the real property of each member of the district is subject to special assessment under division (C) of section 1710.06 of the Revised Code. The church is not a member of the district unless the church specifically requested in writing that its property be included in the district or unless, in the case of a district created by an existing qualified nonprofit corporation, the church is a member of the corporation at the time the district is created. A county, township, or municipal corporation owning real property in the district is not a member of the district unless such entity specifically requested in writing that its property be included in the district.

The identity and address of the owners shall be determined for any particular action of the nonprofit corporation that governs the district, including notice of meetings of the district, no more than sixty days prior to the date of the action, from the most current records available at the county auditor's office. For purposes of this chapter, the persons shown on such records as having common or joint ownership interests in a parcel of real property collectively shall constitute the owner of the real property.

(B) A member may file a written statement with the district's secretary at least three days prior to any meeting of the entire membership of the district to appoint a proxy to carry out the member's rights and responsibilities under this chapter at that meeting.

(C) A member also may appoint a designee to carry out the member's rights and responsibilities under this chapter by filing a written designation form with the district's secretary. This form shall include the name and address of the member, the name and address of the designee, and the expiration date, if any, of the designation and may authorize the designee to vote at any meeting of the district.

(D) A proxy or designee need not be an elector or resident of any participating political subdivision of the district or a member of the district. The appointment of a proxy or a designee may be changed by filing a new form with the district's secretary. The most current form filed with the secretary is the valid appointment. Service of any notice upon a proxy or designee at the proxy's or designee's address as shown on that form satisfies any requirements for notification of the member.

Sec. 1710.04. (A) A special improvement district created under this chapter shall be governed by the board of directors of the special improvement district. The board shall consist of at least five directors. The board shall include a person appointed by the legislative authority of each participating political subdivision and the municipal executive of each municipal corporation with territory within the boundaries of the special improvement district. The remainder of the board's members shall be
members of the district. Except for the municipal executives and the appointees of the legislative authorities, and except as otherwise provided in this division, members of the board of directors shall be elected at a meeting of the entire membership of the district. The initial election of directors may occur at the first meeting of the entire membership of the district after its creation. All subsequent elections shall be held at a November meeting of the membership.

Each municipal executive may designate one person who is an employee of the municipal corporation involved with its planning or economic development functions to serve in the municipal executive’s stead. This designee shall serve at the pleasure of the municipal executive.

In the case of a district created by an existing qualified nonprofit corporation, the corporation's board of trustees or other governing board, however denominated, shall be the board of directors of the special improvement district for the purposes of this chapter. The election of directors otherwise required by this division shall not be required, and the requirement that municipal executives and appointees of the legislative authorities be members of the district's board of directors may be satisfied by the membership on the corporation's governing board of representatives of such participating political subdivisions, or may be waived if approved by resolution of the legislative authorities of the participating political subdivisions.

(B) A director may file a written statement with the district's secretary at least three days prior to any meeting of the board to have a person act as proxy to carry out the director's rights and responsibilities under this chapter at that meeting.

A director may also appoint a designee to carry out the director's rights and responsibilities under this chapter by filing a written designation form with the district’s secretary. This form shall include the name and address of the director, the name and address of the designee, and the expiration date, if any, of the designation.

A proxy or designee need not be an elector or resident of a participating political subdivision of the district or a member of the district. The appointment of a proxy or designee may be changed by filing a new form with the district's secretary. The most current form filed with the secretary is the valid appointment. Service of any notice upon a proxy or designee at the proxy's or designee's address as shown on that form satisfies any requirements for notification of the director.

(C) Notice of the time, date, place, and agenda for any meeting of the board of directors shall be by written notice to each director, transmitted by
certified mail, personal service, or electronic device prior to the meeting. If possible, the notice shall be served at least one week prior to the meeting.

The board shall act by a majority vote of those present and authorized to vote at any meeting where proper notice has been served.

(D) The board shall elect a chairperson, vice-chairperson, secretary, and treasurer of the board. These officers shall serve at the board's pleasure. A director may be elected to more than one office, except that the director elected as treasurer shall not be elected to any other office of the board.

By the first day of March of each year, the treasurer shall submit to each member of the district and to the municipal executive, chief fiscal officer, and legislative authority of each municipal corporation with territory within the boundaries of the special improvement district and the board of township trustees of each township with territory within the boundaries of the special improvement district, a report of the district's activities and financial condition for the previous year.

(E) Divisions (B), (C), and (D) of this section do not apply to a district created by an existing qualified nonprofit corporation to the extent those divisions are not consistent with the regulations of the corporation, in which case the regulations of the corporation shall govern.

Sec. 1710.06. (A) The board of directors of a special improvement district may develop and adopt one or more written plans for public improvements or public services that benefit all or any part of the district. Each plan shall set forth the specific public improvements or public services that are to be provided, identify the area in which they will be provided, and specify the method of assessment to be used. Each plan for public improvements or public services shall indicate the period of time the assessments are to be levied for the improvements and services and, if public services are included in the plan, the period of time the services are to remain in effect. Plans for public improvements may include the planning, design, construction, reconstruction, enlargement, or alteration of any public improvements and the acquisition of land for the improvements. Plans for public improvements or public services may also include, but are not limited to, provisions for the following:

1. Creating and operating the district and the nonprofit corporation under this chapter, including hiring employees and professional services, contracting for insurance, and purchasing or leasing office space and office equipment and other requirements of the district;

2. Planning, designing, and implementing a public improvements or public services plan, including hiring architectural, engineering, legal, appraisal, insurance, and planning services, and, for public services,
managing, protecting, and maintaining public and private facilities, including public improvements;

(3) Conducting court proceedings to carry out this chapter;

(4) Paying damages resulting from the provision of public improvements or public services and implementing the plans;

(5) Paying the costs of issuing, paying interest on, and redeeming notes and bonds issued for funding public improvements and public services plans; and

(6) Sale, lease, lease with an option to purchase, conveyance of other interests in, or other contracts for the acquisition, construction, maintenance, repair, furnishing, equipping, operation, or improvement of any special energy improvement project by the special improvement district, between a participating political subdivision and the special improvement district, and between the special improvement district and any owner of real property in the special improvement district on which a special energy improvement project has been acquired, installed, equipped, or improved.

(B) Once the board of directors of the special improvement district adopts a plan, it shall submit the plan to the legislative authority of each participating political subdivision and the municipal executive of each municipal corporation in which the district is located, if any. The legislative authorities and municipal executives shall review the plan and, within sixty days after receiving it, may submit their comments and recommendations about it to the district. After reviewing these comments and recommendations, the board of directors may amend the plan. It may then submit the plan, amended or otherwise, in the form of a petition to members of the district whose property may be assessed for the plan. Once the petition is signed by those members who own at least sixty per cent of the front footage of property that is to be assessed and that abuts upon a street, alley, public road, place, boulevard, parkway, park entrance, easement, or other public improvement, or those members who own at least seventy-five per cent of the area to be assessed for the improvement or service, the petition may be submitted to each legislative authority for approval. If the special improvement district was created for the purpose of developing and implementing plans for special energy improvement projects, the petition required under this division shall be signed by one hundred per cent of the owners of the area of all real property located within the area to be assessed for the special energy improvement project.

Each legislative authority shall, by resolution, approve or reject the petition within sixty days after receiving it. If the petition is approved by the legislative authority of each participating political subdivision, the plan
contained in the petition shall be effective at the earliest date on which a nonemergency resolution of the legislative authority with the latest effective date may become effective. A plan may not be resubmitted to the legislative authorities and municipal executives more than three times in any twelve-month period.

(C) Each participating political subdivision shall levy, by special assessment upon specially benefited property located within the district, the costs of any public improvements or public services plan contained in a petition approved by the participating political subdivisions under this section or division (F) of section 1710.02 of the Revised Code. The levy shall be made in accordance with the procedures set forth in Chapter 727. of the Revised Code, except that:

1. The assessment for each improvements or services plan may be levied by any one or any combination of the methods of assessment listed in section 727.01 of the Revised Code, provided that the assessment is uniformly applied.

2. For the purpose of levying an assessment, the board of directors may combine one or more improvements or services plans or parts of plans and levy a single assessment against specially benefited property.

3. For purposes of special assessments levied by a township pursuant to this chapter, references in Chapter 727. of the Revised Code to the municipal corporation shall be deemed to refer to the township, and references to the legislative authority of the municipal corporation shall be deemed to refer to the board of township trustees.

Church property or property owned by a political subdivision, including any participating political subdivision in which a special improvement district is located, shall be included in and be subject to special assessments made pursuant to a plan adopted under this section or division (F) of section 1710.02 of the Revised Code, if the church or political subdivision has specifically requested in writing that its property be included within the special improvement district and the church or political subdivision is a member of the district or, in the case of a district created by an existing qualified nonprofit corporation, if the church is a member of the corporation.

(D) All rights and privileges of property owners who are assessed under Chapter 727. of the Revised Code shall be granted to property owners assessed under this chapter, including those rights and privileges specified in sections 727.15 to 727.17 and 727.18 to 727.22 of the Revised Code and the right to notice of the resolution of necessity and the filing of the estimated assessment under section 727.13 of the Revised Code. Property owners assessed for public services under this chapter shall have the same rights and
privileges as property owners assessed for public improvements under this chapter.

Sec. 1710.07. The cost of any public improvements or public services plan of a special improvement district may include, but is not limited to, the following:

(A) The cost of creating and operating the district under this chapter, including creating and operating a nonprofit organization organized under this chapter, hiring employees and professional services, contracting for insurance, and purchasing or leasing office space or office equipment;

(B) The cost of planning, designing, and implementing the public improvements or public services plan, including payment of architectural, engineering, legal, appraisal, insurance, and planning fees and expenses, and, for public services, the management, protection, and maintenance costs of public or private facilities;

(C) Any court costs incurred by the district in implementing the public improvements or public services plan;

(D) Any damages resulting from implementing the public improvements or public services plan;

(E) The costs of issuing, paying interest on, and redeeming notes and bonds issued for funding the public improvements or public services plan; and

(F) The costs associated with the sale, lease, lease with an option to purchase, conveyance of other interests in, or other contracts for the acquisition, construction, maintenance, repair, furnishing, equipping, operation, or improvement of any special energy improvement project by the district, between a participating political subdivision and the special improvement district, or between the special improvement district and any owner of real property in the special improvement district on which a special energy improvement project has been acquired, installed, equipped, or improved.

Sec. 1710.10. (A) When a participating political subdivision contracts to provide improvements or services to a special improvement district, the participating political subdivision shall charge only its additional cost of providing the improvement or service, without any allocation of overhead costs, fixed costs, or assignment of costs at rates higher than those at which the participating political subdivision assigns costs for similar improvements or services for political subdivision purposes.

(B) Any Except in the case of a district created by an existing qualified nonprofit corporation, any law enforcement or fire protection service to be provided under a district's public service plan shall be provided only by
contract with a participating political subdivision of the district. The In the case of a district created by an existing qualified nonprofit corporation, the corporation may provide law enforcement service as provided under section 1702.80 of the Revised Code.

The district shall reimburse the participating political subdivision for any additional cost incurred in providing that law enforcement or fire protection service. This additional cost shall not include any overhead, fixed costs, or assignment of costs at rates higher than those at which the political subdivision assigns costs for these services for political subdivision purposes.

(C) Any liability for providing fire or police services under this section by a participating political subdivision shall remain with the participating political subdivision and shall not be assumed by the district.

Sec. 1710.13. The This section does not apply to a special improvement district created by an existing qualified nonprofit corporation.

The process for dissolving a special improvement district or repealing an improvements or services plan may be initiated by a petition signed by members of the district who own at least twenty per cent of the appraised value of the real property located in the district, excluding church property or real property owned by the federal government, the state, or a county, township, or municipal corporation, unless the church, county, township, or municipal corporation has specifically requested in writing that the property be included in the district, and filed with the municipal executive, if any, and the legislative authorities of all the participating political subdvisions of the district. As used in this section, "appraised value" means the taxable value established by the county auditor for purposes of real estate taxation.

No later than forty-five days after such a petition is filed, the members of the district shall meet to consider it. Notice of the meeting shall be given as provided in section 1710.05 of the Revised Code. Upon the affirmative vote of members who collectively own more than fifty per cent of the appraised value of the real property in the district that may be subject to assessment under division (C) of section 1710.06 of the Revised Code, the district shall be dissolved, or the plan shall be repealed, as applicable.

No rights or obligations of any person under any contract, or in relation to any bonds, notes, or assessments made under this chapter, shall be affected by the dissolution of the district or the repeal of a plan, except with the consent of that person or by order of a court with jurisdiction over the matter. Upon dissolution of a district, any assets or rights of the district, after payment of all bonds, notes, or other obligations of the district, shall be deposited in a special account in the treasury of each participating political
subdivision, prorated among all participating political subdivisions to reflect the percentage of the district's territory within that political subdivision, to be used for the benefit of the territory that made up the district.

Once the members have approved the repeal of a plan, all bonds, notes, and other obligations of the district associated with the plan shall be paid. Thereafter, the plan shall be repealed. Upon receipt of proof that all bonds, notes, and other obligations have been paid and that the plan has been repealed, the participating political subdivisions shall terminate any levies imposed to pay for costs of the plan.

Sec. 1721.211. (A) As used in this section, "preneed cemetery merchandise and services contract" means a written agreement, contract, or series of contracts to sell or otherwise provide an outer burial container, monument, marker, urn, other type of merchandise customarily sold by cemeteries, or opening and closing services to be used or provided in connection with the final disposition of a dead human body, where payment for the container, monument, marker, urn, other type of merchandise customarily sold by cemeteries, or opening and closing services is made either outright or on an installment basis, prior to the death of the person so purchasing or for whom so purchased. "Preneed cemetery merchandise and services contract" does not include any preneed funeral contract or any agreement, contract, or series of contracts pertaining to the sale of any burial lot, burial or interment right, entombment right, or columbarium right with respect to which an endowment care trust is established or is exempt from establishment pursuant to section 1721.21 of the Revised Code.

(B) Subject to the limitations and restrictions contained in Chapters 1101. to 1127. of the Revised Code, a trust company licensed under Chapter 1111. of the Revised Code or a national bank or federal savings association that pledges securities in accordance with section 1111.04 of the Revised Code or the individuals described in division (C)(2) of this section have the power as trustee to receive and to hold and invest in accordance with sections 2109.37 and 2109.371 of the Revised Code moneys under a preneed cemetery merchandise and services contract.

(C)(1) The greater of one hundred ten per cent of the seller's actual cost or thirty per cent of the seller's retail price of the merchandise and seventy per cent of the seller's retail price of the services to be provided under a preneed cemetery merchandise and services contract shall remain intact as a fund until the death of the person for whose benefit the contract is made or the merchandise is delivered as set forth in division (K) of this section. However, any moneys held pursuant to this section shall be released upon demand of the person for whose benefit the contract was made or upon the
demand of the seller for its share of the moneys held and earned interest if
the contract has been canceled as set forth in division (G) of this section.

(2) The trustee of the fund described in division (C)(1) of this section
shall be a trust company licensed under Chapter 1111. of the Revised Code
or a national bank or federal savings association that pledges securities in
accordance with section 1111.04 of the Revised Code or at least three
individuals who have been residents of the county in which the seller is
located for at least one year, each of whom shall be bonded by a corporate
surety in an amount that is at least equal to the amount deposited in the fund
of which those persons serve as trustee. Amounts in the fund shall be held
and invested in the manner in which trust funds are permitted to be held and
invested pursuant to sections 2109.37 and 2109.371 of the Revised Code.

(3) Every preneed cemetery and merchandise contract entered into on or
after the effective date of this amendment shall include a provision in
substantially the following form:

NOTICE: Under Ohio law, the person holding the right of disposition of
the remains of the beneficiary of this contract pursuant to section 2108.70 or
2108.81 of the Revised Code will have the right to purchase cemetery
merchandise and services inconsistent with the merchandise and services set
forth in this contract. However, the beneficiary is encouraged to state his or
her preferences as to the manner of final disposition in a declaration of the
right of disposition pursuant to section 2108.72 of the Revised Code,
including that the arrangements set forth in this contract shall be followed.

(D) Within thirty days after the last business day of the month in which
the seller of cemetery merchandise or services receives final contractual
payment under a preneed cemetery merchandise and services contract, the
seller shall deliver the greater of one hundred ten per cent of the seller's
actual cost or thirty per cent of the seller's retail price of the merchandise
and seventy per cent of the seller's current retail price of the services as of
the date of the contract to a trustee or to trustees as described in division
(C)(2) of this section, and the moneys and accruals or income on the moneys
shall be held in a fund and designated for the person for whose benefit the
fund was established as a preneed cemetery merchandise and services
contract fund.

(E) The moneys received from more than one preneed cemetery
merchandise and services contract may, at the option of the persons for
whose benefit the contracts are made, be placed in a common or pooled trust
fund in this state under a single trust instrument. If three individuals are
designated as the trustees as provided in division (C)(2) of this section, they
shall be bonded by a corporate surety or fidelity bond in an aggregate
amount of not less than one hundred per cent of the funds held by them as trustees. The trustees or their agent shall, on a continuous basis, keep exact records as to the amount of funds under a single trust instrument being held for the individual beneficiaries showing the amount paid, the amount deposited and invested, and accruals and income.

(F) The seller of merchandise or services under a preneed cemetery merchandise and services contract shall annually submit to the division of real estate of the department of commerce an affidavit in a form prescribed by the division, sworn under oath, specifying each of the following:

1. That, within the time specified in division (D) of this section, the amounts required by that division were deposited in an appropriate fund;
2. That the fund has not been used to collateralize or guarantee loans and has not otherwise been subjected to any consensual lien;
3. That the fund is invested in compliance with the investing standards set forth in sections 2109.37 and 2109.371 of the Revised Code;
4. That no moneys have been removed from the fund, except as provided for in this section.

(2) A licensed funeral director who sells preneed funeral contracts and who also sells merchandise or services under a preneed cemetery merchandise and services contract shall be deemed to have met the requirement in division (F)(1) of this section by submitting the annual preneed cemetery merchandise and services contract affidavit to the board of embalmers and funeral directors along with or as part of the annual preneed funeral contract report required under divisions (I) and (J) of section 4717.31 of the Revised Code.

(G) This division is subject to division (I) of this section.

Any person upon initially entering into a preneed cemetery merchandise and services contract may, within seven days, cancel the contract and request and receive from the seller one hundred per cent of all payments made under the contract. After the expiration of the above period, any person who has entered into a preneed cemetery merchandise and services contract may, on not less than fifteen days' notice, cancel the contract and request and receive from the seller sixty per cent of the payments made under the contract which have been paid up to the time of cancellation; except that, if a preneed cemetery merchandise and services contract stipulates a firm or fixed or guaranteed price for the merchandise or services for future use at a time determined by the death of the person on behalf of whom payments are made, the person who has entered into the contract may, if the merchandise has not been delivered or the services have not been
performed as set forth in division (K) or (L) of this section, on not less than fifteen days' notice, cancel the contract and receive from the seller sixty per cent of the principal paid pursuant to the contract and not less than eighty per cent of any interest paid, up to the time of cancellation, and not less than eighty per cent of any accrual or income earned while the moneys have been held pursuant to divisions (C) and (D) of this section, up to the time of cancellation. Upon cancellation, after the moneys have been distributed to the beneficiary pursuant to this division, all remaining moneys being held pursuant to divisions (C) and (D) of this section shall be paid to the seller. If more than one person enters into the contract, all of those persons must request cancellation for it to be effective under this division. In such a case, the seller shall refund to each person only those moneys that each person has paid under the contract.

(H) Upon receipt of a certified copy of the certificate of death or evidence of delivery of the merchandise or performance of the services pursuant to division (K) or (L) of this section, the trustee described in division (C)(2) of this section or its agent, shall forthwith pay the fund and accumulated interest, if any, to the person entitled to them under the preneed cemetery merchandise and services contract. The payment of the fund and accumulated interest pursuant to this section, either to a seller or person making the payments, shall relieve the trustee of any further liability on the fund or accumulated interest.

(I) Notwithstanding any other provision of this section, any preneed cemetery merchandise and services contract may specify that it is irrevocable. All irrevocable preneed cemetery merchandise and services contracts shall include a clear and conspicuous disclosure of irrevocability in the contract and any person entering into an irrevocable preneed cemetery merchandise and services contract shall sign a separate acknowledgment of the person's waiver of the right to revoke. If a contract satisfies the requirements of this division, division (G) of this section does not apply to that contract.

(J) Any preneed cemetery merchandise and services contract that involves the payment of money shall be in writing and in compliance with the laws and rules of this state.

(K) For purposes of this section, the seller is considered to have delivered merchandise pursuant to a preneed cemetery merchandise and services contract when either of the following occur:

(1) The seller makes actual delivery of the merchandise to the beneficiary, or the seller pays for the merchandise and identifies it as being stored for the benefit of the beneficiary at a manufacturer's warehouse.
(2) The seller receives delivery of the merchandise on behalf of the beneficiary, and all of the following occur:

(a) The merchandise is permanently affixed to or stored upon the real property of a cemetery located in this state.

(b) The seller notifies the beneficiary of receipt of the merchandise and identifies the specific location of the merchandise.

(c) The seller at the time of the beneficiary's final payment provides the beneficiary with evidence of ownership in the beneficiary's name showing the merchandise to be free and clear of any liens or other encumbrances.

(L) For purposes of this section, a seller is considered to have performed services pursuant to a preneed cemetery merchandise and services contract when the beneficiary's next of kin signs a written statement that the services have been performed or, if no next of kin of the beneficiary can be located through reasonable diligence, when the owner or other person responsible for the operation of the cemetery signs a statement of that nature.

(M) Notwithstanding any other provision of this chapter, any trust may be charged a trustee's fee, which is to be deducted from the earned income or accruals on that trust. The fee shall not exceed the amount that is regularly or usually charged for similar services rendered by the trustee described in division (C)(2) of this section when serving as a trustee.

(N) The general assembly intends that this section be construed as a limitation upon the manner in which a person is permitted to accept moneys in prepayment for merchandise and services to be delivered or provided in the future, or merchandise and services to be used or provided in connection with the final disposition of human remains, to the end that at all times members of the public may have an opportunity to arrange and pay for merchandise and services for themselves and their families in advance of need while at the same time providing all possible safeguards whereunder the prepaid moneys cannot be dissipated, whether intentionally or not, so as to be available for the payment for merchandise and services and the providing of merchandise and services used or provided in connection with the final disposition of dead human bodies.

(O) This section does not apply to the seller or provider of merchandise or services under a preneed cemetery merchandise and services contract if the contract pertains to a cemetery that is owned and operated entirely and exclusively by an established and legally cognizable church or denomination that is exempt from federal income taxation under section 501(c)(3) of the "Internal Revenue Code of 1954," 26 U.S.C.A. 501, an established fraternal organization, or a municipal corporation or other political subdivision of the state, to a cemetery that is a national cemetery, or to a cemetery that is a
family cemetery as defined in section 4767.02 of the Revised Code; provided that, on a voluntary basis, rules and other measures are adopted to safeguard and secure all moneys received under a preneed cemetery merchandise and services contract.

(P) This section does not prohibit persons other than cemetery corporations or associations from selling outer burial containers, monuments, markers, urns, or other types of merchandise customarily sold by cemeteries pursuant to a preneed cemetery merchandise and services contract; however all sellers of merchandise pursuant to a preneed cemetery merchandise and services contract shall comply with this section unless the seller is specifically exempt from this section.

(Q) Any contract for preneed services or merchandise entered into with a cemetery not registered under section 4767.03 of the Revised Code is voidable.

Sec. 1724.02. In furtherance of the purposes set forth in section 1724.01 of the Revised Code, a community improvement corporation shall have the following powers:

(A)(1) To borrow money for any of the purposes of the community improvement corporation by means of loans, lines of credit, or any other financial instruments or securities, including the issuance of its bonds, debentures, notes, or other evidences of indebtedness, whether secured or unsecured, and to secure the same by mortgage, pledge, deed of trust, or other lien on its property, franchises, rights, and privileges of every kind and nature or any part thereof or interest therein; and

(2) If the community improvement corporation is a county land reutilization corporation, the corporation may request, by resolution:

(a) That the board of county commissioners of the county served by the corporation pledge a specifically identified source or sources of revenue pursuant to division (C) of section 307.78 of the Revised Code as security for such borrowing by the corporation; and

(b)(i) If the land subject to reutilization is located within an unincorporated area of the county, that the board of county commissioners issue notes under section 307.082 of the Revised Code for the purpose of constructing public infrastructure improvements and take other actions as the board determines are in the interest of the county and are authorized under sections 5709.78 to 5709.81 of the Revised Code or bonds or notes under section 5709.81 of the Revised Code for the refunding purposes set forth in that section; or

(ii) If the land subject to reutilization is located within the corporate boundaries of a municipal corporation, that the municipal corporation issue
bonds for the purpose of constructing public infrastructure improvements and take such other actions as the municipal corporation determines are in its interest and are authorized under sections 5709.40 to 5709.43 of the Revised Code.

(B) To make loans to any person, firm, partnership, corporation, joint stock company, association, or trust, and to establish and regulate the terms and conditions with respect to any such loans; provided that an economic development corporation shall not approve any application for a loan unless and until the person applying for said loan shows that the person has applied for the loan through ordinary banking or commercial channels and that the loan has been refused by at least one bank or other financial institution. Nothing in this division shall preclude a county land reutilization corporation from making revolving loans to community development corporations or groups for the purposes contained in the corporation's plan under section 1724.10 of the Revised Code.

(C) To purchase, receive, hold, manage, lease, lease-purchase, or otherwise acquire and to sell, convey, transfer, lease, sublease, or otherwise dispose of real and personal property, together with such rights and privileges as may be incidental and appurtenant thereto and the use thereof, including but not restricted to, any real or personal property acquired by the community improvement corporation from time to time in the satisfaction of debts or enforcement of obligations, and to enter into contracts with third parties, including the federal government, the state, any political subdivision, or any other entity. A county land reutilization corporation shall not acquire an interest in real property if such acquisition causes the percentage of unoccupied real property held by the corporation to become less than seventy-five per cent of all real property held by the corporation for reutilization, reclamation, or rehabilitation. For the purposes of this division, "unoccupied" has the same meaning as in section 323.65 of the Revised Code. No interest in real property shall be acquired by a county land reutilization corporation after two years following the filing of its articles of incorporation by the secretary of state.

(D) To acquire the good will, business, rights, real and personal property, and other assets, or any part thereof, or interest therein, of any persons, firms, partnerships, corporations, joint stock companies, associations, or trusts, and to assume, undertake, or pay the obligations, debts, and liabilities of any such person, firm, partnership, corporation, joint stock company, association, or trust; to acquire, reclaim, manage, or contract for the management of improved or unimproved and underutilized real estate for the purpose of constructing industrial plants, other business
establishments, or housing thereon, or causing the same to occur, for the purpose of assembling and enhancing utilization of the real estate, or for the purpose of disposing of such real estate to others in whole or in part for the construction of industrial plants, other business establishments, or housing; and to acquire, reclaim, manage, contract for the management of, construct or reconstruct, alter, repair, maintain, operate, sell, convey, transfer, lease, sublease, or otherwise dispose of industrial plants, business establishments, or housing. No interest in real property shall be acquired by a county land reutilization corporation after two years following the filing of its articles of incorporation by the secretary of state.

(E) To acquire, subscribe for, own, hold, sell, assign, transfer, mortgage, pledge, or otherwise dispose of the stock, shares, bonds, debentures, notes, or other securities and evidences of interest in, or indebtedness of, any person, firm, corporation, joint stock company, association, or trust, and while the owner or holder thereof, to exercise all the rights, powers, and privileges of ownership, including the right to vote therein, provided that no tax revenue, if any, received by a community improvement corporation shall be used for such acquisition or subscription.

(D)(1) A request to the superintendent under division (C) of this section for any restriction, limit, or waiver during an open enrollment period must be accompanied by supporting documentation, including financial data. In reviewing the request, the superintendent may consider various factors, including the size of the health insurance corporation, the health insurance corporation’s net worth and profitability, the health insurance corporation’s delivery system structure, and the effect on profitability of prior open enrollments.

(2) Any action taken by the superintendent under division (C) of this section shall be effective for a period of not more than one year. At the expiration of such time, a new demonstration of the health insurance corporation’s need for the restriction, limit, or waiver shall be made before a new restriction, limit, or waiver is granted by the superintendent.

(3) Irrespective of the granting of any restriction, limit, or waiver by the superintendent, a health insurance corporation may reject an applicant or a dependent of the applicant during its open enrollment period if the applicant or dependent:

(a) Was eligible for and was covered under any employer-sponsored health care coverage, or if employer-sponsored health care coverage was available at the time of open enrollment;
(b) Is eligible for continuation coverage under state or federal law;
(c) Is eligible for medicare, and the health insurance corporation does not have an agreement on appropriate payment mechanisms with the governmental agency administering the medicare program.
(E) A health insuring corporation shall not be required either to enroll applicants or their dependents who are confined to a health care facility because of chronic illness, permanent injury, or other infirmity that would cause economic impairment to the health insuring corporation if such applicants or their dependents were enrolled or to make the effective date of benefits for applicants or their dependents enrolled under this section earlier than ninety days after the date of enrollment.

(F) A health insuring corporation shall not be required to cover the fees or costs, or both, for any basic health care service related to a transplant of a body organ if the transplant occurs within one year after the effective date of an enrollee's coverage under this section. This limitation on coverage does not apply to a newly born child who meets the requirements for coverage under section 1751.61 of the Revised Code.

(G) Each health insuring corporation required to hold an open enrollment pursuant to division (A) of this section shall file with the superintendent, not later than sixty days prior to the commencement of the proposed open enrollment period, the following documents:

(1) The proposed public notice of open enrollment;

(2) The evidence of coverage approved pursuant to section 1751.11 of the Revised Code that will be used during open enrollment;

(3) The contractual periodic prepayment and premium rate approved pursuant to section 1751.12 of the Revised Code that will be applicable during open enrollment;

(4) Any solicitation document approved pursuant to section 1751.31 of the Revised Code to be sent to applicants, including the application form that will be used during open enrollment;

(5) A list of the proposed dates of publication of the public notice, and the names of the newspapers in which the notice will appear;

(6) Any request for a restriction, limit, or waiver with respect to the open enrollment period, along with any supporting documentation.

(H)(1) An open enrollment period shall not satisfy the requirements of this section unless the health insuring corporation provides adequate public notice in accordance with divisions (H)(2) and (3) of this section. No public notice shall be used until the form of the public notice has been filed by the health insuring corporation with the superintendent. If the superintendent does not disapprove the public notice within sixty days after it is filed, it shall be deemed approved, unless the superintendent sooner gives approval for the public notice. If the superintendent determines within this sixty-day period that the public notice fails to meet the requirements of this section, the superintendent shall so notify the health insuring corporation and it shall
be unlawful for the health insuring corporation to use the public notice. Such
disapproval shall be effected by a written order, which shall state the
grounds for disapproval and shall be issued in accordance with Chapter 119.
of the Revised Code.

(2) A public notice pursuant to division (H)(1) of this section shall be
published in at least one newspaper of general circulation in each county in
the health insuring corporation's service area, at least once in each of the two
weeks immediately preceding the month in which the open enrollment is to
occur and in each week of that month, or until the enrollment limitation is
reached, whichever occurs first. The notice published during the last week
of open enrollment shall appear not less than five days before the end of the
open enrollment period. It shall be at least two newspaper columns wide or
two and one half inches wide, whichever is larger. The first two lines of the
text shall be published in not less than twelve point, boldface type. The
remainder of the text of the notice shall be published in not less than
eight point type. The entire public notice shall be surrounded by a
continuous black line not less than one eighth of an inch wide.

(3) The following information shall be included in the public notice
provided under division (H)(2) of this section:

(a) The dates that open enrollment will be held and the date coverage
obtained under the open enrollment will become effective;

(b) Notice that an applicant or the applicant's dependents will not be
denied coverage during open enrollment because of a preexisting health
condition, but that some limitations and restrictions may apply;

(c) The address where a person may obtain an application;

(d) The telephone number that a person may call to request an
application or to ask questions;

(e) The date the first payment will be due;

(f) The actual rates or range of rates that will be applicable for
applicants;

(g) Any limitation granted by the superintendent on the number of
applications that will be accepted by the health insuring corporation.

(4) Within thirty days after the end of an open enrollment period, the
health insuring corporation shall submit to the superintendent proof of
publication for the public notices, and shall report the total number of
applicants and their dependents enrolled during the open enrollment period.

(I)(1) No health insuring corporation may employ any scheme, plan, or
device that restricts the ability of any person to enroll during open
enrollment.

(2) No health insuring corporation may require enrollment to be made in
person. Every health insuring corporation shall permit application for coverage by mail. A representative of the health insuring corporation may visit an applicant who has submitted an application by mail, in order to explain the operations of the health insuring corporation and to answer any questions the applicant may have. Every health insuring corporation shall make open enrollment applications and solicitation documents readily available to any potential applicant who requests such material.

(J) An application postmarked on the last day of an open enrollment period shall qualify as a valid application, regardless of the date on which it is received by the health insuring corporation.

(K) This section does not apply to any of the following:

(1) Any health insuring corporation that offers only supplemental health care services or specialty health care services;

(2) Any health insuring corporation that offers plans only through medicare, medicaid, or the children's buy-in program and that has no other commercial enrollment;

(3) Any health insuring corporation that offers plans only through other federal health care programs regulated by federal regulatory bodies and that has no other commercial enrollment;

(4) Any health insuring corporation that offers plans only through contracts covering officers or employees of the state that have been entered into by the department of administrative services and that has no other commercial enrollment;

(L) Each health insuring corporation shall accept federally eligible individuals for open enrollment coverage as provided in sections 3923.58 and 3923.581 of the Revised Code. A health insuring corporation may reinsure coverage of any federally eligible individual acquired under that section those sections with the open enrollment reinsurance program in accordance with division (G) of section 3924.11 of the Revised Code. Fixed periodic prepayment rates charged for coverage reinsured by the program shall be established in accordance with section 3924.12 of the Revised Code.

(M) As used in this section, "federally eligible individual" means an eligible individual as defined in 45 C.F.R. 148.103.

(2) Any health insuring corporation that offers plans only through medicare, medicaid, or the children's buy-in program and that has no other commercial enrollment;
Any health insuring corporation that offers plans only through other federal health care programs regulated by federal regulatory bodies and that has no other commercial enrollment;

Any health insuring corporation that offers plans only through contracts covering officers or employees of the state that have been entered into by the department of administrative services and that has no other commercial enrollment.

Sec. 1751.16. (A) Except as provided in division (F) of this section, every group contract issued by a health insuring corporation shall provide an option for conversion to an individual contract issued on a direct-payment basis to any subscriber covered by the group contract who terminates employment or membership in the group, unless:

1. Termination of the conversion option or contract is based upon nonpayment of premium after reasonable notice in writing has been given by the health insuring corporation to the subscriber.

2. The subscriber is, or is eligible to be, covered for benefits at least comparable to the group contract under any of the following:
   a. Medicare;
   b. Any act of congress or law under this or any other state of the United States providing coverage at least comparable to the benefits under division (A)(2)(a) of this section;
   c. Any policy of insurance or health care plan providing coverage at least comparable to the benefits under division (A)(2)(a) of this section.

B(1) The direct-payment contract offered by the health insuring corporation pursuant to division (A) of this section shall provide the following:

   a. In the case of an individual who is not a federally eligible individual, benefits comparable to benefits in any of the individual contracts then being issued to individual subscribers by the health insuring corporation;
   b. In the case of a federally eligible individual, a basic and standard plan established by the board of directors of the Ohio health reinsurance program under section 3924.10 of the Revised Code or plans substantially similar to the basic and standard plan in benefit design and scope of covered services. For purposes of division (B)(1)(b) of this section, the superintendent of insurance shall determine whether a plan is substantially similar to the basic or standard plan in benefit design and scope of covered services. The contractual periodic prepayments charged for such plans may not exceed an amount that is two times the midpoint of the standard amounts specified below:
      i. For calendar years 2010 and 2011, an amount that is two times the
base rate charged any other individual of a group to which the organization is currently accepting new business and for which similar copayments and deductibles are applied;

(ii) For calendar year 2012 and every calendar year thereafter, an amount that is one and one-half times the base rate charged any other individual of a group to which the health insuring corporation is currently accepting new business and for which similar copayments and deductibles are applied, unless the superintendent of insurance determines that the amendments by this act to sections 3923.58 and 3923.581 of the Revised Code, have resulted in the market-wide average medical loss ratio for coverage sold to individual insureds and nonemployer group insureds in this state, including open enrollment insureds, to increase by more than five and one quarter percentage points during calendar year 2010. If the superintendent makes that determination, the premium limit established by division (B)(1)(b)(i) of this section shall remain in effect.

(2) The direct payment contract offered pursuant to division (A) of this section may include a coordination of benefits provision as approved by the superintendent.

(3) For purposes of division (B) of this section "federally:

(a) "Federally eligible individual" means an eligible individual as defined in 45 C.F.R. 148.103.

(b) "Base rate" means, as to any health benefit plan that is issued by a health insuring corporation, the lowest premium rate for new or existing business prescribed by the health insuring corporation for the same or similar coverage under a plan or arrangement covering any individual in a group with similar case characteristics.

(C) The option for conversion shall be available:

(1) Upon the death of the subscriber, to the surviving spouse with respect to such of the spouse and dependents as are then covered by the group contract;

(2) To a child solely with respect to the child upon the child's attaining the limiting age of coverage under the group contract while covered as a dependent under the contract;

(3) Upon the divorce, dissolution, or annulment of the marriage of the subscriber, to the divorced spouse, or, in the event of annulment, to the former spouse of the subscriber.

(D) No health insuring corporation shall use age or health status as the basis for refusing to renew a converted contract.

(E) Written notice of the conversion option provided by this section shall be given to the subscriber by the health insuring corporation by mail.
The notice shall be sent to the subscriber's address in the records of the employer upon receipt of notice from the employer of the event giving rise to the conversion option. If the subscriber has not received notice of the conversion privilege at least fifteen days prior to the expiration of the thirty-day conversion period, then the subscriber shall have an additional period within which to exercise the privilege. This additional period shall expire fifteen days after the subscriber receives notice, but in no event shall the period extend beyond sixty days after the expiration of the thirty-day conversion period.

(F) This section does not apply to any group contract offering only supplemental health care services or specialty health care services.

Sec. 1751.18. (A)(1) No health insuring corporation shall cancel or fail to renew the coverage of a subscriber or enrollee because of any health status-related factor in relation to the subscriber or enrollee, the subscriber's or enrollee's requirements for health care services, or for any other reason designated under rules adopted by the superintendent of insurance.

(2) Unless otherwise required by state or federal law, no health insuring corporation, or health care facility or provider through which the health insuring corporation has made arrangements to provide health care services, shall discriminate against any individual with regard to enrollment, disenrollment, or the quality of health care services rendered, on the basis of the individual's race, color, sex, age, religion, military status as defined in section 4112.01 of the Revised Code, or status as a recipient of medicare or medicaid, or any health status-related factor in relation to the individual. However, a health insuring corporation shall not be required to accept a recipient of medicare or medical assistance, if an agreement has not been reached on appropriate payment mechanisms between the health insuring corporation and the governmental agency administering these programs. Further, except during a period of open enrollment coverage under sections 1751.15, 3923.58, and 3923.581 of the Revised Code, a health insuring corporation may reject an applicant for nongroup enrollment on the basis of any health status-related factor in relation to the applicant.

(B) A health insuring corporation may cancel or decide not to renew the coverage of an enrollee if the enrollee has performed an act or practice that constitutes fraud or intentional misrepresentation of material fact under the terms of the coverage and if the cancellation or nonrenewal is not based, either directly or indirectly, on any health status-related factor in relation to the enrollee.

(C) An enrollee may appeal any action or decision of a health insuring corporation taken pursuant to section 2742(b) to (e) of the "Health Insurance
Portability and Accountability Act of 1996," Pub. L. No. 104-191, 110 Stat. 1955, 42 U.S.C.A. 300gg-42, as amended. To appeal, the enrollee may submit a written complaint to the health insuring corporation pursuant to section 1751.19 of the Revised Code. The enrollee may, within thirty days after receiving a written response from the health insuring corporation, appeal the health insuring corporation's action or decision to the superintendent.

(D) As used in this section, "health status-related factor" means any of the following:

1. Health status;
2. Medical condition, including both physical and mental illnesses;
3. Claims experience;
4. Receipt of health care;
5. Medical history;
6. Genetic information;
7. Evidence of insurability, including conditions arising out of acts of domestic violence;
8. Disability.

Sec. 1751.19. (A) A health insuring corporation shall establish and maintain a complaint system that has been approved by the superintendent of insurance to provide adequate and reasonable procedures for the expeditious resolution of written complaints initiated by subscribers or enrollees concerning any matter relating to services provided, directly or indirectly, by the health insuring corporation, including, but not limited to, complaints regarding cancellations or nonrenewals of coverage. Complaints regarding a health insuring corporation's decision to deny, reduce, or terminate coverage for health care services are subject to section 1751.83 of the Revised Code.

(B) A health insuring corporation shall provide a timely written response to each written complaint it receives.

(C)(1) Copies of complaints and responses, including medical records related to those complaints, shall be available to the superintendent and the director of health for inspection for three years. Any document or information provided to the superintendent pursuant to this division that contains a medical record is confidential, and is not a public record subject to section 149.43 of the Revised Code.

2. Notwithstanding division (C)(1) of this section, the superintendent may share documents and information that contain a medical record in connection with the investigation or prosecution of any illegal or criminal activity with the chief deputy rehabilitator, the chief deputy liquidator, other
deputy rehabilitators and liquidators, and any other person employed by, or acting on behalf of, the superintendent pursuant to Chapter 3901. or 3903. of the Revised Code, with other local, state, federal, and international regulatory and law enforcement agencies, with local, state, and federal prosecutors, and with the national association of insurance commissioners and its affiliates and subsidiaries, provided that the recipient agrees to maintain the confidential or privileged status of the confidential or privileged document or information and has authority to do so.

(3) Nothing in this section shall prohibit the superintendent from receiving documents and information in accordance with section 3901.045 of the Revised Code.

(4) The superintendent may enter into agreements governing the sharing and use of documents and information consistent with the requirements of this section.

(5) No waiver of any applicable privilege or claim of confidentiality in the documents and information described in division (C)(1) of this section occurs as a result of sharing or receiving documents and information as authorized in divisions (C)(2) and (3) of this section.

(D) A health insuring corporation shall establish and maintain a procedure to accept complaints over the telephone or in person. These complaints are not subject to the reporting requirement under division (C) of section 1751.32 of the Revised Code.

(E) A health insuring corporation may comply with this section and section 1751.83 of the Revised Code by establishing one system for receiving and reviewing complaints and requests for internal review from enrollees and subscribers if the system meets the requirements of both sections.

Sec. 1751.32. Each health insuring corporation, annually, on or before the first day of March, shall file a report with the superintendent of insurance and the director of health, covering the preceding calendar year.

The report shall be verified by an officer of the health insuring corporation, shall be in the form the superintendent prescribes, and shall include:

(A) A financial statement of the health insuring corporation, including its balance sheet and receipts and disbursements for the preceding year, which reflect, at a minimum:

1) All premium rate and other payments received for health care services rendered;

2) Expenditures with respect to all categories of providers, facilities, insurance companies, and other persons engaged to fulfill obligations of the
health insuring corporation arising out of its health care policies, contracts, certificates, and agreements;

(3) Expenditures for capital improvements or additions thereto, including, but not limited to, construction, renovation, or purchase of facilities and equipment.

(F) A current report of the names and addresses of the persons responsible for the conduct of the affairs of the health insuring corporation as required by section 1751.03 of the Revised Code. Additionally, the report shall include the amount of wages, expense reimbursements, and other payments to these persons for services to the health insuring corporation, and shall include a full disclosure of the financial interests related to the operations of the health insuring corporation acquired by these persons during the preceding year.

(G) An actuarial opinion in the form prescribed by the superintendent by rule;

(H) Any other information relating to the performance of the health insuring corporation that is necessary to enable the superintendent to carry out the superintendent's duties under this chapter.

Sec. 1751.321. Each health insuring corporation, annually, on or before the first day of June, shall file with the superintendent of insurance an audit report certified by an independent certified public accountant covering the preceding calendar year. The report shall be verified by an officer of the health insuring corporation and shall be in the form prescribed by the superintendent by rule.

Sec. 1751.34. (A) Each health insuring corporation and each applicant for a certificate of authority under this chapter shall be subject to examination by the superintendent of insurance in accordance with section 3901.07 of the Revised Code. Section 3901.07 of the Revised Code shall govern every aspect of the examination, including the circumstances under and frequency with which it is conducted, the authority of the superintendent and any examiner or other person appointed by the superintendent, the liability for the assessment of expenses incurred in
conducting the examination, and the remittance of the assessment to the superintendent's examination fund.

(B) The director of health shall make an examination concerning the matters subject to the superintendent's consideration in section 1751.04 of the Revised Code as often as the superintendent considers it necessary for the protection of the interests of the people of this state, but not less frequently than once every three years. The expenses of such examinations shall be assessed against the health insuring corporation being examined in the manner in which expenses of examinations are assessed against an insurance company under section 3901.07 of the Revised Code. Nothing in this division requires the superintendent to make an examination of any of the following:

1. A health insuring corporation that covers solely medicaid recipients;
2. A health insuring corporation that covers solely medicare beneficiaries;
3. A health insuring corporation that covers solely medicaid recipients and medicare beneficiaries;
4. A health insuring corporation that covers solely participants of the children's buy-in program;
5. A health insuring corporation that covers solely medicaid recipients and participants of the children's buy-in program;
6. A health insuring corporation that covers solely medicaid recipients, medicare beneficiaries, and participants of the children's buy-in program.

(C) An examination, pursuant to section 3901.07 of the Revised Code, of an insurance company holding a certificate of authority under this chapter to organize and operate a health insuring corporation shall include an examination of the health insuring corporation pursuant to this section and the examination shall satisfy the requirements of divisions (A) and (B) of this section.

(D) The superintendent may conduct market conduct examinations pursuant to section 3901.011 of the Revised Code of any health insuring corporation as often as the superintendent considers it necessary for the protection of the interests of subscribers and enrollees. The expenses of such market conduct examinations shall be assessed against the health insuring corporation being examined. All costs, assessments, or fines collected under this division shall be paid into the state treasury to the credit of the department of insurance operating fund.

Sec. 1751.35. (A) The superintendent of insurance may suspend or revoke any certificate of authority issued to a health insuring corporation under this chapter if the superintendent finds that:
(1) The health insuring corporation is operating in contravention of its articles of incorporation, its health care plan or plans, or in a manner contrary to that described in and reasonably inferred from any other information submitted under section 1751.03 of the Revised Code, unless amendments to such submissions have been filed and have taken effect in compliance with this chapter.

(2) The health insuring corporation fails to issue evidences of coverage in compliance with the requirements of section 1751.11 of the Revised Code.

(3) The contractual periodic prepayments or premium rates used do not comply with the requirements of section 1751.12 of the Revised Code.

(4) The health insuring corporation enters into a contract, agreement, or other arrangement with any health care facility or provider, that does not comply with the requirements of section 1751.13 of the Revised Code, or the corporation fails to provide an annual certificate as required by section 1751.13 of the Revised Code.

(5) The director of health has certified superintendent determines, after a hearing conducted in accordance with Chapter 119. of the Revised Code, that the health insuring corporation no longer meets the requirements of section 1751.04 of the Revised Code.

(6) The health insuring corporation is no longer financially responsible and may reasonably be expected to be unable to meet its obligations to enrollees or prospective enrollees.

(7) The health insuring corporation has failed to implement the complaint system that complies with the requirements of section 1751.19 of the Revised Code.

(8) The health insuring corporation, or any agent or representative of the corporation, has advertised, merchandised, or solicited on its behalf in contravention of the requirements of section 1751.31 of the Revised Code.

(9) The health insuring corporation has unlawfully discriminated against any enrollee or prospective enrollee with respect to enrollment, disenrollment, or price or quality of health care services.

(10) The continued operation of the health insuring corporation would be hazardous or otherwise detrimental to its enrollees.

(11) The health insuring corporation has submitted false information in any filing or submission required under this chapter or any rule adopted under this chapter.

(12) The health insuring corporation has otherwise failed to substantially comply with this chapter or any rule adopted under this chapter.

(14) The health insuring corporation has failed to comply with any of the requirements of sections 1751.77 to 1751.88 of the Revised Code.

(B) A certificate of authority shall be suspended or revoked only after compliance with the requirements of Chapter 119. of the Revised Code.

(C) When the certificate of authority of a health insuring corporation is suspended, the health insuring corporation, during the period of suspension, shall not enroll any additional subscribers or enrollees except newborn children or other newly acquired dependents of existing subscribers or enrollees, and shall not engage in any advertising or solicitation whatsoever.

(D) When the certificate of authority of a health insuring corporation is revoked, the health insuring corporation, following the effective date of the order of revocation, shall conduct no further business except as may be essential to the orderly conclusion of the affairs of the health insuring corporation. The health insuring corporation shall engage in no further advertising or solicitation whatsoever. The superintendent, by written order, may permit such further operation of the health insuring corporation as the superintendent may find to be in the best interest of enrollees, to the end that enrollees will be afforded the greatest practical opportunity to obtain continuing health care coverage.

Sec. 1751.36. (A) When the superintendent of insurance has cause to believe that grounds for the denial of an application for a certificate of authority exist, or that grounds for the suspension or revocation of a certificate of authority exist, the superintendent shall notify the applicant or health insuring corporation and the director of health in writing, specifically stating the grounds for the denial, suspension, or revocation and setting a date of at least thirty days after the notification for a hearing on the matter.

(B) The recommendations and findings of the director of health with respect to matters subject to the director's consideration under section 1751.04 of the Revised Code, provided in connection with any decision regarding the denial, suspension, or revocation of a certificate of authority, shall be reviewed and considered by the superintendent. After the hearing authorized by division (A) of this section, or upon the failure of the applicant or health insuring corporation to appear at the hearing, the superintendent shall take such action as in accordance with law and the evidence. The action shall be set out in written findings which shall be mailed to the applicant or health insuring corporation with a copy to the director of health. The action of the superintendent is subject to review in accordance with Chapter 119. of the Revised Code, except that a certification by the director under division (D) of section 1751.04 or
division (A)(5) of section 1751.35 of the Revised Code that was made in accordance with Chapter 119. of the Revised Code shall be final as to the matters certified.

(C) Chapter 119. of the Revised Code applies to proceedings under this section to the extent that it is not in conflict with divisions (A) and (B) of this section.

Sec. 1751.45. (A) In lieu of the suspension or revocation of a certificate of authority under section 1751.35 of the Revised Code, the superintendent of insurance, pursuant to an adjudication hearing initiated and conducted in accordance with Chapter 119. of the Revised Code, or by consent of the health insuring corporation without an adjudication hearing, may levy an administrative penalty. The administrative penalty shall be in an amount determined by the superintendent, but the administrative penalty shall not exceed one hundred thousand dollars per violation. Additionally, the superintendent may require the health insuring corporation to correct any deficiency that may be the basis for the suspension or revocation of the health insuring corporation’s certificate of authority. All penalties collected shall be paid into the state treasury to the credit of the department of insurance operating fund.

(B) If the superintendent or the director of health for any reason has cause to believe that any violation of this chapter has occurred or is threatened, the superintendent or the director may give notice to the health insuring corporation and to the representatives or other persons who appear to be involved in the suspected violation to arrange a conference with the suspected violators or their authorized representatives for the purpose of attempting to ascertain the facts relating to the suspected violation, and, if it appears that any violation has occurred or is threatened, to arrive at an adequate and effective means of correcting or preventing the violation.

Proceedings under this division shall not be covered by any formal procedural requirements, and may be conducted in the manner the superintendent or the director of health may consider appropriate under the circumstances.

(C)(1) The superintendent may issue an order directing a health insuring corporation or a representative of the health insuring corporation to cease and desist from engaging in any act or practice in violation of this chapter. Within thirty days after service of the order to cease and desist, the respondent may request a hearing on the question of whether acts or practices in violation of this chapter have occurred. Such hearings shall be conducted in accordance with Chapter 119. of the Revised Code and judicial review shall be available as provided by that chapter.
(2) If the superintendent has reasonable cause to believe that an order issued pursuant to this division has been violated in whole or in part, the superintendent may request the attorney general to commence and prosecute any appropriate action or proceeding in the name of the state against the violators in the court of common pleas of Franklin county. The court in any such action or proceeding may levy civil penalties, not to exceed one hundred thousand dollars per violation, in addition to any other appropriate relief, including requiring a violator to pay the expenses reasonably incurred by the superintendent in enforcing the order. The penalties and fees collected under this division shall be paid into the state treasury to the credit of the department of insurance operating fund.

Sec. 1751.46. (A) The superintendent of insurance and the director of health may contract with qualified persons to make recommendations concerning the determinations required to be made by the superintendent or the director relative to an expansion of a service area pursuant to division (C) of section 1751.03 of the Revised Code, an application for a certificate of authority pursuant to sections 1751.04 and 1751.05 of the Revised Code, a contractual periodic prepayment or premium rate pursuant to section 1751.12 of the Revised Code, and an examination pursuant to division (B) of section 1751.34 of the Revised Code. The recommendations may be accepted in full or in part, or may be rejected, by the superintendent or director.

The total cost of a contract with a qualified person pursuant to this division shall represent the fair market value of the services provided and shall be borne by the health insuring corporation that is the subject of the determination required to be made by the superintendent or the director.

(B) No qualified person placed on contract by the superintendent or the director pursuant to division (A) of this section shall have a conflict of interest with the department of insurance, the department of health, or the health insuring corporation.

Sec. 1751.48. (A) The superintendent of insurance may adopt rules as are necessary to carry out the provisions of this chapter. These rules shall be adopted in accordance with Chapter 119. of the Revised Code.

(B) The director of health may make recommendations to the superintendent for rules that are necessary to enable the director to carry out the director's responsibilities under this chapter, including rules that prescribe standards relating to the requirements set forth in division (B) of section 1751.04 of the Revised Code. In adopting any rules pertaining to the director's responsibilities, the superintendent shall consider the recommendations of the director.
Sec. 1751.831. The superintendent of insurance shall establish and maintain a system for receiving and reviewing requests for review from or on behalf of enrollees who, under section 1751.83 of the Revised Code, have been denied coverage of a health care service or had coverage reduced or terminated when the grounds for the denial, reduction, or termination is that the service is not a service covered under the terms of the enrollee's policy, contract, or agreement.

On receipt of a written request from an enrollee or authorized person, the superintendent shall consider whether the health care service is a service covered under the terms of the enrollee's policy, contract, or agreement, except that the superintendent shall not conduct a review under this section unless the enrollee has exhausted the health insuring corporation's internal review process established pursuant to section 1751.83 of the Revised Code. The health insuring corporation and the enrollee or authorized person shall provide the superintendent with any information required by the superintendent that is in their possession and is germane to the review.

Unless the superintendent is not able to do so because making the determination requires resolution of a medical issue, the superintendent shall determine whether the health care service at issue is a service covered under the terms of the enrollee's contract, policy, or agreement. The superintendent shall notify the enrollee, or authorized person, and the health insuring corporation of the superintendent's determination or that the superintendent is not able to make a determination.

If the superintendent notifies the health insuring corporation that making the determination requires the resolution of a medical issue, the health insuring corporation shall afford the enrollee an opportunity for an external review under section 1751.84 or 1751.85 of the Revised Code. If the superintendent notifies the health insuring corporation that the health service is a covered service, the health insuring corporation shall either cover the service or afford the enrollee an opportunity for an external review under section 1751.84 or 1751.85 of the Revised Code. If the superintendent notifies the health insuring corporation that the health care service is not a covered service, the health insuring corporation is not required to cover the service or afford the enrollee an external review.

Sec. 1751.84. (A) Except as provided in divisions (B) and (C) of this section, a health insuring corporation shall afford an enrollee an opportunity for an external review if both of the following are the case:

(1) The health insuring corporation has denied, reduced, or terminated coverage for what would be a covered health care service except for the fact that the health insuring corporation has determined that the health care
service is not medically necessary;

(2) Except in the case of an expedited review, the service, plus any ancillary services and follow-up care, will cost the enrollee more than five hundred dollars if the proposed service is not covered by the health insuring corporation.

External review shall be conducted in accordance with this section, except that if an enrollee with a terminal condition meets all of the criteria of division (A) of section 1751.85 of the Revised Code, an external review shall be conducted under that section.

(B) An enrollee need not be afforded a review under this section in any of the following circumstances:

(1) The superintendent of insurance has determined under section 1751.831 of the Revised Code that the health care service is not a service covered under the terms of the enrollee’s policy, contract, or agreement.

(2) Except as provided in section 1751.811 of the Revised Code, the enrollee has failed to exhaust the health insuring corporation's internal review process established pursuant to section 1751.83 of the Revised Code.

(3) The enrollee has previously been afforded an external review for the same adverse determination and no new clinical information has been submitted to the health insuring corporation.

(C)(1) A health insuring corporation may deny a request for an external review of an adverse determination if it is requested later than sixty one hundred eighty days after the enrollee's receipt of notice of the result of an internal review brought under section 1751.83 of the Revised Code. An external review may be requested by the enrollee, an authorized person, the enrollee's provider, or a health care facility rendering health care service to the enrollee. The enrollee may request a review without the approval of the provider or the health care facility rendering the health care service. The provider or health care facility may not request a review without the prior consent of the enrollee.

(2) An external review must be requested in writing, except that if the enrollee has a condition that requires expedited review, the review may be requested orally or by electronic means. When an oral or electronic request for review is made, written confirmation of the request shall be submitted to the health insuring corporation not later than five days after the oral or written request is submitted.

Except in the case of an expedited review, a request for an external review must be accompanied by written certification from the enrollee's provider or the health care facility rendering the health care service to the enrollee that the proposed service, plus any ancillary services and follow-up
care, will cost the enrollee more than five hundred dollars if the proposed service is not covered by the health insuring corporation.

(3) For an expedited review, the enrollee's provider must certify that the enrollee's condition could, in the absence of immediate medical attention, result in any of the following:

(a) Placing the health of the enrollee or, with respect to a pregnant woman, the health of the enrollee or the unborn child, in serious jeopardy;
(b) Serious impairment to bodily functions;
(c) Serious dysfunction of any bodily organ or part.

(D) The procedures used in conducting an external review of an adverse determination shall include all of the following:

(1) The review shall be conducted by an independent review organization assigned by the superintendent of insurance under section 3901.80 of the Revised Code.

(2) Except as provided in division (D)(3) and (4) of this section, neither the clinical peer nor any health care facility with which the clinical peer is affiliated shall have any professional, familial, or financial affiliation with any of the following:

(a) The health insuring corporation or any officer, director, or managerial employee of the health insuring corporation;
(b) The enrollee, the enrollee's provider, or the practice group of the enrollee's provider;
(c) The health care facility at which the health care service requested by the enrollee would be provided;
(d) The development or manufacture of the principal drug, device, procedure, or therapy proposed for the enrollee.

(3) Division (D)(2) of this section does not prohibit a clinical peer from conducting a review under any of the following circumstances:

(a) The clinical peer is affiliated with an academic medical center that provides health care services to enrollees of the health insuring corporation.
(b) The clinical peer has staff privileges at a health care facility that provides health care services to enrollees of the health insuring corporation.
(c) The clinical peer is a participating provider but was not involved with the health insuring corporation's adverse determination.

(4) Division (D)(2) of this section does not prohibit the health insuring corporation from paying the independent review organization for the conduct of the review.

(5) An enrollee shall not be required to pay for any part of the cost of the review. The cost of the review shall be borne by the health insuring corporation.
(6)(a) The health insuring corporation shall provide to the independent review organization conducting the review a copy of those records in its possession that are relevant to the enrollee's medical condition and the review. The records shall be used solely for the purpose of this division.

At the request of the independent review organization, the health insuring corporation, enrollee, or the provider or health care facility rendering health care services to the enrollee shall provide any additional information the independent review organization requests to complete the review. A request for additional information may be made in writing, orally, or by electronic means. The independent review organization shall submit the request to the enrollee and health insuring corporation. If a request is submitted orally or by electronic means to an enrollee or health insuring corporation, not later than five days after the request is submitted, the independent review organization shall provide written confirmation of the request. If the review was initiated by a provider or health care facility, a copy of the request shall be submitted to the provider or health care facility.

(b) An independent review organization is not required to make a decision if it has not received any requested information that it considers necessary to complete a review. An independent review organization that does not make a decision for this reason shall notify the enrollee and the health insuring corporation that a decision is not being made. The notice may be made in writing, orally, or by electronic means. An oral or electronic notice shall be confirmed in writing not later than five days after the oral or electronic notice is made. If the review was initiated by a provider or health care facility, a copy of the notice shall be submitted to the provider or health care facility.

(7) The health insuring corporation may elect to cover the service requested and terminate the review. The health insuring corporation shall notify the enrollee and all other parties involved with the decision by mail or, with the consent or approval of the enrollee, by electronic means.

(8) In making its decision, an independent review organization conducting the review shall take into account all of the following:

(a) Information submitted by the health insuring corporation, the enrollee, the enrollee's provider, and the health care facility rendering the health care service, including the following:

(i) The enrollee's medical records;

(ii) The standards, criteria, and clinical rationale used by the health insuring corporation to make its decision.

(b) Findings, studies, research, and other relevant documents of government agencies and nationally recognized organizations, including the
national institutes of health or any board recognized by the national institutes of health, the national cancer institute, the national academy of sciences, the United States food and drug administration, the health care financing administration of the United States department of health and human services, and the agency for health care policy and research;

(c) Relevant findings in peer-reviewed medical or scientific literature, published opinions of nationally recognized medical experts, and clinical guidelines adopted by relevant national medical societies.

(9)(a) In the case of an expedited review, the independent review organization shall issue a written decision not later than seven days after the filing of the request for review. In all other cases, the independent review organization shall issue a written decision not later than thirty days after the filing of the request. The independent review organization shall send a copy of its decision to the health insuring corporation and the enrollee. If the enrollee's provider or the health care facility rendering health care services to the enrollee requested the review, the independent review organization shall also send a copy of its decision to the enrollee's provider or the health care facility.

(b) The independent review organization's decision shall include a description of the enrollee's condition and the principal reasons for the decision and an explanation of the clinical rationale for the decision.

(E) The independent review organization shall base its decision on the information submitted under division (D)(8) of this section. In making its decision, the independent review organization shall consider safety, efficacy, appropriateness, and cost effectiveness.

(F) The health insuring corporation shall provide any coverage determined by the independent review organization's decision to be medically necessary, subject to the other terms, limitations, and conditions of the enrollee's contract. The decision shall apply only to the individual enrollee's external review.

Sec. 1751.85. (A) Each health insuring corporation shall establish a reasonable external, independent review process to examine the health insuring corporation's coverage decisions for enrollees who meet all of the following criteria:

(1) The enrollee has a terminal condition that, according to the current diagnosis of the enrollee's physician, has a high probability of causing death within two years.

(2) The enrollee requests a review not later than sixty one hundred eighty days after receipt by the enrollee of notice of the result of an internal review under section 1751.83 of the Revised Code.
(3) The enrollee's physician certifies that the enrollee has the condition described in division (A)(1) of this section and any of the following situations are applicable:
   (a) Standard therapies have not been effective in improving the condition of the enrollee;
   (b) Standard therapies are not medically appropriate for the enrollee;
   (c) There is no standard therapy covered by the health insuring corporation that is more beneficial than therapy described in division (A)(4) of this section.

(4) The enrollee's physician has recommended a drug, device, procedure, or other therapy that the physician certifies, in writing, is likely to be more beneficial to the enrollee, in the physician's opinion, than standard therapies, or, the enrollee has requested a therapy that has been found in a preponderance of peer-reviewed published studies to be associated with effective clinical outcomes for the same condition.

(5) The enrollee has been denied coverage by the health insuring corporation for a drug, device, procedure, or other therapy recommended or requested pursuant to division (A)(4) of this section, and has exhausted the health insuring corporation's internal review process established pursuant to section 1751.83 of the Revised Code.

(6) The drug, device, procedure, or other therapy, for which coverage has been denied would be a covered health care service except for the health insuring corporation's determination that the drug, device, procedure, or other therapy is experimental or investigational.

(B) A review shall be requested in writing, except that if the enrollee's physician determines that a therapy would be significantly less effective if not promptly initiated, the review may be requested orally or by electronic means. When an oral or electronic request for review is made, written confirmation of the request shall be submitted to the health insuring corporation not later than five days after the oral or written request is submitted.

(C) The external, independent review process established by a health insuring corporation shall meet all of the following criteria:

   (1) Except as provided in division (E) of this section, the process shall afford all enrollees who meet the criteria set forth in division (A) of this section the opportunity to have the health insuring corporation's decision to deny coverage of the recommended or requested therapy reviewed under the process.

   (2) The review shall be conducted by an independent review organization assigned by the superintendent of insurance under section
The independent review organization shall select a panel to conduct the review, which panel shall be composed of at least three physicians or other providers who, through clinical experience in the past three years, are experts in the treatment of the enrollee's medical condition and knowledgeable about the recommended or requested therapy.

In either of the following circumstances, an exception may be made to the requirement that the review be conducted by an expert panel composed of a minimum of three physicians or other providers:

(a) A review may be conducted by an expert panel composed of only two physicians or other providers if an enrollee has consented in writing to a review by the smaller panel;

(b) A review may be conducted by a single expert physician or other provider if only one expert physician or other provider is available for the review.

(3) Neither the health insuring corporation nor the enrollee shall choose, or control the choice of, the physician or other provider experts.

(4) The selected experts, any health care facility with which an expert is affiliated, and the independent review organization arranging for the experts' review, shall not have any professional, familial, or financial affiliation with any of the following:

(a) The health insuring corporation or any officer, director, or managerial employee of the health insuring corporation;

(b) The enrollee, the enrollee's physician, or the practice group of the enrollee's physician;

(c) The health care facility at which the recommended or requested therapy would be provided;

(d) The development or manufacture of the principal drug, device, procedure, or therapy involved in the recommended or requested therapy.

However, experts affiliated with academic medical centers who provide health care services to enrollees of the health insuring corporation may serve as experts on the review panel. Further, experts with staff privileges at a health care facility that provides health care services to enrollees of the health insuring corporation, as well as experts who are participating providers, but who were not involved with the health insuring corporation's denial of coverage for the therapy under review, may serve as experts on the review panel. These nonaffiliation provisions do not preclude a health insuring corporation from paying for the experts' review, as specified in division (C)(5) of this section.

(5) Enrollees shall not be required to pay for any part of the cost of the
review. The cost of the review shall be borne by the health insuring corporation.

(6) The health insuring corporation shall provide to the independent review organization arranging for the experts' review a copy of those records in the health insuring corporation's possession that are relevant to the enrollee's medical condition and the review. The records shall be disclosed solely to the expert reviewers and shall be used solely for the purpose of this section. At the request of the expert reviewers, the health insuring corporation or the physician recommending the therapy shall provide any additional information that the expert reviewers request to complete the review. An expert reviewer is not required to render an opinion if the reviewer has not received any requested information that the reviewer considers necessary to complete the review.

(7)(a) The opinions of the experts on the panel shall be rendered within thirty days after the enrollee's request for review. If the enrollee's physician determines that a therapy would be significantly less effective if not promptly initiated, the opinions shall be rendered within seven days after the enrollee's request for review.

(b) In conducting the review, the experts on the panel shall take into account all of the following:

(i) Information submitted by the health insuring corporation, the enrollee, and the enrollee's physician, including the enrollee's medical records and the standards, criteria, and clinical rationale used by the health insuring corporation to reach its coverage decision;

(ii) Findings, studies, research, and other relevant documents of government agencies and nationally recognized organizations;

(iii) Relevant findings in peer-reviewed medical or scientific literature and published opinions of nationally recognized medical experts;

(iv) Clinical guidelines adopted by relevant national medical societies;

(v) Safety, efficacy, appropriateness, and cost effectiveness.

(8) Each expert on the panel shall provide the independent review organization with a professional opinion as to whether there is sufficient evidence to demonstrate that the recommended or requested therapy is likely to be more beneficial to the enrollee than standard therapies.

(9) Each expert's opinion shall be presented in written form and shall include the following information:

(a) A description of the enrollee's condition;

(b) A description of the indicators relevant to determining whether there is sufficient evidence to demonstrate that the recommended or requested therapy is more likely than not to be more beneficial to the enrollee than
standard therapies;

(c) A description and analysis of any relevant findings published in peer-reviewed medical or scientific literature or the published opinions of medical experts or specialty societies;

(d) A description of the enrollee's suitability to receive the recommended or requested therapy according to a treatment protocol in a clinical trial, if applicable.

(10) The independent review organization shall provide the health insuring corporation with the opinions of the experts. The health insuring corporation shall make the experts' opinions available to the enrollee and the enrollee's physician, upon request.

(11) The opinion of the majority of the experts on the panel, rendered pursuant to division (C)(8) of this section, is binding on the health insuring corporation with respect to that enrollee. If the opinions of the experts on the panel are evenly divided as to whether the therapy should be covered, then the health insuring corporation's final decision shall be in favor of coverage. If less than a majority of the experts on the panel recommend coverage of the therapy, the health insuring corporation may, in its discretion, cover the therapy. However, any coverage provided pursuant to division (C)(11) of this section is subject to the terms, limitations, and conditions of the enrollee's contract with the health insuring corporation.

(12) The health insuring corporation shall have written policies describing the external, independent review process.

(D) At any time during the external, independent review process, the health insuring corporation may elect to cover the recommended or requested health care service and terminate the review. The health insuring corporation shall notify the enrollee and all other parties involved by mail or, with the consent or approval of the enrollee, by electronic means.

(E) If a health insuring corporation's initial denial of coverage for a therapy recommended or requested pursuant to division (A)(4) of this section is based upon an external, independent review of that therapy meeting the requirements of division (C) of this section, this section shall not be a basis for requiring a second external, independent review of the recommended or requested therapy.

(F) The health insuring corporation shall annually file a certificate with the superintendent of insurance certifying its compliance with the requirements of this section.

Sec. 1753.09. (A) Except as provided in division (D) of this section, prior to terminating the participation of a provider on the basis of the participating provider's failure to meet the health insuring corporation's
standards for quality or utilization in the delivery of health care services, a health insuring corporation shall give the participating provider notice of the reason or reasons for its decision to terminate the provider's participation and an opportunity to take corrective action. The health insuring corporation shall develop a performance improvement plan in conjunction with the participating provider. If after being afforded the opportunity to comply with the performance improvement plan, the participating provider fails to do so, the health insuring corporation may terminate the participation of the provider.

(B)(1) A participating provider whose participation has been terminated under division (A) of this section may appeal the termination to the appropriate medical director of the health insuring corporation. The medical director shall give the participating provider an opportunity to discuss with the medical director the reason or reasons for the termination.

(2) If a satisfactory resolution of a participating provider's appeal cannot be reached under division (B)(1) of this section, the participating provider may appeal the termination to a panel composed of participating providers who have comparable or higher levels of education and training than the participating provider making the appeal. A representative of the participating provider's specialty shall be a member of the panel, if possible. This panel shall hold a hearing, and shall render its recommendation in the appeal within thirty days after holding the hearing. The recommendation shall be presented to the medical director and to the participating provider.

(3) The medical director shall review and consider the panel's recommendation before making a decision. The decision rendered by the medical director shall be final.

(C) A provider's status as a participating provider shall remain in effect during the appeal process set forth in division (B) of this section unless the termination was based on any of the reasons listed in division (D) of this section.

(D) Notwithstanding division (A) of this section, a provider's participation may be immediately terminated if the participating provider's conduct presents an imminent risk of harm to an enrollee or enrollees; or if there has occurred unacceptable quality of care, fraud, patient abuse, loss of clinical privileges, loss of professional liability coverage, incompetence, or loss of authority to practice in the participating provider's field; or if a governmental action has impaired the participating provider's ability to practice.

(E) Divisions (A) to (D) of this section apply only to providers who are natural persons.
(F)(1) Nothing in this section prohibits a health insuring corporation from rejecting a provider's application for participation, or from terminating a participating provider's contract, if the health insuring corporation determines that the health care needs of its enrollees are being met and no need exists for the provider's or participating provider's services.

(2) Nothing in this section shall be construed as prohibiting a health insuring corporation from terminating a participating provider who does not meet the terms and conditions of the participating provider's contract.

(3) Nothing in this section shall be construed as prohibiting a health insuring corporation from terminating a participating provider's contract pursuant to any provision of the contract described in division (E)(2) of section 3963.02 of the Revised Code, except that, notwithstanding any provision of a contract described in that division, this section applies to the termination of a participating provider's contract for any of the causes described in divisions (A), (D), and (F)(1) and (2) of this section.

(G) The superintendent of insurance may adopt rules as necessary to implement and enforce sections 1753.06, 1753.07, and 1753.09 of the Revised Code. Such rules shall be adopted in accordance with Chapter 119. of the Revised Code.

Sec. 1901.121. (A)(1)(a) Subject to division (A)(2) of this section and in accordance with the payment procedures specified in division (B) of this section, a judge specified in division (A)(1)(b) of this section is entitled, on a per diem basis, to the compensation paid to the incumbent judge of the municipal court in which the judge is appointed or designated to serve. If the incumbent judge is compensated as described in division (A)(5) of section 141.04 of the Revised Code, the appointed or designated judge is entitled to compensation at that rate. If the incumbent judge is compensated as described in division (A)(6) of section 141.04 of the Revised Code, the appointed or designated judge is entitled to compensation at that rate.

(b) The following judges shall receive compensation as described in division (A)(1)(a) of this section:

(i) An acting judge appointed pursuant to division (B) of section 1901.10 of the Revised Code as a substitute judge because of the volume of cases pending in the municipal court and the report of the chief justice of the supreme court that no judge of another municipal court or county court is
available to serve by designation;

(ii) A judge of another municipal court or county court designated by
   the chief justice of the supreme court pursuant to division (B) of section
   1901.10 of the Revised Code because of the volume of cases pending in the
   municipal court;

(iii) An acting judge authorized by division (B) of section 1901.12 of
   the Revised Code and appointed pursuant to division (A)(2) of section
   1901.10 of the Revised Code as a substitute for the judge of a municipal
   court that has only one judge, who is on vacation;

(iv) An acting judge authorized by division (B) of section 1901.12 of the
   Revised Code and appointed by the presiding judge of the municipal court
   pursuant to that division as a substitute judge because an incumbent judge is
   on vacation or not in attendance;

(v) A retired judge who has been assigned to active duty on the
   municipal court,

(c) An acting judge appointed pursuant to division (A)(2) of section
   1901.10 of the Revised Code as a substitute for a judge who is the judge of a
   municipal court that has only one judge and who is temporarily absent,
   incapacitated, or otherwise unavailable is entitled to compensation in an
   amount established by the incumbent judge pursuant to division (A)(2) of
   section 1901.10 of the Revised Code.

(2) Division (A)(1) of this section does not include any acting judge,
   judge, or retired judge who, at the time of the judge's appointment,
   designation, or assignment, is receiving compensation under division (A)(5)
   or (6) of section 141.04 of the Revised Code, except that division (A)(1) of
   this section includes a judge who is receiving compensation under division
   (A)(6) of section 141.04 of the Revised Code and who is appointed or
   designated to serve in a municipal court in which the incumbent judge
   receives compensation as described in division (A)(5) of that section.

   (B) Subject to reimbursement under division (C) of this section, the
   treasury of the county in which a county-operated municipal court or other
   municipal court is located shall pay, on a per diem basis, the compensation
   to which an acting judge, judge, or retired judge as described in division
   (A)(1) of this section is entitled.

   (C) The treasurer of a county that, pursuant to division (B) of this
   section, is required to pay any compensation to which the an acting judges
   judge, judges judge, or retired judges judge described in division (A)(1) of
   this section are and appointed or designated by the chief justice is entitled
   under division (A)(5) or (6) of section 141.04 of the Revised Code, shall
   submit to the administrative director of the supreme court quarterly requests
for reimbursements of the per diem amounts so paid. The reports shall include verifications of the payment of those amounts. The administrative director shall cause reimbursements of those amounts to be issued to the county if the administrative director verifies that those amounts were, in fact, so paid.

Sec. 1901.26. (A) Subject to division (E) of this section, costs in a municipal court shall be fixed and taxed as follows:

1. (a) The municipal court shall require an advance deposit for the filing of any new civil action or proceeding when required by division (C) of this section, and in all other cases, by rule, shall establish a schedule of fees and costs to be taxed in any civil or criminal action or proceeding.

   (b) (i) The legislative authority of a municipal corporation may by ordinance establish a schedule of fees to be taxed as costs in any civil, criminal, or traffic action or proceeding in a municipal court for the performance by officers or other employees of the municipal corporation's police department or marshal's office of any of the services specified in sections 311.17 and 509.15 of the Revised Code. No fee in the schedule shall be higher than the fee specified in section 311.17 of the Revised Code for the performance of the same service by the sheriff. If a fee established in the schedule conflicts with a fee for the same service established in another section of the Revised Code or a rule of court, the fee established in the other section of the Revised Code or the rule of court shall apply.

   (ii) When an officer or employee of a municipal police department or marshal's office performs in a civil, criminal, or traffic action or proceeding in a municipal court a service specified in section 311.17 or 509.15 of the Revised Code for which a taxable fee has been established under this or any other section of the Revised Code, the applicable legal fees and any other extraordinary expenses, including overtime, provided for the service shall be taxed as costs in the case. The clerk of the court shall pay those legal fees and other expenses, when collected, into the general fund of the municipal corporation that employs the officer or employee.

   (iii) If a bailiff of a municipal court performs in a civil, criminal, or traffic action or proceeding in that court a service specified in section 311.17 or 509.15 of the Revised Code for which a taxable fee has been established under this section or any other section of the Revised Code, the fee for the service is the same and is taxable to the same extent as if the service had been performed by an officer or employee of the police department or marshal's office of the municipal corporation in which the court is located. The clerk of that court shall pay the fee, when collected, into the general fund of the entity or entities that fund the bailiff's salary, in the same
prorated amount as the salary is funded.

(iv) Division (A)(1)(b) of this section does not authorize or require any officer or employee of a police department or marshal's office of a municipal corporation or any bailiff of a municipal court to perform any service not otherwise authorized by law.

(2) The municipal court, by rule, may require an advance deposit for the filing of any civil action or proceeding and publication fees as provided in section 2701.09 of the Revised Code. The court may waive the requirement for advance deposit upon affidavit or other evidence that a party is unable to make the required deposit.

(3) When a jury trial is demanded in any civil action or proceeding, the party making the demand may be required to make an advance deposit as fixed by rule of court, unless, upon affidavit or other evidence, the court concludes that the party is unable to make the required deposit. If a jury is called, the fees of a jury shall be taxed as costs.

(4) In any civil or criminal action or proceeding, each witness shall receive twelve dollars for each full day's attendance and six dollars for each half day's attendance. Each witness in a municipal court that is not a county-operated municipal court also shall receive fifty and one-half cents for each mile necessarily traveled to and from the witness's place of residence to the action or proceeding.

(5) A reasonable charge for driving, towing, carting, storing, keeping, and preserving motor vehicles and other personal property recovered or seized in any proceeding may be taxed as part of the costs in a trial of the cause, in an amount that shall be fixed by rule of court.

(6) Chattel property seized under any writ or process issued by the court shall be preserved pending final disposition for the benefit of all persons interested and may be placed in storage when necessary or proper for that preservation. The custodian of any chattel property so stored shall not be required to part with the possession of the property until a reasonable charge, to be fixed by the court, is paid.

(7) The municipal court, as it determines, may refund all deposits and advance payments of fees and costs, including those for jurors and summoning jurors, when they have been paid by the losing party.

(8) Charges for the publication of legal notices required by statute or order of court may be taxed as part of the costs, as provided by section 7.13 of the Revised Code.

(B)(1) The municipal court may determine that, for the efficient operation of the court, additional funds are necessary to acquire and pay for special projects of the court including, but not limited to, the acquisition of
additional facilities or the rehabilitation of existing facilities, the acquisition of equipment, the hiring and training of staff, community service programs, mediation or dispute resolution services, the employment of magistrates, the training and education of judges, acting judges, and magistrates, and other related services. Upon that determination, the court by rule may charge a fee, in addition to all other court costs, on the filing of each criminal cause, civil action or proceeding, or judgment by confession.

If the municipal court offers a special program or service in cases of a specific type, the municipal court by rule may assess an additional charge in a case of that type, over and above court costs, to cover the special program or service. The municipal court shall adjust the special assessment periodically, but not retroactively, so that the amount assessed in those cases does not exceed the actual cost of providing the service or program.

All moneys collected under division (B) of this section shall be paid to the county treasurer if the court is a county-operated municipal court or to the city treasurer if the court is not a county-operated municipal court for deposit into either a general special projects fund or a fund established for a specific special project. Moneys from a fund of that nature shall be disbursed upon an order of the court in an amount no greater than the actual cost to the court of a project. If a specific fund is terminated because of the discontinuance of a program or service established under division (B) of this section, the municipal court may order that moneys remaining in the fund be transferred to an account established under this division for a similar purpose.

(2) As used in division (B) of this section:
(a) "Criminal cause" means a charge alleging the violation of a statute or ordinance, or subsection of a statute or ordinance, that requires a separate finding of fact or a separate plea before disposition and of which the defendant may be found guilty, whether filed as part of a multiple charge on a single summons, citation, or complaint or as a separate charge on a single summons, citation, or complaint. (b) "Civil action or proceeding" means any civil litigation that must be determined by judgment entry.

The filing fees required to be collected under this division shall be in addition to any other court costs imposed in the action or proceeding and shall be collected at the time of the filing of the action or proceeding. The court shall not waive the payment of the additional filing fees in a new civil action or proceeding unless the court waives the advanced payment of all filing fees in the action or proceeding. All such moneys collected during a month except for an amount equal to up to one per cent of those moneys retained to cover administrative costs shall be transmitted on or before the twentieth day of the following month by the clerk of the court to the treasurer of state in a manner prescribed by the treasurer of state or by the Ohio legal assistance foundation. The treasurer of state shall deposit four per cent of the funds collected under this division to the credit of the civil case filing fee fund established under section 120.07 of the Revised Code and ninety-six per cent of the funds collected under this division to the credit of the legal aid fund established under section 120.52 of the Revised Code.

The court may retain up to one per cent of the moneys it collects under this division to cover administrative costs, including the hiring of any additional personnel necessary to implement this division. If the court fails to transmit to the treasurer of state the moneys the court collects under this division in a manner prescribed by the treasurer of state or by the Ohio legal assistance foundation, the court shall forfeit the moneys the court retains under this division to cover administrative costs, including the hiring of any additional personnel necessary to implement this division, and shall transmit to the treasurer of state all moneys collected under this division, including the forfeited amount retained for administrative costs, for deposit in the legal aid fund.

(D) In the Cleveland municipal court, reasonable charges for investigating titles of real estate to be sold or disposed of under any writ or process of the court may be taxed as part of the costs.

(2) "Half day's attendance" means a day on which a witness is required or requested to be present at an action or proceeding either before or after twelve noon, but not both, regardless of whether the witness actually testifies.

The clerk shall do all of the following: file and safely keep all journals, records, books, and papers belonging or appertaining to the court; record the proceedings of the court; perform all other duties that the judges
of the court may prescribe; and keep a book showing all receipts and
disbursements, which book shall be open for public inspection at all times.

The clerk shall prepare and maintain a general index, a docket, and
other records that the court, by rule, requires, all of which shall be the public
records of the court. In the docket, the clerk shall enter, at the time of the
commencement of an action, the names of the parties in full, the names of
the counsel, and the nature of the proceedings. Under proper dates, the clerk
shall note the filing of the complaint, issuing of summons or other process,
returns, and any subsequent pleadings. The clerk also shall enter all reports,
verdicts, orders, judgments, and proceedings of the court, clearly specifying
the relief granted or orders made in each action. The court may order an
extended record of any of the above to be made and entered, under the
proper action heading, upon the docket at the request of any party to the
case, the expense of which record may be taxed as costs in the case or may
be required to be prepaid by the party demanding the record, upon order of
the court.

(F) The clerk of a municipal court shall receive, collect, and issue
receipts for all costs, fees, fines, bail, and other moneys payable to the office
or to any officer of the court. The clerk shall each month disburse to the
proper persons or officers, and take receipts for, all costs, fees, fines, bail,
and other moneys that the clerk collects. Subject to sections 3375.50 and
4511.193 of the Revised Code and to any other section of the Revised Code
that requires a specific manner of disbursement of any moneys received by a

4511.19, and 5503.04 of the Revised Code and to any other section of the
Revised Code that requires a specific manner of disbursement of any
moneys received by a municipal court, the clerk shall pay all fines collected
for the violation of state laws into the county treasury. Except in a
county-operated municipal court, the clerk shall pay all costs and fees the disbursement of which is not otherwise provided for in the Revised Code into the city treasury. The clerk of a county-operated municipal court shall pay the costs and fees the disbursement of which is not otherwise provided for in the Revised Code into the county treasury. Moneys deposited as security for costs shall be retained pending the litigation. The clerk shall keep a separate account of all receipts and disbursements in civil and criminal cases, which shall be a permanent public record of the office. On the expiration of the term of the clerk, the clerk shall deliver the records to the clerk's successor. The clerk shall have other powers and duties as are prescribed by rule or order of the court.

(G) All moneys paid into a municipal court shall be noted on the record of the case in which they are paid and shall be deposited in a state or national bank, or a domestic savings and loan association, as defined in section 1151.01 of the Revised Code, that is selected by the clerk. Any interest received upon the deposits shall be paid into the city treasury, except that, in a county-operated municipal court, the interest shall be paid into the treasury of the county in which the court is located.

On the first Monday in January of each year, the clerk shall make a list of the titles of all cases in the court that were finally determined more than one year past in which there remains unclaimed in the possession of the clerk any funds, or any part of a deposit for security of costs not consumed by the costs in the case. The clerk shall give notice of the moneys to the parties who are entitled to the moneys or to their attorneys of record. All the moneys remaining unclaimed on the first day of April of each year shall be paid by the clerk to the city treasurer, except that, in a county-operated municipal court, the moneys shall be paid to the treasurer of the county in which the court is located. The treasurer shall pay any part of the moneys at any time to the person who has the right to the moneys upon proper certification of the clerk.

(H) Deputy clerks of a municipal court other than the Carroll county municipal court may be appointed by the clerk and shall receive the compensation, payable in either biweekly installments or semimonthly installments, as determined by the payroll administrator, out of the city treasury, that the clerk may prescribe, except that the compensation of any deputy clerk of a county-operated municipal court shall be paid out of the treasury of the county in which the court is located. The judge of the Carroll county municipal court may appoint deputy clerks for the court, and the deputy clerks shall receive the compensation, payable in biweekly installments out of the county treasury, that the judge may prescribe. Each
deputy clerk shall take an oath of office before entering upon the duties of the deputy clerk's office and, when so qualified, may perform the duties appertaining to the office of the clerk. The clerk may require any of the deputy clerks to give bond of not less than three thousand dollars, conditioned for the faithful performance of the deputy clerk’s duties.

(I) For the purposes of this section, whenever the population of the territory of a municipal court falls below one hundred thousand but not below ninety thousand, and the population of the territory prior to the most recent regular federal census exceeded one hundred thousand, the legislative authority of the municipal corporation may declare, by resolution, that the territory shall be considered to have a population of at least one hundred thousand.

(J) The clerk or a deputy clerk shall be in attendance at all sessions of the municipal court, although not necessarily in the courtroom, and may administer oaths to witnesses and jurors and receive verdicts.

When a judge of a county court is temporarily absent, incapacitated, or otherwise unavailable, the judge may appoint a substitute having the qualifications required by section 1907.13 of the Revised Code or may appoint a retired judge of a court of record in the state who is a qualified elector and a resident of the county court district. If the judge is unable to make the appointment, the administrative judge of the county court district or the administrative judge of the court of common pleas of the county shall appoint the substitute. The appointee shall serve during the absence, incapacity, or unavailability of the incumbent, shall have the jurisdiction and powers conferred upon the judge of the county court, and shall be styled "acting judge." During that term of service, the acting judge shall sign all process and records and perform all acts pertaining to the office except that of removal and appointment of officers of the court. All courts shall take judicial notice of the selection and powers of the acting judge. The incumbent judge shall establish the amount of the compensation of an acting judge on a per diem, hourly, or other basis, and the compensation shall not exceed the per diem compensation paid to the incumbent judge based upon a work year of one hundred thirty days. The compensation shall be payable in the same manner as the compensation paid to the incumbent judge during the same period.
(B) The treasurer of a county that, pursuant to division (A) of this section, is required to pay any compensation to which the acting judges, judges, or retired judges described in that division are entitled under division (A)(6) of section 141.04 of the Revised Code, shall submit to the administrative director of the supreme court quarterly requests for reimbursements of the per diem amounts so paid. The reports shall include verifications of the payment of those amounts. The administrative director shall cause reimbursements of those amounts to be issued to the county if the administrative director verifies that those amounts were, in fact, so paid.

Sec. 1907.24. (A) Subject to division (C) of this section, a county court shall fix and tax fees and costs as follows:

(1) The county court shall require an advance deposit for the filing of any new civil action or proceeding when required by division (C) of this section and, in all other cases, shall establish a schedule of fees and costs to be taxed in any civil or criminal action or proceeding.

(2) The county court by rule may require an advance deposit for the filing of a civil action or proceeding and publication fees as provided in section 2701.09 of the Revised Code. The court may waive an advance deposit requirement upon the presentation of an affidavit or other evidence that establishes that a party is unable to make the requisite deposit.

(3) When a party demands a jury trial in a civil action or proceeding, the county court may require the party to make an advance deposit as fixed by rule of court, unless the court concludes, on the basis of an affidavit or other evidence presented by the party, that the party is unable to make the requisite deposit. If a jury is called, the county court shall tax the fees of a jury as costs.

(4) In a civil or criminal action or proceeding, the county court shall fix the fees of witnesses in accordance with sections 2335.06 and 2335.08 of the Revised Code.

(6) The court shall preserve chattel property seized under a writ or process issued by the court pending final disposition for the benefit of all interested persons. The court may place the chattel property in storage when necessary or proper for its preservation. The custodian of chattel property so stored shall not be required to part with the possession of the property until a reasonable charge, to be fixed by the court, is paid.

(7) The county court, as it determines, may refund all deposits and

Upon that determination, the court by rule may charge a fee, in addition to all other court costs, on the filing of each criminal cause, civil action or proceeding, or judgment by confession.

If the county court offers a special program or service in cases of a specific type, the county court by rule may assess an additional charge in a case of that type, over and above court costs, to cover the special program or service. The county court shall adjust the special assessment periodically, but not retroactively, so that the amount assessed in those cases does not exceed the actual cost of providing the service or program.

All moneys collected under division (B) of this section shall be paid to the county treasurer for deposit into either a general special projects fund or a fund established for a specific special project. Moneys from a fund of that nature shall be disbursed upon an order of the court in an amount no greater than the actual cost to the court of a project. All such moneys collected during a month except for an amount equal to up
to one per cent of those moneys retained to cover administrative costs shall
be transmitted on or before the twentieth day of the following month by the

The filing fees required to be collected under this division shall be in addition to any other filing fees imposed in the action or proceeding and shall be collected at the time of the filing of the action or proceeding. The court shall not waive the payment of the additional filing fees in a new civil action or proceeding unless the court waives the advanced payment of all filing fees in the action or proceeding. All such moneys collected during a month except for an amount equal to up to one per cent of those moneys retained to cover administrative costs shall be transmitted on or before the twentieth day of the following month by the clerk of the court to the treasurer of state in a manner prescribed by the treasurer of state or by the Ohio legal assistance foundation. Upon that determination, the court by rule may charge a fee, in addition to all other court costs, on the filing of each criminal cause, civil action or proceeding, or judgment by confession.

If the court of common pleas offers a special program or service in cases of a specific type, the court by rule may assess an additional charge in a case of that type, over and above court costs, to cover the special program or service. The court shall adjust the special assessment periodically, but not retroactively, so that the amount assessed in those cases does not exceed the actual cost of providing the service or program.

All moneys collected under division (E) of this section shall be paid to the county treasurer for deposit into either a general special projects fund or a fund established for a specific special project. Moneys from a fund of that nature shall be disbursed upon an order of the court in an amount no greater than the actual cost to the court of a project. The amount of the benefits shall be deducted from an award against a political subdivision under division (B)(1) of this section regardless of whether the claimant may be under an obligation to pay back the benefits upon recovery, in whole or in part, for the claim. A claimant whose benefits have been deducted from an award under division (B)(1) of this section is not considered fully compensated and shall not be required to reimburse a subrogated claim for benefits deducted from an award pursuant to division (B)(1) of this section.

relation to a personal or property injury or property loss, and does not

behalf of any other family or household member, by filing a petition with
the court. The petition shall contain or state all of the following:
(1) An allegation that the respondent engaged in a violation of section
2903.211 of the Revised Code against the person to be protected by the
protection order or committed a sexually oriented offense against the person
to be protected by the protection order, including a description of the nature
and extent of the violation;
(2) If the petitioner seeks relief in the form of electronic monitoring of
the respondent, an allegation that at any time preceding the filing of the
petition the respondent engaged in conduct that would cause a reasonable
person to believe that the health, welfare, or safety of the person to be
protected was at risk, a description of the nature and extent of that conduct,
and an allegation that the respondent presents a continuing danger to the
person to be protected;
(3) A request for relief under this section.
(D)(1) If a person who files a petition pursuant to this section requests
an ex parte order, the court shall hold an ex parte hearing as soon as possible
after the petition is filed, but not later than the next day that the court is in
session after the petition is filed. The court, for good cause shown at the ex
parte hearing, may enter any temporary orders, with or without bond, that
the court finds necessary for the safety and protection of the person to be
protected by the order. Immediate and present danger to the person to be
protected by the protection order constitutes good cause for purposes of this
section. Immediate and present danger includes, but is not limited to,
situations in which the respondent has threatened the person to be protected
by the protection order with bodily harm or in which the respondent
previously has been convicted of or pleaded guilty to a violation of section
2903.211 of the Revised Code or a sexually oriented offense against the
person to be protected by the protection order.

(2)(a) If the court, after an ex parte hearing, issues a protection order
described in division (E) of this section, the court shall schedule a full
hearing for a date that is within ten court days after the ex parte hearing. The
court shall give the respondent notice of, and an opportunity to be heard at,
the full hearing. The court shall hold the full hearing on the date scheduled
under this division unless the court grants a continuance of the hearing in
accordance with this division. Under any of the following circumstances or
for any of the following reasons, the court may grant a continuance of the
full hearing to a reasonable time determined by the court:

(i) Prior to the date scheduled for the full hearing under this division, the
respondent has not been served with the petition filed pursuant to this
section and notice of the full hearing.

(ii) The parties consent to the continuance.

(iii) The continuance is needed to allow a party to obtain counsel.

(iv) The continuance is needed for other good cause.

(b) An ex parte order issued under this section does not expire because
of a failure to serve notice of the full hearing upon the respondent before the
date set for the full hearing under division (D)(2)(a) of this section or
because the court grants a continuance under that division.

(3) If a person who files a petition pursuant to this section does not
request an ex parte order, or if a person requests an ex parte order but the
court does not issue an ex parte order after an ex parte hearing, the court
shall proceed as in a normal civil action and grant a full hearing on the
matter.

(E)(1)(a) After an ex parte or full hearing, the court may issue any
protection order, with or without bond, that contains terms designed to
ensure the safety and protection of the person to be protected by the
protection order, including, but not limited to, a requirement that the
respondent refrain from entering the residence, school, business, or place of
employment of the petitioner or family or household member. If the court includes a requirement that the respondent refrain from entering the residence, school, business, or place of employment of the petitioner or family or household member in the order, it also shall include in the order provisions of the type described in division (E)(5) of this section.

(b) After a full hearing, if the court considering a petition that includes an allegation of the type described in division (C)(2) of this section, or the court upon its own motion, finds upon clear and convincing evidence that the petitioner reasonably believed that the respondent's conduct at any time preceding the filing of the petition endangered the health, welfare, or safety of the person to be protected and that the respondent presents a continuing danger to the person to be protected, the court may order that the respondent be electronically monitored for a period of time and under the terms and conditions that the court determines are appropriate. Electronic monitoring shall be in addition to any other relief granted to the petitioner.

(2)(a) Any protection order issued pursuant to this section shall be valid until a date certain but not later than five years from the date of its issuance.

(b) Any protection order issued pursuant to this section may be renewed in the same manner as the original order was issued.

(3) A court may not issue a protection order that requires a petitioner to do or to refrain from doing an act that the court may require a respondent to do or to refrain from doing under division (E)(1) of this section unless all of the following apply:

(a) The respondent files a separate petition for a protection order in accordance with this section.

(b) The petitioner is served with notice of the respondent's petition at least forty-eight hours before the court holds a hearing with respect to the respondent's petition, or the petitioner waives the right to receive this notice.

(c) If the petitioner has requested an ex parte order pursuant to division (D) of this section, the court does not delay any hearing required by that division beyond the time specified in that division in order to consolidate the hearing with a hearing on the petition filed by the respondent.

(d) After a full hearing at which the respondent presents evidence in support of the request for a protection order and the petitioner is afforded an opportunity to defend against that evidence, the court determines that the petitioner has committed a violation of section 2903.211 of the Revised Code against the person to be protected by the protection order issued pursuant to this section, has committed a sexually oriented offense against the person to be protected by the protection order, or has violated a protection order issued pursuant to section 2903.213 of the Revised Code.

(b) Division (E)(5)(a) of this section does not limit any discretion of a court to determine that an alleged offender charged with a violation of section 2919.27 of the Revised Code, with a violation of a municipal ordinance substantially equivalent to that section, or with contempt of court, which charge is based on an alleged violation of a protection order issued under this section, did not commit the violation or was not in contempt of court.

(F)(1) The court shall cause the delivery of a copy of any protection order that is issued under this section to the petitioner, to the respondent, and to all law enforcement agencies that have jurisdiction to enforce the order. (G) Any proceeding under this section shall be conducted in accordance

obtained under this section with or without bond. An order issued under this
section, other than an ex parte order, that grants a protection order, or that
refuses to grant a protection order, is a final, appealable order. The remedies
and procedures provided in this section are in addition to, and not in lieu of,
any other available civil or criminal remedies.

(H) The filing of proceedings under this section does not excuse a
person from filing any report or giving any notice required by section

(I) Any law enforcement agency that investigates an alleged violation of
section 2903.211 of the Revised Code or an alleged commission of a

Revised Code, if the violation of the protection order constitutes a violation

protection order issued under this section does not bar criminal prosecution
of the person for a violation of section 2919.27 of the Revised Code. However, a person punished for contempt of court is entitled to credit for
the punishment imposed upon conviction of a violation of that section, and a
person convicted of a violation of that section shall not subsequently be

(3) The clerk of each court of common pleas, municipal court, or county court shall maintain a registry of certified copies of protection orders that have been issued by courts in other counties pursuant to this section or section 2903.213 of the Revised Code and that have been registered with the clerk.

Unless the court determines that the respondent is indigent, the court shall order the respondent to pay the cost of the installation and monitoring of the electronic monitoring device. If the court determines that the respondent is indigent, the cost of the installation and monitoring of the electronic monitoring device shall may be paid out of funds from the reparations fund created pursuant to section 2743.191 of the Revised Code. offense of violence other than a misdemeanor violation of section 2921.33
of the Revised Code or a violation of section 2903.13 of the Revised Code
when the victim of the violation is a peace officer or for committing an act
that if committed by an adult would be a misdemeanor violation of section
2923.1211 of the Revised Code.

applicant, within five years of the date of the application, has not been
convicted of, pleaded guilty to, or adjudicated a delinquent child for
committing two or more violations of section 2903.13 or 2903.14 of the
Revised Code.

(h) Except as otherwise provided in division (D)(5) of this section, the
applicant, within ten years of the date of the application, has not been
convicted of, pleaded guilty to, or adjudicated a delinquent child for
committing a violation of section 2921.33 of the Revised Code.

(i) The applicant has not been adjudicated as a mental defective, has not
been committed to any mental institution, is not under adjudication of
mental incompetence, has not been found by a court to be a mentally ill
person subject to hospitalization by court order, and is not an involuntary
patient other than one who is a patient only for purposes of observation. As
used in this division, "mentally ill person subject to hospitalization by court
order" and "patient" have the same meanings as in section 5122.01 of the
Revised Code.

(j) The applicant is not currently subject to a civil protection order, a
temporary protection order, or a protection order issued by a court of
another state.

(k) The applicant certifies that the applicant desires a legal means to carry a concealed handgun for defense of the applicant or a member of the applicant's family while engaged in lawful activity.

(l) The applicant submits a competency certification of the type described in division (B)(3) of this section and submits a certification of the type described in division (B)(4) of this section regarding the applicant's reading of the pamphlet prepared by the Ohio peace officer training commission pursuant to section 109.731 of the Revised Code.

(m) The applicant currently is not subject to a suspension imposed under division (A)(2) of section 2923.128 of the Revised Code of a license to carry a concealed handgun, or a temporary emergency license to carry a concealed handgun, that previously was issued to the applicant under this section or section 2923.1213 of the Revised Code.

(2)(a) A license to carry a concealed handgun that a sheriff issues under division (D)(1) of this section on or after March 14, 2007, shall expire five years after the date of issuance. A license to carry a concealed handgun that a sheriff issued under division (D)(1) of this section prior to March 14, 2007, shall expire four years after the date of issuance.

If a sheriff issues a license under this section, the sheriff shall place on the license a unique combination of letters and numbers identifying the license in accordance with the procedure prescribed by the Ohio peace officer training commission pursuant to section 109.731 of the Revised Code.

(b) If a sheriff denies an application under this section because the applicant does not satisfy the criteria described in division (D)(1) of this section, the sheriff shall specify the grounds for the denial in a written notice to the applicant. The applicant may appeal the denial pursuant to section 119.12 of the Revised Code in the county served by the sheriff who denied the application. If the denial was as a result of the criminal records check conducted pursuant to section 311.41 of the Revised Code and if, pursuant to section 2923.127 of the Revised Code, the applicant challenges the criminal records check results using the appropriate challenge and review procedure specified in that section, the time for filing the appeal pursuant to section 119.12 of the Revised Code and this division is tolled during the pendency of the request or the challenge and review. If the court in an appeal under section 119.12 of the Revised Code and this division enters a judgment sustaining the sheriff's refusal to grant to the applicant a license to carry a concealed handgun, the applicant may file a new application beginning one year after the judgment is entered. If the court enters a
judgment in favor of the applicant, that judgment shall not restrict the authority of a sheriff to suspend or revoke the license pursuant to section 2923.128 or 2923.1213 of the Revised Code or to refuse to renew the license for any proper cause that may occur after the date the judgment is entered. In the appeal, the court shall have full power to dispose of all costs.

(3) If the sheriff with whom an application for a license to carry a concealed handgun was filed under this section becomes aware that the applicant has been arrested for or otherwise charged with an offense that would disqualify the applicant from holding the license, the sheriff shall suspend the processing of the application until the disposition of the case arising from the arrest or charge.

(4) If the sheriff determines that the applicant is legally living in the United States and is a resident of the county in which the applicant seeks the license or of an adjacent county but does not yet meet the residency requirements described in division (D)(1)(a) of this section, the sheriff shall not deny the license because of the residency requirements but shall not issue the license until the applicant meets those residency requirements.

(5) If an applicant has been convicted of or pleaded guilty to an offense identified in division (D)(1)(e), (f), or (h) of this section or has been adjudicated a delinquent child for committing an act or violation identified in any of those divisions, and if a court has ordered the sealing or expungement of the records of that conviction, guilty plea, or adjudication pursuant to sections 2151.355 to 2151.358 or sections 2953.31 to 2953.36 of the Revised Code or a court has granted the applicant relief pursuant to section 2923.14 of the Revised Code from the disability imposed pursuant to section 2923.13 of the Revised Code relative to that conviction, guilty plea, or adjudication, the sheriff with whom the application was submitted shall not consider the conviction, guilty plea, or adjudication in making a determination under division (D)(1) or (F) of this section or, in relation to an application for a temporary emergency license to carry a concealed handgun submitted under section 2923.1213 of the Revised Code, in making a determination under division (B)(2) of that section.

(E) If a license to carry a concealed handgun issued under this section is lost or is destroyed, the licensee may obtain from the sheriff who issued that license a duplicate license upon the payment of a fee of fifteen dollars and the submission of an affidavit attesting to the loss or destruction of the license. The sheriff, in accordance with the procedures prescribed in section 109.731 of the Revised Code, shall place on the replacement license a combination of identifying numbers different from the combination on the license that is being replaced.
(F)(1) A licensee who wishes to renew a license to carry a concealed handgun issued under this section shall do so not earlier than ninety days before the expiration date of the license or at any time after the expiration date of the license by filing with the sheriff of the county in which the applicant resides or with the sheriff of an adjacent county an application for renewal of the license obtained pursuant to division (D) of this section, a certification by the applicant that, subsequent to the issuance of the license, the applicant has reread the pamphlet prepared by the Ohio peace officer training commission pursuant to section 109.731 of the Revised Code that reviews firearms, dispute resolution, and use of deadly force matters, a nonrefundable license renewal fee in an amount determined pursuant to division (F)(4) of this section unless the fee is waived, and one of the following:

(a) If the licensee previously has not renewed a license to carry a concealed handgun issued under this section, proof that the licensee at one time had a competency certification of the type described in division (B)(3) of this section. A valid license, expired license, or any other previously issued license that has not been revoked is prima-facie evidence that the licensee at one time had a competency certification of the type described in division (B)(3) of this section.

(b) If the licensee previously has renewed a license to carry a concealed handgun issued under this section, a renewed competency certification of the type described in division (G)(4) of this section.

(2) A sheriff shall accept a completed renewal application, the license renewal fee, and information specified in division (F)(1) of this section at the times and in the manners described in division (I) of this section. Upon receipt of a completed renewal application, of certification that the applicant has reread the specified pamphlet prepared by the Ohio peace officer training commission, of proof of a prior competency certification for an initial renewal or of a renewed competency certification for a second or subsequent renewal, and of a license renewal fee unless the fee is waived, a sheriff, in the manner specified in section 311.41 of the Revised Code shall conduct or cause to be conducted the criminal records check and the incompetency records check described in section 311.41 of the Revised Code. The sheriff shall renew the license if the sheriff determines that the applicant continues to satisfy the requirements described in division (D)(1) of this section, except that the applicant is not required to meet the requirements of division (D)(1)(l) of this section. A renewed license that is renewed on or after March 14, 2007, shall expire five years after the date of issuance, and a renewed license that is renewed prior to March 14, 2007,
shall expire four years after the date of issuance. A renewed license is subject to division (E) of this section and sections 2923.126 and 2923.128 of the Revised Code. A sheriff shall comply with divisions (D)(2) to (4) of this section when the circumstances described in those divisions apply to a requested license renewal. If a sheriff denies the renewal of a license to carry a concealed handgun, the applicant may appeal the denial, or challenge the criminal record check results that were the basis of the denial if applicable, in the same manner as specified in division (D)(2)(b) of this section and in section 2923.127 of the Revised Code, regarding the denial of a license under this section.

(3) A renewal application submitted pursuant to division (F) of this section shall only require the licensee to list on the application form information and matters occurring since the date of the licensee's last application for a license pursuant to division (B) or (F) of this section. A sheriff conducting the criminal records check and the incompetency records check described in section 311.41 of the Revised Code shall conduct the check only from the date of the licensee's last application for a license pursuant to division (B) or (F) of this section through the date of the renewal application submitted pursuant to division (F) of this section.

(4) An applicant for a renewal license to carry a concealed handgun shall submit to the sheriff of the county in which the applicant resides or to the sheriff of any county adjacent to the county in which the applicant resides a nonrefundable license fee as described in either of the following:

(a) For an applicant who has been a resident of this state for five or more years, a fee of fifty dollars;

(b) For an applicant who has been a resident of this state for less than five years, a fee of fifty dollars plus the actual cost of having a background check performed by the federal bureau of investigation.

(G)(1) Each course, class, or program described in division (B)(3)(a), (b), (c), or (e) of this section shall provide to each person who takes the course, class, or program a copy of the web site address at which the pamphlet prepared by the Ohio peace officer training commission pursuant to section 109.731 of the Revised Code that reviews firearms, dispute resolution, and use of deadly force matters may be found. Each such course, class, or program described in one of those divisions shall include at least twelve hours of training in the safe handling and use of a firearm that shall include all of the following:

   (b) A physical demonstration of competence in the use of a handgun and in the rules for safe handling and storage of a handgun and a physical demonstration of the attitude necessary to shoot a handgun in a safe manner.
(3) The competency certification described in division (B)(3)(a), (b), (c), or (e) of this section shall be dated and shall attest that the course, class, or program the applicant successfully completed met the requirements described in division (G)(1) of this section and that the applicant passed the competency examination described in division (G)(2) of this section.
(4) A person who previously has received a competency certification as described in division (B)(3) of this section, or who previously has received a renewed competency certification as described in this division, may obtain a renewed competency certification pursuant to this division. If the person previously has received a competency certification or previously has received a renewed competency certification, the person may obtain a renewed competency certification from an entity that offers a course, class, or program described in division (B)(3)(a), (b), (c), or (e) of this section by passing a test that demonstrates that the person is range competent. In these circumstances, the person is not required to attend the course, class, or program or to take the competency examination described in division (G)(2) of this section for the renewed competency certification in order to be eligible to receive a renewed competency certification. A renewed competency certification issued under this division shall be dated and shall attest that the person has demonstrated range competency.
(H) Upon deciding to issue a license, deciding to issue a replacement license, or deciding to renew a license to carry a concealed handgun pursuant to this section, and before actually issuing or renewing the license,
the sheriff shall make available through the law enforcement automated data
system all information contained on the license. If the license subsequently
is suspended under division (A)(1) or (2) of section 2923.128 of the Revised
Code, revoked pursuant to division (B)(1) of section 2923.128 of the
Revised Code, or lost or destroyed, the sheriff also shall make available
through the law enforcement automated data system a notation of that fact.
The superintendent of the state highway patrol shall ensure that the law

Written documents of this nature include, but are not limited to, any temporary protection order, civil protection order, protection order issued by another state, or other court order, any court report, and any report filed with or made by a law enforcement agency or prosecutor.

years, a fee of fifteen dollars plus the actual cost of having a background
check performed by the bureau of criminal identification and investigation
pursuant to section 311.41 of the Revised Code;
(ii) For an applicant who has been a resident of this state for less than
five years, a fee of fifteen dollars plus the actual cost of having background

(d) A set of fingerprints of the applicant provided as described in section
311.41 of the Revised Code through use of an electronic fingerprint reading

pursuant to division (C)(2) of section 109.572 of the Revised Code. If the
fingerprints are provided on a standard impression sheet, the person also
shall provide the person's social security number to the sheriff.
(2) A sheriff shall accept the evidence of imminent danger, the sworn
affidavit, the fee, and the set of fingerprints required under division (B)(1)
of this section at the times and in the manners described in division (I) of

of the records checks, the sheriff shall review the information and shall
determine whether the criteria set forth in divisions (D)(1)(a) to (j) and (m)
of section 2923.125 of the Revised Code apply regarding the person. If the
sheriff determines that all of criteria set forth in divisions (D)(1)(a) to (j) and
(m) of section 2923.125 of the Revised Code apply regarding the person, the
sheriff shall immediately make available through the law enforcement
automated data system all information that will be contained on the
temporary emergency license for the person if one is issued, and the
superintendent of the state highway patrol shall ensure that the system is so
configured as to permit the transmission through the system of that
information. Upon making that information available through the law
enforcement automated data system, the sheriff shall immediately issue to
the person a temporary emergency license to carry a concealed handgun.

If the sheriff denies the issuance of a temporary emergency license to
the person, the sheriff shall specify the grounds for the denial in a written
notice to the person. The person may appeal the denial, or challenge
criminal records check results that were the basis of the denial if applicable,
in the same manners specified in division (D)(2) of section 2923.125 and in
section 2923.127 of the Revised Code, regarding the denial of an application
for a license to carry a concealed handgun under that section.

The temporary emergency license under this division shall be in the
form, and shall include all of the information, described in divisions (A)(2)
and (5) of section 109.731 of the Revised Code, and also shall include a
unique combination of identifying letters and numbers in accordance with
division (A)(4) of that section.

The temporary emergency license issued under this division is valid for
ninety days and may not be renewed. A person who has been issued a
temporary emergency license under this division shall not be issued another
temporary emergency license unless at least four years has expired since the
issuance of the prior temporary emergency license.

(3) If a person seeking a temporary emergency license to carry a
concealed handgun has been convicted of or pleaded guilty to an offense
identified in division (D)(1)(e), (f), or (h) of section 2923.125 of the Revised
Code or has been adjudicated a delinquent child for committing an act or
violation identified in any of those divisions, and if a court has ordered the
sealing or expungement of the records of that conviction, guilty plea, or adjudication pursuant to sections 2151.355 to 2151.358 or sections 2953.31 to 2953.36 of the Revised Code or a court has granted the applicant relief pursuant to section 2923.14 of the Revised Code from the disability imposed pursuant to section 2923.13 of the Revised Code relative to that conviction, guilty plea, or adjudication shall not be relevant for purposes of the sworn affidavit described in division (B)(1)(b) of this section, and the person may complete, and swear to the truth of, the affidavit as if the conviction, guilty plea, or adjudication never had occurred.

(4) The sheriff shall waive the payment pursuant to division (B)(1)(c) of this section of the license fee in connection with an application that is submitted by an applicant who is a retired peace officer, a retired person described in division (B)(1)(b) of section 109.77 of the Revised Code, or a retired federal law enforcement officer who, prior to retirement, was authorized under federal law to carry a firearm in the course of duty, unless the retired peace officer, person, or federal law enforcement officer retired as the result of a mental disability.

The sheriff shall deposit all fees paid by an applicant under division (B)(1)(c) of this section into the sheriff’s concealed handgun license issuance fund established pursuant to section 311.42 of the Revised Code.

(C) A person who holds a temporary emergency license to carry a concealed handgun has the same right to carry a concealed handgun as a person who was issued a license to carry a concealed handgun under section 2923.125 of the Revised Code, and any exceptions to the prohibitions contained in section 1547.69 and sections 2923.12 to 2923.16 of the Revised Code for a licensee under section 2923.125 of the Revised Code apply to a licensee under this section. The person is subject to the same restrictions, and to all other procedures, duties, and sanctions, that apply to a person who carries a license issued under section 2923.125 of the Revised Code, other than the license renewal procedures set forth in that section.

(D) A sheriff who issues a temporary emergency license to carry a concealed handgun under this section shall not require a person seeking to carry a concealed handgun in accordance with this section to submit a competency certificate as a prerequisite for issuing the license and shall comply with division (H) of section 2923.125 of the Revised Code in regards to the license. The sheriff shall suspend or revoke the license in accordance with section 2923.128 of the Revised Code. In addition to the suspension or revocation procedures set forth in section 2923.128 of the Revised Code, the sheriff may revoke the license upon receiving
information, verifiable by public documents, that the person is not eligible to possess a firearm under either the laws of this state or of the United States or that the person committed perjury in obtaining the license; if the sheriff revokes a license under this additional authority, the sheriff shall notify the person, by certified mail, return receipt requested, at the person's last known residence address that the license has been revoked and that the person is required to surrender the license at the sheriff's office within ten days of the date on which the notice was mailed. Division (H) of section 2923.125 of the Revised Code applies regarding any suspension or revocation of a temporary emergency license to carry a concealed handgun.

(E) A sheriff who issues a temporary emergency license to carry a concealed handgun under this section shall retain, for the entire period during which the temporary emergency license is in effect, the evidence of imminent danger that the person submitted to the sheriff and that was the basis for the license, or a copy of that evidence, as appropriate.

(F) If a temporary emergency license to carry a concealed handgun issued under this section is lost or is destroyed, the licensee may obtain from the sheriff who issued that license a duplicate license upon the payment of a fee of fifteen dollars and the submission of an affidavit attesting to the loss or destruction of the license. The sheriff, in accordance with the procedures prescribed in section 109.731 of the Revised Code, shall place on the replacement license a combination of identifying numbers different from the combination on the license that is being replaced.

(G) The Ohio peace officer training commission shall prescribe, and shall make available to sheriffs, a standard form to be used under division (B) of this section by a person who applies for a temporary emergency license to carry a concealed handgun on the basis of imminent danger of a type described in division (A)(1)(a) of this section.

(H) A sheriff who receives any fees paid by a person under this section shall deposit all fees so paid into the sheriff’s concealed handgun license issuance expense fund established under section 311.42 of the Revised Code.

(I) A sheriff shall accept evidence of imminent danger, a sworn affidavit, the fee, and the set of fingerprints specified in division (B)(1) of this section at any time during normal business hours. In no case shall a sheriff require an appointment, or designate a specific period of time, for the submission or acceptance of evidence of imminent danger, a sworn affidavit, the fee, and the set of fingerprints specified in division (B)(1) of this section, or for the provision to any person of a standard form to be used for a person to apply for a temporary emergency license to carry a concealed
handgun.

Sec. 2923.16. (A) No person shall knowingly discharge a firearm while in or on a motor vehicle.

(B) No person shall knowingly transport or have a loaded firearm in a motor vehicle in such a manner that the firearm is accessible to the operator or any passenger without leaving the vehicle.

1. The person is under the influence of alcohol, a drug of abuse, or a combination of them.
2. The person's whole blood, blood serum or plasma, breath, or urine contains a concentration of alcohol, a listed controlled substance, or a listed metabolite of a controlled substance prohibited for persons operating a vehicle, as specified in division (A) of section 4511.19 of the Revised Code, regardless of whether the person at the time of the transportation or possession as described in this division is the operator of or a passenger in the motor vehicle.

To the extent possible, the amount specified to be withheld shall satisfy the amount ordered for support in the support order plus any arrearages owed by the obligor under any prior support order that pertained to the same child or spouse, notwithstanding any applicable limitations of sections 2329.66, 2329.70, 2716.02, 2716.041, and 2716.05 of the Revised Code. The notice is final and is enforceable by the court.

(B)(1) If the court or child support enforcement agency determines that the obligor has funds that are not exempt under the laws of this state or the United States from execution, attachment, or other legal process and are on deposit in an account in a financial institution under the jurisdiction of the court that issued the court support order, or in the case of an administrative child support order, under the jurisdiction of the common pleas court of the county in which the agency that issued or is administering the order is located, the court or agency may require any financial institution in which the obligor's funds are on deposit to do all of the following:

(a) Deduct from the obligor's account a specified amount for support in satisfaction of the support order and begin the deduction no later than fourteen business days following the date the notice was mailed or transmitted to the financial institution under section 3121.035 or 3123.06 of the Revised Code and division (B)(2) of this section;

(2) A court or agency that imposes a deduction requirement shall, within the applicable period of time specified in section 3119.80, 3119.81, 3121.035, or 3123.06 of the Revised Code, send to the financial institution by regular mail or via secure federally managed data transmission interface a notice that contains all of the information applicable to deduction notices set forth in section 3121.037 of the Revised Code. The notice is final and is enforceable by the court.

(C) With respect to any court support order it issues, a court may issue an order requiring the obligor to enter into a cash bond with the court. The court shall issue the order as part of the court support order or, if the court support order has previously been issued, as a separate order. The cash bond shall be in a sum fixed by the court at not less than five hundred nor more than ten thousand dollars, conditioned that the obligor will make payment as previously ordered and will pay any arrearages under any prior court support order that pertained to the same child or spouse.

The order, along with an additional order requiring the obligor to immediately notify the child support enforcement agency, in writing, if the obligor begins to receive income from a payor, shall be attached to and served on the obligor at the same time as service of the court support order or, if the court support order has previously been issued, as soon as possible after the issuance of the order under this section. The additional order requiring notice by the obligor shall state all of the following:

(1) That when the obligor begins to receive income from a payor the obligor may request that the court cancel its bond order and instead issue a notice requiring the withholding of an amount from income for support in accordance with this section;

(2) That when the obligor begins to receive income from a payor the court will proceed to collect on the bond if the court determines that payments due under the court support order have not been made and that the amount that has not been paid is at least equal to the support owed for one month under the court support order and will issue a notice requiring the withholding of an amount from income for support in accordance with this section. The notice required of the obligor shall include a description of the nature of any new employment, the name and business address of any new employer, and any other information reasonably required by the court.
The court shall not order an obligor to post a cash bond under this section unless the court determines that the obligor has the ability to do so.

A child support enforcement agency may not issue a cash bond order. If a child support enforcement agency is required to issue a withholding or deduction notice under this section with respect to a court support order but the agency determines that no withholding or deduction notice would be appropriate, the agency may request that the court issue a cash bond order under this section, and upon the request, the court may issue the order.

(D)(1) If the obligor under a court support order is unemployed, has no income, and does not have an account at any financial institution, or on request of a child support enforcement agency under division (D)(1) or (2) of this section, the court shall issue an order requiring the obligor, if able to engage in employment, to seek employment or participate in a work activity to which a recipient of assistance under Title IV-A of the "Social Security Act," 49 Stat. 620 (1935), 42 U.S.C.A. 301, as amended, may be assigned as specified in section 407(d) of the "Social Security Act," 42 U.S.C.A. 607(d), as amended. The court shall include in the order a requirement that the obligor notify the child support enforcement agency on obtaining employment, obtaining any income, or obtaining ownership of any asset with a value of five hundred dollars or more. The court may issue the order regardless of whether the obligee to whom the obligor owes support is a recipient of assistance under Title IV-A of the "Social Security Act." The court shall issue the order as part of a court support order or, if a court support order has previously been issued, as a separate order. If a child support enforcement agency is required to issue a withholding or deduction notice under this section with respect to a court support order but determines that no withholding or deduction notice would be appropriate, the agency may request that the court issue a court order under division (D)(1) of this section, and, on the request, the court may issue the order.

(2) If the obligor under an administrative child support order is unemployed, has no income, and does not have an account at any financial institution, the agency shall issue an administrative order requiring the obligor, if able to engage in employment, to seek employment or participate in a work activity to which a recipient of assistance under Title IV-A of the "Social Security Act," 49 Stat. 620 (1935), 42 U.S.C.A. 301, as amended, may be assigned as specified in section 407(d) of the "Social Security Act," 42 U.S.C.A. 607(d), as amended. The agency shall include in the order a requirement that the obligor notify the agency on obtaining employment or income, or ownership of any asset with a value of five hundred dollars or more. The agency may issue the order regardless of whether the obligee to
whom the obligor owes support is a recipient of assistance under Title IV-A of the "Social Security Act." If an obligor fails to comply with an administrative order issued pursuant to division (D)(2) of this section, the agency shall submit a request to a court for the court to issue an order under division (D)(1) of this section.

In determining which high schools shall provide intervention services based on the resources available, the district shall consider each school's graduation rate and scores on the practice test assessments. The district also shall consider the scores received by ninth grade students on the reading English language arts and mathematics test assessments prescribed under division (A)(1)(f) of section 3301.0710 of the Revised Code in the eighth grade in determining which high schools shall provide intervention services.

Each high school selected to provide intervention services under this

Any such subsequent district or school shall utilize the same identifier in its reporting of data under this section.

The director of health shall request and receive, pursuant to sections 3301.0723 and 3701.62 of the Revised Code, a data verification code for a child who is receiving services under division (A)(2) of section 3701.61 of the Revised Code.

(E) The guidelines adopted under this section may require school districts to collect and report data, information, or reports other than that described in divisions (A), (B), and (C) of this section for the purpose of complying with other reporting requirements established in the Revised Code. The other data, information, or reports may be maintained in the education management information system but are not required to be compiled as part of the profile formats required under division (G) of this section or the annual statewide report required under division (H) of this section.

(F) Beginning with the school year that begins July 1, 1991, the board of education of each school district shall annually collect and report to the state board, in accordance with the guidelines established by the board, the data required pursuant to this section. (3) Copies of the reports received from the state board under divisions (H)(1) and (2) of this section shall be made available to the general public at each school district's offices. Each district board of education shall make copies of each report available to any person upon request and payment of a reasonable fee for the cost of reproducing the report. The board shall annually publish in a newspaper of general circulation in the school district, at least twice during the two weeks prior to the week in which the reports will first be available, a notice containing the address where the reports are available and the date on which the reports will be available.

(2) "Cost" means any expenditure for operating expenses made by a school district excluding any expenditures for debt retirement except for payments made to any commercial lending institution for any loan approved pursuant to section 3313.483 of the Revised Code.

(K) Any person who removes data from the information system established under this section for the purpose of releasing it to any person not entitled under law to have access to such information is subject to section 2913.42 of the Revised Code prohibiting tampering with data.

(L)(1) In accordance with division (L)(2) of this section and the rules adopted under division (L)(10) of this section, the department of education may sanction any school district that reports incomplete or inaccurate data, reports data that does not conform to data requirements and descriptions published by the department, fails to report data in a timely manner, or otherwise does not make a good faith effort to report data as required by this
If the department decides to sanction a school district under this division, the department shall take the following sequential actions:

(a) Notify the district in writing that the department has determined that data has not been reported as required under this section and require the district to review its data submission and submit corrected data by a deadline established by the department. The department also may require the district to develop a corrective action plan, which shall include provisions for the district to provide mandatory staff training on data reporting procedures.

(b) Withhold up to ten per cent of the total amount of state funds due to the district for the current fiscal year and, if not previously required under division (L)(2)(a) of this section, require the district to develop a corrective action plan in accordance with that division;

(c) Withhold an additional amount of up to twenty per cent of the total amount of state funds due to the district for the current fiscal year;

(d) Direct department staff or an outside entity to investigate the district's data reporting practices and make recommendations for subsequent actions. The recommendations may include one or more of the following actions:

(i) Arrange for an audit of the district's data reporting practices by department staff or an outside entity;

(ii) Conduct a site visit and evaluation of the district;

(iii) Withhold an additional amount of up to thirty per cent of the total amount of state funds due to the district for the current fiscal year;

(v) Assign department staff to supervise the district's data management system;

(vi) Conduct an investigation to determine whether to suspend or revoke the license of any district employee in accordance with division (N) of this section;

(vii) If the district is issued a report card under section 3302.03 of the Revised Code, indicate on the report card that the district has been sanctioned for failing to report data as required by this section;

(viii) If the district is issued a report card under section 3302.03 of the Revised Code and incomplete or inaccurate data submitted by the district likely caused the district to receive a higher performance rating than it deserved under that section, issue a revised report card for the district;

(ix) Any other action designed to correct the district's data reporting problems.
(3) Any time the department takes an action against a school district under division (L)(2) of this section, the department shall make a report of the circumstances that prompted the action. The department shall send a copy of the report to the district superintendent or chief administrator and maintain a copy of the report in its files.

(4) If any action taken under division (L)(2) of this section resolves a school district's data reporting problems to the department's satisfaction, the department shall not take any further actions described by that division. If the department withheld funds from the district under that division, the department may release those funds to the district, except that if the department withheld funding under division (L)(2)(c) of this section, the department shall not release the funds withheld under division (L)(2)(b) of this section and, if the department withheld funding under division (L)(2)(d) of this section, the department shall not release the funds withheld under division (L)(2)(b) or (c) of this section.

(5) Notwithstanding anything in this section to the contrary, the department may use its own staff or an outside entity to conduct an audit of a school district's data reporting practices any time the department has reason to believe the district has not made a good faith effort to report data as required by this section. If any audit conducted by an outside entity under division (L)(2)(d)(i) or (5) of this section confirms that a district has not made a good faith effort to report data as required by this section, the district shall reimburse the department for the full cost of the audit. The department may withhold state funds due to the district for this purpose.

(6) Prior to issuing a revised report card for a school district under division (L)(2)(d)(viii) of this section, the department may hold a hearing to provide the district with an opportunity to demonstrate that it made a good faith effort to report data as required by this section. The hearing shall be conducted by a referee appointed by the department. Based on the information provided in the hearing, the referee shall recommend whether the department should issue a revised report card for the district. If the referee affirms the department's contention that the district did not make a good faith effort to report data as required by this section, the district shall bear the full cost of conducting the hearing and of issuing any revised report card.

(7) If the department determines that any inaccurate data reported under this section caused a school district to receive excess state funds in any fiscal year, the district shall reimburse the department an amount equal to the excess funds, in accordance with a payment schedule determined by the department. The department may withhold state funds due to the district for
this purpose.

(8) Any school district that has funds withheld under division (L)(2) of this section may appeal the withholding in accordance with Chapter 119. of the Revised Code.

(9) In all cases of a disagreement between the department and a school district regarding the appropriateness of an action taken under division (L)(2) of this section, the burden of proof shall be on the district to demonstrate that it made a good faith effort to report data as required by this section.

(10) The state board of education shall adopt rules under Chapter 119. of the Revised Code to implement division (L) of this section.

(M) No information technology center or school district shall acquire, change, or update its student administration software package to manage and report data required to be reported to the department unless it converts to a student software package that is certified by the department.

(N) The state board of education, in accordance with sections 3319.31 and 3319.311 of the Revised Code, may suspend or revoke a license as defined under division (A) of section 3319.31 of the Revised Code that has been issued to any school district employee found to have willfully reported erroneous, inaccurate, or incomplete data to the education management information system.

(O) No person shall release or maintain any information about any student in violation of this section. Whoever violates this division is guilty of a misdemeanor of the fourth degree.

(P) The department shall disaggregate the data collected under division (B)(1)(o) of this section according to the race and socioeconomic status of the students assessed. No data collected under that division shall be included on the report cards required by section 3302.03 of the Revised Code.

(Q) If the department cannot compile any of the information required by division (C)(5) of section 3302.03 of the Revised Code based upon the data collected under this section, the department shall develop a plan and a reasonable timeline for the collection of any data necessary to comply with that division.

Sec. 3301.0715. (4) Each student enrolled in first or second grade.

(B) Each district board shall administer each diagnostic assessment as the board deems appropriate. However, the board shall administer any diagnostic assessment at least once annually to all students in the appropriate grade level. A district board may administer any diagnostic assessment in the fall and spring of a school year to measure the amount of academic growth attributable to the instruction received by students during that school year.

(C) Each district board shall utilize and score any diagnostic assessment administered under division (A) of this section in accordance with rules established by the department. Except as required by division (B)(1)(o) of section 3301.0714 of the Revised Code, neither the state board of education nor the department shall require school districts to report the results of diagnostic assessments for any students to the department or to make any such results available in any form to the public. After the administration of any diagnostic assessment, each district shall provide a student's completed diagnostic assessment, the results of such assessment, and any other accompanying documents used during the administration of the assessment to the parent of that student upon the parent's request.

(D) Each district board shall provide intervention services to students whose diagnostic assessments show that they are failing to make satisfactory progress toward attaining the academic standards for their grade level.

(E) Any district that made adequate yearly progress in the immediately preceding school year may assess student progress in grades one through three using a diagnostic assessment other than the diagnostic assessment
required by division (A) of this section.

(F) A district board may administer the third grade writing English language arts diagnostic assessment provided to the district in accordance with section 3301.079 of the Revised Code to any student enrolled in a building that is not subject to division (A)(1) of this section. Any district electing to administer the diagnostic assessment to students under this division shall provide intervention services to any such student whose diagnostic assessment shows unsatisfactory progress toward attaining the academic standards for the student's grade level.

(G) As used in this section, "adequate yearly progress" has the same meaning as in section 3302.01 of the Revised Code.

Sec. 3301.0716. Notwithstanding division (D) of section 3301.0714 of the Revised Code, the department of education may have access to personally identifiable information about any student under the following circumstances:

The superintendent of public instruction shall determine that the person employed as coordinator is qualified for the position, as demonstrated by possessing an adequate combination of education, license, and experience.

The department shall hire a coordinator not later than October 31, 2007.

(C) The state board of education shall not adopt or revise any standards or curriculum in the area of health unless, by concurrent resolution, the standards, curriculum, or revisions are approved by both houses of the general assembly. Before the house of representatives or senate votes on a concurrent resolution approving health standards, curriculum, or revisions, its standing committee having jurisdiction over education legislation shall conduct at least one public hearing on the standards, curriculum, or revisions.

(D) The state board shall not adopt a diagnostic assessment or achievement test for any grade level or subject area other than those specified in section 3301.079 of the Revised Code.

Sec. 3301.0721. The superintendent of public instruction shall develop a model curriculum for instruction in college and career readiness and financial literacy. The curriculum shall focus on grades seven through twelve, but the superintendent may include other grade levels. When the
model curriculum has been developed, the department of education shall notify all school districts, community schools established under Chapter 3314. of the Revised Code, and STEM schools established under Chapter 3326. of the Revised Code of the content of the curriculum. Any district or school may utilize the model curriculum.

Sec. 3301.12. (A) The superintendent of public instruction in addition to the authority otherwise imposed on the superintendent, shall perform the following duties:

(1) The superintendent shall provide technical and professional assistance and advice to all school districts in reference to all aspects of education, including finance, buildings and equipment, administration, organization of school districts, curriculum and instruction, transportation of pupils, personnel problems, and the interpretation of school laws and state regulations.

For any study or project that requires the analysis of individual student data, the department of education or any entity with which the superintendent or department contracts to conduct the study or project shall maintain the confidentiality of student data at all times. For this purpose, the department or contracting entity shall use the data verification code assigned pursuant to division (D)(2) of section 3301.0714 of the Revised Code for each student whose data is analyzed. Except as otherwise provided in division (D)(1) of section 3301.0714 of the Revised Code, at no time shall the superintendent, the department, the state board of education, or any entity conducting a study or research project on the superintendent's behalf have access to a student's name, address, or social security number while analyzing individual student data.

(4) The superintendent shall prepare and submit annually to the state board of education a report of the activities of the department of education and the status, problems, and needs of education in the state of Ohio.
(5) The superintendent shall supervise all agencies over which the board exercises administrative control, including schools for education of persons with disabilities.

(6) In accordance with section 3333.048 of the Revised Code, the superintendent, jointly with the chancellor of the Ohio board of regents, shall establish metrics and courses of study for institutions of higher education that prepare educators and other school personnel and shall provide for inspection of those institutions.

(B) The superintendent of public instruction may annually inspect and analyze the expenditures of each school district and make a determination as to the efficiency of each district's costs, relative to other school districts in the state, for instructional, administrative, and student support services. In the event the above alternatives cannot be accommodated by the receiving state for a student transferring in his or her Senior year, then the provisions of Article VII, Section C shall apply.
C. Transfers during Senior year - Should a military student transferring
at the beginning or during the student's Senior year be ineligible to graduate from the receiving local education agency after all alternatives have been considered, the sending and receiving local education agencies shall ensure the receipt of a diploma from the sending local education agency. If the student meets the graduation requirements of the sending local education agency. In the event that one of the states in question is not a member of this compact, the member state shall use best efforts to facilitate the on-time graduation of the student in accordance with Sections A and B of this Article.

In the event judicial enforcement is necessary the prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

(b) Include cumulative totals from both the fall and spring administrations of the third grade reading English language arts achievement test assessment;

As soon as possible after such amounts are calculated, the superintendent shall certify to the treasurer of each school district the district's adjusted charge-off increase, as defined in section 5705.211 of the Revised Code. No moneys shall be distributed pursuant to this chapter without the approval of the controlling board.

The state board of education shall, in accordance with appropriations made by the general assembly, meet the financial obligations of this chapter.

Annually, the department of education shall calculate and report to each school district the district's adequacy amount utilizing the calculations in sections 3306.03 and 3306.13 of the Revised Code. The department shall calculate and report separately for each school district the district's total state and local funds for its students with disabilities, utilizing the calculations in sections 3306.05, 3306.11, and 3306.13 of the Revised Code. The state board shall submit any proposed midyear revision of the plan to the controlling board in January. Any year-end revision of the plan shall be submitted to the controlling board in June. If moneys appropriated for each fiscal year are distributed other than monthly, such distribution shall be on the same basis for each school district.

The total amounts paid each month shall constitute, as nearly as possible, one-twelfth of the total amount payable for the entire year.

Payments shall be calculated to reflect the reporting of formula ADM. Annualized periodic payments for each school district shall be based on the district's final student counts verified by the superintendent of public instruction based on reports under section 3317.03 of the Revised Code, as adjusted, if so ordered, under division (K) of that section.

reporting periods, and for professional meetings of teachers. The superintendent of public instruction shall waive a number of days in accordance with section 3317.01 of the Revised Code on which it had been necessary for a school to be closed because of disease epidemic, hazardous weather conditions, inoperability of school buses or other equipment necessary to the school's operation, damage to a school building, or other temporary circumstances due to utility failure rendering the school building unfit for school use.

A school district shall not be considered to have failed to comply with this division or section 3313.481 of the Revised Code because schools were open for instruction but either twelfth grade students were excused from attendance for up to three days or only a portion of the kindergarten students were in attendance for up to three days in order to allow for the gradual orientation to school of such students.

The superintendent of public instruction shall waive the requirements of this section with reference to the minimum number of days or hours a school must be open for instruction with pupils in attendance for the school year succeeding the school year in which a board of education initiates a plan of operation pursuant to section 3313.481 of the Revised Code. The minimum requirements of this section shall again be applicable to the district beginning with the school year commencing the second July succeeding the initiation of the plan, and for each school year thereafter.

A school district shall not be considered to have failed to comply with this division or section 3313.48 or 3313.481 of the Revised Code because schools were open for instruction but the length of the regularly scheduled learning day, for any number of days during the school year, was reduced by not more than two hours due to hazardous weather conditions.

(3) Each city, exempted village, local, and joint vocational school district shall have on file, and shall pay in accordance with, a teachers' salary schedule which complies with section 3317.13 of the Revised Code.

(B) A school district board of education or educational service center governing board that has not conformed with other law, and the rules pursuant thereto, shall not participate in the distribution of funds authorized by this chapter, except for good and sufficient reason established to the satisfaction of the state board of education and the state controlling board.

(C) All funds allocated to school districts under this chapter, except those specifically allocated for other purposes, shall be used only to pay current operating expenses or for either of the following purposes:

(1) The modification or purchase of classroom space to provide all-day kindergarten as required by section 3321.05 of the Revised Code, provided
the district certifies its shortage of space for providing all-day kindergarten to the department of education, in a manner specified by the department.

(2) The modification or purchase of classroom space to reduce class sizes in grades kindergarten through three to attain the goal of fifteen students per core teacher, provided the district certifies its need for additional classroom space to the department, in a manner specified by the department.

(D) On or before the last day of each month, the department of education shall certify to the director of budget and management for payment, for each county:

(1)(a) That portion of the allocation of money under section 3306.13 of the Revised Code that is required to be paid in that month to each school district located wholly within the county subsequent to the deductions described in division (D)(1)(b) of this section;

(b) The amounts deducted from such allocation under sections 3307.31 and 3309.51 of the Revised Code for payment directly to the school employees and state teachers retirement systems under such sections.

(2) If the district is located in more than one county, an apportionment of the amounts that would otherwise be certified under division (D)(1) of this section. The amounts apportioned to the county shall equal the amounts certified under division (D)(1) of this section times the percentage of the district's resident pupils who reside both in the district and in the county, based on the average daily membership reported under division (A) of section 3317.03 of the Revised Code in October of the prior fiscal year.

Sec. 3306.011. Beginning with fiscal year 2010, the payments prescribed by this chapter supersede and replace the payments described under sections 3317.012, 3317.013, 3317.014, 3317.022, 3317.029, 3317.0216, 3317.0217, and 3317.16 of the Revised Code, except as otherwise provided in section 3317.018 of the Revised Code.

Sec. 3306.012. The form developed by the department of education to calculate funding to a school district formerly known as the form "SF-3," on and after the effective date of this section shall be known as the "PASS form." As used in this section and any section referring to the PASS form, "PASS" is an acronym for "PAthway to Student Success." The form shall be revised as necessary to reflect payments made under this chapter and Chapter 3317. of the Revised Code and shall be available to the public in a format understandable to the average citizen.

In that case, the department shall derive the formula ADM from such average daily membership for October 2009.

(I) "Gifted coordinator" means a person who holds a valid educator license issued under section 3319.22 of the Revised Code, meets the qualifications for a gifted coordinator specified in the operating standards for identifying and serving gifted students prescribed in rules adopted by the state board of education, and provides coordination services for gifted students in accordance with those standards.

(J) "Gifted intervention specialist" means a person who holds a valid gifted intervention specialist license or endorsement issued under section 3319.22 of the Revised Code and serves gifted students in accordance with the operating standards for identifying and serving gifted students prescribed in rules adopted by the state board of education.

The lead teacher position shall be a rotating position in which an individual shall serve no more than three years. After lead teacher licenses become available under section 3319.22 of the Revised Code, only teachers who hold that license shall be appointed as lead teachers. Until that time, each school district shall designate qualifications for the lead teacher position that are comparable to the licensing requirements, and shall give preference for appointment to the position to teachers who are certified by the national board for professional teaching standards or who meet the qualifications for a "master teacher" established by the educator standards board.

(P) "Organizational unit" means, for the purpose of calculating a school district's adequacy amount under this chapter, a unit used to index a school district's formula ADM in certain grade levels. Calculating the number of organizational units in a school district functions to allocate the state's resources in a manner that achieves a thorough, efficient, and adequate educational system that provides the appropriate services to students enrolled in that district. In recognition of the fact that students have different educational needs at each developmental stage, organizational units group the grade levels into elementary school units, middle school units, and high school units. Except as provided in division (C) of section 3306.04 of the Revised Code, a school district's "organizational units" is the sum of its elementary school units, middle school units, and high school units.

1. The child is identified as having a medical condition that is among those listed by the superintendent of public instruction as conditions where a substantial majority of cases fall within the definition of "medically fragile child."

2. The child is determined by the superintendent of public instruction to be a medically fragile child. A school district may petition the superintendent of public instruction for a determination that a child is a
medically fragile child.

(R) A child may be identified as having an "other health impairment-minor" if the child's condition meets the definition of "other health impaired" established in rules adopted by the state board of education prior to July 1, 2001, but the child's condition does not meet either of the conditions specified in division (Q)(1) or (2) of this section.

(T) "Principal" means a person who provides management oversight of building operations, academic leadership for the teaching professionals, and other administrative duties.

(U) "Property exemption value" means the amount certified for a school district under divisions (A)(6) and (7) of section 3317.021 of the Revised Code.

(V) "Recognized valuation" means the amount calculated for a school district pursuant to section 3317.015 of the Revised Code.

Revised Code divided by the total adequacy amount for the district as described in section 3306.03 of the Revised Code. If the quotient is a negative number, the district's state share percentage is zero.

(DD) "Family and community liaisons" means individuals who provide assistance to students and their families, individuals who are linkage coordinators as described in section 3306.31 of the Revised Code, and may include individuals who hold valid licenses as family liaisons, social workers, and student advocates.

(EE) "Supplemental teacher" means a person holding a valid educator license issued pursuant to section 3319.22 of the Revised Code, or qualified to secure such a license and approved by the school district to provide remedial services, intensive subject-based instruction, homework help, or other forms of supplemental instruction.

Sec. 3306.03. (A) The adequacy amount for each city, local, and exempted village school district is the sum of the following:

1. Instructional services support calculated under section 3306.05 of the Revised Code;
2. Additional services support calculated under section 3306.06 of the Revised Code;
3. Administrative services support calculated under section 3306.07 of the Revised Code;
4. Operations and maintenance support calculated under section 3306.08 of the Revised Code;
5. Gifted education and enrichment support calculated under sections 3306.09 and 3306.091, respectively, of the Revised Code;
6. Technology resources support calculated under section 3306.10 of the Revised Code;
7. The professional development factor, calculated by multiplying the sum of the school district's core teacher, specialist teacher, lead teacher, and special education teacher positions, all as calculated under sections 3306.05
and 3306.11 of the Revised Code, by $1,833 in fiscal years 2010 and 2011:

(8) The instructional materials factor, calculated by multiplying the school district's formula ADM by $165. The instructional materials factor for each city, local, and exempted village school district shall be adjusted by multiplying this calculated amount by 0.20 in fiscal year 2010, by 0.30 in fiscal year 2011, by 0.40 in fiscal years 2012 and 2013, by 0.60 in fiscal years 2014 and 2015, and by 0.80 in fiscal years 2016 and 2017.

(B) The state share of the adequacy amount paid to each school district shall be determined under section 3306.13 of the Revised Code.

(C) Funding for career-technical education teachers and career-technical education program operations shall be calculated under section 3306.052 of the Revised Code. Transportation support shall be calculated under section 3306.12 of the Revised Code. Both are in addition to the state share of the adequacy amount.

Sec. 3306.04. (A) For purposes of calculating the adequacy amount for each city, local, and exempted village school district, the department of education shall calculate the number of the district's organizational units.

(B) Except for a small school district, each school district's "organizational units" is the sum of its elementary school units, middle school units, and high school units, as follows:

1. The number of the district's elementary school organizational units is calculated by dividing its formula ADM for grades kindergarten to five by four hundred eighteen.

2. The number of the district's middle school organizational units is calculated by dividing its formula ADM for grades six to eight by five hundred fifty-seven.

3. The number of the district's high school organizational units is calculated by dividing its formula ADM for grades nine to twelve by seven hundred thirty-three.

(C) For each small school district, the number of organizational units is one organizational unit.

(D) Each school district, regardless of its formula ADM, shall have at least one organizational unit.

Sec. 3306.05. (A) The instructional services support component of the adequacy amount for each city, local, and exempted village school district is the sum of the following:

1. The core teacher factor;
2. The specialist teacher factor;
3. The lead teacher factor;
4. The special education teacher factor;
The special education teacher's aide factor;
(6) The limited English proficiency teacher factor;
(7) The supplemental teacher factor.
(B) Each factor listed in division (A) of this section shall be calculated by multiplying the Ohio educational challenge factor, specified for the district in section 3306.051 of the Revised Code, times the statewide base teacher salary of $56,902 in fiscal year 2010 and $57,812 in fiscal year 2011, times the number of positions funded, as follows:
(1) The number of core teacher positions funded shall be calculated by dividing the district's formula ADM in grades four to twelve by twenty-five, and then adding that number to the quotient of the district's formula ADM in grades kindergarten to three divided by the following:
(a) In fiscal years 2010 and 2011, nineteen;
(b) In fiscal years 2012 and 2013, seventeen;
(c) In fiscal year 2014 and in each fiscal year thereafter, fifteen.
(2) The number of specialist teacher positions funded shall be calculated by multiplying the number of core teacher positions determined under division (B)(1) of this section for grades kindergarten to eight by one-fifth, and by multiplying the number of core teacher positions determined for grades nine to twelve by one-fourth.
(3) The number of lead teacher positions funded shall equal the number of the district's organizational units.
(4) The number of special education teacher positions and special education teacher's aide positions funded shall be calculated as provided in section 3306.11 of the Revised Code.
(5) The number of limited English proficiency teacher positions funded shall be calculated by multiplying the district's formula ADM times the district's percentage of limited English proficient students, as defined in 20 U.S.C. 7801, and then dividing that product by one hundred;
(6) The number of supplemental teacher positions funded shall be calculated by multiplying the district's formula ADM times its targeted poverty indicator, and then dividing that product by one hundred.

(C) Each school district shall account separately for expenditures of the amounts received for instructional services support under this section and report that information to the department of education.

Sec. 3306.051. (A) The Ohio educational challenge factor is based on the following characteristics:
(1) The college attainment rate of the school district's population;
(2) The district's wealth per pupil, based on property valuation and federal adjusted gross income;
(3) The district's concentration of poverty, based on its targeted poverty indicator.

(B) The Ohio educational challenge factor for each city, local, and exempted village school district for fiscal years 2010 and 2011 shall equal the following:

Sec. 3306.052. Each city, local, and exempted village school district shall receive funding for career-technical education teachers and career-technical education program operations for fiscal years 2010 and 2011 as follows:

(A) For fiscal year 2010, each district shall receive an amount equal to the amount the district received for fiscal year 2009 under division (E) of section 3317.022 of the Revised Code, as that section existed for that fiscal year, times 1.0075.

(B) For fiscal year 2011, each district shall receive an amount equal to the amount the district received for fiscal year 2010 under division (A) of this section times 1.0075.

Each school district that receives funds under this section shall spend the funds only for purposes the department of education designates as approved for vocational education expenses. Vocational education expenses
approved by the department shall include only expenses connected to the delivery of career-technical programming to students enrolled in state-approved career-technical programs. The department shall require each school district to report data annually so that the department may monitor the district's compliance with the requirements regarding the manner in which funding received under this section may be spent.

Sec. 3306.06. (A) The additional services support component of the adequacy amount for each city, local, and exempted village school district is the sum of the following:

1. The family and community liaison factor;
2. The counselor factor;
3. The summer remediation factor;
4. The school nurse wellness coordinator factor;
5. The district health professional factor.

(B)(1) The family and community liaison factor shall be calculated by multiplying the school district's formula ADM times its targeted poverty indicator and dividing the product by seventy-five, and then multiplying the quotient by the product of the applicable Ohio educational challenge factor times $38,633, in fiscal year 2010, and times $39,381, in fiscal year 2011.

2. The counselor factor shall be calculated by dividing the district's formula ADM for grades six to twelve by two hundred fifty, and then multiplying the quotient by a dollar amount for each fiscal year established by law. No counselor factor shall be calculated and paid for fiscal years 2010 and 2011.

3. The summer remediation program factor shall be calculated by multiplying the district's formula ADM times its targeted poverty indicator times fifty per cent, which represents the anticipated participation rate, dividing that product by thirty, which is the assumed student-to-teacher ratio for summer remediation, and multiplying that quotient by the product of $3,000 times the applicable Ohio educational challenge factor.

4. The school nurse wellness coordinator factor shall be calculated by multiplying the number of the district's organizational units times a dollar amount for each fiscal year established by law, except that in a small school district, the school nurse wellness coordinator factor shall be zero. No school nurse wellness coordinator factor shall be calculated and paid for fiscal years 2010 and 2011.

5. The district health professional factor for each district equals a dollar amount specified by law for each fiscal year. No district health professional factor shall be calculated and paid for fiscal years 2010 and 2011.

(C) In adopting expenditure and reporting standards under section
3306.25 of the Revised Code, the superintendent of public instruction shall include standards that encourage school districts to give preference to employing or obtaining the services of licensed school nurses with funds received for the school nurse wellness coordinator factor and the district health professional factor.

(D) Each school district shall account separately for expenditures of the amounts received for additional services support under this section and report that information to the department of education.

Sec. 3306.07. (A) The administrative services support component of the adequacy amount for each city, local, and exempted village school district is the sum of the following:

(1) The district administration factor;
(2) The principal factor;
(3) The administrative support personnel factor;

(B)(1) The district administration factor equals $187,176 in fiscal year 2010 and $190,801 in fiscal year 2011.

(2) The principal factor shall be calculated by multiplying the number of the district's organizational units times $89,563 in fiscal year 2010 and $91,297 in fiscal year 2011. However, each type 1 or type 2 school district shall receive for a principal factor an amount not less than the applicable dollar amount specified in this paragraph times the number of school buildings in the district for which the department of education issued a report card under section 3302.03 of the Revised Code for the prior school year. As used in this division, "type 1 school district" means a school district characterized as a type 1 (rural/agricultural, high poverty, low median income) district, and "type 2 school district" means a school district characterized as a type 2 (rural/agricultural, small student population, low poverty, low to moderate median income), in the typology of districts published by the department in July 2007.

(3) The administrative support personnel factor is funding determined for building managers, secretaries, and noninstructional aides.

(a) The funding for building managers shall be calculated by multiplying $33,624 in fiscal year 2010 and $34,275 in fiscal year 2011 times the number of the district's organizational units.

(b) The funding for secretaries shall be calculated by multiplying $33,624 in fiscal year 2010 and $34,275 in fiscal year 2011 times the number of the district's organizational units, where two additional secretaries shall be funded for each high school organizational unit.

(c) The funding for noninstructional aides shall be a dollar amount set by law for each fiscal year times the number of the district's organizational
units, where the organizational units are multiplied by two in the case of 
elementary school and middle school organizational units and by three in 
case of high school organizational units.

However, each small school district shall receive funding for one 
building manager, one secretary, and one noninstructional aide. Every other 
city, local, and exempted village school district shall receive funding for at 
least one building manager, one secretary, and one noninstructional aide.

No funding shall be calculated and paid for noninstructional aides for 
fiscal years 2010 and 2011.

(C) Each school district shall account separately for the amounts 
received for administrative services support under this section and report 
that information to the department of education.

Sec. 3306.08. (A) The operations and maintenance support component 
of the adequacy amount for each city, local, and exempted village school 
district shall be calculated by multiplying the district's formula ADM times 
$884.

(B) The operations and maintenance support for each city, local, and 
exempted village school district shall be adjusted by multiplying the 
calculated amount by 0.45 in fiscal years 2010 and 2011, and by 0.75 in 
fiscal years 2012 and 2013.

(C) Each school district shall account separately for expenditures of the 
amounts received for operations and maintenance support under this section 
and report that information to the department of education.

Sec. 3306.09. (A) The gifted education support component of the 
adequacy amount for each city, local, and exempted village school district is 
the sum of the following:

(1) The gifted identification factor;
(2) The gifted coordinator factor;
(3) The gifted intervention specialist factor;
(4) The gifted intervention specialist professional development factor.

(B)(1) The gifted identification factor shall be calculated by multiplying 
the district's formula ADM times $5.

(2) The gifted coordinator factor shall be calculated by multiplying 
$66,375 in fiscal year 2010 and $67,660 in fiscal year 2011 times the 
quotient of the district's formula ADM divided by two thousand five 
hundred.

(3) The gifted intervention specialist factor shall be calculated by 
multiplying the number of the district's organizational units times the Ohio 
educational challenge factor specified for the district in section 3306.051 of 
the Revised Code times the statewide base teacher salary specified in section
3306.05 of the Revised Code.

(4) The gifted intervention specialist professional development factor shall be calculated by multiplying the number of the district's organizational units times the per-teaching-position dollar amount specified for the professional development factor in division (A)(7) of section 3306.03 of the Revised Code.

(C) The gifted intervention specialist factor and the gifted intervention specialist professional development factor for each city, local, and exempted village school district, shall be adjusted by multiplying the calculated amount by 0.20 in fiscal year 2010, by 0.30 in fiscal year 2011, by 0.40 in fiscal years 2012 and 2013, by 0.60 in fiscal years 2014 and 2015, and by 0.80 in fiscal years 2016 and 2017.

(D) A school district that does not submit an annual report under section 3324.05 of the Revised Code, or that reports zero students identified as gifted, shall receive zero funding for the gifted coordinator factor, the gifted intervention specialist factor, and the gifted intervention specialist professional development factor.

(E) Each school district shall expend the funds calculated under the gifted education support component in accordance with rules adopted under section 3306.25 of the Revised Code. Those rules shall require that such funds be spent only for the employment of staff to serve students identified as gifted, in accordance with Chapter 3324. of the Revised Code, or for other services to such students. The rules shall be aligned with the operating standards for identifying and serving gifted students prescribed in rules adopted by the state board of education. Notwithstanding anything to the contrary in section 3306.25 of the Revised Code, the rules regarding the expenditure and reporting of funds for the gifted education support component adopted under that section shall take effect July 1, 2011.

Subject to approval by the department of education, a school district may use up to fifteen per cent of the portion of the gifted intervention specialist factor attributable to the grade six through twelve formula ADM to support access to services provided by the district that are not services described in Chapter 3324. of the Revised Code but are specified in gifted students' written education plans prepared in accordance with the state board's operating standards for identifying and serving gifted students.

(F) Each school district shall account separately for expenditures of the amounts received for gifted identification, gifted coordinators, gifted intervention specialists, and gifted intervention specialist professional development under this section and report that information to the department of education.
(G)(1) Each city, local, and exempted village school district that received for fiscal year 2009 unit funding for gifted student services under division (L) of section 3317.024 and division (E) of section 3317.05 of the Revised Code, as those sections existed for that fiscal year, shall spend in each fiscal year thereafter for services to identified gifted students from the funds received under this chapter an amount not less than the aggregate amount received for such gifted unit funding for fiscal year 2009.

(2) Each city, local, and exempted village school district that, in fiscal year 2009, received gifted student services from an educational service center, which service center received for fiscal year 2009 unit funding for gifted student services, shall in each fiscal year thereafter do either of the following:

(a) Obtain gifted student services from an educational service center that are comparable to the gifted student services provided to the district with gifted unit funding in fiscal year 2009 by an educational service center;

(b) Spend for services to identified gifted students from the funds received under this chapter an amount not less than the amount of gifted unit funding expended by an educational service center in fiscal year 2009 for the district's students.

(3) No district to which division (G)(1) or (2) of this section applies shall apply for or receive a waiver under section 3306.40 of the Revised Code from the spending requirements prescribed in those divisions or under division (E) of this section.

(4) Each educational service center that received for fiscal year 2009 unit funding for gifted student services shall spend from its state funds in each fiscal year thereafter for services to identified gifted students an amount not less than the aggregate amount received for gifted unit funding for fiscal year 2009. No educational service center to which division (G)(4) of this section shall receive any waiver of this requirement.

(H) A city, local, or exempted village school district that did not receive for fiscal year 2009 unit funding for gifted student services under division (L) of section 3317.024 and division (E) of section 3317.05 of the Revised Code, as those sections existed for that fiscal year, may apply for a waiver under section 3306.40 of the Revised Code from any expenditure requirements prescribed under division (E) of this section. Notwithstanding anything to the contrary in section 3306.40 of the Revised Code, the first waiver granted to a district pursuant to this division shall not be effective for longer than two years, and any subsequent renewal of that waiver shall not be effective for longer than one year.
amount for each city, local, and exempted village school district shall be calculated by multiplying the district's formula ADM times $100 times the Ohio educational challenge factor.

(B) The enrichment support for each city, local, and exempted village school district shall be adjusted by multiplying the calculated amount by 0.20 in fiscal year 2010, by 0.30 in fiscal year 2011, by 0.40 in fiscal years 2012 and 2013, by 0.60 in fiscal years 2014 and 2015, and by 0.80 in fiscal years 2016 and 2017.

(C) The enrichment support component shall be used for purposes other than services for students identified as gifted delivered in accordance with Chapter 3324. of the Revised Code. A district may spend the enrichment support component to pay for enrichment activities that may encourage the intellectual and creative pursuits of all students, including the fine arts.

(D) Each school district shall account separately for expenditures of the amounts received for enrichment support under this section and report that information to the department of education.

Sec. 3306.10. (A) The technology resources support component of the adequacy amount for each city, local, and exempted village school district is the sum of the following:

(1) The licensed librarian and media specialist factor;

(2) The technical equipment factor.

(B) (1) The licensed librarian and media specialist factor shall be calculated by multiplying the number of the district's organizational units times $60,000.

(2) The technical equipment factor shall be calculated by multiplying the district's formula ADM times $250.

(C) The licensed librarian and media specialist factor and the technical equipment factor for each city, local, and exempted village school district shall be adjusted by multiplying the calculated amounts by 0.20 in fiscal year 2010, by 0.30 in fiscal year 2011, by 0.40 in fiscal years 2012 and 2013, by 0.60 in fiscal years 2014 and 2015, and by 0.80 in fiscal years 2016 and 2017.

(D) Each school district shall account separately for the amounts received for technology resources support under this section and report that information to the department of education.

Sec. 3306.11. (A) For the purpose of calculating a school district's instructional services support under section 3306.05 of the Revised Code, the number of special education teacher positions used in calculating the special education teacher factor, and the number of special education teacher's aide positions used in calculating the special education teacher's
aide factor shall be calculated as set forth in this section.

(B)(1) The number of special education teacher positions shall be calculated by multiplying the sum of the weighted number of children with disabilities calculated under division (C) of this section times nine-tenths, and then dividing that product by twenty.

(2) The number of special education teacher's aide positions shall be calculated by dividing the number of special education teacher positions calculated under division (B)(1) of this section by two, and multiplying that quotient by 0.50 in fiscal years 2010 and 2011.

(C) The weighted number of children with disabilities for a school district is the sum of:

1) 0.2906 times the district's category one special education ADM;
2) 0.7374 times the district's category two special education ADM;
3) 1.7716 times the district's category three special education ADM;
4) 2.3643 times the district's category four special education ADM;
5) 3.2022 times the district's category five special education ADM;
6) 4.7205 times the district's category six special education ADM.

(D) Each school district shall account separately for expenditures of the amounts received for resources for children with disabilities under this section and section 3306.05 of the Revised Code and report that information to the department of education. Those amounts may be used to pay for providers of related services, as defined in section 3323.01 of the Revised Code, for children with disabilities.

Sec. 3306.12. (A) As used in this section:

1) "Assigned bus" means a school bus used to transport qualifying riders.

2) "Nontraditional ridership" means the average number of qualifying riders who are enrolled in a community school established under Chapter 3314. of the Revised Code, in a STEM school established under Chapter 3326. of the Revised Code, or in a nonpublic school and are provided school bus service by a school district during the first full week of October.

3) "Qualifying riders" means resident students enrolled in regular education in grades kindergarten to twelve who are provided school bus service by a school district and who live more than one mile from the school they attend, including students with dual enrollment in a joint vocational school district or a cooperative education school district, and students enrolled in a community school, STEM school, or nonpublic school.

4) "Qualifying ridership" means the average number of qualifying riders who are provided school bus service by a school district during the first full week of October.
(5) "Rider density" means the number of qualifying riders per square mile of a school district.

(6) "School bus service" means a school district's transportation of qualifying riders in any of the following types of vehicles:
   (a) School buses owned or leased by the district;
   (b) School buses operated by a private contractor hired by the district;
   (c) School buses operated by another school district or entity with which the district has contracted, either as part of a consortium for the provision of transportation or otherwise.

(B) Not later than the fifteenth day of October each year, each city, local, and exempted village school district shall report to the department of education its qualifying ridership, nontraditional ridership, number of qualifying riders per assigned bus, and any other information requested by the department. Subsequent adjustments to the reported numbers shall be made only in accordance with rules adopted by the department.

(C) The department shall calculate the statewide transportation cost per student as follows:
   (1) Determine each city, local, and exempted village school district's transportation cost per student by dividing the district's total costs for school bus service in the previous fiscal year by its qualifying ridership in the previous fiscal year.
   (2) After excluding districts that do not provide school bus service and the ten districts with the highest transportation costs per student and the ten districts with the lowest transportation costs per student, divide the aggregate cost for school bus service for the remaining districts in the previous fiscal year by the aggregate qualifying ridership of those districts in the previous fiscal year.

(D) The department shall calculate the statewide transportation cost per mile as follows:
   (1) Determine each city, local, and exempted village school district's transportation cost per mile by dividing the district's total costs for school bus service in the previous fiscal year by its total number of miles driven for school bus service in the previous fiscal year.
   (2) After excluding districts that do not provide school bus service and the ten districts with the highest transportation costs per mile and the ten districts with the lowest transportation costs per mile, divide the aggregate cost for school bus service for the remaining districts in the previous fiscal year by the aggregate miles driven for school bus service in those districts in the previous fiscal year.

(E) The department shall calculate each city, local, and exempted
village school district's transportation base payment as follows:

(1) Multiply the statewide transportation cost per student by the district's qualifying ridership for the current fiscal year.

(2) Multiply the statewide transportation cost per mile by the district's total number of miles driven for school bus service in the current fiscal year.

(3) Multiply the greater of the amounts calculated under divisions (E)(1) and (2) of this section by the greater of sixty per cent or the district's state share percentage.

(F) The department shall calculate each city, local, and exempted village school district's nontraditional ridership adjustment according to the following formula:

\[
\text{(nontraditional ridership for the current fiscal year / qualifying ridership for the current fiscal year)} \times 0.1 \times \text{transportation base payment}
\]

(G) If a city, local, and exempted village school district offers school bus service to all resident students who are enrolled in regular education in district schools in grades nine to twelve and who live more than one mile from the school they attend, the department shall calculate the district's high school ridership adjustment according to the following formula:

\[
0.025 \times \text{transportation base payment}
\]

(H) If a city, local, and exempted village school district offers school bus service to students enrolled in grades kindergarten to eight who live more than one mile, but two miles or less, from the school they attend, the department shall calculate an additional adjustment according to the following formula:

\[
0.025 \times \text{transportation base payment}
\]

(I)(1) The department annually shall establish a target number of qualifying riders per assigned bus for each city, local, and exempted village school district. The department shall use the most recently available data in establishing the target number. The target number shall be based on the statewide median number of qualifying riders per assigned bus as adjusted to reflect the district's rider density in comparison to the rider density of all other districts. The department shall post on the department's web site each district's target number of qualifying riders per assigned bus and a description of how the target number was determined.

(2) The department shall determine each school district's efficiency index by dividing the district's median number of qualifying riders per assigned bus by its target number of qualifying riders per assigned bus.

(3) The department shall determine each city, local, and exempted village school district's efficiency adjustment as follows:
(a) If the district's efficiency index is equal to or greater than 1.5, the efficiency adjustment shall be calculated according to the following formula:

\[ 0.1 \times \text{transportation base payment} \]

(b) If the district's efficiency index is less than 1.5 but equal to or greater than 1.0, the efficiency adjustment shall be calculated according to the following formula:

\[ \frac{\text{efficiency index} - 1}{5} \times \text{transportation base payment} \]

(c) If the district's efficiency index is less than 1.0, the efficiency adjustment shall be zero.

(J) The department shall pay each city, local, and exempted village school district the lesser of the following:

(1) The sum of the amounts calculated under divisions (E) to (H) and (I) of this section;

(2) The district's total costs for school bus service for the prior fiscal year.

(K) In addition to funds paid under division (J) of this section, each city, local, and exempted village district shall receive in accordance with rules adopted by the state board of education a payment for students transported by means other than school bus service and whose transportation is not funded under division (G) of section 3317.024 of the Revised Code. The rules shall include provisions for school district reporting of such students.

(L)(1) In fiscal years 2010 and 2011, the department shall pay each district a pro rata portion of the amounts calculated under division (J) of this section and described in division (K) of this section, based on state appropriations.

(2) In addition to the prorated payment under division (L)(1) of this section, in fiscal years 2010 and 2011, the department shall pay each school district that meets the conditions prescribed in division (L)(3) of this section an additional amount equal to the following product:

(a) The difference of (i) the amounts calculated under division (J) of this section and prescribed in division (K) of this section minus (ii) that prorated payment; times

(b) 0.30 in fiscal year 2010 and 0.70 in fiscal year 2011.

(3) Division (L)(2) of this section applies to each school district that meets all of the following conditions:

(a) The district qualifies for the calculation of a payment under division (J) of this section because it transports students on board-owned or contractor-owned school buses.

(b) The district's local wealth per pupil, calculated as prescribed in
section 3317.0217 of the Revised Code, is at or below the median local wealth per pupil of all districts that qualify for calculation of a payment under division (J) of this section.

(c) The district's rider density is at or below the median rider density of all districts that qualify for calculation of a payment under division (J) of this section.

Sec. 3306.13. (A) The department of education shall compute and distribute to each city, local, and exempted village school district the state share of the adequacy amount for the fiscal year by subtracting the district's charge-off amount calculated under division (B) of this section from its adequacy amount calculated under section 3306.03 of the Revised Code.

(B)(1) For districts with a class one effective operating tax rate that is less than twenty and one-tenth effective mills as of the first day of July of the current fiscal year, the charge-off amount equals the applicable charge-off rate, prescribed in division (C) of this section, times the sum of the district's total taxable value plus its property exemption value.

(2) For districts with a class one effective operating tax rate that is greater than or equal to twenty and one-tenth class one effective mills as of the first day of July of the current fiscal year, the charge-off amount equals the applicable charge-off rate, prescribed in division (C) of this section, times the sum of the district's recognized valuation plus its property exemption value.

If the difference obtained from the calculation is a negative number, the state share shall be zero.

(3)(a) For each school district for which the tax exempt value of the district equals or exceeds twenty-five per cent of the potential value of the district, the department shall calculate the difference between the district's tax exempt value and twenty-five per cent of the district's potential value.

(b) For each school district to which division (B)(3)(a) of this section applies, the department shall adjust the total taxable value used in the calculation under division (B)(1) of this section or the recognized valuation used in the calculation under division (B)(2) of this section by subtracting from it the amount calculated under division (B)(3)(a) of this section.

(C) The charge-off rate shall be as follows:

(1) In fiscal years 2010 and 2011, 0.022;
(2) In fiscal years 2012 and 2013, 0.021;
(3) In fiscal year 2014 and in each fiscal year thereafter, 0.020.

(D) The department shall use the information obtained under section 3317.021 of the Revised Code during the calendar year in which the fiscal year begins to calculate the district state shares under this section.
Sec. 3306.18. On or before the fifteenth day of July of each year, the superintendent of public instruction shall certify to the state board of education the amount each city, local, and exempted village school district expended in the previous fiscal year on each factor of the district's adequacy amount.

Sec. 3306.19. (A) The department of education shall calculate and pay transitional aid in fiscal years 2010 and 2011 to each city, local, and exempted village school district in accordance with this section. For fiscal year 2010, the amount of a district's transitional aid shall be the positive difference of ninety-nine per cent of its transitional aid base for that fiscal year minus the sum of its state share of the adequacy amount calculated under section 3306.13 of the Revised Code plus the amount calculated for career-technical education under section 3306.052 of the Revised Code plus the prorated transportation funding calculated under division (L)(1) of section 3306.12 of the Revised Code. For fiscal year 2011, the amount of a district's transitional aid shall be the positive difference of ninety-eight per cent of its transitional aid base for that fiscal year minus the sum of its state share of the adequacy amount calculated under section 3306.13 of the Revised Code plus the amount calculated for career-technical education under section 3306.052 of the Revised Code plus the prorated transportation funding calculated under division (L)(1) of section 3306.12 of the Revised Code.

(1) The transitional aid guarantee base for each city, local, and exempted village school district for fiscal year 2010 equals the sum of the following computed for fiscal year 2009, as reconciled by the department, less any general revenue fund spending reductions ordered by the governor under section 126.05 of the Revised Code:
   (a) Base-cost funding under division (A) of section 3317.022 of the Revised Code;
   (b) Special education and related services additional weighted funding under division (C)(1) of section 3317.022 of the Revised Code;
   (c) Speech services funding under division (C)(4) of section 3317.022 of the Revised Code;
   (d) Vocational education additional weighted funding under division (E) of section 3317.022 of the Revised Code;
   (e) GRADS funding under division (N) of section 3317.024 of the Revised Code;
   (f) Adjustments for classroom teachers and educational service personnel under divisions (B), (C), and (D) of section 3317.023 of the Revised Code;
(g) Gifted education units under division (L) of section 3317.024 and section 3317.05 of the Revised Code;

(h) Transportation under Section 269.20.80 of Am. Sub. H.B. 119 of the 127th general assembly;

(i) The excess cost supplement under division (F) of section 3317.022 of the Revised Code;

(j) The charge-off supplement under section 3317.0216 of the Revised Code;

(k) Transitional aid under Section 269.30.80 of Am. Sub. H.B. 119 of the 127th general assembly.

(2) The transitional aid guarantee base for each city, local, and exempted village school district for fiscal year 2011 equals the following difference:

(a) The sum of the district's state share of the adequacy amount calculated under section 3306.13 of the Revised Code plus the district's career-technical education funding calculated under division (L)(1) of section 3306.052 of the Revised Code plus the district's prorated transportation funding calculated under division (L)(1) of section 3306.12 of the Revised Code plus any transitional aid payment under this section for fiscal year 2010, as the sum is adjusted under division (B)(1) of this section, if applicable; minus

(b) Any general revenue fund spending reductions ordered by the governor for fiscal year 2010 under section 126.05 of the Revised Code.

(B) Notwithstanding any provision of this chapter to the contrary:

(1) The combination of the state share of the adequacy amount plus the prorated transportation funding under division (L)(1) of section 3306.12 of the Revised Code for any city, local, or exempted village school district for fiscal year 2010 shall not exceed 1.0075 times the difference of its transitional aid guarantee base for fiscal year 2010 minus the amount described in division (A)(1)(d) of this section.

(2) The combination of the state share of the adequacy amount plus the prorated transportation funding under division (L)(1) of section 3306.12 of the Revised Code for any city, local, or exempted village school district for fiscal year 2011 shall not exceed 1.0075 times the difference of its transitional aid guarantee base for fiscal year 2011 minus the amount paid to the district under division (A) of section 3306.052 of the Revised Code.

Sec. 3306.191. The department of education shall calculate and pay additional transitional aid in fiscal year 2011 to a city, local, and exempted village school district equal to the following:

(0.98 X the district's state education aid for fiscal year 2010) – the district's
state education aid for fiscal year 2011

If the result is a negative number, no payment shall be paid under this section.

As used in this section, "state education aid" has the same meaning as in section 5751.20 of the Revised Code.

Sec. 3306.192. In fiscal year 2012 and in each fiscal year thereafter, the department of education shall pay a city, local, or exempted village school district additional funds computed as follows:

(A) The statewide per pupil amount paid for chartered nonpublic school students – (the sum of the district's payments under sections 3306.052, 3306.12, 3306.13, and 3306.19 of the Revised Code/its formula ADM); times

(B) The district's formula ADM.

If the result is a negative number, no payment shall be made under this section.

As used in this section, the "statewide per pupil amount paid for chartered nonpublic school for students" means the statewide per pupil amount paid under sections 3317.06 and 3317.063 of the Revised Code, combined, for the current fiscal year, as calculated by the department.

Sec. 3306.21. Nothing in this chapter shall be construed to affect or limit the authority of a school district, community school, or STEM school to contract with an educational service center, under sections 3313.843, 3313.844, 3313.845, 3314.022, and 3326.45 of the Revised Code, for the provision of any services for which funds are calculated and paid under this chapter.

Sec. 3306.22. Nothing in this chapter shall be construed to prohibit a school district from using funds calculated and paid under this chapter to establish, operate, or participate in a joint or cooperative program under section 3313.842 of the Revised Code.

Sec. 3306.25. (A) The superintendent of public instruction shall adopt rules, in accordance with Chapter 119. of the Revised Code, prescribing standards for the expenditure of funds calculated under this chapter and for the reporting of expenditures of those funds for particular funded components, as determined by the superintendent, so that those funds are directed toward the purposes for which they were calculated.

The superintendent shall classify the components into the following categories:

(1) Core academic strategy components, which shall be considered those components that are fundamental to successful education practices in the twenty-first century for all students;
(2) Academic improvement components, which shall be considered those components that have been demonstrated to make the greatest improvement in the academic achievement of underperforming students;

(3) Other components.

The superintendent shall determine the funded components included in each category.

(B) The rules adopted for core academic strategy components under division (A)(1) of this section shall prescribe standards for expenditure and reporting. The rules shall afford districts degrees of flexibility in determining how to spend funds calculated for the components included in that category depending on the district's current performance rating under section 3302.03 of the Revised Code. The higher the rating, the greater flexibility the rules shall provide. Districts rated excellent shall not be subject to the expenditure standards, but shall comply with the reporting standards.

(C) The rules adopted for academic improvement components under division (A)(2) of this section shall prescribe standards for expenditure and reporting and shall apply only to school districts that have been declared to be in academic emergency or academic watch, under section 3302.03 of the Revised Code, for two or more consecutive years, beginning with the ratings of districts issued under that section in the fiscal year that begins two years prior to the effective date of rules adopted under division (A)(2) of this section.

(D) The rules adopted under division (A)(3) of this section shall prescribe only reporting standards and shall not prescribe spending requirements or standards. The rules shall apply to all school districts.

(E) The rules shall take effect pursuant to a schedule determined by the superintendent. However:

(1) The rules adopted under division (A)(1) of this section prescribing reporting standards for core academic strategy components shall not take effect before July 1, 2010.

(2) The rules adopted under division (A)(1) of this section prescribing expenditure standards for core academic strategy components shall not take effect before July 1, 2011.

(3) The rules adopted under division (A)(2) of this section prescribing reporting standards for academic improvement components shall not take effect before July 1, 2010.

(4) The rules adopted under division (A)(2) of this section prescribing expenditure standards for academic improvement components shall not take effect before July 1, 2011.
(5) The rules adopted under division (A)(3) of this section prescribing reporting standards for other components shall not take effect before July 1, 2010.

(F) Each school district shall comply with each applicable rule adopted under this section beginning on the effective date of that rule.

received under this chapter. The plan shall deploy the funds received for each component of the adequacy amount, shall comply with any applicable expenditure or reporting standard prescribed by rule adopted under section 3306.25 of the Revised Code, and shall comply with the operating standards adopted under division (D)(3) of section 3301.07 of the Revised Code and any directive of the superintendent of public instruction, unless a waiver has been granted under section 3306.40 of the Revised Code. (B) The department annually shall reconcile each spending plan submitted under this section with the actual spending of the district. If the department finds that a district has not complied with any applicable expenditure or reporting standard prescribed by rule adopted under section 3306.25 of the Revised Code, the department shall proceed to take action under section 3306.33 of the Revised Code.

The membership of teams in different schools may vary and may include the linkage coordinator, parents, teachers, principals, school nurses, school counselors, probation officers, or other school personnel or members of the community.

(E) The governor's closing the achievement gap initiative shall work with each organizational unit of a school district to which this section applies to assess the progress in implementing prescribed activities, as required under division (B) of this section, and shall assist linkage coordinators, administrators, and other school staff in ensuring compliance with the district's spending plan required under section 3306.30 of the Revised Code.

(F) The items related to implementing divisions (B) and (D) of this section included in the spending plan of a district to which this section applies are subject to the approval of the superintendent of public instruction and the governor's closing the achievement gap initiative. If they disapprove those items in the plan, the state superintendent shall do one of the following:

In addition, the board of the district shall take all of the following actions:

1. (a) Develop and submit to the department a three-year operations improvement plan containing all of the following:

   (b) An analysis of the reasons for the failure to meet the applicable expenditure or reporting standards or requirements of this chapter;

   (c) Specific strategies the board will use to address the problems in meeting the standards or requirements;

   (d) Identification of the resources the board will use to meet the standards or requirements;

2. (a) A description of how the board will measure its progress in meeting the standards or requirements.

   If the district is required to have a continuous improvement plan under section 3302.04 of the Revised Code, the three-year operations improvement plan required by this section shall be aligned with the continuous improvement plan.

3. (a) Notify the parent or guardian of each student served by the district either in writing or by electronic means, of the standards or requirements that were not met, the actions being taken to meet the standards or requirements, and any progress achieved in the immediately preceding school year toward meeting the standards or requirements.
(3) Present the plan, and take public testimony with respect to it, in a public hearing before the board.

(C) When a circumstance described in division (A) of this section applies to a school district for a second consecutive year, whether it is the same or a different circumstance, the department shall provide the district with technical assistance to bring the district into compliance with the expenditure or reporting standards adopted under section 3306.25 of the Revised Code and the requirements of this chapter, as applicable to the circumstance triggering action under this section. In addition, both of the following apply:

(1) The board shall take all of the actions prescribed in divisions (B)(1) to (3) of this section;
(2) The department shall establish a state intervention team to evaluate all aspects of the district's operations, including, but not limited to, management, instructional methods, resource allocation, and scheduling. The intervention team shall include teachers and administrators recognized as outstanding in their fields. The team shall make recommendations regarding methods for bringing the district into compliance with the applicable standards adopted under section 3306.25 of the Revised Code and requirements of this chapter. The superintendent of public instruction shall establish guidelines for the intervention teams. The district shall pay the costs of the intervention team.

(D) When a circumstance described in division (A) of this section applies to a school district for a third consecutive year, whether it is the same or a different circumstance as in the preceding years, the superintendent of public instruction shall either:

(1) Establish an accountability compliance commission under section 3306.34 of the Revised Code;
(2) Appoint a trustee who shall govern the district in place of the board of education of the school district until the beginning of the first year that none of the circumstances described in division (A) of this section apply to the district.

(E) When a circumstance described in division (A) of this section applies to a school district for a fourth consecutive year, whether it is the same or a different circumstance as in the preceding years, the state board of education shall proceed under section 3301.16 of the Revised Code to revoke the district's charter.

(F) At any time, the state board may proceed under section 3301.16 of the Revised Code to revoke the charter of a school district that fails to meet the operating standards established under division (D)(3) of section 3301.07
of the Revised Code or fails to comply with this section.

Sec. 3306.34. (A) Each accountability compliance commission appointed under division (D) of section 3306.33 of the Revised Code is a body both corporate and politic, constituting an agency and instrumentality of the state and performing essential governmental functions of the state. A commission shall be known as the "accountability compliance commission for ................ (name of school district)," and, in that name, may exercise all authority vested in such a commission by this section. A separate commission shall be established for each school district for which the superintendent of public instruction opts to establish a commission under division (D) of section 3306.33 of the Revised Code.

(B) Each accountability commission shall consist of three members, one of whom shall be appointed by the governor, one of whom shall be appointed by the superintendent of public instruction, and one of whom shall be appointed by the auditor of state.

All members shall serve at the pleasure of the appointing authority during the life of the commission. In the event of the death, resignation, incapacity, removal, or ineligibility to serve of a member, the appointing authority shall appoint a successor within fifteen days after the vacancy occurs. Members shall serve without compensation, but shall be paid by the commission their necessary and actual expenses incurred while engaged in the business of the commission.

(C) Immediately after appointment of the initial members of an accountability compliance commission, the state superintendent shall call the first meeting of the commission and shall cause written notice of the time, date, and place of that meeting to be given to each member of the commission at least forty-eight hours in advance of the meeting. The first meeting shall include an overview of the commission's roles and responsibilities, the requirements of section 2921.42 and Chapter 102. of the Revised Code as they pertain to commission members, the requirements of section 121.22 of the Revised Code, and the provisions of division (F) of this section. At its first meeting, the commission shall adopt temporary bylaws in accordance with division (D) of this section to govern its operations until the adoption of permanent bylaws.

The state superintendent shall designate a chairperson for the commission from among the members. The chairperson shall call and conduct meetings, set meeting agendas, and serve as a liaison between the commission and the district board of education. The chairperson also shall appoint a secretary, who shall not be a member of the commission.

The department of education shall provide administrative support for the
commission, provide data requested by the commission, and inform the commission of available state resources that could assist the commission in its work.

(D) Each accountability compliance commission may adopt and alter bylaws and rules, which shall not be subject to section 111.15 or Chapter 119. of the Revised Code, for the conduct of its affairs and for the manner, subject to this section, in which its powers and functions shall be exercised and embodied.

(E) Two members of an accountability compliance commission constitute a quorum of the commission. The affirmative vote of two members of the commission is necessary for any action taken by vote of the commission. No vacancy in the membership of the commission shall impair the rights of a quorum by such vote to exercise all the rights and perform all the duties of the commission. Members of the commission are not disqualified from voting by reason of the functions of any other office they hold and are not disqualified from exercising the functions of the other office with respect to the school district, its officers, or the commission.

(F) The members of an accountability compliance commission, the state superintendent, and any person authorized to act on behalf of or assist them shall not be personally liable or subject to any suit, judgment, or claim for damages resulting from the exercise of or failure to exercise the powers, duties, and functions granted to them in regard to their functioning under this section, but the commission, state superintendent, and such other persons shall be subject to mandamus proceedings to compel performance of their duties under this section.

(G) Each member of an accountability compliance commission shall file the statement described in section 102.02 of the Revised Code with the Ohio ethics commission. The statement shall be confidential, subject to review, as described in division (B) of that section.

(H) Meetings of each accountability compliance commission shall be subject to section 121.22 of the Revised Code.

(I) Each accountability compliance commission shall seek input from the district board of education regarding ways to improve the district's operations and compliance with the requirements of this chapter and the expenditure and reporting standards prescribed by rule adopted under section 3306.25 of the Revised Code, but any decision of the commission related to any authority granted to the commission under this section shall be final.

The commission may do any of the following:

(1) Prepare and submit the school district's spending plan required under
section 3306.30 and, if applicable, section 3306.31 of the Revised Code;

(2) Appoint school building administrators and reassign administrative personnel;

(6) Exercise the powers, duties, and functions with respect to the district as are granted to a financial planning and supervision commission with respect to a school district under divisions (A)(1) to (4) of section 3316.07 of the Revised Code, unless a financial planning and supervision commission has been established for the district.

(J) If the board of education of a school district for which an accountability compliance commission has been established renews any collective bargaining agreement under Chapter 4117. of the Revised Code during the existence of the commission, the board shall not enter into any agreement that would render any decision of the commission unenforceable.

(K) An accountability compliance commission shall cease to exist at the beginning of the first year that none of the circumstances described in division (A) of section 3306.33 of the Revised Code apply to the district.

Sec. 3306.35. The department of education shall develop a form, which shall be known as the "Formula AAccountability and Transparency" form or "FACT" form. The department annually shall issue and publish on its web site a FACT form for each city, local, and exempted village school district. The form shall compare the payments to the district under each component prescribed by this chapter with the district's deployment of those payments as indicated in its spending plan submitted under section 3306.30 and, if applicable, 3306.31 of the Revised Code. The form shall not be the basis of any actions under section 3306.33 of the Revised Code but shall be a public document to inform parents, students, and taxpayers about the district's spending.

Sec. 3306.40. The board of education of a school district may apply to the superintendent of public instruction for a waiver of any standard or requirement of this chapter, including any applicable expenditure or
reporting standard prescribed by rule adopted under section 3306.25 of the Revised Code, or a waiver of any operating standard adopted under division (D)(3) of section 3301.07 of the Revised Code.

The state board of education shall adopt standards for the approval or disapproval of waivers under this section. The state superintendent shall consider every application for a waiver, and shall determine whether to grant or deny a waiver in accordance with the state board's standards. For each waiver granted, the state superintendent shall specify the period of time during which the waiver is in effect, which shall not exceed five years. A district may apply to renew a waiver.

Sec. 3306.50. (A) The Harmon commission is hereby created.

The commission shall consist of the following twenty-one members:

(1) Six persons who are not also members of the general assembly, appointed by the president of the senate, upon consultation with the minority leader of the senate, two of whom are classroom teachers, two of whom are school administrators, and two of whom are instructors at an Ohio teacher preparation program;

(2) Six persons who are not also members of the general assembly, appointed by the speaker of the house of representatives, upon consultation with the minority leader of the house of representatives, two of whom are classroom teachers, two of whom are school administrators, and two of whom are instructors at an Ohio teacher preparation program;

(3) Nine persons appointed by the governor, three of whom are classroom teachers, three of whom are school administrators, and three of whom are instructors at an Ohio teacher preparation program.

The members appointed under divisions (A)(1) and (2) of this section shall serve for the duration of the general assembly in which they were appointed.

The members appointed under division (A)(3) of this section shall serve for the duration of the term of the governor in which they were appointed.

Vacancies on the commission shall be filled in the manner of the initial appointments.

(B) The chairperson of the commission shall be selected by the governor from among the members of the commission.

(C) The members of the commission shall serve without compensation but shall be paid by the department of education their necessary and actual expenses incurred while engaged in the business of the commission.

Sec. 3306.51. The Harmon commission shall review and approve or disapprove applications from city, exempted village, and local school districts and community schools established under Chapter 3314. of the
Revised Code for individual classrooms to be designated as creative learning environments. To be eligible for designation of one or more of its classrooms as a creative learning environment, a community school shall enter into a memorandum of understanding, approved by the department of education, with one or more school districts that specifies a collaborative agreement to share programming and resources to promote successful academic achievement for students and academic and fiscal efficiencies.

The commission shall designate a classroom as a creative learning environment if the commission determines that the classroom supports and emphasizes innovation in instruction methods and lesson plans and operates in accordance with the guidelines adopted by the state board of education under section 3306.52 of the Revised Code. Beginning July 1, 2010, a district or community school that has a classroom that is designated a creative learning environment may qualify for a grant or subsidy awarded by the commission under section 3306.58 of the Revised Code.

Sec. 3306.52. The state board of education shall do both of the following:

(A) Adopt guidelines for the Harmon commission to use in reviewing applications for creative learning environments.

(B) Direct the department of education to provide staff to assist the commission in carrying out the commission's duties under sections 3306.50 to 3306.58 of the Revised Code.

Sec. 3306.53. From January 1, 2010, through April 14, 2010, a city, exempted village, or local school district and a community school may submit to the Harmon commission an unlimited number of applications for first-time designation of individual classrooms as creative learning environments. No applications may be submitted between April 15, 2010, and July 1, 2010. After July 1, 2010, each city, exempted village, or local school district and each eligible community school may submit only one application per fiscal year for first-time designation of one classroom as a creative learning environment.

Sec. 3306.54. Not later than the first day of May each year, the Harmon commission shall begin meeting to review pending applications for first-time designations submitted under section 3306.53 of the Revised Code. The commission shall approve or disapprove all pending applications by the first day of July. The decision of the commission is final.

Sec. 3306.55. (A) The Harmon commission's first-time designation of a classroom as a creative learning environment is valid for one fiscal year. A school district or community school may apply to have the designation renewed. The commission shall renew the designation for the next two fiscal
years if the school district or community school applies for the renewal and the commission finds that the classroom continues to meet the guidelines adopted under section 3306.52 of the Revised Code. The commission shall not renew the designation if the school district or community school does not apply for renewal or if the commission determines that the classroom no longer meets those guidelines.

(B) At the end of a two-year renewal granted under division (A) of this section, and every two fiscal years thereafter, the designation of a classroom as a creative learning environment is automatically renewed, without need for application, for the next two fiscal years, unless the designation is revoked under division (C) of this section.

(C) If the department of education at any time finds that the classroom is no longer operating in accordance with the standards adopted under section 3306.52 of the Revised Code, the department shall appeal the designation to the commission not later than the fifteenth day of February. The commission shall review the operation of the classroom and either continue the designation or revoke the designation. A revocation shall take effect on the first day of July following the department's appeal.

(D) The decision of the commission under divisions (A) to (C) of this section is final.

(E) If the commission does not renew a designation of a classroom under division (A) of this section or revokes that designation under division (C) of this section, the district or community school may reapply for designation of the classroom under section 3306.53 of the Revised Code. That application shall be treated as a new application for first-time designation.

Sec. 3306.56. The city, exempted village, or local school district or community school that operates a classroom designated by the Harmon commission as a creative learning environment shall submit periodic progress reports on the operation and performance of the classroom to the department of education in the manner and by the deadlines prescribed by the department.

Sec. 3306.57. The department of education may accept, receive, and expend gifts, devises, or bequests of money, lands, or other properties for operation of the Harmon commission and the award of grants and subsidies under section 3306.58 of the Revised Code. The state board of education may adopt rules for the purpose of enabling the department to carry out the conditions and limitations upon which a bequest, gift, or endowment is made.

Sec. 3306.58. Beginning July 1, 2010, to the extent the Harmon
commission determines that sufficient funds are available, the commission may award grants or stipends to school districts and community schools that have one or more of their classrooms designated as creative learning environments under section 3306.51 of the Revised Code. The commission shall adopt procedures for application for and the award of grants or stipends under this section.

Sec. 3307.31. (A) Payments by boards of education and governing authorities of community schools to the state teachers retirement system, as provided in sections 3307.29 and 3307.291 of the Revised Code, shall be made from the amount allocated under section 3314.08, Chapter 3306., or Chapter 3317. of the Revised Code prior to its distribution to the individual school districts or community schools. The amount due from each school district or community school shall be certified by the secretary of the system to the superintendent of public instruction monthly, or at such times as may be determined by the state teachers retirement board.

The superintendent shall deduct, from the amount allocated to each district or community school under section 3314.08, Chapter 3306., or Chapter 3317. of the Revised Code, the entire amounts due to the system from such district or school upon the certification to the superintendent by the secretary thereof.

The superintendent shall certify to the director of budget and management the amounts thus due the system for payment.

(B) Payments to the state teachers retirement system by a science, technology, engineering, and mathematics school shall be deducted from the amount allocated under section 3326.33 of the Revised Code and shall be made in the same manner as payments by boards of education under this section.

Sec. 3307.64. A disability benefit recipient, notwithstanding section 3319.13 of the Revised Code, shall retain membership in the state teachers retirement system and shall be considered on leave of absence during the first five years following the effective date of a disability benefit.

The state teachers retirement board shall require any disability benefit recipient to submit to an annual medical examination by a physician selected by the board, except that the board may waive the medical examination if the board's physician certifies that the recipient's disability is ongoing. If a disability benefit recipient refuses to submit to a medical examination, the recipient's disability benefit shall be suspended until the recipient withdraws the refusal. If the refusal continues for one year, all the recipient's rights under and to the disability benefit shall be terminated as of the effective date of the original suspension.
After the examination, the examiner shall report and certify to the board whether the disability benefit recipient is no longer physically and mentally incapable of resuming the service from which the recipient was found disabled. If the board concurs in a report by the examining physician that the disability benefit recipient is no longer incapable, the payment of a disability benefit shall be terminated not later than the following thirty-first day of August or upon employment as a teacher prior thereto. If the leave of absence has not expired, the board shall so certify to the disability benefit recipient's last employer before being found disabled that the recipient is no longer physically and mentally incapable of resuming service that is the same or similar to that from which the recipient was found disabled. If the recipient was under contract at the time the recipient was found disabled, the employer by the first day of the next succeeding year shall restore the recipient to the recipient's previous position and salary or to a position and salary similar thereto, unless the recipient was dismissed or resigned in lieu of dismissal for dishonesty, misfeasance, malfeasance, or conviction of a felony.

A disability benefit shall terminate if the disability benefit recipient becomes employed as a teacher in any public or private school or institution in this state or elsewhere. An individual receiving a disability benefit from the system shall be ineligible for any employment as a teacher and it shall be unlawful for any employer to employ the individual as a teacher. If any employer should employ or reemploy the individual prior to the termination of a disability benefit, the employer shall file notice of employment with the board designating the date of the employment. If the individual should be paid both a disability benefit and also compensation for teaching service for all or any part of the same month, the secretary of the board shall certify to the employer or to the superintendent of public instruction the amount of the disability benefit received by the individual during the employment, which amount shall be deducted from any amount due the employing district under Chapter 3306. and 3317. of the Revised Code or shall be paid by the employer to the annuity and pension reserve fund.

Each disability benefit recipient shall file with the board an annual statement of earnings, current medical information on the recipient's condition, and any other information required in rules adopted by the board. The board may waive the requirement that a disability benefit recipient file an annual statement of earnings or current medical information if the board's physician certifies that the recipient's disability is ongoing.

The board shall annually examine the information submitted by the recipient. If a disability benefit recipient refuses to file the statement or
information, the disability benefit shall be suspended until the statement and information are filed. If the refusal continues for one year, the recipient's right to the disability benefit shall be terminated as of the effective date of the original suspension.

A disability benefit also may be terminated by the board at the request of the disability benefit recipient.

If disability retirement under section 3307.63 of the Revised Code is terminated for any reason, the annuity and pension reserves at that time in the annuity and pension reserve fund shall be transferred to the teachers' savings fund and the employers' trust fund, respectively. If the total disability benefit paid was less than the amount of the accumulated contributions of the member transferred to the annuity and pension reserve fund at the time of the member's disability retirement, then the difference shall be transferred from the annuity and pension reserve fund to another fund as required. In determining the amount of a member's account following the termination of disability retirement for any reason, the total amount paid shall be charged against the member's refundable account.

If a disability allowance paid under section 3307.631 of the Revised Code is terminated for any reason, the reserve on the allowance at that time in the annuity and pension reserve fund shall be transferred from that fund to the employers' trust fund.

If a former disability benefit recipient again becomes a contributor, other than as an other system retirant under section 3307.35 of the Revised Code, to this retirement system, the school employees retirement system, or the public employees retirement system, and completes at least two additional years of service credit, the former disability benefit recipient shall receive credit for the period as a disability benefit recipient.

Sec. 3309.41. (A) A disability benefit recipient shall retain membership status and shall be considered on leave of absence from employment during the first five years following the effective date of a disability benefit, notwithstanding any contrary provisions in Chapter 124. or 3319. of the Revised Code.

(B) The school employees retirement board shall require a disability benefit recipient to undergo an annual medical examination, except that the board may waive the medical examination if the board's physician or physicians certify that the recipient's disability is ongoing. Should any disability benefit recipient refuse to submit to a medical examination, the recipient's disability benefit shall be suspended until withdrawal of the refusal. Should the refusal continue for one year, all the recipient's rights in and to the disability benefit shall be terminated as of the effective date of the
original suspension.

(C) On completion of the examination by an examining physician or physicians selected by the board, the physician or physicians shall report and certify to the board whether the disability benefit recipient is no longer physically and mentally incapable of resuming the service from which the recipient was found disabled. If the board concurs in the report that the disability benefit recipient is no longer incapable, the payment of the disability benefit shall be terminated not later than three months after the date of the board's concurrence or upon employment as an employee. If the leave of absence has not expired, the retirement board shall certify to the disability benefit recipient's last employer before being found disabled that the recipient is no longer physically and mentally incapable of resuming service that is the same or similar to that from which the recipient was found disabled. The employer shall restore the recipient to the recipient's previous position and salary or to a position and salary similar thereto not later than the first day of the first month following termination of the disability benefit, unless the recipient was dismissed or resigned in lieu of dismissal for dishonesty, misfeasance, malfeasance, or conviction of a felony.

(D) Each disability benefit recipient shall file with the board an annual statement of earnings, current medical information on the recipient's condition, and any other information required in rules adopted by the board. The board may waive the requirement that a disability benefit recipient file an annual statement of earnings or current medical information on the recipient's condition if the board's physician or physicians certify that the recipient's disability is ongoing.

The board shall annually examine the information submitted by the recipient. If a disability benefit recipient refuses to file the statement or information, the disability benefit shall be suspended until the statement and information are filed. If the refusal continues for one year, the recipient's right to the disability benefit shall be terminated as of the effective date of the original suspension.

(E) If a disability benefit recipient is employed by an employer covered by this chapter, the recipient's disability benefit shall cease.

(F) If disability retirement under section 3309.40 of the Revised Code is terminated for any reason, the annuity and pension reserves at that time in the annuity and pension reserve fund shall be transferred to the employees' savings fund and the employers' trust fund, respectively. If the total disability benefit paid is less than the amount of the accumulated contributions of the member transferred into the annuity and pension reserve fund at the time of the member's disability retirement, the difference shall be
transferred from the annuity and pension reserve fund to another fund as may be required. In determining the amount of a member's account following the termination of disability retirement for any reason, the amount paid shall be charged against the member's refundable account.

If a disability allowance paid under section 3309.401 of the Revised Code is terminated for any reason, the reserve on the allowance at that time in the annuity and pension reserve fund shall be transferred from that fund to the employers' trust fund.

The board may terminate a disability benefit at the request of the recipient.

(G) If a disability benefit is terminated and a former disability benefit recipient again becomes a contributor, other than as an other system retirant as defined in section 3309.341 of the Revised Code, to this system, the public employees retirement system, or the state teachers retirement system, and completes an additional two years of service credit after the termination of the disability benefit, the former disability benefit recipient shall be entitled to full service credit for the period as a disability benefit recipient.

(H) If any employer employs any member who is receiving a disability benefit, the employer shall file notice of employment with the retirement board, designating the date of employment. In case the notice is not filed, the total amount of the benefit paid during the period of employment prior to notice shall be paid from amounts allocated under Chapter 3306. and 3317. of the Revised Code prior to its distribution to the school district in which the disability benefit recipient was so employed.

Sec. 3309.48. Any employee who left the service of an employer after attaining age sixty-five or over and such employer had failed or refused to deduct and transmit to the school employees retirement system the employee contributions as required by section 3309.47 of the Revised Code during any year for which membership was compulsory as determined by the school employees retirement board, shall be granted service credit without cost, which shall be considered as total service credit for the purposes of meeting the qualifications for service retirement provided by the law in effect on and retroactive to the first eligible retirement date following the date such employment terminated, but shall not be paid until formal application for such allowance on a form provided by the retirement board is received in the office of the retirement system. The total service credit granted under this section shall not exceed ten years for any such employee.

The liability incurred by the retirement board because of the service credit granted under this section shall be determined by the retirement board, the cost of which shall be equal to an amount that is determined by
applying the combined employee and employer rates of contribution against
the compensation of such employee at the rates of contribution and
maximum salary provisions in effect during such employment for each year
for which credit is granted, together with interest at the rate to be credited
accumulated contributions at retirement, compounded annually from the
first day of the month payment was due the retirement system to and
including the month of deposit, the total amount of which shall be collected
from the employer. Such amounts shall be certified by the retirement board
to the superintendent of public instruction, who shall deduct the amount due
the system from any funds due the affected school district under Chapters 3306. and 3317. of the Revised Code. The superintendent shall
certify to the director of budget and management the amount due the system
for payment. The total amount paid shall be deposited into the employers'
trust fund, and shall not be considered as accumulated contributions of
the employee in the event of the employee's death or withdrawal of funds.

Sec. 3309.51. (A) Each employer shall pay annually into the employers'
trust fund, in such monthly or less frequent installments as the school
employees retirement board requires, an amount certified by the school
employees retirement board, which shall be as required by Chapter 3309. of
the Revised Code.

Payments by school district boards of education to the employers' trust
fund of the school employees retirement system may be made from the
amounts allocated under Chapters 3306. and 3317. of the Revised Code prior to their distribution to the individual school districts. The amount
due from each school district may be certified by the secretary of the system
to the superintendent of public instruction monthly, or at such times as is
determined by the school employees retirement board.

Payments by governing authorities of community schools to the
employers' trust fund of the school employees retirement system shall be
made from the amounts allocated under section 3314.08 of the Revised
Code prior to their distribution to the individual community schools. The amount
due from each community school shall be certified by the secretary of the system to the superintendent of public instruction monthly, or at such
times as determined by the school employees retirement board.

Payments by a science, technology, engineering, and mathematics school to the employers' trust fund of the school employees retirement system shall be made from the amounts allocated under section 3326.33 of
the Revised Code prior to their distribution to the school. The amount due
from a science, technology, engineering, and mathematics school shall be
certified by the secretary of the school employees retirement system to the
superintendent of public instruction monthly, or at such times as determined by the school employees retirement board.

(B) The superintendent shall deduct from the amount allocated to each community school under section 3314.08 of the Revised Code, to each school district under Chapters 3306. and 3317. of the Revised Code, or to each science, technology, engineering, and mathematics school under section 3326.33 of the Revised Code the entire amounts due to the school employees retirement system from such school or school district upon the certification to the superintendent by the secretary thereof.

(C) Where an employer fails or has failed or refuses to make payments to the employers' trust fund, as provided for under Chapter 3309. of the Revised Code, the secretary of the school employees retirement system may certify to the state superintendent of public instruction, monthly or at such times as is determined by the school employees retirement board, the amount due from such employer, and the superintendent shall deduct from the amount allocated to the employer under section 3314.08 or 3326.33 or Chapter 3306, or 3317. of the Revised Code, as applicable, the entire amounts due to the system from the employer upon the certification to the superintendent by the secretary of the school employees retirement system.

(D) The superintendent shall certify to the director of budget and management the amounts thus due the system for payment.

Sec. 3310.03. (A) A student is an "eligible student" for purposes of the educational choice scholarship pilot program if the student's resident district is not a school district in which the pilot project scholarship program is operating under sections 3313.974 to 3313.979 of the Revised Code and the student satisfies one of the following conditions:

(1) The student is enrolled in a school building that is operated by the student's resident district and to which both of the following apply:

(a) The building was declared, in at least two of the three most recent ratings of school buildings published prior to the first day of July of the school year for which a scholarship is sought, to be in a state of academic emergency or academic watch under section 3302.03 of the Revised Code;

(b) The building was not declared to be excellent or effective under that section in the most recent rating published prior to the first day of July of the school year for which a scholarship is sought.

(2) The student is eligible to enroll in kindergarten in the school year for which a scholarship is sought and otherwise would be assigned under section 3319.01 of the Revised Code to a school building described in division (A)(1) of this section.

(3) The student is enrolled in a community school established under
Chapter 3314. of the Revised Code but otherwise would be assigned under section 3319.01 of the Revised Code to a building described in division (A)(1) of this section.

(4) The student is enrolled in a school building that is operated by the student's resident district or in a community school established under Chapter 3314. of the Revised Code and otherwise would be assigned under section 3319.01 of the Revised Code to a school building described in division (A)(1) of this section in the school year for which the scholarship is sought.

(5) The student is eligible to enroll in kindergarten in the school year for which a scholarship is sought, or is enrolled in a community school established under Chapter 3314. of the Revised Code, and all of the following apply to the student's resident district:

(a) The district has in force an intradistrict open enrollment policy under which no student in kindergarten or the community school student's grade level, respectively, is automatically assigned to a particular school building;

(b) In at least two of the three most recent ratings of school districts published prior to the first day of July of the school year for which a scholarship is sought, the district was declared to be in a state of academic emergency under section 3302.03 of the Revised Code;

(c) The district was not declared to be excellent or effective under that section in the most recent rating published prior to the first day of July of the school year for which a scholarship is sought.

(6) The student is enrolled in a new school building that is operated by the student's resident district and to which all of the following apply:

(a) The new building is open for instruction for its second or third school year.

(b) For the first school year that the new building was open for instruction, at least seventy-five per cent of the enrolled students had transferred directly from two or more school buildings that closed and to each of which all of the following apply:

(i) The closed buildings were operated by the same school district that operates the new building.

(ii) The closed buildings offered at least some of the grade levels that the new building also offers.

(iii) The closed buildings were declared, for at least two of their last three ratings under section 3302.03 of the Revised Code, to be in a state of academic emergency or academic watch.

(iv) The closed buildings were not declared to be excellent or effective in their last rating under section 3302.03 of the Revised Code.
(c) If the new building is conducting its second school year of instruction, the building was declared, based on its first school year of instruction, to be in a state of academic emergency or academic watch under section 3302.03 of the Revised Code.

(d) If the new building is conducting its third school year of instruction, the building was declared, based on either its first or second school year of instruction, to be in a state of academic emergency or academic watch under section 3302.03 of the Revised Code, but was not declared to be excellent or effective under that section based on its second school year of instruction.

(7) The student is eligible to enroll in kindergarten in the school year for which a scholarship is sought and otherwise would be assigned under section 3319.01 of the Revised Code to a school building described in division (A)(6) of this section.

(8) The student is enrolled in a community school established under Chapter 3314. of the Revised Code but otherwise would be assigned under section 3319.01 of the Revised Code to a building described in division (A)(6) of this section.

(B) A student who receives a scholarship under the educational choice scholarship pilot program remains an eligible student and may continue to receive scholarships in subsequent school years until the student completes grade twelve, so long as all of the following apply:

(1) The student's resident district remains the same, or the student transfers to a new resident district and otherwise would be assigned in the new resident district to a school building described in division (A)(1) or (6) of this section;

(2) The student takes each state test assessment prescribed for the student's grade level under section 3301.0710 or 3301.0712 of the Revised Code while enrolled in a chartered nonpublic school;

(3) In each school year that the student is enrolled in a chartered nonpublic school, the student is absent from school for not more than twenty days that the school is open for instruction, not including excused absences.

(C) The department shall cease awarding first-time scholarships pursuant to divisions (A)(1) to (4) of this section with respect to a school building that, in the most recent ratings of school buildings published under section 3302.03 of the Revised Code prior to the first day of July of the school year, ceases to meet the criteria in division (A)(1) of this section. The department shall cease awarding first-time scholarships pursuant to division (A)(5) of this section with respect to a school district that, in the most recent ratings of school districts published under section 3302.03 of the Revised Code prior to the first day of July of the school year, ceases to meet the
criteria in division (A)(5) of this section. However, students who have received scholarships in the prior school year remain eligible students pursuant to division (B) of this section.

(D) The state board of education shall adopt rules defining excused absences for purposes of division (B)(3) of this section.

Sec. 3310.08. (A) The amount paid for an eligible student under the educational choice scholarship pilot program shall be the lesser of the tuition of the chartered nonpublic school in which the student is enrolled or the maximum amount prescribed in section 3310.09 of the Revised Code.

(B)(1) The department shall pay to the parent of each eligible student for whom a scholarship is awarded under the program, or to the student if at least eighteen years of age, periodic partial payments of the scholarship.

(2) The department shall proportionately reduce or terminate the payments for any student who withdraws from a chartered nonpublic school prior to the end of the school year.

(C)(1) The department shall deduct five thousand two hundred dollars from the payments made to each school district under Chapter 3306. and 3317. and, if necessary, sections 321.24 and 323.156 of the Revised Code, for each eligible student awarded a scholarship under the educational choice scholarship pilot program who is entitled under section 3313.64 or 3313.65 of the Revised Code to attend school in the district:

(a) For each scholarship student enrolled in kindergarten, two thousand seven hundred dollars;

(b) For each scholarship student enrolled in grades one to twelve, five thousand two hundred dollars.

The amount deducted under division (C)(1) of this section funds scholarships for students under both the educational choice scholarship pilot program and the pilot project scholarship program under sections 3313.974 to 3313.979 of the Revised Code.

(2) If the department reduces or terminates payments to a parent or a student, as prescribed in division (B)(2) of this section, and the student enrolls in the schools of the student's resident district or in a community school, established under Chapter 3314. of the Revised Code, before the end of the school year, the department shall proportionally restore to the resident district the amount deducted for that student under division (C)(1) of this section.

(D) In the case of any school district from which a deduction is made under division (C) of this section, the department shall disclose on the district's SF-3 form, or any successor to that form used to calculate a
district's state funding for operating expenses, a comparison of the following:

1. The district's state base-cost state share of the adequacy amount payment, as calculated under division (A)(1) of section 3317.022 3306.13 of the Revised Code prior to making the adjustments under divisions (A)(2) and (3) of that section, with the scholarship students included in the district's formula ADM;

2. What the district's state base-cost share of the adequacy amount payment would have been, as calculated under division (A)(1) of that section prior to making the adjustments under divisions (A)(2) and (3) of that section, if the scholarship students were not included in the district's formula ADM.

This comparison shall display both the aggregate difference between the amounts described in divisions (D)(1) and (2) of this section, and the quotient of that aggregate difference divided by the number of eligible students for whom deductions are made under division (C) of this section.

Sec. 3310.09. (A) The maximum amount awarded to an eligible student in fiscal year 2007 under the educational choice scholarship pilot program shall be as follows:

1. For grades kindergarten through eight, four thousand two hundred fifty dollars;

2. For grades nine through twelve, five thousand three hundred dollars.

(B) In fiscal year 2008 and in each fiscal year thereafter, the maximum amount awarded under the program shall be the applicable maximum amount awarded in the previous fiscal year increased by the same percentage by which the general assembly increased the formula amount, as defined in section 3317.02 of the Revised Code, from the previous fiscal year.

Sec. 3310.11. (A) Only for the purpose of administering the educational choice scholarship pilot program, the department of education may request from any of the following entities the data verification code assigned under division (D)(2) of section 3301.0714 of the Revised Code to any student who is seeking a scholarship under the program:

1. The student's resident district;

2. If applicable, the community school in which that student is enrolled;

3. The independent contractor engaged to create and maintain student data verification codes.

(B) Upon a request by the department under division (A) of this section
for the data verification code of a student seeking a scholarship or a request by the student's parent for that code, the school district or community school shall submit that code to the department or parent in the manner specified by the department. If the student has not been assigned a code, because the student will be entering kindergarten during the school year for which the scholarship is sought, the district shall assign a code to that student and submit the code to the department or parent by a date specified by the department. If the district does not assign a code to the student by the specified date, the department shall assign a code to that student.

The department annually shall submit to each school district the name and data verification code of each student residing in the district who is entering kindergarten, who has been awarded a scholarship under the program, and for whom the department has assigned a code under this division.

(C) For the purpose of administering the applicable tests assessments prescribed under sections 3301.0710 and 3301.0712 of the Revised Code, as required by section 3310.14 of the Revised Code, the department shall provide to each chartered nonpublic school that enrolls a scholarship student the data verification code for that student.

(D) The department and each chartered nonpublic school that receives a data verification code under this section shall not release that code to any person except as provided by law.

Any document relative to this program that the department holds in its files that contains both a student's name or other personally identifiable information and the student's data verification code shall not be a public record under section 149.43 of the Revised Code.

Sec. 3310.14. Notwithstanding division (K) of section 3301.0711 of the Revised Code, each chartered nonpublic school that enrolls students awarded scholarships under sections 3310.01 to 3310.17 of the Revised Code annually shall administer the tests assessments prescribed by section 3301.0710 or 3301.0712 of the Revised Code to each scholarship student enrolled in the school in accordance with section 3301.0711 of the Revised Code. Each chartered nonpublic school shall report to the department of education the results of each test assessment administered to each scholarship student under this section.

Nothing in this section requires a chartered nonpublic school to administer any achievement test assessment, except for an Ohio graduation test prescribed by division (B)(1) of section 3301.0710 of the Revised Code, as required by section 3313.612 of the Revised Code, to any student enrolled in the school who is not a scholarship student.
Sec. 3310.15. (A) The department of education annually shall compile the scores attained by scholarship students to whom an assessment is administered under section 3310.14 of the Revised Code. The scores shall be aggregated as follows:

(1) By state, which shall include all students awarded a scholarship under the educational choice scholarship pilot program and who were required to take an assessment under section 3310.14 of the Revised Code;

(2) By school district, which shall include all scholarship students who were required to take an assessment under section 3310.14 of the Revised Code and for whom the district is the student's resident district;

(3) By chartered nonpublic school, which shall include all scholarship students enrolled in that school who were required to take an assessment under section 3310.14 of the Revised Code.

(B) The department shall disaggregate the student performance data described in division (A) of this section according to the following categories:

(1) Age;

(2) Race and ethnicity;

(3) Gender;

(4) Students who have participated in the scholarship program for three or more years;

(5) Students who have participated in the scholarship program for more than one year and less than three years;

(6) Students who have participated in the scholarship program for one year or less;

(7) Economically disadvantaged students.

(C) The department shall post the student performance data required under divisions (A) and (B) of this section on its web site and, by the first day of February each year, shall distribute that data to the parent of each eligible student. In reporting student performance data under this division, the department shall not include any data that is statistically unreliable or that could result in the identification of individual students. For this purpose, the department shall not report performance data for any group that contains less than ten students.

(D) The department shall provide the parent of each scholarship student with information comparing the student's performance on the assessments administered under section 3310.14 of the Revised Code with the average performance of similar students enrolled in the building operated by the student's resident district that the scholarship student would otherwise attend. In calculating the performance of similar students, the department
shall consider age, grade, race and ethnicity, gender, and socioeconomic status.

Sec. 3310.41. (A) As used in this section:

(1) "Alternative public provider" means either of the following providers that agrees to enroll a child in the provider's special education program to implement the child's individualized education program and to which the child's parent owes fees for the services provided to the child:

(a) A school district that is not the school district in which the child is entitled to attend school;

(b) A public entity other than a school district.

(2) "Entitled to attend school" means entitled to attend school in a school district under section 3313.64 or 3313.65 of the Revised Code.

(3) "Formula ADM" and "category six special education ADM" have the same meanings as in section 3317.02 of the Revised Code.

(4) "Preschool child with a disability" and "individualized education program" have the same meanings as in section 3323.01 of the Revised Code.

(7) "Qualified special education child" is a child for whom all of the following conditions apply:

(a) The school district in which the child is entitled to attend school has identified the child as autistic. A child who has been identified as having a "pervasive developmental disorder - not otherwise specified (PPD-NOS)" shall be considered to be an autistic child for purposes of this section.

(b) The school district in which the child is entitled to attend school has developed an individualized education program under Chapter 3323. of the Revised Code for the child.

(c) The child either:

(i) Was enrolled in the school district in which the child is entitled to attend school in any grade from preschool through twelve in the school year prior to the year in which a scholarship under this section is first sought for the child; or

(ii) Is eligible to enter school in any grade preschool through twelve in the school district in which the child is entitled to attend school in the school year in which a scholarship under this section is first sought for the child.
(8) "Registered private provider" means a nonpublic school or other nonpublic entity that has been approved by the department of education to participate in the program established under this section.

(9) "Special education program" means a school or facility that provides special education and related services to children with disabilities.

(B) There is hereby established the autism scholarship program. Under the program, the department of education shall pay a scholarship to the parent of each qualified special education child upon application of that parent pursuant to procedures and deadlines established by rule of the state board of education. Each scholarship shall be used only to pay tuition for the child on whose behalf the scholarship is awarded to attend a special education program that implements the child's individualized education program and that is operated by an alternative public provider or by a registered private provider. Each scholarship shall be in an amount not to exceed the lesser of the tuition charged for the child by the special education program or twenty thousand dollars. The purpose of the scholarship is to permit the parent of a qualified special education child the choice to send the child to a special education program, instead of the one operated by or for the school district in which the child is entitled to attend school, to receive the services prescribed in the child's individualized education program once the individualized education program is finalized. A scholarship under this section shall not be awarded to the parent of a child while the child's individualized education program is being developed by the school district in which the child is entitled to attend school, or while any administrative or judicial mediation or proceedings with respect to the content of the child's individualized education program are pending. A scholarship under this section shall not be used for a child to attend a public special education program that operates under a contract, compact, or other bilateral agreement between the school district in which the child is entitled to attend school and another school district or other public provider, or for a child to attend a community school established under Chapter 3314. of the Revised Code. However, nothing in this section or in any rule adopted by the state board shall prohibit a parent whose child attends a public special education program under a contract, compact, or other bilateral agreement, or a parent whose child attends a community school, from applying for and accepting a scholarship under this section so that the parent may withdraw the child from that program or community school and use the scholarship for the child to attend a special education program for which the parent is required to pay for services for the child. A child attending a special education program with a scholarship under this section shall continue to be entitled to
transportation to and from that program in the manner prescribed by law.

(C)(1) As prescribed in divisions (A)(2)(h), (B)(3)(g), and (B)(10) of section 3317.03 of the Revised Code, a child who is not a preschool child with a disability for whom a scholarship is awarded under this section shall be counted in the formula ADM and the category six special education ADM of the district in which the child is entitled to attend school and not in the formula ADM and the category six special education ADM of any other school district. As prescribed in divisions (B)(3)(h) and (B)(10) of section 3317.03 of the Revised Code, a child who is a preschool child with a disability for whom a scholarship is awarded under this section shall be counted in the preschool scholarship ADM and category six special education ADM of the school district in which the child is entitled to attend school and not in the preschool scholarship ADM or category six special education ADM of any other school district.

(2) In each fiscal year, the department shall deduct from the amounts paid to each school district under Chapter 3306. and 3317. of the Revised Code, and, if necessary, sections 321.24 and 323.156 of the Revised Code, the aggregate amount of scholarships awarded under this section for qualified special education children included in the formula ADM, or preschool scholarship ADM, and in the category six special education ADM of that school district as provided in division (C)(1) of this section. The scholarships deducted shall be considered as an approved special education and related services expense for the purpose of the school district's compliance with division (C)(5) of section 3317.022 of the Revised Code.

(3) From time to time, the department shall make a payment to the parent of each qualified special education child for whom a scholarship has been awarded under this section. The scholarship amount shall be proportionately reduced in the case of any such child who is not enrolled in the special education program for which a scholarship was awarded under this section for the entire school year. The department shall make no payments to the parent of a child while any administrative or judicial mediation or proceedings with respect to the content of the child's individualized education program are pending.

(D) A scholarship shall not be paid to a parent for payment of tuition owed to a nonpublic entity unless that entity is a registered private provider. The department shall approve entities that meet the standards established by
rule of the state board for the program established under this section.

(E) The state board shall adopt rules under Chapter 119. of the Revised Code prescribing procedures necessary to implement this section, including, but not limited to, procedures and deadlines for parents to apply for scholarships, standards for registered private providers, and procedures for approval of entities as registered private providers.

Sec. 3311.059. The procedure prescribed in this section may be used in lieu of a transfer prescribed under section 3311.231 of the Revised Code.

(A) Subject to divisions (B) and (C) of this section, a board of education of a local school district may by a resolution approved by a majority of all its members propose to sever that local school district from the territory of the educational service center in which the local school district is currently included and to instead annex the local school district to the territory of another educational service center, the current territory of which is adjacent to the territory of the educational service center in which the local school district is currently included. The resolution shall promptly be filed with the governing board of each educational service center affected by the resolution and with the superintendent of public instruction.

(B) The resolution adopted under division (A) of this section shall not be effective unless it is approved by the state board of education. In deciding whether to approve the resolution, the state board shall consider the impact financial, staffing, programmatic, and other impacts of the severance and annexation on the school district and the educational service center to which the district is proposed to be annexed, and the service center in which the district is currently located, including the effect on cost of operation and the ability of both service centers to continue to deliver services in a cost-effective and efficient manner. The state board shall not vote on whether to approve the resolution until it has been presented on its agenda, which is not a consent agenda, and heard before the state board at not fewer than two separate meetings of the state board. There shall be at least thirty days between the meeting at which the state board first hears the matter of the resolution and the meeting at which the state board votes on whether to approve the resolution. The state board shall provide for public testimony at each hearing on the matter of the resolution, shall provide written prior notice of each hearing to the governing board of both educational service centers affected by the proposed action, and shall attach to that written notice any documentation about the proposed action provided to the state board by the board of education of the local school district.

The severance of the local school district from one educational service center and its annexation to another educational service center under this
section shall not be effective until one year after the first day of July following the later of the date that the state board of education approves the resolution or the date the board of elections certifies the results of the referendum election as provided in division (C) of this section.

(C) Within sixty days following the date of the adoption of the resolution under division (A) of this section, the electors of the local school district may petition for a referendum vote on the resolution. The question whether to approve or disapprove the resolution shall be submitted to the electors of such school district if a number of qualified electors equal to twenty per cent of the number of electors in the school district who voted for the office of governor at the most recent general election for that office sign a petition asking that the question of whether the resolution shall be disapproved be submitted to the electors. The petition shall be filed with the board of elections of the county in which the school district is located. If the school district is located in more than one county, the petition shall be filed with the board of elections of the county in which the majority of the territory of the school district is located. The board shall certify the validity and sufficiency of the signatures on the petition.

The board of elections shall immediately notify the board of education of the local school district and the governing board of each educational service center affected by the resolution that the petition has been filed.

The effect of the resolution shall be stayed until the board of elections certifies the validity and sufficiency of the signatures on the petition. If the board of elections determines that the petition does not contain a sufficient number of valid signatures and sixty days have passed since the adoption of the resolution, the resolution shall become effective as provided in division (B) of this section.

If the board of elections certifies that the petition contains a sufficient number of valid signatures, the board shall submit the question to the qualified electors of the school district on the day of the next general or primary election held at least seventy-five days after the board of elections certifies the validity and sufficiency of signatures on the petition. The election shall be conducted and canvassed and the results shall be certified in the same manner as in regular elections for the election of members of a board of education.

If a majority of the electors voting on the question disapprove the resolution, the resolution shall not become effective. If a majority of the electors voting on the question approve the resolution, the resolution shall become effective as provided in division (B) of this section.

(D) Upon the effective date of the severance of the local school district
from one educational service center and its annexation to another educational service center as provided in division (B) of this section, the governing board of each educational service center shall take such steps for the election of members of the governing board and for organization of the governing board as prescribed in Chapter 3313. of the Revised Code.

(E) If a school district is severed from one educational service center and annexed to another service center under this section, the board of education of that school district shall not propose a subsequent severance and annexation action under this section that would be effective sooner than five years after the effective date of the next previous severance and annexation action under this section.

Sec. 3311.0510. (A) If all of the local school districts that make up the territory of an educational service center have severed from the territory of that service center pursuant to section 3311.059 of the Revised Code, upon the effective date of the severance of the last remaining local school district to make up the territory of the service center, the governing board of that service center shall be abolished and such service center shall be dissolved by order of the superintendent of public instruction. The superintendent's order shall provide for the equitable division and disposition of the assets, property, debts, and obligations of the service center among the local school districts, of which the territory of the service center is or previously was made up, and the city and exempted village school districts with which the service center had agreements under section 3313.843 of the Revised Code for the service center's last fiscal year of operation. The superintendent's order shall provide that the tax duplicate of each of those school districts shall be bound for and assume the district's equitable share of the outstanding indebtedness of the service center. The superintendent's order is final and is not appealable.

Immediately upon the abolishment of the service center governing board pursuant to this section, the superintendent of public instruction shall appoint a qualified individual to administer the dissolution of the service center and to implement the terms of the superintendent's dissolution order. Prior to distributing assets to any school district under this section, but after paying in full other debts and obligations of the service center, the superintendent of public instruction may assess against the remaining assets of the service center the amount of the costs incurred by the department of education in performing the superintendent's duties under this division, including the fees, if any, owed to the individual appointed to administer the superintendent's dissolution order. Any excess cost incurred by the department under this division shall be divided equitably among the local
school districts, of which the territory of the service center is or previously was made up, and the city and exempted village school districts with which the service center had agreements under section 3313.843 of the Revised Code for the service center's last fiscal year of operation. Each district's share of that excess cost shall be bound against the tax duplicate of that district.

(B) A final audit of the former service center shall be performed in accordance with procedures established by the auditor of state.

(C) The public records of an educational service center that is dissolved under this section shall be transferred in accordance with this division. Public records maintained by the service center in connection with services provided by the service center to local school districts shall be transferred to each of the respective local school districts. Public records maintained by the service center in connection with services provided under an agreement with a city or exempted village school district pursuant to section 3313.843 of the Revised Code shall be transferred to each of the respective city or exempted village school districts. All other public records maintained by the service center at the time the service center ceases operations shall be transferred to the Ohio historical society for analysis and disposition by the society in its capacity as archives administrator for the state and its political subdivisions pursuant to division (C) of section 149.30 and section 149.31 of the Revised Code.

Sec. 3311.06. (A) As used in this section:

(1) "Annexation" and "annexed" mean annexation for municipal purposes under sections 709.02 to 709.37 of the Revised Code.

(2) "Annexed territory" means territory that has been annexed for municipal purposes to a city served by an urban school district, but on September 24, 1986, has not been transferred to the urban school district.

(3) "Urban school district" means a city school district with an average daily membership for the 1985-1986 school year in excess of twenty thousand that is the school district of a city that contains annexed territory.

(4) "Annexation agreement" means an agreement entered into under division (F) of this section that has been approved by the state board of education or an agreement entered into prior to September 24, 1986, that meets the requirements of division (F) of this section and has been filed with the state board.

(B) The territory included within the boundaries of a city, local, exempted village, or joint vocational school district shall be contiguous except where a natural island forms an integral part of the district, where the state board of education authorizes a noncontiguous school district, as
provided in division (E)(1) of this section, or where a local school district is
created pursuant to section 3311.26 of the Revised Code from one or more
local school districts, one of which has entered into an agreement under
section 3313.42 of the Revised Code.

(C)(1) When all of the territory of a school district is annexed to a city
or village, such territory thereby becomes a part of the city school district or
the school district of which the village is a part, and the legal title to school
property in such territory for school purposes shall be vested in the board of
education of the city school district or the school district of which the village
is a part.

(2) When the territory so annexed to a city or village comprises part but
not all of the territory of a school district, the said territory becomes part of
the city school district or the school district of which the village is a part
only upon approval by the state board of education, unless the district in
which the territory is located is a party to an annexation agreement with the
city school district.

Any urban school district that has not entered into an annexation
agreement with any other school district whose territory would be affected
by any transfer under this division and that desires to negotiate the terms of
transfer with any such district shall conduct any negotiations under division
(F) of this section as part of entering into an annexation agreement with such
a district.

Any school district, except an urban school district, desiring state board
approval of a transfer under this division shall make a good faith effort to
negotiate the terms of transfer with any other school district whose territory
would be affected by the transfer. Before the state board may approve any
transfer of territory to a school district, except an urban school district,
under this section, it must receive the following:

(a) A resolution requesting approval of the transfer, passed by at least
one of the school districts whose territory would be affected by the transfer;

(b) Evidence determined to be sufficient by the state board to show that
good faith negotiations have taken place or that the district requesting the
transfer has made a good faith effort to hold such negotiations;

(c) If any negotiations took place, a statement signed by all boards that
participated in the negotiations, listing the terms agreed on and the points on
which no agreement could be reached.

(D) The state board of education shall adopt rules governing
negotiations held by any school district except an urban school district
pursuant to division (C)(2) of this section. The rules shall encourage the
realization of the following goals:
(1) A discussion by the negotiating districts of the present and future educational needs of the pupils in each district;
(2) The educational, financial, and territorial stability of each district affected by the transfer;
(3) The assurance of appropriate educational programs, services, and opportunities for all the pupils in each participating district, and adequate planning for the facilities needed to provide these programs, services, and opportunities.

Districts involved in negotiations under such rules may agree to share revenues from the property included in the territory to be transferred, establish cooperative programs between the participating districts, and establish mechanisms for the settlement of any future boundary disputes.

(E)(1) If territory annexed after September 24, 1986, is part of a school district that is a party to an annexation agreement with the urban school district serving the annexing city, the transfer of such territory shall be governed by the agreement. If the agreement does not specify how the territory is to be dealt with, the boards of education of the district in which the territory is located and the urban school district shall negotiate with regard to the transfer of the territory which shall be transferred to the urban school district unless, not later than ninety days after the effective date of municipal annexation, the boards of education of both districts, by resolution adopted by a majority of the members of each board, agree that the territory will not be transferred and so inform the state board of education.

If territory is transferred under this division the transfer shall take effect on the first day of July occurring not sooner than ninety-one days after the effective date of the municipal annexation. Territory transferred under this division need not be contiguous to the district to which it is transferred.

(2) Territory annexed prior to September 24, 1986, by a city served by an urban school district shall not be subject to transfer under this section if the district in which the territory is located is a party to an annexation agreement or becomes a party to such an agreement not later than ninety days after September 24, 1986. If the district does not become a party to an annexation agreement within the ninety-day period, transfer of territory shall be governed by division (C)(2) of this section. If the district subsequently becomes a party to an agreement, territory annexed prior to September 24, 1986, other than territory annexed under division (C)(2) of this section prior to the effective date of the agreement, shall not be subject to transfer under this section.

(F) An urban school district may enter into a comprehensive agreement
with one or more school districts under which transfers of territory annexed by the city served by the urban school district after September 24, 1986, shall be governed by the agreement. Such agreement must provide for the establishment of a cooperative education program under section 3313.842 of the Revised Code in which all the parties to the agreement are participants and must be approved by resolution of the majority of the members of each of the boards of education of the school districts that are parties to it. An agreement may provide for interdistrict payments based on local revenue growth resulting from development in any territory annexed by the city served by the urban school district.

An agreement entered into under this division may be altered, modified, or terminated only by agreement, by resolution approved by the majority of the members of each board of education, of all school districts that are parties to the agreement, except that with regard to any provision that affects only the urban school district and one of the other districts that is a party, that district and the urban district may modify or alter the agreement by resolution approved by the majority of the members of the board of that district and the urban district. Alterations, modifications, terminations, and extensions of an agreement entered into under this division do not require approval of the state board of education, but shall be filed with the board after approval and execution by the parties.

If an agreement provides for interdistrict payments, each party to the agreement, except any school district specifically exempted by the agreement, shall agree to make an annual payment to the urban school district with respect to any of its territory that is annexed territory in an amount not to exceed the amount certified for that year under former section 3317.029 of the Revised Code as that section existed prior to July 1, 1998; except that such limitation of annual payments to amounts certified under former section 3317.029 of the Revised Code does not apply to agreements or extensions of agreements entered into on or after June 1, 1992, unless such limitation is expressly agreed to by the parties. The agreement may provide that all or any part of the payment shall be waived if the urban school district receives its payment with respect to such annexed territory under former section 3317.029 of the Revised Code and that all or any part of such payment may be waived if the urban school district does not receive its payment with respect to such annexed territory under such section.

With respect to territory that is transferred to the urban school district after September 24, 1986, the agreement may provide for annual payments by the urban school district to the school district whose territory is transferred to the urban school district subsequent to annexation by the city.
served by the urban school district.

(G) In the event territory is transferred from one school district to another under this section, an equitable division of the funds and indebtedness between the districts involved shall be made under the supervision of the state board of education and that board's decision shall be final. Such division shall not include funds payable to or received by a school district under Chapter 3306. or 3317. of the Revised Code or payable to or received by a school district from the United States or any department or agency thereof. In the event such transferred territory includes real property owned by a school district, the state board of education, as part of such division of funds and indebtedness, shall determine the true value in money of such real property and all buildings or other improvements thereon. The board of education of the school district receiving such territory shall forthwith pay to the board of education of the school district losing such territory such true value in money of such real property, buildings, and improvements less such percentage of the true value in money of each school building located on such real property as is represented by the ratio of the total enrollment in day classes of the pupils residing in the territory transferred enrolled at such school building in the school year in which such annexation proceedings were commenced to the total enrollment in day classes of all pupils residing in the school district losing such territory enrolled at such school building in such school year. The school district receiving such payment shall place the proceeds thereof in its sinking fund or bond retirement fund.

(H) The state board of education, before approving such transfer of territory, shall determine that such payment has been made and shall apportion to the acquiring school district such percentage of the indebtedness of the school district losing the territory as is represented by the ratio that the assessed valuation of the territory transferred bears to the total assessed valuation of the entire school district losing the territory as of the effective date of the transfer, provided that in ascertaining the indebtedness of the school district losing the territory the state board of education shall disregard such percentage of the par value of the outstanding and unpaid bonds and notes of said school district issued for construction or improvement of the school building or buildings for which payment was made by the acquiring district as is equal to the percentage by which the true value in money of such building or buildings was reduced in fixing the amount of said payment.

(I) No transfer of school district territory or division of funds and indebtedness incident thereto, pursuant to the annexation of territory to a
city or village shall be completed in any other manner than that prescribed by this section regardless of the date of the commencement of such annexation proceedings, and this section applies to all proceedings for such transfers and divisions of funds and indebtedness pending or commenced on or after October 2, 1959.

Sec. 3311.19. (A) The management and control of a joint vocational school district shall be vested in the joint vocational school district board of education. Where a joint vocational school district is composed only of two or more local school districts located in one county, or when all the participating districts are in one county and the boards of such participating districts so choose, the educational service center governing board of the county in which the joint vocational school district is located shall serve as the joint vocational school district board of education. Where a joint vocational school district is composed of local school districts of more than one county, or of any combination of city, local, or exempted village school districts or educational service centers, unless administration by the educational service center governing board has been chosen by all the participating districts in one county pursuant to this section, the board of education of the joint vocational school district shall be composed of one or more persons who are members of the boards of education from each of the city or exempted village school districts or members of the educational service centers' governing boards affected to be appointed by the boards of education or governing boards of such school districts and educational service centers. In such joint vocational school districts the number and terms of members of the joint vocational school district board of education and the allocation of a given number of members to each of the city and exempted village school districts and educational service centers shall be determined in the plan for such district, provided that each such joint vocational school district board of education shall be composed of an odd number of members.

(B) Notwithstanding division (A) of this section, a governing board of an educational service center that has members of its governing board serving on a joint vocational school district board of education may make a request to the joint vocational district board that the joint vocational school district plan be revised to provide for one or more members of boards of education of local school districts that are within the territory of the educational service district and within the joint vocational school district to serve in the place of or in addition to its educational service center governing board members. If agreement is obtained among a majority of the boards of education and governing boards that have a member serving on
the joint vocational school district board of education and among a majority of the local school district boards of education included in the district and located within the territory of the educational service center whose board requests the substitution or addition, the state board of education may revise the joint vocational school district plan to conform with such agreement.

(C) If the board of education of any school district or educational service center governing board included within a joint vocational district that has had its board or governing board membership revised under division (B) of this section requests the joint vocational school district board to submit to the state board of education a revised plan under which one or more joint vocational board members chosen in accordance with a plan revised under such division would again be chosen in the manner prescribed by division (A) of this section, the joint vocational board shall submit the revised plan to the state board of education, provided the plan is agreed to by a majority of the boards of education represented on the joint vocational board, a majority of the local school district boards included within the joint vocational district, and each educational service center governing board affected by such plan. The state board of education may revise the joint vocational school district plan to conform with the revised plan.

(D) The vocational schools in such joint vocational school district shall be available to all youth of school age within the joint vocational school district subject to the rules adopted by the joint vocational school district board of education in regard to the standards requisite to admission. A joint vocational school district board of education shall have the same powers, duties, and authority for the management and operation of such joint vocational school district as is granted by law, except by this chapter and Chapters 124., 3306., 3317., 3323., and 3331. of the Revised Code, to a board of education of a city school district, and shall be subject to all the provisions of law that apply to a city school district, except such provisions in this chapter and Chapters 124., 3306., 3317., 3323., and 3331. of the Revised Code.

(E) Where a governing board of an educational service center has been designated to serve as the joint vocational school district board of education, the educational service center superintendent shall be the executive officer for the joint vocational school district, and the governing board may provide for additional compensation to be paid to the educational service center superintendent by the joint vocational school district, but the educational service center superintendent shall have no continuing tenure other than that of educational service center superintendent. The superintendent of schools of a joint vocational school district shall exercise the duties and authority
vested by law in a superintendent of schools pertaining to the operation of a school district and the employment and supervision of its personnel. The joint vocational school district board of education shall appoint a treasurer of the joint vocational school district who shall be the fiscal officer for such district and who shall have all the powers, duties, and authority vested by law in a treasurer of a board of education. Where a governing board of an educational service center has been designated to serve as the joint vocational school district board of education, such board may appoint the educational service center superintendent as the treasurer of the joint vocational school district.

(F) Each member of a joint vocational school district board of education may be paid such compensation as the board provides by resolution, but it shall not exceed one hundred twenty-five dollars per member for each meeting attended plus mileage, at the rate per mile provided by resolution of the board, to and from meetings of the board.

The board may provide by resolution for the deduction of amounts payable for benefits under section 3313.202 of the Revised Code.

Each member of a joint vocational school district board may be paid such compensation as the board provides by resolution for attendance at an approved training program, provided that such compensation shall not exceed sixty dollars per day for attendance at a training program three hours or fewer in length and one hundred twenty-five dollars a day for attendance at a training program longer than three hours in length. However, no board member shall be compensated for the same training program under this section and section 3313.12 of the Revised Code.

Sec. 3311.21. (A) In addition to the resolutions authorized by sections 5705.194, 5705.199, 5705.21, 5705.212, and 5705.213 of the Revised Code, the board of education of a joint vocational or cooperative education school district by a vote of two-thirds of its full membership may at any time adopt a resolution declaring the necessity to levy a tax in excess of the ten-mill limitation for a period not to exceed ten years to provide funds for any one or more of the following purposes, which may be stated in the following manner in such resolution, the ballot, and the notice of election: purchasing a site or enlargement thereof and for the erection and equipment of buildings; for the purpose of enlarging, improving, or rebuilding thereof; for the purpose of providing for the current expenses of the joint vocational or cooperative school district; or for a continuing period for the purpose of providing for the current expenses of the joint vocational or cooperative education school district. The resolution shall specify the amount of the proposed rate and, if a renewal, whether the levy is to renew all, or a portion
of, the existing levy, and shall specify the first year in which the levy will be imposed. If the levy provides for but is not limited to current expenses, the resolution shall apportion the annual rate of the levy between current expenses and the other purpose or purposes. Such apportionment may but need not be the same for each year of the levy, but the respective portions of the rate actually levied each year for current expenses and the other purpose or purposes shall be limited by such apportionment. The portion of any such rate actually levied for current expenses of a joint vocational or cooperative education school district shall be used in applying division (A)(1) of section 3306.01 and division (A) of section 3317.01 of the Revised Code. The portion of any such rate not apportioned to the current expenses of a joint vocational or cooperative education school district shall be used in applying division (B) of this section. On the adoption of such resolution, the joint vocational or cooperative education school district board of education shall certify the resolution to the board of elections of the county containing the most populous portion of the district, which board shall receive resolutions for filing and send them to the boards of elections of each county in which territory of the district is located, furnish all ballots for the election as provided in section 3505.071 of the Revised Code, and prepare the election notice; and the board of elections of each county in which the territory of such district is located shall make the other necessary arrangements for the submission of the question to the electors of the joint vocational or cooperative education school district at the next primary or general election occurring not less than seventy-five days after the resolution was received from the joint vocational or cooperative education school district board of education, or at a special election to be held at a time designated by the district board of education consistent with the requirements of section 3501.01 of the Revised Code, which date shall not be earlier than seventy-five days after the adoption and certification of the resolution.

The board of elections of the county or counties in which territory of the joint vocational or cooperative education school district is located shall cause to be published in one or more newspapers of general circulation in that district an advertisement of the proposed tax levy question together with a statement of the amount of the proposed levy once a week for two consecutive weeks, prior to the election at which the question is to appear on the ballot, and, if the board of elections operates and maintains a web site, the board also shall post a similar advertisement on its web site for thirty days prior to that election.

If a majority of the electors voting on the question of levying such tax vote in favor of the levy, the joint vocational or cooperative education
school district board of education shall annually make the levy within the district at the rate specified in the resolution and ballot or at any lesser rate, and the county auditor of each affected county shall annually place the levy on the tax list and duplicate of each school district in the county having territory in the joint vocational or cooperative education school district. The taxes realized from the levy shall be collected at the same time and in the same manner as other taxes on the duplicate, and the taxes, when collected, shall be paid to the treasurer of the joint vocational or cooperative education school district and deposited to a special fund, which shall be established by the joint vocational or cooperative education school district board of education for all revenue derived from any tax levied pursuant to this section and for the proceeds of anticipation notes which shall be deposited in such fund. After the approval of the levy, the joint vocational or cooperative education school district board of education may anticipate a fraction of the proceeds of the levy and from time to time, during the life of the levy, but in any year prior to the time when the tax collection from the levy so anticipated can be made for that year, issue anticipation notes in an amount not exceeding fifty per cent of the estimated proceeds of the levy to be collected in each year up to a period of five years after the date of the issuance of the notes, less an amount equal to the proceeds of the levy obligated for each year by the issuance of anticipation notes, provided that the total amount maturing in any one year shall not exceed fifty per cent of the anticipated proceeds of the levy for that year. Each issue of notes shall be sold as provided in Chapter 133. of the Revised Code, and shall, except for such limitation that the total amount of such notes maturing in any one year shall not exceed fifty per cent of the anticipated proceeds of the levy for that year, mature serially in substantially equal installments, during each year over a period not to exceed five years after their issuance.

(B) Prior to the application of section 319.301 of the Revised Code, the rate of a levy that is limited to, or to the extent that it is apportioned to, purposes other than current expenses shall be reduced in the same proportion in which the district’s total valuation increases during the life of the levy because of additions to such valuation that have resulted from improvements added to the tax list and duplicate.

(C) The form of ballot cast at an election under division (A) of this section shall be as prescribed by section 5705.25 of the Revised Code.

Sec. 3311.29. (A) Except as provided under division (B) or (C) of this section, no school district shall be created and no school district shall exist which does not maintain within such district public schools consisting of grades kindergarten through twelve and any such existing school district not
maintaining such schools shall be dissolved and its territory joined with another school district or districts by order of the state board of education if no agreement is made among the surrounding districts voluntarily, which order shall provide an equitable division of the funds, property, and indebtedness of the dissolved school district among the districts receiving its territory. The state board of education may authorize exceptions to school districts where topography, sparsity of population, and other factors make compliance impracticable.

The superintendent of public instruction is without authority to distribute funds under sections 3317.022 to 3317.025 Chapter 3306, or 3317, of the Revised Code to any school district that does not maintain schools with grades kindergarten through twelve and to which no exception has been granted by the state board of education.

(B) Division (A) of this section does not apply to any joint vocational school district or any cooperative education school district established pursuant to divisions (A) to (C) of section 3311.52 of the Revised Code.

(C)(1)(a) Except as provided in division (C)(3) of this section, division (A) of this section does not apply to any cooperative education school district established pursuant to section 3311.521 of the Revised Code nor to the city, exempted village, or local school districts that have territory within such a cooperative education district.

(b) The cooperative district and each city, exempted village, or local district with territory within the cooperative district shall maintain the grades that the resolution adopted or amended pursuant to section 3311.521 of the Revised Code specifies.

(2) Any cooperative education school district described under division (C)(1) of this section that fails to maintain the grades it is specified to operate shall be dissolved by order of the state board of education unless prior to such an order the cooperative district is dissolved pursuant to section 3311.54 of the Revised Code. Any such order shall provide for the equitable adjustment, division, and disposition of the assets, property, debts, and obligations of the district among each city, local, and exempted village school district whose territory is in the cooperative district and shall provide that the tax duplicate of each city, local, and exempted village school district whose territory is in the cooperative district shall be bound for and assume its share of the outstanding indebtedness of the cooperative district.

(3) If any city, exempted village, or local school district described under division (C)(1) of this section fails to maintain the grades it is specified to operate the cooperative district within which it has territory shall be dissolved in accordance with division (C)(2) of this section and upon that
dissolution any city, exempted village, or local district failing to maintain
grades kindergarten through twelve shall be subject to the provisions for
dissolution in division (A) of this section.

Sec. 3311.52. A cooperative education school district may be
established pursuant to divisions (A) to (C) of this section or pursuant to
section 3311.521 of the Revised Code.

(A) A cooperative education school district may be established upon the
adoption of identical resolutions within a sixty-day period by a majority of
the members of the board of education of each city, local, and exempted
village school district that is within the territory of a county school financing
district.

A copy of each resolution shall be filed with the governing board of
education of the educational service center which created the county school financing district. Upon the filing of the last such resolution, the educational service center governing board shall immediately notify each board of education filing such a resolution of the date on which the last resolution was filed.

Ten days after the date on which the last resolution is filed with the
educational service center governing board or ten days after the last of any
notices required under division (C) of this section is received by the
educational service center governing board, whichever is later, the county
school financing district shall be dissolved and the new cooperative
education school district and the board of education of the cooperative
education school district shall be established.

On the date that any county school financing district is dissolved and a
cooperative education school district is established under this section, each
of the following shall apply:

1) The territory of the dissolved district becomes the territory of the
new district.

2) Any outstanding tax levy in force in the dissolved district shall be
spread over the territory of the new district and shall remain in force in the
new district until the levy expires or is renewed.

3) Any funds of the dissolved district shall be paid over in full to the
new district.

4) Any net indebtedness of the dissolved district shall be assumed in
full by the new district. As used in division (A)(4) of this section, "net
indebtedness” means the difference between the par value of the outstanding
and unpaid bonds and notes of the dissolved district and the amount held in
the sinking fund and other indebtedness retirement funds for their
redemption.
When a county school financing district is dissolved and a cooperative education school district is established under this section, the governing board of the educational service center that created the dissolved district shall give written notice of this fact to the county auditor and the board of elections of each county having any territory in the new district.

(B) The resolutions adopted under division (A) of this section shall include all of the following provisions:

(1) Provision that the governing board of the educational service center which created the county school financing district shall be the board of education of the cooperative education school district, except that provision may be made for the composition, selection, and terms of office of an alternative board of education of the cooperative district, which board shall include at least one member selected from or by the members of the board of education of each city, local, and exempted village school district and at least one member selected from or by the members of the educational service center governing board within the territory of the cooperative district;

(2) Provision that the treasurer and superintendent of the educational service center which created the county school financing district shall be the treasurer and superintendent of the cooperative education school district, except that provision may be made for the selection of a treasurer or superintendent of the cooperative district other than the treasurer or superintendent of the educational service center, which provision shall require one of the following:

(a) The selection of one person as both the treasurer and superintendent of the cooperative district, which provision may require such person to be the treasurer or superintendent of any city, local, or exempted village school district or educational service center within the territory of the cooperative district;

(b) The selection of one person as the treasurer and another person as the superintendent of the cooperative district, which provision may require either one or both such persons to be treasurers or superintendents of any city, local, or exempted village school districts or educational service center within the territory of the cooperative district.

(3) A statement of the educational program the board of education of the cooperative education school district will conduct, including but not necessarily limited to the type of educational program, the grade levels proposed for inclusion in the program, the timetable for commencing operation of the program, and the facilities proposed to be used or constructed to be used by the program;
(4) A statement of the annual amount, or the method for determining that amount, of funds or services or facilities that each city, local, and exempted village school district within the territory of the cooperative district is required to pay to or provide for the use of the board of education of the cooperative education school district;

(5) Provision for adopting amendments to the provisions of divisions (B)(2) to (4) of this section.

(C) If the resolutions adopted under division (A) of this section provide for a board of education of the cooperative education school district that is not the governing board of the educational service center that created the county school financing district, each board of education of each city, local, or exempted village school district and the governing board of the educational service center within the territory of the cooperative district shall, within thirty days after the date on which the last resolution is filed with the educational service center governing board under division (A) of this section, select one or more members of the board of education of the cooperative district as provided in the resolutions filed with the educational service center governing board. Each such board shall immediately notify the educational services service center governing board of each such selection.

(D) Except for the powers and duties in this chapter and Chapters 124., 3306., 3317., 3318., 3323., and 3331. of the Revised Code, a cooperative education school district established pursuant to divisions (A) to (C) of this section or pursuant to section 3311.521 of the Revised Code has all the powers of a city school district and its board of education has all the powers and duties of a board of education of a city school district with respect to the educational program specified in the resolutions adopted under division (A) of this section. All laws applicable to a city school district or the board of education or the members of the board of education of a city school district, except such laws in this chapter and Chapters 124., 3306., 3317., 3318., 3323., and 3331. of the Revised Code, are applicable to a cooperative education school district and its board.

The treasurer and superintendent of a cooperative education school district shall have the same respective duties and powers as a treasurer and superintendent of a city school district, except for any powers and duties in this chapter and Chapters 124., 3306., 3317., 3318., 3323., and 3331. of the Revised Code.

(E) For purposes of this title, any student included in the formula ADM certified for any city, exempted village, or local school district under section 3317.03 of the Revised Code by virtue of being counted, in whole or in part,
in the average daily membership of a cooperative education school district under division (A)(2)(f) of that section shall be construed to be enrolled both in that city, exempted village, or village local school district and in that cooperative education school district. This division shall not be construed to mean that any such individual student may be counted more than once for purposes of determining the average daily membership of any one school district.

Sec. 3311.76. (A) Notwithstanding Chapters 3302., 3306., and 3317. of the Revised Code, upon written request of the district chief executive officer the state superintendent of public instruction may exempt a municipal school district from any rules adopted under Title XXXIII of the Revised Code except for any rule adopted under Chapter 3307. or 3309., sections 3319.07 to 3319.21, or Chapter 3323. of the Revised Code, and may authorize a municipal school district to apply funds allocated to the district under Chapters 3306. and 3317. of the Revised Code, except those specifically allocated to purposes other than current expenses, to the payment of debt charges on the district's public obligations. The request must specify the provisions from which the district is seeking exemption or the application requested and the reasons for the request. The state superintendent shall approve the request if the superintendent finds the requested exemption or application is in the best interest of the district's students. The superintendent shall approve or disapprove the request within thirty days and shall notify the district board and the district chief executive officer of approval or reasons for disapproving the request.

(B) In addition to the rights, authority, and duties conferred upon a municipal school district and its board of education in sections 3311.71 to 3311.76 of the Revised Code, a municipal school district and its board shall have all of the rights, authority, and duties conferred upon a city school district and its board by law that are not inconsistent with sections 3311.71 to 3311.76 of the Revised Code.

Sec. 3313.483. (A) A board of education, upon the adoption of a resolution stating that it may be financially unable to open on the day or to remain open for instruction on all days set forth in its adopted school calendar and pay all obligated expenses, or the superintendent of public instruction upon the issuance of written notification under division (B) of section 3313.489 of the Revised Code, shall request the auditor of state to determine whether such situation exists. The auditor shall deliver a copy of each request from a board of education to the superintendent of public instruction. In the case of a school district not under a fiscal emergency pursuant to Chapter 3316. of the Revised Code the auditor shall not issue a
finding under this section until written notification is received from the superintendent pursuant to section 3313.487 of the Revised Code.

(B) If the auditor of state finds that the board of education has attempted to avail itself to the fullest extent authorized by law of all lawful revenue sources available to it except those authorized by section 5705.21 of the Revised Code, the auditor shall certify that finding to the superintendent of public instruction and the state board of education and shall certify the operating deficit the district will have at the end of the fiscal year if it commences or continues operating its instructional program in accordance with its adopted school calendar and pays all obligated expenses.

(C) No board of education may delay the opening of its schools or close its schools for financial reasons. Upon the request of the superintendent of public instruction, the attorney general shall seek injunctive relief and any other relief required to enforce this prohibition in the court of common pleas of Franklin county. The court of common pleas of Franklin county has exclusive original jurisdiction over all such actions.

(D) Upon the receipt of any certification of an operating deficit from the auditor of state, a board of education shall make application to a commercial bank, underwriter, or other prospective lender or purchaser of its obligations for a loan in an amount sufficient to enable the district to open or remain open for instruction on all days set forth in its adopted school calendar but not to exceed the amount of the deficit certified.

(E)(1) Any board of education that has applied for and been denied a loan from a commercial bank, underwriter, or other prospective lender or purchaser of its obligations pursuant to division (D) of this section shall submit to the superintendent of public instruction a plan for implementing reductions in the school district's budget; apply for a loan from a commercial bank, underwriter, or other prospective lender or purchaser of its obligations in an amount not to exceed its certified deficit; and provide the superintendent such information as the superintendent requires concerning its application for such a loan. The board of education of a school district declared to be under a fiscal watch pursuant to division (A) of section 3316.03 of the Revised Code may, upon approval of the superintendent, utilize the financial plan required by section 3316.04 of the Revised Code, or applicable parts thereof, as the plan required under this division. The board of education of a school district declared to be under a fiscal emergency pursuant to division (B) of section 3316.03 of the Revised Code may utilize the financial recovery plan for the district, or applicable parts thereof, as the plan required under this division. Except for the plan of a school district under a fiscal emergency, the superintendent shall evaluate,
make recommendations concerning, and approve or disapprove each plan. When a plan is submitted, the superintendent shall immediately notify the members of the general assembly whose legislative districts include any or all of the territory of the school district submitting the plan.

(2) The superintendent shall submit to the controlling board a copy of each plan the superintendent approves, or each plan submitted by a district under a fiscal emergency pursuant to division (B) of section 3316.03 of the Revised Code, and the general terms of each proposed loan, and shall make recommendations regarding the plan and whether a proposed loan to the board of education should be approved for payment as provided in division (E)(3) of this section. The controlling board shall approve or disapprove the plan and the proposed loan presented to it by the superintendent. In the case of a district not under a fiscal emergency pursuant to division (B) of section 3316.03 of the Revised Code, the controlling board may require a board of education to implement the superintendent's recommendations for expenditure reductions or impose other requirements. Loan repayments shall be in accordance with a schedule approved by the superintendent, except that the principal amount of the loan shall be payable in monthly, semiannual, or annual installments of principal and interest that are substantially equal principal and interest installments. Except as otherwise provided in division (E)(2) of this section, repayment shall be made no later than the fifteenth day of June of the second fiscal year following the approval of the loan. A school district with a certified deficit in excess of either twenty-five million dollars or fifteen per cent of the general fund expenditures of the district during the fiscal year shall repay the loan no later than the fifteenth day of June of the tenth fiscal year following the approval of the loan. In deciding whether to approve or disapprove a proposed loan, the controlling board shall consider the deficit certified by the auditor of state pursuant to this section. A board of education that has an outstanding loan approved pursuant to this section with a repayment date of more than two fiscal years after the date of approval of such loan may not apply for another loan with such a repayment date until the outstanding loan has been repaid.

(3) If a board of education has submitted and received controlling board approval of a plan and proposed loan in accordance with this section, the superintendent of public instruction shall report to the controlling board the actual amounts loaned to the board of education. Such board of education shall request the superintendent to pay any funds the board of education would otherwise receive pursuant to sections 3317.022 to 3317.025 Chapter 3306 of the Revised Code first directly to the holders of the board of
education's notes, or an agent thereof, such amounts as are specified under the terms of the loan. Such payments shall be made only from and to the extent of money appropriated by the general assembly for purposes of such sections. No note or other obligation of the board of education under the loan constitutes an obligation nor a debt or a pledge of the faith, credit, or taxing power of the state, and the holder or owner of such note or obligation has no right to have taxes levied by the general assembly for the payment of such note or obligation, and such note or obligation shall contain a statement to that effect.

(4) Pursuant to the terms of such a loan, a board of education may issue its notes in anticipation of the collection of its voted levies for current expenses or its receipt of such state funds or both. Such notes shall be issued in accordance with division (E) of section 133.10 of the Revised Code and constitute Chapter 133. securities to the extent such division and the otherwise applicable provisions of Chapter 133. of the Revised Code are not inconsistent with this section, provided that in any event sections 133.24 and 5705.21 and divisions (A), (B), (C), and (E)(2) of section 133.10 of the Revised Code do not apply to such notes.

(5) Notwithstanding section 133.36 or 3313.17, any other section of the Revised Code, or any other provision of law, a board of education that has received a loan under this section may not declare bankruptcy, so long as any portion of such loan remains unpaid.

(F) Under this section and sections 3313.4810 and 3313.4811, "board of education" or "district board" includes the financial planning and supervision commission of a school district under a fiscal emergency pursuant to Chapter 3316. of the Revised Code where such commission chooses to exercise the powers and duties otherwise required of the district board of education under this section and sections 3313.4810 and 3313.4811 of the Revised Code.

Sec. 3313.53. (A) As used in this section:

(1) "Licensed individual" means an individual who holds a valid educator license, certificate, or permit issued by the state board of education under section 3319.22, 3319.26, or 3319.302, or 3319.304 of the Revised Code.

(2) "Nonlicensed individual" means an individual who does not hold a valid educator license, certificate, or permit issued by the state board of education under section 3319.22, 3319.26, or 3319.302, or 3319.304 of the Revised Code.

(B) The board of education of any city, exempted village, or local school district may establish and maintain in connection with the public
school systems:

(1) Manual training, industrial arts, domestic science, and commercial departments;

(2) Agricultural, industrial, vocational, and trades schools.

Such board may pay from the public school funds, as other school expenses are paid, the expenses of establishing and maintaining such departments and schools and of directing, supervising, and coaching the pupil-activity programs in music, language, arts, speech, government, athletics, and any others directly related to the curriculum.

(C) The board of education of any city, exempted village, or local school district may employ a nonlicensed individual to direct, supervise, or coach a pupil-activity program as long as that individual holds a valid pupil-activity program permit issued by the state board of education under division (A) of section 3319.303 of the Revised Code.

(D)(1) Except as provided in division (D)(2) of this section, a nonlicensed individual who holds a valid pupil-activity program permit may be employed under division (C) of this section only after the school district’s board of education adopts a resolution stating that it has offered such position to those employees of the district who are licensed individuals and no such employee qualified to fill the position has accepted it, and has then advertised the position as available to any licensed individual who is qualified to fill it and who is not employed by the board, and no such person has applied for and accepted the position.

(2) A board of education may renew the contract of any nonlicensed individual, currently employed by the board under division (C) of this section for one or more years, without first offering the position held by that individual to employees of the district who are licensed individuals or advertising the position as available to any qualified licensed individuals who are not currently employed by the board as otherwise required under division (D)(1) of this section.

(E) A nonlicensed individual employed under this section is a nonteaching employee and is not an educational assistant as defined in section 3319.088 of the Revised Code. A nonlicensed individual may direct, supervise, or coach a pupil-activity program under this section as long as that pupil-activity program does not include any class or course required or offered for credit toward a pupil's promotion to the next grade or for graduation, or any activity conducted as a part of or required for such a class or course. A nonlicensed individual employed under this section may perform only the duties of the director, supervisor, or coach of the pupil-activity program for which the nonlicensed individual is employed.
(F) The board shall fix the compensation of each nonlicensed individual employed under this section, which shall be the same amount as the position was or would be offered to the district's licensed employees, and execute a written contract with the nonlicensed individual for a term not to exceed one year. The contract shall specify the compensation, duration, and other terms of employment, and the compensation shall not be reduced unless such reduction is a part of a uniform plan affecting the entire district.

If the state board suspends, revokes, or limits the pupil-activity program permit of a nonlicensed individual, the school district board may terminate or suspend the employment contract of that individual. Otherwise, no contract issued under this section shall be terminated or suspended except pursuant to the procedure established by division (C) of section 3319.081 of the Revised Code.

Sec. 3313.532. (A) Any person twenty-two or more years of age and enrolled in an adult high school continuation program established pursuant to section 3313.531 of the Revised Code may request the board of education operating the program to conduct an evaluation in accordance with division (C) of this section.

(B) Any applicant to a board of education for a diploma of adult education under division (B) of section 3313.611 of the Revised Code may request the board to conduct an evaluation in accordance with division (C) of this section.

(C) Upon the request of any person pursuant to division (A) or (B) of this section, the board of education to which the request is made shall evaluate the person to determine whether the person is disabled, in accordance with rules adopted by the state board of education. If the evaluation indicates that the person is disabled, the board shall determine whether to excuse the person from taking any of the tests assessments required by division (B) of section 3301.0710 of the Revised Code as a requirement for receiving a diploma under section 3313.611 of the Revised Code. The board may require the person to take an alternate assessment in place of any test from which the person is so excused.

Sec. 3313.536. (A) The board of education of each city, exempted village, and local school district and the governing authority of each chartered nonpublic school shall adopt a comprehensive school safety plan for each school building under the board's or governing authority's control. The board or governing authority shall examine the environmental conditions and operations of each building to determine potential hazards to student and staff safety and shall propose operating changes to promote the prevention of potentially dangerous problems and circumstances. In
developing the plan for each building, the board or governing authority shall involve community law enforcement and safety officials, parents of students who are assigned to the building, and teachers and nonteaching employees who are assigned to the building. The board or governing authority shall consider incorporating remediation strategies into the plan for any building where documented safety problems have occurred.

The board or governing authority shall incorporate into the plan both of the following:

1. A protocol for addressing serious threats to the safety of school property, students, employees, or administrators;
2. A protocol for responding to any emergency events that do occur and that compromise the safety of school property, students, employees, or administrators.

Each protocol shall include procedures deemed appropriate by the board or governing authority for responding to threats and emergency events, respectively, including such things as notification of appropriate law enforcement personnel, calling upon specified emergency response personnel for assistance, and informing parents of affected students. Prior to the opening day of each school year, the board or governing authority shall inform each student enrolled in the school and the student's parent of the parental notification procedures included in the protocol.

(B) The board or governing authority shall update the safety plan at least once every three years and whenever a major modification to the building requires changes in the procedures outlined in the plan.

(C) The board or governing authority shall file a copy of the current safety plan and building blueprint with each law enforcement agency that has jurisdiction over the school building and, upon request, the fire department that serves the political subdivision in which the school building is located. The board or governing authority also shall file a copy of the current safety plan and a floor plan of the building, but not a building blueprint, with the attorney general, who shall post that information on the Ohio law enforcement gateway or its successor.

Copies of safety plans, building blueprints, and floor plans shall be filed as described in this division not later than the ninety-first day after the effective date of this amendment March 30, 2007. If a board or governing authority revises a safety plan, building blueprint, or floor plan after the initial filing, the board or governing authority shall file copies of the revised safety plan, building blueprint, or floor plan in the manner described in this division not later than the ninety-first day after the revision is adopted.

Copies of the safety plan and building blueprint are not a public record
pursuant to section 149.433 of the Revised Code.

Notwithstanding section 149.433 of the Revised Code, a building floor plan filed with the attorney general pursuant to this division is not a public record to the extent it is a record kept by the attorney general. This paragraph does not affect the status of a floor plan kept as a record by another public office.

The board or governing authority, each law enforcement agency and fire department to which copies of the safety plan and building blueprint are provided, and the attorney general shall keep the copies in a secure place.

(D) The board or governing authority shall grant access to each school building under its control to law enforcement personnel to enable the personnel to hold training sessions for responding to threats and emergency events affecting the building, provided that the access occurs outside of student instructional hours and an employee of the board or governing authority is present in the building during the training sessions.

Sec. 3313.55. The board of education of any school district in which is located a state, district, county, or municipal hospital for children with epilepsy or any public institution, except state institutions for the care and treatment of delinquent, unstable, or socially maladjusted children, shall make provision for the education of all educable children therein; except that in the event another school district within the same county or an adjoining county is the source of sixty per cent or more of the children in said hospital or institution, the board of that school district shall make provision for the education of all the children therein. In any case in which a board provides educational facilities under this section, the board that provides the facilities shall be entitled to all moneys authorized for the attendance of pupils as provided in Chapter 3306. or 3317. of the Revised Code, tuition as provided in section 3317.08 of the Revised Code, and such additional compensation as is provided for crippled children in sections 3323.01 to 3323.12 of the Revised Code. Any board that provides the educational facilities for children in county or municipal institutions established for the care and treatment of children who are delinquent, unstable, or socially maladjusted shall not be entitled to any moneys provided for crippled children in sections 3323.01 to 3323.12 of the Revised Code.

Sec. 3313.60. Notwithstanding division (D) of section 3311.52 of the Revised Code, divisions (A) to (E) of this section do not apply to any cooperative education school district established pursuant to divisions (A) to (C) of section 3311.52 of the Revised Code.

(A) The board of education of each city and exempted village school
district, the governing board of each educational service center, and the board of each cooperative education school district established pursuant to section 3311.521 of the Revised Code shall prescribe a curriculum for all schools under their control. Except as provided in division (E) of this section, in any such curriculum there shall be included the study of the following subjects:

(1) The language arts, including reading, writing, spelling, oral and written English, and literature;

(2) Geography, the history of the United States and of Ohio, and national, state, and local government in the United States, including a balanced presentation of the relevant contributions to society of men and women of African, Mexican, Puerto Rican, and American Indian descent as well as other ethnic and racial groups in Ohio and the United States;

(3) Mathematics;

(4) Natural science, including instruction in the conservation of natural resources;

(5) Health education, which shall include instruction in:
   (a) The nutritive value of foods, including natural and organically produced foods, the relation of nutrition to health, the use and effects of food additives;
   (b) The harmful effects of and legal restrictions against the use of drugs of abuse, alcoholic beverages, and tobacco;
   (c) Venereal disease education, except that upon written request of the student's parent or guardian, a student shall be excused from taking instruction in venereal disease education;
   (d) In grades kindergarten through six, instruction in personal safety and assault prevention, except that upon written request of the student's parent or guardian, a student shall be excused from taking instruction in personal safety and assault prevention.

(6) Physical education;

(7) The fine arts, including music;

(8) First aid, including a training program in cardiopulmonary resuscitation, safety, and fire prevention, except that upon written request of the student's parent or guardian, a student shall be excused from taking instruction in cardiopulmonary resuscitation.

(B) Except as provided in division (E) of this section, every school or school district shall include in the requirements for promotion from the eighth grade to the ninth grade one year's course of study of American history. A board may waive this requirement for academically accelerated students who, in accordance with procedures adopted by the board, are able
to demonstrate mastery of essential concepts and skills of the eighth grade American history course of study.

(C) Except as provided in division (E) of this section, every high school shall include in the requirements for graduation from any curriculum one unit of American history and government, including a study of the constitutions of the United States and of Ohio.

(D) Except as provided in division (E) of this section, basic instruction in geography, United States history, the government of the United States, the government of the state of Ohio, local government in Ohio, the Declaration of Independence, the United States Constitution, and the Constitution of the state of Ohio shall be required before pupils may participate in courses involving the study of social problems, economics, foreign affairs, United Nations, world government, socialism and communism.

(E) For each cooperative education school district established pursuant to section 3311.521 of the Revised Code and each city, exempted village, and local school district that has territory within such a cooperative district, the curriculum adopted pursuant to divisions (A) to (D) of this section shall only include the study of the subjects that apply to the grades operated by each such school district. The curriculums for such schools, when combined, shall provide to each student of these districts all of the subjects required under divisions (A) to (D) of this section.

However, no board of education shall prohibit a classroom teacher from providing in the teacher's classroom reasonable periods of time for the oral recitation of the pledge of allegiance to the flag. The policy adopted under this division, and a teacher who includes recitation of the pledge in the classroom, shall not require any student to participate in the recitation and shall prohibit the intimidation of any student by other students or staff aimed at coercing participation.

No board of education or employee of a city, local, exempted village, or joint vocational school district shall alter the words used in the oral recitation of the pledge of allegiance to the flag from the words set forth in 4 U.S.C. 4.

(B) In the development of its graded course of study, the board of education of each city and exempted village school district and the governing board of each educational service center shall ensure that the principles of democracy and ethics are emphasized and discussed wherever appropriate in all parts of the curriculum for grades kindergarten through twelve.

(C) Each city, local, exempted village, and joint vocational school board shall adopt policies that encourage all certificated and noncertificated employees to be cognizant of their roles in instilling ethical principles and democratic ideals in all district pupils.

The board shall determine the specific activities to constitute the observance in each school in the district after consultation with the school's administrators.

In developing the curriculum required by this paragraph, schools shall use available public-private partnerships and resources and materials that exist in business, industry, and through the centers for economics education at institutions of higher education in the state.
(7) Five units consisting of one or any combination of foreign language, fine arts, business, career-technical education, family and consumer sciences, technology, agricultural education, or English language arts, mathematics, science, or social studies courses not otherwise required under division (C) of this section.
Ohioans must be prepared to apply increased knowledge and skills in the workplace and to adapt their knowledge and skills quickly to meet the rapidly changing conditions of the twenty-first century. National studies indicate that all high school graduates need the same academic foundation, regardless of the opportunities they pursue after graduation. The goal of Ohio's system of elementary and secondary education is to prepare all students for and seamlessly connect all students to success in life beyond high school graduation, regardless of whether the next step is entering the workforce, beginning an apprenticeship, engaging in post-secondary training, serving in the military, or pursuing a college degree.
The Ohio core curriculum is the standard expectation for all students entering ninth grade for the first time at a public or chartered nonpublic high school on or after July 1, 2010. A student may satisfy this expectation through a variety of methods, including, but not limited to, integrated, applied, career-technical, and traditional coursework.
Whereas teacher quality is essential for student success in completing the Ohio core curriculum, the general assembly shall appropriate funds for
strategic initiatives designed to strengthen schools' capacities to hire and retain highly qualified teachers in the subject areas required by the curriculum. Such initiatives are expected to require an investment of $120,000,000 over five years.

Stronger coordination between high schools and institutions of higher education is necessary to prepare students for more challenging academic endeavors and to lessen the need for academic remediation in college, thereby reducing the costs of higher education for Ohio's students, families, and the state. The state board of education, and the chancellor of the Ohio board of regents, shall develop policies to ensure that only in rare instances will students who complete the Ohio core curriculum require academic remediation after high school.

School districts, community schools, and chartered nonpublic schools shall integrate technology into learning experiences whenever practicable across the curriculum in order to maximize efficiency, enhance learning, and prepare students for success in the technology-driven twenty-first century. Districts and schools may use distance and web-based course delivery as a method of providing or augmenting all instruction required under this division, including laboratory experience in science. Districts and schools shall whenever practicable utilize technology access and electronic learning opportunities provided by the eTech Ohio commission, the Ohio learning network, education technology centers, public television stations, and other public and private providers.

(D) Except as provided in division (E) of this section, a student who enters ninth grade on or after July 1, 2010, and before July 1, 2014, may qualify for graduation from a public or chartered nonpublic high school even though the student has not completed the Ohio core curriculum prescribed in division (C) of this section if all of the following conditions are satisfied:

(1) After the student has attended high school for two years, as determined by the school, the student and the student's parent, guardian, or custodian sign and file with the school a written statement asserting the parent's, guardian's, or custodian's consent to the student's graduating without completing the Ohio core curriculum and acknowledging that one consequence of not completing the Ohio core curriculum is ineligibility to enroll in most state universities in Ohio without further coursework.

(2) The student and parent, guardian, or custodian fulfill any procedural requirements the school stipulates to ensure the student's and parent's, guardian's, or custodian's informed consent and to facilitate orderly filing of statements under division (D)(1) of this section.

(3) The student and the student's parent, guardian, or custodian and a
representative of the student's high school jointly develop an individual career plan for the student that specifies the student matriculating to a two-year degree program, acquiring a business and industry credential, or entering an apprenticeship.

(4) The student's high school provides counseling and support for the student related to the plan developed under division (D)(3) of this section during the remainder of the student's high school experience.

(5) The student successfully completes, at a minimum, the curriculum prescribed in division (B) of this section.

The partnership for continued learning department of education, in collaboration with the department of education and the chancellor of the Ohio board of regents, shall analyze student performance data to determine if there are mitigating factors that warrant extending the exception permitted by division (D) of this section to high school classes beyond those entering ninth grade before July 1, 2014. The partnership shall submit its findings and any recommendations not later than August 1, 2014, to the speaker and minority leader of the house of representatives, the president and minority leader of the senate, the chairpersons and ranking minority members of the standing committees of the house of representatives and the senate that consider education legislation, the state board of education, and the superintendent of public instruction.

(E) Each school district and chartered nonpublic school retains the authority to require an even more rigorous minimum curriculum for high school graduation than specified in division (B) or (C) of this section. A school district board of education, through the adoption of a resolution, or the governing authority of a chartered nonpublic school may stipulate any of the following:

1. A minimum high school curriculum that requires more than twenty units of academic credit to graduate;

2. An exception to the district's or school's minimum high school curriculum that is comparable to the exception provided in division (D) of this section but with additional requirements, which may include a requirement that the student successfully complete more than the minimum curriculum prescribed in division (B) of this section;

3. That no exception comparable to that provided in division (D) of this section is available.

(F) A student enrolled in a dropout prevention and recovery program, which program has received a waiver from the department of education, may qualify for graduation from high school by successfully completing a competency-based instructional program administered by the dropout
prevention and recovery program in lieu of completing the Ohio core curriculum prescribed in division (C) of this section. The department shall grant a waiver to a dropout prevention and recovery program, within sixty days after the program applies for the waiver, if the program meets all of the following conditions:

(1) The program serves only students not younger than sixteen years of age and not older than twenty-one years of age.

(2) The program enrolls students who, at the time of their initial enrollment, either, or both, are at least one grade level behind their cohort age groups or experience crises that significantly interfere with their academic progress such that they are prevented from continuing their traditional programs.

(3) The program requires students to attain at least the applicable score designated for each of the tests prescribed under division (B)(1) of section 3301.0710 of the Revised Code or, to the extent prescribed by rule of the state board of education under division (E)(6) of section 3301.0712 of the Revised Code, division (B)(2) of that section.

(4) The program develops an individual career plan for the student that specifies the student's matriculating to a two-year degree program, acquiring a business and industry credential, or entering an apprenticeship.

(5) The program provides counseling and support for the student related to the plan developed under division (F)(4) of this section during the remainder of the student's high school experience.

(6) The program requires the student and the student's parent, guardian, or custodian to sign and file, in accordance with procedural requirements stipulated by the program, a written statement asserting the parent's, guardian's, or custodian's consent to the student's graduating without completing the Ohio core curriculum and acknowledging that one consequence of not completing the Ohio core curriculum is ineligibility to enroll in most state universities in Ohio without further coursework.

(7) Prior to receiving the waiver, the program has submitted to the department an instructional plan that demonstrates how the academic content standards adopted by the state board of education under section 3301.079 of the Revised Code will be taught and assessed.

If the department does not act either to grant the waiver or to reject the program application for the waiver within sixty days as required under this section, the waiver shall be considered to be granted.

(G) Every high school may permit students below the ninth grade to take advanced work for. If a high school so permits, it shall award high school credit for successful completion of the advanced work
and shall count such advanced work toward the graduation requirements of division (B) or (C) of this section if the advanced work was both:

(1) Taught by a person who possesses a license or certificate issued under section 3301.071, 3319.22, or 3319.222 of the Revised Code that is valid for teaching high school;

(2) Designated by the board of education of the city, local, or exempted village school district, the board of the cooperative education school district, or the governing authority of the chartered nonpublic school as meeting the high school curriculum requirements.

Each high school shall record on the student's high school transcript all high school credit awarded under division (G) of this section. In addition, if the student completed a seventh- or eighth-grade fine arts course described in division (K) of this section and the course qualified for high school credit under that division, the high school shall record that course on the student's high school transcript.

(H) The department shall make its individual academic career plan available through its Ohio career information system web site for districts and schools to use as a tool for communicating with and providing guidance to students and families in selecting high school courses.

(I) Units earned in English language arts, mathematics, science, and social studies that are delivered through integrated academic and career-technical instruction are eligible to meet the graduation requirements of division (B) or (C) of this section.

(J) The state board of education, in consultation with the chancellor of the Ohio board of regents and the partnership for continued learning, shall adopt a statewide plan implementing methods for students to earn units of high school credit based on a demonstration of subject area competency, instead of or in combination with completing hours of classroom instruction. The state board shall adopt the plan not later than March 31, 2009, and commence phasing in the plan during the 2009-2010 school year. The plan shall include a standard method for recording demonstrated proficiency on high school transcripts. Each school district, community school, and chartered nonpublic school shall comply with the state board's plan adopted under this division and award units of high school credit in accordance with the plan. The state board may adopt existing methods for earning high school credit based on a demonstration of subject area competency as necessary prior to the 2009-2010 school year.

(K) This division does not apply to students who qualify for graduation from high school under division (D) or (F) of this section, or to students pursuing a career-technical instructional track as determined by the school
district board of education or the chartered nonpublic school's governing authority. Nevertheless, the general assembly encourages such students to consider enrolling in a fine arts course as an elective.

Beginning with students who enter ninth grade for the first time on or after July 1, 2010, each student enrolled in a public or chartered nonpublic high school shall complete two semesters or the equivalent of fine arts to graduate from high school. The coursework may be completed in any of grades seven to twelve. Each student who completes a fine arts course in grade seven or eight may elect to count that course toward the five units of electives required for graduation under division (C)(7) of this section, if the course satisfied the requirements of division (G) of this section. In that case, the high school shall award the student high school credit for the course and count the course toward the five units required under division (C)(7) of this section. If the course in grade seven or eight did not satisfy the requirements of division (G) of this section, the high school shall not award the student high school credit for the course but shall count the course toward the two semesters or the equivalent of fine arts required by this division.

(L) Notwithstanding anything to the contrary in this section, the board of education of each school district and the governing authority of each chartered nonpublic school may adopt a policy to excuse from the high school physical education requirement each student who, during high school, has participated in interscholastic athletics, marching band, or cheerleading for at least two full seasons. If the board or authority adopts such a policy, the board or authority shall not require the student to complete any physical education course as a condition to graduate. However, the student shall be required to complete one-half unit, consisting of at least sixty hours of instruction, in another course of study.

Sec. 3313.605. (A) As used in this section:

(1) "Civic responsibility" means the patriotic and ethical duties of all citizens to take an active role in society and to consider the interests and concerns of other individuals in the community.

(3) "Community service" means a service performed through educational institutions, government agencies, nonprofit organizations, social service agencies, and philanthropies and generally designed to provide direct experience with people or project planning, with the goal of improving the quality of life for the community. Such activities may include but are not limited to tutoring, literacy training, neighborhood improvement,
encouraging interracial and multicultural understanding, promoting ideals of
patriotism, increasing environmental safety, assisting the elderly or disabled,

resolution to that effect. A governing board of an educational service center,
upon the request of a local school district board of education, may provide a
community service education program for the local district pursuant to this
section. Any board implementing If a board, governing authority, or
governing body includes community service education in its education
program, the board, governing authority, or governing body shall do both of
the following:

(1) Establish a community service advisory committee. The committee
shall provide recommendations to the board, governing authority, or
governing body regarding a community service plan for students in all
grades of the schools under control of the board and shall oversee and assist
in the implementation of the plan adopted by the board, governing authority,
or governing body under division (B)(2) of this section. Each board,
governing authority, or governing body shall determine the membership and
organization of its advisory committee and may designate an existing
committee established for another purpose to serve as the community
service advisory committee; however, each such committee shall include
two or more students and shall include or consult with at least one person

(c) Encouragement of students to provide community service;

(d) Integration of community service opportunities into the curriculum;

Plans shall be reviewed periodically by the advisory committee and, if necessary, revised by the board, governing authority, or governing body at least once every five years.

Plans shall emphasize community service opportunities that can most effectively use the skills of students, such as tutoring or literacy programs.

Plans shall provide for students to perform services under the plan that will not supplant the hiring of, result in the displacement of, or impair any existing employment contract of any particular employee of any private or governmental entity for which the services are performed. The plan shall provide for any entity utilizing a student to perform community service under the plan to verify to the board that the student does not supplant the hiring of, displace, or impair the employment contract of any particular employee of the entity.

Upon adoption, a board, governing authority, or governing body shall submit a copy of its plan to the department of education. Each city and exempted village board of education and each governing board of a service center shall include a copy of its plan in any course of study adopted under section 3313.60 of the Revised Code that is required to be submitted for approval to the state board for review. A joint vocational school district board of education shall submit a copy of its plan to the state board for review when required to do so by the state board. A local board shall forward its plan to the educational service center governing board for inclusion in the governing board's course of study.

(E) The state superintendent shall adopt rules for granting a student special certification, special recognition on a diploma, or special notification in the student's record upon the student's successful completion of an approved community service project.

The district board, governing authority, or governing body shall use a rubric developed in accordance with division (D) of this section to determine whether a community service project warrants recognition on a student's diploma under this division.

Sec. 3313.608. (A) Beginning with students who enter third grade in the school year that starts July 1, 2003, for any student who attains a score in the range designated under division (A)(2)(e)(c) of section 3301.0710 of the Revised Code on the test assessment prescribed under that section to measure skill in reading English language arts expected at the end of third grade, each school district, in accordance with the policy adopted under section 3313.609 of the Revised Code, shall do one of the following:

1. Promote the student to fourth grade if the student's principal and reading teacher agree that other evaluations of the student's skill in reading demonstrate that the student is academically prepared to be promoted to fourth grade;

2. Promote the student to fourth grade but provide the student with intensive intervention services in fourth grade;

3. Retain the student in third grade.

(B)(1) To assist students in meeting this third grade guarantee established by this section, each school district shall adopt policies and
procedures with which it shall annually assess the reading skills of each student at the end of first and second grade and identify students who are reading below their grade level. If the diagnostic assessment to measure reading English language arts ability for the appropriate grade level has been developed in accordance with division (D)(1) of section 3301.079 of the Revised Code, each school district shall use such diagnostic assessment to identify such students, except that any district to which division (E) of section 3301.0715 of the Revised Code applies may use another assessment to identify such students. The policies and procedures shall require the students' classroom teachers to be involved in the assessment and the identification of students reading below grade level. The district shall notify the parent or guardian of each student whose reading skills are below grade level and, in accordance with division (C) of this section, provide intervention services to each student reading below grade level. Such intervention services shall include instruction in intensive, systematic phonetics pursuant to rules adopted by the state board of education.

(2) For each student entering third grade after July 1, 2009, who does not attain by the end of the third grade at least a score in the range designated under division (A)(2)(e)(b) of section 3301.0710 of the Revised Code on the test assessment prescribed under that section to measure skill in reading English language arts expected at the end of third grade, the district also shall offer intense remediation services during the summer following third grade.

(C) For each student required to be offered intervention services under this section, the district shall involve the student's parent or guardian and classroom teacher in developing the intervention strategy, and shall offer to the parent or guardian the opportunity to be involved in the intervention services.

(D) Any summer remediation services funded in whole or in part by the state and offered by school districts to students under this section shall meet the following conditions:

(1) The remediation methods are based on reliable educational research.

(2) The school districts conduct testing assessment before and after students participate in the program to facilitate monitoring results of the remediation services.

(3) The parents of participating students are involved in programming decisions.

(4) The services are conducted in a school building or community center and not on an at-home basis.

(E) This section does not create a new cause of action or a substantive
legal right for any person.

Sec. 3313.6013. (A) As used in this section, "dual enrollment program" means a program that enables a student to earn credit toward a degree from an institution of higher education while enrolled in high school or that enables a student to complete coursework while enrolled in high school that may earn credit toward a degree from an institution of higher education upon the student's attainment of a specified score on an examination covering the coursework. Dual enrollment programs may include any of the following:

(1) The post-secondary enrollment options program established under Chapter 3365. of the Revised Code;
(2) Advanced placement courses;
(3) Any similar program established pursuant to an agreement between a school district or chartered nonpublic high school and an institution of higher education.

(B) Each city, local, exempted village, and joint vocational school district and each chartered nonpublic high school shall provide students enrolled in grades nine through twelve with the opportunity to participate in a dual enrollment program. For this purpose, each school district and chartered nonpublic high school shall offer at least one dual enrollment program in accordance with division (B)(1) or (2) of this section, as applicable.

(1) A city, local, or exempted village school district meets the requirements of this division through its mandatory participation in the post-secondary enrollment options program established under Chapter 3365. of the Revised Code. However, a city, local, or exempted village school district may offer any other dual enrollment program, in addition to the post-secondary enrollment options program, and each joint vocational school district shall offer at least one other dual enrollment program, to students in good standing, as defined by the partnership for continued learning under section 3301.42 of the Revised Code as it existed prior to the effective date of this amendment or as subsequently defined by the department of education.

(2) A chartered nonpublic high school that elects to participate in the post-secondary enrollment options program established under Chapter 3365. of the Revised Code meets the requirements of this division. Each chartered nonpublic high school that elects not to participate in the post-secondary enrollment options program instead shall offer at least one other dual enrollment program to students in good standing, as defined by the partnership for continued learning under section 3301.42 of the Revised
Code as it existed prior to the effective date of this amendment or as subsequently defined by the department of education.

(C) Each school district and each chartered nonpublic high school shall provide information about the dual enrollment programs offered by the district or school to all students enrolled in grades eight through eleven.

Sec. 3313.6015. The board of education of each city, exempted village, and local school district shall adopt a resolution describing how the district will address college and career readiness and financial literacy in its curriculum for grade seven or eight and for any other grades in which the board determines that those subjects should be addressed. The board shall submit a copy of the resolution to the department of education.

(2) Subject to section 3313.614 of the Revised Code, the person has met the assessment requirements of division (A)(2)(a) or (b) of this section, as applicable.

(a) If the person entered the ninth grade prior to the date prescribed by rule of the state board of education under division (E)(2) of section 3301.0712 of the Revised Code, the person either:

(i) Has attained at least the applicable scores designated under division (B)(1) of section 3301.0710 of the Revised Code on all the tests assessments required by that division unless the person was excused from taking any such test assessment pursuant to section 3313.532 of the Revised Code or unless division (H) or (L) of this section applies to the person;

(ii) Has satisfied the alternative conditions prescribed in section 3313.615 of the Revised Code.

(b) If the person entered the ninth grade on or after the date prescribed by rule of the state board under division (E)(2) of section 3301.0712 of the Revised Code, the person has attained on the entire assessment system prescribed under division (B)(2) of section 3301.0710 of the Revised Code at least the required passing composite score, designated under division (C)(1) of section 3301.0712 of the Revised Code, except to the extent that
the person is excused from some portion of that assessment system pursuant to section 3313.532 of the Revised Code or division (H) or (L) of this section.

(3) The person is not eligible to receive an honors diploma pursuant to division (B) of this section.

Except as provided in divisions (C), (E), (J), and (L) of this section, no diploma shall be granted under this division to anyone except as provided under this division.

(B) In lieu of a diploma granted under division (A) of this section, an honors diploma shall be granted, in accordance with rules of the state board of education, by any such district board to anyone who accomplishes all of the following:

The diploma granted by the correctional institution shall be signed by the director of the institution, and by the
person serving as principal of the institution's high school and shall bear the date of issue.

(F) Persons who are not residents of Ohio but who are inmates of correctional institutions operated by the state or any political subdivision thereof, and who are eligible under state board of education minimum standards to receive a high school diploma based in whole or in part on credits earned while an inmate of the correctional institution, shall be granted a diploma by the correctional institution offering the program in which the credits were earned. The diploma granted by the correctional institution shall be signed by the director of the institution and by the person serving as principal of the institution's high school and shall bear the date of issue.

(K) As used in this division, "limited English proficient student" has the same meaning as in division (C)(3) of section 3301.0711 of the Revised Code.

(L) Any student described by division (A)(1) of this section may be awarded a diploma without attaining the applicable scores designated on the tests assessments prescribed under division (B) of section 3301.0710 of the Revised Code provided an individualized education program specifically exempts the student from attaining such scores. This division does not negate the requirement for such a student to take all such tests assessments or alternate assessments required by division (C)(1) of section 3301.0711 of the Revised Code for the purpose of assessing student progress as required by federal law.

(C) If a district board determines that an applicant is not eligible for a diploma under division (B) of this section, it shall inform the applicant of the reason the applicant is ineligible and shall provide a list of any courses required for the diploma for which the applicant has not received credit. Each diploma shall bear the date of its issuance, be in such form as the district board prescribes, and be paid for from the district's general fund, except that the state board may by rule prescribe standard language to be included on each diploma.

(E) As used in this division, "limited English proficient student" has the same meaning as in division (C)(3) of section 3301.0711 of the Revised
Code.

Notwithstanding division (C)(3) of section 3301.0711 of the Revised Code, no limited English proficient student who has not either attained the applicable scores designated under division (B)(1) of section 3301.0710 of the Revised Code on all the tests assessments required by that division, or attained the composite score designated for the assessments required by division (B)(2) of that section, shall be awarded a diploma under this section.

(2) If the person entered the ninth grade on or after the date prescribed by rule of the state board under division (E)(2) of section 3301.0712 of the Revised Code, the person has attained on the entire assessment system prescribed under division (B)(2) of section 3301.0710 of the Revised Code at least the required passing composite score, designated under division (C)(1) of section 3301.0712 of the Revised Code.

(B) This section does not apply to either of the following:

(1) Any person with regard to any test assessment from which the person was excused pursuant to division (C)(1)(c) of section 3301.0711 of the Revised Code;

(2) Any person with regard to the social studies test assessment under division (B)(1) of section 3301.0710 of the Revised Code, any social studies end-of-course examination required under division (B)(2) of that section if such an exemption is prescribed by rule of the state board of education under division (E)(4) of section 3301.0712 of the Revised Code, or the citizenship test under former division (B) of section 3301.0710 of the Revised Code as it existed prior to September 11, 2001, if all of the following apply:

(a) The person is not a citizen of the United States;
(b) The person is not a permanent resident of the United States;
(c) The person indicates no intention to reside in the United States after completion of high school.

(C) As used in this division, "limited English proficient student" has the same meaning as in division (C)(3) of section 3301.0711 of the Revised Code.

Notwithstanding division (C)(3) of section 3301.0711 of the Revised Code, no limited English proficient student who has not either attained the applicable scores designated under division (B)(1) of section 3301.0710 of the Revised Code on all the tests assessments required by that division, or attained the composite score designated for the assessments required by division (B)(2) of that section, shall be awarded a diploma under this section.

Sec. 3313.614. (A) As used in this section, a person "fulfills the curriculum requirement for a diploma" at the time one of the following conditions is satisfied:

1. The person successfully completes the high school curriculum of a school district, a community school, a chartered nonpublic school, or a correctional institution.

2. The person successfully completes the individualized education program developed for the person under section 3323.08 of the Revised Code.

3. A board of education issues its determination under section 3313.611 of the Revised Code that the person qualifies as having successfully completed the curriculum required by the district.

(B) This division specifies the testing assessment requirements that must be fulfilled as a condition toward granting high school diplomas under sections 3313.61, 3313.611, 3313.612, and 3325.08 of the Revised Code.

1. A person who fulfills the curriculum requirement for a diploma before September 15, 2000, is not required to pass any proficiency test or achievement test in science as a condition to receiving a diploma.

2. A person who began ninth grade prior to July 1, 2003, is not required to pass the Ohio graduation test prescribed under division (B)(1) of section 3301.0710 or any assessment prescribed under division (B)(2) of that section in any subject as a condition to receiving a diploma once the person has passed the ninth grade proficiency test in the same subject, so long as the person passed the ninth grade proficiency test prior to September 15, 2008. However, any such person who passes the Ohio graduation test in any subject prior to passing the ninth grade proficiency test in the same subject shall be deemed to have passed the ninth grade proficiency test in that subject as a condition to receiving a diploma. For this purpose, the ninth
grade proficiency test in citizenship substitutes for the Ohio graduation test in social studies. If a person began ninth grade prior to July 1, 2003, but does not pass a ninth grade proficiency test or the Ohio graduation test in a particular subject before September 15, 2008, and passage of a test in that subject is a condition for the person to receive a diploma, the person must pass the Ohio graduation test instead of the ninth grade proficiency test in that subject to receive a diploma.

(3) A person who begins ninth grade on or after July 1, 2003, in a school district, community school, or chartered nonpublic school is not eligible to receive a diploma based on passage of ninth grade proficiency tests. Each such person who begins ninth grade prior to the date prescribed by the state board of education under division (E)(5) of section 3301.0712 of the Revised Code must pass Ohio graduation tests to meet the testing assessment requirements applicable to that person as a condition to receiving a diploma.

(4) A person who begins ninth grade on or after the date prescribed by the state board of education under division (E)(5) of section 3301.0712 of the Revised Code is not eligible to receive a diploma based on passage of the Ohio graduation tests. Each such person must attain on the entire assessment system prescribed under division (B)(2) of section 3301.0710 of the Revised Code at least the required passing composite score, designated under division (C)(1) of section 3301.0712 of the Revised Code.

(C) This division specifies the curriculum requirement that shall be completed as a condition toward granting high school diplomas under sections 3313.61, 3313.611, 3313.612, and 3325.08 of the Revised Code.

(1) A person who is under twenty-two years of age when the person fulfills the curriculum requirement for a diploma shall complete the curriculum required by the school district or school issuing the diploma for the first year that the person originally enrolled in high school, except for a person who qualifies for graduation from high school under either division (D) or (F) of section 3313.603 of the Revised Code.

(2) Once a person fulfills the curriculum requirement for a diploma, the person is never required, as a condition of receiving a diploma, to meet any different curriculum requirements that take effect pending the person's passage of proficiency tests or achievement tests or assessments, including changes mandated by section 3313.603 of the Revised Code, the state board, a school district board of education, or a governing authority of a community school or chartered nonpublic school.

Sec. 3313.615. This section shall apply to diplomas awarded after September 15, 2006, to students who are required to take the five Ohio
graduation tests prescribed by division (B)(1) of section 3301.0710 of the Revised Code.

(A) As an alternative to the requirement that a person attain the scores designated under division (B)(1) of section 3301.0710 of the Revised Code on all the tests assessments required under that division in order to be eligible for a high school diploma or an honors diploma under sections 3313.61, 3313.612, or 3325.08 of the Revised Code or for a diploma of adult education under section 3313.611 of the Revised Code, a person who has attained at least the applicable scores designated under division (B)(1) of section 3301.0710 of the Revised Code on all but one of the tests assessments required by that division and from which the person was not excused or exempted, pursuant to division (L) of section 3313.61, division (B)(1) of section 3313.612, or section 3313.532 of the Revised Code, may be awarded a diploma or honors diploma if the person has satisfied all of the following conditions:

1. On the one test assessment required under division (B)(1) of section 3301.0710 of the Revised Code for which the person failed to attain the designated score, the person missed that score by ten points or less;

2. Has a ninety-seven per cent school attendance rate in each of the last four school years, excluding any excused absences;

3. Has not been expelled from school under section 3313.66 of the Revised Code in any of the last four school years;

4. Has a grade point average of at least 2.5 out of 4.0, or its equivalent as designated in rules adopted by the state board of education, in the subject area of the test assessment required under division (B)(1) of section 3301.0710 of the Revised Code for which the person failed to attain the designated score;

5. Has completed the high school curriculum requirements prescribed in section 3313.603 of the Revised Code or has qualified under division (D) or (F) of that section;

6. Has taken advantage of any intervention programs provided by the school district or school in the subject area described in division (A)(4) of this section and has a ninety-seven per cent attendance rate, excluding any excused absences, in any of those programs that are provided at times beyond the normal school day, school week, or school year or has received comparable intervention services from a source other than the school district or school;

7. Holds a letter recommending graduation from each of the person's high school teachers in the subject area described in division (A)(4) of this section and from the person's high school principal.
(B) The state board of education shall establish rules designating grade point averages equivalent to the average specified in division (A)(4) of this section for use by school districts and schools with different grading systems.

(C) Any student who is exempt from attaining the applicable score designated under division (B)(1) of section 3301.0710 of the Revised Code on the Ohio graduation test in social studies pursuant to division (H) of section 3313.61 or division (B)(2) of section 3313.612 of the Revised Code shall not qualify for a high school diploma under this section, unless, notwithstanding the exemption, the student attains the applicable score on that test assessment. If the student attains the applicable score on that test assessment, the student may qualify for a diploma under this section in the same manner as any other student who is required to take the five Ohio graduation tests prescribed by division (B)(1) of section 3301.0710 of the Revised Code.

   (a) The placement for adoption has been terminated.
   (b) Another school district is required to admit the child under division
       (B)(1) of this section.

Division (B) of this section does not prohibit the board of education of a
school district from placing a child with a disability who resides in the
district in a special education program outside of the district or its schools in
compliance with Chapter 3323. of the Revised Code.

In the case of a child to which division (C)(4) of this section applies, the total educational cost to be paid for the child shall be determined by a formula approved by the department of education, which formula shall be
designed to calculate a per diem cost for the educational services provided to the child for each day the child is served and shall reflect the total actual cost incurred in providing those services. The department shall certify the total educational cost to be paid for the child to both the school district providing the educational services and, if different, the school district that is responsible to pay tuition for the child. The department shall deduct the certified amount from the state basic aid funds payable under Chapter 3317 of the Revised Code to the district responsible to pay tuition and shall pay that amount to the district providing the educational services to the child.

(D) Tuition required to be paid under divisions (C)(2) and (3)(a) of this section shall be computed in accordance with section 3317.08 of the Revised Code. Tuition required to be paid under division (C)(3)(b) of this section shall be computed in accordance with section 3317.081 of the Revised Code. If a home fails to pay the tuition required by division (C)(3)(b) of this section, the board of education providing the education may recover in a civil action the tuition and the expenses incurred in prosecuting the action, including court costs and reasonable attorney's fees. If the prosecuting attorney or city director of law represents the board in such action, costs and reasonable attorney's fees awarded by the court, based upon the prosecuting attorney's, director's, or one of their designee's time spent preparing and presenting the case, shall be deposited in the county or city general fund.

(F) In the case of any individual entitled to attend school under this division, no tuition shall be charged by the school district of attendance and no other school district shall be required to pay tuition for the individual's attendance. Notwithstanding division (B), (C), or (E) of this section:

(1) All persons at least eighteen but under twenty-two years of age who live apart from their parents, support themselves by their own labor, and have not successfully completed the high school curriculum or the individualized education program developed for the person by the high school pursuant to section 3323.08 of the Revised Code, are entitled to attend school in the district in which they reside.

require emergency medical attention. The statement shall be supported by
such other evidence as the board may require.

child is living resides stating all of the following:

(a) That the parent is serving outside of the state in the armed services
of the United States;

(b) That the parent intends to reside in the district upon returning to this
state;

(c) The name and address of the person with whom the child is living
while the parent is outside the state.

the parent's death for the remainder of the school year, subject to approval of
that district board.

who is having a new house built in a school district outside the district
where the parent is residing is entitled to attend school for a period of time
in the district where the new house is being built. In order to be entitled to

The district superintendent shall establish a period of time not to exceed ninety days during which the child entitled to attend school under division (F)(6) or (7) of this section may attend without tuition obligation. A student attending a school under division (F)(6) or (7) of this section shall be eligible to participate in interscholastic athletics under the auspices of that school, provided the board of education of the school district where the student's parent resides, by a formal action, releases the student to participate in interscholastic athletics at the school where the student is attending, and provided the student receives any authorization required by a public agency or private organization of which the school district is a member exercising authority over interscholastic sports.

(8) A child whose parent is a full-time employee of a city, local, or exempted village school district, or of an educational service center, may be admitted to the schools of the district where the child's parent is employed, or in the case of a child whose parent is employed by an educational service center, in the district that serves the location where the parent's job is primarily located, provided the district board of education establishes such an admission policy by resolution adopted by a majority of its members. Any such policy shall take effect on the first day of the school year and the effective date of any amendment or repeal may not be prior to the first day of the subsequent school year. The policy shall be uniformly applied to all such children and shall provide for the admission of any such child upon request of the parent. No child may be admitted under this policy after the first day of classes of any school year.

(9) A child who is with the child's parent under the care of a shelter for victims of domestic violence, as defined in section 3113.33 of the Revised Code, is entitled to attend school free in the district in which the child is with the child's parent, and no other school district shall be required to pay tuition for the child's attendance in that school district.

The state board of education shall adopt rules to ensure compliance with this division.

(10) Any child under the age of twenty-two years whose parent has moved out of the school district after the commencement of classes in the child's senior year of high school is entitled, subject to the approval of that district board, to attend school in the district in which the child attended school at the time of the parental move for the remainder of the school year and for one additional semester or equivalent term. A district board may also adopt a policy specifying extenuating circumstances under which a student may continue to attend school under division (F)(10) of this section for an additional period of time in order to successfully complete the high school curriculum for the individualized education program developed for the student by the high school pursuant to section 3323.08 of the Revised Code.

(11) As used in this division, "grandparent" means a parent of a parent of a child. A child under the age of twenty-two years who is in the custody of the child's parent, resides with a grandparent, and does not require special education is entitled to attend the schools of the district in which the child's grandparent resides, provided that, prior to such attendance in any school year, the board of education of the school district in which the child's grandparent resides and the board of education of the school district in which the child's parent resides enter into a written agreement specifying that good cause exists for such attendance, describing the nature of this good cause, and consenting to such attendance.

In lieu of a consent form signed by a parent, a board of education may request the grandparent of a child attending school in the district in which the grandparent resides pursuant to division (F)(11) of this section to complete any consent form required by the district, including any authorization required by sections 3313.712, 3313.713, 3313.716, and 3313.718 of the Revised Code. Upon request, the grandparent shall complete any consent form required by the district. A school district shall not incur any liability solely because of its receipt of a consent form from a grandparent in lieu of a parent.

Division (F)(11) of this section does not create, and shall not be construed as creating, a new cause of action or substantive legal right against a school district, a member of a board of education, or an employee of a school district. This section does not affect, and shall not be construed as affecting, any immunities from defenses to tort liability created or
recognized by Chapter 2744. of the Revised Code for a school district, member, or employee.

(12) A child under the age of twenty-two years is entitled to attend school in a school district other than the district in which the child is entitled to attend school under division (B), (C), or (E) of this section provided that, prior to such attendance in any school year, both of the following occur:

(a) The superintendent of the district in which the child is entitled to attend school under division (B), (C), or (E) of this section contacts the superintendent of another district for purposes of this division;

(b) The superintendents of both districts enter into a written agreement that consents to the attendance and specifies that the purpose of such attendance is to protect the student's physical or mental well-being or to deal with other extenuating circumstances deemed appropriate by the superintendents.

While an agreement is in effect under this division for a student who is not receiving special education under Chapter 3323. of the Revised Code and notwithstanding Chapter 3327. of the Revised Code, the board of education of neither school district involved in the agreement is required to provide transportation for the student to and from the school where the student attends.

A student attending a school of a district pursuant to this division shall be allowed to participate in all student activities, including interscholastic athletics, at the school where the student is attending on the same basis as any student who has always attended the schools of that district while of compulsory school age.

(13) All school districts shall comply with the "McKinney-Vento Homeless Assistance Act," 42 U.S.C.A. 11431 et seq., for the education of homeless children. Each city, local, and exempted village school district shall comply with the requirements of that act governing the provision of a free, appropriate public education, including public preschool, to each homeless child.

When a child loses permanent housing and becomes a homeless person, as defined in 42 U.S.C.A. 11481(5), or when a child who is such a homeless person changes temporary living arrangements, the child's parent or guardian shall have the option of enrolling the child in either of the following:

(a) The child's school of origin, as defined in 42 U.S.C.A. 11432(g)(3)(C);

(b) The school that is operated by the school district in which the shelter where the child currently resides is located and that serves the geographic
area in which the shelter is located.

(14) A child under the age of twenty-two years who resides with a person other than the child's parent is entitled to attend school in the school district in which that person resides if both of the following apply:

(a) That person has been appointed, through a military power of attorney executed under section 574(a) of the "National Defense Authorization Act for Fiscal Year 1994," 107 Stat. 1674 (1993), 10 U.S.C. 1044b, or through a comparable document necessary to complete a family care plan, as the parent's agent for the care, custody, and control of the child while the parent is on active duty as a member of the national guard or a reserve unit of the armed forces of the United States or because the parent is a member of the armed forces of the United States and is on a duty assignment away from the parent's residence.

(b) The military power of attorney or comparable document includes at least the authority to enroll the child in school.

The entitlement to attend school in the district in which the parent's agent under the military power of attorney or comparable document resides applies until the end of the school year in which the military power of attorney or comparable document expires.

(G) A board of education, after approving admission, may waive tuition for students who will temporarily reside in the district and who are either of the following:

(1) Residents or domiciliaries of a foreign nation who request admission as foreign exchange students;

(2) Residents or domiciliaries of the United States but not of Ohio who request admission as participants in an exchange program operated by a student exchange organization.

(H) Pursuant to sections 3311.211, 3313.90, 3319.01, 3323.04, 3327.04, and 3327.06 of the Revised Code, a child may attend school or participate in a special education program in a school district other than in the district where the child is entitled to attend school under division (B) of this section.

(I)(1) Notwithstanding anything to the contrary in this section or section 3313.65 of the Revised Code, a child under twenty-two years of age may attend school in the school district in which the child, at the end of the first full week of October of the school year, was entitled to attend school as otherwise provided under this section or section 3313.65 of the Revised Code, if at that time the child was enrolled in the schools of the district but since that time the child or the child's parent has relocated to a new address located outside of that school district and within the same county as the child's or parent's address immediately prior to the relocation. The child may
continue to attend school in the district, and at the school to which the child was assigned at the end of the first full week of October of the current school year, for the balance of the school year. Division (I)(1) of this section applies only if both of the following conditions are satisfied:

(a) The board of education of the school district in which the child was entitled to attend school at the end of the first full week in October and of the district to which the child or child's parent has relocated each has adopted a policy to enroll children described in division (I)(1) of this section.

(b) The child's parent provides written notification of the relocation outside of the school district to the superintendent of each of the two school districts.

(2) At the beginning of the school year following the school year in which the child or the child's parent relocated outside of the school district as described in division (I)(1) of this section, the child is not entitled to attend school in the school district under that division.

(3) Any person or entity owing tuition to the school district on behalf of the child at the end of the first full week in October, as provided in division (C) of this section, shall continue to owe such tuition to the district for the child's attendance under division (I)(1) of this section for the lesser of the balance of the school year or the balance of the time that the child attends school in the district under division (I)(1) of this section.

(4) A pupil who may attend school in the district under division (I)(1) of this section shall be entitled to transportation services pursuant to an agreement between the district and the district in which the child or child's parent has relocated unless the districts have not entered into such agreement, in which case the child shall be entitled to transportation services in the same manner as a pupil attending school in the district under interdistrict open enrollment as described in division (H) of section 3313.981 of the Revised Code, regardless of whether the district has adopted an open enrollment policy as described in division (B)(1)(b) or (c) of section 3313.98 of the Revised Code.

(J) This division does not apply to a child receiving special education.

A school district required to pay tuition pursuant to division (C)(2) or (3) of this section or section 3313.65 of the Revised Code shall have an amount deducted under division (F) of section 3317.023 of the Revised Code equal to its own tuition rate for the same period of attendance. A school district entitled to receive tuition pursuant to division (C)(2) or (3) of this section or section 3313.65 of the Revised Code shall have an amount credited under division (F) of section 3317.023 of the Revised Code equal to
its own tuition rate for the same period of attendance. If the tuition rate credited to the district of attendance exceeds the rate deducted from the district required to pay tuition, the department of education shall pay the district of attendance the difference from amounts deducted from all districts' payments under division (F) of section 3317.023 of the Revised Code but not credited to other school districts under such division and from appropriations made for such purpose. The treasurer of each school district shall, by the fifteenth day of January and July, furnish the superintendent of public instruction a report of the names of each child who attended the district's schools under divisions (C)(2) and (3) of this section or section 3313.65 of the Revised Code during the preceding six calendar months, the duration of the attendance of those children, the school district responsible for tuition on behalf of the child, and any other information that the superintendent requires.

Upon receipt of the report the superintendent, pursuant to division (F) of section 3317.023 of the Revised Code, shall deduct each district's tuition obligations under divisions (C)(2) and (3) of this section or section 3313.65 of the Revised Code and pay to the district of attendance that amount plus any amount required to be paid by the state.

(K) In the event of a disagreement, the superintendent of public instruction shall determine the school district in which the parent resides.

(L) Nothing in this section requires or authorizes, or shall be construed to require or authorize, the admission to a public school in this state of a pupil who has been permanently excluded from public school attendance by the superintendent of public instruction pursuant to sections 3301.121 and 3313.662 of the Revised Code.

(M) In accordance with division (B)(1) of this section, a child whose parent is a member of the national guard or a reserve unit of the armed forces of the United States and is called to active duty, or a child whose parent is a member of the armed forces of the United States and is ordered to a temporary duty assignment outside of the district, may continue to attend school in the district in which the child's parent lived before being called to active duty or ordered to a temporary duty assignment outside of the district, as long as the child's parent continues to be a resident of that district, and regardless of where the child lives as a result of the parent's active duty status or temporary duty assignment. However, the district is not responsible for providing transportation for the child if the child lives outside of the district as a result of the parent's active duty status or temporary duty assignment.

Sec. 3313.642. (A) Except as provided in division (B) of this section
and notwithstanding the provisions of sections 3313.48 and 3313.64 of the Revised Code, the board of education of a city, exempted village, or local school district shall not be required to furnish, free of charge, to the pupils attending the public schools any materials used in a course of instruction with the exception of the necessary textbooks or electronic textbooks required to be furnished without charge pursuant to section 3329.06 of the Revised Code. The board may, however, make provision by appropriations transferred from the general fund of the district or otherwise for furnishing free of charge any materials used in a course of instruction to such pupils as it determines are in serious financial need of such materials.

(B) No board of education of a school district that receives funds under section 3317.029 of the Revised Code shall charge a fee to a recipient of aid under Chapter 5107. or 5115. of the Revised Code pupil who is eligible for a free lunch under the "National School Lunch Act," 60 Stat. 230 (1946), 42 U.S.C. 1751, as amended, and the "Child Nutrition Act of 1966," 80 Stat. 885, 42 U.S.C. 1771, as amended, for any materials needed to enable the recipient pupil to participate fully in a course of instruction. The prohibition in this division against charging a fee does not apply to any fee charged for any materials needed to enable a recipient pupil to participate fully in extracurricular activities or in any pupil enrichment program that is not a course of instruction.

(C) Boards of education may adopt rules and regulations prescribing a schedule of fees for materials used in a course of instruction and prescribing a schedule of charges which may be imposed upon pupils for the loss, damage, or destruction of school apparatus, equipment, musical instruments, library material, textbooks, or electronic textbooks required to be furnished without charge, and for damage to school buildings, and may enforce the payment of such fees and charges by withholding the grades and credits of the pupils concerned.

Sec. 3313.6410. This section applies to any school that is operated by a school district and in which the enrolled students work primarily on assignments in nonclassroom-based learning opportunities provided via an internet- or other computer-based instructional method.

(A) Any school to which this section applies shall withdraw from the school any student who, for two consecutive school years, has failed to participate in the spring administration of any test assessment prescribed under section 3301.0710 or 3301.0712 of the Revised Code for the student's grade level and was not excused from the test assessment pursuant to division (C)(1) or (3) of section 3301.0711 of the Revised Code, regardless of whether a waiver was granted for the student under division (E) of section
3317.03 of the Revised Code. The school shall report any such student’s data verification code, as assigned pursuant to section 3301.0714 of the Revised Code, to the department of education to be added to the list maintained by the department under section 3314.26 of the Revised Code.

(B) No school to which this section applies shall receive any state funds under Chapter 3306. or 3317. of the Revised Code for any enrolled student whose data verification code appears on the list maintained by the department under section 3314.26 of the Revised Code. Notwithstanding any provision of the Revised Code to the contrary, the parent of any such student shall pay tuition to the school district that operates the school in an amount equal to the state funds the district otherwise would receive for that student, as determined by the department. A school to which this section applies may withdraw any student for whom the parent does not pay tuition as required by this division.

(5) The drug is received by the person authorized to administer the drug to the student for whom the drug is prescribed in the container in which it was dispensed by the prescriber or a licensed pharmacist.

(D) If a drug is administered to a student, the board of education shall acquire and retain copies of the written requests required by division (C)(1) and the statements required by divisions (C)(2) and (3) of this section and shall ensure that by the next school day following the receipt of any such statement a copy is given to the person authorized to administer drugs to the student for whom the statement has been received. The board, or a person designated by the board, shall establish a location in each school building for the storage of drugs to be administered under this section and federal law. All such drugs shall be stored in that location in a locked storage place, except that drugs that require refrigeration may be kept in a refrigerator in a place not commonly used by students.

(F) A board of education may designate a person or persons to perform any function or functions in connection with a drug policy adopted under this section either by name or by position, training, qualifications, or similar distinguishing factors.

Nothing in this section shall be construed to require a person employed by a board of education to administer a drug to a student unless the board's policy adopted in compliance with this section establishes such a requirement. A board shall not require an employee to administer a drug to a student if the employee objects, on the basis of religious convictions, to administering the drug.

A policy adopted by a board of education pursuant to this section may be changed, modified, or revised by action of the board.

Nothing in this section affects the application of section 2305.23, 2305.231, or 3313.712 of the Revised Code to the administration of emergency care or treatment to a student.

Each board shall determine the membership and organization of its council. Notwithstanding division (D) of section 3311.19 and division (D) of section 3311.52 of the Revised Code, this section shall not apply to the board of education of any joint vocational school district or any cooperative education school district created pursuant to divisions (A) to (C) of section 3311.52 of the Revised Code.

3. Provide annual progress reports on the development and implementation of the plan. The board shall submit the plan and annual progress reports to the county family and children first council.
4. Advise and provide recommendations to the board on matters specified by the board.

(B) Each board shall determine the membership and organization of its family and civic engagement team, provided that it shall include parents, community representatives, health and human service representatives, business representatives, and any other representatives identified by the board.

city or exempted village school district may appoint one committee that
functions as both. A committee appointed under this section shall perform
all functions required of a business advisory council under section 3313.82
of the Revised Code and of a family and civic engagement team under
section 3313.821 of the Revised Code. Each board shall determine the
membership and organization of its committee, provided the membership
shall comply with the requirements of division (B) of section 3313.821 of
the Revised Code.

Sec. 3313.83. (A)(1) For the purpose of pooling resources, operating
more cost effectively, minimizing administrative overhead, encouraging the
sharing of resource development, and diminishing duplication, the boards of
education of two or more city, local, or exempted village school districts
each having a majority of its territory in a county with a population greater
than one million two hundred thousand, by adopting identical resolutions,
may enter into an agreement providing for the creation of a regional student
education district for the purpose of funding the following for students
enrolled in those school districts, including students diagnosed as autistic
and students with special needs, and their immediate family members:
(a) Special education services;
(b) Behavioral health services for persons with special needs.
If more than eight boards of education adopt resolutions to form a
regional student education district, the boards may meet at facilities of the
educational service center of the county to discuss membership in the
district.
(2) The territory of a regional student education district at any time shall
be composed of the combined territories of the school districts that are
parties to the agreement at that time. Services funded by a regional student
education district shall be available to all individuals enrolled in a school
district that is a part of the regional student education district and members
of their immediate family.
(3) The agreement may be amended pursuant to terms and procedures
mutually agreed to by the boards of education that are parties to the
agreement.
(B) Each regional student education district shall be governed by a
board of directors. The superintendent of each board of education that is a
party to the agreement shall serve on the board of directors. The agreement
shall provide for the terms of office of directors. Directors shall receive no
compensation, but shall be reimbursed, from the special fund of the regional
student education district, for the reasonable and necessary expenses they
incur in the performance of their duties for the district. The agreement shall provide for the conduct of the board's initial organizational meeting and for the frequency of subsequent meetings and quorum requirements. At its first meeting, the board shall designate from among its members a president and secretary in the manner provided in the agreement.

The board of directors of a regional student education district is a body corporate and politic, is capable of suing and being sued, is capable of contracting within the limits of this section and the agreement governing the district, and is capable of accepting gifts, donations, bequests, or other grants of money for use in paying its expenses. The district is a public office and its directors are public officials within the meaning of section 117.01 of the Revised Code, the board of directors is a public body within the meaning of section 121.22 of the Revised Code, and records of the board and of the district are public records within the meaning of section 149.43 of the Revised Code.

The agreement shall require the board to designate a permanent location for its offices and meeting place, and may provide for the use of such facilities and property for the provision of services by the agencies with which the board contracts under division (C) of this section.

(C)(1) To provide the services identified in division (A)(1) of this section, the board of directors of a regional student education district shall provide for the hiring of employees or shall contract with one or more entities. Except as provided in division (C)(2) of this section, any entity with which the board of directors contracts to provide the services identified in division (A)(1)(b) of this section shall be a qualified nonprofit, nationally accredited agency to which both of the following apply:

(a) The agency is licensed or certified by the departments of mental health, job and family services, and alcohol and drug addiction services.

(b) The agency provides school-based behavioral health services.

(2) The board of directors may contract with an entity that does not meet the conditions stated in division (C)(1) of this section if the services to be provided by the entity are only incidental to the services identified in division (A)(1)(b) of this section.

(3) The board of directors may levy a tax throughout the district as provided in section 5705.2111 of the Revised Code. The board of directors shall provide for the creation of a special fund to hold the proceeds of any tax levied under section 5705.2111 of the Revised Code and any gifts, donations, bequests, or other grants of money coming into the possession of the district. A regional student education district is a subdivision, and the board of directors is a governing body, within the meaning of section 135.01
of the Revised Code. The board of directors may not issue securities or otherwise incur indebtedness.

(4) The adoption or rejection by electors of a tax levy to fund a regional student education district pursuant to section 5705.2111 of the Revised Code does not alter the duty of each school district member of the regional student education district to provide special education and related services as required under Chapter 3323 of the Revised Code. On the expiration of a regional student education district levy, the state, member school districts of the regional student education district, and any other governmental entity shall not be obligated to provide replacement funding for the revenues under the expired levy. The tax levy, in whole or in part, shall not be considered a levy for current operating expenses pursuant to division (A) of section 3317.01 of the Revised Code for any of the school districts that are members of the regional student education district.

(D)(1) The agreement shall provide for the manner of appointing an individual or entity to perform the duties of fiscal officer of the regional student education district. The agreement shall specify the length of time the individual or entity shall perform those duties and whether the individual or entity may be reappointed upon the completion of a term. The fiscal officer may receive compensation for performing the duties of the position and be reimbursed for reasonable expenses of performing those duties from the regional student education district's special fund.

(2) The legal advisor of the board of directors of a regional student education district shall be the prosecuting attorney of the most populous county containing a school district that is a member of the regional student education district. The prosecuting attorney shall prosecute all actions against a member of the board of directors for malfeasance or misfeasance in office and shall be the legal counsel for the board and its members in all other actions brought by or against them and shall conduct those actions in the prosecuting attorney's official capacity. No compensation in addition to the prosecuting attorney's regular salary shall be allowed.

(E) The board of directors of a regional student education district shall procure a policy or policies of insurance insuring the board, the fiscal officer, and the legal representative against liability on account of damage or injury to persons and property. Before procuring such insurance the board shall adopt a resolution setting forth the amount of insurance to be purchased, the necessity of the insurance, and a statement of its estimated premium cost. Insurance procured pursuant to this section shall be from one or more recognized insurance companies authorized to do business in this state. The cost of the insurance shall be paid from the district's special fund.
A regional student education district is a political subdivision within the meaning of section 2744.01 of the Revised Code.

(F)(1) The board of education of a school district having a majority of its territory in the county may join an existing regional student education district by adopting a resolution requesting to join as a party to the agreement and upon approval by the boards of education that currently are parties to the agreement. If a tax is levied in the regional student education district under section 5705.2111 of the Revised Code, a board of education may join the district only after a majority of qualified electors in the school district voting on the question vote in favor of levying the tax throughout the school district. A board of education joining an existing district shall have the same powers, rights, and obligations under the agreement as other boards of education that are parties to the agreement.

(2) A board of education that is a party to an agreement under this section may withdraw the school district from a regional student education district by adopting a resolution. The withdrawal shall take effect on the date provided in the resolution. If a tax is levied in the regional student education district under section 5705.2111 of the Revised Code, the resolution shall take effect not later than the first day of January following adoption of the resolution. Beginning with the first day of January following adoption of the resolution, any tax levied under section 5705.2111 of the Revised Code shall not be levied within the territory of the withdrawing school district. Any collection of tax levied in the territory of the withdrawing school district under that section that has not been settled and distributed when the resolution takes effect shall be credited to the district's special fund.

(G) An agreement entered into under this section shall provide for the manner of the regional student education district's dissolution. The district shall cease to exist when not more than one school district remains in the district, and the levy of any tax under section 5705.2111 of the Revised Code shall not be extended on the tax lists in any tax year beginning after the dissolution of the district. The agreement shall provide that, upon dissolution of the district, any unexpended balance in the district's special fund shall be divided among the school districts that are parties to the agreement immediately before dissolution in proportion to the taxable valuation of taxable property in the districts, and credited to their respective general funds.

Sec. 3313.843. (A) Notwithstanding division (D) of section 3311.52 of the Revised Code, this section does not apply to either of the following:

(2) Any city or exempted village school district with a total student
count of thirteen thousand or more determined pursuant to section 3317.03 of the Revised Code that has not entered into one or more agreements pursuant to this section prior to July 1, 1993, unless the district's total student count did not exceed thirteen thousand at the time it entered into an initial agreement under this section.

(B) The board of education of a city or exempted village school district and the governing board of an educational service center may enter into an agreement, through adoption of identical resolutions, under which the educational service center governing board will provide services to the city or exempted village school district.

Services provided under the agreement shall be specified in the agreement, and may include any one or a combination of the following: supervisory teachers; in-service and continuing education programs for city or exempted village school district personnel; curriculum services as provided to the local school districts under the supervision of the service center governing board; research and development programs; academic instruction for which the governing board employs teachers pursuant to section 3319.02 of the Revised Code; and assistance in the provision of special accommodations and classes for students with disabilities. Services included in the agreement shall be provided to the city or exempted village district in the same manner they are provided to local school districts under the governing board's supervision, unless otherwise specified in the agreement. The city or exempted village board of education shall reimburse the educational service center governing board pursuant to section 3317.11 of the Revised Code.

(C) If an educational service center received funding under division (B) of former section 3317.11 or division (F) of section 3317.11 of the Revised Code for an agreement under this section involving a city school district whose total student count was less than thirteen thousand, the service center may continue to receive funding under that division for such an agreement in any subsequent year if the city district's total student count exceeds thirteen thousand. However, only the first thirteen thousand pupils in the formula ADM of such district shall be included in determining the amount of the per pupil subsidy the service center shall receive under division (F) of section 3317.11 of the Revised Code.

(D) Any educational service center that has received funding under division (F) of section 3317.11 of the Revised Code, or under division (B) of former section 3317.11 of the Revised Code as it existed prior to September 26, 2003, for services provided to a city or exempted village school district pursuant to an agreement entered into under this section is dissolved or is

In that case, the other service center shall receive funding under division (F) of section 3317.11 of the Revised Code for services to that district for any subsequent year that the new agreement is in force. An agreement entered into under this division shall be effective on the first day of July following the date both the service center governing board and the city or exempted village school district board approved the agreement, unless the agreement is so approved after the initial service center is dissolved, in which case the agreement shall be effective on the date that both boards have approved the agreement.

(E) Except for an agreement under division (D) of this section that is approved by the boards of the district and the new service center after the initial service center is dissolved, any agreement entered into pursuant to this section shall be valid only if a copy is filed with the department of education by the first day of the school year for which the agreement is in effect. An agreement under division (D) of this section that is approved by the boards of the district and the new service center after the initial service center is dissolved shall be valid only if a copy is filed with the department within ten days after both boards have approved the agreement.

Sec. 3313.86. The board of education of each city, exempted village, local, and joint vocational school district and the governing authority of each chartered nonpublic school periodically shall review its policies and procedures to ensure the safety of students, employees, and other persons using a school building from any known hazards in the building or on building grounds that, in the judgment of the board or governing authority, pose an immediate risk to health or safety. The board or governing authority shall further ensure that its policies and procedures comply with all federal laws and regulations regarding health and safety applicable to school buildings.

If the state board adopts such rules, no school board shall adopt a policy that conflicts with those rules.

(H) A resolution adopted by a board of education under this section that entirely prohibits the enrollment of students from adjacent and from other school districts does not abrogate any agreement entered into under section 3313.841 or 3313.92 of the Revised Code or any contract entered into under section 3313.90 of the Revised Code between the board of education adopting the resolution and the board of education of any adjacent or other district or prohibit these boards of education from entering into any such agreement or contract.

Sec. 3314.012. (A) Within ninety days of September 28, 1999, the superintendent of public instruction shall appoint representatives of the department of education, including employees who work with the education management information system and employees of the office of community schools established by section 3314.11 of the Revised Code, to a committee to develop report card models for community schools. The director of the legislative office of education oversight shall also appoint representatives to the committee. The committee shall design model report cards appropriate for the various types of community schools approved to operate in the state. Sufficient models shall be developed to reflect the variety of grade levels served and the missions of the state's community schools. All models shall include both financial and academic data. The initial models shall be developed by March 31, 2000.

(B) The department of education shall issue an annual report card for each community school, regardless of how long the school has been in operation. The report card shall report the academic and financial performance of the school utilizing one of the models developed under division (A) of this section. The report card shall include all information applicable to school buildings under division (A) of section 3302.03 of the Revised Code and section 3302.032 of the Revised Code. The ratings a community school receives under section 3302.03 of the Revised Code for its first two full school years shall not be considered toward automatic closure of the school under section 3314.35 of the Revised Code or any other matter that is based on report card ratings.

(C) Upon receipt of a copy of a contract between a sponsor and a community school entered into under this chapter, the department of education shall notify the community school of the specific model report card that will be used for that school.

(D) Report cards shall be distributed to the parents of all students in the community school, to the members of the board of education of the school district in which the community school is located, and to any person who requests one from the department.

(E) No report card shall be issued for any community school under this section until the school has been open for instruction for two full school years.

Sec. 3314.015. (A) The department of education shall be responsible for
the oversight of any and all sponsors of the community schools established under this chapter and shall provide technical assistance to schools and sponsors in their compliance with applicable laws and the terms of the contracts entered into under section 3314.03 of the Revised Code and in the development and start-up activities of those schools. (5) From time to time, make legislative recommendations to the general assembly designed to enhance the operation and performance of community schools.

(B)(1) No entity listed in division (C)(1) of section 3314.02 of the Revised Code shall enter into a preliminary agreement under division (C)(2) of section 3314.02 of the Revised Code until it has received approval from the department of education to sponsor community schools under this chapter and has entered into a written agreement with the department regarding the manner in which the entity will conduct such sponsorship. The department shall adopt in accordance with Chapter 119. of the Revised Code rules containing criteria, procedures, and deadlines for processing applications for such approval, for oversight of sponsors, for revocation of the approval of sponsors, and for entering into written agreements with sponsors. The rules shall require an entity to submit evidence of the entity's ability and willingness to comply with the provisions of division (D) of section 3314.03 of the Revised Code. The rules also shall require entities approved as sponsors on and after June 30, 2005, to demonstrate a record of financial responsibility and successful implementation of educational programs. If an entity seeking approval on or after June 30, 2005, to sponsor community schools in this state sponsors or operates schools in another
state, at least one of the schools sponsored or operated by the entity must be comparable to or better than the performance of Ohio schools in need of continuous improvement under section 3302.03 of the Revised Code, as determined by the department.

(c) Until June 30, 2006, an entity that sponsored more than seventy-five schools that were open for operation as of May 1, 2005, may sponsor not more than the number of schools the entity sponsored that were open for operation as of May 1, 2005. After June 30, 2006, such an entity may sponsor not more than seventy-five schools.

Upon approval of an entity to be a sponsor under this division, the department shall notify the entity of the number of schools the entity may sponsor.

The limit imposed on an entity to which division (B)(1) of this section applies shall be decreased by one for each school sponsored by the entity that permanently closes.

If at any time an entity exceeds the number of schools it may sponsor under this division, the department shall assist the schools in excess of the entity's limit in securing new sponsors. If a school is unable to secure a new sponsor, the department shall assume sponsorship of the school in accordance with division (C) of this section. Those schools for which another sponsor or the department assumes sponsorship shall be the schools that most recently entered into contracts with the entity under section 3314.03 of the Revised Code.

(2) The department of education shall determine, pursuant to criteria adopted by rule of the department, whether the mission proposed to be specified in the contract of a community school to be sponsored by a state university board of trustees or the board's designee under division (C)(1)(e) of section 3314.02 of the Revised Code complies with the requirements of that division. Such determination of the department is final.

(3) The department of education shall determine, pursuant to criteria adopted by rule of the department, if any tax-exempt entity under section
501(c)(3) of the Internal Revenue Code that is proposed to be a sponsor of a community school is an education-oriented entity for purpose of satisfying the condition prescribed in division (C)(1)(f)(iii) of section 3314.02 of the Revised Code. Such determination of the department is final.

(C) If at any time the state board of education finds that a sponsor is not in compliance or is no longer willing to comply with its contract with any community school or with the department's rules for sponsorship, the state board or designee shall conduct a hearing in accordance with Chapter 119. of the Revised Code on that matter. If after the hearing, the state board or designee has confirmed the original finding, the department of education may revoke the sponsor's approval to sponsor community schools and may assume the sponsorship of any schools with which the sponsor has contracted until the earlier of the expiration of two school years or until a new sponsor is described in division (C)(1) of section 3314.02 of the Revised Code is secured by the school's governing authority. The department may extend the term of the contract in the case of a school for which it has assumed sponsorship under this division as necessary to accommodate the term of the department's authorization to sponsor the school specified in this division.

(D) The decision of the department to disapprove an entity for sponsorship of a community school or to revoke approval for such sponsorship, as provided in under division (C) of this section, may be appealed by the entity in accordance with section 119.12 of the Revised Code.

(E) The department shall adopt procedures for use by a community school governing authority and sponsor when the school permanently closes and ceases operation, which shall include at least procedures for data reporting to the department, handling of student records, distribution of assets in accordance with section 3314.074 of the Revised Code, and other matters related to ceasing operation of the school.

(F) In carrying out its duties under this chapter, the department shall not impose requirements on community schools or their sponsors that are not permitted by law or duly adopted rules.

Sec. 3314.016. (A) After June 30, 2007, a new start-up school may be established under this chapter only if the school's governing authority enters into a contract with an operator that manages other schools in the United States that perform at a level higher than academic watch. The governing authority of the community school may sign a contract with an operator only if the operator has fewer contracts with the governing authorities of new start-up schools established under this chapter after June 30, 2007, than the
number of schools managed by the operator in the United States that perform at a level higher than academic watch, as determined by the department of education. However, the governing authority shall not contract with an operator that currently manages any community schools in Ohio for which the department issues annual report cards under section 3314.012 of the Revised Code, unless the latest report card issued for at least one of those schools designates a performance rating under section 3302.03 of the Revised Code of in need of continuous improvement or higher.

(B) Notwithstanding division (A) of this section, the governing authority of a start-up school sponsored by an entity described in divisions (C)(1)(b) to (f) of section 3314.02 of the Revised Code may establish one additional school serving the same grade levels and providing the same educational program as the current start-up school and may open that additional school in the 2007-2008 school year, if both of the following conditions are met:

(1) The governing authority entered into another contract with the same sponsor or a different sponsor described in divisions (C)(1)(b) to (f) of section 3314.02 of the Revised Code and filed a copy of that contract with the superintendent of public instruction prior to March 15, 2006.

(c) The school has been in operation for at least four school years.

(d) The school is not managed by an operator.

(C) Notwithstanding division (A) of this section, the governing authority of a start-up school sponsored by the big eight school district in which the school is located may establish one additional start-up school that is located in the same school district and that provides a general educational program to students in any or all of grades kindergarten through five to facilitate their transition to the current start-up school, and may open the additional start-up school in the 2009-2010 school year, if both of the following conditions are met:

(1) The governing authority enters into another contract with the same sponsor and files a copy of the contract with the superintendent of public instruction prior to March 15, 2009.

(2) The governing authority's current school satisfies all of the following conditions:
conditions:
(a) The school provided instruction to students for eleven months in the previous school year.
(b) The school has been in operation for at least two school years.
(c) The school qualified to be rated in need of continuous improvement or higher pursuant to section 3302.03 of the Revised Code for its first school year of operation, even though the department of education did not issue a report card for the school for that school year.

Upon submission of documentation for a student of the type and in the manner prescribed, the department shall pay to the community school an amount equal to the school's costs for the student in excess of the threshold catastrophic costs.

(2) The community school shall only report under division (E)(1) of this section, and the department shall only pay for, the costs of educational expenses and the related services provided to the student in accordance with the student's individualized education program. Any legal fees, court costs, or other costs associated with any cause of action relating to the student may not be included in the amount.

Upon request of its governing authority, a community school that received unit funding as a school district-operated school before it became a community school shall retain any units awarded to it as a school district-operated school provided the school continues to meet eligibility standards for the unit.

A community school shall be considered a school district and its governing authority shall be considered a board of education for the purpose of applying to any state or federal agency for grants that a school district may receive under federal or state law or any appropriations act of the general assembly. For each student on the list, the community school shall indicate the student's name, address, and date of birth and the school district where the student is entitled to attend school. Upon receipt of a list under this division, the department of job and family services shall determine, for each school
district where one or more students on the list is entitled to attend school, the number of students residing in that school district who were included in the department's report under section 3317.10 of the Revised Code. The department shall make this determination on the basis of information readily available to it. Upon making this determination and no later than ninety days after submission of the list by the community school, the department shall report to the state department of education the number of students on the list who reside in each school district who were included in the department's report under section 3317.10 of the Revised Code. In complying with this division, the department of job and family services shall not report to the state department of education any personally identifiable information on any student.

(L) The department of education shall adjust the amounts subtracted and paid under divisions (C) and (D) of this section to reflect any enrollment of students in community schools for less than the equivalent of a full school year. The state board of education within ninety days after April 8, 2003, shall adopt in accordance with Chapter 119. of the Revised Code rules governing the payments to community schools under this section and section 3314.13 of the Revised Code including initial payments in a school year and adjustments and reductions made in subsequent periodic payments to community schools and corresponding deductions from school district accounts as provided under divisions (C) and (D) of this section and section 3314.13 of the Revised Code. For purposes of this section and section 3314.13 of the Revised Code:

(1) A student shall be considered enrolled in the community school for any portion of the school year the student is participating at a college under Chapter 3365. of the Revised Code.

(2) A student shall be considered to be enrolled in a community school during a school year for the period of time beginning on the later of the date on which the school both has received documentation of the student's enrollment from a parent and the student has commenced participation in learning opportunities as defined in the contract with the sponsor, or thirty days prior to the date on which the student is entered into the education management information system established under section 3301.0714 of the Revised Code. For purposes of applying this division and divisions (L)(3) and (4) of this section to a community school student, "learning opportunities" shall be defined in the contract, which shall describe both classroom-based and non-classroom-based learning opportunities and shall be in compliance with criteria and documentation requirements for student participation which shall be established by the department. Any student's
instruction time in non-classroom-based learning opportunities shall be
certified by an employee of the community school. A student's enrollment
shall be considered to cease on the date on which any of the following
occur:
(a) The community school receives documentation from a parent
terminating enrollment of the student.
(b) The community school is provided documentation of a student's
enrollment in another public or private school.
(c) The community school ceases to offer learning opportunities to the
student pursuant to the terms of the contract with the sponsor or the
operation of any provision of this chapter.
(3) The department shall determine each community school student's
percentage of full-time equivalency based on the percentage of learning
opportunities offered by the community school to that student, reported
either as number of hours or number of days, is of the total learning
opportunities offered by the community school to a student who attends for
the school's entire school year. However, no internet- or computer-based
community school shall be credited for any time a student spends
participating in learning opportunities beyond ten hours within any period of
twenty-four consecutive hours. Whether it reports hours or days of learning
opportunities, each community school shall offer not less than nine hundred
twenty hours of learning opportunities during the school year.
(4) With respect to the calculation of full-time equivalency under
division (L)(3) of this section, the department shall waive the number of
hours or days of learning opportunities not offered to a student because the
community school was closed during the school year due to disease
epidemic, hazardous weather conditions, inoperability of school buses or
other equipment necessary to the school's operation, damage to a school
building, or other temporary circumstances due to utility failure rendering
the school building unfit for school use, so long as the school was actually
open for instruction with students in attendance during that school year for
not less than the minimum number of hours required by this chapter. The
department shall treat the school as if it were open for instruction with
students in attendance during the hours or days waived under this division.
(M) The department of education shall reduce the amounts paid under
division (D) of this section to reflect payments made to colleges under
division (B) of section 3365.07 of the Revised Code or through alternative
funding agreements entered into under rules adopted under section 3365.12
of the Revised Code.
(N)(1) No student shall be considered enrolled in any internet- or
computer-based community school or, if applicable to the student, in any community school that is required to provide the student with a computer pursuant to division (C) of section 3314.22 of the Revised Code, unless both of the following conditions are satisfied:

(a) The student possesses or has been provided with all required hardware and software materials and all such materials are operational so that the student is capable of fully participating in the learning opportunities specified in the contract between the school and the school's sponsor as required by division (A)(23) of section 3314.03 of the Revised Code;

(b) The school is in compliance with division (A) of section 3314.22 of the Revised Code, relative to such student.

(2) In accordance with policies adopted jointly by the superintendent of public instruction and the auditor of state, the department shall reduce the amounts otherwise payable under division (D) of this section to any community school that includes in its program the provision of computer hardware and software materials to any student, if such hardware and software materials have not been delivered, installed, and activated for each such student in a timely manner or other educational materials or services have not been provided according to the contract between the individual community school and its sponsor.

The superintendent of public instruction and the auditor of state shall jointly establish a method for auditing any community school to which this division pertains to ensure compliance with this section.

The superintendent, auditor of state, and the governor shall jointly make recommendations to the general assembly for legislative changes that may be required to assure fiscal and academic accountability for such schools.

(O)(1) If the department determines that a review of a community school's enrollment is necessary, such review shall be completed and written notice of the findings shall be provided to the governing authority of the community school and its sponsor within ninety days of the end of the community school's fiscal year, unless extended for a period not to exceed thirty additional days for one of the following reasons:

(a) The department and the community school mutually agree to the extension.

(b) Delays in data submission caused by either a community school or its sponsor.

(2) If the review results in a finding that additional funding is owed to the school, such payment shall be made within thirty days of the written notice. If the review results in a finding that the community school owes moneys to the state, the following procedure shall apply:
(a) Within ten business days of the receipt of the notice of findings, the community school may appeal the department's determination to the state board of education or its designee.

(b) The board or its designee shall conduct an informal hearing on the matter within thirty days of receipt of such an appeal and shall issue a decision within fifteen days of the conclusion of the hearing.

(c) If the board has enlisted a designee to conduct the hearing, the designee shall certify its decision to the board. The board may accept the decision of the designee or may reject the decision of the designee and issue its own decision on the matter.

(d) Any decision made by the board under this division is final.

(3) If it is decided that the community school owes moneys to the state, the department shall deduct such amount from the school's future payments in accordance with guidelines issued by the superintendent of public instruction.

(¶) The department shall not subtract from a school district's state aid account under division (C) of this section and shall not pay to a community school under division (D) of this section any amount for any of the following:

(1) Any student who has graduated from the twelfth grade of a public or nonpublic high school;

(2) Any student who is not a resident of the state;

(3) Any student who was enrolled in the community school during the previous school year when tests assessments were administered under section 3301.0711 of the Revised Code but did not take one or more of the tests assessments required by that section and was not excused pursuant to division (C)(1) or (3) of that section, unless the superintendent of public instruction grants the student a waiver from the requirement to take the test assessment and a parent is not paying tuition for the student pursuant to section 3314.26 of the Revised Code. The superintendent may grant a waiver only for good cause in accordance with rules adopted by the state board of education.

(4) Any student who has attained the age of twenty-two years, except for veterans of the armed services whose attendance was interrupted before completing the recognized twelve-year course of the public schools by reason of induction or enlistment in the armed forces and who apply for enrollment in a community school not later than four years after termination of war or their honorable discharge. If, however, any such veteran elects to enroll in special courses organized for veterans for whom tuition is paid under federal law, or otherwise, the department shall not subtract from a
school district's state aid account under division (C) of this section and shall not pay to a community school under division (D) of this section any amount for that veteran.

Sec. 3314.085. (A) In each fiscal year beginning in fiscal year 2007, each internet- or computer-based community school shall spend for pupil instruction at least the amount per pupil designated in division (B)(1) of section 3317.012 of the Revised Code as the amount for base classroom teachers. For this purpose, expenditures for pupil instruction include expenditures for teachers, curriculum, academic materials other than computers, software, and any other instructional purposes designated in the rules adopted under this section. Expenditures to provide the computer hardware and filtering software required by sections 3314.21 and 3314.22 of the Revised Code do not qualify as pupil instruction for purposes of this section.

(B) Beginning in fiscal year 2007, each internet- or computer-based community school annually shall report data to the department of education concerning its expenditures for pupil instruction. Each school shall report the data in the form and manner required by the department.

(C) If the department determines, after offering the school an opportunity for a hearing in accordance with Chapter 119. of the Revised Code, that an internet- or computer-based community school has failed in any fiscal year to comply with division (A) or (B) of this section, the department shall assess a fine against the school equivalent to the greater of the following:

(1) Five per cent of the total state payments to the school under this chapter for the fiscal year in which the failure occurred;

(2) The difference between the amount the department determines the school was required to have spent for pupil instruction and the amount the department determines the school actually spent for pupil instruction.

The department's methods of collecting the fine may include withholding state payments under this chapter in the current or subsequent fiscal year.

The department may cancel a fine it has imposed under this section if the school submits a plan for coming into compliance with the requirements of this section that the department approves, and the school demonstrates to the department's satisfaction that it is implementing the plan.

(D) The superintendent of public instruction shall adopt rules in accordance with Chapter 119. of the Revised Code specifying expenditures that qualify as expenditures for pupil instruction for purposes of this section.

Sec. 3314.087. (A) As used in this section:
(1) "Career-technical program" means vocational programs or classes described in division (A) or (B) of section 3317.014 of the Revised Code in which a student is enrolled.

(2) "Formula ADM," "category one or two vocational education ADM," and "FTE basis" have the same meanings as in section 3317.02 of the Revised Code.

(3) "Resident school district" means the city, exempted village, or local school district in which a student is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code.

(B) Notwithstanding anything to the contrary in this chapter or Chapter 3306. or 3317. of the Revised Code, a student enrolled in a community school may simultaneously enroll in the career-technical program operated by the student's resident school district. On an FTE basis, the student's resident school district shall count the student in the category one or two vocational education ADM for the proportion of the time the student is enrolled in the district's career-technical program and, accordingly, the department of education shall calculate funds under Chapters 3306. and 3317. for the district attributable to the student for the proportion of time the student attends the career-technical program. The community school shall count the student in its enrollment report under section 3314.08 of the Revised Code and shall report to the department the proportion of time that the student attends classes at the community school. The department shall pay the community school and deduct from the student's resident school district the amount computed for the student under section 3314.08 of the Revised Code in proportion to the fraction of the time on an FTE basis that the student attends classes at the community school. "Full-time equivalency" for a community school student, as defined in division (L) of section 3314.08 of the Revised Code, does not apply to the student.

Sec. 3314.088. (A) For purposes of applying sections 3314.08 and 3314.13 of the Revised Code to fiscal years 2010 and 2011:

(1) The base formula amount for community schools for fiscal year 2010 is $5,718 and for fiscal year 2011 is $5,703. These respective amounts shall be applied wherein sections 3314.08 and 3314.13 of the Revised Code the base formula amount is specified, except for deducting and paying amounts for special education weighted funding and vocational education weighted funding.

(2) The base funding supplements under section 3317.012 of the Revised Code shall be deemed in each year to be the amounts specified in that section for fiscal year 2009.
(3) Special education additional weighted funding shall be calculated by multiplying the applicable weight specified in section 3317.013 of the Revised Code for fiscal year 2009 times $5,732.

(4) Vocational education additional weighted funding shall be calculated by multiplying the applicable weight specified in section 3317.014 of the Revised Code for fiscal year 2009 times $5,732.

(5) The per pupil amounts paid to a school district under sections 3317.029 and 3317.0217 of the Revised Code shall be deemed to be the respective per pupil amounts paid under those sections to that district for fiscal year 2009.

(6) A community school may receive all-day kindergarten payments under section 3314.13 of the Revised Code only for all-day kindergarten students who are entitled to attend school in school districts that, for fiscal year 2009, met the eligibility requirements of division (D) of section 3317.029 of the Revised Code. For students entitled to attend school in such school districts that actually received payment for all-day kindergarten for fiscal year 2009, the payments to community schools under section 3314.13 of the Revised Code shall be deducted from the school district’s state education aid. For students entitled to attend school in such school districts that did not receive payment for all-day kindergarten for fiscal year 2009, the payments to community schools under section 3314.13 of the Revised Code shall be paid out of the funds appropriated under appropriation item 200550, foundation funding, as appropriated in section 265.10 of Am. Sub. H.B. 1 of the 128th General Assembly. As used in this division, "entitled to attend school" has the same meaning as in section 3314.08 of the Revised Code.

(B) For purposes of applying section 3314.085 of the Revised Code to fiscal years 2010 and 2011, the minimum per pupil expenditure required for pupil instruction under that section is $2,931, which equals the minimum amount required by that section for fiscal year 2009.

Sec. 3314.091. (A) A school district is not required to provide transportation for any native student enrolled in a community school if the district board of education has entered into an agreement with the community school's governing authority that designates the community school as responsible for providing or arranging for the transportation of the district's native students to and from the community school. For any such agreement to be effective, it must be certified by the superintendent of public instruction as having met all of the following requirements:

(1) It is submitted to the department of education by a deadline which shall be established by the department.
(2) In accordance with divisions (C)(1) and (2) of this section, it specifies qualifications, such as residing a minimum distance from the school, for students to have their transportation provided or arranged.

(3) The transportation provided by the community school is subject to all provisions of the Revised Code and all rules adopted under the Revised Code pertaining to pupil transportation.

(4) The sponsor of the community school also has signed the agreement.

(B)(1) For the school year that begins on July 1, 2007, a school district is not required to provide transportation for any native student enrolled in a community school, if the community school during the previous school year transported the students enrolled in the school or arranged for the students' transportation, even if that arrangement consisted of having parents transport their children to and from the school, but did not enter into an agreement to transport or arrange for transportation for those students under division (A) of this section, and if the governing authority of the community school by July 15, 2007, submits written notification to the district board of education stating that the governing authority is accepting responsibility for providing or arranging for the transportation of the district's native students to and from the community school.

(2) For any school year subsequent to the school year that begins on July 1, 2007, a school district is not required to provide transportation for any native student enrolled in a community school if the governing authority of the community school, by the thirty-first day of January of the previous school year, submits written notification to the district board of education stating that the governing authority is accepting responsibility for providing or arranging for the transportation of the district's native students to and from the community school. If the governing authority of the community school has previously accepted responsibility for providing or arranging for the transportation of a district's native students to and from the community school, under division (B)(1) or (2) of this section, and has since relinquished that responsibility under division (B)(3) of this section, the governing authority shall not accept that responsibility again unless the district board consents to the governing authority's acceptance of that responsibility.

(3) A governing authority's acceptance of responsibility under division (B)(1) or (2) of this section shall cover an entire school year, and shall remain in effect for subsequent school years unless the governing authority submits written notification to the district board that the governing authority is relinquishing the responsibility. However, a governing authority shall not relinquish responsibility for transportation before the end of a school year,
and shall submit the notice relinquishing responsibility by the thirty-first day of January, in order to allow the school district reasonable time to prepare transportation for its native students enrolled in the school.

(C)(1) A community school governing authority that enters into an agreement under division (A) of this section, or that accepts responsibility under division (B) of this section, shall provide or arrange transportation free of any charge for each of its enrolled students who is required to be transported under section 3327.01 of the Revised Code or who would otherwise be transported by the school district under the district's transportation policy. The governing authority shall report to the department of education the number of students transported or for whom transportation is arranged under this section in accordance with rules adopted by the state board of education.

(2) The governing authority may provide or arrange transportation for any other enrolled student who is not eligible for transportation in accordance with division (C)(1) of this section and may charge a fee for such service up to the actual cost of the service.

(3) Notwithstanding anything to the contrary in division (C)(1) or (2) of this section, a community school governing authority shall provide or arrange transportation free of any charge for any disabled student enrolled in the school for whom the student's individualized education program developed under Chapter 3323. of the Revised Code specifies transportation.

(D)(1) If a school district board and a community school governing authority elect to enter into an agreement under division (A) of this section, the department of education shall make payments to the community school according to the terms of the agreement for each student actually transported under division (C)(1) of this section.

If a community school governing authority accepts transportation responsibility under division (B) of this section, the department shall make payments to the community school for each student actually transported or for whom transportation is arranged by the community school under division (C)(1) of this section, calculated as follows:

(a) For any fiscal year which the general assembly has specified that transportation payments to school districts be based on an across-the-board percentage of the district's payment for the previous school year, the per pupil payment to the community school shall be the following quotient:

(i) The total amount calculated for the school district in which the child is entitled to attend school for student transportation other than transportation of children with disabilities; divided by

(ii) The number of students included in the district's transportation
ADM for the current fiscal year, as reported under division (B)(13) of section 3317.03 of the Revised Code, plus the number of students enrolled in the community school not counted in the district's transportation ADM who are transported under division (B)(1) or (2) of this section.

(b) For any fiscal year which the general assembly has specified that the transportation payments to school districts be calculated in accordance with division (D) of section 3317.022 of the Revised Code and any rules of the state board of education implementing that division, the payment to the community school shall be the amount so calculated that otherwise would be paid to the school district in which the student is entitled to attend school by the method of transportation the district would have used. The community school, however, is not required to use the same method to transport that student.

As used in this division "entitled to attend school" means entitled to attend school under section 3313.64 or 3313.65 of the Revised Code.

(2) The department shall deduct the payment under division (D)(1) of this section from the state education aid, as defined in section 3314.08 of the Revised Code, and, if necessary, the payment under sections 321.14 and 323.156 of the Revised Code, that is otherwise paid to the school district in which the student enrolled in the community school is entitled to attend school. The department shall include the number of the district's native students for whom payment is made to a community school under division (D)(1) of this section in the calculation of the district's transportation payment under division (D) of section 3317.022 of the Revised Code and the operating appropriations act.

(3) A community school shall be paid under division (D)(1) of this section only for students who are eligible as specified in section 3327.01 of the Revised Code and division (C)(1) of this section, and whose transportation to and from school is actually provided, who actually utilized transportation arranged, or for whom a payment in lieu of transportation is made by the community school's governing authority. To qualify for the payments, the community school shall report to the department, in the form and manner required by the department, data on the number of students transported or whose transportation is arranged, the number of miles traveled, cost to transport, and any other information requested by the department.

(4) A community school shall use payments received under this section solely to pay the costs of providing or arranging for the transportation of students who are eligible as specified in section 3327.01 of the Revised Code and division (C)(1) of this section, which may include payments to a
parent, guardian, or other person in charge of a child in lieu of transportation.

(E) Except when arranged through payment to a parent, guardian, or person in charge of a child, transportation provided or arranged for by a community school pursuant to an agreement under this section is subject to all provisions of the Revised Code, and all rules adopted under the Revised Code, pertaining to the construction, design, equipment, and operation of school buses and other vehicles transporting students to and from school. The drivers and mechanics of the vehicles are subject to all provisions of the Revised Code, and all rules adopted under the Revised Code, pertaining to drivers and mechanics of such vehicles. The community school also shall comply with sections 3313.201, 3327.09, and 3327.10 of the Revised Code, division (B) of section 3327.16 of the Revised Code and, subject to division (C)(1) of this section, sections 3327.01 and 3327.02 of the Revised Code, as if it were a school district.

Sec. 3314.10. (A)(1) The governing authority of any community school established under this chapter may employ teachers and nonteaching employees necessary to carry out its mission and fulfill its contract.

(2) Except as provided under division (A)(3) of this section, employees hired under this section may organize and collectively bargain pursuant to Chapter 4117. of the Revised Code. Notwithstanding division (D)(1) of section 4117.06 of the Revised Code, a unit containing teaching and nonteaching employees employed under this section shall be considered an appropriate unit. As applicable, employment under this section is subject to either Chapter 3307. or 3309. of the Revised Code.

(3) If a school is created by converting all or part of an existing public school rather than by establishment of a new start-up school, at the time of conversion, the employees of the community school shall remain part of any collective bargaining unit in which they were included immediately prior to the conversion and shall remain subject to any collective bargaining agreement for that unit in effect on the first day of July of the year in which the community school initially begins operation and shall be subject to any subsequent collective bargaining agreement for that unit, unless a petition is certified as sufficient under division (A)(6) of this section with regard to those employees. Any new employees of the community school shall also be included in the unit to which they would have been assigned had not the conversion taken place and shall be subject to the collective bargaining agreement for that unit unless a petition is certified as sufficient under division (A)(6) of this section with regard to those employees.

Notwithstanding division (B) of section 4117.01 of the Revised Code,
the board of education of a school district and not the governing authority of a community school shall be regarded, for purposes of Chapter 4117 of the Revised Code, as the "public employer" of the employees of a conversion community school subject to a collective bargaining agreement pursuant to division (A)(3) of this section unless a petition is certified under division (A)(6) of this section with regard to those employees. Only on and after the effective date of a petition certified as sufficient under division (A)(6) of this section shall division (A)(2) of this section apply to those employees of that community school and only on and after the effective date of that petition shall Chapter 4117 of the Revised Code apply to the governing authority of that community school with regard to those employees.

(4) Notwithstanding sections 4117.03 to 4117.18 of the Revised Code and Section 4 of Amended Substitute Senate Bill No. 133 of the 115th general assembly, the employees of a conversion community school who are subject to a collective bargaining agreement pursuant to division (A)(3) of this section shall cease to be subject to that agreement and all subsequent agreements pursuant to that division and shall cease to be part of the collective bargaining unit that is subject to that and all subsequent agreements, if a majority of the employees of that community school who are subject to that collective bargaining agreement sign and submit to the state employment relations board a petition requesting all of the following:

(a) That all the employees of the community school who are subject to that agreement be removed from the bargaining unit that is subject to that agreement and be designated by the state employment relations board as a new and separate bargaining unit for purposes of Chapter 4117 of the Revised Code;

(b) That the employee organization certified as the exclusive representative of the employees of the bargaining unit from which the employees are to be removed be certified as the exclusive representative of the new and separate bargaining unit for purposes of Chapter 4117 of the Revised Code;

(c) That the governing authority of the community school be regarded as the "public employer" of these employees for purposes of Chapter 4117 of the Revised Code.

(5) Notwithstanding sections 4117.03 to 4117.18 of the Revised Code and Section 4 of Amended Substitute Senate Bill No. 133 of the 115th general assembly, the employees of a conversion community school who are subject to a collective bargaining agreement pursuant to division (A)(3) of this section shall cease to be subject to that agreement and all subsequent agreements pursuant to that division, shall cease to be part of the collective
bargaining unit that is subject to that and all subsequent agreements, and shall cease to be represented by any exclusive representative of that collective bargaining unit, if a majority of the employees of the community school who are subject to that collective bargaining agreement sign and submit to the state employment relations board a petition requesting all of the following:

(a) That all the employees of the community school who are subject to that agreement be removed from the bargaining unit that is subject to that agreement;

(b) That any employee organization certified as the exclusive representative of the employees of that bargaining unit be decertified as the exclusive representative of the employees of the community school who are subject to that agreement;

(c) That the governing authority of the community school be regarded as the "public employer" of these employees for purposes of Chapter 4117. of the Revised Code.

(6) Upon receipt of a petition under division (A)(4) or (5) of this section, the state employment relations board shall check the sufficiency of the signatures on the petition. If the signatures are found sufficient, the board shall certify the sufficiency of the petition and so notify the parties involved, including the board of education, the governing authority of the community school, and any exclusive representative of the bargaining unit. The changes requested in a certified petition shall take effect on the first day of the month immediately following the date on which the sufficiency of the petition is certified under division (A)(6) of this section.

(B)(1) The board of education of each city, local, and exempted village school district sponsoring a community school and the governing board of each educational service center in which a community school is located shall adopt a policy that provides a leave of absence of at least three years to each teacher or nonteaching employee of the district or service center who is employed by a conversion or new start-up community school sponsored by the district or located in the district or center for the period during which the teacher or employee is continuously employed by the community school. The policy shall also provide that any teacher or nonteaching employee may return to employment by the district or service center if the teacher or employee leaves or is discharged from employment with the community school for any reason, unless, in the case of a teacher, the board of the district or service center determines that the teacher was discharged for a reason for which the board would have sought to discharge the teacher under section 3319.16 of the Revised Code, in which case the board may
proceed to discharge the teacher utilizing the procedures of that section. Upon termination of such a leave of absence, any seniority that is applicable to the person shall be calculated to include all of the following: all employment by the district or service center prior to the leave of absence; all employment by the community school during the leave of absence; and all employment by the district or service center after the leave of absence. The policy shall also provide that if any teacher holding valid certification returns to employment by the district or service center upon termination of such a leave of absence, the teacher shall be restored to the previous position and salary or to a position and salary similar thereto. If, as a result of teachers returning to employment upon termination of such leaves of absence, a school district or educational service center reduces the number of teachers it employs, it shall make such reductions in accordance with section 3319.17 or, if applicable, 3319.171 of the Revised Code.

Unless a collective bargaining agreement providing otherwise is in effect for an employee of a conversion community school pursuant to division (A)(3) of this section, an employee on a leave of absence pursuant to this division shall remain eligible for any benefits that are in addition to benefits under Chapter 3307. or 3309. of the Revised Code provided by the district or service center to its employees provided the employee pays the entire cost associated with such benefits, except that personal leave and vacation leave cannot be accrued for use as an employee of a school district or service center while in the employ of a community school unless the district or service center board adopts a policy expressly permitting this accrual.

(2) While on a leave of absence pursuant to division (B)(1) of this section, a conversion community school shall permit a teacher to use sick leave accrued while in the employ of the school district from which the leave of absence was taken and prior to commencing such leave. If a teacher who is on such a leave of absence uses sick leave so accrued, the cost of any salary paid by the community school to the teacher for that time shall be reported to the department of education. The cost of employing a substitute teacher for that time shall be paid by the community school. The department of education shall add amounts to the payments made to a community school under this chapter as necessary to cover the cost of salary reported by a community school as paid to a teacher using sick leave so accrued pursuant to this section. The department shall subtract the amounts of any payments made to community schools under this division from payments made to such sponsoring school district under Chapters 3306. and 3317. of the Revised Code.
A school district providing a leave of absence and employee benefits to a person pursuant to this division is not liable for any action of that person while the person is on such leave and employed by a community school.

Sec. 3314.13. (A) Payments and deductions under this section for fiscal years 2010 and 2011 shall be made in accordance with section 3314.088 of the Revised Code.

(A) As used in this section:

(1) "All-day kindergarten" has the same meaning as in section 3317.029 of the Revised Code.

(2) "Formula amount" has the same meaning as in section 3317.02 of the Revised Code.

(B) Except as provided in division (C) of this section, the department of education annually shall pay each community school established under this chapter one-half of the formula amount for each student to whom both of the following apply:

1. The student is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code in a school district that is eligible to receive a payment under division (D) of section 3317.029 of the Revised Code if it provides all-day kindergarten;

2. The student is reported by the community school as enrolled in all-day kindergarten at the community school.

(C) The department shall make no payments under this section to any internet- or computer-based community school.

(D) If a student for whom payment is made under division (B) of this section is entitled to attend school in a district that receives any payment for all-day kindergarten under division (D) of section 3317.029 of the Revised Code, the department shall deduct the payment to the community school under this section from the amount paid that school district under that division. If that school district does not receive payment for all-day kindergarten under that division because it does not provide all-day kindergarten, the department shall pay the community school from state funds appropriated generally for poverty-based assistance to school districts.

(E) The department shall adjust the amounts deducted from school districts and paid to community schools under this section to reflect any enrollments of students in all-day kindergarten in community schools for less than the equivalent of a full school year.

Sec. 3314.19. The sponsor of each community school annually shall provide the following assurances in writing to the department of education not later than ten business days prior to the opening of the school:

(A) That a current copy of the contract between the sponsor and the
governing authority of the school entered into under section 3314.03 of the Revised Code has been filed with the state office of community schools established under section 3314.11 of the Revised Code and that any subsequent modifications to that contract will be filed with the office;

(B) That the school has submitted to the sponsor a plan for providing special education and related services to students with disabilities and has demonstrated the capacity to provide those services in accordance with Chapter 3323. of the Revised Code and federal law;

(C) That the school has a plan and procedures for administering the achievement tests and diagnostic assessments prescribed by sections 3301.0710, 3301.0712, and 3301.0715 of the Revised Code;

(D) That school personnel have the necessary training, knowledge, and resources to properly use and submit information to all databases maintained by the department for the collection of education data, including the education management information system established under section 3301.0714 of the Revised Code in accordance with methods and timelines established under section 3314.17 of the Revised Code;

(E) That all required information about the school has been submitted to the Ohio education directory system or any successor system;

(F) That the school will enroll at least the minimum number of students required by division (A)(11)(a) of section 3314.03 of the Revised Code in the school year for which the assurances are provided;

(G) That all classroom teachers are licensed in accordance with sections 3319.22 to 3319.31 of the Revised Code, except for noncertificated persons engaged to teach up to twelve hours per week pursuant to section 3319.301 of the Revised Code;

(H) That the school's fiscal officer is in compliance with section 3314.011 of the Revised Code;

(I) That the school has complied with sections 3319.39 and 3319.391 of the Revised Code with respect to all employees and that the school has conducted a criminal records check of each of its governing authority members;

(J) That the school holds all of the following:

1) Proof of property ownership or a lease for the facilities used by the school;

2) A certificate of occupancy;

3) Liability insurance for the school, as required by division (A)(11)(b) of section 3314.03 of the Revised Code, that the sponsor considers sufficient to indemnify the school's facilities, staff, and governing authority against risk;
(4) A satisfactory health and safety inspection;
(5) A satisfactory fire inspection;
(6) A valid food permit, if applicable.

(K) That the sponsor has conducted a pre-opening site visit to the school for the school year for which the assurances are provided;

(L) That the school has designated a date it will open for the school year for which the assurances are provided that is in compliance with division (A)(25) of section 3314.03 of the Revised Code;

(M) That the school has met all of the sponsor's requirements for opening and any other requirements of the sponsor.

Sec. 3314.25. Each internet- or computer-based community school shall provide its students a location within a fifty-mile radius of the student's residence at which to complete the statewide achievement tests and diagnostic assessments prescribed under sections 3301.079 and 3301.0710, and 3301.0712 of the Revised Code.

Sec. 3314.26. (A) Each internet- or computer-based community school shall withdraw from the school any student who, for two consecutive school years, has failed to participate in the spring administration of any test assessment prescribed under section 3301.0710 or 3301.0712 of the Revised Code for the student's grade level and was not excused from the test assessment pursuant to division (C)(1) or (3) of section 3301.0711 of the Revised Code, regardless of whether a waiver was granted for the student under division (Q)(P)(3) of section 3314.08 of the Revised Code. The school shall report any such student's data verification code, as assigned pursuant to section 3301.0714 of the Revised Code, to the department of education. The department shall maintain a list of all data verification codes reported under this division and section 3313.6410 of the Revised Code and provide that list to each internet- or computer-based community school and to each school to which section 3313.6410 of the Revised Code applies.

(B) No internet- or computer-based community school shall receive any state funds under this chapter for any enrolled student whose data verification code appears on the list maintained by the department under division (A) of this section.

Notwithstanding any provision of the Revised Code to the contrary, the parent of any such student shall pay tuition to the internet- or computer-based community school in an amount equal to the state funds the school otherwise would receive for that student, as determined by the department. An internet- or computer-based community school may withdraw any student for whom the parent does not pay tuition as required by this division.
Sec. 3314.35. (A)(1) Except as provided in division (A)(2)(3) of this section, this section applies to any community school that meets one of the following criteria after July 1, 2008, but before July 1, 2009:

(a) The school does not offer a grade level higher than three and has been declared to be in a state of academic emergency under section 3302.03 of the Revised Code for four consecutive school years.

(b) The school satisfies all of the following conditions:
   (i) The school offers any of grade levels four to eight but does not offer a grade level higher than nine.
   (ii) The school has been declared to be in a state of academic emergency under section 3302.03 of the Revised Code for three consecutive school years.
   (iii) For two of those school years, the school showed less than one standard year of academic growth in either reading or mathematics, as determined by the department of education in accordance with rules adopted under division (A) of section 3302.021 of the Revised Code.

(c) The school satisfies all of the following conditions:
   (i) The school offers any of grade levels ten to twelve.
   (ii) The school has been declared to be in a state of academic emergency under section 3302.03 of the Revised Code for three consecutive school years.
   (iii) For two of those school years, the school showed less than two standard years of academic growth in either reading or mathematics, as determined by the department in accordance with rules adopted under division (A) of section 3302.021 of the Revised Code.

(2) Except as provided in division (A)(3) of this section, this section applies to any community school that meets one of the following criteria after July 1, 2009:

(a) The school does not offer a grade level higher than three and has been declared to be in a state of academic emergency under section 3302.03 of the Revised Code for three of the four most recent school years.

(b) The school satisfies all of the following conditions:
   (i) The school offers any of grade levels four to eight but does not offer a grade level higher than nine.
   (ii) The school has been declared to be in a state of academic emergency under section 3302.03 of the Revised Code for two of the three most recent school years.
   (iii) In at least two of the three most recent school years, the school showed less than one standard year of academic growth in either reading or mathematics, as determined by the department in accordance with rules adopted under division (A) of section 3302.021 of the Revised Code.
adopted under division (A) of section 3302.021 of the Revised Code.

(c) The school offers any of grade levels ten to twelve and has been declared to be in a state of academic emergency under section 3302.03 of the Revised Code for three of the four most recent school years.

(3) This section does not apply to any either of the following:

(a) Any community school in which a majority of the students are enrolled in a dropout prevention and recovery program that is operated by the school and that has been granted a waiver under section 3314.36 of the Revised Code;

(b) Any community school in which a majority of the enrolled students are children with disabilities receiving special education and related services in accordance with Chapter 3323. of the Revised Code.

(B) Any community school to which this section applies shall permanently close at the conclusion of the school year in which the school first becomes subject to this section. The sponsor and governing authority of the school shall comply with all procedures for closing a community school adopted by the department under division (E) of section 3314.015 of the Revised Code. The governing authority of the school shall not enter into a contract with any other sponsor under section 3314.03 of the Revised Code after the school closes.

(C) Not later than July 1, 2008, the department shall determine the feasibility of using the value-added progress dimension, as defined in section 3302.01 of the Revised Code, as a factor in evaluating the academic performance of community schools described in division (A)(1)(c)(i) of this section. Notwithstanding divisions (A)(1)(c)(ii) and (iii) of this section, if the department determines that using the value-added progress dimension to evaluate community schools described in division (A)(1)(c)(i) of this section is not feasible, a community school described in that division shall be required to permanently close under this section only if it has been declared to be in a state of academic emergency under section 3302.03 of the Revised Code for four consecutive school years.

Sec. 3314.36. (A) Section 3314.35 of the Revised Code does not apply to any community school in which a majority of the students are enrolled in a dropout prevention and recovery program that is operated by the school and that has been granted a waiver by the department of education. The department shall grant a waiver to a dropout prevention and recovery program, within sixty days after the program applies for the waiver, if the program meets all of the following conditions:

(1) The program serves only students not younger than sixteen years of age and not older than twenty-one years of age.
The program enrolls students who, at the time of their initial enrollment, either, or both, are at least one grade level behind their cohort age groups or experience crises that significantly interfere with their academic progress such that they are prevented from continuing their traditional programs.

(3) The program requires students to attain at least the applicable score designated for each of the assessments prescribed under division (B)(1) of section 3301.0710 of the Revised Code or, to the extent prescribed by rule of the state board of education under division (E)(6) of section 3301.0712 of the Revised Code, division (B)(2) of that section.

(4) The program develops an individual career plan for the student that specifies the student’s matriculating to a two-year degree program, acquiring a business and industry credential, or entering an apprenticeship.

(5) The program provides counseling and support for the student related to the plan developed under division (A)(4) of this section during the remainder of the student’s high school experience.

(6) Prior to receiving the waiver, the program has submitted to the department an instructional plan that demonstrates how the academic content standards adopted by the state board of education under section 3301.079 of the Revised Code will be taught and assessed.

If the department does not act either to grant the waiver or to reject the program application for the waiver within sixty days as required under this section, the waiver shall be considered to be granted.

(B) Notwithstanding division (A) of this section, the department shall not grant a waiver to any community school that did not qualify for a waiver under this section when it initially began operations, unless the state board of education approves the waiver.

Sec. 3314.44. (A) If a community school established under this chapter closes for any reason, the chief administrative officer of the school at the time the school closes shall in good faith take all reasonable steps necessary to collect and assemble in an orderly manner the educational records of each student who is or has been enrolled in the school so that those records may be transmitted in accordance with this division. The chief administrative officer shall transmit the records within seven business days of the school closing to the student’s school district of residence.

(B) No person required to collect, assemble, and transmit student records under division (A) of this section shall fail to comply with that division.

(C) Whoever violates division (B) of this section is guilty of a misdemeanor in the third degree.
Sec. 3315.37. The board of education of a school district may establish a teacher education loan program and may expend school funds for the program. The program shall be for the purpose of making loans to students who are residents of the school district or graduates of schools in the school district, who are enrolled in teacher preparation programs at institutions approved by the chancellor of the Ohio board of regents pursuant to section 3319.23 of the Revised Code, and who indicate an intent to teach in the school district providing the loan. The district board may forgive the obligation to repay any or all of the principal and interest on the loan if the borrower teaches in that school district.

The district board shall adopt rules establishing eligibility criteria, application procedures, procedures for review of applications, loan amounts, interest, repayment schedules, conditions under which principal and interest obligations incurred under the program will be forgiven, and any other matter incidental to the operation of the program.

The board may contract with a private, nonprofit foundation, one or more institutions of higher education, or other educational agencies to administer the program.

The receipt of a loan under this section does not affect a student's eligibility for assistance, or the amount of such assistance, granted under section 3315.33, 3333.12, 3333.122, 3333.22, 3333.26, 3333.27, 5910.04, or 5919.34 of the Revised Code, but the board's rules may provide for taking such assistance into consideration when determining a student's eligibility for a loan under this section.

Sec. 3316.041. (A) Notwithstanding any provision of Chapter 133. or sections 3313.483 to 3313.4811 of the Revised Code, and subject to the approval of the superintendent of public instruction, a school district that is in a state of fiscal watch declared under section 3316.03 of the Revised Code may restructure or refinance loans obtained or in the process of being obtained under section 3313.483 of the Revised Code if all of the following requirements are met:

1. The operating deficit certified for the school district for the current or preceding fiscal year under section 3313.483 of the Revised Code exceeds fifteen per cent of the district's general revenue fund for the fiscal year preceding the year for which the certification of the operating deficit is made.

2. The school district voters, during the period of the fiscal watch, approved the levy of a tax under section 718.09, 718.10, 5705.194, 5705.21, or 5748.02 of the Revised Code that is not a renewal or replacement levy, or a levy under section 5705.199 of the Revised Code, and that will provide
new operating revenue.

(3) The board of education of the school district has adopted or amended the financial plan required by section 3316.04 of the Revised Code to reflect the restructured or refinanced loans, and sets forth the means by which the district will bring projected operating revenues and expenditures, and projected debt service obligations, into balance for the life of any such loan.

(B) Subject to the approval of the superintendent of public instruction, the school district may issue securities to evidence the restructuring or refinancing authorized by this section. Such securities may extend the original period for repayment not to exceed ten years, and may alter the frequency and amount of repayments, interest or other financing charges, and other terms or agreements under which the loans were originally contracted, provided the loans received under sections 3313.483 of the Revised Code are repaid from funds the district would otherwise receive under sections 3317.022 to 3317.025 Chapter 3306 of the Revised Code, as required under division (E)(3) of section 3313.483 of the Revised Code. Securities issued for the purpose of restructuring or refinancing under this section shall be repaid in equal payments and at equal intervals over the term of the debt and are not eligible to be included in any subsequent proposal to restructure or refinance.

(C) Unless the district is declared to be in a state of fiscal emergency under division (D) of section 3316.04 of the Revised Code, a school district shall remain in a state of fiscal watch for the duration of the repayment period of any loan restructured or refinanced under this section.

Sec. 3316.06. (A) Within one hundred twenty days after the first meeting of a school district financial planning and supervision commission, the commission shall adopt a financial recovery plan regarding the school district for which the commission was created. During the formulation of the plan, the commission shall seek appropriate input from the school district board and from the community. This plan shall contain the following:

(1) Actions to be taken to:

(a) Eliminate all fiscal emergency conditions declared to exist pursuant to division (B) of section 3316.03 of the Revised Code;

(b) Satisfy any judgments, past-due accounts payable, and all past-due and payable payroll and fringe benefits;

(c) Eliminate the deficits in all deficit funds, except that any prior year deficits in the textbook and instructional materials fund established pursuant to section 3315.17 of the Revised Code and the capital and maintenance fund established pursuant to section 3315.18 of the Revised Code shall be
(d) Restore to special funds any moneys from such funds that were used for purposes not within the purposes of such funds, or borrowed from such funds by the purchase of debt obligations of the school district with the moneys of such funds, or missing from the special funds and not accounted for, if any;

(e) Balance the budget, avoid future deficits in any funds, and maintain on a current basis payments of payroll, fringe benefits, and all accounts;

(f) Avoid any fiscal emergency condition in the future;

(g) Restore the ability of the school district to market long-term general obligation bonds under provisions of law applicable to school districts generally.

(2) The management structure that will enable the school district to take the actions enumerated in division (A)(1) of this section. The plan shall specify the level of fiscal and management control that the commission will exercise within the school district during the period of fiscal emergency, and shall enumerate respectively, the powers and duties of the commission and the powers and duties of the school board during that period. The commission may elect to assume any of the powers and duties of the school board it considers necessary, including all powers related to personnel, curriculum, and legal issues in order to successfully implement the actions described in division (A)(1) of this section.

(3) The target dates for the commencement, progress upon, and completion of the actions enumerated in division (A)(1) of this section and a reasonable period of time expected to be required to implement the plan. The commission shall prepare a reasonable time schedule for progress toward and achievement of the requirements for the plan, and the plan shall be consistent with that time schedule.

(4) The amount and purpose of any issue of debt obligations that will be issued, together with assurances that any such debt obligations that will be issued will not exceed debt limits supported by appropriate certifications by the fiscal officer of the school district and the county auditor. Debt obligations issued pursuant to section 133.301 of the Revised Code shall include assurances that such debt shall be in an amount not to exceed the amount certified under division (B) of such section. If the commission considers it necessary in order to maintain or improve educational opportunities of pupils in the school district, the plan may include a proposal to restructure or refinance outstanding debt obligations incurred by the board under section 3313.483 of the Revised Code contingent upon the approval, during the period of the fiscal emergency, by district voters of a
tax levied under section 718.09, 718.10, 5705.194, 5705.21, 5748.02, or 5748.08 of the Revised Code that is not a renewal or replacement levy, or a levy under section 5705.199 of the Revised Code, and that will provide new operating revenue. Notwithstanding any provision of Chapter 133 or sections 3313.483 to 3313.4811 of the Revised Code, following the required approval of the district voters and with the approval of the commission, the school district may issue securities to evidence the restructuring or refinancing. Those securities may extend the original period for repayment, not to exceed ten years, and may alter the frequency and amount of repayments, interest or other financing charges, and other terms of agreements under which the debt originally was contracted, at the discretion of the commission, provided that any loans received pursuant to section 3313.483 of the Revised Code shall be paid from funds the district would otherwise receive under sections 3317.022 to 3317.025 Chapter 3306 of the Revised Code, as required under division (E)(3) of section 3313.483 of the Revised Code. The securities issued for the purpose of restructuring or refinancing the debt shall be repaid in equal payments and at equal intervals over the term of the debt and are not eligible to be included in any subsequent proposal for the purpose of restructuring or refinancing debt under this section.

(B) Any financial recovery plan may be amended subsequent to its adoption. Each financial recovery plan shall be updated annually.

(C) Each school district financial planning and supervision commission shall submit the financial recovery plan it adopts or updates under this section to the state superintendent of public instruction for approval immediately following its adoption or updating. The state superintendent shall evaluate the plan and either approve or disapprove it within thirty calendar days from the date of its submission. If the plan is disapproved, the state superintendent shall recommend modifications that will render it acceptable. No financial planning and supervision commission shall implement a financial recovery plan that is adopted or updated on or after April 10, 2001, unless the state superintendent has approved it.

Sec. 3316.20. (A)(1) The school district solvency assistance fund is hereby created in the state treasury, to consist of such amounts designated for the purposes of the fund by the general assembly. The fund shall be used to provide assistance and grants to school districts to enable them to remain solvent and to pay unforeseeable expenses of a temporary or emergency nature that they are unable to pay from existing resources.

(2) There is hereby created within the fund an account known as the school district shared resource account, which shall consist of money
appropriated to it by the general assembly. The money in the account shall be used solely for solvency assistance to school districts that have been declared under division (B) of section 3316.03 of the Revised Code to be in a state of fiscal emergency.

(3) There is hereby created within the fund an account known as the catastrophic expenditures account, which shall consist of money appropriated to the account by the general assembly plus all investment earnings of the fund. Money in the account shall be used solely for the following:

(a) Solvency assistance to school districts that have been declared under division (B) of section 3316.03 of the Revised Code to be in a state of fiscal emergency, in the event that all money in the shared resource account is utilized for solvency assistance;

(b) Grants to school districts under division (C) of this section.

(B) Solvency assistance payments under division (A)(2) or (3)(a) of this section shall be made from the fund by the superintendent of public instruction in accordance with rules adopted by the director of budget and management, after consulting with the superintendent, specifying approval criteria and procedures necessary for administering the fund.

The fund shall be reimbursed for any solvency assistance amounts paid under division (A)(2) or (3)(a) of this section not later than the end of the second fiscal year following the fiscal year in which the solvency assistance payment was made. If not made directly by the school district, such reimbursement shall be made by the director of budget and management from the amounts the school district would otherwise receive pursuant to sections 3317.022 to 3317.025 Chapter 3306. of the Revised Code, or from any other funds appropriated for the district by the general assembly. Reimbursements shall be credited to the respective account from which the solvency assistance paid to the district was deducted.

(C) The superintendent of public instruction may make recommendations, and the controlling board may grant money from the catastrophic expenditures account to any school district that suffers an unforeseen catastrophic event that severely depletes the district's financial resources. The superintendent shall make recommendations for the grants in accordance with rules adopted by the director of budget and management, after consulting with the superintendent. A school district shall not be required to repay any grant awarded to the district under this division, unless the district receives money from this state or a third party, including an agency of the government of the United States, specifically for the purpose of compensating the district for revenue lost or expenses incurred as a result
of the unforeseen catastrophic event. If a school district receives a grant from the catastrophic expenditures account on the basis of the same circumstances for which an adjustment or recomputation is authorized under section 3317.025, 3317.026, 3317.027, 3317.028, 3317.0210, or 3317.0211 of the Revised Code, the department of education shall reduce the adjustment or recomputation by an amount not to exceed the total amount of the grant, and an amount equal to the reduction shall be transferred, from the funding source from which the adjustment or recomputation would be paid, to the catastrophic expenditures account. Any adjustment or recomputation under such sections that is in excess of the total amount of the grant shall be paid to the school district.

Sec. 3317.01. As used in this section and section 3317.011 of the Revised Code, "school district," unless otherwise specified, means any city, local, exempted village, joint vocational, or cooperative education school district and any educational service center.

This chapter shall be administered by the state board of education. The superintendent of public instruction shall calculate the amounts payable to each school district and shall certify the amounts payable to each eligible district to the treasurer of the district as provided by this chapter. As soon as possible after such amounts are calculated, the superintendent shall certify to the treasurer of each school district the district's adjusted charge-off increase, as defined in section 5705.211 of the Revised Code. No moneys shall be distributed pursuant to this chapter without the approval of the controlling board.

The state board of education shall, in accordance with appropriations made by the general assembly, meet the financial obligations of this chapter.

Annually, the department of education shall calculate and report to each school district the district's total state and local funds for providing an adequate basic education to the district's nondisabled students, utilizing the determination in section 3317.012 of the Revised Code. In addition, the department shall calculate and report separately for each school district the district's total state and local funds for providing an adequate education for its students with disabilities, utilizing the determinations in both sections 3317.012 and 3317.013 of the Revised Code.

Not later than the thirty-first day of August of each fiscal year, the department of education shall provide to each school district and county MR/DD board a preliminary estimate of the amount of funding that the department calculates the district will receive under each of divisions (C)(1) and (4) of section 3317.022 of the Revised Code. No later than the first day of December of each fiscal year, the department shall update that
preliminary estimate.

Moneys distributed pursuant to this chapter shall be calculated and paid on a fiscal year basis, beginning with the first day of July and extending through the thirtieth day of June. The moneys appropriated for each fiscal year shall be distributed at least monthly periodically to each school district unless otherwise provided for. The state board shall submit a yearly distribution plan to the controlling board at its first meeting in July. The state board shall submit any proposed midyear revision of the plan to the controlling board in January. Any year-end revision of the plan shall be submitted to the controlling board in June. If moneys appropriated for each fiscal year are distributed other than monthly, such distribution shall be on the same basis for each school district.

The total amounts paid each month shall constitute, as nearly as possible, one-twelfth of the total amount payable for the entire year.

Until fiscal year 2007, payments made during the first six months of the fiscal year may be based on an estimate of the amounts payable for the entire year. Payments made in the last six months shall be based on the final calculation of the amounts payable to each school district for that fiscal year. Payments made in the last six months may be adjusted, if necessary, to correct the amounts distributed in the first six months, and to reflect enrollment increases when such are at least three per cent.

Beginning in fiscal year 2007, payments shall be calculated to reflect the biannual reporting of average daily membership. In fiscal year 2007 and in each fiscal year thereafter, annualized periodic payments for each school district shall be based on the district's final student counts verified by the superintendent of public instruction based on reports under section 3317.03 of the Revised Code, as adjusted, if so ordered, under division (K) of that section, as follows:

the sum of one half of the number of students verified and adjusted for the first full week in October
plus one half of the average of the numbers verified and adjusted for the first full week in October and for the first full week in February

Except as otherwise provided, payments under this chapter shall be made only to those school districts in which:

(A) The school district, except for any educational service center and any joint vocational or cooperative education school district, levies for current operating expenses at least twenty mills. Levies for joint vocational or cooperative education school districts or county school financing districts, limited to or to the extent apportioned to current expenses, shall be
included in this qualification requirement. School district income tax levies under Chapter 5748. of the Revised Code, limited to or to the extent apportioned to current operating expenses, shall be included in this qualification requirement to the extent determined by the tax commissioner under division (D) of section 3317.021 of the Revised Code.

(B) The school year next preceding the fiscal year for which such payments are authorized meets the requirement of section 3313.48 or 3313.481 of the Revised Code, with regard to the minimum number of days or hours school must be open for instruction with pupils in attendance, for individualized parent-teacher conference and reporting periods, and for professional meetings of teachers. This requirement shall be waived by the superintendent of public instruction if it had been necessary for a school to be closed because of disease epidemic, hazardous weather conditions, inoperability of school buses or other equipment necessary to the school's operation, damage to a school building, or other temporary circumstances due to utility failure rendering the school building unfit for school use, provided that for those school districts operating pursuant to section 3313.48 of the Revised Code the number of days the school was actually open for instruction with pupils in attendance not less than one hundred seventy-five, or for those school districts operating on a trimester plan the number of days the school was actually open for instruction with pupils in attendance not less than seventy-nine days in any trimester, or for those school districts operating on a quarterly plan the number of days the school was actually open for instruction with pupils in attendance not less than fifty-nine days in any quarter, or for those school districts operating on a pentamester plan the number of days the school was actually open for instruction with pupils in attendance not less than forty-four days in any pentamester. However, for fiscal year 2012, the superintendent shall waive two fewer such days for the 2010-2011 school year.

A school district shall not be considered to have failed to comply with this division or section 3313.481 of the Revised Code because schools were open for instruction but either twelfth grade students were excused from attendance for up to three days or only a portion of the kindergarten students were in attendance for up to three days in order to allow for the gradual orientation to school of such students.

The superintendent of public instruction shall waive the requirements of this section with reference to the minimum number of days or hours school must be in session with pupils in attendance for the school year succeeding the school year in which a board of education initiates a plan of operation
pursuant to section 3313.481 of the Revised Code. The minimum requirements of this section shall again be applicable to such a district beginning with the school year commencing the second July succeeding the initiation of one such plan, and for each school year thereafter.

A school district shall not be considered to have failed to comply with this division or section 3313.48 or 3313.481 of the Revised Code because schools were open for instruction but the length of the regularly scheduled school day, for any number of days during the school year, was reduced by not more than two hours due to hazardous weather conditions.

(C) The school district has on file, and is paying in accordance with, a teachers' salary schedule which complies with section 3317.13 of the Revised Code.

A board of education or governing board of an educational service center which has not conformed with other law and the rules pursuant thereto, shall not participate in the distribution of funds authorized by sections 3317.022 to 3317.0211, 3317.11, 3317.16, 3317.17, and 3317.19 of the Revised Code, except for good and sufficient reason established to the satisfaction of the state board of education and the state controlling board.

All funds allocated to school districts under this chapter, except those specifically allocated for other purposes, shall be used to pay current operating expenses only.

(2) The amounts deducted from such allocation under sections 3307.31 and 3309.51 of the Revised Code for payment directly to the school employees and state teachers retirement systems under such sections.

The amounts apportioned to the county shall equal the amounts certified under division (A) of this section times the percentage of the district's resident pupils who reside both in the district and in the county, based on the average daily membership reported under division (A) of section 3317.03 of the Revised Code in October of the prior fiscal year.

(A)(1) The department of education shall compute and distribute state base cost funding to each eligible school district for the fiscal year, using the information obtained under section 3317.021 of the Revised Code in the calendar year in which the fiscal year begins, according to the following formula:

\[
[[\text{the formula amount} \times \text{formula ADM} + \text{preschool scholarship ADM}]] + \text{the sum of the base funding supplements prescribed in divisions (C)(1) to (4) of section 3317.012 of the Revised Code} - [.023 \times (\text{the sum of recognized valuation and property exemption value])] + \text{the amounts calculated for the district under sections 3317.029 and 3317.0217 of the Revised Code}
\]

If the difference obtained is a negative number, the district's computation shall be zero.

(2)(a) For each school district for which the tax exempt value of the district equals or exceeds twenty-five per cent of the potential value of the district, the department of education shall calculate the difference between the district's tax exempt value and twenty-five per cent of the district's potential value.

(b) For each school district to which division (A)(2)(a) of this section applies, the department shall adjust the recognized valuation used in the calculation under division (A)(1) of this section by subtracting from it the amount calculated under division (A)(2)(a) of this section.

(B) As used in this section:

(1) The "total special education weight" for a district means the sum of the following amounts:

(f) The district's category six special education ADM multiplied by the multiple specified in division (F) of section 3317.013 of the Revised Code.

(2) "State share percentage" means the percentage calculated for a district as follows:

(a) Calculate the state base cost funding amount for the district for the fiscal year under division (A) of this section. If the district would not receive any state base cost funding for that year under that division, the district's state share percentage is zero.

(b) If the district would receive state base cost funding under that division, divide that amount by an amount equal to the following:

\[(\text{formula amount} \times \text{formula ADM}) + \text{the sum of the base funding supplements prescribed in divisions (C)(1) to (4) of section 3317.012 of the Revised Code} + \text{the sum of the amounts calculated for the district under sections 3317.029 and 3317.0217 of the Revised Code}\]

The resultant number is the district's state share percentage.

(3) "Related services" includes:

(a) Child study, special education supervisors and coordinators, speech and hearing services, adaptive physical development services, occupational or physical therapy, teacher assistants for children with disabilities whose disabilities are described in division (B) of section 3317.013 or division (F)(3) of section 3317.02 of the Revised Code, behavioral intervention, interpreter services, work study, nursing services, and specialized integrative services as those terms are defined by the department;

(5)(4) "Preschool scholarship ADM" means the number of preschool children with disabilities reported under division (B)(3)(h) of section 3317.03 of the Revised Code.

(C)(1) The department shall compute and distribute state special education and related services additional weighted costs funds to each school district in accordance with the following formula:

\[
\text{The district's state share percentage} \times \text{the formula amount for the year for which the aid is calculated} \times \text{the district's total special education weight}
\]

(2) The attributed local share of special education and related services additional weighted costs equals:

\[
(1 - \text{the district's state share percentage}) \times \text{the district's total special education weight} \times \text{the formula amount}
\]

(3)(a) The department shall compute and pay in accordance with this division additional state aid to school districts for students in categories two through six special education ADM. If a district's costs for the fiscal year for a student in its categories two through six special education ADM exceed the threshold catastrophic cost for serving the student, the district may submit to the superintendent of public instruction documentation, as prescribed by the superintendent, of all its costs for that student. Upon submission of documentation for a student of the type and in the manner prescribed, the department shall pay to the district an amount equal to the sum of the following:

(i) One-half of the district's costs for the student in excess of the threshold catastrophic cost;

(ii) The product of one-half of the district's costs for the student in excess of the threshold catastrophic cost multiplied by the district's state share percentage.

(b) For purposes of division (C)(3)(a) of this section, the threshold catastrophic cost for serving a student equals:
(i) For a student in the school district's category two, three, four, or five special education ADM, twenty-seven thousand three hundred seventy-five dollars in fiscal years 2008 and 2009;

(ii) For a student in the district's category six special education ADM, thirty-two thousand eight hundred fifty dollars in fiscal years 2008 and 2009.

(c) The district shall only report under division (C)(3)(a) of this section, and the department shall only pay for, the costs of educational expenses and the related services provided to the student in accordance with the student's individualized education program. Any legal fees, court costs, or other costs associated with any cause of action relating to the student may not be included in the amount.

(4)(a) As used in this division, the "personnel allowance" means thirty thousand dollars in fiscal years 2008 and 2009.

(b) For the provision of speech language pathology services to students, including students who do not have individualized education programs prepared for them under Chapter 3323. of the Revised Code, and for no other purpose, the department of education shall pay each school district an amount calculated under the following formula:

\[
\frac{\text{ADM}}{2000} \times \text{personnel allowance} \times \text{state share percentage}
\]

(5) In any fiscal year, a school district shall spend for purposes that the department designates as approved for special education and related services expenses at least the amount calculated as follows:

\[
\text{formula amount} \times \left( \sum \text{categories one through six special education ADM} \right) + \left( \text{total special education weight} \times \text{formula amount} \right)
\]

The purposes approved by the department for special education expenses shall include, but shall not be limited to, identification of children with disabilities, compliance with state rules governing the education of children with disabilities and prescribing the continuum of program options for children with disabilities, provision of speech language pathology services, and the portion of the school district's overall administrative and overhead costs that are attributable to the district's special education student population.

The scholarships deducted from the school district's account under section 3310.41 of the Revised Code shall be considered to be an approved special education and related services expense for the purpose of the school district's compliance with division (C)(5) of this section.
The department shall require school districts to report data annually to allow for monitoring compliance with division (C)(5) of this section. The department shall annually report to the governor and the general assembly the amount of money spent by each school district for special education and related services.

(6) In any fiscal year, a school district shall spend for the provision of speech language pathology services not less than the sum of the amount calculated under division (C)(1) of this section for the students in the district's category one special education ADM and the amount calculated under division (C)(4) of this section.

(D)(1) As used in this division:

(a) "Daily bus miles per student" equals the number of bus miles traveled per day, divided by transportation base.

(b) "Transportation base" equals total student count as defined in section 3301.011 of the Revised Code, minus the number of students enrolled in units for preschool children with disabilities, plus the number of nonpublic school students included in transportation ADM.

(c) "Transported student percentage" equals transportation ADM divided by transportation base.

(d) "Transportation cost per student" equals total operating costs for board-owned or contractor-operated school buses divided by transportation base.

(2) Analysis of student transportation cost data has resulted in a finding that an average efficient transportation use cost per student can be calculated by means of a regression formula that has as its two independent variables the number of daily bus miles per student and the transported student percentage. For fiscal year 1998 transportation cost data, the average efficient transportation use cost per student is expressed as follows:

\[
51.79027 + (139.62626 \times \text{daily bus miles per student}) + (116.25573 \times \text{transported student percentage})
\]

The department of education shall annually determine the average efficient transportation use cost per student in accordance with the principles stated in division (D)(2) of this section, updating the intercept and regression coefficients of the regression formula modeled in this division, based on an annual statewide analysis of each school district's daily bus miles per student, transported student percentage, and transportation cost per student data. The department shall conduct the annual update using data, including daily bus miles per student, transported student percentage, and transportation cost per student data, from the prior fiscal year. The department shall notify the office of budget and management of such update.
by the fifteenth day of February of each year.

(3) In addition to funds paid under divisions (A), (C), and (E) of this section, each district with a transported student percentage greater than zero shall receive a payment equal to a percentage of the product of the district's transportation base from the prior fiscal year times the annually updated average efficient transportation use cost per student, times an inflation factor of two and eight-tenths per cent to account for the one-year difference between the data used in updating the formula and calculating the payment and the year in which the payment is made. The percentage shall be the following percentage of that product specified for the corresponding fiscal year:

<table>
<thead>
<tr>

<tbody>
<tr>
<td>2000</td>
<td>52.5%</td>

The payments made under division (D)(3) of this section each year shall be calculated based on all of the same prior year's data used to update the formula.

(4) In addition to funds paid under divisions (D)(2) and (3) of this section, a school district shall receive a rough road subsidy if both of the following apply:

(a) Its county rough road percentage is higher than the statewide rough road percentage, as those terms are defined in division (D)(5) of this section;

(b) Its district student density is lower than the statewide student density, as those terms are defined in that division.

(5) The rough road subsidy paid to each district meeting the qualifications of division (D)(4) of this section shall be calculated in accordance with the following formula:

\[(\text{per rough mile subsidy} \times \text{total rough road miles}) \times \text{density multiplier}\]

where:

(a) "Per rough mile subsidy" equals the amount calculated in accordance with the following formula:

\[0.75 - (0.75 \times [(\text{maximum rough road percentage} - \text{county rough road percentage})/(\text{maximum rough road percentage} - \text{statewide rough road percentage})])\]

(i) "Maximum rough road percentage" means the highest county rough road percentage in the state.
(ii) "County rough road percentage" equals the percentage of the mileage of state, municipal, county, and township roads that is rated by the department of transportation as type A, B, C, E2, or F in the county in which the school district is located or, if the district is located in more than one county, the county to which it is assigned for purposes of determining its cost-of-doing-business factor.

(iii) "Statewide rough road percentage" means the percentage of the statewide total mileage of state, municipal, county, and township roads that is rated as type A, B, C, E2, or F by the department of transportation.

(b) "Total rough road miles" means a school district's total bus miles traveled in one year times its county rough road percentage.

(c) "Density multiplier" means a figure calculated in accordance with the following formula:

\[
1 - \left(\frac{\text{minimum student density} - \text{district student density}}{\text{minimum student density} - \text{statewide student density}}\right)
\]

(i) "Minimum student density" means the lowest district student density in the state.

(ii) "District student density" means a school district's transportation base divided by the number of square miles in the district.

(iii) "Statewide student density" means the sum of the transportation bases for all school districts divided by the sum of the square miles in all school districts.

(6) In addition to funds paid under divisions (D)(2) to (5) of this section, each district shall receive in accordance with rules adopted by the state board of education a payment for students transported by means other than board-owned or contractor-operated buses and whose transportation is not funded under division (G) of section 3317.024 of the Revised Code. The rules shall include provisions for school district reporting of such students.

(E)(1) The department shall compute and distribute state vocational education additional weighted costs funds to each school district in accordance with the following formula:

\[
\text{state share percentage} \times \frac{\text{the formula amount}}{\text{total vocational education weight}}
\]

In any fiscal year, a school district receiving funds under division (E)(1) of this section shall spend those funds only for the purposes that the department designates as approved for vocational education expenses. Vocational educational expenses approved by the department shall include only expenses connected to the delivery of career-technical programming to
career-technical students. The department shall require the school district to report data annually so that the department may monitor the district's compliance with the requirements regarding the manner in which funding received under division (E)(1) of this section may be spent.

(2) The department shall compute for each school district state funds for vocational education associated services in accordance with the following formula:

\[
\text{state share percentage } \times 0.05 \times \text{the formula amount} \times \text{the sum of categories one and two vocational education ADM}
\]

In any fiscal year, a school district receiving funds under division (E)(2) of this section, or through a transfer of funds pursuant to division (L) of section 3317.023 of the Revised Code, shall spend those funds only for the purposes that the department designates as approved for vocational education associated services expenses, which may include such purposes as apprenticeship coordinators, coordinators for other vocational education services, vocational evaluation, and other purposes designated by the department. The department may deny payment under division (E)(2) of this section to any district that the department determines is not operating those services or is using funds paid under division (E)(2) of this section, or through a transfer of funds pursuant to division (L) of section 3317.023 of the Revised Code, for other purposes.

(F) The actual local share in any fiscal year for the combination of special education and related services additional weighted costs funding calculated under division (C)(1) of this section, transportation funding calculated under divisions (D)(2) and (3) of this section, and vocational education and associated services additional weighted costs funding calculated under divisions (E)(1) and (2) of this section shall not exceed for any school district the product of three and three-tenths mills times the district's recognized valuation. The department annually shall pay each school district as an excess cost supplement any amount by which the sum of the district's attributed local shares for that funding exceeds that product. For purposes of calculating the excess cost supplement:

(1) The attributed local share for special education and related services additional weighted costs funding is the amount specified in division (C)(2) of this section.

(2) The attributed local share of transportation funding equals the difference of the total amount calculated for the district using the formula developed under division (D)(2) of this section minus the actual amount paid to the district after applying the percentage specified in division (D)(3) of this section.
(3) The attributed local share of vocational education and associated services additional weighted costs funding is the amount determined as follows:

\[(1 - \text{state share percentage}) \times \left( (\text{total vocational education weight} \times \text{the formula amount}) + \text{the payment under division (E)(2) of this section} \right)\]

Sec. 3317.023. (A) Notwithstanding section 3317.022 of the Revised Code, the The amounts required to be paid to a district under this chapter and Chapter 3306. of the Revised Code shall be adjusted by the amount of the computations made under divisions (B) to (N) of this section. The department of education shall not make payments or adjustments under divisions (B), (C), and (D) of this section for any fiscal year after fiscal year 2009.

As used in this section:

(1) "Classroom teacher" means a licensed employee who provides direct instruction to pupils, excluding teachers funded from money paid to the district from federal sources; educational service personnel; and vocational and special education teachers.

(2) "Educational service personnel" shall not include such specialists funded from money paid to the district from federal sources or assigned full-time to vocational or special education students and classes and may only include those persons employed in the eight specialist areas in a pattern approved by the department of education under guidelines established by the state board of education.

(3) "Annual salary" means the annual base salary stated in the state minimum salary schedule for the performance of the teacher's regular teaching duties that the teacher earns for services rendered for the first full week of October of the fiscal year for which the adjustment is made under division (C) of this section. It shall not include any salary payments for supplemental teachers contracts.

(4) "Regular student population" means the formula ADM plus the number of students reported as enrolled in the district pursuant to division (A)(1) of section 3313.981 of the Revised Code; minus the number of students reported under division (A)(2) of section 3317.03 of the Revised Code; minus the FTE of students reported under division (B)(6), (7), (8), (9), (10), (11), or (12) of that section who are enrolled in a vocational education class or receiving special education; and minus twenty per cent of the students enrolled concurrently in a joint vocational school district.

(B) If the district employs less than one full-time equivalent classroom teacher for each twenty-five pupils in the regular student population in any school district, deduct the sum of the amounts obtained from the following computations:

1. Divide the number of the district's full-time equivalent classroom teachers employed by one twenty-fifth;
2. Subtract the quotient in (1) from the district's regular student population;
3. Multiply the difference in (2) by seven hundred fifty-two dollars.

(C) If a positive amount, add one-half of the amount obtained by multiplying the number of full-time equivalent classroom teachers by:

1. The mean annual salary of all full-time equivalent classroom teachers employed by the district at their respective training and experience levels minus;
2. The mean annual salary of all such teachers at their respective levels in all school districts receiving payments under this section.

The number of full-time equivalent classroom teachers used in this computation shall not exceed one twenty-fifth of the district's regular student population. In calculating the district's mean salary under this division, those full-time equivalent classroom teachers with the highest training level shall be counted first, those with the next highest training level second, and so on, in descending order. Within the respective training levels, teachers with the highest years of service shall be counted first, the next highest years of service second, and so on, in descending order.

(D) This division does not apply to a school district that has entered into an agreement under division (A) of section 3313.42 of the Revised Code. Deduct the amount obtained from the following computations if the district employs fewer than five full-time equivalent educational service personnel, including elementary school art, music, and physical education teachers, counselors, librarians, visiting teachers, school social workers, and school nurses for each one thousand pupils in the regular student population:
(1) Divide the number of full-time equivalent educational service personnel employed by the district by five one-thousandths;

(3) Multiply the difference in (2) by ninety-four dollars.

(E) If a local school district, or a city or exempted village school district to which a governing board of an educational service center provides services pursuant to section 3313.843 of the Revised Code, deduct the amount of the payment required for the reimbursement of the governing board under section 3317.11 of the Revised Code.

(F)(1) If the district is required to pay to or entitled to receive tuition from another school district under division (C)(2) or (3) of section 3313.64 or section 3313.65 of the Revised Code, or if the superintendent of public instruction is required to determine the correct amount of tuition and make a deduction or credit under section 3317.08 of the Revised Code, deduct and credit such amounts as provided in division (J) of section 3313.64 or section 3317.08 of the Revised Code.

(2) For each child for whom the district is responsible for tuition or payment under division (A)(1) of section 3317.082 or section 3323.091 of the Revised Code, deduct the amount of tuition or payment for which the district is responsible.

(G) If the district has been certified by the superintendent of public instruction under section 3313.90 of the Revised Code as not in compliance with the requirements of that section, deduct an amount equal to ten per cent of the amount computed for the district under section 3317.022 Chapter 3306 of the Revised Code.

(I)(1) If the district is a party to an agreement entered into under division (D), (E), or (F) of section 3311.06 or division (B) of section 3311.24 of the Revised Code and is obligated to make payments to another district under such an agreement, deduct an amount equal to such payments if the district school board notifies the department in writing that it wishes to have such payments deducted.

(2) If the district is entitled to receive payments from another district that has notified the department to deduct such payments under division (I)(1) of this section, add the amount of such payments.

(J) If the district is required to pay an amount of funds to a cooperative
education district pursuant to a provision described by division (B)(4) of section 3311.52 or division (B)(8) of section 3311.521 of the Revised Code, deduct such amounts as provided under that provision and credit those amounts to the cooperative education district for payment to the district under division (B)(1) of section 3317.19 of the Revised Code.

(K)(1) If a district is educating a student entitled to attend school in another district pursuant to a shared education contract, compact, or cooperative education agreement other than an agreement entered into pursuant to section 3313.842 of the Revised Code, credit to that educating district on an FTE basis both of the following:

(L)(1) If a district, including a joint vocational school district, is a lead district of a VEPD, credit to that district the amounts calculated for all the school districts within that VEPD pursuant to division (E)(2) of section 3317.022 of the Revised Code.

(2) Deduct from each appropriate district that is not a lead district, the amount attributable to that district that is credited to a lead district under division (L)(1) of this section.

(M) If the department pays a joint vocational school district under division (G)(4) of section 3317.16 of the Revised Code for excess costs of providing special education and related services to a student with a disability, as calculated under division (G)(2) of that section, the department shall deduct the amount of that payment from the city, local, or exempted village school district that is responsible as specified in that section for the excess costs.

(N)(1) If the district reports an amount of excess cost for special
education services for a child under division (C) of section 3323.14 of the Revised Code, the department shall pay that amount to the district.

(2) If the district reports an amount of excess cost for special education services for a child under division (C) of section 3323.14 of the Revised Code, the department shall deduct that amount from the district of residence of that child.

No district or service center is eligible to receive a payment under this division for the cost of transporting any pupil whom it transports by regular school bus and who is included in the district's transportation ADM. The state board of education shall establish standards and guidelines for use by the department of education in determining the approved cost of such transportation for each district or service center.

Sec. 3317.025. On or before the first day of June of each year, the tax commissioner shall certify the following information to the department of education and the office of budget and management, for each school district in which the value of the property described under division (A) of this section exceeds one per cent of the taxable value of all real and tangible personal property in the district or in which is located tangible personal property designed for use or used in strip mining operations, whose taxable
value exceeds five million dollars, and the taxes upon which the district is precluded from collecting by virtue of legal proceedings to determine the value of such property:

(A) The total taxable value of all property in the district owned by a public utility or railroad that has filed a petition for reorganization under the "Bankruptcy Act," 47 Stat. 1474 (1898), 11 U.S.C. 205, as amended, and all tangible personal property in the district designed for use or used in strip mining operations whose taxable value exceeds five million dollars upon which have not been paid in full on or before the first day of April of that calendar year all real and tangible personal property taxes levied for the preceding calendar year and which the district was precluded from collecting by virtue of proceedings under section 205 of said act or by virtue of legal proceedings to determine the tax liability of such strip mining equipment;

(B) The percentage of the total operating taxes charged and payable for school district purposes levied against such valuation for the preceding calendar year that have not been paid by such date;

(C) The product obtained by multiplying the value certified under division (A) of this section by the percentage certified under division (B) of this section. If the value certified under division (A) of this section includes taxable property owned by a public utility or railroad that has filed a petition for reorganization under the bankruptcy act, the amount used in making the calculation under this division shall be reduced by one per cent of the total value of all real and tangible personal property in the district or the value of the utility's or railroad's property, whichever is less.

Upon receipt of the certification, the department shall recompute the payments required under section 3317.022, Chapter 3306, of the Revised Code in the manner the payments would have been computed if:

(1) The amount certified under division (C) of this section was not subject to taxation by the district and was not included in the certification made under division (A)(1), (A)(2), or (D) of section 3317.021 of the Revised Code.

(2) The amount of taxes charged and payable and unpaid and used to make the computation under division (B) of this section had not been levied and had not been used in the computation required by division (B) of section 3317.021 of the Revised Code. The department shall pay the district that amount in the ensuing fiscal year in lieu of the amounts computed under section 3317.022, Chapter 3306, of the Revised Code.

If a school district received a grant from the catastrophic expenditures account pursuant to division (C) of section 3316.20 of the Revised Code on
the basis of the same circumstances for which a recomputation is made under this section, the amount of the recomputation shall be reduced and transferred in accordance with division (C) of section 3316.20 of the Revised Code.

(2) The department shall verify whether the district has such uncollectable taxes from such a corporation, and if the district does, shall immediately request the tax commissioner to certify the district's total taxes charged and payable in the preceding calendar year, and the tax commissioner shall certify that information to the department within thirty days after receiving the request. For the purposes of this section, taxes are payable in the calendar year that includes the day prescribed by law for their payment, including any lawful extension thereof.

(C) Upon receiving the certification from the tax commissioner, the department shall determine whether the amount of uncollectable taxes from the corporation equals at least one per cent of the total taxes charged and
payable as certified by the tax commissioner. If it does, the department shall
compute the district's effective value and shall recompute the basic state aid
payable to the district for the current fiscal year using the effective value in
lieu of the total taxable value used to compute the basic state aid for the
current fiscal year. The difference between the basic state aid amount
originally computed for the district for the current fiscal year and the
recomputed amount shall be paid to the district from the lottery profits
education fund before the end of the current fiscal year.

(D) Except as provided in division (E) of this section, amounts received
by a school district under division (C) of this section shall be repaid to the

fraction, the numerator of which is the total taxes charged and payable for
that year against the residential/agricultural real property subject to taxation
in the district, exclusive of the uncollected taxes for that year on all real
property subject to taxation in the district, and the denominator of which is
the total taxes charged and payable for that year against the residential/agricultural real property subject to taxation in the district.

(7) "Effective nonresidential/agricultural real property value" means, for a tax year, the amount obtained by multiplying the value for that year of nonresidential/agricultural real property subject to taxation in the district by a fraction, the numerator of which is the total taxes charged and payable for that year against the nonresidential/agricultural real property subject to taxation in the district, exclusive of the uncollected taxes for that year on all real property subject to taxation in the district, and the denominator of which is the total taxes charged and payable for that year against the nonresidential/agricultural real property subject to taxation in the district.

(11) "Total taxes charged and payable" has the same meaning given "taxes charged and payable" in section 3317.02 of the Revised Code.

(B)(1) By the first day of August of any calendar year, a school district shall notify the department of education if it has any uncollected taxes from one port authority for the second preceding tax year whose taxes charged and payable represent at least one-half of one per cent of the district's total taxes charged and payable for that tax year.

(2) The department shall verify whether the district has such uncollected taxes by the first day of September, and if the district does, shall immediately request the county auditor of each county in which the school district has territory to certify the following information concerning the district's property values and taxes for the second preceding tax year, and each such auditor shall certify that information to the department within
thirty days of receiving the request:

(a) The value of the property subject to taxation in the district that was
classified as nonresidential/agricultural real property pursuant to section
5713.041 of the Revised Code, and the taxes charged and payable on that
property; and

(b) The value of the property subject to taxation in the district that was
classified as residential/agricultural real property under section 5713.041 of
the Revised Code.

(C) By the fifteenth day of November, the department shall compute the
district's effective nonresidential/agricultural real property value, effective
residential/agricultural real property value, effective personal value, and
effective value, and shall determine whether the school district's effective
value for the second preceding tax year is at least one per cent less than its
total value for that year certified under divisions (A)(1) and (2) of section
3317.021 of the Revised Code. If it is, the department shall recompute the
basic state aid payable to the district for the immediately preceding fiscal
year using the effective value in lieu of the amounts previously certified
under section 3317.021 of the Revised Code. The difference between the
original basic state aid amount computed for the district for the preceding
fiscal year and the recomputed amount shall be paid to the district from the
lottery profits education fund before the end of the current fiscal year.

(D) Except as provided in division (E) of this section, amounts received
by a school district under division (C) of this section shall be repaid to the
department of education in any future year to the extent the district receives
payments of uncollectable taxes in such future year. The department shall
notify a district of any amount owed under this division.

(E) If a school district received a grant from the catastrophic
expenditures account pursuant to division (C) of section 3316.20 of the
Revised Code on the basis of the same circumstances for which a
recomputation is made under this section, the amount of the recomputation
shall be reduced and transferred in accordance with division (C) of section
3316.20 of the Revised Code.

Sec. 3317.021. (A) As used in this section:

(1) "Total taxes charged and payable for current expenses" means the
sum of the:

of section 3317.021 of the Revised Code less any amounts reported under
division (A)(3)(b) of that section; and the; plus

(b) The tax distribution for the preceding year under any school district
income tax levied by the district pursuant to Chapter 5748. of the Revised
Code to the extent the revenue from the income tax is allocated or apportioned to current expenses 
excluding the amount allocated or apportioned for the project cost, debt service, or maintenance set-aside 
associated with a state-assisted classroom facilities project as authorized by section 3318.052 of the Revised Code.

(2) "Charge-off amount" means two and three-tenths per cent multiplied by (the sum of recognized valuation and property exemption value).

Beginning in fiscal year 2003, the "actual local share of special education, transportation, and vocational education funding" means that sum minus the amount of any excess cost supplement payment calculated for the district under division (F) of section 3317.022 of the Revised Code.

(B) Upon receiving the certifications under section 3317.021 of the Revised Code, the department of education shall determine for each city, local, and exempted village school district whether the district's charge-off amount is greater than the district's total taxes charged and payable for current expenses, and if the charge-off amount is greater, shall pay the district the amount of the difference. A payment shall not be made to any school district for which the computation under division (A) of section 3317.022 of the Revised Code equals zero.

(C)(1) If a district's charge-off amount is equal to or greater than its total taxes charged and payable for current expenses, the department shall, in addition to the payment required under division (B) of this section, pay the district the amount of its actual local share of special education, transportation, and vocational education funding.

(2) If a district's charge-off amount is less than its total taxes charged and payable for current expenses, the department shall pay the district any amount by which its actual local share of special education, transportation, and vocational education funding exceeds its total taxes charged and payable for current expenses minus its charge-off amount.

(D) If a school district that received a payment under division (B) or (C) of this section in the prior fiscal year is ineligible for payment under those divisions in the current fiscal year, the department shall determine if the ineligibility is the result of a property tax or income tax levy approved by the district's voters to take effect in tax year 2005 or thereafter. If the department determines that is the case, and calculates that the levy causing the ineligibility exceeded by at least one mill the equivalent millage of the
prior year's payment under divisions (B) and (C) of this section, the department shall make a payment to the district for the first three years that the district loses eligibility for payment under divisions (B) and (C) of this section, as follows:

1. In the first year of ineligibility, the department shall pay the district seventy-five per cent of the amount it last paid the district under divisions (B) and (C) of this section.
2. In the second year of ineligibility, the department shall pay the district fifty per cent of the amount it last paid the district under those divisions.
3. In the third year of ineligibility, the department shall pay the district twenty-five per cent of the amount it last paid the district under those divisions.

(E) A district that receives payment under division (D) of this section and subsequently qualifies for payment under division (B) or (C) of this section is ineligible for future payments under division (D) of this section.

(F) To enable the department of education to make the determinations and to calculate payments under division (D) of this section, on March 30, 2006, and on or before the first day of March of each year thereafter, the department shall send to the tax commissioner a list of school districts receiving payments under division (B) or (C) of this section for the current fiscal year. On or before the first day of the following June, the tax commissioner shall certify to the department of education for those school districts the information required by division (A)(8) of section 3317.021 of the Revised Code.

The information certified and verified under this section shall be used to calculate payments under this chapter and Chapter 3306. of the Revised Code.

(A) The superintendent of each city, local, and exempted village school district and of each educational service center shall, for the schools under the superintendent's supervision, certify to the state board of education on or before the fifteenth day of October in each year for the first full school week in October the average daily membership of students receiving services from schools under the superintendent's supervision, and the numbers of other students entitled to attend school in the district under section 3313.64 or 3313.65 of the Revised Code the superintendent is required to report under this section, so that the department of education can calculate the

(2) To enable the department of education to obtain the data needed to complete the calculation of payments pursuant to this chapter, in addition to the formula ADM, each superintendent shall report separately the average daily membership included in the report under division (D)(1) of this section for each of the following categories of students for the same week for which formula ADM is certified:

(a) Students enrolled in each individual grade included in the joint vocational district schools;

(E) In each school of each city, local, exempted village, joint vocational, and cooperative education school district there shall be maintained a record of school membership, which record shall accurately show, for each day the school is in session, the actual membership enrolled in regular day classes. For the purpose of determining average daily membership, the membership figure of any school shall not include any pupils except those pupils described by division (A) of this section. The record of membership for each school shall be maintained in such manner that no pupil shall be counted as in membership prior to the actual date of entry in the school and also in such manner that where for any cause a pupil permanently withdraws from the school that pupil shall not be counted as in membership from and after the date of such withdrawal. There shall not be included in the membership of any school any of the following:

1. Any pupil who has graduated from the twelfth grade of a public or nonpublic high school;
2. Any pupil who is not a resident of the state;

If, however, any veteran described by division (E)(4) of this section elects to enroll in special courses organized for veterans for whom tuition is paid under the provisions of federal laws, or otherwise, that veteran shall not be included in average daily membership.

Notwithstanding division (E)(3) of this section, the membership of any school may include a pupil who did not take a test an assessment required by section 3301.0711 of the Revised Code if the superintendent of public instruction grants a waiver from the requirement to take the test assessment to the specific pupil and a parent is not paying tuition for the pupil pursuant to section 3313.6410 of the Revised Code. The superintendent may grant such a waiver only for good cause in accordance with rules adopted by the state board of education.

Except as provided in divisions (B)(2) and (F) of this section, the average daily membership figure of any local, city, exempted village, or joint vocational school district shall be determined by dividing the figure representing the sum of the number of pupils enrolled during each day the school of attendance is actually open for instruction during the week for which the formula ADM average daily membership is being certified by the total number of days the school was actually open for instruction during that week. For purposes of state funding, "enrolled" persons are only those pupils who are attending school, those who have attended school during the current school year and are absent for authorized reasons, and those children with disabilities currently receiving home instruction.

The average daily membership figure of any cooperative education school district shall be determined in accordance with rules adopted by the state board of education.

(F)(1) If the formula ADM for the first full school week in February is at least three per cent greater than that certified for the first full school week in the preceding October, the superintendent of schools of any city, exempted village, or joint vocational school district or educational service
center shall certify such increase to the superintendent of public instruction. Such certification shall be submitted no later than the fifteenth day of February. For the balance of the fiscal year, beginning with the February payments, the superintendent of public instruction shall use the increased formula ADM in calculating or recalculating the amounts to be allocated in accordance with section 3317.022 or 3317.16 of the Revised Code. In no event shall the superintendent use an increased membership certified to the superintendent after the fifteenth day of February. Division (F)(1) of this section does not apply after fiscal year 2006.

(2) If on the first school day of April the total number of classes or units for preschool children with disabilities that are eligible for approval under division (B) of section 3317.05 of the Revised Code exceeds the number of units that have been approved for the year under that division, the superintendent of schools of any city, exempted village, or cooperative education school district or educational service center shall make the certifications required by this section for that day. If the department determines additional units can be approved for the fiscal year within any limitations set forth in the acts appropriating moneys for the funding of such units, the department shall approve additional units for the fiscal year on the basis of such average daily membership. For each unit so approved, the department shall pay an amount computed in the manner prescribed in section 3317.052 or 3317.19 and section 3317.053 of the Revised Code.

(3) If a student attending a community school under Chapter 3314. or a science, technology, engineering, and mathematics school established under Chapter 3326. of the Revised Code is not included in the formula ADM certified for the school district in which the student is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code, the department of education shall adjust the formula ADM of that school district to include the student in accordance with division (C)(2) of this section, and shall recalculate the school district's payments under this chapter and Chapter 3306. of the Revised Code for the entire fiscal year on the basis of that adjusted formula ADM. This requirement applies regardless of whether the student was enrolled, as defined in division (E) of this section, in the community school or the science, technology, engineering, and mathematics school during the week for which the formula ADM is being certified.

(4) If a student awarded an educational choice scholarship is not included in the formula ADM of the school district from which the department deducts funds for the scholarship under section 3310.08 of the Revised Code, the department shall adjust the formula ADM of that school district to include the student to the extent necessary to account for the
deduction, and shall recalculate the school district's payments under this chapter and Chapter 3306. of the Revised Code for the entire fiscal year on the basis of that adjusted formula ADM. This requirement applies regardless of whether the student was enrolled, as defined in division (E) of this section, in the chartered nonpublic school, the school district, or a community school during the week for which the formula ADM is being certified.

(G)(1)(a) The superintendent of an institution operating a special education program pursuant to section 3323.091 of the Revised Code shall, for the programs under such superintendent's supervision, certify to the state board of education, in the manner prescribed by the superintendent of public instruction, both of the following:

(i) The average daily membership of all children with disabilities other than preschool children with disabilities receiving services at the institution for each category of disability described in divisions (A) to (F)(D)(1) to (6) of section 3317.043 3306.02 of the Revised Code;

(ii) The average daily membership of all preschool children with disabilities in classes or programs approved annually by the department of education for unit funding under section 3317.05 of the Revised Code.

(b) The superintendent of an institution with vocational education units approved under division (A) of section 3317.05 of the Revised Code shall, for the units under the superintendent's supervision, certify to the state board of education the average daily membership in those units, in the manner prescribed by the superintendent of public instruction.

(2) The superintendent of each county MR/DD board that maintains special education classes under section 3317.20 of the Revised Code or units approved pursuant to section 3317.05 of the Revised Code shall do both of the following:

(a) Certify to the state board, in the manner prescribed by the board, the average daily membership in classes under section 3317.20 of the Revised Code for each school district that has placed children in the classes;

(b) Certify to the state board, in the manner prescribed by the board, the number of all preschool children with disabilities enrolled as of the first day of December in classes eligible for approval under division (B) of section 3317.05 of the Revised Code, and the number of those classes.

(3)(a) If on the first school day of April the number of classes or units maintained for preschool children with disabilities by the county MR/DD board that are eligible for approval under division (B) of section 3317.05 of the Revised Code is greater than the number of units approved for the year under that division, the superintendent shall make the certification required
by this section for that day.

(b) If the department determines that additional classes or units can be approved for the fiscal year within any limitations set forth in the acts appropriating moneys for the funding of the classes and units described in division (G)(3)(a) of this section, the department shall approve and fund additional units for the fiscal year on the basis of such average daily membership. For each unit so approved, the department shall pay an amount computed in the manner prescribed in sections 3317.052 and 3317.053 of the Revised Code.

(H) Except as provided in division (I) of this section, when any city, local, or exempted village school district provides instruction for a nonresident pupil whose attendance is unauthorized attendance as defined in section 3327.06 of the Revised Code, that pupil's membership shall not be included in that district's membership figure used in the calculation of that district's formula ADM or included in the determination of any unit approved for the district under section 3317.05 of the Revised Code. The reporting official shall report separately the average daily membership of all pupils whose attendance in the district is unauthorized attendance, and the membership of each such pupil shall be credited to the school district in which the pupil is entitled to attend school under division (B) of section 3313.64 or section 3313.65 of the Revised Code as determined by the department of education.

(I)(1) A city, local, exempted village, or joint vocational school district admitting a scholarship student of a pilot project district pursuant to division (C) of section 3313.976 of the Revised Code may count such student in its average daily membership.

(2) In any year for which funds are appropriated for pilot project scholarship programs, a school district implementing a state-sponsored pilot project scholarship program that year pursuant to sections 3313.974 to 3313.979 of the Revised Code may count in average daily membership:

(a) All children residing in the district and utilizing a scholarship to attend kindergarten in any alternative school, as defined in section 3313.974 of the Revised Code;

(b) All children who were enrolled in the district in the preceding year who are utilizing a scholarship to attend any such alternative school.

(J) The superintendent of each cooperative education school district shall certify to the superintendent of public instruction, in a manner prescribed by the state board of education, the applicable average daily memberships for all students in the cooperative education district, also indicating the city, local, or exempted village district where each pupil is
entitled to attend school under section 3313.64 or 3313.65 of the Revised Code.

(K) If the superintendent of public instruction determines that a component of the formula ADM average daily membership certified or reported by a district superintendent, or other reporting entity, is not correct, the superintendent of public instruction may order that the formula ADM used for the purposes of payments under any section of Title XXXIII of the Revised Code be adjusted in the amount of the error.

Sec. 3317.031. A membership record shall be kept by grade level in each city, local, exempted village, joint vocational, and cooperative education school district and such a record shall be kept by grade level in each educational service center that provides academic instruction to pupils, classes for pupils with disabilities, or any other direct instructional services to pupils. Such membership record shall show the following information for each pupil enrolled: Name, date of birth, name of parent, date entered school, date withdrawn from school, days present, days absent, and the number of days school was open for instruction while the pupil was enrolled. At the end of the school year this membership record shall show the total days present, the total days absent, and the total days due for all pupils in each grade. Such membership record shall show the pupils that are transported to and from school and it shall also show the pupils that are transported living within one mile of the school attended. This membership record shall also show any other information prescribed by the state board of education.

This membership record shall be kept intact for at least five years and shall be made available to the state board of education or its representative in making an audit of the average daily membership or the transportation of the district or educational service center. The membership records of local school districts shall be filed at the close of each school year in the office of the educational service center superintendent.

The state board of education may withhold any money due any school district or educational service center under sections 3317.022 to 3317.0211, 3317.11, 3317.16, 3317.17, or 3317.19 this chapter and Chapter 3306 of the Revised Code until it has satisfactory evidence that the board of education or educational service center governing board has fully complied with all of the provisions of this section.

Nothing in this section shall require any person to release, or to permit access to, public school records in violation of section 3319.321 of the Revised Code.

Sec. 3317.04. The amount paid to school districts in each fiscal year
under Chapter Chapters 3306. and 3317. of the Revised Code shall not be less than the following:

(A) In the case of a district created under section 3311.26 or 3311.37 of the Revised Code, the amount paid shall not be less, in any of the three succeeding fiscal years following the creation, than the sum of the amounts allocated under Chapter Chapters 3306. and 3317. of the Revised Code to the districts separately in the year of the creation.

(B) In the case of a school district which is transferred to another school district or districts, pursuant to section 3311.22, 3311.231, or 3311.38 of the Revised Code, the amount paid to the district accepting the transferred territory shall not be less, in any of the three succeeding fiscal years following the transfer, than the sum of the amounts allocated under Chapter Chapters 3306. and 3317. of the Revised Code to the districts separately in the year of the consummation of the transfer.

Notwithstanding sections 3311.22, 3311.231, 3311.26, 3311.37, and 3311.38 of the Revised Code, the minimum guarantees prescribed by divisions (A) and (B) of this section shall not affect the amount of aid received by a school district for more than three consecutive years.

Sec. 3317.061. The superintendent of each school district, including each cooperative education and joint vocational school district and the superintendent of each educational service center, shall, on forms prescribed and furnished by the state board of education, certify to the state board of education, on or before the fifteenth day of October of each year, the name of each licensed employee employed, on an annual salary, in each school under such superintendent's supervision during the first full school week of said month of October, the number of years of recognized college training such licensed employee has completed, the college degrees from a recognized college earned by such licensed employee, the type of teaching license held by such licensed employee, the number of months such licensed employee is employed in the school district, the annual salary of such licensed employee, and such other information as the state board of education may request. For the purposes of Chapter Chapters 3306. and 3317. of the Revised Code, a licensed employee is any employee in a position that requires a license issued pursuant to sections 3319.22 to 3319.31 of the Revised Code.

Pursuant to standards adopted by the state board of education, experience of vocational teachers in trade and industry shall be recognized by such board for the purpose of complying with the requirements of recognized college training provided by Chapter Chapters 3306. and 3317. of the Revised Code.
Sec. 3317.063. The superintendent of public instruction, in accordance with rules adopted by the department of education, shall annually reimburse each chartered nonpublic school for the actual mandated service administrative and clerical costs incurred by such school during the preceding school year in preparing, maintaining, and filing reports, forms, and records, and in providing such other administrative and clerical services that are not an integral part of the teaching process as may be required by state law or rule or by requirements duly promulgated by city, exempted village, or local school districts. The mandated service costs reimbursed pursuant to this section shall include, but are not limited to, the preparation, filing and maintenance of forms, reports, or records and other clerical and administrative services relating to state chartering or approval of the nonpublic school, pupil attendance, pupil health and health testing, transportation of pupils, federally funded education programs, pupil appraisal, pupil progress, educator licensure, unemployment and workers' compensation, transfer of pupils, and such other education related data which are now or hereafter shall be required of such nonpublic school by state law or rule, or by requirements of the state department of education, other state agencies, or city, exempted village, or local school districts.

The reimbursement required by this section shall be for school years beginning on or after July 1, 1981.

Each nonpublic school which seeks reimbursement pursuant to this section shall submit to the superintendent of public instruction an application together with such additional reports and documents as the department of education may require. Such application, reports, and documents shall contain such information as the department of education may prescribe in order to carry out the purposes of this section. No payment shall be made until the superintendent of public instruction has approved such application.

Each nonpublic school which applies for reimbursement pursuant to this section shall maintain a separate account or system of accounts for the expenses incurred in rendering the required services for which reimbursement is sought. Such accounts shall contain such information as is required by the department of education and shall be maintained in accordance with rules adopted by the department of education.

Reimbursement payments to a nonpublic school pursuant to this section shall not exceed an amount for each school year equal to three hundred twenty-five dollars per pupil enrolled in that nonpublic school.

The superintendent of public instruction may, from time to time, examine any and all accounts and records of a nonpublic school which have
been maintained pursuant to this section in support of an application for reimbursement, for the purpose of determining the costs to such school of rendering the services for which reimbursement is sought. If after such audit it is determined that any school has received funds in excess of the actual cost of providing such services, said school shall immediately reimburse the state in such excess amount.

Any payments made to chartered nonpublic schools under this section may be disbursed without submission to and approval of the controlling board.

Sec. 3317.08. A board of education may admit to its schools a child it is not required by section 3313.64 or 3313.65 of the Revised Code to admit, if tuition is paid for the child.

Unless otherwise provided by law, tuition shall be computed in accordance with this section. A district's tuition charge for a school year shall be one of the following:

(A) For any child, except a preschool child with a disability described in division (B) of this section, the quotient obtained by dividing the sum of the amounts described in divisions (A)(1) and (2) of this section by the district's formula ADM.

(1) The district's total taxes charged and payable for current expenses for the tax year preceding the tax year in which the school year begins as certified under division (A)(3) of section 3317.021 of the Revised Code.

(2) The district's total taxes collected for current expenses under a school district income tax adopted pursuant to section 5748.03 or 5748.08 of the Revised Code that are disbursed to the district during the fiscal year, excluding any income tax receipts allocated for the project cost, debt service, or maintenance set-aside associated with a state-assisted classroom facilities project as authorized by section 3318.052 of the Revised Code. On or before the first day of June of each year, the tax commissioner shall certify the amount to be used in the calculation under this division for the next fiscal year to the department of education and the office of budget and management for each city, local, and exempted village school district that levies a school district income tax.

(B) For any preschool child with a disability not included in a unit approved under division (B) of section 3317.05 of the Revised Code, an amount computed for the school year as follows:

(1) For each type of special education service provided to the child for whom tuition is being calculated, determine the amount of the district's operating expenses in providing that type of service to all preschool children with disabilities not included in units approved under division (B) of section
3317.05 of the Revised Code;

(2) For each type of special education service for which operating expenses are determined under division (B)(1) of this section, determine the amount of such operating expenses that was paid from any state funds received under this chapter;

(3) For each type of special education service for which operating expenses are determined under division (B)(1) of this section, divide the difference between the amount determined under division (B)(1) of this section and the amount determined under division (B)(2) of this section by the total number of preschool children with disabilities not included in units approved under division (B) of section 3317.05 of the Revised Code who received that type of service;

(4) Determine the sum of the quotients obtained under division (B)(3) of this section for all types of special education services provided to the child for whom tuition is being calculated.

The state board of education shall adopt rules defining the types of special education services and specifying the operating expenses to be used in the computation under this section.

If any child for whom a tuition charge is computed under this section for any school year is enrolled in a district for only part of that school year, the amount of the district's tuition charge for the child for the school year shall be computed in proportion to the number of school days the child is enrolled in the district during the school year.

Except as otherwise provided in division (J) of section 3313.64 of the Revised Code, whenever a district admits a child to its schools for whom tuition computed in accordance with this section is an obligation of another school district, the amount of the tuition shall be certified by the treasurer of the board of education of the district of attendance, to the board of education of the district required to pay tuition for its approval and payment. If agreement as to the amount payable or the district required to pay the tuition cannot be reached, or the board of education of the district required to pay the tuition refuses to pay that amount, the board of education of the district of attendance shall notify the superintendent of public instruction. The superintendent shall determine the correct amount and the district required to pay the tuition and shall deduct that amount, if any, under division (G) of section 3317.023 of the Revised Code, from the district required to pay the tuition and add that amount to the amount allocated to the district attended under such division. The superintendent of public instruction shall send to the district required to pay the tuition an itemized statement showing such deductions at the time of such deduction.
When a political subdivision owns and operates an airport, welfare, or correctional institution or other project or facility outside its corporate limits, the territory within which the facility is located is exempt from taxation by the school district within which such territory is located, and there are school age children residing within such territory, the political subdivision owning such tax exempt territory shall pay tuition to the district in which such children attend school. The tuition for these children shall be computed as provided for in this section.

Sec. 3317.081. (A) Tuition shall be computed in accordance with this section if:

1. The tuition is required by division (C)(3)(b) of section 3313.64 of the Revised Code; or
2. Neither the child nor the child's parent resides in this state and tuition is required by section 3327.06 of the Revised Code.

(B) Tuition computed in accordance with this section shall equal the attendance district's tuition rate computed under section 3317.08 of the Revised Code plus the amount that district would have received for the child pursuant to Chapter 3306, and sections 3317.022, 3317.023, and 3317.025 to 3317.0211 of the Revised Code during the school year had the attendance district been authorized to count the child in its formula ADM for that school year under section 3317.03 of the Revised Code.

Sec. 3317.082. As used in this section, "institution" means a residential facility that receives and cares for children maintained by the department of youth services and that operates a school chartered by the state board of education under section 3301.16 of the Revised Code.

(A) On or before the thirty-first day of each January and July, the superintendent of each institution that during the six-month period immediately preceding each January or July provided an elementary or secondary education for any child, other than a child receiving special education under section 3323.091 of the Revised Code, shall prepare and submit to the department of education, a statement for each such child indicating the child's name, any school district responsible to pay tuition for the child as determined by the superintendent in accordance with division (C)(2) or (3) of section 3313.64 of the Revised Code, and the period of time during that six-month period that the child received an elementary or secondary education. If any school district is responsible to pay tuition for any such child, the department of education, no later than the immediately succeeding last day of February or August, as applicable, shall calculate the amount of the tuition of the district under section 3317.08 of the Revised Code for the period of time indicated on the statement and do one of the
following:

(1) If the tuition amount is equal to or less than the amount of state basic aid funds payable to the district under sections 3317.022 and Chapter 3306, and section 3317.023 of the Revised Code, pay to the institution submitting the statement an amount equal to the tuition amount, as provided under division (M) of section 3317.024 of the Revised Code, and deduct the tuition amount from the state basic aid funds payable to the district, as provided under division (F)(2) of section 3317.023 of the Revised Code;

(2) If the tuition amount is greater than the amount of state basic aid funds payable to the district under sections 3317.022 and Chapter 3306, and section 3317.023 of the Revised Code, require the district to pay to the institution submitting the statement an amount equal to the tuition amount.

(B) In the case of any disagreement about the school district responsible to pay tuition for a child pursuant to this section, the superintendent of public instruction shall make the determination in any such case in accordance with division (C)(2) or (3) of section 3313.64 of the Revised Code.

Sec. 3317.12. Any board of education participating in funds distributed under Chapter 3306. and 3317. of the Revised Code shall annually adopt a salary schedule for nonteaching school employees based upon training, experience, and qualifications with initial salaries no less than the salaries in effect on October 13, 1967. Each board of education shall prepare and may amend from time to time, specifications descriptive of duties, responsibilities, requirements, and desirable qualifications of the classifications of employees required to perform the duties specified in the salary schedule. All nonteaching school employees are to be notified of the position classification to which they are assigned and the salary for the classification. The compensation of all employees working for a particular school board shall be uniform for like positions except as compensation would be affected by salary increments based upon length of service.

On the fifteenth day of October each year the salary schedule and the list of job classifications and salaries in effect on that date shall be filed by each board of education with the superintendent of public instruction. If such salary schedule and classification plan is not filed the superintendent of public instruction shall order the board to file such schedules forthwith. If this condition is not corrected within ten days after receipt of the order from the superintendent of public instruction, no money shall be distributed to the district under Chapter 3306. and 3317. of the Revised Code until the superintendent has satisfactory evidence of the board of education's full compliance with such order.
Sec. 3317.16. (A) As used in this section:

(1) "State share percentage" means the percentage calculated for a joint vocational school district as follows:

(a) Calculate the state base cost funding amount for the district under division (B) of this section. If the district would not receive any base cost funding for that year under that division, the district's state share percentage is zero.

(b) If the district would receive base cost funding under that division, divide that base cost amount by an amount equal to the following:

\[
\text{formula amount} \times \frac{\text{formula ADM}}{\text{total recognized valuation}}
\]

The resultant number is the district's state share percentage.

(2) The "total special education weight" for a joint vocational school district shall be calculated in the same manner as prescribed in division (B)(1) of section 3317.022 of the Revised Code.

(3) The "total vocational education weight" for a joint vocational school district shall be calculated in the same manner as prescribed in division (B)(4) of section 3317.022 of the Revised Code.

(4) The "total recognized valuation" of a joint vocational school district shall be determined by adding the recognized valuations of all its constituent school districts that were subject to the joint vocational school district's tax levies for both the current and preceding tax years.

(5) "Resident district" means the city, local, or exempted village school district in which a student is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code.

(6) "Community school" means a community school established under Chapter 3314. of the Revised Code.

(B) The department of education shall compute and distribute state base cost funding to each joint vocational school district for the fiscal year in accordance with the following formula:

\[
\text{(formula amount x formula ADM)} - (.0005 \times \text{total recognized valuation})
\]

If the difference obtained under this division is a negative number, the district's computation shall be zero.

(C)(1) The department shall compute and distribute state vocational education additional weighted costs funds to each joint vocational school district in accordance with the following formula:

\[
\text{state share percentage x formula amount x total vocational education weight}
\]

In each fiscal year, a joint vocational school district receiving funds...
under division (C)(1) of this section shall spend those funds only for the purposes the department designates as approved for vocational education expenses. Vocational educational expenses approved by the department shall include only expenses connected to the delivery of career-technical programming to career-technical students. The department shall require the joint vocational school district to report data annually so that the department may monitor the district's compliance with the requirements regarding the manner in which funding received under division (C)(1) of this section may be spent.

(2) The department shall compute for each joint vocational school district state funds for vocational education associated services costs in accordance with the following formula:

\[
\text{state share percentage} \times 0.05 \times \text{the formula amount} \times \text{the sum of categories one and two vocational education ADM}
\]

In any fiscal year, a joint vocational school district receiving funds under division (C)(2) of this section, or through a transfer of funds pursuant to division (L) of section 3317.023 of the Revised Code, shall spend those funds only for the purposes that the department designates as approved for vocational education associated services expenses, which may include such purposes as apprenticeship coordinators, coordinators for other vocational education services, vocational evaluation, and other purposes designated by the department. The department may deny payment under division (C)(2) of this section to any district that the department determines is not operating those services or is using funds paid under division (C)(2) of this section, or through a transfer of funds pursuant to division (L) of section 3317.023 of the Revised Code, for other purposes.

(D)(1) The department shall compute and distribute state special education and related services additional weighted costs funds to each joint vocational school district in accordance with the following formula:

\[
\text{state share percentage} \times \text{formula amount} \times \text{total special education weight}
\]

(D)(2) (a) As used in this division, the "personnel allowance" means thirty thousand dollars in fiscal years 2008 and 2009.

(b) For the provision of speech language pathology services to students, including students who do not have individualized education programs prepared for them under Chapter 3323. of the Revised Code, and for no other purpose, the department shall pay each joint vocational school district an amount calculated under the following formula:
(formula ADM divided by 2000) X the personnel allowance X state share percentage

(3) In any fiscal year, a joint vocational school district shall spend for purposes that the department designates as approved for special education and related services expenses at least the amount calculated as follows:

(formula amount X
the sum of categories one through
six special education ADM) +
(formula amount)

The purposes approved by the department for special education expenses shall include, but shall not be limited to, compliance with state rules governing the education of children with disabilities, providing services identified in a student's individualized education program as defined in section 3323.01 of the Revised Code, provision of speech language pathology services, and the portion of the district's overall administrative and overhead costs that are attributable to the district's special education student population.

The department shall require joint vocational school districts to report data annually to allow for monitoring compliance with division (D)(3) of this section. The department shall annually report to the governor and the general assembly the amount of money spent by each joint vocational school district for special education and related services.

(4) In any fiscal year, a joint vocational school district shall spend for the provision of speech language pathology services not less than the sum of the amount calculated under division (D)(1) of this section for the students in the district's category one special education ADM and the amount calculated under division (D)(2) of this section.

(E)(1) If a joint vocational school district's costs for a fiscal year for a student in its categories two through six special education ADM exceed the threshold catastrophic cost for serving the student, as specified in division (C)(3)(b) of section 3317.022 of the Revised Code, the district may submit to the superintendent of public instruction documentation, as prescribed by the superintendent, of all of its costs for that student. Upon submission of documentation for a student of the type and in the manner prescribed, the department shall pay to the district an amount equal to the sum of the following:

(a) One-half of the district's costs for the student in excess of the threshold catastrophic cost;
(b) The product of one-half of the district's costs for the student in
excess of the threshold catastrophic cost multiplied by the district's state share percentage.

(2) The district shall only report under division (E)(1) of this section, and the department shall only pay for, the costs of educational expenses and the related services provided to the student in accordance with the student's individualized education program. Any legal fees, court costs, or other costs associated with any cause of action relating to the student may not be included in the amount.

(F) Each fiscal year, the department shall pay each joint vocational school district an amount for adult technical and vocational education and specialized consultants.

(G)(1) A joint vocational school district's local share of special education and related services additional weighted costs equals:

\[
(1 - \text{state share percentage}) \times \text{Total special education weight} \times \text{the formula amount}
\]

(2) For each student with a disability receiving special education and related services under an individualized education program, as defined in section 3323.01 of the Revised Code, at a joint vocational district, the resident district or, if the student is enrolled in a community school, the community school shall be responsible for the amount of any costs of providing those special education and related services to that student that exceed the sum of the amount calculated for those services attributable to that student under divisions (B), (D), (E), and (G)(1) of this section.

Those excess costs shall be calculated by subtracting the sum of the following from the actual cost to provide special education and related services to the student:

(a) The formula amount;
(b) The product of the formula amount times the applicable multiple specified in section 3317.013 of the Revised Code;
(c) Any funds paid under division (E) of this section for the student;
(d) Any other funds received by the joint vocational school district under this chapter to provide special education and related services to the student, not including the amount calculated under division (G)(2) of this section.

(3) The board of education of the joint vocational school district may report the excess costs calculated under division (G)(2) of this section to the department of education.

(4) If the board of education of the joint vocational school district reports excess costs under division (G)(3) of this section, the department
shall pay the amount of excess cost calculated under division (G)(2) of this section to the joint vocational school district and shall deduct that amount as provided in division (G)(4)(a) or (b) of this section, as applicable:

(a) If the student is not enrolled in a community school, the department shall deduct the amount from the account of the student's resident district pursuant to division (M) of section 3317.023 of the Revised Code.

(b) If the student is enrolled in a community school, the department shall deduct the amount from the account of the community school pursuant to section 3314.083 of the Revised Code.

Sec. 3317.18. (A) As used in this section, the terms "Chapter 133. securities," "credit enhancement facilities," "debt charges," "general obligation," "legislation," "public obligations," and "securities" have the same meanings as in section 133.01 of the Revised Code.

(B) The board of education of any school district authorizing the issuance of securities under section 133.10, 133.301, or 3313.372 of the Revised Code or general obligation Chapter 133. securities may adopt legislation requesting the state department of education to approve, and enter into an agreement with the school district and the primary paying agent or fiscal agent for such securities providing for, the withholding and deposit of funds, otherwise due the district under Chapter 3306. and 3317. of the Revised Code, for the payment of debt service charges on such securities.

The board of education shall deliver to the state department a copy of such resolution and any additional pertinent information the state department may require.

The department of education and the office of budget and management shall evaluate each request received from a school district under this section and the department, with the advice and consent of the director of budget and management, shall approve or deny each request based on all of the following:

1) Whether approval of the request will enhance the marketability of the securities for which the request is made;

2) Any other pertinent factors or limitations established in rules made under division (I) of this section, including:

(a) Current and projected obligations of funds due to the requesting school district under Chapter 3306. and 3317. of the Revised Code including obligations of those funds to public obligations or relevant credit enhancement facilities under this section, Chapter 133. and section 3313.483 of the Revised Code, and under any other similar provisions of law;

(b) Whether the department of education or the office of budget and
management has any reason to believe the requesting school district will be unable to pay when due the debt charges on the securities for which the request is made.

The department may require a school district to establish schedules for the payment of all debt charges that take into account the amount and timing of anticipated distributions of funds to the district under Chapter 3317. of the Revised Code.

(C) If the department approves the request of a school district to withhold and deposit funds pursuant to this section, the department shall enter into a written agreement with the district and the primary paying agent or fiscal agent for the securities which shall provide for the withholding of funds pursuant to this section for the payment of debt charges on those securities, and may include both of the following:

(1) Provisions for certification by the district to the department, at a time prior to any date for the payment of applicable debt charges, whether the district is able to pay those debt charges when due;

(2) Requirements that the district deposit amounts for the payment of debt charges on the securities with the primary paying agent or fiscal agent for the securities prior to the date on which those debt charge payments are due to the owners or holders of the securities.

(D) Whenever a district notifies the department of education that it will be unable to pay debt charges when they are due, subject to the withholding provisions of this section, or whenever the applicable paying agent or fiscal agent notifies the department that it has not timely received from a school district the full amount needed for the payment when due of those debt charges to the holders or owners of such securities, the department shall immediately contact the school district and the paying agent or fiscal agent to confirm or determine whether the district is unable to make the required payment by the date on which it is due.

Upon demand of the treasurer of state while holding a school district obligation purchased under division (G)(1) of section 135.143 of the Revised Code, the state department of education, without a request of the school district, shall withhold and deposit funds pursuant to this section for payment of debt service charges on that obligation.

If the department confirms or determines that the district will be unable to make such payment and payment will not be made pursuant to a credit enhancement facility, the department shall promptly pay to the applicable primary paying agent or fiscal agent the lesser of the amount due for debt charges or the amount due the district for the remainder of the fiscal year under Chapter 3317. of the Revised Code. If this amount is insufficient to
pay the total amount then due the agent for the payment of debt charges, the department shall pay to the agent each fiscal year thereafter, and until the full amount due the agent for unpaid debt charges is paid in full, the lesser of the remaining amount due the agent for debt charges or the amount due the district for the fiscal year under Chapter 3317. of the Revised Code.

(E) The state department may make any payments under this division by direct deposit of funds by electronic transfer.

Any amount received by a paying agent or fiscal agent under this section shall be applied only to the payment of debt charges on the securities of the school district subject to this section or to the reimbursement to the provider of a credit enhancement facility that has paid such debt charges.

(F) To the extent a school district whose securities are subject to this section is unable to pay applicable debt charges because of the failure to collect property taxes levied for the payment of those debt charges, the district may transfer to or deposit into any fund that would have received payments under Chapter 3306. or 3317. of the Revised Code that were withheld under this section any such delinquent property taxes when later collected, provided that transfer or deposit shall be limited to the amounts withheld from that fund under this section.

(G) The department may make payments under this section to paying agents or fiscal agents only from and to the extent that money is appropriated by the general assembly for Chapter 3317. of the Revised Code or for the purposes of this section. No securities of a school district to which this section is made applicable constitute an obligation or a debt or a pledge of the faith, credit, or taxing power of the state, and the holders or owners of such securities have no right to have taxes levied or appropriations made by the general assembly for the payment of debt charges on those securities, and those securities, if the department requires, shall contain a statement to that effect. The agreement for or the actual withholding and payment of moneys under this section does not constitute the assumption by the state of any debt of a school district.

(H) In the case of securities subject to the withholding provisions of this section, the issuing board of education shall appoint a paying agent or fiscal agent who is not an officer or employee of the school district.

(I) The department of education, with the advice of the office of budget and management, may adopt reasonable rules not inconsistent with this section for the implementation of this section and division (B) of section 133.25 of the Revised Code as it relates to the withholding and depositing of payments under Chapter 3306. and 3317. of the Revised Code to secure payment of debt charges on school district securities. Those rules
shall include criteria for the evaluation and approval or denial of school
district requests for withholding under this section and limits on the
obligation for the purpose of paying debt charges or reimbursing credit
elevation facilities of funds otherwise to be paid to school districts under
Chapter 3317. of the Revised Code.

(J) The authority granted by this section is in addition to and not a
limitation on any other authorizations granted by or pursuant to law for the
same or similar purposes.

Sec. 3317.20. This section does not apply to preschool children with
disabilities.

(A) As used in this section:

(1) "Applicable weight" means the multiple specified in section
3317.013 3306.11 of the Revised Code for a disability described in that
section.

(2) "Child's school district" means the school district in which a child is
entitled to attend school pursuant to section 3313.64 or 3313.65 of the
Revised Code.

(3) "State share percentage" means the state share percentage of
the child's school district as defined in section 3317.022 of the Revised Code.

(B) Except as provided in division (C) of this section, the department
shall annually pay each county MR/DD board for each child with a
disability, other than a preschool child with a disability, for whom the
county MR/DD board provides special education and related services an
amount equal to the formula amount + (state share percentage X formula
amount X the applicable weight).

(C) If any school district places with a county MR/DD board more
children with disabilities than it had placed with a county MR/DD board in
fiscal year 1998, the department shall not make a payment under division
(B) of this section for the number of children exceeding the number placed
in fiscal year 1998. The department instead shall deduct from the district's
payments under this chapter and Chapter 3306. of the Revised Code, and
pay to the county MR/DD board, an amount calculated in accordance with
the formula prescribed in division (B) of this section for each child over the
number of children placed in fiscal year 1998.

(D) The department shall calculate for each county MR/DD board
receiving payments under divisions (B) and (C) of this section the following
amounts:

(1) The amount received by the county MR/DD board for approved
special education and related services units, other than units for preschool
children with disabilities, in fiscal year 1998, divided by the total number of
children served in the units that year;

(2) The product of the quotient calculated under division (D)(1) of this section times the number of children for whom payments are made under divisions (B) and (C) of this section.

If the amount calculated under division (D)(2) of this section is greater than the total amount calculated under divisions (B) and (C) of this section, the department shall pay the county MR/DD board one hundred per cent of the difference in addition to the payments under divisions (B) and (C) of this section.

(E) Each county MR/DD board shall report to the department, in the manner specified by the department, the name of each child for whom the county MR/DD board provides special education and related services and the child's school district.

(F)(1) For the purpose of verifying the accuracy of the payments under this section, the department may request from either of the following entities the data verification code assigned under division (D)(2) of section 3301.0714 of the Revised Code to any child who is placed with a county MR/DD board:

(a) The child's school district;
(b) The independent contractor engaged to create and maintain data verification codes.

(2) Upon a request by the department under division (F)(1) of this section for the data verification code of a child, the child's school district shall submit that code to the department in the manner specified by the department. If the child has not been assigned a code, the district shall assign a code to that child and submit the code to the department by a date specified by the department. If the district does not assign a code to the child by the specified date, the department shall assign a code to the child.

The department annually shall submit to each school district the name and data verification code of each child residing in the district for whom the department has assigned a code under this division.

(3) The department shall not release any data verification code that it receives under division (F) of this section to any person except as provided by law.

(G) Any document relative to special education and related services provided by a county MR/DD board that the department holds in its files that contains both a student's name or other personally identifiable information and the student's data verification code shall not be a public record under section 149.43 of the Revised Code.

Sec. 3317.201. This section does not apply to preschool children with
disabilities.

(A) As used in this section, the "total special education weight" for an institution means the sum of the following amounts:

(1) The number of children reported by the institution under division (G)(1)(a)(i) of section 3317.03 of the Revised Code as receiving services for a disability described in division (A)(D)(1) of section 3317.013 3306.02 of the Revised Code multiplied by the multiple specified in that division;

(2) The number of children reported by the institution under division (G)(1)(a)(i) of section 3317.03 of the Revised Code as receiving services for a disability described in division (B)(D)(2) of section 3317.013 3306.02 of the Revised Code multiplied by the multiple specified in that division;

(3) The number of children reported by the institution under division (G)(1)(a)(i) of section 3317.03 of the Revised Code as receiving services for a disability described in division (C)(D)(3) of section 3317.013 3306.02 of the Revised Code multiplied by the multiple specified in that division;

(4) The number of children reported by the institution under division (G)(1)(a)(i) of section 3317.03 of the Revised Code as receiving services for a disability described in division (D)(4) of section 3317.013 3306.02 of the Revised Code multiplied by the multiple specified in that division;

(5) The number of children reported by the institution under division (G)(1)(a)(i) of section 3317.03 of the Revised Code as receiving services for a disability described in division (E)(D)(5) of section 3317.013 3306.02 of the Revised Code multiplied by the multiple specified in that division;

(6) The number of children reported by the institution under division (G)(1)(a)(i) of section 3317.03 of the Revised Code as receiving services for a disability described in division (F)(D)(6) of section 3317.013 3306.02 of the Revised Code multiplied by the multiple specified in that division.

(B) For each fiscal year, the department of education shall pay each state institution required to provide special education services under division (A) of section 3323.091 of the Revised Code an amount equal to the greater of:

(1) The formula amount times the institution's total special education weight;

(2) The aggregate amount of special education and related services unit funding the institution received for all children with disabilities other than preschool children with disabilities in fiscal year 2005 under sections 3317.052 and 3317.053 of the Revised Code, as those sections existed prior to June 30, 2005.

Sec. 3318.011. For purposes of providing assistance under sections 3318.01 to 3318.20 of the Revised Code, the department of education shall
annually do all of the following:

(A) Calculate the adjusted valuation per pupil of each city, local, and exempted village school district according to the following formula:

The district's valuation per pupil - [$30,000 X (1 - the district's income factor)].

For purposes of this calculation:

(1) Except for a district with an open enrollment net gain that is ten per cent or more of its formula ADM, "valuation per pupil" for a district means its average taxable value, divided by its formula ADM for the previous fiscal year. "Valuation per pupil," for a district with an open enrollment net gain that is ten per cent or more of its formula ADM, means its average taxable value, divided by the sum of its formula ADM for the previous fiscal year plus its open enrollment net gain for the previous fiscal year.

(2) "Average Except for a tangible personal property phase-out impacted district, "average taxable value" means the average of the sum of the amounts certified for a district under divisions (A)(1) and (2) of section 3317.021 of the Revised Code in the second, third, and fourth preceding fiscal years under divisions (A)(1) and (2) of section 3317.021 of the Revised Code. For a tangible personal property phase-out impacted district, "average taxable value" means the average of the sum of the amounts certified for the district under division (A)(1) and as public utility personal property under division (A)(2) of section 3317.021 of the Revised Code in the second, third, and fourth preceding fiscal years.

(3) "Entitled to attend school" means entitled to attend school in a city, local, or exempted village school district under section 3313.64 or 3313.65 of the Revised Code.

(4) "Formula ADM" and "income factor" have the same meanings as in section 3317.02 of the Revised Code.

(5) "Native student" has the same meaning as in section 3313.98 of the Revised Code.

(6) "Open enrollment net gain" for a district means (a) the number of the students entitled to attend school in another district but who are enrolled in the schools of the district under its open enrollment policy minus (b) the number of the district's native students who are enrolled in the schools of another district under the other district's open enrollment policy, both numbers as certified to the department under section 3313.981 of the Revised Code. If the difference is a negative number, the district's "open enrollment net gain" is zero.

(7) "Open enrollment policy" means an interdistrict open enrollment policy adopted under section 3313.98 of the Revised Code.
(8) "Tangible personal property phase-out impacted district" means a school district for which the taxable value of its tangible personal property certified under division (A)(2) of section 3317.021 of the Revised Code for tax year 2005, excluding the taxable value of public utility personal property, made up twenty per cent or more of its total taxable value for tax year 2005 as certified under that section.

(B) Calculate for each district the three-year average of the adjusted valuations per pupil calculated for the district for the current and two preceding fiscal years;

(C) Rank all such districts in order of adjusted valuation per pupil from the district with the lowest three-year average adjusted valuation per pupil to the district with the highest three-year average adjusted valuation per pupil;

(D) Divide such ranking into percentiles with the first percentile containing the one per cent of school districts having the lowest three-year average adjusted valuations per pupil and the one-hundredth percentile containing the one per cent of school districts having the highest three-year average adjusted valuations per pupil;

(E) Determine the school districts that have three-year average adjusted valuations per pupil that are greater than the median three-year average adjusted valuation per pupil for all school districts in the state;

(F) On or before the first day of September, certify the information described in divisions (A) to (E) of this section to the Ohio school facilities commission.

Sec. 3318.051. (A) Any city, exempted village, or local school district that commences a project under sections 3318.01 to 3318.20, 3318.36, 3318.37, or 3318.38 of the Revised Code on or after the effective date of this section September 5, 2006, need not levy the tax otherwise required under division (B) of section 3318.05 of the Revised Code, if the district board of education adopts a resolution petitioning the Ohio school facilities commission to approve the transfer of money in accordance with this section and the commission approves that transfer. If so approved, the commission and the district board shall enter into an agreement under which the board, in each of twenty-three consecutive years beginning in the year in which the board and the commission enter into the project agreement under section 3318.08 of the Revised Code, shall transfer into the maintenance fund required by division (D) of section 3318.05 of the Revised Code not less than an amount equal to one-half mill for each dollar of the district's valuation unless and until the agreement to make those transfers is rescinded by the district board pursuant to division (F) of this section.

(B) On the first day of July each year, or on an alternative date
prescribed by the commission, the district treasurer shall certify to the commission and the auditor of state that the amount required for the year has been transferred. The auditor of state shall include verification of the transfer as part of any audit of the district under section 117.11 of the Revised Code. If the auditor of state finds that less than the required amount has been deposited into a district's maintenance fund, the auditor of state shall notify the district board of education in writing of that fact and require the board to deposit into the fund, within ninety days after the date of the notice, the amount by which the fund is deficient for the year. If the district board fails to demonstrate to the auditor of state's satisfaction that the board has made the deposit required in the notice, the auditor of state shall notify the department of education. At that time, the department shall withhold an amount equal to ten per cent of the district's funds calculated for the current fiscal year under Chapters 3306. and 3317. of the Revised Code until the auditor of state notifies the department that the auditor of state is satisfied that the board has made the required transfer.

(C) Money transferred to the maintenance fund shall be used for the maintenance of the facilities acquired under the district's project.

(D) The transfers to the maintenance fund under this section does not affect a district's obligation to establish and maintain a capital and maintenance fund under section 3315.18 of the Revised Code.

(E) Any decision by the commission to approve or not approve the transfer of money under this section is final and not subject to appeal. The commission shall not be responsible for errors or miscalculations made in deciding whether to approve a petition to make transfers under this section.

(F) If the district board determines that it no longer can continue making the transfers agreed to under this section, the board may rescind the agreement only so long as the electors of the district have approved, in accordance with section 3318.063 of the Revised Code, the levy of a tax for the maintenance of the classroom facilities acquired under the district's project and that levy continues to be collected as approved by the electors. That levy shall be for a number of years that is equal to the difference between twenty-three years and the number of years that the district made transfers under this section and shall be at the rate of not less than one-half mill for each dollar of the district's valuation. The district board shall continue to make the transfers agreed to under this section until that levy has been approved by the electors.

Sec. 3318.061. This section applies only to school districts eligible to receive additional assistance under division (B)(2) of section 3318.04 of the Revised Code.
3318.38 of the Revised Code.

The board of education of a school district in which a tax described by division (B) of section 3318.05 and levied under section 3318.06 of the Revised Code is in effect, may adopt a resolution by vote of a majority of its members to extend the term of that tax beyond the expiration of that tax as originally approved under that section. The school district board may include in the resolution a proposal to extend the term of that tax at the rate of not less than one-half mill for each dollar of valuation for a period of twenty-three years from the year in which the school district board and the Ohio school facilities commission enter into an agreement under division (B)(2) of section 3318.04 of the Revised Code or in the following year, as specified in the resolution or, as applicable in the case of a district segmenting a project under section 3318.38 of the Revised Code, from the year in which the last segment is undertaken. Such a resolution may be adopted at any time before such an agreement is entered into and before the tax levied pursuant to section 3318.06 of the Revised Code expires. If the resolution is combined with a resolution to issue bonds to pay the school district's portion of the basic project cost, it shall conform with the requirements of divisions (A)(1), (2), and (3) of section 3318.06 of the Revised Code, except that the resolution also shall state that the tax levy proposed in the resolution is an extension of an existing tax levied under that section. A resolution proposing an extension adopted under this section does not take effect until it is approved by a majority of electors voting in favor of the resolution at a general, primary, or special election as provided in this section.

A tax levy extended under this section is subject to the same terms and limitations to which the original tax levied under section 3318.06 of the Revised Code is subject under that section, except the term of the extension shall be as specified in this section.

The school district board shall certify a copy of the resolution adopted under this section to the proper county board of elections not later than seventy-five days before the date set in the resolution as the date of the election at which the question will be submitted to electors. The notice of the election shall conform with the requirements of division (A)(3) of section 3318.06 of the Revised Code, except that the notice also shall state that the maintenance tax levy is an extension of an existing tax levy.

The form of the ballot shall be as follows:

"Shall the existing tax levied to pay the cost of maintaining classroom facilities constructed with the proceeds of the previously issued bonds at the rate of ........... (here insert the number of mills, which shall not be less than
one-half mill) mills per dollar of tax valuation, be extended until ....... (here insert the year that is twenty-three years after the year in which the district and commission will enter into an agreement under division (B)(2) of section 3318.04 of the Revised Code or the following year)?

| FOR EXTENDING THE EXISTING TAX LEVY |
| AGAINST EXTENDING THE EXISTING TAX LEVY |

Section 3318.07 of the Revised Code applies to ballot questions under this section.

Sec. 3318.312. At the request of the superintendent of public instruction, the executive director of the Ohio school facilities commission shall advise the superintendent of demands upon and other issues related to existing classroom facilities that may arise due to new operating requirements specified in the rules adopted under section 3306.25 of the Revised Code establishing expenditure and reporting standards for operating funds paid under Chapter 3306. of the Revised Code.

Sec. 3318.36. (A)(1) As used in this section:

(a) "Ohio school facilities commission," "classroom facilities," "school district," "school district board," "net bonded indebtedness," "required percentage of the basic project costs," "basic project cost," "valuation," and "percentile" have the same meanings as in section 3318.01 of the Revised Code.

(b) "Required level of indebtedness" means five per cent of the school district's valuation for the year preceding the year in which the commission and school district enter into an agreement under division (B) of this section, plus [two one-hundredths of one per cent multiplied by (the percentile in which the district ranks minus one)].

(c) "Local resources" means any moneys generated in any manner permitted for a school district board to raise the school district portion of a project undertaken with assistance under sections 3318.01 to 3318.20 of the Revised Code.

(2) For purposes of determining either the required level of indebtedness, as defined in division (A)(1)(b) of this section, or the required percentage of the basic project costs, under division (C)(1) of this section, and priority for assistance under sections 3318.01 to 3318.20 of the Revised Code, the percentile ranking of a school district with which the commission has entered into an agreement under this section between the first day of July and the thirty-first day of August in each fiscal year is the percentile ranking calculated for that district for the immediately preceding fiscal year,
and the percentile ranking of a school district with which the commission has entered into such agreement between the first day of September and the thirtieth day of June in each fiscal year is the percentile ranking calculated for that district for the current fiscal year.

(B)(1) There is hereby established the school building assistance expedited local partnership program. Under the program, the Ohio school facilities commission may enter into an agreement with the school district board of any school district under which the school district board may proceed with the new construction or major repairs of a part of the school district's classroom facilities needs, as determined under sections 3318.01 to 3318.20 of the Revised Code, through the expenditure of local resources prior to the school district's eligibility for state assistance under those sections 3318.01 to 3318.20 of the Revised Code and may apply that expenditure toward meeting the school district's portion of the basic project cost of the total of the school district's classroom facilities needs, as determined under sections 3318.01 to 3318.20 of the Revised Code and as recalculated under division (E) of this section, that are eligible for state assistance under sections 3318.01 to 3318.20 of the Revised Code when the school district becomes eligible for such state that assistance. Any school district that is reasonably expected to receive assistance under sections 3318.01 to 3318.20 of the Revised Code within two fiscal years from the date the school district adopts its resolution under division (B) of this section shall not be eligible to participate in the program established under this section.

(2) To participate in the program, a school district board shall first adopt a resolution certifying to the commission the board's intent to participate in the program.

The resolution shall specify the approximate date that the board intends to seek elector approval of any bond or tax measures or to apply other local resources to use to pay the cost of classroom facilities to be constructed under this section. The resolution may specify the application of local resources or elector-approved bond or tax measures after the resolution is adopted by the board, and in such case the board may proceed with a discrete portion of its project under this section as soon as the commission and the controlling board have approved the basic project cost of the district's classroom facilities needs as specified in division (D) of this section. The board shall submit its resolution to the commission not later than ten days after the date the resolution is adopted by the board.

The commission shall not consider any resolution that is submitted pursuant to division (B)(2) of this section, as amended by this amendment,
sooner than September 14, 2000.

(3) For purposes of determining when a district that enters into an agreement under this section becomes eligible for assistance under sections 3318.01 to 3318.20 of the Revised Code, the commission shall use the district's percentile ranking determined at the time the district entered into the agreement under this section, as prescribed by division (A)(2) of this section.

(4) Any project under this section shall comply with section 3318.03 of the Revised Code and with any specifications for plans and materials for classroom facilities adopted by the commission under section 3318.04 of the Revised Code.

(4)(5) If a school district that enters into an agreement under this section has not begun a project applying local resources as provided for under that agreement at the time the district is notified by the commission that it is eligible to receive state assistance under sections 3318.01 to 3318.20 of the Revised Code, all assessment and agreement documents entered into under this section are void.

(5)(6) Only construction of or repairs to classroom facilities that have been approved by the commission and have been therefore included as part of a district's basic project cost qualify for application of local resources under this section.

(C) Based on the results of the on-site visits and assessment conducted under division (B)(2) of this section, the commission shall determine the basic project cost of the school district's classroom facilities needs. The commission shall determine the school district's portion of such basic project cost, which shall be the greater of:

(1) The required percentage of the basic project costs, determined based on the school district's percentile ranking;

(2) An amount necessary to raise the school district's net bonded indebtedness, as of the fiscal year the commission and the school district enter into the agreement under division (B) of this section, to within five thousand dollars of the required level of indebtedness.

(D)(1) When the commission determines the basic project cost of the classroom facilities needs of a school district and the school district's portion of that basic project cost under division (C) of this section, the project shall be conditionally approved. Such conditional approval shall be submitted to the controlling board for approval thereof. The controlling board shall forthwith approve or reject the commission's determination, conditional approval, and the amount of the state's portion of the basic project cost; however, no state funds shall be encumbered under this section. Upon
approval by the controlling board, the school district board may identify a
discrete part of its classroom facilities needs, which shall include only new
construction of or additions or major repairs to a particular building, to
address with local resources. Upon identifying a part of the school district's
basic project cost to address with local resources, the school district board
may allocate any available school district moneys to pay the cost of that
identified part, including the proceeds of an issuance of bonds if approved
by the electors of the school district.

All local resources utilized under this division shall first be deposited in
the project construction account required under section 3318.08 of the
Revised Code.

(2) Unless the school district board exercises its option under division
(D)(3) of this section, for a school district to qualify for participation in the
program authorized under this section, one of the following conditions shall
be satisfied:

(a) The electors of the school district by a majority vote shall approve
the levy of taxes outside the ten-mill limitation for a period of twenty-three
years at the rate of not less than one-half mill for each dollar of valuation to
be used to pay the cost of maintaining the classroom facilities included in
the basic project cost as determined by the commission. The form of the
ballot to be used to submit the question whether to approve the tax required
under this division to the electors of the school district shall be the form for
an additional levy of taxes prescribed in section 3318.361 of the Revised
Code, which may be combined in a single ballot question with the questions
prescribed under section 5705.218 of the Revised Code.

(b) As authorized under division (C) of section 3318.05 of the Revised
Code, the school district board shall earmark from the proceeds of a
permanent improvement tax levied under section 5705.21 of the Revised
Code, an amount equivalent to the additional tax otherwise required under
division (D)(2)(a) of this section for the maintenance of the classroom
facilities included in the basic project cost as determined by the commission.

(c) As authorized under section 3318.051 of the Revised Code, the
school district board shall, if approved by the commission, annually transfer
into the maintenance fund required under section 3318.05 of the Revised
Code the amount prescribed in section 3318.051 of the Revised Code in lieu
of the tax otherwise required under division (D)(2)(a) of this section for the
maintenance of the classroom facilities included in the basic project cost as
determined by the commission.

(d) If the school district board has rescinded the agreement to make
transfers under section 3318.051 of the Revised Code, as provided under
division (F) of that section, the electors of the school district, in accordance with section 3318.063 of the Revised Code, first shall approve the levy of taxes outside the ten-mill limitation for the period specified in that section at a rate of not less than one-half mill for each dollar of valuation.

(e) The school district board shall apply the proceeds of a tax to leverage bonds as authorized under section 3318.052 of the Revised Code or dedicate a local donated contribution in the manner described in division (B) of section 3318.084 of the Revised Code in an amount equivalent to the additional tax otherwise required under division (D)(2)(a) of this section for the maintenance of the classroom facilities included in the basic project cost as determined by the commission.

(3) A school district board may opt to delay taking any of the actions described in division (D)(2) of this section until such time as the school district becomes eligible for state assistance under sections 3318.01 to 3318.20 of the Revised Code. In order to exercise this option, the board shall certify to the commission a resolution indicating the board’s intent to do so prior to entering into an agreement under division (B) of this section.

(4) If pursuant to division (D)(3) of this section a district board opts to delay levying an additional tax until the district becomes eligible for state assistance, it shall submit the question of levying that tax to the district electors as follows:

(a) In accordance with section 3318.06 of the Revised Code if it will also be necessary pursuant to division (E) of this section to submit a proposal for approval of a bond issue;

(b) In accordance with section 3318.361 of the Revised Code if it is not necessary to also submit a proposal for approval of a bond issue pursuant to division (E) of this section.

(5) No state assistance under sections 3318.01 to 3318.20 of the Revised Code shall be released until a school district board that adopts and certifies a resolution under division (D) of this section also demonstrates to the satisfaction of the commission compliance with the provisions of division (D)(2) of this section.

Any amount required for maintenance under division (D)(2) of this section shall be deposited into a separate fund as specified in division (B) of section 3318.05 of the Revised Code.

(E)(1) If the school district becomes eligible for state assistance under sections 3318.01 to 3318.20 of the Revised Code based on its percentile ranking as determined under division (B)(3) of this section, the commission shall conduct a new assessment of the school district’s classroom facilities needs and shall recalculate the basic project cost based on this
The basic project cost recalculated under this division shall include the amount of expenditures made by the school district board under division (D)(1) of this section. The commission shall then recalculate the school district's portion of the new basic project cost, which shall be the percentage of the original basic project cost assigned to the school district as its portion under division (C) of this section. The commission shall deduct the expenditure of school district moneys made under division (D)(1) of this section from the school district's portion of the basic project cost as recalculated under this division. If the amount of school district resources applied by the school district board to the school district's portion of the basic project cost under this section is less than the total amount of such portion as recalculated under this division, the school district board by a majority vote of all of its members shall, if it desires to seek state assistance under sections 3318.01 to 3318.20 of the Revised Code, adopt a resolution as specified in section 3318.06 of the Revised Code to submit to the electors of the school district the question of approval of a bond issue in order to pay any additional amount of school district portion required for state assistance. Any tax levy approved under division (D) of this section satisfies the requirements to levy the additional tax under section 3318.06 of the Revised Code.

(2) If the amount of school district resources applied by the school district board to the school district's portion of the basic project cost under this section is more than the total amount of such portion as recalculated under this division, within one year after the school district's portion is recalculated under division (E)(1) of this section the commission may grant to the school district the difference between the two calculated portions, but at no time shall the commission expend any state funds on a project in an amount greater than the state's portion of the basic project cost as recalculated under this division.

Any reimbursement under this division shall be only for local resources the school district has applied toward construction cost expenditures for the classroom facilities approved by the commission, which shall not include any financing costs associated with that construction.

The school district board shall use any moneys reimbursed to the district under this division to pay off any debt service the district owes for classroom facilities constructed under its project under this section before such moneys are applied to any other purpose. However, the district board first may deposit moneys reimbursed under this division into the district's general fund or a permanent improvement fund to replace local resources the district withdrew from those funds, as long as, and to the extent that,
those local resources were used by the district for constructing classroom facilities included in the district's basic project cost.

Sec. 3318.38. (A) As used in this section, "big-eight school district" has the same meaning as in section 3314.02 of the Revised Code.

(B) There is hereby established the accelerated urban school building assistance program. Under the program, notwithstanding section 3318.02 of the Revised Code, any big-eight school district that has not been approved to receive assistance under sections 3318.01 to 3318.20 of the Revised Code by July 1, 2002, may beginning on that date apply for approval of and be approved for such assistance. Except as otherwise provided in this section, any project approved and undertaken pursuant to this section shall comply with all provisions of sections 3318.01 to 3318.20 of the Revised Code.

The Ohio school facilities commission shall provide assistance to any big-eight school district eligible for assistance under this section in the following manner:

(1) Notwithstanding section 3318.02 of the Revised Code:
   (a) Not later than June 30, 2002, the commission shall conduct an on-site visit and shall assess the classroom facilities needs of each big-eight school district eligible for assistance under this section;
   (b) Beginning July 1, 2002, any big-eight school district eligible for assistance under this section may apply to the commission for conditional approval of its project as determined by the assessment conducted under division (B)(1)(a) of this section. The commission may conditionally approve that project and submit it to the controlling board for approval pursuant to section 3318.04 of the Revised Code.

(2) If the controlling board approves the project of a big-eight school district eligible for assistance under this section, the commission and the school district shall enter into an agreement as prescribed in section 3318.08 of the Revised Code. Any agreement executed pursuant to this division shall include any applicable segmentation provisions as approved by the commission under division (B)(3) of this section.

(3) Notwithstanding any provision to the contrary in sections 3318.05, 3318.06, and 3318.08 of the Revised Code, a big-eight school district eligible for assistance under this section may with the approval of the commission opt to divide the project as approved under division (B)(1)(b) of this section into discrete segments to be completed sequentially. Any project divided into segments shall comply with all other provisions of sections 3318.05, 3318.06, and 3318.08 of the Revised Code except as otherwise specified in this division.

If a project is divided into segments under this division:
(a) The school district need raise only the amount equal to its proportionate share, as determined under section 3318.032 of the Revised Code, of each segment at any one time and may seek voter approval of each segment separately;

(b) The state's proportionate share, as determined under section 3318.032 of the Revised Code, of only the segment which has been approved by the school district electors or for which the district has applied a local donated contribution under section 3318.084 of the Revised Code shall be encumbered in accordance with section 3318.11 of the Revised Code. Encumbrance of additional amounts to cover the state's proportionate share of later segments shall be approved separately as they are approved by the school district electors or as the district applies a local donated contribution to the segments under section 3318.084 of the Revised Code.

(c) If it is necessary to levy the additional tax for maintenance under division (B) of section 3318.05 of the Revised Code with respect to any segment of the project, the district may utilize the provisions of section 3318.061 of the Revised Code to ensure that the maintenance tax extends for twenty-three years after the last segment of the project is undertaken. The school district's maintenance levy requirement, as defined in section 3318.18 of the Revised Code, shall run for twenty-three years from the date the first segment is undertaken.

(4) For any project under this section, the state funds reserved and encumbered and the funds provided by the school district to pay the basic project cost of any segment of the project, or of the entire project if it is not divided into segments, shall be spent on the construction and acquisition of the project simultaneously in proportion to the state's and the school district's respective shares of that basic project cost as determined under section 3318.032 of the Revised Code.

Sec. 3318.44. (A) A joint vocational school district board of education may generate the school district's portion of the basic project cost of its project under sections 3318.40 to 3318.45 of the Revised Code using any combination of the following means if lawfully employed for the acquisition of classroom facilities:

(1) The issuance of securities in accordance with Chapter 133. and section 3311.20 of the Revised Code;

(2) Local donated contributions as authorized under section 3318.084 of the Revised Code;

(3) A levy for permanent improvements under section 3311.21 or 5705.21 of the Revised Code;

(4) Bonds issued pursuant to division (B) of this section.
(B) By resolution adopted by a majority of all its members, a school district board, in order to pay all or part of the school district's portion of its basic project cost, may apply the proceeds of a tax levied under section 5705.21 of the Revised Code for general permanent improvements if the proceeds of that levy lawfully may be used for general construction, renovation, repair, or maintenance of classroom facilities to leverage pay debt charges on and financing costs related to bonds adequate issued to pay all or part of the school district portion of the basic project cost of the school district's project under sections 3318.40 to 3318.45 of the Revised Code or to generate an amount equivalent to all or part of the amount required under section 3318.43 of the Revised Code to be used for maintenance of classroom facilities acquired under the project. Bonds issued under this division shall be Chapter 133. securities, and may be issued as general obligation securities, but the issuance of the bonds shall not be subject to a vote of the electors of the school district as long as the tax proceeds earmarked for payment of the service debt charges on the bonds may lawfully be used for that purpose. Such bonds shall not be included in the calculation of net indebtedness under section 133.06 of the Revised Code if the resolution authorizing their issuance includes covenants to appropriate annually, from lawfully available proceeds of a property tax levied under section 5705.21 of the Revised Code, and to continue to levy that tax in amounts necessary to pay the debt charges on and financing costs related to the bonds as they become due. No property tax levied under section 5705.21 of the Revised Code that is pledged, or that the school district has covenanted to levy, collect, and appropriate annually to pay the debt charges on and financing costs related to the bonds under this section may be repealed while those bonds are outstanding. If such a tax is reduced by electors of the district or by the board of education while the bonds are outstanding, the board of education shall continue to levy and collect the tax under the authority of the original election authorizing the tax at a rate in each year that the board reasonably estimates will produce an amount in that year equal to the debt charges on the bonds in that year.

No state moneys shall be released for a project to which this division applies until the proceeds of any bonds issued under this division that are dedicated for payment of the school district's portion of the basic project cost are first deposited into the school district's project construction fund.

(C) A school district board of education may adopt a resolution proposing that any of the following questions be combined with a question specified in section 3318.45 of the Revised Code:

(1) A bond issue question under section 133.18 of the Revised Code;
(2) A tax levy question under section 3311.21 of the Revised Code;
(3) A tax levy question under section 5705.21 of the Revised Code.

Any question described in divisions (C)(1) to (3) of this section that is combined with a question proposed under section 3318.45 of the Revised Code shall be for the purpose of either paying for any permanent improvement, as defined in section 133.01 of the Revised Code, or generating operating revenue specifically for the facilities acquired under the school district's project under Chapter 3318. of the Revised Code or for both to the extent such purposes are permitted by the sections of law under which each is proposed.

(D) The board of education of a joint vocational school district that receives assistance under this section may enter into an agreement for joint issuance of bonds as provided for in section 3318.085 of the Revised Code.

Sec. 3319.073. (A) The board of education of each city and exempted village school district and the governing board of each educational service center shall adopt or adapt the curriculum developed by the department of education for, or shall develop, in consultation with public or private agencies or persons involved in child abuse prevention or intervention programs, a program of in-service training for persons employed by any school district or service center to work in an elementary school as a nurse, teacher, counselor, school psychologist, or administrator in the prevention of child abuse, violence, and substance abuse and the promotion of positive youth development. Each person employed by any school district or service center to work in an elementary school as a nurse, teacher, counselor, school psychologist, or administrator shall complete at least four hours of the in-service training in the prevention of child abuse, violence, and substance abuse and the promotion of positive youth development within two years of commencing employment with the district or center, and every five years thereafter. A person who is employed by any school district or service center to work in an elementary school as a nurse, teacher, counselor, school psychologist, or administrator on the effective date of this amendment March 30, 2007, shall complete at least four hours of the in-service training required by this section within two years of the effective date of this amendment not later than March 30, 2009, and every five years thereafter. A person who is employed by any school district or service center to work in a middle or high school as a nurse, teacher, counselor, school psychologist, or administrator on the effective date of this amendment shall complete at least four hours of the in-service training not later than two years after the effective date of this amendment and every five years thereafter.
(B) Each board shall incorporate training in school safety and violence prevention into the in-service training required by division (A) of this section. For this purpose, the board shall adopt or adapt the curriculum developed by the department or shall develop its own curriculum in consultation with public or private agencies or persons involved in school safety and violence prevention programs.

Sec. 3319.08. (A) The board of education of each city, exempted village, local, and joint vocational school district and the governing board of each educational service center shall enter into written contracts for the employment and reemployment of all teachers. Contracts for the employment of teachers shall be of two types, limited contracts and continuing contracts. The board of each such school district or service center that authorizes compensation in addition to the base salary stated in the teachers' salary schedule for the performance of duties by a teacher that are in addition to the teacher's regular teaching duties, shall enter into a supplemental written contract with each teacher who is to perform additional duties. Such supplemental written contracts shall be limited contracts. Such written contracts and supplemental written contracts shall set forth the teacher's duties and shall specify the salaries and compensation to be paid for regular teaching duties and additional teaching duties, respectively, either or both of which may be increased but not diminished during the term for which the contract is made, except as provided in section 3319.12 of the Revised Code.

If a board adopts a motion or resolution to employ a teacher under a limited or continuing contract and the teacher accepts such employment, the failure of such parties to execute a written contract shall not void such employment contract.

(B) Teachers must be paid for all time lost when the schools in which they are employed are closed due to an epidemic or other public calamity, and for time lost due to illness or otherwise for not less than five days annually as authorized by regulations which each board shall adopt.

Contracts for the employment of teachers shall be of two types, limited contracts and continuing contracts.

(A)(C) A limited contract is:

(1) For a superintendent, a contract for such term as authorized by section 3319.01 of the Revised Code;

(2) For an assistant superintendent, principal, assistant principal, or other administrator, a contract for such term as authorized by section 3319.02 of the Revised Code;

(3) For all other teachers, a contract for a term not to exceed five years.
A continuing contract is a contract that remains in effect until the teacher resigns, elects to retire, or is retired pursuant to former section 3307.37 of the Revised Code, or until it is terminated or suspended and shall be granted only to the following:

1. Any teacher holding a professional, permanent, or life teacher's certificate;
2. Any teacher holding a professional educator license who meets the following conditions:
   a. The teacher was initially issued a teacher's certificate or educator license prior to January 1, 2011.
   b. The teacher holds a professional educator license issued under section 3319.22 or 3319.222 or former section 3319.22 of the Revised Code or a senior professional educator license or lead professional educator license issued under section 3319.22 of the Revised Code.
   c. The teacher has completed the applicable one of the following:
      a. If the teacher did not hold a master's degree at the time of initially receiving a teacher's certificate under former law or an educator license, thirty semester hours of coursework in the area of licensure or in an area related to the teaching field since the initial issuance of such certificate or license, as specified in rules which the state board of education shall adopt;
      b. If the teacher held a master's degree at the time of initially receiving a teacher's certificate under former law or an educator license, six semester hours of graduate coursework in the area of licensure or in an area related to the teaching field since the initial issuance of such certificate or license, as specified in rules which the state board of education shall adopt.

3. Any teacher who meets the following conditions:
   a. The teacher never held a teacher's certificate and was initially issued an educator license on or after January 1, 2011.
   b. The teacher holds a professional educator license, senior professional educator license, or lead professional educator license issued under section 3319.22 of the Revised Code.
   c. The teacher has held an educator license for at least seven years.
   d. The teacher has completed the applicable one of the following:
      i. If the teacher did not hold a master's degree at the time of initially receiving an educator license, thirty semester hours of coursework in the area of licensure or in an area related to the teaching field since the initial issuance of that license, as specified in rules which the state board shall adopt.
(ii) If the teacher held a master's degree at the time of initially receiving an educator license, six semester hours of graduate coursework in the area of licensure or in an area related to the teaching field since the initial issuance of that license, as specified in rules which the state board shall adopt.

(E) Division (D) of this section applies only to continuing contracts entered into on or after August 18, 1969 the effective date of this amendment. Nothing in that division shall be construed to void or otherwise affect a continuing contract entered into prior to that date.

Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the requirements of division (D)(3) of this section prevail over any conflicting provisions of a collective bargaining agreement entered into on or after the effective date of this amendment.

(F) Wherever the term "educator license" is used in this section without reference to a specific type of educator license, the term does not include an educator license for substitute teaching issued under section 3319.226 of the Revised Code.

Sec. 3319.081. Except as otherwise provided in division (G) of this section, in all school districts wherein the provisions of Chapter 124. of the Revised Code do not apply, the following employment contract system shall control for employees whose contracts of employment are not otherwise provided by law:

(A) Newly hired regular nonteaching school employees, including regular hourly rate and per diem employees, shall enter into written contracts for their employment which shall be for a period of not more than one year. If such employees are rehired, their subsequent contract shall be for a period of two years.

(B) After the termination of the two-year contract provided in division (A) of this section, if the contract of a nonteaching employee is renewed, the employee shall be continued in employment, and the salary provided in the contract may be increased but not reduced unless such reduction is a part of a uniform plan affecting the nonteaching employees of the entire district.

(C) The contracts as provided for in this section may be terminated by a majority vote of the board of education. Except as provided in sections 3319.0810 and section 3319.172 of the Revised Code, the contracts may be terminated only for violation of written rules and regulations as set forth by the board of education or for incompetency, inefficiency, dishonesty, drunkenness, immoral conduct, insubordination, discourteous treatment of the public, neglect of duty, or any other acts of misfeasance, malfeasance, or nonfeasance. In addition to the right of the board of education to terminate the contract of an employee, the board may suspend an employee for a
definite period of time or demote the employee for the reasons set forth in this division. The action of the board of education terminating the contract of an employee or suspending or demoting the employee shall be served upon the employee by certified mail. Within ten days following the receipt of such notice by the employee, the employee may file an appeal, in writing, with the court of common pleas of the county in which such school board is situated. After hearing the appeal the common pleas court may affirm, disaffirm, or modify the action of the school board.

A violation of division (A)(7) of section 2907.03 of the Revised Code is grounds for termination of employment of a nonteaching employee under this division.

(D) All employees who have been employed by a school district where the provisions of Chapter 124. of the Revised Code do not apply, for a period of at least three years on November 24, 1967, shall hold continuing contracts of employment pursuant to this section.

(E) Any nonteaching school employee may terminate the nonteaching school employee's contract of employment thirty days subsequent to the filing of a written notice of such termination with the treasurer of the board.

(F) A person hired exclusively for the purpose of replacing a nonteaching school employee while such employee is on leave of absence granted under section 3319.13 of the Revised Code is not a regular nonteaching school employee under this section.

(G) All nonteaching employees employed pursuant to this section and Chapter 124. of the Revised Code shall be paid for all time lost when the schools in which they are employed are closed owing to an epidemic or other public calamity. Nothing in this division shall be construed as requiring payment in excess of an employee's regular wage rate or salary for any time worked while the school in which the employee is employed is officially closed for the reasons set forth in this division.

Sec. 3319.088. As used in this section, "educational assistant" means any nonteaching employee in a school district who directly assists a teacher as defined in section 3319.09 of the Revised Code, by performing duties for which a license issued pursuant to sections 3319.22 to 3319.30 of the Revised Code is not required.

(A) The state board of education shall issue educational aide permits and educational paraprofessional licenses for educational assistants and shall adopt rules for the issuance and renewal of such permits and licenses which shall be consistent with the provisions of this section. Educational aide permits and educational paraprofessional licenses may be of several types and the rules shall prescribe the minimum qualifications of education,
health, and character for the service to be authorized under each type. The prescribed minimum qualifications may require special training or educational courses designed to qualify a person to perform effectively the duties authorized under an educational aide permit or educational paraprofessional license.

(B)(1) Any application for a permit or license, or a renewal or duplicate of a permit or license, under this section shall be accompanied by the payment of a fee in the amount established under division (A) of section 3319.51 of the Revised Code. Any fees received under this division shall be paid into the state treasury to the credit of the state board of education licensure fund established under division (B) of section 3319.51 of the Revised Code.

(2) Any person applying for or holding a permit or license pursuant to this section is subject to sections 3123.41 to 3123.50 of the Revised Code and any applicable rules adopted under section 3123.63 of the Revised Code and sections 3319.31 and 3319.311 of the Revised Code.

(C) Educational assistants shall at all times while in the performance of their duties be under the supervision and direction of a teacher as defined in section 3319.09 of the Revised Code. Educational assistants may assist a teacher to whom assigned in the supervision of pupils, in assisting with instructional tasks, and in the performance of duties which, in the judgment of the teacher to whom the assistant is assigned, may be performed by a person not licensed pursuant to sections 3319.22 to 3319.30 of the Revised Code and for which a teaching license, issued pursuant to sections 3319.22 to 3319.30 of the Revised Code is not required. The duties of an educational assistant shall not include the assignment of grades to pupils. The duties of an educational assistant need not be performed in the physical presence of the teacher to whom assigned, but the activity of an educational assistant shall at all times be under the direction of the teacher to whom assigned. The assignment of an educational assistant need not be limited to assisting a single teacher. In the event an educational assistant is assigned to assist more than one teacher the assignments shall be clearly delineated and so arranged that the educational assistant shall never be subject to simultaneous supervision or direction by more than one teacher.

Educational assistants assigned to supervise children shall, when the teacher to whom assigned is not physically present, maintain the degree of control and discipline which that would be maintained by the teacher, but an educational assistant may not render corporal punishment.

Except when expressly permitted solely for the purposes of section 3317.029 of the Revised Code, educational assistants may not
be used in place of classroom teachers or other employees and any payment of compensation by boards of education to educational assistants for such services is prohibited. The ratio between the number of licensed teachers and the pupils in a school district may not be decreased by utilization of educational assistants and no grouping, or other organization of pupils, for utilization of educational assistants shall be established which is inconsistent with sound educational practices and procedures. A school district may employ up to one full time equivalent educational assistant for each six full time equivalent licensed employees of the district. Educational assistants shall not be counted as licensed employees for purposes of state support in the school foundation program and no grouping or regrouping of pupils with educational assistants may be counted as a class or unit for school foundation program purposes. Neither special courses required by the regulations of the state board of education, prescribing minimum qualifications of education for an educational assistant, nor years of service as an educational assistant shall be counted in any way toward qualifying for a teacher license, for a teacher contract of any type, or for determining placement on a salary schedule in a school district as a teacher.

(D) Educational assistants employed by a board of education shall have all rights, benefits, and legal protection available to other nonteaching employees in the school district, except that provisions of Chapter 124. of the Revised Code shall not apply to any person employed as an educational assistant, and shall be members of the school employees retirement system. Educational assistants shall be compensated according to a salary plan adopted annually by the board.

Except as provided in this section nonteaching employees shall not serve as educational assistants without first obtaining an appropriate educational aide permit or educational paraprofessional license from the state board of education. A nonteaching employee who is the holder of a valid educational aide permit or educational paraprofessional license shall neither render nor be required to render services inconsistent with the type of services authorized by the permit or license held. No person shall receive compensation from a board of education for services rendered as an educational assistant in violation of this provision.

Nonteaching employees whose functions are solely secretarial-clerical and who do not perform any other duties as educational assistants, even though they assist a teacher and work under the direction of a teacher shall not be required to hold a permit or license issued pursuant to this section. Students preparing to become licensed teachers or educational assistants shall not be required to hold an educational aide permit or paraprofessional
license for such periods of time as such students are assigned, as part of their training program, to work with a teacher in a school district. Such students shall not be compensated for such services.

Following the determination of the assignment and general job description of an educational assistant and subject to supervision by the teacher's immediate administrative officer, a teacher to whom an educational assistant is assigned shall make all final determinations of the duties to be assigned to such assistant. Teachers shall not be required to hold a license designated for being a supervisor or administrator in order to perform the necessary supervision of educational assistants.

(E) No person who is, or who has been employed as an educational assistant shall divulge, except to the teacher to whom assigned, or the administrator of the school in the absence of the teacher to whom assigned, or when required to testify in a court or proceedings, any personal information concerning any pupil in the school district which was obtained or obtainable by the educational assistant while so employed. Violation of this provision is grounds for disciplinary action or dismissal, or both.

Sec. 3319.11. (A) As used in this section:

(1) "Evaluation procedures" means the procedures adopted pursuant to division (B) of section 3319.111 of the Revised Code.

(2) "Limited contract" means a limited contract, as described in section 3319.08 of the Revised Code, that a school district board of education or governing board of an educational service center enters into with a teacher who is not eligible for continuing service status.

(3) "Extended limited contract" means a limited contract, as described in section 3319.08 of the Revised Code, that a board of education or governing board enters into with a teacher who is eligible for continuing service status.

(B) Teachers eligible for continuing service status in any city, exempted village, local, or joint vocational school district or educational service center shall be those teachers qualified as described in division (B)(1) or (2)(D) of section 3319.08 of the Revised Code, who within the last five years have taught for at least three years in the district or center, and those teachers who, having attained continuing contract status elsewhere, have served two years in the district or center, but the board, upon the recommendation of the superintendent, may at the time of employment or at any time within such two-year period, declare any of the latter teachers eligible.

(1) Upon the recommendation of the superintendent that a teacher eligible for continuing service status be reemployed, a continuing contract shall be entered into between the board and the teacher unless the board by a three-fourths vote of its full membership rejects the recommendation of the
superintendent. When a child is a resident of a home, as defined in section 3313.64 of the Revised Code, and the child's parent is not a resident of this state, "parent," "guardian," or "other person having charge or care of a child" means the head of the home.

A child between six and eighteen years of age is "of compulsory school age" for the purpose of sections 3321.01 to 3321.13 of the Revised Code. A child under six years of age who has been enrolled in kindergarten also shall be considered "of compulsory school age" for the purpose of sections 3321.01 to 3321.13 of the Revised Code unless at any time the child's parent or guardian, at the parent's or guardian's discretion and in consultation with the child's teacher and principal, formally withdraws the child from kindergarten. The compulsory school age of a child shall not commence until the beginning of the term of such schools, or other time in the school year fixed by the rules of the board of the district in which the child resides.

(2) No child shall be admitted to a kindergarten or a first grade of a public school in a district in which all children are admitted to kindergarten and the first grade in August or September unless the child is five or six years of age, respectively, by the thirtieth day of September of the year of admittance, or by the first day of a term or semester other than one beginning in August or September in school districts granting admittance at the beginning of such term or semester, except that in those school districts using or obtaining educationally accepted standardized testing programs for determining entrance, as approved by the board of education of such districts, the board shall admit a child to kindergarten or the first grade who fails to meet the age requirement, provided the child meets necessary standards as determined by such standardized testing programs. If the board of education has not established a standardized testing program, the board shall designate the necessary standards and a testing program it will accept for the purpose of admitting a child to kindergarten or first grade who fails
to meet the age requirement. Each child who will be the proper age for entrance to kindergarten or first grade by the first day of January of the school year for which admission is requested shall be so tested upon the request of the child's parent.

(3) Notwithstanding divisions (A)(2) and (D) of this section, beginning with the school year that starts in 2001 and continuing thereafter the board of education of any district may adopt a resolution establishing the first day of August in lieu of the thirtieth day of September as the required date by which students must have attained the age specified in those divisions.

(B) As used in divisions (C) and (D) of this section, "successfully completed kindergarten" and "successful completion of kindergarten" mean that the child has completed the kindergarten requirements at one of the following:

(C) Except as provided in division (D) of this section, no school district shall admit to the first grade any child who has not successfully completed kindergarten.

(D) Upon request of a parent, the requirement of division (C) of this section may be waived by the district's pupil personnel services committee in the case of a child who is at least six years of age by the thirtieth day of September of the year of admittance and who demonstrates to the satisfaction of the committee the possession of the social, emotional, and cognitive skills necessary for first grade.

The board of education of each city, local, and exempted village school district shall establish a pupil personnel services committee. The committee shall be composed of all of the following to the extent such personnel are
either employed by the district or employed by the governing board of the educational service center within whose territory the district is located and the educational service center generally furnishes the services of such personnel to the district:

1. The director of pupil personnel services;
2. An elementary school counselor;
3. An elementary school principal;
4. A school psychologist;
5. A teacher assigned to teach first grade;

(E) The scheduling of times for kindergarten classes and length of the school day for kindergarten shall be determined by the board of education of a city, exempted village, or local school district, subject to section 3321.05 of the Revised Code.

(F) Any kindergarten class offered by a day-care provider or school described by division (B)(1) or (B)(2)(a) of this section shall be developmentally appropriate.

(G) Upon written request of a day-care provider described by division (B)(2)(a) of this section, the department of education shall determine whether certification held by a teacher employed by the provider meets the requirement of division (B)(2)(b)(iii) of this section and, if so, shall furnish the provider a statement to that effect.

(H) As used in this division, "all-day kindergarten" has the same meaning as in section 3317.029 of the Revised Code.

1. Any school district that is not eligible to receive poverty-based assistance for all-day kindergarten under division (D) of section 3317.029 of the Revised Code may charge fees or tuition for students enrolled in all-day kindergarten. If a district charges fees or tuition for all-day kindergarten under this division, the district shall develop a sliding-fee scale based on family incomes.

2. The department of education shall conduct an annual survey of each school district described in division (H)(1) of this section to determine the following:
   a. Whether the district charges fees or tuition for students enrolled in all-day kindergarten;
   b. The amount of the fees or tuition charged.

(d)(2) How many students are enrolled in traditional half-day kindergarten rather than and how many students are enrolled in all-day kindergarten, as defined in section 3321.05 of the Revised Code.

The department shall issue an annual report on the results of the survey and shall post the report on its web site. The department shall issue the first report not later than April 30, 2008, and shall issue a report not later than the thirtieth day of April each year thereafter.

Sec. 3321.041. (A) As used in this section, "extracurricular activity" means a pupil activity program that a school or school district operates and is not included in the school district's graded course of study, including an interscholastic extracurricular activity that a school or school district sponsors or participates in and that has participants from more than one school or school district.

(B) Beginning in the 2009-2010 school year, if a student enrolled in a school district is absent from school for the sole purpose of traveling out of the state to participate in an enrichment activity approved by the district board of education or in an extracurricular activity, the district shall count that absence as an excused absence, up to a maximum of four days per school year. The district shall require any such student to complete any classroom assignments that the student misses because of the absence.

(C) If a student will be absent from school for four or more consecutive school days for a purpose described in division (B) of this section, a classroom teacher employed by the school district shall accompany the student during the travel period to provide the student with instructional assistance.

Sec. 3321.05. (A) As used in this section, "all-day kindergarten" means a kindergarten class that is in session five days per week for not less than the same number of clock hours each day as for students in grades one through six.

(B) Any school district may operate all-day kindergarten or extended kindergarten, but beginning in fiscal year 2011, each city, local, and
exempted village school district shall provide all-day kindergarten to each student enrolled in kindergarten, except as specified in divisions (C) and (D) of this section.

(C) The board of education of a school district may apply to the superintendent of public instruction for a waiver of the requirement to provide all-day kindergarten for all kindergarten students. In making the determination to grant or deny the waiver, the state superintendent may consider space concerns or alternative delivery approaches used by the school district.

(D) No district shall require any student to attend kindergarten for more than one-half of the number of clock hours required each day for kindergarten by the minimum standards adopted under division (D) of section 3301.07 of the Revised Code. Each school district that operates all-day or extended kindergarten shall accommodate kindergarten students whose parents or guardians elect to enroll them for one-half of the minimum number of hours required each day for grades one through six.

(E) A school district may use space in child day-care centers licensed under Chapter 5104. of the Revised Code to provide all-day kindergarten under this section.

Sec. 3323.05. The state board of education shall establish procedures to ensure that children with disabilities and their parents are guaranteed procedural safeguards under this chapter with respect to a free appropriate public education. The procedures shall include, but need not be limited to:

(A) An opportunity for the parents of a child with a disability to examine all records related to the child and to participate in meetings with respect to identification, evaluation, and educational placement of the child, and to obtain an independent educational evaluation of the child;

(B) Procedures to protect the rights of the child whenever the parents of the child are not known, an agency after making reasonable efforts cannot find the parents, or the child is a ward of the state, including the assignment, in accordance with section 3323.051 of the Revised Code, of an individual to act as a surrogate for the parents; made by the school district or other educational agency responsible for educating the child or by the court with jurisdiction over the child's custody. Such assignment shall be made in accordance with section 3323.051 of the Revised Code.

(C) Prior written notice to the child's parents of a school district's proposal or refusal to initiate or change the identification, evaluation, or educational placement of the child or the provision of a free appropriate
education for the child. The procedures established under this division shall:

(1) Be designed to ensure that the written prior notice is in the native language of the parents, unless it clearly is not feasible to do so.

(2) Specify that the prior written notice shall include:

(a) A description of the action proposed or refused by the district;
(b) An explanation of why the district proposes or refuses to take the action and a description of each evaluation procedure, assessment, record, or report the district used as a basis for the proposed or refused action;
(c) A statement that the parents of a child with a disability have protection under the procedural safeguards and, if the notice is not in regard to an initial referral for evaluation, the means by which a copy of a description of the procedural safeguards can be obtained;
(d) Sources for parents to contact to obtain assistance in understanding the provisions of Part B of the "Individuals with Disabilities Education Improvement Act of 2004";
(e) A description of other options considered by the IEP team and the reason why those options were rejected;

(D) An opportunity for the child's parents to present complaints to the superintendent of the child's school district of residence with respect to any matter relating to the identification, evaluation, or educational placement of the child, or the provision of a free appropriate public education under this chapter.

Within twenty school days after receipt of a complaint, the district superintendent or the superintendent's designee, without undue delay and at a time and place convenient to all parties, shall review the case, may conduct an administrative review, and shall notify all parties in writing of the superintendent's or designee's decision. Where the child is placed in a program operated by a county MR/DD board or other educational agency, the superintendent shall consult with the administrator of that county MR/DD board or agency.

Any party aggrieved by the decision of the district superintendent or the superintendent's designee may file a complaint with the state board as provided under division (E) of this section, request mediation as provided under division (F) of this section, or present a due process complaint notice and request for a due process hearing in writing to the superintendent of the district, with a copy to the state board, as provided under division (G) of this section.

(E) An opportunity for a party to file a complaint with the state board of
education with respect to the identification, evaluation, or educational placement of the child, or the provision of a free appropriate public education to such child. The department of education shall review and, where appropriate, investigate the complaint and issue findings.

(F) An opportunity for parents and a school district to resolve through mediation disputes involving any matter.

(1) The procedures established under this section shall ensure that the mediation process is voluntary on the part of the parties, is not used to deny or delay a parent's right to a due process hearing or to deny any other rights afforded under this chapter, and is conducted by a qualified and impartial mediator who is trained in effective mediation techniques.

(2) A school district may establish procedures to offer to parents and schools that choose not to use the mediation process, an opportunity to meet, at a time and location convenient to the parents, with a disinterested party to encourage the use, and explain the benefits, of the mediation process to the parents. The disinterested party shall be an individual who is under contract with a parent training and information center or community parent resource center in the state or is under contract with an appropriate alternative dispute resolution entity.

(3) The department shall maintain a list of individuals who are qualified mediators and knowledgeable in laws and regulations relating to the provision of special education and related services.

(4) The department shall bear the cost of the mediation process, including the costs of meetings described in division (F)(2) of this section.

(5) Each session in the mediation process shall be scheduled in a timely manner and shall be held in a location that is convenient to the parties to the dispute.

(6) Discussions that occur during the mediation process shall be confidential and shall not be used as evidence in any subsequent due process hearing or civil proceeding.

(7) In the case that a resolution is reached to resolve the complaint through the mediation process, the parties shall execute a legally binding agreement that sets forth the resolution and that:

(a) States that all discussions that occurred during the mediation process shall be confidential and shall not be used as evidence in any subsequent due process hearing or civil proceeding;

(b) Is signed by both the parent and a representative for the school district who has the authority to bind the district;

(c) Is enforceable in any state court of competent jurisdiction or in a district court of the United States.
(G)(1) An opportunity for parents or a school district to present a due process complaint and request for a due process hearing to the superintendent of the school district of the child's residence with respect to the identification, evaluation, or educational placement of the child, or the provision of a free appropriate public education to the child. The party presenting the due process complaint and request for a due process hearing shall provide due process complaint notice to the other party and forward a copy of the notice to the state board. The due process complaint notice shall include:

(a) The name of the child, the address of the residence of the child, or the available contact information in the case of a homeless child, and the name of the school the child is attending;

(b) A description of the nature of the problem of the child relating to the proposed initiation or change, including facts relating to the problem;

(c) A proposed resolution of the problem to the extent known and available to the party at the time.

A party shall not have a due process hearing until the party, or the attorney representing the party, files a notice that meets the requirement for filing a due process complaint notice.

A due process hearing shall be conducted by an impartial hearing officer in accordance with standards and procedures adopted by the state board. A hearing officer shall not be an employee of the state board or any agency involved in the education or care of the child or a person having a personal or professional interest that conflicts with the person's objectivity in the hearing. A hearing officer shall possess knowledge of, and the ability to understand, the provisions of the "Individuals with Disabilities Education Improvement Act of 2004," federal and state regulations pertaining to that act, and legal interpretations of that act by federal and state courts; possess the knowledge and ability to conduct hearings in accordance with appropriate standard legal practice; and possess the knowledge and ability to render and write decisions in accordance with appropriate standard legal practice. The due process requirements of section 615 of the "Individuals with Disabilities Education Improvement Act of 2004," 20 U.S.C. 1415, apply to due process complaint notices and requests for due process hearings and to due process hearings held under division (G) of this section, including, but not limited to, timelines for requesting hearings, requirements for sufficient complaint notices, resolution sessions, and sufficiency and hearing decisions.

(2) Discussions that occur during a resolution session shall be confidential and shall not be used as evidence in any subsequent due process
hearing or civil proceeding. If a resolution to the dispute is reached at a resolution session, the parties must execute a legally binding written settlement agreement which shall state that all discussions that occurred during the resolution process shall be confidential and shall not be used as evidence in any subsequent due process hearing or civil proceeding.

(3) A party to a hearing under division (G) of this section shall be accorded:

(a) The right to be accompanied and advised by counsel and by individuals with special knowledge or training with respect to the problems of children with disabilities;

(b) The right to present evidence and confront, cross-examine, and compel the attendance of witnesses;

(c) The right to a written or electronic verbatim record of the hearing;

(d) The right to written findings of fact and decisions, which findings of fact and decisions shall be made available to the public consistent with the requirements relating to the confidentiality of personally identifiable data, information, and records collected and maintained by state educational agencies and local educational agencies; and shall be transmitted to the advisory panel established and maintained by the department for the purpose of providing policy guidance with respect to special education and related services for children with disabilities in the state.

(H) An opportunity for any party aggrieved by the findings and decision rendered in a hearing under division (G) of this section to appeal within forty-five days of notification of the decision to the state board, which shall appoint a state level officer who shall review the case and issue a final order. The state level officer shall be appointed and shall review the case in accordance with standards and procedures adopted by the state board.

Any party aggrieved by the final order of the state level officer may appeal the final order, in accordance with Chapter 119. of the Revised Code, within forty-five days after notification of the order to the court of common pleas of the county in which the child's school district of residence is located, or to a district court of the United States within ninety days after the date of the decision of the state level review officer, as provided in section 615(i)(2) of the "Individuals with Disabilities Education Improvement Act of 2004," 20 U.S.C. 1415(i)(2).

Sec. 3323.091. (A) The department of mental health, the department of mental retardation and developmental disabilities, the department of youth services, and the department of rehabilitation and correction shall establish and maintain special education programs for children with disabilities in institutions under their jurisdiction according to standards adopted by the
state board of education.

(B) The superintendent of each state institution required to provide services under division (A) of this section, and each county MR/DD board, providing special education for preschool children with disabilities under this chapter may apply to the state department of education for unit funding, which shall be paid in accordance with sections 3317.052 and 3317.053 of the Revised Code.

The superintendent of each state institution required to provide services under division (A) of this section may apply to the department of education for special education and related services weighted funding for children with disabilities other than preschool children with disabilities, calculated in accordance with section 3317.201 of the Revised Code.

Each county MR/DD board providing special education for children with disabilities other than preschool children with disabilities may apply to the department of education for base cost and special education and related services weighted funding calculated in accordance with section 3317.20 of the Revised Code.

(C) In addition to the authorization to apply for state funding described in division (B) of this section, each state institution required to provide services under division (A) of this section is entitled to tuition payments calculated in the manner described in division (C) of this section.

On or before the thirtieth day of June of each year, the superintendent of each institution that during the school year provided special education pursuant to this section shall prepare a statement for each child with a disability under twenty-two years of age who has received special education. The statement shall contain the child's data verification code assigned pursuant to division (D)(2) of section 3301.0714 of the Revised Code and the name of the child's school district of residence. Within sixty days after receipt of such statement, the department of education shall perform one of the following:

(1) For any child except a preschool child with a disability described in division (C)(2) of this section, pay to the institution submitting the statement an amount equal to the tuition calculated under division (A) of section 3317.08 of the Revised Code for the period covered by the statement, and deduct the same from the amount of state funds, if any, payable under sections 3317.022, 3306.13 and 3317.023 of the Revised Code, to the child's school district of residence or, if the amount of such state funds is insufficient, require the child's school district of residence to pay the institution submitting the statement an amount equal to the amount determined under this division.
(2) For any preschool child with a disability not included in a unit approved under division (B) of section 3317.05 of the Revised Code, perform the following:

(a) Pay to the institution submitting the statement an amount equal to the tuition calculated under division (B) of section 3317.08 of the Revised Code for the period covered by the statement, except that in calculating the tuition under that section the operating expenses of the institution submitting the statement under this section shall be used instead of the operating expenses of the school district of residence;

(b) Deduct from the amount of state funds, if any, payable under sections 3317.022 or 3306.13 and 3317.023 of the Revised Code to the child's school district of residence an amount equal to the amount paid under division (C)(2)(a) of this section.

Sec. 3323.14. This section does not apply to any preschool child with a disability except if included in a unit approved under division (B) of section 3317.05 of the Revised Code.

(A) Where a child who is a school resident of one school district receives special education from another district and the per capita cost to the educating district for that child exceeds the sum of the amount received by the educating district for that child under division (A) of section 3317.08 of the Revised Code and the amount received by the district from the state board of education for that child, then the board of education of the district of residence shall pay to the board of the school district that is providing the special education such excess cost as is determined by using a formula approved by the department of education and agreed upon in contracts entered into by the boards of the districts concerned at the time the district providing such special education accepts the child for enrollment. The department shall certify the amount of the payments under Chapters 3306. and 3317. of the Revised Code for such pupils with disabilities for each school year ending on the thirtieth day of July.

(B) In the case of a child described in division (A) of this section who has been placed in a home, as defined in section 3313.64 of the Revised Code, pursuant to the order of a court and who is not subject to section 3323.141 of the Revised Code, the district providing the child with special education and related services may charge to the child's district of residence the excess cost determined by formula approved by the department, regardless of whether the district of residence has entered into a contract with the district providing the services. If the district providing the services chooses to charge excess costs, the district may report the amount calculated under this division to the department.
(C) If a district providing special education for a child reports an amount for the excess cost of those services, as authorized and calculated under division (A) or (B) of this section, the department shall pay that amount of excess cost to the district providing the services and shall deduct that amount from the child's district of residence in accordance with division (N) of section 3317.023 of the Revised Code.

Sec. 3323.142. This section does not apply to any preschool child with a disability except if included in a unit approved under division (B) of section 3317.05 of the Revised Code.

As used in this section, "per pupil amount" for a preschool child with a disability included in such an approved unit means the amount determined by dividing the amount received for the classroom unit in which the child has been placed by the number of children in the unit. For any other child, "per pupil amount" means the amount paid for the child under section 3317.20 of the Revised Code.

When a school district places or has placed a child with a county MR/DD board for special education, but another district is responsible for tuition under section 3313.64 or 3313.65 of the Revised Code and the child is not a resident of the territory served by the county MR/DD board, the board may charge the district responsible for tuition with the educational costs in excess of the per pupil amount received by the board under Chapters 3306. and 3317. of the Revised Code. The amount of the excess cost shall be determined by the formula established by rule of the department of education under section 3323.14 of the Revised Code, and the payment for such excess cost shall be made by the school district directly to the county MR/DD board.

A school district board of education and the county MR/DD board that serves the school district may negotiate and contract, at or after the time of placement, for payments by the board of education to the county MR/DD board for additional services provided to a child placed with the county MR/DD board and whose individualized education program established pursuant to section 3323.08 of the Revised Code requires additional services that are not routinely provided children in the county MR/DD board's program but are necessary to maintain the child's enrollment and participation in the program. Additional services may include, but are not limited to, specialized supplies and equipment for the benefit of the child and instruction, training, or assistance provided by staff members other than staff members for which funding is received under Chapter 3306. or 3317. of the Revised Code.

Sec. 3324.05. (A) Each school district shall submit an annual report to
the department of education specifying the number of students in each of
grades kindergarten through twelfth screened, the number assessed, and the
number identified as gifted in each category specified in section 3324.03 of
the Revised Code.

(B) The department of education shall audit each school district's
identification numbers at least once every three years and may select any
district at random or upon complaint or suspicion of noncompliance for a
further audit to determine compliance with sections 3324.03 to 3324.06 of
the Revised Code.

(C) The department shall provide technical assistance to any district
found in noncompliance under division (B) of this section. The department
may reduce funds received by the district under Chapters 3306, and
3317. of the Revised Code by any amount if the district continues to be
noncompliant.

Sec. 3325.08. (A) A diploma shall be granted by the superintendent of
the state school for the blind and the superintendent of the state school for
the deaf to any student enrolled in one of these state schools to whom all of
the following apply:

program developed for the student for the student's high school education
pursuant to section 3323.08 of the Revised Code;

3313.61 of the Revised Code applies to the student;

(ii) Has satisfied the alternative conditions prescribed in section
3313.615 of the Revised Code.

(b) If the student entered the ninth grade on or after the date prescribed
by rule of the state board under division (E)(2) of section 3301.0712 of the
Revised Code, the student has attained on the entire assessment system
prescribed under division (B)(2) of section 3301.0710 of the Revised Code
at least the required passing composite score, designated under division
(C)(1) of section 3301.0712 of the Revised Code, except to the extent that
division (L) of section 3313.61 of the Revised Code applies to the student.
(3) The student is not eligible to receive an honors diploma granted pursuant to division (B) of this section.

No diploma shall be granted under this division to anyone except as provided under this division.

(B) In lieu of a diploma granted under division (A) of this section, the superintendent of the state school for the blind and the superintendent of the state school for the deaf shall grant an honors diploma, in the same manner that the boards of education of school districts grant such diplomas under division (B) of section 3313.61 of the Revised Code, to any student enrolled in one of these state schools who accomplishes all of the following:

1. Successfully completes the individualized education program developed for the student for the student's high school education pursuant to section 3323.08 of the Revised Code;

2. Subject to section 3313.614 of the Revised Code, has met the assessment requirements of division (B)(2)(a) or (b) of this section, as applicable.

(a) If the student entered the ninth grade prior to the date prescribed by rule of the state board under division (E)(2) of section 3301.0712 of the Revised Code, the student either:

(1) Has attained at least the applicable scores designated under division (B)(1) of section 3301.0710 of the Revised Code on all the tests assessments prescribed under that division;

(2) Has satisfied the alternative conditions prescribed in section 3313.615 of the Revised Code.

(b) If the student entered the ninth grade on or after the date prescribed by rule of the state board under division (E)(2) of section 3301.0712 of the Revised Code, the student has attained on the entire assessment system prescribed under division (B)(2) of section 3301.0710 of the Revised Code at least the required passing composite score, designated under division (C)(1) of section 3301.0712 of the Revised Code.

3. Has met additional criteria for granting an honors diploma.

These additional criteria shall be the same as those prescribed by the state board under division (B) of section 3313.61 of the Revised Code for the granting of such diplomas by school districts. No honors diploma shall be granted to anyone failing to comply with this division and not more than one honors diploma shall be granted to any student under this division.

(C) A diploma or honors diploma awarded under this section shall be signed by the superintendent of public instruction and the superintendent of the state school for the blind or the superintendent of the state school for the deaf, as applicable. Each diploma shall bear the date of its issue and be in
such form as the school superintendent prescribes.

(D) Upon granting a diploma to a student under this section, the superintendent of the state school in which the student is enrolled shall provide notice of receipt of the diploma to the board of education of the school district where the student is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code when not residing at the state school for the blind or the state school for the deaf. The notice shall indicate the type of diploma granted.

The nonprofit enterprise selected by the STEM subcommittee committee shall have the proven ability to accumulate resources to enhance education quality across the educational continuum, from preschool to college, shall have experience in large-scale management of science and technology resources, and shall have a documented institutional mission to advance STEM education.
Sec. 3326.07. Each science, technology, engineering, and mathematics school established under this chapter is a public school, is part of the state's program of education, and may continue in operation for as long as the school is in compliance with the provisions of this chapter and with the proposal for its establishment as approved by the STEM subcommittee committee. If the school closes for any reason, its assets shall be distributed in the manner provided in the proposal for its establishment as required by division (C)(9) of section 3326.03 of the Revised Code.

The chief administrative officer shall be granted the authority to oversee the recruitment, retention, and employment of teachers and nonteaching employees.

(B) The department of education shall monitor the oversight of each STEM school exercised by the school's governing body and shall monitor the school's compliance with this chapter and with the proposal for the establishment of the school as it was approved by the STEM subcommittee committee of the partnership for continued learning committee under section 3326.04 of the Revised Code. If the department finds that the school is not in compliance with this chapter or with the proposal, the department shall consult with the STEM subcommittee committee, and the subcommittee committee may order the school to close on the last day of the school year in which the subcommittee committee issues its order.

(C) The governing body of each STEM school shall comply with sections 121.22 and 149.43 of the Revised Code.

Sec. 3326.14. Each science, technology, engineering, and mathematics school and its governing body shall administer the tests assessments required by sections 3301.0710 and 3301.0711, and 3301.0712 of the Revised Code, as if it were a school district, except that, notwithstanding any provision of those sections to the contrary, any student enrolled in a grade lower than the tenth grade in a STEM school may take one or more of the Ohio graduation tests prescribed under division (B)(1) of section 3301.0710 of the Revised Code on any of the dates prescribed in division (C)(3) of that section for that assessment.

Sec. 3326.20. (A) As used in this section, "native student" means a student entitled to attend school in the school district under section 3313.64 or 3313.65 of the Revised Code.

Sec. 3326.33. For Payments and deductions under this section for fiscal years 2010 and 2011 shall be made in accordance with section 3326.39 of the Revised Code.

For each student enrolled in a science, technology, engineering, and mathematics school established under this chapter, the department of education annually shall deduct from the state education aid of a student's resident school district and, if necessary, from the payment made to the district under sections 321.24 and 323.156 of the Revised Code and pay to the school the sum of the following:
(A) The sum of the formula amount plus the per pupil amount of the base funding supplements specified in divisions (C)(1) to (4) of section 3317.012 of the Revised Code.
(B) If the student is receiving special education and related services pursuant to an IEP, the product of the applicable special education weight
times the formula amount;

(C) If the student is enrolled in vocational education programs or classes that are described in section 3317.014 of the Revised Code, are provided by the school, and are comparable as determined by the superintendent of public instruction to school district vocational education programs and classes eligible for state weighted funding under section 3317.014 of the Revised Code, the product of the applicable vocational education weight times the formula amount times the percentage of time the student spends in the vocational education programs or classes;

(D) If the student is included in the poverty student count of the student's resident district, the per pupil amount of the district's payment under division (C) of section 3317.029 of the Revised Code;

(E) If the student is identified as limited English proficient and the student's resident district receives a payment for services to limited English proficient students under division (F) of section 3317.029 of the Revised Code, the per pupil amount of the district's payment under that division, calculated in the same manner as per pupil payments are calculated under division (C)(6) of section 3314.08 of the Revised Code;

(F) If the student's resident district receives a payment under division (G), (H), or (I) of section 3317.029 of the Revised Code, the per pupil amount of the district's payments under each division, calculated in the same manner as per pupil payments are calculated under divisions (C)(7) and (8) of section 3314.08 of the Revised Code;

(G) If the student's resident district receives a parity aid payment under section 3317.0217 of the Revised Code, the per pupil amount calculated for the district under division (C) or (D) of that section.

Sec. 3326.36. The department of education shall reduce the amounts paid to a science, technology, engineering, and mathematics school under section 3326.33 of the Revised Code to reflect payments made to colleges under division (B) of section 3365.07 of the Revised Code or through alternative funding agreements entered into under rules adopted under section 3365.12 of the Revised Code. A student shall be considered enrolled in the school for any portion of the school year the student is attending a college under Chapter 3365. of the Revised Code.

Sec. 3326.37. The department of education shall not pay to a science, technology, engineering, and mathematics school any amount for any of the following:

(A) Any student who has graduated from the twelfth grade of a public or nonpublic school;

(B) Any student who is not a resident of the state;
(C) Any student who was enrolled in a STEM school during the previous school year when tests were administered under section 3301.0711 of the Revised Code but did not take one or more of the tests required by that section and was not excused pursuant to division (C)(1) or (3) of that section, unless the superintendent of public instruction grants the student a waiver from the requirement to take the test. The superintendent may grant a waiver only for good cause in accordance with rules adopted by the state board of education.

(D) Any student who has attained the age of twenty-two years, except for veterans of the armed services whose attendance was interrupted before completing the recognized twelve-year course of the public schools by reason of induction or enlistment in the armed forces and who apply for enrollment in a STEM school not later than four years after termination of war or their honorable discharge. If, however, any such veteran elects to enroll in special courses organized for veterans for whom tuition is paid under federal law, or otherwise, the department shall not pay to the school any amount for that veteran.

Sec. 3326.39. For purposes of applying sections 3326.31 to 3326.37 of the Revised Code to fiscal years 2010 and 2011:

(A) The formula amount for STEM schools for fiscal year 2010 is $5,718, and for fiscal year 2011 is $5,703. These respective amounts shall be applied wherein sections 3326.31 to 3326.37 of the Revised Code the formula amount is specified, except for deducting and paying amounts for special education weighted funding and vocational education weighted funding.

(B) The base funding supplements under section 3317.012 of the Revised Code shall be deemed in each year to be the amounts specified in that section for fiscal year 2009.

(C) Special education additional weighted funding shall be calculated by multiplying the applicable weight specified in section 3317.013 of the Revised Code for fiscal year 2009 times $5,732.

(D) Vocational education additional weighted funding shall be calculated by multiplying the applicable weight specified in section 3317.014 of the Revised Code for fiscal year 2009 times $5,732.

(E) The per pupil amounts paid to a school district under sections 3317.029 and 3317.0217 of the Revised Code shall be deemed to be the respective per pupil amounts paid under those sections to that district for fiscal year 2009.

Sec. 3326.51. (A) As used in this section:

(1) "Resident district" has the same meaning as in section 3326.31 of the
Revised Code.

(2) "STEM school sponsoring district" means a municipal, city, local, exempted village, or joint vocational school district that governs and controls a STEM school pursuant to this section.

(B) Notwithstanding any other provision of this chapter to the contrary:

(1) If a proposal for a STEM school submitted under section 3326.03 of the Revised Code proposes that the governing body of the school be the board of education of a municipal, city, local, exempted village, or joint vocational school district that is one of the partners submitting the proposal, and the partnership for continued learning STEM committee approves that proposal, that school district board shall govern and control the STEM school as one of the schools of its district.

(2) The STEM school sponsoring district shall maintain a separate accounting for the STEM school as a separate and distinct operational unit within the district's finances. The auditor of state, in the course of an annual or biennial audit of the school district serving as the STEM school sponsoring district, shall audit that school district for compliance with the financing requirements of this section.

(3) With respect to students enrolled in a STEM school whose resident district is the STEM school sponsoring district:

(a) The department of education shall make no deductions under section 3326.33 of the Revised Code from the STEM school sponsoring district's state payments.

(b) The STEM school sponsoring district shall ensure that it allocates to the STEM school funds equal to or exceeding the amount that would be calculated pursuant to division (B) of section 3313.981 of the Revised Code for the students attending the school whose resident district is the STEM school sponsoring district.

(c) The STEM school sponsoring district is responsible for providing children with disabilities with a free appropriate public education under Chapter 3323. of the Revised Code.

(d) The STEM school sponsoring district shall provide student transportation in accordance with laws and policies generally applicable to the district.

(4) With respect to students enrolled in the STEM school whose resident district is another school district, the department shall make no payments or deductions under sections 3326.31 to 3326.49 of the Revised Code. Instead, the students shall be considered as open enrollment students and the department shall make payments and deductions in accordance with section 3313.981 of the Revised Code. The STEM school sponsoring district shall
allocate the payments to the STEM school. The STEM school sponsoring district may enter into financial agreements with the students' resident districts, which agreements may provide financial support in addition to the funds received from the open enrollment calculation. The STEM school sponsoring district shall allocate all such additional funds to the STEM school.

(5) Where the department is required to make, deny, reduce, or adjust payments to a STEM school sponsoring district pursuant to this section, it shall do so in such a manner that the STEM school sponsoring district may allocate that action to the STEM school.

(6) A STEM school sponsoring district and its board may assign its district employees to the STEM school, in which case section 3326.18 of the Revised Code shall not apply. The district and board may apply any other resources of the district to the STEM school in the same manner that it applies district resources to other district schools.

(7) Provisions of this chapter requiring a STEM school and its governing body to comply with specified laws as if it were a school district and in the same manner as a board of education shall instead require such compliance by the STEM school sponsoring district and its board of education, respectively, with respect to the STEM school. Where a STEM school or its governing body is required to perform a specific duty or permitted to take a specific action under this chapter, that duty is required to be performed or that action is permitted to be taken by the STEM school sponsoring district or its board of education, respectively, with respect to the STEM school.

(8) No provision of this chapter limits the authority, as provided otherwise by law, of a school district and its board of education to levy taxes and issue bonds secured by tax revenues.

(9) The treasurer of the STEM school sponsoring district or, if the STEM school sponsoring district is a municipal school district, the chief financial officer of the district, shall have all of the respective rights, authority, exemptions, and duties otherwise conferred upon the treasurer or chief financial officer by the Revised Code.

Sec. 3327.02. (A) After considering each of the following factors, the board of education of a city, exempted village, or local school district may determine that it is impractical to transport a pupil who is eligible for transportation to and from a school under section 3327.01 of the Revised Code:

(1) The time and distance required to provide the transportation;
(2) The number of pupils to be transported;
(3) The cost of providing transportation in terms of equipment, maintenance, personnel, and administration;

(4) Whether similar or equivalent service is provided to other pupils eligible for transportation;

(5) Whether and to what extent the additional service unavoidably disrupts current transportation schedules;

(6) Whether other reimbursable types of transportation are available.

(B)(1) Based on its consideration of the factors established in division (A) of this section, the board may pass a resolution declaring the impracticality of transportation. The resolution shall include each pupil's name and the reason for impracticality.

(2) The board shall report its determination to the state board of education in a manner determined by the state board.

(3) The board of education of a local school district additionally shall submit the resolution for concurrence to the educational service center that contains the local district's territory. If the educational service center governing board considers transportation by school conveyance practicable, it shall so inform the local board and transportation shall be provided by such local board. If the educational service center board agrees with the view of the local board, the local board may offer payment in lieu of transportation as provided in this section.

(C) After passing the resolution declaring the impracticality of transportation, the district board shall offer to provide payment in lieu of transportation by doing the following:

(1) In accordance with guidelines established by the department of education, informing the pupil's parent, guardian, or other person in charge of the pupil of both of the following:

(a) The board's resolution;

(b) The right of the pupil's parent, guardian, or other person in charge of the pupil to accept the offer of payment in lieu of transportation or to reject the offer and instead request the department to initiate mediation procedures.

(2) Issuing the pupil's parent, guardian, or other person in charge of the pupil a contract or other form on which the parent, guardian, or other person in charge of the pupil is given the option to accept or reject the board's offer of payment in lieu of transportation.

(D) If the parent, guardian, or other person in charge of the pupil accepts the offer of payment in lieu of providing transportation, the board shall pay the parent, guardian, or other person in charge of the child an amount that shall be not less than the amount determined by the department of education as the minimum for payment in lieu of transportation, and not more than the
amount determined by the department as the average cost of pupil transportation for the previous school year. Payment may be prorated if the time period involved is only a part of the school year.

(E)(1)(a) Upon the request of a parent, guardian, or other person in charge of the pupil who rejected the payment in lieu of transportation, the department shall conduct mediation procedures.

(b) If the mediation does not resolve the dispute, the state board of education shall conduct a hearing in accordance with Chapter 119. of the Revised Code. The state board may approve the payment in lieu of transportation or may order the board of education to provide transportation. The decision of the state board is binding in subsequent years and on future parties in interest provided the facts of the determination remain comparable.

(2) The school district shall provide transportation for the pupil from the time the parent, guardian, or other person in charge of the pupil requests mediation until the matter is resolved under division (E)(1)(a) or (b) of this section.

(F)(1) If the department determines that a school district board has failed or is failing to provide transportation as required by division (E)(2) of this section or as ordered by the state board under division (E)(1)(b) of this section, the department shall order the school district board to pay to the pupil's parent, guardian, or other person in charge of the pupil, an amount equal to the state average daily cost of transportation as determined by the state board of education for the previous year. The school district board shall make payments on a schedule ordered by the department.

(2) If the department subsequently finds that a school district board is not in compliance with an order issued under division (F)(1) of this section and the affected pupils are enrolled in a nonpublic or community school, the department shall deduct the amount that the board is required to pay under that order from any payments the department makes to the school district board under division (D) of section 3317.022 3306.12 of the Revised Code. The department shall use the moneys so deducted to make payments to the nonpublic or community school attended by the pupil. The department shall continue to make the deductions and payments required under this division until the school district board either complies with the department's order issued under division (F)(1) of this section or begins providing transportation.

(G) A nonpublic or community school that receives payments from the department under division (F)(2) of this section shall do either of the following:
(1) Disburse the entire amount of the payments to the parent, guardian, or other person in control of the pupil affected by the failure of the school district of residence to provide transportation;

(2) Use the entire amount of the payments to provide acceptable transportation for the affected pupil.

Sec. 3327.04. (A) The board of education of any city, exempted village, or local school district may contract with the board of another district for the admission or transportation, or both, of pupils into any school in such other district, on terms agreed upon by such boards.

(B) The boards of two school districts may enter into a contract under this section to share the provision of transportation to a child who resides in one school district and attends school in the other district. Under such an agreement, one district may claim the total transportation subsidy available for such child under division (D) of section 3317.022 3306.12 of the Revised Code and may agree to pay any portion of such subsidy to the other district sharing the provision of transportation to that child. The contract shall delineate the transportation responsibilities of each district.

A school district that enters into a contract under this section is not liable for any injury, death, or loss to the person or property of a student that may occur while the student is being furnished transportation by the other school district that is a party to the contract.

(C) Whenever a board not maintaining a high school enters into an agreement with one or more boards maintaining such school for the schooling of all its high school pupils, the board making such agreement is exempt from the payment of tuition at other high schools of pupils living within three miles of the school designated in the agreement. In case no such agreement is entered into, the high school to be attended can be selected by the pupil holding an eighth grade diploma, and the tuition shall be paid by the board of the district of school residence.

Sec. 3327.05. (A) Except as provided in division (B) of this section, no board of education of any school district shall provide transportation for any pupil who is a school resident of another school district unless the pupil is enrolled pursuant to section 3313.98 of the Revised Code or the board of the other district has given its written consent thereto. If the board of any school district files with the state board of education a written complaint that transportation for resident pupils is being provided by the board of another school district contrary to this division, the state board of education shall make an investigation of such complaint. If the state board of education finds that transportation is being provided contrary to this section, it may withdraw from state funds due the offending district any part of the amount
that has been approved for transportation pursuant to division (D) of section 3317.022 3306.12 of the Revised Code.

(B) Notwithstanding division (D) of section 3311.19 and division (D) of section 3311.52 of the Revised Code, this division does not apply to any joint vocational or cooperative education school district.

A board of education may provide transportation to and from the nonpublic school of attendance if both of the following apply:

(1) The parent, guardian, or other person in charge of the pupil agrees to pay the board for all costs incurred in providing the transportation that are not reimbursed pursuant to Chapter 3306. or 3317. of the Revised Code;

(2) The pupil's school district of residence does not provide transportation for public school pupils of the same grade as the pupil being transported under this division, or that district is not required under section 3327.01 of the Revised Code to transport the pupil to and from the nonpublic school because the direct travel time to the nonpublic school is more than thirty minutes.

Upon receipt of the request to provide transportation, the board shall review the request and determine whether the board will accommodate the request. If the board agrees to transport the pupil, the board may transport the pupil to and from the nonpublic school and a collection point in the district, as determined by the board. If the board transports the pupil, the board may include the pupil in the district's transportation ADM reported to the department of education under section 3317.03 of the Revised Code and, accordingly, may receive a state payment under division (D) of section 3317.022 3306.12 of the Revised Code for transporting the pupil.

If the board declines to transport the pupil, the board, in a written communication to the parent, guardian, or other person in charge of the pupil, shall state the reasons for declining the request.

Sec. 3327.10. (A) No person shall be employed as driver of a school bus or motor van, owned and operated by any school district or educational service center or privately owned and operated under contract with any school district or service center in this state, who has not received a certificate from the educational service center governing board in case such person is employed by a service center or by a local school district under the supervision of the service center governing board, or by the superintendent of schools, in case such person is employed by the board of a city or exempted village school district, certifying that such person is at least eighteen years of age and is of good moral character and is qualified physically and otherwise for such position. The service center governing board or the superintendent, as the case may be, shall provide for an annual
physical examination that conforms with rules adopted by the state board of education of each driver to ascertain the driver's physical fitness for such employment. Any certificate may be revoked by the authority granting the same on proof that the holder has been guilty of failing to comply with division (D)(1) of this section, or upon a conviction or a guilty plea for a violation, or any other action, that results in a loss or suspension of driving rights. Failure to comply with such division may be cause for disciplinary action or termination of employment under division (C) of section 3319.081, or section 124.34 of the Revised Code.

(B) No person shall be employed as driver of a school bus or motor van not subject to the rules of the department of education pursuant to division (A) of this section who has not received a certificate from the school administrator or contractor certifying that such person is at least eighteen years of age, is of good moral character, and is qualified physically and otherwise for such position. Each driver shall have an annual physical examination which conforms to the state highway patrol rules, ascertaining the driver's physical fitness for such employment. The examination shall be performed by one of the following:

1. A person licensed under Chapter 4731. of the Revised Code or by another state to practice medicine and surgery or osteopathic medicine and surgery;
2. A physician assistant;
3. A certified nurse practitioner;
4. A clinical nurse specialist;
5. A certified nurse-midwife.

Any written documentation of the physical examination shall be completed by the individual who performed the examination.

Any certificate may be revoked by the authority granting the same on proof that the holder has been guilty of failing to comply with division (D)(2) of this section.

(C) Any person who drives a school bus or motor van must give satisfactory and sufficient bond except a driver who is an employee of a school district and who drives a bus or motor van owned by the school district.

(D) No person employed as driver of a school bus or motor van under this section who is convicted of a traffic violation or who has had the person's commercial driver's license suspended shall drive a school bus or motor van until the person has filed a written notice of the conviction or suspension, as follows:

1. If the person is employed under division (A) of this section, the
person shall file the notice with the superintendent, or a person designated by the superintendent, of the school district for which the person drives a school bus or motor van as an employee or drives a privately owned and operated school bus or motor van under contract.

(2) If employed under division (B) of this section, the person shall file the notice with the employing school administrator or contractor, or a person designated by the administrator or contractor.

(E) In addition to resulting in possible revocation of a certificate as authorized by divisions (A) and (B) of this section, violation of division (D) of this section is a minor misdemeanor.

(F)(1) Not later than thirty days after June 30, 2007, each owner of a school bus or motor van shall obtain the complete driving record for each person who is currently employed or otherwise authorized to drive the school bus or motor van. An owner of a school bus or motor van shall not permit a person to operate the school bus or motor van for the first time before the owner has obtained the person's complete driving record. Thereafter, the owner of a school bus or motor van shall obtain the person's driving record not less frequently than semiannually if the person remains employed or otherwise authorized to drive the school bus or motor van. An owner of a school bus or motor van shall not permit a person to resume operating a school bus or motor van, after an interruption of one year or longer, before the owner has obtained the person's complete driving record.

(2) The owner of a school bus or motor van shall not permit a person to operate the school bus or motor van for six years after the date on which the person pleads guilty to or is convicted of a violation of section 4511.19 of the Revised Code or a substantially equivalent municipal ordinance.

(3) An owner of a school bus or motor van shall not permit any person to operate such a vehicle unless the person meets all other requirements contained in rules adopted by the state board of education prescribing qualifications of drivers of school buses and other student transportation.

(G) No superintendent of a school district, educational service center, community school, or public or private employer shall permit the operation of a vehicle used for pupil transportation within this state by an individual unless both of the following apply:

(1) Information pertaining to that driver has been submitted to the department of education, pursuant to procedures adopted by that department. Information to be reported shall include the name of the employer or school district, name of the driver, driver license number, date of birth, date of hire, status of physical evaluation, and status of training.

(2) The most recent criminal records check required by division (J) of
this section, including information from the federal bureau of investigation, has been completed and received by the superintendent or public or private employer.

(H) A person, school district, educational service center, community school, nonpublic school, or other public or nonpublic entity that owns a school bus or motor van, or that contracts with another entity to operate a school bus or motor van, may impose more stringent restrictions on drivers than those prescribed in this section, in any other section of the Revised Code, and in rules adopted by the state board.

(I) For qualified drivers who, on July 1, 2007, are employed by the owner of a school bus or motor van to drive the school bus or motor van, any instance in which the driver was convicted of or pleaded guilty to a violation of section 4511.19 of the Revised Code or a substantially equivalent municipal ordinance prior to two years prior to July 1, 2007, shall not be considered a disqualifying event with respect to division (F) of this section.

(J)(1) This division applies to persons hired by a school district, educational service center, community school, chartered nonpublic school, or science, technology, engineering, and mathematics school established under Chapter 3326. of the Revised Code to operate a vehicle used for pupil transportation.

For each person to whom this division applies who is hired on or after November 14, 2007, the employer shall request a criminal records check in accordance with section 3319.39 of the Revised Code and every six years thereafter. For each person to whom this division applies who is hired prior to that date, the employer shall request a criminal records check by a date prescribed by the department of education and every six years thereafter.

(2) This division applies to persons hired by a public or private employer not described in division (J)(1) of this section to operate a vehicle used for pupil transportation.

For each person to whom this division applies who is hired on or after November 14, 2007, the employer shall request a criminal records check prior to the person's hiring and every six years thereafter. For each person to whom this division applies who is hired prior to that date, the employer shall request a criminal records check by a date prescribed by the department and every six years thereafter.

(3) Each request for a criminal records check under division (J) of this section shall be made to the superintendent of the bureau of criminal identification and investigation in the manner prescribed in section 3319.39 of the Revised Code, except that if both of the following conditions apply to
the person subject to the records check, the employer shall request the superintendent only to obtain any criminal records that the federal bureau of investigation has on the person:

The board shall provide notice of each hearing within a reasonable amount of time prior to its scheduled date. Following the hearing, the board shall issue a recommendation to the chancellor. The chancellor shall consider the board's recommendation but shall not be required to accept it.

(a) Any student enrolled in an institution that, pursuant to federal law appeals its loss of eligibility for federal financial aid and the United States secretary of education determines its cohort default rate after recalculation is lower than the rate specified in division (F)(1) of this section or the secretary determines due to mitigating circumstances that the institution may continue to participate in federal financial aid programs. The chancellor shall adopt rules requiring institutions any such appellant to provide information to the chancellor regarding an appeal to the chancellor.

Sec. 3333.123. (A) As used in this section:

2) "Rules for the Ohio college opportunity grant program" means the rules authorized in division (S) of section 3333.04 of the Revised Code for the implementation of the program.

(B) In adopting rules for the Ohio college opportunity grant program, the chancellor of the Ohio board of regents may include provisions that give preferential or priority funding to low-income students who in their primary and secondary school work participate in or complete rigorous academic coursework, attain passing scores on the tests assessments prescribed in section 3301.0710 of the Revised Code, or meet other high academic performance standards determined by the chancellor to reduce the need for remediation and ensure academic success at the postsecondary education level. Any such rules shall include a specification of procedures needed to certify student achievement of primary and secondary standards as well as the timeline for implementation of the provisions authorized by this section.

Sec. 3333.16. As used in this section "state institution of higher education" means an institution of higher education as defined in section 3345.12 of the Revised Code.

(A) The chancellor of the Ohio board of regents shall do all of the following:

1) Establish policies and procedures applicable to all state institutions of higher education that ensure that students can begin higher education at any state institution of higher education and transfer coursework and degrees to any other state institution of higher education without unnecessary duplication or institutional barriers. The purpose of this requirement is to allow students to attain their highest educational aspirations in the most efficient and effective manner for the students and
the state. These policies and procedures shall require state institutions of higher education to make changes or modifications, as needed, to strengthen course content so as to ensure equivalency for that course at any state institution of higher education.

(2) Develop and implement a universal course equivalency classification system for state institutions of higher education so that the transfer of students and the transfer and articulation of equivalent courses or specified learning modules or units completed by students are not inhibited by inconsistent judgment about the application of transfer credits. Coursework completed within such a system at one state institution of higher education and transferred to another institution shall be applied to the student's degree objective in the same manner as equivalent coursework completed at the receiving institution.

(3) Develop a system of transfer policies that ensure that graduates with associate degrees which include completion of approved transfer modules shall be admitted to a state institution of higher education, shall be able to compete for admission to specific programs on the same basis as students native to the institution, and shall have priority over out-of-state associate degree graduates and transfer students. To assist a student in advising and transferring, all state institutions of higher education shall fully implement the course applicability information system for advising and transferring selected by, contracted for, or developed by the chancellor.

(5) Study, in consultation with the state board of career colleges and schools, and in light of existing criteria and any other criteria developed by the articulation and transfer advisory council, the feasibility of credit recognition and transferability to state institutions of higher education for graduates who have received associate degrees from a career college or school with a certificate of registration from the state board of career colleges and schools under Chapter 3332. of the Revised Code.

(B) All provisions of the existing articulation and transfer policy developed by the Ohio board of regents shall remain in effect except where amended by this section.

To be eligible for a loan, the applicant shall provide the chancellor with a letter of intent to practice as a faculty member at a prelicensure or postlicensure program for nursing in this state upon completion of the applicant's academic program.

(b) If the borrower of a loan under division (C)(1)(a) of this section secures employment as a faculty member of an approved nursing education program in this state within six months following graduation from an approved nurse education program, the chancellor may forgive the principal and interest of the student's loans received under division (C)(1)(a) of this section at a rate of twenty-five per cent per year, for a maximum of four years, for each year in which the borrower is so employed. A deferment of the service obligation, and other conditions regarding the forgiveness of loans may be granted as provided by the rules adopted under division (D)(7) of this section.

(c) Loans awarded under division (C)(1)(a) of this section shall be awarded on the basis of the student's expected family contribution, with preference given to those applicants with the lowest expected family contribution. However, the chancellor may consider other factors the chancellor determines relevant in ranking the applications.

(d) Each loan awarded to a student under division (C)(1)(a) of this section shall be not less than five thousand dollars per year.

(2) Twenty-five per cent of available funds shall be awarded to students enrolled in prelicensure nurse education programs for registered nurses, as defined in section 4723.01 of the Revised Code.
(3) Twenty-five per cent of available funds shall be awarded to students enrolled in prelicensure professional nurse education programs for licensed practical nurses, as defined in section 4723.01 of the Revised Code as determined by the chancellor, with preference given to programs aimed at increasing enrollment in an area of need.

After January 1, 2012, the chancellor shall determine the manner in which to distribute loans under this section.

(D) Subject to the requirements specified in division (C) of this section, the chancellor shall adopt rules in accordance with Chapter 119. of the Revised Code establishing:

1. Eligibility criteria for receipt of a loan;
2. Loan application procedures;
3. The amounts in which loans may be made and the total amount that may be loaned to an individual;
4. The total amount of loans that can be made each year;
5. The percentage of the money in the fund that must remain in the fund at all times as a fund balance;
6. Interest and principal repayment schedules;
7. Conditions under which a portion of principal and interest obligations incurred by an individual under the program will be forgiven;
8. Ways that the program may be used to encourage individuals who are members of minority groups to enter the nursing profession;
9. Any other matters incidental to the operation of the program.

(E) The obligation to repay a portion of the principal and interest on a loan made under this section shall be forgiven if the recipient of the loan meets the criteria for forgiveness established by division (C)(1)(b) of this section, in the case of loans awarded under division (C)(1)(a) of this section, or by the chancellor under the rule adopted under division (D)(7) of this section, in the case of other loans awarded under this section.

(F) The receipt of a loan under this section shall not affect a student's eligibility for assistance, or the amount of that assistance, granted under section 3333.12, 3333.122, 3333.22, 3333.26, 3333.27, 5910.03, 5910.032, or 5919.34 of the Revised Code, but the rules of the chancellor may provide for taking assistance received under those sections into consideration when determining a student's eligibility for a loan under this section.

Sec. 3333.35. The state board of education and the chancellor of the Ohio board of regents shall strive to reduce unnecessary student remediation costs incurred by colleges and universities in this state, increase overall access for students to higher education, enhance the post-secondary enrollment options program in accordance with Chapter 3365. of the

a loan to be repaid under section 3333.392 of the Revised Code.

(E) The chancellor shall adopt rules in accordance with Chapter 119, of
the Revised Code to administer this section and section 3333.392 of the
Revised Code.

Sec. 3333.392. (A) Each recipient who accepts a scholarship under the
Ohio teaching fellows program created under section 3333.391 of the
Revised Code, or the recipient's parent if the recipient is younger than
eighteen years of age, shall sign a promissory note payable to the state in the
event the recipient does not satisfy the service requirement of division (D)
of section 3333.391 of the Revised Code or the scholarship is terminated.
The amount payable under the note shall be the amount of total scholarships
accepted by the recipient under the program plus ten per cent interest
accrued annually beginning on the first day of September after graduating from the teacher training program or immediately after termination of the scholarship. The period of repayment under the note shall be determined by the chancellor of the Ohio board of regents. The note shall stipulate that the obligation to make payments under the note is canceled following completion of four years of qualified service by the recipient in accordance with division (D) of section 3333.391 of the Revised Code, or if the recipient dies, becomes totally and permanently disabled, or is unable to complete the required qualified service as a result of a reduction in force at the recipient's school of employment before the obligation under the note has been satisfied.

(B) Repayment of the principal amount of the scholarship and interest accrued shall be deferred while the recipient is enrolled in an approved teaching program, while the recipient is seeking employment to fulfill the service obligation, for a period not to exceed six months, or while the recipient is engaged in qualified service.

(C) During the seven-year period following the recipient's graduation from an approved teaching program, the chancellor shall deduct twenty-five per cent of the outstanding balance that may be converted to a loan for each year the recipient teaches at a qualifying school.

(D) The chancellor may terminate the scholarship, in which case the scholarship shall be converted to a loan to be repaid under division (A) of this section.

(E) The scholarship shall be deemed terminated upon the recipient's withdrawal from school or the recipient's failure to meet the standards of the scholarship as determined by the chancellor and shall be converted to a loan to be repaid under division (A) of this section.

(F) The chancellor and the attorney general shall collect payments on the converted loan in accordance with section 131.02 of the Revised Code.

Sec. 3333.42. No state institution of higher education, as defined in section 3345.011 of the Revised Code, shall charge a nonresident student who is a member of the armed forces of the United States and who is stationed in this state pursuant to military orders or who is a member of the Ohio national guard, or who is the spouse or dependent child of such a student, rates for tuition and fees that are higher than the rates charged to an Ohio resident.

Sec. 3333.61. The chancellor of the Ohio board of regents shall establish and administer the Ohio innovation partnership, which shall consist of the choose Ohio first scholarship program and the Ohio research scholars program. Under the programs, the chancellor, subject to approval
by the controlling board, shall make awards to state universities or colleges for programs and initiatives that recruit students and scientists in the fields of science, technology, engineering, mathematics, and medicine to state universities or colleges, in order to enhance regional educational and economic strengths and meet the needs of the state's regional economies. Awards may be granted for programs and initiatives to be implemented by a state university or college alone or in collaboration with other state institutions of higher education, nonpublic Ohio universities and colleges, or other public or private Ohio entities. If the chancellor makes an award to a program or initiative that is intended to be implemented by a state university or college in collaboration with other state institutions of higher education or nonpublic Ohio universities or colleges, the chancellor may provide that some portion of the award be received directly by the collaborating universities or colleges consistent with all terms of the Ohio innovation partnership.

The choose Ohio first scholarship program shall assign a number of scholarships to state universities and colleges to recruit Ohio residents as undergraduate, or as provided in section 3333.66 of the Revised Code, students in the fields of science, technology, engineering, mathematics, and medicine, or in science, technology, engineering, mathematics, or medical education. Choose Ohio first scholarships shall be awarded to each participating eligible student as a grant to the state university or college the student is attending and shall be reflected on the student's tuition bill. Choose Ohio first scholarships are student-centered grants from the state to students to use to attend a university or college and are not grants from the state to universities or colleges.

Notwithstanding any other provision of this section or sections 3333.62 to 3333.70 of the Revised Code, a nonpublic four-year Ohio institution of higher education may submit a proposal for choose Ohio first scholarships if the proposal is to be implemented in collaboration with a state university or college or Ohio research scholars grants. If the chancellor grants awards a nonpublic institution an award of scholarships or grants, the nonpublic institution shall comply with all requirements of this section, sections 3333.62 to 3333.70 of the Revised Code, and the rules adopted under this section that apply to state universities or colleges awarded choose Ohio first scholarships or Ohio research scholars grants.

The Ohio research scholars program shall award grants to use in recruiting scientists to the faculties of state universities or colleges.

The chancellor shall adopt rules in accordance with Chapter 119. of the Revised Code to administer the programs.
Sec. 3333.62. The chancellor of the Ohio board of regents shall establish a competitive process for making awards under the choose Ohio first scholarship program and the Ohio research scholars program. The chancellor, on completion of that process, shall make a recommendation to the controlling board asking for approval of each award selected by the chancellor.

Any state university or college may apply for one or more awards under one or both programs. The state university or college shall submit a proposal and other documentation required by the chancellor, in the form and manner prescribed by the chancellor, for each award it seeks. A proposal may propose an initiative to be implemented solely by the state university or college or in collaboration with other state institutions of higher education, nonpublic Ohio universities or colleges, or other public or nonpublic Ohio entities. A single proposal may seek an award under one or both programs.

The chancellor shall determine which proposals will receive awards each fiscal year, and the amount of each award, on the basis of the merit of each proposal, which the chancellor, subject to approval by the controlling board, shall determine based on one or more of the following criteria:

(A) The quality of the program that is the subject of the proposal and the extent to which additional resources will enhance its quality;
(B) The extent to which the proposal is integrated with the strengths of the regional economy;
(C) The extent to which the proposal is integrated with centers of research excellence within the private sector;
(D) The amount of other institutional, public, or private resources, whether monetary or nonmonetary, that the proposal pledges to leverage;
(E) The extent to which the proposal is collaborative with other public or nonpublic Ohio institutions of higher education;
(F) The extent to which the proposal is integrated with the university's or college's mission and does not displace existing resources already committed to the mission;
(G) The extent to which the proposal facilitates a more efficient utilization of existing faculty and programs;
(H) The extent to which the proposal meets a statewide educational need;
(I) The demonstrated productivity or future capacity of the students or scientists to be recruited;
(J) The extent to which the proposal will create additional capacity in educational or economic areas of need;
(K) The extent to which the proposal will encourage students who
received degrees in the fields of science, technology, engineering, mathematics, or medicine from two-year institutions to transfer to state universities or colleges to pursue baccalaureate degrees in science, technology, engineering, mathematics, or medicine;

(L) The extent to which the proposal encourages students enrolled in state universities to transfer into science, technology, engineering, mathematics, or medicine programs;

(M) The extent to which the proposal facilitates the completion of a baccalaureate degree in a cost-effective manner, for example, by facilitating students' completing two years at a two-year institution and two years at a state university or college;

(N) The extent to which the proposal allows attendance at a state university or college of students who otherwise could not afford to attend;

(O) The extent to which other institutional, public, or private resources pledged to the proposal will be deployed to assist in sustaining students' scholarships over their academic careers;

(P) The extent to which the proposal increases the likelihood that students will successfully complete their degree programs in science, technology, engineering, mathematics, or medicine or in science, technology, engineering, mathematics, or medical education;

(Q) The extent to which the proposal ensures that a student who is awarded a scholarship is appropriately qualified and prepared to successfully complete a degree program in science, technology, engineering, mathematics, or medicine or in science, technology, engineering, mathematics, or medical education;

(R) The extent to which the proposal will increase the number of women participating in the choose Ohio first scholarship program.

Sec. 3333.66. (A) In (1) Except as provided in division (A)(2) of this section, in each academic year, no student who receives a choose Ohio first scholarship shall receive less than one thousand five hundred dollars or more than one-half of the highest in-state undergraduate instructional and general fees charged by all state universities. For this purpose, if Miami university is implementing the pilot tuition restructuring plan originally recognized in Am. Sub. H.B. 95 of the 125th general assembly, that university's instructional and general fees shall be considered to be the average full-time in-state undergraduate instructional and general fee amount after taking into account the Ohio resident and Ohio leader scholarships and any other credit provided to all Ohio residents.

(2) The chancellor of the Ohio board of regents may authorize a state university or college or a nonpublic Ohio institution of higher education to
award a choose Ohio first scholarship in an amount greater than one-half of the highest in-state undergraduate instructional and general fees charged by all state universities to either of the following:

(a) Any undergraduate student who qualifies for a scholarship and is enrolled in a program leading to a teaching profession in science, technology, engineering, mathematics, or medicine;

(b) Any graduate student who qualifies for a scholarship, if any initiatives are selected for award under division (B) of this section.

(B) The chancellor of the Ohio board of regents shall encourage state universities and colleges, alone or in collaboration with other state institutions of higher education, nonpublic Ohio universities and colleges, or other public or private Ohio entities, to submit proposals under the choose Ohio first scholarship program for initiatives that recruit Ohio residents enrolled in colleges and universities in other states or other countries to return to Ohio and enroll in state universities or colleges as graduate students in the fields of science, technology, engineering, mathematics, and medicine, or in the fields of science, technology, engineering, mathematics, or medical education. If such proposals are submitted and meet the chancellor's competitive criteria for awards, the chancellor, subject to approval by the controlling board, shall give at least one of the proposals preference for an award.

(C) The general assembly intends that money appropriated for the choose Ohio first scholarship program in each fiscal year be used for scholarships in the following academic year.

Sec. 3333.90. (A) As used in this section:

(1) "Allocated state share of instruction" means, for any fiscal year, the amount of the state share of instruction appropriated to the Ohio board of regents by the general assembly that is allocated to a community or technical college or community or technical college district for such fiscal year.

(2) "Authority" means the Ohio building authority.

(3) "Bond service charges" has the same meaning as in section 152.09 of the Revised Code.

(4) "Chancellor" means the chancellor of the Ohio board of regents.

(5) "Community or technical college" or "college" means any of the following state-supported or state-assisted institutions of higher education:

(a) A community college as defined in section 3354.01 of the Revised Code;

(b) A technical college as defined in section 3357.01 of the Revised Code;
(c) A state community college as defined in section 3358.01 of the Revised Code.

(6) "Community or technical college district" or "district" means any of the following institutions of higher education that are state-supported or state-assisted:

(a) A community college district as defined in section 3354.01 of the Revised Code;

(b) A technical college district as defined in section 3357.01 of the Revised Code;

(c) A state community college district as defined in section 3358.01 of the Revised Code.

(7) "Credit enhancement facilities" has the same meaning as in section 133.01 of the Revised Code.

(8) "Obligations" has the meaning as in section 152.09 or 3345.12 of the Revised Code, as the context requires.

(B) The board of trustees of any community or technical college district authorizing the issuance of obligations under section 3354.12, 3354.121, 3357.11, 3357.112, or 3358.10 of the Revised Code, or for whose benefit and on whose behalf the authority proposes to issue obligations under division (G) of section 152.09 of the Revised Code, may adopt a resolution requesting the chancellor to enter into an agreement with the community or technical college district and the primary paying agent or fiscal agent for such obligations, providing for the withholding and deposit of funds otherwise due the district or the community or technical college it operates in respect of its allocated state share of instruction, for the payment of bond service charges on such obligations.

The board of trustees shall deliver to the chancellor a copy of the resolution and any additional pertinent information the chancellor may require.

The chancellor and the office of budget and management, and the authority in the case of obligations to be issued by the authority, shall evaluate each request received from a community or technical college district under this section. The chancellor, with the advice and consent of the director of budget and management and the authority in the case of obligations to be issued by the authority, shall approve each request if all of the following conditions are met:

(1) Approval of the request will enhance the marketability of the obligations for which the request is made;

(2) The chancellor and the office of budget and management, and the authority in the case of obligations to be issued by the authority, have no
reason to believe the requesting community or technical college district or the community or technical college it operates will be unable to pay when due the bond service charges on the obligations for which the request is made, and bond service charges on those obligations are therefore not anticipated to be paid pursuant to this section from the allocated state share of instruction for purposes of Section 17 of Article VIII, Ohio Constitution.

(3) Any other pertinent conditions established in rules adopted under division (H) of this section.

(C) If the chancellor approves the request of a community or technical college district to withhold and deposit funds pursuant to this section, the chancellor shall enter into a written agreement with the district and the primary paying agent or fiscal agent for the obligations, which agreement shall provide for the withholding of funds pursuant to this section for the payment of bond service charges on those obligations. The agreement may also include both of the following:

(1) Provisions for certification by the district to the chancellor, prior to the deadline for payment of the applicable bond service charges, whether the district and the community or technical college it operates are able to pay those bond service charges when due;

(2) Requirements that the district or the community or technical college it operates deposits amounts for the payment of those bond service charges with the primary paying agent or fiscal agent for the obligations prior to the date on which the bond service charges are due to the owners or holders of the obligations.

(D) Whenever a district or the community or technical college it operates notifies the chancellor that it will not be able to pay the bond service charges when they are due, subject to the withholding provisions of this section, or whenever the applicable paying agent or fiscal agent notifies the chancellor that it has not timely received from a district or from the college it operates the full amount needed for payment of the bond service charges when due to the holders or owners of such obligations, the chancellor shall immediately contact the district or college and the paying agent or fiscal agent to confirm that the district and the college are not able to make the required payment by the date on which it is due.

If the chancellor confirms that the district and the college are not able to make the required payment and the payment will not be made pursuant to a credit enhancement facility, the chancellor shall promptly pay to the applicable primary paying agent or fiscal agent the lesser of the amount due for bond service charges or the amount of the next periodic distribution scheduled to be made to the district or to the college in respect of its allocated state share
of instruction. If this amount is insufficient to pay the total amount then due to the agent for the payment of bond service charges, the chancellor shall continue to pay to the agent from each periodic distribution thereafter, and until the full amount due the agent for unpaid bond service charges is paid in full, the lesser of the remaining amount due the agent for bond service charges or the amount of the next periodic distribution scheduled to be made to the district or college in respect of its allocated state share of instruction.

(E) The chancellor may make any payments under this section by direct deposit of funds by electronic transfer.

Any amount received by a paying agent or fiscal agent under this section shall be applied only to the payment of bond service charges on the obligations of the community or technical college district or community or technical college subject to this section or to the reimbursement of the provider of a credit enhancement facility that has paid the bond service charges.

(F) The chancellor may make payments under this section to paying agents or fiscal agents during any fiscal biennium of the state only from and to the extent that money is appropriated to the board of regents by the general assembly for distribution during such biennium for the state share of instruction and only to the extent that a portion of the state share of instruction has been allocated to the community or technical college district or community or technical college. Obligations of the authority or of a community or technical college district to which this section is made applicable do not constitute an obligation or a debt of the faith, credit, or taxing power of the state, and the holders or owners of those obligations have no right to have excises or taxes levied or appropriations made by the general assembly for the payment of bond service charges on the obligations, and the obligations shall contain a statement to that effect. The agreement for or the actual withholding and payment of money under this section does not constitute the assumption by the state of any debt of a community or technical college district or a community or technical college, and bond service charges on the related obligations are not anticipated to be paid from the state general revenue fund for purposes of Section 17 of Article VIII, Ohio Constitution.

(G) In the case of obligations subject to the withholding provisions of this section, the issuing community or technical college district, or the authority in the case of obligations issued by the authority, shall appoint a paying agent or fiscal agent who is not an officer or employee of the district or college.

(H) The chancellor, with the advice and consent of the office of budget
and management, may adopt reasonable rules not inconsistent with this section for the implementation of this section to secure payment of bond service charges on obligations issued by a community or technical college district or by the authority for the benefit of a community or technical college district or the community or technical college it operates. Those rules shall include criteria for the evaluation and approval or denial of community or technical college district requests for withholding under this section.

(I) The authority granted by this section is in addition to and not a limitation on any other authorizations granted by or pursuant to law for the same or similar purposes.

Sec. 3334.03. (A)(1) There is hereby created the Ohio tuition trust authority within the office of the chancellor of the Ohio board of regents, which shall have the powers enumerated in this chapter and which shall operate as a qualified state tuition program within the meaning of section 529 of the Internal Revenue Code. The exercise by the authority of its powers shall be and is hereby declared an essential state governmental function. The authority is subject to all provisions of law generally applicable to state agencies which do not conflict with the provisions of this chapter.

(2) Except for the duties and responsibilities under this chapter of the Ohio tuition trust authority board as specified in divisions (B)(2) and (3) of this section, the Ohio tuition trust authority shall perform all duties and responsibilities specified under this chapter.

(B) The (1)(a) There is hereby created the Ohio tuition trust authority board, which shall consist of eleven members, no more than six of whom shall be of the same political party. Four members shall be appointed by the speaker of the house of representatives and the president of the senate as follows: the speaker of the house of representatives shall appoint one member of the house from each political party and the president of the senate shall appoint one member of the senate from each political party. The chancellor of the board of regents or the chancellor's designee shall be an ex officio voting member; provided, however, that the chancellor may designate a
vice chancellor of the board of regents to serve as the chancellor’s representative. The political party of the chancellor shall be deemed the political party of the designee for purposes of determining that no more than six members are of the same political party.

Initial gubernatorial appointees to the authority shall serve staggered terms, with two terms expiring on January 31, 1991, one term expiring on January 31, 1992, and one term expiring on January 31, 1993. The governor shall appoint two additional members to the authority no later than thirty days after March 30, 1999, and their initial terms shall expire January 31, 2002. Thereafter, terms: Terms of office for gubernatorial appointees shall be for four years staggered four-year terms. The initial terms of the four legislative members shall expire on January 31, 1991. Thereafter legislative Legislative members shall serve two-year terms, provided that legislative members may continue to serve on the authority board only if they remain members of the general assembly. Any vacancy on the authority board shall be filled in the same manner as the original appointment, except that any person appointed to fill a vacancy shall be appointed to the remainder of the unexpired term. Any member is eligible for reappointment.

Any member may be removed by the appointing authority for misfeasance, malfeasance, or willful neglect of duty or for other cause after notice and a public hearing, unless the notice and hearing are waived in writing by the member. Members shall serve without compensation but shall receive their reasonable and necessary expenses incurred in the conduct of the board’s business.

The speaker of the house of representatives and the president of the senate shall each designate a member of the authority board to serve as co-chairpersons. The six gubernatorial appointees and the chancellor of the board of regents or the chancellor’s designee shall serve as the executive committee of the authority board, and shall elect an executive chairperson from among the executive committee members. The authority board and the executive committee may elect such other officers as determined by the authority board or the executive committee respectively. The authority shall meet at least annually at the call of either co-chairperson and at such other times as either co-chairperson or the authority board determines necessary. In the absence of both co-chairpersons, the executive chairperson shall serve as the presiding officer of the authority board. The executive committee shall meet at the call of the executive chairperson or as the executive committee determines necessary. The authority board may delegate to the executive committee such duties and responsibilities as the authority board determines appropriate, except that the authority board may not delegate to
the executive committee the final determination of the annual price of a tuition unit, the final designation of bonds as college savings bonds; or providing of advice concerning and consent to the employment of an executive director of the Ohio tuition trust authority. Upon such delegation, the executive committee shall have the authority to act pursuant to such delegation without further approval or action by the authority board. A majority of the authority board shall constitute a quorum of the authority board, and the affirmative vote of a majority of the members present shall be necessary for any action taken by the authority board. A majority of the executive committee shall constitute a quorum of the executive committee, and the affirmative vote of a majority of the members present shall be necessary for any action taken by the executive committee. No vacancy in the membership of the authority board or the executive committee shall impair the rights of a quorum to exercise all rights and perform all duties of the authority board or the executive committee respectively.

(2) The Ohio tuition trust authority board solely shall perform the duties and responsibilities specified in division (B)(3) of this section and in all of the following:

(a) Section 3334.04 of the Revised Code, except for administration responsibilities that include, but are not limited to, marketing, promoting, and advertising;

(b) Division (A)(11) of section 3334.08 of the Revised Code to provide advice and consent to the Ohio tuition trust authority on the hiring of the executive director, provided that the executive director shall not be hired unless a majority of the board votes in favor of the hiring;

(c) Divisions (A) to (E), (G)(1), (K), (L), and (M) of section 3334.11 of the Revised Code, except that the board shall consult with the chancellor prior to any change in the order of expenditures under division (B) of that section, prior to entering into a contract under division (E) of that section, or prior to establishing an entity authorized under division (K)(2) of that section;

(d) Section 3334.12 of the Revised Code;

(e) Sections 3334.18 to 3334.21 of the Revised Code concerning investment and fiduciary duties that are required for the variable college savings program. In addition, prior to any change in the order of expenditures under division (F) of section 3334.19 of the Revised Code, the board shall consult with the chancellor.

(3) Subject to the advice and consent of the chancellor, the Ohio tuition trust authority board may remove at any time the executive director of the Ohio tuition trust authority hired under division (A)(11) of section 3334.08
of the Revised Code.

Sec. 3334.07. (A) The Ohio tuition trust authority shall develop a plan for the sale of tuition units. The Ohio board of regents shall cooperate with the authority and provide technical assistance upon request. Not later than December 31, 2009, the authority shall conduct a study of guaranteed tuition program plans and submit a report that contains recommendations for a new guaranteed tuition plan to the speaker of the house of representatives, the president of the senate, and the governor. The authority shall include in the report consideration of a guaranteed tuition program plan in which the risks of the plan are shared equitably among institutions of higher education, the state, the Ohio tuition trust authority, and the investors in the program.

(B) Annually, the authority shall determine the weighted average tuition of four-year state universities in the academic year that begins on or after the first day of August of the current calendar year, and shall establish the price of a tuition unit in the ensuing sales period. Such price shall be based on sound actuarial principles, and shall, to the extent actuarially possible, reasonably approximate one per cent of the weighted average tuition for that academic year plus the costs of administering the program that are in excess of general revenue fund appropriations for administrative costs. The sales period to which such price applies shall consist of twelve months, and the authority by rule shall establish the date on which the sales period begins. If circumstances arise during a sales period that the authority determines causes the price of tuition units to be insufficient to ensure the actuarial soundness of the Ohio tuition trust fund, the authority may adjust the price of tuition units purchased during the remainder of the sales period. To promote the purchase of tuition units and in accordance with actuarially sound principles, the authority may adjust the sales price as part of incentive programs, such as discounting for lump sum purchases and multi-year installment plans at a fixed rate of purchase.

(C) The authority may establish and administer more than one plan for the sale of tuition units within the Ohio tuition trust fund using similar principles specified in division (B) of this section or modeled after a plan that was included in the study that was conducted under division (A) of this section. If the authority establishes and administers more than one plan for the sale of tuition units, the money received under each plan shall be segregated and identified within the Ohio tuition trust fund.

Sec. 3334.08. (A) Subject to division (B) of this section, in addition to any other powers conferred by this chapter, the Ohio tuition trust authority may do any of the following:

(1) Impose reasonable residency requirements for beneficiaries of
tuition units;

(10) Contract for other services, or for goods, needed by the authority in the conduct of its business, including but not limited to credit card services;

(11) Employ an executive director and other personnel as necessary to carry out its responsibilities under this chapter, and fix the compensation of these persons. All employees of the authority shall be in the unclassified civil service and shall be eligible for membership in the public employees retirement system. In the hiring of the executive director, the Ohio tuition trust authority shall obtain the advice and consent of the Ohio tuition trust board created in section 3334.03 of the Revised Code, provided that the executive director shall not be hired unless a majority of the board votes in favor of the hiring. In addition, the board may remove the executive director
at any time subject to the advice and consent of the chancellor of the Ohio board of regents.

(12) Contract with financial consultants, actuaries, auditors, and other consultants as necessary to carry out its responsibilities under this chapter;

(13) Enter into agreements with any agency of the state or its political subdivisions or with private employers under which an employee may agree to have a designated amount deducted in each payroll period from the wages or salary due the employee for the purpose of purchasing tuition units pursuant to a tuition payment contract or making contributions pursuant to a variable college savings program contract;

(14) Enter into an agreement with the treasurer of state under which the treasurer of state will receive, and credit to the Ohio tuition trust fund or variable college savings program fund, from any bank or savings and loan association authorized to do business in this state, amounts that a depositor of the bank or association authorizes the bank or association to withdraw periodically from the depositor's account for the purpose of purchasing tuition units pursuant to a tuition payment contract or making contributions pursuant to a variable college savings program contract;

(15) Solicit and accept gifts, grants, and loans from any person or governmental agency and participate in any governmental program;

(18) Impose a limit on the age of a beneficiary, above which tuition units may not be purchased on behalf of that beneficiary;

(19) Enter into a cooperative agreement with the treasurer of state to provide for the direct disbursement of payments under tuition payment or variable college savings program contracts;

(20) Determine the other higher education expenses for which tuition units or contributions may be used;

(21) Terminate any tuition payment or variable college savings program contract if no purchases or contributions are made for a period of three years or more and there are fewer than a total of five tuition units or less than a dollar amount set by rule on account, provided that notice of a possible termination shall be provided in advance, explaining any options to prevent termination, and a reasonable amount of time shall be provided within which to act to prevent a termination;

(22) Maintain a separate account for each tuition payment or variable
college savings program contract;

(23) Perform all acts necessary and proper to carry out the duties and responsibilities of the authority pursuant to this chapter.

(B) The authority shall adopt rules under section 111.15 of the Revised Code for the implementation and administration of the variable college savings program. The rules shall provide taxpayers with the maximum tax advantages and flexibility consistent with section 529 of the Internal Revenue Code and regulations adopted thereunder with regard to disposition of contributions and earnings, designation of beneficiaries, and rollover of account assets to other programs.

(C) Except as otherwise specified in this chapter, the provisions of Chapters 123., 125., and 4117. of the Revised Code shall not apply to the authority. The department of administrative services shall, upon the request of the authority, act as the authority's agent for the purchase of equipment, supplies, insurance, or services, or the performance of administrative services pursuant to Chapter 125. of the Revised Code.

Sec. 3334.11. (A) The assets of the Ohio tuition trust authority reserved for payment of the obligations of the authority pursuant to tuition payment contracts shall be placed in a fund, which is hereby created and shall be known as the Ohio tuition trust fund. The fund shall be in the custody of the treasurer of state, but shall not be part of the state treasury. Such notes may be additionally secured by covenants of the institution to the effect that it will do such or all things necessary for the issuance of such bonds or renewal notes in appropriate amount, and either exchange such bonds or renewal notes therefor or apply the proceeds thereof to the extent necessary, to make full payment of the bond service charges on such notes at the time or times contemplated, as provided in such resolution. Subject to the provisions of this division, all references to obligations or assurances in this section apply to such anticipation notes.

The tuition rate shall be based on the student's county of residence and shall
apply to all eastern gateway community college district classes in all district locations. Except as provided in division (F)(3) of this section, students who are residents of Columbiana, Mahoning, or Trumbull county shall continue to be charged tuition at the same rate as Ohio residents who are not residents of the district.

(E)(1) Except as provided in divisions (E)(2) and (3) of this section, each member of the board of trustees shall have full voting rights on all matters that come before the board.

(2) The three trustees representing Jefferson county shall have sole authority to vote on the following matters:
   (a) The Jefferson county tax levy;
   (b) The expenditure of revenue from that tax levy;
   (c) Levy-subsidized tuition rates.

(3) The voting restrictions under division (E)(2) of this section apply until the electors of the Columbiana, Mahoning, and Trumbull county taxing subdistrict approve a tax levy under division (F)(3) of this section that is equivalent to the tax levy approved by the electors of Jefferson county for the support of the former community college district of Jefferson county on the effective date of this section. For the purposes of this division, the tax levy is an equivalent tax levy if either:
   (a) In the first tax year for which the tax is collected, it yields revenue per capita equal to or greater than the yield per capita of levies of the community college district in effect that year in Jefferson county, as jointly determined by the county auditors of Jefferson, Columbiana, Mahoning, and Trumbull counties; or
   (b) In the first tax year for which the tax is collected, the effective tax rate of the tax is equal to or greater than the effective tax rate of levies of the community college district in effect that tax year in Jefferson county, as jointly determined by the county auditors of Jefferson, Columbiana, Mahoning, and Trumbull counties.

As used in this division, "effective tax rate" means the quotient obtained by dividing the total taxes charged and payable for a taxing subdistrict for a tax year after the reduction prescribed by section 319.301 of the Revised Code but before the reduction prescribed by section 319.302 or 323.152 of the Revised Code, by the taxable value for the taxing subdistrict for that tax year.

(F)(1) For each taxing subdistrict of the eastern gateway community college district, the board of trustees may propose to levy a tax in accordance with the procedures prescribed in section 3354.12 of the Revised Code, except the following terms used in that section shall have the
meanings given them in this section:

(a) "District" and "community college district" mean the appropriate taxing subdistrict defined in this section;

(b) "Board of trustees of the community college district" means the board of trustees for the entire eastern gateway community college district. That board of trustees may propose separate levies for either of the two taxing subdistricts.

(c) "Tax duplicate" means the tax duplicate of only the appropriate taxing subdistrict and not the tax duplicate of the entire eastern gateway community college district.

(2) The board of trustees may propose to levy a tax on taxable property in Jefferson county to be voted on by the electors of Jefferson county as provided in division (F)(1) of this section. An affirmative vote by a majority of the electors of the subdistrict voting on the question is necessary for passage. Any money raised by a tax levied by the former community college district of Jefferson county or a subsequent tax levied in Jefferson county in accordance with division (F)(1) of this section shall be used solely for the benefit of Jefferson county residents attending the eastern gateway community college in the form of student tuition subsidies, student scholarships, and instructional facilities, equipment, and support services located within Jefferson county, or for any purpose approved by the electors. Such amounts shall be deposited into a separate fund of the taxing subdistrict, and shall be budgeted separately.

(3) The board of trustees may propose to levy a tax on taxable property in Columbiana, Mahoning, and Trumbull counties to be voted on by the electors of the counties as provided in division (F)(1) of this section. An affirmative vote by a majority of the electors of the subdistrict voting on the question is necessary for passage. Any amounts raised by such a tax in the tax subdistrict shall be used solely for the benefit of residents of the subdistrict attending the eastern gateway community college in the form of student tuition subsidies, student scholarships, and instructional facilities, equipment, and support services located within Columbiana, Mahoning, and Trumbull counties, or for any purpose approved by the electors. Amounts collected shall be deposited into a separate fund from all other revenues collected by each taxing subdistrict.

The board of trustees may adjust the rate of tuition charged to each taxing subdistrict's residents to an amount commensurate with the amount of tax the board of trustees dedicates for instructional and general services provided to the residents of the subdistrict.

(G) The board of trustees of the eastern gateway community college
district may issue bonds in accordance with section 3354.11 of the Revised Code, but the board may limit the question of approval of the issue of those bonds to the electors of only one of the two taxing subdistricts, in which case the board also may limit the use of the property or improvements to the residents of that subdistrict.

(H) If the tax levy in Jefferson county expires, is not renewed, or is not approved by the electors of Jefferson county and the other taxing subdistrict does not levy a tax for the purposes of this section, the board of trustees of the eastern gateway community college district shall submit a proposal to the chancellor of the board of regents to convert to a state community college and, upon the chancellor's approval of the proposal, enter into a transition agreement with the chancellor following the procedures set forth in section 3358.05 of the Revised Code for a technical college district.

Sec. 3354.26. Notwithstanding the provisions in section 3354.07 and division (A) of section 3354.09 of the Revised Code, which allow the board of trustees of a community college district to contract with a generally accredited public university or college for operation of such community college, the board of trustees of the Rio Grande community college district and the board of trustees of the university of Rio Grande, a private nonprofit corporation also located in Rio Grande, Ohio, may enter into a contract one or more contracts for the board of trustees of the university of Rio Grande to provide any services for the operation of the community college—The, except the services of a treasurer or other fiscal officer. Under the contracts, the community college board of trustees may employ a person to serve as president of the community college, and also may have that person serve as president of the university as established by the contract entered into pursuant to this section. The salary, benefits, and other compensation for any such employee for all duties shall be determined and paid solely by the community college acquire the services of the president of the university and other personnel, except as otherwise provided in this section. The community college board shall have exclusive authority to employ and make personnel decisions regarding the treasurer or other fiscal officer of the community college and any other personnel the community college board considers necessary for the operation of the community college. The purpose of the contracts shall be to provide the necessary leadership and to secure the efficient and effective provision of educational services for the community college from the university. The board of trustees of Rio Grande community college may terminate any such contract if a majority of the members of the board determines that the contract is no longer in the best interests of the community college. Each such contract shall include a
provision for termination of the contract.

(A) The student may elect at the time of enrollment to be responsible for payment of all tuition and the cost of all textbooks, materials, and fees associated with the course. The college shall notify the student about payment of tuition and fees in the customary manner followed by the college. A student electing this option also shall elect, at the time of enrollment, whether to receive only college credit or high school credit and college credit for the course.

(1) The student may elect to receive only college credit for the course. Except as provided in section 3365.041 of the Revised Code, if the student successfully completes the course, the college shall award the student full credit for the course, but the board of education, community school governing authority, STEM school, or nonpublic participating school shall not award the high school credit.

attending courses under division (B) of this section shall be considered as time the participant is attending or enrolled in the district's schools.

Sec. 3365.041. (A) When a school district superintendent, the governing authority of a community school, or the chief administrative officer of a STEM school expels a student under division (B) of section 3313.66 of the Revised Code, the district superintendent, governing authority, or chief administrative officer shall send a written notice of the expulsion to any college in which the expelled student is enrolled under section 3365.03 of the Revised Code at the time the expulsion is imposed. The notice shall indicate the date the expulsion is scheduled to expire. The notice also shall indicate whether the district board of education, community school governing authority, or the STEM school has adopted a policy under section 3313.613 of the Revised Code to deny high school credit for post-secondary courses taken during an expulsion. If the expulsion is extended under division (F) of section 3313.66 of the Revised Code, the district superintendent, community school governing authority, or STEM school chief administrative officer shall notify the college of the extension.

(B) A college may withdraw its acceptance under section 3365.03 of the Revised Code of a student who is expelled from school under division (B) of section 3313.66 of the Revised Code. As provided in section 3365.03 of the Revised Code, regardless of whether the college withdraws its acceptance of the student for the college term in which the student is expelled, the student is ineligible to enroll in a college under that section for subsequent college terms during the period of the expulsion, unless the student enrolls in another school district or community school, or a participating nonpublic school during that period.

If a college withdraws its acceptance of an expelled student who elected either option of division (A)(1) or (2) of section 3365.04 of the Revised Code, the college shall refund tuition and fees paid by the student in the same proportion that it refunds tuition and fees to students who voluntarily withdraw from the college at the same time in the term.

If a college withdraws its acceptance of an expelled student who elected the option of division (B) of section 3365.04 of the Revised Code, the school district, community school, or STEM school shall not award high school credit for the college courses in which the student was enrolled at the time the college withdrew its acceptance, and any reimbursement under section 3365.07 of the Revised Code or through alternative funding agreements entered into under rules adopted under section 3365.12 of the Revised Code for the student's attendance prior to the withdrawal shall be the same as would be paid for a student who voluntarily withdrew from the
college at the same time in the term. If the withdrawal results in the college's receiving no reimbursement, the college may require the student to return or pay for the textbooks and materials it provided the student free of charge under section 3365.08 of the Revised Code.

(C) When a student who elected the option of division (B) of section 3365.04 of the Revised Code is expelled under division (B) of section 3313.66 of the Revised Code from a school district, community school, or STEM school that has adopted a policy under section 3313.613 of the Revised Code, that election is automatically revoked for all college courses in which the student is enrolled during the college term in which the expulsion is imposed. Any reimbursement under section 3365.07 of the Revised Code or through alternative funding agreements entered into under rules adopted under section 3365.12 of the Revised Code for the student's attendance prior to the expulsion shall be the same as would be paid for a student who voluntarily withdrew from the college at the same time in the term. If the revocation results in the college's receiving no reimbursement, the college may require the student to return or pay for the textbooks and materials it provided the student free of charge under section 3365.08 of the Revised Code.

No later than five days after receiving an expulsion notice from the superintendent of a district, the governing authority of a community school, or the chief administrative officer of a STEM school that has adopted a policy under section 3313.613 of the Revised Code, the college shall send a written notice to the expelled student that the student's election of division (B) of section 3365.04 of the Revised Code is revoked. If the college elects not to withdraw its acceptance of the student, the student shall pay all applicable tuition and fees for the college courses and shall pay for the textbooks and materials that the college provided under section 3365.08 of the Revised Code.

Sec. 3365.07. (A) The rules adopted under section 3365.02 of the Revised Code shall specify a method for each of the following:

(1) Determining, with respect to any participant, the percentage of a full-time educational program constituted by the participant's total educational program. That percentage shall be the participant's full-time equivalency percentage for purposes of the computation required by division (B)(1) of this section.

(2) In the case of a participant who is not enrolled in a participating nonpublic school, determining the percentage of a participant's school day during which the participant is participating in each of the following:

(a) Programs provided by the city, local, or exempted village school
district, a community school, or a STEM school;
(b) Programs provided by a joint vocational school district;
(c) Programs provided by a college under division (B) of section 3365.04 of the Revised Code.

The sum of divisions (A)(2)(a) to (c) of this section shall equal one hundred per cent.

(3) In the case of a participant who is not enrolled in a participating nonpublic school, determining the percentage of a participant's enrollment that shall be deemed to be enrollment in a joint vocational school district and the percentage that shall be deemed to be enrollment in a city, local, or exempted village school district. The sum of such percentages shall equal one hundred per cent.

(4) In the case of a participant who is enrolled in a participating nonpublic school, determining the percentage of a participant's school day during which the participant is participating in programs provided by a college under division (B) of section 3365.04 of the Revised Code.

(B) Each July, unless provided otherwise in an alternative funding agreement entered into under rules adopted under section 3365.12 of the Revised Code, the department of education shall pay each college for any participant enrolled in the college in the prior school year under division (B) of section 3365.04 of the Revised Code an amount computed as follows:

(1) Multiply the tuition base by the participant's full-time equivalency percentage and multiply the resulting amount by a percentage equal to the percentage of the participant's school day apportioned to the college under division (A)(2)(c) or (4) of this section, as applicable.

(2) Pay the college the lesser of:
(a) The amount computed under division (B)(1) of this section;
(b) The actual costs that would have been the responsibility of the participant had the participant elected to enroll under division (A) of section 3365.04 of the Revised Code, as verified by the department, of tuition, textbooks, materials, and fees directly related to any courses elected by the participant during the prior school year under division (B) of section 3365.04 of the Revised Code.

(C) The department shall not reimburse any college for any course taken by a participant under division (A) of section 3365.04 of the Revised Code.

(D) If the participant was not enrolled in a participating nonpublic school, the amount paid under division (B) of this section for each participant shall be subtracted from the school foundation payments made to the participant's school district or, if the participant was enrolled in a community school or a STEM school, from the payments made to the
participant's school under section 3314.08 or 3326.33 of the Revised Code. If the participant was enrolled in a joint vocational school district, a portion of the amount shall be subtracted from the payments to the joint vocational school district and a portion shall be subtracted from the payments to the participant's city, local, or exempted village school district. The amount of the payment subtracted from the city, local, or exempted village school district shall be computed as follows:

1) Add the following:
   a) The percentage of the participant's enrollment in the school district, determined under division (A)(3) of this section; and
   b) Twenty-five per cent times the percentage of the participant's enrollment in the joint vocational school district, determined under division (A)(3) of this section.

2) Multiply the sum obtained under division (D)(1) of this section by the amount computed under division (B)(2) of this section.

The balance of the payment shall be subtracted from the joint vocational district's school foundation payments.

(E) If the participant was enrolled in a participating nonpublic school, the amount paid under division (B) of this section shall be subtracted from moneys set aside by the general assembly for such purpose from funds appropriated for the purposes of section 3317.06 of the Revised Code.

Sec. 3365.08. (A) A college that expects to receive or receives reimbursement under section 3365.07 of the Revised Code or through alternative funding agreements entered into under rules adopted under section 3365.12 of the Revised Code shall furnish to a participant all textbooks and materials directly related to a course taken by the participant under division (B) of section 3365.04 of the Revised Code. No college shall charge such participant for tuition, textbooks, materials, or other fees directly related to any such course.

(B) No student enrolled under this chapter in a course for which credit toward high school graduation is awarded shall receive direct financial aid through any state or federal program.

(C) If a school district provides transportation for resident school students in grades eleven and twelve under section 3327.01 of the Revised Code, a parent of a pupil enrolled in a course under division (A)(2) or (B) of section 3365.04 of the Revised Code may apply to the board of education for full or partial reimbursement for the necessary costs of transporting the student between the secondary school the student attends and the college in which the student is enrolled. Reimbursement may be paid solely from funds received by the district under division (D) of section 3317.022...
of the Revised Code. The state board of education shall establish guidelines, based on financial need, under which a district may provide such reimbursement.

(D) If a community school provides or arranges transportation for its pupils in grades nine through twelve under section 3314.091 of the Revised Code, a parent of a pupil of the community school who is enrolled in a course under division (A)(2) or (B) of section 3365.04 of the Revised Code may apply to the governing authority of the community school for full or partial reimbursement of the necessary costs of transporting the student between the community school and the college. The governing authority may pay the reimbursement in accordance with the state board's rules adopted under division (C) of this section solely from funds paid to it under section 3314.091 of the Revised Code.

Sec. 3365.09. Section 3365.07 and divisions (A) and (C) of section 3365.08, and agreements entered into under rules adopted under section 3365.12 of the Revised Code do not apply to any college course in which a student is enrolled if during the term such student is enrolled in the college course the student is also a full-time student in the student's district, community school, STEM school, or nonpublic school. The rules adopted under section 3365.02 of the Revised Code shall prescribe a method for determining whether a student is enrolled full-time in the student's district, community school, STEM school, or nonpublic school.

Sec. 3365.10. As used in this section, the "base amount" for any school year is one million dollars. "Full-time equivalency percentage" and "percentage of the school day" enrolled in college shall be determined under the rules described by divisions (A)(1) and (4) of section 3365.07 of the Revised Code or the rules adopted under section 3365.12 of the Revised Code.

(A) Each nonpublic school student who wishes to become a participant in any school year shall send to the department of education a copy of his the student's acceptance from a college and an application. The application shall be made on forms provided by the state board and shall include information about the student's proposed participation, including the school year in which he the student wishes to participate; the semesters or terms the student wishes to enroll during such year; the student's expected full-time equivalency percentage for each such semester or term; and the percentage of the school day each such semester or term that the student expects to be enrolled in programs provided by a college under division (B) of section 3365.04 of the Revised Code. The department shall mark each application with the date and time of receipt.
(B) Calculations involving applications under this division shall be made in the order in which the applications are received.

Upon receipt of an application under division (A) of this section, the department shall calculate the amount the college would be paid under division (B) of section 3365.07 of the Revised Code or through alternative funding agreements entered into under rules adopted under section 3365.12 of the Revised Code for the student's expected participation. The department shall subtract each such calculated amount from the base amount for that year, or the amount remaining for that year after the subtraction from the base amount of amounts previously calculated under this division as a result of prior applications for participation in that year, whichever is the lesser amount.

(C) If such a subtraction under division (B) of this section results in a positive number, the department shall notify the applicant within three weeks of the receipt of the application that the applicant may participate in the post-secondary enrollment options program to the extent indicated in the application.

(D) If such a subtraction under division (B) of this section results in a negative number, the department shall, within one week of the receipt of such application, notify the applicant, the applicant's nonpublic school, and the college accepting the applicant that funds will not be available for the applicant's participation in the program during the year for which the application was made. The department shall also notify all applicants whose applications for that year are subsequently received, their nonpublic schools, and the colleges accepting them of the same fact.

(E) No applicant receiving notification under division (D) of this section may become a participant under division (B) of section 3365.04 of the Revised Code for the year for which the applicant applied and no college shall be paid under division (B) of section 3365.07 of the Revised Code or through alternative funding agreements entered into under rules adopted under section 3365.12 of the Revised Code for participation by any such applicant in such year.
