"Sec. 5727.81. (A) For the purpose of raising revenue for public education and state and local government operations, an excise tax is hereby levied and imposed on an electric distribution company for all electricity distributed by such company at the following rates per kilowatt hour of electricity distributed in a thirty-day period by the company through a meter of an end user in this state:

KILOWATT HOURS DISTRIBUTED TO AN END USER	RATE PER KILOWATT HOUR
For the first 2,000	\$.00465
For the next 2,001 to 15,000	\$.00419

For 15,001 and above

\$.00363

If no meter is used to measure the kilowatt hours of electricity distributed by the company, the rates shall apply to the estimated kilowatt hours of electricity distributed to an unmetered location in this state.

The electric distribution company shall base the monthly tax on the kilowatt hours of electricity distributed to an end user through the meter of the end user that is not measured for a thirty-day period by dividing the days in the measurement period into the total kilowatt hours measured during the measurement period to obtain a daily average usage. The tax shall be determined by obtaining the sum of divisions (A)(1), (2), and (3) of this section and multiplying that amount by the number of days in the measurement period:

(1) Multiplying \$.00465 per kilowatt hour for the first sixty-seven kilowatt hours distributed using a daily average;

(2) Multiplying \$.00419 for the next sixty-eight to five hundred kilowatt hours distributed using a daily average;

(3) Multiplying \$.00363 for the remaining kilowatt hours distributed using a daily average.

Except as provided in division (C) of this section, the electric distribution company shall pay the tax to the tax commissioner in accordance with section 5727.82 of the Revised Code, unless required to remit each tax payment by electronic funds transfer to the treasurer of state in accordance with section 5727.83 of the Revised Code.

Only the distribution of electricity through a meter of an end user in this state shall be used by the electric distribution company to compute the amount or estimated amount of tax due. In the event a meter is not actually read for a measurement period, the estimated kilowatt hours distributed by an electric distribution company to bill for its distribution charges shall be used.

(B) Except as provided in division (C) of this section, each electric distribution company shall pay the tax imposed by this section in all of the following circumstances:

(1) The electricity is distributed by the company through a meter of an end user in this state;

(2) The company is distributing electricity through a meter located in another state, but the electricity is consumed in this state in the manner prescribed by the tax commissioner;

(3) The company is distributing electricity in this state without the use of a meter, but the electricity is consumed in this state as estimated and in the manner prescribed by the tax commissioner.

(C)(1) As used in division (C) of this section:

(a) "Total price of electricity" means the aggregate value in money of

anything paid or transferred, or promised to be paid or transferred, to obtain electricity or electric service, including but not limited to the value paid or promised to be paid for the transmission or distribution of electricity and for transition costs as described in Chapter 4928. of the Revised Code.

(b) "Package" means the provision or the acquisition, at a combined price, of electricity with other services or products, or any combination thereof, such as natural gas or other fuels; energy management products, software, and services; machinery and equipment acquisition; and financing agreements.

(c) "Single location" means a facility located on contiguous property separated only by a roadway, railway, or waterway.

(2) Division (C) of this section applies to any commercial or industrial purchaser's receipt of electricity through a meter of an end user in this state or through more than one meter at a single location in this state in a quantity that exceeds forty-five million kilowatt hours of electricity over the course of the preceding calendar year, or any commercial or industrial purchaser that will consume more than forty-five million kilowatt hours of electricity over the course of the succeeding twelve months as estimated by the tax commissioner. The tax commissioner shall make such an estimate upon the written request by an applicant for registration as a self-assessing purchaser under this division. Such For the meter reading period including July 1, 2008, through the meter reading period including December 31, 2010, such a purchaser may elect to self-assess the excise tax imposed by this section at the rate of \$.00075 per kilowatt hour on the first five hundred four million kilowatt hours distributed to that meter or location during the registration year, and a percentage of the total price of all electricity distributed to that meter or location equal to four per cent through the meter reading period that includes June 30, 2008, and three and one-half per cent beginning for the meter reading period including July 1, 2008, and thereafter. A For the meter reading period including January 1, 2011, and thereafter, such a purchaser may elect to self-assess the excise tax imposed by this section at the rate of \$.00257 per kilowatt hour for the first five hundred million kilowatt hours, and \$.001832 per kilowatt hour for each kilowatt hour in excess of five hundred million kilowatt hours, distributed to that meter or location during the registration year.

A qualified end user that receives electricity through a meter of an end user in this state or through more than one meter at a single location in this state and that consumes, over the course of the previous calendar year, more than forty-five million kilowatt hours in other than its qualifying manufacturing process, may elect to self-assess the tax as allowed by this division with respect to the electricity used in other than its qualifying manufacturing process.

Payment of the tax shall be made directly to the tax commissioner in accordance with divisions (A)(4) and (5) of section 5727.82 of the Revised Code, or the treasurer of state in accordance with section 5727.83 of the Revised Code. If the electric distribution company serving the self-assessing purchaser is a municipal electric utility and the purchaser is within the municipal

corporation's corporate limits, payment shall be made to such municipal corporation's general fund and reports shall be filed in accordance with divisions (A)(4) and (5) of section 5727.82 of the Revised Code, except that "municipal corporation" shall be substituted for "treasurer of state" and "tax commissioner." A self-assessing purchaser that pays the excise tax as provided in this division shall not be required to pay the tax to the electric distribution company from which its electricity is distributed. If a self-assessing purchaser's receipt of electricity is not subject to the tax as measured under this division, the tax on the receipt of such electricity shall be measured and paid as provided in division (A) of this section.

(3) In the case of the acquisition of a package, unless the elements of the package are separately stated isolating the total price of electricity from the price of the remaining elements of the package, the tax imposed under this section applies to the entire price of the package. If the elements of the package are separately stated, the tax imposed under this section applies to the total price of the electricity.

(4) Any electric supplier that sells electricity as part of a package shall separately state to the purchaser the total price of the electricity and, upon request by the tax commissioner, the total price of each of the other elements of the package.

(5) The tax commissioner may adopt rules relating to the computation of the total price of electricity with respect to self-assessing purchasers, which may include rules to establish the total price of electricity purchased as part of a package.

(6) An annual application for registration as a self-assessing purchaser shall be made for each qualifying meter or location on a form prescribed by the tax commissioner. The registration year begins on the first day of May and ends on the following thirtieth day of April. Persons may apply after the first day of May for the remainder of the registration year. In the case of an applicant applying on the basis of an estimated consumption of forty-five million kilowatt hours over the course of the succeeding twelve months, the applicant shall provide such information as the tax commissioner considers to be necessary to estimate such consumption. At the time of making the application and by the first day of May of each year, a self-assessing purchaser shall pay a fee of five hundred dollars to the tax commissioner, or to the treasurer of state as provided in section 5727.83 of the Revised Code, for each qualifying meter or location. The tax commissioner shall immediately pay to the treasurer of state all amounts that the tax commissioner receives under this section. The treasurer of state shall deposit such amounts into the kilowatt hour excise tax administration fund, which is hereby created in the state treasury. Money in the fund shall be used to defray the tax commissioner's cost in administering the tax owed under section 5727.81 of the Revised Code by self-assessing purchasers. After the application is approved by the tax commissioner, the registration shall remain in effect for the current registration year, or until canceled by the registrant upon written

notification to the commissioner of the election to pay the tax in accordance with division (A) of this section, or until canceled by the tax commissioner for not paying the tax or fee under division (C) of this section or for not meeting the qualifications in division (C)(2) of this section. The tax commissioner shall give written notice to the electric distribution company from which electricity is delivered to a self-assessing purchaser of the purchaser's self-assessing status, and the electric distribution company is relieved of the obligation to pay the tax imposed by division (A) of this section for electricity distributed to that self-assessing purchaser until it is notified by the tax commissioner that the self-assessing purchaser's registration is canceled. Within fifteen days of notification of the canceled registration, the electric distribution company shall be responsible for payment of the tax imposed by division (A) of this section on electricity distributed to a purchaser that is no longer registered as a self-assessing purchaser. A self-assessing purchaser with a canceled registration must file a report and remit the tax imposed by division (A) of this section on all electricity it receives for any measurement period prior to the tax being reported and paid by the electric distribution company. A self-assessing purchaser whose registration is canceled by the tax commissioner is not eligible to register as a self-assessing purchaser for two years after the registration is canceled.

(7) If the tax commissioner cancels the self-assessing registration of a purchaser registered on the basis of its estimated consumption because the purchaser does not consume at least forty-five million kilowatt hours of electricity over the course of the twelve-month period for which the estimate was made, the tax commissioner shall assess and collect from the purchaser the difference between (a) the amount of tax that would have been payable under division (A) of this section on the electricity distributed to the purchaser during that period and (b) the amount of tax paid by the purchaser on such electricity pursuant to division (C)(2) ~~(a)~~ of this section. The assessment shall be paid within sixty days after the tax commissioner issues it, regardless of whether the purchaser files a petition for reassessment under section 5727.89 of the Revised Code covering that period. If the purchaser does not pay the assessment within the time prescribed, the amount assessed is subject to the additional charge and the interest prescribed by divisions (B) and (C) of section 5727.82 of the Revised Code, and is subject to assessment under section 5727.89 of the Revised Code. If the purchaser is a qualified end user, division (C)(7) of this section applies only to electricity it consumes in other than its qualifying manufacturing process.

(D) The tax imposed by this section does not apply to the distribution of any kilowatt hours of electricity to the federal government, to an end user located at a federal facility that uses electricity for the enrichment of uranium, to a qualified regeneration meter, or to an end user for any day the end user is a qualified end user. The exemption under this division for a qualified end user only applies to the manufacturing location where the qualified end user uses more than three million kilowatt hours per day in a qualifying manufacturing process."

(6) Any or every provision of the bond proceedings being binding upon such officer, board, commission, authority, agency, department, or other person or body as may from time to time have the authority under law to take such actions as may be necessary to perform all or any part of the duty required by such provision;

(7) Any provision that may be made in a trust agreement or indenture;

(8) Any other or additional agreements with the holders of the obligations, or the trustee therefor, relating to the obligations or the security therefor, including the assignment of mortgages or other security obtained or to be obtained for loans under section 122.43, 166.07, or 166.16 of the Revised Code.

(F) The obligations may have the great seal of the state or a facsimile thereof affixed thereto or printed thereon. The obligations and any coupons pertaining to obligations shall be signed or bear the facsimile signature of the issuing authority. Any obligations or coupons may be executed by the person who, on the date of execution, is the proper issuing authority although on the date of such bonds or coupons such person was not the issuing authority. If the issuing authority whose signature or a facsimile of whose signature appears on any such obligation or coupon ceases to be the issuing authority before delivery thereof, such signature or facsimile is nevertheless valid and sufficient for all purposes as if the former issuing authority had remained the issuing authority until such delivery; and if the seal to be affixed to obligations has been changed after a facsimile of the seal has been imprinted on such obligations, such facsimile seal shall continue to be sufficient as to such obligations and obligations issued in substitution or exchange therefor.

(G) All obligations are negotiable instruments and securities under Chapter 1308. of the Revised Code, subject to the provisions of the bond proceedings as to registration. The obligations may be issued in coupon or in registered form, or both, as the issuing authority determines. Provision may be

made for the registration of any obligations with coupons attached thereto as to principal alone or as to both principal and interest, their exchange for obligations so registered, and for the conversion or reconversion into obligations with coupons attached thereto of any obligations registered as to both principal and interest, and for reasonable charges for such registration, exchange, conversion, and reconversion.

(H) Obligations may be sold at public sale or at private sale, as determined in the bond proceedings.

Obligations issued to provide moneys for the loan guarantee fund or the innovation Ohio loan guarantee fund may, as determined by the issuing authority, be sold at private sale, and without publication of a notice of sale.

(I) Pending preparation of definitive obligations, the issuing authority may issue interim receipts or certificates which shall be exchanged for such definitive obligations.

(J) In the discretion of the issuing authority, obligations may be secured additionally by a trust agreement or indenture between the issuing authority and a corporate trustee which may be any trust company or bank having a place of business within the state. Any such agreement or indenture may contain the resolution or order authorizing the issuance of the obligations, any provisions that may be contained in any bond proceedings, and other provisions which are customary or appropriate in an agreement or indenture of such type, including, but not limited to:

(1) Maintenance of each pledge, trust agreement, indenture, or other instrument comprising part of the bond proceedings until the state has fully paid the bond service charges on the obligations secured thereby, or provision therefor has been made;

(2) In the event of default in any payments required to be made by the bond proceedings, or any other agreement of the issuing authority made as a part of the contract under which the obligations were issued, enforcement of such payments or agreement by mandamus, the appointment of a receiver, suit in equity, action at law, or any combination of the foregoing;

(3) The rights and remedies of the holders of obligations and of the trustee, and provisions for protecting and enforcing them, including limitations on rights of individual holders of obligations;

(4) The replacement of any obligations that become mutilated or are destroyed, lost, or stolen;

(5) Such other provisions as the trustee and the issuing authority agree upon, including limitations, conditions, or qualifications relating to any of the foregoing.

(K) Any holders of obligations or trustees under the bond proceedings, except to the extent that their rights are restricted by the bond proceedings, may

by any suitable form of legal proceedings, protect and enforce any rights under the laws of this state or granted by such bond proceedings. Such rights include the right to compel the performance of all duties of the issuing authority, the director of development, the Ohio air quality development authority, or the division of liquor control required by this chapter or the bond proceedings; to enjoin unlawful activities; and in the event of default with respect to the payment of any bond service charges on any obligations or in the performance of any covenant or agreement on the part of the issuing authority, the director of development, the Ohio air quality development authority, or the division of liquor control in the bond proceedings, to apply to a court having jurisdiction of the cause to appoint a receiver to receive and administer the pledged receipts and special funds, other than those in the custody of the treasurer of state, which are pledged to the payment of the bond service charges on such obligations or which are the subject of the covenant or agreement, with full power to pay, and to provide for payment of bond service charges on, such obligations, and with such powers, subject to the direction of the court, as are accorded receivers in general equity cases, excluding any power to pledge additional revenues or receipts or other income or moneys of the issuing authority or the state or governmental agencies of the state to the payment of such principal and interest and excluding the power to take possession of, mortgage, or cause the sale or otherwise dispose of any project facilities.

Each duty of the issuing authority and the issuing authority's officers and employees, and of each governmental agency and its officers, members, or employees, undertaken pursuant to the bond proceedings or any agreement or lease, lease-purchase agreement, or loan made under authority of this chapter, and in every agreement by or with the issuing authority, is hereby established as a duty of the issuing authority, and of each such officer, member, or employee having authority to perform such duty, specifically enjoined by the law resulting from an office, trust, or station within the meaning of section 2731.01 of the Revised Code.

The person who is at the time the issuing authority, or the issuing authority's officers or employees, are not liable in their personal capacities on any obligations issued by the issuing authority or any agreements of or with the issuing authority.

(L) The issuing authority may authorize and issue obligations for the refunding, including funding and retirement, and advance refunding with or without payment or redemption prior to maturity, of any obligations previously issued by the issuing authority. Such obligations may be issued in amounts sufficient for payment of the principal amount of the prior obligations, any redemption premiums thereon, principal maturities of any such obligations maturing prior to the redemption of the remaining obligations on a parity therewith, interest accrued or to accrue to the maturity dates or dates of redemption of such obligations, and any allowable costs including expenses incurred or to be incurred in connection with such issuance and such refunding, funding, and retirement. Subject to the bond proceedings therefor, the portion of

proceeds of the sale of obligations issued under this division to be applied to bond service charges on the prior obligations shall be credited to an appropriate account held by the trustee for such prior or new obligations or to the appropriate account in the bond service fund for such obligations. Obligations authorized under this division shall be deemed to be issued for those purposes for which such prior obligations were issued and are subject to the provisions of this section pertaining to other obligations, except as otherwise provided in this section; provided that, unless otherwise authorized by the general assembly, any limitations imposed by the general assembly pursuant to this section with respect to bond service charges applicable to the prior obligations shall be applicable to the obligations issued under this division to refund, fund, advance refund or retire such prior obligations.

(M) The authority to issue obligations under this section includes authority to issue obligations in the form of bond anticipation notes and to renew the same from time to time by the issuance of new notes. The holders of such notes or interest coupons pertaining thereto shall have a right to be paid solely from the pledged receipts and special funds that may be pledged to the payment of the bonds anticipated, or from the proceeds of such bonds or renewal notes, or both, as the issuing authority provides in the resolution or order authorizing such notes. Such notes may be additionally secured by covenants of the issuing authority to the effect that the issuing authority and the state will do such or all things necessary for the issuance of such bonds or renewal notes in appropriate amount, and apply the proceeds thereof to the extent necessary, to make full payment of the principal of and interest on such notes at the time or times contemplated, as provided in such resolution or order. For such purpose, the issuing authority may issue bonds or renewal notes in such principal amount and upon such terms as may be necessary to provide funds to pay when required the principal of and interest on such notes, notwithstanding any limitations prescribed by or for purposes of this section. Subject to this division, all provisions for and references to obligations in this section are applicable to notes authorized under this division.

The issuing authority in the bond proceedings authorizing the issuance of bond anticipation notes shall set forth for such bonds an estimated interest rate and a schedule of principal payments for such bonds and the annual maturity dates thereof, and for purposes of any limitation on bond service charges prescribed under division (A) of section 166.11 of the Revised Code, the amount of bond service charges on such bond anticipation notes is deemed to be the bond service charges for the bonds anticipated thereby as set forth in the bond proceedings applicable to such notes, but this provision does not modify any authority in this section to pledge receipts and special funds to, and covenant to issue bonds to fund, the payment of principal of and interest and any premium on such notes.

(N) Obligations issued under this section are lawful investments for banks, societies for savings, savings and loan associations, deposit guarantee associations, trust companies, trustees, fiduciaries, insurance companies,

including domestic for life and domestic not for life, trustees or other officers having charge of sinking and bond retirement or other special funds of political subdivisions and taxing districts of this state, the commissioners of the sinking fund of the state, the administrator of workers' compensation, the state teachers retirement system, the public employees retirement system, the school employees retirement system, and the Ohio police and fire pension fund, notwithstanding any other provisions of the Revised Code or rules adopted pursuant thereto by any governmental agency of the state with respect to investments by them, and are also acceptable as security for the deposit of public moneys.

(O) Unless otherwise provided in any applicable bond proceedings, moneys to the credit of or in the special funds established by or pursuant to this section may be invested by or on behalf of the issuing authority only in notes, bonds, or other obligations of the United States, or of any agency or instrumentality of the United States, obligations guaranteed as to principal and interest by the United States, obligations of this state or any political subdivision of this state, and certificates of deposit of any national bank located in this state and any bank, as defined in section 1101.01 of the Revised Code, subject to inspection by the superintendent of banks. If the law or the instrument creating a trust pursuant to division (J) of this section expressly permits investment in direct obligations of the United States or an agency of the United States, unless expressly prohibited by the instrument, such moneys also may be invested in no-front-end-load money market mutual funds consisting exclusively of obligations of the United States or an agency of the United States and in repurchase agreements, including those issued by the fiduciary itself, secured by obligations of the United States or an agency of the United States; and in common trust funds established in accordance with section 1111.20 of the Revised Code and consisting exclusively of any such securities, notwithstanding division (A)(4) of that section. The income from such investments shall be credited to such funds as the issuing authority determines, and such investments may be sold at such times as the issuing authority determines or authorizes.

(P) Provision may be made in the applicable bond proceedings for the establishment of separate accounts in the bond service fund and for the application of such accounts only to the specified bond service charges on obligations pertinent to such accounts and bond service fund and for other accounts therein within the general purposes of such fund. Unless otherwise provided in any applicable bond proceedings, moneys to the credit of or in the several special funds established pursuant to this section shall be disbursed on the order of the treasurer of state, provided that no such order is required for the payment from the bond service fund when due of bond service charges on obligations.

(Q) The issuing authority may pledge all, or such portion as the issuing authority determines, of the pledged receipts to the payment of bond service charges on obligations issued under this section, and for the establishment and maintenance of any reserves, as provided in the bond proceedings, and make

other provisions therein with respect to pledged receipts as authorized by this chapter, which provisions are controlling notwithstanding any other provisions of law pertaining thereto.

(R) The issuing authority may covenant in the bond proceedings, and any such covenants are controlling notwithstanding any other provision of law, that the state and applicable officers and governmental agencies of the state, including the general assembly, so long as any obligations are outstanding, shall:

(1) Maintain statutory authority for and cause to be charged and collected wholesale and retail prices for spirituous liquor sold by the state or its agents so that the pledged receipts are sufficient in amount to meet bond service charges, and the establishment and maintenance of any reserves and other requirements provided for in the bond proceedings, and, as necessary, to meet covenants contained in contracts of guarantee made under section 166.06 of the Revised Code;

(2) Take or permit no action, by statute or otherwise, that would impair the exemption from federal income taxation of the interest on the obligations.

(S) There is hereby created the economic development bond service fund, which shall be in the custody of the treasurer of state but shall be separate and apart from and not a part of the state treasury. All moneys received by or on account of the issuing authority or state agencies and required by the applicable bond proceedings, consistent with this section, to be deposited, transferred, or credited to a bond service fund or the economic development bond service fund, and all other moneys transferred or allocated to or received for the purposes of the fund, shall be deposited and credited to such fund and to any separate accounts therein, subject to applicable provisions of the bond proceedings, but without necessity for any act of appropriation. During the period beginning with the date of the first issuance of obligations and continuing during such time as any such obligations are outstanding, and so long as moneys in the pertinent bond service funds are insufficient to pay all bond services charges on such obligations becoming due in each year, a sufficient amount of the gross profit on the sale of spirituous liquor included in pledged receipts are committed and shall be paid to the bond service fund or economic development bond service fund in each year for the purpose of paying the bond service charges becoming due in that year without necessity for further act of appropriation for such purpose and notwithstanding anything to the contrary in Chapter 4301. of the Revised Code. The economic development bond service fund is a trust fund and is hereby pledged to the payment of bond service charges to the extent provided in the applicable bond proceedings, and payment thereof from such fund shall be made or provided for by the treasurer of state in accordance with such bond proceedings without necessity for any act of appropriation.

(T) The obligations, the transfer thereof, and the income therefrom, including any profit made on the sale thereof, shall at all times be free from taxation within the state.

Sec. 166.25. (A) The director of development, with the approval of the controlling board and subject to the other applicable provisions of this chapter, may lend money in the logistics and distribution infrastructure fund and the logistics and distribution infrastructure taxable bond fund to persons for the purpose of paying allowable costs of eligible logistics and distribution projects.

(B) In determining the eligible logistics and distribution projects to be assisted and the nature, amount, and terms of assistance to be provided for an eligible logistics and distribution project, the director shall consult with appropriate governmental agencies, including the department of transportation and the Ohio rail development commission.

(C)(1) The director shall submit to the development financing advisory council the terms of the proposed assistance to be provided for an eligible logistics and distribution project and such other relevant information as the council may request.

(2) The council, on the basis of such information, shall make recommendations as to the appropriateness of the assistance to be provided. The recommendations may be revised to reflect any changes in the proposed assistance the director may submit to the council.

(3) The director shall submit the terms of the proposed assistance to be provided, along with the recommendations, as amended, of the council as to the appropriateness of the proposed assistance, to the controlling board.

(D) Any loan made pursuant to this section shall be evidenced by a loan agreement, which shall contain such terms as the director determines necessary or appropriate, including performance measures and reporting requirements. The director may take actions necessary or appropriate to collect or otherwise deal with any loan made under this section, including requiring a loan recipient to repay the amount of the loan plus interest at a rate of three per cent above the federal short term interest rate or any other rate determined by the director.

Sec. 166.28. (A) There is hereby created in the state treasury the logistics and distribution infrastructure taxable bond fund. The fund shall consist of grants, gifts, and contributions of money or rights to money lawfully designated for or deposited into the fund, all money and rights to money lawfully appropriated and transferred to the fund, including money received from the issuance of federally taxable obligations under section 166.08 of the Revised Code and subject to section 166.11 of the Revised Code, and money credited to the fund pursuant to division (B) of this section. The fund shall be used for the allowable costs of eligible logistics and distribution projects. All investment earnings on the cash balance in the fund shall be credited to the fund. The fund shall not be comprised, in any part, of money raised by taxation.

(B) There shall be credited to the logistics and distribution infrastructure taxable bond fund the money received by the state from the repayment of loans and recovery on loan guarantees, including interest thereon, made from the fund."

"Sec. 133.02. (A) Securities lawfully authorized and issued by an issuer, and fractionalized interests in public obligations, subject to applicable provisions for registration or of the proceedings, are negotiable instruments and securities under Chapters 1303. and 1308. of the Revised Code, notwithstanding that the promise to pay debt charges on the particular securities or fractionalized interests may be limited to payment out of a particular fund or the proceeds from a particular source.

(B) Unless a judicial action or proceeding challenging the validity of public obligations or of fractionalized interests in public obligations is commenced by personal service on the chief executive officer or legal officer or fiscal officer of the issuer and, if applicable, the obligor, prior to the initial delivery of the public obligations or the fractionalized interests in public obligations, the public obligations or the fractionalized interests in them and the proceedings relating to them are incontestable and the public obligations or the fractionalized interests in them shall be conclusively considered to be and to have been issued, secured, entered into, payable, sold, executed, and delivered, and the proceedings relating to them taken, in conformity with all legal requirements if all of the following apply:

(1) They state that they are issued or entered into under or pursuant to authorizing provisions of law or of any applicable charter or the Ohio Constitution and comply on their face with those provisions.

(2) They are issued or entered into for a lawful purpose, as stated in the securities or the legislation authorizing their issuance, and within any limitations prescribed by law.

(3) Their purchase price, if any, has been paid in full.

(4) The transcript of the proceedings contains a statement by the officer having charge of the applicable records, or by the legal officer or fiscal officer, of the issuer and, if applicable, of the obligor that all the proceedings were held in compliance with law, which statement creates a conclusive presumption that the proceedings were held in compliance with all laws, including, as applicable, section 121.22 of the Revised Code, and rules.

(C) An individual as such, or as an officer, director, stockholder, or employee of or owner of any interest in an entity, or relatives or business associates of such individual, purchasing securities or fractionalized interests in public obligations as the original or subsequent purchaser, or providing a credit enhancement facility, or acting as a lessor, trustee, fiscal agent, financial adviser, paying agent, or registrar related thereto, shall not be deemed to be interested, either directly or indirectly, solely by reason of such purchase, provision, or relationship, in such purchase or sale or servicing or in the contract evidenced by the securities or the fractionalized interests in public obligations or the credit enhancement facility, for the purpose of any law of this state that prohibits a public officer, servant, or employee, or his relatives or business associates, from being interested in any contract of the particular issuer or obligor.

(D) As used in this division, "tax compliance payments" means any amounts determined or estimated as amounts required to be paid to the federal government in order to maintain the exclusion from gross income for federal income tax purposes of interest on those obligations, including any amounts computed at the time to represent the portion of investment income to be rebated, or amounts in lieu of or in addition to any rebate amount and any penalty or interest to be paid, for that purpose pursuant to the Internal Revenue Code; and "public obligations" includes any bond within the meaning of section 150(a) of the Internal Revenue Code.

Notwithstanding any other law, an issuer and an obligor may agree, in specific or general terms, to do or cause or require to be done all things necessary for, and not to do or permit or authorize to be done anything that would adversely affect, the exclusion of interest on public obligations or on fractionalized interests in public obligations from gross income for federal income tax purposes under the Internal Revenue Code, or the classification or qualification of the public obligations or the interest on the public obligations or fractionalized interests in public obligations for, or their exemption from, other treatment under the Internal Revenue Code, including compliance with the provisions for tax compliance payments to the United States in accordance with the Internal Revenue Code. Those actions and covenants and compliance therewith shall be valid, incontestable, final, and conclusive to the extent that they support that exclusion from gross income or those classifications,

qualifications, or exemptions. The authorization in this division is solely for the purpose of satisfying such federal conditions or requirements, and is in addition to and not a limitation upon other authorization granted by or pursuant to law or the Ohio Constitution, and does not preclude or exclude any actions or covenants by the issuer or obligor, or its officer, to satisfy the federal conditions or requirements for the purpose, including actions and covenants previously taken or made. Subject to the terms of those covenants, compliance with covenants referred to in this division by the issuer or obligor and its officers are acts specifically enjoined by law as duties resulting from their office, trust, and station for purposes of section 2731.01 of the Revised Code. The issuer or obligor, and its officers, employees, and agents responsible in the circumstances, shall do all things necessary or appropriate to comply with such covenants and shall take all actions to account for, calculate, report, make available, and make tax compliance payments pursuant to the Internal Revenue Code to the extent required to comply with such covenants. In order to protect the tax exemption of interest or other qualification, classification, or exemption for tax purposes, and to reduce tax compliance payments:

(1) Moneys from the funds to which any such interest is credited, and from any fund that is generally available for the general purposes of the issuer or obligor, available for the purpose of the securities issue, or available for operating and maintenance expenses of any improvements financed or refinanced by that issue or of any system or enterprise of which those improvements are a part, shall be appropriated and are deemed appropriated for all purposes to the payment of such amounts pursuant to such covenant, and may be so appropriated in the absence of such a covenant. Subject to the provisions of the applicable proceedings and notwithstanding any statutory or administrative limitations on the use or transfer of those funds or receipts, the appropriate official of the issuer or obligor may:

(a) Withdraw or transfer tax compliance payments from the fund or funds designated by the issuer or obligor for the purpose, including any bond, improvement, or special fund, and any bond retirement fund after provision for current debt charges requirements, or direct the deposit from receipts, and deposit tax compliance payments in or credit them to the fund or account established for the purpose, which establishment is hereby authorized, and disburse moneys from that fund or account for that purpose.

(b) Withdraw or transfer investment income from any bond or improvement fund, from any bond retirement fund after provision for current debt charges requirements, and from any other special fund established with respect to an issue of securities, and deposit that investment income in or credit that investment income to any other fund or account.

(2) An issuer or obligor may invest any proceeds or gross proceeds, as defined in the Internal Revenue Code, of public obligations or fractionalized interests in public obligations in tax-exempt bonds of any person authorized to issue tax-exempt bonds under the Internal Revenue Code, and in any regulated

investment company, the investment in which is treated as an investment in tax-exempt bonds for purposes of provisions of section 148 of the Internal Revenue Code, and in any special series of obligations of the United States made available for purposes of compliance with provisions of section 148 of the Internal Revenue Code. The authority to invest proceeds under this division is in addition to and not restricted or conditioned by any other authority of an issuer to invest its moneys.

Nothing in this division or in other prior or current provisions of law requires that an issuer or obligor comply with provisions of federal tax law or regulations to exclude interest on its public obligations from gross income for federal income tax purposes or otherwise to have the public obligations or interest thereon treated in any particular way under federal tax laws, except to the extent, if any, that the issuer or obligor covenants to do so, and the validity of the public obligations shall not be adversely affected by the absence of that compliance or of compliance with any covenants made pursuant to this division.

This division applies to public obligations and fractionalized interests in public obligations, outstanding on or entered into prior to, or issued or entered into on or after, October 30, 1989.

(E) Notwithstanding any other law, the income from the investment of proceeds of public obligations or fractionalized interests in public obligations of a public issuer , or payments received by or on behalf of a public issuer under section 6341 of the Internal Revenue Code, 26 U.S.C. 6431, may be credited to the fund or account in which those proceeds are held, to the fund or account from which debt charges on those public obligations are paid, or to the general fund or other fund or account as the public issuer authorizes, and used for the purposes of that fund or account."

"Sec. 5747.01. Except as otherwise expressly provided or clearly appearing from the context, any term used in this chapter that is not otherwise defined in this section has the same meaning as when used in a comparable context in the laws of the United States relating to federal income taxes or if not used in a comparable context in those laws, has the same meaning as in section 5733.40 of the Revised Code. Any reference in this chapter to the Internal Revenue Code includes other laws of the United States relating to federal income taxes.

As used in this chapter:

(A) "Adjusted gross income" or "Ohio adjusted gross income" means

federal adjusted gross income, as defined and used in the Internal Revenue Code, adjusted as provided in this section:

(1) Add interest or dividends on obligations or securities of any state or of any political subdivision or authority of any state, other than this state and its subdivisions and authorities.

(2) Add interest or dividends on obligations of any authority, commission, instrumentality, territory, or possession of the United States to the extent that the interest or dividends are exempt from federal income taxes but not from state income taxes.

(3) Deduct interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission, or instrumentality of the United States to the extent that the interest or dividends are included in federal adjusted gross income but exempt from state income taxes under the laws of the United States.

(4) Deduct disability and survivor's benefits to the extent included in federal adjusted gross income.

(5) Deduct benefits under Title II of the Social Security Act and tier 1 railroad retirement benefits to the extent included in federal adjusted gross income under section 86 of the Internal Revenue Code.

(6) In the case of a taxpayer who is a beneficiary of a trust that makes an accumulation distribution as defined in section 665 of the Internal Revenue Code, add, for the beneficiary's taxable years beginning before 2002, the portion, if any, of such distribution that does not exceed the undistributed net income of the trust for the three taxable years preceding the taxable year in which the distribution is made to the extent that the portion was not included in the trust's taxable income for any of the trust's taxable years beginning in 2002 or thereafter. "Undistributed net income of a trust" means the taxable income of the trust increased by (a)(i) the additions to adjusted gross income required under division (A) of this section and (ii) the personal exemptions allowed to the trust pursuant to section 642(b) of the Internal Revenue Code, and decreased by (b)(i) the deductions to adjusted gross income required under division (A) of this section, (ii) the amount of federal income taxes attributable to such income, and (iii) the amount of taxable income that has been included in the adjusted gross income of a beneficiary by reason of a prior accumulation distribution. Any undistributed net income included in the adjusted gross income of a beneficiary shall reduce the undistributed net income of the trust commencing with the earliest years of the accumulation period.

(7) Deduct the amount of wages and salaries, if any, not otherwise allowable as a deduction but that would have been allowable as a deduction in computing federal adjusted gross income for the taxable year, had the targeted jobs credit allowed and determined under sections 38, 51, and 52 of the Internal Revenue Code not been in effect.

(8) Deduct any interest or interest equivalent on public obligations and purchase obligations to the extent that the interest or interest equivalent is included in federal adjusted gross income.

(9) Add any loss or deduct any gain resulting from the sale, exchange, or other disposition of public obligations to the extent that the loss has been deducted or the gain has been included in computing federal adjusted gross income.

(10) Deduct or add amounts, as provided under section 5747.70 of the Revised Code, related to contributions to variable college savings program accounts made or tuition units purchased pursuant to Chapter 3334. of the Revised Code.

(11)(a) Deduct, to the extent not otherwise allowable as a deduction or exclusion in computing federal or Ohio adjusted gross income for the taxable year, the amount the taxpayer paid during the taxable year for medical care insurance and qualified long-term care insurance for the taxpayer, the taxpayer's spouse, and dependents. No deduction for medical care insurance under division (A)(11) of this section shall be allowed either to any taxpayer who is eligible to participate in any subsidized health plan maintained by any employer of the taxpayer or of the taxpayer's spouse, or to any taxpayer who is entitled to, or on application would be entitled to, benefits under part A of Title XVIII of the "Social Security Act," 49 Stat. 620 (1935), 42 U.S.C. 301, as amended. For the purposes of division (A)(11)(a) of this section, "subsidized health plan" means a health plan for which the employer pays any portion of the plan's cost. The deduction allowed under division (A)(11)(a) of this section shall be the net of any related premium refunds, related premium reimbursements, or related insurance premium dividends received during the taxable year.

(b) Deduct, to the extent not otherwise deducted or excluded in computing federal or Ohio adjusted gross income during the taxable year, the amount the taxpayer paid during the taxable year, not compensated for by any insurance or otherwise, for medical care of the taxpayer, the taxpayer's spouse, and dependents, to the extent the expenses exceed seven and one-half per cent of the taxpayer's federal adjusted gross income.

(c) Deduct, to the extent not otherwise deducted or excluded in computing federal or Ohio adjusted gross income, any amount included in federal adjusted gross income under section 105 or not excluded under section 106 of the Internal Revenue Code solely because it relates to an accident and health plan for a person who otherwise would be a "qualifying relative" and thus a "dependent" under section 152 of the Internal Revenue Code but for the fact that the person fails to meet the income and support limitations under section 152(d)(1)(B) and (C) of the Internal Revenue Code.

(d) For purposes of division (A)(11) of this section, "medical care" has the meaning given in section 213 of the Internal Revenue Code, subject to the special rules, limitations, and exclusions set forth therein, and "qualified

long-term care" has the same meaning given in section 7702B(c) of the Internal Revenue Code. Solely for purposes of divisions (A)(11)(a) and (c) of this section, "dependent" includes a person who otherwise would be a "qualifying relative" and thus a "dependent" under section 152 of the Internal Revenue Code but for the fact that the person fails to meet the income and support limitations under section 152(d)(1)(B) and (C) of the Internal Revenue Code.

(12)(a) Deduct any amount included in federal adjusted gross income solely because the amount represents a reimbursement or refund of expenses that in any year the taxpayer had deducted as an itemized deduction pursuant to section 63 of the Internal Revenue Code and applicable United States department of the treasury regulations. The deduction otherwise allowed under division (A)(12)(a) of this section shall be reduced to the extent the reimbursement is attributable to an amount the taxpayer deducted under this section in any taxable year.

(b) Add any amount not otherwise included in Ohio adjusted gross income for any taxable year to the extent that the amount is attributable to the recovery during the taxable year of any amount deducted or excluded in computing federal or Ohio adjusted gross income in any taxable year.

(13) Deduct any portion of the deduction described in section 1341(a)(2) of the Internal Revenue Code, for repaying previously reported income received under a claim of right, that meets both of the following requirements:

(a) It is allowable for repayment of an item that was included in the taxpayer's adjusted gross income for a prior taxable year and did not qualify for a credit under division (A) or (B) of section 5747.05 of the Revised Code for that year;

(b) It does not otherwise reduce the taxpayer's adjusted gross income for the current or any other taxable year.

(14) Deduct an amount equal to the deposits made to, and net investment earnings of, a medical savings account during the taxable year, in accordance with section 3924.66 of the Revised Code. The deduction allowed by division (A)(14) of this section does not apply to medical savings account deposits and earnings otherwise deducted or excluded for the current or any other taxable year from the taxpayer's federal adjusted gross income.

(15)(a) Add an amount equal to the funds withdrawn from a medical savings account during the taxable year, and the net investment earnings on those funds, when the funds withdrawn were used for any purpose other than to reimburse an account holder for, or to pay, eligible medical expenses, in accordance with section 3924.66 of the Revised Code;

(b) Add the amounts distributed from a medical savings account under division (A)(2) of section 3924.68 of the Revised Code during the taxable year.

(16) Add any amount claimed as a credit under section 5747.059 of the Revised Code to the extent that such amount satisfies either of the following:

(a) The amount was deducted or excluded from the computation of the taxpayer's federal adjusted gross income as required to be reported for the taxpayer's taxable year under the Internal Revenue Code;

(b) The amount resulted in a reduction of the taxpayer's federal adjusted gross income as required to be reported for any of the taxpayer's taxable years under the Internal Revenue Code.

(17) Deduct the amount contributed by the taxpayer to an individual development account program established by a county department of job and family services pursuant to sections 329.11 to 329.14 of the Revised Code for the purpose of matching funds deposited by program participants. On request of the tax commissioner, the taxpayer shall provide any information that, in the tax commissioner's opinion, is necessary to establish the amount deducted under division (A)(17) of this section.

(18) Beginning in taxable year 2001 but not for any taxable year beginning after December 31, 2005, if the taxpayer is married and files a joint return and the combined federal adjusted gross income of the taxpayer and the taxpayer's spouse for the taxable year does not exceed one hundred thousand dollars, or if the taxpayer is single and has a federal adjusted gross income for the taxable year not exceeding fifty thousand dollars, deduct amounts paid during the taxable year for qualified tuition and fees paid to an eligible institution for the taxpayer, the taxpayer's spouse, or any dependent of the taxpayer, who is a resident of this state and is enrolled in or attending a program that culminates in a degree or diploma at an eligible institution. The deduction may be claimed only to the extent that qualified tuition and fees are not otherwise deducted or excluded for any taxable year from federal or Ohio adjusted gross income. The deduction may not be claimed for educational expenses for which the taxpayer claims a credit under section 5747.27 of the Revised Code.

(19) Add any reimbursement received during the taxable year of any amount the taxpayer deducted under division (A)(18) of this section in any previous taxable year to the extent the amount is not otherwise included in Ohio adjusted gross income.

(20)(a)(i) Add five-sixths of the amount of depreciation expense allowed by subsection (k) of section 168 of the Internal Revenue Code, including the taxpayer's proportionate or distributive share of the amount of depreciation expense allowed by that subsection to a pass-through entity in which the taxpayer has a direct or indirect ownership interest.

(ii) Add five-sixths of the amount of qualifying section 179 depreciation expense, including a person's proportionate or distributive share of the amount of qualifying section 179 depreciation expense allowed to any pass-through entity in which the person has a direct or indirect ownership. For the purposes of this division, "qualifying section 179 depreciation expense" means the difference between (I) the amount of depreciation expense directly or indirectly allowed to

the taxpayer under section 179 of the Internal Revenue Code, and (II) the amount of depreciation expense directly or indirectly allowed to the taxpayer under section 179 of the Internal Revenue Code as that section existed on December 31, 2002.

The tax commissioner, under procedures established by the commissioner, may waive the add-backs related to a pass-through entity if the taxpayer owns, directly or indirectly, less than five per cent of the pass-through entity.

(b) Nothing in division (A)(20) of this section shall be construed to adjust or modify the adjusted basis of any asset.

(c) To the extent the add-back required under division (A)(20)(a) of this section is attributable to property generating nonbusiness income or loss allocated under section 5747.20 of the Revised Code, the add-back shall be situated to the same location as the nonbusiness income or loss generated by the property for the purpose of determining the credit under division (A) of section 5747.05 of the Revised Code. Otherwise, the add-back shall be apportioned, subject to one or more of the four alternative methods of apportionment enumerated in section 5747.21 of the Revised Code.

(d) For the purposes of division (A) of this section, net operating loss carryback and carryforward shall not include five-sixths of the allowance of any net operating loss deduction carryback or carryforward to the taxable year to the extent such loss resulted from depreciation allowed by section 168(k) of the Internal Revenue Code and by the qualifying section 179 depreciation expense amount.

(21)(a) If the taxpayer was required to add an amount under division (A)(20)(a) of this section for a taxable year, deduct one-fifth of the amount so added for each of the five succeeding taxable years.

(b) If the amount deducted under division (A)(21)(a) of this section is attributable to an add-back allocated under division (A)(20)(c) of this section, the amount deducted shall be situated to the same location. Otherwise, the add-back shall be apportioned using the apportionment factors for the taxable year in which the deduction is taken, subject to one or more of the four alternative methods of apportionment enumerated in section 5747.21 of the Revised Code.

(c) No deduction is available under division (A)(21)(a) of this section with regard to any depreciation allowed by section 168(k) of the Internal Revenue Code and by the qualifying section 179 depreciation expense amount to the extent that such depreciation resulted in or increased a federal net operating loss carryback or carryforward to a taxable year to which division (A)(20)(d) of this section does not apply.

(22) Deduct, to the extent not otherwise deducted or excluded in computing federal or Ohio adjusted gross income for the taxable year, the

amount the taxpayer received during the taxable year as reimbursement for life insurance premiums under section 5919.31 of the Revised Code.

(23) Deduct, to the extent not otherwise deducted or excluded in computing federal or Ohio adjusted gross income for the taxable year, the amount the taxpayer received during the taxable year as a death benefit paid by the adjutant general under section 5919.33 of the Revised Code.

(24) Deduct, to the extent included in federal adjusted gross income and not otherwise allowable as a deduction or exclusion in computing federal or Ohio adjusted gross income for the taxable year, military pay and allowances received by the taxpayer during the taxable year for active duty service in the United States army, air force, navy, marine corps, or coast guard or reserve components thereof or the national guard. The deduction may not be claimed for military pay and allowances received by the taxpayer while the taxpayer is stationed in this state.

(25) Deduct, to the extent not otherwise allowable as a deduction or exclusion in computing federal or Ohio adjusted gross income for the taxable year and not otherwise compensated for by any other source, the amount of qualified organ donation expenses incurred by the taxpayer during the taxable year, not to exceed ten thousand dollars. A taxpayer may deduct qualified organ donation expenses only once for all taxable years beginning with taxable years beginning in 2007.

For the purposes of division (A)(25) of this section:

(a) "Human organ" means all or any portion of a human liver, pancreas, kidney, intestine, or lung, and any portion of human bone marrow.

(b) "Qualified organ donation expenses" means travel expenses, lodging expenses, and wages and salary forgone by a taxpayer in connection with the taxpayer's donation, while living, of one or more of the taxpayer's human organs to another human being.

(26) Deduct, to the extent not otherwise deducted or excluded in computing federal or Ohio adjusted gross income for the taxable year, amounts received by the taxpayer as retired military personnel pay for service in the United States army, navy, air force, coast guard, or marine corps or reserve components thereof, or the national guard, or received by the surviving spouse or former spouse of such a taxpayer under the survivor benefit plan on account of such a taxpayer's death. If the taxpayer receives income on account of retirement paid under the federal civil service retirement system or federal employees retirement system, or under any successor retirement program enacted by the congress of the United States that is established and maintained for retired employees of the United States government, and such retirement income is based, in whole or in part, on credit for the taxpayer's military service, the deduction allowed under this division shall include only that portion of such retirement income that is attributable to the taxpayer's military service, to the extent that portion of such retirement income is otherwise included in federal

adjusted gross income and is not otherwise deducted under this section. Any amount deducted under division (A)(26) of this section is not included in a taxpayer's adjusted gross income for the purposes of section 5747.055 of the Revised Code. No amount may be deducted under division (A)(26) of this section on the basis of which a credit was claimed under section 5747.055 of the Revised Code.

(27) Deduct, to the extent not otherwise deducted or excluded in computing federal or Ohio adjusted gross income for the taxable year, the amount the taxpayer received during the taxable year from the military injury relief fund created in section 5101.98 of the Revised Code.

(B) "Business income" means income, including gain or loss, arising from transactions, activities, and sources in the regular course of a trade or business and includes income, gain, or loss from real property, tangible property, and intangible property if the acquisition, rental, management, and disposition of the property constitute integral parts of the regular course of a trade or business operation. "Business income" includes income, including gain or loss, from a partial or complete liquidation of a business, including, but not limited to, gain or loss from the sale or other disposition of goodwill.

(C) "Nonbusiness income" means all income other than business income and may include, but is not limited to, compensation, rents and royalties from real or tangible personal property, capital gains, interest, dividends and distributions, patent or copyright royalties, or lottery winnings, prizes, and awards.

(D) "Compensation" means any form of remuneration paid to an employee for personal services.

(E) "Fiduciary" means a guardian, trustee, executor, administrator, receiver, conservator, or any other person acting in any fiduciary capacity for any individual, trust, or estate.

(F) "Fiscal year" means an accounting period of twelve months ending on the last day of any month other than December.

(G) "Individual" means any natural person.

(H) "Internal Revenue Code" means the "Internal Revenue Code of 1986," 100 Stat. 2085, 26 U.S.C.A. 1, as amended.

(I) "Resident" means any of the following, provided that division (I)(3) of this section applies only to taxable years of a trust beginning in 2002 or thereafter:

(1) An individual who is domiciled in this state, subject to section 5747.24 of the Revised Code;

(2) The estate of a decedent who at the time of death was domiciled in this state. The domicile tests of section 5747.24 of the Revised Code are not controlling for purposes of division (I)(2) of this section.

(3) A trust that, in whole or part, resides in this state. If only part of a trust resides in this state, the trust is a resident only with respect to that part.

For the purposes of division (I)(3) of this section:

(a) A trust resides in this state for the trust's current taxable year to the extent, as described in division (I)(3)(d) of this section, that the trust consists directly or indirectly, in whole or in part, of assets, net of any related liabilities, that were transferred, or caused to be transferred, directly or indirectly, to the trust by any of the following:

(i) A person, a court, or a governmental entity or instrumentality on account of the death of a decedent, but only if the trust is described in division (I)(3)(e)(i) or (ii) of this section;

(ii) A person who was domiciled in this state for the purposes of this chapter when the person directly or indirectly transferred assets to an irrevocable trust, but only if at least one of the trust's qualifying beneficiaries is domiciled in this state for the purposes of this chapter during all or some portion of the trust's current taxable year;

(iii) A person who was domiciled in this state for the purposes of this chapter when the trust document or instrument or part of the trust document or instrument became irrevocable, but only if at least one of the trust's qualifying beneficiaries is a resident domiciled in this state for the purposes of this chapter during all or some portion of the trust's current taxable year. If a trust document or instrument became irrevocable upon the death of a person who at the time of death was domiciled in this state for purposes of this chapter, that person is a person described in division (I)(3)(a)(iii) of this section.

(b) A trust is irrevocable to the extent that the transferor is not considered to be the owner of the net assets of the trust under sections 671 to 678 of the Internal Revenue Code.

(c) With respect to a trust other than a charitable lead trust, "qualifying beneficiary" has the same meaning as "potential current beneficiary" as defined in section 1361(e)(2) of the Internal Revenue Code, and with respect to a charitable lead trust "qualifying beneficiary" is any current, future, or contingent beneficiary, but with respect to any trust "qualifying beneficiary" excludes a person or a governmental entity or instrumentality to any of which a contribution would qualify for the charitable deduction under section 170 of the Internal Revenue Code.

(d) For the purposes of division (I)(3)(a) of this section, the extent to which a trust consists directly or indirectly, in whole or in part, of assets, net of any related liabilities, that were transferred directly or indirectly, in whole or part, to the trust by any of the sources enumerated in that division shall be ascertained by multiplying the fair market value of the trust's assets, net of related liabilities, by the qualifying ratio, which shall be computed as follows:

(i) The first time the trust receives assets, the numerator of the qualifying

ratio is the fair market value of those assets at that time, net of any related liabilities, from sources enumerated in division (I)(3)(a) of this section. The denominator of the qualifying ratio is the fair market value of all the trust's assets at that time, net of any related liabilities.

(ii) Each subsequent time the trust receives assets, a revised qualifying ratio shall be computed. The numerator of the revised qualifying ratio is the sum of (1) the fair market value of the trust's assets immediately prior to the subsequent transfer, net of any related liabilities, multiplied by the qualifying ratio last computed without regard to the subsequent transfer, and (2) the fair market value of the subsequently transferred assets at the time transferred, net of any related liabilities, from sources enumerated in division (I)(3)(a) of this section. The denominator of the revised qualifying ratio is the fair market value of all the trust's assets immediately after the subsequent transfer, net of any related liabilities.

(iii) Whether a transfer to the trust is by or from any of the sources enumerated in division (I)(3)(a) of this section shall be ascertained without regard to the domicile of the trust's beneficiaries.

(e) For the purposes of division (I)(3)(a)(i) of this section:

(i) A trust is described in division (I)(3)(e)(i) of this section if the trust is a testamentary trust and the testator of that testamentary trust was domiciled in this state at the time of the testator's death for purposes of the taxes levied under Chapter 5731. of the Revised Code.

(ii) A trust is described in division (I)(3)(e)(ii) of this section if the transfer is a qualifying transfer described in any of divisions (I)(3)(f)(i) to (vi) of this section, the trust is an irrevocable inter vivos trust, and at least one of the trust's qualifying beneficiaries is domiciled in this state for purposes of this chapter during all or some portion of the trust's current taxable year.

(f) For the purposes of division (I)(3)(e)(ii) of this section, a "qualifying transfer" is a transfer of assets, net of any related liabilities, directly or indirectly to a trust, if the transfer is described in any of the following:

(i) The transfer is made to a trust, created by the decedent before the decedent's death and while the decedent was domiciled in this state for the purposes of this chapter, and, prior to the death of the decedent, the trust became irrevocable while the decedent was domiciled in this state for the purposes of this chapter.

(ii) The transfer is made to a trust to which the decedent, prior to the decedent's death, had directly or indirectly transferred assets, net of any related liabilities, while the decedent was domiciled in this state for the purposes of this chapter, and prior to the death of the decedent the trust became irrevocable while the decedent was domiciled in this state for the purposes of this chapter.

(iii) The transfer is made on account of a contractual relationship existing directly or indirectly between the transferor and either the decedent or the estate

of the decedent at any time prior to the date of the decedent's death, and the decedent was domiciled in this state at the time of death for purposes of the taxes levied under Chapter 5731. of the Revised Code.

(iv) The transfer is made to a trust on account of a contractual relationship existing directly or indirectly between the transferor and another person who at the time of the decedent's death was domiciled in this state for purposes of this chapter.

(v) The transfer is made to a trust on account of the will of a testator.

(vi) The transfer is made to a trust created by or caused to be created by a court, and the trust was directly or indirectly created in connection with or as a result of the death of an individual who, for purposes of the taxes levied under Chapter 5731. of the Revised Code, was domiciled in this state at the time of the individual's death.

(g) The tax commissioner may adopt rules to ascertain the part of a trust residing in this state.

(J) "Nonresident" means an individual or estate that is not a resident. An individual who is a resident for only part of a taxable year is a nonresident for the remainder of that taxable year.

(K) "Pass-through entity" has the same meaning as in section 5733.04 of the Revised Code.

(L) "Return" means the notifications and reports required to be filed pursuant to this chapter for the purpose of reporting the tax due and includes declarations of estimated tax when so required.

(M) "Taxable year" means the calendar year or the taxpayer's fiscal year ending during the calendar year, or fractional part thereof, upon which the adjusted gross income is calculated pursuant to this chapter.

(N) "Taxpayer" means any person subject to the tax imposed by section 5747.02 of the Revised Code or any pass-through entity that makes the election under division (D) of section 5747.08 of the Revised Code.

(O) "Dependents" means dependents as defined in the Internal Revenue Code and as claimed in the taxpayer's federal income tax return for the taxable year or which the taxpayer would have been permitted to claim had the taxpayer filed a federal income tax return.

(P) "Principal county of employment" means, in the case of a nonresident, the county within the state in which a taxpayer performs services for an employer or, if those services are performed in more than one county, the county in which the major portion of the services are performed.

(Q) As used in sections 5747.50 to 5747.55 of the Revised Code:

(1) "Subdivision" means any county, municipal corporation, park district, or township.

(2) "Essential local government purposes" includes all functions that any subdivision is required by general law to exercise, including like functions that are exercised under a charter adopted pursuant to the Ohio Constitution.

(R) "Overpayment" means any amount already paid that exceeds the figure determined to be the correct amount of the tax.

(S) "Taxable income" or "Ohio taxable income" applies only to estates and trusts, and means federal taxable income, as defined and used in the Internal Revenue Code, adjusted as follows:

(1) Add interest or dividends, net of ordinary, necessary, and reasonable expenses not deducted in computing federal taxable income, on obligations or securities of any state or of any political subdivision or authority of any state, other than this state and its subdivisions and authorities, but only to the extent that such net amount is not otherwise includible in Ohio taxable income and is described in either division (S)(1)(a) or (b) of this section:

(a) The net amount is not attributable to the S portion of an electing small business trust and has not been distributed to beneficiaries for the taxable year;

(b) The net amount is attributable to the S portion of an electing small business trust for the taxable year.

(2) Add interest or dividends, net of ordinary, necessary, and reasonable expenses not deducted in computing federal taxable income, on obligations of any authority, commission, instrumentality, territory, or possession of the United States to the extent that the interest or dividends are exempt from federal income taxes but not from state income taxes, but only to the extent that such net amount is not otherwise includible in Ohio taxable income and is described in either division (S)(1)(a) or (b) of this section;

(3) Add the amount of personal exemption allowed to the estate pursuant to section 642(b) of the Internal Revenue Code;

(4) Deduct interest or dividends, net of related expenses deducted in computing federal taxable income, on obligations of the United States and its territories and possessions or of any authority, commission, or instrumentality of the United States to the extent that the interest or dividends are exempt from state taxes under the laws of the United States, but only to the extent that such amount is included in federal taxable income and is described in either division (S)(1)(a) or (b) of this section;

(5) Deduct the amount of wages and salaries, if any, not otherwise allowable as a deduction but that would have been allowable as a deduction in computing federal taxable income for the taxable year, had the targeted jobs credit allowed under sections 38, 51, and 52 of the Internal Revenue Code not been in effect, but only to the extent such amount relates either to income included in federal taxable income for the taxable year or to income of the S portion of an electing small business trust for the taxable year;

(6) Deduct any interest or interest equivalent, net of related expenses deducted in computing federal taxable income, on public obligations and purchase obligations, but only to the extent that such net amount relates either to income included in federal taxable income for the taxable year or to income of the S portion of an electing small business trust for the taxable year;

(7) Add any loss or deduct any gain resulting from sale, exchange, or other disposition of public obligations to the extent that such loss has been deducted or such gain has been included in computing either federal taxable income or income of the S portion of an electing small business trust for the taxable year;

(8) Except in the case of the final return of an estate, add any amount deducted by the taxpayer on both its Ohio estate tax return pursuant to section 5731.14 of the Revised Code, and on its federal income tax return in determining federal taxable income;

(9)(a) Deduct any amount included in federal taxable income solely because the amount represents a reimbursement or refund of expenses that in a previous year the decedent had deducted as an itemized deduction pursuant to section 63 of the Internal Revenue Code and applicable treasury regulations. The deduction otherwise allowed under division (S)(9)(a) of this section shall be reduced to the extent the reimbursement is attributable to an amount the taxpayer or decedent deducted under this section in any taxable year.

(b) Add any amount not otherwise included in Ohio taxable income for any taxable year to the extent that the amount is attributable to the recovery during the taxable year of any amount deducted or excluded in computing federal or Ohio taxable income in any taxable year, but only to the extent such amount has not been distributed to beneficiaries for the taxable year.

(10) Deduct any portion of the deduction described in section 1341(a)(2) of the Internal Revenue Code, for repaying previously reported income received under a claim of right, that meets both of the following requirements:

(a) It is allowable for repayment of an item that was included in the taxpayer's taxable income or the decedent's adjusted gross income for a prior taxable year and did not qualify for a credit under division (A) or (B) of section 5747.05 of the Revised Code for that year.

(b) It does not otherwise reduce the taxpayer's taxable income or the decedent's adjusted gross income for the current or any other taxable year.

(11) Add any amount claimed as a credit under section 5747.059 of the Revised Code to the extent that the amount satisfies either of the following:

(a) The amount was deducted or excluded from the computation of the taxpayer's federal taxable income as required to be reported for the taxpayer's taxable year under the Internal Revenue Code;

(b) The amount resulted in a reduction in the taxpayer's federal taxable

income as required to be reported for any of the taxpayer's taxable years under the Internal Revenue Code.

(12) Deduct any amount, net of related expenses deducted in computing federal taxable income, that a trust is required to report as farm income on its federal income tax return, but only if the assets of the trust include at least ten acres of land satisfying the definition of "land devoted exclusively to agricultural use" under section 5713.30 of the Revised Code, regardless of whether the land is valued for tax purposes as such land under sections 5713.30 to 5713.38 of the Revised Code. If the trust is a pass-through entity investor, section 5747.231 of the Revised Code applies in ascertaining if the trust is eligible to claim the deduction provided by division (S)(12) of this section in connection with the pass-through entity's farm income.

Except for farm income attributable to the S portion of an electing small business trust, the deduction provided by division (S)(12) of this section is allowed only to the extent that the trust has not distributed such farm income. Division (S)(12) of this section applies only to taxable years of a trust beginning in 2002 or thereafter.

(13) Add the net amount of income described in section 641(c) of the Internal Revenue Code to the extent that amount is not included in federal taxable income.

(14) Add or deduct the amount the taxpayer would be required to add or deduct under division (A)(20) or (21) of this section if the taxpayer's Ohio taxable income were computed in the same manner as an individual's Ohio adjusted gross income is computed under this section. In the case of a trust, division (S)(14) of this section applies only to any of the trust's taxable years beginning in 2002 or thereafter.

(T) "School district income" and "school district income tax" have the same meanings as in section 5748.01 of the Revised Code.

(U) As used in divisions (A)(8), (A)(9), (S)(6), and (S)(7) of this section, "public obligations," "purchase obligations," and "interest or interest equivalent" have the same meanings as in section 5709.76 of the Revised Code.

(V) "Limited liability company" means any limited liability company formed under Chapter 1705. of the Revised Code or under the laws of any other state.

(W) "Pass-through entity investor" means any person who, during any portion of a taxable year of a pass-through entity, is a partner, member, shareholder, or equity investor in that pass-through entity.

(X) "Banking day" has the same meaning as in section 1304.01 of the Revised Code.

(Y) "Month" means a calendar month.

(Z) "Quarter" means the first three months, the second three months, the

third three months, or the last three months of the taxpayer's taxable year.

(AA)(1) "Eligible institution" means a state university or state institution of higher education as defined in section 3345.011 of the Revised Code, or a private, nonprofit college, university, or other post-secondary institution located in this state that possesses a certificate of authorization issued by the Ohio board of regents pursuant to Chapter 1713. of the Revised Code or a certificate of registration issued by the state board of career colleges and schools under Chapter 3332. of the Revised Code.

(2) "Qualified tuition and fees" means tuition and fees imposed by an eligible institution as a condition of enrollment or attendance, not exceeding two thousand five hundred dollars in each of the individual's first two years of post-secondary education. If the individual is a part-time student, "qualified tuition and fees" includes tuition and fees paid for the academic equivalent of the first two years of post-secondary education during a maximum of five taxable years, not exceeding a total of five thousand dollars. "Qualified tuition and fees" does not include:

(a) Expenses for any course or activity involving sports, games, or hobbies unless the course or activity is part of the individual's degree or diploma program;

(b) The cost of books, room and board, student activity fees, athletic fees, insurance expenses, or other expenses unrelated to the individual's academic course of instruction;

(c) Tuition, fees, or other expenses paid or reimbursed through an employer, scholarship, grant in aid, or other educational benefit program.

(BB)(1) "Modified business income" means the business income included in a trust's Ohio taxable income after such taxable income is first reduced by the qualifying trust amount, if any.

(2) "Qualifying trust amount" of a trust means capital gains and losses from the sale, exchange, or other disposition of equity or ownership interests in, or debt obligations of, a qualifying investee to the extent included in the trust's Ohio taxable income, but only if the following requirements are satisfied:

(a) The book value of the qualifying investee's physical assets in this state and everywhere, as of the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the date on which the trust recognizes the gain or loss, is available to the trust.

(b) The requirements of section 5747.011 of the Revised Code are satisfied for the trust's taxable year in which the trust recognizes the gain or loss.

Any gain or loss that is not a qualifying trust amount is modified business income, qualifying investment income, or modified nonbusiness income, as the case may be.

(3) "Modified nonbusiness income" means a trust's Ohio taxable income

other than modified business income, other than the qualifying trust amount, and other than qualifying investment income, as defined in section 5747.012 of the Revised Code, to the extent such qualifying investment income is not otherwise part of modified business income.

(4) "Modified Ohio taxable income" applies only to trusts, and means the sum of the amounts described in divisions (BB)(4)(a) to (c) of this section:

(a) The fraction, calculated under section 5747.013, and applying section 5747.231 of the Revised Code, multiplied by the sum of the following amounts:

(i) The trust's modified business income;

(ii) The trust's qualifying investment income, as defined in section 5747.012 of the Revised Code, but only to the extent the qualifying investment income does not otherwise constitute modified business income and does not otherwise constitute a qualifying trust amount.

(b) The qualifying trust amount multiplied by a fraction, the numerator of which is the sum of the book value of the qualifying investee's physical assets in this state on the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the day on which the trust recognizes the qualifying trust amount, and the denominator of which is the sum of the book value of the qualifying investee's total physical assets everywhere on the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the day on which the trust recognizes the qualifying trust amount. If, for a taxable year, the trust recognizes a qualifying trust amount with respect to more than one qualifying investee, the amount described in division (BB)(4)(b) of this section shall equal the sum of the products so computed for each such qualifying investee.

(c)(i) With respect to a trust or portion of a trust that is a resident as ascertained in accordance with division (I)(3)(d) of this section, its modified nonbusiness income.

(ii) With respect to a trust or portion of a trust that is not a resident as ascertained in accordance with division (I)(3)(d) of this section, the amount of its modified nonbusiness income satisfying the descriptions in divisions (B)(2) to (5) of section 5747.20 of the Revised Code, except as otherwise provided in division (BB)(4)(c)(ii) of this section. With respect to a trust or portion of a trust that is not a resident as ascertained in accordance with division (I)(3)(d) of this section, the trust's portion of modified nonbusiness income recognized from the sale, exchange, or other disposition of a debt interest in or equity interest in a section 5747.212 entity, as defined in section 5747.212 of the Revised Code, without regard to division (A) of that section, shall not be allocated to this state in accordance with section 5747.20 of the Revised Code but shall be apportioned to this state in accordance with division (B) of section 5747.212 of the Revised Code without regard to division (A) of that section.

If the allocation and apportionment of a trust's income under divisions

(BB)(4)(a) and (c) of this section do not fairly represent the modified Ohio taxable income of the trust in this state, the alternative methods described in division (C) of section 5747.21 of the Revised Code may be applied in the manner and to the same extent provided in that section.

(5)(a) Except as set forth in division (BB)(5)(b) of this section, "qualifying investee" means a person in which a trust has an equity or ownership interest, or a person or unit of government the debt obligations of either of which are owned by a trust. For the purposes of division (BB)(2)(a) of this section and for the purpose of computing the fraction described in division (BB)(4)(b) of this section, all of the following apply:

(i) If the qualifying investee is a member of a qualifying controlled group on the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the date on which the trust recognizes the gain or loss, then "qualifying investee" includes all persons in the qualifying controlled group on such last day.

(ii) If the qualifying investee, or if the qualifying investee and any members of the qualifying controlled group of which the qualifying investee is a member on the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the date on which the trust recognizes the gain or loss, separately or cumulatively own, directly or indirectly, on the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the date on which the trust recognizes the qualifying trust amount, more than fifty per cent of the equity of a pass-through entity, then the qualifying investee and the other members are deemed to own the proportionate share of the pass-through entity's physical assets which the pass-through entity directly or indirectly owns on the last day of the pass-through entity's calendar or fiscal year ending within or with the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the date on which the trust recognizes the qualifying trust amount.

(iii) For the purposes of division (BB)(5)(a)(iii) of this section, "upper level pass-through entity" means a pass-through entity directly or indirectly owning any equity of another pass-through entity, and "lower level pass-through entity" means that other pass-through entity.

An upper level pass-through entity, whether or not it is also a qualifying investee, is deemed to own, on the last day of the upper level pass-through entity's calendar or fiscal year, the proportionate share of the lower level pass-through entity's physical assets that the lower level pass-through entity directly or indirectly owns on the last day of the lower level pass-through entity's calendar or fiscal year ending within or with the last day of the upper level pass-through entity's fiscal or calendar year. If the upper level pass-through entity directly and indirectly owns less than fifty per cent of the equity of the lower level pass-through entity on each day of the upper level pass-through entity's calendar or fiscal year in which or with which ends the calendar or fiscal year of the lower level pass-through entity and if, based upon clear and

convincing evidence, complete information about the location and cost of the physical assets of the lower pass-through entity is not available to the upper level pass-through entity, then solely for purposes of ascertaining if a gain or loss constitutes a qualifying trust amount, the upper level pass-through entity shall be deemed as owning no equity of the lower level pass-through entity for each day during the upper level pass-through entity's calendar or fiscal year in which or with which ends the lower level pass-through entity's calendar or fiscal year. Nothing in division (BB)(5)(a)(iii) of this section shall be construed to provide for any deduction or exclusion in computing any trust's Ohio taxable income.

(b) With respect to a trust that is not a resident for the taxable year and with respect to a part of a trust that is not a resident for the taxable year, "qualifying investee" for that taxable year does not include a C corporation if both of the following apply:

(i) During the taxable year the trust or part of the trust recognizes a gain or loss from the sale, exchange, or other disposition of equity or ownership interests in, or debt obligations of, the C corporation.

(ii) Such gain or loss constitutes nonbusiness income.

(6) "Available" means information is such that a person is able to learn of the information by the due date plus extensions, if any, for filing the return for the taxable year in which the trust recognizes the gain or loss.

(CC) "Qualifying controlled group" has the same meaning as in section 5733.04 of the Revised Code.

(DD) "Related member" has the same meaning as in section 5733.042 of the Revised Code.

(EE)(1) For the purposes of division (EE) of this section:

(a) "Qualifying person" means any person other than a qualifying corporation.

(b) "Qualifying corporation" means any person classified for federal income tax purposes as an association taxable as a corporation, except either of the following:

(i) A corporation that has made an election under subchapter S, chapter one, subtitle A, of the Internal Revenue Code for its taxable year ending within, or on the last day of, the investor's taxable year;

(ii) A subsidiary that is wholly owned by any corporation that has made an election under subchapter S, chapter one, subtitle A of the Internal Revenue Code for its taxable year ending within, or on the last day of, the investor's taxable year.

(2) For the purposes of this chapter, unless expressly stated otherwise, no qualifying person indirectly owns any asset directly or indirectly owned by any qualifying corporation.

(FF) For purposes of this chapter and Chapter 5751. of the Revised Code:

(1) "Trust" does not include a qualified pre-income tax trust.

(2) A "qualified pre-income tax trust" is any pre-income tax trust that makes a qualifying pre-income tax trust election as described in division (FF)(3) of this section.

(3) A "qualifying pre-income tax trust election" is an election by a pre-income tax trust to subject to the tax imposed by section 5751.02 of the Revised Code the pre-income tax trust and all pass-through entities of which the trust owns or controls, directly, indirectly, or constructively through related interests, five per cent or more of the ownership or equity interests. The trustee shall notify the tax commissioner in writing of the election on or before April 15, 2006. The election, if timely made, shall be effective on and after January 1, 2006, and shall apply for all tax periods and tax years until revoked by the trustee of the trust.

(4) A "pre-income tax trust" is a trust that satisfies all of the following requirements:

(a) The document or instrument creating the trust was executed by the grantor before January 1, 1972;

(b) The trust became irrevocable upon the creation of the trust; and

(c) The grantor was domiciled in this state at the time the trust was created."

The county department may provide the certificates for payment to the individuals or may contract with child care providers or child care resource and referral service organizations that make determinations of eligibility for publicly funded child care pursuant to contracts entered into under section 5104.34 of the Revised Code for the providers or

resource and referral service organizations to provide the certificates for payment to individuals whom they determine are eligible for publicly funded child care.

For each six-month period a provider of publicly funded child care provides publicly funded child day-care to the child of an individual given certificates for payment, the individual shall provide the provider certificates for days the provider would have provided publicly funded child care to the child had the child been present. ~~County departments shall specify the maximum number of days providers will be provided certificates of payment for days the provider would have provided publicly funded child care had the child been present.~~ The maximum number of days providers shall be provided certificates shall not exceed ten days in a six-month period during which publicly funded child care is provided to the child regardless of the number of providers that provide publicly funded child care to the child during that period.

Sec. 5104.341. (A) Except as provided in division (B) of this section, both of the following apply:

(2) Recruit individuals and groups interested in certification as in-home aides or in developing and operating suitable licensed child day-care centers, type A family day-care homes, or certified type B family day-care homes, especially in areas with high concentrations of recipients of public assistance, and for that purpose provide consultation to interested individuals and groups on

(4) To the extent permitted by federal law, pay for up to thirty days of child care for a child whose caretaker parent is seeking employment, taking part in employment orientation activities, or taking part in activities in anticipation of enrollment or attendance in an education or training program or activity, if the employment or education or training program or activity is expected to begin within the thirty-day period.

Sec. 5104.39. (A) The director of job and family services shall adopt rules in accordance with Chapter 119. of the Revised Code establishing a procedure for monitoring the expenditures of county departments of job and family services to ensure that expenditures do not exceed the available federal and state funds for publicly funded child care. The department, with the assistance of the office of budget and management and the child care advisory council created pursuant to section 5104.08 of the Revised Code, shall monitor the anticipated future expenditures of county departments for publicly funded child care and shall compare those anticipated future expenditures to available federal and state funds for publicly funded child care. Alternately, the director, by rule adopted in accordance with section 111.15 of the Revised Code, may establish a methodology for allocating among the county departments the state and federal funds appropriated for all publicly funded child care services. If the department chooses to allocate funds for publicly funded child care, it may provide the funds to each county department, up to the limit of the county's allocation, by advancing the funds or reimbursing county care expenditures. The rules adopted under this section may prescribe procedures for making the advances or reimbursements. The rules may establish a method under which the department may determine which county expenditures for child care services are allowable for use of and federal funds.

The rules may establish procedures that a county department shall follow when the county department determines that its anticipated future expenditures for publicly funded child care services will exceed the amount of state and federal funds allocated by the state department. (B) The director shall make findings regarding alleged abuse, neglect, or misappropriation of property after doing both of the following:

(1) Investigating the allegation and determining that there is a reasonable basis for it;

(2) Giving notice to the individual named in the allegation and affording the individual a reasonable opportunity for a hearing.

Notice to the person named in an allegation shall be given and the hearing shall be conducted pursuant to rules adopted by the director under section 3721.26 of the Revised Code. For purposes of conducting a hearing under this section, the director may issue subpoenas compelling attendance of witnesses or production of documents. The subpoenas shall be served in the same manner as subpoenas and subpoenas duces tecum issued for a trial of a civil action in a court of common pleas. If a person who is served a subpoena fails to attend a hearing or to produce documents, or refuses to be sworn or to answer any questions, the director may apply to the common pleas court of the county in which the person resides, or the county in which the long-term care facility or residential care facility is located, for a contempt order, as in the case of a failure of a person who is served a subpoena issued by the court to attend or to produce documents or a refusal of such person to testify.

(C)(1) If the director finds that an individual used by a long-term care facility or residential care facility has neglected or abused a resident or misappropriated property of a resident, the director shall notify the individual, the facility using the individual, and the attorney general, county prosecutor, or other appropriate law enforcement official. The director also shall do the following:

(b) If the individual is a licensed health professional used by a long-term care facility or residential care facility to provide services to residents, the director shall notify the appropriate professional licensing authority established under Title XLVII of the Revised Code.

(c) If the individual is used by a long-term care facility and is neither a nurse aide nor a licensed health professional, or is used by a residential care facility and is not a licensed health professional, the director shall, in accordance with section 3721.32 of the Revised Code, include in the nurse aide registry a statement detailing the findings pertaining to the individual.

(2) A nurse aide or other individual about whom a statement is required by this division to be included in the nurse aide registry may provide the director with a statement disputing the director's findings and explaining the circumstances of the allegation. The statement shall be included in the nurse aide

registry with the director's findings.

(D)(1) If the director finds that alleged neglect or abuse of a resident or misappropriation of property of a resident cannot be substantiated, the director shall notify the individual and expunge all files and records of the investigation and the hearing by doing all of the following:

(a) Removing and destroying the files and records, originals and copies, and deleting all index references;

(b) Reporting to the individual the nature and extent of any information about the individual transmitted to any other person or government entity by the director of health;

(c) Otherwise ensuring that any examination of files and records in question show no record whatever with respect to the individual.

(2) (a) If, in accordance with division (C)(1)(a) or (c) of this section, the director includes in the nurse aide registry a statement of a finding of neglect, the individual found to have neglected a resident may, not earlier than one year after the date of the finding, petition the director to rescind the finding and remove the statement and any accompanying information from the nurse aide registry. The director shall consider the petition. If, in the judgment of the director, the neglect was a singular occurrence and the employment and personal history of the individual does not evidence abuse or any other incident of neglect of residents, the director shall notify the individual and remove the statement and any accompanying information from the nurse aide registry. The director shall expunge all files and records of the investigation and the hearing, except the petition for rescission of the finding of neglect and the director's notice that the rescission has been approved.

(b) A petition for rescission of a finding of neglect and the director's notice that the rescission has been approved are not public records for the purposes of section 149.43 of the Revised Code.

(3) When files and records have been expunged under division (D)(1) or (2) of this section, all rights and privileges are restored, and the individual, the director, and any other person or government entity may properly reply to an inquiry that no such record exists as to the matter expunged."

As used in division (B)(4) of this section, "pay period" means a period, of not more than thirty-one consecutive days, for which payment of remuneration is ordinarily made to the employee by the person employing that employee. 1995. Remuneration in excess of such amounts shall be deemed wages subject to contribution to the same extent that such remuneration is defined as wages under the "Federal Unemployment Tax Act," 84 Stat. 714 (1970), 26 U.S.C.A. 3301 to 3311, as amended. The remuneration paid an employee by an employer with respect to employment in another state, upon which contributions were required and paid by such employer under the unemployment compensation act of such other state, shall be included as a part of remuneration in computing the amount specified in this division.

(2) Notwithstanding division (G)(1) of this section, if, as of the computation date for any calendar year, the director determines that the level of the unemployment compensation fund is sixty per cent or more below the minimum safe level as defined in section 4141.25 of the Revised Code, then, effective the first day of January of the following calendar year, wages subject to this chapter shall not include that part of remuneration paid during any calendar year to an individual by an employer or such employer's predecessor in interest in the same business or enterprise which is in excess of nine thousand dollars. The increase in the dollar amount of wages subject to this chapter under this division shall remain in effect from the date of the director's determination pursuant to division (G)(2) of this section and thereafter notwithstanding the fact that the level in the fund may subsequently become less than sixty per cent below the minimum safe level.

(H)(1) "Remuneration" means all compensation for personal services, including commissions and bonuses and the cash value of all compensation in any medium other than cash, except that in the case of agricultural or domestic service, "remuneration" includes only cash remuneration. Gratuities customarily received by an individual in the course of the individual's employment from persons other than the individual's employer and which are accounted for by such individual to the individual's employer are taxable wages.

The reasonable cash value of compensation paid in any medium other than cash shall be estimated and determined in accordance with rules prescribed by the director, provided that "remuneration" does not include:

(a) Payments as provided in divisions (b)(2) to (b)(16) of section 3306 of the "Federal Unemployment Tax Act," 84 Stat. 713, 26 U.S.C.A. 3301 to 3311, as amended;

Employers paying contributions shall be described as "contributory employers."

(M) An individual is "totally unemployed" in any week during which the individual performs no services and with respect to such week no remuneration is payable to the individual.

(O) "Week" means the calendar week ending at midnight Saturday unless an equivalent week of seven consecutive calendar days is prescribed by the director.

(1) "Qualifying week" means any calendar week in an individual's base period with respect to which the individual earns or is paid remuneration in employment subject to this chapter. A calendar week with respect to which an individual earns remuneration but for which payment was not made within the base period, when necessary to qualify for benefit rights, may be considered to be a qualifying week. The number of qualifying weeks which may be established in a calendar quarter shall not exceed the number of calendar weeks in the quarter.

(2) "Average weekly wage" means the amount obtained by dividing an individual's total remuneration for all qualifying weeks during the base period by the number of such qualifying weeks, provided that if the computation results in an amount that is not a multiple of one dollar, such amount shall be rounded to the next lower multiple of one dollar.

(P) "Weekly benefit amount" means the amount of benefits an individual

would be entitled to receive for one week of total unemployment.

(Q)(1) "Base period" means the first four of the last five completed calendar quarters immediately preceding the first day of an individual's benefit year, except as provided in division (Q)(2) of this section.

(2) If an individual does not have sufficient qualifying weeks and wages in the base period to qualify for benefit rights, the individual's base period shall be the four most recently completed calendar quarters preceding the first day of the individual's benefit year. Such base period shall be known as the "alternate base period." If information as to weeks and wages for the most recent quarter of the alternate base period is not available to the director from the regular quarterly reports of wage information, which are systematically accessible, the director may, consistent with the provisions of section 4141.28 of the Revised Code, base the determination of eligibility for benefits on the affidavit of the claimant with respect to weeks and wages for that calendar quarter. The claimant shall furnish payroll documentation, where available, in support of the affidavit. The determination based upon the alternate base period as it relates to the claimant's benefit rights, shall be amended when the quarterly report of wage information from the employer is timely received and that information causes a change in the determination. As provided in division (B) of section 4141.28 of the Revised Code, any benefits paid and charged to an employer's account, based upon a claimant's affidavit, shall be adjusted effective as of the beginning of the claimant's benefit year. No calendar quarter in a base period or alternate base period shall be used to establish a subsequent benefit year.

(3) The "base period" of a combined wage claim, as described in division (H) of section 4141.43 of the Revised Code, shall be the base period prescribed by the law of the state in which the claim is allowed.

(4) For purposes of determining the weeks that comprise a completed calendar quarter under this division, only those weeks ending at midnight Saturday within the calendar quarter shall be utilized.

(R)(1) "Benefit year" with respect to an individual means the fifty-two week period beginning with the first day of that week with respect to which the individual first files a valid application for determination of benefit rights, and thereafter the fifty-two week period beginning with the first day of that week with respect to which the individual next files a valid application for determination of benefit rights after the termination of the individual's last preceding benefit year, except that the application shall not be considered valid unless the individual has had employment in six weeks that is subject to this chapter or the unemployment compensation act of another state, or the United States, and has, since the beginning of the individual's previous benefit year, in the employment earned three times the average weekly wage determined for the previous benefit year. The "benefit year" of a combined wage claim, as described in division (H) of section 4141.43 of the Revised Code, shall be the benefit year prescribed by the law of the state in which the claim is allowed. Any application for determination of benefit rights made in accordance with section 4141.28 of

the Revised Code is valid if the individual filing such application is unemployed, has been employed by an employer or employers subject to this chapter in at least twenty qualifying weeks within the individual's base period, and has earned or been paid remuneration at an average weekly wage of not less than twenty-seven and one-half per cent of the statewide average weekly wage for such weeks. For purposes of determining whether an individual has had sufficient employment since the beginning of the individual's previous benefit year to file a valid application, "employment" means the performance of services for which remuneration is payable.

(2) Effective for benefit years beginning on and after December 26, 2004, any application for determination of benefit rights made in accordance with section 4141.28 of the Revised Code is valid if the individual satisfies the criteria described in division (R)(1) of this section, and if the reason for the individual's separation from employment is not disqualifying pursuant to division (D)(2) of section 4141.29 or section 4141.291 of the Revised Code. A disqualification imposed pursuant to division (D)(2) of section 4141.29 or section 4141.291 of the Revised Code must be removed as provided in those sections as a requirement of establishing a valid application for benefit years beginning on and after December 26, 2004.

(3) The statewide average weekly wage shall be calculated by the director once a year based on the twelve-month period ending the thirtieth day of June, as set forth in division (B)(3) of section 4141.30 of the Revised Code, rounded down to the nearest dollar. Increases or decreases in the amount of remuneration required to have been earned or paid in order for individuals to have filed valid applications shall become effective on Sunday of the calendar week in which the first day of January occurs that follows the twelve-month period ending the thirtieth day of June upon which the calculation of the statewide average weekly wage was based.

(4) As used in this division, an individual is "unemployed" if, with respect to the calendar week in which such application is filed, the individual is "partially unemployed" or "totally unemployed" as defined in this section or if, prior to filing the application, the individual was separated from the individual's most recent work for any reason which terminated the individual's employee-employer relationship, or was laid off indefinitely or for a definite period of seven or more days.

(S) "Calendar quarter" means the period of three consecutive calendar months ending on the thirty-first day of March, the thirtieth day of June, the thirtieth day of September, and the thirty-first day of December, or the equivalent thereof as the director prescribes by rule.

A person appointed pursuant to this division to a position in the unclassified service shall retain the right to resume the position and status held by the person in the classified service immediately prior to the person's appointment to the position in the unclassified service, regardless of the number of positions the person held in the unclassified service. An employee's right to resume a position in the

classified service may only be exercised when an appointing authority demotes the employee to a pay range lower than the employee's current pay range or revokes the employee's appointment to the unclassified service. An employee also forfeits the right to resume a position in the classified service upon transfer to a different agency.

Reinstatement to a position in the classified service shall be to a position substantially equal to that position in the classified service held previously, as certified by the director of administrative services. If the position the person previously held in the classified service has been placed in the unclassified service or is otherwise unavailable, the person shall be appointed to a position in the classified service within the appointing authority's agency that the director of administrative services certifies is comparable in compensation to the position the person previously held in the classified service. Service in the position in the unclassified service shall be counted as service in the position in the classified service held by the person immediately prior to the person's appointment to the position in the unclassified service. When a person is reinstated to a position in the classified service as provided in this division, the person is entitled to all rights, status, and benefits accruing to the position in the classified service during the person's time of service in the position in the unclassified service."

When any plans are approved by the department having jurisdiction, the structure and every particular represented by and disclosed in those plans shall, in the absence of fraud or a serious safety or sanitation hazard, be conclusively presumed to comply with Chapters 3781. and 3791. of the Revised Code and any rule issued pursuant to those chapters, if constructed, altered, or repaired in accordance with

those plans and any rule in effect at the time of approval.

(E) The approval of plans and specifications, including inspection of industrialized units, under this section is a "license" and the failure to approve plans or specifications as submitted or to inspect the unit at the point of origin within thirty days after the plans or specifications are filed or the request to inspect the industrialized unit is made, the disapproval of plans and specifications, or the refusal to approve an industrialized unit following inspection at the point of origin is "an adjudication order denying the issuance of a license" requiring an "adjudication hearing" as provided by sections 119.07 to 119.13 of the Revised Code and as modified by sections 3781.031 and 3781.19 of the Revised Code. An adjudication order denying the issuance of a license shall specify the reasons for that denial.

(F) The board of building standards shall not require the submission of site preparation plans or plot plans to the division of ~~industrial compliance~~ labor when industrialized units are used exclusively as one-, two-, or three-family dwellings.

(G) Notwithstanding any procedures the board establishes, if the agency having jurisdiction objects to any portion of the plans or specifications, the owner or the owner's representative may request the agency to issue conditional approval to proceed with construction up to the point of the objection. Approval shall be issued only when the objection results from conflicting interpretations of the rules of the board of building standards rather than the application of specific technical requirements of the rules. Approval shall not be issued where the correction of the objection would cause extensive changes in the building design or construction. The giving of conditional approval is a "conditional license" to proceed with construction up to the point where the construction or materials objected to by the agency are to be incorporated into the building. No construction shall proceed beyond that point without the prior approval of the agency or another agency that conducts an adjudication hearing relative to the objection. The agency having jurisdiction shall specify its objections to the plans or specifications, which is an "adjudication order denying the issuance of a license" and may be appealed pursuant to sections 119.07 to 119.13 of the Revised Code and as modified by sections 3781.031 and 3781.19 of the Revised Code.

(H) A certified municipal, township, or county building department having jurisdiction, or the superintendent ~~of the division of industrial compliance~~, as appropriate, shall review any plans, drawings, specifications, or data described in this section that are submitted to it or to the superintendent.

(I) No owner or persons having control as an officer, or as a member of a board or committee, or otherwise, of a building to which section 3781.06 of the Revised Code is applicable, and no architect, designer, engineer, builder, contractor, subcontractor, or any officer or employee of a municipal, township, or county building department shall violate this section.

(J) Whoever violates this section shall be fined not more than five hundred dollars.

Sec. 3791.05. No owner, lessee, agent, factor, architect, or contractor engaged in and having supervision or charge of the building, erection, or construction of a block, building, or structure, shall neglect or refuse to place or have placed upon the joists of each story thereof, as soon as joists are in position, counter floors of such quality and strength as to render perfectly safe the going to and from thereon of all mechanics, laborers, and other persons engaged upon the work of construction or supervision, or in placing materials for such construction.

Whoever violates this section shall be fined not less than twenty-five nor more than two hundred dollars.

Each day that such person neglects or refuses to have such counter floors so placed, after notice is given by a building inspector, a chief inspector, or deputy inspector of the city building inspection department in cities where such department is organized, or by the superintendent of ~~the division of industrial compliance~~ labor of the state, in cities where such departments are not organized, or from a person whose life or personal safety may be endangered by such neglect or refusal, is a separate offense.

Sec. 3791.07. (A) The board of building standards may establish such reasonable inspection fee schedules as it determines necessary or desirable relating to the inspection of all plans and specifications submitted for approval to the division of ~~industrial compliance~~ labor, and all industrialized units inspected at the point of origin and at the construction site of the building. The inspection fee schedule established shall bear some reasonable relationship to the cost of administering and enforcing the provisions of Chapters 3781. and 3791. of the Revised Code.

(B) In addition to the fee assessed in division (A) of this section, the board shall assess a fee of not more than five dollars for each application for acceptance and approval of plans and specifications and for making inspections pursuant to section 3791.04 of the Revised Code. The board shall adopt rules, in accordance with Chapter 119. of the Revised Code, specifying the manner by which the superintendent of ~~the division of industrial compliance~~ labor shall collect and remit to the board the fees assessed under this division and requiring that remittance of the fees be made at least quarterly.

(C) Any person who fails to pay an inspection fee required for any inspection conducted by the department of commerce pursuant to Chapters 3781. and 3791. of the Revised Code, except for fees charged for the inspection of plans and specifications, within forty-five days after the inspection is conducted, shall pay a late payment fee equal to twenty-five per cent of the inspection fee.

(D) The board shall pay the fees assessed under this section into the state treasury to the credit of the ~~industrial compliance~~ labor operating fund created in section 121.084 of the Revised Code."

(1) The steam in the boiler is either generated or superheated, or both, under pressure or vacuum for use external to itself.

(2) The source of heat for the boiler is in part or in whole from a process other than the boiler itself.

(3) The boiler is part of a continuous processing unit, such as used in chemical manufacture or petroleum refining, other than a steam-generated process unit.

(I) "Stationary steam engine" means an engine or turbine in which the mechanical force arising from the elasticity and expansion action of steam or from its property of rapid condensation or from a combination of the two is made available as a motive power.

Sec. 4104.02. The board of building standards shall:

(A) Formulate rules for the construction, installation, repair, conservation of energy, and operation of boilers and the construction and repair of pressure vessels and for ascertaining the safe working pressures to be carried on such boilers and pressure vessels and the qualification of inspectors of boilers and pressure vessels;

(D) Establish reasonable fees for the performance of reviews, surveys, or audits of manufacturer's facilities by the division of ~~industrial compliance~~ labor for certification by the American society of mechanical engineers and the national board of boiler and pressure vessel inspectors;

(E) The definitions and rules adopted by the board for the construction, installation, repair, conservation of energy, and operation of boilers and the construction and repair of pressure vessels and for ascertaining the safe working pressures to be used on such boilers and pressure vessels shall be based upon and follow generally accepted engineering standards, formulae, and practices established and pertaining to boilers and pressure vessel construction, operation, and safety, and the board may, for this purpose, adopt existing published standards as well as amendments thereto subsequently published by the same authority.

When a person desires to manufacture a special type of boiler or pressure vessel, the design of which is not covered by the rules of the board, the person shall submit drawings and specifications of such boiler or pressure vessel to the board for investigation, after which the board may permit its installation.

The provisions of sections 119.03 and 119.11 of the Revised Code in particular, and the applicable provisions of Chapter 119. of the Revised Code in general, shall govern the proceedings of the board of building standards in adopting, amending, or rescinding rules pursuant to this section.

Sec. 4104.06. (A) The inspection of boilers and their appurtenances and pressure vessels shall be made by the inspectors mentioned in sections 4104.07 to 4104.20 of the Revised Code. The superintendent of ~~industrial compliance~~ labor shall administer and enforce such sections and rules adopted by the board of building standards pursuant to section 4104.02 of the Revised Code.

(B) The superintendent shall adopt, amend, and repeal rules exclusively for the issuance, renewal, suspension, and revocation of certificates of competency and certificates of operation, for conducting hearings in accordance with Chapter 119. of the Revised Code related to these actions, and for the

(E) No person shall be authorized to act as a general inspector or a special inspector who is directly or indirectly interested in the manufacture or sale of boilers or pressure vessels.

Sec. 4104.09. The certificate of competency issued under section 4104.07 of the Revised Code or the commission provided for in section 4104.08 of the Revised Code may be revoked by the superintendent of ~~industrial compliance~~ labor for the incompetence or untrustworthiness of the holder thereof, or for willful falsification of any matter or statement contained in the holder's application or in a report of any inspection in accordance with Chapter 119 , of the Revised Code. If a certificate or commission is lost or destroyed, a new certificate or commission shall be issued in its place without another examination.

Sec. 4104.10. "Sec. 4104.12. All boilers, except boilers mentioned in section 4104.04 of the Revised Code, shall be inspected when installed and shall not be operated until an appropriate certificate of operation has been issued by the superintendent of ~~the division of industrial compliance~~ labor. The certificate of operation required by this section shall not be issued for any boiler which has not been thoroughly inspected during construction and upon completion, by either a general or special inspector, and which does not conform in every detail with the rules adopted by the board of building standards and unless, upon completion, such boiler is distinctly stamped under such rules by such inspector.

Sec. 4104.15. (A) All certificates of inspection for boilers, issued prior to October 15, 1965, are valid and effective for the period set forth in such certificates unless sooner withdrawn by the superintendent of ~~industrial compliance~~ labor. The owner or user of any such boiler shall obtain an appropriate certificate of operation for such boiler, and shall not operate such boiler, or permit it to be operated unless a certificate of operation has been obtained in accordance with section 4104.17 of the Revised Code.

(B) If, upon making the internal and external inspection required under sections 4104.11, 4104.12, and 4104.13 of the Revised Code, the inspector finds the boiler to be in safe working order, with the fittings necessary to safety, and properly set up, upon the inspector's report to the superintendent, the superintendent shall issue to the owner or user thereof, or renew, upon application and upon compliance with sections 4104.17 and 4104.18 of the Revised Code, a certificate of operation which shall state the maximum pressure at which the boiler may be operated, as ascertained by the rules of the board of building standards. Such certificates shall also state the name of the owner or user, the location, size, and number of each boiler, and the date of issuance, and shall be so placed as to be easily read in the engine room or boiler room of the plant where the boiler is located, except that the certificate of operation for a portable boiler shall be kept on the premises and shall be accessible at all times.

(C) If an inspector at any inspection finds that the boiler or pressure vessel is not in safe working condition, or is not provided with the fittings necessary to safety, or if the fittings are improperly arranged, the inspector shall

immediately notify the owner or user and person in charge of the boiler and shall report the same to the superintendent who may revoke, suspend, or deny the certificate of operation and not renew the same until the boiler or pressure vessel and its fittings are put in condition to insure safety of operation, and the owner or user shall not operate the boiler or pressure vessel, or permit it to be operated until such certificate has been granted or restored.

(D) If the superintendent or a general boiler inspector finds that a pressure vessel or boiler or a part thereof poses an explosion hazard that reasonably can be regarded as posing an imminent danger of death or serious physical harm to persons, the superintendent or the general boiler inspector shall seal the pressure vessel or boiler and order, in writing, the operator or owner of the pressure vessel or boiler to immediately cease the pressure vessel's or boiler's operation. The order shall be effective until the nonconformities are eliminated, corrected, or otherwise remedied, or for a period of seventy-two hours from the time of issuance, whichever occurs first. During the seventy-two-hour period, the superintendent may request that the prosecuting attorney or city attorney of Franklin county or of the county in which the pressure vessel or boiler is located obtain an injunction restraining the operator or owner of the pressure vessel or boiler from continuing its operation after the seventy-two-hour period expires until the nonconformities are eliminated, corrected, or otherwise remedied.

(E) Each boiler which has been inspected shall be assigned a number by the superintendent, which number shall be stamped on a nonferrous metal tag affixed to the boiler or its fittings by seal or otherwise. No person except an inspector shall deface or remove any such number or tag.

(F) If the owner or user of any pressure vessel or boiler disagrees with the inspector as to the necessity for shutting down a pressure vessel or boiler or for making repairs or alterations in it, or taking any other measures for safety that are requested by an inspector, the owner or user may appeal from the decision of the inspector to the superintendent, who may, after such other inspection by a general inspector or special inspector as the superintendent deems necessary, decide the issue.

(G) Neither sections 4104.01 to 4104.20 of the Revised Code, nor an inspection or report by any inspector, shall relieve the owner or user of a pressure vessel or boiler of the duty of using due care in the inspection, operation, and repair of the pressure vessel or boiler or of any liability for damages for failure to inspect, repair, or operate the pressure vessel or boiler safely.

Sec. 4104.16. The owner or user of any boiler required by sections 4104.01 to 4104.20 of the Revised Code, to be inspected, shall immediately notify the superintendent of ~~the division of industrial compliance~~ labor in case a defect affecting the safety of the boiler is discovered.

The owner or user of any stationary boiler required by such sections to be inspected, who moves the same, shall report to the superintendent the new

Sec. 4105.04. From the holders of certificates of competency in the

inspection of elevators, any company that is authorized to insure elevators in the state, may designate persons to inspect elevators covered by such company's policies, and the department of public safety of any city and the clerk of any village may designate persons to inspect elevators in such city or village. Such persons shall, upon the payment of a fee to be established as provided in section 4105.17 of the Revised Code, have issued to them annually by the division of ~~industrial compliance labor~~, commissions to serve as special inspectors of elevators in the state.

The court in such case shall not be confined to the record as certified to it by the agency, but any party may produce additional evidence and the court shall hear the matter upon such record and such additional evidence as is introduced by any party. The court shall not affirm the order of the agency unless the preponderance of the evidence before it supports the reasonableness and lawfulness of such order, and of any rules upon which the order of the agency is based in its application to the facts involved in the appeal.

Failure to comply with the requirements of any order issued pursuant to this section or the continued operation of any elevator after it has been sealed pursuant to section 4105.21 of the Revised Code is hereby declared a public nuisance.

Sec. 4105.12. In all cases where any changes or repairs are made which alter its construction or classification, grade or rated lifting capacity, except when made pursuant to a report of an inspector, an application of specifications in duplicate shall be submitted to the division, containing such information, or approval, except in those municipal corporations which maintain their own elevator inspection departments, in which event such specifications shall be submitted to the elevator department of the municipal corporation for its approval, and if approved, a permit for the erection or repair of such elevator shall be issued by the municipal corporation. (A) A special improvement district may be created within the boundaries of any one municipal corporation, any one township, or any combination of contiguous municipal corporations and townships ~~by a petition of the property owners within the proposed district,~~ for the purpose of developing and implementing plans for public improvements and public services that benefit the district. A district may be created by petition of the owners of real property within the proposed district, or by an existing qualified nonprofit corporation. except that directors and their designees shall not be entitled to the indemnification provided in section 2744.07 of the Revised Code unless the director or designee is an employee or official of a participating political subdivision of the district and is acting within the scope of the director's or designee's employment or official responsibilities.

District officers and district members and directors and their designees or proxies shall not be required to file a statement with the Ohio ethics commission under section 102.02 of the Revised Code. All records of the district shall be treated as public records under section 149.43 of the Revised Code, except that records of organizations contracting with a district shall not be considered to be public records under section 149.43 or section 149.431 of the Revised Code solely by reason of any contract with a district.

The Except in the case of a district created by an existing qualified nonprofit corporation, the corporation's articles of incorporation are required to be approved, as provided in division (E) of this section, by resolution of the legislative authority of each participating political subdivision of the district. A copy of that resolution shall be filed along with the articles of incorporation in the secretary of state's office.

In addition to meeting the requirements for articles of incorporation set forth in Chapter 1702. of the Revised Code, the articles of incorporation for the nonprofit corporation governing a district formed under this chapter shall provide all the following:

(1) The name for the district, which shall include the name of each participating political subdivision of the district;

After the initial plan is approved by all municipal corporations and townships to which it is submitted for approval and the district is created, each participating subdivision shall levy a special assessment within its boundaries to pay for the costs of the initial plan. The levy shall be for no more than ten years from the date of the approval of the initial plan. (2) Develop, adopt, revise, implement, and repeal plans for public improvements and public services for all or any part of the district;

A county, township, or municipal corporation owning real property in the district is not a member of the district unless such entity specifically requested in writing that its property be included in the district.

The identity and address of the owners shall be determined for any

particular action of the nonprofit corporation that governs the district, including notice of meetings of the district, no more than sixty days prior to the date of the action, from the most current records available at the county auditor's office. For purposes of this chapter, the persons shown on such records as having common or joint ownership interests in a parcel of real property collectively shall constitute the owner of the real property.

(C) A member also may appoint a designee to carry out the member's rights and responsibilities under this chapter by filing a written designation form with the district's secretary. Service of any notice upon a proxy or designee at the proxy's or designee's address as shown on that form satisfies any requirements for notification of the member.

Sec. 1710.04. (A) A special improvement district created under this chapter shall be governed by the board of directors of the special improvement district. The board shall consist of at least five directors. The board shall include a person appointed by the legislative authority of each participating political subdivision and the municipal executive of each municipal corporation with territory within the boundaries of the special improvement district. The remainder of the board's members shall be members of the district. Except for the municipal executives and the appointees of the legislative authorities, and except as otherwise provided in this division, members of the board of directors shall be elected at a meeting of the entire membership of the district. The initial election of directors may occur at the first meeting of the entire membership of the district after its creation. All subsequent elections shall be held at a November meeting of the membership.

Each municipal executive may designate one person who is an employee of the municipal corporation involved with its planning or economic development functions to serve in the municipal executive's stead. This designee shall serve at the pleasure of the municipal executive.

In the case of a district created by an existing qualified nonprofit corporation, the corporation's board of trustees or other governing board, however denominated, shall be the board of directors of the special improvement district for the purposes of this chapter. The election of directors otherwise

required by this division shall not be required, and the requirement that municipal executives and appointees of the legislative authorities be members of the district's board of directors may be satisfied by the membership on the corporation's governing board of representatives of such participating political subdivisions, or may be waived if approved by resolution of the legislative authorities of the participating political subdivisions.

(B) A director may file a written statement with the district's secretary at least three days prior to any meeting of the board to have a person act as proxy to carry out the director's rights and responsibilities under this chapter at that meeting.

A director may also appoint a designee to carry out the director's rights and responsibilities under this chapter by filing a written designation form with the district's secretary. This form shall include the name and address of the director, the name and address of the designee, and the expiration date, if any, of the designation.

A proxy or designee need not be an elector or resident of a participating political subdivision of the district or a member of the district. The appointment of a proxy or designee may be changed by filing a new form with the district's secretary. The most current form filed with the secretary is the valid appointment. Service of any notice upon a proxy or designee at the proxy's or designee's address as shown on that form satisfies any requirements for notification of the director.

(C) Notice of the time, date, place, and agenda for any meeting of the board of directors shall be by written notice to each director, transmitted by certified mail, personal service, or electronic device prior to the meeting. If possible, the notice shall be served at least one week prior to the meeting.

The board shall act by a majority vote of those present and authorized to vote at any meeting where proper notice has been served.

(D) The board shall elect a chairperson, vice-chairperson, secretary, and treasurer of the board. These officers shall serve at the board's pleasure. A director may be elected to more than one office, except that the director elected as treasurer shall not be elected to any other office of the board.

By the first day of March of each year, the treasurer shall submit to each member of the district and to the municipal executive, chief fiscal officer, and legislative authority of each municipal corporation with territory within the boundaries of the special improvement district and the board of township trustees of each township with territory within the boundaries of the special improvement district, a report of the district's activities and financial condition for the previous year.

(E) Divisions (B), (C), and (D) of this section do not apply to a district created by an existing qualified nonprofit corporation to the extent those divisions are not consistent with the regulations of the corporation, in which case

the regulations of the corporation shall govern.

Sec. 1710.06. (A) The board of directors of a special improvement district may develop and adopt one or more written plans for public improvements or public services that benefit all or any part of the district. Each plan shall set forth the specific public improvements or public services that are to be provided, identify the area in which they will be provided, and specify the method of assessment to be used. Each plan for public improvements or public services shall indicate the period of time the assessments are to be levied for the improvements and services and, if public services are included in the plan, the period of time the services are to remain in effect. Plans for public improvements may include the planning, design, construction, reconstruction, enlargement, or alteration of any public improvements and the acquisition of land for the improvements. Plans for public improvements or public services may also include, but are not limited to, provisions for the following:

(1) Creating and operating the district and the nonprofit corporation under this chapter, including hiring employees and professional services, contracting for insurance, and purchasing or leasing office space and office equipment and other requirements of the district;

(2) Planning, designing, and implementing a public improvements or public services plan, including hiring architectural, engineering, legal, appraisal, insurance, and planning services, and, for public services, managing, protecting, and maintaining public and private facilities, including public improvements;

(3) Conducting court proceedings to carry out this chapter;

(4) Paying damages resulting from the provision of public improvements or public services and implementing the plans;

(5) Paying the costs of issuing, paying interest on, and redeeming notes and bonds issued for funding public improvements and public services plans.

(B) Once the board of directors adopts a plan, it shall submit the plan to the legislative authority of each participating political subdivision and the municipal executive of each municipal corporation in which the district is located, if any. The legislative authorities and municipal executives shall review the plan and, within sixty days after receiving it, may submit their comments and recommendations about it to the district. After reviewing these comments and recommendations, the board of directors may amend the plan. It may then submit the plan, amended or otherwise, in the form of a petition to members of the district whose property may be assessed for the plan. Once the petition is signed by those members who own at least sixty per cent of the front footage of property that is to be assessed and that abuts upon a street, alley, public road, place, boulevard, parkway, park entrance, easement, or other public improvement, or those members who own at least seventy-five per cent of the area to be assessed for the improvement or service, the petition may be submitted to each legislative authority for approval.

Each legislative authority shall, by resolution, approve or reject the petition within sixty days after receiving it. If the petition is approved by the legislative authority of each participating political subdivision, the plan contained in the petition shall be effective at the earliest date on which a nonemergency resolution of the legislative authority with the latest effective date may become effective. A plan may not be resubmitted to the legislative authorities and municipal executives more than three times in any twelve-month period.

(C) Each participating political subdivision shall levy, by special assessment upon specially benefited property located within the district, the costs of any public improvements or public services plan contained in a petition approved by the participating political subdivisions under this section or division (F) of section 1710.02 of the Revised Code. The levy shall be made in accordance with the procedures set forth in Chapter 727. of the Revised Code, except that:

(1) The assessment for each improvements or services plan may be levied by any one or any combination of the methods of assessment listed in section 727.01 of the Revised Code, provided that the assessment is uniformly applied.

(2) For the purpose of levying an assessment, the board of directors may combine one or more improvements or services plans or parts of plans and levy a single assessment against specially benefited property.

(3) For purposes of special assessments levied by a township pursuant to this chapter, references in Chapter 727. of the Revised Code to the municipal corporation shall be deemed to refer to the township, and references to the legislative authority of the municipal corporation shall be deemed to refer to the board of township trustees.

Church property or property owned by a political subdivision, including any participating political subdivision in which a special improvement district is located, shall be included in and be subject to special assessments made pursuant to a plan adopted under this section or division (F) of section 1710.02 of the Revised Code, if the church or political subdivision has specifically requested in writing that its property be included within the special improvement district and the church or political subdivision is a member of the district or, in the case of a district created by an existing qualified nonprofit corporation, if the church is a member of the corporation.

(D) All rights and privileges of property owners who are assessed under Chapter 727. of the Revised Code shall be granted to property owners assessed under this chapter, including those rights and privileges specified in sections 727.15 to 727.17 and 727.18 to 727.22 of the Revised Code and the right to notice of the resolution of necessity and the filing of the estimated assessment under section 727.13 of the Revised Code. Property owners assessed for public services under this chapter shall have the same rights and privileges as property owners assessed for public improvements under this chapter.

Sec. 1710.10. (A) When a participating political subdivision contracts to provide improvements or services to a special improvement district, the participating political subdivision shall charge only its additional cost of providing the improvement or service, without any allocation of overhead costs, fixed costs, or assignment of costs at rates higher than those at which the participating political subdivision assigns costs for similar improvements or services for political subdivision purposes.

(B) ~~Any~~ Except in the case of a district created by an existing qualified nonprofit corporation, any law enforcement or fire protection service to be provided under a district's public service plan shall be provided only by contract with a participating political subdivision of the district. ~~The~~ In the case of a district created by an existing qualified nonprofit corporation, the corporation may provide law enforcement service as provided under section 1702.80 of the Revised Code.

The district shall reimburse the participating political subdivision for any additional cost incurred in providing that law enforcement or fire protection service. This additional cost shall not include any overhead, fixed costs, or assignment of costs at rates higher than those at which the political subdivision assigns costs for these services for political subdivision purposes.

(C) Any liability for providing fire or police services under this section by a participating political subdivision shall remain with the participating political subdivision and shall not be assumed by the district.

Sec. 1710.13. ~~The~~ This section does not apply to a special improvement district created by an existing qualified nonprofit corporation.

The process for dissolving a special improvement district or repealing an improvements or services plan may be initiated by a petition signed by members of the district who own at least twenty per cent of the appraised value of the real property located in the district, excluding church property or real property owned by the federal government, the state, or a county, township, or municipal corporation, unless the church, county, township, or municipal corporation has specifically requested in writing that the property be included in the district, and filed with the municipal executive, if any, and the legislative authorities of all the participating political subdivisions of the district. As used in this section, "appraised value" means the taxable value established by the county auditor for purposes of real estate taxation.

No later than forty-five days after such a petition is filed, the members of the district shall meet to consider it. Notice of the meeting shall be given as provided in section 1710.05 of the Revised Code. Upon the affirmative vote of members who collectively own more than fifty per cent of the appraised value of the real property in the district that may be subject to assessment under division (C) of section 1710.06 of the Revised Code, the district shall be dissolved, or the plan shall be repealed, as applicable.

No rights or obligations of any person under any contract, or in relation

to any bonds, notes, or assessments made under this chapter, shall be affected by the dissolution of the district or the repeal of a plan, except with the consent of that person or by order of a court with jurisdiction over the matter. Upon dissolution of a district, any assets or rights of the district, after payment of all bonds, notes, or other obligations of the district, shall be deposited in a special account in the treasury of each participating political subdivision, prorated among all participating political subdivisions to reflect the percentage of the district's territory within that political subdivision, to be used for the benefit of the territory that made up the district.

Once the members have approved the repeal of a plan, all bonds, notes, and other obligations of the district associated with the plan shall be paid. Thereafter, the plan shall be repealed. Upon receipt of proof that all bonds, notes, and other obligations have been paid and that the plan has been repealed, the participating political subdivisions shall terminate any levies imposed to pay for costs of the plan."

Upon agreement of such a plan, the chancellor shall establish and administer the program in conjunction with the superintendent and with the cooperation of teacher training institutions. Under the program, the chancellor annually shall provide scholarships to students who commit to teaching in a qualifying school for a minimum of four years upon graduation from a teacher training program at a state institution of higher education or an Ohio nonprofit institution of higher education that has a certificate of authorization under Chapter 1713. of the Revised Code. (B) Repayment of the principal amount of the scholarship and interest accrued shall be deferred while the recipient is enrolled in an approved teaching program, while the recipient is seeking employment to fulfill the service obligation, for a period not to exceed six months, or while the recipient is engaged in qualified service.

(C) During the seven-year period following the recipient's graduation from an approved teaching program, the chancellor shall deduct twenty-five per cent of the outstanding balance that may be converted to a loan for each year the recipient teaches at a qualifying school.

(D) The chancellor may terminate the scholarship, in which case the scholarship shall be converted to a loan to be repaid under division (A) of this section.

(E) The scholarship shall be deemed terminated upon the recipient's withdrawal from school or the recipient's failure to meet the standards of the scholarship as determined by the chancellor and shall be converted to a loan to be repaid under division (A) of this section.

(2) Once a person fulfills the curriculum requirement for a diploma, the person is never required, as a condition of receiving a diploma, to meet any different curriculum requirements that take effect pending the person's passage of proficiency tests or achievement tests or assessments, including changes mandated by section 3313.603 of the Revised Code, the state board, a school district board of education, or a governing authority of a community school or chartered nonpublic school.

(A) Notwithstanding anything to the contrary in section 3301.0710, 3301.0711, 3301.0715 or 3313.608 of the Revised Code, the administration of the English language arts assessments for elementary grades as a replacement for the separate reading and writing assessments prescribed by sections 3301.0710 and 3301.0711 of the Revised Code, as those sections are amended by this act, shall not be required until a date prescribed by rule of the State Board of Education. Until that date, the Department of Education and school districts and schools shall continue to administer separate reading and writing assessments for elementary grades, as prescribed by the versions of sections 3301.0710 and 3301.0711 of the Revised Code that were in effect prior to the effective date of this section. The intent for delaying implementation of the replacement English language arts assessment is to provide adequate time for the complete development of the new assessment.

(B) Notwithstanding anything to the contrary in section 3301.0710 of the Revised Code, the State Board shall not prescribe the three ranges of scores for the assessments prescribed by division (A)(2) of section 3301.0710 of the Revised Code, as amended by this act, until the Board adopts the rule required by division (A) of this section. Until that date, the Board shall continue to prescribe the five ranges of scores required by the version of section 3301.0710 of the Revised Code in effect prior to the effective date of this section, and the following apply:

(1) The range of scores designated by the State Board as a proficient

level of skill remains the passing score on the Ohio Graduation Tests for purposes of sections 3313.61, 3313.611, 3313.612, and 3325.08 of the Revised Code;

(2) The range of scores designated as a limited level of skill remains the standard for applying the third-grade reading guarantee under division (A) of section 3313.608 of the Revised Code;

(3) The range of scores designated by the State Board as a proficient level of skill remains the standard for the summer remediation requirement of division (B)(2) of section 3313.608 of the Revised Code.

(C) This section is not subject to expiration under Section 809.10 of this act.

Section 265.20.18. "Sec. 3318.36. (A)(1) As used in this section:

(a) "Ohio school facilities commission," "classroom facilities," "school district," "school district board," "net bonded indebtedness," "required percentage of the basic project costs," "basic project cost," "valuation," and "percentile" have the same meanings as in section 3318.01 of the Revised Code.

(b) "Required level of indebtedness" means five per cent of the school district's valuation for the year preceding the year in which the commission and school district enter into an agreement under division (B) of this section, plus [two one-hundredths of one per cent multiplied by (the percentile in which the district ranks minus one)].

(c) "Local resources" means any moneys generated in any manner permitted for a school district board to raise the school district portion of a project undertaken with assistance under sections 3318.01 to 3318.20 of the Revised Code.

(2) For purposes of determining ~~either the required level of indebtedness, as defined in division (A)(1)(b) of this section, or the required percentage of the basic project costs ;~~ under division (C)(1) of this section, and priority for assistance under sections 3318.01 to 3318.20 of the Revised Code, the percentile ranking of a school district with which the commission has entered into an agreement under this section between the first day of July and the thirty-first day of August in each fiscal year is the percentile ranking calculated for that district for the immediately preceding fiscal year, and the percentile ranking of a school district with which the commission has entered into such agreement between the first day of September and the thirtieth day of June in each fiscal year is the percentile ranking calculated for that district for the current fiscal year.

(B)(1) There is hereby established the school building assistance expedited local partnership program. Under the program, the Ohio school

facilities commission may enter into an agreement with the school district board of any school district under which the school district board may proceed with the new construction or major repairs of a part of the school district's classroom facilities needs, as determined under sections 3318.01 to 3318.20 of the Revised Code, through the expenditure of local resources prior to the school district's eligibility for state assistance under ~~those sections 3318.01 to 3318.20 of the Revised Code~~ and may apply that expenditure toward meeting the school district's portion of the basic project cost of the total of the school district's classroom facilities needs, as determined under sections 3318.01 to 3318.20 of the Revised Code and as recalculated under division (E) of this section, that are eligible for state assistance under sections 3318.01 to 3318.20 of the Revised Code when the school district becomes eligible for ~~such state~~ that assistance. Any school district that is reasonably expected to receive assistance under sections 3318.01 to 3318.20 of the Revised Code within two fiscal years from the date the school district adopts its resolution under division (B) of this section shall not be eligible to participate in the program established under this section.

(2) To participate in the program, a school district board shall first adopt a resolution certifying to the commission the board's intent to participate in the program.

The resolution shall specify the approximate date that the board intends to seek elector approval of any bond or tax measures or to apply other local resources to use to pay the cost of classroom facilities to be constructed under this section. The resolution may specify the application of local resources or elector-approved bond or tax measures after the resolution is adopted by the board, and in such case the board may proceed with a discrete portion of its project under this section as soon as the commission and the controlling board have approved the basic project cost of the district's classroom facilities needs as specified in division (D) of this section. The board shall submit its resolution to the commission not later than ten days after the date the resolution is adopted by the board.

The commission shall not consider any resolution that is submitted pursuant to division (B)(2) of this section, as amended by this amendment, sooner than September 14, 2000.

(3) For purposes of determining when a district that enters into an agreement under this section becomes eligible for assistance under sections 3318.01 to 3318.20 of the Revised Code, the commission shall use the district's percentile ranking determined at the time the district entered into the agreement under this section, as prescribed by division (A)(2) of this section.

(4) Any project under this section shall comply with section 3318.03 of the Revised Code and with any specifications for plans and materials for classroom facilities adopted by the commission under section 3318.04 of the Revised Code.

(4) (5) If a school district that enters into an agreement under this section

has not begun a project applying local resources as provided for under that agreement at the time the district is notified by the commission that it is eligible to receive state assistance under sections 3318.01 to 3318.20 of the Revised Code, all assessment and agreement documents entered into under this section are void.

~~(5)~~ (6) Only construction of or repairs to classroom facilities that have been approved by the commission and have been therefore included as part of a district's basic project cost qualify for application of local resources under this section.

(C) Based on the results of ~~the~~ on-site visits and assessment ~~conducted under division (B)(2) of this section~~, the commission shall determine the basic project cost of the school district's classroom facilities needs. The commission shall determine the school district's portion of such basic project cost, which shall be the greater of:

(1) The required percentage of the basic project costs, determined based on the school district's percentile ranking;

(2) An amount necessary to raise the school district's net bonded indebtedness, as of the fiscal year the commission and the school district enter into the agreement under division (B) of this section, to within five thousand dollars of the required level of indebtedness.

(D)(1) When the commission determines the basic project cost of the classroom facilities needs of a school district and the school district's portion of that basic project cost under division (C) of this section, the project shall be conditionally approved. Such conditional approval shall be submitted to the controlling board for approval thereof. The controlling board shall forthwith approve or reject the commission's determination, conditional approval, and the amount of the state's portion of the basic project cost; however, no state funds shall be encumbered under this section. Upon approval by the controlling board, the school district board may identify a discrete part of its classroom facilities needs, which shall include only new construction of or additions or major repairs to a particular building, to address with local resources. Upon identifying a part of the school district's basic project cost to address with local resources, the school district board may allocate any available school district moneys to pay the cost of that identified part, including the proceeds of an issuance of bonds if approved by the electors of the school district.

All local resources utilized under this division shall first be deposited in the project construction account required under section 3318.08 of the Revised Code.

(2) Unless the school district board exercises its option under division (D)(3) of this section, for a school district to qualify for participation in the program authorized under this section, one of the following conditions shall be satisfied:

(a) The electors of the school district by a majority vote shall approve the

levy of taxes outside the ten-mill limitation for a period of twenty-three years at the rate of not less than one-half mill for each dollar of valuation to be used to pay the cost of maintaining the classroom facilities included in the basic project cost as determined by the commission. The form of the ballot to be used to submit the question whether to approve the tax required under this division to the electors of the school district shall be the form for an additional levy of taxes prescribed in section 3318.361 of the Revised Code, which may be combined in a single ballot question with the questions prescribed under section 5705.218 of the Revised Code.

(b) As authorized under division (C) of section 3318.05 of the Revised Code, the school district board shall earmark from the proceeds of a permanent improvement tax levied under section 5705.21 of the Revised Code, an amount equivalent to the additional tax otherwise required under division (D)(2)(a) of this section for the maintenance of the classroom facilities included in the basic project cost as determined by the commission.

(c) As authorized under section 3318.051 of the Revised Code, the school district board shall, if approved by the commission, annually transfer into the maintenance fund required under section 3318.05 of the Revised Code the amount prescribed in section 3318.051 of the Revised Code in lieu of the tax otherwise required under division (D)(2)(a) of this section for the maintenance of the classroom facilities included in the basic project cost as determined by the commission.

(d) If the school district board has rescinded the agreement to make transfers under section 3318.051 of the Revised Code, as provided under division (F) of that section, the electors of the school district, in accordance with section 3318.063 of the Revised Code, first shall approve the levy of taxes outside the ten-mill limitation for the period specified in that section at a rate of not less than one-half mill for each dollar of valuation.

(e) The school district board shall apply the proceeds of a tax to leverage bonds as authorized under section 3318.052 of the Revised Code or dedicate a local donated contribution in the manner described in division (B) of section 3318.084 of the Revised Code in an amount equivalent to the additional tax otherwise required under division (D)(2)(a) of this section for the maintenance of the classroom facilities included in the basic project cost as determined by the commission.

(3) A school district board may opt to delay taking any of the actions described in division (D)(2) of this section until ~~such time as~~ the school district becomes eligible for state assistance under sections 3318.01 to 3318.20 of the Revised Code. In order to exercise this option, the board shall certify to the commission a resolution indicating the board's intent to do so prior to entering into an agreement under division (B) of this section.

(4) If pursuant to division (D)(3) of this section a district board opts to delay levying an additional tax until the district becomes eligible for state

assistance, it shall submit the question of levying that tax to the district electors as follows:

(a) In accordance with section 3318.06 of the Revised Code if it will also be necessary pursuant to division (E) of this section to submit a proposal for approval of a bond issue;

(b) In accordance with section 3318.361 of the Revised Code if it is not necessary to also submit a proposal for approval of a bond issue pursuant to division (E) of this section.

(5) No state assistance under sections 3318.01 to 3318.20 of the Revised Code shall be released until a school district board that adopts and certifies a resolution under division (D) of this section also demonstrates to the satisfaction of the commission compliance with the provisions of division (D)(2) of this section.

Any amount required for maintenance under division (D)(2) of this section shall be deposited into a separate fund as specified in division (B) of section 3318.05 of the Revised Code.

(E)(1) If the school district becomes eligible for state assistance under sections 3318.01 to 3318.20 of the Revised Code based on its percentile ranking ~~as determined~~ under division (B) (3) of this section, the commission shall conduct a new assessment of the school district's classroom facilities needs and shall recalculate the basic project cost based on this new assessment. The basic project cost recalculated under this division shall include the amount of expenditures made by the school district board under division (D)(1) of this section. The commission shall then recalculate the school district's portion of the new basic project cost, which shall be the percentage of the original basic project cost assigned to the school district as its portion under division (C) of this section. The commission shall deduct the expenditure of school district moneys made under division (D)(1) of this section from the school district's portion of the basic project cost as recalculated under this division. If the amount of school district resources applied by the school district board to the school district's portion of the basic project cost under this section is less than the total amount of such portion as recalculated under this division, the school district board by a majority vote of all of its members shall, if it desires to seek state assistance under sections 3318.01 to 3318.20 of the Revised Code, adopt a resolution as specified in section 3318.06 of the Revised Code to submit to the electors of the school district the question of approval of a bond issue in order to pay any additional amount of school district portion required for state assistance. Any tax levy approved under division (D) of this section satisfies the requirements to levy the additional tax under section 3318.06 of the Revised Code.

(2) If the amount of school district resources applied by the school district board to the school district's portion of the basic project cost under this section is more than the total amount of such portion as recalculated under this division, within one year after the school district's portion is recalculated under

division (E)(1) of this section the commission may grant to the school district the difference between the two calculated portions, but at no time shall the commission expend any state funds on a project in an amount greater than the state's portion of the basic project cost as recalculated under this division.

Any reimbursement under this division shall be only for local resources the school district has applied toward construction cost expenditures for the classroom facilities approved by the commission, which shall not include any financing costs associated with that construction.

The school district board shall use any moneys reimbursed to the district under this division to pay off any debt service the district owes for classroom facilities constructed under its project under this section before such moneys are applied to any other purpose. However, the district board first may deposit moneys reimbursed under this division into the district's general fund or a permanent improvement fund to replace local resources the district withdrew from those funds, as long as, and to the extent that, those local resources were used by the district for constructing classroom facilities included in the district's basic project cost."

(1) Establish, by resolution, and maintain a county solid waste management district under this chapter that consists of all the incorporated and unincorporated territory within the county except as otherwise provided in division (A) of this section;

(2) With the boards of county commissioners of one or more other counties establish, by agreement, and maintain a joint solid waste management district under this chapter that consists of all the incorporated and unincorporated territory within the counties forming the joint district except as otherwise provided in division (A) of this section.

If a municipal corporation is located in more than one solid waste management district, the entire municipal corporation shall be considered to be included in and shall be under the jurisdiction of the district in which a majority of the population of the municipal corporation resides.

A county and joint district established to comply with division (B) of section 3734.52 of the Revised Code shall have a population of not less than one hundred twenty thousand unless, in the instance of a county district, the board of county commissioners has obtained an exemption from that requirement under division (C)(1) or (2) of that section. Each joint district established to comply with an order issued under division (D) of that section shall have a population of at least one hundred twenty thousand.

(B) The boards of county commissioners of the counties establishing a joint district constitute, collectively, the board of directors of the joint district, except that if a county with a form of legislative authority other than a board of county commissioners participates, it shall be represented on the board of directors by three persons appointed by the legislative authority.

The agreement to establish and maintain a joint district shall be ratified by resolution of the board of county commissioners of each participating county. Upon ratification, the board of directors shall take control of and manage the joint district subject to this chapter, except that, in the case of a joint district formed pursuant to division (C), (D), or (E) of section 343.012 of the Revised Code, the board of directors shall take control of and manage the district when the formation of the district becomes final under the applicable division. A majority of the board of directors constitutes a quorum, and a majority vote is required for the board to act.

A county participating in a joint district may contribute lands or rights or interests therein, money, other personal property or rights or interests therein, or services to the district. The agreement shall specify any contributions of participating counties and the rights of the participating counties in lands or personal property, or rights or interests therein, contributed to or otherwise acquired by the joint district. The agreement may be amended or added to by a

majority vote of the board of directors, but no amendment or addition shall divest a participating county of any right or interest in lands or personal property without its consent.

The board of directors may appoint and fix the compensation of employees of, accept gifts, devises, and bequests for, and take other actions necessary to control and manage the joint district. Employees of the district shall be considered county employees for the purposes of Chapter 124. of the Revised Code and other provisions of state law applicable to employees. Instead of or in addition to appointing employees of the district, the board of directors may agree to use employees of one or more of the participating counties in the service of the joint district and to share in their compensation in any manner that may be agreed upon.

The board of directors shall do one of the following:

(1) Designate the county auditor, including any other official acting in a capacity similar to a county auditor under a county charter, of a county participating in the joint district as the fiscal officer of the district, and the county treasurer, or other official acting in a capacity similar to a county treasurer under a county charter, of that county as the treasurer of the district. The designated county officials shall perform any applicable duties for the district as each typically performs for the county of which ~~he~~ the individual is an official, except as otherwise may be provided in any bylaws or resolutions adopted by the board of directors. The board of directors may pay to that county any amount agreed upon by the board of directors and the board of county commissioners of that county to reimburse that county for the cost properly allocable to the service of its officials as fiscal officer and treasurer of the joint district.

(2) Appoint one individual who is neither a county auditor nor a county treasurer, and who may be an employee of the district, to serve as both the treasurer of the district and its fiscal officer. That individual shall act as custodian of the funds of the board and the district and shall maintain all accounts of the district. Any reference in this chapter or Chapter 3734. of the Revised Code to a county auditor or county treasurer serving as fiscal officer of a district or custodian of any funds of a board or district is deemed to refer to an individual appointed under division (B)(2) of this section.

The fiscal officer of a district shall establish a general fund and any other necessary funds for the district.

(C) A board of county commissioners of a county district or board of directors of a joint district may acquire, by purchase or lease, construct, improve, enlarge, replace, maintain, and operate such solid waste collection systems within their respective districts and such solid waste facilities within or outside their respective districts as are necessary for the protection of the public health. A board of county commissioners may acquire within its county real property or any estate, interest, or right therein, by appropriation or any other method, for use by a county or joint district in connection with such facilities. Appropriation

proceedings shall be conducted in accordance with sections 163.01 to 163.22 of the Revised Code.

(D) The sanitary engineer or sanitary engineering department of a county maintaining a district and any sanitary engineer or sanitary engineering department of a county in a joint district, as determined by the board of directors, in addition to other duties assigned to that engineer or department, shall assist the board of county commissioners or directors in the performance of their duties under this chapter and sections 3734.52 to 3734.575 of the Revised Code and shall be charged with any other duties and services in relation thereto that the board prescribes. A board may employ registered professional engineers to assist the sanitary engineer in those duties and also may employ financial advisers and any other professional services it considers necessary to assist it in the construction, financing, and maintenance of solid waste collection or other solid waste facilities. Such contracts of employment shall not require the certificate provided in section 5705.41 of the Revised Code. Payment for such services may be made from the general fund or any other fund legally available for that use at times that are agreed upon or as determined by the board of county commissioners or directors, and the funds may be reimbursed from the proceeds of bonds or notes issued to pay the cost of any improvement to which the services related.

(E)(1) The prosecuting attorney of the county shall serve as the legal advisor of a county district and shall provide such services to the board of county commissioners of the district as are required or authorized to be provided to other county boards under Chapter 309. of the Revised Code, except that, if the board considers it to be necessary or appropriate, the board, on its own initiative, may employ an attorney or other legal counsel on an annual basis to serve as the legal advisor of the district in place of the prosecuting attorney. When the prosecuting attorney is serving as the district's legal advisor and the board considers it to be necessary or appropriate, the board, on its own initiative, may employ an attorney or other legal counsel to represent or advise the board regarding a particular matter in place of the prosecuting attorney. The employment of an attorney or other legal counsel on an annual basis or in a particular matter is not subject to or governed by sections 305.14 and 309.09 of the Revised Code.

Notwithstanding the employment of an attorney or other legal counsel on an annual basis to serve as the district's legal advisor, the board may require written opinions or instructions from the prosecuting attorney under section 309.09 of the Revised Code in matters connected with its official duties as though the prosecuting attorney were serving as the legal advisor of the district.

(2) The board of directors of a joint district may designate the prosecuting attorney of one of the counties forming the district to serve as the legal advisor of the district. When so designated, the prosecuting attorney shall provide such services to the joint district as are required or authorized to be provided to county boards under Chapter 309. of the Revised Code. The board of

directors may pay to that county any amount agreed upon by the board of directors and the board of county commissioners of that county to reimburse that county for the cost properly allocable to the services of its prosecuting attorney as the legal advisor of the joint district. When that prosecuting attorney is so serving and the board considers it to be necessary or appropriate, the board, on its own initiative, may employ an attorney or other legal counsel to represent or advise the board regarding a particular matter in place of the prosecuting attorney.

Instead of designating the prosecuting attorney of one of the counties forming the district to be the legal advisor of the district, the board of directors may employ on an annual basis an attorney or other legal counsel to serve as the district's legal advisor. Notwithstanding the employment of an attorney or other legal counsel as the district's legal advisor, the board of directors may require written opinions or instructions from the prosecuting attorney of any of the counties forming the district in matters connected with the board's official duties, and the prosecuting attorney shall provide the written opinion or instructions as though ~~he~~ the prosecuting attorney had been designated to serve as the district's legal advisor under division (E)(2) of this section.

(F) A board of county commissioners may issue bonds or bond anticipation notes of the county to pay the cost of preparing general and detailed plans and other data required for the construction of solid waste facilities in connection with a county or joint district. A board of directors of a joint solid waste management district may issue bonds or bond anticipation notes of the joint solid waste management district to pay the cost of preparing general and detailed plans and other data required for the construction of solid waste facilities in connection with a joint district. The bonds and notes shall be issued in accordance with Chapter 133. of the Revised Code, except that the maximum maturity of bonds issued for that purpose shall not exceed ten years. Bond anticipation notes may be paid from the proceeds of bonds issued either to pay the cost of the solid waste facilities or to pay the cost of the plans and other data.

(G) To the extent authorized by the solid waste management plan of the district approved under section 3734.521 or 3734.55 of the Revised Code or subsequent amended plans of the district approved under section 3734.521 or 3734.56 of the Revised Code, the board of county commissioners of a county district or board of directors of a joint district may adopt, publish, and enforce rules doing any of the following:

(1) Prohibiting or limiting the receipt of solid wastes generated outside the district or outside a service area prescribed in the solid waste management plan or amended plan, at facilities ~~covered by the plan~~ located within the solid waste management district, consistent with the projections contained in the plan or amended plan under divisions (A)(6) and (7) of section 3734.53 of the Revised Code ~~, except that~~ . However, rules adopted by a board under division (G)(1) of this section may be adopted and enforced with respect to solid waste disposal facilities in the solid waste management district that are not owned by a

county or the solid waste management district only if the board submits an application to the director of environmental protection that demonstrates that there is insufficient capacity to dispose of all solid wastes that are generated within the district at the solid waste disposal facilities located within the district and the director approves the application. The demonstration in the application shall be based on projections contained in the plan or amended plan of the district. The director shall establish the form of the application. The approval or disapproval of such an application by the director is an action that is appealable under section 3745.04 of the Revised Code.

In addition, the director of environmental protection may issue an order modifying a rule adopted under division (G)(1) of this section to allow the disposal in the district of solid wastes from another county or joint solid waste management district if all of the following apply:

(a) The district in which the wastes were generated does not have sufficient capacity to dispose of solid wastes generated within it for six months following the date of the director's order;

(b) No new solid waste facilities will begin operation during those six months in the district in which the wastes were generated and, despite good faith efforts to do so, it is impossible to site new solid waste facilities within the district because of its high population density;

(c) The district in which the wastes were generated has made good faith efforts to negotiate with other districts to incorporate its disposal needs within those districts' solid waste management plans, including efforts to develop joint facilities authorized under section 343.02 of the Revised Code, and the efforts have been unsuccessful;

(d) The district in which the wastes were generated has located a facility willing to accept the district's solid wastes for disposal within the receiving district;

(e) The district in which the wastes were generated has demonstrated to the director that the conditions specified in divisions (G)(1)(a) to (d) of this section have been met;

(f) The director finds that the issuance of the order will be consistent with the state solid waste management plan and that receipt of the out-of-district wastes will not limit the capacity of the receiving district to dispose of its in-district wastes to less than eight years.

Any order issued under division (G)(1) of this section shall not become final until thirty days after it has been served by certified mail upon the county or joint solid waste management district that will receive the out-of-district wastes.

(2) Governing the maintenance, protection, and use of solid waste collection or other solid waste facilities located within its district. The rules adopted under division (G)(2) of this section shall not establish design standards for solid waste facilities and shall be consistent with the solid waste provisions

of Chapter 3734. of the Revised Code and the rules adopted under those provisions. The rules adopted under division (G)(2) of this section may prohibit any person, municipal corporation, township, or other political subdivision from constructing, enlarging, or modifying any solid waste facility until general plans and specifications for the proposed improvement have been submitted to and approved by the board of county commissioners or board of directors as complying with the solid waste management plan or amended plan of the district. The construction of such a facility shall be done under the supervision of the county sanitary engineer or, in the case of a joint district, a county sanitary engineer designated by the board of directors, and any person, municipal corporation, township, or other political subdivision proposing or constructing such improvements shall pay to the county or joint district all expenses incurred by the board in connection therewith. The sanitary engineer may enter upon any public or private property for the purpose of making surveys or examinations necessary for designing solid waste facilities or for supervising the construction, enlargement, modification, or operation of any such facilities. No person, municipal corporation, township, or other political subdivision shall forbid or interfere with the sanitary engineer or ~~his~~ the sanitary engineer's authorized assistants entering upon such property for that purpose. If actual damage is done to property by the making of the surveys and examinations, a board shall pay the reasonable value of that damage to the owner of the property damaged, and the cost shall be included in the financing of the improvement for which the surveys and examinations are made.

(3) Governing the development and implementation of a program for the inspection of solid wastes generated outside the boundaries of this state that are disposed of at solid waste facilities included in the district's solid waste management plan or amended plan. A board of county commissioners or board of directors or its authorized representative may enter upon the premises of any solid waste facility included in the district's solid waste management plan or amended plan for the purpose of conducting the inspections required or authorized by the rules adopted under division (G)(3) of this section. No person, municipal corporation, township, or other political subdivision shall forbid or interfere with a board of county commissioners or directors or its authorized representative entering upon the premises of any such solid waste facility for that purpose.

(4) Exempting the owner or operator of any existing or proposed solid waste facility provided for in the plan or amended plan from compliance with any amendment to a township zoning resolution adopted under section 519.12 of the Revised Code or to a county rural zoning resolution adopted under section 303.12 of the Revised Code that rezoned or redistricted the parcel or parcels upon which the facility is to be constructed or modified and that became effective within two years prior to the filing of an application for a permit required under division (A)(2)(a) of section 3734.05 of the Revised Code to open a new or modify an existing solid waste facility.

(H) A board of county commissioners or board of directors may enter

into a contract with any person, municipal corporation, township, or other political subdivision for the operation and maintenance of any solid waste facilities regardless of whether the facilities are owned or leased by the county or joint district or the contractor.

(I)(1) No person, municipal corporation, township, or other political subdivision shall tamper with or damage any solid waste facility constructed under this chapter or any apparatus or accessory connected therewith or pertaining thereto, fail or refuse to comply with the applicable rules adopted by a board of county commissioners or directors under division (G)(1), (2), (3), or (4) of this section, refuse to permit an inspection or examination by a sanitary engineer as authorized under division (G)(2) of this section, or refuse to permit an inspection by a board of county commissioners or directors or its authorized representative as required or authorized by rules adopted under division (G)(3) of this section.

(2) If the board of county commissioners of a county district or board of directors of a joint district has established facility designations under section 343.013, 343.014, or 343.015 of the Revised Code, or the director has established facility designations in the initial or amended plan of the district prepared and ordered to be implemented under section 3734.521, 3734.55, or 3734.56 of the Revised Code, no person, municipal corporation, township, or other political subdivision shall deliver, or cause the delivery of, any solid wastes generated within a county or joint district to any solid waste facility other than the facility designated under section 343.013, 343.014, or 343.015 of the Revised Code, or in the initial or amended plan of the district prepared and ordered to be implemented under section 3734.521, 3734.55, or 3734.56 of the Revised Code, as applicable. Upon the request of a person or the legislative authority of a municipal corporation or township, the board of county commissioners of a county district or board of directors of a joint district may grant a waiver authorizing the delivery of all or any portion of the solid wastes generated in a municipal corporation or township to a solid waste facility other than the facility designated under section 343.013, 343.014, or 343.015 of the Revised Code, or in the initial or amended plan of the district prepared and ordered to be implemented under section 3734.521, 3734.55, or 3734.56 of the Revised Code, as applicable, regardless of whether the other facility is located within or outside of the district, if the board finds that delivery of those solid wastes to the other facility is not inconsistent with the projections contained in the district's initial or amended plan under divisions (A)(6) and (7) of section 3734.53 of the Revised Code as approved or ordered to be implemented and will not adversely affect the implementation and financing of the district's initial or amended plan pursuant to the implementation schedule contained in it under divisions (A)(12)(a) to (d) of that section. The board shall act on a request for such a waiver within ninety days after receiving the request. Upon granting such a waiver, the board shall send notice of that fact to the director. The notice shall indicate to whom the waiver was granted. Any waiver or authorization granted by a board on or before October 29, 1993, shall continue in force until the board

takes action concerning the same entity under this division or until action is taken under division (G) of section 343.014 of the Revised Code.

(J) Divisions (G)(1) to (4) and (I)(2) of this section do not apply to the construction, operation, use, repair, enlargement, or modification of either of the following:

(1) A solid waste facility owned by a generator of solid wastes when the solid waste facility exclusively disposes of solid wastes generated at one or more premises owned by the generator regardless of whether the facility is located on a premises where the wastes are generated;

(2) A facility that exclusively disposes of wastes that are generated from the combustion of coal, or from the combustion of primarily coal in combination with scrap tires, that is not combined in any way with garbage at one or more premises owned by the generator.

(K)(1) A member of the board of county commissioners of a county solid waste management district, member of the board of directors of a joint solid waste management district, member of the board of trustees of a regional solid waste management authority managing a county or joint solid waste management district, or officer or employee of any solid waste management district, for the purposes of sections 102.03, 102.04, 2921.41, and 2921.42 of the Revised Code, shall not be considered to be directly or indirectly interested in, or improperly influenced by, any of the following:

(b) A contract entered into under this chapter or section 307.15 or sections 3734.52 to 3734.575 of the Revised Code between the district and a county planning commission organized under section 713.22 of the Revised Code, or regional planning commission created under section 713.21 of the Revised Code, having territorial jurisdiction within the district, of which that member also is a member, officer, or employee, but only to the extent that any interest or influence could arise from ~~his~~ holding public office or employment with the commission;

(c) An expenditure of money made by the district for the benefit of any county forming the district, municipal corporation or township located within the district, or health district or county or regional planning commission having territorial jurisdiction within the district, of which that member also is a member, officer, or employee, but only to the extent that any interest or influence could arise from ~~his~~ holding public office or employment with the political subdivision, health district, or commission;

(d) An expenditure of money made for the benefit of the district by any county forming the district, municipal corporation or township located within the district, or health district or county or regional planning commission having territorial jurisdiction within the district, of which that member also is a member, officer, or employee, but only to the extent that any interest or influence could arise from ~~his~~ holding public office or employment with the political subdivision, health district, or commission.

(2) A solid waste management district, county, municipal corporation, township, health district, or planning commission described or referred to in divisions (K)(1)(a) to (d) of this section shall not be construed to be the business associate of a person who is concurrently a member of the board of county commissioners, directors, or trustees, or an officer or employee, of the district and an officer or employee of that municipal corporation, county, township, health district, or planning commission for the purposes of sections 102.03, 2921.42, and 2921.43 of the Revised Code. Any person who is concurrently a member of the board of county commissioners, directors, or trustees, or an officer or employee, of a solid waste management district so described or referred to and an officer or employee of a county, municipal corporation, township, health district, or planning commission so described or referred to may participate fully in deliberations concerning and vote on or otherwise participate in the approval or disapproval of any contract or expenditure of funds described in those divisions as a member of the board of county commissioners or directors, or an officer or employee, of a county or joint solid waste management district; member of the board of trustees, or an officer or employee, of a regional solid waste management authority managing a county or joint solid waste management district; member of the legislative authority, or an officer or employee, of a county forming the district; member of the legislative authority, or an officer or employee, of a municipal corporation or township located within the district; member of the board of health, or an officer or employee, of a health district having territorial jurisdiction within the district; or member of the planning commission, or an officer or employee of a county or regional planning commission having territorial jurisdiction within the district.

(3) Nothing in division (K)(1) or (2) of this section shall be construed to exempt any member of the board of county commissioners, directors, or trustees, or an officer or employee, of a solid waste management district from a conflict of interest arising because of a personal or private business interest.

(4) A member of the board of county commissioners of a county solid waste management district, board of directors of a joint solid waste management district, or board of trustees of a regional solid waste management authority managing a county or joint solid waste management district, or an officer or employee, of any such solid waste management district, neither shall be disqualified from holding any other public office or position of employment nor be required to forfeit any other public office or position of employment by reason of ~~his~~ serving as a member of the board of county commissioners, directors, or trustees, or as an officer or employee, of the district,

notwithstanding any requirement to the contrary under the common law of this state or the Revised Code.

(d) If the policy committee chooses to include the management of scrap tires in an initial plan prepared under sections 3734.54 and 3734.55 of the Revised Code or in an initial or amended plan prepared under section 3734.521 of the Revised Code, the board of county commissioners or directors shall execute all of the duties imposed and may exercise any or all of the rights granted under this section for the purpose of managing solid waste facilities that are scrap tire collection, storage, monocell, monofill, or recovery facilities."

Between lines 55189 and 55190, insert:

"Sec. 3734.53. (A) The solid waste management plan of any county or joint solid waste management district shall be prepared in a format prescribed by the director of environmental protection and shall provide for compliance with the objectives of the state solid waste management plan and rules adopted under section 3734.50 of the Revised Code. The plan shall provide for, demonstrate, and certify the availability of and access to sufficient solid waste management facility capacity to meet the solid waste management needs of the district for the ten-year period covered by the plan. The solid waste management policy committee of a county or joint district created in section 3734.54 of the Revised

Code may prepare and submit a solid waste management plan that covers and makes the required demonstration for a longer period of time.

The solid waste management plan shall contain all of the following:

(1) An inventory of the sources, composition, and quantities of solid wastes generated in the district during the current year;

(2) An inventory of all existing facilities where solid wastes are being disposed of, all resource recovery facilities, and all recycling activities within the district. The inventory shall identify each such facility or activity and, for each disposal facility, shall estimate the remaining disposal capacity available at the facility. The inventory shall be accompanied by a map that shows the location of each such existing facility or activity.

(3) An inventory of existing solid waste collection systems and routes, transportation systems and routes, and transfer facilities within the district. The inventory shall identify the entities engaging in solid waste collection within the district.

(4) An inventory of open dumping sites for solid wastes, including solid wastes consisting of scrap tires, and facilities for the disposal of fly ash and bottom ash, foundry sand, and slag within the district. The inventory shall identify each such site or facility and shall be accompanied by a map that shows the location of each of them.

(5) A projection of population changes within the district during the next ten years;

(6) For each year of the forecast period, projections of the amounts and composition of solid wastes that will be generated within the district, the amounts of solid wastes originating outside the district that will be brought into the district for disposal or resource recovery, the nature of industrial activities within the district, and the effect of newly regulated waste streams, solid waste minimization activities, and solid waste recycling and reuse activities on solid waste generation rates. For each year of the forecast period, projections of waste quantities shall be compiled as an aggregate quantity of wastes.

(7) An identification of the additional solid waste management facilities and the amount of additional capacity needed to dispose of the quantities of wastes projected in division (A)(6) of this section;

(8) A strategy for identification of sites for the additional solid waste management facilities and capacity identified under division (A)(7) of this section;

(9) An analysis and comparison of the capital and operating costs of the solid waste disposal facilities, solid waste resource recovery facilities, and solid waste recycling and reuse activities necessary to meet the solid waste management needs of the district, projected in five- and ten-year increments;

(10) An analysis of expenses for which the district is liable under section

3734.35 of the Revised Code;

(11) A projection of solid waste transfer facilities that will be needed in conjunction with existing solid waste facilities and those projected under division (A)(7) of this section;

(12) Such other projections as the district considers necessary or appropriate to ascertain and meet the solid waste management needs of the district during the period covered by the plan;

(13) A schedule for implementation of the plan that, when applicable, contains all of the following:

(a) An identification of the solid waste disposal, transfer, and resource recovery facilities and recycling activities contained in the plan where solid wastes generated within or transported into the district will be taken for disposal, transfer, resource recovery, or recycling. An initial or amended plan prepared and ordered to be implemented by the director under section 3734.521, 3734.55, or 3734.56 of the Revised Code may designate solid waste disposal, transfer, or resource recovery facilities or recycling activities that are owned by a municipal corporation, county, county or joint solid waste management district, township, or township waste disposal district created under section 505.28 of the Revised Code for which debt issued under Chapter 133., 343., or 6123. of the Revised Code is outstanding where solid wastes generated within or transported into the district shall be taken for disposal, transfer, resource recovery, or recycling.

(b) A schedule for closure of existing solid waste facilities, expansion of existing facilities, and establishment of new facilities. The schedule for expansion of existing facilities or establishment of new facilities shall include, without limitation, the approximate dates for filing applications for appropriate permits to install or modify those facilities under section 3734.05 of the Revised Code.

(14) A program for providing informational or technical assistance regarding source reduction to solid waste generators, or particular categories of solid waste generators, within the district. The plan shall set forth the types of assistance to be provided by the district and the specific categories of generators that are to be served. The district has the sole discretion to determine the types of assistance that are to be provided under the program and the categories of generators to be served by it.

(B) In addition to the information, projections, demonstrations, and certification required by division (A) of this section, a plan shall do all of the

(3) Contain provisions governing the allocation among the purposes enumerated in divisions (G)(1) to (10) of section 3734.57 of the Revised Code of the moneys credited to the special fund of the district under division (G) of that section that are available for expenditure by the district under that division. The plan shall do all of the following:

(a) Ensure that sufficient of the moneys so credited to and available from the special fund are available for use by the solid waste management policy committee of the district at the time the moneys are needed to monitor implementation of the plan and conduct its periodic review and amendment as required under section 3734.56 of the Revised Code;

(b) Contain provisions governing the allocation and distribution of moneys credited to and available from the special fund of the district to health districts within the county or joint district that have approved programs under section 3734.08 of the Revised Code for the purposes of division (G)(3) of section 3734.57 of the Revised Code;

(c) Contain provisions governing the allocation and distribution of moneys credited to and available from the special fund of the district to the county in which solid waste facilities are or are to be located and operated under the plan for the purposes of division (G)(4) of section 3734.57 of the Revised Code;

(4) Incorporate all solid waste recycling activities that were in operation within the district on the effective date of the plan.

(C) The solid waste management plan of a county or joint district may provide for the adoption of rules under division (G) of section 343.01 of the Revised Code after approval of the plan under section 3734.521 or 3734.55 of the Revised Code doing any or all of the following:

(1) Prohibiting or limiting the receipt at facilities ~~covered by the plan located within the solid waste management district~~ of solid wastes generated outside the district or outside a prescribed service area consistent with the projections under divisions (A)(6) and (7) of this section ~~, except that . However, rules adopted by a board under division (C)(1) of this section may be adopted~~

and enforced with respect to solid waste disposal facilities in the solid waste management district that are not owned by a county or the solid waste management district only if the board submits an application to the director of environmental protection that demonstrates that there is insufficient capacity to dispose of all solid wastes that are generated within the district at the solid waste disposal facilities located within the district and the director approves the application. The demonstration in the application shall be based on projections contained in the plan or amended plan of the district. The director shall establish the form of the application. The approval or disapproval of such an application by the director is an action that is appealable under section 3745.04 of the Revised Code.

In addition, the director of environmental protection may issue an order modifying a rule authorized to be adopted under division (C)(1) of this section to allow the disposal in the district of wastes from another county or joint solid waste management district if all of the following apply:

(a) The district in which the wastes were generated does not have sufficient capacity to dispose of solid wastes generated within it for six months following the date of the director's order;

(b) No new solid waste facilities will begin operation during those six months in the district in which the wastes were generated and, despite good faith efforts to do so, it is impossible to site new solid waste facilities within the district because of its high population density;

(c) The district in which the wastes were generated has made good faith efforts to negotiate with other districts to incorporate its disposal needs within those districts' solid waste management plans, including efforts to develop joint facilities authorized under section 343.02 of the Revised Code, and the efforts have been unsuccessful;

(d) The district in which the wastes were generated has located a facility willing to accept the district's solid wastes for disposal within the receiving district;

(e) The district in which the wastes were generated has demonstrated to the director that the conditions specified in divisions (C)(1)(a) to (d) of this section have been met;

(f) The director finds that the issuance of the order will be consistent with the state solid waste management plan and that receipt of the out-of-district wastes will not limit the capacity of the receiving district to dispose of its in-district wastes to less than eight years. Any order issued under division (C)(1) of this section shall not become final until thirty days after it has been served by certified mail upon the county or joint solid waste management district that will receive the out-of-district wastes.

(2) Governing the maintenance, protection, and use of solid waste collection, storage, disposal, transfer, recycling, processing, and resource recovery facilities within the district and requiring the submission of general

plans and specifications for the construction, enlargement, or modification of any such facility to the board of county commissioners or board of directors of the district for review and approval as complying with the plan or amended plan of the district;

(3) Governing development and implementation of a program for the inspection of solid wastes generated outside the boundaries of the state that are being disposed of at solid waste facilities included in the district's plan;

(4) Exempting the owner or operator of any existing or proposed solid waste facility provided for in the plan from compliance with any amendment to a township zoning resolution adopted under section 519.12 of the Revised Code or to a county rural zoning resolution adopted under section 303.12 of the Revised Code that rezoned or redistricted the parcel or parcels upon which the facility is to be constructed or modified and that became effective within two years prior to the filing of an application for a permit required under division (A)(2)(a) of section 3734.05 of the Revised Code to open a new or modify an existing solid waste facility.

(D) Except for the inventories required by divisions (A)(1), (2), and (4) of this section and the projections required by division (A)(6) of this section, neither this section nor the solid waste management plan of a county or joint district applies to the construction, operation, use, repair, or maintenance of either of the following:

(1) A solid waste facility owned by a generator of solid wastes when the solid waste facility exclusively disposes of solid wastes generated at one or more premises owned by the generator regardless of whether the facility is located on a premises where the wastes are generated;

(2) A facility that exclusively disposes of wastes that are generated from the combustion of coal, or from the combustion of primarily coal in combination with scrap tires, that is not combined in any way with garbage at one or more premises owned by the generator.

(E)(1) The initial solid waste management plans prepared by county or joint districts under section 3734.521 of the Revised Code and the amended plans prepared under section 3734.521 or 3734.56 of the Revised Code shall contain a clear statement as to whether the board of county commissioners or directors is authorized to or precluded from establishing facility designations under section 343.014 of the Revised Code.

(2) A policy committee that is preparing a draft or revised draft plan under section 3734.55 of the Revised Code on October 29, 1993, may include in the draft or revised draft plan only one of the following pertaining to the solid waste facilities or recycling activities where solid wastes generated within or transported into the district are to be taken for disposal, transfer, resource recovery, or recycling:

(a) The designations required under former division (A)(12)(a) of this

section as it existed prior to October 29, 1993;

(b) The identifications required in division (A)(12)(a) of this section and the statement required under division (E)(1) of this section;

(c) Both of the following:

(i) The designations required under former division (A)(12)(a) of this section as it existed prior to October 29, 1993, except that those designations only shall pertain to solid waste disposal, transfer, or resource recovery facilities or recycling activities that are owned by a municipal corporation, county, county or joint solid waste management district, township, or township waste disposal district created under section 505.28 of the Revised Code for which debt issued under Chapter 133., 343., or 6123. of the Revised Code is outstanding;

(ii) The identifications required under division (A)(12)(a) of this section, and the statement required under division (E)(1) of this section, pertaining to the solid waste facilities and recycling activities described in division (A) of section 343.014 of the Revised Code.

(F) Notwithstanding section 3734.01 of the Revised Code, "solid wastes" does not include scrap tires and "facility" does not include any scrap tire collection, storage, monocell, monofill, or recovery facility in either of the following circumstances:

(1) For the purposes of an initial plan prepared and ordered to be implemented by the director under section 3734.55 of the Revised Code;

(2) For the purposes of an initial or amended plan prepared and ordered to be implemented by the director under division (D) or (F)(1) or (2) of section 3734.521 of the Revised Code in connection with a change in district composition as defined in that section that involves an existing district that is operating under either an initial plan approved or prepared and ordered to be implemented under section 3734.55 of the Revised Code or an initial or amended plan approved or prepared and ordered to be implemented under section 3734.521 of the Revised Code that does not provide for the management of scrap tires and scrap tire facilities.

(G) Notwithstanding section 3734.01 of the Revised Code, and except as provided in division (A)(4) of this section, "solid wastes" need not include scrap tires and "facility" need not include any scrap tire collection, storage, monocell, monofill, or recovery facility in either of the following circumstances:

(1) For the purposes of an initial plan prepared under sections 3734.54 and 3734.55 of the Revised Code unless the solid waste management policy committee preparing the initial plan chooses to include the management of scrap tires and scrap tire facilities in the plan;

(2) For the purposes of a preliminary demonstration of capacity as defined in section 3734.521 of the Revised Code, if any, and an initial or amended plan prepared under that section by the solid waste management policy

committee of a solid waste management district resulting from proceedings for a change in district composition under sections 343.012 and 3734.521 of the Revised Code that involves an existing district that is operating either under an initial plan approved or prepared and ordered to be implemented under section 3734.55 of the Revised Code or under an initial or amended plan approved or prepared and ordered to be implemented under section 3734.521 of the Revised Code that does not provide for the management of scrap tires and scrap tire facilities unless the solid waste management policy committee of the district resulting from the change chooses to include the management of scrap tires and scrap tire facilities in the preliminary demonstration of capacity, if any, and the initial or amended plan prepared under section 3734.521 of the Revised Code in connection with the change proceedings.

If a policy committee chooses to include the management of scrap tires and scrap tire facilities in an initial plan pursuant to division (G)(1) of this section, the initial plan shall incorporate all of the elements required under this section, and may incorporate any of the elements authorized under this section, for the purpose of managing solid wastes that consist of scrap tires and solid waste facilities that are scrap tire collection, storage, monocell, monofill, or recovery facilities. If a policy committee chooses to provide for the management of scrap tires and scrap tire facilities pursuant to division (G)(2) of this section, the preliminary demonstration of capacity, if one is required, shall incorporate all of the elements required under division (E)(1) or (2) of section 3734.521 of the Revised Code, as appropriate, for the purpose of managing solid wastes that consist of scrap tires and solid waste facilities that are scrap tire collection, storage, monocell, monofill, or recovery facilities. The initial or amended plan also shall incorporate all of the elements required under this section, and may incorporate any of the elements authorized under this section, for the purpose of managing solid wastes that consist of scrap tires and solid waste facilities that are scrap tire collection, storage, monocell, monofill, or recovery facilities.

(H) Neither this section nor the solid waste management plan of a county or joint district applies to the construction, operation, use, repair, or maintenance of any compost facility that exclusively composts raw rendering material."

(3) "Person" means individuals or entities engaged in industry, commerce, distribution, or research.

(4) "Institution of higher education" has the same meaning as in section 3345.12 of the Revised Code.

(5) "Stock or other ownership" means equity or other ownership rights held or received in return for the grant of rights to intellectual property developed by an institution of higher education. "Stock or other ownership" excludes equity or other ownership rights held or received in return for the

(B) To create or preserve jobs and employment opportunities and to improve the economic welfare of the people of the state pursuant to Section 13 of Article VIII, Ohio Constitution, it is hereby declared to be the public policy of the state for institutions of higher education to facilitate and assist with establishing and developing entrepreneurial projects or to assist and cooperate with any governmental agency in achieving such purpose. An entrepreneurial project is hereby determined to qualify as property, structures, equipment, and facilities described in Section 13 of Article VIII, Ohio Constitution.

In furtherance of such public policy, and pursuant to Section 13 of Article VIII, Ohio Constitution, a board of trustees of an institution of higher education may do any of the following by resolution:

Money in the fund shall be used for eligible projects only, as limited by the purposes for which money may be used under each fund from which the money is transferred, and applied to allowable costs as provided under those sections. The fund shall also consist of any other money appropriated to it and money received by the state from the repayment of loans and recovery on loan guarantees, including interest thereon, and the repayment and recovery of grants, made from the fund. All investment earnings on the cash balance in the fund shall be credited to the fund. The fund shall not be comprised, in any part, of money raised by taxation.

(B) The director of development, with the approval of the controlling

board and subject to other applicable provisions of this chapter, may lend or grant money in the rapid outreach loan fund to persons for the purpose of paying allowable costs of eligible projects, if the director determines that all of the following conditions are met:

(1) The project is economically sound;

(2) The project is an eligible project under division (D) of section 166.01 of the Revised Code or is otherwise eligible for funding under the applicable fund from which the money is transferred to the rapid outreach loan fund;

(3) The amount to be provided from the rapid outreach loan fund is a reasonable amount given the scope of the eligible project as determined by the director;

(4) If the money provided is in the form of a loan, the director shall determine whether the loan is to be repaid or may be forgiven. If the loan must be repaid, the director must determine whether the loan has been secured by a mortgage, assignment, pledge, lien provided for under section 9.661 of the Revised Code, or other interest in property or other assets of the borrower, at such level of priority and value as the director considers necessary, provided that, in making such a determination, the director shall take into account the value of any rights granted by the borrower to the director to control the use of any assets of the borrower under the circumstances described in the loan documents.

(C) The determinations of the director under division (B) of this section shall be conclusive for purposes of the validity of a loan or grant agreement signed by the director.

(D) Fees, charges, rates of interest, times of payment of interest and principal, and other terms and conditions of, and security for, loans and grants made from the rapid outreach loan fund shall be such as the director determines to be appropriate and in furtherance of the purpose for which the loans and grants are made. The moneys used in making loans and grants shall be disbursed from the fund upon order of the director. Unless otherwise specified in any indenture or other instrument securing obligations under division (D) of section 166.08 of the Revised Code, any payments of principal and interest from loans and grants made from the fund, including any proceeds of actions to collect the loans or to recover grant funds, shall be paid to the fund and used for the purpose of making loans and grants under this section.

(E) The director may take actions necessary or appropriate to collect or otherwise deal with any loan or grant made under this section.

(F) The director may fix service charges for the making of a loan. The charges shall be payable at such times and place and in such amounts and manner as may be prescribed by the director.

(G)(1) There shall be credited to the rapid outreach loan fund money received by this state from the repayment of loans, including interest thereon.

made from the fund, and money received from the sale, lease, or other disposition of property acquired or constructed with money in the fund derived from the proceeds of the sale of obligations under section 166.08 of the Revised Code. Money in the fund shall be applied as provided in this chapter pursuant to appropriations made by the general assembly.

(2) In addition to the requirements in division (G)(1) of this section, money referred to in that division may be deposited to the credit of separate accounts established by the director within the rapid outreach loan fund or in the bond service fund and pledged to the security of obligations, applied to the payment of bond service charges without need for appropriation, released from any such pledge and transferred to the rapid outreach loan fund, all as, and to the extent, provided in the bond proceedings pursuant to written directions of the director. Accounts may be established by the director in the rapid outreach loan fund for particular projects or otherwise. The director may withdraw from the fund or, subject to provisions of the applicable bond proceedings, from any special funds established pursuant to the bond proceedings, or from any accounts in such funds, any amounts of investment income required to be rebated and paid to the federal government in order to maintain the exemption from federal income taxation of interest on obligations issued under this chapter, which withdrawal and payment may be made without the necessity for appropriation."

(c) The term of the bond shall coincide with the term of registration.

(d) A copy of the bond shall be filed with the superintendent.

(D) The liability of the corporate surety on the bond to the superintendent and to any borrower injured by a violation of any provision of sections 1321.51 to 1321.60 of the Revised Code shall not be affected in any way by any misrepresentation, breach of warranty, or failure to pay the premium, by any act or omission upon the part of the registrant or licensee, by the insolvency or bankruptcy of the registrant or licensee, or by the insolvency of the registrant's or licensee's estate. The liability for any act or omission that occurs during the term of the corporate surety bond shall be maintained and in effect for at least two years after the date on which the corporate surety bond is terminated or canceled.

~~(F) For purposes of this section, "financial institution regulatory authority" includes a regulator of a business activity in which a registrant is engaged, or has applied to engage in, to the extent that the regulator has jurisdiction over a registrant engaged in that business activity. A registrant is engaged in a business activity, and a regulator of that business activity has jurisdiction over the registrant, whether the registrant conducts the activity directly or a subsidiary or affiliate of the registrant conducts the activity (1) The following information is confidential:~~

A registrant or licensee is engaged in a business activity, and a regulator of that business activity has jurisdiction over the registrant or licensee, whether the registrant or licensee conducts the activity~~

directly or a subsidiary or affiliate of the registrant or licensee conducts the activity.

The information and material so provided may be shared with all state and federal regulatory officials with mortgage industry oversight authority without the loss of confidentiality or privilege protections provided by federal law or the law of any state. Information or material described in division (E)(1) of this section to which confidentiality or privilege applies shall not be subject to any of the following:

(a) Disclosure under any federal or state law governing disclosure to the public of information held by an officer or an agency of the federal government or of the respective state;

(2) The superintendent, in order to promote more effective regulation and reduce regulatory burden through supervisory information sharing, may enter into sharing arrangements with other governmental agencies, the conference of state bank supervisors, and the American association of residential mortgage regulators.

(3) Any state law, including section 149.43 of the Revised Code, relating to the disclosure of confidential supervisory information or any information or material described in division (C)(1) or (E)(1) of this section that is inconsistent with this section shall be superseded by the requirements of this section.

(F) This section shall not apply with respect to information or material relating to the employment history of, and publicly adjudicated disciplinary and enforcement actions against, mortgage loan originators that is included in the nationwide mortgage licensing system and registry for access by the public.

(B) The business of a mortgage loan originator shall principally be transacted at an office of the registrant with whom the licensee is employed or associated, which office is registered, if applicable, in accordance with division (A)(1) of section 1321.52 of the Revised Code. Each original mortgage loan originator license shall be deposited with and maintained at the registrant's main office. A copy of the mortgage loan originator license shall be maintained and displayed at the office where the mortgage loan originator principally transacts business.

(D) A registrant may employ or be associated with a mortgage loan

originator on a temporary basis pending the transfer of the mortgage loan originator's license to the registrant, if the registrant receives written confirmation from the superintendent that the mortgage loan originator is licensed under sections 1321.51 to 1321.60 of the Revised Code.

(G) A license, or the authority granted under that license, is not assignable and cannot be franchised by contract or any other means.

Sec. 1321.552. (A) Notwithstanding any provision of sections 1321.51 to 1321.60 of the Revised Code, or any rule adopted thereunder, if the "Secure and Fair Enforcement for Mortgage Licensing Act of 2008," 122 Stat. 2810, 12 U.S.C. 5101, as amended, is modified after the effective date of this section, or

any regulation, statement, or position is adopted under that act, and the item modified or adopted affects any matter within the scope of sections 1321.51 to 1321.60 of the Revised Code, the superintendent of financial institutions may by rule adopt a similar provision.

(B) The superintendent shall adopt the rules authorized by this section in accordance with section 111.15 of the Revised Code. Chapter 119. of the Revised Code does not apply to rules adopted under the authority of this section.

(C) A rule adopted by the superintendent under the authority of this section is effective on the later of the following dates:

(2) The date the regulation, rule, interpretation, procedure, or guideline the superintendent's rule is based on becomes effective.

(D) The superintendent may, upon thirty days' written notice, revoke any rule adopted under the authority of this section. A rule adopted under the authority of this section, and not revoked by the superintendent, lapses and has no further force and effect eighteen months after the rule's effective date.

Sec. 1321.57. (A) Notwithstanding any other provisions of the Revised Code, a registrant may contract for and receive interest, calculated according to the actuarial method, at a rate or rates not exceeding twenty-one per cent per year on the unpaid principal balances of the loan. (B) For purposes of computation of time on interest-bearing and precomputed loans, including, but not limited to, the calculation of interest, a month is considered one-twelfth of a year, and a day is considered one three hundred sixty-fifth of a year when calculation is made for a fraction of a month. A year is as defined in section 1.44 of the Revised Code. A month is that period described in section 1.45 of the Revised Code. Alternatively, a registrant may consider a day as one three hundred sixtieth of a year and each month as having thirty days.

(C) With respect to interest-bearing loans:

(1)(a) Interest shall be computed on unpaid principal balances outstanding from time to time, for the time outstanding.

(b) As an alternative to the method of computing interest set forth in division (C)(1)(a) of this section, a registrant may charge and collect interest for the first installment period based on elapsed time from the date of the loan to the first scheduled payment due date, and for each succeeding installment period from the scheduled payment due date to the next scheduled payment due date, regardless of the date or dates the payments are actually made.

(c) Whether a registrant computes interest pursuant to division (C)(1)(a) or (b) of this section, each payment shall be applied first to unpaid charges, then to interest, and the remainder to the unpaid principal balance. However, if the

amount of the payment is insufficient to pay the accumulated interest, the unpaid interest continues to accumulate to be paid from the proceeds of subsequent payments and is not added to the principal balance.

(2) Interest shall not be compounded, collected, or paid in advance.

However, both of the following apply:

(a) Interest may be charged to extend the first monthly installment period by not more than fifteen days, and the interest charged for the extension may be added to the principal amount of the loan.

(b) If part or all of the consideration for a new loan contract is the unpaid principal balance of a prior loan, the principal amount payable under the new loan contract may include any unpaid interest that has accrued. The resulting loan contract shall be deemed a new and separate loan transaction for purposes of this section. The unpaid principal balance of a precomputed loan is the balance due after refund or credit of unearned interest as provided in division (D)(3) of this section.

(D) With respect to precomputed loans:

(1) Loans shall be repayable in monthly installments of principal and interest combined, except that the first installment period may exceed one month by not more than fifteen days, and the first installment payment amount may be larger than the remaining payments by the amount of interest charged for the extra days; and provided further that monthly installment payment dates may be omitted to accommodate borrowers with seasonal income.

(2) Payments may be applied to the combined total of principal and precomputed interest until maturity of the loan. A registrant may charge interest after the original or deferred maturity of a precomputed loan at the rate specified in division (A) of this section on all unpaid principal balances for the time outstanding.

(3) When any loan contract is paid in full by cash, renewal, refinancing, or a new loan, one month or more before the final installment due date, the registrant shall refund, or credit the borrower with, the total of the applicable charges for all fully unexpired installment periods, as originally scheduled or as deferred, that follow the day of prepayment. If the prepayment is made other than on a scheduled installment due date, the nearest scheduled installment due date shall be used in such computation. If the prepayment occurs prior to the first installment due date, the registrant may retain one-thirtieth of the applicable charge for a first installment period of one month for each day from date of loan to date of prepayment, and shall refund, or credit the borrower with, the balance of the total interest contracted for. If the maturity of the loan is accelerated for any reason and judgment is entered, the registrant shall credit the borrower with the same refund as if prepayment in full had been made on the date the judgment is entered.

(4) If the parties agree in writing, either in the loan contract or in a

subsequent agreement, to a deferment of wholly unpaid installments, a registrant may grant a deferment and may collect a deferment charge as provided in this section. A deferment postpones the scheduled due date of the earliest unpaid installment and all subsequent installments as originally scheduled, or as previously deferred, for a period equal to the deferment period. The deferment period is that period during which no installment is scheduled to be paid by reason of the deferment. The deferment charge for a one-month period may not exceed the applicable charge for the installment period immediately following the due date of the last undeferred installment. A proportionate charge may be made for deferment for periods of more or less than one month. A deferment charge is earned pro rata during the deferment period and is fully earned on the last day of the deferment period. If a loan is prepaid in full during a deferment period, the registrant shall make, or credit to the borrower, a refund of the unearned deferment charge in addition to any other refund or credit made for prepayment of the loan in full.

(E) A registrant, at the request of the borrower, may obtain, on one or more borrowers, credit life insurance, credit accident and health insurance, and unemployment insurance. The premium or identifiable charge for the insurance may be included in the principal amount of the loan and may not exceed the premium rate filed by the insurer with the superintendent of insurance and not disapproved by the superintendent. If a registrant obtains the insurance at the request of the borrower, the borrower shall have the right to cancel the insurance for a period of twenty-five days after the loan is made. If the borrower chooses to cancel the insurance, the borrower shall give the registrant written notice of this choice and shall return all of the policies or certificates of insurance or notices of proposed insurance to the registrant during such period, and the full premium or identifiable charge for the insurance shall be refunded to the borrower by the registrant. If the borrower requests, in the notice to cancel the insurance, that this refund be applied to reduce the balance of a precomputed loan, the registrant shall credit the amount of the refund plus the amount of interest applicable to the refund to the loan balance.

If the registrant obtains the insurance at the request of the borrower, the registrant shall not charge or collect interest on any insured amount that remains unpaid after the insured borrower's date of death.

(F) A registrant may require the borrower to provide insurance or a loss payable endorsement covering reasonable risks of loss, damage, and destruction of property used as security for the loan and with the consent of the borrower such insurance may cover property other than that which is security for the loan. The amount and term of required property insurance shall be reasonable in relation to the amount and term of the loan contract and the type and value of the security, and the insurance shall be procured in accordance with the insurance laws of this state. The purchase of this insurance through the registrant or an agent or broker designated by the registrant shall not be a condition precedent to the granting of the loan. If the borrower purchases the insurance from or through the registrant or from another source, the premium may be included in the

principal amount of the loan.

(G) On loans secured by an interest in real estate, all of the following apply:

(1) A registrant, if not prohibited by section 1343.011 of the Revised Code, may charge and receive up to two points, and a prepayment penalty not in excess of one per cent of the original principal amount of the loan. Points may be paid by the borrower at the time of the loan or may be included in the principal amount of the loan. On a refinancing, a registrant may not charge under division (G)(1) of this section either of the following:

(a) Points on the portion of the principal amount that is applied to the unpaid principal amount of the refinanced loan, if the refinancing occurs within one year after the date of the refinanced loan on which points were charged;

(b) A prepayment penalty.

(2) As an alternative to the prepayment penalty described in division (G)(1) of this section, a registrant may contract for, charge, and receive the prepayment penalty described in division (G)(2) of this section for the prepayment of a loan prior to two years after the date the loan contract is executed. This prepayment penalty shall not exceed two per cent of the original principal amount of the loan if the loan is paid in full prior to one year after the date the loan contract is executed. The penalty shall not exceed one per cent of the original principal amount of the loan if the loan is paid in full at any time from one year, but prior to two years, after the date the loan contract is executed. A registrant shall not charge or receive a prepayment penalty under division (G)(2) of this section if any of the following applies:

(a) The loan is a refinancing by the same registrant or a registrant to whom the loan has been assigned;

(b) The loan is paid in full as a result of the sale of the real estate that secures the loan;

(c) The loan is paid in full with the proceeds of an insurance claim against an insurance policy that insures the life of the borrower or an insurance policy that covers loss, damage, or destruction of the real estate that secures the loan.

(3) Division (G) of this section is not a limitation on discount points or other charges for purposes of section 501(b)(4) of the "Depository Institutions Deregulation and Monetary Control Act of 1980," 94 Stat. 161, 12 U.S.C.A. 1735f-7 note.

(H)(1) In addition to the interest and charges provided for by this section, no further or other amount, whether in the form of broker fees, placement fees, or any other fees whatsoever, shall be charged or received by the registrant, except costs and disbursements in connection with any suit to collect a loan or any lawful activity to realize on a security interest or mortgage after default,

including reasonable attorney fees incurred by the registrant as a result of the suit or activity and to which the registrant becomes entitled by law, and except the following additional charges which may be included in the principal amount of the loan or collected at any time after the loan is made:

(a) The amounts of fees authorized by law to record, file, or release security interests and mortgages on a loan;

(b) With respect to a loan secured by an interest in real estate, the following closing costs, if they are bona fide, reasonable in amount, paid to third parties, and not for the purpose of circumvention or evasion of this section:

(c) Fees for credit investigations not exceeding ten dollars.

(2) Division (H)(1) of this section does not limit the rights of registrants to engage in other transactions with borrowers, provided the transactions are not a condition of the loan.

(I) If the loan contract or security instrument contains covenants by the borrower to perform certain duties pertaining to insuring or preserving security and the registrant pursuant to the loan contract or security instrument pays for performance of the duties on behalf of the borrower, the registrant may add the amounts paid to the unpaid principal balance of the loan or collect them separately. A charge for interest may be made for sums advanced not exceeding the rate of interest permitted by division (A) of this section. Within a reasonable time after advancing a sum, the registrant shall notify the borrower in writing of the amount advanced, any interest charged with respect to the amount advanced, any revised payment schedule, and shall include a brief description of the reason for the advance.

(J)(1) In addition to points authorized under division (G) of this section, a registrant may charge and receive the following:

(a) With respect to ~~secured~~ loans secured by goods or real estate: if the principal amount of the loan is ~~less than~~ five hundred dollars or less, loan origination charges not exceeding fifteen dollars; if the principal amount of the loan is ~~at least~~ more than five hundred dollars but less than one thousand dollars, loan origination charges not exceeding thirty dollars; if the principal amount of the loan is at least one thousand dollars but less than two thousand dollars, loan

(3) Loan origination charges may be paid by the borrower at the time of the loan or may be included in the principal amount of the loan.

(K) A registrant may charge and receive check collection charges not greater than twenty dollars plus any amount passed on from other ~~financial~~ depository institutions for each check, negotiable order of withdrawal, share draft, or other negotiable instrument returned or dishonored for any reason.

(L) If the loan contract so provides, a registrant may collect a default charge on any installment not paid in full within ten days after its due date. For this purpose, all installments are considered paid in the order in which they become due. Any amounts applied to an outstanding loan balance as a result of voluntary release of a security interest, sale of security on the loan, or cancellation of insurance shall be considered payments on the loan, unless the parties otherwise agree in writing at the time the amounts are applied. The amount of the default charge shall not exceed the greater of five per cent of the scheduled installment or fifteen dollars.

(A) The acceptance of public assistance gives an automatic right of recovery to the department of job and family services and a county department of job and family services against the liability of a third party for the cost of medical assistance paid on behalf of the public assistance recipient or participant. When an action or claim is brought against a third party by a public assistance recipient or participant, any payment, settlement or compromise of the action or claim, or any court award or judgment, is subject to the recovery right of the department of job and family services or county department of job and family services. Except in the case of a recipient or participant who receives medical assistance through a managed care organization, the department's or county department's claim shall not exceed the

amount of medical assistance paid by a department on behalf of the recipient or participant. A payment, settlement, compromise, judgment, or award that excludes the cost of medical assistance paid for by a department shall not preclude a department from enforcing its rights under this section.

(B) In the case of a recipient or participant who receives medical assistance through a managed care organization, the amount of the department's or county department's claim shall be the amount the managed care organization pays for medical assistance rendered to the recipient or participant, even if that amount is more than the amount a department pays to the managed care organization for the recipient's or participant's medical assistance.

(C) A recipient or participant, and the recipient's or participant's attorney, if any, shall cooperate with the departments. In furtherance of this requirement, the recipient or participant, or the recipient's or participant's attorney, if any, shall, not later than thirty days after initiating informal recovery activity or filing a legal recovery action against a third party, provide written notice of the activity or action to the ~~appropriate department or departments as follows:~~

~~(1) To only the department of job and family services when medical assistance under medicaid or the children's buy-in program has been paid ;~~

~~(2) To the department of job and family services and the appropriate county department of job and family services when medical assistance under the disability medical assistance program has been paid.~~

(D) The written notice that must be given under division (C) of this section shall disclose the identity and address of any third party against whom the recipient or participant has or may have a right of recovery.

(E) No settlement, compromise, judgment, or award or any recovery in any action or claim by a recipient or participant where the departments have a right of recovery shall be made final without first giving the appropriate departments written notice as described in division (C) of this section and a reasonable opportunity to perfect their rights of recovery. If the departments are not given the appropriate written notice, the recipient or participant and, if there is one, the recipient's or participant's attorney, are liable to reimburse the departments for the recovery received to the extent of medical payments made by the departments.

(F) The departments shall be permitted to enforce their recovery rights against the third party even though they accepted prior payments in discharge of their rights under this section if, at the time the departments received such payments, they were not aware that additional medical expenses had been incurred but had not yet been paid by the departments. The third party becomes liable to the department of job and family services or county department of job and family services as soon as the third party is notified in writing of the valid claims for recovery under this section.

(G)(1) Subject to division (G)(2) of this section, the right of recovery of a department does not apply to that portion of any judgment, award, settlement, or

compromise of a claim, to the extent of attorneys' fees, costs, or other expenses incurred by a recipient or participant in securing the judgment, award, settlement, or compromise, or to the extent of medical, surgical, and hospital expenses paid by such recipient or participant from the recipient's or participant's own resources.

(2) Reasonable attorneys' fees, not to exceed one-third of the total judgment, award, settlement, or compromise, plus costs and other expenses incurred by the recipient or participant in securing the judgment, award, settlement, or compromise, shall first be deducted from the total judgment, award, settlement, or compromise. After fees, costs, and other expenses are deducted from the total judgment, award, settlement, or compromise, the department of job and family services or appropriate county department of job and family services shall receive no less than one-half of the remaining amount, or the actual amount of medical assistance paid, whichever is less.

(H) A right of recovery created by this section may be enforced separately or jointly by the department of job and family services or the appropriate county department of job and family services. To enforce their recovery rights, the departments may do any of the following:

(1) Intervene or join in any action or proceeding brought by the recipient or participant or on the recipient's or participant's behalf against any third party who may be liable for the cost of medical assistance paid;

(2) Institute and pursue legal proceedings against any third party who may be liable for the cost of medical assistance paid;

(3) Initiate legal proceedings in conjunction with any injured, diseased, or disabled recipient or participant or the recipient's or participant's attorney or representative.

(I) A recipient or participant shall not assess attorney fees, costs, or other expenses against the department of job and family services or a county department of job and family services when the department or county department enforces its right of recovery created by this section.

(J) The right of recovery given to the department under this section does not include rights to support from any other person assigned to the state under sections 5107.20 and 5115.07 of the Revised Code, but includes payments made by a third party under contract with a person having a duty to support."

(B) The department shall establish a method of allocating funds to hospitals, taking into consideration the relative amount of indigent care provided by each hospital or group of hospitals. The amount to be allocated shall be based on any combination of the following indicators of indigent care that the director considers appropriate:

(1) Total costs, volume, or proportion of services to recipients of the medical assistance program, including recipients enrolled in health insuring corporations;

(2) Total costs, volume, or proportion of services to low-income patients in addition to recipients of the medical assistance program, which may include recipients of Title V of the "Social Security Act," 49 Stat. 620 (1935), 42 U.S.C.A. 301, as amended, and recipients of financial ~~or medical~~ assistance provided under Chapter 5115. of the Revised Code;

(3) The amount of uncompensated care provided by the hospital or group of hospitals;

(4) Other factors that the director considers to be appropriate indicators of indigent care.

(C) The department shall distribute funds to each hospital or group of hospitals in a manner that first may provide for an additional distribution to individual hospitals that provide a high proportion of indigent care in relation to the total care provided by the hospital or in relation to other hospitals. The department shall establish a formula to distribute the remainder of the funds. The formula shall be consistent with section 1923 of the "Social Security Act," 42 U.S.C.A. 1396r-4, as amended, shall be based on any combination of the indicators of indigent care listed in division (B) of this section that the director considers appropriate.

(D) The department shall distribute funds to each hospital in installments not later than ten working days after the deadline established in rules for each hospital to pay an installment on its assessment under section 5112.06 of the Revised Code. In the case of a governmental hospital that makes intergovernmental transfers, the department shall pay an installment under this section not later than ten working days after the earlier of that deadline or the deadline established in rules for the governmental hospital to pay an installment on its intergovernmental transfer. If the amount in the hospital care assurance program fund created under section 5112.18 of the Revised Code and the portion of the health care - federal fund created under section 5111.943 of the Revised

Code that is credited to that fund pursuant to division (B) of section 5112.18 of the Revised Code are insufficient to make the total distributions for which hospitals are eligible to receive in any period, the department shall reduce the amount of each distribution by the percentage by which the amount and portion are insufficient. The department shall distribute to hospitals any amounts not distributed in the period in which they are due as soon as moneys are available in the funds.

Sec. 5112.17. (A) As used in this section:

(1) "Federal poverty guideline" means the official poverty guideline as revised annually by the United States secretary of health and human services in accordance with section 673 of the "Community Service Block Grant Act," 95 Stat. 511 (1981), 42 U.S.C.A. 9902, as amended, for a family size equal to the size of the family of the person whose income is being determined.

(2) "Third-party payer" means any private or public entity or program that may be liable by law or contract to make payment to or on behalf of an individual for health care services. "Third-party payer" does not include a hospital.

(B) Each hospital that receives funds distributed under sections 5112.01 to 5112.21 of the Revised Code shall provide, without charge to the individual, basic, medically necessary hospital-level services to individuals who are residents of this state, are not recipients of the medical assistance program, and whose income is at or below the federal poverty guideline. Recipients of disability financial assistance ~~and recipients of disability medical assistance~~ provided under Chapter 5115. of the Revised Code qualify for services under this section. The director of job and family services shall adopt rules under section 5112.03 of the Revised Code specifying the hospital services to be provided under this section.

(C) Nothing in this section shall be construed to prevent a hospital from requiring an individual to apply for eligibility under the medical assistance program before the hospital processes an application under this section. Hospitals may bill any third-party payer for services rendered under this section. Hospitals may bill the medical assistance program, in accordance with Chapter 5111. of the Revised Code and the rules adopted under that chapter, for services rendered under this section if the individual becomes a recipient of the program. Hospitals may bill individuals for services under this section if all of the following apply:

(1) The hospital has an established post-billing procedure for determining the individual's income and canceling the charges if the individual is found to qualify for services under this section.

guideline are eligible for services without charge;

(b) Specifies the federal poverty guideline for individuals and families of various sizes at the time the bill is sent;

(c) Describes the procedure required by division (C)(1) of this section.

(3) The hospital complies with any additional rules the department adopts under section 5112.03 of the Revised Code.

Notwithstanding division (B) of this section, a hospital providing care to an individual under this section is subrogated to the rights of any individual to receive compensation or benefits from any person or governmental entity for the hospital goods and services rendered.

(D) Each hospital shall collect and report to the department, in the form and manner prescribed by the department, information on the number and identity of patients served pursuant to this section.

(E) This section applies beginning May 22, 1992, regardless of whether the department has adopted rules specifying the services to be provided. Nothing in this section alters the scope or limits the obligation of any governmental entity or program, including the program awarding reparations to victims of crime under sections 2743.51 to 2743.72 of the Revised Code and the program for medically handicapped children established under section 3701.023 of the Revised Code, to pay for hospital services in accordance with state or local law."

The county department may require the applicants and recipients, as a condition of eligibility for assistance, to pursue reconsiderations and appeals of social security administration decisions that deny them supplemental security income benefits, and shall assist applicants and recipients as necessary to obtain such benefits or refer them to a person or government entity with which the department or county department has contracted under division (A) of this section.

(4) Require applicants and recipients who, in the judgment of the county department, are or may be aged, blind, or disabled, to apply for medical assistance under Chapter 5111. of the Revised Code, make determinations when appropriate as to eligibility for medical assistance, and refer their applications when necessary to the disability determination unit established in accordance with division (F) of this section for expedited review;

Training shall include but not be limited to all processes necessary to obtain federal disability benefits, and methods of advocacy.

The department shall make determinations of eligibility for medical assistance for any such person within the time prescribed by federal regulations.

(G) The department may, under rules the director of job and family services adopts in accordance with section 111.15 of the Revised Code, pay a portion of the federal reimbursement described in division (C)(5) of this section to persons or government entities that assist or represent assistance recipients in reconsiderations and appeals of social security administration decisions denying them supplemental security income benefits.

(H) The director shall conduct investigations to determine whether disability advocacy programs are being administered in compliance with the Revised Code and the rules adopted by the director pursuant to this section.

Sec. 3326.51. (A) As used in this section:

(1) "Resident district" has the same meaning as in section 3326.31 of the Revised Code.

(2) "STEM school sponsoring district" means a municipal, city, local, exempted village, or joint vocational school district that governs and controls a STEM school pursuant to this section.

(B) Notwithstanding any other provision of this chapter to the contrary:

(1) If a proposal for a STEM school submitted under section 3326.03 of the Revised Code proposes that the governing body of the school be the board of education of a municipal, city, local, exempted village, or joint vocational school district that is one of the partners submitting the proposal, and the ~~partnership for continued learning~~ STEM committee approves that proposal, that school district board shall govern and control the STEM school as one of the schools of its district.

(2) The STEM school sponsoring district shall maintain a separate accounting for the STEM school as a separate and distinct operational unit within the district's finances. The auditor of state, in the course of an annual or biennial audit of the school district serving as the STEM school sponsoring district, shall audit that school district for compliance with the financing requirements of this section.

(3) With respect to students enrolled in a STEM school whose resident district is the STEM school sponsoring district:

(a) The department of education shall make no deductions under section 3326.33 of the Revised Code from the STEM school sponsoring district's state payments.

(b) The STEM school sponsoring district shall ensure that it allocates to the STEM school funds equal to or exceeding the amount that would be calculated pursuant to division (B) of section 3313.981 of the Revised Code for the students attending the school whose resident district is the STEM school sponsoring district.

"Sec. 323.73. (A) Except as provided in division (G) of this section or section 323.78 of the Revised Code, a parcel of abandoned land that is to be disposed of under this section shall be disposed of at a public auction scheduled and conducted as described in this section. At least twenty-one days prior to the date of the public auction, the clerk of court or sheriff of the county shall advertise the public auction in a newspaper of general circulation in the county in which the land is located. The advertisement shall include the date, time, and place of the auction, the permanent parcel number of the land if a permanent parcel number system is in effect in the county as provided in section 319.28 of the Revised Code or, if a permanent parcel number system is not in effect, any other means of identifying the parcel, and a notice stating that the abandoned land is to be sold subject to the terms of sections 323.65 to 323.79 of the Revised Code.

(B) The sheriff of the county or a designee of the sheriff shall conduct the public auction at which the abandoned land will be offered for sale. To qualify as a bidder, a person shall file with the sheriff on a form provided by the sheriff a written acknowledgment that the abandoned land being offered for sale is to be conveyed in fee simple to the successful bidder. At the auction, the sheriff of the county or a designee of the sheriff shall begin the bidding at an amount equal to the total of the impositions against the abandoned land, plus the costs apportioned to the land under section 323.75 of the Revised Code. The abandoned land shall be sold to the highest bidder. The county sheriff or designee may reject any and all bids not meeting the minimum bid requirements specified in this division.

(C) Except as otherwise permitted under section 323.74 of the Revised Code, the successful bidder at a public auction conducted under this section shall pay the sheriff of the county or a designee of the sheriff a deposit of at least ten per cent of the purchase price in cash, or by bank draft or official bank check, at the time of the public auction, and shall pay the balance of the purchase price within thirty days after the day on which the auction was held. Notwithstanding section 321.261 of the Revised Code, with respect to any proceedings initiated pursuant to sections 323.65 to 323.79 of the Revised Code, from the total proceeds arising from the sale, transfer, or redemption of abandoned land, twenty per cent of such proceeds shall be deposited to the credit of the delinquent tax and assessment collection fund to reimburse the fund for costs paid from the fund for the transfer, redemption, or sale of abandoned land at public auction. Not more than one-half of the twenty per cent may be used by the treasurer for community development, nuisance abatement, foreclosure prevention, demolition, and related services or distributed by the treasurer to a land reutilization corporation. The balance of the proceeds, if any, shall be distributed to the appropriate political subdivisions and other taxing units in proportion to their respective claims for taxes, assessments, interest, and penalties on the land. Upon the sale of foreclosed lands, the clerk of court shall hold any surplus proceeds in excess of the impositions until the clerk receives an order of priority and amount of distribution of the surplus that are adjudicated by a court of competent jurisdiction or receives a certified copy of an agreement between the parties entitled to a share of the surplus providing for the priority and distribution of the surplus. Any party to the action claiming a right to distribution of surplus shall have a separate cause of action in the county or municipal court of the jurisdiction in which the land reposes, provided the board confirms the transfer or regularity of the sale. Any dispute over the distribution of the surplus shall not affect or revive the equity of redemption after the board confirms the transfer or sale.

(D) Upon the sale or transfer of abandoned land pursuant to this section, the owner's fee simple interest in the land shall be conveyed to the purchaser. A conveyance under this division is free and clear of any liens and encumbrances of the parties named in the complaint for foreclosure attaching before the sale or transfer, and free and clear of any liens for taxes, except for federal tax liens and

covenants and easements of record attaching before the sale.

(E) The county board of revision shall reject the sale of abandoned land to any person if it is shown by a preponderance of the evidence that the person is delinquent in the payment of taxes levied by or pursuant to Chapter 307., 322., 324., 5737., 5739., 5741., or 5743. of the Revised Code or any real property taxing provision of the Revised Code. The board also shall reject the sale of abandoned land to any person if it is shown by a preponderance of the evidence that the person is delinquent in the payment of property taxes on any parcel in the county, or to a member of any of the following classes of parties connected to that person:

- (1) A member of that person's immediate family;
- (2) Any other person with a power of attorney appointed by that person;
- (3) A sole proprietorship owned by that person or a member of that person's immediate family;
- (4) A partnership, trust, business trust, corporation, association, or other entity in which that person or a member of that person's immediate family owns or controls directly or indirectly any beneficial or legal interest.

(F) If the purchase of abandoned land sold pursuant to this section or section 323.74 of the Revised Code is for less than the sum of the impositions against the abandoned land and the costs apportioned to the land under division (A) of section 323.75 of the Revised Code, then, upon the sale or transfer, all liens for taxes due at the time the deed of the property is conveyed to the purchaser following the sale or transfer, and liens subordinate to liens for taxes, shall be deemed satisfied and discharged.

(G) If the county board of revision finds that the total of the impositions against the abandoned land are greater than the fair market value of the abandoned land as determined by the auditor's then-current valuation of that land, the board, at any final hearing under section 323.70 of the Revised Code, may order the property foreclosed and, without an appraisal or public auction, order the sheriff to execute a deed to the certificate holder or county land reutilization corporation that filed a complaint under section 323.69 of the Revised Code, or to a community development organization, school district, municipal corporation, county, or township, whichever is applicable, as provided in section 323.74 of the Revised Code ~~except that no deed shall be transferred to a county land reutilization corporation after two years following the filing of its articles of incorporation by the secretary of state.~~ Upon a transfer under this division, all liens for taxes due at the time the deed of the property is transferred to the certificate holder, community development organization, school district, municipal corporation, county, or township following the conveyance, and liens subordinate to liens for taxes, shall be deemed satisfied and discharged.

Sec. 323.74. (A) If a public auction is held for abandoned land pursuant to section 323.73 of the Revised Code, but the land is not sold at the public

auction, the county board of revision may order the disposition of the abandoned land in accordance with division (B) or (C) of this section.

(B) The abandoned land offered for sale at a public auction as described in section 323.73 of the Revised Code, but not sold at the auction, may be offered for sale in any usual and customary manner by the sheriff as otherwise provided by law. The subsequent public auction may be held in the same manner as the public auction was held under section 323.73 of the Revised Code, but the minimum bid at an auction held under this division shall be the lesser of fifty per cent of fair market value of the abandoned land as currently shown by the county auditor's latest valuation, or the sum of the impositions against the abandoned land plus the costs apportioned to the land under section 323.75 of the Revised Code. Notice of any subsequent sale pursuant to this section may be given in the original notice of sale listing the time, date, and place of the subsequent sale.

(C) Upon certification from the sheriff that abandoned land was offered for sale at a public auction as described in section 323.73 of the Revised Code but was not purchased, a community development organization or any school district, municipal corporation, county, or township in which the land is located may request that title to the land be transferred to the community development organization, school district, municipal corporation, county, or township at the time described in this division. The request shall be delivered to the board of revision at any time from the date the complaint for foreclosure is filed under section 323.69 of the Revised Code, but not later than sixty days after the date on which the land was first offered for sale. ~~A county land reutilization corporation may not submit such a request, and the board of revision shall not accept such a request submitted, after two years following the filing of the corporation's articles of incorporation by the secretary of state.~~ The request shall include a representation that the organization, district, or political subdivision, not later than thirty days after receiving legal title to the abandoned land, will begin basic exterior improvements that will protect the land from further unreasonable deterioration. The improvements shall include, but are not limited to, the removal of trash and refuse from the exterior of the premises and the securing of open, vacant, or vandalized areas on the exterior of the premises. The representation shall be deemed to have been given if the notice is supplied by an electing subdivision as defined in section 5722.01 of the Revised Code.

(D) The county board of revision, upon any adjudication of foreclosure and forfeiture against the abandoned land, may order the sheriff to dispose of the abandoned land as prescribed in sections 323.65 to 323.79 of the Revised Code ; ~~except that no interest in such abandoned lands shall be transferred to a county land reutilization corporation after two years following the filing of its articles of incorporation by the secretary of state.~~ The order by the board shall include instructions to the sheriff to transfer the land to the specified community development organization, school district, municipal corporation, county, or township after payment of the costs of disposing of the abandoned land pursuant to section 323.75 of the Revised Code or, if any negotiated price has been agreed to between the county treasurer and the community development organization,

school district, municipal corporation, county, or township, after payment of that negotiated price as certified by the board to the sheriff.

(E) Upon receipt of payment under this section, the sheriff shall convey by sheriff's deed the fee simple interest in, and to, the abandoned land. If the abandoned land is transferred pursuant to division (D) of this section and the county treasurer reasonably determines that the transfer will result in the property being occupied, the county treasurer may waive, but is not required to waive, some or all of the impositions against the abandoned land or costs apportioned to the land under section 323.75 of the Revised Code.

(F) Upon a transfer under this section, all liens for taxes due at the time the deed of the property is conveyed to a purchaser or transferred to a community development organization, school district, municipal corporation, county, or township, and liens subordinate to liens for taxes, shall be deemed satisfied and discharged.

(G) Any parcel that has been advertised and offered for sale pursuant to foreclosure proceedings and has not sold for want of bidders or been otherwise transferred under sections 323.65 to 323.79 of the Revised Code shall be forfeited or otherwise disposed of in the same manner as lands under section 323.25 or 5721.18 or Chapter 5723. of the Revised Code.

Sec. 323.77. (A) As used in this section, "electing subdivision" has the same meaning as in section 5722.01 of the Revised Code.

(B) At any time from the date the complaint for foreclosure is filed under section 323.69 of the Revised Code, but not later than sixty days after the date on which the land was first offered for sale, an electing subdivision or a county land reutilization corporation may give the county treasurer, prosecuting attorney, or board of revision notice in writing that it seeks to acquire any parcel of abandoned land, identified by parcel number, from the abandoned land list. If any such parcel of abandoned land identified under this section is offered for sale pursuant to section 323.73 of the Revised Code, but is not sold for want of a minimum bid, the electing subdivision or a county land reutilization corporation that identified that parcel of abandoned land shall be deemed to have appeared at the sale and submitted the winning bid at the auction, and the parcel of abandoned land shall be sold to the electing subdivision or corporation for no consideration other than the costs prescribed in section 323.75 of the Revised Code or those costs to which the electing subdivision or corporation and the county treasurer mutually agree. ~~No interest in such abandoned lands shall be transferred to a county land reutilization corporation under this section after two years following the filing of its articles of incorporation by the secretary of state.~~ The conveyance shall be confirmed, and any common law or statutory right of redemption forever terminated, upon the filing with the clerk of court the order of confirmation based on the adjudication of foreclosure by the county board of revision, which the clerk shall enter upon the journal of the court or a separate journal.

If a county land reutilization corporation and an electing subdivision both

request to acquire the parcel, the electing subdivision shall have priority to acquire the parcel. Notwithstanding its prior notice to the county treasurer under this section that it seeks to acquire the parcel of abandoned land, if a county land reutilization corporation has also requested to acquire the parcel, the electing subdivision may withdraw the notice before confirmation of the conveyance, in which case the parcel shall be conveyed to the county land reutilization corporation.

Sec. 323.78. Notwithstanding anything in Chapters 323., 5721., and 5723. of the Revised Code, if the county treasurer of a county having a population of more than one million two hundred thousand as of the most recent decennial census, in any petition for foreclosure of abandoned lands, elects to invoke the alternative redemption period, then upon any adjudication of foreclosure by any court or the board of revision in any proceeding under section 323.25, sections 323.65 to 323.79, or section 5721.18 of the Revised Code, the following apply:

(A) Unless otherwise ordered by a motion of the court or board of revision, the petition shall assert, and any notice of final hearing shall include, that upon foreclosure of the parcel, the equity of redemption in any parcel by its owner shall be forever terminated after the expiration of the alternative redemption period, that the parcel thereafter may be sold at sheriff's sale either by itself or together with other parcels as permitted by law; or that the parcel may, by order of the court or board of revision, be transferred directly to a municipal corporation, township, county, school district, or county land reutilization corporation without appraisal and without a sale, free and clear of all impositions and any other liens on the property, which shall be deemed forever satisfied and discharged.

(B) After the expiration of the alternative redemption period following an adjudication of foreclosure, by order of the court or board of revision, any equity of redemption is forever extinguished, and the parcel may be transferred individually or in lots with other tax-foreclosed properties to a municipal corporation, township, county, school district, or county land reutilization corporation without appraisal and without a sale, upon which all impositions and any other liens subordinate to liens for impositions due at the time the deed to the property is conveyed to a purchaser or transferred to a community development organization, county land reutilization corporation, municipal corporation, county, township, or school district, shall be deemed satisfied and discharged. Other than the order of the court or board of revision so ordering the transfer of the parcel, no further act of confirmation or other order shall be required for such a transfer, or for the extinguishment of any right of redemption. ~~No such parcel shall be transferred to a county land reutilization corporation after two years following the filing of its articles of incorporation by the secretary of state.~~

(C) Upon the expiration of the alternative redemption period in cases to which the alternative redemption period has been ordered, if no community

development organization, county land reutilization corporation, municipal corporation, county, township, or school district has requested title to the parcel, the court or board of revision may order the property sold as otherwise provided in Chapters 323. and 5721. of the Revised Code, and, failing any bid at any such sale, the parcel shall be forfeited to the state and otherwise disposed of pursuant to Chapter 5723. of the Revised Code."

Between lines 27282 and 27283, insert:

"**Sec. 1724.02.** In furtherance of the purposes set forth in section 1724.01 of the Revised Code, a community improvement corporation shall have the following powers:

(A)(1) To borrow money for any of the purposes of the community improvement corporation by means of loans, lines of credit, or any other financial instruments or securities, including the issuance of its bonds, debentures, notes, or other evidences of indebtedness, whether secured or unsecured, and to secure the same by mortgage, pledge, deed of trust, or other lien on its property, franchises, rights, and privileges of every kind and nature or any part thereof or interest therein; and

(2) If the community improvement corporation is a county land reutilization corporation, the corporation may request, by resolution:

(a) That the board of county commissioners of the county served by the corporation pledge a specifically identified source or sources of revenue pursuant to division (C) of section 307.78 of the Revised Code as security for such borrowing by the corporation; and

(b)(i) If the land subject to reutilization is located within an unincorporated area of the county, that the board of county commissioners issue notes under section 307.082 of the Revised Code for the purpose of constructing public infrastructure improvements and take other actions as the board determines are in the interest of the county and are authorized under sections 5709.78 to 5709.81 of the Revised Code or bonds or notes under section 5709.81 of the Revised Code for the refunding purposes set forth in that section; or

(ii) If the land subject to reutilization is located within the corporate boundaries of a municipal corporation, that the municipal corporation issue bonds for the purpose of constructing public infrastructure improvements and take such other actions as the municipal corporation determines are in its interest and are authorized under sections 5709.40 to 5709.43 of the Revised Code.

(B) To make loans to any person, firm, partnership, corporation, joint stock company, association, or trust, and to establish and regulate the terms and conditions with respect to any such loans; provided that an economic development corporation shall not approve any application for a loan unless and until the person applying for said loan shows that the person has applied for the loan through ordinary banking or commercial channels and that the loan has been refused by at least one bank or other financial institution. Nothing in this

division shall preclude a county land reutilization corporation from making revolving loans to community development corporations or groups for the purposes contained in the corporation's plan under section 1724.10 of the Revised Code.

(C) To purchase, receive, hold, manage, lease, lease-purchase, or otherwise acquire and to sell, convey, transfer, lease, sublease, or otherwise dispose of real and personal property, together with such rights and privileges as may be incidental and appurtenant thereto and the use thereof, including but not restricted to, any real or personal property acquired by the community improvement corporation from time to time in the satisfaction of debts or enforcement of obligations, and to enter into contracts with third parties, including the federal government, the state, any political subdivision, or any other entity. A county land reutilization corporation shall not acquire an interest in real property if such acquisition causes the percentage of unoccupied real property held by the corporation to become less than seventy-five per cent of all real property held by the corporation for reutilization, reclamation, or rehabilitation. For the purposes of this division, "unoccupied" has the same meaning as in section 323.65 of the Revised Code. ~~No interest in real property shall be acquired by a county land reutilization corporation after two years following the filing of its articles of incorporation by the secretary of state.~~

(D) To acquire the good will, business, rights, real and personal property, and other assets, or any part thereof, or interest therein, of any persons, firms, partnerships, corporations, joint stock companies, associations, or trusts, and to assume, undertake, or pay the obligations, debts, and liabilities of any such person, firm, partnership, corporation, joint stock company, association, or trust; to acquire, reclaim, manage, or contract for the management of improved or unimproved and underutilized real estate for the purpose of constructing industrial plants, other business establishments, or housing thereon, or causing the same to occur, for the purpose of assembling and enhancing utilization of the real estate, or for the purpose of disposing of such real estate to others in whole or in part for the construction of industrial plants, other business establishments, or housing; and to acquire, reclaim, manage, contract for the management of, construct or reconstruct, alter, repair, maintain, operate, sell, convey, transfer, lease, sublease, or otherwise dispose of industrial plants, business establishments, or housing. ~~No interest in real property shall be acquired by a county land reutilization corporation after two years following the filing of its articles of incorporation by the secretary of state.~~

(E) To acquire, subscribe for, own, hold, sell, assign, transfer, mortgage, pledge, or otherwise dispose of the stock, shares, bonds, debentures, notes, or other securities and evidences of interest in, or indebtedness of, any person, firm, corporation, joint stock company, association, or trust, and while the owner or holder thereof, to exercise all the rights, powers, and privileges of ownership, including the right to vote therein, provided that no tax revenue, if any, received by a community improvement corporation shall be used for such acquisition or subscription.

(F) To mortgage, pledge, or otherwise encumber any property acquired pursuant to the powers contained in divisions (C), (D), or (E) of this section.

(G) Nothing in this section shall limit the right of a community improvement corporation to become a member of or a stockholder in a corporation formed under Chapter 1726. of the Revised Code.

(H) To serve as an agent for grant applications and for the administration of grants, or to make applications as principal for grants for county land reutilization corporations.

(I) To exercise the powers enumerated under Chapter 5722. of the Revised Code on behalf of a county that organizes or contracts with a county land reutilization corporation.

(J) To engage in code enforcement and nuisance abatement, including, but not limited to, cutting grass and weeds, boarding up vacant or abandoned structures, and demolishing condemned structures on properties that are subject to a delinquent tax or assessment lien, or property for which a municipal corporation or township has contracted with a county land reutilization corporation to provide code enforcement or nuisance abatement assistance.

(K) To charge fees or exchange in-kind goods or services for services rendered to political subdivisions and other persons or entities for whom services are rendered.

(L) To employ and provide compensation for an executive director who shall manage the operations of a county land reutilization corporation and employ others for the benefit of the corporation as approved and funded by the board of directors. No employee of the corporation is or shall be deemed to be an employee of the political subdivision for whose benefit the corporation is organized solely because the employee is employed by the corporation;

(M) To purchase tax certificates at auction, negotiated sale, or from a third party who purchased and is a holder of one or more tax certificates issued pursuant to sections 5721.30 to 5721.43 of the Revised Code;

(N) To be assigned a mortgage on real property from a mortgagee in lieu of acquiring such real property subject to a mortgage. ~~No mortgage shall be transferred or assigned to a county land reutilization corporation after two years following the filing of its articles of incorporation by the secretary of state.~~

(O) To do all acts and things necessary or convenient to carry out the purposes of section 1724.01 of the Revised Code and the powers especially created for a community improvement corporation in Chapter 1724. of the Revised Code, including, but not limited to, contracting with the federal government, the state or any political subdivision, and any other party, whether nonprofit or for-profit.

The powers enumerated in this chapter shall not be construed to limit the general powers of a community improvement corporation. The powers granted

under this chapter are in addition to those powers granted by any other chapter of the Revised Code, but, as to a county land reutilization corporation, shall be used only for the purposes enumerated under division (B)(2) of section 1724.01 of the Revised Code. ~~Notwithstanding any other provision in the Revised Code granting such authority, a county land reutilization corporation may not acquire any interest in real property after two years following the filing of its articles of incorporation by the secretary of state.~~"

Between lines 82541 and 82542, insert:

"**Sec. 5721.32.** (A) The sale of tax certificates by public auction may be conducted at any time after completion of the advertising of the sale under section 5721.31 of the Revised Code, on the date and at the time and place designated in the advertisements, and may be continued from time to time as the county treasurer directs. The county treasurer may offer the tax certificates for sale in blocks of tax certificates, consisting of any number of tax certificates as determined by the county treasurer.

(B)(1) The sale of tax certificates under this section shall be conducted at a public auction by the county treasurer or a designee of the county treasurer.

(2) No person shall be permitted to bid without completing a bidder registration form, in the form prescribed by the tax commissioner, and without filing the form with the county treasurer prior to the start of the auction, together with remittance of a registration fee, in cash, of five hundred dollars. The bidder registration form shall include a tax identification number of the registrant. The registration fee is refundable at the end of bidding on the day of the auction, unless the registrant is the winning bidder for one or more tax certificates or one or more blocks of tax certificates, in which case the fee may be applied toward the deposit required by this section.

(3) The county treasurer may require a person who wishes to bid on one or more parcels to submit a letter from a financial institution stating that the bidder has sufficient funds available to pay the purchase price of the parcels and a written authorization for the treasurer to verify such information with the financial institution. The county treasurer may require submission of the letter and authorization sufficiently in advance of the auction to allow for verification. No person who fails to submit the required letter and authorization, or whose financial institution fails to provide the requested verification, shall be permitted to bid.

(C) At the public auction, the county treasurer or the treasurer's designee or agent shall begin the bidding at eighteen per cent per year simple interest, and accept lower bids in even increments of one-fourth of one per cent to the rate of zero per cent. The county treasurer, designee, or agent shall award the tax certificate to the person bidding the lowest certificate rate of interest. The county treasurer shall decide which person is the winning bidder in the event of a tie for the lowest bid offered, or if a person contests the lowest bid offered. The county treasurer's decision is not appealable.

(D)(1) The winning bidder shall pay the county treasurer a cash deposit of at least ten per cent of the certificate purchase price not later than the close of business on the day of the sale. The winning bidder shall pay the balance and the fee required under division (H) of this section not later than five business days after the day on which the certificate is sold. Except as provided under division (D)(2) of this section, if the winning bidder fails to pay the balance and fee within the prescribed time, the bidder forfeits the deposit, and the county treasurer shall retain the tax certificate and may attempt to sell it at any auction conducted at a later date.

(2) At the request of a winning bidder, the county treasurer may release the bidder from the bidder's tax certificate purchase obligation. The county treasurer may retain all or any portion of the deposit of a bidder granted a release. After granting a release under this division, the county treasurer may award the tax certificate to the person that submitted the second lowest bid at the auction.

(3) The county treasurer shall deposit the deposit forfeited or retained under divisions (D)(1) or (2) of this section in the county treasury to the credit of the tax certificate administration fund.

(E) Upon receipt of the full payment of the certificate purchase price from the purchaser, the county treasurer shall issue the tax certificate and record the tax certificate sale by entering into a tax certificate register the certificate purchase price, the certificate rate of interest, the date the certificate was sold, the name and address of the certificate holder, and any other information the county treasurer considers necessary. The county treasurer may keep the tax certificate register in a hard-copy format or in an electronic format. The name and address of the certificate holder may be, upon receipt of instructions from the purchaser, that of the secured party of the actual purchaser, or an agent or custodian for the purchaser or secured party. The county treasurer also shall transfer the tax certificate to the certificate holder. The county treasurer shall apportion the part of the proceeds from the sale representing taxes, penalties, and interest among the several taxing districts in the same proportion that the amount of taxes levied by each district against the certificate parcel in the preceding tax year bears to the taxes levied by all such districts against the certificate parcel in the preceding tax year, and credit the part of the proceeds representing assessments and other charges to the items of assessments and charges in the order in which those items became due. Upon issuing a tax certificate, the delinquent taxes that make up the certificate purchase price are transferred, and the superior lien of the state and its taxing districts for those delinquent taxes is conveyed intact to the certificate holder.

(F) If a tax certificate is offered for sale under this section but is not sold, the county treasurer may strike the corresponding certificate parcel from the list of parcels selected for tax certificate sales. The lien for taxes, assessments, charges, penalties, and interest against a parcel stricken from the list thereafter may be foreclosed in the manner prescribed by section 323.25, sections 323.65

to 323.79, or section 5721.14 or 5721.18 of the Revised Code unless, prior to the institution of such proceedings against the parcel, the county treasurer restores the parcel to the list of parcels selected for tax certificate sales.

(G) A certificate holder shall not be liable for damages arising from a violation of sections 3737.87 to 3737.891 or Chapter 3704., 3734., 3745., 3746., 3750., 3751., 3752., 6109., or 6111. of the Revised Code, or a rule adopted or order, permit, license, variance, or plan approval issued under any of those chapters, that is or was committed by another person in connection with the parcel for which the tax certificate is held.

(H) When selling a tax certificate under this section, the county treasurer shall charge a fee to the purchaser of the certificate. The county treasurer shall set the fee at a reasonable amount that covers the treasurer's costs of administering the sale of the tax certificate. The county treasurer shall deposit the fee in the county treasury to the credit of the tax certificate administration fund.

(I) After selling a tax certificate under this section, the county treasurer shall send written notice by certified mail to the owner of the certificate parcel at the owner's last known tax-mailing address. The notice shall inform the owner that the tax certificate was sold, shall describe the owner's options to redeem the parcel, including entering into a redemption payment plan under division (C)(1) of section 5721.38 of the Revised Code, and shall name the certificate holder and its secured party, if any. However, the county treasurer is not required to send a notice under this division if the treasurer previously has attempted to send a notice to the owner of the parcel at the owner's last known tax-mailing address, and the postal service has returned the notice as undeliverable.

(J) A tax certificate shall not be sold to the owner of the certificate parcel. ~~A tax certificate shall not be sold to a county land reutilization corporation after two years following the filing of its articles of incorporation by the secretary of state.~~

Sec. 5721.33. (A) A county treasurer may, in the treasurer's discretion, negotiate the sale or transfer of any number of tax certificates with one or more persons, including a county land reutilization corporation. ~~No tax certificate shall be sold or transferred to a county land reutilization corporation after two years following the filing of its articles of incorporation by the secretary of state.~~ Terms that may be negotiated include, without limitation, any of the following:

(1) A premium to be added to or discount to be subtracted from the certificate purchase price for the tax certificates;

(2) Different time frames under which the certificate holder may initiate a foreclosure action than are otherwise allowed under sections 5721.30 to 5721.43 of the Revised Code, not to exceed six years after the date the tax certificate was sold or transferred;

(3) The amount to be paid in private attorney's fees related to tax

certificate foreclosures, subject to section 5721.371 of the Revised Code;

(4) Any other terms of the sale or transfer that the county treasurer, in the treasurer's discretion, determines appropriate or necessary for the sale or transfer.

(B) The sale or transfer of tax certificates under this section shall be governed by the criteria established by the county treasurer pursuant to division (E) of this section.

(C) The county treasurer may execute a tax certificate sale/purchase agreement and other necessary agreements with a designated purchaser or purchasers to complete a negotiated sale or transfer of tax certificates.

(D) The tax certificate may be sold at a premium to or discount from the certificate purchase price. The county treasurer may establish as one of the terms of the negotiated sale the portion of the certificate purchase price, plus any applicable premium or less any applicable discount, that the purchaser or purchasers shall pay in cash on the date the tax certificates are sold and the portion, if any, of the certificate purchase price, plus any applicable premium or less any applicable discount, that the purchaser or purchasers shall pay in noncash consideration and the nature of that consideration.

The county treasurer shall sell such tax certificates at a certificate purchase price, plus any applicable premium and less any applicable discount, and at a certificate rate of interest that, in the treasurer's determination, are in the best interests of the county.

(E)(1) The county treasurer shall adopt rules governing the eligibility of persons to purchase tax certificates or to otherwise participate in a negotiated sale under this section. The rules may provide for precertification of such persons, including a requirement for disclosure of income, assets, and any other financial information the county treasurer determines appropriate. The rules also may prohibit any person that is delinquent in the payment of any tax to the county or to the state, or that is in default in or on any other obligation to the county or to the state, from purchasing a tax certificate or otherwise participating in a negotiated sale of tax certificates under this section. The rules may also authorize the purchase of certificates by a county land reutilization corporation, and authorize the county treasurer to receive notes in lieu of cash, with such notes being payable to the treasurer upon the receipt or enforcement of such taxes, assessments, charges, costs, penalties, and interest, and as otherwise further agreed between the corporation and the treasurer. ~~A county land reutilization corporation may not purchase any such certificate after two years following the filing of its articles of incorporation by the secretary of state.~~ The eligibility information required shall include the tax identification number of the purchaser and may include the tax identification number of the participant. The county treasurer, upon request, shall provide a copy of the rules adopted under this section.

(2) Any person that intends to purchase a tax certificate in a negotiated sale shall submit an affidavit to the county treasurer that establishes compliance

with the applicable eligibility criteria and includes any other information required by the treasurer. Any person that fails to submit such an affidavit is ineligible to purchase a tax certificate. Any person that knowingly submits a false or misleading affidavit shall forfeit any tax certificate or certificates purchased by the person at a sale for which the affidavit was submitted, shall be liable for payment of the full certificate purchase price, plus any applicable premium and less any applicable discount, of the tax certificate or certificates, and shall be disqualified from participating in any tax certificate sale conducted in the county during the next five years.

(3) A tax certificate shall not be sold to the owner of the certificate parcel or to any corporation, partnership, or association in which such owner has an interest. No person that purchases a tax certificate in a negotiated sale shall assign or transfer the tax certificate to the owner of the certificate parcel or to any corporation, partnership, or association in which the owner has an interest. Any person that knowingly or negligently transfers or assigns a tax certificate to the owner of the certificate parcel or to any corporation, partnership, or association in which such owner has an interest shall be liable for payment of the full certificate purchase price, plus any applicable premium and less any applicable discount, and shall not be entitled to a refund of any amount paid. Such tax certificate shall be deemed void and the tax lien sold under the tax certificate shall revert to the county as if no sale of the tax certificate had occurred.

(F) The purchaser in a negotiated sale under this section shall deliver the certificate purchase price or other consideration, plus any applicable premium and less any applicable discount and including any noncash consideration, to the county treasurer not later than the close of business on the date the tax certificates are delivered to the purchaser. The certificate purchase price, less any applicable discount, or portion of the price, that is paid in cash shall be deposited in the county's general fund to the credit of the account to which ad valorem real property taxes are credited and further credited as provided in division (G) of this section. Any applicable premium that is paid shall be, at the discretion of the county treasurer, apportioned to and deposited in any authorized county fund. The purchaser also shall pay on the date the tax certificates are delivered to the purchaser the fee, if any, negotiated under division (J) of this section. If the purchaser fails to pay the certificate purchase price, plus any applicable premium and less any applicable discount, and any such fee, within the time periods required by this section, the county treasurer shall retain the tax certificate and may attempt to sell it at any auction or negotiated sale conducted at a later date.

(G) Upon receipt of the full payment from the purchaser of the certificate purchase price or other agreed-upon consideration, plus any applicable premium and less any applicable discount, and the negotiated fee, if any, the county treasurer, or a qualified trustee whom the treasurer has engaged for such purpose, shall issue the tax certificate and record the tax certificate sale by entering into a tax certificate register the certificate purchase price, any premium paid or discount taken, the certificate rate of interest, the date the certificates

were sold, the name and address of the certificate holder or, in the case of issuance of the tax certificates in a book-entry system, the name and address of the nominee, and any other information the county treasurer considers necessary. The county treasurer may keep the tax certificate register in a hard-copy format or an electronic format. The name and address of the certificate holder or nominee may be, upon receipt of instructions from the purchaser, that of the secured party of the actual purchaser, or an agent or custodian for the purchaser or secured party. The county treasurer also shall transfer the tax certificates to the certificate holder. The county treasurer shall apportion the part of the cash proceeds from the sale representing taxes, penalties, and interest among the several taxing districts in the same proportion that the amount of taxes levied by each district against the certificate parcels in the preceding tax year bears to the taxes levied by all such districts against the certificate parcels in the preceding tax year, and credit the part of the proceeds representing assessments and other charges to the items of assessments and charges in the order in which those items became due. If the cash proceeds from the sale are not sufficient to fully satisfy the items of taxes, assessments, penalties, interest, and charges on the certificate parcels against which tax certificates were sold, the county treasurer shall credit the cash proceeds to such items pro rata based upon the proportion that each item of taxes, assessments, penalties, interest, and charges bears to the aggregate of all such items, or by any other method that the county treasurer, in the treasurer's sole discretion, determines is equitable. Upon issuing the tax certificates, the delinquent taxes that make up the certificate purchase price are transferred, and the superior lien of the state and its taxing districts for those delinquent taxes is conveyed intact to the certificate holder or holders.

(H) If a tax certificate is offered for sale under this section but is not sold, the county treasurer may strike the corresponding certificate parcel from the list of parcels selected for tax certificate sales. The lien for taxes, assessments, charges, penalties, and interest against a parcel stricken from the list thereafter may be foreclosed in the manner prescribed by section 323.25, 5721.14, or 5721.18 of the Revised Code unless, prior to the institution of such proceedings against the parcel, the county treasurer restores the parcel to the list of parcels selected for tax certificate sales.

(I) Neither a certificate holder nor its secured party, if any, shall be liable for damages arising from a violation of sections 3737.87 to 3737.891 or Chapter 3704., 3734., 3745., 3746., 3750., 3751., 3752., 6109., or 6111. of the Revised Code, or a rule adopted or order, permit, license, variance, or plan approval issued under any of those chapters, that is or was committed by another person in connection with the parcel for which the tax certificate is held.

(J) When selling or transferring a tax certificate under this section, the county treasurer may negotiate with the purchaser of the certificate for fees paid by the purchaser to the county treasurer to reimburse the treasurer for any part or all of the treasurer's costs of preparing for and administering the sale of the tax certificate and any fees set forth by the county treasurer in the tax certificate sale/purchase agreement. Such fees, if any, shall be added to the certificate

purchase price and shall be paid by the purchaser on the date of delivery of the tax certificate. The county treasurer shall deposit the fees in the county treasury to the credit of the tax certificate administration fund.

(K) After selling tax certificates under this section, the county treasurer shall send written notice by certified mail to the last known tax-mailing address of the owner of the certificate parcel. The notice shall inform the owner that a tax certificate with respect to such owner's parcel was sold or transferred and shall describe the owner's options to redeem the parcel, including entering into a redemption payment plan under division (C)(2) of section 5721.38 of the Revised Code. However, the county treasurer is not required to send a notice under this division if the treasurer previously has attempted to send a notice to the owner of the parcel at the owner's last known tax-mailing address and the postal service has returned the notice as undeliverable.

Sec. 5722.02. (A) Any municipal corporation, county, or township may elect to adopt and implement the procedures set forth in sections 5722.02 to 5722.15 of the Revised Code to facilitate the effective reutilization of nonproductive land situated within its boundaries. Such election shall be made by ordinance in the case of a municipal corporation, and by resolution in the case of a county or township. The ordinance or resolution shall state that the existence of nonproductive land within its boundaries is such as to necessitate the implementation of a land reutilization program to foster either the return of such nonproductive land to tax revenue generating status or the devotion thereof to public use.

(B) Any county adopting a resolution under division (A) of this section may direct in the resolution that a county land reutilization corporation be organized under Chapter 1724. of the Revised Code to act on behalf of and cooperate with the county in exercising the powers and performing the duties of the county under this chapter. The powers extended to a county land reutilization corporation shall not be construed as a limitation on the powers granted to a county land reutilization corporation under Chapter 1724. of the Revised Code, but shall be construed as additional powers, ~~except that a county land reutilization corporation may not acquire any interest in real property under this chapter after two years following the filing of its articles of incorporation by the secretary of state.~~

(C) An electing subdivision shall promptly deliver certified copies of such ordinance or resolution to the auditor, treasurer, and the prosecutor of each county in which the electing subdivision is situated. On and after the effective date of such ordinance or resolution, the foreclosure, sale, management, and disposition of all nonproductive land situated within the electing subdivision's boundaries shall be governed by the procedures set forth in sections 5722.02 to 5722.15 of the Revised Code, and, in the case of a county land reutilization corporation, as authorized under Chapter 1724. of the Revised Code. When a county adopts a resolution organizing a county land reutilization corporation pursuant to this chapter, the county shall deliver a copy of the resolution to the

county auditor, county treasurer, and county prosecuting attorney.

(D) A county, a county land reutilization corporation, and a municipal corporation or township may enter into an agreement to implement the procedures in sections 5722.02 to 5722.15 of the Revised Code within the boundaries of the municipal corporation or township if the county and the township or municipal corporation are electing subdivisions and the county has, by resolution, designated a county land reutilization corporation to act on its behalf under this chapter.

Any property acquired by a county land reutilization corporation in a transaction other than the tax foreclosure procedures in Chapter 323., 5721., or 5723. of the Revised Code shall be subject to a priority right of acquisition by a municipal corporation or township in which the property is located for a period of thirty days after the county land reutilization corporation first records the deed evidencing acquisition of such property with the county recorder. A municipal corporation or township claiming a priority right of acquisition shall file, and the county recorder shall record, an instrument evidencing such right within the thirty-day period. The instrument shall include the name and address of the applicable municipal corporation or township, the parcel or other identifying number and an affirmative statement by the municipal corporation or township that it intends to acquire the property. If the municipal corporation or township records such an instrument within the thirty-day period, then the priority right of acquisition shall be effective for a period of ninety days after the instrument is recorded. If the municipal corporation or township does not record the instrument expressing its intent to acquire the property or, if having timely recorded such instrument does not thereafter acquire and record a deed within the ninety-day period following the recording of its intent to acquire the property, then the county land reutilization corporation may dispose of such property free and clear of any claim or interest of such municipal corporation or township. If a municipal corporation or township does not record an instrument of intent to acquire property within the thirty-day period, or if a municipal corporation or township, after timely recording an instrument of intent to acquire a parcel, does not thereafter acquire the parcel within ninety days and record a deed thereto with the county recorder, the municipal corporation or township has no statutory, legal, or equitable claim or estate in property acquired by the county land reutilization corporation. This section shall not be construed to constitute an exception to free and clear title to the property held by a county land reutilization corporation or any of its subsequent transferees, or to preclude a county land reutilization corporation and any municipal corporation or township from entering into an agreement that disposes of property on terms to which they may thereafter mutually agree.

Sec. 5722.04. (A) Upon receipt of an ordinance or resolution adopted pursuant to section 5722.02 of the Revised Code, the county auditor shall deliver to the electing subdivision a list of all delinquent lands within an electing subdivision's boundaries that have been forfeited to the state pursuant to section 5723.01 of the Revised Code and thereafter shall notify the electing subdivision

of any additions to or deletions from such list.

The electing subdivision shall select from such lists the forfeited lands that constitute nonproductive lands that the subdivision wishes to acquire, and shall notify the county auditor of its selection prior to the advertisement and sale of such lands. Notwithstanding the sales price provisions of division (A)(1) of section 5723.06 of the Revised Code, the selected nonproductive lands shall be advertised for sale and be sold to the highest bidder for an amount at least sufficient to pay the amount determined under division (A)(2) of section 5721.16 of the Revised Code. All nonproductive lands forfeited to the state and selected by an electing subdivision, when advertised for sale pursuant to the relevant procedures set forth in Chapter 5723. of the Revised Code, shall be advertised separately from the advertisement applicable to other forfeited lands. The advertisement relating to the selected nonproductive lands also shall include a statement that the lands have been selected by the electing subdivision as nonproductive lands that it wishes to acquire and that, if at the forfeiture sale no bid for the sum of the taxes, assessments, charges, penalties, interest, and costs due on the parcel as determined under division (A)(1)(a) of section 5723.06 of the Revised Code is received, the lands shall be sold to the electing subdivision.

(B) If any nonproductive land that has been forfeited to the state and selected by an electing subdivision is advertised and offered for sale by the auditor pursuant to Chapter 5723. of the Revised Code, but no minimum bid is received, the electing subdivision shall be deemed to have submitted the winning bid, and the land is deemed sold to the electing subdivision for no consideration other than the fee charged under division (C) of this section. If both a county and a township in that county have adopted a resolution pursuant to section 5722.02 of the Revised Code and both subdivisions select the same parcel or parcels of land, the electing subdivision deemed to have submitted the winning bid under this division shall be determined pursuant to division (D) of section 5722.03 of the Revised Code.

The auditor shall announce the bid at the sale and shall declare the selected nonproductive land to be sold to the electing subdivision. The auditor shall deliver to the electing subdivision a certificate of sale.

(C) On the returning of the certificate of sale to the auditor, the auditor shall execute and file for recording a deed conveying title to the selected nonproductive land and, once the deed has been recorded, deliver it to the electing subdivision. Thereupon, all previous title is extinguished, and the title in the electing subdivision is incontestable and free and clear from all liens and encumbrances, except taxes and special assessments that are not due at the time of the sale and any easements and covenants of record running with the land and created prior to the time at which the taxes or assessments, for the nonpayment of which the nonproductive land was forfeited, became due and payable. At the time of the sale, the auditor shall collect and the electing subdivision shall pay the fee required by law for transferring and recording of deeds.

Upon delivery of a deed conveying any nonproductive land to an electing

subdivision, the county auditor shall charge all costs incurred in any proceeding instituted under section 5721.14 or 5721.18 of the Revised Code or incurred as a result of the forfeiture and sale of the nonproductive land to the taxing districts, including the electing subdivision, in direct proportion to their interest in the taxes, assessments, charges, interest, and penalties on the nonproductive land due and payable at the time the land was sold at the forfeiture sale. The interest of each taxing district in the taxes, assessments, charges, penalties, and interest on the nonproductive land shall bear the same proportion to the amount of those taxes, assessments, charges, penalties, and interest that the amount of taxes levied by each district against the nonproductive land in the preceding tax year bears to the taxes levied by all such districts against the nonproductive land in the preceding tax year. For the purposes of this division, a county land reutilization corporation shall be deemed to have the proportionate interest as the county designating or organizing such corporation in the taxes, assessments, charges, penalties, and interest on the nonproductive land in the county. In making a semiannual apportionment of funds, the auditor shall retain at the next apportionment the amount charged to each such taxing district, except for a county land reutilization corporation acting on behalf of a county, the auditor shall invoice the corporation the amount charged to it.

(D) Where no political subdivision has requested to purchase a parcel of land at a foreclosure sale, any lands otherwise forfeited to the state for want of a bid at the foreclosure sale may, upon the request of a county land reutilization corporation, be transferred directly to the corporation without appraisal or public bidding, ~~except that no interest in real property may be transferred to a county land reutilization corporation under this section after two years following the filing of its articles of incorporation by the secretary of state.~~

Sec. 5722.21. (A) As used in this section:

(1) "Eligible delinquent land" means delinquent land or delinquent vacant land, as defined in section 5721.01 of the Revised Code, included in a delinquent tax list or delinquent vacant land tax list that has been certified delinquent within the meaning of section 5721.03 of the Revised Code, excluding any certificate parcel as defined in section 5721.30 of the Revised Code.

(2) "Delinquent taxes" means the cumulative amount of unpaid taxes, assessments, recoupment charges, penalties, and interest charged against eligible delinquent land that became delinquent before transfer of title to a county, municipal corporation, township, or county land reutilization corporation under this section.

(3) "Foreclosure costs" means the sum of all costs or other charges of publication, service of notice, prosecution, or other proceedings against the land under sections 323.25 to 323.28, 323.65 to 323.79, or Chapter 5721. of the Revised Code as may pertain to delinquent land or be fairly apportioned to it by the county treasurer.

(4) "Tax foreclosure sale" means a sale of delinquent land pursuant to

foreclosure proceedings under sections 323.25 to 323.28, 323.65 to 323.79, or section 5721.14 or 5721.18 of the Revised Code.

(5) "Taxing authority" means the legislative authority of any taxing unit, as defined in section 5705.01 of the Revised Code, in which is located a parcel of eligible delinquent land acquired or to be acquired by a county, municipal corporation, township, or county land reutilization corporation in which a declaration under division (B) of this section is in effect.

(B) The legislative authority of a municipal corporation may declare by ordinance, or a board of county commissioners, a board of township trustees, or the board of directors of a county land reutilization corporation may declare by resolution, that it is in the public interest for the county, municipal corporation, township, or county land reutilization corporation to acquire tax-delinquent real property within the county, municipal corporation, or township for the public purpose of redeveloping the property or otherwise rendering it suitable for productive, tax-paying use. In any county, municipal corporation, or township in which such a declaration is in effect, the county, municipal corporation, township, or county land reutilization corporation may purchase or otherwise acquire title to eligible delinquent land, other than by appropriation, and the title shall pass free and clear of the lien for delinquent taxes as provided in division (D) of this section. The authority granted by this section is supplemental to the authority granted under sections 5722.01 to 5722.15 of the Revised Code. ~~A county land reutilization corporation may not acquire an interest in real property under this section after two years following the filing of its articles of incorporation by the secretary of state.~~

(C) With respect to any parcel of eligible delinquent land purchased or acquired by a county, municipal corporation, township, or county land reutilization corporation in which a declaration is in effect under this section, the county, municipal corporation, or township may obtain the consent of each taxing authority for release of any claim on the delinquent taxes and associated costs attaching to that property at the time of conveyance to the county, municipal corporation, or township. Consent shall be obtained in writing, and shall be certified by the taxing authority granting consent or by the fiscal officer or other person authorized by the taxing authority to provide such consent. Consent may be obtained before or after title to the eligible delinquent land is transferred to the county, municipal corporation, or township. A county that has organized and designated a county land reutilization corporation for purposes of this chapter is not required to obtain such consent. Upon conveyance to a county land reutilization corporation, the consent shall be deemed to have been given to the extent that the corporation requires consent.

The taxing authority of a taxing unit and a county, municipal corporation, or township in which a declaration is in effect under this section may enter into an agreement whereby the taxing authority consents in advance to release of the taxing authority's claim on delinquent taxes and associated costs with respect to all or a specified number of parcels of eligible delinquent land that may be

purchased or acquired by the county, municipal corporation, or township for the purposes of this section. The agreement shall provide for any terms and conditions on the release of such claim as are mutually agreeable to the taxing authority and county, municipal corporation, or township, including any notice to be provided by the county, municipal corporation, or township to the taxing authority of the purchase or acquisition of eligible delinquent land situated in the taxing unit; any option vesting in the taxing authority to revoke its release with respect to any parcel of eligible delinquent land before the release becomes effective; and the manner in which notice of such revocation shall be effected. Nothing in this section or in such an agreement shall be construed to bar a taxing authority from revoking its advance consent with respect to any parcels of eligible delinquent land purchased or acquired by the county, municipal corporation, or township before the county, municipal corporation, or township enters into a purchase or other agreement for acquisition of the parcels.

A county that has organized and designated a county land reutilization corporation is not required to enter into such an agreement with a taxing authority.

(D) The lien for the delinquent taxes and associated costs for which all of the taxing authorities have consented to release their claims under this section is hereby extinguished, and the transfer of title to such delinquent land to the county, municipal corporation, or township shall be transferred free and clear of the lien for such taxes and costs. If a taxing authority does not consent to the release of its claim on delinquent taxes and associated costs, the entire amount of the lien for such taxes and costs shall continue as otherwise provided by law until paid or otherwise discharged according to law. If a county land reutilization corporation acquires title to eligible delinquent land under this section, the lien for delinquent taxes and costs with respect to land acquired by the corporation shall be extinguished simultaneously with the transfer of title to the corporation, notwithstanding that the taxing authorities have not consented to release their claims under this section.

(E) All eligible delinquent land acquired by a county, municipal corporation, township, or county land reutilization corporation under this section is real property held for a public purpose and is exempted from taxation until the county, municipal corporation, township, or county land reutilization corporation sells or otherwise disposes of property.

(F) If a county, municipal corporation, township, or county land reutilization corporation sells or otherwise disposes of delinquent land it purchased or acquired and for which all or a portion of a taxing authority's claim for delinquent taxes was released under this section, whether by consent of the taxing authority or pursuant to division (D) of this section, the net proceeds from such sale or disposition shall be used for such redevelopment purposes the board of county commissioners, the legislative authority of the municipal corporation, the board of township trustees, or the board of directors of the county land reutilization corporation considers necessary or appropriate.

Sec. 5723.04. (A) The county auditor shall maintain a list of forfeited lands and shall offer such lands for sale annually, or more frequently if the auditor determines that more frequent sales are necessary.

(B) Notwithstanding division (A) of this section, upon the request of a county land reutilization corporation organized under Chapter 1724. of the Revised Code, the county auditor shall promptly transfer to such corporation, by auditor's deed, the fee simple title to a parcel on the list of forfeited lands, which shall pass to such corporation free and clear of all taxes, assessments, charges, penalties, interest, and costs. Any subordinate liens shall be deemed fully and forever satisfied and discharged. Upon such request, the land is deemed sold by the state for no consideration. The county land reutilization corporation shall file the deed for recording. ~~A county land reutilization corporation may not acquire an interest in a parcel under this section after two years following the filing of its articles of incorporation by the secretary of state.~~

"Sec. 711.001. As used in this chapter:

(A) "Plat" means a map of a tract or parcel of land.

(B) "Subdivision" means either of the following:

(1) The division of any parcel of land shown as a unit or as contiguous units on the last preceding general tax list and duplicate of real and public utility property, into two or more parcels, sites, or lots, any one of which is less than five acres for the purpose, whether immediate or future, of transfer of ownership, provided, however, that the following are exempt:

(a) A division or partition of land into parcels of more than five acres not involving any new streets or easements of access;

(b) The sale or exchange of parcels between adjoining lot owners, where that sale or exchange does not create additional building sites;

(c) If the planning authority adopts a rule in accordance with section 711.133 of the Revised Code that exempts from division (B)(1) of this section any parcel of land that is four acres or more, parcels in the size range delineated in that rule.

(2) The improvement of one or more parcels of land for residential, commercial, or industrial structures or groups of structures involving the division or allocation of land for the opening, widening, or extension of any public or private street or streets, except private streets serving industrial structures, or involving the division or allocation of land as open spaces for common use by owners, occupants, or leaseholders or as easements for the extension and maintenance of public or private sewer, water, storm drainage, or other similar facilities.

(C) "Household sewage treatment system" has the same meaning as in section 3709.091 of the Revised Code.

Sec. 711.05. (A) Upon the submission of a plat for approval, in accordance with section 711.041 of the Revised Code, the board of county commissioners shall certify on it the date of the submission. Within five days of submission of the plat, the board shall schedule a meeting to consider the plat and send a written notice by regular mail to the fiscal officer of the board of township trustees of the township in which the plat is located and the board of health of the health district in which the plat is located. The notice shall inform the trustees and the board of health of the submission of the plat and of the date, time, and location of any meeting at which the board of county commissioners will consider or act upon the proposed plat. The meeting shall take place within thirty days of submission of the plat, and no meeting shall be held until at least seven days have passed from the date the notice was sent by the board of county commissioners. The approval of the board required by section 711.041 of the Revised Code or the refusal to approve shall take place within thirty days from the date of submission or such further time as the applying party may agree to in writing; otherwise, the plat is deemed approved and may be recorded as if bearing such approval.

(B) The board may adopt general rules governing plats and subdivisions

of land falling within its jurisdiction, to secure and provide for the coordination of the streets within the subdivision with existing streets and roads or with existing county highways, for the proper amount of open spaces for traffic, circulation, and utilities, and for the avoidance of future congestion of population detrimental to the public health, safety, or welfare, but shall not impose a greater minimum lot area than forty-eight hundred square feet. Before the board may amend or adopt rules, it shall notify all the townships in the county of the proposed amendments or rules by regular mail at least thirty days before the public meeting at which the proposed amendments or rules are to be considered.

The rules may require the board of health to review and comment on a plat before the board of county commissioners acts upon it and may also require proof of compliance with any applicable zoning resolutions, and with rules governing household sewage treatment rules adopted under section 3718.02 of the Revised Code systems, as a basis for approval of a plat. Where under section 711.101 of the Revised Code the board of county commissioners has set up standards and specifications for the construction of streets, utilities, and other improvements for common use, the general rules may require the submission of appropriate plans and specifications for approval. The board shall not require the person submitting the plat to alter the plat or any part of it as a condition for approval, as long as the plat is in accordance with general rules governing plats and subdivisions of land, adopted by the board as provided in this section, in effect at the time the plat was submitted and the plat is in accordance with any standards and specifications set up under section 711.101 of the Revised Code, in effect at the time the plat was submitted.

(C) The ground of refusal to approve any plat, submitted in accordance with section 711.041 of the Revised Code, shall be stated upon the record of the board, and, within sixty days thereafter, the person submitting any plat that the board refuses to approve may file a petition in the court of common pleas of the county in which the land described in the plat is situated to review the action of the board. A board of township trustees is not entitled to appeal a decision of the board of county commissioners under this section.

Sec. 711.10. (A) Whenever a county planning commission or a regional planning commission adopts a plan for the major streets or highways of the county or region, no plat of a subdivision of land within the county or region, other than land within a municipal corporation or land within three miles of a city or one and one-half miles of a village as provided in section 711.09 of the Revised Code, shall be recorded until it is approved by the county or regional planning commission under division (C) of this section and the approval is endorsed in writing on the plat.

(B) A county or regional planning commission may require the submission of a preliminary plan for each plat sought to be recorded. If the commission requires this submission, it shall provide for a review process for the preliminary plan. Under this review process, the planning commission shall give its approval, its approval with conditions, or its disapproval of each preliminary

plan. The commission's decision shall be in writing, shall be under the signature of the secretary of the commission, and shall be issued within thirty-five business days after the submission of the preliminary plan to the commission. The disapproval of a preliminary plan shall state the reasons for the disapproval. A decision of the commission under this division is preliminary to and separate from the commission's decision to approve, conditionally approve, or refuse to approve a plat under division (C) of this section.

(C) Within five calendar days after the submission of a plat for approval under this division, the county or regional planning commission shall schedule a meeting to consider the plat and send a notice by regular mail or by electronic mail to the fiscal officer of the board of township trustees of the township in which the plat is located and the board of health of the health district in which the plat is located. The notice shall inform the trustees and the board of health of the submission of the plat and of the date, time, and location of any meeting at which the county or regional planning commission will consider or act upon the plat. The meeting shall take place within thirty calendar days after submission of the plat, and no meeting shall be held until at least seven calendar days have passed from the date the planning commission sent the notice.

The approval of the county or regional planning commission, the commission's conditional approval as described in this division, or the refusal of the commission to approve shall be endorsed on the plat within thirty calendar days after the submission of the plat for approval under this division or within such further time as the applying party may agree to in writing; otherwise that plat is deemed approved, and the certificate of the commission as to the date of the submission of the plat for approval under this division and the failure to take action on it within that time shall be sufficient in lieu of the written endorsement or evidence of approval required by this division.

A county or regional planning commission may grant conditional approval under this division to a plat by requiring a person submitting the plat to alter the plat or any part of it, within a specified period after the end of the thirty calendar days, as a condition for final approval under this division. Once all the conditions have been met within the specified period, the commission shall cause its final approval under this division to be endorsed on the plat. No plat shall be recorded until it is endorsed with the commission's final or unconditional approval under this division.

The ground of refusal of approval of any plat submitted under this division, including citation of or reference to the rule violated by the plat, shall be stated upon the record of the county or regional planning commission. Within sixty calendar days after the refusal under this division, the person submitting any plat that the commission refuses to approve under this division may file a petition in the court of common pleas of the proper county, and the proceedings on the petition shall be governed by section 711.09 of the Revised Code as in the case of the refusal of a planning authority to approve a plat. A board of township trustees is not entitled to appeal a decision of the commission under this division.

A county or regional planning commission shall adopt general rules, of uniform application, governing plats and subdivisions of land falling within its jurisdiction, to secure and provide for the proper arrangement of streets or other highways in relation to existing or planned streets or highways or to the county or regional plan, for adequate and convenient open spaces for traffic, utilities, access of firefighting apparatus, recreation, light, and air, and for the avoidance of congestion of population. The rules may provide for their modification by the commission in specific cases where unusual topographical and other exceptional conditions require the modification. The rules may require the board of health to review and comment on a plat before the commission acts upon it and also may require proof of compliance with any applicable zoning resolutions, and with rules governing household sewage treatment ~~rules adopted under section 3718.02 of the Revised Code~~ systems, as a basis for approval of a plat.

Before adoption of its rules or amendment of its rules, the commission shall hold a public hearing on the adoption or amendment. Notice of the public hearing shall be sent to all townships in the county or region by regular mail or electronic mail at least thirty business days before the hearing. No county or regional planning commission shall adopt any rules requiring actual construction of streets or other improvements or facilities or assurance of that construction as a condition precedent to the approval of a plat of a subdivision unless the requirements have first been adopted by the board of county commissioners after a public hearing. A copy of the rules shall be certified by the planning commission to the county recorders of the appropriate counties.

After a county or regional street or highway plan has been adopted as provided in this section, the approval of plats and subdivisions provided for in this section shall be in lieu of any approvals provided for in other sections of the Revised Code, insofar as the territory within the approving jurisdiction of the county or regional planning commission, as provided in this section, is concerned. Approval of a plat shall not be an acceptance by the public of the dedication of any street, highway, or other way or open space shown upon the plat.

No county or regional planning commission shall require a person submitting a plat to alter the plat or any part of it as long as the plat is in accordance with the general rules governing plats and subdivisions of land, adopted by the commission as provided in this section, in effect at the time the plat is submitted.

A county or regional planning commission and a city or village planning commission, or platting commissioner or legislative authority of a village, with subdivision regulation jurisdiction over unincorporated territory within the county or region may cooperate and agree by written agreement that the approval of a plat by the city or village planning commission, or platting commissioner or legislative authority of a village, as provided in section 711.09 of the Revised Code, shall be conditioned upon receiving advice from or approval by the county or regional planning commission.

(D) As used in this section, "business day" means a day of the week excluding Saturday, Sunday, or a legal holiday as defined in section 1.14 of the Revised Code.

Sec. 711.131. (A) Notwithstanding sections 711.001 to 711.13 of the Revised Code and except as provided in division (C) of this section, unless the rules adopted under section 711.05, 711.09, or 711.10 of the Revised Code are amended pursuant to division (B) of this section, a proposed division of a parcel of land along an existing public street, not involving the opening, widening, or extension of any street or road, and involving no more than five lots after the original tract has been completely subdivided, may be submitted to the planning authority having approving jurisdiction of plats under section 711.05, 711.09, or 711.10 of the Revised Code for approval without plat. If the authority acting through a properly designated representative finds that a proposed division is not contrary to applicable platting, subdividing, zoning, health, sanitary, or access management regulations, regulations adopted under division (B)(3) of section 307.37 of the Revised Code regarding existing surface or subsurface drainage, or rules governing household sewage treatment systems, it shall approve the proposed division within seven business days after its submission and, on presentation of a conveyance of the parcel, shall stamp the conveyance "approved by (planning authority); no plat required" and have it signed by its clerk, secretary, or other official as may be designated by it. The planning authority may require the submission of a sketch and other information that is pertinent to its determination under this division.

(B) For a period of up to two years after April 15, 2005, the rules adopted under section 711.05, 711.09, or 711.10 of the Revised Code may be amended within that period to authorize the planning authority involved to approve proposed divisions of parcels of land without plat under this division. If an authority so amends its rules, it may approve no more than five lots without a plat from an original tract as that original tract exists on the effective date of the amendment to the rules. The authority shall make the findings and approve a proposed division in the time and manner specified in division (A) of this section.

(C) This section does not apply to parcels subject to section 711.133 of the Revised Code.

(D) As used in this section, "business day" means a day of the week excluding Saturday, Sunday, or a legal holiday as defined in section 1.14 of the Revised Code."

The approval of the board required by section 711.041 of the Revised Code or the refusal to approve shall take place within thirty days from

the date of submission or such further time as the applying party may agree to in writing; otherwise, the plat is deemed approved and may be recorded as if bearing such approval.

(B) The board may adopt general rules governing plats and subdivisions of land falling within its jurisdiction, to secure and provide for the coordination of the streets within the subdivision with existing streets and roads or with existing county highways, for the proper amount of open spaces for traffic, circulation, and utilities, and for the avoidance of future congestion of population detrimental to the public health, safety, or welfare, but shall not impose a greater minimum lot area than forty-eight hundred square feet. Before the board may amend or adopt rules, it shall notify all the townships in the county of the proposed amendments or rules by regular mail at least thirty days before the public meeting at which the proposed amendments or rules are to be considered.

The rules may require the board of health to review and comment on a plat before the board of county commissioners acts upon it and may also require proof of compliance with any applicable zoning resolutions, and with ~~rules governing household sewage treatment systems~~ rules adopted under section 3718.02 of the Revised Code, as a basis for approval of a plat. Where under section 711.101 of the Revised Code the board of county commissioners has set up standards and specifications for the construction of streets, utilities, and other improvements for common use, the general rules may require the submission of appropriate plans and specifications for approval. The board shall not require the person submitting the plat to alter the plat or any part of it as a condition for approval, as long as the plat is in accordance with general rules governing plats and subdivisions of land, adopted by the board as provided in this section, in effect at the time the plat was submitted and the plat is in accordance with any standards and specifications set up under section 711.101 of the Revised Code, in effect at the time the plat was submitted.

(C) The ground of refusal to approve any plat, submitted in accordance with section 711.041 of the Revised Code, shall be stated upon the record of the board, and, within sixty days thereafter, the person submitting any plat that the board refuses to approve may file a petition in the court of common pleas of the county in which the land described in the plat is situated to review the action of the board. A board of township trustees is not entitled to appeal a decision of the board of county commissioners under this section.

Sec. 711.10. (A) Whenever a county planning commission or a regional planning commission adopts a plan for the major streets or highways of the county or region, no plat of a subdivision of land within the county or region, other than land within a municipal corporation or land within three miles of a city or one and one-half miles of a village as provided in section 711.09 of the Revised Code, shall be recorded until it is approved by the county or regional planning commission under division (C) of this section and the approval is endorsed in writing on the plat.

(B) A county or regional planning commission may require the

submission of a preliminary plan for each plat sought to be recorded. If the commission requires this submission, it shall provide for a review process for the preliminary plan. Under this review process, the planning commission shall give its approval, its approval with conditions, or its disapproval of each preliminary plan. The commission's decision shall be in writing, shall be under the signature of the secretary of the commission, and shall be issued within thirty-five business days after the submission of the preliminary plan to the commission. The disapproval of a preliminary plan shall state the reasons for the disapproval. A decision of the commission under this division is preliminary to and separate from the commission's decision to approve, conditionally approve, or refuse to approve a plat under division (C) of this section.

(C) Within five calendar days after the submission of a plat for approval under this division, the county or regional planning commission shall schedule a meeting to consider the plat and send a notice by regular mail or by electronic mail to the fiscal officer of the board of township trustees of the township in which the plat is located and the board of health of the health district in which the plat is located. The notice shall inform the trustees and the board of health of the submission of the plat and of the date, time, and location of any meeting at which the county or regional planning commission will consider or act upon the plat. The meeting shall take place within thirty calendar days after submission of the plat, and no meeting shall be held until at least seven calendar days have passed from the date the planning commission sent the notice.

The approval of the county or regional planning commission, the commission's conditional approval as described in this division, or the refusal of the commission to approve shall be endorsed on the plat within thirty calendar days after the submission of the plat for approval under this division or within such further time as the applying party may agree to in writing; otherwise that plat is deemed approved, and the certificate of the commission as to the date of the submission of the plat for approval under this division and the failure to take action on it within that time shall be sufficient in lieu of the written endorsement or evidence of approval required by this division.

A county or regional planning commission may grant conditional approval under this division to a plat by requiring a person submitting the plat to alter the plat or any part of it, within a specified period after the end of the thirty calendar days, as a condition for final approval under this division. Once all the conditions have been met within the specified period, the commission shall cause its final approval under this division to be endorsed on the plat. No plat shall be recorded until it is endorsed with the commission's final or unconditional approval under this division.

The ground of refusal of approval of any plat submitted under this division, including citation of or reference to the rule violated by the plat, shall be stated upon the record of the county or regional planning commission. Within sixty calendar days after the refusal under this division, the person submitting any plat that the commission refuses to approve under this division may file a

petition in the court of common pleas of the proper county, and the proceedings on the petition shall be governed by section 711.09 of the Revised Code as in the case of the refusal of a planning authority to approve a plat. A county or regional planning commission shall adopt general rules, of uniform application, governing plats and subdivisions of land falling within its jurisdiction, to secure and provide for the proper arrangement of streets or other highways in relation to existing or planned streets or highways or to the county or regional plan, for adequate and convenient open spaces for traffic, utilities, access of firefighting apparatus, recreation, light, and air, and for the avoidance of congestion of population. The rules may provide for their modification by the commission in specific cases where unusual topographical and other exceptional conditions require the modification. The rules may require the board of health to review and comment on a plat before the commission acts upon it and also may require proof of compliance with any applicable zoning resolutions, and with ~~rules governing household sewage treatment systems~~ rules adopted under section 3718.02 of the Revised Code, as a basis for approval of a plat.

Before adoption of its rules or amendment of its rules, the commission shall hold a public hearing on the adoption or amendment. Notice of the public hearing shall be sent to all townships in the county or region by regular mail or electronic mail at least thirty business days before the hearing. No county or regional planning commission shall adopt any rules requiring actual construction of streets or other improvements or facilities or assurance of that construction as a condition precedent to the approval of a plat of a subdivision unless the requirements have first been adopted by the board of county commissioners after a public hearing. A copy of the rules shall be certified by the planning commission to the county recorders of the appropriate counties.

After a county or regional street or highway plan has been adopted as provided in this section, the approval of plats and subdivisions provided for in this section shall be in lieu of any approvals provided for in other sections of the Revised Code, insofar as the territory within the approving jurisdiction of the county or regional planning commission, as provided in this section, is concerned. Approval of a plat shall not be an acceptance by the public of the dedication of any street, highway, or other way or open space shown upon the plat.

No county or regional planning commission shall require a person submitting a plat to alter the plat or any part of it as long as the plat is in accordance with the general rules governing plats and subdivisions of land, adopted by the commission as provided in this section, in effect at the time the plat is submitted.

A county or regional planning commission and a city or village planning commission, or platting commissioner or legislative authority of a village, with subdivision regulation jurisdiction over unincorporated territory within the county or region may cooperate and agree by written agreement that the

approval of a plat by the city or village planning commission, or platting commissioner or legislative authority of a village, as provided in section 711.09 of the Revised Code, shall be conditioned upon receiving advice from or approval by the county or regional planning commission.

If the authority acting through a properly designated representative finds that a proposed division is not contrary to applicable platting, subdividing, zoning, health, sanitary, or access management regulations ~~or~~ regulations adopted under division (B)(3) of section 307.37 of the Revised Code regarding existing surface or subsurface drainage, or ~~rules governing household sewage treatment systems~~ rules adopted under section 3718.02 of the Revised Code, it shall approve the proposed division within seven business days after its submission and, on presentation of a conveyance of the parcel, shall stamp the conveyance "approved by (planning authority); no plat required" and have it signed by its clerk, secretary, or other official as may be designated by it. If an authority so amends its rules, it may approve no more than five lots without a plat from an original tract as that original tract exists on the effective date of the amendment to the rules. The authority shall make the findings and approve a proposed division in the time and manner specified in division (A) of this section.

Within five days after receiving the petition, the board shall give notice by certified mail to any permit holder within the community facility that it has received the petition. Failure of the petitioner to supply the name and address of any permit holder for or within the community facility as furnished to the petitioner by the division invalidates the petition.

(C) Not later than the sixty-eighth day before the day of the next general or primary election, whichever occurs first, the board shall examine and determine the sufficiency of the signatures on the petition. If the board finds that the petition is valid, it shall order the holding of an election in the municipal corporation or unincorporated area of a township on the day of the next general or primary election, whichever occurs first, for the submission of the question set forth in section 4301.356 of the Revised Code.

(D) A petition filed with a board of elections under this section shall be open to public inspection under rules adopted by the board.

(E) An elector who is eligible to vote on the question set forth in section 4301.356 of the Revised Code or any permit holder for or within the community facility may, not later than four p.m. of the sixty-fourth day before the day of the election at which the question will be submitted to the electors, file a written protest against the local option petition with the board of elections with which the petition was filed. Upon the filing of the protest, the board shall promptly fix a time and place for hearing the protest and shall mail notice of the time and place to the person who filed the petition and to the person who filed the protest. At the time and place fixed, the board shall hear the protest and determine the validity of the petition.

Sec. 4301.351. (A) If a petition is for submission of the question of whether the sale of intoxicating liquor shall be permitted on Sunday, a special election shall be held in the precinct at the time fixed as provided in section 4301.33 of the Revised Code. The expenses of holding the election shall be charged to the municipal corporation or township of which the precinct is a part.

(B) At the election, one or more of the following questions, question (B)(1), (B)(2), or (B)(3) as designated in a valid petition or question (B)(4) as submitted by the legislative authority of a municipal corporation or the board of trustees of a township, shall be submitted to the electors of the precinct:

(1) "Shall the sale of intoxicating liquor, of the same types as may be legally sold in this precinct on other days of the week, be permitted in this for consumption on the premises where sold, between the hours of ~~one p.m.~~ eleven a.m. and midnight on Sunday?"

(2) "Shall the sale of intoxicating liquor, of the same types as may be legally sold in this precinct on other days of the week, be permitted in this for consumption on the premises where sold, between the hours of ~~one p.m.~~ eleven a.m. and midnight on Sunday, at licensed premises where the sale of food and other goods and services exceeds fifty per cent of the total gross receipts of the permit holder at the premises?"

Question (B)(4) shall be presented to the electors of a precinct in which an outdoor performing arts center is located only if the legislative authority of the municipal corporation in which, or the board of trustees of the township in which, the outdoor performing arts center is located submits, not later than four p.m. of the seventy-fifth day before the day of a primary or general election that occurs within two years after ~~the effective date of this amendment~~ April 9, 2001, to the board of elections of the county in which the precinct is located, a copy of an ordinance or resolution requesting the submission of that question to the electors of the precinct. An election on question (B)(4) may not be sought by a petition under section 4301.33 of the Revised Code.

(C) At the election, one or more of the following questions, as designated in a valid petition, shall be submitted to the electors of the precinct:

(1) "Shall the sale of intoxicating liquor, of the same types as may be legally sold in this precinct on other days of the week, be permitted in this for consumption on the premises where sold, between the hours of ten a.m. and midnight on Sunday?"

No D-6 permit is required for the sale of beer on Sunday.

The board of elections to which the petition is presented shall furnish printed ballots at the election in accordance with section 3505.06 of the Revised Code, and separate ballots shall be used for the special election under this section. One or more of the questions prescribed by divisions (B) and (C) of this

section, as designated in the petition, shall be set forth on each ballot, and the board shall insert in each question the name or an accurate description of the precinct in which the election is to be held. Votes shall be cast as provided in section 3505.06 of the Revised Code.

Sec. 4301.354. (A) If a petition is filed under section 4301.332 of the Revised Code for the submission of one or more questions set forth in this section, a special election shall be held in the precinct as ordered by the board of elections under that section. The expense of holding the special election shall be charged to the municipal corporation or township of which the precinct is a part.

(B) At the election, one or more of the following questions, as designated in a valid petition, shall be submitted to the electors of the precinct concerning Sunday sales:

(1) "Shall the sale of intoxicating liquor be permitted in a portion of this precinct between the hours of ~~one p.m.~~ eleven a.m. and midnight on Sunday for consumption on the premises where sold, where the status of such Sunday sales as allowed or prohibited is inconsistent with the status of such Sunday sales in the remainder of the precinct?"

(2) "Shall the sale of intoxicating liquor be permitted in a portion of this precinct between the hours of ~~one p.m.~~ eleven a.m. and midnight on Sunday for consumption on the premises where sold at licensed premises where the sale of food and other goods exceeds fifty per cent of the total gross receipts of the permit holder at the premises, where the status of such Sunday sales as allowed or prohibited is inconsistent with the status of such Sunday sales in the remainder of the precinct?"

(3) "Shall the sale of wine and mixed beverages be permitted in a portion of this precinct between the hours of ~~one p.m.~~ eleven a.m. and midnight on Sunday for consumption off the premises where sold, where the status of such Sunday sales as allowed or prohibited is inconsistent with the status of such Sunday sales in the remainder of the precinct?"

(C) At the election, one or more of the following questions, as designated in a valid petition, shall be submitted to the electors of the precinct concerning Sunday sales:

(1) "Shall the sale of intoxicating liquor be permitted in a portion of this precinct between the hours of ten a.m. and midnight on Sunday for consumption on the premises where sold, where the status of such Sunday sales as allowed or prohibited is inconsistent with the status of such Sunday sales in the remainder of the precinct?"

(2) "Shall the sale of intoxicating liquor be permitted in a portion of this precinct between the hours of ten a.m. and midnight on Sunday for consumption on the premises where sold at licensed premises where the sale of food and other goods exceeds fifty per cent of the total gross receipts of the permit holder at the premises, where the status of such Sunday sales as allowed or prohibited is inconsistent with the status of such Sunday sales in the remainder of the

precinct?"

(3) "Shall the sale of wine and mixed beverages be permitted in a portion of this precinct between the hours of ten a.m. and midnight on Sunday for consumption off the premises where sold, where the status of such Sunday sales as allowed or prohibited is inconsistent with the status of such Sunday sales in the remainder of the precinct?"

(D) The board of elections shall furnish printed ballots at the special election as provided under section 3505.06 of the Revised Code, except that a separate ballot shall be used for the special election. The one or more questions set forth in divisions (B) and (C) of this section shall be printed on each ballot, and the board shall insert in the ~~question and statement~~ questions appropriate words to complete each and a description of the portion of the precinct that would be affected by the results of the election.

The description of the portion of the precinct shall include either the complete listing of street addresses in that portion or a condensed text that accurately describes the boundaries of the portion of the precinct by street name or by another name generally known by the residents of the portion of the precinct. If other than a full street listing is used, the full street listing also shall be posted in each polling place in a location that is easily accessible to all voters. Failure of the board of elections to completely and accurately list all street addresses in the affected area of the precinct does not affect the validity of the election at which the failure occurred and is not grounds for contesting an election under section 3515.08 of the Revised Code. Votes shall be cast as provided under section 3505.06 of the Revised Code.

Sec. 4301.355. (A) If a petition is filed under section 4301.333 of the Revised Code for the submission of the question or questions set forth in this section, it shall be held in the precinct as ordered by the board of elections under that section. The expense of holding the election shall be charged to the municipal corporation or township of which the precinct is a part.

(B) At the election, one or more of the following questions, as designated in a valid petition, shall be submitted to the electors of the precinct:

(1) "Shall the sale of (insert beer, wine and mixed beverages, or spirituous liquor) be permitted by (insert name of applicant, liquor permit holder, or liquor agency store, including trade or fictitious name under which applicant for, or holder of, liquor permit or liquor agency store either intends to do, or does, business at the particular location), an (insert "applicant for" or "holder of" or "operator of") a (insert class name of liquor permit or permits followed by the words "liquor permit(s)" or, if appropriate, the words "liquor agency store for the State of Ohio"), who is engaged in the business of (insert general nature of the business in which applicant or liquor permit holder is engaged or will be engaged in at the particular location, as described in the petition) at (insert address of the particular location within the precinct as set forth in the petition) in this precinct?"

(2) "Shall the sale of (insert beer, wine and mixed beverages, or spirituous liquor) be permitted for sale on Sunday between the hours of (insert "ten a.m. and midnight" or " ~~one p.m.~~ eleven a.m. and midnight") by (insert name of applicant, liquor permit holder, or liquor agency store, including trade or fictitious name under which applicant for, or holder of, liquor permit or liquor agency store either intends to do, or does, business at the particular location), an (insert "applicant for a D-6 liquor permit," "holder of a D-6 liquor permit," "applicant for or holder of an A-1-A, A-2, A-3a, C-1, C-2x, D-1, D-2x, D-3, D-3x, D-4, D-5, D-5b, D-5c, D-5e, D-5f, D-5g, D-5h, D-5i, D-5j, D-5k, D-5l, D-5m, or D-7 liquor permit," if only the approval of beer sales is sought, or "liquor agency store") who is engaged in the business of (insert general nature of the business in which applicant or liquor permit holder is engaged or will be engaged in at the particular location, as described in the petition) at (insert address of the particular location within the precinct) in this precinct?"

(C) The board of elections shall furnish printed ballots at the election as provided under section 3505.06 of the Revised Code, except that a separate ballot shall be used for the election under this section. The question set forth in this section shall be printed on each ballot, and the board shall insert in the question appropriate words to complete it. Votes shall be cast as provided under section 3505.06 of the Revised Code.

Sec. 4301.356. If a petition is filed under section 4301.334 of the Revised Code for the submission of the question set forth in this section, an election shall be held in the municipal corporation or unincorporated area of a township as ordered by the board of elections under that section.

Except as otherwise provided in this section, if the legislative authority of a municipal corporation in whose territory, or the board of township trustees of a township in whose unincorporated area, a community facility is located submits, not later than four p.m. of the seventy-fifth day before the day of a primary or general election, to the board of elections of the county in which the community facility is located an ordinance or resolution requesting the submission of the question set forth in this section to the electors of the municipal corporation or unincorporated area of the township, the board of elections shall order that an election be held on that question in the municipal corporation or the unincorporated area of the township on the day of the next primary or general election, whichever occurs first. The legislative authority or board of township trustees shall submit the name and address of any permit holder who would be affected by the results of the election to the board of elections at the same time it submits the ordinance or resolution. The board of elections, within five days after receiving the name and address, shall give notice by certified mail to each permit holder that it has received the ordinance or resolution. Failure of the legislative authority or board of township trustees to supply the name and address of each permit holder to the board of elections invalidates the effect of the ordinance or resolution.

At the election, the following question shall be submitted to the electors of the municipal corporation or unincorporated area of a township:

"Shall the sale of beer and intoxicating liquor be permitted on days of the week other than Sunday and between the hours of ~~one p.m.~~ (insert "ten a.m." or "eleven a.m.") and midnight on Sunday, at (insert name of community facility), a community facility as defined by section 4301.01 of the Revised Code, and located at (insert the address of the community facility and, if the community facility is a community entertainment district, the boundaries of the district, as set forth in the petition)?"

The board of elections shall furnish printed ballots at the election as provided under section 3505.06 of the Revised Code, except that a separate ballot shall be used for the election under this section. The question set forth in this section shall be printed on each ballot, and the board shall insert in the question appropriate words to complete ~~each~~ it, subject to the approval of the secretary of state. Votes shall be cast as provided under section 3505.06 of the Revised Code.

Sec. 4301.361. (A) If a majority of the electors voting on questions set forth in section 4301.351 of the Revised Code in a precinct vote "yes" on question (B)(1) or (C)(1), or, if both questions (B)(1) and (B)(2), or questions (C)(1) and (C)(2), are submitted, "yes" on both questions or "yes" on question (B)(1) or (C)(1) but "no" on question (B)(2) or (C)(2), sales of intoxicating liquor shall be allowed on Sunday in the manner and under the conditions specified in question (B)(1) or (C)(1), under a D-6 permit, within the precinct concerned, during the hours specified in division (A) of section 4303.182 of the Revised Code and during the period the election is in effect as defined in section 4301.37 of the Revised Code.

(B) If only question (B)(2) or (C)(2) is submitted to the voters or if questions (B)(2) and (B)(3) or (C)(2) and (C)(3) are submitted and a majority of the electors voting in a precinct vote "yes" on question (B)(2) or (C)(2) as set forth in section 4301.351 of the Revised Code, sales of intoxicating liquor shall be allowed on Sunday in the manner and under the conditions specified in question (B)(2) or (C)(2), under a D-6 permit, within the precinct concerned, during the hours specified in division (A) of section 4303.182 of the Revised Code and during the period the election is in effect as defined in section 4301.37 of the Revised Code, even if question (B)(1) or (C)(1) was also submitted and a majority of the electors voting in the precinct voted "no."

(C) If question (B)(3) or (C)(3) is submitted and a majority of electors voting on question (B)(3) or (C)(3) as set forth in section 4301.351 of the Revised Code in a precinct vote "yes," sales of wine and mixed beverages shall be allowed on Sunday in the manner and under the conditions specified in question (B)(3) or (C)(3), under a D-6 permit, within the precinct concerned, during the hours specified in division (A) of section 4303.182 of the Revised Code and during the period the election is in effect as defined in section 4301.37 of the Revised Code.

(D) If questions (B)(1), (B)(2), and (B)(3), or questions (C)(1), (C)(2), and (C)(3), as set forth in section 4301.351 of the Revised Code, are all submitted and a majority of the electors voting in such precinct vote "no" on all three questions, no sales of intoxicating liquor shall be made within the precinct concerned after two-thirty a.m. on Sunday as specified in the questions submitted, during the period the election is in effect as defined in section 4301.37 of the Revised Code.

(F) If question (B)(4) as set forth in section 4301.351 of the Revised Code is submitted and a majority of the electors voting in the precinct vote "yes," sales of intoxicating liquor shall be allowed on Sunday at outdoor performing arts centers in the manner and under the conditions specified in question (B)(4) under a D-6 permit, within the precinct concerned, during the hours specified in division (F) of section 4303.182 of the Revised Code and during the period the election is in effect as defined in section 4301.37 of the Revised Code. If question (B)(4) as set forth in section 4301.351 of the Revised Code is submitted and a majority of the electors voting in the precinct vote "no," no sales of intoxicating liquor shall be allowed at outdoor performing arts centers in the precinct concerned under a D-6 permit, after 2:30 a.m. on Sunday, during the period the election is in effect as defined in section 4301.37 of the Revised Code.

(B) If a majority of the electors in a precinct vote "yes" on question (B)(2) or (C)(2) as set forth in section 4301.354 of the Revised Code, the sale of

intoxicating liquor, of the same types as may be legally sold in the precinct on other days of the week, shall be permitted on Sunday in the portion of the precinct affected by the results of the election during the hours specified in division (A) of section 4303.182 of the Revised Code and in the manner and under the conditions specified in the question, subject only to this chapter and Chapter 4303. of the Revised Code.

(C) If a majority of the electors in a precinct vote "yes" on question (B)(3) or (C)(3) as set forth in section 4301.354 of the Revised Code, the sale of wine and mixed beverages shall be permitted on Sunday in the portion of the precinct affected by the results of the election during the hours specified in division (A) of section 4303.182 of the Revised Code and in the manner and under the conditions specified in the question, subject only to this chapter and Chapter 4303. of the Revised Code.

(D) If a majority of the electors in a precinct vote "no" on question (B)(1) or (C)(1) as set forth in section 4301.354 of the Revised Code, no sale of intoxicating liquor shall be permitted on Sunday in the manner and under the conditions specified in the question in the portion of the precinct affected by the results of the election.

(E) If a majority of the electors in a precinct vote "no" on question (B)(2) or (C)(2) as set forth in section 4301.354 of the Revised Code, no sale of intoxicating liquor shall be permitted on Sunday in the manner and under the conditions specified in the question in the portion of the precinct affected by the results of the election.

(F) If a majority of the electors in a precinct vote "no" on question (B)(3) or (C)(3) as set forth in section 4301.354 of the Revised Code, no sale of wine or mixed beverages shall be permitted on Sunday in the manner and under the conditions specified in the question in the portion of the precinct affected by the results of the election.

(G) If question (C)(1) as set forth in section 4301.354 of the Revised Code is submitted to the voters in a precinct in which question (B)(1) as set forth in that section previously was submitted and approved, and the results of the election on question (B)(1) are still in effect in the precinct; or if question (C)(2) as set forth in that section is submitted to the voters in a precinct in which question (B)(2) as set forth in that section previously was submitted and approved, and the results of the election on question (B)(2) are still in effect in the precinct; or if question (C)(3) as set forth in that section is submitted to the voters in a precinct in which question (B)(3) as set forth in that section previously was submitted and approved, and the results of the election on question (B)(3) are still in effect in the precinct; and if a majority of the electors voting on question (C)(1), (C)(2), or (C)(3) vote "no," then sales shall continue to be allowed in the precinct in the manner and under the conditions specified in the previously approved question (B)(1), (B)(2), or (B)(3), as applicable.

Sec. 4301.365. (A) If a majority of the electors in a precinct vote "yes" on

questions (B)(1) and (2) as set forth in section 4301.355 of the Revised Code, the sale of beer, wine and mixed beverages, or spirituous liquor, whichever was the subject of the election, shall be allowed at the particular location and for the use ~~and during the hours on Sunday~~, specified in the questions under each permit applied for by the petitioner or at the address listed for the liquor agency store, and, in relation to question (B)(2), during the hours on Sunday specified in division (A) of section 4303.182 of the Revised Code, subject only to this chapter and Chapter 4303. of the Revised Code. Failure to continue to use the particular location for any proposed or stated use set forth in the petition is grounds for the denial of a renewal of the liquor permit under division (A) of section 4303.271 of the Revised Code or is grounds for the nonrenewal or cancellation of the liquor agency store contract by the division of liquor control, except in the case where the liquor permit holder or liquor agency store decides to cease the sale of beer, wine and mixed beverages, or spirituous liquor, whichever was the subject of the election, on Sundays.

(B) Except as otherwise provided in division (H) of this section, if a majority of the electors in a precinct vote "yes" on question (B)(1) and "no" on question (B)(2) as set forth in section 4301.355 of the Revised Code, the sale of beer, wine and mixed beverages, or spirituous liquor, whichever was the subject of the election, shall be allowed at the particular location for the use specified in question (B)(1) of section 4301.355 of the Revised Code and under each permit applied for by the petitioner, except for a D-6 permit, subject only to this chapter and Chapter 4303. of the Revised Code.

(C) If a majority of the electors in a precinct vote "no" on question (B)(1) as set forth in section 4301.355 of the Revised Code, no sales of beer, wine and mixed beverages, or spirituous liquor, whichever was the subject of the election, shall be allowed at the particular location for the use specified in the petition during the period the election is in effect as defined in section 4301.37 of the Revised Code.

(D) If a majority of the electors in a precinct vote only on question (B)(2) as set forth in section 4301.355 of the Revised Code and that vote results in a majority "yes" vote, sales of beer, wine and mixed beverages, or spirituous liquor, whichever was the subject of the election, shall be allowed at the particular location for the use ~~and during the hours~~ specified in the petition on Sunday during the hours specified in division (A) of section 4303.182 of the Revised Code and during the period the election is in effect as defined in section 4301.37 of the Revised Code.

(E) Except as otherwise provided in division (H) of this section, if a majority of the electors in a precinct vote only on question (B)(2) as set forth in section 4301.355 of the Revised Code and that vote results in a majority "no" vote, no sales of beer, wine and mixed beverages, or spirituous liquor, whichever was the subject of the election, shall be allowed at the particular location for the use and during the hours specified in the petition on Sunday during the period the election is in effect as defined in section 4301.37 of the Revised Code.

(F) In case of elections in the same precinct for the question or questions set forth in section 4301.355 of the Revised Code and for a question or questions set forth in section 4301.35, 4301.351, 4301.353, 4301.354, 4303.29, or 4305.14 of the Revised Code, the results of the election held on the question or questions set forth in section 4301.355 of the Revised Code shall apply to the particular location notwithstanding the results of the election held on the question or questions set forth in section 4301.35, 4301.351, 4301.353, 4301.354, 4303.29, or 4305.14 of the Revised Code.

(G) Sections 4301.32 to 4301.41 of the Revised Code do not prohibit the transfer of ownership of a permit that was issued to a particular location as the result of an election held on sales of beer, wine and mixed beverages, spirituous liquor, or intoxicating liquor at that particular location as long as the general nature of the business at that particular location described in the petition for that election remains the same after the transfer.

(H) If question (B)(2) as set forth in section 4301.355 of the Revised Code is submitted to the electors of a precinct proposing to authorize the sale of beer, wine and mixed beverages, or spirituous liquor between the hours of ten a.m. and midnight at a particular location at which the sale of beer, wine and mixed beverages, spirituous liquor, or intoxicating liquor is already allowed between the hours of eleven a.m. and midnight or one p.m. and midnight and the question submitted is defeated, the sale of beer, wine and mixed beverages, spirituous liquor, or intoxicating liquor between the hours of eleven a.m. and midnight or one p.m. and midnight, as applicable, shall continue at that particular location.

Sec. 4301.366. If a majority of the electors voting on the question specified in section 4301.356 of the Revised Code vote "yes," the sale of beer and intoxicating liquor shall be allowed at the community facility ~~and on days of the week other than Sunday and during the hours on Sunday specified in division (A) of section 4303.182 of the Revised Code~~, for the use specified in the question, subject only to this chapter and Chapter 4303. of the Revised Code. Failure to continue to use the location as a community facility constitutes good cause for rejection of the renewal of the liquor permit under division (A) of section 4303.271 of the Revised Code.

If a majority of the electors voting on the question specified in section 4301.356 of the Revised Code vote "no," no sales of beer or intoxicating liquor shall be made at or within the community facility during the period the election is in effect as defined in section 4301.37 of the Revised Code."

"Sec. 5739.09. (A)(1) A board of county commissioners may, by resolution adopted by a majority of the members of the board, levy an excise tax not to exceed three per cent on transactions by which lodging by a hotel is or is to be furnished to transient guests. The board shall establish all regulations necessary to provide for the administration and allocation of the tax. The regulations may prescribe the time for payment of the tax, and may provide for

the imposition of a penalty or interest, or both, for late payments, provided that the penalty does not exceed ten per cent of the amount of tax due, and the rate at which interest accrues does not exceed the rate per annum prescribed pursuant to section 5703.47 of the Revised Code. Except as provided in divisions (A)(2), (3), (4), (5), (6), and (7) of this section, the regulations shall provide, after deducting the real and actual costs of administering the tax, for the return to each municipal corporation or township that does not levy an excise tax on the transactions, a uniform percentage of the tax collected in the municipal corporation or in the unincorporated portion of the township from each transaction, not to exceed thirty-three and one-third per cent. The remainder of the revenue arising from the tax shall be deposited in a separate fund and shall be spent solely to make contributions to the convention and visitors' bureau operating within the county, including a pledge and contribution of any portion of the remainder pursuant to an agreement authorized by section 307.695 of the Revised Code, provided that if the board of county commissioners of an eligible county as defined in section 307.695 of the Revised Code adopts a resolution amending a resolution levying a tax under this division to provide that the revenue from the tax shall be used by the board as described in division (H) of section 307.695 of the Revised Code, the remainder of the revenue shall be used as described in the resolution making that amendment. Except as provided in division (A)(2), (3), (4), (5), (6), or (7) or (H) of this section, on and after May 10, 1994, a board of county commissioners may not levy an excise tax pursuant to this division in any municipal corporation or township located wholly or partly within the county that has in effect an ordinance or resolution levying an excise tax pursuant to division (B) of this section. The board of a county that has levied a tax under division (C) of this section may, by resolution adopted within ninety days after July 15, 1985, by a majority of the members of the board, amend the resolution levying a tax under this division to provide for a portion of that tax to be pledged and contributed in accordance with an agreement entered into under section 307.695 of the Revised Code. A tax, any revenue from which is pledged pursuant to such an agreement, shall remain in effect at the rate at which it is imposed for the duration of the period for which the revenue from the tax has been so pledged.

The board of county commissioners of an eligible county as defined in section 307.695 of the Revised Code may, by resolution adopted by a majority of the members of the board, amend a resolution levying a tax under this division to provide that the revenue from the tax shall be used by the board as described in division (H) of section 307.695 of the Revised Code, in which case the tax shall remain in effect at the rate at which it was imposed for the duration of any agreement entered into by the board under section 307.695 of the Revised Code, the duration during which any securities issued by the board under that section are outstanding, or the duration of the period during which the board owns a project as defined in section 307.695 of the Revised Code, whichever duration is longest.

(2) A board of county commissioners that levies an excise tax under division (A)(1) of this section on June 30, 1997, at a rate of three per cent, and that has pledged revenue from the tax to an agreement entered into under section

307.695 of the Revised Code or, in the case of the board of county commissioners of an eligible county as defined in section 307.695 of the Revised Code, has amended a resolution levying a tax under division (C) of this section to provide that proceeds from the tax shall be used by the board as described in division (H) of section 307.695 of the Revised Code, may, at any time by a resolution adopted by a majority of the members of the board, amend the resolution levying a tax under division (A)(1) of this section to provide for an increase in the rate of that tax up to seven per cent on each transaction; to provide that revenue from the increase in the rate shall be used as described in division (H) of section 307.695 of the Revised Code or be spent solely to make contributions to the convention and visitors' bureau operating within the county to be used specifically for promotion, advertising, and marketing of the region in which the county is located; and to provide that the rate in excess of the three per cent levied under division (A)(1) of this section shall remain in effect at the rate at which it is imposed for the duration of the period during which any agreement is in effect that was entered into under section 307.695 of the Revised Code by the board of county commissioners levying a tax under division (A)(1) of this section, the duration of the period during which any securities issued by the board under division (I) of section 307.695 of the Revised Code are outstanding, or the duration of the period during which the board owns a project as defined in section 307.695 of the Revised Code, whichever duration is longest. The amendment also shall provide that no portion of that revenue need be returned to townships or municipal corporations as would otherwise be required under division (A)(1) of this section.

(3) A board of county commissioners that levies a tax under division (A)(1) of this section on March 18, 1999, at a rate of three per cent may, by resolution adopted not later than forty-five days after March 18, 1999, amend the resolution levying the tax to provide for all of the following:

(a) That the rate of the tax shall be increased by not more than an additional four per cent on each transaction;

(b) That all of the revenue from the increase in the rate shall be pledged and contributed to a convention facilities authority established by the board of county commissioners under Chapter 351. of the Revised Code on or before November 15, 1998, and used to pay costs of constructing, maintaining, operating, and promoting a facility in the county, including paying bonds, or notes issued in anticipation of bonds, as provided by that chapter;

(c) That no portion of the revenue arising from the increase in rate need be returned to municipal corporations or townships as otherwise required under division (A)(1) of this section;

(d) That the increase in rate shall not be subject to diminution by initiative or referendum or by law while any bonds, or notes in anticipation of bonds, issued by the authority under Chapter 351. of the Revised Code to which the revenue is pledged, remain outstanding in accordance with their terms, unless provision is made by law or by the board of county commissioners for an

adequate substitute therefor that is satisfactory to the trustee if a trust agreement secures the bonds.

Division (A)(3) of this section does not apply to the board of county commissioners of any county in which a convention center or facility exists or is being constructed on November 15, 1998, or of any county in which a convention facilities authority levies a tax pursuant to section 351.021 of the Revised Code on that date.

As used in division (A)(3) of this section, "cost" and "facility" have the same meanings as in section 351.01 of the Revised Code, and "convention center" has the same meaning as in section 307.695 of the Revised Code.

(4)(a) A board of county commissioners that levies a tax under division (A)(1) of this section on June 30, 2002, at a rate of three per cent may, by resolution adopted not later than September 30, 2002, amend the resolution levying the tax to provide for all of the following:

(i) That the rate of the tax shall be increased by not more than an additional three and one-half per cent on each transaction;

(ii) That all of the revenue from the increase in rate shall be pledged and contributed to a convention facilities authority established by the board of county commissioners under Chapter 351. of the Revised Code on or before May 15, 2002, and be used to pay costs of constructing, expanding, maintaining, operating, or promoting a convention center in the county, including paying bonds, or notes issued in anticipation of bonds, as provided by that chapter;

(iii) That no portion of the revenue arising from the increase in rate need be returned to municipal corporations or townships as otherwise required under division (A)(1) of this section;

(iv) That the increase in rate shall not be subject to diminution by initiative or referendum or by law while any bonds, or notes in anticipation of bonds, issued by the authority under Chapter 351. of the Revised Code to which the revenue is pledged, remain outstanding in accordance with their terms, unless provision is made by law or by the board of county commissioners for an adequate substitute therefor that is satisfactory to the trustee if a trust agreement secures the bonds.

(b) Any board of county commissioners that, pursuant to division (A)(4)(a) of this section, has amended a resolution levying the tax authorized by division (A)(1) of this section may further amend the resolution to provide that the revenue referred to in division (A)(4)(a)(ii) of this section shall be pledged and contributed both to a convention facilities authority to pay the costs of constructing, expanding, maintaining, or operating one or more convention centers in the county, including paying bonds, or notes issued in anticipation of bonds, as provided in Chapter 351. of the Revised Code, and to a convention and visitors' bureau to pay the costs of promoting one or more convention centers in the county.

As used in division (A)(4) of this section, "cost" has the same meaning as in section 351.01 of the Revised Code, and "convention center" has the same meaning as in section 307.695 of the Revised Code.

(5)(a) As used in division (A)(5) of this section:

(i) "Port authority" means a port authority created under Chapter 4582. of the Revised Code.

(ii) "Port authority military-use facility" means port authority facilities on which or adjacent to which is located an installation of the armed forces of the United States, a reserve component thereof, or the national guard and at least part of which is made available for use, for consideration, by the armed forces of the United States, a reserve component thereof, or the national guard.

(b) For the purpose of contributing revenue to pay operating expenses of a port authority that operates a port authority military-use facility, the board of county commissioners of a county that created, participated in the creation of, or has joined such a port authority may do one or both of the following:

(i) Amend a resolution previously adopted under division (A)(1) of this section to designate some or all of the revenue from the tax levied under the resolution to be used for that purpose, notwithstanding that division;

(ii) Amend a resolution previously adopted under division (A)(1) of this section to increase the rate of the tax by not more than an additional two per cent and use the revenue from the increase exclusively for that purpose.

(c) If a board of county commissioners amends a resolution to increase the rate of a tax as authorized in division (A)(5)(b)(ii) of this section, the board also may amend the resolution to specify that the increase in rate of the tax does not apply to "hotels," as otherwise defined in section 5739.01 of the Revised Code, having fewer rooms used for the accommodation of guests than a number of rooms specified by the board.

(6) A board of county commissioners of a county organized under a county charter adopted pursuant to Article X, Section 3, Ohio Constitution, and that levies an excise tax under division (A)(1) of this section at a rate of three per cent and levies an additional excise tax under division (E) of this section at a rate of one and one-half per cent may, by resolution adopted not later than January 1, 2008, by a majority of the members of the board, amend the resolution levying a tax under division (A)(1) of this section to provide for an increase in the rate of that tax by not more than an additional one per cent on transactions by which lodging by a hotel is or is to be furnished to transient guests. Notwithstanding divisions (A)(1) and (E) of this section, the resolution shall provide that all of the revenue from the increase in rate, after deducting the real and actual costs of administering the tax, shall be used to pay the costs of improving, expanding, equipping, financing, or operating a convention center by a convention and visitors' bureau in the county. The increase in rate shall remain in effect for the period specified in the resolution, not to exceed ten years. The increase in rate

shall be subject to the regulations adopted under division (A)(1) of this section, except that the resolution may provide that no portion of the revenue from the increase in the rate shall be returned to townships or municipal corporations as would otherwise be required under that division.

(7) Division (A)(7) of this section applies only to a county with a population greater than sixty-five thousand and less than seventy thousand according to the most recent federal decennial census and in which, on December 31, 2006, an excise tax is levied under division (A)(1) of this section at a rate not less than and not greater than three per cent, and in which the most recent increase in the rate of that tax was enacted or took effect in November 1984.

The board of county commissioners of a county to which this division applies, by resolution adopted by a majority of the members of the board, may increase the rate of the tax by not more than one per cent on transactions by which lodging by a hotel is or is to be furnished to transient guests. The increase in rate shall be for the purpose of paying expenses deemed necessary by the convention and visitors' bureau operating in the county to promote travel and tourism. The increase in rate shall remain in effect for the period specified in the resolution, not to exceed twenty years, provided that the increase in rate may not continue beyond the time when the purpose for which the increase is levied ceases to exist. If revenue from the increase in rate is pledged to the payment of debt charges on securities, the increase in rate is not subject to diminution by initiative or referendum or by law for so long as the securities are outstanding, unless provision is made by law or by the board of county commissioners for an adequate substitute for that revenue that is satisfactory to the trustee if a trust agreement secures payment of the debt charges. The increase in rate shall be subject to the regulations adopted under division (A)(1) of this section, except that the resolution may provide that no portion of the revenue from the increase in the rate shall be returned to townships or municipal corporations as would otherwise be required under division (A)(1) of this section. A resolution adopted under division (A)(7) of this section is subject to referendum under sections 305.31 to 305.99 of the Revised Code.

(B)(1) The legislative authority of a municipal corporation or the board of trustees of a township that is not wholly or partly located in a county that has in effect a resolution levying an excise tax pursuant to division (A)(1) of this section may, by ordinance or resolution, levy an excise tax not to exceed three per cent on transactions by which lodging by a hotel is or is to be furnished to transient guests. The legislative authority of the municipal corporation or the board of trustees of the township shall deposit at least fifty per cent of the revenue from the tax levied pursuant to this division into a separate fund, which shall be spent solely to make contributions to convention and visitors' bureaus operating within the county in which the municipal corporation or township is wholly or partly located, and the balance of that revenue shall be deposited in the general fund. The municipal corporation or township shall establish all regulations necessary to provide for the administration and allocation of the tax.

The regulations may prescribe the time for payment of the tax, and may provide for the imposition of a penalty or interest, or both, for late payments, provided that the penalty does not exceed ten per cent of the amount of tax due, and the rate at which interest accrues does not exceed the rate per annum prescribed pursuant to section 5703.47 of the Revised Code. The levy of a tax under this division is in addition to any tax imposed on the same transaction by a municipal corporation or a township as authorized by division (A) of section 5739.08 of the Revised Code.

(2)(a) The legislative authority of the most populous municipal corporation located wholly or partly in a county in which the board of county commissioners has levied a tax under division (A)(4) of this section may amend, on or before September 30, 2002, that municipal corporation's ordinance or resolution that levies an excise tax on transactions by which lodging by a hotel is or is to be furnished to transient guests, to provide for all of the following:

(i) That the rate of the tax shall be increased by not more than an additional one per cent on each transaction;

(ii) That all of the revenue from the increase in rate shall be pledged and contributed to a convention facilities authority established by the board of county commissioners under Chapter 351. of the Revised Code on or before May 15, 2002, and be used to pay costs of constructing, expanding, maintaining, operating, or promoting a convention center in the county, including paying bonds, or notes issued in anticipation of bonds, as provided by that chapter;

(iii) That the increase in rate shall not be subject to diminution by initiative or referendum or by law while any bonds, or notes in anticipation of bonds, issued by the authority under Chapter 351. of the Revised Code to which the revenue is pledged, remain outstanding in accordance with their terms, unless provision is made by law, by the board of county commissioners, or by the legislative authority, for an adequate substitute therefor that is satisfactory to the trustee if a trust agreement secures the bonds.

(b) The legislative authority of a municipal corporation that, pursuant to division (B)(2)(a) of this section, has amended its ordinance or resolution to increase the rate of the tax authorized by division (B)(1) of this section may further amend the ordinance or resolution to provide that the revenue referred to in division (B)(2)(a)(ii) of this section shall be pledged and contributed both to a convention facilities authority to pay the costs of constructing, expanding, maintaining, or operating one or more convention centers in the county, including paying bonds, or notes issued in anticipation of bonds, as provided in Chapter 351. of the Revised Code, and to a convention and visitors' bureau to pay the costs of promoting one or more convention centers in the county.

As used in division (B)(2) of this section, "cost" has the same meaning as in section 351.01 of the Revised Code, and "convention center" has the same meaning as in section 307.695 of the Revised Code.

(C) For the purposes described in section 307.695 of the Revised Code

and to cover the costs of administering the tax, a board of county commissioners of a county where a tax imposed under division (A)(1) of this section is in effect may, by resolution adopted within ninety days after July 15, 1985, by a majority of the members of the board, levy an additional excise tax not to exceed three per cent on transactions by which lodging by a hotel is or is to be furnished to transient guests. The tax authorized by this division shall be in addition to any tax that is levied pursuant to division (A) of this section, but it shall not apply to transactions subject to a tax levied by a municipal corporation or township pursuant to the authorization granted by division (A) of section 5739.08 of the Revised Code. The board shall establish all regulations necessary to provide for the administration and allocation of the tax. The regulations may prescribe the time for payment of the tax, and may provide for the imposition of a penalty or interest, or both, for late payments, provided that the penalty does not exceed ten per cent of the amount of tax due, and the rate at which interest accrues does not exceed the rate per annum prescribed pursuant to section 5703.47 of the Revised Code. All revenues arising from the tax shall be expended in accordance with section 307.695 of the Revised Code. The board of county commissioners of an eligible county as defined in section 307.695 of the Revised Code may, by resolution adopted by a majority of the members of the board, amend the resolution levying a tax under this division to provide that the revenue from the tax shall be used by the board as described in division (H) of section 307.695 of the Revised Code. A tax imposed under this division shall remain in effect at the rate at which it is imposed for the duration of the period during which any agreement entered into by the board under section 307.695 of the Revised Code is in effect, the duration of the period during which any securities issued by the board under division (I) of section 307.695 of the Revised Code are outstanding, or the duration of the period during which the board owns a project as defined in section 307.695 of the Revised Code, whichever duration is longest.

(D) For the purpose of providing contributions under division (B)(1) of section 307.671 of the Revised Code to enable the acquisition, construction, and equipping of a port authority educational and cultural facility in the county and, to the extent provided for in the cooperative agreement authorized by that section, for the purpose of paying debt service charges on bonds, or notes in anticipation of bonds, described in division (B)(1)(b) of that section, a board of county commissioners, by resolution adopted within ninety days after December 22, 1992, by a majority of the members of the board, may levy an additional excise tax not to exceed one and one-half per cent on transactions by which lodging by a hotel is or is to be furnished to transient guests. The excise tax authorized by this division shall be in addition to any tax that is levied pursuant to divisions (A), (B), and (C) of this section, to any excise tax levied pursuant to section 5739.08 of the Revised Code, and to any excise tax levied pursuant to section 351.021 of the Revised Code. The board of county commissioners shall establish all regulations necessary to provide for the administration and allocation of the tax that are not inconsistent with this section or section 307.671 of the Revised Code. The regulations may prescribe the time for payment of the tax, and may provide for the imposition of a penalty or interest, or both, for late

payments, provided that the penalty does not exceed ten per cent of the amount of tax due, and the rate at which interest accrues does not exceed the rate per annum prescribed pursuant to section 5703.47 of the Revised Code. All revenues arising from the tax shall be expended in accordance with section 307.671 of the Revised Code and division (D) of this section. The levy of a tax imposed under this division may not commence prior to the first day of the month next following the execution of the cooperative agreement authorized by section 307.671 of the Revised Code by all parties to that agreement. The tax shall remain in effect at the rate at which it is imposed for the period of time described in division (C) of section 307.671 of the Revised Code for which the revenue from the tax has been pledged by the county to the corporation pursuant to that section, but, to any extent provided for in the cooperative agreement, for no lesser period than the period of time required for payment of the debt service charges on bonds, or notes in anticipation of bonds, described in division (B)(1)(b) of that section.

(E) For the purpose of paying the costs of acquiring, constructing, equipping, and improving a municipal educational and cultural facility, including debt service charges on bonds provided for in division (B) of section 307.672 of the Revised Code, and for any additional purposes determined by the county in the resolution levying the tax or amendments to the resolution, including subsequent amendments providing for paying costs of acquiring, constructing, renovating, rehabilitating, equipping, and improving a port authority educational and cultural performing arts facility, as defined in section 307.674 of the Revised Code, and including debt service charges on bonds provided for in division (B) of section 307.674 of the Revised Code, the legislative authority of a county, by resolution adopted within ninety days after June 30, 1993, by a majority of the members of the legislative authority, may levy an additional excise tax not to exceed one and one-half per cent on transactions by which lodging by a hotel is or is to be furnished to transient guests. The excise tax authorized by this division shall be in addition to any tax that is levied pursuant to divisions (A), (B), (C), and (D) of this section, to any excise tax levied pursuant to section 5739.08 of the Revised Code, and to any excise tax levied pursuant to section 351.021 of the Revised Code. The legislative authority of the county shall establish all regulations necessary to provide for the administration and allocation of the tax. The regulations may prescribe the time for payment of the tax, and may provide for the imposition of a penalty or interest, or both, for late payments, provided that the penalty does not exceed ten per cent of the amount of tax due, and the rate at which interest accrues does not exceed the rate per annum prescribed pursuant to section 5703.47 of the Revised Code. All revenues arising from the tax shall be expended in accordance with section 307.672 of the Revised Code and this division. The levy of a tax imposed under this division shall not commence prior to the first day of the month next following the execution of the cooperative agreement authorized by section 307.672 of the Revised Code by all parties to that agreement. The tax shall remain in effect at the rate at which it is imposed for the period of time determined by the legislative authority of the county. That period of time shall not exceed fifteen

years, except that the legislative authority of a county with a population of less than two hundred fifty thousand according to the most recent federal decennial census, by resolution adopted by a majority of its members before the original tax expires, may extend the duration of the tax for an additional period of time. The additional period of time by which a legislative authority extends a tax levied under this division shall not exceed fifteen years.

(F) The legislative authority of a county that has levied a tax under division (E) of this section may, by resolution adopted within one hundred eighty days after January 4, 2001, by a majority of the members of the legislative authority, amend the resolution levying a tax under that division to provide for the use of the proceeds of that tax, to the extent that it is no longer needed for its original purpose as determined by the parties to a cooperative agreement amendment pursuant to division (D) of section 307.672 of the Revised Code, to pay costs of acquiring, constructing, renovating, rehabilitating, equipping, and improving a port authority educational and cultural performing arts facility, including debt service charges on bonds provided for in division (B) of section 307.674 of the Revised Code, and to pay all obligations under any guaranty agreements, reimbursement agreements, or other credit enhancement agreements described in division (C) of section 307.674 of the Revised Code. The resolution may also provide for the extension of the tax at the same rate for the longer of the period of time determined by the legislative authority of the county, but not to exceed an additional twenty-five years, or the period of time required to pay all debt service charges on bonds provided for in division (B) of section 307.672 of the Revised Code and on port authority revenue bonds provided for in division (B) of section 307.674 of the Revised Code. All revenues arising from the amendment and extension of the tax shall be expended in accordance with section 307.674 of the Revised Code, this division, and division (E) of this section.

(G) For purposes of a tax levied by a county, township, or municipal corporation under this section or section 5739.08 of the Revised Code, a board of county commissioners, board of township trustees, or the legislative authority of a municipal corporation may adopt a resolution or ordinance at any time specifying that "hotel," as otherwise defined in section 5739.01 of the Revised Code, includes ~~establishments~~ the following:

(1) Establishments in which fewer than five rooms are used for the accommodation of guests. ~~The~~

(2) Establishments at which rooms are used for the accommodation of guests regardless of whether each room is accessible through its own keyed entry or several rooms are accessible through the same keyed entry; and, in determining the number of rooms, all rooms are included regardless of the number of structures in which the rooms are situated or the number of parcels of land on which the structures are located if the structures are under the same ownership and the structures are not identified in advertisements of the accommodations as distinct establishments. For the purposes of division (G)(2)

of this section, two or more structures are under the same ownership if they are owned by the same person, or if they are owned by two or more persons the majority of the ownership interests of which are owned by the same person.

The resolution or ordinance may apply to a tax imposed pursuant to this section prior to the adoption of the resolution or ordinance if the resolution or ordinance so states, but the tax shall not apply to transactions by which lodging by such an establishment is provided to transient guests prior to the adoption of the resolution or ordinance.

(H)(1) As used in this division:

(a) "Convention facilities authority" has the same meaning as in section 351.01 of the Revised Code.

(b) "Convention center" has the same meaning as in section 307.695 of the Revised Code.

(2) Notwithstanding any contrary provision of division (D) of this section, the legislative authority of a county with a population of one million or more according to the most recent federal decennial census that has levied a tax under division (D) of this section may, by resolution adopted by a majority of the members of the legislative authority, provide for the extension of such levy and may provide that the proceeds of that tax, to the extent that they are no longer needed for their original purpose as defined by a cooperative agreement entered into under section 307.671 of the Revised Code, shall be deposited into the county general revenue fund. The resolution shall provide for the extension of the tax at a rate not to exceed the rate specified in division (D) of this section for a period of time determined by the legislative authority of the county, but not to exceed an additional forty years.

(3) The legislative authority of a county with a population of one million or more that has levied a tax under division (A)(1) of this section may, by resolution adopted by a majority of the members of the legislative authority, increase the rate of the tax levied by such county under division (A)(1) of this section to a rate not to exceed five per cent on transactions by which lodging by a hotel is or is to be furnished to transient guests. Notwithstanding any contrary provision of division (A)(1) of this section, the resolution may provide that all collections resulting from the rate levied in excess of three per cent, after deducting the real and actual costs of administering the tax, shall be deposited in the county general fund.

(4) The legislative authority of a county with a population of one million or more that has levied a tax under division (A)(1) of this section may, by resolution adopted on or before August 30, 2004, by a majority of the members of the legislative authority, provide that all or a portion of the proceeds of the tax levied under division (A)(1) of this section, after deducting the real and actual costs of administering the tax and the amounts required to be returned to townships and municipal corporations with respect to the first three per cent levied under division (A)(1) of this section, shall be deposited in the county

general fund, provided that such proceeds shall be used to satisfy any pledges made in connection with an agreement entered into under section 307.695 of the Revised Code.

(5) No amount collected from a tax levied, extended, or required to be deposited in the county general fund under division (H) of this section shall be contributed to a convention facilities authority, corporation, or other entity created after July 1, 2003, for the principal purpose of constructing, improving, expanding, equipping, financing, or operating a convention center unless the mayor of the municipal corporation in which the convention center is to be operated by that convention facilities authority, corporation, or other entity has consented to the creation of that convention facilities authority, corporation, or entity. Notwithstanding any contrary provision of section 351.04 of the Revised Code, if a tax is levied by a county under division (H) of this section, the board of county commissioners of that county may determine the manner of selection, the qualifications, the number, and terms of office of the members of the board of directors of any convention facilities authority, corporation, or other entity described in division (H)(5) of this section.

The agreement shall provide that the amounts to be used for purposes other than paying the convention center or administrative costs described in division (H)(6)(a) of this section be used only for the direct and indirect costs of capital improvements, including the financing of capital improvements.

(b) If the county in which the tax is levied has an association of mayors and city managers, the approval of that association of an agreement described in division (H)(6)(a) of this section shall be considered to be the approval of the majority of the mayors of the other municipal corporations for purposes of that division.

(7) Each year, the auditor of state shall conduct an audit of the uses of any amounts collected from taxes levied, extended, or deposited under division (H) of this section and shall prepare a report of the auditor of state's findings. The auditor of state shall submit the report to the legislative authority of the county that has levied, extended, or deposited the tax, the speaker of the house of representatives, the president of the senate, and the leaders of the minority parties of the house of representatives and the senate.

(2) Notwithstanding any contrary provision of division (D) of this section, the legislative authority of a county with a population of one million two hundred thousand or more according to the most recent federal decennial census or the most recent annual population estimate published or released by the United States census bureau at the time the resolution is adopted placing the levy on the ballot, that has levied a tax under division (D) of this section may, by resolution adopted by a majority of the members of the legislative authority, provide for the extension of such levy and may provide that the proceeds of that tax, to the extent that the proceeds are no longer needed for their original purpose as defined by a cooperative agreement entered into under section 307.671 of the Revised Code and after deducting the real and actual costs of administering the tax, shall be used for paying the direct and indirect costs of constructing, improving, expanding, equipping, financing, or operating a convention center. The resolution shall provide for the extension of the tax at a rate not to exceed the rate specified in division (D) of this section for a period of time determined by the legislative authority of the county, but not to exceed an additional forty years.

(3) The legislative authority of a county with a population of one million two hundred thousand or more that has levied a tax under division (A)(1) of this section may, by resolution adopted by a majority of the members of the legislative authority, increase the rate of the tax levied by such county under division (A)(1) of this section to a rate not to exceed five per cent on transactions by which lodging by a hotel is or is to be furnished to transient guests. Notwithstanding any contrary provision of division (A)(1) of this section, the resolution shall provide that all collections resulting from the rate levied in excess of three per cent, after deducting the real and actual costs of administering the tax, shall be used for paying the direct and indirect costs of constructing, improving, expanding, equipping, financing, or operating a convention center.

(4) The legislative authority of a county with a population of one million two hundred thousand or more that has levied a tax under division (A)(1) of this section may, by resolution adopted on or before July 1, 2008, by a majority of the members of the legislative authority, provide that all or a portion of the proceeds of the tax levied under division (A)(1) of this section, after deducting the real and actual costs of administering the tax and the amounts required to be returned to townships and municipal corporations with respect to the first three per cent levied under division (A)(1) of this section, shall be used to satisfy any pledges made in connection with an agreement entered into under section 307.695 of the Revised Code or shall otherwise be used for paying the direct and

(5) Any amount collected from a tax levied or extended under division (I) of this section may be contributed to a convention facilities authority created before July 1, 2005, but no amount collected from a tax levied or extended under division (I) of this section may be contributed to a convention facilities authority, corporation, or other entity created after July 1, 2005, unless the mayor of the municipal corporation in which the convention center is to be operated by that convention facilities authority, corporation, or other entity has consented to the creation of that convention facilities authority, corporation, or entity."

In the case of a television series, the director may certify the production of each episode of the series as a separate tax credit-eligible production. A motion picture company shall apply for certification of a motion picture as a tax credit-eligible production on a form and in the manner prescribed by the director. Each application shall include the following information:

If the motion picture company fails to present sufficient evidence, the director of development may rescind the certification. Upon rescission, the director shall notify the applicant that the certification has been rescinded. Nothing in this section prohibits an applicant whose tax credit-eligible production certification has been rescinded from submitting a subsequent application for certification.

(C)(1) A motion picture company whose motion picture has been certified as a tax credit-eligible production may apply to the director of development on or after July 1, 2009, for a refundable credit against the tax imposed by section 5733.06 or 5747.02 of the Revised Code. The director in consultation with the tax commissioner shall prescribe the form and manner of the application and the information or documentation required to be submitted with the application.

The credit is determined as follows:

- (a) If the total budgeted eligible production expenditures stated in the

application submitted under division (B) of this section or the actual eligible production expenditures as finally determined under division (D) of this section, whichever is least, is less than or equal to three hundred thousand dollars, no credit is allowed;

Upon the issuance of a certificate, the director shall certify to the tax commissioner the name of the applicant, the amount of eligible production expenditures shown on the certificate, and any other information required by the rules adopted to administer this section.

(3) The amount of eligible production expenditures for which a tax credit may be claimed is subject to inspection and examination by the tax commissioner or employees of the commissioner under section 5703.19 of the Revised Code and any other applicable law. Once the eligible production expenditures are finally determined under section 5703.19 of the Revised Code and division (D) of this section, the credit amount is not subject to adjustment unless the director determines an error was committed in the computation of the credit amount.

(4) No tax credit certificate may be issued before the completion of the tax credit-eligible production. The certified public accountant shall issue a report to the company and to the director of development certifying the company's eligible production expenditures and any other information required by the director. Upon receiving and examining the report, the director may disallow any expenditure the director determines is not an eligible production expenditure. If the director disallows an expenditure, the director shall issue a written notice to the motion picture production company stating that the expenditure is disallowed and the reason for the disallowance. Upon examination of the report and disallowance of any expenditures, the director shall determine finally the lesser of the total budgeted eligible production expenditures stated in the application submitted under division (B) of this section or the actual eligible production expenditures for the purpose of computing the amount of the credit.

(E) No credit shall be allowed under section 5733.59 or 5747.66 of the Revised Code unless the director has reviewed the report and made the determination prescribed by division (D) of this section.

(F) This state reserves the right to refuse the use of this state's name in the credits of any tax credit-eligible motion picture production.

(G)(1) The director of development in consultation with the tax commissioner shall adopt rules for the administration of this section, including rules setting forth and governing the criteria for determining whether a motion picture production is a tax credit-eligible production; activities that constitute the production of a motion picture; reporting sufficient evidence of reviewable progress; expenditures that qualify as eligible production expenditures; a competitive process for approving credits; and consideration of geographic distribution of credits. The rules shall be adopted under Chapter 119. of the Revised Code.

(2) The director may require a reasonable application fee to cover administrative costs of the tax credit program. The fees collected shall be credited to the motion picture tax credit program operating fund, which is hereby created in the state treasury. The motion picture tax credit program operating fund shall consist of all grants, gifts, fees, and contributions made to the director of development for marketing and promotion of the motion picture industry within this state. (B)(1) Before a child's adoption is finalized, a public children services agency ~~shall~~ may enter into an agreement with the child's adoptive parent under which the agency ~~shall~~ , to the extent state funds are available, may make state adoption maintenance subsidy payments as needed on behalf of the child when all of the following apply:

(a) The child is a child with special needs.

(b) The child was placed in the adoptive home by a public children services agency or a private child placing agency and may legally be adopted.

(c) The adoptive parent has the capability of providing the permanent family relationships needed by the child.

(d) The needs of the child are beyond the economic resources of the adoptive parent.

(e) Acceptance of the child as a member of the adoptive parent's family would not be in the child's best interest without payments on the child's behalf under this section.

(f) The gross income of the adoptive parent's family does not exceed one hundred twenty per cent of the median income of a family of the same size, including the child, as most recently determined for this state by the secretary of health and human services under Title XX of the "Social Security Act," 88 Stat. 2337, 42 U.S.C.A. 1397, as amended.

(g) The child is not eligible for adoption assistance payments under Title IV-E of the "Social Security Act," 94 Stat. 501 (1980), 42 U.S.C.A. 671, as amended.

(2) State adoption maintenance subsidy payment agreements must be made by either the public children services agency that has permanent custody of the child or the public children services agency of the county in which the private child placing agency that has permanent custody of the child is located.

(3) State adoption maintenance subsidy payments shall be made in accordance with the agreement between the public children services agency and

the adoptive parent and are subject to an annual redetermination of need.

(4) Payments under this division may begin either before or after issuance of the final adoption decree, except that payments made before issuance of the final adoption decree may be made only while the child is living in the adoptive parent's home. Preadoption payments may be made for not more than twelve months, unless the final adoption decree is not issued within that time because of a delay in court proceedings. Payments that begin before issuance of the final adoption decree may continue after its issuance.

(C)(1) If, after the child's adoption is finalized, a public children services agency considers a child residing in the county served by the agency to be in need of public care or protective services, the agency may, to the extent state funds are ~~appropriated~~ available for this purpose, enter into an agreement with the child's adoptive parent under which the agency ~~shall~~ may make post adoption special services subsidy payments on behalf of the child as needed when both of the following apply:

(a) The child has a physical or developmental handicap or mental or emotional condition that either:

(i) Existed before the adoption petition was filed; or

(ii) Developed after the adoption petition was filed and can be directly attributed to factors in the child's preadoption background, medical history, or biological family's background or medical history.

(b) The agency determines the expenses necessitated by the child's handicap or condition are beyond the adoptive parent's economic resources.

(2) Services for which a public children services agency may make post adoption special services subsidy payments on behalf of a child under this division shall include medical, surgical, psychiatric, psychological, and counseling services, including residential treatment.

(3) The department of job and family services shall establish clinical standards to evaluate a child's physical or developmental handicap or mental or emotional condition and assess the child's need for services.

(4) The total dollar value of post adoption special services subsidy payments made on a child's behalf shall not exceed ten thousand dollars in any fiscal year, unless the department determines that extraordinary circumstances exist that necessitate further funding of services for the child. Under such extraordinary circumstances, the value of the payments made on the child's behalf shall not exceed fifteen thousand dollars in any fiscal year.

(5) The adoptive parent or parents of a child who receives post adoption special services subsidy payments shall pay at least five per cent of the total cost of all services provided to the child; except that a public children services agency may waive this requirement if the gross annual income of the child's adoptive family is not more than two hundred per cent of the federal poverty guideline.

(6) A public children services agency may use other sources of revenue to make post adoption special services subsidy payments, in addition to any state funds appropriated for that purpose.

(c) The adoptive parent has the capability of providing the permanent family relationships needed by the child.

Payments that begin before issuance of the final adoption decree may continue after its issuance.

(5) The adoptive parent or parents of a child who receives post adoption special services subsidy payments shall pay at least five per cent of the total cost of all services provided to the child; except that a public children services agency may waive this requirement if the gross annual income of the child's adoptive

(6) A public children services agency may use other sources of revenue to make post adoption special services subsidy payments, in addition to any state funds appropriated for that purpose.

(D) No payment shall be made under division (B) or (C) of this section on behalf of any person eighteen years of age or older beyond the end of the school year during which the person attains the age of eighteen or on behalf of a mentally or physically handicapped person twenty-one years of age or older.

Of the foregoing appropriation item 200641, Education Technology, the Department of Education, in each fiscal year, shall use the lesser of one-half of the amount of federal funds allocated to the state for the fiscal year as an Education Technology State Grant (CFDA 84.318) or \$4,500,000 in collaboration with the eTech Ohio Commission to provide grants on a competitive basis to eligible entities for their participation in the interactive distance learning pilot project.

An amount equal to the unexpended, unencumbered portion of this set aside at the end of fiscal year 2010 is hereby reappropriated to the Department of Education for fiscal year 2011 to provide grants under this section.

(1) The Department and the Commission shall enter into a memorandum of understanding giving the Commission the authority to set the grant criteria and to select the grant recipients and giving the Department all federal monitoring and compliance responsibilities. The memorandum of understanding also shall specify all of the following:

(a) Administrative functions to be provided by each of the Department and the Commission and the distribution between the Department and the Commission of the costs associated with those functions;

(b) The process that the Department shall use to draw down and transfer the funds necessary under this section in accordance with the "Cash Management Improvement Act of 1990," 31 U.S.C. 6501 et seq. to support the Commission in its functions;

(c) The amount that may be used for administration of the pilot project is limited to not more than five per cent of the total amount expended under this section.

The memorandum of understanding shall comply with all relevant federal guidelines and regulations.

(2) The Commission shall issue a request for proposals for awards to be issued before or during the 2009-2010 academic year.

(3) The Commission shall limit the number of grants so that each grant recipient receives an amount that is sufficient to ensure full participation in the program. The Commission shall endeavor to award grants in a manner that ensures diversity among grant recipients according to geographical regions, economic scale, and school district size.

(4) In awarding grants under this section, the Commission shall give priority to the following:

(a) School districts for which advanced placement or foreign language course offerings make up less than one per cent of the district's total course offerings;

(b) Schools and school districts that without additional assistance lack the necessary connectivity to offer interactive distance learning courses;

(c) Schools and school districts that demonstrate commitment to appropriately supporting distance learning offerings, as determined satisfactory by the Commission, including but not limited to:

(i) Enrolling a minimum number of students to participate in the distance learning classes;

(ii) Committing the necessary personnel to facilitate and assist students with distance learning classes;

(iii) Committing the necessary personnel capable of operating distance learning equipment.

(d) Schools and school districts that without additional assistance lack the necessary equipment to offer interactive distance learning courses;

However, any student, teacher, or other school employee of a public or nonpublic school that is not awarded a grant under this section may participate in the interactive distance learning pilot project, as long as such participation does not impose an additional cost to the state, does not diminish the quality of project outcomes for those entities that are awarded grants, and aligns with federal regulations and guidelines.

"Sec. 5101.24. (A) As used in this section, "responsible county grantee" means whichever county grantee, as defined in section 5101.21 of the Revised Code, the director of job and family services determines is appropriate to take action against under division (C) of this section.

(B) Regardless of whether a family services duty is performed by a county family services agency, private or government entity pursuant to a contract entered into under section 307.982 of the Revised Code or division (C)(2) of section 5153.16 of the Revised Code, or private or government provider of a family service duty, the department of job and family services may take action under division (C) of this section against the responsible county grantee if the department determines any of the following are the case:

(1) A requirement of a grant agreement entered into under section 5101.21 of the Revised Code that includes a grant for the family services duty, including a requirement for grant agreements established by rules adopted under that section, is not complied with;

(2) A county family services agency fails to develop, submit to the department, or comply with a corrective action plan under division (B) of section 5101.221 of the Revised Code, or the department disapproves the agency's corrective action plan developed under division (B) of section 5101.221 of the Revised Code;

(3) A requirement for the family services duty established by the department or any of the following is not complied with: a federal or state law, state plan for receipt of federal financial participation, grant agreement between the department and a federal agency, or executive order issued by the governor;

(4) The responsible county grantee is solely or partially responsible, as determined by the director of job and family services, for an adverse audit finding, adverse quality control finding, final disallowance of federal financial participation, or other sanction or penalty regarding the family services duty.

(C) The department may take one or more of the following actions against the responsible county grantee when authorized by division (B)(1), (2), (3), or (4) of this section:

(1) Require the responsible county grantee to comply with a corrective

action plan pursuant to a time schedule specified by the department. The corrective action plan shall be established or approved by the department and shall not require a county grantee to commit resources to the plan.

(2) Require the responsible county grantee to comply with a corrective action plan pursuant to a time schedule specified by the department. The corrective action plan shall be established or approved by the department and require a county grantee to commit to the plan existing resources identified by the agency.

(3) Require the responsible county grantee to do one of the following:

(a) Share with the department a final disallowance of federal financial participation or other sanction or penalty;

(b) Reimburse the department the final amount the department pays to the federal government or another entity that represents the amount the responsible county grantee is responsible for of an adverse audit finding, adverse quality control finding, final disallowance of federal financial participation, or other sanction or penalty issued by the federal government, auditor of state, or other entity;

(c) Pay the federal government or another entity the final amount that represents the amount the responsible county grantee is responsible for of an adverse audit finding, adverse quality control finding, final disallowance of federal financial participation, or other sanction or penalty issued by the federal government, auditor of state, or other entity;

(d) Pay the department the final amount that represents the amount the responsible county grantee is responsible for of an adverse audit finding or adverse quality control finding.

(4) Impose an administrative sanction issued by the department against the responsible county grantee. A sanction may be increased if the department has previously taken action against the responsible entity under this division.

(5) Perform, or contract with a government or private entity for the entity to perform, the family services duty until the department is satisfied that the responsible county grantee ensures that the duty will be performed satisfactorily. If the department performs or contracts with an entity to perform a family services duty under division (C)(5) of this section, the department may do either or both of the following:

(a) Spend funds in the county treasury appropriated by the board of county commissioners for the duty;

(b) Withhold funds allocated or reimbursements due to the responsible county grantee for the duty and spend the funds for the duty.

(6) Request that the attorney general bring mandamus proceedings to compel the responsible county grantee to take or cease the action that causes division (B)(1), (2), (3), or (4) of this section to apply. The attorney general shall

bring mandamus proceedings in the Franklin county court of appeals at the department's request.

(7) If the department takes action under this division because of division (B)(3) of this section, temporarily withhold funds allocated or reimbursement due to the responsible county grantee until the department determines that the responsible county grantee is in compliance with the requirement. The department shall release the funds when the department determines that compliance has been achieved.

(D) If the department proposes to take action against the responsible county grantee under division (C) of this section, the department shall notify the responsible county grantee, director of the appropriate county family services agency, and county auditor. The notice shall be in writing and specify the action the department proposes to take. The department shall send the notice by regular United States mail.

Except as provided by division (E) of this section, the responsible county grantee may request an administrative review of a proposed action in accordance with administrative review procedures the department shall establish. The administrative review procedures shall comply with all of the following:

(1) A request for an administrative review shall state specifically all of the following:

(a) The proposed action specified in the notice from the department for which the review is requested;

(b) The reason why the responsible county grantee believes the proposed action is inappropriate;

(c) All facts and legal arguments that the responsible county grantee wants the department to consider;

(d) The name of the person who will serve as the responsible county grantee's representative in the review.

(2) If the department's notice specifies more than one proposed action and the responsible county grantee does not specify all of the proposed actions in its request pursuant to division (D)(1)(a) of this section, the proposed actions not specified in the request shall not be subject to administrative review and the parts of the notice regarding those proposed actions shall be final and binding on the responsible county grantee.

(3) In the case of a proposed action under division (C)(1) of this section, the responsible county grantee shall have fifteen calendar days after the department mails the notice to the responsible county grantee to send a written request to the department for an administrative review. If it receives such a request within the required time, the department shall postpone taking action under division (C)(1) of this section for fifteen calendar days following the day it receives the request or extended period of time provided for in division (D)(5) of

this section to allow a representative of the department and a representative of the responsible county grantee an informal opportunity to resolve any dispute during that fifteen-day or extended period.

(4) In the case of a proposed action under division (C)(2), (3), (4), (5), or (7) of this section, the responsible county grantee shall have thirty calendar days after the department mails the notice to the responsible county grantee to send a written request to the department for an administrative review. If it receives such a request within the required time, the department shall postpone taking action under division (C)(2), (3), (4), (5), or (7) of this section for thirty calendar days following the day it receives the request or extended period of time provided for in division (D)(5) of this section to allow a representative of the department and a representative of the responsible county grantee an informal opportunity to resolve any dispute during that thirty-day or extended period.

(5) If the informal opportunity provided in division (D)(3) or (4) of this section does not result in a written resolution to the dispute within the fifteen- or thirty-day period, the director of job and family services and representative of the responsible county grantee may enter into a written agreement extending the time period for attempting an informal resolution of the dispute under division (D)(3) or (4) of this section.

(6) In the case of a proposed action under division (C)(3) of this section, the responsible county grantee may not include in its request disputes over a finding, final disallowance of federal financial participation, or other sanction or penalty issued by the federal government, auditor of state, or entity other than the department.

(7) If the responsible county grantee fails to request an administrative review within the required time, the responsible county grantee loses the right to request an administrative review of the proposed actions specified in the notice and the notice becomes final and binding on the responsible county grantee.

(8) If the informal opportunity provided in division (D)(3) or (4) of this section does not result in a written resolution to the dispute within the time provided by division (D)(3), (4), or (5) of this section, the director shall appoint an administrative review panel to conduct the administrative review. The review panel shall consist of department employees and one director or other representative of the type of county family services agency that is responsible for the kind of family services duty that is the subject of the dispute and serves a different county than the county served by the responsible county grantee. No individual involved in the department's proposal to take action against the responsible county grantee may serve on the review panel. The review panel shall review the responsible county grantee's request. The review panel may require that the department or responsible county grantee submit additional information and schedule and conduct an informal hearing to obtain testimony or additional evidence. A review of a proposal to take action under division (C)(3) of this section shall be limited solely to the issue of the amount the responsible county grantee shall share with the department, reimburse the department, or pay

to the federal government, department, or other entity under division (C)(3) of this section. The review panel is not required to make a stenographic record of its hearing or other proceedings.

(9) After finishing an administrative review, an administrative review panel appointed under division (D)(8) of this section shall submit a written report to the director setting forth its findings of fact, conclusions of law, and recommendations for action. The director may approve, modify, or disapprove the recommendations. If the director modifies or disapproves the recommendations, the director shall state the reasons for the modification or disapproval and the actions to be taken against the responsible county grantee.

(10) The director's approval, modification, or disapproval under division (D)(9) of this section shall be final and binding on the responsible county grantee and shall not be subject to further departmental review.

(E) The responsible county grantee is not entitled to an administrative review under division (D) of this section for any of the following:

(1) An action taken under division (C)(6) of this section;

(2) An action taken under section 5101.242 of the Revised Code;

(3) An action taken under division (C)(3) of this section if the federal government, auditor of state, or entity other than the department has identified the responsible county grantee as being solely or partially responsible for an adverse audit finding, adverse quality control finding, final disallowance of federal financial participation, or other sanction or penalty;

(4) An adjustment to an allocation, cash draw, advance, or reimbursement to a responsible county grantee that the department determines necessary for budgetary reasons;

(5) Withholding of a cash draw or reimbursement due to noncompliance with a reporting requirement established in rules adopted under section 5101.243 of the Revised Code ;

(6) An action taken under division (C)(5) of this section if the department determines that an emergency exists.

(F) This section does not apply to other actions the department takes against the responsible county grantee pursuant to authority granted by another state law unless the other state law requires the department to take the action in accordance with this section.

(G) The director of job and family services may adopt rules in accordance with Chapter 119. of the Revised Code as necessary to implement this section."

(a) "Federally eligible individual" means an eligible individual as defined in 45 C.F.R. 148.103.

(b) "Base rate" means, as to any health benefit plan that is issued by a health insuring corporation, the lowest premium rate for new or existing business prescribed by the health insuring corporation for the same or similar coverage under a plan or arrangement covering any individual in a group with similar case characteristics.

(C) The option for conversion shall be available:

(1) Upon the death of the subscriber, to the surviving spouse with respect to such of the spouse and dependents as are then covered by the group contract;

(2) To a child solely with respect to the child upon the child's attaining the limiting age of coverage under the group contract while covered as a dependent under the contract;

(3) Upon the divorce, dissolution, or annulment of the marriage of the subscriber, to the divorced spouse, or, in the event of annulment, to the former spouse of the subscriber.

(D) No health insuring corporation shall use age or health status as the basis for refusing to renew a converted contract.

(E) Written notice of the conversion option provided by this section shall be given to the subscriber by the health insuring corporation by mail. The notice shall be sent to the subscriber's address in the records of the employer upon receipt of notice from the employer of the event giving rise to the conversion option. If the subscriber has not received notice of the conversion privilege at least fifteen days prior to the expiration of the thirty-day conversion period, then the subscriber shall have an additional period within which to exercise the privilege. This additional period shall expire fifteen days after the subscriber receives notice, but in no event shall the period extend beyond sixty days after the expiration of the thirty-day conversion period.

(F) This section does not apply to any group contract offering only supplemental health care services or specialty health care services.

Sec. 1751.18. (A)(1) No health insuring corporation shall cancel or fail to renew the coverage of a subscriber or enrollee because of any health status-related factor in relation to the subscriber or enrollee, the subscriber's or enrollee's requirements for health care services, or for any other reason designated under rules adopted by the superintendent of insurance.

(2) Unless otherwise required by state or federal law, no health insuring corporation, or health care facility or provider through which the health insuring corporation has made arrangements to provide health care services, shall discriminate against any individual with regard to enrollment, disenrollment, or the quality of health care services rendered, on the basis of the individual's race, color, sex, age, religion, military status as defined in section 4112.01 of the Revised Code, or status as a recipient of medicare or medicaid, or any health status-related factor in relation to the individual. However, a health insuring corporation shall not be required to accept a recipient of medicare or medical assistance, if an agreement has not been reached on appropriate payment mechanisms between the health insuring corporation and the governmental agency administering these programs. Further, except ~~during a period of~~ for open enrollment coverage under section 1751.15 sections 3923.58 and 3923.581 of the Revised Code, a health insuring corporation may reject an applicant for nongroup enrollment on the basis of any health status-related factor in relation to the applicant.

(B) A health insuring corporation may cancel or decide not to renew the coverage of an enrollee if the enrollee has performed an act or practice that constitutes fraud or intentional misrepresentation of material fact under the terms of the coverage and if the cancellation or nonrenewal is not based, either directly or indirectly, on any health status-related factor in relation to the enrollee.

(C) An enrollee may appeal any action or decision of a health insuring corporation taken pursuant to section 2742(b) to (e) of the "Health Insurance Portability and Accountability Act of 1996," Pub. L. No. 104-191, 110 Stat. 1955, 42 U.S.C.A. 300gg-42, as amended. To appeal, the enrollee may submit a written complaint to the health insuring corporation pursuant to section 1751.19 of the Revised Code. The enrollee may, within thirty days after receiving a written response from the health insuring corporation, appeal the health insuring corporation's action or decision to the superintendent.

- (1) Health status;
- (2) Medical condition, including both physical and mental illnesses;
- (3) Claims experience;

- (8) Disability."

Between lines 59382 and 59383, insert:

"Sec. 3923.122. (A) Every policy of group sickness and accident insurance providing hospital, surgical, or medical expense coverage for other than specific diseases or accidents only, and delivered, issued for delivery, or renewed in this state on or after January 1, 1976, shall include a provision giving each insured the option to convert to the following:

(1) In the case of an individual who is not a federally eligible individual, any of the individual policies of hospital, surgical, or medical expense insurance then being issued by the insurer with benefit limits not to exceed those in effect under the group policy;

(2) In the case of a federally eligible individual, a basic or standard plan established ~~by the board of directors of the Ohio health reinsurance program in accordance with section 3924.10 of the Revised Code~~ or plans substantially similar to the basic and standard plan in benefit design and scope of covered services. For purposes of division (A)(2) of this section, the superintendent of insurance shall determine whether a plan is substantially similar to the basic or standard plan in benefit design and scope of covered services.

(B) An option for conversion to an individual policy shall be available without evidence of insurability to every insured, including any person eligible under division (D) of this section, who terminates employment or membership in

the group holding the policy after having been continuously insured thereunder for at least one year.

Upon receipt of the insured's written application and upon payment of at least the first quarterly premium not later than thirty-one days after the termination of coverage under the group policy, the insurer shall issue a converted policy on a form then available for conversion. The premium shall be in accordance with the insurer's table of premium rates in effect on the later of the following dates:

(1) The effective date of the converted policy;

(2) The date of application therefor; and shall be applicable to the class of risk to which each person covered belongs and to the form and amount of the policy at the person's then attained age. However, premiums charged federally eligible individuals may not exceed ~~an amount that is two times the midpoint of the standard~~ the amounts specified below:

(a) For calendar years 2010 and 2011, an amount that is two times the base rate charged any other individual of a group to which the insurer is currently accepting new business and for which similar copayments and deductibles are applied ;

(b) For calendar year 2012 and every year thereafter, an amount that is one and one-half times the base rate charged any other individual of a group to which the insurer is currently accepting new business and for which similar copayments and deductibles are applied, unless the superintendent of insurance determines that the amendments by this act to sections 3923.58 and 3923.581 of the Revised Code, have resulted in the market-wide average medical loss ratio for coverage sold to individual insureds and nonemployer group insureds in this state, including open enrollment insureds, to increase by more than five and one quarter percentage points during calendar year 2010. If the superintendent makes that determination, the premium limit established by division (B)(2)(a) of this section shall remain in effect.

At the election of the insurer, a separate converted policy may be issued to cover any dependent of an employee or member of the group.

Except as provided in division (H) of this section, any converted policy shall become effective as of the day following the date of termination of insurance under the group policy.

Any probationary or waiting period set forth in the converted policy is deemed to commence on the effective date of the insured's coverage under the group policy.

(C) No insurer shall be required to issue a converted policy to any person who is, or is eligible to be, covered for benefits at least comparable to the group policy under:

(1) Title XVIII of the Social Security Act, as amended or superseded;

(2) Any act of congress or law under this or any other state of the United States that duplicates coverage offered under division (C)(1) of this section;

(3) Any policy that duplicates coverage offered under division (C)(1) of this section;

(4) Any other group sickness and accident insurance providing hospital, surgical, or medical expense coverage for other than specific diseases or accidents only.

(D) The option for conversion shall be available:

(1) Upon the death of the employee or member, to the surviving spouse with respect to such of the spouse and dependents as are then covered by the group policy;

(2) To a child solely with respect to the child upon attaining the limiting age of coverage under the group policy while covered as a dependent thereunder;

(3) Upon the divorce, dissolution, or annulment of the marriage of the employee or member, to the divorced spouse, or former spouse in the event of annulment, of such employee or member, or upon the legal separation of the spouse from such employee or member, to the spouse.

Persons possessing the option for conversion pursuant to this division shall be considered members for the purposes of division (H) of this section.

(E) If coverage is continued under a group policy on an employee following retirement prior to the time the employee is, or is eligible to be, covered by Title XVIII of the Social Security Act, the employee may elect, in lieu of the continuance of group insurance, to have the same conversion rights as would apply had the employee's insurance terminated at retirement by reason of termination of employment.

(F) If the insurer and the group policyholder agree upon one or more additional plans of benefits to be available for converted policies, the applicant for the converted policy may elect such a plan in lieu of a converted policy.

(G) The converted policy may contain provisions for avoiding duplication of benefits provided pursuant to divisions (C)(1), (2), (3), and (4) of this section or provided under any other insured or noninsured plan or program.

(H) If an employee or member becomes entitled to obtain a converted policy pursuant to this section, and if the employee or member has not received notice of the conversion privilege at least fifteen days prior to the expiration of the thirty-one-day conversion period provided in division (B) of this section, then the employee or member has an additional period within which to exercise the privilege. This additional period shall expire fifteen days after the employee or member receives notice, but in no event shall the period extend beyond sixty days after the expiration of the thirty-one-day conversion period.

Written notice presented to the employee or member, or mailed by the

policyholder to the last known address of the employee or member as indicated on its records, constitutes notice for the purpose of this division. In the case of a person who is eligible for a converted policy under division (D)(2) or (D)(3) of this section, a policyholder shall not be responsible for presenting or mailing such notice, unless such policyholder has actual knowledge of the person's eligibility for a converted policy.

If an additional period is allowed by an employee or member for the exercise of a conversion privilege, and if written application for the converted policy, accompanied by at least the first quarterly premium, is made after the expiration of the thirty-one-day conversion period, but within the additional period allowed an employee or member in accordance with this division, the effective date of the converted policy shall be the date of application.

(I) The converted policy may provide that any hospital, surgical, or medical expense benefits otherwise payable with respect to any person may be reduced by the amount of any such benefits payable under the group policy for the same loss after termination of coverage.

(J) The converted policy may contain:

(1) Any exclusion, reduction, or limitation contained in the group policy or customarily used in individual policies issued by the insurer;

(2) Any provision permitted in this section;

(3) Any other provision not prohibited by law.

Any provision required or permitted in this section may be made a part of any converted policy by means of an endorsement or rider.

(K) The time limit specified in a converted policy for certain defenses with respect to any person who was covered by a group policy shall commence on the effective date of such person's coverage under the group policy.

(L) No insurer shall use deterioration of health as the basis for refusing to renew a converted policy.

(M) No insurer shall use age or health status as the basis for refusing to renew a converted policy.

(N) A converted policy made available pursuant to this section shall, if delivery of the policy is to be made in this state, comply with this section. If delivery of a converted policy is to be made in another state, it may be on a form offered by the insurer in the jurisdiction where the delivery is to be made and which provides benefits substantially in compliance with those required in a policy delivered in this state.

(2) "Carrier," "health benefit plan," and "MEWA" have the same meanings as in section 3924.01 of the Revised Code.

(2) "~~Insurer~~" means any sickness and accident insurance company authorized to do business in this state, or MEWA authorized to issue insured health benefit plans in this state. "~~Insurer~~" does not include any health insuring corporation that is owned or operated by an insurer.

(3) "Network plan" means a health benefit plan of a carrier under which the financing and delivery of medical care, including items and services paid for as medical care, are provided, in whole or in part, through a defined set of providers under contract with the carrier.

(4) "Ohio health care basic and standard plans" means those plans established under section 3924.10 of the Revised Code.

(5) "Pre-existing conditions provision" means a policy provision that excludes or limits coverage for charges or expenses incurred during a specified period following the insured's effective date of coverage as to a condition which, during a specified period immediately preceding the effective date of coverage, had manifested itself in such a manner as would cause an ordinarily prudent person to seek medical advice, diagnosis, care, or treatment or for which medical advice, diagnosis, care, or treatment was recommended or received, or a pregnancy existing on the effective date of coverage.

(B) Beginning in January of each year, ~~insurers~~ carriers in the business of issuing ~~individual policies of sickness and accident insurance as contemplated by section 3923.021 of the Revised Code~~ health benefit plans to individuals and nonemployer groups, except individual ~~policies~~ health benefit plans issued pursuant to ~~section~~ sections 1751.16 and 3923.122 of the Revised Code, shall accept applicants for open enrollment coverage, as set forth in this division, in the order in which they apply for coverage and subject to the limitation set forth in division (G) of this section. ~~Insurers~~ Carriers shall accept for coverage pursuant to this section individuals to whom both of the following conditions apply:

(1) The individual is not applying for coverage as an employee of an

employer, as a member of an association, or as a member of any other group.

(2) The individual is not covered, and is not eligible for coverage, under any other private or public health benefits arrangement, including the medicare program established under Title XVIII of the "Social Security Act," 49 Stat. 620 (1935), 42 U.S.C.A. 301, as amended, or any other act of congress or law of this or any other state of the United States that provides benefits comparable to the benefits provided under this section, any medicare supplement policy, or any continuation of coverage policy under state or federal law.

(C) ~~An insurer~~ A carrier shall offer to any individual accepted under this section the Ohio health care basic and standard plans ~~established by the board of directors of the Ohio health reinsurance program under division (A) of section 3924.10 of the Revised Code~~ or health benefit plans that are substantially similar to the Ohio health care basic and standard plans in benefit plan design and scope of covered services.

~~An insurer~~ A carrier may offer other health benefit plans in addition to, but not in lieu of, the plans required to be offered under this division. A basic health benefit plan shall provide, at a minimum, the coverage provided by the Ohio health care basic plan or any health benefit plan that is substantially similar to the Ohio health care basic plan in benefit plan design and scope of covered services. A standard health benefit plan shall provide, at a minimum, the coverage provided by the Ohio health care standard plan or any health benefit plan that is substantially similar to the Ohio health care standard plan in benefit plan design and scope of covered services.

For purposes of this division, the superintendent of insurance shall determine whether a health benefit plan is substantially similar to the Ohio health care basic and standard plans in benefit plan design and scope of covered services.

(D) (1) Health benefit plans issued under this section may establish pre-existing conditions provisions that exclude or limit coverage for a period of up to twelve months following the individual's effective date of coverage and that may relate only to conditions during the six months immediately preceding the effective date of coverage. A health insuring corporation may apply a pre-existing condition provision for any basic health care service related to a transplant of a body organ if the transplant occurs within one year after the effective date of an enrollee's coverage under this section except with respect to a newly born child who meets the requirements for coverage under section 1751.61 of the Revised Code.

(2) In determining whether a pre-existing conditions provision applies to an insured or dependent, each policy shall credit the time the insured or dependent was covered under a previous policy, contract, or plan if the previous coverage was continuous to a date not more than sixty-three days prior to the effective date of the new coverage, exclusive of any applicable service waiting period under the policy.

(E) Premiums charged to individuals under this section may not exceed ~~an amount that is two and one-half times the highest~~ the amounts specified below:

(1) For calendar years 2010 and 2011, an amount that is two times the base rate charged for coverage offered to any other individual to which the insurer carrier is currently accepting new business, and for which similar copayments and deductibles are applied ;

(2) For calendar year 2012 and every year thereafter, an amount that is one and one-half times the base rate for coverage offered to any other individual to which the carrier is currently accepting new business and for which similar copayments and deductibles are applied, unless the superintendent of insurance determines that the amendments by this act to this section and section 3923.581 of the Revised Code, have resulted in the market-wide average medical loss ratio for coverage sold to individual insureds and nonemployer group insureds in this state, including open enrollment insureds, to increase by more than five and one quarter percentage points during calendar year 2010. If the superintendent makes that determination, the premium limit established by division (E)(1) of this section shall remain in effect. The superintendent's determination shall be supported by a signed letter from a member of the American academy of actuaries.

(F) In offering health benefit plans under this section, ~~an insurer~~ a carrier may require the purchase of health benefit plans that condition the reimbursement of health services upon the use of a specific network of providers.

(G)(1) ~~In no event shall an insurer~~ A carrier shall not be required to accept ~~annually new~~ new applicants under this section if the total number of the carrier's current insureds with open enrollment coverage issued under this section ~~individuals who, in the aggregate, would cause the insurer to have a total number of new insureds that is more than one-half per cent of its total number of insured individuals in this state per year, as contemplated by section 3923.021 of the Revised Code, calculated as of the immediately preceding thirty-first day of December and excluding the insurer's carrier's medicare supplement policies and conversion or continuation of coverage policies under state or federal law and any policies described in division (L) of this section~~ meets the following limits:

(a) For calendar years 2010 and 2011, four per cent of the carrier's total number of individual or nonemployer group insureds in this state;

(b) For calendar year 2012 and every year thereafter, eight per cent of the carrier's total number of insured individuals and nonemployer group insureds in this state, unless the superintendent of insurance determines that the amendments by this act to this section and section 3923.581 of the Revised Code, have resulted in the market-wide average medical loss ratio for coverage sold to individual insureds and nonemployer group insureds in this state, including open enrollment insureds, to increase by more than five and one quarter percentage

points during calendar year 2010. If the superintendent makes that determination, the enrollment limit established by division (G)(1)(a) of this section shall remain in effect. The superintendent's determination shall be supported by a signed letter from a member of the American academy of actuaries.

(2) An officer of the ~~insurer~~ carrier shall certify to the department of insurance when it has met the enrollment limit set forth in division (G)(1) of this section. Upon providing such certification, the ~~insurer~~ carrier shall be relieved of its open enrollment requirement under this section ~~for the remainder of the calendar year~~ as long as the carrier continues to meet the open enrollment limit. If the total number of the carrier's current insureds with open enrollment coverage issued under this section falls below the enrollment limit, the carrier shall accept new applicants. A carrier may establish a waiting list if the carrier has met the open enrollment limit and shall notify the superintendent if the carrier has a waiting list in effect.

(H) ~~An insurer~~ A carrier shall not be required to accept under this section applicants who, at the time of enrollment, are confined to a health care facility because of chronic illness, permanent injury, or other infirmity that would cause economic impairment to the ~~insurer~~ carrier if the applicants were accepted, ~~or~~ . A carrier shall not be required to make the effective date of benefits for individuals accepted under this section earlier than ninety days after the date of acceptance, except that when the individual had prior coverage with a health benefit plan that was terminated by a carrier because the carrier exited the market and the individual was accepted for open enrollment under this section within sixty-three days of that termination, the effective date of benefits shall be the date of enrollment.

(I) The requirements of this section do not apply to any ~~insurer~~ carrier that is currently in a state of supervision, insolvency, or liquidation. If ~~an insurer~~ a carrier demonstrates to the satisfaction of the superintendent that the requirements of this section would place the ~~insurer~~ carrier in a state of supervision, insolvency, or liquidation, or would otherwise jeopardize the carrier's economic viability overall or in the individual market, the superintendent may waive or modify the requirements of division (B) or (G) of this section. The actions of the superintendent under this division shall be effective for a period of not more than one year. At the expiration of such time, a new showing of need for a waiver or modification by the ~~insurer~~ carrier shall be made before a new waiver or modification is issued or imposed.

(J) No hospital, health care facility, or health care practitioner, and no person who employs any health care practitioner, shall balance bill any individual or dependent of an individual for any health care supplies or services provided to the individual or dependent who is insured under a policy issued under this section. The hospital, health care facility, or health care practitioner, or any person that employs the health care practitioner, shall accept payments made to it by the ~~insurer~~ carrier under the terms of the policy or contract insuring

or covering such individual as payment in full for such health care supplies or services.

The superintendent may adopt, in accordance with Chapter 119. of the Revised Code, such rules as are necessary to enforce this division.

(L) This section does not apply to any policy that provides coverage for specific diseases or accidents only, or to any hospital indemnity, medicare supplement, long-term care, disability income, one-time-limited-duration policy of no longer than six months, or other policy that offers only supplemental benefits.

(M) If a carrier offers a health benefit plan in the individual market through a network plan, the carrier may do both of the following:

(1) Limit the individuals that may apply for such coverage to those who live, work, or reside in the service area of the network plan;

(2) Within the service area of the network plan, deny the coverage to individuals if the carrier has demonstrated both of the following to the superintendent:

(a) The carrier will not have the capacity to deliver services adequately to any additional individuals because of the carrier's obligations to existing group contract holders and individuals.

(b) The carrier is applying division (M)(2) of this section uniformly to all individuals without regard to any health status-related factors of those individuals.

(N) A carrier that, pursuant to division (M)(2) of this section, denies coverage to an individual in the service area of a network plan, shall not offer coverage in the individual market within that service area for at least one hundred eighty days after the date the carrier denies the coverage.

Sec. 3923.581. (A) As used in this section:

If the superintendent makes that determination, the premium limit established by division (E)(1) of this section shall remain in effect. Between lines 76019 and 76020, insert:

(A) "Allowable costs" are those costs determined by the department of job and family services to be reasonable and do not include fines paid under sections 5111.35 to 5111.61 and section 5111.99 of the Revised Code.

(B) "Ancillary and support costs" means all reasonable costs incurred by a nursing facility other than direct care costs or capital costs. "Ancillary and support costs" includes, but is not limited to, costs of activities, social services, pharmacy consultants, habilitation supervisors, qualified mental retardation professionals, program directors, medical and habilitation records, program supplies, incontinence supplies, food, enterals, dietary supplies and personnel, laundry, housekeeping, security, administration, medical equipment, utilities, liability insurance, bookkeeping, purchasing department, human resources, communications, travel, dues, license fees, subscriptions, home office costs not otherwise allocated, legal services, accounting services, minor equipment, wheelchairs, resident transportation, maintenance and repairs, help-wanted advertising, informational advertising, start-up costs, organizational expenses, other interest, property insurance, employee training and staff development, employee benefits, payroll taxes, and workers' compensation premiums or costs for self-insurance claims and related costs as specified in rules adopted by the director of job and family services under section 5111.02 of the Revised Code, for personnel listed in this division. "Ancillary and support costs" also means the cost of equipment, including vehicles, acquired by operating lease executed before December 1, 1992, if the costs are reported as administrative and general costs on the facility's cost report for the cost reporting period ending December 31, 1992.

(C) "Capital costs" means costs of ownership and, in the case of an intermediate care facility for the mentally retarded, costs of nonextensive renovation.

For a facility originally licensed as a residential facility under section 5123.19 of the Revised Code, "date of licensure" means the date specific beds were originally licensed as residential facility beds under that section.

If nursing home beds licensed under Chapter 3721. of the Revised Code or residential facility beds licensed under section 5123.19 of the Revised Code were not required by law to be licensed when they were originally used to provide nursing home or residential facility services, "date of licensure" means the date the beds first were used to provide nursing home or residential facility services, regardless of the date the present provider obtained licensure.

If a facility adds nursing home beds or residential facility beds or extensively renovates all or part of the facility after its original date of licensure,

it will have a different date of licensure for the additional beds or extensively renovated portion of the facility, unless the beds are added in a space that was constructed at the same time as the previously licensed beds but was not licensed under Chapter 3721. or section 5123.19 of the Revised Code at that time.

(2) The definition of "date of licensure" in this section applies in determinations of the medicaid reimbursement rate for a nursing facility or intermediate care facility for the mentally retarded but does not apply in determinations of the franchise permit fee for a nursing facility or intermediate care facility for the mentally retarded.

(G) "Desk-reviewed" means that costs as reported on a cost report submitted under section 5111.26 of the Revised Code have been subjected to a desk review under division (A) of section 5111.27 of the Revised Code and preliminarily determined to be allowable costs.

(U) Except as provided in divisions (U)(1) and (2) of this section, "per diem" means a nursing facility's or intermediate care facility for the mentally retarded's actual, allowable costs in a given cost center in a cost reporting period, divided by the facility's inpatient days for that cost reporting period.

(1) When calculating indirect care costs for the purpose of establishing rates under section 5111.241 of the Revised Code, "per diem" means an intermediate care facility for the mentally retarded's actual, allowable indirect care costs in a cost reporting period divided by the greater of the facility's inpatient days for that period or the number of inpatient days the facility would have had during that period if its occupancy rate had been eighty-five per cent.

(1) For the purpose of the department of job and family services' initial determination under division (D) of this section of each peer group's cost per case-mix unit, calendar year 2003;

(2) For the purpose of the department's subsequent determinations under

division (D) of this section of each peer group's cost per case-mix unit, the calendar year the department selects.

(B) The department of job and family services shall pay a provider for each of the provider's eligible nursing facilities a per resident per day rate for direct care costs determined semiannually by multiplying the cost per case-mix unit determined under division (D) of this section for the facility's peer group by the facility's semiannual case-mix score determined under section 5111.232 of the Revised Code.

A cost per case-mix unit determined under this division for a peer group shall be used for subsequent years until the department redetermines it. To determine a peer group's cost per case-mix unit, the department shall do all of the following:

(a) Determine the cost per case-mix unit for each nursing facility in the peer group for the applicable calendar year by dividing each facility's desk-reviewed, actual, allowable, per diem direct care costs for the applicable calendar year by the facility's annual average case-mix score determined under section 5111.232 of the Revised Code for the applicable calendar year.

(b) Subject to division (D)(2) of this section, identify which nursing facility in the peer group is at the twenty-fifth percentile of the cost per case-mix units determined under division (D)(1)(a) of this section.

(c) Calculate the amount that is seven per cent above the cost per

case-mix unit determined under division (D)(1)(a) of this section for the nursing facility identified under division (D)(1)(b) of this section.

(d) Multiply the amount calculated under division (D)(1)(c) of this section by the rate of inflation for the eighteen-month period beginning on the first day of July of the applicable calendar year and ending the last day of December of the calendar year immediately following the applicable calendar year using the following:

(i) In the case of the initial calculation made under division (D)(1)(d) of this section, the employment cost index for total compensation, health services component, published by the United States bureau of labor statistics, as the index existed on July 1, 2005;

(a) Nursing facilities that participated in the medicaid program under the same provider for less than twelve months in the applicable calendar year;

(b) Nursing facilities whose cost per case-mix unit is more than one standard deviation from the mean cost per case-mix unit for all nursing facilities in the nursing facility's peer group for the applicable calendar year.

(3) The department shall not redetermine a peer group's cost per case-mix unit under this division based on additional information that it receives after the peer group's per case-mix unit is determined. The department shall redetermine a peer group's cost per case-mix unit only if it made an error in determining the peer group's cost per case-mix unit based on information available to the department at the time of the original determination."

The rate for ancillary and support costs determined under this division for a peer group shall be used for subsequent years until the department redetermines it. To determine a peer group's rate for ancillary and support costs, the department shall do all of the following:

(a) Determine the rate for ancillary and support costs for each nursing facility in the peer group for the applicable calendar year by using the greater of the nursing facility's actual inpatient days for the applicable calendar year or the inpatient days the nursing facility would have had for the applicable calendar

year if its occupancy rate had been ninety per cent. For the purpose of determining a nursing facility's occupancy rate under division (D)(1)(a) of this section, the department shall include any beds that the nursing facility removes from its medicaid-certified capacity unless the nursing facility also removes the beds from its licensed bed capacity.

(2) In making the identification under division (D)(1)(b) of this section, the department shall exclude both of the following:

(a) Nursing facilities that participated in the medicaid program under the same provider for less than twelve months in the applicable calendar year;

(b) Nursing facilities whose ancillary and support costs are more than one standard deviation from the mean desk-reviewed, actual, allowable, per diem ancillary and support cost for all nursing facilities in the nursing facility's peer group for the applicable calendar year.

"Franchise permit fee," "Medicaid days," "nursing facility," and "provider" have the same meanings as in section 5111.20 of the Revised Code.

"Nursing facility services" means nursing facility services covered by the

Medicaid program that a nursing facility provides to a resident of the nursing facility who is a Medicaid recipient eligible for Medicaid-covered nursing facility services.

(B) Except as otherwise provided by this section, the provider of a nursing facility that has a valid Medicaid provider agreement on June 30, 2009, and a valid Medicaid provider agreement during fiscal year 2010 shall be paid, for nursing facility services the nursing facility provides during fiscal year 2010, the rate calculated for the nursing facility under sections 5111.20 to 5111.33 of the Revised Code with the following adjustments:

(1) The cost per case mix-unit calculated under section 5111.231 of the Revised Code, the rate for ancillary and support costs calculated under section 5111.24 of the Revised Code, the rate for tax costs calculated under section 5111.242 of the Revised Code, and the rate for capital costs calculated under section 5111.25 of the Revised Code shall each be adjusted as follows:

- (a) Increase the cost and rates so calculated by two per cent;

(2) The mean payment used in the calculation of the quality incentive payment made under section 5111.244 of the Revised Code shall be, weighted by Medicaid days, three dollars and three cents per Medicaid day.

(3) The rate, after the adjustments under divisions (B)(1) and (2) of this section are made, shall be further adjusted by a percentage that the Department of Job and Family Services shall determine in consultation with the Ohio Health Care Association; Ohio Academy of Nursing Homes; and the Association of Ohio Philanthropic Homes, Housing, and Services for the Aging. The percentage shall be based on expending an amount equal to the amount determined as follows:

- (a) Determine how much of the revenue to be generated under section 3721.51 of the Revised Code for fiscal year 2010 reflects the calculations made under divisions (A)(1) to (4) of section 3721.50 of the Revised Code;
- (b) From the amount determined under division (B)(3)(a) of this section, subtract the portion of the amount to be expended under division (E) of this section that reflects the part of the calculation made under division (E)(2) of this section.

(C) If the rate determined for a nursing facility under division (B) of this section for nursing facility services provided during fiscal year 2010 is more than one hundred one and seventy-five hundredths per cent of the rate the provider is paid for nursing facility services the nursing facility provides on June 30, 2009, the Department of Job and Family Services shall reduce the nursing

facility's rate determined under division (B) of this section for fiscal year 2010 so that the rate is not more than one hundred one and seventy-five hundredths per cent of the nursing facility's rate for June 30, 2009. If the rate determined for a nursing facility under division (B) of this section for nursing facility services provided during fiscal year 2010 is less than ninety-nine per cent of the rate the provider is paid for nursing facility services the nursing facility provides on June 30, 2009, the Department shall increase the nursing facility's rate determined under division (B) of this section for fiscal year 2010 so that the rate is not less than ninety-nine per cent of the nursing facility's rate for June 30, 2009.

(D) After the adjustments under divisions (B) and (C) of this section are made to a nursing facility's fiscal year 2010 rate, the Department of Job and Family Services shall increase the nursing facility's fiscal year 2010 rate by five dollars and seventy cents per Medicaid day. This increase shall be known as the workforce development incentive payment. The total amount of workforce development incentive payments paid to providers of nursing facilities shall be used to improve nursing facilities' employee retention and direct care staffing levels, including by increasing wages paid to nursing facilities' direct care staff. Not later than September 30, 2011, the Department shall submit a report to the Governor and, in accordance with section 101.68 of the Revised Code, the General Assembly detailing the impact that the workforce development incentive payments have on nursing facilities' employee retention, direct care staffing levels, and direct care staff wages.

(E) After the adjustment under division (D) of this section is made to a nursing facility's fiscal year 2010 rate, the Department of Job and Family Services shall increase the nursing facility's fiscal year 2010 rate by the consolidated services rate per Medicaid day. The consolidated services rate shall equal the sum of the following:

(1) Three dollars and ninety-one cents;

(2) The amount calculated under divisions (A)(1) to (4) of section 3721.50 of the Revised Code for fiscal year 2010.

(F) If the fiscal year 2010 rate for a nursing facility as initially determined under division (B) of this section is not subject to an adjustment under division (C) of this section, the nursing facility's rate shall not be subject to an adjustment under that division for the remainder of fiscal year 2010 regardless of any other adjustment made to the nursing facility's fiscal year 2010 rate under sections 5111.20 to 5111.33 of the Revised Code.

(G) Not later than October 1, 2009, the Department of Job and Family Services shall determine the rates to be paid providers of nursing facilities under this section. Until the rates are determined, the Department shall continue to pay a provider the rate the provider is paid for nursing facility services the provider's nursing facility provides on June 30, 2009. When the Department determines the rates to be paid under this section, the Department shall pay the rates retroactive to July 1, 2009.

(H) If the United States Centers for Medicare and Medicaid Services requires that the franchise permit fee be reduced or eliminated, the Department of Job and Family Services shall reduce the amount it pays providers of nursing facility services under this section as necessary to reflect the loss to the state of the revenue and federal financial participation generated from the franchise permit fee.

(I) The Department of Job and Family Services shall follow this section in determining the rate to be paid to the provider of a nursing facility that has a valid Medicaid provider agreement on June 30, 2009, and a valid Medicaid provider agreement during fiscal year 2010 notwithstanding anything to the contrary in sections 5111.20 to 5111.33 of the Revised Code.

This increase shall be known as the workforce development incentive payment. The total amount of workforce development incentive payments paid to providers of nursing facilities shall be used to improve nursing facilities' employee retention and direct care staffing levels, including by increasing wages paid to nursing facilities' direct care staff. Not later than September 30, 2012, the Department shall submit a report to the Governor and, in accordance with section 101.68 of the Revised Code, the General Assembly detailing the impact that the workforce development incentive payments have on nursing facilities' employee retention, direct care staffing

(H) If the United States Centers for Medicare and Medicaid Services requires that the franchise permit fee be reduced or eliminated, the Department of Job and Family Services shall reduce the amount it pays providers of nursing facility services under this section as necessary to reflect the loss to the state of the revenue and federal financial participation generated from the franchise permit fee.

preliminary investigation relating to any of the unlawful discriminatory practices described in division (A), (B), (C), (D), (E), (F), (I), or (J) of section 4112.02 or in section 4112.021 or 4112.022 of the Revised Code. Prior to a notification of a complainant under division (B)(4) of this section or prior to the commencement of informal methods of conference, conciliation, and persuasion under that division, the members of the commission and the officers and employees of the commission shall not make public in any manner and shall retain as confidential all information that was obtained as a result of or that otherwise pertains to a preliminary investigation other than one described in division (B)(3) of this section.

(3)(a) Unless it is impracticable to do so and subject to its authority under division (B)(3)(d) of this section, the commission shall complete a preliminary investigation of a charge filed pursuant to division (B)(1) of this section that alleges an unlawful discriminatory practice described in division (H) of section 4112.02 of the Revised Code, and shall take one of the following actions, within one hundred days after the filing of the charge:

(i) Notify the complainant and the respondent that it is not probable that an unlawful discriminatory practice described in division (H) of section 4112.02 of the Revised Code has been or is being engaged in and that the commission will not issue a complaint in the matter;

(ii) Initiate a complaint and schedule it for informal methods of conference, conciliation, and persuasion;

(iii) Initiate a complaint and refer it to the attorney general with a recommendation to seek a temporary or permanent injunction or a temporary restraining order. If this action is taken, the attorney general shall apply, as expeditiously as possible after receipt of the complaint, to the court of common pleas of the county in which the unlawful discriminatory practice allegedly occurred for the appropriate injunction or order, and the court shall hear and determine the application as expeditiously as possible.

(b) If it is not practicable to comply with the requirements of division (B)(3)(a) of this section within the one-hundred-day period described in that division, the commission shall notify the complainant and the respondent in writing of the reasons for the noncompliance.

(c) Prior to the issuance of a complaint under division (B)(3)(a)(ii) or (iii) of this section or prior to a notification of the complainant and the respondent under division (B)(3)(a)(i) of this section, the members of the commission and the officers and employees of the commission shall not make public in any manner and shall retain as confidential all information that was obtained as a result of or that otherwise pertains to a preliminary investigation of a charge filed pursuant to division (B)(1) of this section that alleges an unlawful discriminatory practice described in division (H) of section 4112.05 of the Revised Code.

(d) Notwithstanding the types of action described in divisions (B)(3)(a)(ii) and (iii) of this section, prior to the issuance of a complaint or the

referral of a complaint to the attorney general and prior to endeavoring to eliminate an unlawful discriminatory practice described in division (H) of section 4112.02 of the Revised Code by informal methods of conference, conciliation, and persuasion, the commission may seek a temporary or permanent injunction or a temporary restraining order in the court of common pleas of the county in which the unlawful discriminatory practice allegedly occurred.

(4) If the commission determines after a preliminary investigation other than one described in division (B)(3) of this section that it is not probable that an unlawful discriminatory practice has been or is being engaged in, it shall notify any complainant under division (B)(1) of this section that it has so determined and that it will not issue a complaint in the matter. If the commission determines after a preliminary investigation other than the one described in division (B)(3) of this section that it is probable that an unlawful discriminatory practice has been or is being engaged in, it shall endeavor to eliminate the practice by informal methods of conference, conciliation, and persuasion.

(5) Nothing said or done during informal methods of conference, conciliation, and persuasion under this section shall be disclosed by any member of the commission or its staff or be used as evidence in any subsequent hearing or other proceeding. If, after a preliminary investigation and the use of informal methods of conference, conciliation, and persuasion under this section, the commission is satisfied that any unlawful discriminatory practice will be eliminated, it may treat the charge involved as being conciliated and enter that disposition on the records of the commission. If the commission fails to effect the elimination of an unlawful discriminatory practice by informal methods of conference, conciliation, and persuasion under this section and to obtain voluntary compliance with this chapter, the commission shall issue and cause to be served upon any person, including the respondent against whom a complainant has filed a charge pursuant to division (B)(1) of this section, a complaint stating the charges involved and containing a notice of an opportunity for a hearing before the commission, a member of the commission, or a hearing examiner at a place that is stated in the notice and that is located within the county in which the alleged unlawful discriminatory practice has occurred or is occurring or in which the respondent resides or transacts business. The hearing shall be held not less than thirty days after the service of the complaint upon the complainant, the aggrieved persons other than the complainant on whose behalf the complaint is issued, and the respondent, unless the complainant, an aggrieved person, or the respondent elects to proceed under division (A)(2) of section 4112.051 of the Revised Code when that division is applicable. If a complaint pertains to an alleged unlawful discriminatory practice described in division (H) of section 4112.02 of the Revised Code, the complaint shall notify the complainant, an aggrieved person, and the respondent of the right of the complainant, an aggrieved person, or the respondent to elect to proceed with the administrative hearing process under this section or to proceed under division (A)(2) of section 4112.051 of the Revised Code.

(6) The attorney general shall represent the commission at any hearing held pursuant to division (B)(5) of this section and shall present the evidence in support of the complaint.

(7) Any complaint issued pursuant to division (B)(5) of this section after the filing of a charge under division (B)(1) of this section shall be so issued within one year after the complainant filed the charge with respect to an alleged unlawful discriminatory practice.

(C) Any complaint issued pursuant to division (B) of this section may be amended by the commission, a member of the commission, or the hearing examiner conducting a hearing under division (B) of this section, at any time prior to or during the hearing. The respondent has the right to file an answer or an amended answer to the original and amended complaints and to appear at the hearing in person, by attorney, or otherwise to examine and cross-examine witnesses.

(D) The complainant shall be a party to a hearing under division (B) of this section, and any person who is an indispensable party to a complete determination or settlement of a question involved in the hearing shall be joined. Any aggrieved person who has or claims an interest in the subject of the hearing and in obtaining or preventing relief against the unlawful discriminatory practices complained of ~~may shall~~ be permitted ~~, in the discretion of the person or persons conducting the hearing,~~ to appear only for the presentation of oral or written arguments, to present evidence, perform direct and cross-examination, and be represented by counsel. The commission shall adopt rules, in accordance with Chapter 119. of the Revised Code governing the authority granted under this division.

(E) In any hearing under division (B) of this section, the commission, a member of the commission, or the hearing examiner shall not be bound by the Rules of Evidence but, in ascertaining the practices followed by the respondent, shall take into account all reliable, probative, and substantial statistical or other evidence produced at the hearing that may tend to prove the existence of a predetermined pattern of employment or membership, provided that nothing contained in this section shall be construed to authorize or require any person to observe the proportion that persons of any race, color, religion, sex, military status, familial status, national origin, disability, age, or ancestry bear to the total population or in accordance with any criterion other than the individual qualifications of the applicant.

(F) The testimony taken at a hearing under division (B) of this section shall be under oath and shall be reduced to writing and filed with the commission. Thereafter, in its discretion, the commission, upon the service of a notice upon the complainant and the respondent that indicates an opportunity to be present, may take further testimony or hear argument.

(G)(1) If, upon all reliable, probative, and substantial evidence presented at a hearing under division (B) of this section, the commission determines that

the respondent has engaged in, or is engaging in, any unlawful discriminatory practice, whether against the complainant or others, the commission shall state its findings of fact and conclusions of law and shall issue and, subject to the provisions of Chapter 119. of the Revised Code, cause to be served on the respondent an order requiring the respondent to cease and desist from the unlawful discriminatory practice, requiring the respondent to take any further affirmative or other action that will effectuate the purposes of this chapter, including, but not limited to, hiring, reinstatement, or upgrading of employees with or without back pay, or admission or restoration to union membership, and requiring the respondent to report to the commission the manner of compliance. If the commission directs payment of back pay, it shall make allowance for interim earnings. If it finds a violation of division (H) of section 4112.02 of the Revised Code, the commission additionally shall require the respondent to pay actual damages and reasonable attorney's fees, and may award to the complainant punitive damages as follows:

(a) If division (G)(1)(b) or (c) of this section does not apply, punitive damages in an amount not to exceed ten thousand dollars;

(b) If division (G)(1)(c) of this section does not apply and if the respondent has been determined by a final order of the commission or by a final judgment of a court to have committed one violation of division (H) of section 4112.02 of the Revised Code during the five-year period immediately preceding the date on which a complaint was issued pursuant to division (B) of this section, punitive damages in an amount not to exceed twenty-five thousand dollars;

(c) If the respondent has been determined by a final order of the commission or by a final judgment of a court to have committed two or more violations of division (H) of section 4112.02 of the Revised Code during the seven-year period immediately preceding the date on which a complaint was issued pursuant to division (B) of this section, punitive damages in an amount not to exceed fifty thousand dollars.

(2) Upon the submission of reports of compliance, the commission may issue a declaratory order stating that the respondent has ceased to engage in particular unlawful discriminatory practices.

(H) If the commission finds that no probable cause exists for crediting charges of unlawful discriminatory practices or if, upon all the evidence presented at a hearing under division (B) of this section on a charge, the commission finds that a respondent has not engaged in any unlawful discriminatory practice against the complainant or others, it shall state its findings of fact and shall issue and cause to be served on the complainant an order dismissing the complaint as to the respondent. A copy of the order shall be delivered in all cases to the attorney general and any other public officers whom the commission considers proper.

(I) Until the time period for appeal set forth in division (H) of section 4112.06 of the Revised Code expires, the commission, subject to the provisions

of Chapter 119. of the Revised Code, at any time, upon reasonable notice, and in the manner it considers proper, may modify or set aside, in whole or in part, any finding or order made by it under this section.

Sec. 4112.051. (A)(1) Aggrieved persons may enforce the rights granted by division (H) of section 4112.02 of the Revised Code by filing a civil action in the court of common pleas of the county in which the alleged unlawful discriminatory practice occurred within one year after it allegedly occurred. Upon application by an aggrieved person, upon a proper showing, and under circumstances that it considers just, a court of common pleas may appoint an attorney for the aggrieved person and authorize the commencement of a civil action under this division without the payment of costs.

Each party to a civil action under this division has the right to a jury trial of the action. To assert the right, a party shall demand a jury trial in the manner prescribed in the Rules of Civil Procedure. If a party demands a jury trial in that manner, the civil action shall be tried to a jury.

(2)(a) If a complaint is issued by the commission under division (B)(5) of section 4112.05 of the Revised Code for one or more alleged unlawful discriminatory practices described in division (H) of section 4112.02 of the Revised Code, the complainant, any aggrieved person on whose behalf the complaint is issued, or the respondent may elect, following receipt of the relevant notice described in division (B)(5) of section 4112.05 of the Revised Code, to proceed with the administrative hearing process under that section or to have the alleged unlawful discriminatory practices covered by the complaint addressed in a civil action commenced in accordance with divisions (A)(1) and (2)(b) of this section. An election to have the alleged unlawful discriminatory practices so addressed shall be made in a writing that is sent by certified mail, return receipt requested, to the commission, to the civil rights section of the office of the attorney general, and to the other parties to the pending administrative process within thirty days after the electing complainant, aggrieved person, or respondent received the relevant notice described in division (B)(5) of section 4112.05 of the Revised Code.

(b) Upon receipt of a timely mailed election to have the alleged unlawful discriminatory practices addressed in a civil action, the commission shall authorize the office of the attorney general to commence and maintain the civil action in the court of common pleas of the county in which the alleged unlawful discriminatory practices occurred. Notwithstanding the period of limitations specified in division (A)(1) of this section, the office of the attorney general shall commence the civil action within thirty days after the receipt of the commission's authorization to commence the civil action.

(c) Upon commencement of the civil action in accordance with division (A)(2)(b) of this section, the commission shall prepare an order dismissing the complaint in the pending administrative matter and serve a copy of the order upon the complainant, each aggrieved person on whose behalf the complaint was issued, and the respondent.

(d) If an election to have the alleged unlawful discriminatory practices addressed in a civil action is not filed in accordance with division (A)(2)(a) of this section, the commission shall continue with the administrative hearing process described in section 4112.05 of the Revised Code.

(e) With respect to the issues to be determined in a civil action commenced in accordance with division (A)(2)(b) of this section, any aggrieved person may intervene as a matter of right in that civil action.

(B) If the court or the jury in a civil action under this section finds that a violation of division (H) of section 4112.02 of the Revised Code is about to occur, the court may order any affirmative action it considers appropriate, including a permanent or ~~temporary~~ temporary injunction or temporary restraining order.

(C) Any sale, encumbrance, or rental consummated prior to the issuance of any court order under the authority of this section and involving a bona fide purchaser, encumbrancer, or tenant without actual notice of the existence of a charge under division (H) of section 4112.02 of the Revised Code or a civil action under this section is not affected by the court order.

(D) If the court or the jury in a civil action under this section finds that a violation of division (H) of section 4112.02 of the Revised Code has occurred, the court shall award to the plaintiff or to the complainant or aggrieved person on whose behalf the office of the attorney general commenced or maintained the civil action, whichever is applicable, actual damages, reasonable attorney's fees, court costs incurred in the prosecution of the action, expert witness fees, and other litigation expenses, and may grant other relief that it considers appropriate, including a permanent or temporary injunction, a temporary restraining order, or other order and punitive damages.

(E) Any civil action brought under this section shall be heard and determined as expeditiously as possible.

"Sec. 3321.01. (A)(1) As used in this chapter, "parent," "guardian," or "other person having charge or care of a child" means either parent unless the parents are separated or divorced or their marriage has been dissolved or annulled, in which case "parent" means the parent who is the residential parent

and legal custodian of the child. If the child is in the legal or permanent custody of a person or government agency, "parent" means that person or government agency. When a child is a resident of a home, as defined in section 3313.64 of the Revised Code, and the child's parent is not a resident of this state, "parent," "guardian," or "other person having charge or care of a child" means the head of the home.

A child between six and eighteen years of age is "of compulsory school age" for the purpose of sections 3321.01 to 3321.13 of the Revised Code. A child under six years of age who has been enrolled in kindergarten also shall be considered "of compulsory school age" for the purpose of sections 3321.01 to 3321.13 of the Revised Code unless at any time the child's parent or guardian, at the parent's or guardian's discretion and in consultation with the child's teacher and principal, formally withdraws the child from kindergarten. The compulsory school age of a child shall not commence until the beginning of the term of such schools, or other time in the school year fixed by the rules of the board of the district in which the child resides.

(2) No child shall be admitted to a kindergarten or a first grade of a public school in a district in which all children are admitted to kindergarten and the first grade in August or September unless the child is five or six years of age, respectively, by the thirtieth day of September of the year of admittance, or by the first day of a term or semester other than one beginning in August or September in school districts granting admittance at the beginning of such term or semester, except that in those school districts using or obtaining educationally accepted standardized testing programs for determining entrance, as approved by the board of education of such districts, the board shall admit a child to kindergarten or the first grade who fails to meet the age requirement, provided the child meets necessary standards as determined by such standardized testing programs. If the board of education has not established a standardized testing program, the board shall designate the necessary standards and a testing program it will accept for the purpose of admitting a child to kindergarten or first grade who fails to meet the age requirement. Each child who will be the proper age for entrance to kindergarten or first grade by the first day of January of the school year for which admission is requested shall be so tested upon the request of the child's parent.

(3) Notwithstanding divisions (A)(2) and (D) of this section, beginning with the school year that starts in 2001 and continuing thereafter the board of education of any district may adopt a resolution establishing the first day of August in lieu of the thirtieth day of September as the required date by which students must have attained the age specified in those divisions.

(B) As used in divisions (C) and (D) of this section, "successfully completed kindergarten" and "successful completion of kindergarten" mean that the child has completed the kindergarten requirements at one of the following:

(C) Except as provided in division (D) of this section, no school district shall admit to the first grade any child who has not successfully completed kindergarten.

(D) Upon request of a parent, the requirement of division (C) of this section may be waived by the district's pupil personnel services committee in the case of a child who is at least six years of age by the thirtieth day of September of the year of admittance and who demonstrates to the satisfaction of the committee the possession of the social, emotional, and cognitive skills necessary for first grade.

The board of education of each city, local, and exempted village school district shall establish a pupil personnel services committee. The committee shall be composed of all of the following to the extent such personnel are either employed by the district or employed by the governing board of the educational service center within whose territory the district is located and the educational service center generally furnishes the services of such personnel to the district:

- (2) An elementary school counselor;
- (3) An elementary school principal;
- (4) A school psychologist;
- (5) A teacher assigned to teach first grade;

~~(1) Any school district that is not eligible to receive poverty-based assistance for all-day kindergarten under division (D) of section 3317.029 of the Revised Code may charge fees or tuition for students enrolled in all-day kindergarten. If a district charges fees or tuition for all-day kindergarten under this division, the district shall develop a sliding fee scale based on family incomes.~~

~~(2) The department of education shall conduct an annual survey of each school district described in division (H)(1) of this section to determine the following:~~

~~(a) Whether the district charges fees or tuition for students enrolled in all-day kindergarten;~~

~~(b) The amount of the fees or tuition charged;~~

The department shall issue an annual report on the results of the survey and shall post the report on its web site. The department shall issue the first report not later than April 30, 2008, and shall issue a report not later than the thirtieth day of April each year thereafter.

Sec. 3321.05. (A) As used in this section, "all-day kindergarten" means a kindergarten class that is in session five days per week for not less than the same number of clock hours each day as for students in grades one through six.

(B) Any school district may operate all-day kindergarten or extended kindergarten, but ~~no~~ beginning in fiscal year 2011, each city, local, and exempted village school district shall provide all-day kindergarten to each student enrolled in kindergarten, except as specified in divisions (C) and (D) of this section.

(C) The board of education of a school district may apply to the superintendent of public instruction for a waiver of the requirement to provide all-day kindergarten for all kindergarten students. In making the determination to grant or deny the waiver, the state superintendent may consider space concerns or alternative delivery approaches used by the school district.

(D) No district shall require any student to attend kindergarten for more than one-half of the number of clock hours required each day for ~~traditional kindergarten~~ grades one through six by the minimum standards adopted under division (D) of section 3301.07 of the Revised Code. (a) An entity that sponsored fifty or fewer schools that were open for operation as of May 1, 2005, may sponsor not more than fifty schools.

(b) An entity that sponsored more than fifty but not more than seventy-five schools that were open for operation as of May 1, 2005, may sponsor not more than the number of schools the entity sponsored that were open for operation as of May 1, 2005.

(c) Until June 30, 2006, an entity that sponsored more than seventy-five schools that were open for operation as of May 1, 2005, may sponsor not more than the number of schools the entity sponsored that were open for operation as of May 1, 2005. After June 30, 2006, such an entity may sponsor not more than seventy-five schools.

Upon approval of an entity to be a sponsor under this division, the department shall notify the entity of the number of schools the entity may sponsor.

The limit imposed on an entity to which division (B)(1) of this section applies shall be decreased by one for each school sponsored by the entity that permanently closes.

If at any time an entity exceeds the number of schools it may sponsor under this division, the department shall assist the schools in excess of the entity's limit in securing new sponsors. If a school is unable to secure a new sponsor, the department shall assume sponsorship of the school in accordance with division (C) of this section. Those schools for which another sponsor or the department assumes sponsorship shall be the schools that most recently entered into contracts with the entity under section 3314.03 of the Revised Code.

(2) The department of education shall determine, pursuant to criteria adopted by rule of the department, whether the mission proposed to be specified in the contract of a community school to be sponsored by a state university board of trustees or the board's designee under division (C)(1)(e) of section 3314.02 of the Revised Code complies with the requirements of that division. Such determination of the department is final.

(3) The department of education shall determine, pursuant to criteria adopted by rule of the department, if any tax-exempt entity under section 501(c)(3) of the Internal Revenue Code that is proposed to be a sponsor of a community school is an education-oriented entity for purpose of satisfying the

condition prescribed in division (C)(1)(f)(iii) of section 3314.02 of the Revised Code. Such determination of the department is final.

(C) If at any time the state board of education finds that a sponsor is not in compliance or is no longer willing to comply with its contract with any community school or with the department's rules for sponsorship, the state board or designee shall conduct a hearing in accordance with Chapter 119. of the Revised Code on that matter. If after the hearing, the state board or designee has confirmed the original finding, the department of education may revoke the sponsor's approval to sponsor community schools and may assume the sponsorship of any schools with which the sponsor has contracted until the earlier of the expiration of two school years or until a new sponsor as described in division (C)(1) of section 3314.02 of the Revised Code is secured by the school's governing authority. The department may extend the term of the contract in the case of a school for which it has assumed sponsorship under this division as necessary to accommodate the term of the department's authorization to sponsor the school specified in this division.

(D) The decision of the department to disapprove an entity for sponsorship of a community school or to revoke approval for such sponsorship ; ~~as provided in~~ under division (C) of this section, may be appealed by the entity in accordance with section 119.12 of the Revised Code.

(E) The department shall adopt procedures for use by a community school governing authority and sponsor when the school permanently closes and ceases operation, which shall include at least procedures for data reporting to the department, handling of student records, distribution of assets in accordance with section 3314.074 of the Revised Code, and other matters related to ceasing operation of the school.

"Sec. 3317.01. As used in this section and section 3317.011 of the Revised Code, "school district," unless otherwise specified, means any city, local, exempted village, joint vocational, or cooperative education school district and any educational service center.

This chapter shall be administered by the state board of education. The superintendent of public instruction shall calculate the amounts payable to each school district and shall certify the amounts payable to each eligible district to the treasurer of the district as provided by this chapter. As soon as possible after such amounts are calculated, the superintendent shall certify to the treasurer of each school district the district's adjusted charge-off increase, as defined in

section 5705.211 of the Revised Code. No moneys shall be distributed pursuant to this chapter without the approval of the controlling board.

The state board of education shall, in accordance with appropriations made by the general assembly, meet the financial obligations of this chapter.

Annually, the department of education shall calculate and report to each school district the district's total state and local funds for providing an adequate basic education to the district's nondisabled students, utilizing the determination in section 3317.012 of the Revised Code. In addition, the department shall calculate and report separately for each school district the district's total state and local funds for providing an adequate education for its students with disabilities, utilizing the determinations in both sections 3317.012 and 3317.013 of the Revised Code.

Not later than the thirty-first day of August of each fiscal year, the department of education shall provide to each school district and county MR/DD board a preliminary estimate of the amount of funding that the department calculates the district will receive under each of divisions (C)(1) and (4) of section 3317.022 of the Revised Code. No later than the first day of December of each fiscal year, the department shall update that preliminary estimate.

Moneys distributed pursuant to this chapter shall be calculated and paid on a fiscal year basis, beginning with the first day of July and extending through the thirtieth day of June. The moneys appropriated for each fiscal year shall be distributed at least monthly to each school district unless otherwise provided for. The state board shall submit a yearly distribution plan to the controlling board at its first meeting in July. The state board shall submit any proposed midyear revision of the plan to the controlling board in January. Any year-end revision of the plan shall be submitted to the controlling board in June. If moneys appropriated for each fiscal year are distributed other than monthly, such distribution shall be on the same basis for each school district.

The total amounts paid each month shall constitute, as nearly as possible, one-twelfth of the total amount payable for the entire year.

Until fiscal year 2007, payments made during the first six months of the fiscal year may be based on an estimate of the amounts payable for the entire year. Payments made in the last six months shall be based on the final calculation of the amounts payable to each school district for that fiscal year. Payments made in the last six months may be adjusted, if necessary, to correct the amounts distributed in the first six months, and to reflect enrollment increases when such are at least three per cent.

Beginning in fiscal year 2007, payments shall be calculated to reflect the biannual reporting of average daily membership. In fiscal year 2007 and in each fiscal year thereafter, annualized periodic payments for each school district shall be based on the district's final student counts verified by the superintendent of public instruction based on reports under section 3317.03 of the Revised Code, as adjusted, if so ordered, under division (K) of that section, as follows:

the sum of one-half of the number of students verified
and adjusted for the first full week in October
plus one-half of the average of the numbers
verified and adjusted for the first full week
in October and for the first full week in February

Except as otherwise provided, payments under this chapter shall be made only to those school districts in which:

(A) The school district, except for any educational service center and any joint vocational or cooperative education school district, levies for current operating expenses at least twenty mills. Levies for joint vocational or cooperative education school districts or county school financing districts, limited to or to the extent apportioned to current expenses, shall be included in this qualification requirement. School district income tax levies under Chapter 5748. of the Revised Code, limited to or to the extent apportioned to current operating expenses, shall be included in this qualification requirement to the extent determined by the tax commissioner under division (D) of section 3317.021 of the Revised Code.

(B) The school year next preceding the fiscal year for which such payments are authorized meets the requirement of section 3313.48 or 3313.481 of the Revised Code, with regard to the minimum number of days or hours school must be open for instruction with pupils in attendance, for individualized parent-teacher conference and reporting periods, and for professional meetings of teachers. This requirement shall be waived by the superintendent of public instruction if it had been necessary for a school to be closed because of disease epidemic, hazardous weather conditions, inoperability of school buses or other equipment necessary to the school's operation, damage to a school building, or other temporary circumstances due to utility failure rendering the school building unfit for school use, provided that for those school districts operating pursuant to section 3313.48 of the Revised Code the number of days the school was actually open for instruction with pupils in attendance and for individualized parent-teacher conference and reporting periods is not less than one hundred seventy-five, or for those school districts operating on a trimester plan the number of days the school was actually open for instruction with pupils in attendance not less than seventy-nine days in any trimester, for those school districts operating on a quarterly plan the number of days the school was actually open for instruction with pupils in attendance not less than fifty-nine days in any quarter, or for those school districts operating on a pentamester plan the number of days the school was actually open for instruction with pupils in attendance not less than forty-four days in any pentamester. However, for fiscal year 2012, the superintendent shall waive two fewer such days for the 2010-2011 school year.

A school district shall not be considered to have failed to comply with this division or section 3313.481 of the Revised Code because schools were open for instruction but either twelfth grade students were excused from attendance for up to three days or only a portion of the kindergarten students were in attendance for up to three days in order to allow for the gradual orientation to

school of such students.

The superintendent of public instruction shall waive the requirements of this section with reference to the minimum number of days or hours school must be in session with pupils in attendance for the school year succeeding the school year in which a board of education initiates a plan of operation pursuant to section 3313.481 of the Revised Code. The minimum requirements of this section shall again be applicable to such a district beginning with the school year commencing the second July succeeding the initiation of one such plan, and for each school year thereafter.

A school district shall not be considered to have failed to comply with this division or section 3313.48 or 3313.481 of the Revised Code because schools were open for instruction but the length of the regularly scheduled school day, for any number of days during the school year, was reduced by not more than two hours due to hazardous weather conditions.

(C) The school district has on file, and is paying in accordance with, a teachers' salary schedule which complies with section 3317.13 of the Revised Code.

A board of education or governing board of an educational service center which has not conformed with other law and the rules pursuant thereto, shall not participate in the distribution of funds authorized by sections 3317.022 to 3317.0211, 3317.11, 3317.16, 3317.17, and 3317.19 of the Revised Code, except for good and sufficient reason established to the satisfaction of the state board of education and the state controlling board.

All funds allocated to school districts under this chapter, except those specifically allocated for other purposes, shall be used to pay current operating expenses only."

The board of education of a school district in which a tax described by division (B) of section 3318.05 and levied under section 3318.06 of the Revised Code is in effect, may adopt a resolution by vote of a majority of its members to extend the term of that tax beyond the expiration of that tax as originally approved under that section. The school district board may include in the resolution a proposal to extend the term of that tax at the rate of not less than one-half mill for each dollar of valuation for a period of twenty-three years from the year in which the school district board and the Ohio school facilities commission enter into an agreement under division (B)(2) of section 3318.04 of the Revised Code or in the following year, as specified in the resolution ~~or, as applicable in the case of a district segmenting a project under section 3318.38 of the Revised Code, from the year in which the last segment is undertaken.~~ Such a resolution may be adopted at any time before such an agreement is entered into and before the tax levied pursuant to section 3318.06 of the Revised Code expires. If the resolution is combined with a resolution to issue bonds to pay the school district's portion of the basic project cost, it shall conform with the requirements of divisions (A)(1), (2), and (3) of section 3318.06 of the Revised Code, except that the resolution also shall state that the tax levy proposed in the resolution is an extension of an existing tax levied under that section. A resolution proposing an extension adopted under this section does not take effect until it is approved by a majority of electors voting in favor of the resolution at a general, primary, or special election as provided in this section.

A tax levy extended under this section is subject to the same terms and limitations to which the original tax levied under section 3318.06 of the Revised Code is subject under that section, except the term of the extension shall be as specified in this section.

The school district board shall certify a copy of the resolution adopted under this section to the proper county board of elections not later than seventy-five days before the date set in the resolution as the date of the election at which the question will be submitted to electors. Except as otherwise provided in this section, any project approved and undertaken pursuant to this section shall comply with all provisions of sections 3318.01 to 3318.20 of the Revised Code.

The Ohio school facilities commission shall provide assistance to any big-eight school district eligible for assistance under this section in the following manner:

(1) Notwithstanding section 3318.02 of the Revised Code:

(b) Beginning July 1, 2002, any big-eight school district eligible for assistance under this section may apply to the commission for conditional approval of its project as determined by the assessment conducted under division (B)(1)(a) of this section. The commission may conditionally approve that project and submit it to the controlling board for approval pursuant to section 3318.04 of the Revised Code.

(2) If the controlling board approves the project of a big-eight school district eligible for assistance under this section, the commission and the school district shall enter into an agreement as prescribed in section 3318.08 of the Revised Code. Encumbrance of additional amounts to cover the state's proportionate share of later segments shall be approved separately as they are approved by the school district electors or as the district applies a local donated contribution to the segments under section 3318.084 of the Revised Code.

The school district's maintenance levy requirement, as defined in section 3318.18 of the Revised Code, shall run for twenty-three years from the date the first segment is undertaken.~~

(4) For any project under this section, the state funds reserved and encumbered and the funds provided by the school district to pay the basic project cost of any segment of the project, or of the entire project if it is not divided into segments, shall be spent on the construction and acquisition of the project simultaneously in proportion to the state's and the school district's respective shares of that basic project cost as determined under section 3318.032 of the Revised Code."

(8) The instructional materials factor, calculated by multiplying the

school district's formula ADM by \$165. The instructional materials factor for each city, local, and exempted village school district shall be adjusted by multiplying this calculated amount by 0.20 in fiscal year 2010, by 0.30 in fiscal year 2011, by 0.40 in fiscal years 2012 and 2013, by 0.60 in fiscal years 2014 and 2015, and by 0.80 in fiscal years 2016 and 2017.

Sec. 3306.04. (A) For purposes of calculating the adequacy amount for each city, local, and exempted village school district, the department of education shall calculate the number of the district's organizational units.

(B) Except for a small school district, each school district's "organizational units" is the sum of its elementary school units, middle school units, and high school units, as follows:

(1) The number of the district's elementary school organizational units is calculated by dividing its formula ADM for grades kindergarten to five by four hundred eighteen.

(2) The number of the district's middle school organizational units is calculated by dividing its formula ADM for grades six to eight by five hundred fifty-seven.

(3) The number of the district's high school organizational units is calculated by dividing its formula ADM for grades nine to twelve by seven hundred thirty-three.

(C) For each small school district, the number of organizational units is one organizational unit.

(D) Each school district, regardless of its formula ADM, shall have at least one organizational unit.

Sec. 3306.05. (A) The instructional services support component of the adequacy amount for each city, local, and exempted village school district is the sum of the following:

(1) The core teacher factor;

(2) The specialist teacher factor;

(3) The lead teacher factor;

(4) The special education teacher factor;

(5) The special education teacher's aide factor;

(6) The limited English proficiency teacher factor;

(7) The supplemental teacher factor.

(B) Each factor listed in division (A) of this section shall be calculated by multiplying the Ohio educational challenge factor, specified for the district in section 3306.051 of the Revised Code, times the statewide base teacher salary of \$56,902 in fiscal year 2010 and \$57,812 in fiscal year 2011, times the number of positions funded, as follows:

(1) The number of core teacher positions funded shall be calculated by dividing the district's formula ADM in grades four to twelve by twenty-five, and then adding that number to the quotient of the district's formula ADM in grades kindergarten to three divided by the following:

(a) In fiscal years 2010 and 2011, nineteen;

(b) In fiscal years 2012 and 2013, seventeen;

(c) In fiscal year 2014 and in each fiscal year thereafter, fifteen.

(2) The number of specialist teacher positions funded shall be calculated by multiplying the number of core teacher positions determined under division (B)(1) of this section for grades kindergarten to eight by one-fifth, and by multiplying the number of core teacher positions determined for grades nine to twelve by one-fourth.

(3) The number of lead teacher positions funded shall equal the number of the district's organizational units.

(4) The number of special education teacher positions and special education teacher's aide positions funded shall be calculated as provided in section 3306.11 of the Revised Code.

(5) The number of limited English proficiency teacher positions funded shall be calculated by multiplying the district's formula ADM times the district's percentage of limited English proficient students, as defined in 20 U.S.C. 7801, and then dividing that product by one hundred;

(6) The number of supplemental teacher positions funded shall be calculated by multiplying the district's formula ADM times its targeted poverty indicator, and then dividing that product by one hundred.

(C) Each school district shall account separately for expenditures of the amounts received for instructional services support under this section and report that information to the department of education.

Sec. 3306.051. (A) The Ohio educational challenge factor is based on the following characteristics:

(1) The college attainment rate of the school district's population;

(2) The district's wealth per pupil, based on property valuation and federal adjusted gross income;

(3) The district's concentration of poverty, based on its targeted poverty indicator.

(B) The Ohio educational challenge factor for each city, local, and exempted village school district for fiscal years 2010 and 2011 shall equal the following:

Sec. 3306.052. Each city, local, and exempted village school district shall receive funding for career-technical education teachers and career-technical education program operations for fiscal years 2010 and 2011 as follows:

(A) For fiscal year 2010, each district shall receive an amount equal to the amount the district received for fiscal year 2009 under division (E) of section 3317.022 of the Revised Code, as that section existed for that fiscal year, times 1.0075.

(B) For fiscal year 2011, each district shall receive an amount equal to the amount the district received for fiscal year 2010 under division (A) of this section times 1.0075.

Each school district that receives funds under this section shall spend the funds only for purposes the department of education designates as approved for vocational education expenses. Vocational education expenses approved by the department shall include only expenses connected to the delivery of career-technical programming to students enrolled in state-approved career-technical programs. The department shall require each school district to report data annually so that the department may monitor the district's compliance with the requirements regarding the manner in which funding received under this section may be spent.

Sec. 3306.06. (A) The additional services support component of the adequacy amount for each city, local, and exempted village school district is the sum of the following:

- (1) The family and community liaison factor;
- (2) The counselor factor;
- (3) The summer remediation factor;
- (4) The school nurse wellness coordinator factor;
- (5) The district health professional factor.

(B)(1) The family and community liaison factor shall be calculated by multiplying the school district's formula ADM times its targeted poverty indicator and dividing the product by seventy-five, and then multiplying the quotient by the product of the applicable Ohio educational challenge factor times \$38,633, in fiscal year 2010, and times \$39,381, in fiscal year 2011.

(2) The counselor factor shall be calculated by dividing the district's formula ADM for grades six to twelve by two hundred fifty, and then multiplying the quotient by a dollar amount for each fiscal year established by law. No counselor factor shall be calculated and paid for fiscal years 2010 and 2011.

- (3) The summer remediation program factor shall be calculated by

multiplying the district's formula ADM times its targeted poverty indicator times fifty per cent, which represents the anticipated participation rate, dividing that product by thirty, which is the assumed student-to-teacher ratio for summer remediation, and multiplying that quotient by the product of \$3,000 times the applicable Ohio educational challenge factor.

(4) The school nurse wellness coordinator factor shall be calculated by multiplying the number of the district's organizational units times a dollar amount for each fiscal year established by law, except that in a small school district, the school nurse wellness coordinator factor shall be zero. No school nurse wellness coordinator factor shall be calculated and paid for fiscal years 2010 and 2011.

(5) The district health professional factor for each district equals a dollar amount specified by law for each fiscal year. No district health professional factor shall be calculated and paid for fiscal years 2010 and 2011.

(C) In adopting expenditure and reporting standards under section 3306.25 of the Revised Code, the superintendent of public instruction shall include standards that encourage school districts to give preference to employing or obtaining the services of licensed school nurses with funds received for the school nurse wellness coordinator factor and the district health professional factor.

(D) Each school district shall account separately for expenditures of the amounts received for additional services support under this section and report that information to the department of education.

Sec. 3306.07. (A) The administrative services support component of the adequacy amount for each city, local, and exempted village school district is the sum of the following:

(1) The district administration factor;

(2) The principal factor;

(3) The administrative support personnel factor;

(B)(1) The district administration factor equals \$187,176 in fiscal year 2010 and \$190,801 in fiscal year 2011.

(2) The principal factor shall be calculated by multiplying the number of the district's organizational units times \$89,563 in fiscal year 2010 and \$91,297 in fiscal year 2011. However, each type 1 or type 2 school district shall receive for a principal factor an amount not less than the applicable dollar amount specified in this paragraph times the number of school buildings in the district for which the department of education issued a report card under section 3302.03 of the Revised Code for the prior school year. As used in this division, "type 1 school district" means a school district characterized as a type 1 (rural/agricultural, high poverty, low median income) district, and "type 2 school district" means a school district characterized as a type 2 (rural/agricultural,

small student population, low poverty, low to moderate median income), in the typology of districts published by the department in July 2007.

(3) The administrative support personnel factor is funding determined for building managers, secretaries, and noninstructional aides.

(a) The funding for building managers shall be calculated by multiplying \$33,624 in fiscal year 2010 and \$34,275 in fiscal year 2011 times the number of the district's organizational units.

(b) The funding for secretaries shall be calculated by multiplying \$33,624 in fiscal year 2010 and \$34,275 in fiscal year 2011 times the number of the district's organizational units, where two additional secretaries shall be funded for each high school organizational unit.

(c) The funding for noninstructional aides shall be a dollar amount set by law for each fiscal year times the number of the district's organizational units, where the organizational units are multiplied by two in the case of elementary school and middle school organizational units and by three in case of high school organizational units.

However, each small school district shall receive funding for one building manager, one secretary, and one noninstructional aide. Every other city, local, and exempted village school district shall receive funding for at least one building manager, one secretary, and one noninstructional aide.

No funding shall be calculated and paid for noninstructional aides for fiscal years 2010 and 2011.

(C) Each school district shall account separately for the amounts received for administrative services support under this section and report that information to the department of education.

Sec. 3306.08. (A) The operations and maintenance support component of the adequacy amount for each city, local, and exempted village school district shall be calculated by multiplying the district's formula ADM times \$884.

(B) The operations and maintenance support for each city, local, and exempted village school district shall be adjusted by multiplying the calculated amount by 0.45 in fiscal years 2010 and 2011, and by 0.75 in fiscal years 2012 and 2013.

(C) Each school district shall account separately for expenditures of the amounts received for operations and maintenance support under this section and report that information to the department of education.

Sec. 3306.09. (A) The gifted education support component of the adequacy amount for each city, local, and exempted village school district is the sum of the following:

(1) The gifted identification factor;

(2) The gifted coordinator factor;

(3) The gifted intervention specialist factor:

(4) The gifted intervention specialist professional development factor.

(B)(1) The gifted identification factor shall be calculated by multiplying the district's formula ADM times \$5.

(2) The gifted coordinator factor shall be calculated by multiplying \$66,375 in fiscal year 2010 and \$67,660 in fiscal year 2011 times the quotient of the district's formula ADM divided by two thousand five hundred.

(3) The gifted intervention specialist factor shall be calculated by multiplying the number of the district's organizational units times the Ohio educational challenge factor specified for the district in section 3306.051 of the Revised Code times the statewide base teacher salary specified in section 3306.05 of the Revised Code.

(4) The gifted intervention specialist professional development factor shall be calculated by multiplying the number of the district's organizational units times the per-teaching-position dollar amount specified for the professional development factor in division (A)(7) of section 3306.03 of the Revised Code.

(C) The gifted intervention specialist factor and the gifted intervention specialist professional development factor for each city, local, and exempted village school district, shall be adjusted by multiplying the calculated amount by 0.20 in fiscal year 2010, by 0.30 in fiscal year 2011, by 0.40 in fiscal years 2012 and 2013, by 0.60 in fiscal years 2014 and 2015, and by 0.80 in fiscal years 2016 and 2017.

(D) A school district that does not submit an annual report under section 3324.05 of the Revised Code, or that reports zero students identified as gifted, shall receive zero funding for the gifted coordinator factor, the gifted intervention specialist factor, and the gifted intervention specialist professional development factor.

(E) Each school district shall expend the funds calculated under the gifted education support component in accordance with rules adopted under section 3306.25 of the Revised Code. Those rules shall require that such funds be spent only for the employment of staff to serve students identified as gifted, in accordance with Chapter 3324. of the Revised Code, or for other services to such students. The rules shall be aligned with the operating standards for identifying and serving gifted students prescribed in rules adopted by the state board of education. Notwithstanding anything to the contrary in section 3306.25 of the Revised Code, the rules regarding the expenditure and reporting of funds for the gifted education support component adopted under that section shall take effect July 1, 2011.

Subject to approval by the department of education, a school district may use up to fifteen per cent of the portion of the gifted intervention specialist factor attributable to the grade six through twelve formula ADM to support access to services provided by the district that are not services described in Chapter 3324.

of the Revised Code but are specified in gifted students' written education plans prepared in accordance with the state board's operating standards for identifying and serving gifted students.

(F) Each school district shall account separately for expenditures of the amounts received for gifted identification, gifted coordinators, gifted intervention specialists, and gifted intervention specialist professional development under this section and report that information to the department of education.

(G)(1) Each city, local, and exempted village school district that received for fiscal year 2009 unit funding for gifted student services under division (L) of section 3317.024 and division (E) of section 3317.05 of the Revised Code, as those sections existed for that fiscal year, shall spend in each fiscal year thereafter for services to identified gifted students from the funds received under this chapter an amount not less than the aggregate amount received for such gifted unit funding for fiscal year 2009.

(2) Each city, local, and exempted village school district that, in fiscal year 2009, received gifted student services from an educational service center, which service center received for fiscal year 2009 unit funding for gifted student services, shall in each fiscal year thereafter do either of the following:

(a) Obtain gifted student services from an educational service center that are comparable to the gifted student services provided to the district with gifted unit funding in fiscal year 2009 by an educational service center;

(b) Spend for services to identified gifted students from the funds received under this chapter an amount not less than the amount of gifted unit funding expended by an educational service center in fiscal year 2009 for the district's students.

(3) No district to which division (G)(1) or (2) of this section applies shall apply for or receive a waiver under section 3306.40 of the Revised Code from the spending requirements prescribed in those divisions or under division (E) of this section.

(4) Each educational service center that received for fiscal year 2009 unit funding for gifted student services shall spend from its state funds in each fiscal year thereafter for services to identified gifted students an amount not less than the aggregate amount received for gifted unit funding for fiscal year 2009. No educational service center to which division (G)(4) of this section shall receive any waiver of this requirement.

(H) A city, local, or exempted village school district that did not receive for fiscal year 2009 unit funding for gifted student services under division (L) of section 3317.024 and division (E) of section 3317.05 of the Revised Code, as those sections existed for that fiscal year, may apply for a waiver under section 3306.40 of the Revised Code from any expenditure requirements prescribed under division (E) of this section. Notwithstanding anything to the contrary in

section 3306.40 of the Revised Code, the first waiver granted to a district pursuant to this division shall not be effective for longer than two years, and any subsequent renewal of that waiver shall not be effective for longer than one year.

Sec. 3306.091. (A) The enrichment support component of the adequacy amount for each city, local, and exempted village school district shall be calculated by multiplying the district's formula ADM times \$100 times the Ohio educational challenge factor.

(B) The enrichment support for each city, local, and exempted village school district shall be adjusted by multiplying the calculated amount by 0.20 in fiscal year 2010, by 0.30 in fiscal year 2011, by 0.40 in fiscal years 2012 and 2013, by 0.60 in fiscal years 2014 and 2015, and by 0.80 in fiscal years 2016 and 2017.

(C) The enrichment support component shall be used for purposes other than services for students identified as gifted delivered in accordance with Chapter 3324. of the Revised Code. A district may spend the enrichment support component to pay for enrichment activities that may encourage the intellectual and creative pursuits of all students, including the fine arts.

(D) Each school district shall account separately for expenditures of the amounts received for enrichment support under this section and report that information to the department of education.

Sec. 3306.10. (A) The technology resources support component of the adequacy amount for each city, local, and exempted village school district is the sum of the following:

(1) The licensed librarian and media specialist factor;

(2) The technical equipment factor.

(B)(1) The licensed librarian and media specialist factor shall be calculated by multiplying the number of the district's organizational units times \$60,000.

(2) The technical equipment factor shall be calculated by multiplying the district's formula ADM times \$250.

(C) The licensed librarian and media specialist factor and the technical equipment factor for each city, local, and exempted village school district shall be adjusted by multiplying the calculated amounts by 0.20 in fiscal year 2010, by 0.30 in fiscal year 2011, by 0.40 in fiscal years 2012 and 2013, by 0.60 in fiscal years 2014 and 2015, and by 0.80 in fiscal years 2016 and 2017.

(D) Each school district shall account separately for the amounts received for technology resources support under this section and report that information to the department of education.

Sec. 3306.11. (A) For the purpose of calculating a school district's instructional services support under section 3306.05 of the Revised Code, the

number of special education teacher positions used in calculating the special education teacher factor, and the number of special education teacher's aide positions used in calculating the special education teacher's aide factor shall be calculated as set forth in this section.

(B)(1) The number of special education teacher positions shall be calculated by multiplying the sum of the weighted number of children with disabilities calculated under division (C) of this section times nine-tenths, and then dividing that product by twenty.

(2) The number of special education teacher's aide positions shall be calculated by dividing the number of special education teacher positions calculated under division (B)(1) of this section by two, and multiplying that quotient by 0.50 in fiscal years 2010 and 2011.

(C) The weighted number of children with disabilities for a school district is the sum of:

- (1) 0.2906 times the district's category one special education ADM;
- (2) 0.7374 times the district's category two special education ADM;
- (3) 1.7716 times the district's category three special education ADM;
- (4) 2.3643 times the district's category four special education ADM;
- (5) 3.2022 times the district's category five special education ADM;
- (6) 4.7205 times the district's category six special education ADM.

(D) Each school district shall account separately for expenditures of the amounts received for resources for children with disabilities under this section and section 3306.05 of the Revised Code and report that information to the department of education. Those amounts may be used to pay for providers of related services, as defined in section 3323.01 of the Revised Code, for children with disabilities.

Sec. 3306.12. (A) As used in this section:

(1) "Assigned bus" means a school bus used to transport qualifying riders.

(2) "Nontraditional ridership" means the average number of qualifying riders who are enrolled in a community school established under Chapter 3314. of the Revised Code, in a STEM school established under Chapter 3326. of the Revised Code, or in a nonpublic school and are provided school bus service by a school district during the first full week of October.

(3) "Qualifying riders" means resident students enrolled in regular education in grades kindergarten to twelve who are provided school bus service by a school district and who live more than one mile from the school they attend, including students with dual enrollment in a joint vocational school district or a cooperative education school district, and students enrolled in a community

school, STEM school, or nonpublic school.

(4) "Qualifying ridership" means the average number of qualifying riders who are provided school bus service by a school district during the first full week of October.

(5) "Rider density" means the number of qualifying riders per square mile of a school district.

(6) "School bus service" means a school district's transportation of qualifying riders in any of the following types of vehicles:

(a) School buses owned or leased by the district;

(b) School buses operated by a private contractor hired by the district;

(c) School buses operated by another school district or entity with which the district has contracted, either as part of a consortium for the provision of transportation or otherwise.

(B) Not later than the fifteenth day of October each year, each city, local, and exempted village school district shall report to the department of education its qualifying ridership, nontraditional ridership, number of qualifying riders per assigned bus, and any other information requested by the department. Subsequent adjustments to the reported numbers shall be made only in accordance with rules adopted by the department.

(C) The department shall calculate the statewide transportation cost per student as follows:

(1) Determine each city, local, and exempted village school district's transportation cost per student by dividing the district's total costs for school bus service in the previous fiscal year by its qualifying ridership in the previous fiscal year.

(2) After excluding districts that do not provide school bus service and the ten districts with the highest transportation costs per student and the ten districts with the lowest transportation costs per student, divide the aggregate cost for school bus service for the remaining districts in the previous fiscal year by the aggregate qualifying ridership of those districts in the previous fiscal year.

(D) The department shall calculate the statewide transportation cost per mile as follows:

(1) Determine each city, local, and exempted village school district's transportation cost per mile by dividing the district's total costs for school bus service in the previous fiscal year by its total number of miles driven for school bus service in the previous fiscal year.

(2) After excluding districts that do not provide school bus service and the ten districts with the highest transportation costs per mile and the ten districts with the lowest transportation costs per mile, divide the aggregate cost for school bus service for the remaining districts in the previous fiscal year by the aggregate

miles driven for school bus service in those districts in the previous fiscal year.

(E) The department shall calculate each city, local, and exempted village school district's transportation base payment as follows:

(1) Multiply the statewide transportation cost per student by the district's qualifying ridership for the current fiscal year.

(2) Multiply the statewide transportation cost per mile by the district's total number of miles driven for school bus service in the current fiscal year.

(3) Multiply the greater of the amounts calculated under divisions (E)(1) and (2) of this section by the greater of sixty per cent or the district's state share percentage.

(F) The department shall calculate each city, local, and exempted village school district's nontraditional ridership adjustment according to the following formula:

$$\frac{(\text{nontraditional ridership for the current fiscal year} / \text{qualifying ridership for the current fiscal year}) \times 0.1 \times \text{transportation base payment}}$$

(G) If a city, local, and exempted village school district offers school bus service to all resident students who are enrolled in regular education in district schools in grades nine to twelve and who live more than one mile from the school they attend, the department shall calculate the district's high school ridership adjustment according to the following formula:

$$0.025 \times \text{transportation base payment}$$

(H) If a city, local, and exempted village school district offers school bus service to students enrolled in grades kindergarten to eight who live more than one mile, but two miles or less, from the school they attend, the department shall calculate an additional adjustment according to the following formula:

$$0.025 \times \text{transportation base payment}$$

(I)(1) The department annually shall establish a target number of qualifying riders per assigned bus for each city, local, and exempted village school district. The department shall use the most recently available data in establishing the target number. The target number shall be based on the statewide median number of qualifying riders per assigned bus as adjusted to reflect the district's rider density in comparison to the rider density of all other districts. The department shall post on the department's web site each district's target number of qualifying riders per assigned bus and a description of how the target number was determined.

(2) The department shall determine each school district's efficiency index by dividing the district's median number of qualifying riders per assigned bus by its target number of qualifying riders per assigned bus.

(3) The department shall determine each city, local, and exempted village school district's efficiency adjustment as follows:

(a) If the district's efficiency index is equal to or greater than 1.5, the efficiency adjustment shall be calculated according to the following formula:

$0.1 \times \text{transportation base payment}$

(b) If the district's efficiency index is less than 1.5 but equal to or greater than 1.0, the efficiency adjustment shall be calculated according to the following formula:

$[(\text{efficiency index} - 1) / 5] \times \text{transportation base payment}$

(c) If the district's efficiency index is less than 1.0, the efficiency adjustment shall be zero.

(J) The department shall pay each city, local, and exempted village school district the lesser of the following:

(1) The sum of the amounts calculated under divisions (E) to (H) and (I)(3) of this section;

(2) The district's total costs for school bus service for the prior fiscal year.

(K) In addition to funds paid under division (J) of this section, each city, local, and exempted village district shall receive in accordance with rules adopted by the state board of education a payment for students transported by means other than school bus service and whose transportation is not funded under division (G) of section 3317.024 of the Revised Code. The rules shall include provisions for school district reporting of such students.

(L)(1) In fiscal years 2010 and 2011, the department shall pay each district a pro rata portion of the amounts calculated under division (J) of this section and described in division (K) of this section, based on state appropriations.

(2) In addition to the prorated payment under division (L)(1) of this section, in fiscal years 2010 and 2011, the department shall pay each school district that meets the conditions prescribed in division (L)(3) of this section an additional amount equal to the following product:

(a) The difference of (i) the amounts calculated under division (J) of this section and prescribed in division (K) of this section minus (ii) that prorated payment; times

(b) 0.30 in fiscal year 2010 and 0.70 in fiscal year 2011.

(3) Division (L)(2) of this section applies to each school district that meets all of the following conditions:

(a) The district qualifies for the calculation of a payment under division (J) of this section because it transports students on board-owned or contractor-owned school buses.

(b) The district's local wealth per pupil, calculated as prescribed in section 3317.0217 of the Revised Code, is at or below the median local wealth per pupil of all districts that qualify for calculation of a payment under division

(J) of this section.

(c) The district's rider density is at or below the median rider density of all districts that qualify for calculation of a payment under division (J) of this section.

Sec. 3306.13. (A) The department of education shall compute and distribute to each city, local, and exempted village school district the state share of the adequacy amount for the fiscal year by subtracting the district's charge-off amount calculated under division (B) of this section from its adequacy amount calculated under section 3306.03 of the Revised Code.

(B)(1) For districts with a class one effective operating tax rate that is less than twenty and one-tenth effective mills as of the first day of July of the current fiscal year, the charge-off amount equals the applicable charge-off rate, prescribed in division (C) of this section, times the sum of the district's total taxable value plus its property exemption value.

(2) For districts with a class one effective operating tax rate that is greater than or equal to twenty and one-tenth class one effective mills as of the first day of July of the current fiscal year, the charge-off amount equals the applicable charge-off rate, prescribed in division (C) of this section, times the sum of the district's recognized valuation plus its property exemption value.

If the difference obtained from the calculation is a negative number, the state share shall be zero.

(3)(a) For each school district for which the tax exempt value of the district equals or exceeds twenty-five per cent of the potential value of the district, the department shall calculate the difference between the district's tax exempt value and twenty-five per cent of the district's potential value.

(b) For each school district to which division (B)(3)(a) of this section applies, the department shall adjust the total taxable value used in the calculation under division (B)(1) of this section or the recognized valuation used in the calculation under division (B)(2) of this section by subtracting from it the amount calculated under division (B)(3)(a) of this section.

(C) The charge-off rate shall be as follows:

(1) In fiscal years 2010 and 2011, 0.022;

(2) In fiscal years 2012 and 2013, 0.021;

(3) In fiscal year 2014 and in each fiscal year thereafter, 0.020.

(D) The department shall use the information obtained under section 3317.021 of the Revised Code during the calendar year in which the fiscal year begins to calculate the district state shares under this section.

Sec. 3306.18. On or before the fifteenth day of July of each year, the superintendent of public instruction shall certify to the state board of education the amount each city, local, and exempted village school district expended in the

previous fiscal year on each factor of the district's adequacy amount.

Sec. 3306.19. (A) The department of education shall calculate and pay transitional aid in fiscal years 2010 and 2011 to each city, local, and exempted village school district in accordance with this section. For fiscal year 2010, the amount of a district's transitional aid shall be the positive difference of ninety-nine per cent of its transitional aid base for that fiscal year minus the sum of its state share of the adequacy amount calculated under section 3306.13 of the Revised Code plus the amount calculated for career-technical education under section 3306.052 of the Revised Code plus the prorated transportation funding calculated under division (L)(1) of section 3306.12 of the Revised Code. For fiscal year 2011, the amount of a district's transitional aid shall be the positive difference of ninety-eight per cent of its transitional aid base for that fiscal year minus the sum of its state share of the adequacy amount calculated under section 3306.13 of the Revised Code plus the amount calculated for career-technical education under section 3306.052 of the Revised Code plus the prorated transportation funding calculated under division (L)(1) of section 3306.12 of the Revised Code.

(1) The transitional aid guarantee base for each city, local, and exempted village school district for fiscal year 2010 equals the sum of the following computed for fiscal year 2009, as reconciled by the department, less any general revenue fund spending reductions ordered by the governor under section 126.05 of the Revised Code:

(a) Base-cost funding under division (A) of section 3317.022 of the Revised Code;

(b) Special education and related services additional weighted funding under division (C)(1) of section 3317.022 of the Revised Code;

(c) Speech services funding under division (C)(4) of section 3317.022 of the Revised Code;

(d) Vocational education additional weighted funding under division (E) of section 3317.022 of the Revised Code;

(e) GRADS funding under division (N) of section 3317.024 of the Revised Code;

(f) Adjustments for classroom teachers and educational service personnel under divisions (B), (C), and (D) of section 3317.023 of the Revised Code;

(g) Gifted education units under division (L) of section 3317.024 and section 3317.05 of the Revised Code;

(h) Transportation under Section 269.20.80 of Am. Sub. H.B. 119 of the 127th general assembly;

(i) The excess cost supplement under division (F) of section 3317.022 of the Revised Code;

(j) The charge-off supplement under section 3317.0216 of the Revised Code;

(k) Transitional aid under Section 269.30.80 of Am. Sub. H.B. 119 of the 127th general assembly.

(2) The transitional aid guarantee base for each city, local, and exempted village school district for fiscal year 2011 equals the following difference:

(a) The sum of the district's state share of the adequacy amount calculated under section 3306.13 of the Revised Code plus the district's career-technical education funding calculated under division (L)(1) of section 3306.052 of the Revised Code plus the district's prorated transportation funding calculated under division (L)(1) of section 3306.12 of the Revised Code plus any transitional aid payment under this section for fiscal year 2010, as the sum is adjusted under division (B)(1) of this section, if applicable; minus

(b) Any general revenue fund spending reductions ordered by the governor for fiscal year 2010 under section 126.05 of the Revised Code.

(B) Notwithstanding any provision of this chapter to the contrary:

(1) The combination of the state share of the adequacy amount plus the prorated transportation funding under division (L)(1) of section 3306.12 of the Revised Code for any city, local, or exempted village school district for fiscal year 2010 shall not exceed 1.0075 times the difference of its transitional aid guarantee base for fiscal year 2010 minus the amount described in division (A)(1)(d) of this section.

(2) The combination of the state share of the adequacy amount plus the prorated transportation funding under division (L)(1) of section 3306.12 of the Revised Code for any city, local, or exempted village school district for fiscal year 2011 shall not exceed 1.0075 times the difference of its transitional aid guarantee base for fiscal year 2011 minus the amount paid to the district under division (A) of section 3306.052 of the Revised Code.

Sec. 3306.191. The department of education shall calculate and pay additional transitional aid in fiscal year 2011 to a city, local, and exempted village school district equal to the following:

$(0.98 \times \text{the district's state education aid for fiscal year 2010}) - \text{the district's state education aid for fiscal year 2011}$

If the result is a negative number, no payment shall be paid under this section.

As used in this section, "state education aid" has the same meaning as in section 5751.20 of the Revised Code.

Sec. 3306.192. In fiscal year 2012 and in each fiscal year thereafter, the department of education shall pay a city, local, or exempted village school district additional funds computed as follows:

(A) The statewide per pupil amount paid for chartered nonpublic school students – (the sum of the district's payments under sections 3306.052, 3306.12, 3306.13, and 3306.19 of the Revised Code/its formula ADM); times

(B) The district's formula ADM.

If the result is a negative number, no payment shall be made under this section.

As used in this section, the "statewide per pupil amount paid for chartered nonpublic school for students" means the statewide per pupil amount paid under sections 3317.06 and 3317.063 of the Revised Code, combined, for the current fiscal year, as calculated by the department.

Sec. 3306.21. Nothing in this chapter shall be construed to affect or limit the authority of a school district, community school, or STEM school to contract with an educational service center, under sections 3313.843, 3313.844, 3313.845, 3314.022, and 3326.45 of the Revised Code, for the provision of any services for which funds are calculated and paid under this chapter.

Sec. 3306.22. Nothing in this chapter shall be construed to prohibit a school district from using funds calculated and paid under this chapter to establish, operate, or participate in a joint or cooperative program under section 3313.842 of the Revised Code.

Sec. 3306.25. (A) The superintendent of public instruction shall adopt rules, in accordance with Chapter 119. of the Revised Code, prescribing standards for the expenditure of funds calculated under this chapter and for the reporting of expenditures of those funds for particular funded components, as determined by the superintendent, so that those funds are directed toward the purposes for which they were calculated.

The superintendent shall classify the components into the following categories:

(1) Core academic strategy components, which shall be considered those components that are fundamental to successful education practices in the twenty-first century for all students;

(2) Academic improvement components, which shall be considered those components that have been demonstrated to make the greatest improvement in the academic achievement of underperforming students;

(3) Other components.

The superintendent shall determine the funded components included in each category.

(B) The rules adopted for core academic strategy components under division (A)(1) of this section shall prescribe standards for expenditure and reporting. The rules shall afford districts degrees of flexibility in determining how to spend funds calculated for the components included in that category

depending on the district's current performance rating under section 3302.03 of the Revised Code. The higher the rating, the greater flexibility the rules shall provide. Districts rated excellent shall not be subject to the expenditure standards, but shall comply with the reporting standards.

(C) The rules adopted for academic improvement components under division (A)(2) of this section shall prescribe standards for expenditure and reporting and shall apply only to school districts that have been declared to be in academic emergency or academic watch, under section 3302.03 of the Revised Code, for two or more consecutive years, beginning with the ratings of districts issued under that section in the fiscal year that begins two years prior to the effective date of rules adopted under division (A)(2) of this section.

(D) The rules adopted under division (A)(3) of this section shall prescribe only reporting standards and shall not prescribe spending requirements or standards. The rules shall apply to all school districts.

(E) The rules shall take effect pursuant to a schedule determined by the superintendent. However:

(1) The rules adopted under division (A)(1) of this section prescribing reporting standards for core academic strategy components shall not take effect before July 1, 2010.

(2) The rules adopted under division (A)(1) of this section prescribing expenditure standards for core academic strategy components shall not take effect before July 1, 2011.

(3) The rules adopted under division (A)(2) of this section prescribing reporting standards for academic improvement components shall not take effect before July 1, 2010.

(4) The rules adopted under division (A)(2) of this section prescribing expenditure standards for academic improvement components shall not take effect before July 1, 2011.

(5) The rules adopted under division (A)(3) of this section prescribing reporting standards for other components shall not take effect before July 1, 2010.

(F) Each school district shall comply with each applicable rule adopted under this section beginning on the effective date of that rule.

Sec. 3306.30. (A) The board of education of each city, local, and exempted village school district annually shall submit to the department of education, by the date and in the manner prescribed by the superintendent of public instruction, a plan describing how the district will deploy the funds received under this chapter. The plan shall deploy the funds received for each component of the adequacy amount, shall comply with any applicable expenditure or reporting standard prescribed by rule adopted under section 3306.25 of the Revised Code, and shall comply with the operating standards

adopted under division (D)(3) of section 3301.07 of the Revised Code and any directive of the superintendent of public instruction, unless a waiver has been granted under section 3306.40 of the Revised Code. In the case of a district to which section 3306.31 of the Revised Code applies, the plan shall include the deployment of funds for the purposes described in divisions (B) and (D) of that section.

(B) The department annually shall reconcile each spending plan submitted under this section with the actual spending of the district. If the department finds that a district has not complied with any applicable expenditure or reporting standard prescribed by rule adopted under section 3306.25 of the Revised Code, the department shall proceed to take action under section 3306.33 of the Revised Code.

(C) If a school district fails to submit a spending plan as required by this section or, as applicable, section 3306.31 of the Revised Code, the department shall proceed to take action under section 3306.33 of the Revised Code.

Sec. 3306.31. (A) This section applies to any city, local, or exempted village school district that has a three-year average graduation rate, as defined in section 3301.0711 of the Revised Code, of eighty per cent or less.

(B) The board of education of each school district to which this section applies shall implement actions prescribed by the governor's closing the achievement gap initiative in each of the following:

(1) Each high school;

(2) Each elementary or middle school in which less than fifty per cent of the students have attained a proficient score on the fourth or seventh grade achievement assessments in English language arts or mathematics required under section 3301.0710 of the Revised Code.

(C) The board of education of each school district to which this section applies shall work with the department of education and the governor's closing the achievement gap initiative in developing its annual spending plan prior to submitting the plan under section 3306.30 of the Revised Code.

(D) The board of each district to which this section applies shall create and staff, in each organizational unit, at least one position funded under division (A)(1) of section 3306.06 of the Revised Code. Each such position shall function as a linkage coordinator for closing the achievement gap and increasing the graduation rate. A linkage coordinator is a person, meeting guidelines established by the governor's closing the achievement gap initiative, who shall work with and who is the primary mentor, coach, and motivator for students identified as at risk of not graduating, as defined by the governor's closing the achievement gap initiative, and who coordinates those students' participation in academic programs, social service programs, out-of-school cultural and work-related experiences, and in-school and out-of-school mentoring programs, based on the students' needs. The linkage coordinator shall coordinate remedial

disciplinary plans as needed and work with school personnel to gather student academic information and to engage parents of targeted students. The linkage coordinator shall serve as a liaison between the school and the governor's closing the achievement gap initiative and shall participate in all professional development activities as directed by the closing the achievement gap initiative. The linkage coordinator shall establish and coordinate the work of academic promotion teams, which shall address the academic and social needs of the identified students. The membership of teams in different schools may vary and may include the linkage coordinator, parents, teachers, principals, school nurses, school counselors, probation officers, or other school personnel or members of the community.

(E) The governor's closing the achievement gap initiative shall work with each organizational unit of a school district to which this section applies to assess the progress in implementing prescribed activities, as required under division (B) of this section, and shall assist linkage coordinators, administrators, and other school staff in ensuring compliance with the district's spending plan required under section 3306.30 of the Revised Code.

(F) The items related to implementing divisions (B) and (D) of this section included in the spending plan of a district to which this section applies are subject to the approval of the superintendent of public instruction and the governor's closing the achievement gap initiative. If they disapprove those items in the plan, the state superintendent shall do one of the following:

(1) Modify the items related to implementing divisions (B) and (D) of this section in the plan as the state superintendent considers appropriate and notify the district board of the modifications. The district board shall comply with the plan as modified by the state superintendent.

(2) Return the spending plan and require the district board to modify the items related to implementing divisions (B) and (D) of this section in the plan according to the state superintendent's instructions or recommendations. The district board shall modify the plan according to the state superintendent's instructions or recommendations and return the modified plan by a date specified by the state superintendent.

(G) The department shall work with the governor's closing the achievement gap initiative in reconciling, under division (B) of section 3306.30 of the Revised Code, the spending plan submitted by a district to which this section applies with the district's actual spending.

Sec. 3306.33. (A) Not earlier than July 1, 2011, the department of education shall take action under this section with respect to a school district in either of the following circumstances:

(1) The department determines that the school district has failed to comply with any applicable expenditure or reporting standard prescribed by rule adopted under section 3306.25 of the Revised Code.

(2) The district fails to submit a spending plan under section 3306.30 and, if applicable, section 3306.31 of the Revised Code.

(B) When a circumstance described in division (A) of this section applies, the department shall provide the school district with technical assistance to bring the district into compliance with the expenditure and reporting standards adopted under section 3306.25 of the Revised Code and the requirements of this chapter, as applicable to the circumstance triggering action under this section. In addition, the board of the district shall take all of the following actions:

(1) Develop and submit to the department a three-year operations improvement plan containing all of the following:

(a) An analysis of the reasons for the failure to meet the applicable expenditure or reporting standards or requirements of this chapter;

(b) Specific strategies the board will use to address the problems in meeting the standards or requirements;

(c) Identification of the resources the board will use to meet the standards or requirements;

(d) A description of how the board will measure its progress in meeting the standards or requirements.

If the district is required to have a continuous improvement plan under section 3302.04 of the Revised Code, the three-year operations improvement plan required by this section shall be aligned with the continuous improvement plan.

(2) Notify the parent or guardian of each student served by the district either in writing or by electronic means, of the standards or requirements that were not met, the actions being taken to meet the standards or requirements, and any progress achieved in the immediately preceding school year toward meeting the standards or requirements.

(3) Present the plan, and take public testimony with respect to it, in a public hearing before the board.

(C) When a circumstance described in division (A) of this section applies to a school district for a second consecutive year, whether it is the same or a different circumstance, the department shall provide the district with technical assistance to bring the district into compliance with the expenditure or reporting standards adopted under section 3306.25 of the Revised Code and the requirements of this chapter, as applicable to the circumstance triggering action under this section. In addition, both of the following apply:

(1) The board shall take all of the actions prescribed in divisions (B)(1) to (3) of this section;

(2) The department shall establish a state intervention team to evaluate all aspects of the district's operations, including, but not limited to, management,

instructional methods, resource allocation, and scheduling. The intervention team shall include teachers and administrators recognized as outstanding in their fields. The team shall make recommendations regarding methods for bringing the district into compliance with the applicable standards adopted under section 3306.25 of the Revised Code and requirements of this chapter. The superintendent of public instruction shall establish guidelines for the intervention teams. The district shall pay the costs of the intervention team.

(D) When a circumstance described in division (A) of this section applies to a school district for a third consecutive year, whether it is the same or a different circumstance as in the preceding years, the superintendent of public instruction shall either:

(1) Establish an accountability compliance commission under section 3306.34 of the Revised Code;

(2) Appoint a trustee who shall govern the district in place of the board of education of the school district until the beginning of the first year that none of the circumstances described in division (A) of this section apply to the district.

(E) When a circumstance described in division (A) of this section applies to a school district for a fourth consecutive year, whether it is the same or a different circumstance as in the preceding years, the state board of education shall proceed under section 3301.16 of the Revised Code to revoke the district's charter.

(F) At any time, the state board may proceed under section 3301.16 of the Revised Code to revoke the charter of a school district that fails to meet the operating standards established under division (D)(3) of section 3301.07 of the Revised Code or fails to comply with this section.

Sec. 3306.34. (A) Each accountability compliance commission appointed under division (D) of section 3306.33 of the Revised Code is a body both corporate and politic, constituting an agency and instrumentality of the state and performing essential governmental functions of the state. A commission shall be known as the "accountability compliance commission for (name of school district)," and, in that name, may exercise all authority vested in such a commission by this section. A separate commission shall be established for each school district for which the superintendent of public instruction opts to establish a commission under division (D) of section 3306.33 of the Revised Code.

(B) Each accountability commission shall consist of three members, one of whom shall be appointed by the governor, one of whom shall be appointed by the superintendent of public instruction, and one of whom shall be appointed by the auditor of state.

All members shall serve at the pleasure of the appointing authority during the life of the commission. In the event of the death, resignation, incapacity, removal, or ineligibility to serve of a member, the appointing authority shall appoint a successor within fifteen days after the vacancy occurs. Members shall

serve without compensation, but shall be paid by the commission their necessary and actual expenses incurred while engaged in the business of the commission.

(C) Immediately after appointment of the initial members of an accountability compliance commission, the state superintendent shall call the first meeting of the commission and shall cause written notice of the time, date, and place of that meeting to be given to each member of the commission at least forty-eight hours in advance of the meeting. The first meeting shall include an overview of the commission's roles and responsibilities, the requirements of section 2921.42 and Chapter 102. of the Revised Code as they pertain to commission members, the requirements of section 121.22 of the Revised Code, and the provisions of division (F) of this section. At its first meeting, the commission shall adopt temporary bylaws in accordance with division (D) of this section to govern its operations until the adoption of permanent bylaws.

The state superintendent shall designate a chairperson for the commission from among the members. The chairperson shall call and conduct meetings, set meeting agendas, and serve as a liaison between the commission and the district board of education. The chairperson also shall appoint a secretary, who shall not be a member of the commission.

The department of education shall provide administrative support for the commission, provide data requested by the commission, and inform the commission of available state resources that could assist the commission in its work.

(D) Each accountability compliance commission may adopt and alter bylaws and rules, which shall not be subject to section 111.15 or Chapter 119. of the Revised Code, for the conduct of its affairs and for the manner, subject to this section, in which its powers and functions shall be exercised and embodied.

(E) Two members of an accountability compliance commission constitute a quorum of the commission. The affirmative vote of two members of the commission is necessary for any action taken by vote of the commission. No vacancy in the membership of the commission shall impair the rights of a quorum by such vote to exercise all the rights and perform all the duties of the commission. Members of the commission are not disqualified from voting by reason of the functions of any other office they hold and are not disqualified from exercising the functions of the other office with respect to the school district, its officers, or the commission.

(F) The members of an accountability compliance commission, the state superintendent, and any person authorized to act on behalf of or assist them shall not be personally liable or subject to any suit, judgment, or claim for damages resulting from the exercise of or failure to exercise the powers, duties, and functions granted to them in regard to their functioning under this section, but the commission, state superintendent, and such other persons shall be subject to mandamus proceedings to compel performance of their duties under this section.

(G) Each member of an accountability compliance commission shall file

the statement described in section 102.02 of the Revised Code with the Ohio ethics commission. The statement shall be confidential, subject to review, as described in division (B) of that section.

(H) Meetings of each accountability compliance commission shall be subject to section 121.22 of the Revised Code.

(I) Each accountability compliance commission shall seek input from the district board of education regarding ways to improve the district's operations and compliance with the requirements of this chapter and the expenditure and reporting standards prescribed by rule adopted under section 3306.25 of the Revised Code, but any decision of the commission related to any authority granted to the commission under this section shall be final.

The commission may do any of the following:

(1) Prepare and submit the school district's spending plan required under section 3306.30 and, if applicable, section 3306.31 of the Revised Code;

(2) Appoint school building administrators and reassign administrative personnel;

(3) Terminate the contracts of administrators or administrative personnel. The commission shall not be required to comply with section 3319.16 of the Revised Code with respect to any contract terminated under this division.

(4) Contract with a private entity to perform school or district management functions;

(5) Establish a budget for the district and approve district appropriations and expenditures, unless a financial planning and supervision commission has been established for the district pursuant to section 3316.05 of the Revised Code;

(6) Exercise the powers, duties, and functions with respect to the district as are granted to a financial planning and supervision commission with respect to a school district under divisions (A)(1) to (4) of section 3316.07 of the Revised Code, unless a financial planning and supervision commission has been established for the district.

(J) If the board of education of a school district for which an accountability compliance commission has been established renews any collective bargaining agreement under Chapter 4117. of the Revised Code during the existence of the commission, the board shall not enter into any agreement that would render any decision of the commission unenforceable.

(K) An accountability compliance commission shall cease to exist at the beginning of the first year that none of the circumstances described in division (A) of section 3306.33 of the Revised Code apply to the district.

Sec. 3306.35. The department of education shall develop a form, which shall be known as the "Formula Accountability and Transparency" form or "FACT" form. The department annually shall issue and publish on its web site a

FACT form for each city, local, and exempted village school district. The form shall compare the payments to the district under each component prescribed by this chapter with the district's deployment of those payments as indicated in its spending plan submitted under section 3306.30 and, if applicable, 3306.31 of the Revised Code. The form shall not be the basis of any actions under section 3306.33 of the Revised Code but shall be a public document to inform parents, students, and taxpayers about the district's spending.

Sec. 3306.40. The board of education of a school district may apply to the superintendent of public instruction for a waiver of any standard or requirement of this chapter, including any applicable expenditure or reporting standard prescribed by rule adopted under section 3306.25 of the Revised Code, or a waiver of any operating standard adopted under division (D)(3) of section 3301.07 of the Revised Code.

The state board of education shall adopt standards for the approval or disapproval of waivers under this section. The state superintendent shall consider every application for a waiver, and shall determine whether to grant or deny a waiver in accordance with the state board's standards. For each waiver granted, the state superintendent shall specify the period of time during which the waiver is in effect, which shall not exceed five years. A district may apply to renew a waiver.

Sec. 3307.31. (A) Payments by boards of education and governing authorities of community schools to the state teachers retirement system, as provided in sections 3307.29 and 3307.291 of the Revised Code, shall be made from the amount allocated under section 3314.08 , Chapter 3306., or Chapter 3317. of the Revised Code prior to its distribution to the individual school districts or community schools. The amount due from each school district or community school shall be certified by the secretary of the system to the superintendent of public instruction monthly, or at such times as may be determined by the state teachers retirement board.

The superintendent shall deduct, from the amount allocated to each district or community school under section 3314.08 , Chapter 3306., or Chapter 3317. of the Revised Code, the entire amounts due to the system from such district or school upon the certification to the superintendent by the secretary thereof.

The superintendent shall certify to the director of budget and management the amounts thus due the system for payment.

(B) Payments to the state teachers retirement system by a science, technology, engineering, and mathematics school shall be deducted from the amount allocated under section 3326.33 of the Revised Code and shall be made in the same manner as payments by boards of education under this section.

Sec. 3307.64. A disability benefit recipient, notwithstanding section 3319.13 of the Revised Code, shall retain membership in the state teachers retirement system and shall be considered on leave of absence during the first

five years following the effective date of a disability benefit.

The state teachers retirement board shall require any disability benefit recipient to submit to an annual medical examination by a physician selected by the board, except that the board may waive the medical examination if the board's physician certifies that the recipient's disability is ongoing. If a disability benefit recipient refuses to submit to a medical examination, the recipient's disability benefit shall be suspended until the recipient withdraws the refusal. If the refusal continues for one year, all the recipient's rights under and to the disability benefit shall be terminated as of the effective date of the original suspension.

After the examination, the examiner shall report and certify to the board whether the disability benefit recipient is no longer physically and mentally incapable of resuming the service from which the recipient was found disabled. If the board concurs in a report by the examining physician that the disability benefit recipient is no longer incapable, the payment of a disability benefit shall be terminated not later than the following thirty-first day of August or upon employment as a teacher prior thereto. If the leave of absence has not expired, the board shall so certify to the disability benefit recipient's last employer before being found disabled that the recipient is no longer physically and mentally incapable of resuming service that is the same or similar to that from which the recipient was found disabled. If the recipient was under contract at the time the recipient was found disabled, the employer by the first day of the next succeeding year shall restore the recipient to the recipient's previous position and salary or to a position and salary similar thereto, unless the recipient was dismissed or resigned in lieu of dismissal for dishonesty, misfeasance, malfeasance, or conviction of a felony.

A disability benefit shall terminate if the disability benefit recipient becomes employed as a teacher in any public or private school or institution in this state or elsewhere. An individual receiving a disability benefit from the system shall be ineligible for any employment as a teacher and it shall be unlawful for any employer to employ the individual as a teacher. If any employer should employ or reemploy the individual prior to the termination of a disability benefit, the employer shall file notice of employment with the board designating the date of the employment. If the individual should be paid both a disability benefit and also compensation for teaching service for all or any part of the same month, the secretary of the board shall certify to the employer or to the superintendent of public instruction the amount of the disability benefit received by the individual during the employment, which amount shall be deducted from any amount due the employing district under ~~Chapter~~ Chapters 3306. and 3317. of the Revised Code or shall be paid by the employer to the annuity and pension reserve fund.

Each disability benefit recipient shall file with the board an annual statement of earnings, current medical information on the recipient's condition, and any other information required in rules adopted by the board. The board may waive the requirement that a disability benefit recipient file an annual statement

of earnings or current medical information if the board's physician certifies that the recipient's disability is ongoing.

The board shall annually examine the information submitted by the recipient. If a disability benefit recipient refuses to file the statement or information, the disability benefit shall be suspended until the statement and information are filed. If the refusal continues for one year, the recipient's right to the disability benefit shall be terminated as of the effective date of the original suspension.

A disability benefit also may be terminated by the board at the request of the disability benefit recipient.

If disability retirement under section 3307.63 of the Revised Code is terminated for any reason, the annuity and pension reserves at that time in the annuity and pension reserve fund shall be transferred to the teachers' savings fund and the employers' trust fund, respectively. If the total disability benefit paid was less than the amount of the accumulated contributions of the member transferred to the annuity and pension reserve fund at the time of the member's disability retirement, then the difference shall be transferred from the annuity and pension reserve fund to another fund as required. In determining the amount of a member's account following the termination of disability retirement for any reason, the total amount paid shall be charged against the member's refundable account.

If a disability allowance paid under section 3307.631 of the Revised Code is terminated for any reason, the reserve on the allowance at that time in the annuity and pension reserve fund shall be transferred from that fund to the employers' trust fund.

If a former disability benefit recipient again becomes a contributor, other than as an other system retirant under section 3307.35 of the Revised Code, to this retirement system, the school employees retirement system, or the public employees retirement system, and completes at least two additional years of service credit, the former disability benefit recipient shall receive credit for the period as a disability benefit recipient.

Sec. 3309.41. (A) A disability benefit recipient shall retain membership status and shall be considered on leave of absence from employment during the first five years following the effective date of a disability benefit, notwithstanding any contrary provisions in Chapter 124. or 3319. of the Revised Code.

(B) The school employees retirement board shall require a disability benefit recipient to undergo an annual medical examination, except that the board may waive the medical examination if the board's physician or physicians certify that the recipient's disability is ongoing. Should any disability benefit recipient refuse to submit to a medical examination, the recipient's disability benefit shall be suspended until withdrawal of the refusal. Should the refusal continue for one year, all the recipient's rights in and to the disability benefit

shall be terminated as of the effective date of the original suspension.

(C) On completion of the examination by an examining physician or physicians selected by the board, the physician or physicians shall report and certify to the board whether the disability benefit recipient is no longer physically and mentally incapable of resuming the service from which the recipient was found disabled. If the board concurs in the report that the disability benefit recipient is no longer incapable, the payment of the disability benefit shall be terminated not later than three months after the date of the board's concurrence or upon employment as an employee. If the leave of absence has not expired, the retirement board shall certify to the disability benefit recipient's last employer before being found disabled that the recipient is no longer physically and mentally incapable of resuming service that is the same or similar to that from which the recipient was found disabled. The employer shall restore the recipient to the recipient's previous position and salary or to a position and salary similar thereto not later than the first day of the first month following termination of the disability benefit, unless the recipient was dismissed or resigned in lieu of dismissal for dishonesty, misfeasance, malfeasance, or conviction of a felony.

(D) Each disability benefit recipient shall file with the board an annual statement of earnings, current medical information on the recipient's condition, and any other information required in rules adopted by the board. The board may waive the requirement that a disability benefit recipient file an annual statement of earnings or current medical information on the recipient's condition if the board's physician or physicians certify that the recipient's disability is ongoing.

The board shall annually examine the information submitted by the recipient. If a disability benefit recipient refuses to file the statement or information, the disability benefit shall be suspended until the statement and information are filed. If the refusal continues for one year, the recipient's right to the disability benefit shall be terminated as of the effective date of the original suspension.

(E) If a disability benefit recipient is employed by an employer covered by this chapter, the recipient's disability benefit shall cease.

(F) If disability retirement under section 3309.40 of the Revised Code is terminated for any reason, the annuity and pension reserves at that time in the annuity and pension reserve fund shall be transferred to the employees' savings fund and the employers' trust fund, respectively. If the total disability benefit paid is less than the amount of the accumulated contributions of the member transferred into the annuity and pension reserve fund at the time of the member's disability retirement, the difference shall be transferred from the annuity and pension reserve fund to another fund as may be required. In determining the amount of a member's account following the termination of disability retirement for any reason, the amount paid shall be charged against the member's refundable account.

If a disability allowance paid under section 3309.401 of the Revised Code is terminated for any reason, the reserve on the allowance at that time in the annuity and pension reserve fund shall be transferred from that fund to the employers' trust fund.

The board may terminate a disability benefit at the request of the recipient.

(G) If a disability benefit is terminated and a former disability benefit recipient again becomes a contributor, other than as an other system retirant as defined in section 3309.341 of the Revised Code, to this system, the public employees retirement system, or the state teachers retirement system, and completes an additional two years of service credit after the termination of the disability benefit, the former disability benefit recipient shall be entitled to full service credit for the period as a disability benefit recipient.

(H) If any employer employs any member who is receiving a disability benefit, the employer shall file notice of employment with the retirement board, designating the date of employment. In case the notice is not filed, the total amount of the benefit paid during the period of employment prior to notice shall be paid from amounts allocated under ~~Chapter~~ Chapters 3306. and 3317. of the Revised Code prior to its distribution to the school district in which the disability benefit recipient was so employed.

Sec. 3309.48. Any employee who left the service of an employer after attaining age sixty-five or over and such employer had failed or refused to deduct and transmit to the school employees retirement system the employee contributions as required by section 3309.47 of the Revised Code during any year for which membership was compulsory as determined by the school employees retirement board, shall be granted service credit without cost, which shall be considered as total service credit for the purposes of meeting the qualifications for service retirement provided by the law in effect on and retroactive to the first eligible retirement date following the date such employment terminated, but shall not be paid until formal application for such allowance on a form provided by the retirement board is received in the office of the retirement system. The total service credit granted under this section shall not exceed ten years for any such employee.

The liability incurred by the retirement board because of the service credit granted under this section shall be determined by the retirement board, the cost of which shall be equal to an amount that is determined by applying the combined employee and employer rates of contribution against the compensation of such employee at the rates of contribution and maximum salary provisions in effect during such employment for each year for which credit is granted, together with interest at the rate to be credited accumulated contributions at retirement, compounded annually from the first day of the month payment was due the retirement system to and including the month of deposit, the total amount of which shall be collected from the employer. Such amounts shall be certified by the retirement board to the superintendent of public instruction, who shall deduct

the amount due the system from any funds due the affected school district under ~~Chapter~~ Chapters 3306. and 3317. of the Revised Code. The superintendent shall certify to the director of budget and management the amount due the system for payment. The total amount paid shall be deposited into the employers' trust fund, and shall not be considered as accumulated contributions of the employee in the event of ~~his~~ the employee's death or withdrawal of funds.

Sec. 3309.51. (A) Each employer shall pay annually into the employers' trust fund, in such monthly or less frequent installments as the school employees retirement board requires, an amount certified by the school employees retirement board, which shall be as required by Chapter 3309. of the Revised Code.

Payments by school district boards of education to the employers' trust fund of the school employees retirement system may be made from the amounts allocated under ~~Chapter~~ Chapters 3306. and 3317. of the Revised Code prior to their distribution to the individual school districts. The amount due from each school district may be certified by the secretary of the system to the superintendent of public instruction monthly, or at such times as is determined by the school employees retirement board.

Payments by governing authorities of community schools to the employers' trust fund of the school employees retirement system shall be made from the amounts allocated under section 3314.08 of the Revised Code prior to their distribution to the individual community schools. The amount due from each community school shall be certified by the secretary of the system to the superintendent of public instruction monthly, or at such times as determined by the school employees retirement board.

Payments by a science, technology, engineering, and mathematics school to the employers' trust fund of the school employees retirement system shall be made from the amounts allocated under section 3326.33 of the Revised Code prior to their distribution to the school. The amount due from a science, technology, engineering, and mathematics school shall be certified by the secretary of the school employees retirement system to the superintendent of public instruction monthly, or at such times as determined by the school employees retirement board.

(B) The superintendent shall deduct from the amount allocated to each community school under section 3314.08 of the Revised Code, to each school district under ~~Chapter~~ Chapters 3306. and 3317. of the Revised Code, or to each science, technology, engineering, and mathematics school under section 3326.33 of the Revised Code the entire amounts due to the school employees retirement system from such school or school district upon the certification to the superintendent by the secretary thereof.

(C) Where an employer fails or has failed or refuses to make payments to the employers' trust fund, as provided for under Chapter 3309. of the Revised Code, the secretary of the school employees retirement system may certify to the

state superintendent of public instruction, monthly or at such times as is determined by the school employees retirement board, the amount due from such employer, and the superintendent shall deduct from the amount allocated to the employer under section 3314.08 or 3326.33 or Chapter ~~3306.~~ or 3317. of the Revised Code, as applicable, the entire amounts due to the system from the employer upon the certification to the superintendent by the secretary of the school employees retirement system.

(D) The superintendent shall certify to the director of budget and management the amounts thus due the system for payment."

The amount deducted under division (C)(1) of this section funds scholarships for students under both the educational choice scholarship pilot program and the pilot project scholarship program under sections 3313.974 to 3313.979 of the Revised Code.

(2) If the department reduces or terminates payments to a parent or a student, as prescribed in division (B)(2) of this section, and the student enrolls in the schools of the student's resident district or in a community school, established under Chapter 3314. of the Revised Code, before the end of the school year, the department shall proportionally restore to the resident district the amount deducted for that student under division (C)(1) of this section.

(D) In the case of any school district from which a deduction is made under division (C) of this section, the department shall disclose on the district's SF-3 form, or any successor to that form used to calculate a district's state funding for operating expenses, a comparison of the following:

(C)(1) As prescribed in divisions (A)(2)(h), (B)(3)(g), and (B)(10) of section 3317.03 of the Revised Code, a child who is not a preschool child with a disability for whom a scholarship is awarded under this section shall be counted in the formula ADM and the category six special education ADM of the district in which the child is entitled to attend school and not in the formula ADM and the category six special education ADM of any other school district. (2) In each fiscal year, the department shall deduct from the amounts paid to each school district under ~~Chapter~~ Chapters 3306. and 3317. of the Revised Code, and, if necessary, sections 321.24 and 323.156 of the Revised Code, the aggregate amount of scholarships awarded under this section for qualified special education children included in the formula ADM, or preschool scholarship ADM, and in the category six special education ADM of that school

district as provided in division (C)(1) of this section. ~~The~~ When computing the school district's instructional services support under section 3306.05 of the Revised Code, the department shall add the district's preschool scholarship ADM to the district's formula ADM.

~~The scholarships deducted shall be considered as an approved special education and related services expense for the purpose of the school district's compliance with division (C)(5) of section 3317.022 of the Revised Code district.~~

(3) From time to time, the department shall make a payment to the parent of each qualified special education child for whom a scholarship has been awarded under this section. The scholarship amount shall be proportionately reduced in the case of any such child who is not enrolled in the special education program for which a scholarship was awarded under this section for the entire school year. The department shall make no payments to the parent of a child while any administrative or judicial mediation or proceedings with respect to the content of the child's individualized education program are pending.

(D) A scholarship shall not be paid to a parent for payment of tuition owed to a nonpublic entity unless that entity is a registered private provider. The department shall approve entities that meet the standards established by rule of the state board for the program established under this section.

(E) The state board shall adopt rules under Chapter 119. of the Revised Code prescribing procedures necessary to implement this section, including, but not limited to, procedures and deadlines for parents to apply for scholarships, standards for registered private providers, and procedures for approval of entities as registered private providers."

"Sec. 3311.06. (A) As used in this section:

(1) "Annexation" and "annexed" mean annexation for municipal purposes under sections 709.02 to 709.37 of the Revised Code.

(2) "Annexed territory" means territory that has been annexed for municipal purposes to a city served by an urban school district, but on September 24, 1986, has not been transferred to the urban school district.

(3) "Urban school district" means a city school district with an average daily membership for the 1985-1986 school year in excess of twenty thousand that is the school district of a city that contains annexed territory.

(4) "Annexation agreement" means an agreement entered into under division (F) of this section that has been approved by the state board of education or an agreement entered into prior to September 24, 1986, that meets the requirements of division (F) of this section and has been filed with the state board.

(B) The territory included within the boundaries of a city, local,

exempted village, or joint vocational school district shall be contiguous except where a natural island forms an integral part of the district, where the state board of education authorizes a noncontiguous school district, as provided in division (E)(1) of this section, or where a local school district is created pursuant to section 3311.26 of the Revised Code from one or more local school districts, one of which has entered into an agreement under section 3313.42 of the Revised Code.

(C)(1) When all of the territory of a school district is annexed to a city or village, such territory thereby becomes a part of the city school district or the school district of which the village is a part, and the legal title to school property in such territory for school purposes shall be vested in the board of education of the city school district or the school district of which the village is a part.

(2) When the territory so annexed to a city or village comprises part but not all of the territory of a school district, the said territory becomes part of the city school district or the school district of which the village is a part only upon approval by the state board of education, unless the district in which the territory is located is a party to an annexation agreement with the city school district.

Any urban school district that has not entered into an annexation agreement with any other school district whose territory would be affected by any transfer under this division and that desires to negotiate the terms of transfer with any such district shall conduct any negotiations under division (F) of this section as part of entering into an annexation agreement with such a district.

Any school district, except an urban school district, desiring state board approval of a transfer under this division shall make a good faith effort to negotiate the terms of transfer with any other school district whose territory would be affected by the transfer. Before the state board may approve any transfer of territory to a school district, except an urban school district, under this section, it must receive the following:

(a) A resolution requesting approval of the transfer, passed by at least one of the school districts whose territory would be affected by the transfer;

(b) Evidence determined to be sufficient by the state board to show that good faith negotiations have taken place or that the district requesting the transfer has made a good faith effort to hold such negotiations;

(c) If any negotiations took place, a statement signed by all boards that participated in the negotiations, listing the terms agreed on and the points on which no agreement could be reached.

(D) The state board of education shall adopt rules governing negotiations held by any school district except an urban school district pursuant to division (C)(2) of this section. The rules shall encourage the realization of the following goals:

(1) A discussion by the negotiating districts of the present and future educational needs of the pupils in each district;

(2) The educational, financial, and territorial stability of each district affected by the transfer;

(3) The assurance of appropriate educational programs, services, and opportunities for all the pupils in each participating district, and adequate planning for the facilities needed to provide these programs, services, and opportunities.

Districts involved in negotiations under such rules may agree to share revenues from the property included in the territory to be transferred, establish cooperative programs between the participating districts, and establish mechanisms for the settlement of any future boundary disputes.

(E)(1) If territory annexed after September 24, 1986, is part of a school district that is a party to an annexation agreement with the urban school district serving the annexing city, the transfer of such territory shall be governed by the agreement. If the agreement does not specify how the territory is to be dealt with, the boards of education of the district in which the territory is located and the urban school district shall negotiate with regard to the transfer of the territory which shall be transferred to the urban school district unless, not later than ninety days after the effective date of municipal annexation, the boards of education of both districts, by resolution adopted by a majority of the members of each board, agree that the territory will not be transferred and so inform the state board of education.

If territory is transferred under this division the transfer shall take effect on the first day of July occurring not sooner than ninety-one days after the effective date of the municipal annexation. Territory transferred under this division need not be contiguous to the district to which it is transferred.

(2) Territory annexed prior to September 24, 1986, by a city served by an urban school district shall not be subject to transfer under this section if the district in which the territory is located is a party to an annexation agreement or becomes a party to such an agreement not later than ninety days after September 24, 1986. If the district does not become a party to an annexation agreement within the ninety-day period, transfer of territory shall be governed by division (C)(2) of this section. If the district subsequently becomes a party to an agreement, territory annexed prior to September 24, 1986, other than territory annexed under division (C)(2) of this section prior to the effective date of the agreement, shall not be subject to transfer under this section.

(F) An urban school district may enter into a comprehensive agreement with one or more school districts under which transfers of territory annexed by the city served by the urban school district after September 24, 1986, shall be governed by the agreement. Such agreement must provide for the establishment of a cooperative education program under section 3313.842 of the Revised Code in which all the parties to the agreement are participants and must be approved by resolution of the majority of the members of each of the boards of education of the school districts that are parties to it. An agreement may provide for

interdistrict payments based on local revenue growth resulting from development in any territory annexed by the city served by the urban school district.

An agreement entered into under this division may be altered, modified, or terminated only by agreement, by resolution approved by the majority of the members of each board of education, of all school districts that are parties to the agreement, except that with regard to any provision that affects only the urban school district and one of the other districts that is a party, that district and the urban district may modify or alter the agreement by resolution approved by the majority of the members of the board of that district and the urban district. Alterations, modifications, terminations, and extensions of an agreement entered into under this division do not require approval of the state board of education, but shall be filed with the board after approval and execution by the parties.

If an agreement provides for interdistrict payments, each party to the agreement, except any school district specifically exempted by the agreement, shall agree to make an annual payment to the urban school district with respect to any of its territory that is annexed territory in an amount not to exceed the amount certified for that year under former section 3317.029 of the Revised Code as that section existed prior to July 1, 1998; except that such limitation of annual payments to amounts certified under former section 3317.029 of the Revised Code does not apply to agreements or extensions of agreements entered into on or after June 1, 1992, unless such limitation is expressly agreed to by the parties. The agreement may provide that all or any part of the payment shall be waived if the urban school district receives its payment with respect to such annexed territory under former section 3317.029 of the Revised Code and that all or any part of such payment may be waived if the urban school district does not receive its payment with respect to such annexed territory under such section.

With respect to territory that is transferred to the urban school district after September 24, 1986, the agreement may provide for annual payments by the urban school district to the school district whose territory is transferred to the urban school district subsequent to annexation by the city served by the urban school district.

(G) In the event territory is transferred from one school district to another under this section, an equitable division of the funds and indebtedness between the districts involved shall be made under the supervision of the state board of education and that board's decision shall be final. Such division shall not include funds payable to or received by a school district under Chapter 3306. or 3317. of the Revised Code or payable to or received by a school district from the United States or any department or agency thereof. In the event such transferred territory includes real property owned by a school district, the state board of education, as part of such division of funds and indebtedness, shall determine the true value in money of such real property and all buildings or other improvements thereon. The board of education of the school district receiving such territory shall forthwith pay to the board of education of the school district losing such territory such true value in money of such real property, buildings,

and improvements less such percentage of the true value in money of each school building located on such real property as is represented by the ratio of the total enrollment in day classes of the pupils residing in the territory transferred enrolled at such school building in the school year in which such annexation proceedings were commenced to the total enrollment in day classes of all pupils residing in the school district losing such territory enrolled at such school building in such school year. The school district receiving such payment shall place the proceeds thereof in its sinking fund or bond retirement fund.

(H) The state board of education, before approving such transfer of territory, shall determine that such payment has been made and shall apportion to the acquiring school district such percentage of the indebtedness of the school district losing the territory as is represented by the ratio that the assessed valuation of the territory transferred bears to the total assessed valuation of the entire school district losing the territory as of the effective date of the transfer, provided that in ascertaining the indebtedness of the school district losing the territory the state board of education shall disregard such percentage of the par value of the outstanding and unpaid bonds and notes of said school district issued for construction or improvement of the school building or buildings for which payment was made by the acquiring district as is equal to the percentage by which the true value in money of such building or buildings was reduced in fixing the amount of said payment.

(I) No transfer of school district territory or division of funds and indebtedness incident thereto, pursuant to the annexation of territory to a city or village shall be completed in any other manner than that prescribed by this section regardless of the date of the commencement of such annexation proceedings, and this section applies to all proceedings for such transfers and divisions of funds and indebtedness pending or commenced on or after October 2, 1959.

Sec. 3311.19. (A) The management and control of a joint vocational school district shall be vested in the joint vocational school district board of education. Where a joint vocational school district is composed only of two or more local school districts located in one county, or when all the participating districts are in one county and the boards of such participating districts so choose, the educational service center governing board of the county in which the joint vocational school district is located shall serve as the joint vocational school district board of education. Where a joint vocational school district is composed of local school districts of more than one county, or of any combination of city, local, or exempted village school districts or educational service centers, unless administration by the educational service center governing board has been chosen by all the participating districts in one county pursuant to this section, the board of education of the joint vocational school district shall be composed of one or more persons who are members of the boards of education from each of the city or exempted village school districts or members of the educational service centers' governing boards affected to be appointed by the boards of education or governing boards of such school

districts and educational service centers. In such joint vocational school districts the number and terms of members of the joint vocational school district board of education and the allocation of a given number of members to each of the city and exempted village districts and educational service centers shall be determined in the plan for such district, provided that each such joint vocational school district board of education shall be composed of an odd number of members.

(B) Notwithstanding division (A) of this section, a governing board of an educational service center that has members of its governing board serving on a joint vocational school district board of education may make a request to the joint vocational district board that the joint vocational school district plan be revised to provide for one or more members of boards of education of local school districts that are within the territory of the educational service district and within the joint vocational school district to serve in the place of or in addition to its educational service center governing board members. If agreement is obtained among a majority of the boards of education and governing boards that have a member serving on the joint vocational school district board of education and among a majority of the local school district boards of education included in the district and located within the territory of the educational service center whose board requests the substitution or addition, the state board of education may revise the joint vocational school district plan to conform with such agreement.

(C) If the board of education of any school district or educational service center governing board included within a joint vocational district that has had its board or governing board membership revised under division (B) of this section requests the joint vocational school district board to submit to the state board of education a revised plan under which one or more joint vocational board members chosen in accordance with a plan revised under such division would again be chosen in the manner prescribed by division (A) of this section, the joint vocational board shall submit the revised plan to the state board of education, provided the plan is agreed to by a majority of the boards of education represented on the joint vocational board, a majority of the local school district boards included within the joint vocational district, and each educational service center governing board affected by such plan. The state board of education may revise the joint vocational school district plan to conform with the revised plan.

(D) The vocational schools in such joint vocational school district shall be available to all youth of school age within the joint vocational school district subject to the rules adopted by the joint vocational school district board of education in regard to the standards requisite to admission. A joint vocational school district board of education shall have the same powers, duties, and authority for the management and operation of such joint vocational school district as is granted by law, except by this chapter and Chapters 124., 3306., 3317., 3323., and 3331. of the Revised Code, to a board of education of a city school district, and shall be subject to all the provisions of law that apply to a city school district, except such provisions in this chapter and Chapters 124., 3306., 3317., 3323., and 3331. of the Revised Code.

(E) Where a governing board of an educational service center has been designated to serve as the joint vocational school district board of education, the educational service center superintendent shall be the executive officer for the joint vocational school district, and the governing board may provide for additional compensation to be paid to the educational service center superintendent by the joint vocational school district, but the educational service center superintendent shall have no continuing tenure other than that of educational service center superintendent. The superintendent of schools of a joint vocational school district shall exercise the duties and authority vested by law in a superintendent of schools pertaining to the operation of a school district and the employment and supervision of its personnel. The joint vocational school district board of education shall appoint a treasurer of the joint vocational school district who shall be the fiscal officer for such district and who shall have all the powers, duties, and authority vested by law in a treasurer of a board of education. Where a governing board of an educational service center has been designated to serve as the joint vocational school district board of education, such board may appoint the educational service center superintendent as the treasurer of the joint vocational school district.

(F) Each member of a joint vocational school district board of education may be paid such compensation as the board provides by resolution, but it shall not exceed one hundred twenty-five dollars per member for each meeting attended plus mileage, at the rate per mile provided by resolution of the board, to and from meetings of the board.

The board may provide by resolution for the deduction of amounts payable for benefits under section 3313.202 of the Revised Code.

Each member of a joint vocational school district board may be paid such compensation as the board provides by resolution for attendance at an approved training program, provided that such compensation shall not exceed sixty dollars per day for attendance at a training program three hours or fewer in length and one hundred twenty-five dollars a day for attendance at a training program longer than three hours in length. However, no board member shall be compensated for the same training program under this section and section 3313.12 of the Revised Code.

Sec. 3311.21. (A) In addition to the resolutions authorized by sections 5705.194, 5705.199, 5705.21, 5705.212, and 5705.213 of the Revised Code, the board of education of a joint vocational or cooperative education school district by a vote of two-thirds of its full membership may at any time adopt a resolution declaring the necessity to levy a tax in excess of the ten-mill limitation for a period not to exceed ten years to provide funds for any one or more of the following purposes, which may be stated in the following manner in such resolution, the ballot, and the notice of election: purchasing a site or enlargement thereof and for the erection and equipment of buildings; for the purpose of enlarging, improving, or rebuilding thereof; for the purpose of providing for the current expenses of the joint vocational or cooperative school district; or for a

continuing period for the purpose of providing for the current expenses of the joint vocational or cooperative education school district. The resolution shall specify the amount of the proposed rate and, if a renewal, whether the levy is to renew all, or a portion of, the existing levy, and shall specify the first year in which the levy will be imposed. If the levy provides for but is not limited to current expenses, the resolution shall apportion the annual rate of the levy between current expenses and the other purpose or purposes. Such apportionment may but need not be the same for each year of the levy, but the respective portions of the rate actually levied each year for current expenses and the other purpose or purposes shall be limited by such apportionment. The portion of any such rate actually levied for current expenses of a joint vocational or cooperative education school district shall be used in applying division (A)(1) of section 3306.01 and division (A) of section 3317.01 of the Revised Code. The portion of any such rate not apportioned to the current expenses of a joint vocational or cooperative education school district shall be used in applying division (B) of this section. On the adoption of such resolution, the joint vocational or cooperative education school district board of education shall certify the resolution to the board of elections of the county containing the most populous portion of the district, which board shall receive resolutions for filing and send them to the boards of elections of each county in which territory of the district is located, furnish all ballots for the election as provided in section 3505.071 of the Revised Code, and prepare the election notice; and the board of elections of each county in which the territory of such district is located shall make the other necessary arrangements for the submission of the question to the electors of the joint vocational or cooperative education school district at the next primary or general election occurring not less than seventy-five days after the resolution was received from the joint vocational or cooperative education school district board of education, or at a special election to be held at a time designated by the district board of education consistent with the requirements of section 3501.01 of the Revised Code, which date shall not be earlier than seventy-five days after the adoption and certification of the resolution.

The board of elections of the county or counties in which territory of the joint vocational or cooperative education school district is located shall cause to be published in one or more newspapers of general circulation in that district an advertisement of the proposed tax levy question together with a statement of the amount of the proposed levy once a week for two consecutive weeks, prior to the election at which the question is to appear on the ballot, and, if the board of elections operates and maintains a web site, the board also shall post a similar advertisement on its web site for thirty days prior to that election.

If a majority of the electors voting on the question of levying such tax vote in favor of the levy, the joint vocational or cooperative education school district board of education shall annually make the levy within the district at the rate specified in the resolution and ballot or at any lesser rate, and the county auditor of each affected county shall annually place the levy on the tax list and duplicate of each school district in the county having territory in the joint vocational or cooperative education school district. The taxes realized from the

levy shall be collected at the same time and in the same manner as other taxes on the duplicate, and the taxes, when collected, shall be paid to the treasurer of the joint vocational or cooperative education school district and deposited to a special fund, which shall be established by the joint vocational or cooperative education school district board of education for all revenue derived from any tax levied pursuant to this section and for the proceeds of anticipation notes which shall be deposited in such fund. After the approval of the levy, the joint vocational or cooperative education school district board of education may anticipate a fraction of the proceeds of the levy and from time to time, during the life of the levy, but in any year prior to the time when the tax collection from the levy so anticipated can be made for that year, issue anticipation notes in an amount not exceeding fifty per cent of the estimated proceeds of the levy to be collected in each year up to a period of five years after the date of the issuance of the notes, less an amount equal to the proceeds of the levy obligated for each year by the issuance of anticipation notes, provided that the total amount maturing in any one year shall not exceed fifty per cent of the anticipated proceeds of the levy for that year. Each issue of notes shall be sold as provided in Chapter 133. of the Revised Code, and shall, except for such limitation that the total amount of such notes maturing in any one year shall not exceed fifty per cent of the anticipated proceeds of the levy for that year, mature serially in substantially equal installments, during each year over a period not to exceed five years after their issuance.

(B) Prior to the application of section 319.301 of the Revised Code, the rate of a levy that is limited to, or to the extent that it is apportioned to, purposes other than current expenses shall be reduced in the same proportion in which the district's total valuation increases during the life of the levy because of additions to such valuation that have resulted from improvements added to the tax list and duplicate.

(C) The form of ballot cast at an election under division (A) of this section shall be as prescribed by section 5705.25 of the Revised Code.

Sec. 3311.29. (A) Except as provided under division (B) or (C) of this section, no school district shall be created and no school district shall exist which does not maintain within such district public schools consisting of grades kindergarten through twelve and any such existing school district not maintaining such schools shall be dissolved and its territory joined with another school district or districts by order of the state board of education if no agreement is made among the surrounding districts voluntarily, which order shall provide an equitable division of the funds, property, and indebtedness of the dissolved school district among the districts receiving its territory. The state board of education may authorize exceptions to school districts where topography, sparsity of population, and other factors make compliance impracticable.

The superintendent of public instruction is without authority to distribute funds under ~~sections 3317.022 to 3317.025~~ Chapter 3306. or 3317. of the

Revised Code to any school district that does not maintain schools with grades kindergarten through twelve and to which no exception has been granted by the state board of education.

(B) Division (A) of this section does not apply to any joint vocational school district or any cooperative education school district established pursuant to divisions (A) to (C) of section 3311.52 of the Revised Code.

(C)(1)(a) Except as provided in division (C)(3) of this section, division (A) of this section does not apply to any cooperative education school district established pursuant to section 3311.521 of the Revised Code nor to the city, exempted village, or local school districts that have territory within such a cooperative education district.

(b) The cooperative district and each city, exempted village, or local district with territory within the cooperative district shall maintain the grades that the resolution adopted or amended pursuant to section 3311.521 of the Revised Code specifies.

(2) Any cooperative education school district described under division (C)(1) of this section that fails to maintain the grades it is specified to operate shall be dissolved by order of the state board of education unless prior to such an order the cooperative district is dissolved pursuant to section 3311.54 of the Revised Code. Any such order shall provide for the equitable adjustment, division, and disposition of the assets, property, debts, and obligations of the district among each city, local, and exempted village school district whose territory is in the cooperative district and shall provide that the tax duplicate of each city, local, and exempted village school district whose territory is in the cooperative district shall be bound for and assume its share of the outstanding indebtedness of the cooperative district.

(3) If any city, exempted village, or local school district described under division (C)(1) of this section fails to maintain the grades it is specified to operate the cooperative district within which it has territory shall be dissolved in accordance with division (C)(2) of this section and upon that dissolution any city, exempted village, or local district failing to maintain grades kindergarten through twelve shall be subject to the provisions for dissolution in division (A) of this section.

Sec. 3311.52. A cooperative education school district may be established pursuant to divisions (A) to (C) of this section or pursuant to section 3311.521 of the Revised Code.

(A) A cooperative education school district may be established upon the adoption of identical resolutions within a sixty-day period by a majority of the members of the board of education of each city, local, and exempted village school district that is within the territory of a county school financing district.

A copy of each resolution shall be filed with the governing board of ~~education~~ of the educational service center which created the county school financing district. Upon the filing of the last such resolution, the educational

service center governing board shall immediately notify each board of education filing such a resolution of the date on which the last resolution was filed.

Ten days after the date on which the last resolution is filed with the educational service center governing board or ten days after the last of any notices required under division (C) of this section is received by the educational service center governing board, whichever is later, the county school financing district shall be dissolved and the new cooperative education school district and the board of education of the cooperative education school district shall be established.

On the date that any county school financing district is dissolved and a cooperative education school district is established under this section, each of the following shall apply:

(1) The territory of the dissolved district becomes the territory of the new district.

(2) Any outstanding tax levy in force in the dissolved district shall be spread over the territory of the new district and shall remain in force in the new district until the levy expires or is renewed.

(3) Any funds of the dissolved district shall be paid over in full to the new district.

(4) Any net indebtedness of the dissolved district shall be assumed in full by the new district. As used in division (A)(4) of this section, "net indebtedness" means the difference between the par value of the outstanding and unpaid bonds and notes of the dissolved district and the amount held in the sinking fund and other indebtedness retirement funds for their redemption.

When a county school financing district is dissolved and a cooperative education school district is established under this section, the governing board of the educational service center that created the dissolved district shall give written notice of this fact to the county auditor and the board of elections of each county having any territory in the new district.

(B) The resolutions adopted under division (A) of this section shall include all of the following provisions:

(1) Provision that the governing board of the educational service center which created the county school financing district shall be the board of education of the cooperative education school district, except that provision may be made for the composition, selection, and terms of office of an alternative board of education of the cooperative district, which board shall include at least one member selected from or by the members of the board of education of each city, local, and exempted village school district and at least one member selected from or by the members of the educational service center governing board within the territory of the cooperative district;

(2) Provision that the treasurer and superintendent of the educational service center which created the county school financing district shall be the

treasurer and superintendent of the cooperative education school district, except that provision may be made for the selection of a treasurer or superintendent of the cooperative district other than the treasurer or superintendent of the educational service center, which provision shall require one of the following:

(a) The selection of one person as both the treasurer and superintendent of the cooperative district, which provision may require such person to be the treasurer or superintendent of any city, local, or exempted village school district or educational service center within the territory of the cooperative district;

(b) The selection of one person as the treasurer and another person as the superintendent of the cooperative district, which provision may require either one or both such persons to be treasurers or superintendents of any city, local, or exempted village school districts or educational service center within the territory of the cooperative district.

(3) A statement of the educational program the board of education of the cooperative education school district will conduct, including but not necessarily limited to the type of educational program, the grade levels proposed for inclusion in the program, the timetable for commencing operation of the program, and the facilities proposed to be used or constructed to be used by the program;

(4) A statement of the annual amount, or the method for determining that amount, of funds or services or facilities that each city, local, and exempted village school district within the territory of the cooperative district is required to pay to or provide for the use of the board of education of the cooperative education school district;

(5) Provision for adopting amendments to the provisions of divisions (B)(2) to (4) of this section.

(C) If the resolutions adopted under division (A) of this section provide for a board of education of the cooperative education school district that is not the governing board of the educational service center that created the county school financing district, each board of education of each city, local, or exempted village school district and the governing board of the educational service center within the territory of the cooperative district shall, within thirty days after the date on which the last resolution is filed with the educational service center governing board under division (A) of this section, select one or more members of the board of education of the cooperative district as provided in the resolutions filed with the educational service center governing board. Each such board shall immediately notify the educational ~~services~~ service center governing board of each such selection.

(D) Except for the powers and duties in this chapter and Chapters 124., 3306., 3317., 3318., 3323., and 3331. of the Revised Code, a cooperative education school district established pursuant to divisions (A) to (C) of this section or pursuant to section 3311.521 of the Revised Code has all the powers of a city school district and its board of education has all the powers and duties

of a board of education of a city school district with respect to the educational program specified in the resolutions adopted under division (A) of this section. All laws applicable to a city school district or the board of education or the members of the board of education of a city school district, except such laws in this chapter and Chapters 124., 3306., 3317., 3318., 3323., and 3331. of the Revised Code, are applicable to a cooperative education school district and its board.

The treasurer and superintendent of a cooperative education school district shall have the same respective duties and powers as a treasurer and superintendent of a city school district, except for any powers and duties in this chapter and Chapters 124., 3306., 3317., 3318., 3323., and 3331. of the Revised Code.

(E) For purposes of this title, any student included in the formula ADM certified for any city, exempted village, or local school district under section 3317.03 of the Revised Code by virtue of being counted, in whole or in part, in the average daily membership of a cooperative education school district under division (A)(2)(f) of that section shall be construed to be enrolled both in that city, exempted village, or ~~village~~ local school district and in that cooperative education school district. This division shall not be construed to mean that any such individual student may be counted more than once for purposes of determining the average daily membership of any one school district.

Sec. 3311.76. (A) Notwithstanding Chapters 3302., 3306., and 3317. of the Revised Code, upon written request of the district chief executive officer the state superintendent of public instruction may exempt a municipal school district from any rules adopted under Title XXXIII of the Revised Code except for any rule adopted under Chapter 3307. or 3309., sections 3319.07 to 3319.21, or Chapter 3323. of the Revised Code, and may authorize a municipal school district to apply funds allocated to the district under ~~Chapter~~ Chapters 3306. and 3317. of the Revised Code, except those specifically allocated to purposes other than current expenses, to the payment of debt charges on the district's public obligations. The request must specify the provisions from which the district is seeking exemption or the application requested and the reasons for the request. The state superintendent shall approve the request if the superintendent finds the requested exemption or application is in the best interest of the district's students. The superintendent shall approve or disapprove the request within thirty days and shall notify the district board and the district chief executive officer of approval or reasons for disapproving the request.

(B) In addition to the rights, authority, and duties conferred upon a municipal school district and its board of education in sections 3311.71 to 3311.76 of the Revised Code, a municipal school district and its board shall have all of the rights, authority, and duties conferred upon a city school district and its board by law that are not inconsistent with sections 3311.71 to 3311.76 of the Revised Code."

Between lines 36492 and 36493, insert:

"Sec. 3313.483. (A) A board of education, upon the adoption of a resolution stating that it may be financially unable to open on the day or to remain open for instruction on all days set forth in its adopted school calendar and pay all obligated expenses, or the superintendent of public instruction upon the issuance of written notification under division (B) of section 3313.489 of the Revised Code, shall request the auditor of state to determine whether such situation exists. The auditor shall deliver a copy of each request from a board of education to the superintendent of public instruction. In the case of a school district not under a fiscal emergency pursuant to Chapter 3316. of the Revised Code the auditor shall not issue a finding under this section until written notification is received from the superintendent pursuant to section 3313.487 of the Revised Code.

(B) If the auditor of state finds that the board of education has attempted to avail itself to the fullest extent authorized by law of all lawful revenue sources available to it except those authorized by section 5705.21 of the Revised Code, the auditor shall certify that finding to the superintendent of public instruction and the state board of education and shall certify the operating deficit the district will have at the end of the fiscal year if it commences or continues operating its instructional program in accordance with its adopted school calendar and pays all obligated expenses.

(C) No board of education may delay the opening of its schools or close its schools for financial reasons. Upon the request of the superintendent of public instruction, the attorney general shall seek injunctive relief and any other relief required to enforce this prohibition in the court of common pleas of Franklin county. The court of common pleas of Franklin county has exclusive original jurisdiction over all such actions.

(D) Upon the receipt of any certification of an operating deficit from the auditor of state, a board of education shall make application to a commercial bank, underwriter, or other prospective lender or purchaser of its obligations for a loan in an amount sufficient to enable the district to open or remain open for instruction on all days set forth in its adopted school calendar but not to exceed the amount of the deficit certified.

(E)(1) Any board of education that has applied for and been denied a loan from a commercial bank, underwriter, or other prospective lender or purchaser of its obligations pursuant to division (D) of this section shall submit to the superintendent of public instruction a plan for implementing reductions in the school district's budget; apply for a loan from a commercial bank, underwriter, or other prospective lender or purchaser of its obligations in an amount not to exceed its certified deficit; and provide the superintendent such information as the superintendent requires concerning its application for such a loan. The board of education of a school district declared to be under a fiscal watch pursuant to division (A) of section 3316.03 of the Revised Code may, upon approval of the superintendent, utilize the financial plan required by section 3316.04 of the Revised Code, or applicable parts thereof, as the plan required under this

division. The board of education of a school district declared to be under a fiscal emergency pursuant to division (B) of section 3316.03 of the Revised Code may utilize the financial recovery plan for the district, or applicable parts thereof, as the plan required under this division. Except for the plan of a school district under a fiscal emergency, the superintendent shall evaluate, make recommendations concerning, and approve or disapprove each plan. When a plan is submitted, the superintendent shall immediately notify the members of the general assembly whose legislative districts include any or all of the territory of the school district submitting the plan.

(2) The superintendent shall submit to the controlling board a copy of each plan the superintendent approves, or each plan submitted by a district under a fiscal emergency pursuant to division (B) of section 3316.03 of the Revised Code, and the general terms of each proposed loan, and shall make recommendations regarding the plan and whether a proposed loan to the board of education should be approved for payment as provided in division (E)(3) of this section. The controlling board shall approve or disapprove the plan and the proposed loan presented to it by the superintendent. In the case of a district not under a fiscal emergency pursuant to division (B) of section 3316.03 of the Revised Code, the controlling board may require a board of education to implement the superintendent's recommendations for expenditure reductions or impose other requirements. Loan repayments shall be in accordance with a schedule approved by the superintendent, except that the principal amount of the loan shall be payable in monthly, semiannual, or annual installments of principal and interest that are substantially equal principal and interest installments. Except as otherwise provided in division (E)(2) of this section, repayment shall be made no later than the fifteenth day of June of the second fiscal year following the approval of the loan. A school district with a certified deficit in excess of either twenty-five million dollars or fifteen per cent of the general fund expenditures of the district during the fiscal year shall repay the loan no later than the fifteenth day of June of the tenth fiscal year following the approval of the loan. In deciding whether to approve or disapprove a proposed loan, the controlling board shall consider the deficit certified by the auditor of state pursuant to this section. A board of education that has an outstanding loan approved pursuant to this section with a repayment date of more than two fiscal years after the date of approval of such loan may not apply for another loan with such a repayment date until the outstanding loan has been repaid.

(3) If a board of education has submitted and received controlling board approval of a plan and proposed loan in accordance with this section, the superintendent of public instruction shall report to the controlling board the actual amounts loaned to the board of education. Such board of education shall request the superintendent to pay any funds the board of education would otherwise receive pursuant to ~~sections 3317.022 to 3317.025~~ Chapter 3306, of the Revised Code first directly to the holders of the board of education's notes, or an agent thereof, such amounts as are specified under the terms of the loan. Such payments shall be made only from and to the extent of money appropriated by

the general assembly for purposes of such sections. No note or other obligation of the board of education under the loan constitutes an obligation nor a debt or a pledge of the faith, credit, or taxing power of the state, and the holder or owner of such note or obligation has no right to have taxes levied by the general assembly for the payment of such note or obligation, and such note or obligation shall contain a statement to that effect.

(4) Pursuant to the terms of such a loan, a board of education may issue its notes in anticipation of the collection of its voted levies for current expenses or its receipt of such state funds or both. Such notes shall be issued in accordance with division (E) of section 133.10 of the Revised Code and constitute Chapter 133. securities to the extent such division and the otherwise applicable provisions of Chapter 133. of the Revised Code are not inconsistent with this section, provided that in any event sections 133.24 and 5705.21 and divisions (A), (B), (C), and (E)(2) of section 133.10 of the Revised Code do not apply to such notes.

(5) Notwithstanding section 133.36 or 3313.17, any other section of the Revised Code, or any other provision of law, a board of education that has received a loan under this section may not declare bankruptcy, so long as any portion of such loan remains unpaid.

(F) Under this section and sections 3313.4810 and 3313.4811, "board of education" or "district board" includes the financial planning and supervision commission of a school district under a fiscal emergency pursuant to Chapter 3316. of the Revised Code where such commission chooses to exercise the powers and duties otherwise required of the district board of education under this section and sections 3313.4810 and 3313.4811 of the Revised Code."

The school shall report any such student's data verification code, as assigned pursuant to section 3301.0714 of the Revised Code, to the department of education to be added to the list maintained by the department under section 3314.26 of the Revised Code.

(4) Vocational education additional weighted funding shall be calculated by multiplying the applicable weight specified in section 3317.014 of the Revised Code for fiscal year 2009 times \$5,732.

(5) The per pupil amounts paid to a school district under sections 3317.029 and 3317.0217 of the Revised Code shall be deemed to be the respective per pupil amounts paid under those sections to that district for fiscal year 2009.

(6) A community school may receive all-day kindergarten payments under section 3314.13 of the Revised Code only for all-day kindergarten students who are entitled to attend school in school districts that, for fiscal year 2009, met the eligibility requirements of division (D) of section 3317.029 of the Revised Code. For students entitled to attend school in such school districts that actually received payment for all-day kindergarten for fiscal year 2009, the payments to community schools under section 3314.13 of the Revised Code shall be deducted from the school district's state education aid. For students entitled to attend school in such school districts that did not receive payment for all-day kindergarten for fiscal year 2009, the payments to community schools under section 3314.13 of the Revised Code shall be paid out of the funds appropriated under appropriation item 200550, foundation funding, as appropriated in section 265.10 of Am. Sub. H.B. 1 of the 128th General Assembly. As used in this division, "entitled to attend school" has the same meaning as in section 3314.08 of the Revised Code.

(B) For purposes of applying section 3314.085 of the Revised Code to fiscal years 2010 and 2011, the minimum per pupil expenditure required for pupil instruction under that section is \$2,931, which equals the minimum amount required by that section for fiscal year 2009.

Sec. 3314.091. (A) A school district is not required to provide transportation for any native student enrolled in a community school if the district board of education has entered into an agreement with the community school's governing authority that designates the community school as responsible for providing or arranging for the transportation of the district's native students to and from the community school. For any such agreement to be effective, it must be certified by the superintendent of public instruction as having met all of the following requirements:

(1) It is submitted to the department of education by a deadline which shall be established by the department.

(2) In accordance with divisions (C)(1) and (2) of this section, it specifies qualifications, such as residing a minimum distance from the school, for students to have their transportation provided or arranged.

(3) The transportation provided by the community school is subject to all provisions of the Revised Code and all rules adopted under the Revised Code pertaining to pupil transportation.

(4) The sponsor of the community school also has signed the agreement.

(B)(1) For the school year that begins on July 1, 2007, a school district is not required to provide transportation for any native student enrolled in a community school, if the community school during the previous school year transported the students enrolled in the school or arranged for the students' transportation, even if that arrangement consisted of having parents transport their children to and from the school, but did not enter into an agreement to transport or arrange for transportation for those students under division (A) of this section, and if the governing authority of the community school by July 15, 2007, submits written notification to the district board of education stating that the governing authority is accepting responsibility for providing or arranging for the transportation of the district's native students to and from the community school.

(2) For any school year subsequent to the school year that begins on July 1, 2007, a school district is not required to provide transportation for any native student enrolled in a community school if the governing authority of the community school, by the thirty-first day of January of the previous school year, submits written notification to the district board of education stating that the governing authority is accepting responsibility for providing or arranging for the transportation of the district's native students to and from the community school. If the governing authority of the community school has previously accepted responsibility for providing or arranging for the transportation of a district's native students to and from the community school, under division (B)(1) or (2) of this section, and has since relinquished that responsibility under division (B)(3) of this section, the governing authority shall not accept that responsibility again unless the district board consents to the governing authority's acceptance of that responsibility.

(3) A governing authority's acceptance of responsibility under division (B)(1) or (2) of this section shall cover an entire school year, and shall remain in effect for subsequent school years unless the governing authority submits written notification to the district board that the governing authority is relinquishing the responsibility. However, a governing authority shall not relinquish responsibility for transportation before the end of a school year, and shall submit the notice relinquishing responsibility by the thirty-first day of January, in order to allow the school district reasonable time to prepare transportation for its native students enrolled in the school.

(C)(1) A community school governing authority that enters into an agreement under division (A) of this section, or that accepts responsibility under division (B) of this section, shall provide or arrange transportation free of any charge for each of its enrolled students who is required to be transported under section 3327.01 of the Revised Code or who would otherwise be transported by the school district under the district's transportation policy. The governing authority shall report to the department of education the number of students transported or for whom transportation is arranged under this section in accordance with rules adopted by the state board of education.

(2) The governing authority may provide or arrange transportation for any other enrolled student who is not eligible for transportation in accordance with division (C)(1) of this section and may charge a fee for such service up to the actual cost of the service.

(3) Notwithstanding anything to the contrary in division (C)(1) or (2) of this section, a community school governing authority shall provide or arrange transportation free of any charge for any disabled student enrolled in the school for whom the student's individualized education program developed under Chapter 3323. of the Revised Code specifies transportation.

(D)(1) If a school district board and a community school governing authority elect to enter into an agreement under division (A) of this section, the department of education shall make payments to the community school according to the terms of the agreement for each student actually transported under division (C)(1) of this section.

If a community school governing authority accepts transportation responsibility under division (B) of this section, the department shall make payments to the community school for each student actually transported or for whom transportation is arranged by the community school under division (C)(1) of this section, calculated as follows:

(a) For any fiscal year which the general assembly has specified that transportation payments to school districts be based on an across-the-board percentage of the district's payment for the previous school year, the per pupil payment to the community school shall be the following quotient:

(i) The total amount calculated for the school district in which the child is entitled to attend school for student transportation other than transportation of

children with disabilities; divided by

(ii) The number of students included in the district's transportation ADM for the current fiscal year, as reported under division (B)(13) of section 3317.03 of the Revised Code, plus the number of students enrolled in the community school not counted in the district's transportation ADM who are transported under division (B)(1) or (2) of this section.

(b) For any fiscal year which the general assembly has specified that the transportation payments to school districts be calculated in accordance with ~~division (D) of section 3317.022~~ 3306.12 of the Revised Code and any rules of the state board of education implementing that ~~division~~ section, the payment to the community school shall be the amount so calculated that otherwise would be paid to the school district in which the student is entitled to attend school by the method of transportation the district would have used. The community school, however, is not required to use the same method to transport that student.

As used in this division "entitled to attend school" means entitled to attend school under section 3313.64 or 3313.65 of the Revised Code.

(2) The department shall deduct the payment under division (D)(1) of this section from the state education aid, as defined in section 3314.08 of the Revised Code, and, if necessary, the payment under sections 321.14 and 323.156 of the Revised Code, that is otherwise paid to the school district in which the student enrolled in the community school is entitled to attend school. The department shall include the number of the district's native students for whom payment is made to a community school under division (D)(1) of this section in the calculation of the district's transportation payment under ~~division (D) of section 3317.022~~ 3306.12 of the Revised Code and the operating appropriations act.

(3) A community school shall be paid under division (D)(1) of this section only for students who are eligible as specified in section 3327.01 of the Revised Code and division (C)(1) of this section, and whose transportation to and from school is actually provided, who actually utilized transportation arranged, or for whom a payment in lieu of transportation is made by the community school's governing authority. To qualify for the payments, the community school shall report to the department, in the form and manner required by the department, data on the number of students transported or whose transportation is arranged, the number of miles traveled, cost to transport, and any other information requested by the department.

(4) A community school shall use payments received under this section solely to pay the costs of providing or arranging for the transportation of students who are eligible as specified in section 3327.01 of the Revised Code and division (C)(1) of this section, which may include payments to a parent, guardian, or other person in charge of a child in lieu of transportation.

(E) Except when arranged through payment to a parent, guardian, or person in charge of a child, transportation provided or arranged for by a community school pursuant to an agreement under this section is subject to all

provisions of the Revised Code, and all rules adopted under the Revised Code, pertaining to the construction, design, equipment, and operation of school buses and other vehicles transporting students to and from school. The drivers and mechanics of the vehicles are subject to all provisions of the Revised Code, and all rules adopted under the Revised Code, pertaining to drivers and mechanics of such vehicles. The community school also shall comply with sections 3313.201, 3327.09, and 3327.10 of the Revised Code, division (B) of section 3327.16 of the Revised Code and, subject to division (C)(1) of this section, sections 3327.01 and 3327.02 of the Revised Code, as if it were a school district.

Sec. 3314.10. (A)(1) The governing authority of any community school established under this chapter may employ teachers and nonteaching employees necessary to carry out its mission and fulfill its contract.

(2) Except as provided under division (A)(3) of this section, employees hired under this section may organize and collectively bargain pursuant to Chapter 4117. of the Revised Code. Notwithstanding division (D)(1) of section 4117.06 of the Revised Code, a unit containing teaching and nonteaching employees employed under this section shall be considered an appropriate unit. As applicable, employment under this section is subject to either Chapter 3307. or 3309. of the Revised Code.

(3) If a school is created by converting all or part of an existing public school rather than by establishment of a new start-up school, at the time of conversion, the employees of the community school shall remain part of any collective bargaining unit in which they were included immediately prior to the conversion and shall remain subject to any collective bargaining agreement for that unit in effect on the first day of July of the year in which the community school initially begins operation and shall be subject to any subsequent collective bargaining agreement for that unit, unless a petition is certified as sufficient under division (A)(6) of this section with regard to those employees. Any new employees of the community school shall also be included in the unit to which they would have been assigned had not the conversion taken place and shall be subject to the collective bargaining agreement for that unit unless a petition is certified as sufficient under division (A)(6) of this section with regard to those employees.

Notwithstanding division (B) of section 4117.01 of the Revised Code, the board of education of a school district and not the governing authority of a community school shall be regarded, for purposes of Chapter 4117. of the Revised Code, as the "public employer" of the employees of a conversion community school subject to a collective bargaining agreement pursuant to division (A)(3) of this section unless a petition is certified under division (A)(6) of this section with regard to those employees. Only on and after the effective date of a petition certified as sufficient under division (A)(6) of this section shall division (A)(2) of this section apply to those employees of that community school and only on and after the effective date of that petition shall Chapter 4117. of the Revised Code apply to the governing authority of that community

school with regard to those employees.

(4) Notwithstanding sections 4117.03 to 4117.18 of the Revised Code and Section 4 of Amended Substitute Senate Bill No. 133 of the 115th general assembly, the employees of a conversion community school who are subject to a collective bargaining agreement pursuant to division (A)(3) of this section shall cease to be subject to that agreement and all subsequent agreements pursuant to that division and shall cease to be part of the collective bargaining unit that is subject to that and all subsequent agreements, if a majority of the employees of that community school who are subject to that collective bargaining agreement sign and submit to the state employment relations board a petition requesting all of the following:

(a) That all the employees of the community school who are subject to that agreement be removed from the bargaining unit that is subject to that agreement and be designated by the state employment relations board as a new and separate bargaining unit for purposes of Chapter 4117. of the Revised Code;

(b) That the employee organization certified as the exclusive representative of the employees of the bargaining unit from which the employees are to be removed be certified as the exclusive representative of the new and separate bargaining unit for purposes of Chapter 4117. of the Revised Code;

(c) That the governing authority of the community school be regarded as the "public employer" of these employees for purposes of Chapter 4117. of the Revised Code.

(5) Notwithstanding sections 4117.03 to 4117.18 of the Revised Code and Section 4 of Amended Substitute Senate Bill No. 133 of the 115th general assembly, the employees of a conversion community school who are subject to a collective bargaining agreement pursuant to division (A)(3) of this section shall cease to be subject to that agreement and all subsequent agreements pursuant to that division, shall cease to be part of the collective bargaining unit that is subject to that and all subsequent agreements, and shall cease to be represented by any exclusive representative of that collective bargaining unit, if a majority of the employees of the community school who are subject to that collective bargaining agreement sign and submit to the state employment relations board a petition requesting all of the following:

(a) That all the employees of the community school who are subject to that agreement be removed from the bargaining unit that is subject to that agreement;

(b) That any employee organization certified as the exclusive representative of the employees of that bargaining unit be decertified as the exclusive representative of the employees of the community school who are subject to that agreement;

(c) That the governing authority of the community school be regarded as the "public employer" of these employees for purposes of Chapter 4117. of the

Revised Code.

(6) Upon receipt of a petition under division (A)(4) or (5) of this section, the state employment relations board shall check the sufficiency of the signatures on the petition. If the signatures are found sufficient, the board shall certify the sufficiency of the petition and so notify the parties involved, including the board of education, the governing authority of the community school, and any exclusive representative of the bargaining unit. The changes requested in a certified petition shall take effect on the first day of the month immediately following the date on which the sufficiency of the petition is certified under division (A)(6) of this section.

(B)(1) The board of education of each city, local, and exempted village school district sponsoring a community school and the governing board of each educational service center in which a community school is located shall adopt a policy that provides a leave of absence of at least three years to each teacher or nonteaching employee of the district or service center who is employed by a conversion or new start-up community school sponsored by the district or located in the district or center for the period during which the teacher or employee is continuously employed by the community school. The policy shall also provide that any teacher or nonteaching employee may return to employment by the district or service center if the teacher or employee leaves or is discharged from employment with the community school for any reason, unless, in the case of a teacher, the board of the district or service center determines that the teacher was discharged for a reason for which the board would have sought to discharge the teacher under section 3319.16 of the Revised Code, in which case the board may proceed to discharge the teacher utilizing the procedures of that section. Upon termination of such a leave of absence, any seniority that is applicable to the person shall be calculated to include all of the following: all employment by the district or service center prior to the leave of absence; all employment by the community school during the leave of absence; and all employment by the district or service center after the leave of absence. The policy shall also provide that if any teacher holding valid certification returns to employment by the district or service center upon termination of such a leave of absence, the teacher shall be restored to the previous position and salary or to a position and salary similar thereto. If, as a result of teachers returning to employment upon termination of such leaves of absence, a school district or educational service center reduces the number of teachers it employs, it shall make such reductions in accordance with section 3319.17 or, if applicable, 3319.171 of the Revised Code.

Unless a collective bargaining agreement providing otherwise is in effect for an employee of a conversion community school pursuant to division (A)(3) of this section, an employee on a leave of absence pursuant to this division shall remain eligible for any benefits that are in addition to benefits under Chapter 3307. or 3309. of the Revised Code provided by the district or service center to its employees provided the employee pays the entire cost associated with such benefits, except that personal leave and vacation leave cannot be accrued for use

as an employee of a school district or service center while in the employ of a community school unless the district or service center board adopts a policy expressly permitting this accrual.

(2) While on a leave of absence pursuant to division (B)(1) of this section, a conversion community school shall permit a teacher to use sick leave accrued while in the employ of the school district from which the leave of absence was taken and prior to commencing such leave. If a teacher who is on such a leave of absence uses sick leave so accrued, the cost of any salary paid by the community school to the teacher for that time shall be reported to the department of education. The cost of employing a substitute teacher for that time shall be paid by the community school. The department of education shall add amounts to the payments made to a community school under this chapter as necessary to cover the cost of salary reported by a community school as paid to a teacher using sick leave so accrued pursuant to this section. The department shall subtract the amounts of any payments made to community schools under this division from payments made to such sponsoring school district under ~~Chapter~~ Chapters 3306. and 3317. of the Revised Code.

A school district providing a leave of absence and employee benefits to a person pursuant to this division is not liable for any action of that person while the person is on such leave and employed by a community school.

Sec. 3314.13. ~~(A)~~ Payments and deductions under this section for fiscal years 2010 and 2011 shall be made in accordance with section 3314.088 of the Revised Code.

(A) As used in this section:

(1) "All-day kindergarten" has the same meaning as in section 3317.029 of the Revised Code.

(2) "Formula amount" has the same meaning as in section 3317.02 of the Revised Code.

(B) Except as provided in division (C) of this section, the department of education annually shall pay each community school established under this chapter one-half of the formula amount for each student to whom both of the following apply:

(1) The student is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code in a school district that is eligible to receive a payment under division (D) of section 3317.029 of the Revised Code if it provides all-day kindergarten;

(2) The student is reported by the community school as enrolled in all-day kindergarten at the community school.

(C) The department shall make no payments under this section to any internet- or computer-based community school.

(D) If a student for whom payment is made under division (B) of this

section is entitled to attend school in a district that receives any payment for all-day kindergarten under division (D) of section 3317.029 of the Revised Code, the department shall deduct the payment to the community school under this section from the amount paid that school district under that division. If that school district does not receive payment for all-day kindergarten under that division because it does not provide all-day kindergarten, the department shall pay the community school from state funds appropriated generally for poverty-based assistance to school districts.

(E) The department shall adjust the amounts deducted from school districts and paid to community schools under this section to reflect any enrollments of students in all-day kindergarten in community schools for less than the equivalent of a full school year."

Between lines 39388 and 39389, insert:

"Sec. 3316.041. (A) Notwithstanding any provision of Chapter 133. or sections 3313.483 to 3313.4811 of the Revised Code, and subject to the approval of the superintendent of public instruction, a school district that is in a state of fiscal watch declared under section 3316.03 of the Revised Code may restructure or refinance loans obtained or in the process of being obtained under section 3313.483 of the Revised Code if all of the following requirements are met:

(1) The operating deficit certified for the school district for the current or preceding fiscal year under section 3313.483 of the Revised Code exceeds fifteen per cent of the district's general revenue fund for the fiscal year preceding the year for which the certification of the operating deficit is made.

(2) The school district voters have, during the period of the fiscal watch, approved the levy of a tax under section 718.09, 718.10, 5705.194, 5705.21, or 5748.02 of the Revised Code that is not a renewal or replacement levy, or a levy under section 5705.199 of the Revised Code, and that will provide new operating revenue.

(3) The board of education of the school district has adopted or amended the financial plan required by section 3316.04 of the Revised Code to reflect the restructured or refinanced loans, and sets forth the means by which the district will bring projected operating revenues and expenditures, and projected debt service obligations, into balance for the life of any such loan.

(B) Subject to the approval of the superintendent of public instruction, the school district may issue securities to evidence the restructuring or refinancing authorized by this section. Such securities may extend the original period for repayment not to exceed ten years, and may alter the frequency and amount of repayments, interest or other financing charges, and other terms or agreements under which the loans were originally contracted, provided the loans received under sections 3313.483 of the Revised Code are repaid from funds the district would otherwise receive under ~~sections 3317.022 to 3317.025~~ Chapter 3306. of the Revised Code, as required under division (E)(3) of section 3313.483 of the Revised Code. Securities issued for the purpose of restructuring or

refinancing under this section shall be repaid in equal payments and at equal intervals over the term of the debt and are not eligible to be included in any subsequent proposal to restructure or refinance.

(C) Unless the district is declared to be in a state of fiscal emergency under division (D) of section 3316.04 of the Revised Code, a school district shall remain in a state of fiscal watch for the duration of the repayment period of any loan restructured or refinanced under this section.

Sec. 3316.06. (A) Within one hundred twenty days after the first meeting of a school district financial planning and supervision commission, the commission shall adopt a financial recovery plan regarding the school district for which the commission was created. During the formulation of the plan, the commission shall seek appropriate input from the school district board and from the community. This plan shall contain the following:

(1) Actions to be taken to:

(a) Eliminate all fiscal emergency conditions declared to exist pursuant to division (B) of section 3316.03 of the Revised Code;

(b) Satisfy any judgments, past-due accounts payable, and all past-due and payable payroll and fringe benefits;

(c) Eliminate the deficits in all deficit funds, except that any prior year deficits in the textbook and instructional materials fund established pursuant to section 3315.17 of the Revised Code and the capital and maintenance fund established pursuant to section 3315.18 of the Revised Code shall be forgiven;

(d) Restore to special funds any moneys from such funds that were used for purposes not within the purposes of such funds, or borrowed from such funds by the purchase of debt obligations of the school district with the moneys of such funds, or missing from the special funds and not accounted for, if any;

(e) Balance the budget, avoid future deficits in any funds, and maintain on a current basis payments of payroll, fringe benefits, and all accounts;

(f) Avoid any fiscal emergency condition in the future;

(g) Restore the ability of the school district to market long-term general obligation bonds under provisions of law applicable to school districts generally.

(2) The management structure that will enable the school district to take the actions enumerated in division (A)(1) of this section. The plan shall specify the level of fiscal and management control that the commission will exercise within the school district during the period of fiscal emergency, and shall enumerate respectively, the powers and duties of the commission and the powers and duties of the school board during that period. The commission may elect to assume any of the powers and duties of the school board it considers necessary, including all powers related to personnel, curriculum, and legal issues in order to successfully implement the actions described in division (A)(1) of this section.

(3) The target dates for the commencement, progress upon, and

completion of the actions enumerated in division (A)(1) of this section and a reasonable period of time expected to be required to implement the plan. The commission shall prepare a reasonable time schedule for progress toward and achievement of the requirements for the plan, and the plan shall be consistent with that time schedule.

(4) The amount and purpose of any issue of debt obligations that will be issued, together with assurances that any such debt obligations that will be issued will not exceed debt limits supported by appropriate certifications by the fiscal officer of the school district and the county auditor. Debt obligations issued pursuant to section 133.301 of the Revised Code shall include assurances that such debt shall be in an amount not to exceed the amount certified under division (B) of such section. If the commission considers it necessary in order to maintain or improve educational opportunities of pupils in the school district, the plan may include a proposal to restructure or refinance outstanding debt obligations incurred by the board under section 3313.483 of the Revised Code contingent upon the approval, during the period of the fiscal emergency, by district voters of a tax levied under section 718.09, 718.10, 5705.194, 5705.21, 5748.02, or 5748.08 of the Revised Code that is not a renewal or replacement levy, or a levy under section 5705.199 of the Revised Code, and that will provide new operating revenue. Notwithstanding any provision of Chapter 133. or sections 3313.483 to 3313.4811 of the Revised Code, following the required approval of the district voters and with the approval of the commission, the school district may issue securities to evidence the restructuring or refinancing. Those securities may extend the original period for repayment, not to exceed ten years, and may alter the frequency and amount of repayments, interest or other financing charges, and other terms of agreements under which the debt originally was contracted, at the discretion of the commission, provided that any loans received pursuant to section 3313.483 of the Revised Code shall be paid from funds the district would otherwise receive under ~~sections 3317.022 to 3317.025~~ Chapter 3306. of the Revised Code, as required under division (E)(3) of section 3313.483 of the Revised Code. The securities issued for the purpose of restructuring or refinancing the debt shall be repaid in equal payments and at equal intervals over the term of the debt and are not eligible to be included in any subsequent proposal for the purpose of restructuring or refinancing debt under this section.

(B) Any financial recovery plan may be amended subsequent to its adoption. Each financial recovery plan shall be updated annually.

(C) Each school district financial planning and supervision commission shall submit the financial recovery plan it adopts or updates under this section to the state superintendent of public instruction for approval immediately following its adoption or updating. The state superintendent shall evaluate the plan and either approve or disapprove it within thirty calendar days from the date of its submission. If the plan is disapproved, the state superintendent shall recommend modifications that will render it acceptable. No financial planning and supervision commission shall implement a financial recovery plan that is adopted or updated on or after April 10, 2001, unless the state superintendent has

approved it.

Sec. 3316.20. (A)(1) The school district solvency assistance fund is hereby created in the state treasury, to consist of such amounts designated for the purposes of the fund by the general assembly. The fund shall be used to provide assistance and grants to school districts to enable them to remain solvent and to pay ~~unforseeable~~ unforeseeable expenses of a temporary or emergency nature that they are unable to pay from existing resources.

(2) There is hereby created within the fund an account known as the school district shared resource account, which shall consist of money appropriated to it by the general assembly. The money in the account shall be used solely for solvency assistance to school districts that have been declared under division (B) of section 3316.03 of the Revised Code to be in a state of fiscal emergency.

(3) There is hereby created within the fund an account known as the catastrophic expenditures account, which shall consist of money appropriated to the account by the general assembly plus all investment earnings of the fund. Money in the account shall be used solely for the following:

(a) Solvency assistance to school districts that have been declared under division (B) of section 3316.03 of the Revised Code to be in a state of fiscal emergency, in the event that all money in the shared resource account is utilized for solvency assistance;

(b) Grants to school districts under division (C) of this section.

(B) Solvency assistance payments under division (A)(2) or (3)(a) of this section shall be made from the fund by the superintendent of public instruction in accordance with rules adopted by the director of budget and management, after consulting with the superintendent, specifying approval criteria and procedures necessary for administering the fund.

The fund shall be reimbursed for any solvency assistance amounts paid under division (A)(2) or (3)(a) of this section not later than the end of the second fiscal year following the fiscal year in which the solvency assistance payment was made. If not made directly by the school district, such reimbursement shall be made by the director of budget and management from the amounts the school district would otherwise receive pursuant to ~~sections 3317.022 to 3317.025~~ Chapter 3306, of the Revised Code, or from any other funds appropriated for the district by the general assembly. Reimbursements shall be credited to the respective account from which the solvency assistance paid to the district was deducted.

(C) The superintendent of public instruction may make recommendations, and the controlling board may grant money from the catastrophic expenditures account to any school district that suffers an unforeseen catastrophic event that severely depletes the district's financial resources. The superintendent shall make recommendations for the grants in

accordance with rules adopted by the director of budget and management, after consulting with the superintendent. A school district shall not be required to repay any grant awarded to the district under this division, unless the district receives money from this state or a third party, including an agency of the government of the United States, specifically for the purpose of compensating the district for revenue lost or expenses incurred as a result of the unforeseen catastrophic event. If a school district receives a grant from the catastrophic expenditures account on the basis of the same circumstances for which an adjustment or recomputation is authorized under section 3317.025, 3317.026, 3317.027, 3317.028, 3317.0210, or 3317.0211 of the Revised Code, the department of education shall reduce the adjustment or recomputation by an amount not to exceed the total amount of the grant, and an amount equal to the reduction shall be transferred, from the funding source from which the adjustment or recomputation would be paid, to the catastrophic expenditures account. Any adjustment or recomputation under such sections that is in excess of the total amount of the grant shall be paid to the school district.

Sec. 3317.01. As used in this section and section 3317.011 of the Revised Code, "school district," unless otherwise specified, means any city, local, exempted village, joint vocational, or cooperative education school district and any educational service center.

This chapter shall be administered by the state board of education. The superintendent of public instruction shall calculate the amounts payable to each school district and shall certify the amounts payable to each eligible district to the treasurer of the district as provided by this chapter. As soon as possible after such amounts are calculated, the superintendent shall certify to the treasurer of each school district the district's adjusted charge-off increase, as defined in section 5705.211 of the Revised Code. No moneys shall be distributed pursuant to this chapter without the approval of the controlling board.

The state board of education shall, in accordance with appropriations made by the general assembly, meet the financial obligations of this chapter.

~~Annually, the department of education shall calculate and report to each school district the district's total state and local funds for providing an adequate basic education to the district's nondisabled students, utilizing the determination in section 3317.012 of the Revised Code. ~~Beginning in fiscal year 2007, payments shall be calculated to reflect the biannual reporting of average daily membership. In fiscal year 2007 and in each fiscal year thereafter, annualized periodic payments for each school district shall be based on the district's final student counts verified by the superintendent of public instruction based on reports under section 3317.03 of the Revised Code, as adjusted, if so ordered, under division (K) of that section, as follows:~~

(E) In each school of each city, local, exempted village, joint vocational, and cooperative education school district there shall be maintained a record of school membership, which record shall accurately show, for each day the school is in session, the actual membership enrolled in regular day classes. For the purpose of determining average daily membership, the membership figure of any school shall not include any pupils except those pupils described by division (A) of this section. The record of membership for each school shall be maintained in such manner that no pupil shall be counted as in membership prior to the actual date of entry in the school and also in such manner that where for any cause a pupil permanently withdraws from the school that pupil shall not be counted as in membership from and after the date of such withdrawal. There shall not be included in the membership of any school any of the following:

If, however, any veteran described by division (E)(4) of this section elects to enroll in special courses organized for veterans for whom tuition is paid under the provisions of federal laws, or otherwise, that veteran shall not be included in average daily membership.

The superintendent may grant such a waiver only for good cause in accordance with rules adopted by the state board of education.

Except as provided in divisions (B)(2) and (F) of this section, the average daily membership figure of any local, city, exempted village, or joint vocational school district shall be determined by dividing the figure representing the sum of the number of pupils enrolled during each day the school of attendance is actually open for instruction during the week for which the ~~formula ADM~~ average daily membership is being certified by the total number of days the school was actually open for instruction during that week. For purposes of state funding, "enrolled" persons are only those pupils who are attending school, those who have attended school during the current school year and are absent for authorized reasons, and those children with disabilities currently receiving home instruction.

The average daily membership figure of any cooperative education school district shall be determined in accordance with rules adopted by the state board of education.

(F)(1) If the formula ADM for the first full school week in February is at least three per cent greater than that certified for the first full school week in the preceding October, the superintendent of schools of any city, exempted village, or joint vocational school district or educational service center shall certify such increase to the superintendent of public instruction. Such certification shall be submitted no later than the fifteenth day of February. For the balance of the fiscal year, beginning with the February payments, the superintendent of public instruction shall use the increased formula ADM in calculating or recalculating the amounts to be allocated in accordance with section 3317.022 or 3317.16 of the Revised Code. In no event shall the superintendent use an increased membership certified to the superintendent after the fifteenth day of February. Division (F)(1) of this section does not apply after fiscal year 2006.

(2) If on the first school day of April the total number of classes or units for preschool children with disabilities that are eligible for approval under division (B) of section 3317.05 of the Revised Code exceeds the number of units that have been approved for the year under that division, the superintendent of schools of any city, exempted village, or cooperative education school district or educational service center shall make the certifications required by this section for that day. If the department determines additional units can be approved for the fiscal year within any limitations set forth in the acts appropriating moneys for the funding of such units, the department shall approve additional units for the fiscal year on the basis of such average daily membership. For each unit so

approved, the department shall pay an amount computed in the manner prescribed in section 3317.052 or 3317.19 and section 3317.053 of the Revised Code.

(3) If a student attending a community school under Chapter 3314. or a science, technology, engineering, and mathematics school established under Chapter 3326. of the Revised Code is not included in the formula ADM certified for the school district in which the student is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code, the department of education shall adjust the formula ADM of that school district to include the student in accordance with division (C)(2) of this section, and shall recalculate the school district's payments under this chapter and Chapter 3306. of the Revised Code for the entire fiscal year on the basis of that adjusted formula ADM. This requirement applies regardless of whether the student was enrolled, as defined in division (E) of this section, in the community school or the science, technology, engineering, and mathematics school during the week for which the formula ADM is being certified.

(4) If a student awarded an educational choice scholarship is not included in the formula ADM of the school district from which the department deducts funds for the scholarship under section 3310.08 of the Revised Code, the department shall adjust the formula ADM of that school district to include the student to the extent necessary to account for the deduction, and shall recalculate the school district's payments under this chapter and Chapter 3306. of the Revised Code for the entire fiscal year on the basis of that adjusted formula ADM. This requirement applies regardless of whether the student was enrolled, as defined in division (E) of this section, in the chartered nonpublic school, the school district, or a community school during the week for which the formula ADM is being certified.

(G)(1)(a) The superintendent of an institution operating a special education program pursuant to section 3323.091 of the Revised Code shall, for the programs under such superintendent's supervision, certify to the state board of education, in the manner prescribed by the superintendent of public instruction, both of the following:

(3)(a) If on the first school day of April the number of classes or units maintained for preschool children with disabilities by the county MR/DD board that are eligible for approval under division (B) of section 3317.05 of the Revised Code is greater than the number of units approved for the year under that division, the superintendent shall make the certification required by this section for that day.

(b) If the department determines that additional classes or units can be approved for the fiscal year within any limitations set forth in the acts appropriating moneys for the funding of the classes and units described in division (G)(3)(a) of this section, the department shall approve and fund additional units for the fiscal year on the basis of such average daily membership. For each unit so approved, the department shall pay an amount computed in the manner prescribed in sections 3317.052 and 3317.053 of the Revised Code.

The reporting official shall report separately the average daily membership of all pupils whose attendance in the district is unauthorized attendance, and the membership of each such pupil shall be credited to the school district in which the pupil is entitled to attend school under division (B) of section 3313.64 or section 3313.65 of the Revised Code as determined by the department of education.

(I)(1) A city, local, exempted village, or joint vocational school district admitting a scholarship student of a pilot project district pursuant to division (C) of section 3313.976 of the Revised Code may count such student in its average daily membership.

(K) If the superintendent of public instruction determines that a component of the ~~formula ADM~~ average daily membership certified or reported by a district superintendent, or other reporting entity, is not correct, the superintendent of public instruction may order that the formula ADM used for the purposes of payments under any section of Title XXXIII of the Revised Code be adjusted in the amount of the error.

~~(b) If the district would receive base cost funding under that division, divide that base cost amount by an amount equal to the following:~~

~~the formula amount X
formula ADM~~

~~The resultant number is the district's state share percentage.~~

(C)(1) The department shall compute and distribute state vocational education additional weighted costs funds to each joint vocational school district in accordance with the following formula:

$$\begin{aligned} &\text{state share percentage X formula amount X} \\ &\text{total vocational education weight} \end{aligned}$$

Vocational educational expenses approved by the department shall include only expenses connected to the delivery of career-technical programming to career-technical students. (2) For each student with a disability receiving special education and related services under an individualized education program, as defined in section 3323.01 of the Revised Code, at a joint vocational district, the resident district or, if the student is enrolled in a community school, the community school shall be responsible for the amount of any costs of providing those special education

and related services to that student that exceed the sum of the amount calculated for those services attributable to that student under divisions (B), (D), (E), and (G)(1) of this section.

Those excess costs shall be calculated by subtracting the sum of the following from the actual cost to provide special education and related services to the student:

Sec. 3317.18. (A) As used in this section, the terms "Chapter 133. securities," "credit enhancement facilities," "debt charges," "general obligation," "legislation," "public obligations," and "securities" have the same meanings as in section 133.01 of the Revised Code.

(B) The board of education of any school district authorizing the issuance of securities under section 133.10, 133.301, or 3313.372 of the Revised Code or general obligation Chapter 133. securities may adopt legislation requesting the state department of education to approve, and enter into an agreement with the school district and the primary paying agent or fiscal agent for such securities providing for, the withholding and deposit of funds, otherwise due the district under ~~Chapter~~ Chapters 3306. and 3317. of the Revised Code, for the payment of debt service charges on such securities.

The board of education shall deliver to the state department a copy of

such resolution and any additional pertinent information the state department may require.

The department of education and the office of budget and management shall evaluate each request received from a school district under this section and the department, with the advice and consent of the director of budget and management, shall approve or deny each request based on all of the following:

(1) Whether approval of the request will enhance the marketability of the securities for which the request is made;

(2) Any other pertinent factors or limitations established in rules made under division (I) of this section, including:

(a) Current and projected obligations of funds due to the requesting school district under ~~Chapter~~ Chapters 3306. and 3317. of the Revised Code including obligations of those funds to public obligations or relevant credit enhancement facilities under this section, Chapter 133. and section 3313.483 of the Revised Code, and under any other similar provisions of law;

(b) Whether the department of education or the office of budget and management has any reason to believe the requesting school district will be unable to pay when due the debt charges on the securities for which the request is made.

The department may require a school district to establish schedules for the payment of all debt charges that take into account the amount and timing of anticipated distributions of funds to the district under Chapter 3317. of the Revised Code.

(C) If the department approves the request of a school district to withhold and deposit funds pursuant to this section, the department shall enter into a written agreement with the district and the primary paying agent or fiscal agent for the securities which shall provide for the withholding of funds pursuant to this section for the payment of debt charges on those securities, and may include both of the following:

(1) Provisions for certification by the district to the department, at a time prior to any date for the payment of applicable debt charges, whether the district is able to pay those debt charges when due;

(2) Requirements that the district deposit amounts for the payment of debt charges on the securities with the primary paying agent or fiscal agent for the securities prior to the date on which those debt charge payments are due to the owners or holders of the securities.

(D) Whenever a district notifies the department of education that it will be unable to pay debt charges when they are due, subject to the withholding provisions of this section, or whenever the applicable paying agent or fiscal agent notifies the department that it has not timely received from a school district the full amount needed for the payment when due of those debt charges to the

holders or owners of such securities, the department shall immediately contact the school district and the paying agent or fiscal agent to confirm or determine whether the district is unable to make the required payment by the date on which it is due.

Upon demand of the treasurer of state while holding a school district obligation purchased under division (G)(1) of section 135.143 of the Revised Code, the state department of education, without a request of the school district, shall withhold and deposit funds pursuant to this section for payment of debt service charges on that obligation.

If the department confirms or determines that the district will be unable to make such payment and payment will not be made pursuant to a credit enhancement facility, the department shall promptly pay to the applicable primary paying agent or fiscal agent the lesser of the amount due for debt charges or the amount due the district for the remainder of the fiscal year under Chapter 3317. of the Revised Code. If this amount is insufficient to pay the total amount then due the agent for the payment of debt charges, the department shall pay to the agent each fiscal year thereafter, and until the full amount due the agent for unpaid debt charges is paid in full, the lesser of the remaining amount due the agent for debt charges or the amount due the district for the fiscal year under Chapter 3317. of the Revised Code.

(E) The state department may make any payments under this division by direct deposit of funds by electronic transfer.

Any amount received by a paying agent or fiscal agent under this section shall be applied only to the payment of debt charges on the securities of the school district subject to this section or to the reimbursement to the provider of a credit enhancement facility that has paid such debt charges.

(F) To the extent a school district whose securities are subject to this section is unable to pay applicable debt charges because of the failure to collect property taxes levied for the payment of those debt charges, the district may transfer to or deposit into any fund that would have received payments under ~~Chapter 3306.~~ or 3317. of the Revised Code that were withheld under this section any such delinquent property taxes when later collected, provided that transfer or deposit shall be limited to the amounts withheld from that fund under this section.

(G) The department may make payments under this section to paying agents or fiscal agents only from and to the extent that money is appropriated by the general assembly for Chapter 3317. of the Revised Code or for the purposes of this section. No securities of a school district to which this section is made applicable constitute an obligation or a debt or a pledge of the faith, credit, or taxing power of the state, and the holders or owners of such securities have no right to have taxes levied or appropriations made by the general assembly for the payment of debt charges on those securities, and those securities, if the department requires, shall contain a statement to that effect. The agreement for

or the actual withholding and payment of moneys under this section does not constitute the assumption by the state of any debt of a school district.

(H) In the case of securities subject to the withholding provisions of this section, the issuing board of education shall appoint a paying agent or fiscal agent who is not an officer or employee of the school district.

(I) The department of education, with the advice of the office of budget and management, may adopt reasonable rules not inconsistent with this section for the implementation of this section and division (B) of section 133.25 of the Revised Code as it relates to the withholding and depositing of payments under ~~Chapter~~ Chapters 3306. and 3317. of the Revised Code to secure payment of debt charges on school district securities. Those rules shall include criteria for the evaluation and approval or denial of school district requests for withholding under this section and limits on the obligation for the purpose of paying debt charges or reimbursing credit enhancement facilities of funds otherwise to be paid to school districts under Chapter 3317. of the Revised Code.

If the child has not been assigned a code, the district shall assign a code to that child and submit the code to the department by a date specified by the department. If the district does not assign a code to the child by the specified date, the department shall assign a code to the child.

The department annually shall submit to each school district the name and data verification code of each child residing in the district for whom the department has assigned a code under this division.

(A) If a board of township trustees by a unanimous vote or, in the event of the unavoidable absence of one trustee, by an affirmative vote of two trustees adopts a resolution declaring that an emergency exists that threatens life or property within the unincorporated territory of the township or that such an emergency is imminent, the board may exercise the powers described in divisions (A)(1) and (2) and (B) of this section during the emergency for a period of time not exceeding six months following the adoption of the resolution. The resolution shall state the specific time period for which the emergency powers are in effect.

(1) If an owner of an undedicated road or stream bank in the unincorporated territory of the township has not provided for the removal of snow, ice, debris, or other obstructions from the road or bank, the board may provide for that removal. Prior to providing for the removal, the board shall give,

The auditor shall place the service charges on a special duplicate to be collected as other taxes and returned to the township general fund.

(2) The board may contract for the immediate acquisition, replacement, or repair of equipment needed for the emergency situation, without following the competitive bidding requirements of section 5549.21 or any other section of the Revised Code.

(B) In lieu of collecting service charges from owners for the removal of snow or ice from an undedicated road by the board of township trustees as provided in division (A)(1) of this section, the board may enter into a contract with a developer whereby the developer agrees to pay the service charges for the snow and ice removal instead of the owners.

(D) As used in this section, "undedicated road" means a road that has not been approved and accepted by the board of county commissioners and is not a part of the state, county, or township road systems as provided in section 5535.01 of the Revised Code.

In creating wild, scenic, and recreational river areas, the director shall classify each such area as either a wild river area, a scenic river area, or a recreational river area.~~ The director or the director's representative may prepare and maintain a plan for the establishment, development, use, and administration of those areas as a part of the comprehensive state plans for water management and outdoor recreation. The director or the director's representative may cooperate with federal agencies administering any federal program concerning wild, scenic, or recreational river areas.

The director may propose for establishment as a wild, scenic, or recreational river area a part or parts of any watercourse in this state, with adjacent lands, that in the director's judgment possesses water conservation, scenic, fish, wildlife, historic, or outdoor recreation values that should be preserved , ~~using the classifications established in section 1517.15 of the Revised Code.~~ The area shall include lands adjacent to the watercourse in sufficient width to preserve, protect, and develop the natural character of the watercourse, but shall not include any lands more than one thousand feet from the normal waterlines of the watercourse unless an additional width is necessary to preserve water conservation, scenic, fish, wildlife, historic, or outdoor recreation values.

The director shall publish the intention to declare an area a wild, scenic,

or recreational river area at least once in a newspaper of general circulation in each county, any part of which is within the area, and shall send written notice of the intention to the legislative authority of each county, township, and municipal corporation and to each conservancy district established under Chapter 6101. of the Revised Code, any part of which is within the area, and to the director of transportation, the director of development, the director of administrative services, and the director of environmental protection. The notices shall include a copy of a map and description of the area.

After thirty days from the last date of publication or dispatch of written notice as required in this section, the director shall enter a declaration in the director's journal that the area is a wild river area, scenic river area, or recreational river area. When so entered, the area is a wild, scenic, or recreational river area , as applicable. The director, after thirty days' notice as prescribed in this section and upon the approval of the recreation and resources commission created in section 1501.04 of the Revised Code, may terminate the status of an area as a wild river area, scenic river area, or recreational river area by an entry in the director's journal.

Declaration by the director that an area is a wild, scenic, or recreational river area does not authorize the director or any governmental agency or political subdivision to restrict the use of land by the owner thereof or any person acting under the landowner's authority or to enter upon the land and does not expand or abridge the regulatory authority of any governmental agency or political subdivision over the area.

The director may enter into a lease or other agreement with a political subdivision to administer all or part of a wild, scenic, or recreational river area and may acquire real property or any estate, right, or interest therein in order to provide for the protection and public recreational use of a wild, scenic, or recreational river area.

The chief of the division of ~~natural areas and preserves~~ watercraft or the chief's representative may participate in watershed-wide planning with federal, state, and local agencies in order to protect the values of wild, scenic, and recreational river areas.

Sec. ~~1517.16~~ 1547.82. No state department, state agency, or political subdivision shall build or enlarge any highway, road, or structure or modify or cause the modification of the channel of any watercourse within a wild, scenic, or recreational river area outside the limits of a municipal corporation without first having obtained approval of the plans for the highway, road, or structure or channel modification from the director of natural resources or ~~his~~ the director's representative. The court of common pleas having jurisdiction, upon petition by the director, shall enjoin work on any highway, road, or structure or channel modification for which such approval has not been obtained.

Sec. ~~1517.17~~ 1547.83. The chief of the division of ~~natural areas and preserves~~ watercraft shall administer the state programs for wild river areas.

scenic river areas, and recreational river areas. The chief may accept and administer state and federal financial assistance programs for the maintenance, protection, and administration of wild, scenic, and recreational river areas and for construction of facilities within those areas. The chief, with the approval of the director of natural resources, may expend for the purpose of administering the state programs for wild, scenic, and recreational river areas money that is appropriated by the general assembly for that purpose, money that is in the scenic rivers protection fund created in section 4501.24 of the Revised Code, and money that is in the waterways safety fund created in section 1547.75 of the Revised Code, including money generated by the waterways conservation assessment fee levied by sections 1547.54 and 1547.542 of the Revised Code, as determined to be necessary by the division of watercraft not to exceed six hundred fifty thousand dollars per fiscal year. The chief may condition any expenditures, maintenance activities, or construction of facilities on the adoption and enforcement of adequate floodplain zoning or land use rules.

~~The director of natural resources may make a lease or agreement with a political subdivision to administer all or part of a wild, scenic, or recreational river area.~~

~~The director may acquire real property or any estate, right, or interest therein for protection and public recreational use as a wild, scenic, or recreational river area.~~

~~The chief may expend funds for the acquisition, protection, construction, maintenance, and administration of real property and public use facilities in wild, scenic, or recreational river areas when the funds are so appropriated by the general assembly. The chief may condition such expenditures, acquisition of land or easements, or construction of facilities within a wild, scenic, or recreational river area upon adoption and enforcement of adequate floodplain zoning rules.~~

~~Any instrument by which real property is acquired pursuant to this section shall identify the agency of the state that has the use and benefit of the real property as specified in section 5301.012 of the Revised Code.~~

The chief may cooperate with federal agencies administering any federal program concerning wild, scenic, or recreational river areas.

Sec. 1517.18 1547.84. The director of natural resources shall appoint an advisory council for each wild, scenic, or recreational river area, composed of not more than ten persons who are representative of local government and local organizations and interests in the vicinity of the wild, scenic, or recreational river area, who shall serve without compensation. The chief of the division of ~~natural areas and preserves~~ watercraft or ~~his~~ the chief's representative shall serve as an ex officio member of each council.

~~The terms of all members serving on any advisory council under this section on the effective date of this amendment shall end on January 31, 1995. The director shall appoint new members to serve on each council for terms~~

~~beginning on February 1, 1995, provided that a member serving on a council on the effective date of this amendment may be appointed to such a new term.~~ The initial members appointed to each council shall serve for terms of not more than three years, with the terms of not more than four members of any council ending in the same year. Thereafter, terms of office shall be for three years commencing on the first day of February and ending on the last day of January.

Each council shall advise the chief on the acquisition of land and easements and on the lands and waters that should be included in a wild, scenic, or recreational river area or a proposed wild, scenic, or recreational river area, facilities therein, and other aspects of establishment and administration of the area that may affect the local interest.

Sec. 1547.85. The director of natural resources may participate in the federal program for the protection of certain selected rivers that are located within the boundaries of the state as provided in the "Wild and Scenic Rivers Act," 82 Stat. 906 (1968), 16 U.S.C. 1271 et seq., as amended. The director may authorize the chief of the division of watercraft to participate in any other federal program established for the purpose of protecting, conserving, or developing recreational access to waters in this state that possess outstanding scenic, recreational, geologic, fish and wildlife, historic, cultural, or other similar values.

Sec. 1547.86. Any action taken by the chief of the division of watercraft under sections 1547.81 to 1547.87 of the Revised Code shall not be deemed in conflict with certain powers and duties conferred on and delegated to federal agencies and to municipal corporations under Section 7 of Article XVIII, Ohio Constitution, or as provided by sections 721.04 to 721.11 of the Revised Code.

The court also may impose any other conditions of community control on the offender that it considers necessary.

(2) If, within six years of the offense, the offender has been convicted of or pleaded guilty to one violation of section 1547.11 of the Revised Code or one other equivalent offense, the court shall sentence the offender to a jail term of ten consecutive days and may sentence the offender pursuant to section 2929.24 of the Revised Code to a longer jail term. In addition to any other sentence that it imposes upon the offender, the court may require the offender to attend a drivers' intervention program that is certified pursuant to section 3793.10 of the Revised Code.

(4) Upon a showing that serving a jail term would seriously affect the ability of an offender sentenced pursuant to division (G)(1), (2), or (3) of this section to continue the offender's employment, the court may authorize that the offender be granted work release after the offender has served the mandatory jail term of three, ten, or thirty consecutive days that the court is required by division (G)(1), (2), or (3) of this section to impose. No court shall authorize work release during the mandatory jail term of three, ten, or thirty consecutive days that the court is required by division (G)(1), (2), or (3) of this section to impose. The duration of the work release shall not exceed the time necessary each day for the offender to commute to and from the place of employment and the place in which the jail term is served and the time actually spent under employment.

(5) Notwithstanding any section of the Revised Code that authorizes the suspension of the imposition or execution of a sentence or the placement of an offender in any treatment program in lieu of being imprisoned or serving a jail term, no court shall suspend the mandatory jail term of ten or thirty consecutive days required to be imposed by division (G)(2) or (3) of this section or place an offender who is sentenced pursuant to division (G)(2) or (3) of this section in any treatment program in lieu of being imprisoned or serving a jail term until after the offender has served the mandatory jail term of ten or thirty consecutive days required to be imposed pursuant to division (G)(2) or (3) of this section. Notwithstanding any section of the Revised Code that authorizes the suspension of the imposition or execution of a sentence or the placement of an offender in any treatment program in lieu of being imprisoned or serving a jail term, no court, except as specifically authorized by division (G)(1) of this section, shall suspend the mandatory jail term of three consecutive days required to be imposed by division (G)(1) of this section or place an offender who is sentenced pursuant to division (G)(1) of this section in any treatment program in lieu of imprisonment until after the offender has served the mandatory jail term of three consecutive days required to be imposed pursuant to division (G)(1) of this section.

"**Sec. 3704.03.** The director of environmental protection may do any of the following:

(A) Develop programs for the prevention, control, and abatement of air pollution;

(B) Advise, consult, contract, and cooperate with any governmental or private agency in the furtherance of the purposes of this chapter;

(C) Encourage, participate in, or conduct studies, investigations, and research relating to air pollution, collect and disseminate information, and conduct education and training programs relating to the causes, prevention, control, and abatement of air pollution;

(D) Adopt, modify, and rescind rules prescribing ambient air quality standards for the state as a whole or for various areas of the state that are consistent with and no more stringent than the national ambient air quality standards in effect under the federal Clean Air Act;

(E) Adopt, modify, suspend, and rescind rules for the prevention, control, and abatement of air pollution, including rules prescribing for the state as a whole or for various areas of the state emission standards for air contaminants, and other necessary rules for the purpose of achieving and maintaining compliance with ambient air quality standards in all areas within the state as expeditiously as practicable, but not later than any deadlines applicable under the federal Clean Air Act; rules for the prevention or control of the emission of hazardous or toxic air contaminants; rules prescribing fugitive dust limitations and standards that are related, on an areawide basis, to attainment and maintenance of ambient air quality standards; rules prescribing shade, density, or opacity limitations and standards for emissions, provided that with regard to air contaminant sources for which there are particulate matter emission standards in addition to a shade, density, or opacity rule, upon demonstration by such a source of compliance with those other standards, the shade, density, or opacity rule shall provide for establishment of a shade, density, or opacity limitation for that source that does not require the source to reduce emissions below the level specified by those other standards; rules for the prevention or control of odors and air pollution nuisances; rules that prevent significant deterioration of air quality to the extent required by the federal Clean Air Act; rules for the protection of visibility as required by the federal Clean Air Act; and rules prescribing open burning limitations and standards. In adopting, modifying, suspending, or rescinding any such rules, the director, to the extent consistent with the federal Clean Air Act, shall hear and give consideration to evidence relating to all of the following:

(1) Conditions calculated to result from compliance with the rules, the overall cost within this state of compliance with the rules, and their relation to benefits to the people of the state to be derived from that compliance;

(2) The quantity and characteristics of air contaminants, the frequency and duration of their presence in the ambient air, and the dispersion and dilution of those contaminants;

(3) Topography, prevailing wind directions and velocities, physical conditions, and other factors that may or may combine to affect air pollution.

Consistent with division (K) of section 3704.036 of the Revised Code, the director shall consider alternative emission limits proposed by the owner or operator of an air contaminant source that is subject to an emission limit established in rules adopted under this division and shall accept those alternative emission limits that the director determines to be equivalent to emission limits established in rules adopted under this division.

(F)(1) Adopt, modify, suspend, and rescind rules consistent with the purposes of this chapter prohibiting the location, installation, construction, or modification of any air contaminant source or any machine, equipment, device, apparatus, or physical facility intended primarily to prevent or control the emission of air contaminants unless an installation permit therefor has been obtained from the director or the director's authorized representative.

(2) (a) Applications for installation permits shall be accompanied by plans, specifications, construction schedules, and such other pertinent information and data, including data on ambient air quality impact and a demonstration of best available technology, as the director may require. Installation permits shall be issued for a period specified by the director and are transferable. The director shall specify in each permit the applicable emission standards and that the permit is conditioned upon payment of the applicable fees as required by section 3745.11 of the Revised Code and upon the right of the director's authorized representatives to enter upon the premises of the person to whom the permit has been issued, at any reasonable time and subject to safety requirements of the person in control of the premises, for the purpose of determining compliance with such standards, this chapter, the rules adopted thereunder, and the conditions of any permit, variance, or order issued thereunder. Each proposed new or modified air contaminant source shall provide such notice of its proposed installation or modification to other states as is required under the federal Clean Air Act. Installation permits shall include the authorization to operate sources installed and operated in accordance with terms and conditions of the installation permits for a period not to exceed one year from commencement of operation, which authorization shall constitute an operating permit under division (G) of this section and rules adopted under it.

No installation permit shall be required for activities that are subject to and in compliance with a plant-wide applicability limit issued by the director in accordance with rules adopted under this section.

No installation permit shall be issued except in accordance with all requirements of this chapter and rules adopted thereunder. No application shall be denied or permit revoked or modified without a written order stating the

findings upon which denial, revocation, or modification is based. A copy of the order shall be sent to the applicant or permit holder by certified mail.

(b) An air contaminant source that is the subject of an installation permit shall be installed or modified in accordance with the permit not later than eighteen months after the permit's effective date at which point the permit shall terminate unless one of the following applies:

(i) The owner or operator has undertaken a continuing program of installation or modification during the eighteen-month period.

(ii) The owner or operator has entered into a binding contractual obligation to undertake and complete within a reasonable period of time a continuing program of installation or modification of the air contaminant source during the eighteen-month period.

(iii) The director has extended the date by which the air contaminant source that is the subject of the installation permit must be installed or modified.

(iv) The installation permit is the subject of an appeal by a party other than the owner or operator of the air contaminant source that is the subject of the installation permit, in which case the date of termination of the permit is not later than eighteen months after the effective date of the permit plus the number of days between the date in which the permit was appealed and the date on which all appeals concerning the permit have been resolved.

(v) The installation permit has been superseded by a subsequent installation permit, in which case the original installation permit terminates on the effective date of the superseding installation permit.

Division (F)(2)(b) of this section applies to an installation permit that has not terminated as of the effective date of this amendment.

The director may adopt rules in accordance with Chapter 119. of the Revised Code for the purpose of establishing additional requirements that are necessary for the implementation of division (F)(2)(b) of this section.

(3) Not later than two years after August 3, 2006, the director shall adopt a rule in accordance with Chapter 119. of the Revised Code specifying that a permit to install is required only for new or modified air contaminant sources that emit any of the following air contaminants:

(a) An air contaminant or precursor of an air contaminant for which a national ambient air quality standard has been adopted under the federal Clean Air Act;

(b) An air contaminant for which the air contaminant source is regulated under the federal Clean Air Act;

(c) An air contaminant that presents, or may present, through inhalation or other routes of exposure, a threat of adverse human health effects, including, but not limited to, substances that are known to be, or may reasonably be

anticipated to be, carcinogenic, mutagenic, teratogenic, or neurotoxic, that cause reproductive dysfunction, or that are acutely or chronically toxic, or a threat of adverse environmental effects whether through ambient concentrations, bioaccumulation, deposition, or otherwise, and that is identified in the rule by chemical name and chemical abstract service number.

The director may modify the rule adopted under division (F)(3)(c) of this section for the purpose of adding or deleting air contaminants. For each air contaminant that is contained in or deleted from the rule adopted under division (F)(3)(c) of this section, the director shall include in a notice accompanying any proposed or final rule an explanation of the director's determination that the air contaminant meets the criteria established in that division and should be added to, or no longer meets the criteria and should be deleted from, the list of air contaminants. The explanation shall include an identification of the scientific evidence on which the director relied in making the determination. Until adoption of the rule under division (F)(3)(c) of this section, nothing shall affect the director's authority to issue, deny, modify, or revoke permits to install under this chapter and rules adopted under it.

(4)(a) Applications for permits to install new or modified air contaminant sources shall contain sufficient information regarding air contaminants for which the director may require a permit to install to determine conformity with the environmental protection agency's document entitled "Review of New Sources of Air Toxics Emissions, Option A," dated May 1986, which the director shall use to evaluate toxic emissions from new or modified air contaminant sources. The director shall make copies of the document available to the public upon request at no cost and post the document on the environmental protection agency's web site. Any inconsistency between the document and division (F)(4) of this section shall be resolved in favor of division (F)(4) of this section.

(b) The maximum acceptable ground level concentration of an air contaminant shall be calculated in accordance with the document entitled "Review of New Sources of Air Toxics Emissions, Option A." Modeling shall be conducted to determine the increase in the ground level concentration of an air contaminant beyond the facility's boundary caused by the emissions from a new or modified source that is the subject of an application for a permit to install. Modeling shall be based on the maximum hourly rate of emissions from the source using information including, but not limited to, any emission control devices or methods, operational restrictions, stack parameters, and emission dispersion devices or methods that may affect ground level concentrations, either individually or in combination. The director shall determine whether the activities for which a permit to install is sought will cause an increase in the ground level concentration of one or more relevant air contaminants beyond the facility's boundary by an amount in excess of the maximum acceptable ground level concentration. In making the determination as to whether the maximum acceptable ground level concentration will be exceeded, the director shall give consideration to the modeling conducted under division (F)(4)(b) of this section and other relevant information submitted by the applicant.

(c) If the modeling conducted under division (F)(4)(b) of this section with respect to an application for a permit to install demonstrates that the maximum ground level concentration from a new or modified source will be greater than or equal to eighty per cent, but less than one hundred per cent of the maximum acceptable ground level concentration for an air contaminant, the director may establish terms and conditions in the permit to install for the air contaminant source that will require the owner or operator of the air contaminant source to maintain emissions of that air contaminant commensurate with the modeled level, which shall be expressed as allowable emissions per day. In order to calculate the allowable emissions per day, the director shall multiply the hourly emission rate modeled under division (F)(4)(b) of this section to determine the ground level concentration by the operating schedule that has been identified in the permit to install application. Terms and conditions imposed under division (F)(4)(c) of this section are not federally enforceable requirements and, if included in a Title V permit, shall be placed in the portion of the permit that is only enforceable by the state.

(d) If the modeling conducted under division (F)(4)(b) of this section with respect to an application for a permit to install demonstrates that the maximum ground level concentration from a new or modified source will be less than eighty per cent of the maximum acceptable ground level concentration, the owner or operator of the source annually shall report to the director, on a form prescribed by the director, whether operations of the source are consistent with the information regarding the operations that was used to conduct the modeling with regard to the permit to install application. The annual report to the director shall be in lieu of an emission limit or other permit terms and conditions imposed pursuant to division (F)(4) of this section. The director may consider any significant departure from the operations of the source described in the permit to install application that results in greater emissions than the emissions rate modeled to determine the ground level concentration as a modification and require the owner or operator to submit a permit to install application for the increased emissions. The requirements established in division (F)(4)(d) of this section are not federally enforceable requirements and, if included in a Title V permit, shall be placed in the portion of the permit that is only enforceable by the state.

(e) Division (F)(4) of this section and the document entitled "Review of New Sources of Air Toxics Emissions, Option A" shall not be included in the state implementation plan under section 110 of the federal Clean Air Act and do not apply to an air contaminant source that is subject to a maximum achievable control technology standard or residual risk standard under section 112 of the federal Clean Air Act, to a particular air contaminant identified under 40 C.F.R. 51.166, division (b)(23), for which the director has determined that the owner or operator of the source is required to install best available control technology for that particular air contaminant, or to a particular air contaminant for which the director has determined that the source is required to meet the lowest achievable emission rate, as defined in 40 C.F.R. part 51, Appendix S, for that particular air

contaminant.

(f)(i) Division (F)(4) of this section and the document entitled "Review of New Sources of Air Toxics Emissions, Option A" do not apply to parking lots, storage piles, storage tanks, transfer operations, grain silos, grain dryers, emergency generators, gasoline dispensing operations, air contaminant sources that emit air contaminants solely from the combustion of fossil fuels, or the emission of wood dust, sand, glass dust, coal dust, silica, and grain dust.

(ii) Notwithstanding division (F)(4)(f)(i) of this section, the director may require an individual air contaminant source that is within one of the source categories identified in division (F)(4)(f)(i) of this section to submit information in an application for a permit to install a new or modified source in order to determine the source's conformity to the document if the director has information to conclude that the particular new or modified source will potentially cause an increase in ground level concentration beyond the facility's boundary that exceeds the maximum acceptable ground level concentration as set forth in the document.

(iii) The director may adopt rules in accordance with Chapter 119. of the Revised Code that are consistent with the purposes of this chapter and that add to or delete from the source category exemptions established in division (F)(4)(f)(i) of this section.

(5) Not later than one year after August 3, 2006, the director shall adopt rules in accordance with Chapter 119. of the Revised Code specifying activities that do not, by themselves, constitute beginning actual construction activities related to the installation or modification of an air contaminant source for which a permit to install is required such as the grading and clearing of land, on-site storage of portable parts and equipment, and the construction of foundations or buildings that do not themselves emit air contaminants. The rules also shall allow specified initial activities that are part of the installation or modification of an air contaminant source, such as the installation of electrical and other utilities for the source, prior to issuance of a permit to install, provided that the owner or operator of the source has filed a complete application for a permit to install, the director or the director's designee has determined that the application is complete, and the owner or operator of the source has notified the director that this activity will be undertaken prior to the issuance of a permit to install. Any activity that is undertaken by the source under those rules shall be at the risk of the owner or operator. The rules shall not apply to activities that are precluded prior to permit issuance under section 111, section 112, Part C of Title I, and Part D of Title I of the federal Clean Air Act.

(G) Adopt, modify, suspend, and rescind rules prohibiting the operation or other use of any new, modified, or existing air contaminant source unless an operating permit has been obtained from the director or the director's authorized representative, or the air contaminant source is being operated in compliance with the conditions of a variance issued pursuant to division (H) of this section. Applications for operating permits shall be accompanied by such plans,

specifications, and other pertinent information as the director may require. Operating permits may be issued for a period determined by the director not to exceed ten years, are renewable, and are transferable. The director shall specify in each operating permit that the permit is conditioned upon payment of the applicable fees as required by section 3745.11 of the Revised Code and upon the right of the director's authorized representatives to enter upon the premises of the person to whom the permit has been issued, at any reasonable time and subject to safety requirements of the person in control of the premises, for the purpose of determining compliance with this chapter, the rules adopted thereunder, and the conditions of any permit, variance, or order issued thereunder. Operating permits may be denied or revoked for failure to comply with this chapter or the rules adopted thereunder. An operating permit shall be issued only upon a showing satisfactory to the director or the director's representative that the air contaminant source is being operated in compliance with applicable emission standards and other rules or upon submission of a schedule of compliance satisfactory to the director for a source that is not in compliance with all applicable requirements at the time of permit issuance, provided that the compliance schedule shall be consistent with and at least as stringent as that contained in any judicial consent decree or administrative order to which the air contaminant source is subject. The rules shall provide for the issuance of conditional operating permits for such reasonable periods as the director may determine to allow the holder of an installation permit, who has constructed, installed, located, or modified a new air contaminant source in accordance with the provisions of an installation permit, to make adjustments or modifications necessary to enable the new air contaminant source to comply with applicable emission standards and other rules. Terms and conditions of operating permits issued pursuant to this division shall be federally enforceable for the purpose of establishing the potential to emit of a stationary source and shall be expressly designated as federally enforceable. Any such federally enforceable restrictions on a source's potential to emit shall include both an annual limit and a short-term limit of not more than thirty days for each pollutant to be restricted together with adequate methods for establishing compliance with the restrictions. In other respects, operating permits issued pursuant to this division are enforceable as state law only. No application shall be denied or permit revoked or modified without a written order stating the findings upon which denial, revocation, or modification is based. A copy of the order shall be sent to the applicant or permit holder by certified mail.

(H) Adopt, modify, and rescind rules governing the issuance, revocation, modification, or denial of variances that authorize emissions in excess of the applicable emission standards.

No variance shall be issued except pursuant to those rules. The rules shall prescribe conditions and criteria in furtherance of the purposes of this chapter and consistent with the federal Clean Air Act governing eligibility for issuance of variances, which shall include all of the following:

(1) Provisions requiring consistency of emissions authorized by a variance with timely attainment and maintenance of ambient air quality

standards;

(2) Provisions prescribing the classes and categories of air contaminants and air contaminant sources for which variances may be issued;

(3) Provisions defining the circumstances under which an applicant shall demonstrate that compliance with applicable emission standards is technically infeasible, economically unreasonable, or impossible because of conditions beyond the control of the applicant;

(4) Other provisions prescribed in furtherance of the goals of this chapter.

The rules shall prohibit the issuance of variances from any emission limitation that was applicable to a source pursuant to an installation permit and shall prohibit issuance of variances that conflict with the federal Clean Air Act.

Applications for variances shall be accompanied by such information as the director may require. In issuing variances, the director may order the person to whom a variance is issued to furnish plans and specifications and such other information and data, including interim reports, as the director may require and to proceed to take such action within such time as the director may determine to be appropriate and reasonable to prevent, control, or abate the person's existing emissions of air contaminants. The director shall specify in each variance that the variance is conditioned upon payment of the applicable fees as required by section 3745.11 of the Revised Code and upon the right of the director's authorized representatives to enter upon the premises of the person to whom the variance has been issued, at any reasonable time and subject to safety requirements of the person in control of the premises, for the purpose of determining compliance with this chapter, the rules adopted thereunder, and the conditions of any permit, variance, or order issued thereunder.

The director may hold a public hearing on an application for a variance or renewal thereof at a location in the county where the variance is sought. The director shall give not less than twenty days' notice of the hearing to the applicant by certified mail and cause at least one publication of notice in a newspaper with general circulation in the county where the variance is sought. The director shall keep available for public inspection at the principal office of the environmental protection agency a current schedule of pending applications for variances and a current schedule of pending variance hearings. The director shall make a complete stenographic record of testimony and other evidence submitted at the hearing. The director shall make a written determination to issue, renew, or deny the variance and shall enter the determination and the basis therefor into the record of the hearing. The director shall issue, renew, or deny an application for a variance or renewal thereof, or issue a proposed action upon the application pursuant to section 3745.07 of the Revised Code, within six months of the date upon which the director receives a complete application with all pertinent information and data required by the director.

Any variance granted pursuant to rules adopted under this division shall be for a period specified by the director, not to exceed three years, and may be

renewed from time to time on such terms and for such periods, not to exceed three years each, as the director determines to be appropriate. A variance may be revoked, or renewal denied, for failure to comply with conditions specified in the variance. No variance shall be issued, denied, revoked, or modified without a written order stating the findings upon which the issuance, denial, revocation, or modification is based. A copy of the order shall be sent to the applicant or variance holder by certified mail.

(I) Require the owner or operator of an air contaminant source to install, employ, maintain, and operate such emissions, ambient air quality, meteorological, or other monitoring devices or methods as the director shall prescribe; to sample those emissions at such locations, at such intervals, and in such manner as the director prescribes; to maintain records and file periodic reports with the director containing information as to location, size, and height of emission outlets, rate, duration, and composition of emissions, and any other pertinent information the director prescribes; and to provide such written notice to other states as the director shall prescribe. In requiring monitoring devices, records, and reports, the director, to the extent consistent with the federal Clean Air Act, shall give consideration to technical feasibility and economic reasonableness and allow reasonable time for compliance. For sources where a specific monitoring, record-keeping, or reporting requirement is specified for a particular air contaminant from a particular air contaminant source in an applicable regulation adopted by the United States environmental protection agency under the federal Clean Air Act or in an applicable rule adopted by the director, the director shall not impose an additional requirement in a permit that is a different monitoring, record-keeping, or reporting requirement other than the requirement specified in the applicable regulation or rule for that air contaminant except as otherwise agreed to by the owner or operator of the air contaminant source and the director. If two or more regulations or rules impose different monitoring, record-keeping, or reporting requirements for the same air contaminant from the same air contaminant source, the director may impose permit terms and conditions that consolidate or streamline the monitoring, record-keeping, or reporting requirements in a manner that conforms with each applicable requirement. To the extent consistent with the federal Clean Air Act and except as otherwise agreed to by the owner or operator of an air contaminant source and the director, the director shall not require an operating restriction that has the practical effect of increasing the stringency of an existing applicable emission limitation or standard.

(J) Establish, operate, and maintain monitoring stations and other devices designed to measure air pollution and enter into contracts with any public or private agency for the establishment, operation, or maintenance of such stations and devices;

(K) By rule adopt procedures for giving reasonable public notice and conducting public hearings on any plans for the prevention, control, and abatement of air pollution that the director is required to submit to the federal government;

(L) Through any employee, agent, or authorized representative of the director or the environmental protection agency, enter upon private or public property, including improvements thereon, at any reasonable time, to make inspections, take samples, conduct tests, and examine records or reports pertaining to any emission of air contaminants and any monitoring equipment or methods and to determine if there are any actual or potential emissions from such premises and, if so, to determine the sources, amounts, contents, and extent of those emissions, or to ascertain whether there is compliance with this chapter, any orders issued or rules adopted thereunder, or any other determination of the director. The director, at reasonable times, may have access to and copy any such records. If entry or inspection authorized by this division is refused, hindered, or thwarted, the director or the director's authorized representative may by affidavit apply for, and any judge of a court of record may issue, an appropriate inspection warrant necessary to achieve the purposes of this chapter within the court's territorial jurisdiction.

(M) Accept and administer gifts or grants from the federal government and from any other source, public or private, for carrying out any of the functions under this chapter;

(N) Obtain necessary scientific, technical, and laboratory services;

(O) Establish advisory boards in accordance with section 121.13 of the Revised Code;

(P) Delegate to any city or general health district or political subdivision of the state any of the director's enforcement and monitoring powers and duties, other than rule-making powers, as the director elects to delegate, and in addition employ, compensate, and prescribe the powers and duties of such officers, employees, and consultants as are necessary to enable the director to exercise the authority and perform duties imposed upon the director by law. Technical and other services shall be performed, insofar as practical, by personnel of the environmental protection agency.

(Q) Certify to the government of the United States or any agency thereof that an industrial air pollution facility is in conformity with the state program or requirements for control of air pollution whenever such certificate is required for a taxpayer pursuant to any federal law or requirements;

(R) Issue, modify, or revoke orders requiring abatement of or prohibiting emissions that violate applicable emission standards or other requirements of this chapter and rules adopted thereunder, or requiring emission control devices or measures in order to comply with applicable emission standards or other requirements of this chapter and rules adopted thereunder. Any such order shall require compliance with applicable emission standards by a specified date and shall not conflict with any requirement of the federal Clean Air Act. In the making of such orders, the director, to the extent consistent with the federal Clean Air Act, shall give consideration to, and base the determination on, evidence relating to the technical feasibility and economic reasonableness of

compliance with such orders and their relation to benefits to the people of the state to be derived from such compliance. If, under the federal Clean Air Act, any such order shall provide for the posting of a bond or surety to secure compliance with the order as a condition of issuance of the order, the order shall so provide, but only to the extent required by the federal Clean Air Act.

(S) To the extent provided by the federal Clean Air Act, adopt, modify, and rescind rules providing for the administrative assessment and collection of monetary penalties, not in excess of those required pursuant to the federal Clean Air Act, for failure to comply with any emission limitation or standard, compliance schedule, or other requirement of any rule, order, permit, or variance issued or adopted under this chapter or required under the applicable implementation plan whether or not the source is subject to a federal or state consent decree. The director may require the submission of compliance schedules, calculations of penalties for noncompliance, and related information. Any orders, payments, sanctions, or other requirements imposed pursuant to rules adopted under this division shall be in addition to any other permits, orders, payments, sanctions, or other requirements established under this chapter and shall not affect any civil or criminal enforcement proceedings brought under any provision of this chapter or any other provision of state or local law. This division does not apply to any requirement of this chapter regarding the prevention or abatement of odors.

(T) Require new or modified air contaminant sources to install best available technology, but only in accordance with this division. Best available technology requirements shall not apply to an air contaminant source that has the potential to emit, taking into account air pollution controls installed on the source, less than ten tons per year of emissions of an air contaminant or precursor of an air contaminant for which a national ambient air quality standard has been adopted under the federal Clean Air Act. In addition, best available technology requirements established in rules adopted under this division shall not apply to any existing, new, or modified air contaminant source that is subject to a plant-wide applicability limit that has been approved by the director. Further, best available technology requirements established in rules adopted under this division shall not apply to general permits issued prior to January 1, 2006, under rules adopted under this chapter.

For permits to install issued three or more years after August 3, 2006, any new or modified air contaminant source that has the potential to emit, taking into account air pollution controls installed on the source, ten or more tons per year of volatile organic compounds or nitrogen oxides shall meet, at a minimum, the requirements of any applicable reasonably available control technology rule in effect as of January 1, 2006, regardless of the location of the source.

Any such determination shall be consistent with the federal Clean Air Act.

Any party may request the stenographic record of the hearing. Promptly after receiving such a request, the commission shall prepare and provide the stenographic record of the hearing to the party who requested it. The commission may charge a fee to the party who requested the stenographic record that does not exceed the cost to the commission for preparing and transcribing it.

Licensors shall use a form prescribed and furnished to the licensor by the director of health or a form prescribed by the licensor that has been approved by the director. The applicant shall include with the application all information necessary for the licensor to process the application, as requested by the licensor.

An application for a food service operation license, other than an application for a mobile or catering food service operation license, shall be submitted to the licensor for the health district in which the food service operation is located. An application for a mobile food service operation license shall be submitted to the licensor for the health district in which the applicant's business headquarters are located, or, if the headquarters are located outside this state, to the licensor for the district where the applicant will first operate in this state. An application for a catering food service operation license shall be submitted to the licensor for the district where the applicant's base of operation is located.

(B) The licensor shall review all applications received. The licensor shall issue a license for a new food service operation when the applicant submits a complete application and the licensor determines that the applicant meets all other requirements of this chapter and the rules adopted under it for receiving the license. The licensor shall issue a renewed license on receipt of a complete renewal application.

The licensor shall issue licenses for food service operations on forms

prescribed and furnished by the director of health. If the license is for a mobile food service operation, the licensor shall post the operation's layout, equipment, and menu on the back of the license.

A mobile or catering food service operation license issued by one licensor shall be recognized by all other licensors in this state.

(C)(1) A food service operation license expires at the end of the licensing period for which the license is issued, except as follows:

(a) A license issued to a new food service operation after the first day of December shall not expire until the end of the licensing period next succeeding issuance of the license.

(b) A temporary food service operation license expires at the end of the period for which it is issued.

(2) All food service operation licenses remain valid until they are scheduled to expire unless earlier suspended or revoked under section 3717.49 of the Revised Code.

(D) A food service operation license may be renewed, except that a temporary food service operation license is not renewable. A person or government entity seeking license renewal shall submit an application for renewal to the licensor not later than the first day of March, except that in the case of a mobile or seasonal food service operation the renewal application shall be submitted before commencing operation in a new licensing period. A licensor may renew a license prior to the first day of March or the first day of operation in a new licensing period, but not before the first day of February immediately preceding the licensing period for which the license is being renewed.

If a renewal application is not filed with the licensor or postmarked on or before the first day of March or, in the case of a mobile or seasonal food service operation, the first day of operation in a new licensing period, the licensor shall assess a penalty if the licensor charges a license renewal fee. The amount of the penalty shall be the lesser of fifty dollars or twenty-five per cent of the renewal fee charged for renewing licenses, if the licensor charges renewal fees. If an applicant is subject to a penalty, the licensor shall not renew the license until the applicant pays the penalty.

(E)(1) A licensor may issue not more than ten temporary food service operation licenses per licensing period to the same person or government entity to operate at different events within the licensor's jurisdiction. For each particular event, a licensor may issue only one temporary food service operation license to the same person or government entity.

(2) A licensor may issue a temporary food service operation license to operate for more than five consecutive days if both of the following apply:

(a) The operation will be operated at an event organized by a county agricultural society or independent agricultural society organized under Chapter

1711. of the Revised Code;

(b) The person who will receive the license is a resident of the county or one of the counties for which the agricultural society was organized.

(3) A person may be granted only one temporary food service operation license per licensing period pursuant to division (E)(2) of this section.

(F) The licensor may place restrictions or conditions on a food service operation license limiting the types of food that may be prepared or served by the food service operation based on the equipment or facilities of the food service operation. Limitations pertaining to a mobile or catering food service operation shall be posted on the back of the license.

(G) The person or government entity holding a license for a food service operation shall display the license for that food service operation at all times at the licensed location. A person or government entity holding a catering food service operation license shall also maintain a copy of the license at each catered event.

(H) With the assistance of the department of health, the licensor, to the extent practicable, shall computerize the process for licensing food service operations.

Sec. 3717.45. (A) A licensor may charge fees for issuing and renewing food service operation licenses. Any licensing fee charged shall be used solely for the administration and enforcement of the provisions of this chapter and the rules adopted under it applicable to food service operations.

The authority shall give equal consideration, in selecting these program administrators, to minority owned and

controlled investment funds, to funds owned and controlled by women, to ventures involving minority owned and controlled funds, and to ventures involving funds owned and controlled by women that otherwise meet the policies and criteria established by the authority. To be eligible for selection, an investment fund must be incorporated or organized under Chapter 1701., 1705., 1775., 1776., 1782., or 1783. of the Revised Code, must have an established business presence in this state, and must be capitalized in accordance with any state and federal laws applicable to the issuance or sale of securities.

The authority shall select program administrators only after soliciting and evaluating requests for proposals as prescribed in this section. The authority shall publish a notice of a request for proposals in newspapers of general circulation in this state once each week for two consecutive weeks before a date specified by the authority as the date on which it will begin accepting proposals. The notices shall contain a general description of the subject of the proposed agreement and the location where the request for proposals may be obtained. The request for proposals shall include all the following:

- (1) Instructions and information to respondents concerning the submission of proposals, including the name and address of the office where proposals are to be submitted;
- (2) Instructions regarding the manner in which respondents may communicate with the authority, including the names, titles, and telephone numbers of the individuals to whom such communications shall be directed;
- (3) Description of the performance criteria that will be used to evaluate whether a respondent selected by the authority is satisfying the authority's investment policy;
- (4) Description of the factors and criteria to be considered in evaluating respondents' proposals, the relative importance of each factor or criterion, and description of the authority's evaluation procedure;
- (5) Description of any documents that may be incorporated by reference into the request for proposals, provided that the request specifies where such documents may be obtained and such documents are readily available to all interested parties.

After the date specified for receiving proposals, the authority shall evaluate submitted proposals. The authority may discuss a respondent's proposal with that respondent to clarify or revise a proposal or the terms of the agreement.

The authority shall choose for review proposals from at least three respondents the authority considers qualified to operate the program in the best interests of the investment policy adopted by the authority. If three or fewer proposals are submitted, the authority shall review each proposal. The authority may cancel a request for proposals at any time before entering into an agreement with a respondent. The authority shall provide respondents fair and equal opportunity for such discussions. The authority may terminate discussions with any respondent upon written notice to the respondent.

(B) After reviewing the chosen proposals, the authority may select not more than two such respondents and enter into a written agreement with each of the selected respondents, provided that at no time shall there be agreements with more than two persons.

The agreement shall do all of the following:

(1) Specify that borrowing and investing by the program administrator will be budgeted to guarantee that no tax credits will be granted during the first four years of the Ohio venture capital program, and will be structured to ensure that payments of principal, interest, or interest equivalent due in any fiscal year, when added to such payments due from any other program administrator, does not exceed twenty million dollars;

(2) Require investment by the program administrator or the fund manager employed by the program administrator to be in compliance with the investment policy established or modified in accordance with sections 150.03 and 150.04 of the Revised Code that is in effect at the time the investment is made, and prohibit the program administrator or fund manager from engaging in any investment activities other than activities to carry out that policy;

(3) Require periodic financial reporting by the program administrator to the authority, which reporting shall include an annual audit by an independent auditor and such other financial reporting as is specified in the agreement or otherwise required by the authority for the purpose of ensuring that the program administrator is carrying out the investment policy;

(4) Specify any like standards or general limitations in addition to or in furtherance of investment standards or limitations that apply pursuant to division (H) of section 150.03 of the Revised Code;

(5) Require the program administrator to apply program fund revenue first to the payment of principal borrowed by the program administrator for investment under the program, then to interest related to that principal, and then to amounts necessary to cover the program administrator's pro rata share required under division (B)(9) of this section; and require the program administrator to pay the authority not less than ninety per cent of the amount by which program fund revenue attributable to investments under the program administrator's investment authority exceeds amounts so applied;

(6) Specify the procedures by which the program administrator shall certify immediately to the authority the necessity for the authority to issue tax credit certificates pursuant to contracts entered into under section 150.07 of the Revised Code;

(7) Specify any general limitations regarding the employment of a fund manager by the program administrator, in addition to an express limitation that the fund manager be a person with demonstrated, substantial, successful experience in the design and management of seed and venture capital investment programs and in capital formation. The fund manager may be, but need not be,

an equity owner or affiliate of the program administrator.

(8) Specify the terms and conditions under which the authority or the program administrator may terminate the agreement, including in the circumstance that the program administrator or fund manager violates the investment policy;

(9) Require the program administrator or fund manager employed by the program administrator to provide capital in the form of a loan equal to one per cent of the amount of outstanding loans by lenders to the program fund. The loan from the program administrator or fund manager shall be on the same terms and conditions as loans from other lenders, except that the loan from the program administrator or fund manager shall not be secured by the Ohio venture capital fund or tax credits available to other lenders under division (B) of section 150.04 of the Revised Code. Between lines 80872 and 80873, insert:

"Sec. 5705.211. (A) As used in this section:

(1) "Adjusted charge-off increase" for a tax year means two ~~and three-tenths~~ per cent of the cumulative carryover property value increase. If the cumulative carryover property value increase is computed on the basis of a school district's recognized valuation for a fiscal year before fiscal year 2014, the adjusted charge-off increase shall be adjusted to account for the greater charge-off rates prescribed for such fiscal years under sections 3317.022 and 3306.13 of the Revised Code.

(2) "Cumulative carryover property value increase" means the sum of the increases in carryover value certified under division (B)(2) of section 3317.015 of the Revised Code and included in a school district's total taxable value in the computation of recognized valuation under division (B) of that section for all fiscal years from the fiscal year that ends in the first tax year a levy under this section is extended on the tax list of real and public utility property until and including the fiscal year that ends in the current tax year.

(3) "Taxes charged and payable" means the taxes charged and payable from a tax levy extended on the real and public utility property tax list and the general list of personal property before any reduction under section 319.302, 323.152, or 323.158 of the Revised Code.

(B) The board of education of a city, local, or exempted village school district may adopt a resolution proposing the levy of a tax in excess of the ten-mill limitation for the purpose of paying the current operating expenses of the district. If the resolution is approved as provided in division (D) of this section, the tax may be levied at such a rate each tax year that the total taxes charged and payable from the levy equals the adjusted charge-off increase for the tax year or equals a lesser amount as prescribed under division (C) of this section. The tax may be levied for a continuing period of time or for a specific number of years, but not fewer than five years, as provided in the resolution. The tax may not be placed on the tax list for a tax year beginning before the first day of January following adoption of the resolution. A board of education may not adopt a resolution under this section proposing to levy a tax under this section concurrently with any other tax levied by the board under this section.

(C) After the first year a tax is levied under this section, the rate of the tax in any year shall not exceed the rate, estimated by the county auditor, that would cause the sums levied from the tax against carryover property to exceed one hundred four per cent of the sums levied from the tax against carryover property in the preceding year. A board of education imposing a tax under this section may specify in the resolution imposing the tax that the percentage shall be less than one hundred four per cent, but the percentage shall not be less than one hundred per cent. At any time after a resolution adopted under this section is approved by a majority of electors as provided in division (D) of this section, the

board of education, by resolution, may decrease the percentage specified in the resolution levying the tax.

(D) A resolution adopted under this section shall state that the purpose of the tax is to pay current operating expenses of the district, and shall specify the first year in which the tax is to be levied, the number of years the tax will be levied or that it will be levied for a continuing period of time, and the election at which the question of the tax is to appear on the ballot, which shall be a general or special election consistent with the requirements of section 3501.01 of the Revised Code. If the board of education specifies a percentage less than one hundred four per cent pursuant to division (C) of this section, the percentage shall be specified in the resolution.

Upon adoption of the resolution, the board of education may certify a copy of the resolution to the proper county board of elections. The copy of the resolution shall be certified to the board of elections not later than seventy-five days before the day of the election at which the question of the tax is to appear on the ballot. Upon receiving a timely certified copy of such a resolution, the board of elections shall make the necessary arrangements for the submission of the question to the electors of the school district, and the election shall be conducted, canvassed, and certified in the same manner as regular elections in the school district for the election of members of the board of education. Notice of the election shall be published in one or more newspapers of general circulation in the school district once per week for four consecutive weeks. The notice shall state that the purpose of the tax is for the current operating expenses of the school district, the first year the tax is to be levied, the number of years the tax is to be levied or that it is to be levied for a continuing period of time, that the tax is to be levied each year in an amount estimated to offset decreases in state base cost funding caused by appreciation in real estate values, and that the estimated additional tax in any year shall not exceed the previous year's by more than four per cent, or a lesser percentage specified in the resolution levying the tax, except for increases caused by the addition of new taxable property.

The question shall be submitted as a separate proposition but may be printed on the same ballot with any other proposition submitted at the same election other than the election of officers.

The form of the ballot shall be substantially as follows:

"An additional tax for the benefit of (name of school district) for the purpose of paying the current operating expenses of the district, for (number of years or for continuing period of time), at a rate sufficient to offset any reduction in basic state funding caused by appreciation in real estate values? This levy will permit variable annual growth in revenue up to (amount specified by school district) per cent for the duration of the levy.

	For the tax levy	
	Against the tax levy	"

If a majority of the electors of the school district voting on the question vote in favor of the question, the board of elections shall certify the results of the election to the board of education and to the tax commissioner immediately after the canvass.

(E) When preparing any estimate of the contemplated receipts from a tax levied pursuant to this section for the purposes of sections 5705.28 to 5705.40 of the Revised Code, and in preparing to certify the tax under section 5705.34 of the Revised Code, a board of education authorized to levy such a tax shall use information supplied by the department of education to determine the adjusted charge-off increase for the tax year for which that certification is made. If the board levied a tax under this section in the preceding tax year, the sum to be certified for collection from the tax shall not exceed the sum that would exceed the limitation imposed under division (C) of this section. At the request of the board of education or the treasurer of the school district, the county auditor shall assist the board of education in determining the rate or sum that may be levied under this section.

The board of education shall certify the sum authorized to be levied to the county auditor, and, for the purpose of the county auditor determining the rate at which the tax is to be levied in the tax year, the sum so certified shall be the sum to be raised by the tax unless the sum exceeds the limitation imposed by division (C) of this section. A tax levied pursuant to this section shall not be levied at a rate in excess of the rate estimated by the county auditor to produce the sum certified by the board of education before the reductions under sections 319.302, 323.152, and 323.158 of the Revised Code. Notwithstanding section 5705.34 of the Revised Code, a board of education authorized to levy a tax under this section shall certify the tax to the county auditor before the first day of October of the tax year in which the tax is to be levied, or at a later date as approved by the tax commissioner."

" **Sec. 3313.82.** (A)(1) For the purpose of pooling resources, operating more cost effectively, minimizing administrative overhead, encouraging the sharing of resource development, and diminishing duplication, the boards of education of two or more city, local, or exempted village school districts each having a majority of its territory in a county with a population greater than one million two hundred thousand, by adopting identical resolutions, may enter into an agreement providing for the creation of a regional student education district for the purpose of funding the following for students enrolled in those school districts, including students diagnosed as autistic and students with special

needs, and their immediate family members:

(a) Special education services;

(b) Behavioral health services for persons with special needs.

If more than eight boards of education adopt resolutions to form a regional student education district, the boards may meet at facilities of the educational service center of the county to discuss membership in the district.

(2) The territory of a regional student education district at any time shall be composed of the combined territories of the school districts that are parties to the agreement at that time. Services funded by a regional student education district shall be available to all individuals enrolled in a school district that is a part of the regional student education district and members of their immediate family.

(3) The agreement may be amended pursuant to terms and procedures mutually agreed to by the boards of education that are parties to the agreement.

(B) Each regional student education district shall be governed by a board of directors. The superintendent of each board of education that is a party to the agreement shall serve on the board of directors. The agreement shall provide for the terms of office of directors. Directors shall receive no compensation, but shall be reimbursed, from the special fund of the regional student education district, for the reasonable and necessary expenses they incur in the performance of their duties for the district. The agreement shall provide for the conduct of the board's initial organizational meeting and for the frequency of subsequent meetings and quorum requirements. At its first meeting, the board shall designate from among its members a president and secretary in the manner provided in the agreement.

The board of directors of a regional student education district is a body corporate and politic, is capable of suing and being sued, is capable of contracting within the limits of this section and the agreement governing the district, and is capable of accepting gifts, donations, bequests, or other grants of money for use in paying its expenses. The district is a public office and its directors are public officials within the meaning of section 117.01 of the Revised Code, the board of directors is a public body within the meaning of section 121.22 of the Revised Code, and records of the board and of the district are public records within the meaning of section 149.43 of the Revised Code.

The agreement shall require the board to designate a permanent location for its offices and meeting place, and may provide for the use of such facilities and property for the provision of services by the agencies with which the board contracts under division (C) of this section.

(C)(1) To provide the services identified in division (A)(1) of this section, the board of directors of a regional student education district shall provide for the hiring of employees or shall contract with one or more entities. Except as provided in division (C)(2) of this section, any entity with which the

board of directors contracts to provide the services identified in division (A)(1)(b) of this section shall be a qualified nonprofit, nationally accredited agency to which both of the following apply:

(a) The agency is licensed or certified by the departments of mental health, job and family services, and alcohol and drug addiction services.

(b) The agency provides school-based behavioral health services.

(2) The board of directors may contract with an entity that does not meet the conditions stated in division (C)(1) of this section if the services to be provided by the entity are only incidental to the services identified in division (A)(1)(b) of this section.

(3) The board of directors may levy a tax throughout the district as provided in section 5705.2111 of the Revised Code. The board of directors shall provide for the creation of a special fund to hold the proceeds of any tax levied under section 5705.2111 of the Revised Code and any gifts, donations, bequests, or other grants of money coming into the possession of the district. A regional student education district is a subdivision, and the board of directors is a governing body, within the meaning of section 135.01 of the Revised Code. The board of directors may not issue securities or otherwise incur indebtedness.

(4) The adoption or rejection by electors of a tax levy to fund a regional student education district pursuant to section 5705.2111 of the Revised Code does not alter the duty of each school district member of the regional student education district to provide special education and related services as required under Chapter 3323. of the Revised Code. On the expiration of a regional student education district levy, the state, member school districts of the regional student education district, and any other governmental entity shall not be obligated to provide replacement funding for the revenues under the expired levy. The tax levy, in whole or in part, shall not be considered a levy for current operating expenses pursuant to division (A) of section 3317.01 of the Revised Code for any of the school districts that are members of the regional student education district.

(D)(1) The agreement shall provide for the manner of appointing an individual or entity to perform the duties of fiscal officer of the regional student education district. The agreement shall specify the length of time the individual or entity shall perform those duties and whether the individual or entity may be reappointed upon the completion of a term. The fiscal officer may receive compensation for performing the duties of the position and be reimbursed for reasonable expenses of performing those duties from the regional student education district's special fund.

(2) The legal advisor of the board of directors of a regional student education district shall be the prosecuting attorney of the most populous county containing a school district that is a member of the regional student education district. Notice of the election shall be published in a newspaper of general circulation in the subdivision once a week for two consecutive weeks prior to the election, and, if the board of elections operates and maintains a web site, the board of elections shall post notice of the election on its web site for thirty days prior to the election. The notice shall state the purpose, the proposed increase in rate expressed in dollars and cents for each one hundred dollars of valuation as well as in mills for each one dollar of valuation, the number of years during which the increase will be in effect, the first month and year in which the tax will be levied, and the time and place of the election.

	For the Tax Levy
	Against the Tax Levy

(C) If the levy is to be in effect for a continuing period of time, the notice of election and the form of ballot shall so state instead of setting forth a specified number of years for the levy.

If the tax is to be placed on the current tax list, the form of the ballot shall be modified by adding, after the statement of the number of years the levy is to run, the phrase ", commencing in (first year the tax is to be levied), first due in calendar year (first calendar year in which the tax shall be due)."

If the levy submitted is a proposal to renew, increase, or decrease an existing levy, the form of the ballot specified in division (B) of this section may be changed by substituting for the words "An additional" at the beginning of the form, the words "A renewal of a" in case of a proposal to renew an existing levy in the same amount; the words "A renewal of mills and an increase of mills to constitute a" in the case of an increase; or the words "A renewal of part of an existing levy, being a reduction of mills, to constitute a" in the case of a decrease in the proposed levy.

If the levy submitted is a proposal to renew two or more existing levies imposed under section 5705.21 of the Revised Code, the form of the ballot specified in division (B) of this section shall be modified by substituting for the words "an additional tax" the words "a renewal of(insert the number of levies to be renewed) existing taxes."

The question covered by such resolution shall be submitted as a separate proposition but may be printed on the same ballot with any other proposition submitted at the same election, other than the election of officers. More than one such question may be submitted at the same election.

(D) A levy voted in excess of the ten-mill limitation under this section shall be certified to the tax commissioner. In the first year of the levy, it shall be extended on the tax lists after the February settlement succeeding the election. If the additional tax is to be placed upon the tax list of the current year, as specified in the resolution providing for its submission, the result of the election shall be certified immediately after the canvass by the board of elections to the taxing authority, who shall make the necessary levy and certify it to the county auditor, who shall extend it on the tax lists for collection. After the first year, the tax levy shall be included in the annual tax budget that is certified to the county budget commission."

(A) Except as provided in division (E) of this section, the board of education of each city, local, and exempted village school district shall administer each applicable diagnostic assessment developed and provided to the district in accordance with section 3301.079 of the Revised Code to the following:

(1) Each student enrolled in a building that has failed to make adequate yearly progress for two or more consecutive school years;

(2) Any student who transfers into the district or to a different school within the district if each applicable diagnostic assessment was not administered by the district or school the student previously attended in the current school year, within thirty days after the date of transfer. If the district or school into which the student transfers cannot determine whether the student has taken any applicable diagnostic assessment in the current school year, the district or school may administer the diagnostic assessment to the student.

(3) Each kindergarten student, not earlier than four weeks prior to the first day of school and not later than the first day of October. For the purpose of division (A)(3) of this section, the district shall administer the kindergarten readiness assessment provided by the department of education. In no case shall the results of the readiness assessment be used to prohibit a student from enrolling in kindergarten.

(4) Each student enrolled in first or second grade.

(B) Each district board shall administer each diagnostic assessment as the board deems appropriate. However, the board shall administer any diagnostic assessment at least once annually to all students in the appropriate grade level. A district board may administer any diagnostic assessment in the fall and spring of a school year to measure the amount of academic growth attributable to the instruction received by students during that school year.

(C) Each district board shall utilize and score any diagnostic assessment administered under division (A) of this section in accordance with rules established by the department. Except as required by division (B)(1) ~~(n)~~ (n) of section 3301.0714 of the Revised Code, neither the state board of education nor the department shall require school districts to report the results of diagnostic assessments for any students to the department or to make any such results available in any form to the public. After the administration of any diagnostic assessment, each district shall provide a student's completed diagnostic assessment, the results of such assessment, and any other accompanying

documents used during the administration of the assessment to the parent of that student upon the parent's request.

(D) Each district board shall provide intervention services to students whose diagnostic assessments show that they are failing to make satisfactory progress toward attaining the academic standards for their grade level.

(E) Any district that made adequate yearly progress in the immediately preceding school year may assess student progress in grades one through three using a diagnostic assessment other than the diagnostic assessment required by division (A) of this section.

(F) A district board may administer the third grade writing diagnostic assessment provided to the district in accordance with section 3301.079 of the Revised Code to any student enrolled in a building that is not subject to division (A)(1) of this section. Any district electing to administer the diagnostic assessment to students under this division shall provide intervention services to any such student whose diagnostic assessment shows unsatisfactory progress toward attaining the academic standards for the student's grade level.

(G) As used in this section, "adequate yearly progress" has the same meaning as in section 3302.01 of the Revised Code."

Between lines 41446 and 41447, insert:

"Sec. 3319.088. As used in this section, "educational assistant" means any nonteaching employee in a school district who directly assists a teacher as defined in section 3319.09 of the Revised Code, by performing duties for which a license issued pursuant to sections 3319.22 to 3319.30 of the Revised Code is not required.

(A) The state board of education shall issue educational aide permits and educational paraprofessional licenses for educational assistants and shall adopt rules for the issuance and renewal of such permits and licenses which shall be consistent with the provisions of this section. Educational aide permits and educational paraprofessional licenses may be of several types and the rules shall prescribe the minimum qualifications of education, health, and character for the service to be authorized under each type. The prescribed minimum qualifications may require special training or educational courses designed to qualify a person to perform effectively the duties authorized under an educational aide permit or educational paraprofessional license.

(B)(1) Any application for a permit or license, or a renewal or duplicate of a permit or license, under this section shall be accompanied by the payment of a fee in the amount established under division (A) of section 3319.51 of the Revised Code. Any fees received under this division shall be paid into the state treasury to the credit of the state board of education licensure fund established under division (B) of section 3319.51 of the Revised Code.

(2) Any person applying for or holding a permit or license pursuant to

this section is subject to sections 3123.41 to 3123.50 of the Revised Code and any applicable rules adopted under section 3123.63 of the Revised Code and sections 3319.31 and 3319.311 of the Revised Code.

(C) Educational assistants shall at all times while in the performance of their duties be under the supervision and direction of a teacher as defined in section 3319.09 of the Revised Code. Educational assistants may assist a teacher to whom assigned in the supervision of pupils, in assisting with instructional tasks, and in the performance of duties which, in the judgment of the teacher to whom the assistant is assigned, may be performed by a person not licensed pursuant to sections 3319.22 to 3319.30 of the Revised Code and for which a teaching license, issued pursuant to sections 3319.22 to 3319.30 of the Revised Code is not required. The duties of an educational assistant shall not include the assignment of grades to pupils. The duties of an educational ~~assistants~~ assistant need not be performed in the physical presence of the teacher to whom assigned, but the activity of an educational assistant shall at all times be under the direction of the teacher to whom assigned. The assignment of an educational assistant need not be limited to assisting a single teacher. In the event an educational assistant is assigned to assist more than one teacher the assignments shall be clearly delineated and so arranged that the educational assistant shall never be subject to simultaneous supervision or direction by more than one teacher.

Educational assistants assigned to supervise children shall, when the teacher to whom assigned is not physically present, maintain the degree of control and discipline ~~which that~~ which would be maintained by the teacher, ~~but an educational assistant may not render corporal punishment.~~

Except when expressly permitted solely for the purposes of section 3317.029 of the Revised Code, educational assistants may not be used in place of classroom teachers or other employees and any payment of compensation by boards of education to educational assistants for such services is prohibited. The ratio between the number of licensed teachers and the pupils in a school district may not be decreased by utilization of educational assistants and no grouping, or other organization of pupils, for utilization of educational assistants shall be established which is inconsistent with sound educational practices and procedures. A school district may employ up to one full time equivalent educational assistant for each six full time equivalent licensed employees of the district. Educational assistants shall not be counted as licensed employees for purposes of state support in the school foundation program and no grouping or regrouping of pupils with educational assistants may be counted as a class or unit for school foundation program purposes. Neither special courses required by the regulations of the state board of education, prescribing minimum qualifications of education for an educational assistant, nor years of service as an educational assistant shall be counted in any way toward qualifying for a teacher license, for a teacher contract of any type, or for determining placement on a salary schedule in a school district as a teacher.

(D) Educational assistants employed by a board of education shall have all rights, benefits, and legal protection available to other nonteaching employees in the school district, except that provisions of Chapter 124. of the Revised Code shall not apply to any person employed as an educational assistant, and shall be members of the school employees retirement system. Educational assistants shall be compensated according to a salary plan adopted annually by the board.

Except as provided in this section nonteaching employees shall not serve as educational assistants without first obtaining an appropriate educational aide permit or educational paraprofessional license from the state board of education. A nonteaching employee who is the holder of a valid educational aide permit or educational paraprofessional license shall neither render nor be required to render services inconsistent with the type of services authorized by the permit or license held. No person shall receive compensation from a board of education for services rendered as an educational assistant in violation of this provision.

Nonteaching employees whose functions are solely secretarial-clerical and who do not perform any other duties as educational assistants, even though they assist a teacher and work under the direction of a teacher shall not be required to hold a permit or license issued pursuant to this section. Students preparing to become licensed teachers or educational assistants shall not be required to hold an educational aide permit or paraprofessional license for such periods of time as such students are assigned, as part of their training program, to work with a teacher in a school district. Such students shall not be compensated for such services.

Following the determination of the assignment and general job description of an educational assistant and subject to supervision by the teacher's immediate administrative officer, a teacher to whom an educational assistant is assigned shall make all final determinations of the duties to be assigned to such assistant. Teachers shall not be required to hold a license designated for being a supervisor or administrator in order to perform the necessary supervision of educational assistants.

(E) No person who is, or who has been employed as an educational assistant shall divulge, except to the teacher to whom assigned, or the administrator of the school in the absence of the teacher to whom assigned, or when required to testify in a court or proceedings, any personal information concerning any pupil in the school district which was obtained or obtainable by the educational assistant while so employed. Violation of this provision is grounds for disciplinary action or dismissal, or both."

"Per diem rate" means the per diem rate calculated pursuant to sections 5111.20 to 5111.33 of the Revised Code.

(B) This section applies to providers of ICFs/MR to which either of the following applies:

(E) If the mean total per diem rate for all ICFs/MR in this state for the period beginning August 1, 2009, and ending June 30, 2010, weighted by May 2009 Medicaid days and calculated as of August 1, 2009, exceeds \$278.15, the Department shall reduce, for the period beginning August 1, 2009, and ending June 30, 2010, the total per diem rate for each ICF/MR to which this section applies by a percentage that is equal to the percentage by which the mean total per diem rate exceeds \$278.15.

(G) If the United States Centers for Medicare and Medicaid Services requires that the franchise permit fee be reduced or eliminated, the Department of Job and Family Services shall reduce the amount it pays providers of ICF/MR services under this section as necessary to reflect the loss to the state of the revenue and federal financial participation generated from the franchise permit fee.

(H) The Department of Job and Family Services shall follow this section in determining the rate to be paid providers of ICF/MR services subject to this section notwithstanding anything to the contrary in sections 5111.20 to 5111.33 of the Revised Code.
