Bill Analysis

Legislative Service Commission

S.B. 150

127th General Assembly
(As Reported by S. Agriculture)

Sens. Roberts, Fedor, Boccieri, D. Miller, Kearney, Schuler

BILL SUMMARY

- Authorizes liquor permit holders to accept military identification cards as proof of a purchaser's age in order to qualify for a specified affirmative defense.
- Requires a driver's or commercial driver's license, identification card issued under the Driver's License Law, or military identification card that is used to show proof of a purchaser's age to display a picture of the individual for whom the license or card was issued.
- Requires the Division of Liquor Control to provide retail permit holders with a notice of permissible forms of identification for purposes of qualifying for the affirmative defense.

CONTENT AND OPERATION

Under current law, no permit holder, agent or employee of a permit holder, or any other person may be found guilty of a violation of the Liquor Control Law or any rule of the Liquor Control Commission in which age is an element of the offense if the Commission or any court of record finds that certain conditions are met. One of those conditions is that the person buying, at the time of so doing, exhibited to the permit holder, the agent, or employee of the permit holder, or the other person a driver's license or commercial driver's license or an identification card issued under the Driver's License Law showing that the person buying was then at least 21 years of age if the person was buying beer or intoxicating liquor or that the person was then at least 18 years of age if the person was buying any low-alcohol beverage.¹

¹ "Beer" includes all beverages brewed or fermented wholly or in part from malt products and containing one-half of 1% or more, but not more than 12%, of alcohol by volume.

The bill modifies the above condition by specifying that a person buying, at the time of so doing, as an alternative to exhibiting a driver's or commercial driver's license or identification card, also may exhibit to the permit holder, the agent or employee of the permit holder, or the other person a military identification card issued by the United States Department of Defense. In addition, the bill requires the driver's or commercial driver's license, identification card, or military identification card to display a picture of the individual for whom the license or card was issued. The bill retains the requirement that the license or card show that the person buying was then at least 21 years of age if the person was buying beer or intoxicating liquor or that the person was then at least 18 years of age if the person was buying any low-alcohol beverage and applies the requirement to military identification cards. (Sec. 4301.639(A)(1).)

Under the bill, the Division of Liquor Control must notify all holders of retail permits of the forms of permissible identification for the purposes of qualifying for an affirmative defense under the bill not later than 90 days after the bill's effective date (sec. 4301.10(A)(10) and Section 3).
