(a) The state board shall ensure that the standards do all of the following:

(ii) Include the development of skill sets that promote information, media, and technological literacy;

(iii) Include interdisciplinary, project-based, real-world learning opportunities;

(iv) Instill life-long learning by providing essential knowledge and skills based in the liberal arts tradition, as well as science, technology, engineering, mathematics, and career-technical education;

The state board shall revise the model curricula and achievement assessments adopted under divisions (B) and (C) of this section as necessary to reflect the additional American history and American government content. The state board shall make available a list of suggested grade-appropriate supplemental readings that place the documents prescribed by this division in their historical context, which teachers may use as a resource to assist students in reading the documents within that context.

(c) When the state board adopts or revises academic content standards in social studies, American history, American government, or science under division (A)(1) of this section, the state board shall develop such standards independently and not as part of a multistate consortium.

(2) After completing the standards required by division (A)(1) of this section, the state board shall adopt standards and model curricula for instruction in technology, financial literacy and entrepreneurship, fine arts, and foreign language for grades kindergarten through twelve. The standards shall meet the same requirements prescribed in division (A)(1)(a) of this section.

(D)(1) The state board shall adopt a diagnostic assessment aligned with the academic standards and model curriculum for each of grades kindergarten through two in reading, writing, and mathematics and for grade three in reading and writing. The diagnostic assessment shall be designed to measure student comprehension of academic content and mastery of related skills for the relevant subject area and grade level. Any diagnostic assessment shall not include components to identify gifted students. Blank copies of diagnostic assessments shall be public records.

(2) When each diagnostic assessment has been completed, the state board shall inform all school districts of its completion and the department shall make the diagnostic assessment available to the districts at no cost to the district. School districts shall administer the diagnostic assessment pursuant to section 3301.0715 of the Revised Code beginning the first school year following the development of the assessment.

(E) The state board shall not adopt a diagnostic or achievement assessment for any grade level or subject area other than those specified in this section.

1702. of the Revised Code to establish a thoroughbred horsemen's health and retirement fund and a corporation may be formed pursuant to Chapter 1702. of the Revised Code to establish a harness horsemen's health and retirement fund to be administered for the benefit of horsemen. As used in this section, "horsemen" includes any person involved in the owning, breeding, training, grooming, or racing of horses which race in Ohio, except for the owners or managers of race tracks. For purposes of the thoroughbred horsemen's health and retirement fund, "horsemen" also does not include trainers and grooms who are not members of the thoroughbred horsemen's organization in this state. No more than one corporation to establish a thoroughbred horsemen's health and retirement fund and no more than one corporation to establish a harness horsemen's health and retirement fund may be established in Ohio pursuant to this section. The trustees of the corporation formed to establish a thoroughbred horsemen's health and retirement fund shall have the discretion to determine which horsemen shall benefit from such fund.

(B) The articles of incorporation of both of the corporations described in division (A) of this section shall provide for at least the following:

(1) The corporation shall be governed by, and the health and retirement fund shall be administered by, a board of three trustees appointed pursuant to division (C) of this section for staggered three-year terms.

(2) The board of trustees shall adopt and administer a plan to provide health benefits, retirement benefits, or both to either thoroughbred or harness horsemen.

(3) The sum paid to the corporation pursuant to division (G) or (H) of section 3769.08 of the Revised Code and the video lottery terminal revenue paid to the corporation pursuant to section 3769.087 of the Revised Code shall be used exclusively to establish and administer the health and retirement fund, and to finance benefits paid to horsemen pursuant to the plan adopted under division (B)(2) of this section.

(4) The articles of incorporation and code of regulations of the corporation may be amended at any time by the board of trustees pursuant to the method set forth in the articles of incorporation and code of regulations, except that no amendment shall be adopted which is inconsistent with this section.

(C) Within sixty days after the formation of each of the corporations described in division (A) of this section, the state racing commission shall appoint the members of the board of trustees of that corporation. Vacancies shall be filled by the state racing commission in the same manner as initial appointments. Each trustee of the thoroughbred horsemen's health and retirement fund appointed by the commission shall be active as a thoroughbred horseman while serving a term as a trustee and shall have been active as a thoroughbred horseman for at least five years immediately prior to the commencement of any such term. Each trustee of the harness horsemen's health and retirement fund appointed by the commission shall be active as a harness horseman while serving a term as a trustee and shall have been active as a harness horseman for

at least five years immediately prior to the commencement of any such term. The incorporators of either such corporation may serve as initial trustees until the state racing commission acts pursuant to this section to make these appointments.

(D) The intent of the general assembly in enacting this section pursuant to Amended House Bill No. 639 of the 115th general assembly was to fulfill a legitimate government responsibility in a manner that would be more cost efficient and effective than direct state agency administration by permitting nonprofit corporations to be formed to establish health and retirement funds for the benefit of harness and thoroughbred horsemen, as it was determined that such persons were in need of such benefits."

- (d) An individual who otherwise is an employee of an employer but who signs the waiver and affidavit specified in section 4123.15 of the Revised Code on the condition that the administrator has granted a waiver and exception to the individual's employer under section 4123.15 of the Revised Code.

Any employer may elect to include as an "employee" within this chapter, any person excluded from the definition of "employee" pursuant to division (A)(2) of this section. If an employer is a partnership, sole proprietorship, individual incorporated as a corporation, or family farm corporation, such employer may elect to include as an "employee" within this chapter, any member of such partnership, the owner of the sole proprietorship, the individual incorporated as a corporation, or the officers of the family farm corporation. In the event of an election, the employer shall serve upon the bureau of workers' compensation written notice naming the persons to be covered, include such employee's remuneration for premium purposes in all future payroll reports, and no person excluded from the definition of "employee" pursuant to division (A)(2) of this section, proprietor, individual incorporated as a corporation, or partner shall be deemed an employee within this division until the employer has served such notice.

For informational purposes only, the bureau shall prescribe such language as it considers appropriate, on such of its forms as it considers appropriate, to advise employers of their right to elect to include as an "employee" within this chapter a sole proprietor, any member of a partnership, an individual incorporated as a corporation, the officers of a family farm corporation, or a person excluded from the definition of "employee" under division (A)(2) of this section, that they should check any health and disability insurance policy, or other form of health and disability plan or contract, presently covering them, or the purchase of which they may be considering, to determine whether such policy, plan, or contract excludes benefits for illness or injury that they might have elected to have covered by workers' compensation.

(B) "Employer" means:

- (1) The state, including state hospitals, each county, municipal corporation, township, school district, and hospital owned by a political subdivision or subdivisions other than the state;

(b) is bound by any such contract of hire or by any other written contract, to pay into the insurance fund the premiums provided by this chapter.

All such employers are subject to this chapter. Any member of a firm or association, who regularly performs manual labor in or about a mine, factory, or other establishment, including a household establishment, shall be considered an employee in determining whether such person, firm, or private corporation, or public service corporation, has in its service, one or more employees and the employer shall report the income derived from such labor to the bureau as part of the payroll of such employer, and such member shall thereupon be entitled to all the benefits of an employee.

(3) Injury or disability incurred in voluntary participation in an employer-sponsored recreation or fitness activity if the employee signs a waiver of the employee's right to compensation or benefits under this chapter prior to engaging in the recreation or fitness activity;

(4) A condition that pre-existed an injury unless that pre-existing condition is substantially aggravated by the injury. Such a substantial aggravation must be documented by objective diagnostic findings, objective clinical findings, or objective test results. Subjective complaints may be evidence of such a substantial aggravation. However, subjective complaints without objective diagnostic findings, objective clinical findings, or objective test results are insufficient to substantiate a substantial aggravation.

(D) "Child" includes a posthumous child and a child legally adopted prior to the injury.

(E) "Family farm corporation" means a corporation founded for the purpose of farming agricultural land in which the majority of the voting stock is held by and the majority of the stockholders are persons or the spouse of persons

A family farm corporation does not cease to qualify under this division where, by reason of any devise, bequest, or the operation of the laws of descent or distribution, the ownership of shares of voting stock is transferred to another person, as long as that person is within the degree of kinship stipulated in this division.

(F) "Occupational disease" means a disease contracted in the course of employment, which by its causes and the characteristics of its manifestation or the condition of the employment results in a hazard which distinguishes the employment in character from employment generally, and the employment creates a risk of contracting the disease in greater degree and in a different manner from the public in general.

Penetration, however slight, is sufficient to complete vaginal or anal intercourse.

(2) As long as injuries have not been purposely self-inflicted, the bureau shall disburse the surplus fund created under section 4123.34 of the Revised Code to off-duty peace officers, firefighters, and emergency medical ~~technicians,~~ workers, and first responders, or to their dependents if death ensues, who are injured while responding to inherently dangerous situations that call for an

immediate response on the part of the person, regardless of whether the person was within the limits of the person's jurisdiction when responding, on the condition that the person responds to the situation as the person otherwise would if the person were on duty in the person's jurisdiction.

As used in division (A)(2) of this section, "peace officer," "firefighter," ~~and "emergency medical technician," "first responder worker," and "jurisdiction"~~ have the same meanings as in section 4123.01 of the Revised Code.

(B) All self-insuring employers, in compliance with this chapter, shall pay the compensation to injured employees, or to the dependents of employees who have been killed in the course of their employment, unless the injury or death of the employee was purposely self-inflicted, and shall furnish the medical, surgical, nurse, and hospital care and attention or funeral expenses as would have been paid and furnished by virtue of this chapter under a similar state of facts by the bureau out of the state insurance fund if the employer had paid the premium into the fund.

If any rule or regulation of a self-insuring employer provides for or authorizes the payment of greater compensation or more complete or extended medical care, nursing, surgical, and hospital attention, or funeral expenses to the injured employees, or to the dependents of the employees as may be killed, the employer shall pay to the employees, or to the dependents of employees killed, the amount of compensation and furnish the medical care, nursing, surgical, and hospital attention or funeral expenses provided by the self-insuring employer's rules and regulations.
