CONCURRENT RESOLUTION

To memorialize the Congress of the United States to 1
propose a balanced budget amendment to the United 2
States Constitution. 3

**BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE
OF OHIO (THE SENATE CONCURRING):**

WHEREAS, The current fiscal direction of the United States is 4
unsustainable, and the economy can only withstand a limited amount 5
of debt before markets lose confidence in the nation's ability to 6
repay creditors; and 7

WHEREAS, Unconstrained deficits could undermine future 8
economic growth and cost Ohio jobs; and 9

WHEREAS, Without action by Congress, interest rates on homes 10
and cars could soar; the value of retirement accounts, stocks, and 11
other assets may be reduced; and the price of goods and services 12
could skyrocket; and 13

WHEREAS, The United States government cannot maintain the 14
status quo in regards to the federal budget because, given the 15
aging population and rising cost of healthcare, the United States 16
will not be able to maintain the following objectives at a level 17

similar to the past forty years: keeping federal revenues at a 18
comparable average share of the gross domestic product (GDP), 19
providing the same standard of benefits to older Americans, and 20
operating the rest of the federal government in line with its role 21
in the economy and society; and 22

WHEREAS, Simply eliminating waste and inefficiency will not 23
put fiscal public policy on a sustainable path. Instead, changes 24
will need to affect popular programs, people's tax payments, or 25
both; and 26

WHEREAS, The federal budget deficit each federal fiscal year 27
from 2009 to 2011 has been the highest ever in dollar terms and 28
significantly higher as a share of GDP than in any other year 29
since World War II; and 30

WHEREAS, The United States Office of Management and Budget 31
projects that the national debt will reach \$20.8 trillion at the 32
end of federal fiscal year 2016; and 33

WHEREAS, In 1835, for the first and only time in United 34
States history, the entire national debt was paid off under 35
President Jackson who warned that debt could "destroy the liberty 36
of our country"; now therefore be it 37

RESOLVED, That we, the members of the 129th General Assembly 38
of the State of Ohio, urge the Congress of the United States to 39
propose a balanced budget amendment to the United States 40
Constitution in order to secure future prosperity for our children 41
and grandchildren and enable the national debt to be paid by 42
prohibiting total expenditures of the United States from exceeding 43
total receipts in a fiscal year, except that, the requirement may 44
be overridden by a three-fifths vote of each House or the 45
requirement is waived for any fiscal year in which a declaration 46
of war is in effect or when a majority of each House determines 47
that the United States is engaged in a military conflict that 48

poses a threat to national security; and be it further 49

RESOLVED, That the Clerk of the House of Representatives 50
transmit duly authenticated copies of this resolution to the 51
Speaker and Clerk of the United States House of Representatives, 52
the President Pro Tempore and the Secretary of the United States 53
Senate, the members of the Ohio Congressional delegation, the 54
Governor of the State of Ohio, and the news media of Ohio. 55
