(L) The department of education shall adjust the amounts 453

(1) A student shall be considered enrolled in the community 467
school for any portion of the school year the student is 468
participating at a college under Chapter 3365. of the Revised 469
Code. 470

(2) A student shall be considered to be enrolled in a 471
community school during a school year for the period of time 472
beginning on the later of the date on which the school both has 473
received documentation of the student's enrollment from a parent 474
and the student has commenced participation in learning 475
opportunities as defined in the contract with the sponsor, or 476
thirty days prior to the date on which the student is entered into 477
the education management information system established under 478
section 3301.0714 of the Revised Code. For purposes of applying 479
this division and division (L)(3) of this section to a community 480
school student, "learning opportunities" shall be defined in the 481
contract, which shall describe both classroom-based and 482
non-classroom-based learning opportunities and shall be in 483
compliance with criteria and documentation requirements for 484
student participation which shall be established by the 485
department. Any student's instruction time in non-classroom-based 486
learning opportunities shall be certified by an employee of the 487

student's percentage of full-time equivalency based on the 499
percentage of learning opportunities offered by the community 500
school to that student, reported either as number of hours or 501
number of days, is of the total learning opportunities offered by 502
the community school to a student who attends for the school's 503
entire school year. However, no internet- or computer-based 504
community school shall be credited for any time a student spends 505
participating in learning opportunities beyond ten hours within 506
any period of twenty-four consecutive hours. Whether it reports 507
hours or days of learning opportunities, each community school 508
shall offer not less than nine hundred twenty hours of learning 509
opportunities during the school year. 510

(M) The department of education shall reduce the amounts paid 511
under division (D) of this section to reflect payments made to 512
colleges under division (B) of section 3365.07 of the Revised 513
Code. 514

(N)(1) No student shall be considered enrolled in any 515
internet- or computer-based community school or, if applicable to 516
the student, in any community school that is required to provide 517
the student with a computer pursuant to division (C) of section 518

conditions are satisfied: 520

(a) The student possesses or has been provided with all 521
required hardware and software materials and all such materials 522
are operational so that the student is capable of fully 523

department shall reduce the amounts otherwise payable under 531
division (D) of this section to any community school that includes 532
in its program the provision of computer hardware and software 533
materials to any student, if such hardware and software materials 534
have not been delivered, installed, and activated for each such 535
student in a timely manner or other educational materials or 536
services have not been provided according to the contract between 537
the individual community school and its sponsor. 538

The superintendent of public instruction and the auditor of 539
state shall jointly establish a method for auditing any community 540
school to which this division pertains to ensure compliance with 541
this section. 542

The superintendent, auditor of state, and the governor shall 543
jointly make recommendations to the general assembly for 544
legislative changes that may be required to assure fiscal and 545
academic accountability for such schools. 546

(O)(1) If the department determines that a review of a 547
community school's enrollment is necessary, such review shall be 548
completed and written notice of the findings shall be provided to 549

the governing authority of the community school and its sponsor 550
within ninety days of the end of the community school's fiscal 551
year, unless extended for a period not to exceed thirty additional 552
days for one of the following reasons: 553

(a) The department and the community school mutually agree to 554
the extension. 555

(b) Delays in data submission caused by either a community 556
school or its sponsor. 557

(2) If the review results in a finding that additional 558
funding is owed to the school, such payment shall be made within 559
thirty days of the written notice. If the review results in a 560
finding that the community school owes moneys to the state, the 561
following procedure shall apply: 562

(a) Within ten business days of the receipt of the notice of 563
findings, the community school may appeal the department's 564
determination to the state board of education or its designee. 565

(b) The board or its designee shall conduct an informal 566
hearing on the matter within thirty days of receipt of such an 567
appeal and shall issue a decision within fifteen days of the 568
conclusion of the hearing. 569

(c) If the board has enlisted a designee to conduct the 570
hearing, the designee shall certify its decision to the board. The 571
board may accept the decision of the designee or may reject the 572
decision of the designee and issue its own decision on the matter. 573

(d) Any decision made by the board under this division is 574
final. 575

(3) If it is decided that the community school owes moneys to 576
the state, the department shall deduct such amount from the 577
school's future payments in accordance with guidelines issued by 578
the superintendent of public instruction. 579

~~(Q)~~(P) The department shall not subtract from a school 580
district's state aid account under division (C) of this section 581
and shall not pay to a community school under division (D) of this 582
section any amount for any of the following: 583

public or nonpublic high school; 585

(2) Any student who is not a resident of the state; 586

(3) Any student who was enrolled in the community school 587
during the previous school year when tests were administered under 588
section 3301.0711 of the Revised Code but did not take one or more 589
of the tests required by that section and was not excused pursuant 590
to division (C)(1) or (3) of that section, unless the 591
superintendent of public instruction grants the student a waiver 592
from the requirement to take the test and a parent is not paying 593
tuition for the student pursuant to section 3314.26 of the Revised 594
Code. The superintendent may grant a waiver only for good cause in 595
accordance with rules adopted by the state board of education. 596

(4) Any student who has attained the age of twenty-two years, 597
except for veterans of the armed services whose attendance was 598
interrupted before completing the recognized twelve-year course of 599
the public schools by reason of induction or enlistment in the 600
armed forces and who apply for enrollment in a community school 601
not later than four years after termination of war or their 602
honorable discharge. If, however, any such veteran elects to 603
enroll in special courses organized for veterans for whom tuition 604
is paid under federal law, or otherwise, the department shall not 605
subtract from a school district's state aid account under division 606
(C) of this section and shall not pay to a community school under 607

615
616
617

(B) Notwithstanding anything to the contrary in section 3314.08 or 3317.03 of the Revised Code, all of the following apply in the case of a child who is enrolled in a community school and is also living in a home: 618
619
620
621

625
626
627
628
629

student, as determined by the department. An internet- or 672
computer-based community school may withdraw any student for whom 673
the parent does not pay tuition as required by this division. 674

district's three-year average formula ADM exceeded seventeen
thousand five hundred. In addition, the department shall make a
payment under this division to any school district that, in a

index. The department shall calculate the payment under this
division by multiplying the all-day kindergarten ADM by the
formula amount.

(E) A payment for increased classroom learning opportunities

achieve a lower student-teacher ratio, as follows:

(1) Determine or calculate a formula number of teachers per
one thousand students based on the poverty index of the school
district as follows:

(a) If the poverty index of the school district is less than
1.0, the formula number of teachers is 50.0, which is the number
of teachers per one thousand students at a student-teacher ratio
of twenty to one;

(b) If the poverty index of the school district is greater
than or equal to 1.0, but less than 1.5, the formula number of
teachers is calculated as follows:

$$50.0 + \{[(\text{poverty index} - 1.0)/0.5] \times 16.667\}$$

Where 50.0 is the number of teachers per one thousand
students at a student-teacher ratio of twenty to one; 0.5 is the
interval from a poverty index of 1.0 to a poverty index of 1.5;
and 16.667 is the difference in the number of teachers per one
thousand students at a student-teacher ratio of fifteen to one and
the number of teachers per one thousand students at a
student-teacher ratio of twenty to one.

(c) If the poverty index of the school district is greater

than or equal to 1.5, the formula number of teachers is 66.667, 1188
which is the number of teachers per one thousand students at a 1189
student-teacher ratio of fifteen to one. 1190

(2) Multiply the formula number of teachers determined or 1191
calculated in division (E)(1) of this section by the kindergarten 1192
through third grade ADM for the district and divide that product 1193
by one thousand; 1194

(3) Calculate the number of new teachers as follows: 1195

(a) Multiply the kindergarten through third grade ADM by 1196
50.0, which is the number of teachers per one thousand students at 1197
a student-teacher ratio of twenty to one, and divide that product 1198
by one thousand; 1199

(b) Subtract the quotient obtained in division (E)(3)(a) of 1200
this section from the product in division (E)(2) of this section. 1201

(4) Multiply the greater of the difference obtained under 1202
division (E)(3) of this section or zero by the statewide average 1203
teachers compensation. For this purpose, the "statewide average 1204
teacher compensation" is \$56,754 in fiscal year 2008 and \$58,621 1205
in fiscal year 2009, which includes an amount for the value of 1206
fringe benefits. 1207

issued under section 3302.03 of the Revised Code for the 2002-2003 1212
school year, is greater than or equal to 2.0%, calculated as 1213
follows: 1214

(1) If the district's poverty index is greater than or equal 1215
to 1.0, but less than 1.75, determine the amount per limited 1216
English proficient student as follows: 1217

{0.125 + [0.125 X ((poverty index - 1.0)/0.75)]}	1218
X formula amount	1219
(2) If the district's poverty index is greater than or equal	1220
to 1.75, the amount per limited English proficient student equals:	1221
0.25 X formula amount	1222
(3) Multiply the per student amount determined for the	1223
district under division (F)(1) or (2) of this section by the	1224
number of the district's limited English proficient students,	1225
times a phase-in percentage of 0.70 in fiscal years 2008 and 2009.	1226
For purposes of this calculation, the number of limited English	1227
proficient students for each district shall be the number	1228
determined by the department when it calculated the district's	1229
percentage of limited English proficient students for its school	1230
district report card issued in 2003 for the 2002-2003 school year.	1231

to 1.0, but less than 1.75, determine the amount per teacher as	1237
follows:	1238
[(poverty index - 1.0)/0.75] X 0.045 X formula amount	1239
(2) If the district's poverty index is greater than or equal	1240
to 1.75, the amount per teacher equals:	1241
0.045 X formula amount	1242

district under division (G)(1) or (2) of this section by the	1246
number of teachers determined under division (G)(3) of this	1247
section.	1248

(H) A payment for dropout prevention, if the district is a	1249
big eight school district as defined in section 3314.02 of the	1250

urban school district as defined in section 3314.02 of the Revised	1255
Code, calculated as follows:	1256
0.005 X formula amount X poverty index X	1257
formula ADM	1258

(4) Based on the information reported under this section, the 1775
department of education shall determine the total student count, 1776
as defined in section 3301.011 of the Revised Code, for each 1777
school district. 1778

(D)(1) The superintendent of each joint vocational school 1779
district shall certify to the superintendent of public instruction 1780
on or before the fifteenth day of October in each year for the 1781
first full school week in October the formula ADM. Beginning in 1782
fiscal year 2007, each superintendent also shall certify to the 1783
state superintendent the formula ADM for the first full week in 1784
February. If a school operated by the joint vocational school 1785
district is closed for one or more days during that week due to 1786
hazardous weather conditions or other circumstances described in 1787
the first paragraph of division (B) of section 3317.01 of the 1788
Revised Code, the superintendent may apply to the superintendent 1789
of public instruction for a waiver, under which the superintendent 1790
of public instruction may exempt the district superintendent from 1791
certifying the formula ADM for that school for that week and 1792
specify an alternate week for certifying the formula ADM of that 1793
school. 1794

The formula ADM, except as otherwise provided in this 1795
division, shall consist of the average daily membership during 1796
such week, on an FTE basis, of the number of students receiving 1797
any educational services from the district, including students 1798
enrolled in a community school established under Chapter 3314. or 1799
a science, technology, engineering, and mathematics school 1800
established under Chapter 3326. of the Revised Code who are 1801
attending the joint vocational district under an agreement between 1802
the district board of education and the governing authority of the 1803

community school or the science, technology, engineering, and 1804
mathematics school and are entitled to attend school in a city, 1805
local, or exempted village school district whose territory is part 1806
of the territory of the joint vocational district. Beginning in 1807
fiscal year 2007, in the case of the report submitted for the 1808
first week in February, or the alternative week if specified by 1809
the superintendent of public instruction, the superintendent of 1810
the joint vocational school district may include the number of 1811
students reported under division (D)(1) of this section for the 1812
first full week of the preceding October but who since that week 1813
have received high school diplomas. 1814

1815

The following categories of students shall not be included in 1816
the determination made under division (D)(1) of this section: 1817

(a) Students enrolled in adult education classes; 1818

(b) Adjacent or other district joint vocational students 1819
enrolled in the district under an open enrollment policy pursuant 1820
to section 3313.98 of the Revised Code; 1821

(c) Students receiving services in the district pursuant to a 1822
compact, cooperative education agreement, or a contract, but who 1823
are entitled to attend school in a city, local, or exempted 1824
village school district whose territory is not part of the 1825
territory of the joint vocational district; 1826

(d) Students for whom tuition is payable pursuant to sections 1827
3317.081 and 3323.141 of the Revised Code. 1828

(2) To enable the department of education to obtain the data 1829
needed to complete the calculation of payments pursuant to this 1830
chapter, in addition to the formula ADM, each superintendent shall 1831
report separately the average daily membership included in the 1832
report under division (D)(1) of this section for each of the 1833
following categories of students for the same week for which 1834

formula ADM is certified:	1835
(a) Students enrolled in each grade included in the joint vocational district schools;	1836 1837
(b) Children with disabilities receiving special education services for the category one disability described in division (A) of section 3317.013 of the Revised Code;	1838 1839 1840
(c) Children with disabilities receiving special education services for the category two disabilities described in division (B) of section 3317.013 of the Revised Code;	1841 1842 1843
(d) Children with disabilities receiving special education services for category three disabilities described in division (C) of section 3317.013 of the Revised Code;	1844 1845 1846
(e) Children with disabilities receiving special education services for category four disabilities described in division (D) of section 3317.013 of the Revised Code;	1847 1848 1849
(f) Children with disabilities receiving special education services for the category five disabilities described in division (E) of section 3317.013 of the Revised Code;	1850 1851 1852
(g) Children with disabilities receiving special education services for category six disabilities described in division (F) of section 3317.013 of the Revised Code;	1853 1854 1855
(h) Students receiving category one vocational education services, described in division (A) of section 3317.014 of the Revised Code;	1856 1857 1858
(i) Students receiving category two vocational education services, described in division (B) of section 3317.014 of the Revised Code.	1859 1860 1861
The superintendent of each joint vocational school district shall also indicate the city, local, or exempted village school district in which each joint vocational district pupil is entitled	1862 1863 1864

to attend school pursuant to section 3313.64 or 3313.65 of the Revised Code.

(E) In each school of each city, local, exempted village, joint vocational, and cooperative education school district there shall be maintained a record of school membership, which record shall accurately show, for each day the school is in session, the actual membership enrolled in regular day classes. For the purpose of determining average daily membership, the membership figure of any school shall not include any pupils except those pupils described by division (A) of this section. The record of membership for each school shall be maintained in such manner that no pupil shall be counted as in membership prior to the actual date of entry in the school and also in such manner that where for any cause a pupil permanently withdraws from the school that pupil shall not be counted as in membership from and after the date of such withdrawal. There shall not be included in the membership of any school any of the following:

(1) Any pupil who has graduated from the twelfth grade of a public or nonpublic high school;

(2) Any pupil who is not a resident of the state;

(3) Any pupil who was enrolled in the schools of the district during the previous school year when tests were administered under section 3301.0711 of the Revised Code but did not take one or more of the tests required by that section and was not excused pursuant to division (C)(1) or (3) of that section;

(4) Any pupil who has attained the age of twenty-two years, except for veterans of the armed services whose attendance was interrupted before completing the recognized twelve-year course of the public schools by reason of induction or enlistment in the armed forces and who apply for reenrollment in the public school system of their residence not later than four years after

termination of war or their honorable discharge. 1896

If, however, any veteran described by division (E)(4) of this 1897
section elects to enroll in special courses organized for veterans 1898
for whom tuition is paid under the provisions of federal laws, or 1899
otherwise, that veteran shall not be included in average daily 1900
membership. 1901

Notwithstanding division (E)(3) of this section, the 1902
membership of any school may include a pupil who did not take a 1903
test required by section 3301.0711 of the Revised Code if the 1904
superintendent of public instruction grants a waiver from the 1905
requirement to take the test to the specific pupil and a parent is 1906
not paying tuition for the pupil pursuant to section 3313.6410 of 1907
the Revised Code. The superintendent may grant such a waiver only 1908
for good cause in accordance with rules adopted by the state board 1909
of education. 1910

Except as provided in divisions (B)(2) and (F) of this 1911
section, the average daily membership figure of any local, city, 1912
exempted village, or joint vocational school district shall be 1913
determined by dividing the figure representing the sum of the 1914
number of pupils enrolled during each day the school of attendance 1915
is actually open for instruction during the week for which the 1916
formula ADM is being certified by the total number of days the 1917
school was actually open for instruction during that week. For 1918
purposes of state funding, "enrolled" persons are only those 1919
pupils who are attending school, those who have attended school 1920
during the current school year and are absent for authorized 1921
reasons, and those children with disabilities currently receiving 1922
home instruction. 1923

The average daily membership figure of any cooperative 1924
education school district shall be determined in accordance with 1925
rules adopted by the state board of education. 1926

(F)(1) If the formula ADM for the first full school week in 1927
February is at least three per cent greater than that certified 1928
for the first full school week in the preceding October, the 1929
superintendent of schools of any city, exempted village, or joint 1930
vocational school district or educational service center shall 1931
certify such increase to the superintendent of public instruction. 1932
Such certification shall be submitted no later than the fifteenth 1933
day of February. For the balance of the fiscal year, beginning 1934
with the February payments, the superintendent of public 1935
instruction shall use the increased formula ADM in calculating or 1936
recalculating the amounts to be allocated in accordance with 1937
section 3317.022 or 3317.16 of the Revised Code. In no event shall 1938
the superintendent use an increased membership certified to the 1939
superintendent after the fifteenth day of February. Division 1940
(F)(1) of this section does not apply after fiscal year 2006. 1941

(2) If on the first school day of April the total number of 1942
classes or units for preschool children with disabilities that are 1943
eligible for approval under division (B) of section 3317.05 of the 1944
Revised Code exceeds the number of units that have been approved 1945
for the year under that division, the superintendent of schools of 1946
any city, exempted village, or cooperative education school 1947
district or educational service center shall make the 1948
certifications required by this section for that day. If the 1949
department determines additional units can be approved for the 1950
fiscal year within any limitations set forth in the acts 1951
appropriating moneys for the funding of such units, the department 1952
shall approve additional units for the fiscal year on the basis of 1953
such average daily membership. For each unit so approved, the 1954
department shall pay an amount computed in the manner prescribed 1955
in section 3317.052 or 3317.19 and section 3317.053 of the Revised 1956
Code. 1957

(3) If a student attending a community school under Chapter 1958

3314. or a science, technology, engineering, and mathematics 1959
school established under Chapter 3326. of the Revised Code is not 1960
included in the formula ADM certified for the school district in 1961
which the student is entitled to attend school under section 1962
3313.64 or 3313.65 of the Revised Code, the department of 1963
education shall adjust the formula ADM of that school district to 1964
include the student in accordance with division (C)(2) of this 1965
section, and shall recalculate the school district's payments 1966
under this chapter for the entire fiscal year on the basis of that 1967
adjusted formula ADM. This requirement applies regardless of 1968
whether the student was enrolled, as defined in division (E) of 1969
this section, in the community school or the science, technology, 1970
engineering, and mathematics school during the week for which the 1971
formula ADM is being certified. 1972

(4) If a student awarded an educational choice scholarship is 1973
not included in the formula ADM of the school district from which 1974
the department deducts funds for the scholarship under section 1975
3310.08 of the Revised Code, the department shall adjust the 1976
formula ADM of that school district to include the student to the 1977
extent necessary to account for the deduction, and shall 1978
recalculate the school district's payments under this chapter for 1979
the entire fiscal year on the basis of that adjusted formula ADM. 1980
This requirement applies regardless of whether the student was 1981
enrolled, as defined in division (E) of this section, in the 1982
chartered nonpublic school, the school district, or a community 1983
school during the week for which the formula ADM is being 1984
certified. 1985

(G)(1)(a) The superintendent of an institution operating a 1986
special education program pursuant to section 3323.091 of the 1987
Revised Code shall, for the programs under such superintendent's 1988
supervision, certify to the state board of education, in the 1989
manner prescribed by the superintendent of public instruction, 1990

both of the following:	1991
(i) The average daily membership of all children with disabilities other than preschool children with disabilities receiving services at the institution for each category of disability described in divisions (A) to (F) of section 3317.013 of the Revised Code;	1992 1993 1994 1995 1996
(ii) The average daily membership of all preschool children with disabilities in classes or programs approved annually by the department of education for unit funding under section 3317.05 of the Revised Code.	1997 1998 1999 2000
(b) The superintendent of an institution with vocational education units approved under division (A) of section 3317.05 of the Revised Code shall, for the units under the superintendent's supervision, certify to the state board of education the average daily membership in those units, in the manner prescribed by the superintendent of public instruction.	2001 2002 2003 2004 2005 2006
(2) The superintendent of each county MR/DD board that maintains special education classes under section 3317.20 of the Revised Code or units approved pursuant to section 3317.05 of the Revised Code shall do both of the following:	2007 2008 2009 2010
(a) Certify to the state board, in the manner prescribed by the board, the average daily membership in classes under section 3317.20 of the Revised Code for each school district that has placed children in the classes;	2011 2012 2013 2014
(b) Certify to the state board, in the manner prescribed by the board, the number of all preschool children with disabilities enrolled as of the first day of December in classes eligible for approval under division (B) of section 3317.05 of the Revised Code, and the number of those classes.	2015 2016 2017 2018 2019
(3)(a) If on the first school day of April the number of classes or units maintained for preschool children with	2020 2021

disabilities by the county MR/DD board that are eligible for 2022
approval under division (B) of section 3317.05 of the Revised Code 2023
is greater than the number of units approved for the year under 2024
that division, the superintendent shall make the certification 2025
required by this section for that day. 2026

(b) If the department determines that additional classes or 2027
units can be approved for the fiscal year within any limitations 2028
set forth in the acts appropriating moneys for the funding of the 2029
classes and units described in division (G)(3)(a) of this section, 2030
the department shall approve and fund additional units for the 2031
fiscal year on the basis of such average daily membership. For 2032
each unit so approved, the department shall pay an amount computed 2033
in the manner prescribed in sections 3317.052 and 3317.053 of the 2034
Revised Code. 2035

(H) Except as provided in division (I) of this section, when 2036
any city, local, or exempted village school district provides 2037
instruction for a nonresident pupil whose attendance is 2038
unauthorized attendance as defined in section 3327.06 of the 2039
Revised Code, that pupil's membership shall not be included in 2040
that district's membership figure used in the calculation of that 2041
district's formula ADM or included in the determination of any 2042
unit approved for the district under section 3317.05 of the 2043
Revised Code. The reporting official shall report separately the 2044
average daily membership of all pupils whose attendance in the 2045
district is unauthorized attendance, and the membership of each 2046
such pupil shall be credited to the school district in which the 2047
pupil is entitled to attend school under division (B) of section 2048
3313.64 or section 3313.65 of the Revised Code as determined by 2049
the department of education. 2050

(I)(1) A city, local, exempted village, or joint vocational 2051
school district admitting a scholarship student of a pilot project 2052
district pursuant to division (C) of section 3313.976 of the 2053

Revised Code may count such student in its average daily membership. 2054
2055

(2) In any year for which funds are appropriated for pilot project scholarship programs, a school district implementing a state-sponsored pilot project scholarship program that year pursuant to sections 3313.974 to 3313.979 of the Revised Code may count in average daily membership: 2056
2057
2058
2059
2060

(a) All children residing in the district and utilizing a scholarship to attend kindergarten in any alternative school, as defined in section 3313.974 of the Revised Code; 2061
2062
2063

(b) All children who were enrolled in the district in the preceding year who are utilizing a scholarship to attend any such alternative school. 2064
2065
2066

(J) The superintendent of each cooperative education school district shall certify to the superintendent of public instruction, in a manner prescribed by the state board of education, the applicable average daily memberships for all students in the cooperative education district, also indicating the city, local, or exempted village district where each pupil is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code. 2067
2068
2069
2070
2071
2072
2073
2074

(K) If the superintendent of public instruction determines that a component of the formula ADM certified or reported by a district superintendent, or other reporting entity, is not correct, the superintendent of public instruction may order that the formula ADM used for the purposes of payments under any section of Title XXXIII of the Revised Code be adjusted in the amount of the error. 2075
2076
2077
2078
2079
2080
2081

Sec. 3321.01. (A)(1) As used in this chapter, "parent," "guardian," or "other person having charge or care of a child" 2082
2083

means either parent unless the parents are separated or divorced 2084
or their marriage has been dissolved or annulled, in which case 2085
"parent" means the parent who is the residential parent and legal 2086
custodian of the child. If the child is in the legal or permanent 2087
custody of a person or government agency, "parent" means that 2088
person or government agency. When a child is a resident of a home, 2089
as defined in section 3313.64 of the Revised Code, and the child's 2090
parent is not a resident of this state, "parent," "guardian," or 2091
"other person having charge or care of a child" means the head of 2092
the home. 2093

A child between six and eighteen years of age is "of 2094
compulsory school age" for the purpose of sections 3321.01 to 2095
3321.13 of the Revised Code. A child under six years of age who 2096
has been enrolled in kindergarten also shall be considered "of 2097
compulsory school age" for the purpose of sections 3321.01 to 2098
3321.13 of the Revised Code unless at any time the child's parent 2099
or guardian, at the parent's or guardian's discretion and in 2100
consultation with the child's teacher and principal, formally 2101
withdraws the child from kindergarten. The compulsory school age 2102
of a child shall not commence until the beginning of the term of 2103
such schools, or other time in the school year fixed by the rules 2104
of the board of the district in which the child resides. 2105

(2) No child shall be admitted to a kindergarten or a first 2106
grade of a public school in a district in which all children are 2107
admitted to kindergarten and the first grade in August or 2108
September unless the child is five or six years of age, 2109
respectively, by the thirtieth day of September of the year of 2110
admittance, or by the first day of a term or semester other than 2111
one beginning in August or September in school districts granting 2112
admittance at the beginning of such term or semester, except that 2113
in those school districts using or obtaining educationally 2114
accepted standardized testing programs for determining entrance, 2115

as approved by the board of education of such districts, the board 2116
shall admit a child to kindergarten or the first grade who fails 2117
to meet the age requirement, provided the child meets necessary 2118
standards as determined by such standardized testing programs. If 2119
the board of education has not established a standardized testing 2120
program, the board shall designate the necessary standards and a 2121
testing program it will accept for the purpose of admitting a 2122
child to kindergarten or first grade who fails to meet the age 2123
requirement. Each child who will be the proper age for entrance to 2124
kindergarten or first grade by the first day of January of the 2125
school year for which admission is requested shall be so tested 2126
upon the request of the child's parent. 2127

(3) Notwithstanding divisions (A)(2) and (D) of this section, 2128
beginning with the school year that starts in 2001 and continuing 2129
thereafter the board of education of any district may adopt a 2130
resolution establishing the first day of August in lieu of the 2131
thirtieth day of September as the required date by which students 2132
must have attained the age specified in those divisions. 2133

(B) As used in divisions (C) and (D) of this section, 2134
"successfully completed kindergarten" and "successful completion 2135
of kindergarten" mean that the child has completed the 2136
kindergarten requirements at one of the following: 2137

(1) A public or chartered nonpublic school; 2138

(2) A kindergarten class that is both of the following: 2139

(a) Offered by a day-care provider licensed under Chapter 2140
5104. of the Revised Code; 2141

(b) If offered after July 1, 1991, is directly taught by a 2142
teacher who holds one of the following: 2143

(i) A valid educator license issued under section 3319.22 of 2144
the Revised Code; 2145

(ii) A Montessori preprimary credential or age-appropriate diploma granted by the American Montessori society or the association Montessori internationale;	2146 2147 2148
(iii) Certification determined under division (G) of this section to be equivalent to that described in division (B)(2)(b)(ii) of this section;	2149 2150 2151
(iv) Certification for teachers in nontax-supported schools pursuant to section 3301.071 of the Revised Code.	2152 2153
(C) Except as provided in division (D) of this section, no school district shall admit to the first grade any child who has not successfully completed kindergarten.	2154 2155 2156
(D) Upon request of a parent, the requirement of division (C) of this section may be waived by the district's pupil personnel services committee in the case of a child who is at least six years of age by the thirtieth day of September of the year of admittance and who demonstrates to the satisfaction of the committee the possession of the social, emotional, and cognitive skills necessary for first grade.	2157 2158 2159 2160 2161 2162 2163
The board of education of each city, local, and exempted village school district shall establish a pupil personnel services committee. The committee shall be composed of all of the following to the extent such personnel are either employed by the district or employed by the governing board of the educational service center within whose territory the district is located and the educational service center generally furnishes the services of such personnel to the district:	2164 2165 2166 2167 2168 2169 2170 2171
(1) The director of pupil personnel services;	2172
(2) An elementary school counselor;	2173
(3) An elementary school principal;	2174
(4) A school psychologist;	2175

(5) A teacher assigned to teach first grade; 2176

(6) A gifted coordinator. 2177

The responsibilities of the pupil personnel services 2178
committee shall be limited to the issuing of waivers allowing 2179
admittance to the first grade without the successful completion of 2180
kindergarten. The committee shall have no other authority except 2181
as specified in this section. 2182

(E) The scheduling of times for kindergarten classes and 2183
length of the school day for kindergarten shall be determined by 2184
the board of education of a city, exempted village, or local 2185
school district. 2186

(F) Any kindergarten class offered by a day-care provider or 2187
school described by division (B)(1) or (B)(2)(a) of this section 2188
shall be developmentally appropriate. 2189

(G) Upon written request of a day-care provider described by 2190
division (B)(2)(a) of this section, the department of education 2191
shall determine whether certification held by a teacher employed 2192
by the provider meets the requirement of division (B)(2)(b)(iii) 2193
of this section and, if so, shall furnish the provider a statement 2194
to that effect. 2195

~~(H) As used in this division, "all day kindergarten" has the 2196
same meaning as in section 3317.029 of the Revised Code. 2197~~

~~(1) Any school district that is not eligible to receive 2198
poverty based assistance for all day kindergarten under division 2199
(D) of section 3317.029 of the Revised Code may charge fees or 2200
tuition for students enrolled in all day kindergarten. If a 2201
district charges fees or tuition for all day kindergarten under 2202
this division, the district shall develop a sliding fee scale 2203
based on family incomes. 2204~~

~~(2) The department of education shall conduct an annual 2205~~

~~survey of each school district described in division (H)(1) of 2206
this section to determine the following: 2207~~

~~(a) Whether the district charges fees or tuition for students 2208
enrolled in all day kindergarten; 2209~~

~~(b) The amount of the fees or tuition charged; 2210~~

~~(c) How many of the students for whom tuition is charged are 2211
eligible for free lunches under the "National School Lunch Act," 2212
60 Stat. 230 (1946), 42 U.S.C. 1751, as amended, and the "Child 2213
Nutrition Act of 1966," 80 Stat. 885, 42 U.S.C. 1771, as amended, 2214
and how many of the students for whom tuition is charged are 2215
eligible for reduced price lunches under those acts; 2216~~

~~(d) How many students are enrolled in traditional half day 2217
kindergarten rather than all day kindergarten. 2218~~

~~Each district shall report to the department, in the manner 2219
prescribed by the department, the information described in 2220
divisions (H)(2)(a) to (d) of this section. 2221~~
