guidelines established under this section. The assignment of data 1160
verification codes for other entities, as described in division 1161
(D)(2)(c) of this section, the use of those codes, and the 1162

that would enable any data verification code to be matched to 1174
personally identifiable student data. 1175

(b) Each school district and community school shall ensure 1176
that the data verification code is included in the student's 1177
records reported to any subsequent school district, community 1178
school, or state institution of higher education, as defined in 1179
section 3345.011 of the Revised Code, in which the student 1180

sections 3301.0723 and 3701.62 of the Revised Code, a data 1189

reports other than that described in divisions (A), (B), and (C) 1193
of this section for the purpose of complying with other reporting 1194
requirements established in the Revised Code. The other data, 1195
information, or reports may be maintained in the education 1196
management information system but are not required to be compiled 1197

it adopts, annually compile the data reported by each school 1208
district pursuant to division (D) of this section. The state board 1209

and each school building within each district and shall compile 1211
the data in accordance with these formats. These profile formats 1212
shall: 1213

(1) Include all of the data gathered under this section in a 1214
manner that facilitates comparison among school districts and 1215
among school buildings within each school district; 1216

(2) Present the data on academic achievement levels as 1217
assessed by the testing of student achievement maintained pursuant 1218
to division (B)(1)(d) of this section. 1219

procedures it adopts, annually prepare a statewide report for all 1221
school districts and the general public that includes the profile 1222
of each of the school districts developed pursuant to division (G) 1223
of this section. Copies of the report shall be sent to each school 1224
district. 1225

(2) The state board shall, in accordance with the procedures 1226
it adopts, annually prepare an individual report for each school 1227
district and the general public that includes the profiles of each 1228

the district board of education. 1232

(3) Copies of the reports received from the state board under 1233
divisions (H)(1) and (2) of this section shall be made available 1234
to the general public at each school district's offices. Each 1235

fee for the cost of reproducing the report. The board shall 1238
annually publish in a newspaper of general circulation in the 1239
school district, at least twice during the two weeks prior to the 1240
week in which the reports will first be available, a notice 1241
containing the address where the reports are available and the 1242
date on which the reports will be available. 1243

(I) Any data that is collected or maintained pursuant to this 1244
section and that identifies an individual pupil is not a public 1245

prohibiting tampering with data. 1264

(L)(1) In accordance with division (L)(2) of this section and 1265
the rules adopted under division (L)(10) of this section, the 1266
department of education may sanction any school district that 1267
reports incomplete or inaccurate data, reports data that does not 1268
conform to data requirements and descriptions published by the 1269
department, fails to report data in a timely manner, or otherwise 1270
does not make a good faith effort to report data as required by 1271
this section. 1272

(2) If the department decides to sanction a school district 1273
under this division, the department shall take the following 1274
sequential actions: 1275

(a) Notify the district in writing that the department has 1276
determined that data has not been reported as required under this 1277
section and require the district to review its data submission and 1278

district to provide mandatory staff training on data reporting 1282
procedures. 1283

(b) Withhold up to ten per cent of the total amount of state 1284

the total amount of state funds due to the district for the 1290
current fiscal year; 1291

(viii) If the district is issued a report card under section 3302.03 of the Revised Code and incomplete or inaccurate data submitted by the district likely caused the district to receive a higher performance rating than it deserved under that section, issue a revised report card for the district;	1312 1313 1314 1315 1316
(ix) Any other action designed to correct the district's data reporting problems.	1317 1318
(3) Any time the department takes an action against a school district under division (L)(2) of this section, the department shall make a report of the circumstances that prompted the action. The department shall send a copy of the report to the district superintendent or chief administrator and maintain a copy of the	1319 1320 1321 1322 1323

(4) If any action taken under division (L)(2) of this section 1325
resolves a school district's data reporting problems to the 1326
department's satisfaction, the department shall not take any 1327
further actions described by that division. If the department 1328
withheld funds from the district under that division, the 1329
department may release those funds to the district, except that if 1330

(c) of this section. 1336

(5) Notwithstanding anything in this section to the contrary, 1337
the department may use its own staff or an outside entity to 1338
conduct an audit of a school district's data reporting practices 1339
any time the department has reason to believe the district has not 1340
made a good faith effort to report data as required by this 1341
section. If any audit conducted by an outside entity under 1342
division (L)(2)(d)(i) or (5) of this section confirms that a 1343
district has not made a good faith effort to report data as 1344
required by this section, the district shall reimburse the 1345
department for the full cost of the audit. The department may 1346
withhold state funds due to the district for this purpose. 1347

(6) Prior to issuing a revised report card for a school 1348
district under division (L)(2)(d)(viii) of this section, the 1349
department may hold a hearing to provide the district with an 1350
opportunity to demonstrate that it made a good faith effort to 1351
report data as required by this section. The hearing shall be 1352
conducted by a referee appointed by the department. Based on the 1353
information provided in the hearing, the referee shall recommend 1354
whether the department should issue a revised report card for the 1355

district. If the referee affirms the department's contention that 1356
the district did not make a good faith effort to report data as 1357
required by this section, the district shall bear the full cost of 1358
conducting the hearing and of issuing any revised report card. 1359

(7) If the department determines that any inaccurate data 1360
reported under this section caused a school district to receive 1361
excess state funds in any fiscal year, the district shall 1362
reimburse the department an amount equal to the excess funds, in 1363
accordance with a payment schedule determined by the department. 1364
The department may withhold state funds due to the district for 1365
this purpose. 1366

(8) Any school district that has funds withheld under 1367
division (L)(2) of this section may appeal the withholding in 1368
accordance with Chapter 119. of the Revised Code. 1369

(9) In all cases of a disagreement between the department and 1370
a school district regarding the appropriateness of an action taken 1371
under division (L)(2) of this section, the burden of proof shall 1372
be on the district to demonstrate that it made a good faith effort 1373
to report data as required by this section. 1374

(10) The state board of education shall adopt rules under 1375
Chapter 119. of the Revised Code to implement division (L) of this 1376
section. 1377

(M) No information technology center or school district shall 1378
acquire, change, or update its student administration software 1379
package to manage and report data required to be reported to the 1380
department unless it converts to a student software package that 1381
is certified by the department. 1382

(N) The state board of education, in accordance with sections 1383
3319.31 and 3319.311 of the Revised Code, may suspend or revoke a 1384
license as defined under division (A) of section 3319.31 of the 1385
Revised Code that has been issued to any school district employee 1386

found to have willfully reported erroneous, inaccurate, or 1387
incomplete data to the education management information system. 1388

(O) No person shall release or maintain any information about 1389
any student in violation of this section. Whoever violates this 1390
division is guilty of a misdemeanor of the fourth degree. 1391

(P) The department shall disaggregate the data collected 1392
under division (B)(1)(n) of this section according to the race and 1393
socioeconomic status of the students assessed. 1394

(Q) If the department cannot compile any of the information 1395
required by division (H) of section 3302.03 of the Revised Code 1396
based upon the data collected under this section, the department 1397
shall develop a plan and a reasonable timeline for the collection 1398
of any data necessary to comply with that division. 1399

of representatives or senate votes on a concurrent resolution 1416

approving health standards, curriculum, or revisions, its standing 1417
committee having jurisdiction over education legislation shall 1418
conduct at least one public hearing on the standards, curriculum, 1419
