Sec. 4511.095. (A) Section 34 of Article II, Ohio 10

enacts this section of the Revised Code. 17

automatically produces photographs, videotape, or digital images 24
of the vehicle or its license plate. 25

(C) (1) Except as provided in division (C)(2) of this 26
section, no local authority or the state highway patrol, utilizing 27
either its own employees, those of another public entity, or those 28
of a private entity, shall use a traffic law photo-monitoring 29
device to determine compliance with, or to detect a violation of, 30
section 4511.13 or 4511.21 of the Revised Code or a substantially 31
equivalent municipal ordinance or county or township resolution. 32

(2) A local authority may use a traffic law photo-monitoring 33
device to determine compliance with, or to detect a violation of, 34
section 4511.21 of the Revised Code or a substantially equivalent 35
municipal ordinance or county or township resolution within a 36
school zone during school recess and while children are going to 37
or leaving school during opening or closing hours only if a law 38
enforcement officer employed by the local authority is present at 39
the location of the traffic law photo-monitoring device. 40

Section 2. That sections 4511.092 and 4511.094 of the Revised 41
Code are hereby repealed. 42
