Message from the Senate

Mr. Speaker:

I am directed to inform the House of Representatives that the Senate has concurred in the passage of the following bill:

Am. Sub. H. B. No. 432 - Representatives Webster, McGregor, Wolpert, Niehaus, Aslanides, Setzer, Flowers Senators Spada, Armbruster, Jacobson

To amend sections 3714.01, 3714.09, and 3734.02, to enact new section 3714.07 and sections 3714.021, 3714.071 and 3714.072 and to repeal section 3714.07 of the Revised Code to replace the construction and demolition debris facility license fee with a fee on the disposal of construction and demolition debris at construction and demolition debris facilities and solid waste facilities, to authorize the Director of Environmental Protection to levy an additional disposal fee at a construction and demolition debris facility to pay for ground water monitoring at construction and demolition debris facilities, to require ground water monitoring at construction and demolition debris facilities under certain circumstances, to revise the definition of "construction and demolition debris," and to extend the term of hazardous waste facility installation and operation permits from five to ten years.

As a substitute bill with the following additional amendments, in which the concurrence of the House is requested:

In line 14, delete the second "section" and insert "sections"; after "3714.021" insert ", 3714.071, and 3714.072"

Between lines 272 and 273, insert:

"Sec. 3714.071. (A) The director of environmental protection may adopt rules under Chapter 119. of the Revised Code for the purpose of levying a fee of not more than five cents per cubic yard or ten cents per cubic ton on the disposal of construction and demolition debris at a construction and demolition debris facility that is licensed under this chapter. Such a fee shall be in addition to the fee that is levied under section 3714.07 of the Revised Code. If the director adopts rules under this section establishing a fee on the disposal of construction and demolition debris at a construction and demolition debris facility, the rules shall be subject to review every two years by the joint committee on agency rule review.

The owner or operator of a construction and demolition debris facility shall collect the fee levied under rules adopted under this section as a trustee for the health district having jurisdiction over the facility, if that district is on the approved list under section 3714.09 of the Revised Code, or for the state. The owner or operator shall collect and remit the fee in the same manner that the fee levied under section 3714.07 of the Revised Code is collected and remitted.

A board of health shall transmit the money received from the owner or operator of a facility under this section to the director of environmental protection not later than forty-five days after the receipt of the money. The director shall transmit all money so received to the treasurer of state to be credited to the construction and demolition debris facility ground water monitoring fund, which is hereby created in the state treasury. The director shall administer the fund and shall use money credited to it solely for the purposes specified in division (B) of this section.

(B) The director shall purchase ground water monitoring equipment for and pay the cost of conducting ground water monitoring at a construction and demolition debris facility in accordance with either of the following, as applicable:

(1) If the facility is operating before the effective date of this section and the facility has not had ground water monitoring equipment installed and operating before that date, the director shall pay the cost of the purchase and installation of ground water monitoring equipment for and the conducting of annual ground water monitoring at the facility.

(2) If the facility is operating before the effective date of this section and the facility has had ground water monitoring equipment installed and operating before that date, the director shall pay the cost of the purchase and installation of additional ground water monitoring equipment and the conducting of annual ground water monitoring at the facility that exceeds the amount certified under division (C) of this section by the owner or operator of the facility.

(C) For purposes of division (B)(2) of this section, the owner or operator of a construction and demolition debris facility that is operating before the effective date of this section and that has had ground water monitoring equipment installed and operating before that date shall certify to the director the annual cost of ground water monitoring at the facility.

(D) The director shall determine the priority of the purchases of ground water monitoring equipment and the payment of the costs of conducting monitoring of ground water as provided in division (B) of this section. However, the director shall not purchase ground water monitoring equipment or pay the costs of conducting monitoring of ground water if the fund does not have sufficient money to pay those costs.

Sec. . Sec. 3714.072. The owner or operator of a construction and demolition debris facility that is licensed under this chapter shall conduct ground water monitoring to detect negative impacts to ground water quality unless the

director of environmental protection determines that it is unlikely that a negative impact to the public health or the environment would occur due to the physical characteristics of the location of the facility."

In line 2 of the title, delete the second "section" and insert "sections"; after "3714.021" insert ", 3714.071, and 3714.072"

In line 8 of the title, after the comma insert "to authorize the Director of Environmental Protection to levy an additional disposal fee at a construction and demolition debris facility to pay for ground water monitoring at construction and demolition debris facilities, to require ground water monitoring at construction and demolition debris facilities under certain circumstances,"

Attest:

Matthew T. Schuler,
Clerk.
