RESOLUTIONS REPORTED BY COMMITTEE

Am. S. J. R. No. 8-Senators Goodman, Hughes.

To amend Section 6 of Article XV of the Constitution of the State of Ohio to change the authorized location of the casino in central Ohio from Columbus to a designated site in Franklin County.

Be it resolved by the General Assembly of the State of Ohio, three-fifths of the members elected to each house concurring herein, that there shall be submitted to the electors of the state, in the manner prescribed by law at the special election to be held on May 4, 2010, a proposal to amend Section 6 of Article XV of the Constitution of the State of Ohio to read as follows:

ARTICLE XV

Section 6. Except as otherwise provided in this section, lotteries, and the sale of lottery tickets, for any purpose whatever, shall forever be prohibited in this State.

(A) The General Assembly may authorize an agency of the state to conduct lotteries, to sell rights to participate therein, and to award prizes by chance to participants, provided that the entire net proceeds of any such lottery are paid into a fund of the state treasury that shall consist solely of such proceeds and shall be used solely for the support of elementary, secondary, vocational, and special education programs as determined in appropriations made by the General Assembly.

(B) The General Assembly may authorize and regulate the operation of bingo to be conducted by charitable organizations for charitable purposes.

(C)(1) Casino gaming shall be authorized at four casino facilities (a single casino at a designated location within each of the cities of Cincinnati, Cleveland, ~~Columbus~~ and Toledo and within Franklin County) to create new funding for cities, counties, public school districts, law enforcement, the horse racing industry and job training for Ohio's workforce.

(2) A thirty-three percent tax shall be levied and collected by the state on all gross casino revenue received by each casino operator of these four casino facilities. In addition, casino operators, their operations, their owners, and their property shall be subject to all customary non-discriminatory fees, taxes, and other charges that are applied to, levied against, or otherwise imposed generally upon other Ohio businesses, their gross or net revenues, their operations, their owners, and their property. Except as otherwise provided in section 6(C), no other casino gaming-related state or local fees, taxes, or other charges (however measured, calculated, or otherwise derived) may be, directly or indirectly,

applied to, levied against, or otherwise imposed upon gross casino revenue, casino operators, their operations, their owners, or their property.

(3) The proceeds of the tax on gross casino revenue collected by the state shall be distributed as follows:

(a) Fifty-one percent of the tax on gross casino revenue shall be distributed among all eighty-eight counties in proportion to such counties' respective populations at the time of such distribution. If a county's most populated city, as of the 2000 United States census bureau census, had a population greater than 80,000, then fifty percent of that county's distribution will go to said city.

(b) Thirty-four percent of the tax on gross casino revenue shall be distributed among all eighty-eight counties in proportion to such counties' respective public school district student populations at the time of such distribution. Each such distribution received by a county shall be distributed among all public school districts located (in whole or in part) within such county in proportion to each school district's respective student population who are residents of such county at the time of such distribution to the school districts. Each public school district shall determine how its distributions are appropriated, but all distributions shall only be used to support primary and secondary education.

(c) Five percent of the tax on gross casino revenue shall be distributed to the host city where the casino facility that generated such gross casino revenue is located.

(d) Three percent of the tax on gross casino revenue shall be distributed to fund the Ohio casino control commission.

(e) Three percent of the tax on gross casino revenue shall be distributed to an Ohio state racing commission fund to support purses, breeding programs, and operations at all existing commercial horse racetracks permitted as of January 1, 2009. However, no funding under this division shall be distributed to operations of an Ohio commercial horse racetrack if an owner or operator of the racetrack holds a majority interest in an Ohio casino facility or in an Ohio casino license.

(f) Two percent of the tax on gross casino revenue shall be distributed to a state law enforcement training fund to enhance public safety by providing additional training opportunities to the law enforcement community.

(g) Two percent of the tax on gross casino revenue shall be distributed to a state problem gambling and addictions fund which shall be used for the treatment of problem gambling and substance abuse, and related research.

Tax collection, and distributions to public school districts and local governments, under sections 6(C)(2) and (3), are intended to supplement, not supplant, any funding obligations of the state. Accordingly, all such distributions shall be disregarded for purposes of determining whether funding obligations

imposed by other sections of this Constitution are met.

(4) There is hereby created the Ohio casino control commission which shall license and regulate casino operators, management companies retained by such casino operators, key employees of such casino operators and such management companies, gaming-related vendors, and all gaming authorized by section 6(C), to ensure the integrity of casino gaming.

Said commission shall determine all voting issues by majority vote and shall consist of seven members appointed by the governor with the advice and consent of the senate. Each member of the commission must be a resident of Ohio. At least one member of the commission must be experienced in law enforcement and criminal investigation. At least one member of the commission must be a certified public accountant experienced in accounting and auditing. At least one member of the commission must be an attorney admitted to the practice of law in Ohio. At least one member of the commission must be a resident of a county where one of the casino facilities is located. Not more than four members may be affiliated with the same political party. No commission member may have any affiliation with an Ohio casino operator or facility.

Said commission shall require each initial licensed casino operator of each of the four casino facilities to pay an upfront license fee of fifty million dollars (\$50,000,000) per casino facility for the benefit of the state, for a total of two hundred million dollars (\$200,000,000). The upfront license fee shall be used to fund state economic development programs which support regional job training efforts to equip Ohio's workforce with additional skills to grow the economy.

To carry out the tax provisions of section 6(C), and in addition to any other enforcement powers provided under Ohio law, the tax commissioner of the State and the Ohio casino control commission, or any person employed by the tax commissioner or said commission for that purpose, upon demand, may inspect books, accounts, records, and memoranda of any person subject to such provisions, and may examine under oath any officer, agent, or employee of that person.

(5) Each initial licensed casino operator of each of the four casino facilities shall make an initial investment of at least two hundred fifty million dollars (\$250,000,000) for the development of each casino facility for a total minimum investment of one billion dollars (\$1,000,000,000) statewide. A casino operator: (a) may not hold a majority interest in more than two of the four licenses allocated to the casino facilities at any one time; and (b) may not hold a majority interest in more than two of the four casino facilities at any one time.

(6) Casino gaming authorized in section 6(C) shall be conducted only by licensed casino operators of the four casino facilities or by licensed management companies retained by such casino operators. At the discretion of each licensed casino operator of a casino facility: (a) casino gaming may be conducted twenty-four hours each day; and (b) a maximum of five thousand slot machines

may be operated at such casino facility.

(7) Each of the four casino facilities shall be subject to all applicable state laws and local ordinances related to health and building codes, or any related requirements and provisions. Notwithstanding the foregoing, no local zoning, land use laws, subdivision regulations or similar provisions shall prohibit the development or operation of the four casino facilities set forth herein, provided that no casino facility shall be located in a district zoned exclusively residential as of January 1, 2009.

(8) Notwithstanding any provision of the Constitution, statutes of Ohio, or a local charter and ordinance, only one casino facility shall be operated in each of the cities of Cleveland, ~~Columbus~~, Cincinnati, and Toledo, and in Franklin County.

(9) For purposes of this section 6(C), the following definitions shall be applied:

"Casino gaming" means any type of slot machine or table game wagering, using money, casino credit, or any representative of value, authorized in any of the states of Indiana, Michigan, Pennsylvania and West Virginia as of January 1, 2009, and shall include slot machine and table game wagering subsequently authorized by, but shall not be limited by subsequent restrictions placed on such wagering in, such states. Notwithstanding the aforementioned definition, "casino gaming" does not include bingo, as authorized in article XV, section 6 of the Ohio Constitution and conducted as of January 1, 2009, or horse racing where the pari-mutuel system of wagering is conducted, as authorized

under the laws of Ohio as of January 1, 2009.

"Casino operator" means any person, trust, corporation, partnership, limited partnership, association, limited liability company or other business enterprise that directly holds an ownership or leasehold interest in a casino facility. "Casino operator" does not include an agency of the state, any political subdivision of the state, or any person, trust, corporation, partnership, limited partnership, association, limited liability company or other business enterprise that may have an interest in a casino facility, but who is legally or contractually restricted from conducting casino gaming.

"Gross casino revenue" means the total amount of money exchanged for the purchase of chips, tokens, tickets, electronic cards, or similar objects by casino patrons, less winnings paid to wagerers.

"Majority interest" in a license or in a casino facility (as the case may be) means beneficial ownership of more than fifty percent (50%) of the total fair market value of such license or casino facility (as the case may be). For purposes of the foregoing, whether a majority interest is held in a license or in a casino facility (as the case may be) shall be determined in accordance with the rules for constructive ownership of stock provided in Treas. Reg. § 1.409A-3(i)(5)(iii) as in effect on January 1, 2009.

"Slot machines" shall include any mechanical, electrical, or other device or machine which, upon insertion of a coin, token, ticket, or similar object, or upon payment of any consideration, is available to play or operate, the play or operation of which, whether by reason of the skill of the operator or application of the element of chance, or both, makes individual prize determinations for individual participants in cash, premiums, merchandise, tokens, or any thing of value, whether the payoff is made automatically from the machine or in any other manner.

"Table game" means any game played with cards, dice, or any mechanical, electromechanical, or electronic device or machine for money, casino credit, or any representative of value.

(10) The General Assembly shall pass laws within six months of the effective date of section 6(C) to facilitate the operation of section 6(C).

(11) Each provision of section 6(C) is intended to be independent and severable, and if any provision of section 6(C) is held to be invalid, either on its face or as applied to any person or circumstance, the remaining provisions of section 6(C), and the application thereof to any person or circumstance other than those to which it is held invalid, shall not be affected thereby. In any case of a conflict between any provision of section 6(C) and any other provision contained in this Constitution, the provisions of section 6(C) shall control.

(12) Notwithstanding the provisions of section 6(C)(11), nothing in this section 6(C) (including, without limitation, the provisions of sections 6(C)(6) and 6(C)(8)) shall restrict or in any way limit lotteries authorized under section

6(A) of this article or bingo authorized under section 6(B) of this article. The provisions of this section 6(C) shall have no effect upon activities authorized under sections 6(A) and/or (6)(B) of this article.

EFFECTIVE DATE AND REPEAL

If adopted by a majority of the electors voting on this proposal, the amendment takes immediate effect, and existing Section 6 of Article XV of the Constitution of the State of Ohio is repealed from that effective date.

Proposing to amend Section 2p of Article VIII of the Constitution of the State of Ohio to permit the issuance of additional general obligation bonds to fund research and development and public infrastructure capital improvements.

Be it resolved by the General Assembly of the State of Ohio, three-fifths of the members elected to each house concurring herein, that there shall be submitted to the electors of the state, in the manner prescribed by law at the special election to be held on May 4, 2010, a proposal to amend Section 2p of Article VIII of the Constitution of the State of Ohio to read as follows:

ARTICLE VIII

Section 2p. (A) It is determined and confirmed that the development purposes referred to in this division, and provisions for them, are proper public purposes of the state and local governmental entities and are necessary and appropriate means to create and preserve jobs and enhance employment and educational opportunities; to improve the quality of life and the general and economic well-being of all the people and businesses in all areas of this state, including economically disadvantaged businesses and individuals; and to preserve and expand the public capital infrastructure; all to better ensure the public health, safety, and welfare. Those purposes are:

(1) Public infrastructure capital improvements, which shall be limited to roads and bridges, waste water treatment systems, water supply systems, solid waste disposal facilities, and storm water and sanitary collection, storage, and treatment facilities, including real property, interests in real property, facilities, and equipment related to or incidental thereto, and shall include, without limitation, the cost of acquisition, construction, reconstruction, expansion, improvement, planning, and equipping;

(2) Research and development in support of Ohio industry, commerce, and business (hereinafter referred to as "research and development purposes"), which shall include, without limitation, research and product innovation, development, and commercialization through efforts by and collaboration among Ohio business and industry, state and local public entities and agencies, public and private education institutions, or research organizations and institutions, all as may be further provided for by state or local law, but excluding purposes

provided for in Section 15 of Article VIII, Ohio Constitution; and

(3) Development of sites and facilities in Ohio for and in support of industry, commerce, distribution, and research and development purposes.

(B) The General Assembly may provide by law, in accordance with but subject to the limitations of this section, for the issuance of general obligation bonds and other obligations of the state for the purpose of financing or assisting in the financing of the cost of projects implementing those purposes.

(1) Not more than one billion ~~three~~ four hundred fifty million dollars principal amount of state general obligations may be issued under this section for public infrastructure capital improvements. Not more than one hundred twenty million dollars principal amount of those obligations may be issued in each of the first five fiscal years of issuance, not more than two hundred million dollars principal amount of those obligations may be issued in each of the next two fiscal years of issuance, and not more than one hundred fifty million dollars principal amount of those obligations may be issued in each of the next ~~five~~ three fiscal years of issuance, plus in each case the principal amount of those obligations that in any prior fiscal year could have been but were not issued within those fiscal year limits. No infrastructure obligations may be issued pursuant to this division and division (C) of this section until at least one billion one hundred ninety-nine million five hundred thousand dollars aggregate principal amount of state infrastructure obligations have been issued pursuant to Section 2m of Article VIII, Ohio Constitution.

(2) Not more than ~~five hundred million~~ one billion dollars principal amount of state general obligations may be issued under this section for research and development purposes. Not more than one hundred million dollars principal amount of those obligations may be issued in each of the first three fiscal years of issuance, ~~and~~ not more than fifty million dollars principal amount of those obligations may be issued in each of the next three fiscal years of issuance, not more than one hundred seventy-five million dollars principal amount of those obligations may be issued in the next fiscal year of issuance, and not more than one hundred twenty-five million dollars principal amount of those obligations may be issued in any other fiscal year, plus in each case the principal amount of those obligations that in any prior fiscal year could have been but were not issued.

(3) Not more than one hundred fifty million dollars principal amount of state general obligations may be issued under this section for development of sites and facilities for industry, commerce, distribution, and research and development purposes. Not more than thirty million dollars principal amount of those obligations may be issued in each of the first three fiscal years of issuance, and not more than fifteen million dollars principal amount of those obligations may be issued in any other fiscal year, plus in each case the principal amount of those obligations that in any prior fiscal year could have been but were not issued.

(C) Each issue of state general obligations for public infrastructure capital improvements or development of sites and facilities shall mature in not more than thirty years from the date of issuance, and each issue of state general obligations for research and development purposes shall mature in not more than twenty years from the date of issuance; or, if issued to retire or refund other obligations, within that number of years from the date the debt being retired or refunded was originally issued. If state general obligations are issued as notes in anticipation of the issuance of bonds, provision shall be made by law for the establishment and maintenance, during the period in which the notes are outstanding, of a special fund or funds into which shall be paid, from the sources authorized for the payment of such bonds, the amount that would have been sufficient, if bonds maturing during the permitted period of years had been issued without such prior issuance of notes, to pay the principal that would have been payable on such bonds during such period. Such fund or funds shall be used solely for the payment of principal of such notes or bonds in anticipation of which such notes have been issued. Notwithstanding anything to the contrary in Section 2k or 2m of Article VIII, obligations issued under this section or Section 2k or 2m to retire or refund obligations previously issued under this section or Section 2k or 2m shall not be counted against the fiscal year or total issuance limitations provided in this section or Section 2k or 2m, as applicable.

The obligations issued under this division and division (B) of this section are general obligations of the state. The full faith and credit, revenue, and taxing power of the state shall be pledged to the payment of the principal of and premium and interest and other accreted amounts on outstanding obligations as they become due (hereinafter called debt service), and bond retirement fund provisions shall be made for payment of that debt service. Provision shall be made by law for the sufficiency and appropriation, for purposes of paying debt service, of excises, taxes, and revenues so pledged or committed to debt service, and for covenants to continue the levy, collection, and application of sufficient excises, taxes, and revenues to the extent needed for that purpose. Notwithstanding Section 22 of Article II, Ohio Constitution, no further act of appropriation shall be necessary for that purpose. The obligations and the provision for the payment of debt service, and repayment by governmental entities of any loans made under this section, are not subject to Sections 5, 6, and 11 of Article XII, Ohio Constitution. Moneys referred to in Section 5a of Article XII, Ohio Constitution may not be pledged or used for the payment of that debt service. Debt service on obligations issued for research and development purposes and for development of sites and facilities shall not be included in the calculation of total debt service for purposes of division (A) of Section 17 of Article VIII, Ohio Constitution.

(D)(1) The state may participate in any public infrastructure capital improvement under this section with municipal corporations, counties, townships, or other governmental entities as designated by law, or any one or more of them. Such participation may be by grants, loans, or contributions to them for any such capital improvements. The entire proceeds of the

infrastructure obligations shall be used for public infrastructure capital improvements of municipal corporations, counties, townships, and other governmental entities, except to the extent that the General Assembly provides by law that the state may reasonably be compensated from such moneys for planning, financial management, or administrative services performed in relation to the issuance of infrastructure obligations.

(2) (a) Implementation of the research and development purposes includes supporting any and all related matters and activities, including: attracting researchers and research teams by endowing research chairs or otherwise; activities to develop and commercialize products and processes; intellectual property matters such as copyrights and patents; property interests, including time sharing arrangements; and financial rights and matters such as royalties, licensing, and other financial gain or sharing resulting from research and development purposes. State and local public moneys, including the proceeds of bonds, notes, and other obligations, may be used to pay costs of or in support of or related to these research and development purposes, including, without limitation, capital formation, direct operating costs, costs of research and facilities, including interests in real property therefor, and support for public and private institutions of higher education, research organizations or institutions, and private sector entities. The exercise of these powers by the state and state agencies, including state-supported and state-assisted institutions of higher education, and local public entities and agencies, may be jointly or in coordination with each other, with researchers or research organizations and institutions, with private institutions of higher education, with individuals, or with private sector entities. State and local public participation may be in such manner as the entity or agency determines, including by any one or a combination of grants, loans including loans to lenders or the purchase of loans, subsidies, contributions, advances, or guarantees, or by direct investments of or payment or reimbursement from available moneys, or by providing staffing or other support, including computer or other technology capacity, or equipment or facilities, including interests in real property therefor, and either alone or jointly, in collaborative or cooperative ventures, with other public agencies and private sector entities including not for profit entities. In addition to other state-level monetary participation as referred to in this section or otherwise, state-supported and state-assisted institutions of higher education may, as authorized from time to time by the General Assembly, issue obligations to pay costs of participating in and implementing research and development purposes. In addition to the other obligations authorized in or pursuant to this section, the General Assembly also may authorize the state and state agencies and local public entities and agencies, and corporations not for profit designated by any of them as such agencies or instrumentalities, to issue obligations to borrow and loan or otherwise provide moneys for research and development purposes, including, but not limited to, obligations for which moneys raised by taxation shall not be obligated or pledged for the payment of debt service and which are therefore not subject to Sections 5, 6, and 11 of Article XII, Ohio Constitution.

(b) Implementation of the research and development purposes shall include utilization of independent reviewers to review the merits of proposed research and development projects and to make recommendations concerning which proposed projects should be awarded support from the proceeds of the sale of obligations under this section. Prior to the utilization of an independent reviewer, the state agency proposing to award the support for a project shall provide the name and other descriptive information regarding the independent reviewer to the Governor, the President and Minority Leader of the Senate, and the Speaker and Minority Leader of the House of Representatives. If the recommendations of an independent reviewer with respect to a proposed project are not adopted by the state agency proposing to award the support for the project, the agency shall notify the Governor, the President and Minority Leader of the Senate, and the Speaker and Minority Leader of the House of Representatives of that fact and explain the reasons for not adopting the recommendations.

(c) From the proceeds of the sale of obligations issued under this section in fiscal year 2012 or thereafter for research and development purposes, no amount of money may be awarded, promised, or otherwise committed for any proposed research and development project prior to the beginning of fiscal year 2012.

(3) Development of sites and facilities for and in support of industry, commerce, distribution, and research and development purposes includes acquisition of real estate and interests in real estate, site preparation including any necessary remediation and cleanup, constructing and improving facilities, and providing public infrastructure capital improvements and other transportation and communications infrastructure improvements for and in support of the use of those sites and facilities for those purposes. State and local public moneys, including the proceeds of bonds, notes, and other obligations, may be used to pay costs of those purposes. The exercise of these powers by the state and state agencies and local public entities and agencies, may be jointly or in coordination with each other, and with individuals or private sector business entities. State and local public participation may be in such manner as the entity or agency determines, including by any one or a combination of grants, loans including loans to lenders or the purchase of loans, subsidies, contributions, advances, or guarantees, or by direct investments of or payment or reimbursement from available moneys. In addition to other state-level monetary participation as referred to in this section or otherwise, state-supported and state-assisted institutions of higher education, and local public entities and agencies may, as authorized from time to time by the General Assembly, issue obligations to pay costs of participating in and implementing the development of sites and facilities.

(E) Obligations issued under authority of this section for research and development purposes and site and facility development purposes, provisions for the payment of debt service on them, the purposes and uses to which and the manner in which the proceeds of those obligations or moneys from other sources

are to or may be applied, and other implementation of those development purposes as referred to in this section, are not subject to Sections 4 and 6 of Article VIII, Ohio Constitution. Obligations issued under authority of this section, the transfer thereof, and the interest, interest equivalent, and other income and accreted amounts therefrom, including any profit made on the sale, exchange, or other disposition thereof, shall at all times be free from taxation within the state.

(F) This section shall otherwise be implemented in the manner and to the extent provided by law by the General Assembly, including provision for the procedure for incurring and issuing obligations, separately or in combination with other obligations, and refunding, retiring, and evidencing obligations; provision for ensuring the accountability of all state funding provided for the development purposes referred to in division (A) of this section; provision for restricting or limiting the taking of private property under Section 19 of Article I for disposition to private sector entities for the purposes identified in divisions (A)(2) and (3) of this section or restricting the disposition of that property to private sector entities or individuals; and provision for the implementation of the development purposes referred to in division (A) of this section to benefit people and businesses otherwise qualified for receipt of funding for the development purposes referred to in division (A) of this section, including economically disadvantaged businesses and individuals in all areas of this state, including by the use to the extent practicable of Ohio products, materials, services, and labor.

(G) The powers and authority granted or confirmed by and under, and the determinations in, this section are independent of, in addition to, and not in derogation of or a limitation on, powers, authority, determinations, or confirmations under laws or under other provisions of the Ohio Constitution including, without limitation, Section 7 of Article I, Section 5 of Article VI, Sections 2i, 2n, 2o, 13, and 15 of Article VIII, Article X, and Section 3 of Article XVIII, and do not impair any previously adopted provisions of the Ohio Constitution or any law previously enacted by the General Assembly or by a local public agency.

EFFECTIVE DATE AND REPEAL

If adopted by a majority of the electors voting on this proposal, the proposal shall take effect immediately, and existing Section 2p of Article VIII of the Constitution of the State of Ohio shall be repealed from that effective date.
