(C) If the notice sent under division (A) of this section is returned undelivered to the board, the board shall cause the elector's name in the official registration list and in the poll list or signature pollbook for that elector's precinct to be marked to indicate that the notice was returned to the board.

At the first election at which an elector whose name has been so marked appears to vote, the elector shall be required to provide identification to the election officials.

If the elector provides to the election officials a current and valid photo identification, a military identification that shows the voter's name and current address, or a copy of a current utility bill, bank statement, government check, paycheck, or other government document, other than a notice of an election mailed by a board of elections under section 3501.19 of the Revised Code or a notice of an election mailed by a board of elections under division (A) of this section or a notice of voter registration notification mailed by a board of elections under section 3503.19 of the Revised Code, the voter shall be permitted to cast a ballot in accordance with division (B) of section 3505.18 of the Revised Code. The board shall correct that elector's registration, if needed, and shall remove the indication that the elector's notice was returned from that elector's name on the official registration list and on the poll list or signature pollbook.

If the elector provides to the election officials a photo identification that does not contain the elector's current address, if the elector provides the last four digits of the elector's social security number, if the elector is unable to provide any of the required forms of identification, if the elector refuses to provide any of the required forms of identification, or if the elector executes an affirmation

under division (A)(4) of section 3505.18 of the Revised Code, the elector shall be permitted to vote by provisional ballot under section 3505.181 of the Revised Code. If the provisional ballot is counted pursuant to division (B)(3) of section 3505.183 of the Revised Code, the board shall correct that elector's registration, if needed, and shall remove the indication that the elector's notice was returned from that elector's name on the official registration list and on the poll list or signature pollbook.

- (D) No board of elections shall be required to mail a notice under division (A) of this section to any elector who registered to vote within thirty days prior to the date for mailing the notice under that division.
- (E) A notice mailed to an elector under division (A) of this section shall not be considered a government document that contains the voter's name and current address for the purpose of providing identification under sections 3503.14, 3503.16, 3503.19, 3503.28, 3505.18, 3505.181, 3505.182, 3505.183, 3509.03, 3509.031, 3509.04, 3509.05, 3511.02, and 3511.09 of the Revised Code.

- (c) A copy of a current and valid photo identification, a copy of a military identification that shows the voter's name and current address, or a copy of a current utility bill, bank statement, government check, paycheck, or other government document, other than a notice of an election mailed by a board of elections under section 3501.19 of the Revised Code or a notice of voter registration mailed by a board of elections under section 3503.19 of the Revised Code, that shows the voter's name and address.
  - (6) The voter's signature.

The registration form shall include a space on which the person registering an applicant shall sign the person's name and provide the person's address and a space on which the person registering an applicant shall name the employer who is employing that person to register the applicant.

Except for forms prescribed by the secretary of state under section 3503.11 of the Revised Code, the secretary of state shall permit boards of elections to produce forms that have subdivided spaces for each individual alphanumeric character of the information provided by the voter so as to accommodate the electronic reading and conversion of the voter's information to data and the subsequent electronic transfer of that data to the statewide voter registration database established under section 3503.15 of the Revised Code.

- (B) None of the following persons who are registering an applicant in the course of that official's or employee's normal duties shall sign the person's name, provide the person's address, or name the employer who is employing the person to register an applicant on a form prepared under this section:

If an applicant is unable to make an "X," the applicant shall indicate in some manner that the applicant desires to register to vote or to change the applicant's name or residence. The person registering the applicant shall sign the form and attest that the applicant indicated that the applicant desired to register to vote or to change the applicant's name or residence.
- (D) No registration, change of residence, or change of name form shall be rejected solely on the basis that a person registering an applicant failed to sign the person's name or failed to name the employer who is employing that person to register the applicant as required under division (A) of this section.
- (E) As used in this section, "registering an applicant" includes any effort, for compensation, to provide voter registration forms or to assist persons in completing or returning those forms.

If the elector provides either a driver's license or a state identification card issued under section 4507.50 of the Revised Code that does not contain the elector's current residence address, the elector shall provide the last four digits of the elector's driver's license number or state identification card number, and the precinct election official shall mark the poll list or signature pollbook to indicate that the elector has provided a driver's license or state identification card number with a former address and record the last four digits of the elector's driver's license number or state identification card number.

under division (C)(2) of this section.

(D) A person who votes by absent voter's ballots pursuant to division (G) of this section shall not make written application for the ballots pursuant to Chapter 3509. of the Revised Code. Ballots cast pursuant to division (G) of this section shall be set aside in a special envelope and counted during the official canvass of votes in the manner provided for in sections 3505.32 and 3509.06 of the Revised Code insofar as that manner is applicable. The board shall examine the pollbooks to verify that no ballot was cast at the polls or by absent voter's ballots under Chapter 3509. or 3511. of the Revised Code by an elector who has voted by absent voter's ballots pursuant to division (G) of this section. Any ballot determined to be insufficient for any of the reasons stated above or stated in section 3509.07 of the Revised Code shall not be counted.

Subject to division (C) of section 3501.10 of the Revised Code, a board of elections may lease or otherwise acquire a site different from the office of the board at which registered electors may vote pursuant to division (B) or (C) of this section.

- (E) Upon receiving a change of residence or change of name form, the board of elections shall immediately send the registrant an acknowledgment notice. If the change of residence or change of name form is valid, the board shall update the voter's registration as appropriate. If that form is incomplete, the board shall inform the registrant in the acknowledgment notice specified in this division of the information necessary to complete or update that registrant's registration.
- (F) Change of residence and change of name forms shall be available at each polling place, and when these forms are completed, noting changes of residence or name, as appropriate, they shall be filed with election officials at the polling place. The board of elections shall provide change of residence and change of name forms to the probate court and court of common pleas. The court shall provide the forms to any person eighteen years of age or older who has a change of name by order of the court or who applies for a marriage license. The court shall forward all completed forms to the board of elections within five days after receiving them.

- (G) A registered elector who otherwise would qualify to vote under division (B) or (C) of this section but is unable to appear at the office of the board of elections or, if pursuant to division (C) of section 3501.10 of the Revised Code the board has designated another location in the county at which registered electors may vote, at that other location, on account of personal illness, physical disability, or infirmity, may vote on the day of the election if that registered elector does all of the following:
- (1) Makes a written application that includes all of the information required under section 3509.03 of the Revised Code to the appropriate board for

an absent voter's ballot on or after the twenty-seventh day prior to the election in which the registered elector wishes to vote through noon of the Saturday prior to that election and requests that the absent voter's ballot be sent to the address to which the registered elector has moved if the registered elector has moved, or to the address of that registered elector who has not moved but has had a change of name;

- (2) Declares that the registered elector has moved or had a change of name, whichever is appropriate, and otherwise is qualified to vote under the circumstances described in division (B) or (C) of this section, whichever is appropriate, but that the registered elector is unable to appear at the board of elections because of personal illness, physical disability, or infirmity;

- (4) Completes and signs, under penalty of election falsification, a statement attesting that the registered elector has moved or had a change of name on or prior to the day before the election, has voted by absent voter's ballot because of personal illness, physical disability, or infirmity that prevented the registered elector from appearing at the board of elections, and will not vote or attempt to vote at any other location or by absent voter's ballot mailed to any other location or address for that particular election.
- Sec. 3503.19. (A) Persons qualified to register or to change their registration because of a change of address or change of name may register or change their registration in person at any state or local office of a designated agency, at the office of the registrar or any deputy registrar of motor vehicles, at a public high school or vocational school, at a public library, at the office of a county treasurer, or at a branch office established by the board of elections, or in person, through another person, or by mail at the office of the secretary of state or at the office of a board of elections. A registered elector may also change the elector's registration on election day at any polling place where the elector is eligible to vote, in the manner provided under section 3503.16 of the Revised Code.

Any state or local office of a designated agency, the office of the registrar or any deputy registrar of motor vehicles, a public high school or vocational school, a public library, or the office of a county treasurer shall transmit any voter registration application or change of registration form that it receives to the board of elections of the county in which the state or local office is located, within five days after receiving the voter registration application or change of registration form.

An otherwise valid voter registration application that is returned to the appropriate office other than by mail must be received by a state or local office of a designated agency, the office of the registrar or any deputy registrar of motor vehicles, a public high school or vocational school, a public library, the

office of a county treasurer, the office of the secretary of state, or the office of a board of elections no later than the thirtieth day preceding a primary, special, or general election for the person to qualify as an elector eligible to vote at that election. An otherwise valid registration application received after that day entitles the elector to vote at all subsequent elections.

Any state or local office of a designated agency, the office of the registrar or any deputy registrar of motor vehicles, a public high school or vocational school, a public library, or the office of a county treasurer shall date stamp a registration application or change of name or change of address form it receives using a date stamp that does not disclose the identity of the state or local office that receives the registration.

Voter registration applications, if otherwise valid, that are returned by mail to the office of the secretary of state or to the office of a board of elections must be postmarked no later than the thirtieth day preceding a primary, special, or general election in order for the person to qualify as an elector eligible to vote at that election. If an otherwise valid voter registration application that is returned by mail does not bear a postmark or a legible postmark, the registration shall be valid for that election if received by the office of the secretary of state or the office of a board of elections no later than twenty-five days preceding any special, primary, or general election.

- (B)(1) Any person may apply in person, by telephone, by mail, or through another person for voter registration forms to the office of the secretary of state or the office of a board of elections.
- (2)(a) An applicant may return the applicant's completed registration form in person or by mail to any state or local office of a designated agency, to a public high school or vocational school, to a public library, to the office of a county treasurer, to the office of the secretary of state, or to the office of a board of elections.
- (b) Subject to division (B)(2)(c) of this section, an applicant may return the applicant's completed registration form through another person to any board of elections or the office of the secretary of state.
- (c) A person who receives compensation for registering a voter shall return any registration form entrusted to that person by an applicant to any board of elections or to the office of the secretary of state.
- (d) If a board of elections or the office of the secretary of state receives a registration form under division (B)(2)(b) or (c) of this section before the thirtieth day before an election, the board or the office of the secretary of state, as applicable, shall forward the registration to the board of elections of the county in which the applicant is seeking to register to vote within ten days after receiving the application. If a board of elections or the office of the secretary of state receives a registration form under division (B)(2)(b) or (c) of this section on or after the thirtieth day before an election, the board or the office of the secretary of state, as applicable, shall forward the registration to the board of

elections of the county in which the applicant is seeking to register to vote within thirty days after that election.

- (C)(1) A board of elections that receives a voter registration application and is satisfied as to the truth of the statements made in the registration form shall register the applicant not later than twenty business days after receiving the application, unless that application is received during the thirty days immediately preceding the day of an election. The board shall promptly notify the applicant in writing of each of the following:
  - (a) The applicant's registration;
  - (b) The precinct in which the applicant is to vote;
  - (c) In bold type as follows:

"Voters must bring identification to the polls in order to verify identity. Identification may include a current and valid photo identification, a military identification that shows the voter's name and current address, or a copy of a current utility bill, bank statement, government check, paycheck, or other government document, other than this notification or a notification of an election mailed by a board of elections, that shows the voter's name and current address. Voters who do not provide one of these documents will still be able to vote by providing the last four digits of the voter's social security number and by casting a provisional ballot. Voters who do not have any of the above forms of identification, including a social security number, will still be able to vote by signing an affirmation swearing to the voter's identity under penalty of election falsification and by casting a provisional ballot."

The notification shall be by nonforwardable mail. If the mail is returned to the board, it shall investigate and cause the notification to be delivered to the correct address.

(2) If, after investigating as required under division (C)(1) of this section, the board is unable to verify the voter's correct address, it shall cause the voter's name in the official registration list and in the poll list or signature pollbook to be marked to indicate that the voter's notification was returned to the board.

At the first election at which a voter whose name has been so marked appears to vote, the voter shall be required to provide identification to the election officials and to vote by provisional ballot under section 3505.181 of the Revised Code. If the provisional ballot is counted pursuant to division (B)(3) of section 3505.183 of the Revised Code, the board shall correct that voter's registration, if needed, and shall remove the indication that the voter's notification was returned from that voter's name on the official registration list and on the poll list or signature pollbook. If the provisional ballot is not counted pursuant to division (B)(4)(a)(i), (v), or (vi) of section 3505.183 of the Revised Code, the voter's registration shall be canceled. The board shall notify the voter by United States mail of the cancellation.

(3) If a notice of the disposition of an otherwise valid registration

application is sent by nonforwardable mail and is returned undelivered, the person shall be registered as provided in division (C)(2) of this section and sent a confirmation notice by forwardable mail. If the person fails to respond to the confirmation notice, update the person's registration, or vote by provisional ballot as provided in division (C)(2) of this section in any election during the period of two federal elections subsequent to the mailing of the confirmation notice, the person's registration shall be canceled.

- **Sec. 3503.28.** (A) The secretary of state shall develop an information brochure regarding voter registration. The brochure shall include, but is not limited to, all of the following information:
- (1) The applicable deadlines for registering to vote or for returning an applicant's completed registration form;
- (2) The applicable deadline for returning an applicant's completed registration form if the person returning the form is being compensated for registering voters;
- (3) The locations to which a person may return an applicant's completed registration form;
- (4) The location to which a person who is compensated for registering voters may return an applicant's completed registration form;

Identification may include a current and valid photo identification, a military identification that shows the voter's name and current address, or a copy of a current utility bill, bank statement, government check, paycheck, or other government document, other than a notice of an election or a voter registration notification sent by a board of elections, that shows the voter's name and current address. Voters who do not provide one of these documents will still be able to vote by providing the last four digits of the voter's social security number and by casting a provisional ballot. Voters who do not have any of the above forms of identification, including a social security number, will still be able to vote by signing an affirmation swearing to the voter's identity under penalty of election falsification and by casting a provisional ballot."
- (B) Except as otherwise provided in division (D) of this section, a board of elections, designated agency, public high school, public vocational school, public library, office of a county treasurer, or deputy registrar of motor vehicles shall distribute a copy of the brochure developed under division (A) of this section to any person who requests more than two voter registration forms at one time.

- (C)(1) The secretary of state shall provide the information required to be included in the brochure developed under division (A) of this section to any person who prints a voter registration form that is made available on a web site of the office of the secretary of state.
- (2) If a board of elections operates and maintains a web site, the board shall provide the information required to be included in the brochure developed under division (A) of this section to any person who prints a voter registration form that is made available on that web site.
- (D) A board of elections shall not be required to distribute a copy of a brochure under division (B) of this section to any of the following officials or employees who are requesting more than two voter registration forms at one time in the course of the official's or employee's normal duties:

  - (10) An employee of a deputy registrar of motor vehicles;
  - (11) An employee of an election official.
- (E) As used in this section, "registering voters" includes any effort, for compensation, to provide voter registration forms or to assist persons in completing or returning those forms.
- **Sec. 3505.18.** (A)(1) When an elector appears in a polling place to vote, the elector shall announce to the precinct election officials the elector's full name and current address and provide proof of the elector's identity in the form of a current and valid photo identification, a military identification that shows the voter's name and current address, or a copy of a current utility bill, bank statement, government check, paycheck, or other government document, other than a notice of an election mailed by a board of elections under section 3501.19 of the Revised Code or a notice of voter registration mailed by a board of elections under section 3503.19 of the Revised Code, that shows the name and current address of the elector. If the elector provides either a driver's license or a state identification card issued under section 4507.50 of the Revised Code that does not contain the elector's current residence address, the elector shall provide the last four digits of the elector's driver's license number or state identification

card number, and the precinct election official shall mark the poll list or signature pollbook to indicate that the elector has provided a driver's license or state identification card number with a former address and record the last four digits of the elector's driver's license number or state identification card number.

- (2) If an elector has but is unable to provide to the precinct election officials any of the forms of identification required under division (A)(1) of this section, but has a social security number, the elector may provide the last four digits of the elector's social security number. Upon providing the social security number information, the elector may cast a provisional ballot under section 3505.181 of the Revised Code, the envelope of which ballot shall include that social security number information.

Upon signing the affirmation, the elector may cast a provisional ballot under section 3505.181 of the Revised Code. The secretary of state shall prescribe the form of the affirmation, which shall include spaces for all of the following:
  - (a) The elector's name;
  - (b) The elector's address;
  - (c) The current date;
  - (d) The elector's date of birth:
  - (e) The elector's signature.
- (5) If an elector does not have any of the forms of identification required under division (A)(1) of this section and cannot provide the last four digits of the elector's social security number because the elector does not have a social security number, and if the elector declines to execute an affirmation under division (A)(4) of this section, the elector may cast a provisional ballot under section 3505.181 of the Revised Code, the envelope of which ballot shall include the elector's name.
- (6) If an elector has but declines to provide to the precinct election officials any of the forms of identification required under division (A)(1) of this section or the elector has a social security number but declines to provide to the precinct election officials the last four digits of the elector's social security

number, the elector may cast a provisional ballot under section 3505.181 of the Revised Code.

(B) After the elector has announced the elector's full name and current address and provided any of the forms of identification required under division (A)(1) of this section, the elector shall write the elector's name and address at the proper place in the poll list or signature pollbook provided for the purpose, except that if, for any reason, an elector is unable to write the elector's name and current address in the poll list or signature pollbook, the elector may make the elector's mark at the place intended for the elector's name, and a precinct election official shall write the name of the elector at the proper place on the poll list or signature pollbook following the elector's mark. The making of such a mark shall be attested by the precinct election official, who shall evidence the same by signing the precinct election official's name on the poll list or signature pollbook as a witness to the mark. Alternatively, if applicable, an attorney in fact acting pursuant to section 3501.382 of the Revised Code may sign the elector's signature in the poll list or signature pollbook in accordance with that section.

The elector's signature in the poll list or signature pollbook then shall be compared with the elector's signature on the elector's registration form or a digitized signature list as provided for in section 3503.13 of the Revised Code, and if, in the opinion of a majority of the precinct election officials, the signatures are the signatures of the same person, the election officials shall enter the date of the election on the registration form or shall record the date by other means prescribed by the secretary of state. The validity of an attorney in fact's signature on behalf of an elector shall be determined in accordance with section 3501.382 of the Revised Code.

If the right of the elector to vote is not then challenged, or, if being challenged, the elector establishes the elector's right to vote, the elector shall be allowed to proceed to use the voting machine. If voting machines are not being used in that precinct, the judge in charge of ballots shall then detach the next ballots to be issued to the elector from Stub B attached to each ballot, leaving Stub A attached to each ballot, hand the ballots to the elector, and call the elector's name and the stub number on each of the ballots. The judge shall enter the stub numbers opposite the signature of the elector in the pollbook. The elector shall then retire to one of the voting compartments to mark the elector's ballots. No mark shall be made on any ballot which would in any way enable any person to identify the person who voted the ballot.

- (e) If applicable, the hearing conducted under division (B) of section 3503.24 of the Revised Code after the day of the election resulted in the individual's inclusion in the official registration list.
- (4)(a) If, in examining a provisional ballot affirmation and additional information under divisions (B)(1) and (2) of this section, the board determines that any of the following applies, the provisional ballot envelope shall not be opened, and the ballot shall not be counted:

- (2) Provisional ballots that are rejected under division (B)(4) of this section shall not be counted but shall be preserved in their provisional ballot envelopes unopened until the time provided by section 3505.31 of the Revised Code for the destruction of all other ballots used at the election for which ballots were provided, at which time they shall be destroyed.
- (D) Provisional ballots that the board determines are eligible to be counted under division (B)(3) of this section shall be counted in the same manner as provided for other ballots under section 3505.27 of the Revised Code. No provisional ballots shall be counted in a particular county until the board determines the eligibility to be counted of all provisional ballots cast in that county under division (B) of this section for that election. Observers, as provided in section 3505.21 of the Revised Code, may be present at all times that the board is determining the eligibility of provisional ballots to be counted and counting those provisional ballots determined to be eligible. No person shall recklessly disclose the count or any portion of the count of provisional ballots in such a manner as to jeopardize the secrecy of any individual ballot.
- (E)(1) Except as otherwise provided in division (E)(2) of this section, nothing in this section shall prevent a board of elections from examining provisional ballot affirmations and additional information under divisions (B)(1) and (2) of this section to determine the eligibility of provisional ballots to be counted during the ten days after the day of an election.
- (2) A board of elections shall not examine the provisional ballot affirmation and additional information under divisions (B)(1) and (2) of this section of any provisional ballot for which an election official has indicated under division (B)(7) of section 3505.181 of the Revised Code that additional information is required for the board of elections to determine the eligibility of the individual who cast that provisional ballot until the individual provides any information required under division (B)(8) of section 3505.181 of the Revised Code, until any hearing required to be conducted under section 3503.24 of the Revised Code with regard to the provisional voter is held, or until the eleventh day after the day of the election, whichever is earlier.

- (B)(1) Within ninety days after the effective date of this section, the Ohio Police and Fire Pension Fund shall make its best efforts to identify all publicly traded companies involved in scrutinized business operations in which the Fund has direct or indirect holdings or could possibly have such holdings in the future. The efforts shall include:
- (a) Reviewing and relying, as appropriate in the Fund's judgment, on publicly available information regarding companies having business operations in Iran or Sudan, including information provided by nonprofit organizations, research firms, international organizations, and government entities;
- (b) Contacting asset managers contracted by the Fund that invest in companies having business operations in Iran or Sudan;

- (d) Reviewing the laws of the United States regarding the levels of business activity that would cause application of sanctions for companies conducting business or investing in countries that are designated state sponsors of terror.
- (2) Within ninety days after the effective date of this section, the Fund shall create a "scrutinized companies with activities in Sudan list" and a "scrutinized companies with activities in Iran list," consisting of all publicly traded companies identified in division (B)(1) of this section, shall make the lists publicly available, and shall update the lists annually.
- (3) Notwithstanding the provisions of this section, a social-development company that is not complicit in the Darfur genocide is not considered a scrutinized company.
- (4) The Fund shall engage the companies on the scrutinized companies with activities in Sudan list and the scrutinized companies with activities in Iran list, in which the Fund owns direct or indirect holdings, according to the following:
- (a) For each company identified in this paragraph that has only inactive business operations, the Fund shall send a written notice informing the company of the requirements of this section and encouraging it to continue to refrain from initiating active business operations in Iran or Sudan until it is able to avoid scrutinized business operations. The Fund shall continue such correspondence semiannually.
- (b) For each company newly identified under this section that has active business operations, the Fund shall send a written notice informing the company of its scrutinized company status and that it may become subject to divestment by the Fund. The notice shall inform the company of the opportunity to clarify its Iran-related or Sudan-related activities and encourage the company, within ninety days, to cease its scrutinized business operations or convert such operations to inactive business operations in order to avoid qualifying for

divestment by the Fund.

- (c) If, within ninety days after the Fund creates the lists pursuant to division (B)(2) of this section, a company on either list ceases scrutinized business operations, the Fund shall remove the company from the scrutinized companies with activities in Sudan list and the scrutinized companies with activities in Iran list, and the provisions of this section shall cease to apply to that company unless that company resumes scrutinized business operations. If, within ninety days after the Fund creates the list, the company converts its scrutinized active business operations to inactive business operations, the company is subject to all provisions of this section relating to inactive business operations. A company may be on both the scrutinized companies with activities in Sudan list and the scrutinized companies with activities in Iran list. A company may be removed from one list but remain on the other list, in which case the company is subject to the provisions of this section applicable to the list on which the company remains.
- (d) The Fund shall submit letters to the managers of actively managed investment funds containing indirect holdings in companies identified in division (B)(1) of this section that have scrutinized active business operations requesting that they consider removing such companies from the Fund or create a similar actively managed fund having indirect holdings devoid of such companies.
- (C) The Ohio Police and Fire Pension Fund Board shall adopt a policy to address divestiture of holdings in companies identified and engaged pursuant to division (B) of this section. The goal of the policy shall be to achieve complete divestiture from such holdings when divestiture would be prudent and consistent with the Board's fiduciary duty. The policy shall be developed within thirty days after the effective date of this section.
- (D)(1) The Ohio Police and Fire Pension Fund shall file a report with the President of the Senate, the Speaker of the House of Representatives, the Minority Leader of the Senate, the Minority Leader of the House of Representatives, and the Ohio Retirement Study Council that includes the scrutinized companies with activities in Sudan list and the scrutinized companies with activities in Iran list within thirty days after the list is created and within thirty days after the list is updated. The Fund shall make the report available to the public.
- (2) The Fund shall file a report annually, which shall be made available to the public, to the President of the Senate, the Speaker of the House of Representatives, the Minority Leader of the Senate, the Minority Leader of the House of Representatives, the Ohio Retirement Study Council, and the Workers Compensation Council, and send a copy of that report to the United States Presidential Special Envoy to Sudan and the United States Presidential Special Envoy to Iran, or an appropriate designee or successor, that includes:
