Detailed Fiscal Analysis

The bill amends temporary law in Am. Sub. H.B. 66 of the 126th General Assembly to establish two new foreign trade offices; one in India and one in the People's Republic of China, to be administered by the Department of Development's Office of International Trade. The Director of Development is given the authority to determine the locations of the trade offices and to contract with foreign nationals for the staffing of the offices, with contracts to be paid in either U.S. or local currency. The Director is also authorized to open foreign currency accounts under section 122.05 of the Revised Code for the payment of operating and maintenance expenses of the offices.

The bill makes an appropriation for the new trade offices of \$1,000,000 via a transfer from the Advanced Energy Fund to line item 195-432, International Trade, in the General Revenue Fund.
