4) of this section, and has exhausted the insurer's internal review process.

(6) The drug, device, procedure, or other therapy, for which coverage has been denied, would be a covered health care service except for the insurer's determination that the drug, device, procedure, or other therapy is experimental or investigational.

(B) A review shall be requested in writing, except that if the insured's physician determines that a therapy would be significantly less effective if not promptly initiated, the review may be requested orally or by electronic means. When an oral or electronic request for review is made, written confirmation of the request shall be submitted to the insurer not later than five days after the oral or written request is submitted.

(C) The external, independent review process established by an insurer shall meet all of the following criteria:

(1) Except as provided in division (E) of this section, the process shall afford all insureds who meet the criteria set forth in division (A) of this section the opportunity to have the insurer's decision to deny coverage of the recommended or requested therapy reviewed under the process. Each eligible insured shall be notified of that opportunity within thirty business
days after the insurer denies coverage.

(2) The review shall be conducted by an independent review organization assigned by the superintendent of insurance under section 3901.80 of the Revised Code.

The independent review organization shall select a panel to conduct the review, which panel shall be composed of at least three physicians or other providers who, through clinical experience in the past three years, are experts in the treatment of the insured's medical condition and knowledgeable about the recommended or requested therapy.

In either of the following circumstances, an exception may be made to the requirement that the review be conducted by an expert panel composed of a minimum of three physicians or other providers:

(a) A review may be conducted by an expert panel composed of only two physicians or other providers if an insured has consented in writing to a review by the smaller panel.

(b) A review may be conducted by a single expert physician or other provider if only the expert physician or other provider is available for the review.

(3) Neither the insurer nor the insured shall choose, or control the choice of, the physician or other provider experts.

(4) The selected experts, any health care facility with which an expert is affiliated, and the independent review organization arranging for the experts' review shall not have any professional, familial, or financial affiliation with any of the following:

(a) The insurer or any officer, director, or managerial employee of the insurer;

(b) The insured, the insured's physician, or the practice group of the insured's physician;

(c) The health care facility at which the recommended or requested therapy would be provided;

(d) The development or manufacture of the principal drug, device, procedure, or therapy involved in the recommended or requested therapy.

However, experts affiliated with academic medical centers who provide health care services to insureds of the insurer may serve as experts on the review panel. Further, experts with staff privileges at a health care facility that provides health care services to insureds of the insurer, as well as experts who have a contractual relationship with the insurer, but who were not involved with the insurer's denial of coverage for the therapy under review, may serve as experts on the review panel. These nonaffiliation provisions do not preclude an insurer from paying for the experts' review, as
specified in division (C)(5) of this section.

(5) Insureds shall not be required to pay for any part of the cost of the review. The cost of the review shall be borne by the insurer.

(6) The insurer shall provide to the independent review organization arranging for the experts' review a copy of those records in the insurer's possession that are relevant to the insured's medical condition and the review. The records shall be disclosed solely to the expert reviewers and shall be used solely for the purpose of this section. At the request of the expert reviewers, the insurer or the physician requesting the therapy shall provide any additional information that the expert reviewers request to complete the review. An expert reviewer is not required to render an opinion if the reviewer has not received any requested information that the reviewer considers necessary to complete the review.

(7)(a) In the case of an expedited review, the independent review organization shall issue a written decision not later than seven days after the filing of the request for review. In all other cases, the independent review organization shall issue a written decision not later than thirty days after the filing of the request. The independent review organization shall send a copy of its decision to the insurer and the insured. If the insured's provider or the health care facility rendering health care services to the insured requested the review, the independent review organization shall also send a copy of its decision to the insured's provider or the health care facility.

(b) In conducting the review, the experts on the panel shall take into account all of the following:

(i) Information submitted by the insurer, the insured, and the insured's physician, including the insured's medical records and the standards, criteria, and clinical rationale used by the insurer to reach its coverage decision;

(ii) Findings, studies, research, and other relevant documents of government agencies and nationally recognized organizations;

(iii) Relevant findings in peer-reviewed medical or scientific literature and published opinions of nationally recognized medical experts;

(iv) Clinical guidelines adopted by relevant national medical societies;

(v) Safety, efficacy, appropriateness, and cost effectiveness.

(8) Each expert on the panel shall provide the independent review organization with a professional opinion as to whether there is sufficient evidence to demonstrate that the recommended or requested therapy is likely to be more beneficial to the insured than standard therapies.

(9) Each expert's opinion shall be presented in written form and shall include the following information:

(a) A description of the insured's condition;
(b) A description of the indicators relevant to determining whether there is sufficient evidence to demonstrate that the recommended or requested therapy is more likely than not to be more beneficial to the insured than standard therapies;

(c) A description and analysis of any relevant findings published in peer-reviewed medical or scientific literature or the published opinions of medical experts or specialty societies;

(d) A description of the insured's suitability to receive the recommended or requested therapy according to a treatment protocol in a clinical trial, if applicable.

(10) The independent review organization shall provide the insurer with the opinions of the experts. The insurer shall make the experts' opinions available to the insured and the insured's physician, upon request.

(11) The opinion of the majority of the experts on the panel, rendered pursuant to division (C)(8) of this section, is binding on the insurer with respect to that insured. If the opinions of the experts on the panel are evenly divided as to whether the therapy should be covered, the insurer's final decision shall be in favor of coverage. If less than a majority of the experts on the panel recommend coverage of the therapy, the insurer may, in its discretion, cover the therapy. However, any coverage provided pursuant to division (C)(11) of this section is subject to the terms, limitations, and conditions of the insured's policy or certificate with the insurer.

(12) The insurer shall have written policies describing the external, independent review process.

(D) If an insurer's initial denial of coverage for a therapy recommended or requested pursuant to division (A)(3) of this section is based upon an external, independent review of that therapy meeting the requirements of division (C) of this section, this section shall not be a basis for requiring a second external, independent review of the recommended or requested therapy.

(E) At any time during the external, independent review process, the insurer may elect to cover the recommended or requested health care service and terminate the review. The insurer shall notify the insured and all other parties involved by mail or, with consent or approval of the insured, by electronic means.

(F) The insurer shall annually file a certificate with the superintendent of insurance certifying its compliance with the requirements of this section.

Sec. 3923.75. (A) As used in sections 3923.75 to 3923.79 of the Revised Code:

(1) "Clinical peer" and "physician" have the same meanings as in
section 1751.77 of the Revised Code.

(2) "Authorized person" means a parent, guardian, or other person authorized to act on behalf of a plan member with respect to health care decisions.

(B) Sections 3923.75 to 3923.79 of the Revised Code do not apply to any public employee benefit plan covering only accident, credit, dental, disability income, long-term care, hospital indemnity, medicare supplement, medicare, tricare, specified disease, or vision care; coverage issued as a supplement to liability insurance; insurance arising out of workers' compensation or similar law; automobile medical payment insurance; or insurance under which benefits are payable with or without regard to fault and which is statutorily required to be contained in any liability insurance policy or equivalent self-insurance.

(C) The superintendent of insurance shall establish and maintain a system for receiving and reviewing requests for review from plan members who have been denied coverage of a health care service on the grounds that the service is not a service covered under the terms of the public employee benefit plan.

On receipt of a written request from a plan member or authorized person, the superintendent shall consider whether the health care service is a service covered under the terms of the plan, except that the superintendent shall not conduct a review under this section unless the plan member has exhausted the plan's internal review process. The plan and the plan member or authorized person shall provide the superintendent with any information required by the superintendent that is in their possession and is germane to the review.

Unless the superintendent is not able to do so because making the determination requires resolution of a medical issue, the superintendent shall determine whether the health care service at issue is a service covered under the terms of the plan. The superintendent shall notify the plan member, or authorized person, and the plan of its determination or that it is not able to make a determination because the determination requires the resolution of a medical issue.

If the superintendent notifies the plan that making the determination requires the resolution of a medical issue, the plan shall afford the plan member an opportunity for external review under section 3923.76 or 3923.77 of the Revised Code. If the superintendent notifies the plan that the health care service is not a covered service, the plan is not required to cover the service or afford the plan member an external review.

Sec. 3923.76. (A) Except as provided in divisions (B) and (C) of this
section, a public employee benefit plan shall afford a plan member an opportunity for an external review of a coverage denial when requested by the plan member or authorized person, if both of the following are the case:

(1) The plan has denied, reduced, or terminated coverage for what would be a covered health care service except that the plan has determined that the health care service is not medically necessary.

(2) Except in the case of expedited review, the proposed service, plus any ancillary services and follow-up care, will cost the plan member more than five hundred dollars if the proposed service is not covered by the plan.

External review shall be conducted in accordance with this section, except that if a plan member with a terminal condition meets all of the criteria of division (A) of section 3923.77 of the Revised Code, an external review shall be conducted under that section.

(B) A plan member need not be afforded a review under this section in any of the following circumstances:

(1) The superintendent of insurance has determined under section 3923.75 of the Revised Code that the health care service is not a service covered under the terms of the plan.

(2) The plan member has failed to exhaust the plan's internal review process.

(3) The plan member has previously been afforded an external review for the same denial of coverage, and no new clinical information has been submitted to the plan.

(C)(1) A plan may deny a request from a plan member for an external review of an adverse decision from the plan's internal appeal process if it is requested later than sixty one hundred eighty days after receipt by the plan member of notice from the superintendent of insurance under section 3923.75 of the Revised Code that making the determination requires the resolution of a medical issue plan of the adverse decision. An external review may be requested by the plan member, an authorized person, the plan member's provider, or a health care facility rendering health care service to the plan member. The plan member may request a review without the approval of the provider or the health care facility rendering the health care service. The provider or health care facility may not request a review without the prior consent of the plan member.

(2) An external review must be requested in writing, except that if the plan member has a condition that requires expedited review, the review may be requested orally or by electronic means. When an oral or electronic request for review is made, written confirmation of the request must be submitted to the plan not later than five days after the request is made.
Except in the case of an expedited review, a request for an external review must be accompanied by written certification from the plan member's provider or the health care facility rendering the health care service to the plan member that the proposed service, plus any ancillary services and follow-up care, will cost the plan member more than five hundred dollars if the proposed service is not covered by the plan.

(3) For an expedited review, the plan member's provider must certify that the plan member's condition could, in the absence of immediate medical attention, result in any of the following:

(a) Placing the health of the plan member or, with respect to a pregnant woman, the health of the plan member or the unborn child, in serious jeopardy;
(b) Serious impairment to bodily functions;
(c) Serious dysfunction of any bodily organ or part.

(D) The procedures used in conducting an external review shall include all of the following:

(1) The review shall be conducted by an independent review organization assigned by the superintendent of insurance under section 3901.80 of the Revised Code.

(2) Except as provided in divisions (D)(3) and (4) of this section, neither the clinical peer nor any health care facility with which the clinical peer is affiliated shall have any professional, familial, or financial affiliation with any of the following:

(a) The plan or any officer, director, or managerial employee of the plan;
(b) The plan member, the plan member's provider, or the practice group of the plan member's provider;
(c) The health care facility at which the health care service requested by the plan member would be provided;
(d) The development or manufacture of the principal drug, device, procedure, or therapy proposed for the plan member.

(3) Division (D)(2) of this section does not prohibit a clinical peer from conducting a review under any of the following circumstances:

(a) The clinical peer is affiliated with an academic medical center that provides health care services to members of the plan.
(b) The clinical peer has staff privileges at a health care facility that provides health care services to members of the plan.
(c) The clinical peer has a contractual relationship with the plan but was not involved with the plan's coverage decision.

(4) Division (D)(2) of this section does not prohibit the plan from
paying the independent review organization for the conduct of the review.

(5) A plan member shall not be required to pay for any part of the cost of the review. The cost of the review shall be borne by the plan.

(6)(a) The plan shall provide to the independent review organization conducting the review a copy of those records in its possession that are relevant to the plan member's medical condition and the review. Records shall be used solely for the purpose of this division. At the request of the independent review organization, the plan, plan member, provider, or health care facility rendering health care services to the plan member shall provide any additional information the independent review organization requests to complete the review. A request for additional information may be made in writing, orally, or by electronic means. The independent review organization shall submit the request to the plan member and the plan. If a request is submitted orally or by electronic means to a plan member or plan, not later than five days after the request is submitted, the independent review organization shall provide written confirmation of the request. If the review was initiated by a provider or health care facility, a copy of the request shall be submitted to the provider or health care facility.

(b) An independent review organization is not required to make a decision if it has not received any requested information that it considers necessary to complete a review. An independent review organization that does not make a decision for this reason shall notify the plan member and the plan that a decision is not being made. The notice may be made in writing, orally, or by electronic means. An oral or electronic notice shall be confirmed in writing not later than five days after the oral or electronic notice is made. If the review was initiated by a provider or health care facility, a copy of the notice shall be submitted to the provider or health care facility.

(7) The plan may elect to cover the service requested and terminate the review. The plan shall notify the plan member and all other parties involved with the decision by mail, or with the consent or approval of the plan member, by electronic means.

(8) In making its decision, an independent review organization conducting the review shall take into account all of the following:

(a) Information submitted by the plan, the plan member, the plan member's provider, and the health care facility rendering the health care service, including the following:

(i) The plan member's medical records;

(ii) The standards, criteria, and clinical rationale used by the plan to
make its decision.
(b) Findings, studies, research, and other relevant documents of
government agencies and nationally recognized organizations, including the
national institutes of health or any board recognized by the national
institutes of health, the national cancer institute, the national academy of
sciences, the United States food and drug administration, the health care
financing administration of the United States department of health and
human services, and the agency for health care policy and research;
(c) Relevant findings in peer-reviewed medical or scientific literature,
published opinions of nationally recognized medical experts, and clinical
guidelines adopted by relevant national medical societies.
(9)(a) In the case of an expedited review, the independent review
organization shall issue a written decision not later than seven days after the
filing of the request for review. In all other cases, the independent review
organization shall issue a written decision not later than thirty days after the
filing of the request. The independent review organization shall send a copy
of its decision to the plan and the plan member. If the plan member's
provider or the health care facility rendering health care services to the plan
member requested the review, the independent review organization shall
also send a copy of its decision to the plan member's provider or the health
care facility.
(b) The independent review organization's decision shall include a
description of the plan member's condition and the principal reasons for the
decision and an explanation of the clinical rationale for the decision.
(E) The independent review organization shall base its decision on the
information submitted under division (D)(8) of this section. In making its
decision, the independent review organization shall consider safety,
efficacy, appropriateness, and cost-effectiveness.
(F) The plan shall provide any coverage determined by the independent
review organization's decision to be medically necessary, subject to the
other terms, limitations, and conditions of the plan.
Sec. 3923.77. (A) Each public employee benefit plan shall establish a
reasonable external review process to examine the plan's coverage decisions
for plan members who meet all of the following criteria:
(1) The plan member has a terminal condition that, according to the
current diagnosis of the plan member's physician, has a high probability of
causing death within two years.
(2) The plan member requests a review not later than sixty one hundred
eighty days after receipt by the plan member of notice from the
superintendent of insurance under section 3923.75 of the Revised Code that
making a determination requires resolution of a medical issue plan of the adverse decision.

(3) The plan member's physician certifies that the plan member has the condition described in division (A)(1) of this section and any of the following situations are applicable:
   (a) Standard therapies have not been effective in improving the condition of the plan member.
   (b) Standard therapies are not medically appropriate for the plan member.
   (c) There is no standard therapy covered by the plan that is more beneficial than therapy described in division (A)(4) of this section.

(4) The plan member's physician has recommended a drug, device, procedure, or other therapy that the physician certifies, in writing, is likely to be more beneficial to the plan member, in the physician's opinion, than standard therapies, or the plan member has requested a therapy that has been found in a preponderance of peer-reviewed published studies to be associated with effective clinical outcomes for the same condition.

(5) The plan member has been denied coverage by the plan for a drug, device, procedure, or other therapy recommended or requested pursuant to division (A)(4) of this section, and has exhausted all internal appeals.

(6) The drug, device, procedure, or other therapy, for which coverage has been denied, would be a covered health care service except for the plan's determination that the drug, device, procedure, or other therapy is experimental or investigational.

(B) A review shall be requested in writing, except that if the plan member's physician determines that a therapy would be significantly less effective if not promptly initiated, the review may be requested orally or by electronic means. When an oral or electronic request for review is made, written confirmation of the request shall be submitted to the plan not later than five days after the oral or written request is submitted. For an expedited review, the plan member's provider must certify that the requested or recommended therapy would be significantly less effective if not promptly initiated.

(C) The external review process established by a plan shall meet all of the following criteria:

(1) Except as provided in division (E) of this section, the process shall afford all plan members who meet the criteria set forth in division (A) of this section the opportunity to have the plan's decision to deny coverage of the recommended or requested therapy reviewed under the process. Each eligible plan member shall be notified of that opportunity within thirty
business days after the plan denies coverage.

(2) The review shall be conducted by an independent review organization assigned by the superintendent of insurance under section 3901.80 of the Revised Code. The independent review organization shall select a panel to conduct the review, which panel shall be composed of at least three physicians or other providers who, through clinical experience in the past three years, are experts in the treatment of the plan member's medical condition and knowledgeable about the recommended or requested therapy. If the independent review organization retained by the plan is an academic medical center, the panel may include experts affiliated with or employed by the academic medical center.

In either of the following circumstances, an exception may be made to the requirement that the review be conducted by an expert panel composed of a minimum of three physicians or other providers:

(a) A review may be conducted by an expert panel composed of only two physicians or other providers if a plan member has consented in writing to a review by the smaller panel.

(b) A review may be conducted by a single expert physician or other provider if only the expert physician or other provider is available for the review.

(3) Neither the plan nor the plan member shall choose, or control the choice of, the physician or other provider experts.

(4) The selected experts, any health care facility with which an expert is affiliated, and the independent review organization arranging for the experts' review shall not have any professional, familial, or financial affiliation with any of the following:

(a) The plan or any officer, director, or managerial employee of the plan;

(b) The plan member, the plan member's physician, or the practice group of the plan member's physician;

(c) The health care facility at which the recommended or requested therapy would be provided;

(d) The development or manufacture of the principal drug, device, procedure, or therapy involved in the recommended or requested therapy. However, experts affiliated with academic medical centers who provide health care services to members of the plan may serve as experts on the review panel. Further, experts with staff privileges at a health care facility that provides health care services to members of the plan, as well as experts who have a contractual relationship with the plan, but who were not involved with the plan's denial of coverage for the therapy under review,
may serve as experts on the review panel. These nonaffiliation provisions do not preclude a plan from paying for the experts' review, as specified in division (C)(5) of this section.

(5) Plan members shall not be required to pay for any part of the cost of the review. The cost of the review shall be borne by the plan.

(6) The plan shall provide to the independent review organization arranging for the experts' review a copy of those records in the plan's possession that are relevant to the plan member's medical condition and the review. The records shall be disclosed solely to the expert reviewers and shall be used solely for the purpose of this section. At the request of the expert reviewers, the plan or the physician requesting the therapy shall provide any additional information that the expert reviewers request to complete the review. An expert reviewer is not required to render an opinion if the reviewer has not received any requested information that the reviewer considers necessary to complete the review.

(7)(a) In the case of an expedited review, the independent review organization shall issue a written decision not later than seven days after the filing of the request for review. In all other cases, the independent review organization shall issue a written decision not later than thirty days after the filing of the request. The independent review organization shall send a copy of its decision to the plan and the plan member. If the plan member's provider or the health care facility rendering health care services to the plan member requested the review, the independent review organization shall also send a copy of its decision to the plan member's provider or the health care facility.

(b) In conducting the review, the experts on the panel shall take into account all of the following:

(i) Information submitted by the plan, the plan member, and the plan member's physician, including the plan member's medical records and the standards, criteria, and clinical rationale used by the plan to reach its coverage decision;

(ii) Findings, studies, research, and other relevant documents of government agencies and nationally recognized organizations;

(iii) Relevant findings in peer-reviewed medical or scientific literature and published opinions of nationally recognized medical experts;

(iv) Clinical guidelines adopted by relevant national medical societies;

(v) Safety, efficacy, appropriateness, and cost-effectiveness.

(8) Each expert on the panel shall provide the independent review organization with a professional opinion as to whether there is sufficient evidence to demonstrate that the recommended or requested therapy is likely
to be more beneficial to the plan member than standard therapies.

(9) Each expert's opinion shall be presented in written form and shall include the following information:

(a) A description of the plan member's condition;

(b) A description of the indicators relevant to determining whether there is sufficient evidence to demonstrate that the recommended or requested therapy is more likely than not to be more beneficial to the plan member than standard therapies;

(c) A description and analysis of any relevant findings published in peer-reviewed medical or scientific literature or the published opinions of medical experts or specialty societies;

(d) A description of the plan member's suitability to receive the recommended or requested therapy according to a treatment protocol in a clinical trial, if applicable.

(10) The independent review organization shall provide the plan with the opinions of the experts. The plan shall make the experts' opinions available to the plan member and the plan member's physician, upon request.

(11) The opinion of the majority of the experts on the panel, rendered pursuant to division (C)(8) of this section, is binding on the plan with respect to that plan member. If the opinions of the experts on the panel are evenly divided as to whether the therapy should be covered, the plan's final decision shall be in favor of coverage. If less than a majority of the experts on the panel recommend coverage of the therapy, the plan may, in its discretion, cover the therapy. However, any coverage provided pursuant to division (C)(11) of this section is subject to the terms, limitations, and conditions of the plan.

(12) The plan shall have written policies describing the external review process.

(D) If a plan's initial denial of coverage for a therapy recommended or requested pursuant to division (A)(3) of this section is based upon an external review of that therapy meeting the requirements of division (C) of this section, this section shall not be a basis for requiring a second external review of the recommended or requested therapy.

(E) At any time during the external review process, the plan may elect to cover the recommended or requested health care service and terminate the review. The plan shall notify the plan member and all other parties involved by mail or, with consent or approval of the plan member, by electronic means.

(F) The plan shall annually file a certificate with the superintendent of
insurance certifying its compliance with the requirements of this section.

Sec. 3923.90. (A) There is hereby created the health care coverage and quality council to advise the governor, general assembly, entities in the public and private sectors, and consumers on strategies to expand affordable health insurance coverage to more individuals and to improve the cost and quality of the state's health insurance system and health care system.

(9) Other members appointed by the superintendent of insurance.

(C) Not later than thirty days after the effective date of this section, initial appointments shall be made to the council. The initial legislative members shall be appointed for terms ending three years from the date of appointment. The initial members appointed by the governor and the superintendent of insurance shall serve staggered terms of one, two, or three years, as selected by the governor or superintendent when making their respective appointments. Thereafter, terms of office for all appointed members shall be three years, with each term ending on the same day of the same month as the term it succeeds. Each member shall hold office from the date of appointment until the end of the term for which the member was appointed, except that a legislative member ceases to be a member of the council on ceasing to be a member of the general assembly. Members may be reappointed.

Vacancies shall be filled in the same manner as original appointments. Any member appointed to fill a vacancy occurring prior to the expiration of the term for which the member's predecessor was appointed shall hold office for the remainder of that term. A member shall continue in office subsequent to the expiration date of the member's term until the member's successor takes office or until a period of sixty days has elapsed, whichever occurs first.

(D) The superintendent or the superintendent's designee shall serve as chairperson of the council. The council shall meet at the call of the chair. A majority of the members of the council constitutes a quorum.

(E) Members shall serve without compensation, except to the extent that serving on the council is considered part of their regular employment duties.

(F) The superintendent may provide staff and other administrative support for the council to carry out its duties. In making staffing decisions, the superintendent may consider any recommendations made by the council.

(G) Sections 101.82 to 101.87 of the Revised Code do not apply to the health care coverage and quality council.

Sec. 3923.91. (A) The health care coverage and quality council shall do all of the following:

(1) Advise the governor and general assembly on strategies to improve health care programs and health insurance policies and benefit plans;

(4) Study health care financing alternatives that will increase access to health insurance coverage, promote disease prevention and injury prevention, contain costs, and improve quality;

(5) Evaluate the systems that individuals use to obtain or otherwise become connected with health insurance and recommend improvements to those systems or the use of alternative systems;

(6) Recommend minimum coverage standards for basic and standard health insurance plans offered by insurance carriers;

(9) Study alternative care management options for medicaid recipients who are not required to participate in the care management system established under section 5111.16 of the Revised Code;

(10) Perform any other duties specified in rules adopted by the superintendent of insurance.

(B) The council shall prepare and issue an annual report, which may include recommendations, on or before the thirty-first day of December of each year. The council may prepare and issue other reports and recommendations at other times that the council finds appropriate.

(C) The superintendent may adopt rules as necessary for the council to carry out its duties. The rules shall be adopted under Chapter 119. of the Revised Code. In adopting the rules, the superintendent may consider any recommendations made by the council.

Sec. 3924.06. (A) Compliance with the underwriting and rating requirements contained in sections 3924.01 to 3924.14 of the Revised Code shall be demonstrated through actuarial certification. Carriers offering health benefit plans to small employers shall file annually with the superintendent of insurance an actuarial certification stating that the underwriting and rating methods of the carrier do all of the following:
(1) Comply with accepted actuarial practices;
(2) Are uniformly applied to health benefit plans covering small employers;
(3) Comply with the applicable provisions of sections 3924.01 to 3924.14 of the Revised Code.

(B) If a carrier has established a separate class of business for one or more small employer health care alliances in accordance with section 1731.09 of the Revised Code, this section shall apply in accordance with section 1731.09 of the Revised Code.

(C) Carriers offering health benefit plans to small employers shall file premium rates with the superintendent in accordance with section 3923.02 of the Revised Code with respect to the carrier's sickness and accident insurance policies sold to small employers and in accordance with section 1751.12 of the Revised Code with respect to the carrier's health insuring corporation policies sold to small employers.

Sec. 3929.43. (A) The Ohio fair plan underwriting association is hereby created consisting of all insurers authorized to write within this state, on a direct basis, basic property insurance or any component thereof in multi-peril policies, to assist applicants in urban areas to secure basic property insurance or homeowners insurance, and to formulate and administer a program for the equitable apportionment of basic property insurance or homeowners insurance which cannot be obtained in the normal market. Every such insurer shall be a member of the association and shall remain a member as a condition of its authority to write any of such insurance in this state.

(B) The association, pursuant to sections 3929.41 to 3929.49 of the Revised Code, and the plan of operation, with respect to basic property insurance or homeowners insurance, may assume and cede reinsurance on insurable risks written by its members.

(C) The board of governors of the association shall submit to the superintendent of insurance, for his approval, a proposed plan of operation which shall provide for economical, fair, and nondiscriminatory administration of a program for the equitable apportionment among members of basic property insurance or homeowners insurance which may be afforded in urban areas to applicants whose property is insurable in accordance with reasonable underwriting standards, but who are unable to procure such insurance through normal channels. The association is under no obligation to issue basic property insurance or homeowners insurance to any person, unless that person and his property would be insurable in the normal insurance market, and such property, except for its
location, would constitute an insurable risk in accordance with reasonable underwriting standards. The plan of operation shall provide that the association, in determining whether the property is insurable, shall give no consideration to the condition of surrounding property or properties, where such condition is not within the control of the applicant. Rates for basic property insurance and homeowners insurance shall not exceed those rates filed with the approval of the superintendent by the major rating organization in this state, except that in the case of homeowners insurance the association may file deviations to the rating plan previously filed by such rating organization, and such deviations shall be subject to the approval of the superintendent in the same manner as other deviations under Chapter 3935. of the Revised Code. The plan of operation may also provide for assessment of all members in amounts sufficient to operate the association, maximum limits of liability per location to be placed through the program, reasonable underwriting standards for determining insurability of a risk, and the commission to be paid to the licensed producer designated by the applicant. The superintendent shall adopt such plan and all amendments thereto pursuant to Chapter 119. of the Revised Code.

If the superintendent disapproves the proposed plan of operation, the board of governors shall, within fifteen days, submit for approval an appropriately revised plan of operation and if the board of governors fails to do so, or if the revised plan submitted is unacceptable, the superintendent shall promulgate a plan of operation.

If amendment of the plan of operation is requested by the superintendent or the board of governors, the board of governors shall submit to the superintendent, for his approval, such amendments. If such amendments are not approved by the superintendent, the board of governors shall, within fifteen days, submit for approval an appropriately revised amendment. If the board of governors fails to do so, or if the amendment is not approved by the superintendent, the superintendent shall promulgate such amendment as he finds necessary.

(D)(1) The plan of operation may provide for periodic advance assessments against member insurers in amounts considered necessary to cover any deficit or projected deficit arising out of the operation of the association. Any provision in the plan for implementation of such advance assessments shall be approved by the superintendent. Any such provision in the plan shall also provide for quarterly or other periodic installment payment of such assessments.

(2) Such plan shall provide a method whereby member insurers may recoup assessments levied by the association. In order to recoup such
assessments the plan may also provide for the calculation and use of rates or rating factors to be applied to direct premiums for basic property insurance and homeowners insurance located in this state. Such a provision is subject to the approval of the superintendent. Member insurers of the association implementing a change in rates pursuant to this section shall file such changes with the superintendent. Such changes shall not increase rates more than the amount authorized by the association and approved by the superintendent pursuant to the plan. The association may consult with member insurers or licensed rating bureaus in connection with the establishment and operation of any such provision.

(E) Any insurer which is a member of the association shall participate in the writings, expenses, profits, and losses of the association in the proportion that its premiums written bear to the aggregate premiums written by all members of the association, except that this division shall not be construed to preclude the board of governors from taking action to adjust assessments in accordance with a program adopted pursuant to division (I) of this section.

(F) Such plan shall require the issuance of a binder providing coverage for which the applicant tenders an amount equal to the annual premium as estimated by the association, such or an appropriate percentage of that annual premium as determined by the association. The binder taking shall take effect fifteen days following the date of the day after the association receives the application, provided that the application meets the underwriting standards of the association, for such term, and under such conditions as are determined by the superintendent of insurance. The superintendent may alter such time requirement on a specific risk under such conditions as he the superintendent finds appropriate.

(G) The association shall be governed by a board of governors consisting of twelve members, four of whom shall be appointed by the governor with the advice and consent of the senate. One of such members shall be a licensed agent writing basic property insurance for more than one insurer. None of the other three such members shall be a director, officer, salaried employee, agent, or substantial shareholder of any insurance company and not more than two of these three members shall be members of the same political party. Terms of office of members appointed by the governor shall be for two years, commencing on the nineteenth day of September and ending on the eighteenth day of September. Each member shall hold office from the date of his appointment until the end of the term for which he the member was appointed. Any member appointed to fill a vacancy occurring prior to the expiration of the term for which he the
member's predecessor was appointed shall hold office for the remainder of such term. Any appointed member shall continue in office subsequent to the expiration date of his the member's term until his the member's successor takes office, or until a period of sixty days has elapsed, whichever occurs first. The remaining eight members shall be representatives from member companies, at least five of whom shall be Ohio domiciled members, elected annually by accumulated voting by members of the association whose votes shall be weighed in accordance with each member's premiums written during the second preceding calendar year. Not more than one insurer in a group under the same management or ownership shall serve on the board of governors at the same time. The eight representatives of member companies shall be elected at a meeting of the members or their authorized representatives, which shall be held at a time and place designated by the superintendent.

(H) The plan shall be administered under the supervision of the superintendent.

(I) The board of governors shall adopt a written program for decreasing the overall utilization of the association as a source of insurance. The program shall set forth actions that the board shall take to decrease such utilization, including actions intended to reduce the number of policies issued, the number of persons whose properties are insured, and the total amount and kinds of insurance written by the association, provided this division does not authorize the board to take action intended to decrease utilization of the association as a source of insurance if such action would substantially conflict with the purposes set forth in divisions (A), (B), and (D) of section 3929.41 of the Revised Code or the plan of operation of the association.

The application permit fee shall be fifty one hundred dollars.

(C) The superintendent of industrial compliance labor shall require annual registration of all contractors who install, make major repairs to, or modify any boiler. The board of building standards shall establish a reasonable fee to cover the cost of processing registrations.

Sec. 4104.12. All boilers, except boilers mentioned in section 4104.04 of the Revised Code, shall be inspected when installed and shall not be operated until an appropriate certificate of operation has been issued by the superintendent of industrial compliance labor. The certificate of operation required by this section shall not be issued for any boiler which has not been thoroughly inspected during construction and upon completion, by either a general or special inspector, and which does not conform in every detail with the rules adopted by the board of building standards and unless, upon completion, such boiler is distinctly stamped under such rules by such inspector.

Sec. 4104.15. (A) All certificates of inspection for boilers, issued prior to October 15, 1965, are valid and effective for the period set forth in such certificates unless sooner withdrawn by the superintendent of industrial compliance labor. The owner or user of any such boiler shall obtain an appropriate certificate of operation for such boiler, and shall not operate such boiler, or permit it to be operated unless a certificate of operation has been obtained in accordance with section 4104.17 of the Revised Code.

(B) If, upon making the internal and external inspection required under sections 4104.11, 4104.12, and 4104.13 of the Revised Code, the inspector finds the boiler to be in safe working order, with the fittings necessary to safety, and properly set up, upon the inspector's report to the superintendent, the superintendent shall issue to the owner or user thereof, or renew, upon application and upon compliance with sections 4104.17 and 4104.18 of the
Revised Code, a certificate of operation which shall state the maximum pressure at which the boiler may be operated, as ascertained by the rules of the board of building standards. Such certificates shall also state the name of the owner or user, the location, size, and number of each boiler, and the date of issuance, and shall be so placed as to be easily read in the engine room or boiler room of the plant where the boiler is located, except that the certificate of operation for a portable boiler shall be kept on the premises and shall be accessible at all times.

(C) If an inspector at any inspection finds that the boiler or pressure vessel is not in safe working condition, or is not provided with the fittings necessary to safety, or if the fittings are improperly arranged, the inspector shall immediately notify the owner or user and person in charge of the boiler and shall report the same to the superintendent who may revoke, suspend, or deny the certificate of operation and not renew the same until the boiler or pressure vessel and its fittings are put in condition to insure safety of operation, and the owner or user shall not operate the boiler or pressure vessel, or permit it to be operated until such certificate has been granted or restored.

(D) If the superintendent or a general boiler inspector finds that a pressure vessel or boiler or a part thereof poses an explosion hazard that reasonably can be regarded as posing an imminent danger of death or serious physical harm to persons, the superintendent or the general boiler inspector shall seal the pressure vessel or boiler and order, in writing, the operator or owner of the pressure vessel or boiler to immediately cease the pressure vessel's or boiler's operation. The order shall be effective until the nonconformities are eliminated, corrected, or otherwise remedied, or for a period of seventy-two hours from the time of issuance, whichever occurs first. During the seventy-two-hour period, the superintendent may request that the prosecuting attorney or city attorney of Franklin county or of the county in which the pressure vessel or boiler is located obtain an injunction restraining the operator or owner of the pressure vessel or boiler from continuing its operation after the seventy-two-hour period expires until the nonconformities are eliminated, corrected, or otherwise remedied.

(E) Each boiler which has been inspected shall be assigned a number by the superintendent, which number shall be stamped on a nonferrous metal tag affixed to the boiler or its fittings by seal or otherwise. No person except an inspector shall deface or remove any such number or tag.

(F) If the owner or user of any pressure vessel or boiler disagrees with the inspector as to the necessity for shutting down a pressure vessel or boiler or for making repairs or alterations in it, or taking any other measures for
safety that are requested by an inspector, the owner or user may appeal from
the decision of the inspector to the superintendent, who may, after such
other inspection by a general inspector or special inspector as the
superintendent deems necessary, decide the issue.

(G) Neither sections 4104.01 to 4104.20 of the Revised Code, nor an
inspection or report by any inspector, shall relieve the owner or user of a
pressure vessel or boiler of the duty of using due care in the inspection,
operation, and repair of the pressure vessel or boiler or of any liability for
damages for failure to inspect, repair, or operate the pressure vessel or boiler
safely.

Sec. 4104.16. The owner or user of any boiler required by sections
4104.01 to 4104.20 of the Revised Code, to be inspected, shall immediately
notify the superintendent of the division of industrial compliance labor in
case a defect affecting the safety of the boiler is discovered.

be inspected, who moves the same, shall report to the superintendent the
new location of the boiler. Such boiler shall be inspected before it is again
operated.

Sec. 4104.17. Certificates of operation issued for boilers subject to
inspection under Chapter 4104. of the Revised Code shall be issued and
renewed in accordance with and at dates prescribed by rules and regulations
adopted by the superintendent of industrial compliance labor.

Sec. 4104.18. (A) The owner or user of a boiler required under section
4104.12 of the Revised Code to be inspected upon installation, and the
owner or user of a boiler for which a certificate of inspection has been
issued which is replaced with an appropriate certificate of operation, shall
pay to the superintendent of industrial compliance labor a fee in the amount
of forty-five dollars for boilers subject to annual inspections under
section 4104.11 of the Revised Code, ninety-one hundred dollars for boilers
subject to biennial inspection under section 4104.13 of the Revised Code,

of the Revised Code.

A renewal fee in the amount of forty-five dollars shall be paid to the
treasurer of state before the renewal of any certificate of operation.

(B) The fee for complete inspection during construction by a general
inspector on boilers and pressure vessels manufactured within the state shall
be thirty-five dollars per hour. Boiler and pressure vessel manufacturers
other than those located in the state may secure inspection by a general
inspector on work during construction, upon application to the superintendent, and upon payment of a fee of thirty-five dollars per hour, plus the necessary traveling and hotel expenses incurred by the inspector.  

(C) The application fee for applicants for steam engineer, high pressure boiler operator, or low pressure boiler operator licenses is fifty seventy-five dollars. The fee for each original or renewal steam engineer, high pressure boiler operator, or low pressure boiler operator license is thirty-five fifty dollars.  

(D) The director of commerce, subject to the approval of the controlling board, may establish fees in excess of the fees provided in divisions (A), (B), and (C) of this section. Any moneys collected under this section shall be paid into the state treasury to the credit of the industrial compliance labor operating fund created in section 121.084 of the Revised Code.  

(E) Any person who fails to pay an invoiced renewal fee or an invoiced inspection fee required for any inspection conducted by the division of industrial compliance labor pursuant to this chapter within forty-five days of the invoice date shall pay a late payment fee equal to twenty-five per cent of the invoiced fee.  

(F) In addition to the fees assessed in divisions (A) and (B) of this section, the board of building standards shall assess the owner or user a fee of three dollars and twenty-five cents for each certificate of operation or renewal thereof issued under division (A) of this section and for each inspection conducted under division (B) of this section. Sec. 4105.09. The owner or user of any elevator shall register, with the division of industrial compliance labor, every elevator operated by him the owner or user, giving the type, capacity, and description, name of manufacturer, and purpose for which each is used. (5) Nothing said or done during informal methods of conference, conciliation, and persuasion under this section shall be disclosed by any member of the commission or its staff or be used as evidence in any subsequent hearing or other proceeding. If, after a preliminary investigation and the use of informal methods of conference, conciliation, and persuasion under this section, the commission is satisfied that any unlawful discriminatory practice will be eliminated, it may treat the charge involved as being conciliated and enter that disposition on the records of the commission. If the commission fails to effect the elimination of an unlawful discriminatory practice by informal methods of conference, conciliation, and persuasion under this section and to obtain voluntary compliance with this chapter, the commission shall issue and cause to be served upon any person, including the respondent against whom a complainant has filed a charge pursuant to division (B)(1) of this section, a complaint stating the charges...

(8) Adopt, amend, and rescind rules and procedures and exercise other powers appropriate to carry out this chapter. Before the adoption, amendment, or rescission of rules and procedures under this section, the state employment relations board shall do all of the following:

(a) Maintain a list of interested public employers and employee organizations and mail notice to such groups of any proposed rule or procedure, amendment thereto, or rescission thereof at least thirty days before any public hearing thereon;

(b) Mail a copy of each proposed rule or procedure, amendment thereto, or rescission thereof to any person who requests a copy within five days after receipt of the request therefor;

(c) Consult with appropriate statewide organizations representing public employers or employees who would be affected by the proposed rule or procedure.

Although the state employment relations board is expected to discharge these duties diligently, failure to mail any notice or copy, or to so consult with any person, is not jurisdictional and shall not be construed to invalidate any proceeding or action of the state employment relations board.

(L) In case of neglect or refusal to obey a subpoena issued to any person, the court of common pleas of the county in which the investigation or the public hearing occurs, upon application by the state employment relations board, may issue an order requiring the person to appear before the state employment relations board and give testimony about the matter under investigation. The court may punish a failure to obey the order as contempt.

(M) Any subpoena, notice of hearing, or other process or notice of the state employment relations board issued under this section may be served personally, by certified mail, or by leaving a copy at the principal office or personal residence of the respondent required to be served. A return, made and verified by the individual making the service and setting forth the
manner of service, is proof of service, and a return post office receipt, when
certified mail is used, is proof of service. All process in any court to which
application is made under this chapter may be served in the county wherein
the persons required to be served reside or are found.

(N) All expenses of the state employment relations board, including all
necessary traveling and subsistence expenses incurred by the members or
employees of the state employment relations board under its orders, shall be
paid pursuant to itemized vouchers approved by the chairperson of the state
employment relations board, the executive director, or both, or such other
person as the chairperson designates for that purpose.

(O) Whenever the state employment relations board determines that a
substantial controversy exists with respect to the application or
interpretation of this chapter and the matter is of public or great general
interest, the state employment relations board shall certify its final order
directly to the court of appeals having jurisdiction over the area in which the
principal office of the public employer directly affected by the application or
interpretation is located. The chairperson shall file with the clerk of the court
a certified copy of the transcript of the proceedings before the state
employment relations board pertaining to the final order. If upon hearing
and consideration the court decides that the final order of the state
employment relations board is unlawful or is not supported by substantial
evidence on the record as a whole, the court shall reverse and vacate the
final order or modify it and enter final judgment in accordance with the
modification; otherwise, the court shall affirm the final order. The notice of
the final order of the state employment relations board to the interested
parties shall contain a certification by the chairperson of the state
employment relations board that the final order is of public or great general
interest and that a certified transcript of the record of the proceedings before
the state employment relations board had been filed with the clerk of the
court as an appeal to the court. For the purposes of this division, the state
employment relations board has standing to bring its final order properly
before the court of appeals.

(P) Except as otherwise specifically provided in this section, the state
employment relations board is subject to Chapter 119. of the Revised Code,
including the procedure for submission of proposed rules to the general
assembly for legislative review under division (H) of section 119.03 of the
Revised Code.

Sec. 4117.07. (A) When a petition is filed, in accordance with rules
prescribed by the state employment relations board:

(1) By any employee or group of employees, or any individual or
employee organization acting in their behalf, alleging that at least thirty per cent of the employees in an appropriate unit wish to be represented for collective bargaining by an exclusive representative, or asserting that the designated exclusive representative is no longer the representative of the majority of employees in the unit, the board shall investigate the petition, and if it has reasonable cause to believe that a question of representation exists, provide for an appropriate hearing upon due notice to the parties;

(2) By the employer alleging that one or more employee organizations has presented to it a claim to be recognized as the exclusive representative in an appropriate unit, the board shall investigate the petition, and if it has reasonable cause to believe that a question of representation exists, provide for an appropriate hearing upon due notice to the parties.

If the board finds upon the record of a hearing that a question of representation exists, it shall direct an election and certify the results thereof. No one may vote in an election by mail or proxy. The board may also certify an employee organization as an exclusive representative if it determines that a free and untrammelled election cannot be conducted because of the employer's unfair labor practices and that at one time the employee organization had the support of the majority of the employees in the unit.

(B) Only the names of those employee organizations designated by more than ten per cent of the employees in the unit found to be appropriate may be placed on the ballot. Nothing in this section shall be construed to prohibit the waiving of hearings by stipulation, in conformity with the rules of the board, for the purpose of a consent election.

(C) The board shall conduct representation elections by secret ballot cast, at the board's discretion, by mail or electronically or in person, and at times and places selected by the board subject to the following:

(1) The board shall give no less than ten days' notice of the time and place of an election;

(2) The board shall establish rules concerning the conduct of any election including, but not limited to, rules to guarantee the secrecy of the ballot;

(3) The board may not certify a representative unless the representative receives a majority of the valid ballots cast;

(4) Except as provided in this section, the board shall include on the ballot a choice of "no representative";

(5) In an election where none of the choices on the ballot receives a majority, the board shall conduct a runoff election. In that case, the ballot shall provide for a selection between the two choices or parties receiving the highest and the second highest number of ballots cast in the election.
(6) The board may not conduct an election under this section in any appropriate bargaining unit within which a board-conducted election was held in the preceding twelve-month period, nor during the term of any lawful collective bargaining agreement between a public employer and an exclusive representative.

Petitions for elections may be filed with the board no sooner than one hundred twenty days or later than ninety days before the expiration date of any collective bargaining agreement, or after the expiration date, until the public employer and exclusive representative enter into a new written agreement.

For the purposes of this section, extensions of agreements do not affect the expiration date of the original agreement.

Sec. 4117.12. (A) Whoever violates section 4117.11 of the Revised Code is guilty of an unfair labor practice remediable by the state employment relations board as specified in this section.

(B) When anyone files a charge with the board alleging that an unfair labor practice has been committed, the board or its designated agent shall investigate the charge. If the board has probable cause for believing that a violation has occurred, the board shall issue a complaint and shall conduct a hearing concerning the charge. The board shall cause the complaint to be served upon the charged party which shall contain a notice of the time at which the hearing on the complaint will be held either before the board, a board member, or a hearing officer an administrative law judge. The board may not issue a notice of hearing based upon any unfair labor practice occurring more than ninety days prior to the filing of the charge with the board, unless the person aggrieved thereby is prevented from filing the charge by reason of service in the armed forces, in which event the ninety-day period shall be computed from the day of the person's discharge. If the board dismisses a complaint as frivolous, it shall assess costs to the complainant pursuant to its standards governing such matters, and for that purpose, the board shall adopt a rule defining the standards by which the board will declare a complaint to be frivolous and the costs that will be assessed accordingly.

(1) The board, board member, or hearing officer administrative law judge shall hold a hearing on the charge within ten days after service of the complaint. The board may amend a complaint, upon receipt of a notice from the charging party, at any time prior to the close of the hearing, and the charged party shall within ten days from receipt of the complaint or amendment to the complaint, file an answer to the complaint or amendment to the complaint. The charged party may file an answer to an original or
amended complaint. The agents of the board and the person charged are parties and may appear or otherwise give evidence at the hearing. At the discretion of the board, board member, or hearing officer administrative law judge, any interested party may intervene and present evidence at the hearing. The board, board member, or hearing officer administrative law judge is not bound by the rules of evidence prevailing in the courts.

(2) A board member or hearing officer administrative law judge who conducts the hearing shall reduce the evidence taken to writing and file it with the board. The board member or the hearing officer administrative law judge may thereafter take further evidence or hear further argument if notice is given to all interested parties. The hearing officer administrative law judge or board member shall issue to the parties a proposed decision, together with a recommended order and file it with the board. If the parties file no exceptions within twenty days after service thereof, the recommended order becomes the order of the board effective as therein prescribed. If the parties file exceptions to the proposed report, the board shall determine whether substantial issues have been raised. The board may rescind or modify the proposed order of the board member or hearing officer administrative law judge; however, if the board determines that the exceptions do not raise substantial issues of fact or law, it may refuse to grant review, and the recommended order becomes effective as therein prescribed.

(3) If upon the preponderance of the evidence taken, the board believes that any person named in the complaint has engaged in any unfair labor practice, the board shall state its findings of fact and issue an order requiring that the person cease and desist from these unfair labor practices, and take such affirmative action, including reinstatement of employees with or without back pay, as will effectuate the policies of Chapter 4117. of the Revised Code. If upon a preponderance of the evidence taken, the board believes that the person named in the complaint has not engaged in an unfair labor practice it shall state its findings of fact and issue an order dismissing the complaint.

(4) The board may order the public employer to reinstate the public employee and further may order either the public employer or the employee organization, depending on who was responsible for the discrimination suffered by the public employee, to make such payment of back pay to the public employee as the board determines. No order of the board shall require the reinstatement of any individual as an employee who has been suspended or discharged, or require the payment to him the employee of any back pay, if the suspension or discharge was for just cause not related to rights
provided in section 4117.03 of the Revised Code and the procedure contained in the collective bargaining agreement governing suspension or discharge was followed. The order of the board may require the party against whom the order is issued to make periodic reports showing the extent to which the party has complied with the order.

(C) Whenever a complaint alleges that a person has engaged in an unfair labor practice and that the complainant will suffer substantial and irreparable injury if not granted temporary relief, the board may petition the court of common pleas for any county wherein the alleged unfair labor practice in question occurs, or wherein any person charged with the commission of any unfair labor practice resides or transacts business for appropriate injunctive relief, pending the final adjudication by the board with respect to the matter. Upon the filing of any petition, the court shall cause notice thereof to be served upon the parties, and thereupon has jurisdiction to grant the temporary relief or restraining order it considers just and proper.

(D) Until the record in a case is filed in a court, as specified in Chapter 4117. of the Revised Code, the board may at any time upon reasonable notice and in a manner it considers proper, modify or set aside, in whole or in part, any finding or order made or issued by it.

Such base period shall be known as the "alternate base period." If information as to weeks and wages for the most recent quarter of the alternate base period is not available to the director from the regular quarterly reports of wage information, which are systematically accessible, the director may, consistent with the provisions of section 4141.28 of the Revised Code, base the determination of eligibility for benefits on the affidavit of the claimant with respect to weeks and wages for that calendar quarter. The claimant shall furnish payroll documentation, where available, in support of the affidavit. The determination based upon the alternate base period as it relates to the claimant's benefit rights, shall be amended when the quarterly report of wage information from the employer is timely received and that information causes a change in the determination. As provided in division (B) of section 4141.28 of the Revised Code, any benefits paid and charged to an employer's account, based upon a claimant's affidavit, shall be adjusted effective as of the beginning of the claimant's benefit year. (3) The statewide average weekly wage shall be calculated by the director once a year based on the twelve-month period ending the thirtieth day of June, as set forth in division (B)(3) of section 4141.30 of the Revised Code, rounded down to the nearest dollar. Increases or decreases in the amount of remuneration required to have been earned or paid in order for individuals to have filed valid applications shall become effective on Sunday of the calendar week in which the first day of January occurs that follows the twelve-month period ending the thirtieth day of June upon which the calculation of the statewide average weekly wage was based.

"Shall the sale of intoxicating liquor be permitted in a portion of this precinct between the hours of one p.m. eleven a.m. and midnight on Sunday for consumption on the premises where sold at licensed premises where the sale of food and other goods exceeds fifty per cent of the total gross receipts of the permit holder at the premises, where the status of such Sunday sales as allowed or prohibited is inconsistent with the status of such Sunday sales in the remainder of the precinct?"

3. "Shall the sale of wine and mixed beverages be permitted in a portion of this precinct between the hours of one p.m. eleven a.m. and midnight on Sunday for consumption off the premises where sold, where the status of such Sunday sales as allowed or prohibited is inconsistent with the status of such Sunday sales in the remainder of the precinct?"

(C) At the election, one or more of the following questions, as designated in a valid petition, shall be submitted to the electors of the precinct concerning Sunday sales:

1. "Shall the sale of intoxicating liquor be permitted in a portion of this precinct between the hours of ten a.m. and midnight on Sunday for consumption on the premises where sold, where the status of such Sunday sales as allowed or prohibited is inconsistent with the status of such Sunday sales in the remainder of the precinct?"

2. "Shall the sale of intoxicating liquor be permitted in a portion of this precinct between the hours of ten a.m. and midnight on Sunday for consumption on the premises where sold at licensed premises where the sale of food and other goods exceeds fifty per cent of the total gross receipts of the permit holder at the premises, where the status of such Sunday sales as allowed or prohibited is inconsistent with the status of such Sunday sales in the remainder of the precinct?"
(3) "Shall the sale of wine and mixed beverages be permitted in a portion of this precinct between the hours of ten a.m. and midnight on Sunday for consumption off the premises where sold, where the status of such Sunday sales as allowed or prohibited is inconsistent with the status of such Sunday sales in the remainder of the precinct?"

(D) The board of elections shall furnish printed ballots at the special election as provided under section 3505.06 of the Revised Code, except that a separate ballot shall be used for the special election. The one or more questions set forth in divisions (B) and (C) of this section shall be printed on each ballot, and the board shall insert in the question and statement questions appropriate words to complete each and a description of the portion of the precinct that would be affected by the results of the election.

The description of the portion of the precinct shall include either the complete listing of street addresses in that portion or a condensed text that accurately describes the boundaries of the portion of the precinct by street name or by another name generally known by the residents of the portion of the precinct. If other than a full street listing is used, the full street listing also shall be posted in each polling place in a location that is easily accessible to all voters. Failure of the board of elections to completely and accurately list all street addresses in the affected area of the precinct does not affect the validity of the election at which the failure occurred and is not grounds for contesting an election under section 3515.08 of the Revised Code. Votes shall be cast as provided under section 3505.06 of the Revised Code.

Sec. 4301.355. (A) If a petition is filed under section 4301.333 of the Revised Code for the submission of the question or questions set forth in this section, it shall be held in the precinct as ordered by the board of elections under that section. The expense of holding the election shall be charged to the municipal corporation or township of which the precinct is a part.

(B) At the election, one or more of the following questions, as designated in a valid petition, shall be submitted to the electors of the precinct:

1) "Shall the sale of .......... (insert beer, wine and mixed beverages, or spirituous liquor) be permitted by .......... (insert name of applicant, liquor permit holder, or liquor agency store, including trade or fictitious name under which applicant for, or holder of, liquor permit or liquor agency store either intends to do, or does, business at the particular location), an .......... (insert "applicant for" or "holder of" or "operator of") a .......... (insert class name of liquor permit or permits followed by the words "liquor permit(s)"
or, if appropriate, the words "liquor agency store for the State of Ohio"),
who is engaged in the business of ........... (insert general nature of the
business in which applicant or liquor permit holder is engaged or will be
engaged in at the particular location, as described in the petition) at ..........
(insert address of the particular location within the precinct as set forth in
the petition) in this precinct?"

(2) "Shall the sale of .......... (insert beer, wine and mixed beverages, or
spirituous liquor) be permitted for sale on Sunday between the hours of
........... (insert "ten a.m. and midnight" or "one p.m. eleven a.m. and
midnight") by .......... (insert name of applicant, liquor permit holder, or
liquor agency store, including trade or fictitious name under which applicant
for, or holder of, liquor permit or liquor agency store either intends to do, or
does, business at the particular location), an ...... (insert "applicant for a D-6
liquor permit," "holder of a D-6 liquor permit," "applicant for or holder of
an A-1-A, A-2, A-3a, C-1, C-2x, D-1, D-2x, D-3, D-3x, D-4, D-5, D-5b,
D-5c, D-5e, D-5f, D-5g, D-5h, D-5i, D-5j, D-5k, D-5l, D-5m, or D-7 liquor
permit," if only the approval of beer sales is sought, or "liquor agency
store") who is engaged in the business of ........... (insert general nature of the
business in which applicant or liquor permit holder is engaged or will be
engaged in at the particular location, as described in the petition) at ..........
(insert address of the particular location within the precinct) in this
precinct?"

(C) The board of elections shall furnish printed ballots at the election as
provided under section 3505.06 of the Revised Code, except that a separate
ballot shall be used for the election under this section. The question set forth
in this section shall be printed on each ballot, and the board shall insert in
the question appropriate words to complete it. Votes shall be cast as
provided under section 3505.06 of the Revised Code.

Sec. 4301.356. If a petition is filed under section 4301.334 of the
Revised Code for the submission of the question set forth in this section, an
election shall be held in the municipal corporation or unincorporated area of
a township as ordered by the board of elections under that section.

Except as otherwise provided in this section, if the legislative authority
of a municipal corporation in whose territory, or the board of township
trustees of a township in whose unincorporated area, a community facility is
located submits, not later than four p.m. of the seventy-fifth day before the
day of a primary or general election, to the board of elections of the county
in which the community facility is located an ordinance or resolution
requesting the submission of the question set forth in this section to the
electors of the municipal corporation or unincorporated area of the
township, the board of elections shall order that an election be held on that question in the municipal corporation or the unincorporated area of the township on the day of the next primary or general election, whichever occurs first. The legislative authority or board of township trustees shall submit the name and address of any permit holder who would be affected by the results of the election to the board of elections at the same time it submits the ordinance or resolution. The board of elections, within five days after receiving the name and address, shall give notice by certified mail to each permit holder that it has received the ordinance or resolution. Failure of the legislative authority or board of township trustees to supply the name and address of each permit holder to the board of elections invalidates the effect of the ordinance or resolution.

At the election, the following question shall be submitted to the electors of the municipal corporation or unincorporated area of a township:

"Shall the sale of beer and intoxicating liquor be permitted on days of the week other than Sunday and between the hours of one p.m. .......... (insert "ten a.m." or "eleven a.m.") and midnight on Sunday, at .......... (insert name of community facility), a community facility as defined by section 4301.01 of the Revised Code, and located at .......... (insert the address of the community facility and, if the community facility is a community entertainment district, the boundaries of the district, as set forth in the petition)?"

The board of elections shall furnish printed ballots at the election as provided under section 3505.06 of the Revised Code, except that a separate ballot shall be used for the election under this section. The question set forth in this section shall be printed on each ballot and the board shall insert in the question appropriate words to complete each it, subject to the approval of the secretary of state. Votes shall be cast as provided under section 3505.06 of the Revised Code.

Sec. 4301.361. (A) If a majority of the electors voting on questions set forth in section 4301.351 of the Revised Code in a precinct vote "yes" on question (B)(1) or (C)(1), or, if both questions (B)(1) and (B)(2), or questions (C)(1) and (C)(2), are submitted, "yes" on both questions or "yes" on question (B)(1) or (C)(1) but "no" on question (B)(2) or (C)(2), sales of intoxicating liquor shall be allowed on Sunday in the manner and under the conditions specified in question (B)(1) or (C)(1), under a D-6 permit, within the precinct concerned, during the hours specified in division (A) of section 4303.182 of the Revised Code and during the period the election is in effect as defined in section 4301.37 of the Revised Code.

(B) If only question (B)(2) or (C)(2) is submitted to the voters or if
questions (B)(2) and (B)(3) or (C)(2) and (C)(3) are submitted and a
majority of the electors voting in a precinct vote "yes" on question (B)(2) or
(C)(2) as set forth in section 4301.351 of the Revised Code, sales of
intoxicating liquor shall be allowed on Sunday in the manner and under the
conditions specified in question (B)(2) or (C)(2), under a D-6 permit, within
the precinct concerned, during the hours specified in division (A) of section
4303.182 of the Revised Code and during the period the election is in effect
as defined in section 4301.37 of the Revised Code, even if question (B)(1)
or (C)(1) was also submitted and a majority of the electors voting in the
precinct voted "no."

(C) If question (B)(3) or (C)(3) is submitted and a majority of electors
voting on question (B)(3) or (C)(3) as set forth in section 4301.351 of the
Revised Code in a precinct vote "yes," sales of wine and mixed beverages
shall be allowed on Sunday in the manner and under the conditions specified
in question (B)(3) or (C)(3), under a D-6 permit, within the precinct
concerned, during the hours specified in division (A) of section 4303.182 of
the Revised Code and during the period the election is in effect as defined in
section 4301.37 of the Revised Code.

(D) If questions (B)(1), (B)(2), and (B)(3), or (C)(1), (C)(2),
and (C)(3), as set forth in section 4301.351 of the Revised Code, are all
submitted and a majority of the electors voting in such precinct vote "no" on
all three questions, no sales of intoxicating liquor shall be made within the
precinct concerned after two-thirty a.m. on Sunday as specified in the
questions submitted, during the period the election is in effect as defined in
section 4301.37 of the Revised Code.

(E) If question (C)(1) as set forth in section 4301.351 of the Revised
Code is submitted to the voters in a precinct in which question (B)(1) as set
forth in that section previously was submitted and approved, and the results
of the election on question (B)(1) are still in effect in the precinct; or if
question (C)(2) as set forth in that section is submitted to the voters in a
precinct in which question (B)(2) as set forth in that section previously was
submitted and approved, and the results of the election on question (B)(2)
are still in effect in the precinct; or if question (C)(3) as set forth in that
section is submitted to the voters in a precinct in which question (B)(3) as
set forth in that section previously was submitted and approved, and the
results of the election on question (B)(3) are still in effect in the precinct;
and if a majority of the electors voting on question (C)(1), (C)(2), or (C)(3)
vote "no," then sales shall continue to be allowed in the precinct in the
manner and under the conditions specified in the previously approved
question (B)(1), (B)(2), or (B)(3), as applicable.
(F) If question (B)(4) as set forth in section 4301.351 of the Revised Code is submitted and a majority of the electors voting in the precinct vote "yes," sales of intoxicating liquor shall be allowed on Sunday at outdoor performing arts centers in the manner and under the conditions specified in question (B)(4) under a D-6 permit, within the precinct concerned, during the hours specified in division (F) of section 4303.182 of the Revised Code and during the period the election is in effect as defined in section 4301.37 of the Revised Code. If question (B)(4) as set forth in section 4301.351 of the Revised Code is submitted and a majority of the electors voting in the precinct vote "no," no sales of intoxicating liquor shall be allowed at outdoor performing arts centers in the precinct concerned under a D-6 permit, after 2:30 a.m. on Sunday, during the period the election is in effect as defined in section 4301.37 of the Revised Code.

Sec. 4301.364. (A) If a majority of the electors in a precinct vote "yes" on question (B)(1) or (C)(1) as set forth in section 4301.354 of the Revised Code, the sale of intoxicating liquor, of the same types as may be legally sold in the precinct on other days of the week, shall be permitted on Sunday in the portion of the precinct affected by the results of the election during the hours specified in division (A) of section 4303.182 of the Revised Code and in the manner and under the conditions specified in the question, subject only to this chapter and Chapter 4303. of the Revised Code.

(B) If a majority of the electors in a precinct vote "yes" on question (B)(2) or (C)(2) as set forth in section 4301.354 of the Revised Code, the sale of intoxicating liquor, of the same types as may be legally sold in the precinct on other days of the week, shall be permitted on Sunday in the portion of the precinct affected by the results of the election during the hours specified in division (A) of section 4303.182 of the Revised Code and in the manner and under the conditions specified in the question, subject only to this chapter and Chapter 4303. of the Revised Code.

(C) If a majority of the electors in a precinct vote "yes" on question (B)(3) or (C)(3) as set forth in section 4301.354 of the Revised Code, the sale of wine and mixed beverages shall be permitted on Sunday in the portion of the precinct affected by the results of the election during the hours specified in division (A) of section 4303.182 of the Revised Code and in the manner and under the conditions specified in the question, subject only to this chapter and Chapter 4303. of the Revised Code.

(D) If a majority of the electors in a precinct vote "no" on question (B)(1) or (C)(1) as set forth in section 4301.354 of the Revised Code, no sale of intoxicating liquor shall be permitted on Sunday in the manner and under the conditions specified in the question in the portion of the precinct
affected by the results of the election.

(E) If a majority of the electors in a precinct vote "no" on question (B)(2) or (C)(2) as set forth in section 4301.354 of the Revised Code, no sale of intoxicating liquor shall be permitted on Sunday in the manner and under the conditions specified in the question in the portion of the precinct affected by the results of the election.

(F) If a majority of the electors in a precinct vote "no" on question (B)(3) or (C)(3) as set forth in section 4301.354 of the Revised Code, no sale of wine or mixed beverages shall be permitted on Sunday in the manner and under the conditions specified in the question in the portion of the precinct affected by the results of the election.

(G) If question (C)(1) as set forth in section 4301.354 of the Revised Code is submitted to the voters in a precinct in which question (B)(1) as set forth in that section previously was submitted and approved, and the results of the election on question (B)(1) are still in effect in the precinct; or if question (C)(2) as set forth in that section is submitted to the voters in a precinct in which question (B)(2) as set forth in that section previously was submitted and approved, and the results of the election on question (B)(2) are still in effect in the precinct; or if question (C)(3) as set forth in that section is submitted to the voters in a precinct in which question (B)(3) as set forth in that section previously was submitted and approved, and the results of the election on question (B)(3) are still in effect in the precinct; and if a majority of the electors voting on question (C)(1), (C)(2), or (C)(3) vote "no," then sales shall continue to be allowed in the precinct in the manner and under the conditions specified in the previously approved question (B)(1), (B)(2), or (B)(3), as applicable.

Sec. 4301.365. (A) If a majority of the electors in a precinct vote "yes" on questions (B)(1) and (2) as set forth in section 4301.355 of the Revised Code, the sale of beer, wine and mixed beverages, or spirituous liquor, whichever was the subject of the election, shall be allowed at the particular location and for the use, and during the hours on Sunday, specified in the questions under each permit applied for by the petitioner or at the address listed for the liquor agency store, and, in relation to question (B)(2), during the hours on Sunday specified in division (A) of section 4303.182 of the Revised Code, subject only to this chapter and Chapter 4303. of the Revised Code. Failure to continue to use the particular location for any proposed or stated use set forth in the petition is grounds for the denial of a renewal of the liquor permit under division (A) of section 4303.271 of the Revised Code or is grounds for the nonrenewal or cancellation of the liquor agency store contract by the division of liquor control, except in the case where the
liquor permit holder or liquor agency store decides to cease the sale of beer, wine and mixed beverages, or spirituous liquor, whichever was the subject of the election, on Sundays.

(B) Except as otherwise provided in division (H) of this section, if a majority of the electors in a precinct vote "yes" on question (B)(1) and "no" on question (B)(2) as set forth in section 4301.355 of the Revised Code, the sale of beer, wine and mixed beverages, or spirituous liquor, whichever was the subject of the election, shall be allowed at the particular location for the use specified in question (B)(1) of section 4301.355 of the Revised Code and under each permit applied for by the petitioner, except for a D-6 permit, subject only to this chapter and Chapter 4303. of the Revised Code.

(C) If a majority of the electors in a precinct vote "no" on question (B)(1) as set forth in section 4301.355 of the Revised Code, no sales of beer, wine and mixed beverages, or spirituous liquor, whichever was the subject of the election, shall be allowed at the particular location for the use specified in the petition during the period the election is in effect as defined in section 4301.37 of the Revised Code.

(D) If a majority of the electors in a precinct vote only on question (B)(2) as set forth in section 4301.355 of the Revised Code and that vote results in a majority "yes" vote, sales of beer, wine and mixed beverages, or spirituous liquor, whichever was the subject of the election, shall be allowed at the particular location for the use and during the hours specified in the petition on Sunday during the hours specified in division (A) of section 4303.182 of the Revised Code and during the period the election is in effect as defined in section 4301.37 of the Revised Code.

(E) Except as otherwise provided in division (H) of this section, if a majority of the electors in a precinct only on question (B)(2) as set forth in section 4301.355 of the Revised Code and that vote results in a majority "no" vote, no sales of beer, wine and mixed beverages, or spirituous liquor, whichever was the subject of the election, shall be allowed at the particular location for the use and during the hours specified in the petition on Sunday during the period the election is in effect as defined in section 4301.37 of the Revised Code.

(F) In case of elections in the same precinct for the question or questions set forth in section 4301.355 of the Revised Code and for a question or questions set forth in section 4301.35, 4301.351, 4301.353, 4301.354, 4303.29, or 4305.14 of the Revised Code, the results of the election held on the question or questions set forth in section 4301.355 of the Revised Code shall apply to the particular location notwithstanding the results of the election held on the question or questions set forth in section 4301.35,
Sections 4301.32 to 4301.41 of the Revised Code do not prohibit the transfer of ownership of a permit that was issued to a particular location as the result of an election held on sales of beer, wine and mixed beverages, spirituous liquor, or intoxicating liquor at that particular location as long as the general nature of the business at that particular location described in the petition for that election remains the same after the transfer.

If question (B)(2) as set forth in section 4301.355 of the Revised Code is submitted to the electors of a precinct proposing to authorize the sale of beer, wine and mixed beverages, or spirituous liquor between the hours of ten a.m. and midnight at a particular location at which the sale of beer, wine and mixed beverages, spirituous liquor, or intoxicating liquor is already allowed between the hours of eleven a.m. and midnight or one p.m. and midnight and the question submitted is defeated, the sale of beer, wine and mixed beverages, spirituous liquor, or intoxicating liquor between the hours of eleven a.m. and midnight or one p.m. and midnight, as applicable, shall continue at that particular location.

Sec. 4301.366. If a majority of the electors voting on the question specified in section 4301.356 of the Revised Code vote "yes," the sale of beer and intoxicating liquor shall be allowed at the community facility and on days of the week other than Sunday and during the hours on Sunday specified in division (A) of section 4303.182 of the Revised Code, for the use specified in the question, subject only to this chapter and Chapter 4303. of the Revised Code. Failure to continue to use the location as a community facility constitutes good cause for rejection of the renewal of the liquor permit under division (A) of section 4303.271 of the Revised Code.

If a majority of the electors voting on the question specified in section 4301.356 of the Revised Code vote "no," no sales of beer or intoxicating liquor shall be made at or within the community facility during the period the election is in effect as defined in section 4301.37 of the Revised Code.

Sec. 4301.43. (A) As used in sections 4301.43 to 4301.50 of the Revised Code:

1. "Gallon" or "wine gallon" means one hundred twenty-eight fluid ounces.

2. "Sale" or "sell" includes exchange, barter, gift, distribution, and, except with respect to A-4 permit holders, offer for sale.

(B) For the purposes of providing revenues for the support of the state and encouraging the grape industries in the state, a tax is hereby levied on the sale or distribution of wine in Ohio, except for known sacramental purposes, at the rate of thirty cents per wine gallon for wine containing not
less than four per cent of alcohol by volume and not more than fourteen per cent of alcohol by volume, ninety-eight cents per wine gallon for wine containing more than fourteen per cent but not more than twenty-one per cent of alcohol by volume, one dollar and eight cents per wine gallon for vermouth, and one dollar and forty-eight cents per wine gallon for sparkling and carbonated wine and champagne, the tax to be paid by the holders of A-2 and B-5 permits or by any other person selling or distributing wine upon which no tax has been paid. From the tax paid under this section on wine, vermouth, and sparkling and carbonated wine and champagne, the treasurer of state shall credit to the Ohio grape industries fund created under section 924.54 of the Revised Code a sum equal to one cent per gallon for each gallon upon which the tax is paid.

(C) For the purpose of providing revenues for the support of the state, there is hereby levied a tax on prepared and bottled highballs, cocktails, cordials, and other mixed beverages at the rate of one dollar and twenty cents per wine gallon to be paid by holders of A-4 permits or by any other person selling or distributing those products upon which no tax has been paid. Only one sale of the same article shall be used in computing the amount of tax due. The tax on mixed beverages to be paid by holders of A-4 permits under this section shall not attach until the ownership of the mixed beverage is transferred for valuable consideration to a wholesaler or retailer, and no payment of the tax shall be required prior to that time.

(D) During the period of July 1, 2007 through June 30, 2011, from the tax paid under this section on wine, vermouth, and sparkling and carbonated wine and champagne, the treasurer of state shall credit to the Ohio grape industries fund created under section 924.54 of the Revised Code a sum equal to two cents per gallon upon which the tax is paid. The amount credited under this division is in addition to the amount credited to the Ohio grape industries fund under division (B) of this section.

(E) For the purpose of providing revenues for the support of the state, there is hereby levied a tax on cider at the rate of twenty-four cents per wine gallon to be paid by the holders of A-2 and B-5 permits or by any other person selling or distributing cider upon which no tax has been paid. Only one sale of the same article shall be used in computing the amount of the tax due.

Sec. 4301.85. (A) The serving or consumption of beer or intoxicating liquor shall not be prohibited in a facility that is owned or leased by the state and that is used by visiting foreign military units for training, provided that such serving or consumption of beer or intoxicating liquor shall be done according to the policies and procedures agreed upon by the commanding
officers of the foreign military units, the adjutant general, and the United States department of defense liaisons or their designated representatives to the foreign military units.

(B) As used in this section, "beer" and "intoxicating liquor" have the same meanings as in section 4301.01 of the Revised Code.

Sec. 4303.181. (A) Permit D-5a may be issued either to the owner or operator of a hotel or motel that is required to be licensed under section 3731.03 of the Revised Code, that contains at least fifty rooms for registered transient guests or is owned by a state institution of higher education as defined in section 3345.011 of the Revised Code or a private college or university, and that qualifies under the other requirements of this section, or to the owner or operator of a restaurant specified under this section, to sell beer and any intoxicating liquor at retail, only by the individual drink in glass and from the container, for consumption on the premises where sold, and to registered guests in their rooms, which may be sold by means of a controlled access alcohol and beverage cabinet in accordance with division (B) of section 4301.21 of the Revised Code; and to sell the same products in the same manner and amounts not for consumption on the premises as may be sold by holders of D-1 and D-2 permits. The premises of the hotel or motel shall include a retail food establishment or a food service operation licensed pursuant to Chapter 3717. of the Revised Code that operates as a restaurant for purposes of this chapter and that is affiliated with the hotel or motel and within or contiguous to the hotel or motel, and that serves food within the hotel or motel, but the principal business of the owner or operator of the hotel or motel shall be the accommodation of transient guests. In addition to the privileges authorized in this division, the holder of a D-5a permit may exercise the same privileges as the holder of a D-5 permit.

The owner or operator of a hotel, motel, or restaurant who qualified for and held a D-5a permit on August 4, 1976, may, if the owner or operator held another permit before holding a D-5a permit, either retain a D-5a permit or apply for the permit formerly held, and the division of liquor control shall issue the permit for which the owner or operator applies and formerly held, notwithstanding any quota.

A D-5a permit shall not be transferred to another location. No quota restriction shall be placed on the number of D-5a permits that may be issued.

The fee for this permit is two thousand three hundred forty-four dollars.

(B) Permit D-5b may be issued to the owner, operator, tenant, lessee, or occupant of an enclosed shopping center to sell beer and intoxicating liquor at retail, only by the individual drink in glass and from the container, for
consumption on the premises where sold; and to sell the same products in the same manner and amount not for consumption on the premises as may be sold by holders of D-1 and D-2 permits. In addition to the privileges authorized in this division, the holder of a D-5b permit may exercise the same privileges as a holder of a D-5 permit.

A D-5b permit shall not be transferred to another location.

One D-5b permit may be issued at an enclosed shopping center containing at least two hundred twenty-five thousand, but less than four hundred thousand, square feet of floor area.

Two D-5b permits may be issued at an enclosed shopping center containing at least four hundred thousand square feet of floor area. No more than one D-5b permit may be issued at an enclosed shopping center for each additional two hundred thousand square feet of floor area or fraction of that floor area, up to a maximum of five D-5b permits for each enclosed shopping center. The number of D-5b permits that may be issued at an enclosed shopping center shall be determined by subtracting the number of D-3 and D-5 permits issued in the enclosed shopping center from the number of D-5b permits that otherwise may be issued at the enclosed shopping center under the formulas provided in this division. Except as provided in this section, no quota shall be placed on the number of D-5b permits that may be issued. Notwithstanding any quota provided in this section, the holder of any D-5b permit first issued in accordance with this section is entitled to its renewal in accordance with section 4303.271 of the Revised Code.

The holder of a D-5b permit issued before April 4, 1984, whose tenancy is terminated for a cause other than nonpayment of rent, may return the D-5b permit to the division of liquor control, and the division shall cancel that permit. Upon cancellation of that permit and upon the permit holder’s payment of taxes, contributions, premiums, assessments, and other debts owing or accrued upon the date of cancellation to this state and its political subdivisions and a filing with the division of a certification of that payment, the division shall issue to that person either a D-5 permit, or a D-1, a D-2, and a D-3 permit, as that person requests. The division shall issue the D-5 permit, or the D-1, D-2, and D-3 permits, even if the number of D-1, D-2, D-3, or D-5 permits currently issued in the municipal corporation or in the unincorporated area of the township where that person’s proposed premises is located equals or exceeds the maximum number of such permits that can be issued in that municipal corporation or in the unincorporated area of that township under the population quota restrictions contained in section 4303.29 of the Revised Code. Any D-1, D-2, D-3, or D-5 permit so issued
shall not be transferred to another location. If a D-5b permit is canceled under the provisions of this paragraph, the number of D-5b permits that may be issued at the enclosed shopping center for which the D-5b permit was issued, under the formula provided in this division, shall be reduced by one if the enclosed shopping center was entitled to more than one D-5b permit under the formula.

The fee for this permit is two thousand three hundred forty-four dollars.

(G) Whoever violates division (A) of this section is guilty of a misdemeanor of the fourth degree. Whoever violates division (B) of this section is guilty of a misdemeanor of the first degree.

(H) As used in this section, "motorized bicycle dealer" means any person engaged in the business of selling at retail, displaying, offering for sale, or dealing in motorized bicycles who is not subject to section 4503.09 of the Revised Code.

Sec. 4503.19. (A) Upon the filing of an application for registration and the payment of the tax for registration, the registrar of motor vehicles or a deputy registrar shall determine whether the owner previously has been issued license plates for the motor vehicle described in the application. If no license plates previously have been issued to the owner for that motor vehicle, the registrar or deputy registrar shall assign to the motor vehicle a distinctive number and issue and deliver to the owner in the manner that the registrar may select a certificate of registration, in the form that the registrar shall prescribe, and, except as otherwise provided in this section, two license plates, duplicates of each other, and a validation sticker, or a validation sticker alone, to be attached to the number plates as provided in section
4503.191 of the Revised Code. The registrar or deputy registrar also shall charge the owner any fees required under division (C) of section 4503.10 of the Revised Code. Chauffeured limousines shall be issued license plates, a validation sticker, and a livery sticker as provided in section 4503.24 of the Revised Code. In the event of the loss, mutilation, or destruction of any certificate of registration, or of any license plates or validation stickers, or if the owner chooses to replace license plates previously issued for a motor vehicle, or if the registration certificate and license plates have been impounded as provided by division (B)(1) of section 4507.02 and section 4507.16 of the Revised Code, the owner of a motor vehicle, or manufacturer or dealer, may obtain from the registrar, or from a deputy registrar if authorized by the registrar, a duplicate thereof or new license plates bearing a different number, if the registrar considers it advisable, upon filing an application prescribed by the registrar, and upon paying a fee of one dollar for such certificate of registration, which one dollar fee shall be deposited into the state treasury to the credit of the state bureau of motor vehicles fund created in section 4501.25 of the Revised Code. Commencing with each request made on or after October 1, 2009, or in conjunction with replacement license plates issued for renewal registrations expiring on or after October 1, 2009, a fee of seven dollars and fifty cents for each set of two license plates; or six dollars and fifty cents for each single license plate or validation sticker shall be charged and collected, of which the registrar shall deposit five dollars and fifty cents of each seven dollar and fifty cent fee or each six dollar and fifty cent fee into the state

The county identification stickers shall identify prominently by name or number the county in which the owner of the vehicle resides at the time of registration.

(B) Whoever violates this section is guilty of a minor misdemeanor.

Sec. 4503.191. (A)(1) The identification license plate shall be issued for a multi-year period as determined by the director of public safety, and shall be accompanied by a validation sticker, to be attached to the license plate. Except as provided in division (A)(2) of this section, the validation sticker shall indicate the expiration of the registration period to which the motor vehicle for which the license plate is issued is assigned, in accordance with rules adopted by the registrar of motor vehicles. During each succeeding year of the multi-year period following the issuance of the plate and validation sticker, upon the filing of an application for registration and the payment of the tax therefor, a validation sticker alone shall be issued. The validation stickers required under this section shall be of different colors or shades each year, the new colors or shades to be selected by the director.

(2)(a) Not later than October 1, 2009, the director shall develop a universal validation sticker that may be issued to any owner of two hundred fifty or more passenger vehicles, so that a sticker issued to the owner may be placed on any passenger vehicle in that owner's fleet. The director may establish and charge an additional fee of not more than one dollar per registration to compensate for necessary costs of the universal validation
sticker program. The additional fee shall be credited to the state bureau of motor vehicles fund created in section 4501.25 of the Revised Code.

(b) A validation sticker issued for an all-purpose vehicle that is registered under Chapter 4519. of the Revised Code or for a trailer or semitrailer that is registered under division (A)(1)(a)(ii) of section 4503.103 of the Revised Code for a period of not more than five succeeding registration years may indicate the expiration of the registration period by any manner determined by the registrar by rule.

(B) Identification license plates shall be produced by Ohio penal industries. Validation stickers and county identification stickers shall be produced by Ohio penal industries unless the registrar adopts rules that permit the registrar or deputy registrars to print or otherwise produce them in house.

Sec. 4503.235. (A) If division (G) of section 4511.19 or division (B) of section 4511.193 of the Revised Code requires a court, as part of the sentence of an offender who is convicted of or pleads guilty to a violation of division (A) of section 4511.19 of the Revised Code or as a sanction for an offender who is convicted of or pleaded guilty to a violation of a municipal OVI ordinance, to order the immobilization of a vehicle for a specified period of time, notwithstanding the requirement, the court in its discretion may determine not to order the immobilization of the vehicle if both of the following apply:

(1) Prior to the issuance of the order of immobilization, a family or household member of the offender files a motion with the court identifying the vehicle and requesting that the immobilization order not be issued on the ground that the family or household member is completely dependent on the vehicle for the necessities of life and that the immobilization of the vehicle would be an undue hardship to the family or household member.

(2) The court determines that the family or household member who files the motion is completely dependent on the vehicle for the necessities of life and that the immobilization of the vehicle would be an undue hardship to the family or household member.

(B) If a court pursuant to division (A) of this section determines not to order the immobilization of a vehicle that otherwise would be required pursuant to division (G) of section 4511.19 or division (B) of section 4511.193 of the Revised Code, the court shall issue an order that waives the immobilization that otherwise would be required pursuant to either of those divisions. The immobilization waiver order shall be in effect for the period of time for which the immobilization of the vehicle otherwise would have been required under division (G) of section 4511.19 or division (B) of
section 4511.193 of the Revised Code if the immobilization waiver order had not been issued, subject to division (D) of this section. The immobilization waiver order shall specify the period of time for which it is in effect. The court shall provide a copy of an immobilization waiver order to the offender and to the family or household member of the offender who filed the motion requesting that the immobilization order not be issued and shall place a copy of the immobilization waiver order in the record in the case. The court shall impose an immobilization waiver fee in the amount of fifty dollars. The court shall determine whether the fee is to be paid by the offender or by the family or household member. The clerk of the court shall transmit deposit all of the fees collected during a month on or before the twenty-third day of the following month into the state treasury to be credited to the county or municipal indigent drivers alcohol treatment fund under the control of that court, as created by the county or municipal corporation under division (F) of section 4511.191 of the Revised Code.

(C) If a court pursuant to division (B) of this section issues an immobilization waiver order, the order shall identify the family or household member who requested the order and the vehicle to which the order applies, shall identify the family or household members who are permitted to operate the vehicle, and shall identify the offender and specify that the offender is not permitted to operate the vehicle. The immobilization waiver order shall require that the family or household member display on the vehicle to which the order applies restricted license plates that are issued under section 4503.231 of the Revised Code for the entire period for which the immobilization of the vehicle otherwise would have been required under division (G) of section 4511.19 or division (B) of section 4511.193 of the Revised Code if the immobilization waiver order had not been issued.

(D) A family or household member who is permitted to operate a vehicle under an immobilization waiver order issued under this section shall not permit the offender to operate the vehicle. If a family or household member who is permitted to operate a vehicle under an immobilization waiver order issued under this section permits the offender to operate the vehicle, both of the following apply:

(1) The court that issued the immobilization waiver order shall terminate that order and shall issue an immobilization order in accordance with section 4503.233 of the Revised Code that applies to the vehicle, and the immobilization order shall be in effect for the remaining period of time for which the immobilization of the vehicle otherwise would have been required under division (G) of section 4511.19 or division (B) of section 4511.193 of the Revised Code if the immobilization waiver order had not
been issued.

(2) The conduct of the family or household member in permitting the offender to operate the vehicle is a violation of section 4511.203 of the Revised Code.

(E) No offender shall operate a motor vehicle subject to an immobilization waiver order. Whoever violates this division is guilty of operating a motor vehicle in violation of an immobilization waiver, a misdemeanor of the first degree.

(F) "Family or household member" has the same meaning as in section 2919.25 of the Revised Code, except that the person must be currently residing with the offender.

Sec. 4503.40. The For each registration renewal with an expiration date before October 1, 2009, and for each initial application for registration received before that date the registrar of motor vehicles shall be allowed a fee not to exceed ten dollars, and for each registration renewal with an expiration date on or after October 1, 2009, and for each initial application for registration received on or after that date the registrar of motor vehicles shall be allowed a fee of twenty-five dollars, for each application received by the registrar for special state reserved license plate numbers and the issuing of such licenses, and validation stickers, in the several series as the registrar may designate. The fee shall be in addition to the license tax established by this chapter and, where applicable, Chapter 4504. of the Revised Code. Seven dollars and fifty cents of the fee shall be for the purpose of compensating the bureau of motor vehicles for additional services required in the issuing of such licenses, and the remaining seventeen dollars and fifty cents portion of the fee shall be deposited by the registrar into the state treasury to the credit of the state highway safety fund created by section 4501.06 of the Revised Code. The types of motor vehicles for which special state reserved license plates may be issued in accordance with this section shall include at least motorcycles, buses, passenger cars, and noncommercial motor vehicles.

Sec. 4503.42. The For each registration renewal with an expiration date before October 1, 2009, and for each initial application for registration received before that date the registrar of motor vehicles shall be allowed a fee not to exceed thirty-five dollars, and for each registration renewal with an expiration date on or after October 1, 2009, and for each initial application for registration received on or after that date the registrar of motor vehicles shall be allowed a fee of fifty dollars, which shall be in addition to the regular license fee for tags as prescribed under section 4503.04 of the Revised Code and any tax levied under section 4504.02 or
4504.06 of the Revised Code, for each application received by the registrar for special reserved license plate numbers containing more than three letters or numerals, and the issuing of such licenses and validation stickers in the several series as the registrar may designate. Five dollars of the fee shall be for the purpose of compensating the bureau of motor vehicles for additional services required in the issuing of such licenses and validation stickers, and the remaining forty-five dollars portion of the fee shall be deposited by the registrar into the state treasury to the credit of the state highway safety fund created by section 4501.06 of the Revised Code.

This section does not apply to the issuance of reserved license plates as authorized by sections 4503.14, 4503.15, and 4503.40 of the Revised Code. The types of motor vehicles for which license plate numbers containing more than three letters or numerals may be issued in accordance with this section shall include at least buses, passenger cars, and noncommercial motor vehicles.

use by handicapped persons. This definition does not apply to division (J) of
this section.

(B) Any organization or person with a disability that limits or impairs
the ability to walk may apply to the registrar of motor vehicles for a
removable windshield placard or, if the person owns or leases a motor
vehicle, the person may apply for the registration of any motor vehicle the
person owns or leases. In addition to one or more sets of license plates or
one placard, a person with a disability that limits or impairs the ability to
walk is entitled to one additional placard, but only if the person applies
separately for the additional placard, states the reasons why the additional
placard is needed, and the registrar, in the registrar's discretion, determines
that good and justifiable cause exists to approve the request for the
additional placard. When a motor vehicle has been altered for the purpose of
providing it with special equipment for a person with a disability that limits
or impairs the ability to walk, but is owned or leased by someone other than
such a person, the owner or lessee may apply to the registrar or a deputy
registrar for registration under this section. The application for registration
of a motor vehicle owned or leased by a person with a disability that limits
or impairs the ability to walk shall be accompanied by a signed statement
from the applicant's health care provider certifying that the applicant meets
at least one of the criteria contained in division (A)(1) of this section and
that the disability is expected to continue for more than six consecutive
months. The application for a removable windshield placard made by a
person with a disability that limits or impairs the ability to walk shall be
accompanied by a prescription from the applicant's health care provider
prescribing such a placard for the applicant, provided that the applicant
meets at least one of the criteria contained in division (A)(1) of this section. The health care provider shall state on the prescription the length of time the health care provider expects the applicant to have the disability that limits or impairs the applicant's ability to walk. The application for a removable windshield placard made by an organization shall be accompanied by such documentary evidence of regular transport of persons with disabilities that limit or impair the ability to walk by the organization as the registrar may require by rule and shall be completed in accordance with procedures that the registrar may require by rule. The application for registration of a motor vehicle that has been altered for the purpose of providing it with special equipment for a person with a disability that limits or impairs the ability to walk but is owned by someone other than such a person shall be accompanied by such documentary evidence of vehicle alterations as the registrar may require by rule.

(C) When an organization, a person with a disability that limits or impairs the ability to walk, or a person who does not have a disability that limits or impairs the ability to walk but owns a motor vehicle that has been altered for the purpose of providing it with special equipment for a person with a disability that limits or impairs the ability to walk first submits an application for registration of a motor vehicle under this section and every fifth year thereafter, the organization or person shall submit a signed statement from the applicant's health care provider, a completed application, and any required documentary evidence of vehicle alterations as provided in division (B) of this section, and also a power of attorney from the owner of the motor vehicle if the applicant leases the vehicle. Upon submission of these items, the registrar or deputy registrar shall issue to the applicant appropriate vehicle registration and a set of license plates and validation stickers, or validation stickers alone when required by section 4503.191 of the Revised Code. In addition to the letters and numbers ordinarily inscribed thereon, the license plates shall be imprinted with the international symbol of access. The license plates and validation stickers shall be issued upon payment of the regular license fee as prescribed under section 4503.04 of the Revised Code and any motor vehicle tax levied under Chapter 4504. of the Revised Code, and the payment of a service fee equal to the amount specified in division (D) or (G) of section 4503.10 of the Revised Code.

(D)(1) Upon receipt of a completed and signed application for a removable windshield placard, a prescription as described in division (B) of this section, documentary evidence of regular transport of persons with disabilities that limit or impair the ability to walk, if required, and payment of a service fee equal to the amount specified in division (D) or (G) of
section 4503.10 of the Revised Code, the registrar or deputy registrar shall issue to the applicant a removable windshield placard, which shall bear the date of expiration on both sides of the placard and shall be valid until expired, revoked, or surrendered. Every removable windshield placard expires as described in division (D)(2) of this section, but in no case shall a removable windshield placard be valid for a period of less than sixty days. Removable windshield placards shall be renewable upon application as provided in division (B) of this section, and a service fee equal to the amount specified in division (D) or (G) of section 4503.10 of the Revised Code shall be charged for the renewal of a removable windshield placard. The registrar shall provide the application form and shall determine the information to be included thereon. The registrar also shall determine the form and size of the removable windshield placard, the material of which it is to be made, and any other information to be included thereon, and shall adopt rules relating to the issuance, expiration, revocation, surrender, and proper display of such placards. Any placard issued after October 14, 1999, shall be manufactured in a manner that allows the expiration date of the placard to be indicated on it through the punching, drilling, boring, or creation by any other means of holes in the placard.

(2) At the time a removable windshield placard is issued to a person with a disability that limits or impairs the ability to walk, the registrar or deputy registrar shall enter into the records of the bureau of motor vehicles, the last date on which the person will have that disability, as indicated on the accompanying prescription. Not less than thirty days prior to that date and all removable windshield placard renewal dates, the bureau shall send a renewal notice to that person at the person's last known address as shown in the records of the bureau, informing the person that the person's removable windshield placard will expire on the indicated date not to exceed five years from the date of issuance, and that the person is required to renew the placard by submitting to the registrar or a deputy registrar another prescription, as described in division (B) of this section, and by complying with the renewal provisions prescribed in division (D)(1) of this section. If such a prescription is not received by the registrar or a deputy registrar by that date, the placard issued to that person expires and no longer is valid, and this fact shall be recorded in the records of the bureau.

(3) At least once every year, on a date determined by the registrar, the bureau shall examine the records of the office of vital statistics, located within the department of health, that pertain to deceased persons, and also the bureau's records of all persons who have been issued removable windshield placards and temporary removable windshield placards. If the
records of the office of vital statistics indicate that a person to whom a removable windshield placard or temporary removable windshield placard has been issued is deceased, the bureau shall cancel that placard, and note the cancellation in its records.

The office of vital statistics shall make available to the bureau all information necessary to enable the bureau to comply with division (D)(3) of this section.

(4) Nothing in this section shall be construed to require a person or organization to apply for a removable windshield placard or special license plates if the parking card or special license plates issued to the person or organization under prior law have not expired or been surrendered or revoked.

(E)(1)(a) Any person with a disability that limits or impairs the ability to walk may apply to the registrar or a deputy registrar for a temporary removable windshield placard. The application for a temporary removable windshield placard shall be accompanied by a prescription from the applicant's health care provider prescribing such a placard for the applicant, provided that the applicant meets at least one of the criteria contained in division (A)(1) of this section and that the disability is expected to continue for six consecutive months or less. The health care provider shall state on the prescription the length of time the health care provider expects the applicant to have the disability that limits or impairs the applicant's ability to walk, which cannot exceed six months from the date of the prescription. Upon receipt of an application for a temporary removable windshield placard, presentation of the prescription from the applicant's health care provider, and payment of a service fee equal to the amount specified in division (D) or (G) of section 4503.10 of the Revised Code, the registrar or deputy registrar shall issue to the applicant a temporary removable windshield placard.

(b) Any active-duty member of the armed forces of the United States, including the reserve components of the armed forces and the national guard, who has an illness or injury that limits or impairs the ability to walk may apply to the registrar or a deputy registrar for a temporary removable windshield placard. With the application, the person shall present evidence of the person's active-duty status and the illness or injury. Evidence of the illness or injury may include a current department of defense convalescent leave statement, any department of defense document indicating that the person currently has an ill or injured casualty status or has limited duties, or a prescription from any health care provider prescribing the placard for the applicant. Upon receipt of the application and the necessary evidence, the
registrar or deputy registrar shall issue the applicant the temporary removable windshield placard without the payment of any service fee.

(2) The temporary removable windshield placard shall be of the same size and form as the removable windshield placard, shall be printed in white on a red-colored background, and shall bear the word "temporary" in letters of such size as the registrar shall prescribe. A temporary removable windshield placard also shall bear the date of expiration on the front and back of the placard, and shall be valid until expired, surrendered, or revoked, but in no case shall such a placard be valid for a period of less than sixty days. The registrar shall provide the application form and shall determine the information to be included on it, provided that the registrar shall not require a health care provider's prescription or certification for a person applying under division (E)(1)(b) of this section. The registrar also shall determine the material of which the temporary removable windshield placard is to be made and any other information to be included on the placard and shall adopt rules relating to the issuance, expiration, surrender, revocation, and proper display of those placards. Any temporary removable windshield placard issued after October 14, 1999, shall be manufactured in a manner that allows for the expiration date of the placard to be indicated on it through the punching, drilling, boring, or creation by any other means of holes in the placard.

(F) If an applicant for a removable windshield placard is a veteran of the armed forces of the United States whose disability, as defined in division (A)(1) of this section, is service-connected, the registrar or deputy registrar, upon receipt of the application, presentation of a signed statement from the applicant's health care provider certifying the applicant's disability, and presentation of such documentary evidence from the department of veterans affairs that the disability of the applicant meets at least one of the criteria identified in division (A)(1) of this section and is service-connected as the registrar may require by rule, but without the payment of any service fee, shall issue the applicant a removable windshield placard that is valid until expired, surrendered, or revoked.

(G) Upon a conviction of a violation of division (I), (J), or (K) of this section, the court shall report the conviction, and send the placard or parking card, if available, to the registrar, who thereupon shall revoke the privilege of using the placard or parking card and send notice in writing to the placardholder or cardholder at that holder's last known address as shown in the records of the bureau, and the placardholder or cardholder shall return the placard or card if not previously surrendered to the court, to the registrar within ten days following mailing of the notice.
Whenever a person to whom a removable windshield placard or parking card has been issued moves to another state, the person shall surrender the placard or card to the registrar; and whenever an organization to which a placard or card has been issued changes its place of operation to another state, the organization shall surrender the placard or card to the registrar.

(H) Subject to division (F) of section 4511.69 of the Revised Code, the operator of a motor vehicle displaying a removable windshield placard, temporary removable windshield placard, parking card, or the special license plates authorized by this section is entitled to park the motor vehicle in any special parking location reserved for persons with disabilities that limit or impair the ability to walk, also known as handicapped parking spaces or disability parking spaces.

(I) No person or organization that is not eligible under division (B) or (E) of this section shall willfully and falsely represent that the person or organization is so eligible.

No person or organization shall display license plates issued under this section unless the license plates have been issued for the vehicle on which they are displayed and are valid.

(J) No person or organization to which a removable windshield placard or temporary removable windshield placard is issued shall do either of the following:

1) Display or permit the display of the placard on any motor vehicle when having reasonable cause to believe the motor vehicle is being used in connection with an activity that does not include providing transportation for persons with disabilities that limit or impair the ability to walk;

2) Refuse to return or surrender the placard, when required.

(K)(1) No person or organization to which a parking card is issued shall do either of the following:

(a) Display or permit the display of the parking card on any motor vehicle when having reasonable cause to believe the motor vehicle is being used in connection with an activity that does not include providing transportation for a handicapped person;

(b) Refuse to return or surrender the parking card, when required.

2) As used in division (K) of this section:

(a) "Handicapped person" means any person who has lost the use of one or both legs or one or both arms, who is blind, deaf, or so severely handicapped as to be unable to move about without the aid of crutches or a wheelchair, or whose mobility is restricted by a permanent cardiovascular, pulmonary, or other handicapping condition.

(b) "Organization" means any private organization or corporation, or
any governmental board, agency, department, division, or office, that, as part of its business or program, transports handicapped persons on a regular basis in a motor vehicle that has not been altered for the purposes of providing it with special equipment for use by handicapped persons.

(L) If a removable windshield placard, temporary removable windshield placard, or parking card is lost, destroyed, or mutilated, the placardholder or cardholder may obtain a duplicate by doing both of the following:

1. Furnishing suitable proof of the loss, destruction, or mutilation to the registrar;
2. Paying a service fee equal to the amount specified in division (D) or (G) of section 4503.10 of the Revised Code.

Any placardholder or cardholder who loses a placard or card and, after obtaining a duplicate, finds the original, immediately shall surrender the original placard or card to the registrar.

(M) The registrar shall pay all fees received under this section for the issuance of removable windshield placards or temporary removable windshield placards or duplicate removable windshield placards or cards into the state treasury to the credit of the state bureau of motor vehicles fund created in section 4501.25 of the Revised Code.

(N) In addition to the fees collected under this section, the registrar or deputy registrar shall ask each person applying for a removable windshield placard or temporary removable windshield placard or duplicate removable windshield placard or license plate issued under this section, whether the person wishes to make a two-dollar voluntary contribution to support rehabilitation employment services. The registrar shall transmit the contributions received under this division to the treasurer of state for deposit into the rehabilitation employment fund, which is hereby created in the state treasury. A deputy registrar shall transmit the contributions received under this division to the registrar in the time and manner prescribed by the registrar. The contributions in the fund shall be used by the rehabilitation services commission to purchase services related to vocational evaluation, work adjustment, personal adjustment, job placement, job coaching, and community-based assessment from accredited community rehabilitation program facilities.

(O) For purposes of enforcing this section, every peace officer is deemed to be an agent of the registrar. Any peace officer or any authorized employee of the bureau of motor vehicles who, in the performance of duties authorized by law, becomes aware of a person whose placard or parking card has been revoked pursuant to this section, may confiscate that placard or parking card and return it to the registrar. The registrar shall prescribe any
forms used by law enforcement agencies in administering this section.

No peace officer, law enforcement agency employing a peace officer, or political subdivision or governmental agency employing a peace officer, and no employee of the bureau is liable in a civil action for damages or loss to persons arising out of the performance of any duty required or authorized by this section. As used in this division, "peace officer" has the same meaning as in division (B) of section 2935.01 of the Revised Code.

((O)(P) All applications for registration of motor vehicles, removable windshield placards, and temporary removable windshield placards issued under this section, all renewal notices for such items, and all other publications issued by the bureau that relate to this section shall set forth the criminal penalties that may be imposed upon a person who violates any provision relating to special license plates issued under this section, the parking of vehicles displaying such license plates, and the issuance, procurement, use, and display of removable windshield placards and temporary removable windshield placards issued under this section.

((P)(Q) Whoever violates this section is guilty of a misdemeanor of the fourth degree.

Sec. 4503.548. (A) Any person who has been awarded the combat infantryman badge may apply to the registrar of motor vehicles for the registration of any passenger car, noncommercial motor vehicle, recreational vehicle, or other vehicle of a class approved by the registrar that the person owns or leases. The application shall be accompanied by such documentary evidence in support of the award as the registrar may require. The application may be combined with a request for a special reserved license plate under section 4503.40 or 4503.42 of the Revised Code.

Upon receipt of an application for registration of a motor vehicle under this section and the required taxes and fees, and upon presentation of the required supporting evidence of the award of the combat infantryman badge, the registrar shall issue to the applicant the appropriate motor vehicle registration and a set of license plates and a validation sticker, or a validation sticker alone when required by section 4503.191 of the Revised Code.

In addition to the letters and numbers ordinarily inscribed on license plates, the license plates shall be inscribed with the words "combat infantryman badge" and bear a reproduction of the combat infantryman badge. The license plates shall bear county identification stickers that identify the county of registration by name or number.

The license plates and a validation sticker or, when applicable, a validation sticker alone shall be issued upon payment of the regular license
tax required by section 4503.04 of the Revised Code, payment of any local motor vehicle license tax levied under Chapter 4504 of the Revised Code, payment of any applicable additional fee prescribed by section 4503.40 or 4503.42 of the Revised Code, and compliance with all other applicable laws relating to the registration of motor vehicles.

(B) No person who is not a recipient of the combat infantryman badge shall willfully and falsely represent that the person is a recipient of the combat infantryman badge for the purpose of obtaining license plates under this section. No person shall own a motor vehicle bearing license plates issued under this section unless the person is eligible to be issued those license plates.

(C) Sections 4503.77 and 4503.78 of the Revised Code do not apply to license plates issued under this section.

Sec. 4503.563. (A) The owner or lessee of any passenger car, noncommercial motor vehicle, recreational vehicle, or other vehicle of a class approved by the registrar of motor vehicles may apply to the registrar for the registration of the vehicle and issuance of Ohio nature preserves license plates. The application for Ohio nature preserves license plates may be combined with a request for a special reserved license plate under section 4503.40 or 4503.42 of the Revised Code. Upon receipt of the completed application and compliance with division (B) of this section, the registrar shall issue to the applicant the appropriate vehicle registration and a set of Ohio nature preserves license plates with a validation sticker or a validation sticker alone when required by section 4503.191 of the Revised Code.

In addition to the letters and numbers ordinarily inscribed thereon, Ohio nature preserves license plates shall be inscribed with identifying words or markings designed by the department of natural resources and approved by the registrar. Ohio nature preserves license plates shall bear county identification stickers that identify the county of registration by name or number.

(B) The Ohio nature preserves license plates and validation sticker shall be issued upon receipt of a contribution as provided in division (C) of this section and upon payment of the regular license fees as prescribed under section 4503.04 of the Revised Code, a bureau of motor vehicles administrative fee of ten dollars, any applicable motor vehicle tax levied under Chapter 4504 of the Revised Code, and compliance with all other applicable laws relating to the registration of motor vehicles. If the application for Ohio nature preserves license plates is combined with a request for a special reserved license plate under section 4503.40 or 4503.42 of the Revised Code, the license plates and validation sticker shall be issued
upon payment of the contribution, fees, and taxes contained in this division and the additional fee prescribed under section 4503.40 or 4503.42 of the Revised Code.

(C) For each application for registration and registration renewal submitted under this section, the registrar shall collect a contribution in an amount not to exceed forty dollars as determined by the department. The registrar shall transmit this contribution to the treasurer of state for deposit in the Ohio nature preserves fund created in section 4501.243 of the Revised Code.

The registrar shall deposit the ten-dollar bureau administrative fee, the purpose of which is to compensate the bureau for additional services required in issuing Ohio nature preserves license plates, in the state bureau of motor vehicles fund created in section 4501.25 of the Revised Code.

Sec. 4505.01. (A) As used in this chapter:
(1) "Lien" includes, unless the context requires a different meaning, a security interest in a motor vehicle.
(2) "Motor vehicle" includes manufactured homes, mobile homes, recreational vehicles, and trailers and semitrailers whose weight exceeds four thousand pounds.
(3) "Manufactured home" has the same meaning as section 3781.06 of the Revised Code.
(4) "Mobile home" has the same meaning as in section 4501.01 of the Revised Code.
(5) "Manufactured housing dealer," "manufactured housing broker," and "manufactured housing salesperson" have the same meanings as in section 4781.01 of the Revised Code.
(6) "Motor vehicle dealer" includes manufactured housing dealers.
(7) "Motor vehicle salesperson" includes manufactured housing salespersons.

(B) The various certificates, applications, and assignments necessary to provide certificates of title for manufactured homes, mobile homes, recreational vehicles, and trailers and semitrailers whose weight exceeds four thousand pounds, shall be made upon forms prescribed by the registrar of motor vehicles.

Sec. 4505.06. (A)(1) Application for a certificate of title shall be made in a form prescribed by the registrar of motor vehicles and shall be sworn to before a notary public or other officer empowered to administer oaths. The application shall be filed with the clerk of any court of common pleas. An application for a certificate of title may be filed electronically by any electronic means approved by the registrar in any county with the clerk of
the court of common pleas of that county. Any payments required by this chapter shall be considered as accompanying any electronically transmitted application when payment actually is received by the clerk. Payment of any fee or taxes may be made by electronic transfer of funds.

(2) The application for a certificate of title shall be accompanied by the fee prescribed in section 4505.09 of the Revised Code. The fee shall be retained by the clerk who issues the certificate of title and shall be distributed in accordance with that section. If a clerk of a court of common pleas, other than the clerk of the court of common pleas of an applicant's county of residence, issues a certificate of title to the applicant, the clerk shall transmit data related to the transaction to the automated title processing system.

(3) If a certificate of title previously has been issued for a motor vehicle in this state, the application for a certificate of title also shall be accompanied by that certificate of title duly assigned, unless otherwise provided in this chapter. If a certificate of title previously has not been issued for the motor vehicle in this state, the application, unless otherwise provided in this chapter, shall be accompanied by a manufacturer's or importer's certificate or by a certificate of title of another state from which the motor vehicle was brought into this state. If the application refers to a motor vehicle last previously registered in another state, the application also shall be accompanied by the physical inspection certificate required by section 4505.061 of the Revised Code. If the application is made by two persons regarding a motor vehicle in which they wish to establish joint ownership with right of survivorship, they may do so as provided in section 2131.12 of the Revised Code. If the applicant requests a designation of the motor vehicle in beneficiary form so that upon the death of the owner of the motor vehicle, ownership of the motor vehicle will pass to a designated transfer-on-death beneficiary or beneficiaries, the applicant may do so as provided in section 2131.13 of the Revised Code. A person who establishes ownership of a motor vehicle that is transferable on death in accordance with section 2131.13 of the Revised Code may terminate that type of ownership or change the designation of the transfer-on-death beneficiary or beneficiaries by applying for a certificate of title pursuant to this section. The clerk shall retain the evidence of title presented by the applicant and on which the certificate of title is issued, except that, if an application for a certificate of title is filed electronically by an electronic motor vehicle dealer on behalf of the purchaser of a motor vehicle, the clerk shall retain the completed electronic record to which the dealer converted the certificate of title application and other required documents. The registrar, after
consultation with the attorney general, shall adopt rules that govern the location at which, and the manner in which, are stored the actual application and all other documents relating to the sale of a motor vehicle when an electronic motor vehicle dealer files the application for a certificate of title electronically on behalf of the purchaser.

The clerk shall use reasonable diligence in ascertaining whether or not the facts in the application for a certificate of title are true by checking the application and documents accompanying it or the electronic record to which a dealer converted the application and accompanying documents with the records of motor vehicles in the clerk's office. If the clerk is satisfied that the applicant is the owner of the motor vehicle and that the application is in the proper form, the clerk, within five business days after the application is filed and except as provided in section 4505.021 of the Revised Code, shall issue a physical certificate of title over the clerk's signature and sealed with the clerk's seal, unless the applicant specifically requests the clerk not to issue a physical certificate of title and instead to issue an electronic certificate of title. For purposes of the transfer of a certificate of title, if the clerk is satisfied that the secured party has duly discharged a lien notation but has not canceled the lien notation with a clerk, the clerk may cancel the lien notation on the automated title processing system and notify the clerk of the county of origin.

(4) In the case of the sale of a motor vehicle to a general buyer or user by a dealer, by a motor vehicle leasing dealer selling the motor vehicle to the lessee or, in a case in which the leasing dealer subleased the motor vehicle, the sublessee, at the end of the lease agreement or sublease agreement, or by a manufactured home housing broker, the certificate of title shall be obtained in the name of the buyer by the dealer, leasing dealer, or manufactured home housing broker, as the case may be, upon application signed by the buyer. The certificate of title shall be issued, or the process of entering the certificate of title application information into the automated title processing system if a physical certificate of title is not to be issued shall be completed, within five business days after the application for title is filed with the clerk. If the buyer of the motor vehicle previously leased the motor vehicle and is buying the motor vehicle at the end of the lease pursuant to that lease, the certificate of title shall be obtained in the name of the buyer by the motor vehicle leasing dealer who previously leased the motor vehicle to the buyer or by the motor vehicle leasing dealer who subleased the motor vehicle to the buyer under a sublease agreement.

In all other cases, except as provided in section 4505.032 and division (D)(2) of section 4505.11 of the Revised Code, such certificates shall be
obtained by the buyer.

(5)(a)(i) If the certificate of title is being obtained in the name of the buyer by a motor vehicle dealer or motor vehicle leasing dealer and there is a security interest to be noted on the certificate of title, the dealer or leasing dealer shall submit the application for the certificate of title and payment of the applicable tax to a clerk within seven business days after the later of the delivery of the motor vehicle to the buyer or the date the dealer or leasing dealer obtains the manufacturer's or importer's certificate, or certificate of title issued in the name of the dealer or leasing dealer, for the motor vehicle. Submission of the application for the certificate of title and payment of the applicable tax within the required seven business days may be indicated by postmark or receipt by a clerk within that period.

(ii) Upon receipt of the certificate of title with the security interest noted on its face, the dealer or leasing dealer shall forward the certificate of title to the secured party at the location noted in the financing documents or otherwise specified by the secured party.

(iii) A motor vehicle dealer or motor vehicle leasing dealer is liable to a secured party for a late fee of ten dollars per day for each certificate of title application and payment of the applicable tax that is submitted to a clerk more than seven business days but less than twenty-one days after the later of the delivery of the motor vehicle to the buyer or the date the dealer or leasing dealer obtains the manufacturer's or importer's certificate, or certificate of title issued in the name of the dealer or leasing dealer, for the motor vehicle and, from then on, twenty-five dollars per day until the application and applicable tax are submitted to a clerk.

(b) In all cases of transfer of a motor vehicle except the transfer of a manufactured home or mobile home, the application for certificate of title shall be filed within thirty days after the assignment or delivery of the motor vehicle.

(c) An application for a certificate of title for a new manufactured home shall be filed within thirty days after the delivery of the new manufactured home to the purchaser. The date of the delivery shall be the date on which an occupancy permit for the manufactured home is delivered to the purchaser of the home by the appropriate legal authority.

(d) An application for a certificate of title for a used manufactured home or a used mobile home shall be filed as follows:

(i) If a certificate of title for the used manufactured home or used mobile home was issued to the motor vehicle dealer prior to the sale of the manufactured or mobile home to the purchaser, the application for certificate of title shall be filed within thirty days after the date on which an
occupancy permit for the manufactured or mobile home is delivered to the purchaser by the appropriate legal authority.

(ii) If the motor vehicle dealer has been designated by a secured party to display the manufactured or mobile home for sale, or to sell the manufactured or mobile home under section 4505.20 of the Revised Code, but the certificate of title has not been transferred by the secured party to the motor vehicle dealer, and the dealer has complied with the requirements of division (A) of section 4505.181 of the Revised Code, the application for certificate of title shall be filed within thirty days after the date on which the motor vehicle dealer obtains the certificate of title for the home from the secured party or the date on which an occupancy permit for the manufactured or mobile home is delivered to the purchaser by the appropriate legal authority, whichever occurs later.

(6) If an application for a certificate of title is not filed within the period specified in division (A)(5)(b), (c), or (d) of this section, the clerk shall collect a fee of five dollars for the issuance of the certificate, except that no such fee shall be required from a motor vehicle salvage dealer, as defined in division (A) of section 4738.01 of the Revised Code, who immediately surrenders the certificate of title for cancellation. The fee shall be in addition to all other fees established by this chapter, and shall be retained by the clerk. The registrar shall provide, on the certificate of title form prescribed by section 4505.07 of the Revised Code, language necessary to give evidence of the date on which the assignment or delivery of the motor vehicle was made.

(7) As used in division (A) of this section, "lease agreement," "lessee," and "sublease agreement" have the same meanings as in section 4505.04 of the Revised Code and "new manufactured home," "used manufactured home," and "used mobile home" have the same meanings as in section 5739.0210 of the Revised Code.

(B)(1) The clerk, except as provided in this section, shall refuse to accept for filing any application for a certificate of title and shall refuse to issue a certificate of title unless the dealer or manufactured home broker or the applicant, in cases in which the certificate shall be obtained by the buyer, submits with the application payment of the tax levied by or pursuant to Chapters 5739. and 5741. of the Revised Code based on the purchaser's county of residence. Upon payment of the tax in accordance with division (E) of this section, the clerk shall issue a receipt prescribed by the registrar and agreed upon by the tax commissioner showing payment of the tax or a receipt issued by the commissioner showing the payment of the tax. When submitting payment of the tax to the clerk, a dealer shall retain any discount
to which the dealer is entitled under section 5739.12 of the Revised Code.

(2) For receiving and disbursing such taxes paid to the clerk by a
resident of the clerk's county, the clerk may retain a poundage fee of one
and one one-hundredth per cent, and the clerk shall pay the poundage fee
into the certificate of title administration fund created by section 325.33 of
the Revised Code. The clerk shall not retain a poundage fee from payments
of taxes by persons who do not reside in the clerk's county.

A clerk, however, may retain from the taxes paid to the clerk an amount
equal to the poundage fees associated with certificates of title issued by
other clerks of courts of common pleas to applicants who reside in the first
clerk's county. The registrar, in consultation with the tax commissioner and
the clerks of the courts of common pleas, shall develop a report from the
automated title processing system that informs each clerk of the amount of
the poundage fees that the clerk is permitted to retain from those taxes
because of certificates of title issued by the clerks of other counties to
applicants who reside in the first clerk's county.

(3) In the case of casual sales of motor vehicles, as defined in section
4517.01 of the Revised Code, the price for the purpose of determining the
tax shall be the purchase price on the assigned certificate of title executed by
the seller and filed with the clerk by the buyer on a form to be prescribed by
the registrar, which shall be prima-facie evidence of the amount for the
determination of the tax.

(4) Each county clerk shall forward to the treasurer of state all sales and
use tax collections resulting from sales of motor vehicles, off-highway
motorcycles, and all-purpose vehicles during a calendar week on or before
the Friday following the close of that week. If, on any Friday, the offices of
the clerk of courts or the state are not open for business, the tax shall be
forwarded to the treasurer of state on or before the next day on which the
offices are open. Every remittance of tax under division (B)(4) of this
section shall be accompanied by a remittance report in such form as the tax
commissioner prescribes. Upon receipt of a tax remittance and remittance
report, the treasurer of state shall date stamp the report and forward it to the
tax commissioner. If the tax due for any week is not remitted by a clerk of
courts as required under division (B)(4) of this section, the commissioner
may require the clerk to forfeit the poundage fees for the sales made during
that week. The treasurer of state may require the clerks of courts to transmit
tax collections and remittance reports electronically.

(C)(1) If the transferor indicates on the certificate of title that the
odometer reflects mileage in excess of the designed mechanical limit of the
odometer, the clerk shall enter the phrase "exceeds mechanical limits"
following the mileage designation. If the transferor indicates on the
certificate of title that the odometer reading is not the actual mileage, the
clerk shall enter the phrase "nonactual: warning - odometer discrepancy"
following the mileage designation. The clerk shall use reasonable care in
transferring the information supplied by the transferor, but is not liable for
any errors or omissions of the clerk or those of the clerk's deputies in the
performance of the clerk's duties created by this chapter.

The registrar shall prescribe an affidavit in which the transferor shall
swear to the true selling price and, except as provided in this division, the
true odometer reading of the motor vehicle. The registrar may prescribe an
affidavit in which the seller and buyer provide information pertaining to the
odometer reading of the motor vehicle in addition to that required by this
section, as such information may be required by the United States secretary
of transportation by rule prescribed under authority of subchapter IV of the

(2) Division (C)(1) of this section does not require the giving of
information concerning the odometer and odometer reading of a motor
vehicle when ownership of a motor vehicle is being transferred as a result of
a bequest, under the laws of intestate succession, to a survivor pursuant to
section 2106.18, 2131.12, or 4505.10 of the Revised Code, to a
transfer-on-death beneficiary or beneficiaries pursuant to section 2131.13 of
the Revised Code, in connection with the creation of a security interest or
for a vehicle with a gross vehicle weight rating of more than sixteen
thousand pounds.

(D) When the transfer to the applicant was made in some other state or
in interstate commerce, the clerk, except as provided in this section, shall
refuse to issue any certificate of title unless the tax imposed by or pursuant
to Chapter 5741. of the Revised Code based on the purchaser's county of
residence has been paid as evidenced by a receipt issued by the tax
commissioner, or unless the applicant submits with the application payment
of the tax. Upon payment of the tax in accordance with division (E) of this
section, the clerk shall issue a receipt prescribed by the registrar and agreed
upon by the tax commissioner, showing payment of the tax.

For receiving and disbursing such taxes paid to the clerk by a resident of
the clerk's county, the clerk may retain a poundage fee of one and one
one-hundredth per cent. The clerk shall not retain a poundage fee from
payments of taxes by persons who do not reside in the clerk's county.

A clerk, however, may retain from the taxes paid to the clerk an amount
equal to the poundage fees associated with certificates of title issued by
other clerks of courts of common pleas to applicants who reside in the first clerk's county. The registrar, in consultation with the tax commissioner and the clerks of the courts of common pleas, shall develop a report from the automated title processing system that informs each clerk of the amount of the poundage fees that the clerk is permitted to retain from those taxes because of certificates of title issued by the clerks of other counties to applicants who reside in the first clerk's county.

When the vendor is not regularly engaged in the business of selling motor vehicles, the vendor shall not be required to purchase a vendor's license or make reports concerning those sales.

(E) The clerk shall accept any payment of a tax in cash, or by cashier's check, certified check, draft, money order, or teller check issued by any insured financial institution payable to the clerk and submitted with an application for a certificate of title under division (B) or (D) of this section. The clerk also may accept payment of the tax by corporate, business, or personal check, credit card, electronic transfer or wire transfer, debit card, or any other accepted form of payment made payable to the clerk. The clerk may require bonds, guarantees, or letters of credit to ensure the collection of corporate, business, or personal checks. Any service fee charged by a third party to a clerk for the use of any form of payment may be paid by the clerk from the certificate of title administration fund created in section 325.33 of the Revised Code, or may be assessed by the clerk upon the applicant as an additional fee. Upon collection, the additional fees shall be paid by the clerk into that certificate of title administration fund.

The clerk shall make a good faith effort to collect any payment of taxes due but not made because the payment was returned or dishonored, but the clerk is not personally liable for the payment of uncollected taxes or uncollected fees. The clerk shall notify the tax commissioner of any such payment of taxes that is due but not made and shall furnish the information to the commissioner that the commissioner requires. The clerk shall deduct the amount of taxes due but not paid from the clerk's periodic remittance of tax payments, in accordance with procedures agreed upon by the tax commissioner. The commissioner may collect taxes due by assessment in the manner provided in section 5739.13 of the Revised Code.

Any person who presents payment that is returned or dishonored for any reason is liable to the clerk for payment of a penalty over and above the amount of the taxes due. The clerk shall determine the amount of the penalty, and the penalty shall be no greater than that amount necessary to compensate the clerk for banking charges, legal fees, or other expenses incurred by the clerk in collecting the returned or dishonored payment. The
remedies and procedures provided in this section are in addition to any other available civil or criminal remedies. Subsequently collected penalties, poundage fees, and title fees, less any title fee due the state, from returned or dishonored payments collected by the clerk shall be paid into the certificate of title administration fund. Subsequently collected taxes, less poundage fees, shall be sent by the clerk to the treasurer of state at the next scheduled periodic remittance of tax payments, with information as the commissioner may require. The clerk may abate all or any part of any penalty assessed under this division.

(F) In the following cases, the clerk shall accept for filing an application and shall issue a certificate of title without requiring payment or evidence of payment of the tax:

1. When the purchaser is this state or any of its political subdivisions, a church, or an organization whose purchases are exempted by section 5739.02 of the Revised Code;
2. When the transaction in this state is not a retail sale as defined by section 5739.01 of the Revised Code;
3. When the purchase is outside this state or in interstate commerce and the purpose of the purchaser is not to use, store, or consume within the meaning of section 5741.01 of the Revised Code;
4. When the purchaser is the federal government;
5. When the motor vehicle was purchased outside this state for use outside this state;
6. When the motor vehicle is purchased by a nonresident under the circumstances described in division (B)(1) of section 5739.029 of the Revised Code, and upon presentation of a copy of the affidavit provided by that section, and a copy of the exemption certificate provided by section 5739.03 of the Revised Code.

(G) An application, as prescribed by the registrar and agreed to by the tax commissioner, shall be filled out and sworn to by the buyer of a motor vehicle in a casual sale. The application shall contain the following notice in bold lettering: "WARNING TO TRANSFEROR AND TRANSFEREE (SELLER AND BUYER): You are required by law to state the true selling price. A false statement is in violation of section 2921.13 of the Revised Code and is punishable by six months' imprisonment or a fine of up to one thousand dollars, or both. All transfers are audited by the department of taxation. The seller and buyer must provide any information requested by the department of taxation. The buyer may be assessed any additional tax found to be due."

(H) For sales of manufactured homes or mobile homes occurring on or
after January 1, 2000, the clerk shall accept for filing, pursuant to Chapter 5739. of the Revised Code, an application for a certificate of title for a manufactured home or mobile home without requiring payment of any tax pursuant to section 5739.02, 5741.021, 5741.022, or 5741.023 of the Revised Code, or a receipt issued by the tax commissioner showing payment of the tax. For sales of manufactured homes or mobile homes occurring on or after January 1, 2000, the applicant shall pay to the clerk an additional fee of five dollars for each certificate of title issued by the clerk for a manufactured or mobile home pursuant to division (H) of section 4505.11 of the Revised Code and for each certificate of title issued upon transfer of ownership of the home. The clerk shall credit the fee to the county certificate of title administration fund, and the fee shall be used to pay the expenses of archiving those certificates pursuant to division (A) of section 4505.08 and division (H)(3) of section 4505.11 of the Revised Code. The tax commissioner shall administer any tax on a manufactured or mobile home pursuant to Chapters 5739. and 5741. of the Revised Code.

(I) Every clerk shall have the capability to transact by electronic means all procedures and transactions relating to the issuance of motor vehicle certificates of title that are described in the Revised Code as being accomplished by electronic means.

Sec. 4505.062. Notwithstanding any general requirement in this chapter to the effect that an application for a certificate of title to a motor vehicle shall be "sworn to" or shall be "sworn to before a notary public or other officer empowered to administer oaths," that requirement shall apply only in the case of a transfer of a motor vehicle between parties in the course of a casual sale, as defined in sections 4517.01 and 4781.01 of the Revised Code.

Sec. 4505.09. (A)(1) The clerk of a court of common pleas shall charge and retain fees as follows:

(a) Five dollars for each certificate of title that is not applied for within thirty days after the later of the assignment or delivery of the motor vehicle described in it. The entire fee shall be retained by the clerk.

(b) Fifteen dollars for each certificate of title or duplicate certificate of title including the issuance of a memorandum certificate of title, or authorization to print a non-negotiable evidence of ownership described in division (G) of section 4505.08 of the Revised Code, non-negotiable evidence of ownership printed by the clerk under division (H) of that section, and notation of any lien on a certificate of title that is applied for at the same time as the certificate of title. The clerk shall retain eleven dollars and fifty cents of that fee for each certificate of title when there is a notation
of a lien or security interest on the certificate of title, twelve dollars and twenty-five cents when there is no lien or security interest noted on the certificate of title, and eleven dollars and fifty cents for each duplicate certificate of title.

(c) Five dollars for each certificate of title with no security interest noted that is issued to a licensed motor vehicle dealer for resale purposes. The clerk shall retain two dollars and twenty-five cents of that fee.

(d) Five dollars for each memorandum certificate of title or non-negotiable evidence of ownership that is applied for separately. The clerk shall retain that entire fee.

(2) The fees that are not retained by the clerk shall be paid to the registrar of motor vehicles by monthly returns, which shall be forwarded to the registrar not later than the fifth day of the month next succeeding that in which the certificate is issued or that in which the registrar is notified of a lien or cancellation of a lien.

(B)(1) The registrar shall pay twenty-five cents of the amount received for each certificate of title issued to a motor vehicle dealer for resale and one dollar for all other certificates of title issued with a lien or security interest noted on the certificate of title, and twenty-five cents for each certificate of title with no lien or security interest noted on the certificate of title into the state bureau of motor vehicles fund established in section 4501.25 of the Revised Code.

(2) Fifty cents of the amount received for each certificate of title shall be paid by the registrar as follows:

(a) Four cents shall be paid into the state treasury to the credit of the motor vehicle dealers board fund, which is hereby created. All investment earnings of the fund shall be credited to the fund. The moneys in the motor vehicle dealers board fund shall be used by the motor vehicle dealers board created under section 4517.30 of the Revised Code, together with other moneys appropriated to it, in the exercise of its powers and the performance of its duties under Chapter 4517. of the Revised Code, except that the director of budget and management may transfer excess money from the motor vehicle dealers board fund to the bureau of motor vehicles fund if the registrar determines that the amount of money in the motor vehicle dealers board fund, together with other moneys appropriated to the board, exceeds the amount required for the exercise of its powers and the performance of its duties under Chapter 4517. of the Revised Code and requests the director to make the transfer.

(b) Twenty-one cents shall be paid into the highway operating fund.

(c) Twenty-five cents shall be paid into the state treasury to the credit of
the motor vehicle sales audit fund, which is hereby created. The moneys in
the fund shall be used by the tax commissioner together with other funds
available to the commissioner to conduct a continuing investigation of sales
and use tax returns filed for motor vehicles in order to determine if sales and
use tax liability has been satisfied. The commissioner shall refer cases of
apparent violations of section 2921.13 of the Revised Code made in
connection with the titling or sale of a motor vehicle and cases of any other
apparent violations of the sales or use tax law to the appropriate county
prosecutor whenever the commissioner considers it advisable.

(3) Two dollars of the amount received by the registrar for each
certificate of title shall be paid into the state treasury to the credit of the
automated title processing fund, which is hereby created and which shall
consist of moneys collected under division (B)(3) of this section and under
sections 1548.10 and 4519.59 of the Revised Code. All investment earnings
of the fund shall be credited to the fund. The moneys in the fund shall be
used as follows:

(a) Except for moneys collected under section 1548.10 of the Revised
Code and as provided in division (B)(3)(c) of this section, moneys collected
under division (B)(3) of this section shall be used to implement and
maintain an automated title processing system for the issuance of motor
vehicle, off-highway motorcycle, and all-purpose vehicle certificates of title
in the offices of the clerks of the courts of common pleas.

(b) Moneys collected under section 1548.10 of the Revised Code shall
be used to issue marine certificates of title in the offices of the clerks of the

Sec. 4505.111. (A) Every motor vehicle, other than a manufactured home, a mobile home, or a motor vehicle as provided in divisions (C), (D), and (E) of section 4505.11 of the Revised Code, that is assembled from component parts by a person other than the manufacturer, shall be inspected by the state highway patrol prior to issuance of title to the motor vehicle. The inspection shall include establishing proof of ownership and an inspection of the motor number and vehicle identification number of the motor vehicle, and any items of equipment the director of public safety considers advisable and requires to be inspected by rule. A fee of forty dollars in fiscal year 1998 and fifty dollars in fiscal year 1999 and thereafter shall be assessed by the state highway patrol for each inspection made pursuant to this section, and shall be deposited in the state highway safety fund established by section 4501.06 of the Revised Code.

(B) Whoever violates this section shall be fined not more than two thousand dollars, imprisoned not more than one year, or both.

Sec. 4505.181. (A) Notwithstanding divisions (A)(2), (5), and (6) of section 4505.18 of the Revised Code, a motor vehicle dealer or person acting on behalf of a motor vehicle dealer may display, offer for sale, or sell a used motor vehicle and a manufactured housing dealer or person acting on
behalf of a manufactured housing dealer may display, offer for sale, or sell a used manufactured home or used mobile home without having first obtained a certificate of title for the vehicle in the name of the dealer as required by this chapter if the dealer or person acting on behalf of the dealer complies with divisions (A)(1)(a) and (2) of this section, or divisions (A)(1)(b) and (2) of this section, as follows:

(1)(a) If the dealer has been licensed as a motor vehicle dealer or manufactured housing dealer for less than the three-year period prior to the date on which the dealer or person acting on behalf of the dealer displays, offers for sale, or sells the used motor vehicle for which the dealer has not obtained a certificate of title in the name of the dealer, or if the attorney general has paid a retail purchaser of the dealer under division (C) of this section within three years prior to such date, the dealer posts with the attorney general's office in favor of this state a bond of a surety company authorized to do business in this state, in an amount of not less than twenty-five thousand dollars, to be used solely for the purpose of compensating retail purchasers of motor vehicles, manufactured homes, or mobile homes who suffer damages due to failure of the dealer or person acting on behalf of the dealer to comply with this section. The dealer's surety shall notify the registrar and attorney general when a bond of a motor vehicle dealer is canceled and shall notify the manufactured homes commission and the attorney general when a bond of a manufactured housing dealer is canceled. Such notification of cancellation shall include the effective date of and reason for cancellation.

(b) If the dealer has been licensed as a motor vehicle dealer or manufactured housing dealer for longer than the three-year period prior to the date on which the dealer or person acting on behalf of the dealer displays, offers for sale, or sells the used motor vehicle, used manufactured home, or used mobile home for which the dealer has not obtained a certificate of title in the name of the dealer and the attorney general has not paid a retail purchaser of the dealer under division (C) of this section within three years prior to such date, the dealer pays one hundred fifty dollars to the attorney general for deposit into the title defect recision fund created by section 1345.52 of the Revised Code.

(2) The dealer or person acting on behalf of the dealer possesses a bill of sale for each motor vehicle, used manufactured home, and used mobile home proposed to be displayed, offered for sale, or sold under this section and a properly executed power of attorney or other related documents from the prior owner of the motor vehicle, manufactured home, or mobile home giving the dealer or person acting on behalf of the dealer authority to have a
certificate of title to the motor vehicle, manufactured home, or mobile home
issued in the name of the dealer, and retains copies of all such documents in
the dealer's or person's files until such time as a certificate of title in the
dealer's name is issued for each such motor vehicle, manufactured home, or
mobile home by the clerk of the court of common pleas. Such documents
shall be available for inspection by the bureau of motor vehicles and the
manufactured homes commission during normal business hours.

(B) If a retail purchaser purchases a motor vehicle, used manufactured
home, or used mobile home for which the dealer, pursuant to and in
accordance with division (A) of this section, does not have a certificate of
title issued in the name of the dealer at the time of the sale, the retail
purchaser has an unconditional right to rescind the transaction and the dealer
has an obligation to refund to the retail purchaser the full purchase price of
the vehicle, if one of the following applies:

(1) The dealer fails, on or before the fortieth day following the date of
the sale, to obtain a title in the name of the retail purchaser.

(2) The title for the vehicle indicates that it is a rebuilt salvage vehicle,
and the fact that it is a rebuilt salvage vehicle was not disclosed to the retail
purchaser in writing prior to the execution of the purchase agreement.

(3) The title for the vehicle indicates that the dealer has made an
inaccurate odometer disclosure to the retail purchaser.

(4) The motor vehicle is a used manufactured home or used mobile
home, as defined by section 5739.021 of the Revised Code, that has been
repossessed under Chapter 1309. or 1317. of the Revised Code, but a
certificate of title for the repossessed home has not yet been transferred by
the repossessing party to the dealer on the date the retail purchaser
purchases the used manufactured home or used mobile home from the
dealer, and the dealer fails to obtain a certificate of title on or before the
fortieth day after the dealer obtains the certificate of title for the home from
the repossessing party or the date on which an occupancy permit for the
home is delivered to the purchaser by the appropriate legal authority,
whichever occurs later.

If any of the circumstances described in divisions (B)(1) to (4) of this
section applies, a retail purchaser or the retail purchaser's representative
shall notify the dealer and afford the dealer the opportunity to comply with
the dealer's obligation to refund the full purchase price of the motor vehicle.
Nothing in this division shall be construed as prohibiting the dealer and the
retail purchaser or their representatives from negotiating a compromise
resolution that is satisfactory to both parties.

(C) If a retail purchaser notifies a dealer of one or more of the
circumstances listed in division (B) of this section and the dealer fails to refund to the retail purchaser the full purchase price of the vehicle or reach a satisfactory compromise with the retail purchaser within three business days of presentation of the retail purchaser’s recision claim, the retail purchaser may apply to the attorney general for payment from the fund of the full purchase price to the retail purchaser.

(D) Upon application by a retail purchaser for payment from the fund, if the attorney general is satisfied that one or more of the circumstances contained in divisions (B)(1) to (3)(4) of this section exist, the attorney general shall cause the full purchase price of the vehicle, manufactured home, or mobile home to be paid to the retail purchaser from the fund after delivery of the vehicle, manufactured home, or mobile home to the attorney general. The attorney general may sell or otherwise dispose of any vehicle, manufactured home, or mobile home that is delivered to the attorney general under this section, and may collect the proceeds of any bond posted under division (A) of this section by a dealer who has failed to comply with division (C) of this section. The proceeds from all such sales and collections shall be deposited into the title defect recision fund for use as specified in section 1345.52 of the Revised Code.

(E) Failure by a dealer to comply with division (A) or (B) of this section constitutes a deceptive act or practice in connection with a consumer transaction, and is a violation of section 1345.02 of the Revised Code.

(F) The remedy provided in this section to retail purchasers is in addition to any remedies otherwise available to the retail purchaser for the same conduct of the dealer or person acting on behalf of the dealer under federal law or the laws of this state or a political subdivision of this state.

(G) All motor vehicle dealers licensed under Chapter 4517. of the Revised Code and manufactured housing dealers licensed under Chapter 4781. of the Revised Code shall pay to the attorney general for deposit into the title defect recision fund the amount described in division (A)(1)(b) of this section beginning with the calendar year during which this section becomes effective and each year subsequent to that year until the balance in the fund is not less than three hundred thousand dollars. All such dealers also shall pay to the attorney general for deposit into the fund that amount during any year and subsequent years during which the balance in the fund is less than three hundred thousand dollars until the balance in the fund reaches three hundred thousand dollars.

If a motor vehicle dealer or manufactured housing dealer fails to comply with this division, the attorney general may bring a civil action in a court of competent jurisdiction to collect the amount the dealer failed to pay to the
attorney general for deposit into the fund.

Sec. 4505.20. (A) Notwithstanding division (A)(2) of section 4505.18 of the Revised Code or any other provision of this chapter or Chapter 4517 of the Revised Code, a secured party may designate any a manufactured housing dealer to display, display for sale, or sell a manufactured or mobile home if the home has come into the possession of that secured party by a default in the terms of a security instrument and the certificate of title remains in the name and possession of the secured party.

(B) Notwithstanding division (A)(2) of section 4505.18 of the Revised Code or any other provision of this chapter or Chapter 4517 of the Revised Code, the owner of a recreational vehicle or a secured party of a recreational vehicle who has come into possession of the vehicle by a default in the terms of a security instrument, may designate any a new motor vehicle dealer to display, display for sale, or sell the vehicle while the certificate of title remains in the possession of the owner or secured party. No new motor vehicle dealer may display or offer for sale more than five recreational vehicles at any time under this division. No new motor vehicle dealer may display or offer for sale a recreational vehicle under this division unless the new motor vehicle dealer maintains insurance or the bond of a surety company authorized to transact business within this state in an amount sufficient to satisfy the fair market value of the vehicle.

(C) The registrar of motor vehicles may adopt rules in accordance with Chapter 119 of the Revised Code prescribing the maximum number of manufactured or mobile homes that have come into the possession of a secured party by a default in the terms of a security instrument that any dealer may display or offer for sale at any time. The registrar may adopt other reasonable rules regarding the resale of such manufactured homes, mobile homes, and recreational vehicles that the registrar considers necessary.

(D) The manufactured housing dealer or new motor vehicle secured party or owner shall provide the dealer with written authorization to display, display for sale, or sell the manufactured home, mobile home, or recreational vehicle. The manufactured housing dealer or new motor vehicle dealer shall show and explain the written authorization to any prospective purchaser. The written authorization shall contain the vehicle identification number, make, model, year of manufacture, and physical description of the manufactured home, mobile home, or recreational vehicle that is provided to the manufactured housing dealer or new motor vehicle dealer.

(E) As used in this section, "dealer" means a new motor vehicle dealer that is licensed under Chapter 4517 of the Revised Code.
Whoever violates this section shall be fined not more than two hundred dollars, imprisoned not more than ninety days, or both.

Sec. 4507.02. (A)(1) No person shall permit the operation of a motor vehicle upon any public or private property used by the public for purposes of vehicular travel or parking knowing the operator does not have a valid driver's license issued to the operator by the registrar of motor vehicles under this chapter or a valid commercial driver's license issued under Chapter 4506. of the Revised Code. Whoever violates this division is guilty of an unclassified misdemeanor of the first degree. The offender may be fined up to one thousand dollars and pursuant to division (B) of section 2929.27 of the Revised Code additionally may be ordered to serve a term of community service of up to five hundred hours. If the offender previously was convicted of or pleaded guilty to two or more violations of division (B) of this section or a substantially equivalent municipal ordinance within the past three years, the offense is a misdemeanor of the first degree.

(2) No person shall receive a driver's license, or a motorcycle operator's endorsement of a driver's or commercial driver's license, unless and until the person surrenders to the registrar all valid licenses issued to the person by another jurisdiction recognized by this state. The registrar shall report the surrender of a license to the issuing authority, together with information that a license is now issued in this state. The registrar shall destroy any such license that is not returned to the issuing authority. No person shall be permitted to have more than one valid license at any time.

(B)(1) If a person is convicted of a violation of section 4510.11, 4510.14, 4510.16 when division (B)(3) of that section applies, or 4510.21 of the Revised Code or if division (F) of section 4507.164 of the Revised Code applies, the trial judge of any court, in addition to or independent of any other penalties provided by law or ordinance, shall impound the identification license plates of any motor vehicle registered in the name of the person. If a person is convicted of a violation of section 4510.16 of the Revised Code and division (B)(2) of that section applies, the trial judge of any court, in addition to or independent of any other penalties provided by law or ordinance, may impound the identification license plates of any motor vehicle registered in the name of the person. The court shall send the impounded license plates to the registrar, who may retain the license plates until the driver's or commercial driver's license of the owner has been reinstated or destroy them pursuant to section 4503.232 of the Revised Code.

If the license plates of a person convicted of a violation of any provision of those sections have been impounded in accordance with the provisions of
this division, the court shall notify the registrar of that action. The notice shall contain the name and address of the driver, the serial number of the driver's driver's or commercial driver's license, the serial numbers of the license plates of the motor vehicle, and the length of time for which the license plates have been impounded. The registrar shall record the data in the notice as part of the driver's permanent record.

(2) Any motor vehicle owner who has had the license plates of a motor vehicle impounded pursuant to division (B)(1) of this section may apply to the registrar, or to a deputy registrar, for restricted license plates that shall conform to the requirements of section 4503.231 of the Revised Code. The registrar or deputy registrar forthwith shall notify the court of the application and, upon approval of the court, shall issue restricted license plates to the applicant. Until the driver's or commercial driver's license of the owner is reinstated, any new license plates issued to the owner also shall conform to the requirements of section 4503.231 of the Revised Code.

The registrar or deputy registrar shall charge the owner of a vehicle the fees provided in section 4503.19 of the Revised Code for restricted license plates that are issued in accordance with this division, except upon renewal as specified in section 4503.10 of the Revised Code, when the regular fee as provided in section 4503.04 of the Revised Code shall be charged. The registrar or deputy registrar shall charge the owner of a vehicle the fees provided in section 4503.19 of the Revised Code whenever restricted license plates are exchanged, by reason of the reinstatement of the driver's or commercial driver's license of the owner, for those ordinarily issued.

(3) If an owner wishes to sell a motor vehicle during the time the restricted license plates provided under division (B)(2) of this section are in use, the owner may apply to the court that impounded the license plates of the motor vehicle for permission to transfer title to the motor vehicle. If the court is satisfied that the sale will be made in good faith and not for the purpose of circumventing the provisions of this section, it may certify its consent to the owner and to the registrar of motor vehicles who shall enter notice of the transfer of the title of the motor vehicle in the vehicle registration record.

If, during the time the restricted license plates provided under division (B)(2) of this section are in use, the title to a motor vehicle is transferred by the foreclosure of a chattel mortgage, a sale upon execution, the cancellation of a conditional sales contract, or by order of a court, the court shall notify the registrar of the action and the registrar shall enter notice of the transfer of the title to the motor vehicle in the vehicle registration record.

(C) This section is not intended to change or modify any provision of
Chapter 4503. of the Revised Code with respect to the taxation of motor vehicles or the time within which the taxes on motor vehicles shall be paid.

Every person on active duty in the armed forces of the United States or in service with the peace corps, volunteers in service to America, or the foreign service of the United States is exempt from the license requirements of those chapters for the period of the person's active duty or service and for six months thereafter, provided the person was a licensee under those chapters at the time the person commenced his active duty or service. The spouse or a dependent of any such person on active duty or in service also is exempt from the license requirements of those chapters for the period of the person's active duty or service and for six months thereafter, provided the person's active duty or service causes the spouse or dependent to relocate outside of this state during the period of the active duty or service.

This section does not prevent such a person or his spouse or dependent from making an application, as provided in division (C) of section 4507.10 of the Revised Code, for the renewal of a driver's license or motorcycle operator's endorsement or as provided in section 4506.14 of the...

The court may grant limited driving privileges to the person only if the person presents proof of financial responsibility and has complied with division (A)(5) of this section, and no court may grant limited driving privileges for the first fifteen days of the suspension.

(c) If, within five years of the violation, the person's operating privileges
are suspended and the person's license is impounded two or more times for a violation of division (A)(1) of this section, a class B suspension of the person's driver's license, commercial driver's license, temporary instruction permit, probationary license, or nonresident operating privilege for the period of time specified in division (B)(2) of section 4510.02 of the Revised Code. No court may grant limited driving privileges during the suspension.

(d) In addition to the suspension of an owner's license under division (A)(2)(a), (b), or (c) of this section, the suspension of the rights of the owner to register the motor vehicle and the impoundment of the owner's certificate of registration and license plates until the owner complies with division (A)(5) of this section.

(3) A person to whom this state has issued a certificate of registration for a motor vehicle or a license to operate a motor vehicle or who is determined to have operated any motor vehicle or permitted the operation in this state of a motor vehicle owned by the person shall be required to verify the existence of proof of financial responsibility covering the operation of the motor vehicle or the person's operation of the motor vehicle under any of the following circumstances:

(a) The person or a motor vehicle owned by the person is involved in a traffic accident that requires the filing of an accident report under section 4509.06 of the Revised Code.

(b) The person receives a traffic ticket indicating that proof of the maintenance of financial responsibility was not produced upon the request of a peace officer or state highway patrol trooper made in accordance with division (D)(2) of this section.

(c) Whenever, in accordance with rules adopted by the registrar, the person is randomly selected by the registrar and requested to provide such verification.

(4) An order of the registrar that suspends and impounds a license or registration, or both, shall state the date on or before which the person is required to surrender the person's license or certificate of registration and license plates. The person is deemed to have surrendered the license or certificate of registration and license plates, in compliance with the order, if the person does either of the following:

(a) On or before the date specified in the order, personally delivers the license or certificate of registration and license plates, or causes the delivery of the items, to the registrar;

(b) Mails the license or certificate of registration and license plates to the registrar in an envelope or container bearing a postmark showing a date no later than the date specified in the order.
(5) Except as provided in division (A)(6) or (L) of this section, the registrar shall not restore any operating privileges or registration rights suspended under this section, return any license, certificate of registration, or license plates impounded under this section, or reissue license plates under section 4503.232 of the Revised Code, if the registrar destroyed the impounded license plates under that section, or reissue a license under section 4510.52 of the Revised Code, if the registrar destroyed the suspended license under that section, unless the rights are not subject to suspension or revocation under any other law and unless the person, in addition to complying with all other conditions required by law for reinstatement of the operating privileges or registration rights, complies with all of the following:

(a) Pays a financial responsibility reinstatement fee of seventy-five one hundred dollars for the first violation of division (A)(1) of this section, two three hundred fifty dollars for a second violation of that division, and five six hundred dollars for a third or subsequent violation of that division;

(b) If the person has not voluntarily surrendered the license, certificate, or license plates in compliance with the order, pays a financial responsibility nonvoluntary compliance fee in an amount, not to exceed fifty dollars, determined by the registrar;

(c) Files and continuously maintains proof of financial responsibility under sections 4509.44 to 4509.65 of the Revised Code.

(6) If the registrar issues an order under division (A)(2) of this section resulting from the failure of a person to respond to a financial responsibility random verification request under division (A)(3)(c) of this section and the person successfully maintains an affirmative defense to a violation of section 4510.16 of the Revised Code or is determined by the registrar or a deputy registrar to have been in compliance with division (A)(1) of this section at the time of the initial financial responsibility random verification request, the registrar shall do both of the following:

(a) Terminate the order of suspension or impoundment;

(b) Restore the operating privileges and registration rights of the person without payment of the fees established in divisions (A)(5)(a) and (b) of this section and without a requirement to file proof of financial responsibility.

(B)(1) Every party required to file an accident report under section 4509.06 of the Revised Code also shall include with the report a document described in division (G)(1) of this section.

If the registrar determines, within forty-five days after the report is filed, that an operator or owner has violated division (A)(1) of this section, the registrar shall do all of the following:
(a) Order the impoundment, with respect to the motor vehicle involved, required under division (A)(2)(d) of this section, of the certificate of registration and license plates of any owner who has violated division (A)(1) of this section;

(b) Order the suspension required under division (A)(2)(a), (b), or (c) of this section of the license of any operator or owner who has violated division (A)(1) of this section;

(c) Record the name and address of the person whose certificate of registration and license plates have been impounded or are under an order of impoundment, or whose license has been suspended or is under an order of suspension; the serial number of the person's license; the serial numbers of the person's certificate of registration and license plates; and the person's social security account number, if assigned, or, where the motor vehicle is used for hire or principally in connection with any established business, the person's federal taxpayer identification number. The information shall be recorded in such a manner that it becomes a part of the person's permanent record, and assists the registrar in monitoring compliance with the orders of suspension or impoundment.

(d) Send written notification to every person to whom the order pertains, at the person's last known address as shown on the records of the bureau. The person, within ten days after the date of the mailing of the notification, shall surrender to the registrar, in a manner set forth in division (A)(4) of this section, any certificate of registration and registration plates under an order of impoundment, or any license under an order of suspension.

(2) The registrar shall issue any order under division (B)(1) of this section without a hearing. Any person adversely affected by the order, within ten days after the issuance of the order, may request an administrative hearing before the registrar, who shall provide the person with an opportunity for a hearing in accordance with this paragraph. A request for a hearing does not operate as a suspension of the order. The scope of the hearing shall be limited to whether the person in fact demonstrated to the registrar proof of financial responsibility in accordance with this section. The registrar shall determine the date, time, and place of any hearing, provided that the hearing shall be held, and an order issued or findings made, within thirty days after the registrar receives a request for a hearing. If requested by the person in writing, the registrar may designate as the place of hearing the county seat of the county in which the person resides or a place within fifty miles of the person's residence. The person shall pay the cost of the hearing before the registrar, if the registrar's order of suspension or impoundment is upheld.
(C) Any order of suspension or impoundment issued under this section or division (B) of section 4509.37 of the Revised Code may be terminated at any time if the registrar determines upon a showing of proof of financial responsibility that the operator or owner of the motor vehicle was in compliance with division (A)(1) of this section at the time of the traffic offense, motor vehicle inspection, or accident that resulted in the order against the person. A determination may be made without a hearing. This division does not apply unless the person shows good cause for the person's failure to present satisfactory proof of financial responsibility to the registrar prior to the issuance of the order.

(D)(1) For the purpose of enforcing this section, every peace officer is deemed an agent of the registrar.

(a) Except as provided in division (D)(1)(b) of this section, any peace officer who, in the performance of the peace officer's duties as authorized by law, becomes aware of a person whose license is under an order of suspension, or whose certificate of registration and license plates are under an order of impoundment, pursuant to this section, may confiscate the license, certificate of registration, and license plates, and return them to the registrar.

(b) Any peace officer who, in the performance of the peace officer's duties as authorized by law, becomes aware of a person whose license is under an order of suspension, or whose certificate of registration and license plates are under an order of impoundment resulting from failure to respond to a financial responsibility random verification, shall not, for that reason, arrest the owner or operator or seize the vehicle or license plates. Instead, the peace officer shall issue a citation for a violation of section 4510.16 of the Revised Code specifying the circumstances as failure to respond to a financial responsibility random verification.

(2) A peace officer shall request the owner or operator of a motor vehicle to produce proof of financial responsibility in a manner described in division (G) of this section at the time the peace officer acts to enforce the traffic laws of this state and during motor vehicle inspections conducted pursuant to section 4513.02 of the Revised Code.

(3) A peace officer shall indicate on every traffic ticket whether the person receiving the traffic ticket produced proof of the maintenance of financial responsibility in response to the officer's request under division (D)(2) of this section. The peace officer shall inform every person who receives a traffic ticket and who has failed to produce proof of the maintenance of financial responsibility that the person must submit proof to the traffic violations bureau with any payment of a fine and costs for the
ticketed violation or, if the person is to appear in court for the violation, the person must submit proof to the court.

(4)(a) If a person who has failed to produce proof of the maintenance of financial responsibility appears in court for a ticketed violation, the court may permit the defendant to present evidence of proof of financial responsibility to the court at such time and in such manner as the court determines to be necessary or appropriate. In a manner prescribed by the registrar, the clerk of courts shall provide the registrar with the identity of any person who fails to submit proof of the maintenance of financial responsibility pursuant to division (D)(3) of this section.

(b) If a person who has failed to produce proof of the maintenance of financial responsibility also fails to submit that proof to the traffic violations bureau with payment of a fine and costs for the ticketed violation, the traffic violations bureau, in a manner prescribed by the registrar, shall notify the registrar of the identity of that person.

(5)(a) Upon receiving notice from a clerk of courts or traffic violations bureau pursuant to division (D)(4) of this section, the registrar shall order the suspension of the license of the person required under division (A)(2)(a), (b), or (c) of this section and the impoundment of the person's certificate of registration and license plates required under division (A)(2)(d) of this section, effective thirty days after the date of the mailing of notification. The registrar also shall notify the person that the person must present the registrar with proof of financial responsibility in accordance with this section, surrender the person's certificate of registration, license plates, and license, or submit a statement subject to section 2921.13 of the Revised Code that the person did not operate or permit the operation of the motor vehicle at the time of the offense. Notification shall be in writing and shall be sent to the person at the person's last known address as shown on the records of the bureau of motor vehicles. The person, within fifteen days after the date of the mailing of notification, shall present proof of financial responsibility, surrender the certificate of registration, license plates, and license to the registrar in a manner set forth in division (A)(4) of this section, or submit the statement required under this section together with other information the person considers appropriate.

If the registrar does not receive proof or the person does not surrender the certificate of registration, license plates, and license, in accordance with this division, the registrar shall permit the order for the suspension of the license of the person and the impoundment of the person's certificate of registration and license plates to take effect.

(b) In the case of a person who presents, within the fifteen-day period,
documents to show proof of financial responsibility, the registrar shall terminate the order of suspension and the impoundment of the registration and license plates required under division (A)(2)(d) of this section and shall send written notification to the person, at the person's last known address as shown on the records of the bureau.

(c) Any person adversely affected by the order of the registrar under division (D)(5)(a) or (b) of this section, within ten days after the issuance of the order, may request an administrative hearing before the registrar, who shall provide the person with an opportunity for a hearing in accordance with this paragraph. A request for a hearing does not operate as a suspension of the order. The scope of the hearing shall be limited to whether, at the time of the hearing, the person presents proof of financial responsibility covering the vehicle and whether the person is eligible for an exemption in accordance with this section or any rule adopted under it. The registrar shall determine the date, time, and place of any hearing; provided, that the hearing shall be held, and an order issued or findings made, within thirty days after the registrar receives a request for a hearing. If requested by the person in writing, the registrar may designate as the place of hearing the county seat of the county in which the person resides or a place within fifty miles of the person's residence. Such person shall pay the cost of the hearing before the registrar, if the registrar's order of suspension or impoundment under division (D)(5)(a) or (b) of this section is upheld.

(6) A peace officer may charge an owner or operator of a motor vehicle with a violation of section 4510.16 of the Revised Code when the owner or operator fails to show proof of the maintenance of financial responsibility pursuant to a peace officer's request under division (D)(2) of this section, if a check of the owner or operator's driving record indicates that the owner or operator, at the time of the operation of the motor vehicle, is required to file and maintain proof of financial responsibility under section 4509.45 of the Revised Code for a previous violation of this chapter.

(7) Any forms used by law enforcement agencies in administering this section shall be prescribed, supplied, and paid for by the registrar.

(8) No peace officer, law enforcement agency employing a peace officer, or political subdivision or governmental agency that employs a peace officer shall be liable in a civil action for damages or loss to persons arising out of the performance of any duty required or authorized by this section.

(9) As used in this division and divisions (E) and (G) of this section, "peace officer" has the meaning set forth in section 2935.01 of the Revised Code.
(E) All fees, except court costs and those portions of the financial responsibility reinstatement fees as otherwise specified in this division, collected under this section shall be paid into the state treasury to the credit of the financial responsibility compliance fund. The financial responsibility compliance fund shall be used exclusively to cover costs incurred by the bureau in the administration of this section and sections 4503.20, 4507.212, and 4509.81 of the Revised Code, and by any law enforcement agency employing any peace officer who returns any license, certificate of registration, and license plates to the registrar pursuant to division (C) of this section, except that the director of budget and management may transfer excess money from the financial responsibility compliance fund to the state bureau of motor vehicles fund if the registrar determines that the amount of money in the financial responsibility compliance fund exceeds the amount required to cover such costs incurred by the bureau or a law enforcement agency and requests the director to make the transfer.

Of each financial responsibility reinstatement fee the registrar collects pursuant to division (A)(5)(a) of this section, the registrar shall deposit twenty-five dollars of each one-hundred-dollar reinstatement fee, fifty dollars of each three-hundred-dollar reinstatement fee, and one hundred dollars of each six-hundred-dollar reinstatement fee into the state treasury to the credit of the indigent defense support fund created by section 120.08 of the Revised Code.

All investment earnings of the financial responsibility compliance fund shall be credited to the fund.

(F) Chapter 119. of the Revised Code applies to this section only to the extent that any provision in that chapter is not clearly inconsistent with this section.

(G)(1) The registrar, court, traffic violations bureau, or peace officer may require proof of financial responsibility to be demonstrated by use of a standard form prescribed by the registrar. If the use of a standard form is not required, a person may demonstrate proof of financial responsibility under this section by presenting to the traffic violations bureau, court, registrar, or peace officer any of the following documents or a copy of the documents:

(a) A financial responsibility identification card as provided in section 4509.103 of the Revised Code;

(b) A certificate of proof of financial responsibility on a form provided and approved by the registrar for the filing of an accident report required to be filed under section 4509.06 of the Revised Code;

(c) A policy of liability insurance, a declaration page of a policy of liability insurance, or liability bond, if the policy or bond complies with
section 4509.20 or sections 4509.49 to 4509.61 of the Revised Code;
(d) A bond or certification of the issuance of a bond as provided in section 4509.59 of the Revised Code;
(e) A certificate of deposit of money or securities as provided in section 4509.62 of the Revised Code;
(f) A certificate of self-insurance as provided in section 4509.72 of the Revised Code.

(2) If a person fails to demonstrate proof of financial responsibility in a manner described in division (G)(1) of this section, the person may demonstrate proof of financial responsibility under this section by any other method that the court or the bureau, by reason of circumstances in a particular case, may consider appropriate.

(3) A motor carrier certificated by the interstate commerce commission or by the public utilities commission may demonstrate proof of financial responsibility by providing a statement designating the motor carrier’s operating authority and averring that the insurance coverage required by the certificating authority is in full force and effect.

(4) (a) A finding by the registrar or court that a person is covered by proof of financial responsibility in the form of an insurance policy or surety bond is not binding upon the named insurer or surety or any of its officers, employees, agents, or representatives and has no legal effect except for the purpose of administering this section.
(b) The preparation and delivery of a financial responsibility identification card or any other document authorized to be used as proof of financial responsibility under this division does not do any of the following:
   (i) Create any liability or estoppel against an insurer or surety, or any of its officers, employees, agents, or representatives;
   (ii) Constitute an admission of the existence of, or of any liability or coverage under, any policy or bond;
   (iii) Waive any defenses or counterclaims available to an insurer, surety, agent, employee, or representative in an action commenced by an insured or third-party claimant upon a cause of action alleged to have arisen under an insurance policy or surety bond or by reason of the preparation and delivery of a document for use as proof of financial responsibility.
(c) Whenever it is determined by a final judgment in a judicial proceeding that an insurer or surety, which has been named on a document accepted by a court or the registrar as proof of financial responsibility covering the operation of a motor vehicle at the time of an accident or offense, is not liable to pay a judgment for injuries or damages resulting from such operation, the registrar, notwithstanding any previous contrary
finding, shall forthwith suspend the operating privileges and registration rights of the person against whom the judgment was rendered as provided in division (A)(2) of this section.

(H) In order for any document described in division (G)(1)(b) of this section to be used for the demonstration of proof of financial responsibility under this section, the document shall state the name of the insured or obligor, the name of the insurer or surety company, and the effective and expiration dates of the financial responsibility, and designate by explicit description or by appropriate reference all motor vehicles covered which may include a reference to fleet insurance coverage.

(I) For purposes of this section, "owner" does not include a licensed motor vehicle leasing dealer as defined in section 4517.01 of the Revised Code, but does include a motor vehicle renting dealer as defined in section 4549.65 of the Revised Code. Nothing in this section or in section 4509.51 of the Revised Code shall be construed to prohibit a motor vehicle renting dealer from entering into a contractual agreement with a person whereby the person renting the motor vehicle agrees to be solely responsible for maintaining proof of financial responsibility, in accordance with this section, with respect to the operation, maintenance, or use of the motor vehicle during the period of the motor vehicle's rental.

(J) The purpose of this section is to require the maintenance of proof of financial responsibility with respect to the operation of motor vehicles on the highways of this state, so as to minimize those situations in which persons are not compensated for injuries and damages sustained in motor vehicle accidents. The general assembly finds that this section contains reasonable civil penalties and procedures for achieving this purpose.

(K) Nothing in this section shall be construed to be subject to section 4509.78 of the Revised Code.

(L)(1) The registrar may terminate any suspension imposed under this section and not require the owner to comply with divisions (A)(5)(a), (b), and (c) of this section if the registrar with or without a hearing determines that the owner of the vehicle has established by clear and convincing evidence that all of the following apply:

(a) The owner customarily maintains proof of financial responsibility.
(b) Proof of financial responsibility was not in effect for the vehicle on the date in question for one of the following reasons:
   (i) The vehicle was inoperable.
   (ii) The vehicle is operated only seasonally, and the date in question was outside the season of operation.
   (iii) A person other than the vehicle owner or driver was at fault for the
lapse of proof of financial responsibility through no fault of the owner or driver.

(iv) The lapse of proof of financial responsibility was caused by excusable neglect under circumstances that are not likely to recur and do not suggest a purpose to evade the requirements of this chapter.

(2) The registrar may grant an owner or driver relief for a reason specified in division (L)(1)(b)(i) or (ii) of this section whenever the owner or driver is randomly selected to verify the existence of proof of financial responsibility for such a vehicle. However, the registrar may grant an owner or driver relief for a reason specified in division (L)(1)(b)(iii) or (iv) of this section only if the owner or driver has not previously been granted relief under division (L)(1)(b)(iii) or (iv) of this section.

(M) The registrar shall adopt rules in accordance with Chapter 119. of the Revised Code that are necessary to administer and enforce this section. The rules shall include procedures for the surrender of license plates upon failure to maintain proof of financial responsibility and provisions relating to reinstatement of registration rights, acceptable forms of proof of financial responsibility, and verification of the existence of financial responsibility during the period of registration.

Sec. 4510.11. (A) No person whose driver's or commercial driver's license or permit or nonresident operating privilege has been suspended under any provision of the Revised Code, other than Chapter 4509. of the Revised Code, or under any applicable law in any other jurisdiction in which the person's license or permit was issued shall operate any motor vehicle upon the public roads and highways or upon any public or private property used by the public for purposes of vehicular travel or parking within this state during the period of suspension unless the person is granted limited driving privileges and is operating the vehicle in accordance with the terms of the limited driving privileges.

(B) No person shall operate any motor vehicle upon a highway or any public or private property used by the public for purposes of vehicular travel or parking in this state in violation of any restriction of the person's driver's or commercial driver's license or permit imposed under division (D) of section 4506.10 or under section 4507.14 of the Revised Code.

(C)(1) Whoever violates division (A) of this section, whoever violates division (A) of this section is guilty of driving under suspension or in violation of a license restriction, a misdemeanor of the first degree. The court shall impose upon the offender a class seven suspension of the offender's driver's license, commercial driver's license, temporary instruction permit, probationary license, or nonresident operating
privilege from the range specified in division (A)(7) of section 4510.02 of the Revised Code.

(b) If the offender's driver's or commercial driver's license or permit or nonresident operating privilege has been suspended under section 3123.58 or 4510.22 of the Revised Code, a violation of division (A) of this section is an unclassified misdemeanor. The offender may be fined up to one thousand dollars and pursuant to division (B) of section 2929.27 of the Revised Code additionally may be ordered to serve a term of community service of up to five hundred hours. If the offender previously was convicted of or pleaded guilty to two or more violations of this section or a substantially equivalent municipal ordinance within the past three years, the offense is a misdemeanor of the first degree.

(2) Whoever violates division (B) of this section is guilty of driving in violation of a license restriction, a misdemeanor of the first degree.

(3) Except as provided in division (C)(3)(4) or (4)(5) of this section, the court, in addition to any other penalty that it imposes on the offender and if the vehicle is registered in the offender's name, shall order the immobilization of the vehicle involved in the offense for thirty days in accordance with section 4503.233 of the Revised Code and the impoundment of that vehicle's license plates for thirty days.

(3)(4) If the offender previously has been convicted of or pleaded guilty to one violation of this section or of a substantially similar municipal ordinance, the court, in addition to any other sentence that it imposes on the offender and if the vehicle is registered in the offender's name, shall order the immobilization of the vehicle involved in the offense for sixty days in accordance with section 4503.233 of the Revised Code and the impoundment of that vehicle's license plates for sixty days.

(4)(5) If the offender previously has been convicted of or pleaded guilty to two or more violations of this section or of a substantially similar municipal ordinance, the court, in addition to any other sentence that it imposes on the offender and if the vehicle is registered in the offender's name, shall order the criminal forfeiture of the vehicle involved in the offense to the state.

(D) Any order for immobilization and impoundment under this section shall be issued and enforced under section 4503.233 of the Revised Code. The court shall not release a vehicle from immobilization ordered under this section unless the court is presented with current proof of financial responsibility with respect to that vehicle.

(E) Any order of criminal forfeiture under this section shall be issued and enforced under section 4503.234 of the Revised Code. Upon receipt of
the copy of the order from the court, neither the registrar of motor vehicles nor a deputy registrar shall accept any application for the registration or transfer of registration of any motor vehicle owned or leased by the person named in the declaration of forfeiture. The period of registration denial shall be five years after the date of the order, unless, during that period, the court having jurisdiction of the offense that led to the order terminates the forfeiture and notifies the registrar of the termination. The registrar then shall take necessary measures to permit the person to register a vehicle owned or leased by the person or to transfer registration of the vehicle.

Sec. 4510.12. (A)(1) No person, except those expressly exempted under sections 4507.03, 4507.04, and 4507.05 of the Revised Code, shall operate any motor vehicle upon a public road or highway or any public or private property used by the public for purposes of vehicular travel or parking in this state unless the person has a valid driver's license issued under Chapter 4507. of the Revised Code or a commercial driver's license issued under Chapter 4506. of the Revised Code.

(2) No person, except a person expressly exempted under sections 4507.03, 4507.04, and 4507.05 of the Revised Code, shall operate any motorcycle upon a public road or highway or any public or private property used by the public for purposes of vehicular travel or parking in this state unless the person has a valid license as a motorcycle operator that was issued upon application by the registrar of motor vehicles under Chapter 4507. of the Revised Code. The license shall be in the form of an endorsement, as determined by the registrar, upon a driver's or commercial driver's license, if the person has a valid license to operate a motor vehicle or commercial motor vehicle, or in the form of a restricted license as provided in section 4507.14 of the Revised Code, if the person does not have a valid license to operate a motor vehicle or commercial motor vehicle.

(B) Whoever violates this section is guilty of operating a motor vehicle without a valid license and shall be punished as follows:

(1) If the trier of fact finds that the offender never has held a valid driver's or commercial driver's license issued by this state or any other jurisdiction, the offense is an unclassified misdemeanor of the first degree. The offender may be fined up to one thousand dollars and pursuant to division (B) of section 2929.27 of the Revised Code additionally may be ordered to serve a term of community service of up to five hundred hours.

(2)(a) Subject to division (B)(2)(b) of this section, if the offender's driver's or commercial driver's license or permit was expired at the time of the offense for no more than six months, the offense is a minor misdemeanor and if the offender's driver's or commercial driver's license or
permit was expired at the time of the offense for more than six months, the offense is a misdemeanor of the fourth degree.

(b)(i) If the offender previously was convicted of or pleaded guilty to one violation of this section or a substantially equivalent municipal ordinance within the past three years, the offense is a misdemeanor of the third degree.

(ii) If the offender previously was convicted of or pleaded guilty to two violations of this section or a substantially equivalent municipal ordinance within the past three years, the offense is a misdemeanor of the second degree.

(iii) If the offender previously was convicted of or pleaded guilty to three or more violations of this section or a substantially equivalent municipal ordinance within the past three years, the offense is a misdemeanor of the first degree.

(C) The court shall not impose a license suspension for a first violation of this section or if more than three years have passed since the offender's last violation of this section or a substantially equivalent municipal ordinance.

(D) If the offender was convicted of or pleaded guilty to one or more violations of this section or a substantially equivalent municipal ordinance within the past three years, and if the offender's license was expired for more than six months at the time of the offense, the court shall impose a class seven suspension of the offender's driver license, commercial driver's license, temporary instruction permit, probationary license, or nonresident operating privilege from the range specified in division (A)(7) of section 4510.02 of the Revised Code.

Sec. 4510.16. (A) No person, whose driver's or commercial driver's license or temporary instruction permit or nonresident's operating privilege has been suspended or canceled pursuant to Chapter 4509. of the Revised Code, shall operate any motor vehicle within this state, or knowingly permit any motor vehicle owned by the person to be operated by another person in the state, during the period of the suspension or cancellation, except as specifically authorized by Chapter 4509. of the Revised Code. No person shall operate a motor vehicle within this state, or knowingly permit any motor vehicle owned by the person to be operated by another person in the state, during the period in which the person is required by section 4509.45 of the Revised Code to file and maintain proof of financial responsibility for a violation of section 4509.101 of the Revised Code, unless proof of financial responsibility is maintained with respect to that vehicle.

(B)(1) Whoever violates this section is guilty of driving under financial
responsibility law suspension or cancellation, an unclassified misdemeanor of the first degree. The offender may be fined up to one thousand dollars and pursuant to division (B) of section 2929.27 of the Revised Code additionally may be ordered to serve a term of community service of up to five hundred hours. If the offender previously was convicted of or pleaded guilty to two or more violations of this section or a substantially equivalent municipal ordinance within the past three years, the offense is a misdemeanor of the first degree. The court shall impose a class seven suspension of the offender's driver's or commercial driver's license or permit or nonresident operating privilege for the period of time specified in division (A)(7) of section 4510.02 of the Revised Code.

(2) If the vehicle is registered in the offender's name and division (B)(3) of this section does not apply, the court, in addition to or independent of any other sentence that it imposes upon the offender, may order the immobilization for no more than thirty days of the vehicle involved in the offense and the impoundment for no more than thirty days of the license plates of that vehicle.

(3) If the vehicle is registered in the offender's name and if, within five years of the offense, the offender has been convicted of or pleaded guilty to one violation of this section or a substantially similar municipal ordinance, the court, in addition to or independent of any other sentence that it imposes on the offender, shall order the immobilization for sixty days of the vehicle involved in the offense and impoundment for sixty days of the license plates of that vehicle.

(A) If a person who has a current valid Ohio driver's, commercial driver's license, or temporary instruction permit is charged with a violation of any provision in sections 4511.01 to 4511.76, 4511.84, 4513.01 to 4513.65, or 4549.01 to 4549.65 of the Revised Code that is classified as a misdemeanor of the first, second, third, or fourth degree or with a violation of any substantially equivalent municipal ordinance and if the person either fails to appear in court at the required time and place to answer the charge or pleads guilty to or is found guilty of the violation and fails within the time allowed by the court to pay the fine imposed by the court, the court shall declare the forfeiture of the person's license. Thirty days after the declaration of forfeiture, the court shall inform the registrar of motor vehicles of the forfeiture by entering information relative to the of forfeiture on a form approved and furnished by the registrar and sending the form to the registrar. The court also shall forward the person's license, if it is in the possession of the court, to the registrar.

However, for a motor vehicle leased by a person named in a declaration of forfeiture, the registrar shall not implement the preceding sentence until the registrar adopts procedures for that implementation under section 4503.39 of the Revised Code. The period of denial of registration or transfer shall continue until such time as the court having jurisdiction of the offense that led to the suspension orders the forfeiture be terminated. Upon receipt by the registrar of an order terminating the forfeiture, the registrar also shall take any measures that may be necessary to permit the person to register a motor vehicle owned or leased by the person or to transfer the registration of such a motor vehicle, if the person later makes application to take such action and otherwise is eligible to register the motor vehicle or to transfer its registration.

The registrar shall not be required to give effect to any declaration of forfeiture or order terminating a forfeiture provided by a court under this section unless the information contained in the declaration or order is transmitted to the registrar by means of an electronic transfer system. The registrar shall not restore the person's driving or vehicle registration privileges until the person pays the reinstatement fee as provided in this section.

The alcohol and drug addiction services board or the board of alcohol, drug addiction, and mental health services established pursuant to section 340.02 or 340.021 of the Revised Code and serving the alcohol, drug addiction, and mental health service district in which the court is located shall administer the indigent drivers alcohol treatment program of the court. When a court orders an offender or juvenile traffic offender to obtain an assessment or attend an alcohol and drug addiction treatment program, the board shall determine which program is suitable to meet the needs of the offender or juvenile traffic offender, and when a suitable program is located and space is available at the program, the offender or juvenile traffic offender shall attend the program designated by the board. A reasonable amount not to exceed five per cent of the amounts credited to and deposited into the county indigent drivers alcohol treatment fund, the county juvenile indigent drivers alcohol treatment fund, or the municipal indigent drivers alcohol treatment fund serving every court whose program is administered by that board shall be paid to the board to cover the costs it incurs in administering those indigent drivers alcohol treatment programs.

In addition, upon exhaustion of moneys in the indigent drivers interlock and alcohol monitoring fund for the use of an alcohol monitoring device, a county, juvenile, or municipal court judge may use moneys in the county indigent drivers alcohol treatment fund, county juvenile indigent drivers alcohol treatment fund, or municipal indigent drivers alcohol treatment fund in the following manners:

(a) If the source of the moneys was an appropriation of the general assembly, a portion of a fee that was paid under division (F) of this section, a portion of a fine that was specified for deposit into the fund by section 4511.193 of the Revised Code, or a portion of a fine that was paid for a violation of section 4511.19 of the Revised Code or of a provision contained in Chapter 4510. of the Revised Code that was required to be deposited into the fund, to pay for the continued use of an alcohol monitoring device by an offender or juvenile traffic offender, in conjunction with a treatment program approved by the department of alcohol and drug addiction services, when such use is determined clinically necessary by the treatment program and when the court determines that the offender or juvenile traffic offender is unable to pay all or part of the daily monitoring or cost of the device;

(b) If the source of the moneys was a portion of an additional court cost imposed under section 2949.094 of the Revised Code, to pay for the continued use of an alcohol monitoring device by an offender or juvenile traffic offender when the court determines that the offender or juvenile
traffic offender is unable to pay all or part of the daily monitoring or cost of
the device. The moneys may be used for a device as described in this
division if the use of the device is in conjunction with a treatment program
approved by the department of alcohol and drug addiction services, when
the use of the device is determined clinically necessary by the treatment
program, but the use of a device is not required to be in conjunction with a
treatment program approved by the department in order for the moneys to be
used for the device as described in this division.

(4) If a county, juvenile, or municipal court determines, in consultation
with the alcohol and drug addiction services board or the board of alcohol,
drug addiction, and mental health services established pursuant to section
340.02 or 340.021 of the Revised Code and serving the alcohol, drug,
adiction, and mental health district in which the court is located, that the
funds in the county indigent drivers alcohol treatment fund, the county
juvenile indigent drivers alcohol treatment fund, or the municipal indigent
drivers alcohol treatment fund under the control of the court are more than
sufficient to satisfy the purpose for which the fund was established, as
specified in divisions (H)(1) to (3) of this section, the court may declare a
surplus in the fund. If the court declares a surplus in the fund, the court may
expend the amount of the surplus in the fund for:

(a) Alcohol and drug abuse assessment and treatment of persons who
are charged in the court with committing a criminal offense or with being a
delinquent child or juvenile traffic offender and in relation to whom both of
the following apply:

(i) The court determines that substance abuse was a contributing factor
leading to the criminal or delinquent activity or the juvenile traffic offense
with which the person is charged.

(ii) The court determines that the person is unable to pay the cost of the
alcohol and drug abuse assessment and treatment for which the surplus
money will be used.

(b) All or part of the cost of purchasing alcohol monitoring devices to be
used in conjunction with division (H)(3) of this section, upon exhaustion of
moneys in the indigent drivers interlock and alcohol monitoring fund for the
use of an alcohol monitoring device.

(5) For the purpose of determining as described in division (F)(2)(c) of
this section whether an offender does not have the means to pay for the
offender's attendance at an alcohol and drug addiction treatment program or
whether an alleged offender or delinquent child is unable to pay the costs
specified in division (H)(4) of this section, the court shall use the indigent
client eligibility guidelines and the standards of indigency established by the
state public defender to make the determination.

(6) The court shall identify and refer any alcohol and drug addiction program that is not certified under section 3793.06 of the Revised Code and that is interested in receiving amounts from the surplus in the fund declared under division (H)(4) of this section to the department of alcohol and drug addiction services in order for the program to become a certified alcohol and drug addiction program. The department shall keep a record of applicant referrals received pursuant to this division and shall submit a report on the referrals each year to the general assembly. If a program interested in becoming certified makes an application to become certified pursuant to section 3793.06 of the Revised Code, the program is eligible to receive surplus funds as long as the application is pending with the department. The department of alcohol and drug addiction services must offer technical assistance to the applicant. If the interested program withdraws the certification application, the department must notify the court, and the court shall not provide the interested program with any further surplus funds.

(7)(a) Each alcohol and drug addiction services board and board of alcohol, drug addiction, and mental health services established pursuant to section 340.02 or 340.021 of the Revised Code shall submit to the department of alcohol and drug addiction services an annual report for each indigent drivers alcohol treatment fund in that board's area.

(b) The report, which shall be submitted not later than sixty days after the end of the state fiscal year, shall provide the total payment that was made from the fund, including the number of indigent consumers that received treatment services and the number of indigent consumers that received an alcohol monitoring device. The report shall identify the treatment program and expenditure for an alcohol monitoring device for which that payment was made. The report shall include the fiscal year balance of each indigent drivers alcohol treatment fund located in that board's area. In the event that a surplus is declared in the fund pursuant to division (H)(4) of this section, the report also shall provide the total payment that was made from the surplus moneys and identify the treatment program and expenditure for an alcohol monitoring device for which that payment was made. The department may require additional information necessary to complete the comprehensive statewide alcohol and drug addiction services plan as required by section 3793.04 of the Revised Code.

(c) If a board is unable to obtain adequate information to develop the report to submit to the department for a particular indigent drivers alcohol treatment fund, the board shall submit a report detailing the effort made in obtaining the information.
(I)(1) Each county shall establish an indigent drivers interlock and alcohol monitoring fund and a juvenile indigent drivers interlock and alcohol treatment fund, and each municipal corporation in which there is a municipal court shall establish an indigent drivers interlock and alcohol monitoring fund. All revenue that the general assembly appropriates to the indigent drivers interlock and alcohol monitoring fund for transfer to a county indigent drivers interlock and alcohol monitoring fund, a county juvenile indigent drivers interlock and alcohol monitoring fund, or a municipal indigent drivers interlock and alcohol monitoring fund, all portions of license reinstatement fees that are paid under division (F)(2) of this section and that are credited under that division to the indigent drivers interlock and alcohol monitoring fund in the state treasury, and all portions of fines that are paid under division (G) of section 4511.19 of the Revised Code and that are credited by division (G)(5)(e) of that section to the indigent drivers interlock and alcohol monitoring fund in the state treasury shall be deposited in the appropriate fund in accordance with division (I)(2) of this section.

(2) That portion of the license reinstatement fee that is paid under division (F) of this section and that portion of the fine paid under division (G) of section 4511.19 of the Revised Code and that is credited under either division to the indigent drivers interlock and alcohol monitoring fund shall be deposited into a county indigent drivers interlock and alcohol monitoring fund, a county juvenile indigent drivers interlock and alcohol monitoring fund, or a municipal indigent drivers interlock and alcohol monitoring fund as follows:

(a) If the fee or fine is paid by a person who was charged in a county court with the violation that resulted in the suspension or fine, the portion shall be deposited into the county indigent drivers interlock and alcohol monitoring fund under the control of that court.

(b) If the fee or fine is paid by a person who was charged in a juvenile court with the violation that resulted in the suspension or fine, the portion shall be deposited into the county juvenile indigent drivers interlock and alcohol monitoring fund established in the county served by the court.

(c) If the fee or fine is paid by a person who was charged in a municipal court with the violation that resulted in the suspension, the portion shall be deposited into the municipal indigent drivers interlock and alcohol monitoring fund under the control of that court.

Sec. 4511.69. (A)(1) Every vehicle stopped or parked upon a roadway where there is an adjacent curb shall be stopped or parked with the right-hand wheels of the vehicle parallel with and not more than twelve
inches from the right-hand curb, unless it is impossible to approach so close
to the curb; in such case the stop shall be made as close to the curb as
possible and only for the time necessary to discharge and receive passengers
or to load or unload merchandise. Local authorities by ordinance may permit
angle parking on any roadway under their jurisdiction, except that angle
parking shall not be permitted on a state route within a municipal
corporation unless an unoccupied roadway width of not less than
twenty-five feet is available for free-moving traffic, subject to division
(A)(2) of this section.

(2)(a) On and after the effective date of this amendment, no angled
parking space that is located on a state route within a municipal corporation
is subject to elimination, irrespective of whether there is or is not at least
twenty-five feet of unoccupied roadway width available for free-moving
traffic at the location of that angled parking space, unless the municipal
corporation approves of the elimination of the angled parking space.

(b) Replacement, repainting, or any other repair performed by or on
behalf of the municipal corporation of the lines that indicate the angled
parking space does not constitute an intent by the municipal corporation to
eliminate the angled parking space.

(B) Local authorities by ordinance may permit parking of vehicles with
the left-hand wheels adjacent to and within twelve inches of the left-hand
curb of a one-way roadway.

(C) No vehicle or trackless trolley shall be stopped or parked on a road
or highway with the vehicle or trackless trolley facing in a direction other
than the direction of travel on that side of the road or highway.

(D) Notwithstanding any statute or any rule, resolution, or ordinance
adopted by any local authority, air compressors, tractors, trucks, and other
equipment, while being used in the construction, reconstruction, installation,
repair, or removal of facilities near, on, over, or under a street or highway,
may stop, stand, or park where necessary in order to perform such work,
provided a flagperson is on duty or warning signs or lights are displayed as
may be prescribed by the director of transportation.

(E) Special parking locations and privileges for persons with disabilities
that limit or impair the ability to walk, also known as handicapped parking
spaces or disability parking spaces, shall be provided and designated by all
political subdivisions and by the state and all agencies and instrumentalities
thereof at all offices and facilities, where parking is provided, whether
owned, rented, or leased, and at all publicly owned parking garages. The
locations shall be designated through the posting of an elevated sign,
whether permanently affixed or movable, imprinted with the international
symbol of access and shall be reasonably close to exits, entrances, elevators, and ramps. All elevated signs posted in accordance with this division and division (C) of section 3781.111 of the Revised Code shall be mounted on a fixed or movable post, and the distance from the ground to the top edge of the sign shall measure five feet. If a new sign or a replacement sign designating a special parking location is posted on or after October 14, 1999, there also shall be affixed upon the surface of that sign or affixed next to the designating sign a notice that states the fine applicable for the offense of parking a motor vehicle in the special designated parking location if the motor vehicle is not legally entitled to be parked in that location.

(F)(1) No person shall stop, stand, or park any motor vehicle at special parking locations provided under division (E) of this section or at special clearly marked parking locations provided in or on privately owned parking lots, parking garages, or other parking areas and designated in accordance with that division, unless one of the following applies:

(a) The motor vehicle is being operated by or for the transport of a person with a disability that limits or impairs the ability to walk and is displaying a valid removable windshield placard or special license plates;

(b) The motor vehicle is being operated by or for the transport of a handicapped person and is displaying a parking card or special handicapped license plates.

(2) Any motor vehicle that is parked in a special marked parking location in violation of division (F)(1)(a) or (b) of this section may be towed or otherwise removed from the parking location by the law enforcement agency of the political subdivision in which the parking location is located. A motor vehicle that is so towed or removed shall not be released to its owner until the owner presents proof of ownership of the motor vehicle and pays all towing and storage fees normally imposed by that political subdivision for towing and storing motor vehicles. If the motor vehicle is a leased vehicle, it shall not be released to the lessee until the lessee presents proof that that person is the lessee of the motor vehicle and pays all towing and storage fees normally imposed by that political subdivision for towing and storing motor vehicles.

(3) If a person is charged with a violation of division (F)(1)(a) or (b) of this section, it is an affirmative defense to the charge that the person suffered an injury not more than seventy-two hours prior to the time the person was issued the ticket or citation and that, because of the injury, the person meets at least one of the criteria contained in division (A)(1) of section 4503.44 of the Revised Code.

(G) When a motor vehicle is being operated by or for the transport of a
person with a disability that limits or impairs the ability to walk and is
displaying a removable windshield placard or a temporary removable
windshield placard or special license plates, or when a motor vehicle is
being operated by or for the transport of a handicapped person and is
displaying a parking card or special handicapped license plates, the motor
vehicle is permitted to park for a period of two hours in excess of the legal
parking period permitted by local authorities, except where local ordinances
or police rules provide otherwise or where the vehicle is parked in such a
manner as to be clearly a traffic hazard.

(H) No owner of an office, facility, or parking garage where special
parking locations are required to be designated in accordance with division
(E) of this section shall fail to properly mark the special parking locations in
accordance with that division or fail to maintain the markings of the special
locations, including the erection and maintenance of the fixed or movable
signs.

(I) Nothing in this section shall be construed to require a person or
organization to apply for a removable windshield placard or special license
plates if the parking card or special license plates issued to the person or
organization under prior law have not expired or been surrendered or
revoked.

(J)(1) Whoever violates division (A) or (C) of this section is guilty of a
minor misdemeanor.

(2)(a) Whoever violates division (F)(1)(a) or (b) of this section is guilty

section, an offender who violates division (F)(1)(a) or (b) of this section
shall be fined not less than two hundred fifty nor more than five hundred
dollars. An offender who violates division (F)(1)(a) or (b) of this section

sentencing, proves either of the following to the satisfaction of the court:

(i) At the time of the violation of division (F)(1)(a) of this section, the
offender or the person for whose transport the motor vehicle was being
operated had been issued a removable windshield placard that then was

person neglected to display the placard or license plates as described in
division (F)(1)(a) of this section.

(ii) At the time of the violation of division (F)(1)(b) of this section, the
offender or the person for whose transport the motor vehicle was being
operated had been issued a parking card that then was valid or special

person neglected to display the card or license plates as described in division (F)(1)(b) of this section.

(b) In no case shall an offender who violates division (F)(1)(a) or (b) of this section be sentenced to any term of imprisonment.

An arrest or conviction for a violation of division (F)(1)(a) or (b) of this section does not constitute a criminal record and need not be reported by the person so arrested or convicted in response to any inquiries contained in any application for employment, license, or other right or privilege, or made in connection with the person's appearance as a witness.

The clerk of the court shall pay every fine collected under division (J)(2) of this section to the political subdivision in which the violation occurred. Except as provided in division (J)(2) of this section, the political subdivision shall use the fine moneys it receives under division (J)(2) of this section to pay the expenses it incurs in complying with the signage and notice requirements contained in division (E) of this section. The political subdivision may use up to fifty per cent of each fine it receives under division (J)(2) of this section to pay the costs of educational, advocacy, support, and assistive technology programs for persons with disabilities, and for public improvements within the political subdivision that benefit or assist persons with disabilities, if governmental agencies or nonprofit organizations offer the programs.

(3) Whoever violates division (H) of this section shall be punished as follows:

(a) Except as otherwise provided in division (J)(3) of this section, the offender shall be issued a warning.

(b) If the offender previously has been convicted of or pleaded guilty to a violation of division (H) of this section or of a municipal ordinance that is substantially similar to that division, the offender shall not be issued a warning but shall be fined not more than twenty-five dollars for each parking location that is not properly marked or whose markings are not properly maintained.

The auditor of state shall report any violation of either section to the state medical board and shall certify to the attorney general in accordance with section 131.02 of the Revised Code the amount of any refund owed to a state-administered governmental health care program under section 4731.69 of the Revised Code as a result of a violation. If a refund is owed to the medicaid program established under Chapter 5111. of the Revised Code, the disability medical assistance program established under Chapter 5115. of the Revised Code, or the children's buy-in program established under sections 5101.5211 to 5101.5216 of the Revised Code, the auditor of state also shall report the amount to the department of job and family services.

Before a renewal of license is issued by the board, the licensee shall furnish the board with satisfactory evidence that the licensee has completed during the current licensing period not less than the number of hours of continuing education that the board requires in rules adopted under this section. For an activity to be applied toward the continuing education requirement, the activity must meet the board's approval as a continuing education activity, as specified in rules adopted under this section. Any exception from the continuing education requirement must be approved by the board.

Failure of a licensee to comply with this section, including failure to pay the renewal fee on or before the first day of January of each year, shall operate as an automatic forfeiture of the right of the licensee to practice chiropractic in this state. A forfeited license may be reinstated by the board upon payment of all fees due and a penalty fee of one hundred fifty dollars in an amount the board specifies in rules adopted under this section for reinstatement, in addition to satisfying the board of having complied with the continuing education requirements of this section. If the applicant is a partnership, limited liability company, limited liability partnership, or association, the names of all the members also shall be stated, and, if the applicant is a corporation, the names of its president and of each of its officers also shall be stated. The superintendent has the right to reject the application of any partnership, association, limited liability company, limited liability partnership, or corporation if the name proposed to be used by such partnership, association, limited liability company, limited liability partnership, or corporation is likely to mislead the public or if the name is not such as to distinguish it from the name of any existing partnership, association, limited liability company, limited liability partnership, or corporation licensed under this chapter, unless there is filed with the application the written consent of such existing partnership, association, limited liability company, limited liability partnership, or corporation, executed by a duly authorized representative of it, permitting the use of the name of such existing partnership, association, limited liability company, limited liability partnership, or corporation.

(B) A fee of sixty-nine one hundred dollars shall accompany the application for a real estate broker's license, which fee includes the fee for the initial year of the licensing period, if a license is issued. broker's license shall be credited to the real estate education and research fund, which is hereby created in the state treasury. The Ohio real estate commission may use the fund in discharging the duties prescribed in divisions (E), (F), (G), and (H) of section 4735.03 of the Revised Code and shall use it in the advancement of education and research in real estate at any institution of higher education in the state, or in contracting with any such institution or a trade organization for a particular research or educational project in the field of real estate, or in advancing loans, not exceeding eight hundred dollars, to applicants for salesperson licenses, to defray the costs of satisfying the educational requirements of division (F) of section 4735.09 of the Revised Code. Such loans shall be made according to rules established by the commission under the procedures of Chapter 119. of the Revised Code, and they shall be repaid to the fund within three years of the time they are made. No more than ten thousand dollars shall be lent from the fund in any one year.

The governor may appoint a representative from the executive branch to be a member ex officio of the commission for the purpose of advising on research requests or educational projects. The commission shall report to the general assembly on the third Tuesday after the third Monday in January of each year setting forth the total amount contained in the fund and the amount of each research grant that it has authorized and the amount of each research grant requested. A copy of all research reports shall be submitted to the state library of Ohio and the library of the legislative service commission.

(D) If the superintendent, with the consent of the commission, enters into an agreement with a national testing service to administer the real estate broker's examination, pursuant to division (A) of section 4735.07 of the Revised Code, the superintendent may require an applicant to pay the testing service's examination fee directly to the testing service. If the superintendent requires the payment of the examination fee directly to the testing service, each applicant shall submit to the superintendent a processing fee in an amount determined by the Ohio real estate commission pursuant to division (A)(2) of section 4735.10 of the Revised Code.

Sec. 4735.09. (A) Application for a license as a real estate salesperson shall be made to the superintendent of real estate on forms furnished by the superintendent and signed by the applicant. The application shall be in the form prescribed by the superintendent and shall contain such information as is required by this chapter and the rules of the Ohio real estate commission. The application shall be accompanied by the recommendation of the real estate broker with whom the applicant is associated or with whom the
applicant intends to be associated, certifying that the applicant is honest, truthful, and of good reputation, has not been convicted of a felony or a crime involving moral turpitude, and has not been finally adjudged by a court to have violated any municipal, state, or federal civil rights laws relevant to the protection of purchasers or sellers of real estate, which conviction or adjudication the applicant has not disclosed to the superintendent, and recommending that the applicant be admitted to the real estate salesperson examination.

(B) A fee of forty-nine sixty dollars shall accompany the application, which fee includes the fee for the initial year of the licensing period, if a license is issued. The application fee shall be retained by the superintendent if the applicant is admitted to the examination for the license or the examination requirement is waived, but, if an applicant is not so admitted and a waiver is not involved, one-half of the fee shall be retained by the superintendent to cover the expenses of processing the application and the other one-half shall be returned to the applicant. A fee of forty-nine sixty dollars shall be charged by the superintendent for each successive application made by the applicant. Four dollars One dollar of each application fee shall be credited to the real estate education and research fund.

(C) There shall be no limit placed on the number of times an applicant may retake the examination.

(D) The superintendent, with the consent of the commission, may enter into an agreement with a recognized national testing service to administer the real estate salesperson's examination under the superintendent's supervision and control, consistent with the requirements of this chapter as to the contents of the examination.

If the superintendent, with the consent of the commission, enters into an agreement with a national testing service to administer the real estate salesperson's examination, the superintendent may require an applicant to pay the testing service's examination fee directly to the testing service. If the superintendent requires the payment of the examination fee directly to the testing service, each applicant shall submit to the superintendent a processing fee in an amount determined by the Ohio real estate commission pursuant to division (A)(1) of section 4735.10 of the Revised Code.

(E) The superintendent shall issue a real estate salesperson's license when satisfied that the applicant has received a passing score on each portion of the salesperson's examination as determined by rule by the real estate commission, except that the superintendent may waive one or more of the requirements of this section in the case of an applicant who is a licensed
real estate salesperson in another state pursuant to a reciprocity agreement
with the licensing authority of the state from which the applicant holds a
valid real estate salesperson's license.

(F) No applicant for a salesperson's license shall take the salesperson's
examination who has not established to the satisfaction of the superintendent
that the applicant:

(1) Is honest, truthful, and of good reputation;
(2) (a) Has not been convicted of a felony or crime of moral turpitude or,
if the applicant has been so convicted, the superintendent has disregarded
the conviction because the applicant has proven to the superintendent, by a

employment record since the conviction show that the applicant is honest,
trueful, and of good reputation, and there is no basis in fact for believing
that the applicant again will violate the laws involved;
(b) Has not been finally adjudged by a court to have violated any
municipal, state, or federal civil rights laws relevant to the protection of
purchasers or sellers of real estate or, if the applicant has been so adjudged,
at least two years have passed since the court decision and the
superintendent has disregarded the adjudication because the applicant has
proven, by a preponderance of the evidence, that the applicant is honest,
trueful, and of good reputation, and there is no basis in fact for believing
that the applicant again will violate the laws involved.

(3) Has not, during any period in which the applicant was licensed under
this chapter, violated any provision of, or any rule adopted pursuant to this
chapter, or, if the applicant has violated such provision or rule, has
established to the satisfaction of the superintendent that the applicant will
not again violate such provision or rule;
(4) Is at least eighteen years of age;
(5) If born after the year 1950, has a high school diploma or its
equivalent as recognized by the state department of education;
(6)(a) If beginning instruction prior to August 1, 2001, has successfully
completed at an institution of higher education all of the following:
(i) Thirty hours of classroom instruction in real estate practice;
(ii) Thirty hours of classroom instruction that includes the subjects of
Ohio real estate law, municipal, state, and federal civil rights law, new case
law on housing discrimination, desegregation issues, and methods of
eliminating the effects of prior discrimination. If feasible, the classroom
instruction in Ohio real estate law shall be taught by a member of the faculty
of an accredited law school. If feasible, the classroom instruction in
municipal, state, and federal civil rights law, new case law on housing
discrimination, desegregation issues, and methods of eliminating the effects of prior discrimination shall be taught by a staff member of the Ohio civil rights commission who is knowledgeable with respect to those subjects. The requirements of this division do not apply to an applicant who is admitted to practice before the supreme court.

(iii) Thirty hours of classroom instruction in real estate appraisal;
(iv) Thirty hours of classroom instruction in real estate finance.

(b) Any person who has not been licensed as a real estate salesperson or broker within a four-year period immediately preceding the person's current application for the salesperson's examination shall have successfully completed the classroom instruction required by division (F)(6)(a) of this section within a ten-year period immediately preceding the person's current application for the salesperson's examination.

(7) If beginning instruction, as determined by the superintendent, on or after August 1, 2001, has successfully completed at an institution of higher education all of the following:

(a) Forty hours of classroom instruction in real estate practice;
(b) Forty hours of classroom instruction that includes the subjects of Ohio real estate law, municipal, state, and federal civil rights law, new case law on housing discrimination, desegregation issues, and methods of eliminating the effects of prior discrimination. If feasible, the classroom instruction in Ohio real estate law shall be taught by a member of the faculty of an accredited law school. If feasible, the classroom instruction in municipal, state, and federal civil rights law, new case law on housing discrimination, desegregation issues, and methods of eliminating the effects of prior discrimination shall be taught by a staff member of the Ohio civil rights commission who is knowledgeable with respect to those subjects. The requirements of this division do not apply to an applicant who is admitted to practice before the supreme court.

(c) Twenty hours of classroom instruction in real estate appraisal;
(d) Twenty hours of classroom instruction in real estate finance.

(G) No later than twelve months after the date of issue of a real estate salesperson license to a licensee, the licensee shall submit proof satisfactory to the superintendent, on forms made available by the superintendent, of completion, at an institution of higher education or any other institution approved by the commission, of ten hours of classroom instruction in real estate courses that cover current issues regarding consumers, real estate practice, ethics, and real estate law.

If proof of completion of the required instruction is not submitted within twelve months of the date a license is issued under this section, the
licensee's license is suspended automatically without the taking of any action by the superintendent. The superintendent immediately shall notify the broker with whom such salesperson is associated of the suspension of the salesperson's license. A salesperson whose license has been suspended under this division shall have twelve months after the date of the suspension of the salesperson's license to submit proof of successful completion of the instruction required under this division. No such license shall be reactivated by the superintendent until it is established, to the satisfaction of the superintendent, that the requirements of this division have been met and that the licensee is in compliance with this chapter. A licensee's license is revoked automatically without the taking of any action by the superintendent when the licensee fails to submit the required proof of completion of the education requirements under division (G) of this section within twelve months of the date the license is suspended.

(H) Examinations shall be administered with reasonable accommodations in accordance with the requirements of the "Americans with Disabilities Act of 1990," 104 Stat. 327, 42 U.S.C. 12101. The contents of an examination shall be consistent with the classroom instructional requirements of division (F)(6) or (7) of this section. An applicant who has completed the classroom instructional requirements of division (F)(6) or (7) of this section at the time of application shall be examined no later than twelve months after the applicant is notified of the applicant's admission to the examination.

Sec. 4735.12. (A) The real estate recovery fund is hereby created in the state treasury, to be administered by the superintendent of real estate. Amounts collected by the superintendent as prescribed in this section and interest earned on the assets of the fund shall be credited by the treasurer of state to the fund. The amount of money in the fund shall be ascertained by the superintendent as of the first day of July of each year.

The commission, in accordance with rules adopted under division (A)(2)(g) of section 4735.10 of the Revised Code, shall impose a special assessment not to exceed ten dollars per year for each year of a licensing period on each licensee filing a notice of renewal under section 4735.14 of the Revised Code if the amount available in the fund is less than one million five hundred thousand dollars on the first day of July preceding that filing. The commission may impose a special assessment not to exceed five dollars per year for each year of a licensing period if the amount available in the fund is greater than one million dollars, but less than two million dollars on the first day of July preceding that filing. The commission shall not impose a special assessment if the amount available in the fund exceeds two million
dollars on the first day of July preceding that filing.

(B)(1) Any person who obtains a final judgment in any court of competent jurisdiction against any broker or salesperson licensed under this chapter, on the grounds of conduct that is in violation of this chapter or the rules adopted under it, and that is associated with an act or transaction that only a licensed real estate broker or licensed real estate salesperson is authorized to perform as specified in division (A) or (C) of section 4735.01 of the Revised Code, may file a verified application, as described in division (B)(3) of this section, in any the court of common pleas of Franklin county for an order directing payment out of the real estate recovery fund of the portion of the judgment that remains unpaid and that represents the actual and direct loss sustained by the applicant.

(2) Punitive damages, attorney's fees, and interest on a judgment are not recoverable from the fund. In the discretion of the superintendent of real estate, court costs may be recovered from the fund, and, if the superintendent authorizes the recovery of court costs, the order of the court of common pleas then may direct their payment from the fund.

(3) The application shall specify the nature of the act or transaction upon which the underlying judgment was based, the activities of the applicant in pursuit of remedies available under law for the collection of judgments, and the actual and direct losses, attorney's fees, and the court costs sustained or incurred by the applicant. The applicant shall attach to the application a copy of each pleading and order in the underlying court action.

(4) The court shall order the superintendent to make such payments out of the fund when the person seeking the order has shown all of the following:

(a) The person has obtained a judgment, as provided in this division;
(b) All appeals from the judgment have been exhausted and the person has given notice to the superintendent, as required by division (C) of this section;
(c) The person is not a spouse of the judgment debtor, or the personal representative of such spouse;
(d) The person has diligently pursued the person's remedies against all the judgment debtors and all other persons liable to the person in the transaction for which the person seeks recovery from the fund;
(e) The person is making the person's application not more than one year after termination of all proceedings, including appeals, in connection with the judgment.

(5) Divisions (B)(1) to (4) of this section do not apply to any of the following:
(a) Actions arising from property management accounts maintained in the name of the property owner;
(b) A bonding company when it is not a principal in a real estate transaction;
(c) A person in an action for the payment of a commission or fee for the performance of an act or transaction specified or comprehended in division (A) or (C) of section 4735.01 of the Revised Code;
(d) Losses incurred by investors in real estate if the applicant and the licensee are principals in the investment.

(C) A person who applies to a court of common pleas for an order directing payment out of the fund shall file notice of the application with the superintendent. The superintendent may defend any such action on behalf of the fund and shall have recourse to all appropriate means of defense and review, including examination of witnesses, verification of actual and direct losses, and challenges to the underlying judgment required in division (B)(4)(a) of this section to determine whether the underlying judgment is based on activity only a licensed broker or licensed salesperson is permitted to perform. The superintendent may move the court at any time to dismiss the application when it appears there are no triable issues and the application is without merit. The motion may be supported by affidavit of any person having knowledge of the facts and may be made on the basis that the application, including the judgment referred to in it, does not form the basis for a meritorious recovery claim; provided, that the superintendent shall give written notice to the applicant at least ten days before such motion. The superintendent may, subject to court approval, compromise a claim based upon the application of an aggrieved party. The superintendent shall not be bound by any prior compromise or stipulation of the judgment debtor.

(D) Notwithstanding any other provision of this section, the liability of the fund shall not exceed forty thousand dollars for any one licensee. If a licensee's license is reactivated as provided in division (E) of this section, the liability of the fund for the licensee under this section shall again be forty thousand dollars, but only for transactions that occur subsequent to the time of reactivation.

If the forty-thousand-dollar liability of the fund is insufficient to pay in full the valid claims of all aggrieved persons by whom claims have been filed against any one licensee, the forty thousand dollars shall be distributed among them in the ratio that their respective claims bear to the aggregate of valid claims or in such other manner as the court finds equitable. Distribution of moneys shall be among the persons entitled to share in it, without regard to the order of priority in which their respective judgments
may have been obtained or their claims have been filed. Upon petition of the
superintendent, the court may require all claimants and prospective
claimants against one licensee to be joined in one action, to the end that the
respective rights of all such claimants to the fund may be equitably
adjudicated and settled.

(E) If the superintendent pays from the fund any amount in settlement of
a claim or toward satisfaction of a judgment against a licensed broker or
salesperson, the license of the broker or salesperson shall be automatically
suspended upon the date of payment from the fund. The superintendent shall
not reactivate the suspended license of that broker or salesperson until the
broker or salesperson has repaid in full, plus interest per annum at the rate
specified in division (A) of section 1343.03 of the Revised Code, the
amount paid from the fund on the broker's or salesperson's account. A
discharge in bankruptcy does not relieve a person from the suspension and
requirements for reactivation provided in this section unless the underlying
judgment has been included in the discharge and has not been reaffirmed by
the debtor.

(F) If, at any time, the money deposited in the fund is insufficient to
satisfy any duly authorized claim or portion of a claim, the superintendent
shall, when sufficient money has been deposited in the fund, satisfy such
unpaid claims or portions, in the order that such claims or portions were
originally filed, plus accumulated interest per annum at the rate specified in
division (A) of section 1343.03 of the Revised Code.

(G) When, upon the order of the court, the superintendent has paid from
the fund any sum to the judgment creditor, the superintendent shall be
subrogated to all of the rights of the judgment creditor to the extent of the
amount so paid, and the judgment creditor shall assign all the judgment
creditor's right, title, and interest in the judgment to the superintendent to the
extent of the amount so paid. Any amount and interest so recovered by the
superintendent on the judgment shall be deposited in the fund.

(H) Nothing contained in this section shall limit the authority of the
superintendent to take disciplinary action against any licensee under other
provisions of this chapter; nor shall the repayment in full of all obligations
to the fund by any licensee nullify or modify the effect of any other
disciplinary proceeding brought pursuant to this chapter.

(I) The superintendent shall collect from the fund a service fee in an
amount equivalent to the interest rate specified in division (A) of section
1343.03 of the Revised Code multiplied by the annual interest earned on the
assets of the fund, to defray the expenses incurred in the administration of
the fund.
Sec. 4735.13. (A) The license of a real estate broker shall be prominently displayed in the office or place of business of the broker, and no license shall authorize the licensee to do business except from the location specified in it. If the broker maintains more than one place of business within the state, the broker shall apply for and procure a duplicate license for each branch office maintained by the broker. Each branch office shall be in the charge of a licensed broker or salesperson. The branch office license shall be prominently displayed at the branch office location.

(B) The license of each real estate salesperson shall be mailed to and remain in the possession of the licensed broker with whom the salesperson is or is to be associated until the licensee places the license on inactive, voluntary hold, or resigned status or until the salesperson leaves the brokerage or is terminated. The broker shall keep each salesperson's license in a way that it can, and shall on request, be made immediately available for public inspection at the office or place of business of the broker. Except as provided in divisions (G) and (H) of this section, immediately upon the salesperson's leaving the association or termination of the association of a real estate salesperson with the broker, the broker shall return the salesperson's license to the superintendent of real estate.

The failure of a broker to return the license of a real estate salesperson or broker who leaves or who is terminated, via certified mail return receipt requested, within three business days of the receipt of a written request from the superintendent for the return of the license, is prima-facie evidence of misconduct under division (A)(6) of section 4735.18 of the Revised Code.

(C) Any licensee who is convicted of a felony or a crime involving moral turpitude or of violating any federal, state, or municipal civil rights law pertaining to discrimination in housing, or any court that issues a finding of an unlawful discriminatory practice pertaining to housing accommodations described in division (H) of section 4112.02 of the Revised Code or that convicts a licensee of a violation of any municipal civil rights law pertaining to housing discrimination, shall notify the superintendent of the conviction or finding within fifteen days. If a licensee fails to notify the superintendent within the required time, the superintendent immediately may revoke the license of the licensee.

Any court that convicts a licensee of a violation of any municipal civil rights law pertaining to housing discrimination also shall notify the Ohio civil rights commission within fifteen days of the conviction.

(D) In case of any change of business location, a broker shall give notice in writing to the superintendent, whereupon the superintendent shall issue new licenses for the unexpired period without charge. If a broker
changes a business location without giving the required notice and without receiving new licenses that action is prima-facie evidence of misconduct under division (A)(6) of section 4735.18 of the Revised Code.

(E) If a real estate broker desires to associate with another real estate broker in the capacity of a real estate salesperson, the broker shall apply to the superintendent to deposit the broker's real estate broker's license with the superintendent and for the issuance of a real estate salesperson's license. The application shall be made on a form prescribed by the superintendent and shall be accompanied by the recommendation of the real estate broker with whom the applicant intends to become associated and a fee of twenty-five dollars for the real estate salesperson's license. Four dollars One dollar of the fee shall be credited to the real estate education and research fund. If the superintendent is satisfied that the applicant is honest, truthful, and of good reputation, has not been convicted of a felony or a crime involving moral turpitude, and has not been finally adjudged by a court to have violated any municipal, state, or federal civil rights laws relevant to the protection of purchasers or sellers of real estate, and that the association of the real estate broker and the applicant will be in the public interest, the superintendent shall grant the application and issue a real estate salesperson's license to the applicant. Any license so deposited with the superintendent shall be subject to this chapter. A broker who intends to deposit the broker's license with the superintendent, as provided in this section, shall give written notice of this fact in a format prescribed by the superintendent to all salespersons associated with the broker when applying to place the broker's license on deposit.

(F) If a real estate broker desires to become a member or officer of a partnership, association, limited liability company, limited liability partnership, or corporation that is or intends to become a licensed real estate broker, the broker shall notify the superintendent of the broker's intentions. The notice of intention shall be on a form prescribed by the superintendent and shall be accompanied by a fee of twenty-five dollars. Four dollars One dollar of the fee shall be credited to the real estate education and research fund.

No real estate broker who is a member or officer of a partnership, association, limited liability company, limited liability partnership, or corporation that is a licensed real estate broker shall perform any acts as a real estate broker other than as the agent of the partnership, association, limited liability company, limited liability partnership, or corporation, and such broker shall not have any real estate salespersons associated with the broker.
(G) If a real estate broker or salesperson enters the armed forces, the broker or salesperson may place the broker's or salesperson's license on deposit with the Ohio real estate commission. The licensee shall not be required to renew the license until the renewal date that follows the date of discharge from the armed forces. Any license deposited with the commission shall be subject to this chapter. Any licensee whose license is on deposit under this division and who fails to meet the continuing education requirements of section 4735.141 of the Revised Code because the licensee is in the armed forces shall satisfy the commission that the licensee has complied with the continuing education requirements within twelve months of the licensee's discharge. The commission shall notify the licensee of the licensee's obligations under section 4735.141 of the Revised Code at the time the licensee applies for reactivation of the licensee's license.

(H) If a licensed real estate salesperson submits an application to the superintendent to leave the association of one broker to associate with a different broker, the broker possessing the licensee's license need not return the salesperson's license to the superintendent. The superintendent may process the application regardless of whether the licensee's license is returned to the superintendent.

Sec. 4735.15. (A) The fees for reactivation or transfer of a license shall be as follows:

(1) Reactivation or transfer of a broker's license into or out of a partnership, association, limited liability company, limited liability partnership, or corporation or from one partnership, association, limited liability company, limited liability partnership, or corporation to another partnership, association, limited liability company, limited liability partnership, or corporation, twenty-five dollars. An application for such transfer shall be made to the superintendent of real estate on forms provided by the superintendent.

(2) Reactivation or transfer of a license by a real estate salesperson, twenty-five dollars.

(B) Except as may otherwise be specified pursuant to division (F) of this section, the nonrefundable fees for a branch office license, license renewal, late filing, and foreign real estate dealer and salesperson license are as follows per year for each year of a licensing period:

(1) Branch office license, eight fifteen dollars;

(2) Renewal of a real estate broker's license, forty-nine sixty dollars. If the licensee is a partnership, association, limited liability company, limited liability partnership, or corporation, the full broker's renewal fee shall be
required for each member of such partnership, association, limited liability
company, limited liability partnership, or corporation that is a real estate

(K) All notices, written reports, and determinations issued pursuant to this section shall be mailed via certified mail, return receipt requested. If the certified notice is returned because of failure of delivery or was unclaimed, the notice, written reports, or determinations are deemed served if the superintendent sends the notice, written reports, or determination via regular mail and obtains a certificate of mailing of the notice, written reports, or determination. (E) A decision made by the commission under this section may be based upon any statement contained in the application or upon any facts within the commission's knowledge.

(F) Immediately upon denying an application for any of the reasons in this section, the commission shall enter a final order together with the commission's findings. If the application is denied by the executive director of the commission under authority of section 4781.05 of the Revised Code, the executive director shall enter a final order together with the director's findings and certify the same to the commission. The commission shall issue to the applicant a written notice of refusal to grant a license that shall disclose the reason for refusal.

Sec. 4781.19. (A) At the time the manufactured homes commission grants the application of any person for a license as a manufactured housing dealer, manufactured housing broker, or manufactured housing salesperson, the commission shall issue to the person a license that includes the name and post-office address of the person licensed. If a manufactured housing dealer or manufactured housing broker has more than one place of business in a county, the dealer or broker shall make application, in such form as the commission prescribes, for a certified copy of the license issued to the dealer or broker for each place of business in the county.

(B) The commission may require each applicant for a manufactured housing dealer's license, manufactured housing broker's license, and manufactured housing salesperson's license issued under this chapter to pay an additional fee, which shall be used by the commission to pay the costs of obtaining a record of any arrests and convictions of the applicant from the bureau of identification and investigation. The amount of the fee shall be equal to that paid by the commission to obtain such record.

(C) In the event of the loss, mutilation, or destruction of a manufactured housing dealer's license, manufactured housing broker's license, or manufactured housing salesperson's license, any licensee may make application to the commission, in the form prescribed by the commission, for a duplicate copy thereof and pay a fee established by the commission.

(D) All manufactured housing dealers' licenses, all manufactured housing brokers' licenses, and all manufactured housing salespersons' licenses issued or renewed shall expire biennially on a day within the two-year cycle that is prescribed by the manufactured homes commission, unless sooner suspended or revoked. Before the first day after the day
prescribed by the commission in the year that the license expires, each licensed manufactured housing dealer, manufactured housing broker, and manufactured housing salesperson, in the year in which the license will expire, shall file an application, in such form as the commission prescribes, for the renewal of such license. The fee required by this section for the original license shall accompany the application.

(E) Each manufactured housing dealer and manufactured housing broker shall keep the license or a certified copy thereof and a current list of the dealer's or the broker's licensed salespersons, showing the names, addresses, and serial numbers of their licenses, posted in a conspicuous place in each place of business. Each salesperson shall carry the salesperson's license or a certified copy thereof and shall exhibit such license or copy upon demand to any inspector of the commission, state highway patrol trooper, police officer, or person with whom the salesperson seeks to transact business as a manufactured housing salesperson.

Sec. 4781.20. The applications for licenses submitted under section 4781.17 of the Revised Code are not part of the public records but are confidential information for the use of the manufactured homes commission. No person shall divulge any information contained in such applications and acquired by the person in the person's capacity as an official or employee of the manufactured homes commission, except in a report to the commission, or when called upon to testify in any court or proceeding.

Sec. 4781.21. (A) The manufactured homes commission may make rules governing its actions relative to the suspension and revocation of manufactured housing dealers', manufactured housing brokers', and manufactured housing salespersons' licenses, and may, upon its own motion, and shall, upon the verified complaint in writing of any person, investigate the conduct of any licensee under this chapter. The commission shall suspend, revoke, or refuse to renew any manufactured housing dealer's, manufactured housing broker's, or manufactured housing salesperson's license, if any ground existed upon which the license might have been refused, or if a ground exists that would be cause for refusal to issue a license.

The commission may suspend or revoke any license if the licensee has in any manner violated the rules adopted by the commission under this chapter, or has been convicted of committing a felony or violating any law that in any way relates to the selling, taxing, licensing, or regulation of sales of manufactured or mobile homes.

(B) Any salesperson's license shall be suspended upon the termination, suspension, or revocation of the license of the manufactured housing dealer
or manufactured housing broker for whom the salesperson is acting, or upon the salesperson leaving the service of the manufactured housing dealer or manufactured housing broker. Upon the termination, suspension, or revocation of the license of the manufactured housing dealer or manufactured housing broker for whom the salesperson is acting, or upon the salesperson leaving the service of a licensed manufactured housing or manufactured housing broker, the licensed salesperson may make application to the commission, in such form as the commission prescribes, to have the salesperson's license reinstated, transferred, and registered as a salesperson for another dealer or broker. If the information contained in the application is satisfactory to the commission, the commission shall reinstate, transfer, or register the salesperson's license as a salesperson for another dealer or broker. The commission shall establish the fee for the reinstatement and transfer of license. No license issued to a dealer, broker, or salesperson under this chapter may be transferred to any other person.

(C) Any person whose manufactured housing dealer's license, manufactured housing broker's license, or manufactured housing salesperson's license is revoked, suspended, denied, or not renewed may request an adjudication hearing on the matter within thirty days after receipt of the notice of the action. If no appeal is taken within thirty days after receipt of the order, the order is final and conclusive. All appeals must be by petition in writing and verified under oath by the applicant whose application for license has been revoked, suspended, denied, or not renewed and must set forth the reason for the appeal and the reason why, in the petitioner's opinion, the order is not correct. In such appeals the board may make investigation to determine the correctness and legality of the appealed order. The hearing shall be held in accordance with Chapter 119. of the Revised Code.

(A) The acceptance of public assistance gives an automatic right of recovery to the department of job and family services and a county department of job and family services against the liability of a third party for the cost of medical assistance paid on behalf of the public assistance recipient or participant. When an action or claim is brought against a third party by a public assistance recipient or participant, any payment, settlement or compromise of the action or claim, or any court award or judgment, is subject to the recovery right of the department of job

If the departments are not given the appropriate written notice, the recipient or participant and, if there is one, the recipient's or participant's attorney, are liable to reimburse the departments for the recovery received to the extent of medical payments made by the departments.

(F) The departments shall be permitted to enforce their recovery rights
against the third party even though they accepted prior payments in discharge of their rights under this section if, at the time the departments received such payments, they were not aware that additional medical expenses had been incurred but had not yet been paid by the departments. The third party becomes liable to the department of job and family services or county department of job and family services as soon as the third party is notified in writing of the valid claims for recovery under this section.

(G)(1) Subject to division (G)(2) of this section, the right of recovery of a department does not apply to that portion of any judgment, award, settlement, or compromise of a claim, to the extent of attorneys’ fees, costs, or other expenses incurred by a recipient or participant in securing the judgment, award, settlement, or compromise, or to the extent of medical, surgical, and hospital expenses paid by such recipient or participant from the recipient's or participant's own resources.

(2) Reasonable attorneys’ fees, not to exceed one-third of the total judgment, award, settlement, or compromise, plus costs and other expenses incurred by the recipient or participant in securing the judgment, award, settlement, or compromise, shall first be deducted from the total judgment, award, settlement, or compromise. After fees, costs, and other expenses are deducted from the total judgment, award, settlement, or compromise, the department of job and family services or appropriate county department of job and family services shall receive no less than one-half of the remaining amount, or the actual amount of medical assistance paid, whichever is less.

(H) A right of recovery created by this section may be enforced separately or jointly by the department of job and family services or the appropriate county department of job and family services. To enforce their recovery rights, the departments may do any of the following:

(J) The right of recovery given to the department under this section does
not include rights to support from any other person assigned to the state under sections 5107.20 and 5115.07 of the Revised Code, but includes payments made by a third party under contract with a person having a duty to support.
