Having received a constitutional majority, the emergency clause stood as part of the bill.

The question being, "Shall the bill pass as an emergency measure?"

Representative Butler moved to amend as follows:

In line 58, delete the first "and"; after "2950.01" insert ", and 2951.041"

Between lines 2301 and 2302, insert:

**"Sec. 2951.041.** (A)(1) If an offender is charged with a criminal offense, including but not limited to a violation of section 2913.02, 2913.03, 2913.11, 2913.21, 2913.31, or 2919.21 of the Revised Code, and the court has reason to believe that drug or alcohol usage by the offender was a factor leading to the criminal offense with which the offender is charged or that, at the time of committing that offense, the offender had a mental illness ~~or~~ was a person with intellectual disability, or was a victim of a violation of section 2905.32 of the Revised Code and that the mental illness ~~or~~ status as a person with intellectual disability, or fact that the offender was a victim of a violation of section 2905.32 of the Revised Code was a factor leading to the offender's criminal behavior, the court may accept, prior to the entry of a guilty plea, the offender's request for intervention in lieu of conviction. The request shall include a statement from the offender as to whether the offender is alleging that drug or alcohol usage by the offender was a factor leading to the criminal offense with which the offender is charged or is alleging that, at the time of committing that offense, the offender had a mental illness ~~or~~ was a person with intellectual disability, or was a victim of a violation of section 2905.32 of the Revised Code and that the mental illness ~~or~~ status as a person with intellectual disability, or fact that the offender was a victim of a violation of section 2905.32 of the Revised Code was a factor leading to the criminal offense with which the offender is charged. The request also shall include a waiver of the defendant's right to a speedy trial, the preliminary hearing, the time period within which the grand jury may consider an indictment against the offender, and arraignment, unless the hearing, indictment, or arraignment has already occurred. The court may reject an offender's request without a hearing. If the court elects to consider an offender's request, the court shall conduct a hearing to determine whether the offender is eligible under this section for intervention in lieu of conviction and shall stay all criminal proceedings pending the outcome of the hearing. If the court schedules a hearing, the court shall order an assessment of the offender for the purpose of determining the offender's eligibility for intervention in lieu of conviction and recommending an appropriate intervention plan.

If the offender alleges that drug or alcohol usage by the offender was a factor leading to the criminal offense with which the offender is charged, the court may order that the offender be assessed by a program certified pursuant to section 3793.06 of the Revised Code or a properly credentialed professional for the purpose of determining the offender's eligibility for intervention in lieu of

conviction and recommending an appropriate intervention plan. The program or the properly credentialed professional shall provide a written assessment of the offender to the court.

(2) The victim notification provisions of division (C) of section 2930.08 of the Revised Code apply in relation to any hearing held under division (A)(1) of this section.

(B) An offender is eligible for intervention in lieu of conviction if the court finds all of the following:

(1) The offender previously has not been convicted of or pleaded guilty to a felony offense of violence or previously has been convicted of or pleaded guilty to any felony that is not an offense of violence and the prosecuting attorney recommends that the offender be found eligible for participation in intervention in lieu of treatment under this section, previously has not been through intervention in lieu of conviction under this section or any similar regimen, and is charged with a felony for which the court, upon conviction, would impose a community control sanction on the offender under division (B)(2) of section 2929.13 of the Revised Code or with a misdemeanor.

(2) The offense is not a felony of the first, second, or third degree, is not an offense of violence, is not a violation of division (A)(1) or (2) of section 2903.06 of the Revised Code, is not a violation of division (A)(1) of section 2903.08 of the Revised Code, is not a violation of division (A) of section 4511.19 of the Revised Code or a municipal ordinance that is substantially similar to that division, and is not an offense for which a sentencing court is required to impose a mandatory prison term, a mandatory term of local incarceration, or a mandatory term of imprisonment in a jail.

(3) The offender is not charged with a violation of section 2925.02, 2925.04, or 2925.06 of the Revised Code, is not charged with a violation of section 2925.03 of the Revised Code that is a felony of the first, second, third, or fourth degree, and is not charged with a violation of section 2925.11 of the Revised Code that is a felony of the first, second, or third degree.

(4) If an offender alleges that drug or alcohol usage by the offender was a factor leading to the criminal offense with which the offender is charged, the court has ordered that the offender be assessed by a program certified pursuant to section 3793.06 of the Revised Code or a properly credentialed professional for the purpose of determining the offender's eligibility for intervention in lieu of conviction and recommending an appropriate intervention plan, the offender has been assessed by a program of that nature or a properly credentialed professional in accordance with the court's order, and the program or properly credentialed professional has filed the written assessment of the offender with the court.

(5) If an offender alleges that, at the time of committing the criminal offense with which the offender is charged, the offender had a mental illness ~~or~~ , was a person with intellectual disability , or was a victim of a violation of section 2905.32 of the Revised Code and that the mental illness ~~or~~ , status as a person

with intellectual disability, or fact that the offender was a victim of a violation of section 2905.32 of the Revised Code was a factor leading to that offense, the offender has been assessed by a psychiatrist, psychologist, independent social worker, or professional clinical counselor for the purpose of determining the offender's eligibility for intervention in lieu of conviction and recommending an appropriate intervention plan.

(6) The offender's drug usage, alcohol usage, mental illness, or intellectual disability, or the fact that the offender was a victim of a violation of section 2905.32 of the Revised Code, whichever is applicable, was a factor leading to the criminal offense with which the offender is charged, intervention in lieu of conviction would not demean the seriousness of the offense, and intervention would substantially reduce the likelihood of any future criminal activity.

(7) The alleged victim of the offense was not sixty-five years of age or older, permanently and totally disabled, under thirteen years of age, or a peace officer engaged in the officer's official duties at the time of the alleged offense.

(8) If the offender is charged with a violation of section 2925.24 of the Revised Code, the alleged violation did not result in physical harm to any person, and the offender previously has not been treated for drug abuse.

(9) The offender is willing to comply with all terms and conditions imposed by the court pursuant to division (D) of this section.

(10) The offender is not charged with an offense that would result in the offender being disqualified under Chapter 4506. of the Revised Code from operating a commercial motor vehicle or would subject the offender to any other sanction under that chapter.

(C) At the conclusion of a hearing held pursuant to division (A) of this section, the court shall enter its determination as to whether the offender is eligible for intervention in lieu of conviction and as to whether to grant the offender's request. If the court finds under division (B) of this section that the offender is eligible for intervention in lieu of conviction and grants the offender's request, the court shall accept the offender's plea of guilty and waiver of the defendant's right to a speedy trial, the preliminary hearing, the time period within which the grand jury may consider an indictment against the offender, and arraignment, unless the hearing, indictment, or arraignment has already occurred. In addition, the court then may stay all criminal proceedings and order the offender to comply with all terms and conditions imposed by the court pursuant to division (D) of this section. If the court finds that the offender is not eligible or does not grant the offender's request, the criminal proceedings against the offender shall proceed as if the offender's request for intervention in lieu of conviction had not been made.

(D) If the court grants an offender's request for intervention in lieu of conviction, the court shall place the offender under the general control and supervision of the county probation department, the adult parole authority, or

another appropriate local probation or court services agency, if one exists, as if the offender was subject to a community control sanction imposed under section 2929.15, 2929.18, or 2929.25 of the Revised Code. The court shall establish an intervention plan for the offender. The terms and conditions of the intervention plan shall require the offender, for at least one year from the date on which the court grants the order of intervention in lieu of conviction, to abstain from the use of illegal drugs and alcohol, to participate in treatment and recovery support services, and to submit to regular random testing for drug and alcohol use and may include any other treatment terms and conditions, or terms and conditions similar to community control sanctions, which may include community service or restitution, that are ordered by the court.

(E) If the court grants an offender's request for intervention in lieu of conviction and the court finds that the offender has successfully completed the intervention plan for the offender, including the requirement that the offender abstain from using illegal drugs and alcohol for a period of at least one year from the date on which the court granted the order of intervention in lieu of conviction, the requirement that the offender participate in treatment and recovery support services, and all other terms and conditions ordered by the court, the court shall dismiss the proceedings against the offender. Successful completion of the intervention plan and period of abstinence under this section shall be without adjudication of guilt and is not a criminal conviction for purposes of any disqualification or disability imposed by law and upon conviction of a crime, and the court may order the sealing of records related to the offense in question in the manner provided in sections 2953.31 to 2953.36 of the Revised Code.

(F) If the court grants an offender's request for intervention in lieu of conviction and the offender fails to comply with any term or condition imposed as part of the intervention plan for the offender, the supervising authority for the offender promptly shall advise the court of this failure, and the court shall hold a hearing to determine whether the offender failed to comply with any term or condition imposed as part of the plan. If the court determines that the offender has failed to comply with any of those terms and conditions, it shall enter a finding of guilty and shall impose an appropriate sanction under Chapter 2929. of the Revised Code. If the court sentences the offender to a prison term, the court, after consulting with the department of rehabilitation and correction regarding the availability of services, may order continued court-supervised activity and treatment of the offender during the prison term and, upon consideration of reports received from the department concerning the offender's progress in the program of activity and treatment, may consider judicial release under section 2929.20 of the Revised Code.

(G) As used in this section:

(1) "Community control sanction" has the same meaning as in section 2929.01 of the Revised Code.

(2) "Intervention in lieu of conviction" means any court-supervised

activity that complies with this section.

(3) "Peace officer" has the same meaning as in section 2935.01 of the Revised Code.

(4) "Mental illness" and "psychiatrist" have the same meanings as in section 5122.01 of the Revised Code.

(5) "Person with intellectual disability" means a person having significantly subaverage general intellectual functioning existing concurrently with deficiencies in adaptive behavior, manifested during the developmental period.

(6) "Psychologist" has the same meaning as in section 4732.01 of the Revised Code.

(H) Whenever the term "mentally retarded person" is used in any statute, rule, contract, grant, or other document, the reference shall be deemed to include a "person with intellectual disability," as defined in this section."

In line 2304, delete "and"; after "2950.01" insert ", and 2951.041"

In line 4 of the title, delete the first "and"; after "2950.01" insert ", and 2951.041"

In line 54 of the title, after the comma insert "to allow a victim of trafficking in persons to be eligible for intervention in lieu of conviction,"
